

Sue's Views

BY SUE CANNON

As the Christmas holiday nears, we at the newspaper get busier and busier, but probably no busier than anyone else in town.

It's a great time of year even if everyone does have to rush around so, to get everything done in the time that is left.

We will be trying to get three papers ready in the time that we usually put out two so that means more hours for all of us and ... you guessed it, not very many of us have our shopping done yet!

Hey, kids, don't forget that Santa will be here at the Enterprise Saturday. You can come in and talk to him anytime after 10 in the morning. And we'll be on hand to take some pictures too.

And...another reminder to the kids. The bicycle parade has been called off because of the bad, icy weather we have been having and are supposed to get more of. So don't worry about dressing up your bikes for this Saturday. We'll try to have the parade when there's a little better weather.

Have you been around at night to see the decorations on some of the homes in town? There are some that are absolutely breathtakingly beautiful! So, be sure to drive around and see them.

Now, a report on our spider that was brought in last week. It was NOT a brown recluse as was first suspected. Our specialist in bugs came by with a book showing a drawing of a brown recluse and if anyone would like to see it, they can come by the office and we'll be glad to share with them.

We understand that Mrs. Moore had another bad night Tuesday night and that she is still having terrible headaches. We hope that she will soon be on her way to good health.

A garage mechanic in a tiny New Hampshire village, reports the Wall Street Journal, prominently displays the following list of repair charges: "Hourly rate, \$6. If you watch, \$10. If you help, \$15."

The most common method of balancing the family budget is by cutting down payments to the savings account. (Joseph C. Salak.)

I read this little item the other day that is a perfect description of me:

"I write down everything I want to remember. That way, instead of spending a lot of time trying to remember what it is I wrote down, I spend the time looking for the paper I wrote it on."

The great dividing line between success and failure can be expressed in few words, "I DID NOT HAVE TIME."

GRASS ROOTS GEORGE SAYS: The lion's share is what the government takes.

Conservative economist Milton Friedman has an explanation for why we have deficit spending: "Expenditures will always increase to absorb any tax increase--and then some."

If at first you don't succeed, move to another country and apply for foreign aid.

Some women don't like Women's Lib because they aren't willing to settle for mere equality.

A farmer is a small businessman who bets his shirt that he can beat the weather, government red tape, uncertain markets and still make a profit.

An agricultural 'expert' is a guy who's too smart to own a farm himself.

This is the only country in the world where a massive food surplus is a problem. In other countries, it's a blessing.

I don't care what anybody says: The most popular taxes are the ones somebody else pays.

English Doctor Interviewed By Two Local Businessmen

Prospects seem a little brighter that Olton's dream of securing a doctor may come to pass. The optimistic outlook comes as a result of two Oltonites' trip to London to interview European doctors who had indicated a possible interest in coming here to practice.

Basil Sherman and Eldon Franks returned home last week with the first real cause for optimism in Olton's quest for a doctor. They were accompanied on the trip by Mrs. Sherman and Dr. George Orr of Paducah, who was instrumental in setting up appointments with the European doctors.

"We owe a lot to Dr. Orr," Sherman said Thursday in an

informal report session in the Chamber of Commerce and Agriculture office.

Of the five doctors interviewed, seemingly the most interested is 35-year-old Dr. James Kirkpatrick. A "Country boy," Dr. Kirkpatrick received his schooling in England and interned in Australia. His wife, Dorothy, is a registered nurse from Australia.

Sherman described the Kirkpatricks as enthusiastic and "definitely going somewhere." Like many of Europe's younger doctors, Kirkpatrick finds little promise of the future under the socialized medicine of his country.

Contributions Come In For 'Operation Christmas Card'

"Operation Christmas Card" is growing with the spirit of the season as Oltonites make contributions to Olton Cemetery Association in lieu of sending Christmas greetings locally.

Making contributions during the past week were Mrs. Freddie Mae Hysinger, Mr. and Mrs. Art Nafziger, Mrs. Eleanor Suduth, Mrs. Linnie L. Campbell, Mrs. R. L. Chitwood, Mr. and Mrs. Jack Alcorn, Mr. and Mrs. G. H. Bley, Mr. and Mrs. Earl Stephenson, Bovina and Mr. and Mrs. Richard Cooper, Roswell, N. M.

Other contributors were Mr. and Mrs. Fred Gordon, Mr. and Mrs. V. Y. Jefferies, Mrs. C. B. Turner, Mrs. Bessie Hutcheson, Mr. and Mrs. J. L. Carson Jr., Mrs. C. S. Sil-

Bargain Days Drawings To End With Larger Sums

Mrs. D. B. Adair was holder of the lucky ticket Saturday as the top prize money of \$75 was awarded. Lisa Rodriguez was the young lady who drew the ticket in the fourth week's drawing in the Bargain Days series.

Close behind Mrs. Adair was Toni Perez with a ticket worth \$50. His name was drawn by Lance Phares.

Winner for the second week

in a row was Rachel Salas. Her \$40 ticket was drawn by Janie Villarreal.

By a rare coincidence Victor Saucedo drew a ticket with his own name and thereby claimed the \$30 gift.

Frances Brown was \$25 richer by virtue of a lucky draw by Pam Lawson; and Chona Ross selected at random a ticket with the name of Mildred Caudle, worth \$20.

Drawings each Saturday at 3 p. m. have been well attended. Ticket holders shivered throughout the drawing period Saturday, then quickly dispersed into warm store buildings once it was over.

Sponsoring Olton merchants give tickets for purchases during the week. Customers place identifying signatures on the back of each ticket and place them in hoppers provided at

the local stores, or in the drum "on the square" just prior to the drawing.

The person whose name is on the ticket must be present to win. Other members of the family cannot claim the prize.

Many of the sponsoring merchants list special values on the "Olton Bargain Days Drawing Page" and others in the individual advertisements throughout the paper.

Olton buyers are urged to look these over and patronize these local merchants who have made ample provision for holiday buyers.

Next drawing for money will be held Saturday, Dec. 16 at 3 p. m.

Drawing for the final big money, for which all tickets will be entered, will be held Friday, Dec. 22, at 3:00 p. m. All ticket-holders will have a chance at this final drawing of the season.

11 Accidents In County

The Texas Highway Patrol investigated 11 accidents on rural highways in Lamb County during the month of October, according to Sergeant Thurman Keffer Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and 8 persons injured.

The rural traffic summary for this county during the first ten months of 1972 shows a total of 88 accidents resulting in nine persons killed and 70 persons injured.

Region 5 of the Texas Department of Public Safety shows a total in October, 1972 of 605 accidents, resulting in 20 persons killed, and 280 persons injured as compared to the same month in 1971 with 595 accidents resulting in 19 persons killed and 294 persons injured. This is 10 more accidents, one more fatality and 14 less injured in 1972 at the same period of time.

The Highway Patrol supervisor reminds you that the winter months of cold weather are close by and the traveling conditions are more dangerous at this time of year. Allow a following distance of one car length for every 10 mph of speed between you and the vehicle ahead. The 20 deaths for the month of October, 1972 occurred in the following counties: Lubbock and Lipscomb, four each; Yoakum and Randall, two each; and Farmer, Potter, Sherman, Swisher, Wilbarger, Bailey, Haskell and Palo Pinto, one each.

Winter Concert To Be Presented By Olton School Bands Dec. 17

School bands will present their annual winter concert Sunday, Dec. 17 at 2:30 p. m. in

the high school auditorium. Featured with the Mustang Band will be the sixth, seventh and

eighth grade bands.

The concert will mark the first public performance of the sixth grade, beginners band.

A special feature of the program will be a set of hymns which were popularly received in the band concert four years ago. Since that time there have been numerous requests for a repeat performance, said band director Fred Stockdale. The suite features about 15 favorite hymns, scored specially for bands.

A sound color film of the band's marching performance in Jones Stadium will be shown immediately following the band concert, Stockdale said.

Band parents are asked to attend a brief business meeting following the program.

Band Parents Plan Meeting

Band Parents will have a brief business meeting Sunday afternoon, Dec. 17 immediately following the annual winter concert.

Band Director Fred Stockdale requests parents of all band students to attend.

"Parents of junior high band students are an important part of the organization and are especially invited," he said.

A report on the monies made from the concession stands and the band calendar project will be given by Mrs. Gilbert Robertson, Band Parents treasurer.

Open House Set At Bank

Customers and friends of Olton State Bank are cordially invited to attend Open House at the local institution, according to Alan Brown, vice-president.

As a friendly gesture of the season "Ye Olde English" Wassail will be served during banking hours, 9 a. m. to 3 p. m. Wednesday, Thursday and Friday, Dec. 20-22, toasting the "good health and good luck" of all patrons.

LUCKY TO BE ALIVE---Kenneth Limbocker, 17, son of Mr. and Mrs. Ira (Doc) Limbocker, was injured in a one-car accident Saturday morning at 2 a. m. when the car he was driving hit a culvert just outside the west city limits of Plainview. He suffered numerous broken bones, including a broken pelvis, bones in his feet, chipped bones in his elbow and a hurt wrist. He is still confined to the Central Plains General Hospital in Plainview.

One Second To Eternity

Sometimes it is necessary to scare a person to make the person aware of the dangers around him. We know many of you will be on the highway during the holiday season, and in an effort to help you complete your journey safely, we would like to give you an "instant replay" of a fatal accident. We hope it scares you. We hope it reminds you to buckle your seat belt. And we hope it saves your life.

The first second of a traffic accident is often called the fatal second. The following description tells what happens when a car going 55 miles an hour hits a solid object:

In the first tenth of a second the front bumper and grille collapse.
In the second tenth of a second the hood crumbles, rising and striking the windshield as the spinning rear wheels lift from the ground. Simultaneously fenders begin wrapping themselves around the solid object and, although the car's frame has been halted, the rest of the car is still going 50 m.p.h.
Instinct causes the driver to stiffen his legs against the crash, and they snap at the knee joint.

During the third tenth of a second the

steering wheel starts to disintegrate and the steering column aims for the driver's chest.

The fourth tenth of a second finds two feet of the car's front end wrecked while the rear end still moves at 35 m. p. h. and the driver's body is still traveling at 55 m. p. h.

In the fifth tenth the driver is impaled on the steering column.

The sixth finds the impact built up to the extent that feet are ripped out of tightly laced shoes. The brake pedal breaks off. The car frame buckles in the middle and the driver's head bangs into the windshield as the rear wheels, still spinning, fall back to earth.

In the seventh tenth, hinges rip loose, doors open and the seat breaks free, striking the driver from behind. But he doesn't mind, because he is already dead, and the last three-tenths of a second mean nothing to him.

That's what happens in the first second of a fatal accident. Now, just two questions: 1. Will you buckle your seat belt? 2. Once you've got it buckled, will you drive safely -- and watch out for the other guy?

FIFTEEN YEARS AGO - Dec. 12, 1957

Fire Tuesday caused an estimated \$8,000 in damage at Farmers Gin. Volunteer firemen were credited with keeping the fire, fanned with a raging sandstorm, from spreading over the entire plant after it gutted the firm's seed house.

Don Kidd suffered a gun shot wound yesterday afternoon when a .22 caliber gun accidentally discharged when it fell from a closet at his home as the 17-year-old was getting his coat.

FIVE YEARS AGO - Dec. 14, 1967

All Region Band members announced by band director Sam Watson were Donnie Fancher, Jane Ann Duncan and Randy Watson.

A 32x36 storage building filled with summer merchandise, dishes and other stock for Northside Gift Shop was a total loss when ravaged by flames about 2:30 a. m. Wednesday. Faulty wiring was believed to be the cause.

Olton ginners reported this week that the 1967 cotton season was "all over." Total bale count Tuesday showed 11,609 bales ginned. A few scraggle bales remain to be ginned.

Hol Hol Hol

Oh! Oh! Oh! I haven't done my Christmas shopping. Indeed there are none any where who can compare to me when it comes to poor management. I think Santa needs to being me some efficiency.

Isn't Christmas pretty? Even my crooked trunk Christ-mas tree is pretty. Don't you think all trees are pretty - or I am so much a child I think they're all pretty.

Have you ever heard the pretty story of the Christmas Tree by Charles Tazewell? Ac-cording to Tazewell, no Christ-mas tree ever dies.

The story tells that the in-stant a tree is cut it's Christ-mas spirit rises to heaven and it lies pretty and green in the great Forest of the Nativity where it comes to life again, exactly the same as it was on earth.

As each tree arrives in the Forest, a caretaker records its history and writes down all the happy moments that blessed the tree.

On the day before Christ-mas, the story goes, the Lord comes to the Forest of the Na-tivity and asks the caretaker about each of the new trees. "What man or woman loved this bit of greenery and why?" He asks.

And then, on Christmas Day, one and only one tree is chosen to stand in the Great Plaza of

Eternity. It stands there proud-ly, reflecting its glory for all heaven to see.

It matters not, the story says, whether it was a large tree, a tiny tree - a pretty tree or a homely tree. For that day, it is called the birthday tree of God's only Son -chosen because it was the most loved tree on all the earth.

Now isn't that pretty?

IN GRATITUDE

The next Sunday, the fa-ther receives the same treat-ment with the same happy re-sults.

Cook Of The Week

Christmas and New Year's bring special opportunities to entertain friends and loved ones - and occasions for good eating. Recipes are shared this week which you may want to try for the coming holidays.

FRUITCAKE SQUARES

6 T. margarine
1 1/2 c. graham cracker crumbs
1 c. shredded coconut
2 c. cut-up candied fruit
1 c. dates
1 c. nuts, coarsely chopped
1 (15 oz.) can sweetened condensed milk

Melt margarine in 15 1/2 x 10 1/2 x 1 jelly roll pan. Sprinkle on crumbs (top sides of pan to distribute crumbs evenly). Sprinkle on coconut. Distribute candied fruit as evenly as possible over coconut. Cut dates into a small amount of flour so they will not stick together, distribute over fruit. Sprinkle on nuts. Press mixture lightly with hands to level in pan. Pour sweetened condensed milk evenly over top. Bake in moderate oven (350°) 25-30 minutes. Cool completely before cutting. Remove from pan.

"STAINED GLASS" CANDY

2 c. sugar
1/3 c. light corn syrup
1/3 c. water
2 T. vinegar
Few drops oil of peppermint
food color

Cut aluminum foil into shapes of stars, bells and trees for molds. Grease lightly with salad oil. Fold up edges to make 1/2" sides. Seal corners with freezer tape to prevent leaks. An easy way to make molds is to wrap foil around cookie cutters.

Combine sugar, corn syrup, water and vinegar in saucepan. Boil to hard crack stage (300 degrees). Remove from heat, stir in flavoring and color; cool SLIGHTLY. Pour into molds about 1/8" deep; spoon over bottom. When candy begins to set (before it hardens) use skewer to make holes for hanging. Allow to harden thoroughly; remove foil. Thread with ribbon or cord and hang on tree or in mobiles. If candy becomes too firm to pour and shape, remelt over low heat (do not boil). (Try unusual combinations, swirl food color through uncolored candy with toothpick just after pouring into molds or make molded candies of one color and drizzle with second color.

SEARCH FOR TRUTH

By Larry Swaim
Godfather?

"If it is true that we become like that which we see and think about, then our nation and a large portion of the world is destined to become violent and brutally savage, preoccupied with brutal sex and an insatiable appetite for violence."

"The Godfather" is only one in a long list of modern movies which exploit the baser nature of man. It shows man at his worst, plundering, pillaging and brutally murdering.

The millions of people who sit through these ordeals regularly, feasting on a steady diet of "Mash," "The Godfather," "The French Connection" and other sordid films, cannot help but have their values distorted.

"As a man thinketh in his heart so is he." Those who are constantly exposed to violence, brutality and perverted sex, will, no doubt, adopt these characteristics to some degree or the other in their lives. In recent U. S. Government surveys, conclusive evidence has been presented that there is a direct link between violence on television and in the movies and the violent reaction and behavior of children.

We justify watching such trash on the basis it is realism; however, there are many things in life that are real which should not be exploited, if anything, they should be minimized. There is little, if any, redeeming social value to the constant parade of filth that fills our television and movie screens. The trend of our modern world is all too much like that of Rome's. As the people gathered regularly to watch the Christians be thrown to the lions and bears and to see the blood and guts spilled on the dust floor of the amphitheater, as the same sordid pleasures are performed in technicolor. Evil communications and companions do corrupt good morals.

FAMILY TREES

In Germany, some people have Christmas trees in their homes for each member of the family. They are decorated with lights and candy.

ITALIAN CUSTOM

Italians reserve Christmas Day for religious ceremonies. According to legend, "La Befana", a kind of aged fairy queen, comes down the chimney with gifts for children on the eve of Epiphany, January 6.

FRENCH CUSTOM

In France, children put their shoes on the doorstep on Christmas Eve so that "Petit Noel", or the Christ Child, can fill them with gifts.

ITALIAN DINNER

Christmas dinners, popular in Italy, include Magi cakes (small wafers) with fried eels, chicken and pork.

SKIDDING KILLS

Skidding accidents kill 10,000 persons each year. If your car starts to skid out of control, take your foot off both the gas pedal and the brake, automotive specialists advise. Control can be regained by countersteering and pumping the brakes.

VACANT CHAIR

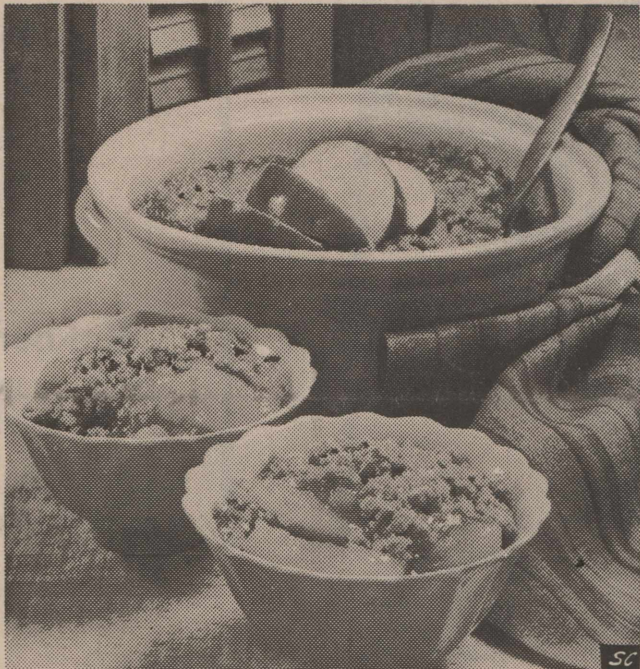

A vacant chair for the Holy Child is always placed at the Christmas table in Polish homes. A few straws scattered on the table remind everyone of the stable in which Christ was born.

TREE CITY

Sanger, Calif. is known as the "Nation's Christmas Tree City".

SPIDER WEB

In the Ukraine, Christmas tree decorations traditionally include a spider web, symbol of good luck for the family.

This is one way to treat your family (and perhaps friends) to a change of pace dessert when you're counting the pennies just a little bit.

Filled with canned pie-sliced apples and Nestle's Butterscotch Morsels, the pudding is a tasty dessert for these fall days ahead.

Scotch Apple Crisp

- 1 20-oz. can pie-sliced apples, drained
- 2 tablespoons lemon juice
- 1 6-oz. pkg. (1 cup) Nestle's Butterscotch Morsels
- 1 cup quick uncooked oats
- 1/2 cup butter

Preheat oven to 375°F. Arrange apple slices in bottom of 1 1/2 qt. baking dish. Sprinkle lemon juice over apples. Heat over hot (not boiling) water butterscotch morsels, oats, and butter until morsels melt and mixture is well-blended. Spoon over apple slices. Bake: 375°F. Time: 25 minutes. Serve warm topped with whipped cream, if desired. Makes 6 servings.

Square Dancers
Slate Meeting

"The Swingin' O's", square dance group, announce a regular meeting to be held Saturday, Dec. 16, in the vacant building adjoining Bizzell's.

New members, receiving beginner's instructions, will meet from 7 to 9 p. m. Regular members will hold forth from 9 till 11 p. m.

Interested persons wishing information may call Mrs. L. H. Carson. New members are still being accepted for beginner's classes.

Members are asked to bring Christmas decorations to be used in the hall during the holiday season. Couples are also asked to provide two chairs, each session, for their own convenience and comfort.

BEEF SPREAD

Mix soft butter with prepared horseradish and spread over thick slices of cooked beef (from a roast). Broil just until hot through.

GO DRAMATIC

Dolman sleeve sweaters can change in everyday pants outfit into a dramatic look.

DECEMBER 25

In A. D. 354, Bishop Liberius of Rome ordered the people to choose Dec. 25 as the date of Christ's birth. He probably chose this date because the people of Rome already observed it as the Feast of Saturn, celebrating the birthday of the sun.

SINCE SOLOMON

Pigeons have been bred and domesticated for their homing ability by man since the days of Solomon.

"KEY RINGS"

The Romans used locks that were designed to be opened with very small keys often worn as finger rings, according to Encyclopaedia Britannica

FATHER OF CAROLING

St. Francis of Assisi is known as the father of caroling.

DECEMBER 25

In A. D. 354, Bishop Liberius of Rome ordered the people to choose Dec. 25 as the date of Christ's birth. He probably chose this date because the people of Rome already observed it as the Feast of Saturn, celebrating the birthday of the sun.

CHRISTMAS TREES

About half the Christmas trees used in the United States come from Canadian forests.

HIS MISTAKE

New Year's Eve is an especially bad time to be on the highways. Don't drive unless you have to. Another driver, who has been enjoying holiday spirits, might make you his one mistake for the road.

FESTIVE MEAL

Ham may be the choice for the festive meal. Allow one-fourth pound per serving if it is boneless, and one-half pound if the bone is in. Only fully pre-cooked ham can be served without further cooking.

HIPPOTAMUS' SWEAT

There is no foundation to the belief that the hippopotamus sweats blood. During warm weather, the hippo's skin does secrete a reddish, oily liquid to make the skin more resistant to water, but this secretion is not blood, although it resembles blood in general appearance.

DRY TREES

No holiday season is complete without a Christmas tree. But be careful -- a dry tree is a fire hazard. It is suggested that trees be stored in water and checked each day, especially if near a heating system. Also, never allow a tree to stand more than two weeks.

SAD SILENT NIGHT

Put all wrapping paper away as soon as presents have been opened. A carelessly dropped match or cigarette could be the spark to a very sad, silent night.

BAD LUCK

The Servs believe they will have bad luck if the "badnyak" or Christmas log, burns out. Someone stands watch over the log all night.

USE LOW BEAMS

Never use highbeams in a snowstorm as falling snow reflects light. Use the low beams and that way you may avoid an unforeseen accident.

On getting to the top...

Take another look at these stairs. You're right, there are no landings! Risky business climbing stairs without landings. And stupid, too, since they don't go anywhere.

There are people who would sacrifice almost anything to get to the top. They talk excitedly about the ladder of success. But in their eagerness to climb, they often choose a *stairway to nowhere*.

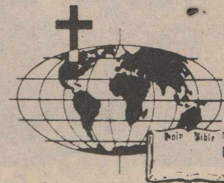

One day the stone masons and cement-pourers will catch up with the structural-steel men. Then a building will enfold this stairway. It will have meaning and purpose. It will be a *stairway to somewhere*.

Our churches are busy building spiritual values into the structure of our society. As these spiritual values enfold man's quest for success, the man on his way to the top becomes a dedicated servant of God and the community.

Joe Turner Is Advisor

Three Lamb County citizens assist the Education Service Center, Region XVII, Lubbock, in bringing the best possible learning opportunities to every student in the region.

Troy Armes, a Littlefield business man, served on the Board of Directors of the Service center. Kenneth Largent, a science teacher in Littlefield, is on the Service Center advisory committee. Superintendent Joe Turner of the Olton Independent School District is a member of the data processing advisory committee.

Turner is one of eighteen area educators acting as advisors for the computer system services. This data processing service frees teachers and administrators from routine duties and allows more time for creative activities.

The Lubbock-based Center serves 66 school districts in 20 West Texas counties.

TO LITTLEFIELD

Mr. and Mrs. T. C. Kennedy and Chuck made a business trip to Littlefield Monday.

FACT AND OPINION

"Environment is the subtle blending of all those things around us," says the Public Service Company of Colorado. "It is the air we breathe, the land on which we walk, the majestic mountain in the distance, the fragrant rose we culture in the garden, the food we eat, the water we drink, the clothes we wear, and much more. The power has been given to a man to change his environment...for better or worse. He can mar it, clutter it, pollute it, destroy it. He can beautify it, purify it, fortify and contemplate it in peace and tranquility. No longer, however, can he be indifferent to it. It is our belief that the electric utility companies have in the past and will continue in the future to contribute immeasurably to an improved environment. Ultimately, electric power and gaseous fuel produced cleanly, dispensed responsibly, and used intelligently will provide all with a healthier, more comfortable environment."

"We have long had death and taxes as the two standards of inevitability. But there are those who believe that death is the preferable of the two. 'At least,' as one man said, 'there's one advantage about death; it doesn't get worse every time Congress meets.'" -- Erwin N. Griswold, Dean, Harvard Law School.

FACT AND OPINION

"The plain truth is that the ecology of nature is pretty severe on man, and man is constantly trying to modify it. Let's be honest; God put the worm in the apple; man took it out. God put the potato bug on the potato; man took it off. God put the termite in the timber; man took it out. God put the malaria-laden mosquito in the backyard; man took it out. God put the mildew on the rose; man took it off. God put the parasite in the pork; man took it out. How far back to nature do our ecologists want to go? Or, if they are honest with themselves, do they really want to go at all? Let's be honest about it." -- Secretary Earl Butz of the U. S. Department of Agriculture.

"I find the great thing in this world is not so much where we stand, as in what direction we are moving..." -- Oliver Wendell Holmes.

"I believe too many of us... are misjudging and misunderstanding what our youth are up to... Their judgments are not always sound, their ideas are not always good, their manners are not always attractive. But neither is everything they say, or do, or demand wrong. I think we need to listen to them more and bring them more actively into the business of determining the shape of the future. After all, it's their future." -- Mr. Ellmore C. Patterson, Chairman of the Morgan Guaranty Trust Company.

Between 75 and 80 percent of all cars in the U. S. now have safety belts and 2,500 to 3,000 lives a year are saved by belts, estimates the Department of Transportation. However, only about one in three motorists fastens his belt regularly.

"They who are in highest places, and have the most power, have the least liberty, because they are most observed." -- British cleric, John Tillotson.

ADVANCEMENT

American agriculture has advanced more in the past two generations than in all prior years of our history.

LONG HOLIDAY LOOK

The long body dress with clinging bodice and flaring skirt done in a soft banlon jersey is a great holiday look. Dress it up with pearls or jewels for partying. Or belt it with chains and leathers for sports wear.

CLIMATE CHANGE

Everyone should have a travel-anywhere outfit. It should be something that will be just right even when traveling from one climate to another. Such as a cardigan sleeveless shirt-waist dress for the warmer weather that comes with a matching jacket that can be put on when you arrive in a colder city.

DRY TREES

No holiday season is complete without a Christmas tree. But be careful -- a dry tree is a fire hazards. It is suggested that trees be stored in water and checked each day, especially if near a heating system. Also, never allow a tree to stand more than two weeks.

SKIDDING KILLS

Skidding accidents kill 10,000 persons each year. If your car starts to skid out of control, take your foot off both the gas pedal and the brake, automotive specialists advise. Control can be regained by countersteering and pumping the brakes.

SHOOTING WITCHES

An old Norwegian custom at Christmas time is "shooting in Christmas". The custom goes back to an ancient belief that witches appear on Christmas night. When young people go visiting, they creep up to the house and shoot a gun to frighten away any witches.

IN GRATITUDE

In Albania, people eat a Christmas Eve meal of pancakes made without butter or oil. At the end of the meal, each person leaves a spoonful of food on his plate to show that he is grateful for having more than he needs.

Chunky Choco Cake is an easy to make no-bake dessert. And what a tasty homemade delight for the entire family. The make ahead Chunky Choco cake is a refrigerated dessert but can be frozen and kept on hand for those unexpected guests that drop in at the last minute.

The secret ingredient are those tasty Semi-Sweet Chocolate Morsels which are just as good all by themselves. Here is the recipe as developed in the Nestlé Test Kitchens.

Chunky Choco Cake

2 6-oz. pkgs. (2 cups) Semi-Sweet Chocolate Morsels
 1/2 cup confectioners' sugar
 1/4 cup water
 1 tablespoon Nescafé
 1/2 teaspoon salt
 3 eggs, separated
 2 cups heavy cream
 1 large (1 lb. 7 ozs.) angel food cake

Heat over hot (not boiling) water semi-sweet chocolate morsels, sugar, water, instant coffee, and salt until chocolate melts and mixture is smooth. Remove from heat and beat in egg yolks. Beat egg whites until stiff peaks form. Fold in chocolate mixture. Whip heavy cream, then fold into chocolate mixture. Break angel food cake into chunks (about 1" pieces) and fold into chocolate. Spoon into 13" x 9" x 2" cake pan. Refrigerate 12 hours or overnight before serving. Store unused portions in refrigerator. If desired, this dessert may be frozen. Makes one 13" x 9" x 2" cake.

Don Loafman Attends Meet

Don Loafman, local Plainview Production Credit Association office manager, heard some of the state's leading attorneys discuss legal aspects of agricultural financing Wednesday in Lubbock.

Loafman said the sessions were designed to better acquaint PCA credit representatives with the many legal implications of today's agricultural lending business.

More than 175 participants were scheduled for the sessions, conducted by the University of Texas at Austin School of Law, Loafman pointed out. Area farmers and ranchers who are Plainview PCA stockholders have borrowed more than \$174 million from their Association this year, Loafman said.

Thick As A Brick

BY KEITH WORKMAN & MAX MOSS

Man folks, last week our school got a new name, "Classical Gas". This place was emptier than last years birdnest. People were either at home sick or at school sick, but it didn't make much difference we all shared a common interest. Take a wild guess what we had. If you need a hint it starts with a "d". We wrote a poem about our problem but it got censored. It was really a spleen splitter folks, but too bad, you'll never know what it said, unless you ask either one of us. But, now that's all over with, so we'll get down to the other part of our column.

When Israel Zamora's father got their new Country Squire station wagon, the first thing that Israel did was to get a crowbar and tear off the wooden side panels. After he had torn this all off, he stepped back and said, "I think that I liked it better in the crate, ha ha."

Keith: "Did you hear about the greyhound bus that turned over?"

Max: "No, What happened?"

Keith: "It turned over to let her pups feed."

COMMENTS:

Tim - What's that aftershave you were wearing on the bus, New Hi-Kapotty?

Kevin - There's the door! Cheryl - O. K. we all saw it, now get it out of the hall and put it back in the parking lot.

Susie C. - The Tennessee whats???

Cindy M. - Did you have some Barbecue Friday night?? Deryl C. - Did your kick-starter backfire?

Carla Lloyd - Monga who?

LETTERS TO SANTA CLAUS

Dear Santa,
I've tried to be good so here's my list for Christmas. Please bring me a nice big Teddy Bear, a new Dr. Seuss book (my old one is getting kind of worn) and most of all I want you to bring me a automatic rebounder.

Sincerely,
Susie C

Dear Santa,
One of the things I'd like to ask for, is Kenneth to hurry up and get well so I can have a brother-in-law for Christmas. I've really been a pretty good girl, considering. The thing you can leave under my tree is a tape player. I know they're hard to make but try your best.

Your little Red-haired girl,
Cindy M.

P. S. - If you give Mark Gunter anything, drop Kathy Langford in Mark's window.

Dear Santa,
I've been pretty good this year, I've had a few slips and slides but I would like three things (1) a new English teacher without a husband and beautiful. (2) a report card with superior grades that any kid's

parents would be proud of, and last, but not least, Susan St. James in my stocking.

Love, nice person
Jimmy P

P. S. - I will leave milk and pretzels by the chimney, I would leave you a beer but we don't have any.

Dear Santa,

This year I have been an extra good little girl, like all the years before, so would you please put something besides a mouse trap in my stocking?!

Since there wasn't anything for me under the tree last year, I decided I didn't give you a long enough Christmas list to choose from. Sorry. This year my Christmas list is on the first twenty five pages of the New York Times.

The reason I am writing this letter to you is so Max and Keith will have something to put in T.A.A.B., but also I would like to ask for something special. I would like to wake up Christmas morning and find Mark Spitz in my living room (or any other room you can put him in!) If he isn't available, I will be satisfied with Ryan O'Neal, Robert Redford, or Burt Reynolds. (One of Burt Reynolds' posters would be just fine.) If you can manage it, just bring all of them. I'm sure I can find some place to put them.

Love,
Alana Hamill

Dear Santa,
I have been a very nice girl this year, except for a few white lies like that one.

All I want for Christmas is a semester supply of Physical science outlines. I hope you will comply with my wishes.

Yours truly,
Melody C.

Dear Santa:
My record player's spring has sprung so how about a "AM-FM-TAPE DECK and RECORD PLAYER" with 8" tweeters and 16" woofers. Some speakers might help also. I would like a new or Rebuilt 327 engine for my maroon (maybe blue?) bomb. I hope it does NOT burn oil like the other one for some of my friends thought I was working for the city. A round-trip ticket to Brady to see L. J. would also help.

Your Friendly H. B.
Stan

P. S. - Please send Choc'late some hot-water corn bread.

Dear Santa,
Would you please send Hilda a new motor, pay my Grandpa off and bring peace, love and snow to all the world!

Chesna Dickenson

Dear Santa,
I have been a very good girl this year. So I feel sure that you will bring me what I want which is (1 A long vacation away from

home (2) A winning ticket at the race track. Thanks for all your help.

Joanna

Dear Santa
I'd like to have a new '73 Cutlass Supreme Oldsmobile and a New right Knee.

Thanks,
Jack

Dear Santa,

I just wanted to write you and drop a few hints on how much of a good little girl I've been this year. I haven't been in any trouble....well not too much, and I haven't told any lies!?! And that's the truth!

Now here's a few items from my list of things that I would like. The rest of the list will be waiting in my living room for you when you come on Christmas Eve. So be sure to bring a bunch of neat things.

First of all, I want a whole bunch of JOE NAMATH!!! In fact, I'd like all of him! If you can't happen to get him, Roman Gabriel will be just fine. But try to get Joe, I'd lots rather have him. (I have a hang up on good looking quarterbacks. Olton's included!)

Next, I would like a brand new 1973 Pontiac LeMans to take Patsy's place. Patsy hasn't been running too good lately and WOW, what an appetite she's had.

One other thing I want to mention in my letter. It's nothing to bring me, it's something you can do for me. On your night flight, stop by Coach Kinison's house and tell him that I think he needs to start being nicer to me in American History.

Thank you for reading my letter and please try to bring me these things.

The nicest little girl in Olton
Susan Raper

Dear Santa,

We wish for a brunette, blonde, and an unknown 16 year old for our very own. The unknown of course being for our buddy T. G. Please bring us lumber-jack shirts like Max has so we can play the Bobsey triplets. Please bring us a spare knee, ankle, and collar bone. Randy, Monte, and Tim

P. S. - We could dig a large pepperoni pizza.

Dear Santa Claus,
I have been a very good girl all year so I know you will want to bring me many presents. Please bring me a yellow Toyota, and some candy and a new baby brother. I will make sure there isn't a fire burning so you can come down the chimney, and I'll leave you some Cracker Jacks and Bacardi's.

Thank you
Cynthia Norfleet

P. S. Please leave a Chatty Kathy doll for Max.

Dear Santa Claus,
I would like a yellow Capri.

Please help extinguish all Chatty Kathy dolls.

Robbin Criswell

Dear Santa,
Would you please be kind enough to bring me a pair of fuzzy boot house shoes. (not pink) Would you also bring a

male 6' 1 1/2", 218 lbs., brown headed, blue eyed creature with a wooden leg. If you wouldn't mind I'd like you to bring me a year's supply of French fries, I would also appreciate a 1973 black Grand Prix, since I'm such a good girl.

Connie

Dearest Mr. Claws,
Hoe have you been? I have been good all year long. Has this been a boring year? Please bring me a Laurie doll of my very very own, also some Biology cheat notes would be appreciated.

Your little friend
John

P. S. - Please bring Marilyn a better disposition.

Kapaso Claws,
Me and Freddy have been good little boys. I sacrificed greatly to donate my appendix to Science (Miss Baird). Freddy tried growing a moustache so he could look just like you Santa, but his mother had second thoughts.

I would like a Barbie doll. (about 5'6" and full of life). Freddy wants two large hands, about 75 pounds, and a new mother for Bryan.

Your Amigos,
Vic and Freddy

P. S. - Keep on Sledding.

So ends another edition of T.A.A.B. So until then, hang loose mother goose.

Christmas Shoppers Warned Cars Should Be Locked

Christmas shoppers were warned today to "Lock them up or lose them."

"Every year hundreds of Christmas shoppers in Texas are victimized by thieves who steal Christmas packages from parked cars, and sometimes the car itself," said C. C. Benson, manager of the southwestern division of the National Automobile Theft Bureau (NATB).

"Careless shoppers make it easy for the thieves by leaving their packages in clear view in the car, and often don't even bother to lock the car. They evidently believe that thieves take a holiday during the Christmas season, but soon find out that thieves instead are at their busiest."

Laurie Gallagher Named All-Tournament, Sophs Win 3rd In Whiteface Tourney

Undeclared Levelland, number one AAA powerhouse, came to Olton Friday. When the final buzzer sounded the scoreboard read, Levelland, 70; Mustangs, 38.

Talented and tall (three over 6'5" and four taller than 6'3"), the Lobos out-rebounded the Mustangs 55 to 26.

Keith Workman was the only Mustang to hit double figures with 15.

Tuesday's action found the Mustangs hitting only 24 percent against Lockney. Workman was leading scorer with 18 points.

Lockney hit two free throws with just six seconds remaining on the clock Tuesday night to take a 44-42 win over the Fillies.

With a 21-9 lead at halftime, the Fillies turned in an excellent first half performance. Lockney turned the tables in the second half, hitting 50 percent of their shots.

J. Carol Criswell played well on the Fillies defense until fouling out in the third quarter. Susie Culwell led the scoring with 21 points and rebounds with 7.

Participating in the Whiteface tournament last week, the boys JV's lost to Whiteface's "A's", 60-31. Hitting just 10

of 72 shots, the home team had 15 shots blocked.

Bouncing back, the "B's" defeated Sudan Varsity, 52-46. Joe Snider was leading scorer with 17. Stan Sampler pulled down 11 rebounds.

Sundown Varsity added insult to injury in the consolation game, winning 61 to 34. The home team suffered through a bus break-down and an hour delay getting to Whiteface.

Mark Smith scored 10 points. He had 9 rebounds. Levelland romped over the JV team Friday night, 58-27. Using superior height, Levelland out-rebounded Olton 38-19.

Snider basketed the winning margin with five seconds to go Tuesday night in a JV defeat of Lockney. Finally meeting a team their own size, the OHS "B's" won 31 to 29 and out-rebounded Lockney 35 to 23. Smith led with 9 rebounds and was leading scorer with 8.

Laurie Gallagher was selected to the All Tournament team last weekend after the OHS sophomores claimed the third place trophy.

Olton overcame 44 turnovers to defeat Whiteface 50-36 in their first game. The Young Fillies dominated the

backboards by a 34-14 margin.

Susie Culwell and Donna Hodges paced the scoring with 21 points each. Donna hit a hot 61.5 percent field goals and 8 of 13 shots. Good defensive play was turned in by everyone.

Bula took the second game, 62 to 35, with Olton hitting only 21 percent. Kim Barnett led the scoring with 11. Laurie Gallagher did an outstanding job on high scoring Lisa Risinger of Bula who scored a tournament record 52 points the night before. Lisa scored only 2 field goals the first half. Laurie had played only a little more than a minute during the second half when she fouled out.

Olton defeated Bovina 56 to 46 to nail down the third place finish. Cindy Neinst and Kay Givens played well. Susie Culwell scored 39 points to lead Olton. Playing a smooth, consistent game, the team hit 47.6 percent, high for the season. The Fillies and Mustangs will play Floydada Thursday in the Floydada tourney. Fillies play at 7 p. m. with the Mustangs meeting the Whirlwinds at 8:30.

Both teams will travel to Tulsa Monday, Dec. 18. The Hornets have one loss. "B" boys will also play at Tulsa Monday.

Annual Drive Underway To Benefit Boys Ranchers

The annual drive to provide the 370 boys at Cal Farley's Boys Ranch with a new suit or clothing package is underway.

Providing new clothing for the boys through the Christmas Suit Fund has become a favorite way of Christmas giving for friends of the boys who

contribute \$25 for this purpose. Special discounts by Amarillo merchants and differences in prices of clothing for younger and older boys make the average cost of \$25 possible. The suits replace those that have been worn out or outgrown, and in many cases, they are the first new suits some boys have ever owned.
