Hopeless Drowning Search

Relatives and friends of William Clayton (Sucker Rod) Smith keep a hopeless vigil at shore in the late afternoon sun as searchers drag a ranch stock tank for Smith's body. On the ground, left foreground, are the drowning victim's hat and blue denim jacket which washed to shore. The small boat at left, occupied by searchers, was the skiff from which Smith fell to his death.

★ ★ ★

Ranch Hand Drowns at Tank Trotline

A 35-year-old ranch worker who couldn't swim drowned Tuesday when he apparently fell from a flat-bottom skiff while baiting a trotline.

The victim was William Clayton (Sucker Rod) Smith, formerly of Lamesa, employe of rancher Wallace Stockton.

Scene of his death was a medium size earth stock tank on ranching acreage operated by Stockton 32 miles southwest of Colorado City near where Sterling County meets with Mitchell and Howard counties.

A rescue team from Colorado City Volunteer Fire Department pulled Smith's body from the tank at 5:05 p. m.—about six hours after the man was believed to have fallen into 12-foot deep water.

The victim's mother and sister looked on as the team's grappling hooks pulled the body to the surface near the point where drowning had interrupted Smith's trotline baiting midway across the tank.

Smith left the Stockton ranch home Tuesday morning with a trailer load of heifers to pasture near the tank. He had told the Stocktons he intended to check his line at the tank.

When the Stocktons returned from town at luncheon they became worried when Smith did not return. A search began and Stockton discovered the empty trailer in the pasture, then Smith's empty pickup at the tank.

Then the rancher discovered his employe's lined blue denim jacket and cowboy hat and pack of cigarettes at the water's edge where these were blown by the wind. Nearby was the blue, flat-bottom skiff Smith used to run his trotline.

Colorado City's rescue team and boat were called to the scene at mid-afternoon. Only 30 minutes of dragging was

WEST TEXAS EVENT

Leaders from 8 Cities On Workshop Program

Citizens from 8 West Texas cities will lead study sessions here March 24 in the first of a series of West Texas Chamber of Commerce leaders' workshops.

The 12 workshop leaders were announced here Thursday by Rex Felker, Colorado City Chamber manager and chairman of the workshop's program committee.

Chambers of Commerce from the entire West Texas area will send key officials and committee workers here for the workshop.

Both professional and lay civic leaders are in the group which will direct, conduct and carry out workshop sessions.

These include Bill Collyns, past president of Midland Chamber of Commerce; Claud Holley, president of Seminole Chamber of Commerce; Joe Cooley, executive vice president of Abilene Chamber of Commerce; Bill Quimby, Big Spring Chamber of Commerce manager; Bill Thomas, Andrews Chamber of Commerce manager.

Homer Tanner, Brownwood Chamber of Commerce manager; Fred H. Husbands, executive vice president of West Texas Chamber of Commerce; Byford Sealy, president of Andrews Chamber of Commerce; R. C. (Art) Jordon, president of West Texas Chamber of Commerce from Amarillo; Rev. Gage Lloyd, pastor of First Presbyterian Church in Big Spring; Paul D. Marable Jr., general manager of West Texas Chamber of Commerce; and Joe Bell, Record co-publisher and past president of Colorado City Chamber of Commerce.

Here Saturday in a planning session for the workshop with Felker were Quimby, chairman of the West Texas Chamber's community services committee, which is sponsoring the workshop; Ralph Duncan, manager of the WTCC community services department; Tanner, the Brownwood manager, and Thomas, the Andrews manager.

Quimby will preside at the all-day workshop in Civic House that will open with registration and opening assembly at 8:30 a. m.

Three study sessions at 10 a. m. will follow a keynote talk by Bell.

The sessions will be for chamber presidents conducted by Holley, the Andrews president, and Collyns, Midland newspaper executive; for chamber committee chairmen and other leaders led by Cooley, the Abilene chamber's executive vice president; for chamber managers a 3-part session led by Thomas of Andrews, Tanner of Brownwood, Husbands of the WTCC and Sealy of Andrews.

WTCC president Jordan will preside at the noon luncheon which will feature an address, "Leadership Responsibility," by Rev. Lloyd.

Quimby also will preside at

See LEADERS, pg. 5

TEAGUE AND CHRISTY

Study Grants to 2 CHS Teachers

Two faculty members of Colorado City High have been awarded National Science Foundation scholarships for summer institutes.

They are Brooks Teague, mathematics teacher, and Sam Christy, assistant football coach and science teacher.

Teague will have a summer institude in concepts of modern mathematics, June 6 through July 13, at University of Alabama.

Christy will attend an institute in specialized biology — phases of geology and genetics — at Texas Christian University, June 6 through July 15.

Both grants include tuition and subsistence for their families which totals more than $700.

The special study will also be credited to their graduate study records toward additional degrees.

Teague has both bachelor and master of science degrees while Christy holds the bachelor of science degree.

The National Science Foundation awards the summer institute grants to certain accepted teachers annually for the purpose of (1) providing opportunities for teachers of high school science and mathematics to widen, modernize and improve their backgrounds in subject matter; (2) strengthen their capacity to motivate students toward considering careers in these fields; (3) place active teachers of math and science into personal contact with productive experts on the staffs of universities and elsewhere.

9 FROM OKLAHOMA CITY

Runaways by Car Load

Runaways showed today by the car load.

Nine of them, infact, were taken into custody at Loraine after driving all night in a car from Oklahoma City, Okla.

They were brought to the Courthouse here in Colorado City by Jack Brewer, the Loraine watchman.

All at mid-afternoon they were enjoying a hefty meal in the Baker Hotel's Colorado Room. Chaperones for the late lunch were Deputy sheriff Marvel Sheppard and Mrs. Willie Whitmore, the sheriff's office deputy.

The 9 youngsters 4 girls and 5 boys ranged in age from 12 to 15 years.

County Judge Elmer Martin, who questioned the group, said only 1, a 15-year-old boy, admitted any previous record of unruly mischief. The boy said he was on probation in Oklahoma City.

The boys and girls decided on their runaway trip Wednesday after becoming dissatisfied at home, they said.

During questioning, they revealed their parents had forbid them all from keeping company for the time being. And that prompted their decision to leave home.

They were traveling in a 1959 Chevrolet owned by a mother of one of the youngsters.

During the all-night drive to Loraine where relatives of one of the runaways live, they said a stare tire and jack to obtain money for gasoline.

Parents of 3 of the girls were the first to phone here after Oklahoma City authorities were notified the runaways were in custody. The parents said they will arrive tonight to return their daughters home.

"We'll release them all just as soon as their parents come for them," Martin said.

In the meantime, they needed a good meal.

TROPHY FOR FFA TEAM

Loraine Wins in Houston Judging

Loraine High's Future Farmer livestock judging team came home with the championship trophy of Houston Fat Stock Show's sheep judging contest.

Loraine's livestock judging team outscored all competition Saturday to win the trophy. And that was a major accomplishment for approximately 150 livestock teams were in the contest.

Members of the top scoring team are Don Pedwine, Ben Clopton and Kenneth Johnson.

They were accompanied to the Houston show by their sponsor and vocational agriculture inspector, Raymond Holt.

The sheep judging championship wasn't the only honor earned by the Loraine Future Farmers. Walter Clopton, brother of Ben, exhibited the first place pen of 3 in the junior fat lamb show's fine wool crossbred division.

He also showed the 25th, 27th and 29th place fine wool crossbred lambs of the junior show.

Other junior lamb show honors won by Loraine include: Don Redwine, 4th place pen of 3 in fine wool crossbred, and 24th, 28th and 68th fine wool crossbred lambs; Ben Clopton, 2nd place pen of 3 fine wool lambs, and 21st, 52nd and 53rd fine wool lambs.

There were 9 entries in the pen of 3 fine wool crossbred judging and 7 entries in the pen of 3 fine wool lambs. More than 100 entries were in the individual classes.

The lambs sold in auction for 35 cents per pound.

In the fat barrow show, Johnson exhibited the 15th place middle weight Duroc barrow and sold it for 22 cents per pound in the sale.

Cheer Leaders Elected at High School

Sue Blackard, daughter of Mr. and Mrs. Joe Leonard Blackard, will be head cheer leader at Colorado City High for the 1960-61 school year.

She and 4 other cheer leaders were elected Monday by student body vote.

Named as cheer leaders with Blackard are Gayle Feaster, daughter of Mr. and Mrs. Aaron Feaster; Mary Ann Merritt; Gayle Hart, daughter of Mr. and Mrs. Homer Hart, and Pat Thomason, daughter of Mr. and Mrs. M.G. Thomason.

Blackard, Feaster and Merritt are juniors this spring at Colorado City High and will be seniors when football season begins next fall. Sophomores now and juniors next fall are Hart and Thomason.

The five were elected from a list of 11 candidates which includes Betty Lloyd and Pat Roberts, both juniors; Linda Chesney, Orina Fay Feaster, Susan Hughes and Judy McGuire, all sophomores.

By polling more votes than any of the candidates, Blackard won the position as head cheer leader.

Qualifications for candidates are at least 1 year membership in the Wolverines, girls' pep organization; a grade average of 80 or above, and attendance at Southern Methodist University cheer leading school if elected.

Wolverine sponsor is Miss Jane Merrill, commercial teacher at high school.

Typing, Bookkeeping Class for Adults

An adult class in typing, shorthand and bookkeeping is planned at Colorado High under supervision of Miss Jane Merrill, commercial teacher at the school.

Organizational meeting for the class is scheduled for Monday night at 7 p. m. at the high school.

★

FIRST RABBIT DRIVE MONDAY

First community rabbit drive of the year is scheduled Monday east of Loraine.

Persons participating in the shoot will meet at the Mitchell-Nolan County line on Interstate 20 (U.S. Highway 80) in the morning.

The drive will proceed north during the morning period. A barbecue dinner will be served at noon in Brown Lee school building with women providing salads and pies.

LINAM ANNOUNCES

Sale Prices Set On CCC Cotton

Minimum sales prices for Commodity Credit Corporation stocks of upland cotton have been determined for the 1960-61 marketing year, according to Orrion J. (Jack) Linam, chairman of Mitchell County Agricultural Stabilization & Conservation Committee.

The new sales prices are intended to emphasize farmers' marketings. The announcement at this time will provide farm operators with information on CCC's sales prices before the March 16 deadline for electing Choice (B) allotments and price support for the 1960 crop.

For 1959 and prior crops of upland cotton in CCC inventory, the new minimum sales price will be the higher of (1) the market price as determined by CCC, or (2) 115 per cent of the 1960 Choice (B) loan rate. This compares with the current 110 per cent of the loan rate.

For 1960-crop cotton, the minimum sales price is as follows: When the cotton is sold by local sales agencies, the minimum sales price will be 110 per cent of the Choice (B) loan rate; when the cotton is sold by the New Orleans CSS Commodity office, the minimum sales price will be the higher of (1) the market price as determined by CCC, or (2) 110 per cent of the Choice (B) loan rate.

Linam pointed out that carrying charges will be added to the sales price, beginning with 10 points in October 1960, and increasing 20 points per month for each month thereafter to a maximum of 190 points in July 1961. The current monthly increase for carrying charges is 15 points per month for each month after October 1959.

Here is how the point charges will add up month by month: August, none; September, none; October, 10; November, 30; December, 50; January, 70; February, 90; March, 110; April, 130; May, 150; June, 170; and July, 190.

Directors To Head Planning

Directors of Colorado City Industrial Team Inc. Wednesday night mapped a comprehensive program into 9 fields of planning for development.

The new program, proposed by Team president Charles C. Thompson, is designed to carry out continuous operations in these categories:

Labor, tax data, utilities, transportation, industrial sites, insurance, municipal policies and commitments, financing and advertising.

Individual members of the Team's board of directors will head the committee work in each field of the program.

And each director-chairman will select 2 other citizens to serve with him on his particular committee.

★ ★ ★

HERE ARE the director-chairmen announced Thursday by Thompson:

Labor Philip Berman, owner of Pick & Pay Super Market; taxes Eldon Mahon, district attorney and owner of Radio Station KVMC; utilities Frank Kelley, land man for Mobil Oil and owner of Frontier Farms; transportation — J. W. (Bill) Randle, former merchant and representative for Diversified Investors Inc.

Sites Glenn R. (Bob) Robinson, owner and operator of Robinson Drilling Company; insurance G. D. Foster, owner of G. D. Foster Insurance; city commitments — Sam L. (Buzz) Majors Jr., city councilman and partner in Sam L. Majors Jewelry; financing — Dr. W. S. (Bill) Rhode, partner in Rhode-Cowan Clinic and director of City National Bank; advertising — Thompson, City National Bank president.

★ ★ ★

THE 9-PHASE program by the Industrial Team, according to Thompson, is for the

Bank Vault Door . . . all 6,100 Pounds

Howell Grisham of Dallas applies a jack as the first step in moving one of the huge vault doors into place at the new City National Bank building. The doors went into place this week—each weighing 6,100 pounds and encased in 3½ inches of laminated steel and equipped with time locks and dual combinations which require 2 men to open. This one is plain vanilla, so to speak, but the other vault door at the new bank will have electrical automatic controls.

IN TEXAS DAY PROGRAM

1921 Club Studies Texas History and Cowboy Songs

Cowby songs and early Texas writers were studied and discussed by members of the 1921 Study Club when they met in the home of Mrs. O. E. Rhode last Thursday.

Mrs. W. R. Martin presented as her topic Newton Gaines and his illustrations of cowboy songs. Mrs. Sam L. Majors and Mrs. J. S. (Jay) Craddock told of highlights of the lives of John Holmes Jenkins III and Americo Paredes.

Mrs. Martin, who reported on cowboy songs, said that Gaines, the illustrator of songs, is a professor and head of the physics department of Texas Christian University, Fort Worth.

He is president of the Texas Folklore society and is a foremost authority on cowboy songs.

"He sings ballads as the working cowboy really sings them, softly with the tone and expression of a crooner," she said.

Mrs. Martin quoted Dr. Gaines as explaining: "I learned my cowboy ballads as I sat around the fire in the cattle camps with the boys where I have spent 7 summers on West Texas ranches."

One of his recent visits was a ranch in Presidio County.

"The music of the cowboy song," said Mr. Gaines, "can usually be traced to some popular song of the 70's or 80's."

In every case one finds the cowboy has altered the rhythms and melody to suit his pioneer experiences and feelings.

She stated that the rhythms of the songs correspond to the three gaits of the ordinary Texas cowpony — the walk, the trot and the lope.

"Cowboy songs are characterized by the freeness of expression, persistent use of the first person and the soft singing of the verses, said Mrs. Martin.

She said that if the cowboy sang his songs as most radio entertainers sing theirs, he would get the breath knocked out of him," for sure as shooting" the herd of cattle would stampede.

"The cowboy sang his songs in soft tones, croons which had a lulling effect on the cattle — 90 per cent of a cowboys singing is done with no one around," stated the speaker.

Mrs. Craddock presented some of the recollections of early Texas history written by John Holmes Jerkins III.

Mrs. Craddock said that his young man, 20 years of age from Beaumont, is now a student at the University of Texas.

"The book, compiled from memories of his great, great grandfather was started when John was 14 years old and kept a secret until it was published when he was 18 years of age.

Mrs. Majors presented some highlights of the writing of Americo Paredes.

Mrs. E. L. Dorn, vice president, presided during the business session where plans for the District 6 convention of the Federated Women's Clubs were discussed.

The club voted to endorse the West Texas Art exhibit which is being conducted here this week in the old Legion Hut.

Attending were Mrs. Pete Ainsworth, Mrs. B. Broaddus, Mrs. E. L. Dorn, Mrs. W. L. Doss, Mrs. A. O. Hickman, Mrs. W. C. Hooks, Mrs. Ed Jones, Mrs. Lee Lavendera, Mrs. P. K. Mackey, Mrs. R. P. Price, Mrs. J. T. Pritchett, Mrs. W.W. Rhode, Mrs. Craddock, Mrs. Majors, Mrs. Martin and Mrs. Rhode.

Art Display Visitors

These members of the Brush and Pallette Club view some of the pictures that are on display sponsored by the Brush and Palette club. The art show features 30 paintings of 14 West Texas towns. Standing left to right are Mrs. Tom Barry and Mrs. R. H. Ratliff.

14 WEST TEXAS ARTISTS

Art Show Sponsored By Brush, Palette

The Colorado City Brush and Palette Club is sponsoring an art display in the Colorado City Museum (Legion Hut) through Sunday.

Featured in the exhibit are 30 paintings of 14 West Texas artists, who won top honors at the 6th Annual Art Association Show in San Angelo last year.

These paintings are being shown in 8 different art association member towns.

These pictures were judged by Amy Freeman Lee of San Antonio, who is now presenting a one person show in Big Spring.

Paintings that are featured in the show are November Morn, an oil, by Ellie Rashell of Brownwood; Night Life at a Refinery, an oil, by Hope Brown, San Angelo; Escape, an oil, by D. J. Melton; Depression, an oil, by James Rice, Brownwood; Pineapply Tops, a pastel, by Lois Hogue Shaw, Sweetwater; Only a Step, an oil, by Mrs. Alyce Hart, Lamesa; Teenage Dancers, an oil, by Leola Murray, Sweetwater; Main Street 1899, an oil, by Mrs. R. H. Bob Ratliff; Try Outs, an oil, by Eedon M. Jones, San Angelo;

Harvey, an oil, by Mrs. E. A. Cornelius, Sweetwater; Amber Still Life, an oil, by Bonnie Wallace, San Angelo; Layitas to Redford, an oil and casein, by Floy Friend Hume, San Angelo; Ship In Distress, an oil, by Tincie Heddis, San Angelo; Monkey Business, ink blots developed by Beth Combes Henagan, Abilene; Broken Shelf, a pastel by Terry Patterson, Big Spring; Snow in Mountains, water color, by Thelma Graham Kendall, Abilene.

Blue City, water color, by John Findlater; Christ, an ink and water color, Mitzi Broome McKinney, San Angelo; Phantasy in White, water color, by Madeen Blair, Big Spring; Nostalgia, charcoal, by Mayme Barton, Sweetwater; Harbor Sails, an oil by Von Crawford, San Angelo; Sail's, water color, Eula Lee Fritz, San Angelo; Cloudy Day, water color, by J. B. Smith, Abilene; Flamingo Fury, oil, by Kitty Morrison Benson; Rainy Night, an oil, by Edith Brown, Abilene; Peaches, oil, by Mrs. Gaither Bell, Snyder.

Primary PTA Views Film On Children

A film highlighted the meeting of the Parent Teachers Association Tuesday afternoon in the Primary Cafetorium.

"The Social 6 to Nolsy" was the film shown to those attending.

Presiding was Mrs. A. K. McCarley, vice president.

The first room prize for the most attendance went to Mrs. V. V. Shropshire second grade room and a tie for second prize was between second grade room, Mrs. F. Lipps and third grade room Mrs. M. J. Dawson, teachers.

The next meeting will be on April 12 with Dr. H. Jene Steakley speaking on dental health entitled, "Meeting Community Health Challenges."

Porcelain Art Club to Hear Mrs. Hutton

Mrs. Bill Hutton of Spearman, will speak to members of the Porcelain Art Club Saturday when they meet in the Sweetwater Country Club.

Mrs. Hutton will demonstrate her special technique on china painting and exhibit some of her work.

Mrs. Hutton has been an art student for many years and works in all media.

She is now working with an oil painting group as well as china painters.

Mrs. Hutton has been teaching more than 10 years and averages about 70 students per week from New Mexico, Oklahoma, Colorado, Kansas and Texas.

She has exhibited in Oklahoma Tri State Fair and many places in Texas, also the Burr Galleries in New York.

Mrs. Hutton was recently invited to teach in Washington D. C. and Cape Cod.

James Hull Speaks to Carr Club

James Hull, electrification advisor for Lone Wolf Electric Cooperative Inc., presented "Electricity Your Wired Hand" to members of the Carr Home Demonstration Club Friday afternoon in the Lone Wolf Electric Building.

Hull showed 4 ways electricity is generated.

These four ways are wind, chemical, steam and running water. He stated that water is the cheapest source, however a very small per cent in the United States is generated by water.

Hull show the group how they might be able to work out their own electric bill.

The club is sponsoring a demonstration by Mrs. Cricket Taylor in the Home Economic Room at Westbrook High School March 18 from 2 to 4 p. m.

Mrs. Taylor will demonstrate on the use, care, and selection of modern laundry equipment.

Members attending were Mrs. A. L. Rees, Mrs. C. C. Buchanan, Mrs. Tom Jackson, Mrs. D. G. Rollins, Mrs. Louis Rees, Mrs. Ruth Airhart.

Next meeting will be at Westbrook High School March 18.

Mrs. Wells Hostess

Mr. and Mrs. John M. Wells, Donna, Steve and Jo Ellen from Kermit and Mr. and Mrs. Jack Wells of Lubbock visited in the home of Mrs. Vada Wells during the weekend.

A cordial invitation awaits you at . . .

Miss Shimer Honored at College Fete

A Colorado City student was among a scholastic group honored Tuesday evening by the administration and faculty of Southwestern University, Georgetown.

She is Miss Carolyn Shimer, daughter of Mr. and Mrs. John M. Shimer Jr., 1014 East 10th St., and 1959 graduate of Colorado City High.

Miss Shimer was among students who achieved the University distinction list this term or last term. And the entire group composed the honor guests at the annual dinner of distinction.

Dr. Roger McCutcheon, who is with the Woodrow Wilson National Fellowship Foundation, was the featured speaker. This foundation awards two post graduate scholarships to two outstanding Southwestern seniors each year.

Seated with Dr. McCutcheon at the head table were Dr. William C. Finch, president of the university, Mrs. McCutcheon, wife of the speaker, Dr. Myron F. Wicke, dean of the college of arts and sciences, Dean John D. Richards, of the school of fine arts; Dr. I. J. McCook, vice-president, finance; Mr. W. G. Blanton, vice-president, development; Dr. Ed Steelman, head of religion department; and Dr. F. B. Clifford professor of English, who delivered the benediction. Dr. Judson Custer, head of the education department, delivered the invocation.

Hardison Family Visits Relatives

Mr. and Mrs. R. M. Hardison and children, Bill and Ann, of Houston, visited last week end with their parents, Mr. and Mrs. Paul Snively and Mrs. U. G. Hardison.

They also visited in the home of Mrs. R.M. Hardison's sister and family, Mr. and Mrs. Maberry Willbanks.

Mrs. U. G. Hardison has been in Houston visiting her son and family for several weeks. They returned her home and visited until Monday.

Attend Art Show

Attending the Amy Freeland Lee art show in Big Spring Saturday afternoon were Mr. and Mrs. Harry Ratliff, George Womack, Mrs. Tom Barry, Mrs. Tex Keel and Mrs. O. C. Roberts.

Franklins Visit

Mr. and Mrs. Dean Franklin and children, David and LaDenna from Floydada visited last weekend with Mrs. Franklin's parents Mr. and Mrs. C. A. Knieff.

Laundry Methods

Mrs. Chester Berry, Mrs. Ed Strain, left, and Mrs. Don Blassingame, right, look on as Mrs. Cricket Taylor, county home demonstration agent, shows them some of the best ways to achieve a better wash from this automatic washer.

IN REA BUILDING

HD Agent Conducts Laundering School

Mrs. Cricket Taylor, Mitchell County home demonstration agent, is conducting a laundry school for all interested persons.

The course includes the discussion of selection, care and use of the automatic washer and drier.

In teaching Mrs. Taylor suggests that to improve your appearance of wash, adjust water temeparture to 140-160 degrees then check water, hardness, use correct washing time and make sure of your detergent.

She stated that if lot has to do with washing action of your clothes on the whitness. Mrs. Taylor suggests that you measure accurately your detergent and read and follow instructions on box.

"Do not mix different brand products in your wash and always treat special soil spots with same product used in washing," she said.

She told the group some of the things that you should consider before you buy an automatic washer.

Mrs. Taylor suggested that first you must consider whether you have space for the equipment and is this space convenient. Then you must consider the installation charges and check to see if the wiring and outlets are adequate to handle all the needs.

She said that you must check the reliability of the dealer from which you purchase and see if he will stand behind the equipment he sells.

"Water supply," she said, "is also something that must be considered." She said that some of the things to see about are the amount of water that can be provided for one washing you use from 12 to 42 gallons and your level of water must range from 7 to 29 inches.

Mrs. Taylor suggested that on your combination washer and dryer you should consider your floor space and the cost before buying one.

Weekend guests

Mr. and Mrs. Barney Pogue and son Jeff of Talpa and Miss Irene Norman of McMurry College, Abilene and Mr. and Mrs. Rodney Lee of Waco visited last weekend with their parents, Mr. and Mrs. J. D. Normah.

IN TEXAS DAY PROGRAM

Governor's Mansion Viewed In Words by Zetagathians

Highlights of the governor's mansion and the Texas tidelands were discussed by members of the Zetagathian Study Club when they met in the home of Mrs. Curtis Latimer last Thursday.

Mrs. Eldon Mahon spoke to the club about the governor's home in Austin. Mrs. W. J. Turner told the group some of the facts about our tidelands, the potential oil rich lands subject to years of legal controversy.

Mrs. Mahon said that the "White House of Texas," which stands across the street from the capitol building in Austin, has served the governors of Texas since the 1850's.

"The gracious 2 story brick house, with its stately ionic columns and double galleries, built after the Greek revival manner, is one of the state's finest examples of Southern colonial architecture," she said.

"The mansion was designed by the Austin pioneer carpenter-architect, Abner Cook.

Mrs. Mahon said that the notable architectural feature of the spacious entrance hall, which runs the length of the original house, is the spiral stairway winding its graceful way to the second floor.

The hall, she said, is decorated in white and green with white woodwork, green carpets and wallpaper in scroll pattern repeating the 2 colors.

"The historic Sam Houston room is located on the second floor and contains many valuable relics of the early days, such as, the often mentioned mahogany four-poster from Huntsville which is draped in ruby-red brocaded damask," she continued, "a mahogany desk of Stephen F. Austin, the Father of Texas, once used at Peach Point Plantation, the home of his sister, Mrs. Emily M. Perry, stands in this room."

Mrs. Mahon stated that there is no rigid plan of entertainment but one official custom has been carried on through the years and this is honoring members of the legislature with a reception.

Another tradition, she said, that usually followed is that of the out going governor's complimenting the incoming governor with a luncheon immediately following the 11 o'clock ingugural ceremonies.

"A visit to the governor's mansion is both an opportunity to see the best in Texas architecture of its period and a lesson in Texas history," Mrs. Mahon said.

Mrs. Turner told the group some facts about our Texas tidelands.

She explained that in 1950 the United States Supreme Court ruled that the state control of mineral rights extended 3 miles for these submerged coastal lands.

"The justice department contention is that the national boundary always has been 3 miles beyond the shoreline and that the federal rights transcend those of the states and that Texas lost its submerged lands by coming ino the union," said Mrs. Turner.

The speaker said that in 1953 Congress in The Submerged Lands Act, recognized the Gulf Coast to be different from other coastal area because of old treaties which established the 3-1 league boundary.

"The Gulf states involved are Texas, Louisiana, Mississippi, Alabama and Florida and the issue then became what are the historic boundaries of the states involved," she stated.

"Texas stands to lose about $30 million and millions more in future payments are involved," she stressed.

Mrs. Henry Lewis reported plans that were made for the 6th District Federated Women's Convention in the Civic House March 17-18.

Attending were Mrs. Lewis, Mrs. Clarence Collins, Mrs. Trevor Crawford, Mrs. L. S. Girvin Jr., Mrs. Latimer, Mrs. Mahon, Mrs. Sam L. Majors, Jr., Mrs. Don Mecoy, Mrs. Ray Noble, Mrs. W.S. Rhode, Mrs. Bob Robinson, Mrs. Turner, Mrs. George Witten, Mrs. John Brand and Mrs. Jim Roberts.

Beavers live in colonies which may persist for centuries.

Mrs. Holliday Reviews Book To B&PW

"Dear and Glorious Physician," a book review was presented by Mrs. Otis Holladay to the Business and Professional Club when it met in the Civic House Tuesday.

Hosting the meeting were members of the career advancement committee, Miss Ruby Hines, Mrs. Charles Wakefield, Mrs. Cricket Taylor and Mrs. Holladay.

Discussion on the organization of a Junior Business and Professional Women's Club was conducted during the business session of the meeting.

Attending were Mrs. J. L. Jones, Mrs. Frank Wilson, Mrs. Ed Richardson, Mrs. Arnel Smith, Mrs. Ethel Hardegree, Mrs. Travis Pritchett, Mrs. Roxie Witten, Mrs. Rozelle Dohoney, Mrs. Bryan Porter, Mrs. Chester Hart, Mrs. Faye Manning, Mrs. Cephas Tidwell, Mrs. Howard Rogers, Mrs. P. G. Carpenter, Mrs. Bill Oyler, Mrs. Charles Freeman, Mrs. Keith Miles, Mrs. Philip Berman, Mrs. H. I. Berman, Mrs. Cricket Taylor, Miss Effie Copeland, Mrs. Mildred Truan, Mrs. Holladay and Miss Hines.

Mrs. Johnson Is Shower Honoree

Mrs. Joe Richard Johnson was honoree Monday afternoon at a pink and blue shower in the home of Mrs. Dick Compton with Mrs. John Adams as co-hostess.

Serving table was centered with a miniature basinett with white and yellow flowers inside, encircled with blue net and satin.

Cake and coffee was served to Mrs. Dennis Fortenberry, Mrs. Leonard Long, Mrs. A. C. Benson, Mrs. J. B. Buckner, Mrs. R. C. Johnson, Mrs. Lloyd Fortenberry, Mrs. H. L. Jones, Mrs. Vic Alsobrook, Mrs. Leroy Culbertson, Mrs. Olen House, Mrs. Richard Lange, Lynda Jones and Mickey Buckner.

San Angelo Student

Royce Feaster, son of Mr. and Mrs. Orin Feaster visited in the home of his parents and friends.

He is a student of San Angelo College at San Angelo.

Lao-Tse (604-518 B. C.) said:
"OF ALL DANGERS THE GREATEST IS TO THINK LIGHTLY OF THE FOE"

Constantly about us are countless numbers of germs and virus awaiting the opportunity to attack our body. Some unknown blind instinct urges them to multiply. If this increase is not stopped life is endangered.

Fortunately we now have potent antibiotics and sulfa compounds. If taken before these germs and virus have had sufficient time to weaken the body's resistance, a cure usually results. Therefore, it is extremely important that, at the very first symptoms of any ailment, a physician be consulted. It is dangerous to treat any sickness carelessly.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby or we will deliver it promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

ANNOUNCING...TWO NEW-SIZE WAGON WONDERS!

The new Tudor and Fordor Falcon Wagons—sixth and seventh wonders of the Ford wagon world

See "FORD STARTIME" TV's finest hour, in living color, Tuesdays on NBC-TV

THE NEW FORD FALCON WAGONS

America's station wagon specialists complete the world's largest wagon family with TWO NEW-SIZE wagons. They're Falcons in size and savings—and full-fledged Ford wagon wonders when it comes to work! With 2 feet less car to manage, you're a genius at solving traffic problems—a past master at parking.

Falcon Wagons are priced up to $154 less than other 6-passenger compact wagons. The 2-door model is America's lowest-priced 6-passenger wagon.*

Falcon gives the best gas mileage of any American-built wagon, on regular fuel. You can go up to 30 miles on a gallon of gasoline!

You get other Falcon savings, too. Repairs cost less. Change oil only once in 4,000 miles. And the Falcon's aluminized muffler normally lasts twice as long as the ordinary kind.

Largest load floor in the compact field is yours in a Falcon. It's over 7 ft. long, with cargo space totaling more than 76 cubic feet!

Full-six-passenger room, too, because Falcon Wagons are built for people. There's room for hats, hips and legs. Come see these newest wonders from the Ford wagon world!

COME SEE ALL SEVEN WONDERS OF THE WAGON WONDERLAND FROM FORD — AMERICA'S WAGON SPECIALISTS

Attend Church... You're the One Who Will Be Blessed

pretty good mileage

This little lady has put a lot of mileage on those soles, and they've served her well as a foundation. She also needs another kind of foundation which is a great deal more important and much harder to build properly; that is her spiritual foundation. It doesn't take much guidance to toddle about, but when one begins to run and leap through life, she needs secure inner direction.

There is only one unshakably safe basis for life and that is the right relationship to God. Be sure your children, even as toddlers, learn to start right and stay right with God.

© 1958 Coleman Adv. Serv., P. O. Box 4887, Dallas, Texas

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

Is something wrong with your life — an inner restless dissatisfaction? The answer to *every* human problem comes only from God our Maker. He alone can forgive and reassure.

Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

M., March 15, 1960, and then publicly opened and read.

Plans and specifications including minimum wage rates as provided by Law are available at the office of A. L. McKee, Resident Engineer, Abilene, Texas, and Texas Highway Department, Austin. Usual right reserved.

THE STATE OF TEXAS
COUNTY OF MITCHELL

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, Texas, on the 9 day of February, 1960, by the clerk of said Court for the sum of Two Thousand Four Hundred Twenty-Three & 20/100 Dollars and costs of suit, under a Judgement, in favor of Halliburton Oil Well Cementing Company in a certain cause in said Court, No. 7549-B and styled Halliburton Oil Well Cementing Company vs. H. J. Scibienski, et al, placed in my hands for service, I, Dick Gregory, Jr., as Sheriff of Mitchell County, Texas, did on the 25th day of February, 1960, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit:

An undivided 1/32nd work-ing interest which is 49/64ths of 8/8ths of the mineral estate, together with an undivided 1/32nd interest in and to the lease and well equipment used in connection with the leasehold estate in 80 acres being the South half of Subdivision 10 of the C. A. O'Keefe Subdivision of the J. P. Smith Survey; Mitchell County, Texas, and also known as the Mills "C" Lease,

and levied upon as the property of Selma R. Dixon and that on the first Tuesday in April, 1960, the same being the 5th day of said month, at the Court House door, of Mitchell County, in the town of Colorado City, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will offer for sale and sell at public vendue, for cash, to the highest bidder, all the right, title and interest of the said Selma R. Dixon in and to said property.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado City Record, a newspaper published in Mitchell County.

Witness my hand, this 26 day of February, 1960.
R. E. Gregory Jr. Sheriff
Mitchell County, Texas

Mrs. Plaster Dies; Rites Wednesday

Mrs. George W. Plaster, 81, died Tuesday in the local hospital following an illness of several weeks.

Funeral services were conducted Wednesday afternoon at 3 o'clock in First Christian Church with the pastor, Rev. Don Mecoy, officiating. Burial was in Colorado City Cemetery.

Mrs. Plaster was born in Bell County, Jan. 10, 1879. She and George W. Plaster were married in Bell County Feb. 25, 1904. They moved to Mitchell County in 1908, where Mr. Plaster was engaged in farming and ranching south of Colorado City.

Mrs. Plaster was a member of First Christian Church.

She is survived by her husband of Colorado City; three daughters, Mrs. Harold Boney and Mrs. E. M. Hardegree of Colorado City and Mrs. R. B. Henry of Lubbock; a son, George Irvin Plaster of Colorado City; a sister, Mrs. Hugh Murril of Temple; six grandchildren and 10 great-grandchildren.

Pallbearers were Tom Clay Mann, Leonard Henderson, Ross Daniels, Paris Yarbrough, Omer Rogers and John Lap-

Illness Fatal To J. T. Hock Of Loraine

J. T. (Uncle Tom) Hock, 89, died Wednesday night in Johnson Hospital in Loraine following an illness of a few weeks.

Funeral services will be conducted Friday afternoon at 2 o'clock in Loraine First Baptist Church with the pastor, Rev. Mack Farrington, officiating, assisted by Rev. Merriel Abbott, pastor of Loraine First Methodist Church. Burial will be in Loraine Cemetery.

Hock was born in Arkansas, Sept. 30, 1870. He and Virginia Lee Moore were married in Temple, Oct. 30, 1892. The couple moved to Loraine in 1920. Mrs. Hock died May 13, 1949.

Hock was a retired carpenter.

He is surived by three sons, L. V. Hock of Houston, R. L. Hock of Snyder and J. T. Hock Jr., of Monahans; four daughters, Mrs. Jack Richey of Loraine, Mrs. John Hart of Eastland; Mrs. Clarissa Hagler of Sweetwater and Mrs. A. C. Berg of Cisco; three sisters, Mrs. J.M. Compton and Mrs. B. Wilkerson of Loraine and Mrs. Homer Glaze of Waco; 12 grandchildren and 16-great grandchildren.

DROWNS—
Continued from page 1

necessary before the body was found.

The body, fully clothed even with cowboy boots, was discovered almost at the spot to where the trotline had been baited.

City firemen in the rescue boat which located the body were Roy Porter, J. A. Sadler Jr., Howard Bynum and Troy McClendon.

Funeral service was conducted Friday morning in Big Spring with Rev. John Black of First Christian Church officiating.

TEAM—
Continued from pg. 1

2-fold purpose of keeping the community's industrial development on a "team basis" while at the same time planning and charting data that is important to industrial prospects.

"Our Industrial Team is a community project, planned and organized by the citizenship as a whole," Thompson said, "and its success will depend upon maintaining team spirit and endeavor.

"And all citizens are invited and urged to assist with its program."

THE PROGRAM adopted by the directors Wednesday night is patterned after the highly successful Paris Industrial Foundation at Paris, Tex. Robert McWhirter, president of the Paris Foundation, was a principal speaker at 7th Annual West Texas Industrial Conference recently in Abilene.

Like the Paris plan, the Colorado City program is pointed toward advance planning with facilities, data and commitments that can be depended upon when contacting or negotiating with industrial prospects.

LEADERS—
Continued from pg. 1

the afternoon general assembly, which will include review and discussion of the morning sessions. Conducting the question-answer period will be Marable of the WTCC.

Tragedy at Sea

Aided by Edmond O'Brien, left, Robert Stack makes a last, desperate attempt to free his wife, Dorothy Malone, who has been trapped by fallen debris in the cabin of a sinking ocean liner. The tense scene is from "The Last Voyage", showing Sunday, Monday and Tuesday at the Palace Theatre. Also starring in the technicolor production are George Sanders and six-year-old Tammy Marihugh.

Auxiliary Meets in City Hall

The Women's Auxiliary of the Volunteer Fire Department met in the club room of the City Hall for their monthly business meeting Thursday night.

Mrs. R. A. Moore Jr., was in charge of the meeting in the absence of Mrs. J. A. Sadler Jr.

Following the business session members were served refreshments.

Aattending were Mrs. Don Delaney, Mrs. Don Henderson, Mrs. Robert Chambers, Mrs. Dick Delaney, Mrs. L. O. Schafer, Mrs. Tom Garrett, Mrs. Rodney Oliver, Mrs. Moore and one visitor Mrs. Virginia Standifer.

Mrs. Henderson and Mrs. Sadler will be hostesses for the social Thursday in the club room at City Hall.

SUNDAY AT PALACE

Drama, Suspense in "The Last Voyage"

The unfolding of a suspense-filled story, the sinking of an ocean liner and the dramatic rescue of its 1,500 passengers, takes place in "The Last Voyage," showing Sunday, Monday and Tuesday at the Palace Theatre.

The technicolor production stars Robert Stack, Dorothy Malone, Edmond O'Brien, George Sanders and Tammy Marihugh. In order to give the story realism, writer-director Andrew Stone leased one of the world's most famous ocean liners at a stage in which it was ready for retirement and then proceeded to sink it!

The unusual picture was filmed in the Japan Sea with the results — one of the most authentic and powerful depictions of a sea disaster ever brought to the screen.

The drama of the sinking itself, the explosions and fires, the panic among the passengers, the heroism attendant to last minute rescues — makes "The Last Voyage" an engrossing film. But, it is by focussing his drama on the plight of a young husband, whose wife and child are trapped in the wreckage, that Stone has given his narrative heartbreaking impact.

Robert Stack plays the husband whose wife (Dorothy Malone) and young daughter (Tammy Marihugh) are trapped in their stateroom the ship's boiler blows up, ripping a gaping hole through all the decks. The child is rescued but the wife is pinned down by an immovable strip of metal. The attempts of the desperate husband to secure aid in saving her as the ship slowly begins to sink, after the engine room is set afire and the forward stack crashes into the wheelhouse, give the story harrowing moments.

George Sanders portrays the Captain, whose delay in ordering his passengers into the lifeboats brings about a personal tragedy. Edmond O'Brien is seen as the Second Engineer, who comes close to rebelling against orders which go against his better judgement, with another outstanding role played by Woody Strode as a young seaman who reveals his heroism in aiding Stack to save Miss Malone.

A queen bee can lay as many as 3,000 to 4,000 eggs a day.

Colorado City, Texas Thursday, March 10, 1960 Section Two, Page One

SATURDAY IN SNYDER

Wolf Track Team in Canyon Reef Relays

Colorado High School's track team, inexperienced and consisting mostly of sophomores, enters its first meet Saturday.

Saturday's event, the Canyon Reef Relays in Snyder, being early in the season will attract approximately 20 teams from West Texas and New Mexico.

Midland, already champions of 2 early meets this season, will be in Snyder in full force to try making it a third match to crow about.

Midland's early successes were at the Comanche Relays in Fort Stockton and the Border Olympics in Laredo.

Snyder's own team did well in the Border and Comanche meets but Midland is favorite to come out on top again Saturday.

Besides Midland, Snyder and C-City in the Reef Relays will be San Angelo Lake View, San Angelo Central, Sweetwater, Lamesa, Big Spring, Odessa High, Odessa Permian, Lubbock, Monterey, Lubbock Tom S., Levelland, Plainview, Pampa, Borger, Amarillo High, Amarillo Palo Duro, Amarillo Tascosa, Littlefield and Artesia, N. M.

Most of these teams are well supplied with junior and senior members and enough experience to make it tough for C-City.

A bright spot on the local team is John Johnson, senior, who participates in 880-yard run. Johnson's time last season was 2:06 and according to teammates he is working harder and looking better this year.

Although Coach Sam Christy does not expect Johnson to out-perform everybody at Saturday's meet, he feels there is a good possibility for him to do well enough later to enter the state meet in Austin.

Jerry McKay, junior who did well last year in high jump competition also shows good posibilities this season. He will be near the top of the list in every meet he participates in if he keeps up the kind of performance turned in last year.

Other high jumpers are senior, Jim Palmer and sophomore, Jim Womack.

McKay will also be active in broad jumping along with Robert Womack. Womack also runs the half-mile and is the only mile runner on the team.

Another event for McKay is the mile relay which also draws several others, including Kenneth Northcutt, who seems to be the team's workhorse.

Kenneth Northcutt, sophomore, is C-City's only cinderman participating in a full coarse of 5 events. Five is the limit set by Interscholastic League.

Northcutt is fast when its time to run and strong when the time comes for field events.

He runs in the 440-yard dash, mile relay and 440-yard sprint relay. In field events he tosses the shot and sails the disk.

Sprinters besides Northcutt are juniors, Wayne Reed and Gary Lightfoot and sophomore, Randolph Cupp.

With Northcutt on the mile relay list are McKay and 2 sophomores, Joe Tarter and Jim Womack.

Working on dashes are Reed and Lightfoot who run in the 100 and 220 yard events. Northcutt, also a dasher, is in the 440-yard class.

According to Coach Christy, the team will concentrate on long runs since most of the boys are not speedy enough for the shorter matches.

Changes made in the earlier announced schedule put the locals in the Amarillo Relays, April 1 and 2 and the Andrews meet, April 15 and 16; also the Red Raiders Relays in Lubbock, April 30.

FIRST IN SEVERAL YEARS

Westbrook HS to Have Track Team

Jerry Cunningham is coaching Westbrook High School's first track and field team in several years.

Eleven boys, including 2 seniors, 3 sophomores and 6 freshmen have started working out and according to Cunningham, several of them look pretty promising.

Ray Conaway, freshman, is one of those promising members. He is good on the 100-yard dash and almost as good on 220.

Bill Bird, sophomore, puts on a good show when it comes to the 880-yard run.

Seniors, Grady Davis and Joe Contreraz are making progress in pole vaulting practice, and sophomore, Jesse Watson hasn't been doing bad in his attempts at the 440-yard dash.

On the 440-yard relay team are Ray Conaway, freshman; Joe Contreraz, senior; and Jesse Watson and Philip Anderson, sophomores.

Dale Byrd, freshman, and Conaway and Anderson are in the 100-dash field. Conaway and Byrd are working also on the 220-yard dash.

Tackling the 440-yard dash are Loyd Wishert and Jerald Philips, both freshmen.

Mile runner is Contreraz and 880 man is Bill Bird.

A mile relay team is planned but members have not been chosen.

In field events, Grady Davis, Joe Contreraz and Larry Raschke are working on pole vault.

High jumpers are Davis and Watson and broad jumpers are Contreraz, Davis and Watson. Benny Whitehead is a shot putter.

A schedule has not been worked out but Cunningham plans to have at least 2 practice meets, 1 with C-City freshmen and another with Ira. Dates have not been set.

Walker Grandson Has Severe Eye Injury

LORAINE — Rusty Keagans, 9, grandson of Mr. and Mrs. Wiley Walker of Loraine, was hospitalized several days in a San Angelo hospital for treatment of an injured eye.

The boy, son of Mr. and Mrs. Troy Keagans, former Loraine residents now living in San Angelo, was hit in the eye with a rock while playing near his home Sunday.

Vision improved following treatments and full recovery is expected for the eye.

Mr. and Mrs. Walker were in San Angelo early this week to visit their grandson. Returning home with them for a visit was another grandson, Chad Keagans.

Afghan Bootees

Christina Simpson takes good care of her pet's tender tootsies with this pair of warm knitted bootees. The Afghan hound, Achmed of Chetmill, is competing in the London dog show.

IN DISTRICT PLAY

Volley Ball Team Drops Opener

Colorado High School's girls volley ball team lost out in the first round of district play, 19-28 in Snyder Tuesday night.

The locals, however are looking forward to meeting Snyder again March 22. Things should be different next time since the girls will be on their own court and in better playing shape.

In Tuesday's game they were hampered by lack of practice, having only 1 workout in the week preceeding the game. School being closed 2 days and other activities kept the team from having its regular practice sessions and workouts.

District schedule calls for round robbin games with Lamesa, Sweetwater and Snyder. The local team has lost 2 games to Snyder and won 1; beat Sweetwater 3 times and has not met Lamesa, which boasts the strongest team in the district.

All together this season, the team of 10 girls (3 seniors and 7 sophomores) has won 9 games and lost 4, which is not bad for a team having only 2 players with previous experience in inter - school competition.

Mrs. R. M. Tunnell, the team's coach reports that the team is so short on players that she sometimes has to step-in to make it possible for the girls to have practice games.

Francis Mitchell scored 6 points Tuesday night for high point honors on the local team but Snyder's Taylor topped that with 10 points.

Others who scored for C-City were Sue Windham, 4 points; Carrol Sue Burdine, 3; Gail Fewster, 3; Fern Smith, 3; and Pat Thomason, 1.

Scoring besides Taylor for Snyder were, Thomason, 2 points; A. Ibison, 7; B. Ibison, 1; Savage, 3; and Evans, 6.

Visit Relatives

Mr. and Mrs. Don Martin and son, Randy, of Midland, visited in Loraine last week end with Mr. and Mrs. Harold Martin.

Editorially Speaking

There's More To Faith Than Fun

"Why Do Good People Suffer?"

Dr. Robert W. Youngs, of the First Presbyterian Church, Wichita, Kan., writing in a recent magazine article, Undertakes to answer "the most timeless and universal of all questions, as old as the first tear and as recent as the latest newscast."

This minister notes our readiness to read a moral lesson into the early demise of "scoundrels," the seizure of a gangster by some dread disease and "adversity in the life of an infidel" — and our confusion in trying to understand why suffering and death cut down little children, and misfortune dogs the lives of the faithful.

The answers, Dr. Youngs assures us, are to be found in the Bible.

With the words, "He maketh his sun to rise on the evil and on the good, and sendeth rain on the just and the unjust," the Bible reminds us, he says, that "God through nature can be no respecter of persons." In an ordered world, cause and effect must prevail without reference to virtue or venality. Still, Dr. Youngs sees compensation in the fact that "good people have a faith and fortitude which makes them masters of fate and of adversity."

The Bible also shows us, he says, that good people often suffer because they are lacking in foresight, realism or industry. "We can be good as gold, and yet suffer poverty if we do not work and save. Very often, good people suffer because they have no prudence to go with their prayers."

Most important, he thinks, is the repeated Biblical revelation that "good people suffer because suffering is one of the best ways that God has of bringing out the best in life . . . Without suffering, life would be mechanistic and animal-like, not godlike. A life that knows at least a little suffering never grows complacent . . ."

"If no one but wicked people suffered," Dr Youngs points out, "we would harden our hearts and say: 'They deserved it'; but when saints suffer, we cry: 'This must not be' . . . Our world is evolving from chaos, savagery and imperfection toward some final realization. The suffering of good people has ever been a prime factor in motivating its rise."

A publisher's footnote advises that Dr. Youngs originally wrote this explanation for the Laymen's Movement for a Christian World, Inc., and suggests: "If of interest, you are invited to visit your nearby church, where you may find new joys and answers to many of the problems of this fast-moving world."

To which the only appropriate rejoinder is: "Amen!"

Note of Thanks in Local Crime Rate

Major crime in Texas during 1959 showed a marked increase according to figures released today by the Texas Department of Public Safety.

In a report from Col Homer Garrison, director of the Texas DPS, aggravated assault gained the most with a 22 per cent increase over the year 1958. Crime in all categories increased 3.9 per cent over the previous year.

Of the remaining six major crimes — murder, rape, robbery, burglary, theft and auto theft — only robbery showed a decline. According to the estimates, there were 45,827 burglaries in 1959 as compared with 44,822 in 1958, an increase of 2.2 per cent. Offenses in the automobile theft catagory totaled 15,830 as compared with 15,402 in 1958.

Statistics like these from Austin are enough to jar us into the reality that in our complex web of modern living, we need to re-emphasize the basic concepts of morality.

It is reassuring, though, to know our Texas Department of Public Safety is a capable, energetic agency dedicated to a major portion of the work combating this problem in crime.

But the real impact should be in the knowledge we live in a community here in Colorado City that has little of the crime problems which confront much of Texas . . . that the cruelist of crimes are little known here . . . and that our alert city police are of the highest caliber in preventative, as well as crime detecting work.

SHINNERY PHILOSOPHER

Senate Marathon Copied Off Farm

Editor's note: The Shinnery Flats Philosopher on his Johnson grass farm on Bone Hollow Creek may be misconstructing what's been happening in Washington, his letter this week reveals.

* * *

Dear editor:

A man can go along for years without getting recognition for an idea, but when the United States Senate suddenly adopts his idea, he feels like his efforts haven't been in vain.

What I'm talking about is the Senate's round-the-clock working sessions which have been in the newspapers and on television lately.

That's exactly the system I've been using out here on this Johnson grass farm for years, and I congratulate the Senate.

As I understand it, the Senate had an unusually hard problem to tackle, so it decided to stay in session till it was solved. And the first thing it did was bring in a lot of cots and mattresses, ordered the Senate restaurant to stay open all night, rolled up its sleeves, and went to work.

This almost parallels the system I've used out here for years, with the exception of the resturant; that's a refinement that's one up on me.

But the general idea, that you can work around the clock and still take time out to stretch out and rest, sleep, and eat, is part of my basic procedure. Now, when I get tired of going up one row and down another and get off my tractor and stretch out under a shade tree later on this year, and somebody says, look at him out there loafing when he ought to be working, I will point out that he's not just criticizing me, he's criticizing the Senate of the United States of America.

The idea that a farmer has to be on his tractor plowing if he's working, or a Senator has to be on his feet talking if he's Senatoring, is now out of date.

Me and the United States Senate both have discovered a man can work around the clock and still lie down and rest when he feels like it. Year-around farming and around-the-clock sessions of Congress are like all-night sessions of fishing — you don't have to be running your lines all the time.

Yours faithfully,
J. A.

LOCAL BUSINESS

Analyze Contacts In Sales Program

By ROY V. FOX
Record Co-Publisher

A dress shop in a certain small city closed its doors last month. For obvious reasons, the locale of the business is not identified here.

The manager of the dress shop thought that he had an adequate advertising program. His advertising consisted of telephone calls to a list of prospective customers. The calls were made by idle clerks.

The manager explained that his advertising was economical because the clerks were not busy otherwise. He also pointed out that a highly successful dress shop in a nearby metropolis used the telephone in advertising.

There were several important things about his advertising that the merchant never learned before his inevitable "quitting business" sale. Among them:

That the admired metropolitan shop regarded telephone calls a very minor form of advertising, which supplemented a large and continuous newspaper advertising budget.

That if an advertising program is successful, there are no idle clerks to make telephone calls.

That the telephone calls were only reaching five per cent of the women in the local trade area.

That a large portion of the women contacted resented being called away from their household chores to listen to a sales talk.

That the limited information related over the telephone was promptly forgotten.

That, considering the time of the clerks, the calls were costing fifty cents per contact; whereas, complete and more effective contacts could have been made through the local newspaper at less than one-half cent each.

Strictly Fresh

The guy who invents all the jokes has a good memory for the ones he hears.

Girls with glasses can find romance in life — if their frames are pretty.

TEXAS AGRICULTURE

Caution Light on For Cattle Plans

It came as no surprise recently when the U. S. Department of Agriculture released its figures on livestock population at the beginning of 1960, showing that cattle on Texas ranges had increased by nine per cent over early 1959.

The USDA inventory reported the total of all cattle in Texas as of Jan. 1, 1960, at 9,276,000, compared with 8,510,000 at the same time a year ago. This 9 per cent increase in population was nearly double the rate of the national increase, which amounted to about 5 per cent.

It also came as no surprise when the USDA reported that the total value of all livestock — cattle, hogs, sheep, horses and mules, poultry — had gone down in spite of increased numbers in most categories. The total valuation at the start of 1960 was placed at $16,236,408,000, compared with $18,092,870,000 a year ago.

Nationally, the livestock and poultry population figures showed these comparisons: Cattle 101,520,000 this year and 96,650,000 last year; milk cows, 21,331,000 and 21,488,00; hogs 58,681,000 and 56,924,000; sheep 33,621,000 and 32,945,000; horses and mules, 3,089,000 and 3,142,000; chickens, 368,859,000 and 383,529,000, and turkeys, 5,673,000 and 5,923,000.

Horses and mules declined 2 per cent, chickens fell off 4 per cent in numbers, and dairy cows eased off 1 percent.

At the same time, the USDA estimated a sharp drop in value per head of livestock, as follows: Cattle, $136 this and $153 last year; milk cows, $208 and $219; hogs, $16.50 and $20.30; horses and mules, $112 and $101; chickens, $1.05 and $1.26, and turkeys, $4.91 and $4.65. Only horses and mules and turkeys showed a slight increase in price.

Release of the figures reemphasized the attitude of most authorities in their outlook on the 1960 cattle market, which is that the time has arrived for caution in planning any further increases of the livestock population on Texas ranges.

Good range conditions in general continue to encourage the trend toward taking full advantage of the conditions, but authorities agree that extreme care should be exercised before any further heavy expansion is developed.

ADULTS LEARNING DEFENSE

Special Session Before May Primary Election Ruled Out

State Capital NEWS

By VERN SANFORD
Texas Press Association

Texas adults by the thousands are going back to school this year.

Their object: to learn what nuclear warfare could mean to the country and what they can do to better their chances of surviving it.

Texas Education Agency and the State Division of Defense and Disaster Relief are co-sponsors of the civil defense adult education program. Since the program got under way late last year, 2,816 persons over the state have taken the free 12-hour course. Another 1,295 persons are attending 66 classes now in progress, and 150 new classes are due to begin this month.

Classes are held at public schools and taught by public school and junior college teachers who have been trained and certified by TEA's civil defense staff.

Seven new teacher training workshops are scheduled within the next few weeks. Eventual goal is to have civil defense classes in or near every Texas community.

Course material ranges from study of the effects of a nuclear bomb and probable capabilities of hostile powers to step-by-step instructions for personal survival preparedness.

Persons interested in having the course in their communities may contact their local school superintendent or write Civil Defense Education Director, Texas Education Agency, Austin.

* * *

NO SESSION Gov. Price Daniel said he will not call a special legislative session to raise teacher pay before May 7 — the first primary date.

Conferences with lawmakers have convinced him, said the governor, that there is no hope of a successful session during the coming eight weeks.

However, the governor said he may call a session after the May 7 primary or submit the school improvement program as an emergency measure at the 1961 regular session. If he waits until 1961, Daniel said he would recommend an increased program to make up for money lost by delay.

Many observers have noted that a special session after the first primary election would pose many problems. As much as 25 to 30 per cent of the House could be made up of "lame ducks" — persons retiring from office or defeated at the polls. Incumbent legislators with run-off races would not want to leave their home districts to come to Austin.

Teachers would prefer to have the matter submitted at a special session. Regular session rules require that the budget be provided for before new spending can be considered. Last year approval of the budget was just about the last thing before adjournment.

* * *

ACCIDENT STUDY — A new study indicates that motor vehicles and heart attacks or similar difficulties were involved in more than half of Texas' fatal industrial accidents in the last fiscal year.

Industrial Accident Board reported on an analysis of 23,000 accident claims. In the group studied, it found that fatal accidents were most often connected with motor vehicles, 28 per cent; heart disease, 26 per cent; slips and falls, 10 per cent; striking or being struck by an object, 7 per cent.

Altogether, in the last fiscal year, the Board processed claims resulting from 195,000 non-fatal accidents and 497 deaths.

Annual cost of industrial accidents is estimated at $500,000,000 a year. Board plans to make an accident analysis every year to gain information for planning improvement programs.

* * *

UTILITIES PAYMENTS Cities and private utility companies can now get reimbursement for money spent moving utility lines to make way for new interstate highways.

State Highway Commission said it is now ready to begin making payments under a law that was held constitutional by the State Supreme Court earlier this year.

Cost of the utility moving, as well as construction costs for the interstate system, comes 90 per cent from federal funds, 10 per cent from state funds.

* * *

PATHS CONTESTED whether a person owning grazing rights in a state park area can bar the public from riding horseback in that area is at issue before the Supreme Court.

High court is to hear arguments March 30 stemming from a dispute over use of the Davis Mountains State Park.

Trial court upheld the right of the grazing lease holders to lock out horseback riders while the lease is in effect. Court of Civil Appeals held that riders should be kept out at least nine months of the year.

State contends that if a public park is locked, it is no longer any good as a public park, and that any at least is predicated on this assumption.

* * *

LAW ATTACKED — A law prohibiting possession of a bomb or conspiracy to bring about a bombing is under attack in a case before the Court of Criminal Appeals.

Defendant in the case is accused of having masterminded a bombing of the premises of a non-striking employe of a Dallas industrial plant during a union walkout. Two persons who were convicted of having thrown the bomb in the victim's driveway said they were carrying out the defendant's instructions.

Attorney for the defendant called "dangerous" a law that makes it a felony to posses items from which a bomb could be made.

* * *

CRIME TOLL An average day in Texas sees 3 murders, 3 rapes, 7 robberies, 32 aggravated assaults, 43 automobiles stolen, 266 thefts other than automobiles and 125 burglaries.

This is the end result of a crime increase that in the past ten years has brought a 73.2 jump in crime while the population increased only 24.4 per cent.

BIBLE COMMENT

Living Lesson in Cathedral Rocks

Each block of stone for massive Notre Dame Cathedral in Paris was cut by hand.

Into the foundations, the stones were laid by the 13th century builders just as they were lifted from the quarries — to give maximum support.

Slowly, through the decades, the facade, apse, nave and roof rose above the waters of the Seine.

The skill of the carvings and the care with which every inch of the building was constructed can be seen today. The structure, with minor repairs, stands as it did 700 years ago — while many 20th century builders already show signs of decay.

The medieval craftsman who worked carefully on this and other cathedrals and churches did so not merely out of pride in his handiwork. He felt that, even if no mortal man viewed his talents far above the pavement, surely God would.

Not many of us today can help in the community project of building a cathedral. But we can still serve God in many ways.

If we realize that, like the skillful tracery high in the ceiling of a church transept, our good deeds do not escape unnoticed, then we must also know that the wrong deeds we commit shall also be seen.

Like the ancient stonecutter who fits a chip of rock in place, we can take comfort in knowing that each Christian deed, every brotherly act we fit into the pattern of our lives, will be seen by at least two people — ourselves and God.

Ten Word INTELLIGRAM

Are you up on your American history. Who said these famous quotes?

1—"I know no South, no North, no East, no West, to which I owe any allegiance."
2—"He serves his party best who serves his country best."
3—"I am not a Virginian but an American."
4—"I was born an American; I live an American; I shall die an American."
5—"We mutually pledge to each other our lives, our fortunes and our sacred honor."
6—"There never was a good war or a bad peace."
7—"I propose to fight it out on this line, if it takes all summer."
8—"I want to see you shoot the way you shout."
9—". . . that this nation, under God shall have a new birth of freedom."
10—"We have stood apart, studiously neutral."

Count 10 for each correct answer. A score of 0-10 is poor; 20-30, fair; 40-50, good; over half right, excellent.

Catholics Set Local Census

A census of the Catholic people of Mitchell County will be attempted in the next few weeks by St. Ann's Church here, according to Rev. Thomas F. Quinlivan, O. M. I., pastor of the local congregation.

This census is part of a diocese-wide project initiated by the Most Rev. John Morkovsky, Catholic bishop of Amarillo.

Since no religious census will be made in the national census this year, the Catholic authorities have decided to make their own, according to Quinlivan.

A shortage of workers makes the project difficult locally, Father Quinlivan said, but it is expected that the project, nevertheless, will be launched and carried to completion within the next four weeks.

The only question to be asked in the door-to-door canvas is: Are there any baptised Catholics living in this house?

An organizational meeting was held for this district at St. Elizabeth's School, Snyder, Tuesday night. At this meeting Earl Taylor represented the English-speaking congregation of St. Ann's and Anastasio Alvarez, the Spanish-speaking.

Plans were made to coordinate the efforts of the local workers with those of the diocese in order to present a complete picture of the status and growth of the Catholic Church in the Amarillo district.

The local committee hopes to begin the door-to-door census next Saturday. "I beg the kindly cooperation of the good people of Colorado City in this effort," said Father Quinlivan.

Silver Church Begins Youth Week Agenda

SILVER — Youth week activities at Silver Baptist Church moved into high gear Thursday with the church's annual youth banquet.

Principal speaker for the banquet Thursday night was Caddo Matthews, head basketball coach at Colorado City High and pastor of Looney Baptist Church.

Weekend youth revival will begin Friday night at 7 o'clock and continue with services Saturday and Sunday.

Conducting the youth revival services will be Danny Yeary, junior ministerial student at Hardin-Simmons University in Abilene.

Bud Hill, another Hardin-Simmons junior, will be song leader and Miss Mary Helen Campbell, Silver School band director, will be pianist.

Services Saturday will be at 7 p. m. and 11 a. m. will be the time for Sunday services.

Another Saturday feature will be a special youth breakfast at the church, followed by a devotional period.

13 Loraine Teachers Attend Convention

Loraine teachers going to Big Spring last Friday to attend the District teachers meeting were Mr. and Mrs. Vance Dickenson, Mrs. Ray Preston, Bob Newman, Bobby Ryne, Miss Carolyn Jones, Mrs. Wilmon Tartt, Mrs. Drew Givens, Mrs. R. B. Cope, Mrs. Floyd Coffee, Miss Edith Wilkerson, Miss Gladys Phillips and Mrs. Raymond Perdue.

CONSERVATION PROJECTS

Range Grass Seeding Expands in District

Seeding of range grasses by district cooperators of the Mitchell County Soil Conservation District is now under way, A. V. Sheppard, local soil conservationist, has announced.

Ellwood and Towle Ranch has finished seeding 392 acres of root plowed range land to a mixture of native and introduced grasses. The mixture included sideoats grama, blue grama, K. R. bluestem, and blue panicum. The seedbed was prepared with a tiller packer. The practice was installed as a part of their Great Plains Conservation Program that they are applying on their ranch.

John Beal, Ackerly, is planning to pit and reseed 95 acres of range land this spring as a part of his complete coordinated soil, water and plant conservation plan that he is applying as a district cooperator with the Mitchell County Soil Conservation District.

The Beal range land will be pitted with an eccentric disc and a mixture of sideoats blue grama, K. R. bluestem and Plains bristlegrass will be drilled following the pitting operation. "I am very well pleased with the results that I received when I pitted and reseeded 280 acres in 1958," said Beal, "and I want to get these acreas to producing."

Irvin Grant plans to seed 75 acres of Conservation Reserve Land to a mixture of native and introduced grasses in a sorghum litter that was grown in 1959. The litter looks good and will protect the soil as well as the grass seedlings from damage from the forces of wind, water and sun.

Rhode-Cowan plans to seed 14 acres of waterways to a mixture of native and introduced grasses in a sorghum litter grown in 1959.

Perry Bowles plans to seed 30 acres of native and introduced grasses in his waterways and pasture land.

Henry Hoyle plans to seed 9 acres to a mixture of native and introduced grasses.

Philip Berman plans to seed 26 acres of Class IV cropland to a mixture of native and introduced grasses in a sorghum stubble that was grown in 1959 to prepare seedbed for the seeding of the native grasses.

Perry Ellwood has completed the following conservation practices: root plowed and seed a mixture of native and introduced grasses on 38 acres of mesquite infested rangeland; installed a well and concrete storage for livestock water.

Other landowners and operators planning to seed grass as a part of their Great Plains Conservation Program plan includes: E. B. Hale-10 acres, Roy Buchanan-87 acres, Charles Stevens-32 acres, Tom Glover-17 acres, Strain and Preston-26 acres, and Roy P. Bates-163 acres.

Dell Barber is planning to overseed some of his shinnery sand with a mixture of sideoats grama, Plains bristlegrass, little bluestem, Indian grass, sand lovegrass and weeping lovegrass.

Seedbed will be prepared by using a modified sand fighter. The seed will be broadcast with a home made seeder.

The range seeding is a part of Baker's Great Plains Plan that he is applying on his ranch.

The purchasing of good quality locally adapted grass seed is very important, Sheppard stressed.

Not only should the highest quality seed be selected, but landowners should plant grasses that are native in this general area, and where they are grown should be demanded, he explained. It has been found that it is difficult to grow successfully many grasses that are moved from their climatic area. A good rule of thumb: grasses should not be moved more than approximately 200 miles north or south, Sheppard said.

3 Candidates For Silver School Board

By MRS. J. T. STEWART
Record Correspondent

SILVER Three candidates will be on the ballot in the Silver School District election next month which will name 2 trustees.

Ernest Clendennon and Bob Edwards have filed for ballot places and a petition has filed the candidacy of Charles J. Green.

Retiring from the board are Bob Odom and J.B. Walker, whose terms expire this spring.

* * *

Curtis Dukes, assistant gauger here for Sun Pipe Line Company, has been transferred to Sun Field.

His family will join him there in about 2 weeks.

Dukes was assigned to the Silver area 9 years ago.

The Dukes family was honored recently with a farewell party and presented an electric waffle iron as going-away gift.

Greens in Abilene

Mr. and Mrs. T. J. Greep Sr., of Loraine visited in Abilene Sunday with his aunt and uncle, Mr. and Mrs. George McCann, and with their daughter and family, Mr. and Mrs. M.D. Cheek and children.

First successful beet sugar factory was built in the United States in 1870.

2 Boys Hurt In Silver Jeep Wreck

SILVER — Two Silver youths are recovering from injuries received when a jeep overturned last week on the Silver loop.

They are Mike Hollis, most seriously hurt of the pair, and Dwain Walker.

Walker, in whose jeep the boys were riding, received a broken collar bone.

Hollis under went surgery in Shannon Memorial Hospital, San Angelo, to mend torn tissues in the lower rib cage.

Both were taken to Coke County Hospital in Robert Lee by ambulance. Later, Hollis was moved to San Angelo for the operation.

Midland Visit

Harold Preston visited last week end in Midland with relatives, Mr. and Mrs. Cletus Beights.

OUTSTANDING ON CAMPUS

Loraine High Honors To 5 Senior Stu dents

LORAINE — Mythical title of "Mr. and Mrs. Loraine High School" has been bestowed upon Jean Kidd and Maylon Beaty.

The honors are awarded annually to students outstanding in school and campus citizenship and activities.

Miss Kidd is the daughter of Mr. and Mrs. Wilson Kidd. She is a senior and vice president of her class.

She also is business manager of the yearbook staff, cheer leader and vice president of Future Homemakers of America Chapter.

Beaty, son of Mrs. Plez Beaty and the late Mr. Beaty, is a senior, president of Loraine High Band and has served as Future Farmers president.

He also is treasurer of his senior class and has served in offices of his class in previous years.

* * *

Named Senior Class favorites at Loraine High are Marvin Wallingsford, son of Mr. and Mrs. H. E. Wallingsford, and Pauline Cornutt, daughter of Mr. and Mrs. Willis Cornutt.

Miss Cornutt is president of her class and the Loraine High pep squad. She is also parliamentarian of the Future Homemakers of America chapter.

Wallingsford is a Future Farmer, member of the FFA farm skill team, and a basketball player for three years.

* * *

Another honor for Jean Kidd is that of most popular and best all-around girl of the Loraine High Senior Class.

Sharing this spotlight as most popular and best all-around boy is Clovis Hale, son of Mr. and Mrs. R. J. Hale.

Hale is a 3-year member of Future Farmers, member of the yearbook staff and FFA livestock judging team. He was president of the Junior Class, an officer of his Sophomore Class and participated in other activities.

* * *

Mrs. W. R. Akins returned to Loraine Saturday from Linn, Kan., where she visited the past two months with her daughter and son-in-law, Mr. and Mrs. Henry Steeljes.

* * *

Mr. and Mrs. Tommy Underwood and daughters, Kim and Andrya, of Midland visited the weekend with her mother, Mrs. Maxine Harris, in Loraine.

LORAINE EVENT

Vicki Baird Wins Talent Show Prize

LORAINE — The Junior Class of Loraine High School presented their talent show in the High School last Thursday evening with Golda Cary as master of ceremonies.

First, second and third prizes were awarded.

Vicki Baird, daughter of Mr. and Mrs. Gene Baird, was awarded first prize when she presented a piano solo, "Rhapsody In Blue."

Second prize was awarded to Gerald Owens and Lurenzo Moreno, who played several string instrumental numbers. Third place winners were Loretta Tartt, who read "Betty at The Baseball Game."

Other contestants were the fifth grade who presented a beatnik number; Mike McDaniel, Kenneth Brame and Danny Tartt, trumpet trio; Carolyn Schroeder, a pair of saxes; a piano solo, by Nancy Coffee; "How Great Thou Art" and "He," a vocal duet by Bessie Miles and Gloria Claxton; "In The Mood" and "Little Brown Jug," a trumpet and saxophone duet by Bo Newman and Stanley Martin; "Down by the Station," a pantomine by Carol Little, Sherry Graham, Linda Cornut and Charlotte Sursa; "Aba Daba Honeymoon," a duet by Dolores Smith and Calleen Palmer of Colorado City.

While the judges were making their final decisions the Freshmenettes sang "I'm Feeling Mighty Fine."

Judges were Royce Mahon, Miss Gladys Phillips and Mrs. Gene Britton.

Payne Church Class Plans For Dinner

By MRS. CHAS. WILLIAMS
Record Correspondent

PAYNE — Plans for Mitchell-Scurry Baptist Association workers conference here next Tuesday were discussed at the Payne Baptist Church's Ruth Class social business meeting here Friday.

Menu and serving of the conference meal were the main details planned by the class. The conference will begin Tuesday at 4:45 p. m.

The class meeting was in the Payne Baptist Educational building with Mrs. Sidney Compton as hostess.

Devotional study on the importance of prayer was conducted by Mrs. Charles Williams. Prayer was by Mrs. J. E. Tiller.

Recreation was directed by the hostess, Mrs. Compton.

Refreshments were served by the hostess to Mrs. Tiller, Mrs. Williams, Mrs. J. Dennis Fortenberry, Mrs. W. E. Harris, Mrs. T. P. Sanford, and Jean Compton.

Next meeting of the class will be April 7.
