## ONB Brings Banking Innovation To Ozona

Beginning Dec. 1, Ozona National Bank went "on line" with a check and deposit process designed for more efficiency, accuracy and speed.

Image processing technology now being used by the bank drastically cuts check handling from a nine step manual process. Through image processing, checks go through the image camera once, then are put aside and never used in their physical form again.

Image processing is defined as a process whereby a similar reproduction is made of an original document. This electronic, computer-controlled reproduction is made possible through the use of digital technology which captures the image of the document and stores it on a special optical disk. Once stored on the disk, the document is immediately available for reproduction.

Statements similar to those the customer now receives will be sent each month, but checks will not be returned. Instead, the customer will receive images of the front of the checks and deposits printed on pre-punched 8 1/2"x11" paper. Fourteen checks will be imaged on each sheet.

If the customer requests fewer images, larger images can be printed on a page. The customer may also request that both front and back images of the checks be furnished. Checks will be printed in numerical order, and the amount of the check and the date given will appear below each check image.

These images are legally accepted as proof of payment, and if a customer needs a copy sent as proof, the bank will do this for them via FAX at no charge.

The bank will provide, free to checking customers, ring binders to store the new statements and imaged checks.

According to Lou Chapman, vice president and cashier, research capabilities are greatly enhanced by the image system. Documents can be retrieved within a few seconds by using one of the two image workstations found in the bookkeeping department of the bank. An item or complete statement can be printed immediately and

delivered to the customer in person, by FAX or by mail.

Using the old microfilm system, it would take a day to recreate one month's statement.

Backup systems are in place at the bank for the disks and the electrical system, Mrs. Chapman said. "Thirty years from now we can still show you the image of your check," she explained.

It has not yet been determined how long the bank will keep the actual checks. They are kept in most places for 90 days.

Installation of the network of computers for the imaging system began Oct. 23. The last four weeks have been spent getting the software installed and tested and personnel trained.

"At first it sounded like a tremendous undertaking, Mrs. Chapman said. Three years ago only two banks in the nation were testing this method of storage. Prices then "just blew your

mind", she said. Currently, 147 banks are imaging under the company which provided ONB's software.

"There is no additional cost to the customer, no increase of service charge and the customer gets a better product and receives the product quicker," Mrs. Chapman said. "It's just a better checking account."

Some images may lack clarity because the original document was not "image friendly". Some reasons for lack of clarity include use of colored pens on checks. Black ink shows up best on the image document. Some scenic backgrounds may distort images. Mail order vendors have many styles which may result in a less than desirable image. Checks printed by a printer with a worn out ribbon may lack clarity.

The statement customers receive in January of 1996 will be parallel statements so that the customer may compare the two methods. After January, all statements will be strictly by imaging.

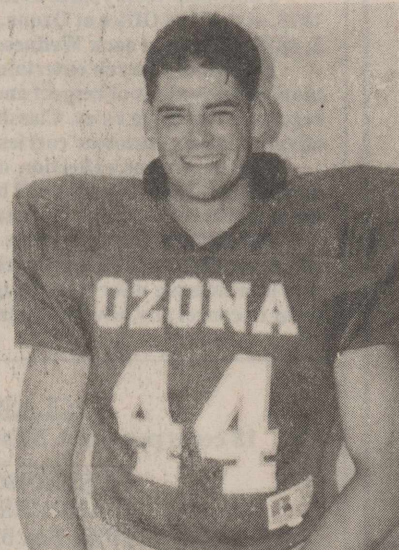

## Three Lions Chosen For All District 5-2A Team

Neal Ulmer, Stockman Sportswriter

Although the Ozona Lions may not have done so well on the football field, they did have three players selected to

the 1995 all-district first team. One other player was selected to the second team and 12 players were named honorable mentions as announced by Lion Head Coach Walter Hargrove.

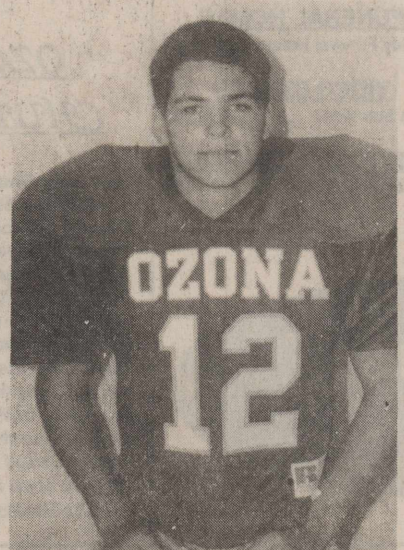

Receiving first team honors on offense was senior lineman Lance Jamerson. He was chosen to the sec- (Continued on pg. 9)

## 65th Ozona Roundball Tourney Starts Thursday

By Neal Ulmer  
Stockman Sportswriter

In its 65th year, the Ozona Invitational Basketball Tournament will begin Thursday, Dec. 7, in Davidson Gym.

Eighteen teams - eight girls and 10 boys, will take to the floor in the annual event. Girls' teams in addition to the Class 2A State Champions, the Lady Lions of Ozona, are: Brownfield, Comstock, Hawley, Sterling City, Sonora, Fort Hancock and the Ozona JV Lady Lions. The 10 boys' teams, including the Ozona Lions, are: Sonora, Comstock, Hawley, Coahoma, Stanton, Sterling City, Fort Hancock, Brownfield and Wall.

Seven games will be played on Thursday, with the opener beginning at 11 a.m. between the Sonora Broncos and the Comstock Panthers. Following that game will be the Sterling City and Sonora girls at 12:30 p.m.; then at 2 p.m. the Sterling City and Stanton boys will play. Game four, starting at 3:30 p.m., will be between the Ozona JV Lady Lions and Hawley. Game five will see the Hawley and Coahoma boys play at 5 p.m.. Then at 6:30 p.m. the Ozona Lady Lions will host Fort Hancock followed at 8 p.m. by the Ozona Lions and the Fort Hancock boys.

On Friday, games will begin at 9:30 a.m. between Brownfield and the winner of the Sonora-Comstock game. On Saturday, fans can get an early start at 8 a.m. with game number 17, the ninth place boys' game. Three games will be played at the junior high gym, with game number 18 - a girls' game to start at 9:30 a.m.; game number 20, a boys' game, starting at 11 a.m.; and game number 24 - a boys' game, will start at 2:30 p.m.

This year's event promises to be

full of exciting games, as several close matchups in both boys' and girls' brackets should result during the tournament. Both Ozona teams look to be competitive and should do very well.

Winning last year's tournament in the girls' division were the Ozona Lady Lions. The exciting Brownfield Cubs won the boys' division of the tournament.

For some electrifying entertainment, come out and see some great basketball and support our home teams.

## County Career Center Opens

Are you looking for employment?

Possibly searching for a new career? Do you need training to get back to work? And help paying for the training? If so, then visit the Crockett County Career Center, located in the public library, where you can find potential employment and training assistance as well as other helpful information to assist you in your career exploration and development needs. This center is funded through the Council of Governments Dislocated Worker Program and was established with the assistance of County Judge Jeffrey Sutton. A TV/VCR combination with educational video tapes, 486 80 M H z computer with fax/modem/printer capability form the hardware of the center.

Various modules include information on: employment and training assistance programs offered through the COG, the Texas Employment Commission, Texas Rehabilitation Commission, Texas Department of Human Services, quality work force planning, Tech Prep, economic development, Angelo State's Small Business Development Center, career exploration and development, job banks, software programs, and stress and financial management.

A customized program was written at the COG which provides access to this information on computer in a user friendly format. Informational notebooks and hand-outs are also available for those not inclined to access the information via computer at first.

Initially, a person is asked some questions to see if they are potentially eligible for one of the COG programs. If they are, then they can proceed to complete their eligibility requirements.

Whether eligible or not, a person can still review the information contained in the different modules. Whereas the initial intent of the center is to provide better access to employment and training program services to those who are unemployed and seeking work, additional information was also included on public agency assistance within the Concho Valley. Updates to the program as well as additional information will be incorporated as it becomes available. Customer service surveys are located in the center so that suggestions and comments can be solicited from the users. You are cordially invited to visit your new career center and see what new information you can discover.

## Filing Begins For Primary

Dec. 3 was the first day to file for a place on the March 12 primary ballot. Three candidates filed with Democratic Party chairman Al Fields Monday. Those are Alton Davis and Shane Fenton for the office of sheriff and Harvey Hill for constable.

Offices up for election on the local level this year are: sheriff, tax-assessor collector, county attorney, constable and commissioners of Pct. 1 and 3.

Filing fee for these offices is \$600. Candidates may avoid the filing fee by filing a petition with the signatures of 50 or more registered voters.

Sheriff Jim Wilson has announced that he will not seek re-election, and five individuals have announced their intent to run for this office. In addition to Davis and Fenton, Bob Rodriguez, Roy Glenn Sutton and Larry Williams have said they will run.

Incumbents in other offices are Tom Stokes, tax assessor-collector; Orlando DeHoyos, county attorney; Raymond Borrego, constable; and commissioners Frank Tambunga, Pct. 1 and Freddie Nicks, Pct. 3.

Jan. 2 is the deadline for filing. Applications to receive ballots to be voted by mail may be sent to the county clerk beginning Jan. 12. These ballots will be mailed out beginning Jan. 27.

Early voting in person begins Feb. 21 for the March 12 primary.

## Dec. 13 Final Date To Enter Lighting Contest

The annual Christmas Lighting Contest sponsored by Ozona Chamber of Commerce has three categories this year: traditional (Santa), religious

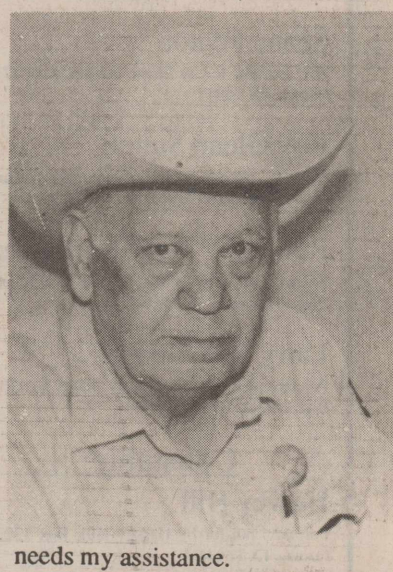

and cartoon. To have your home judged, call the chamber by Dec. 13. Judging will take place on Dec. 14.

## Harvey Hill Files for Constable

I wish to announce that I am a candidate for the office of Crockett County Constable. I would appreciate your vote and support in the coming election.

I have been a Texas Peace Officer for 29 years. For the past 19 years, I have served as a Crockett County deputy sheriff. During those years, I have done my best to enforce the law and to help those people who needed assistance. I believe that these are the two most important jobs that an officer can have.

If elected Constable, I will work closely with the courts of Crockett County and the local law enforcement. I intend to be a full-time Constable who takes his job seriously. I will continue to enforce the law fairly and to help anyone in our County who

needs my assistance. Pol. Adv. Pd. For By Harvey Hill, Box 1322, Ozona, TX 76943

### Museum Notes From Mary

Christmas in Ozona - what a wonderful time of the year. The whole town truly glows with lights and decorations. The square is especially beautiful with the lights around the gazebo. The buildings facing the square that are outlined against the night with their matching lighting all add to the picture. To the traveler it looks like Ozona cares about the Christmas season. Towns that don't care seem "undressed" at night this time of the year when it's all dark as you drive through. You've no doubt been there, but can't even remember the name of the town, isn't that so?

People remember Ozona for lots of good reasons, and one in particular is our Christmas spirit. Even in the "good old days" when our town was struggling to become established on this sea of limestone we know they took time out from their worries and

struggles to celebrate Christmas with gifts from Santa, parties and family gatherings. I imagine the very first Christmas celebrated in Ozona was a little lacking in glitter and social functions, but I've read about those early settlers, and I'm sure every child felt love. Isn't that what Christmas means - love? God loved us and sent Jesus to us on that first Christmas. Don't forget amongst the glitter that "Jesus is the reason for the season".

In our 15 year of living in (and near) Ozona, Len and I have come to love the area, the town and its history, and the people. We Ozonans have another holiday season now to share the Christmas spirit. Hug those you love, extend a friendly handshake to everybody else. Help the Spirit live in Ozona. Because we care.

### Public Invited To FCE Holiday Program

Depressed because WTU no longer presents a holiday program each year? Look no farther than your local Crockett County Family Community Education Club for the answer.

This year, the FCE Clubs will host a holiday program focusing on gift, food and decor ideas by guest speaker Nancy Lester. Lester, who is the Schleicher County Extension Agent-Family and Consumer Sciences, will be presenting her ideas at 10 a.m. on Thursday, Dec. 21, in the civic center. Can't make the 10 a.m. meeting because of work? Come at 7 p.m. when Crockett County Extension Agent Tedra Ulmer will repeat the program and add a few special ideas on low-fat holiday cooking.

For those who were busy early and got all their decorating and giving done, this program is an excellent way to get the jump on '96. For those who have procrastinated until the last minute, Nancy is sure to inspire and motivate you.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this meeting are encouraged to contact Tedra Ulmer at 392-2721 as soon as possible to determine how reasonable accommodations can be made.

There is no charge to attend the program. Also, anyone interested is invited to join the Family Community Education Club. Dues are \$4 per person per year and entitle the member to regular meeting notices, eligibility for adult scholarships and district meeting attendance.

Family Community Education Clubs, formerly known as Extension Homemakers, are open to all persons, regardless of socioeconomic level, race, color, sex, religion, national origin or disability. For more information, contact Tedra Ulmer, County Extension Agent-Family and Consumer Sciences at 392-2721.

### 4-H Babysitting Project Dec. 18-22

Youth in grades 6-12 who wish to receive a certificate in babysitting are urged to sign up now for the 4-H babysitting project to be held Dec. 18-22. You do not currently have to be a 4-H'er to participate, but you must sign up for this 4-H project if you take the course.

The classes will be held each day immediately after school, beginning on Monday at the Extension office on the second floor of the courthouse annex. Members must sign up by Thursday, Dec. 14, by calling 392-2721, and there must be a minimum of 10 participants who are eligible to graduate for the course to be taught.

4-H'ers will learn child safety, feeding, development, and sitting as a

business. Those old enough to qualify, for a certificate must take a test to graduate, and they must attend all five lessons.

Any 4-H member, regardless of age, may participate, but no 4-H'ers younger than 6th grade will receive a certificate. 4-H'ers who do graduate will also be listed with the chamber of commerce as trained babysitters.

For registration or more information, contact the Crockett County Extension Office at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or disability.

### Preceptor Mu Chi Meetings

Preceptor Mu Chi members met Nov. 13 at Crockett County national Bank with Nancy Hale as hostess.

A program by Janet McDaniel from Helping Hands explained the proposal and needs for a new Senior Citizens Center building. There was also an explanation of the Meals on Wheels program.

Members present were: Billie Morris, Barbara Carter, Bobbie Fattout, Sylvia Tomlinson, Nancy Hale, Mavis Dunlap, ZOE Green, Sonja

Hoover, Brenda Newton, Donna Sanders and Jeanne Weliman.

Barbara Carter was hostess for the Nov. 27 meeting of Preceptor Mu Chi. A soup supper was served in her home to: Billie Morris, Bobbie Fattout, Sylvia Tomlinson, Nancy Hale, Mavis Dunlap, Brenda Newton, Donna Sanders and Jeanne Weliman.

A program by Tedra Ulmer on take the hassle out of the holidays was presented and enjoyed by all.

### Wedding Announced

Jack Brewer and Alice Couch, both of Ozona, were married during the Thanksgiving holiday, Saturday, Nov. 25, 1995, at 10:30 a.m. in Brooksmith Baptist Church in Brooksmith. Attendants of the couple were Grace Hoy, sister of the bride, and Bill Crowder, cousin of the bridegroom.

The wedding was performed by Rev. Billy J. Swindle, pastor of the church, and was attended by family members of the couple, including Kathryn Hoy, mother of the bride, and Pearle Brewer, mother of the bridegroom.

A reception followed in the church hall.

HOME OF JAMIE AND MARY LOU KNOX 203 AVE. I

## Christmas Tour Of Homes Dec. 17

Five unique homes and Crockett County's own historic library will be included in the 1995 "Friends of the Library Christmas Tour of Homes", on Sunday, Dec. 17, from 2-5 p.m.

A \$5.00 ticket is good for visits to all homes, and proceeds will benefit the Friends of the Library Expansion Fundraising Campaign.

Homes on the tour are those of: John L. and Jeannine Henderson, 312 Ave. D; Jamie and Mary Lou Knox, 203 Ave. I; Bill and Nancy Childress, 906 Angus; Tommy and JoNel Stokes,

612 Ave. I; and Fred and Jan Van Shoubrouek, 1002 Henderson. Refreshments at Crockett County Library, 705 - 12th Street, will end the tour.

The Tom and JoNel Stokes residence at 612 Avenue I is a warm, comfortable home which has been extensively remodeled by the Stokes family to suit their lifestyle and tastes. The home was built in the mid-1940's by J. W. Henderson III. Tom and JoNel bought it in 1975.

The visitor is greeted by a well-landscaped front entrance and circular

drive with carport which provides shade and shelter from the elements. A large, inviting living area with fireplace and custom shelf units makes entertaining a breeze. To the right, a charming dining room and efficient kitchen also add to the comfort and practicality of the home. Sleeping and bath wings flank the living areas, and the back patio provides a look at JoNel's beautifully landscaped garden and back yard.

John L. and Jeannine Henderson have owned their home at 312 Avenue D since 1991. The home was built by Pat and Bill King in the mid-1960's, and it is a perfect match for the rugged hilltop on which it sits. The home's

site was originally a rock quarry which produced much of the stone for the buildings in downtown Ozona, and many native Ozonans have fond memories of playing on the hill in their youth.

The long, low profile of the Henderson home provides ample space for family activities with daughters Jenna and Julia. To the left of the front entrance, a bedroom wing provides privacy, while living areas stretch to the right side of the home. A spacious modern kitchen, living area and den provide ample space for entertaining and family gatherings.

### 4-Her's Complete At District Food Contest

Eleven 4-H members from Crockett County represented their county "team" in the district 4-H Food Show Saturday, Dec. 2, in Fort Stockton. Approximately 134 contestants from the 23-county district participated, and Crockett County was again one of the top three counties in number and percentage of 4-H'ers placing first through third.

Crockett County National Bank and Wool Growers Central Storage of Ozona were two of the donors for the contest, providing first-place lamb awards.

Hilary Huffman, daughter of Vince and Karen Huffman, placed first in the junior breads category and received a \$50 savings bond and medal.

Second-place winners included Paige Tambunga in junior nutritious snacks and desserts, Kristen Bunger in junior lamb, Brandon Payne in junior pork, Ty Porter in intermediate main dishes and Leslie Flores in intermediate nutritious snacks and desserts. Second-place winners received engraved wooden rolling pins and holders.

Also participating in the food show but not receiving a placing were Janet Rodriguez in junior fruits and vegetables, Jenna Henderson in junior beef, Erin Castro in intermediate breads, Amanda Carson in intermediate lamb and Patricia Garza in senior breads. These participants received ribbons in the awards portion of the show, plus a West Texas Utilities cookbook.

Crockett County judges assisting with the contest included Raedene Flores, Nancy Vannoy and Barbara Carter.

Adult leaders accompanying the 4-H'ers included: Karen Huffman,

Doris Hood, Tammy Bunger, Leticia Payne, Dena Porter, Raedene Flores, Lynette Rodriguez, Jeannine Henderson, Elaine Castro and Cathy Carson. Several other family members also attended the awards program, in which Ty Porter, Junior District Council vice-president, led the 4-H motto and pledge.

County Extension Agent Tedra Ulmer served as a superintendent and assisted the 4-H members at the show.

4-H member in the food show are judged on their nutrition knowledge, quality and presentation of their dish, knowledge of food preparation principles, and their ability to communicate that knowledge to the judges. The dishes are judged on appearance, nutritive value and flavor.

"We appreciate the efforts of all these 4-H members and their parents and leaders very much," said Tedra Ulmer, County Extension Agent - Family and Consumer Sciences, who supervises the county's 4-H foods and nutrition project. "As always, Crockett County did extremely well due to their preparation and study."

The agent also expressed appreciation for the donors who contributed to the event, particularly Crockett County National Bank and Wool Growers Central Storage who sponsored the first-place lamb awards in the three age categories, and West Texas Utilities, who provided ribbons and cookbooks for all contestants. "Without these donors, such recognition for these hard-working young people would be impossible to provide," said Ulmer.

For more information about foods and nutrition or other 4-H projects, contact the Crockett County Extension Office at 392-2721.

### Eating Enough Grain Products Is Essential

Is your diet complex or does it contain complex carbohydrates? Eating enough grain products such as breads, cereals, pasta and rice every day can add protein, carbohydrates, vitamins and minerals to your diet.

When you look at the USDA Food Guide Pyramid, the three food groups that have complex carbohydrates are breads, cereals, pasta and whole grains; vegetables, and fruits.

Choosing a diet with plenty of grain products is encouraged by the Dietary Guidelines for Americans, just revised by the Department of Agriculture and the Department of Health and Human Services. The guidelines recommend that Americans eat at least six servings of grain products, such as breads, cereals, pasta and rice, with an emphasis on whole grains.

Whole grains are natural sources of complex carbohydrates, dietary fiber, and other food components linked to good health. These foods are generally low in fats, and by choosing the suggested amounts, you are likely to increase carbohydrates and decrease the fats as well as calories in your diet.

Dietary fiber is found in whole-grain breads and cereals, dry beans and peas, vegetables and fruits. Eating foods with dietary fiber is important for proper bowel function and can reduce the symptoms of chronic constipation, diverticular disease and hemorrhoids. It may have benefits in prevention and treatment of chronic diseases such as cancer of the colon, diabetes and coronary artery disease.

Do most people eat enough fiber

daily? In a recent USDA nationwide survey of consumer knowledge and attitudes about diet and health, eight of 10 thought it was important to eat foods with adequate fiber. Five of 10 thought they were getting enough fiber, perhaps because they had been trying to increase fiber and had now achieved their goal. However, recent food consumption studies show both men and women get about half the amount of fiber recommended by some nutrition experts (women get about 11 grams and men about 15 grams per day).

For more information, contact County Extension Agent Tedra Ulmer at the Extension Office or call at 392-2721.

Extension program serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

#### "Reminders"

I asked the Lord to give me what He wanted me to write today. Nothing seemed to come! I then began to think about our Country and all that ails her! Well, I thought I could write another warning letter to everyone.

Then I thought of Thanksgiving; I could write and remind you of the real meaning of this season, but you already know that. Still no article! Then while I was picking up my son at school I saw a heartwarming sight. Lots of kids were playing on the playground, and I watched a little boy join in the game of chase. He was handicapped. He couldn't run as fast as the others, so the boys doing the chasing were on him quickly, but then I saw it. The bigger boys slowed down and faked a stumble while this special child got away from them. He was delighted at the thought of winning against those two faster boys! Don't you see? There is God-given goodness in all of us. Even you! You are special...you have a heart...you do care for others. Now I know why the Lord waited: He wanted me to see those kids and to remind you that you can make it! Just let that God-given goodness come out more often.

If you would like a free cassette tape of one of our services, please write us at P.O. Box 103 or give us a call.

### Kiss The Son

By Dennis J. Prutow

Strange creatures and bizarre situations often frighten and consume us in our dreams. The book of Revelation is like this in many ways. The apostle John saw a "Lamb standing, as if slain, having seven horns and seven eyes, which are the seven Spirits of God sent out into all the earth" (Revelation 5:6). Here is a live lamb standing up as if slain. How can an animal with its throat slit be alive? This is a dream or vision. It pictures reality. Christ is the Lamb. He was sacrificed on a cross. He rose again. He is alive.

This Lamb has seven horns and seven eyes. This grotesque Lamb pictures reality. Seven represents perfec-

tion. Horns are symbols of power, in this case perfect power. The seven eyes show us Christ sees all and perfectly knows all. The spirit of Christ is everywhere present. Christ is therefore omniscient, omnipotent and omnipresent.

The Lamb takes the book containing all the plans of God. He opens the book and sets the purposes of God in motion. Is it good to be on His side? I think so. Psalm 2:12 exhorts, "Kiss the Son". In some cultures a kiss is a common greeting. This is a kiss of welcome and acceptance. It is not a kiss of betrayal like that of Judas. Embrace the Lamb. Kiss the Son.

### Babies Know When They Need To Eat

HOUSTON - The best feeding schedule for a breast-fed infant is the one the baby designs.

Nursing mothers should not interfere with the natural process, said Dr. Judy Hopkinson, a lactation expert at the USDA's Children's Nutrition Research Center at Baylor College of Medicine in Houston.

Some babies may nurse four minutes per side, six times per day, while others may nurse 20 minutes per

side, 12 times per day.

They signal mealtime by crying, fussing or nuzzling the breast, and most signal they are finished by drifting off to sleep or by letting go. These signals are more reliable than a clock. Hopkinson said.

An exclusively breast-fed infant is getting enough to eat if he or she is wetting six to eight diapers a day, has regular bowel movements and is sleeping some between feedings, she said.

**Accidental Poisonings Mar Holidays**

HOUSTON - Grandma's purse, not the holly wreath, may be the most dangerous threat to children this holiday season, according to a pediatric emergency expert.

"Accidental poisonings are the main holiday-related emergency we see," said Dr. Marcus J. Hanfling, director of the Pediatric Injury Clinic at Baylor College of Medicine in Houston. "In all the hubbub of family visits, medications often are left out or within easy reach of young children."

Hanfling says, when visiting relatives, ask them to put all medications, toxic cleaning supplies and other potential hazards well out of reach of young ones.

Other hazards include the Christmas tree itself.

"Never leave young children around the tree unattended since they may see the brightly colored tree lights as toys," said Hanfling. "Each year we treat children for electrical injuries and burns on their mouths."

Buying a recently cut Christmas tree can help prevent tragedy since dry trees ignite more easily. Make sure to water the tree on a daily basis to keep it fresh, and check for faulty electrical wiring. An artificial tree is a practical option for those who don't want to worry about the maintenance and hazards of a real tree.

Hanfling says to pay close attention to the age specifications on the packages of toys when shopping.

Before allowing the child to play with any toy, check for broken pieces that could be swallowed or sharp edges that could cause injuries.

Also attractive to children are bright ornamental plants such as poinsettias or berries found on wreaths, which can be poisonous to toddlers. Keep them out of reach.

He advises being careful when preparing holiday meals or eating at others' homes. Leaving foods, such as turkey, unrefrigerated for long periods can cause food poisoning.

Other additional holiday safety tips include:

\*Unplug all decorative lights when not at home. Advise everyone in the home of the fire extinguisher's location.

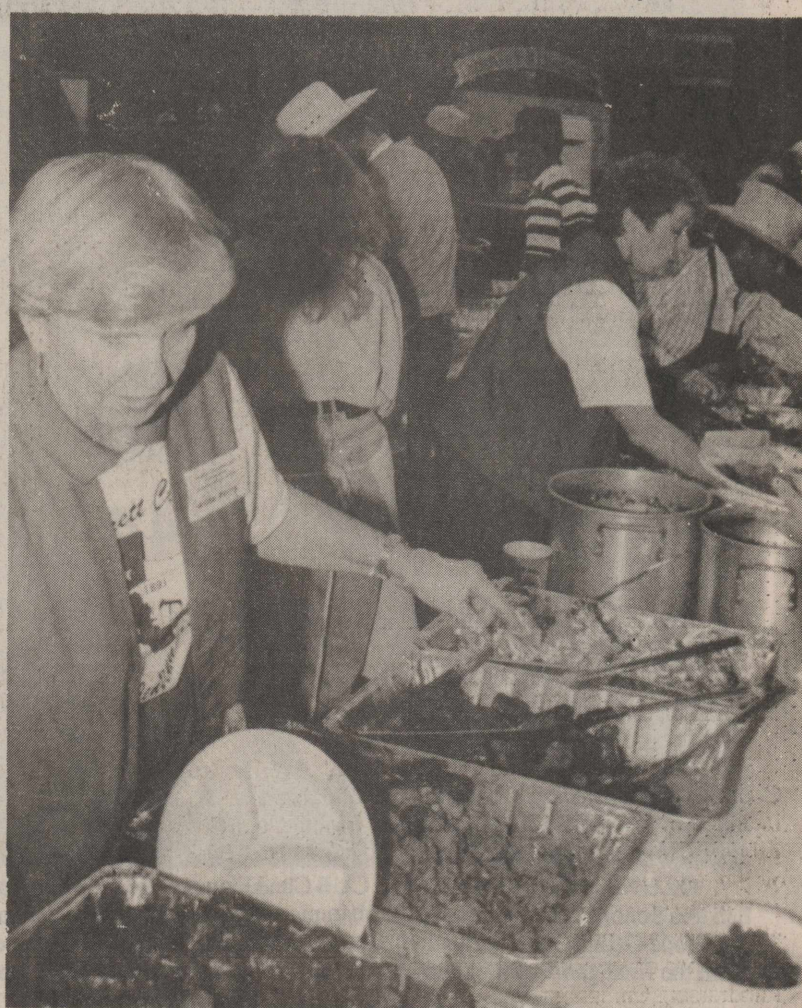

\*Place tree lights and ornaments out of small children's reach.

\*Wash and thoroughly cook fresh meats, fruit and vegetables to prevent salmonella poisoning.

\*Learn Cardiopulmonary resuscitation (CPR) as a precautionary measure for emergencies.

\*Be alert, belted and safe. Use safety belts and child safety seats even when not in your own car or when traveling short distances. Check your own alertness as well as travel conditions before setting out for your destination.

A safe holiday season is one of the best "gifts" your child can receive, Hanfling says.

**12 Reasons To Shop At Home**

1. Support the shop owners who support your group or function 12 months a year.
2. Save wear and tear on your vehicle (and body).
3. The children are not tired and cranky when you arrive at the store.
4. You may park within feet of the front door rather than blocks away.
5. Short check out lines.
6. Personal service with all purchases. You can always find a sales clerk to help you.
7. Have lunch or dinner at one of

Ozona's dozen fine restaurants. You are only minutes from a nap after eating too much lunch.

8. Last minute shopping convenience.
9. Only minutes back to the store to pick up gift wrapped packages.
10. Packages wrapped for mailing (they mail them, too).
11. Low sales tax.
12. Your mother-in-law can exchange her gift and you never have to know.

**Save Time At Social Security Call Head And Make An Appointment**

With today's hectic lifestyles, it seems everyone is in a hurry. Whether visiting a doctor or conducting personal matters, people don't want to sit and wait.

"We understand that you don't have a lot of time to take care of your Social Security business," reports Franklin H. Upp, manager of the San Angelo district office. "That's why we ask you to call and make an appointment so you will be waited on within 10 minutes of your scheduled time."

Upp said to make an appointment, call Social Security's toll-free number, 1-800-772-1213. An SSA representative will ask you a few questions. Depending on the reason for your call, the representative may be able to take care of your business immediately and save your a trip. For example, you can direct deposit by telephone.

"If you still need an appointment,

the representative will ask for your name, Social Security number, address, telephone number and other basic information we need to prepare for your appointment," Upp said.

You can choose an appointment by telephone or in person at the Social Security office or a contact station. The SSA representative will help you select a convenient date and time.

"If you make an appointment to file a claim for benefits at least seven days in advance, we will send you a confirmation letter," Upp stated. "The letter will include the time of your appointment and list the documents you will need to bring with you, such as a birth certificate or marriage license."

"If you selected a telephone appointment, you can mail the necessary documents to us when you return your application. We'll return the documents as soon as we finish reviewing them."

**Knowing The Symptoms Of Osteomyelitis**

HOUSTON - Osteomyelitis, a painful infection of the bone and bone marrow usually seen in children, can be successfully treated if caught early.

"I ask the child or parent if anything unusual happened in the past week that might have caused an injury," said Dr. Morven Edwards, a pediatrician at Baylor College of Medicine in Houston. "Something as common as a fall can be the cause."

If detected early, the condition can be treated with intravenous anti-

otics. If the case becomes chronic, osteomyelitis can cause bone deformity or stunted bone growth.

Edwards suggests that parents look for:

\*A reluctance to move an arm or leg, or complaints that "it hurts to walk."

\*Complaints of severe, localized pain in an extremity or hip.

\*Swelling or redness in these same areas.

**Streamline Holiday Meals To Keep Dieters On Track**

COLLEGE STATION - For people trying to eat healthfully because of a health condition such as diabetes or heart disease or for those who want to enjoy the festivities without gaining weight, a holiday meal makeover is ideal, says a registered dietitian.

"Holiday activities that center around food are a big challenge for those who cannot afford to gain extra pounds," says Dr. Mary Kinney Bielamowicz, professor and nutrition specialist with the Texas Agricultural Extension Service. "However, if they change their strategy and streamline meals, the holidays will be more enjoyable and lower in fat."

The biggest contribution a hostess or host can make is to offer guests a variety of lower-fat, lower-calorie foods, along with traditional favorites, Bielamowicz says. According to Bielamowicz, some simple changes will allow people to enjoy a healthful holiday meal:

Serve a variety of low-fat, lower-calorie choices at all courses. Offer raw vegetables or pretzel chips with low-fat yogurt-based dips or salsa-based dips as an hors d'oeuvre. Also, have several different gain and vegetable dishes available at the main meal and an assortment of fruit along with other dessert choices.

Use low-fat or low-saturated fat (saturated fatty acids) ingredients in your favorite and traditional recipes, when possible.

Start new, low-fat traditions by adding some delicious low-fat dishes. Bielamowicz recommends using the following recipe substitutions or checking with your local home economics county Extension agent to make your meals lower in fat:

Chocolate - use three tablespoons of powdered cocoa mixed with one tablespoon of oil instead of chocolate. Sugar - reduce by one-third to one-half in a recipe without affecting quality and taste of the food.

Eggs - one-half cup of cholesterol-free egg substitutes or four egg whites instead of two whole eggs.

Butter - use margarine, corn oil, soybean oil, safflower oil or cotton-

seed oil.

Other fat - reduce by one-third to one-half in recipes without affecting quality and taste of food.

Whole milk - use one percent milk, nonfat or skim milk or skim buttermilk instead of whole milk.

Cream in a recipe - use skim evaporated milk instead.

Cream cheese - use light or non-fat cream cheese. Cheese - use low-fat processed cheese. Sour cream - use low or nonfat sour cream

A buttered pan - use non-stick cooking spray

Basting with butter or drippings - use wine, fruit juice or broth.

Buttered bread crumbs - use crushed cereal.

A stuffed bird - cook stuffing outside the bird.

Chocolate chips - use raisin.

Sausage or processed meats - substitute light or lower fat varieties of sausage and processed meats.

"While family and holiday guests wait for the meal to be ready, suggest going for a long, leisurely walk before eating," Bielamowicz says. "Physical activity is critical for weight control, and holiday outings can be as sociable and rewarding as the meal itself."

## Cubettes Win Host Tourney, Cubs Second

Neal Ulmer, Stockman SportsWriter

The Ozona 7th Cubettes won the girls' division of the annual Cub Tournament Saturday, Dec. 2, in Davidson Gym. The Cubs played to a thrilling finish but lost 37-33 to the Sonora Colts in the championship game. The Cubettes beat the Eldorado Eagles 23-18 in the girls' championship game.

Ozona seventh grade Coach Tiffany Pullig said, "The girls hustled and really got after it on the press. Overall, I think the girls did a terrific job."

In the girls' division, the climb for the top was relatively easy for the Cubettes. They faced Reagan County on Thursday afternoon and beat them 37-12. It appeared to be a similar contest for the Cubettes as they defeated McCamey 34-16 on Friday to place them in the finals with Eldorado.

In the boys' division, the Cubs had to fight all the way to the top. Reagan County Owls were determined to upset the Cubs, but the Cubs would not have it as they won 37-32. The battle ensued in the second game as the Cubs faced the McCamey Badgers, and they just squeezed by the Badgers 36-34. This win gave the Cubs a needed boost and placed them in the championship game with the Sonora Colts.

Teams playing in the tournament included Iraan, Eldorado, Reagan County, McCamey, Sonora, and Ozona. In the girls' bracket, Eldorado captured second place, and Iraan defeated Sonora 30-27 for consolation. Eldorado won the boys' championship trophy defeating the Cubs. In an exciting overtime, McCamey inched by Eldorado 36-35 for the consolation trophy.

The seventh grade Cubettes started their march to the championship with an easy victory over the Reagan County Owls 37-12. The Cubettes played good defense throughout the game. The first

quarter score was Ozona 6, Reagan County 2 and the Cubettes continued to lead at halftime 16-6.

In the third quarter, the Cubettes increased their score 27-7. They continued their domination in the last period and won the game 37-12.

Leading the Cubettes in scoring was Laramie McWilliams with 10 points. Tammy Alvarez scored eight points, Rebecca Phillips and Kristi Avila made seven points each, Summer Browne scored three, and Melissa Quintero made two points. Adding to the winning effort were Codi Richardson, Christina Sanchez, Millie Wadsworth, and Marie Pierce.

The Cubettes also had little difficulty in defeating the McCamey Badgers 34-16 in their second game on Friday evening. They started out a little slow in the first quarter but led 8-6. In the second period, the Cubettes had to work hard to control the game and maintain their lead 14-10.

Playing good defense in the second half and shooting well, they ended the third period ahead 28-14. They added five points in the final period to sew up their second win 34-16.

Rebecca Phillips led the Cubettes in scoring with 14 points. Others scoring were Kristi Avila with eight, Tammy Alvarez scored seven, Laramie McWilliams made three, and Millie Wadsworth made two points. Also assisting in the win were Codi

## Out and Around

with Judy Reagor

Kitty Montgomery and a friend, Joyce Whitten of Eldorado, enjoyed a three-day vacation to Wendover, Utah and East Wendover, Nevada. They flew from San Angelo on the chartered trip.

Raul and Maria De La Rosa were happy and thankful to have Raul Jr. of Illinois, Ruth and David Craig and John from Weatherford, Rita and Patrick Rodriguez with Christopher,

Emily, Jessica and Sarah from Odessa and Raul's sister, Berta Berain from Muzquiz, Mexico, here for Thanksgiving and for the precious time each spent with "Tio Pete".

Tres Bailey has been named outstanding junior at Lakeview High School in San Angelo. He is the son of Paula Sweeten of San Angelo and Jim Bob Bailey of Ozona.

## Children Get Ulcers, Too

HOUSTON - Believe it or not, children get ulcers, too.

"Children, like adults, get ulcers either from infection with the bacterium *Helicobacter pylori*, through reaction to certain drugs, or from stress due to serious injury, infection or disease," said Dr. Mark Gilger, an assistant professor of pediatrics and gastroenterology at Baylor College of Medicine in Houston.

*H. pylori* is a spiral-shaped bacterium that is thought to be transmitted through the oral-rectal route. According to Gilger, *H. pylori* is the most common cause of ulcers in children. Studies show that family members are often carriers of the bug.

"For example, we believe that a child may be infected by drinking out of the same glass as that of an infected family member," he said.

Ulcers may also be drug-induced. Certain non-steroidal anti-inflammatory drugs used to treat chronic illnesses are a chief cause. Physical

stress, not stress caused by anxiety, is another reason for ulcers in children. The strain placed on the body by a serious respiratory disease such as asthma, for example, can bring on ulcers.

Because children aren't good at pointing to the location of their pain, Gilger recommends that parents look for symptoms:

\*Abdominal pain that has occurred at least three times over a three-month period and which causes a change in the child's behavior.

\*Awakening at night due to abdominal pain.

\*Recurrent vomiting or vomiting with blood.

Treatment includes antacids and antibiotics. While most ulcers are treatable, work on a vaccine to *H. pylori* is in progress.

Gilger says that although children are less likely than adults to get ulcers, the pain and discomfort of the illness is just as severe and should be treated promptly.

## Delgado Completes U. S. Border Patrol Academy Training

Fabian Delgado graduated from the Border Patrol Academy on Nov. 21 after four and one half months of training.

He received certificates for superior physical conditioning, expert marksmanship with the second highest shooting score in his class and graduated sixth in his class of 53.

Delgado is a 1983 Ozona High School graduate and a 1987 St. Mary's University of San Antonio graduate.

He will be stationed at the El Paso sector where his wife, Alma, and three children, Derrick, Robin and Marcus, will join him after the Christmas holidays.

## Field And Stream Reports

At our last meeting we were shown two films. One was titled *Snakes - Nature's Armored Warriors*, and the second one was *Remington Country - the ten commandments of safe and responsible fun handling and storage*.

During the snake film we were shown the different species of snakes, the kind of foods they eat, and the habitats where you would most likely find them. Also, they distinguished the difference between the poisonous and nonpoisonous snakes. We were also shown how to take care of a snakebite which we hope never happens.

The gun film reinforced what we

are being taught in the Hunter's Education course.

Our next meeting is Dec. 12 at 6:30 p.m.

Members present were: Jonathan Villarreal, J. R. Villarreal, Jeremy Mey, Stephen Humphrey, Jared Bird, Chet Stuart, Ryan McNeely, Thomas Morrow, Chris Larson, Trace Larson, Aaron Garza, Jared Shaffer, Andrew Shaffer and Katie Parker.

Parents attending and helping were: Lucy Humphrey, Rick Bird, Freddy Garza and Mike Larson.

Leaders attending were Bob Harris and Tina Moran.

# Lady Lions Win Brownfield Tourney

By Neal Ulmer  
Stockman Sportswriter

The Ozona Lady Lions basketball team breezed right through the Brownfield Invitational Basketball Tournament held Nov. 30-Dec. 2. The Ladies beat the Snyder Lady Tigers 44-23 to win the championship game.

Not only did the Ladies win the tournament, they improved their season record to 7-0. Bobbie Bryson was chosen the Most Valuable Player of the tournament. Amber McWilliams and Amber Tarr were chosen to the all-tournament team.

"We're just excited about winning the tournament. We played very well for two out of three games up there," Lady Lion Coach Dickie Faught said. "We showed more cohesiveness as a team. We feel like we took a good step toward improvement."

At a few times during the three-day tournament, the Lady Lions had a tough time getting going. But after a little warming, they blistered right

through their opponents.

On Friday, the Lady Lions met first with the Meadow Lady Broncos, beating them 55-37. The first half stayed generally close as the Ladies were ahead in the first quarter 18-13. When the Ladies went into the locker room they held a 28-21 advantage.

There really was no difference in the second half as the Ladies continued to be consistent. They continued to lead in the third quarter 41-25 and added another 14 points in the fourth to get their first tournament victory 55-37.

Leading the Ladies in scoring was Amber Tarr with 18 points which included one 3-pointer, three 2-pointers and 9 of 11 free throws. She was closely followed by Amber McWilliams with five of seven free throws. Also scoring was Shelly Sullivan with nine points, including one 3-pointer, and Bobbie Bryson, Tara Wilkins and Stormi Sessom with four points each.

Others playing in the game included Autumn McWilliams, Julie

Perez, Megan Tambunga, Amy Laughlin, Dana Bishop and Lori Tambunga.

In the second game on Friday, the Ladies defeated the Lamesa Golden Tornadoes 59-40 to place them in the championship round. The Ladies scored consistently in the first three quarters, scoring 17 points each quarter.

It appeared to be no contest in the first period, as the Ladies outscored the Golden Tornadoes 17-6. Lamesa got into the second quarter, but they were no match for the Lady Lions as the Ladies went into the dressing room leading 34-18 at the half.

Each team switched a good quarter with a bad quarter in the second half. Ozona scored 17 points in the third, taking a commanding 51-23 lead. The Ladies added another eight points in the last quarter, but the Tornadoes accumulated 17 points to close the gap. Yet, it wasn't enough as the Ladies won 59-40.

Amber Tarr led the Ladies in scoring with 16 points. Amber McWil-

liams scored 10 points as well as Shelly Sullivan. Stormi Sessom scored nine, Tara Wilkins eight and Bobbie Bryson six points. Others adding their support included Autumn McWilliams, Julie Perez, Amy Laughlin, Dana Bishop and Lori Tambunga.

Winning the game against Lamesa placed the Lady Lions in position to win the championship. Their next game on the climb to the top was against the District 5-4A Snyder Lady Tigers.

Ozona set a quick scoring pace, making 20 points in the first quarter to the Lady Tigers' six points. The Ladies slowed the pace, substituted freely to give some of the other players experience, and scored eight points to the Lady Tigers' two points for a 28-8 halftime lead.

Both teams upped the tempo in the second half with the Ladies hitting the hoops for 14 points and Snyder eight points for a 42-16 Ozona lead. In the last quarter, Ozona added only two points and Snyder increased their score seven points for a Lady Lion 44-23 lead.

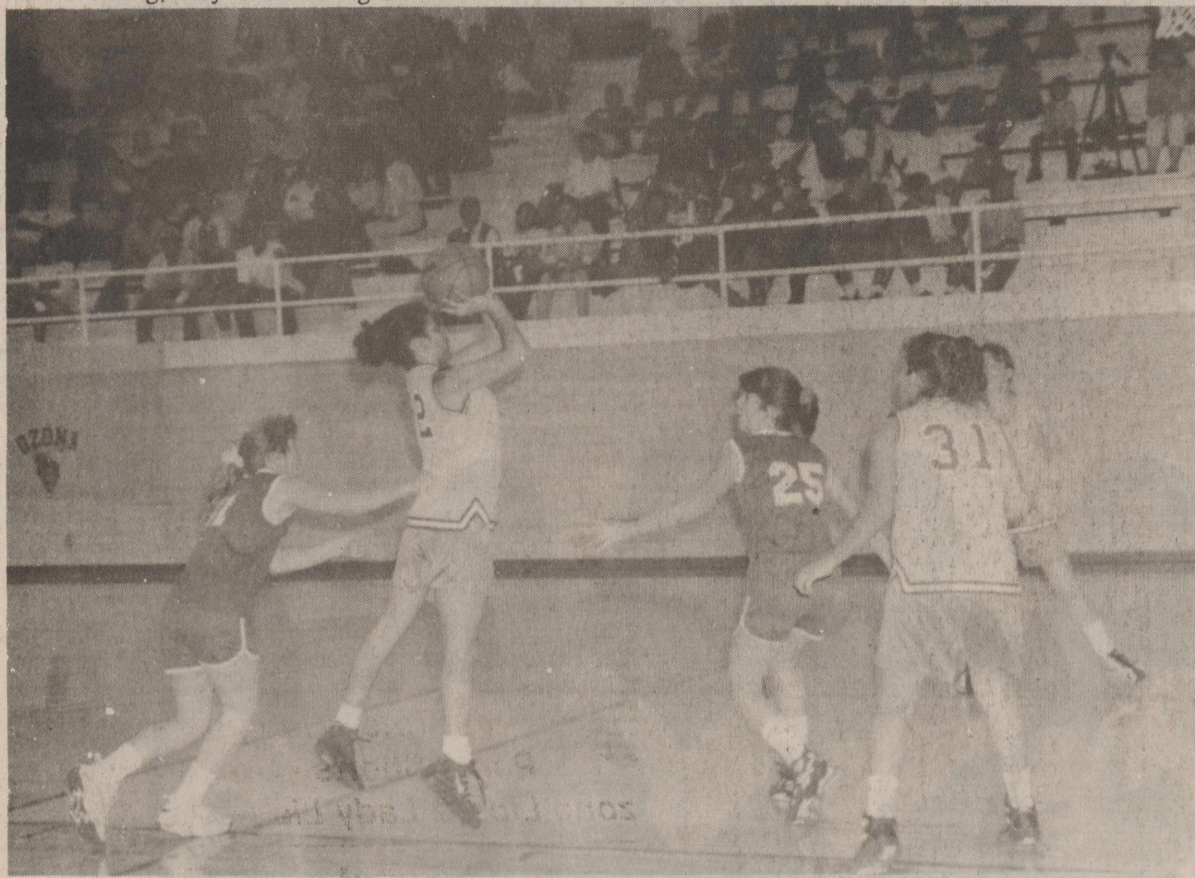

"Snyder played good defense, and we had to work hard to build our lead," said Coach Faught.

All the girls played a great game as they were led in scoring by Bobbie Bryson with 15 points. She was followed by Amber Tarr with 12 points, Shelly Sullivan scored eight, Amber McWilliams made five points including one 3-pointer, and Tara Wilkins and Stormi Sessom scored two points each.

Also playing in the game were: Autumn McWilliams, Julie Perez, Megan Tambunga, Amy Laughlin, Dana Bishop and Lori Tambunga.

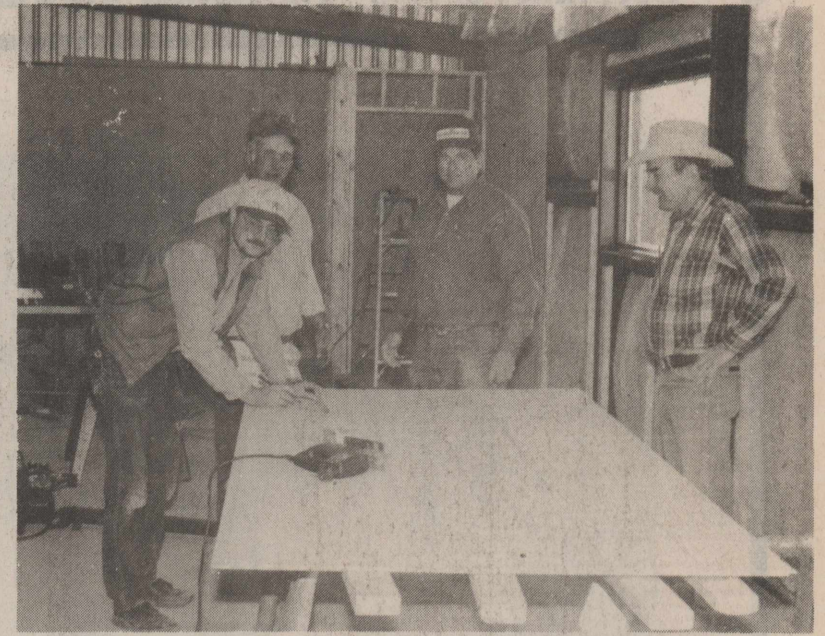

The Lady Lions and the Lions will host the 65th Ozona Invitational Basketball Tournament starting at 11 a.m. on Thursday, Dec. 7, and continuing through Saturday, Dec. 9. The Ladies will play at 6:30 p.m. on Thursday against the Fort Hancock Lady Mustangs. The Ozona boys will follow at 8 p.m. playing the Mustangs.

Get out and enjoy some of the action and back our teams.

Richardson, Christina Sanchez, Melissa Quintero, Summer Browne, and Marie Pierce.

Eldorado reached the championship game by defeating Iraan 34-29 on Friday afternoon. Eldorado played the Cubettes evenly in the first quarter as each team scored six points. Ozona inched ahead in the second quarter 11-7 and held the Eagles to one point.

In the second half, both teams played hard with the Cubettes adding seven points to the Eagles' four for a 18-11 lead. Ozona put in another five in the fourth and Eldorado added seven but the championship belonged to the Cubettes as they won 23-18.

Rebecca Phillips again led the Cubettes in scoring with nine points. Other Cubettes scoring were Tammy Alvarez with six, Codi Richardson scored five, and Kristi Avila made three points. Adding to the effort for the win were: Laramie McWilliams, Christina Sanchez, Marie Pierce, Summer Browne, Millie Wadsworth, and Melissa Quintero.

The Ozona Cubs also started their quest for the championship with a win over the Reagan County Owls 37-32 Thursday evening. Concerned about the first half, Coach Bachman said, "We started slowly and had difficulties scoring in the first half. Big Lake came out and really played us much better than they did the first time we played."

The Cubs had to constantly be on their toes but started out like a gust of wind, scoring nine points and held the Owls to two points in the first period. The Owls increased the tempo in the second period and inched close but the Cubs kept the lead 13-11.

The pace and scoring were about the same in the second half as the Cubs maintained their lead 24-19 in the third. They held on in the fourth to win their first tournament game 37-32.

"We scored in the second half and held on for a tough win," said Coach Bachman.

Leading the Cubs in scoring were Dustin Faught and Ty Allen with 11 points each. Other Cubs scoring were Chad Flanagan with eight, Stephen Tarr, Leon Garcia, and Robert Madris scored two points each, and Juan Garcia made one point.

Others adding their support were Trey Hale, Jeffrey Mendez, Jason Davis, Ray Ramos, Chase Adams, Jim Ed Cowen, Dwayne Smith, and Gerald Avila.

In the second game, the Cubs worked even harder to reach the finals as they eased by the McCamey Bad-

ers 36-34. "What a great game! McCamey has a fine team and took us to the wire," said Coach Bachman.

Both teams came out charged up, but the Cubs took a first quarter lead 7-5. The rhythm continued in the second with the Cubs preserving a 19-13 lead.

Both teams scored 21 points each in the second half, but the Cubs had the edge. The last few minutes of the game were very exciting with both teams neck-to-neck, but the Cubs picked up their second win 36-34.

"I felt our boys played superbly, and we were fortunate to win the game at the free throw line," said Bachman. "This victory was an outstanding team effort."

Again, Dustin Faught led the Cubs in scoring with 12 points. He was followed by teammates Stephen Tarr with seven, Robert Madris scored six, and Chad Flanagan, Juan Garcia, and Ty Allen made three points each.

Also adding to the winning effort were Gerald Avila, Trey Hale, Dwayne Smith, Jeffrey Mendez, Jim Ed Cowen, Jason Davis, Chase Adams, Ray Ramos and Leon Garcia.

Sonora reached the championship game by easily defeating Iraan 42-20 in the first game on Thursday and Eldorado 48-19 on Friday evening.

**INCIDENT:**  
Phillip Perner reported the theft of \$700 worth of used pipe and sucker rods from a lot on Ave. E. The case is under investigation.

### Handgun Licensing Ongoing

Contrary to rumors, speculation and just plain second-guessing, the concealed handgun classes and licensing are not going to end on Jan. 1, 1996, according to Len Hillman. This is an on-going program and is just beginning. Some licenses will need renewing in two years, others in four years, and there is a healthy backlog of applicants who are just starting to get serious.

"Dependable evidence indicates the handgun licensing program is already having an impact on crime, though it is not yet active," according to Hillman.

The first free clinic in the U.S. was established by Dr. Benjamin Rush in Philadelphia in 1786.

### \* Cubettes

(Continued from pg. 7)

Thinking that the first two games were hard, the Cubs found out the final game was going to be more difficult. A larger and fast Colt team came out ready to play but so did the Cubs.

Cub Coach Rick Bachman was proud of all the boys who participated. He said, "We played three tough games in the tournament, which will help us become a better team."

At the end of a busy first quarter, the Cubs led 6-5. The second quarter was little different than the first and the Cubs continued their lead 14-10.

In the second half, the situation grew more trying for the Cubs. They added seven points, but the Colts inched up nine points for an Ozona 27-19 lead. The tempo moved up two digits in the fourth as each team fought to win the game. Some of the Cubs' baskets would not go in, and a few bad passes were enough for the Colts to take a 37-33 win.

Leading the Lions in scoring for a third straight game was Dustin Faught with 10 points. Other Cub scorers included Juan Garcia and Chad Flanagan with eight points each, Robert Madris made four, Stephen Tarr scored two and Ty Allen made one point.

Also adding their efforts in the game were Gerald Avila, Dwayne Smith, Trey Hale, Jeffrey Mendez, Jim Ed Cowen, Ray Ramos, Chase Adams and Leon Garcia.

"I felt this game was the best overall effort we have had so far this year. Sonora has a great ball club but I felt we could do some things well against them," Bachman said. "The kids played a great game and did exactly what I had asked them to do. I was proud of

ond team offense as a lineman last year.

Chosen for the first team defense were senior lineman Adam Carroll and defensive secondary sophomore Justin Browne. Browne was also chosen as a running back to the second team offense. Carroll was chosen to the second team last year as a tight end and received honorable mention as a defensive end.

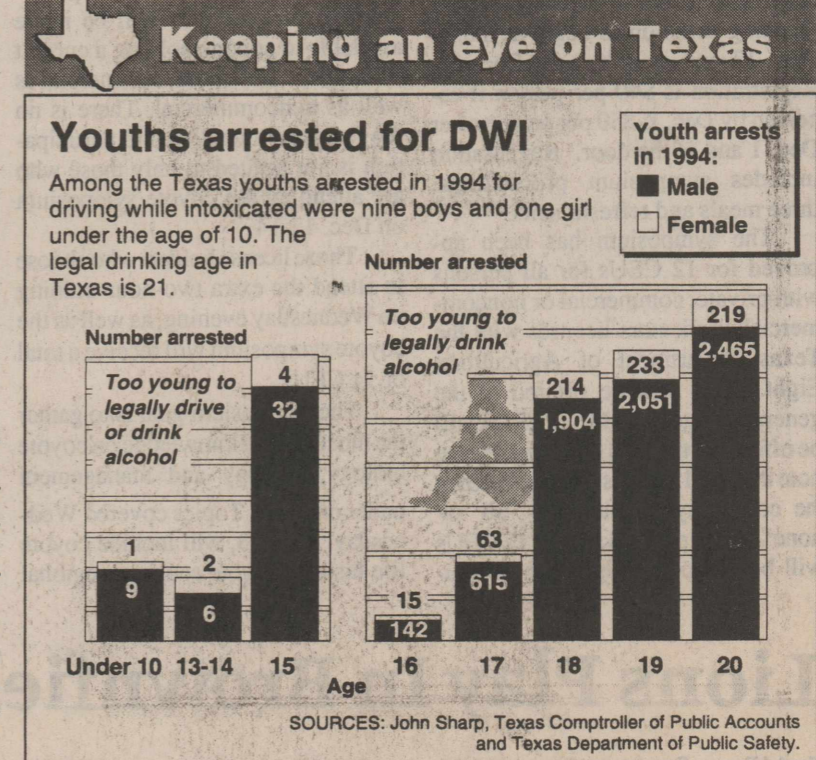

Other Lions receiving honorable

mention honors were: at quarterback David Browne, outside linebacker Jon Sanchez, outside linebacker Jason Stuart, running back Darin Jackson, defensive tackle Bryan Mendez, defensive end Patrick Sanchez, defensive secondary Ray Fierro, wide receiver Casey Upham, offensive lineman Lynn Haire, running back Pete Castaneda, offensive lineman Steven Montes, and defensive tackle Albert Flores.

## CEU Training Scheduled For Dec. 13-15 In San Angelo

Procrastinators scrambling for continuing education units for pesticide application can nab 12 at the upcoming symposium, *Coyotes in the Southwest: A Compendium of our Knowledge*. The national conference is set for Dec. 13-14 at the San Angelo Convention Center.

Registration will be from 4 p.m. to 7 p.m. on Dec. 12 at the Holiday Inn next door to the convention center. Opening ceremonies begin at 8 a.m. Dec. 13 and at 8:30 a.m. Dec. 14. Registration is \$40 per person if received by Dec. 1; \$50 per person after Dec. 1 and at the door. Registration includes symposium proceedings, three meals and refreshments.

The symposium has been approved for 12 CEUs for all persons with private, commercial or noncommercial applicators licenses with the Texas Department of Agriculture. Eight CEUs will be offered in the general category and four CEUs will be offered in the IPM category. Please note that the 12 CEUs being offered at the coyote symposium are "all or none". All paperwork for the 12 CEUs will be accepted only at the conclu-

sion of the symposium, and participants must have attended both days of the conference.

An extra CEU training worth two CEUs on laws and regulations relative to predator management situations will be offered on Wednesday evening, Dec. 13, at the San Angelo Convention Center. The two-hour program will be held from 7 to 9 p.m.

These two CEUs will be made available to anyone holding a current TDA pesticide license, commercial as well as noncommercial. There is no fee for those attending and participation is not limited to only those who are attending the coyote symposium on Dec. 13-14.

Those license holders who choose to attend the extra two-hour training on Wednesday evening, as well as the coyote symposium will receive a total of 14 CEUs.

The symposium goal is to gather the most current knowledge on coyote biology, ecology and management under one title. Topics covered Wednesday, Dec. 13, will include coyote life history, coyote ecology, regional

perspectives and coyote management. Highlights Thursday, Dec. 14, include: coyotes versus game management, coyotes versus livestock, predator politics, control options and photographing coyotes.

Many other activities are planned during the three days. These include an informal mixer Dec. 12 from 7 to 8:30 p.m. at the Holiday Inn, a barbecue supper and coyote calling contest Dec. 13 at 6:30 p.m. and Wyman Meinerz, renowned wildlife photographer, presenting *Coyotes in Texas History and Folklore* during lunch Dec. 13.

The symposium is being sponsored by the Texas Agricultural Extension Service, Texas Animal Damage Control, Texas Chapter of the Wildlife Society, Berryman Institute - Utah State University, Texas Department of Agriculture, Texas Parks and Wildlife Department, Texas Sheep and Goat Commodity Board and the Welder Wildlife Institute.

For further information, contact Dr. Dale Rollins, Extension Wildlife Specialist at San Angelo at 915-653-4576.

## TxDOT Route Study Open House Dec. 11

The Texas Department of Transportation will host an open house and public meeting on Dec. 11 at the Lubbock Memorial Civic Center, 1501 Sixth Street, in Lubbock. The open house will be from 4 to 7 p.m., and the public meeting will begin at 7 p.m.

The purpose of this open house and public meeting is to discuss the TxDOT Route Study to connect Interstate 27 in Lubbock to Interstate Hwy. 10, and also connect Interstate 27 in Amarillo with the Texas state line to the north. The study team will present the analysis process for corridor feasibility and the results of the process. A recommendation for either a single "freeway" or three "highways" south of Lubbock and either a single "freeway" or two "highways" north of Amarillo will be presented. Public comments are requested pertaining to the results and recommendations presented.

The public is invited to attend the Dec. 11 open house anytime between the hours of 4 and 7 p.m. Exhibits and maps will be displayed at the open house, and members of the study team will be available to discuss the project with members of the public. Comment forms will be provided at the open house, and a court reporter will be available to take private comments.

The formal public meeting will begin at 7 p.m. A brief presentation will be given by the study team followed by public commenting. Verbal comments made at the formal public meeting will be limited to three minutes each. There will be no responses to comments at the public meeting. Citizens with questions for the project team are urged to attend the open house prior to the public meeting.

Written comments may be submitted at the open house and public meeting, or mailed to: Walter G. McCullough, District Engineer, Texas Department of Transportation, 4502 Knickerbocker Road, San Angelo, TX 76904 up to 10 days following the public meeting date. Comments will also be accepted on the Route Study Telephone Hotline by calling 1-800-661-3234.

Persons interested in attending the meeting who have special communication or accommodation needs are encouraged to contact the San Angelo District Public Information Officer at 915 947-9205 or 944-1501.

## Last Chance For CEU Training And Testing In Ozona

A continuing education units training and testing for pesticide applicators licensing will be offered in Ozona on Monday evening, Dec. 18, at the civic center. The program will begin at 6 p.m. There is no registration fee, but those who take the test and pass will be required to pay a \$50 fee to receive their license.

Those certified private applicators who attend the training and do not take the test will receive three CEUs: 1/2 in IPM, one in laws and regulations and 1- 1/2 in general credit.

Certified private applicators are required to have 15 CEUs before Jan. 1, 1996, in order to have their certification renewed. Those who still need more than three CEUs to complete this requirement have the choice of attending the training and taking the test, which will be given at the conclusion of the program. Upon passing the test and paying the \$50 licensing fee (good for five years), they will be a licensed private applicator, as well as meeting the requirements needed (15 CEUs) for certified private applicator. Therefore, an individual will have renewed his old certified private applicator certificate as well as having a 5-year license as a private applicator

An explanation of the differences between certified private applicators and licensed private applicators follows:

1. A certified private applicator must apply the pesticide himself and cannot supervise the application by another person.

2. A licensed private applicator is qualified to supervise the application of pesticide by another person.

For further information, call County Extension Agent Billy Reagar at 915-392-2721 or go by the County Extension Office on the top floor of the courthouse annex.

Individuals with disabilities who require an auxiliary aid, service or accommodation in order to participate in this program are encouraged to contact County Extension Agent Billy Reagar at 915-392-2721 by Dec. 10 to determine if reasonable accommodations can be made.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, disability or national origin.

## Lions Play In Brownfield Tourney

Neal Ulmer, Stockman Sportswriter

The Ozona Lions had a difficult time in the Brownfield Invitational Tournament held last weekend but gained valuable playing experience. Although the Lions are 0-6 for the season, they are playing very well against good teams and preparing for district.

Lion head boys' basketball coach Ronnie Casey said that Ozona has played some good teams in the past, has shown much improvement in a short time and has gained some valuable playing experience.

The Lions met the best in their first tournament game against their host, the District 5-3A Brownfield Cubs. The Cubs won their own tournament as they beat the Lamesa Golden Tornados 73-61 in the championship game.

"We came out real flat and a little bit intimidated by their size and speed. They are really good," said Coach Casey. "That's the best team we've played all year."

It appeared the Lions were out-matched at the very beginning of the game as the quick and fast-paced Cubs took a 24-9 first quarter lead. The Lions improved some in the second period, but the Cubs were relentless, scoring 27 points in the quarter for a 51-21 halftime lead.

Both of the teams played consistently in the second half. The Cubs would not let up in the third period, scoring 25 points for a 76-36 lead at the end of the quarter. Coach Casey played all of his players in the game, and each gained some valuable playing time. An addition of 22 points by the Cubs to the Lions' 22 points put the game away for them as they won 98-58.

Having a great game in scoring and chosen to the all-tournament team was Mel Martinez with 24 points. Justin Browne hit three-of-three three-pointers for a total of nine points, Jon Sanchez made seven points, Lupe Llanas scored six, including one three-pointer, Ray Fierro made five, and David Browne and Justin Stuart made one three-pointer each to round out the scoring.

Others adding their efforts in the game were Michael Nicks, Brian Badillo, and Lando Pena-Alfaro.

In the Lions' second game with the Kermit Yellowjackets, Ozona came out very strong, playing good basketball. They took the first quarter 23-13 and continued into the second period scoring 20 more points for a good 43-28 halftime lead.

The Lions faltered in the second half, taking some good shots. The ball wouldn't fall in as the Lions scored only eight points in the third period. The Yellowjackets shots fell in as they inched their way closer to the Lions, but Ozona continued to lead 51-48. Trying their best, the Lions scored 16 points in the last quarter, but it was not enough as the Yellowjackets scored 21 to take the win away from the Lions with a 69-67 score.

"In the Kermit game, we came and played two of the best quarters I've seen Ozona play since I've been here," said Coach Casey. "We had a huge halftime lead but lost it. We are going to have to play with a lead and keep it."

Three Lions were in double figures as Mel Martinez again led the Lions in scoring with 23 points including five two-point field goals and five-of-eleven free throws. Justin Browne hit two three-pointers, three two-pointers, and nine-of-nine free throws for a total of 21 points. Ray Fierro made three three-pointers, two two-pointers, and two-of-two free throws for a total of 15 points. Also scoring was Lupe Llanas with four points and Jon Sanchez and David Browne with two points each.

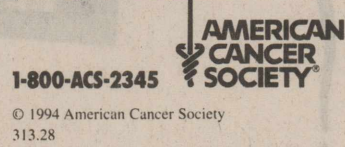

Also playing in the game were Jason Stuart, Michael Nicks, Brian Badillo, and Lando Pena-Alfaro.

The Lions and the Lady Lions will be hosting the 65th Ozona Invitational Tournament starting at 11 a.m. on Thursday, Dec. 7, and continuing through Saturday, Dec. 9. The Lions

will play the Fort Hancock Mustangs at 8 p.m. in Davidson Gym on Thursday. The Lady Lions will play at 6:30 p.m. on Thursday against the Fort Hancock Lady Mustangs. Get out and enjoy some of the action and back our teams.

## Drive Safely This Holiday Season

"Take a Stand Against Impaired Driving" is the theme for this December's National Drunk and Drugged Driving (3D) Prevention Month. The San Angelo District of the Texas Department of Transportation joins a coalition of National organizations, including the National Highway Traffic Safety Administration (NHTSA), in kicking off the month by issuing a call to action to San Angelo and area residents.

3D Month and other strategies are credited with saving lives and reducing both injury and property damage. In 1994, 16,600 Americans died in alcohol-involved crashes, the lowest figure in 31 years, but according to NHTSA officials, still unacceptably high.

This year's 3D Month efforts focus on the Young Adult Driver, primarily males aged 21-34. This population is over-represented in all crash data, including injuries and death.

TxDOT, San Angelo is taking part in this nationwide effort to emphasize the consequences of impaired driving and what can be done to reduce the number of alcohol-related crashes that claim thousands of innocent lives each year.

"Concho Valley residents can take a stand against impaired driving this holiday season by designating drivers, supporting tougher anti-driving under the influence legislation and being responsible party hosts," says Ron Taylor, TxDOT Traffic Safety Specialist.

"When hosting a holiday party, make sure a variety of beverages are available for guests, including some drinks that are non-alcoholic," says Taylor. "Offer your guests other things to do besides drink. Serve food. Dance. Play games. Pay attention to how much your guests are drinking. Take away the keys or call a cab for those who have had too much."

The "Take a Stand Against Impaired Driving" campaign promotes ways communities can do their part to stop impaired driving tragedies. TxDOT urges all Concho Valley residents to support tough anti-DUI legislation, including reduced legal blood alcohol concentration, zero tolerance and use-lose laws for younger drivers, and administrative license laws which enable police to immediately confiscate the driver's license of a driver who is found with a BAC level over the legal limit or who refuses to take a blood alcohol level test.

"We encourage all San Angelo and area residents to take a stand against impaired driving this holiday season and throughout the year," says Taylor.
