A Creek In My Back

As it will appear in the Roanoke Times and the Norfolk (Va.) Virginian-Pilot

By Allan R. Bosworth

Newspaper editors all over the country have been chuckling recently over the discovery that Dallas has a U. S. District Attorney named Barefoot Sanders. The Milwaukee Journal recalled that a South Carolina state senator was named Mountain Lion Sloane; the Raleigh News & Observer came up with Wait-Still-On-The-Lord Avery; the Norfolk Virginian-Pilot remembered Chintz Royalty, Memory D. Orange, Emil E. Buttermilk, Tennessee Iron & Coal Brown and William McKinley Louisiana Levee Bust Smith.

Don't get me started. I went to school, in Texas, with two small, taffy-haired, freckled girls named Pansy Sunshine Bedell, and Dewdrop on-the-Rose Bedell; and of course it was in Texas, in the last century, that Governor Hogg named his daughter Ima . . .

I was in the art department of the San Francisco Chronical one day, years ago, when I was news editor of that paper, in company of two Smiths from the sports department — Harry S. and Howard — and the executive editor, Paul S. Smith. The day was recalled when two or three Smiths were similarly assembled, and in came a photographer named Smith. Somebody said, "Well, here comes another Smith." The photographer snapped his fingers, said, "That's it'" and departed hastily. When he returned, he announced that his name had been changed, legally, to Another Smith. And so he was listed, in city directory and telephone book.

It may and may not be pure legend that small colored girl was once named Opium, because — as her mother explained — "The doctor said opium comes from a wild poppy, and this child's poppy sure was wild." But the story was told to me long ago by a Navy doctor, who chuckled mightily at the telling — and his name was Heber Butts.

Someone could write a book, of course, tracing the origin and development of Anglo-Saxon surnames. So many of them obviously began as "John-the-Miller", or "Will - the - Baker", (or Taylor, Weaver, Cooper, Carpenter, Fletcher, or what have you.) — and so many others evolved from places of residence. "John-Under-the-Hill" became plain John Underhill, Lane, Dale, Meadows, Edgewood and the like are easy to trace There was a story, perhaps apocryphal, illustrating the brilliance of U. S. postal authorities in the matter of a letter addressed:

Wood
John
Mass.

The way the story went, this puzzle was figured out to mean John (under Wood,, and over Mass.) and the letter was correctly delivered to John Underwood, Andover, Massachusetts. True or not, it is still a good story.

You only have to look at your phone book to see how far Anglo-Saxons have gotten away from their names. Can you find me a Baker who is still a baker, a Fisher who still fishes, or a Carpenter who carps about anything but the income tax?

No. Obviously, our nomenclature should be overhauled, in relation to profession or industry, so that a man can find his way around. Why, in my phone book, is Akers, Hunters, and outdoor advertising man, rather than a searcher for real estate acres? Conversely, why is Clarence Overstreet a real estate man, instead of busying himself hanging billboards over the streets? (Hunter Akers, meet Clarence Overtseet,)

There is a Basham in my town, but, as the Bard said, "What's in a name?" He has an auto body shop business — I mean, he repairs dents rather than makes them. (As a matter of fact, 53 Bashams are listed, and there's not a wrecker in the lot.)

Anybody can play game — if he's crazy enough. Why is Lendy's a restuarant, and not a pawnshop?

OZONA LIONS UNLEASH SUSTAINED ATTACK TO CLOBBER BRONTE 36-0 IN SEASON'S 2ND PRACTICE TILT

Scoring Machinery Oil ed Up As Team Gets More Seasoning

The Ozona Lions had too much for the Bronte Longhorns last Friday night as they posted their first win of the season, a 36 to 0 victory, in Bronte.

The Lions used a slashing running game featuring Pete Montgomery, Aaron Shackelford, Dubbie Scrivner, Richard Vargas and Bernabe Villeareal to get their first three scores and then, with the line filled with reserves, the Lions picked up two quick scores on the effective passing of Leroy Cooper to Bill Bowman, Dubbie Scrivner and Jim Semmler.

The Lion defense was tough most of the way, limiting the home club to six first downs, five of which came in the first half, and a total offense of just 106 yards.

Robert Cox, Brent Moore once again were the defense leaders, but Richard Vargas and Pete Montgomery got some heavy duty from their linebacker posts.

A fumble interrupted the Lions first scoring effort as they drove to the Longhorn 20 and then lost the ball. The locals, however were not to be denied and the Longhorns were swarmed back to the goal line where a fourth down kick was returned by Pete Mntgomery to the 20 and from there the Lions pushed it over.

The drive began following the kickoff with Pete Montgomery who was, for the second game in a row, the leading ground gainer in the contest ripping off runs of 24 and 13 yards spliced around a 6 yard gainer by Richard Vargas. Vargas fumbled after picking up two more, the Longhorns recovering the loose ball.

The drive, even though stalled, did not stay that way long. Jimmy Wells, the Bronte quarterback, set sail for 23 yards on the first play but the Longhorns were caught clipping and the ball came back to the 25. Simms was hit at the line of scrimmage for no gain and Brent Moore caught Malcom Johnson on an attempted reverse for a one yard loss. With third down coming up, Wells tried to pass but was swarmed for a 14 yard loss.

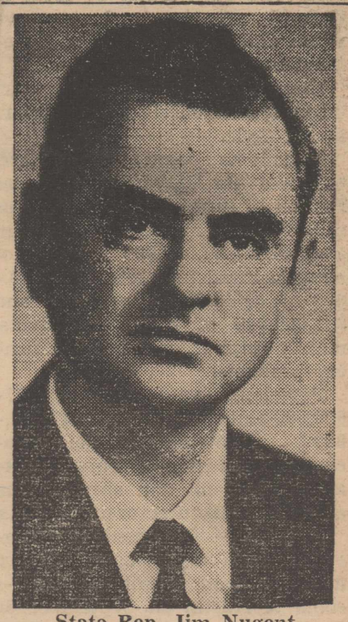

The Longhorn kick traveled to the 30 yard line but Pete Montgomery hustled it back to the 20, and three plays later Vargas dived over from the four yard line for the maker. Cooper passed to Vargas on a well executed pattern for the two points.

The Lions were not long in adding another marker and early in the second quarter Aaron Shackelford put the finishing touches on a 71 yard drive by powering over from the two yard line. Shackelford put the ball onthe 2 with a 18 yard sprint just one play earlier.

A pass from Cooper to Scott Mahon, and a 10 yard gainer by Dub Scrivner were the two plays that got the drive under way from the Lion 29 yard line.

Following the Lions second score

State Rep. Jim Nugent
. . . a public opinion poll

Questionaire To Give Representative Idea Of Constituents' Opinions

State Representative James E. (Jim) Nugent of Kerrville this week is mailing out a questionaier to citizens throughout this legislative district for an opinion poll on the leading problems to face the next session of the Texas Legislature.

The Questionaires seek citizen opinions on the sales tax, federal aid for school construction and for teacher salaries, right to work laws, putting labor union under anti-trust laws, the state spending for advertising its tourist and industrial attractions, improving state parks, appropriating money to help out in the screwworm eradication program, regulation of loan sharks, requiring proof of financial responsibility for all drivers in Texas and a couple of broad questions concerning how Texas can reduce expenses and how to improve the state government.

The questionaires were to have been mailed to this area the first o fthis week.

Mrs. Sarah Laxson, Ozonan 45 Years, Buried Wednesday

Death Came to 87-year Old In San Angelo Hospital Tuesday

Funeral services were held here Wednesday afternoon at 4 o'clock for Mrs. Sarah Elizabeth Laxson, 87, a resident of Ozona since 1917, who died at 12:45 a. m. Tuesday in St. John's Hospital in San Angelo.

Services were at the Church of Christ in Ozona, with Ed Steph, former pastor, now in charge of the Christian Retirement Home in Carlsbad, N. M., officiating. Burial was in Cedar Hill Cemetery under the direction of Cody Funeral Home of Ozona.

Pallbearers were Ed Cranfill, W. T. Goodson, Paul Ballard, Pascal Northcutt, Delbert Stewart, Bud Loudamy, J. B. Miller, and Frank James.

Mrs. Laxson had been a patient in St. John's about three weeks, having been transferred from the Golden Years Nursing Home in Christoval. She had been in the nursing home several months and had been in critical condition for the last three weeks.

She was born March, 25, 1875, daughter of the late John Murray.

Survivors include one son, Cecil Laxson of Ozona; one daughter, Mrs. Winnie Kessler of Barnhart; two step-daughters, Mrs. Ross Dickie of El Paso and Mrs. Oscar Robbins of Mineral Wells; two sisters, Miss Jenny Murray of Sonora and Mrs. Belle Purcell of Christoval; seven grandchildren and 12 great-grandchildren.

Women Journalists Of Texas To Honor Allan Bosworth September 29

Austin — Retired Navy officer and author Allan R. Bosworth, who grew up in Ozona, will be honored at the annual Theta Sigma Phi Writers Roundup here Sept. 29.

The author and his recent book about his family's covered wagon travels half a century ago through the San Angelo-Ozona-Pecos country were selected by the national fraternity for women in journalism as the outstanding Texas book in the history field.

The author, now living near Roanoke, Va., will be among 5 to be honored at the annual dinner.

Bosworth visited in Ozona and Austin this summer. His next book will be about Ozona.

Ozona B Team To Meet Iraan Today At Lions Stadium

Local Second String to See Action In Second Game of Season

By Ernie Boyd

Coach Brooks Dozier's B team will open its home season at Lion Stadium at 5 p. m. today as they face the Iraan B team.

The Ozona B team this year is composed of a group of sophs and freshmen who are ineligible for varsity action for one reason or another, and a group of freshman, many of whom are a bit small for extended action.

The Ozona team opened its season play in Eldorado last Thursday where they dropped a 20 to 0 decision to the Eldorado reserves But the B team has a great deal of room for improved play and Coach Dozier has been working his charges this week to improve some of the sore spots that turned up last week.

The B team last year began slowly but finished the season with a better than average team and a good record for the last half of its schedule and this year's team may also turn the trick.
held no pre-season drills and even though a few members of the

Unlike the varsity the B team team did take part in the August drills with the varsity, the big majority of the team did not report until after school began, giving only a little over a week's practice before they went into action in Eldorado.

Former Ozona Teacher Enjoying Teaching In Formosa Mission School

"I am now located in Taichung, Taiwan." writes Miss Lola Mae Daniel, teacher in Ozona schools for many years, who retired at the closed of last year's school year and went into service in the Baptist Church foreign mission field.

"I'm teaching in a mission school and also teaching a Bible class at the Chinese Baptist Church and one at the College here. These are both English speaking groups. I'm enjoying my work very much.

"There are eleven million people living on this small island, so you can readily see there is much work to be done. The island is very green and beautiful at this time of year, even though it is very crowded.

"I want to thank all the people in Ozona who a had part in helping me make preparation to come to the Orient. I shall always remember you and be grateful to you. My address is Box 135, Taichung, Taiwan, and I'm looking forward to hearing from many of my Ozona friends.

"Please send letters air mail or it will take months to arrive."

CROCKETT COUNTY HOSPITAL MEMORIAL FUND

List of donors to the Crockett County Hospital Memorial Fund since September 11th:

Mrs Gertrude Perry and Miss Mildred North in memory of Mr. Raymond A. Bennett, and in memory of Robert M. Casbeer, grandson of Mrs. Tom Casbeer, and in memory of Mrs. Mamie Holmes, mother of Mrs. Lee Dudley.

Mr. and Mrs. Floyd Henderson in memory of Mr. Raymond, Bennett.

Mr. and Mrs. L. B. Cox, Jr., in memory of Mr. Joe Patrick.

15 To 30 Visitors A Day Tour Crockett Museum On Open Days

An average of 15 to 30 persons visited the Crockett County Museum in the courthouse annex every day it was open during the present summer, Mrs. Mahlon Robertson, who with Pam Jones, opened the museum to the public one day a week. A visitors register kept at the museum shows visitors not only from all parts of Texas but from many other states, including Tennessee, Michigan, Louisiana, Colorado, Alabama, Oklahoma, New Mexico, New York and California so far this summer.

Joe Couch, president of the Crockett County Historical Society, sponsors of the museum, Mrs. R. A. Harrell, vice president, and Mrs. Couch attended a meeting of the Historical Survey Committee of Texas in Odessa last week. The Ozona group succeeded in interesting the Committee in designating the Crockett County coutrhouse and the Ozona National Bank building to receive Medallions in the state's program of marking historical structures in the state.

Many interesting museum pieces are being added to the collection here and the Society has had under study for several months the matter of securing larger quarters so that materials can be properly displayed. The Society plans at an early date to seek permission from the Commissioners Court to occupy more of the ground floor area of the courthouse annex, a location handy to attract tourist and for local people who wish to tour the museum.

Announce 'Ready' For PTA Carnival Here Friday Night

Variety Shows, Booths To Gather Shekels From Customers

Mrs. Tom Mitchell, general chairman, announced "all ready" for the annual P.T.A. Carnival which will get under way at 5:30 Friday afternoon in the downtown city park and continue until the last customer decides to go home.

The Freshman Variety Show, which will be staged in the courthouse, promises to be an outstanding half hour feature show of musical and talented fun. There will be two shows presented, the first at seven and another at eight p. m. Tickets will be on sale at the courthouse, student admission 25 cents and adults 50 cents.

The hot tamale booth promises to be another favorite with Ozonans, Mr. and Mrs. Sam Martinez and their committee are busy making tamales which will be served hot in the park or packaged to take home.

The PTA Carnival is the only fund raising activity of the local PTA. Proceeds from it are used to meet expenses of PTA commitments for the year. Each grade or class is given a portion of the profit from their booths, the balance going into the PTA treasury.

This year PTA has pledged $200 to the North Elementary and Junior High Library for the purchase of books.

County Committeemen For A.S.C.Program Are Named In Election

Elected to serve on the county committee to administer the Agricultural Stabilization and Conservation program for the next year in Crockett county were Joe Tom Davidson, chairman; George Bunger, Sr., vice chairman; Ira M. Carson, member. Elected first and second alternates were Chas. S. Black, Jr., and W. E. Friend, Jr.

Retriring from membership on the board is Sam Perner. Other members of the committee and office manager Claude Russell, expressed appreciation for his conscientious attention to duty during his tenure of ofice.

The new committee will take office October 1, 1962.

Start Of Sabin Vaccine Program Delayed To Nov. 11

Type I to be Given On Scheduled Date; Type III To Be Last

All evidence and experience point to complete safety in administering the Sabin oral vaccines against poliomyelitis and, consequently, Ozona physicians are going ahead with plans for the mass immunization against the dread disease as previously announced if the vaccines are available.

This was the information given by Drs. Ralph Simon and Lloyd Sherrill this week following the uncertainty cast over the whole program by announcement of suspension of the immunization in Canada because of suspected paralytic effects from the vaccine, and the temporary withdrawal until the matter is cleared by Public Health authorities of the Type III vaccine.

Crockett county had made plans to launch the mass immunization of every man, woman and child in the community in a series of three doses of the vaccine to produce immunity against the three types of polio, the first scheduled for Sunday, September 30.

The drug firm, Wyeth, whose serum was to have been used in the Tom Green County Eight-County Medical Society area, has withdrawn its Type III vaccine until the matter is thoroughly investigated and cleared, and as a consequence the first dose will be skipped and the second, Type I, will be administered on November 11, as originally scheduled. The Type II will be given second, and Type III last, each at about six weeks intervals, the local doctors announced.

The Wyeth product is in no wise involved in the Canadian program and an entirely different type of serum is being given in that country. However, local doctors, and others in the U. S. have voiced the opinion that the patients who developed polio after receiving the vaccine in Canada were already incubating the disease. Millions of doses of the vaccine have been given throughout the world and no provable case of the vaccine producing polio has been reported.

Doctors do recommend that a person who is suffering from a cold or flu or feels ill should delay taking the vaccine until fully recovered but doctors feel confident that chances for any side effects from the vaccine are very remote.

"At present the Sabin vaccine is our only hope of stamping out polio and it is most unfortunate that any cloud should have been cast on its effectiveness or safety," Dr. Simon declared here.

When the immunization program is finally launched, it will be at the local schools where the few drop doses on a cube of sugar will be dispensed to all comers without charge. The local program was originally launched by the Ozona

More "Watchful Waiting"

President Kennedy, at his press conference of September 13 made it clear in prepared statement and in answer to questions, that he is not going to get excited over violation of the Monroe Doctrine—only over the extent of the violation. As we understand his position, it will be time enough to take steps when Khrush has landed enough materials and "technicians" to mount an attack on the US. The President will then discuss the matter with the Joint Chiefs and try to think of something.

This report to the nation was somewhat at variance with his ringing words of April a year ago to the American Society of Newspaper Editors when he proclaimed "our restraint is not inexhaustible" and noted that we had learned some lessons from Budapest and the Bay of Pigs.

"First, the President then declared, "it is clear that the forces of Communism are not to be underestimated, in Cuba or elsewhere.

"Second, it is clear that this nation must take an even closer and more realistic look at the menace of external communist intervention and domination in Cuba. The American people are not complacent about iron curtain tanks and planes less than 90 miles from our shores. The evidence is clear and the hour is late" (note, this was 17 months ago) . . . "We cannot postpone any longer the real issue of the survival of freedom in this hemisphere. On that issue there is no middle ground."

But, on second thought, it has been postponed — quite indefinitely. In the meanwhile, Khrush, can proceed with his build-up, and if he wants a war he can jolly well ask for it like a gentleman. And what gentleman would do that before Election?

Leading – Or Just Leading Us On

Through the use of the tried and true old Washington expedient of declaring a half-holiday for civil servants and letting out the schools managers of President Kennedy's "non-political" missile junket into Florida, Texas and Missouri were able to fill an estimated 40,000 of the 73,000 seats in Houston's vast Rice University Stadium with listeners for the President's pledge that we will some day lead the space race.

Mr. Kennedy noted that of the 45 satellites that have orbited, some 40 were ours and have "supplied far more knowledge to the people of the world than those of the Soviet Union." He likewise praised the Mariner, now on its way to Venus, as "the most intricate instrument in the history of space science", mentioned the practical value of our navigation and weather-reporting satellites and then said:

"To be sure, we are behind, and wil lbe behind for some time, in manned flights . . "

This reiteration of our delinquency, commented on by various observers before the Houston speech, "remains," as the Washington correspondent of National Review has said, "one of the darker Washington mysteries.." Writing on this subject before the Presidential journey, this same reporter further said:

"To date there is not one iota of evidence that the Soviet Union simultaneously orbited two men in space. Contrary to reports published in the New York Times and elsewhere, US tracking stations picked up not a single sound or picture during the time that the two capsules were in space. Everything seen by American TV viewers came from the Soviet Union. Reporters in Moscow have yet to be shown a newsreel shot of the blast-off or the descent. Film for domestic Russian consumption are admittedly studio shots."

Nor does it relieve this particular "Washington mystery" to go back to the transcript of the NASA press conference just after Russia announced the successful landing of the cosmonauts whose capsules had been so close together in orbit at one time that they could see each other!

Dr. Hugh L. Dryden, deputy chief of NASA was asked by a newsman: "Has our tracking system confirmed the Soviet version of the flight of the two cosmonauts?"

"They have done," replied Dr. Dryden, "what they say they did."

In our $5.4 billion (this year) search for knowledge, perhaps we should make a little greater effort to find out whether our costly space race may not be with two little men who weren't there!

HIGHLIGHTS AND SIDELIGHTS From State Capitol

Austin, Texas — A campaign to pass the water conservation amendment on which Texans will vote this November (No. 4 on the ballot) got under way at a meeting of the Statewide Water Committee is composed of just about everybody who is interested in water conservation and development.

Proposed amendment would permit the State Water Development Board to acquire storage space in reservoirs built either by local or Federal agencies and conserve storm and flood waters for beneficial uses.

Exports — Texans can start thinking of themselves as exporters in big style.

Nobody had counted it up before, but now the University of Texas Bureau of Business Research finds that Texas is exporting to foreign countries $.37,000,000 worth of manufactured products, $446,000,000 of agricultural products and $31,000,000 of other products, mainly sulphur, salt, talc and fishery products.

Petroleum exports came to $177-000,000 and chemicals to $247,000,000 . . . showing how the petrochemical industry has turned Texas' sales of oil and abroad from a raw to a manufactured products.

Schools — The men and women who run the schools — board members and administrators — come to Austin on September 30 for their annual conventions. They plan searching looks at the problems of schools, many of which sum up into five letters — Money.

Overhaul of the ad valorem tax system was proposed by a series of clinics held by schoolmen earlier this year.

Problems of textbook selection and teaching Americanism will be aired.

The textbook panel will review recent criticisms, as well as prospective legislation which may be recommended by a study committee.

What it Costs — Texans who pay taxes to the state government got an idea of what the new school and welfare programs are costing when Comptroller Robert S. Calvert added up costs for the fiscal year which ended August 31.

State aid to public schools and colleges came to $533,541,099, up nearly $100,000,000 over the $431,974,434 of the previous year. Welfare spending went up from $188-875,904 to $212,765,629. Increased Federal aid for welfare paid most of the increase.

Highway construction and maintenance totaled $371,870,298. This is about the same as the previous year.

In all, the state spent $1,307,623,666, up $115,000,000 from the previous year.

School Bus Passing — Texas Department of Public Safety says it will crack down this year on motorists who illegally pass a school bus stopped to take on or discharge children.

State law requires the driver of any vehicle to stop upon approaching from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging school children.

The modern idea of roughing it is driving with a standard shift.

Mrs. Lock Hostess To Woman's League Tues.

The Ozona Woman's League will meet at the home of Mrs. Allie Lock Tuesday, September 25, at 3 p. m. for the second meeting of the new club year.

The program topic will be the schools, with Mrs. Hillery Phillips, Jr., as leader. A comparison of European and Amerincan schools will be given by Mrs. J. G. Hufstedler. Assisting Mrs. Lock as hostess will be Mrs. Billy Mills.

Joe Bean Appointed To FHA Committee

Joe F. Bean, local rancher, has been appointed a member of the three-man county Farmers Home Administration committee, the agency's County Supervisors, Patrick F. Sullivan, announced this week. The appointment is for three years.

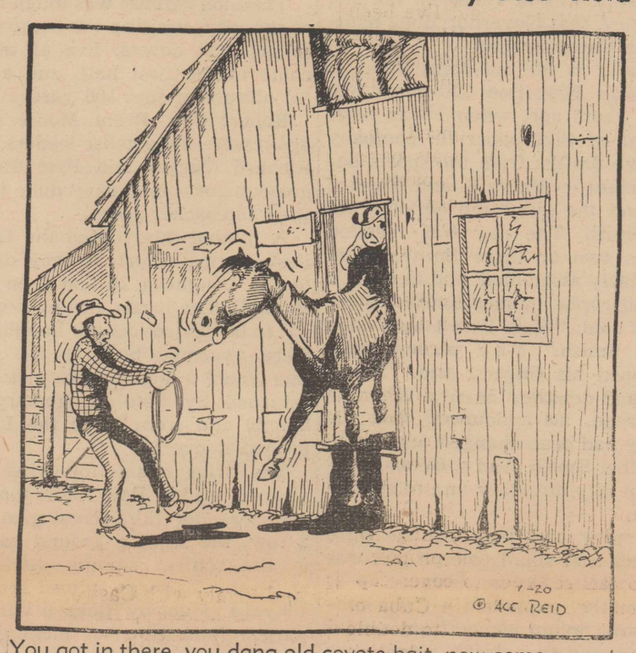

Mr. Bean succeeds William R. Clegg, whose term expired this year. The other two members of the committee are Joe Tom Davidson and Pleas L. Childress.

The local Farmers Home Administration county committee reviews applications by farmers and other rural families for six different types of agricultural, housing, and water loans made in Crockett County. In addition the committee advises with the county supervisor regarding the adapting of national loan policies to local conditions.

WASHINGTON NEWSLETTER FROM SENATOR

JOHN TOWER

TEXAS

Committees: Banking and Currency, Labor and Public Welfare

RUSSIAN BASE IN CUBA

Senator John Tower (R-Texas) today reaffirmed his concern regarding recent developments in the Cuban situation. The text of his report:

"I think you know that I'm always prepared to support the President's foreign and military policy if it serves United States' needs. I'm just truly perplexed, like many Americans are, as to what that policy is.

"Russian tanks, rockets, military planes and high velocity artillery have been brought into Cuba. As I have said before, Cuba is becoming a staging area for the infiltration of subversion and eventual invasion of other Latin American countries. Even further, these weapons which have been brought into Cuba could be employed to try to neutralize our Guantanamo Naval Base there. They threaten the entire United States east of the Mississippi. Pads for light rockets have already been built in Cuba by Russian and Chinese Red technicians, and I've been reliably informed that launching pads for medium rockets with a 1500 mile plus range can be built in under four days.

"It has been announced that the Russians have PT boats based on Cuba with rockets capable of firing fifteen to eighteen miles. Now, what's to keep these PT boats from slipping into either Guantanamo or Miami?

"Yet, we have not invoked the Monroe Doctrine, or even the latest variation of the Monroe Doctine. And, apparently the U. S. Marines and the U. S. divisions have been mislaid. Every time a crises arises, our reserves are yanked out of their civilian lives. The last time this happened, the East Germans constructed the Berlin wall with impunity. Nothing was done about it. Are we proposing now to call reserves to cover capitulation or surrender in Cuba or in Berlin? Are we going to double our force at home, while adopting a conciliatory attitude toward the Soviets every time they foment a crisis on some cold war front?

"I don't see that again imposing on civilians is the answer to the Cuban problem or a substitute to giving the American people the security they have a right to expect by eliminating an enemy that's well established just ninety miles off our shore of Florida.

"I noted the other day the senior Senator from Minnesota likened the presence of the Soviets in Cuba to our bass overseas. There is no comparison between this situation in Cuba and our bases overseas. The whole free world was disarmed in the late 1940's when the Communists were consolidating their eastern European empire. This led to the U. S. draft law, that led to free world rearming and defensive alliances. That led friendly countries freely and willingly to grant us bases in their lands to help protect them from Soviet appression.

"In Cuba, a free people have been put in bondage by force and without free elections. Tens of thousands of people have fled the Castro blood bath. They've fled prisons and tortures, The Russians and Red Chinese are in Cuba illegally, immorally, and without the slightest right to be there. The difference between their position and ours should be apparent to free people everywhere.

"Americans are perplexed about our foreign policy. Within the past few weeks, we agreed to pull all our rockets out of England, and I understand, we are about to pull them all out of France. This U. S. unilateral nuclear disarming can be an invitation for attack upon us. It certainly endangers our fleet in the Mediterranean, which for a long time has acted as a major deterrent to communist attack. Yet, while conducting nuclear disarming, we propose to call up civilians. Are we going to throw away our modern weapons and use conventional weapons against nuclear arms? I know that some Administration advisors have devised a plan for us to give away our Air Force, Navy, Marines, and Army to the United Nations within ten years.

"There are several worthwhile proposals before the Senate, which have been made by responsible Senators, both Democrat and Republican, relative to handling the Cuban problem. This is a problem of great importance. Our hemispheric security is in jeopardy, and I think the Senate should move to urgent ocnsideration of these various proposals to deal affirmatively and firmly with Castro."

SON TO BUNGERS

Mr. and Mrs. George Bunger III, are the parents of a son, George IV, born in the Crockett County Hospital on September 17, 1962.

Screworm Fly Program In South Texas Shows Control Is Effective

College Station — Officials of the Screwworm Eradication Program are hopeful that a recent absence of screwworm cases reported in certain counties within the sterile fly release area reflects the effectiveness of the program.

In early July all counties within the sterile fly release area, which includes over 60 counties in southern Texas, reported some screwworm cases. Since that time, the number of counties in the release area reporting no screwworm has increased to more that 20 counties at the beginning of September.

Officials are hesitant to give complete credit to fly release since that period of hot weather usually results in fewer screwworm cases anyway. but they are watching the situation very closely to see if it does represent a definite trend.

The eradication program entails the production and sterilization of screwworm flies at the plant near Mission, Texas, and their release over infested areas. The sterile male flies mating with naturally-occurring females results in infertile eggs.

Program officials explain that originally the plan in 1962 was to contain the screwworm fly in the southern area of Texas where it normally overwinters and, by the release of sterile flies, prevent the insect from moving north. It was also felt feasible to release sterile flies in "hot spots" or areas outside of the overwintering area where screwworm cases were reported.

However, when it became obvious that the flies could not be contained, and because of a limited number of flies available, a sterile fly release area was established. Sterile flies are being dispersed from airplanes in this area at rates of 800-1,200 flies per square mile. Officials say they are hopeful of eradicating screwworm within this area, while winter weather kills all those in the northern areas. In addition, 2 100-mile-wide barrier zone will be established on the Mexico - United States border where sterile flies will be airdropper to prevent the northward migration of fertile flies into the US.

Good Citizenship To Be Stressed In Year's Programs For P.T.A.

Ozona P. T. A. held it's first meeting Monday night, Sept. 17th. in the North Elementary Auditorium. Mrs. Boyd Baker, president, welcomed the parents and teachers. She then introduced Rev. Hugh Stiles of Calvary Baptist Church who gave a brief devotional topic being "whatsoever thy hand findeth to do, do it with all thy might."

Mrs. Roy Killingsworth, program chairman, gave an outline of the program for the year which had for a general theme, "Homes create strength through good citizenship."

Mrs. Fred Hagelstein reported that the executive board had met Monday afternoon and had approved the budget for the year. Mrs. Allen followed her with a report on the plans for the annual P. T. A. carnival which is to be held Friday night in the city park.

Mrs. R. L. Bland gave a talk entitled 'Good Citizenship Through Personal Discipline and Integrity." Following this, the president, announced that a district workshop on citizeinship emphasis is scheduled to be held in Ozona Oct. 2nd.

L. B. T. Sikes, superintendent of schools, introduced each principal who in turn introduced the teachers in each of his schools.

Mrs. Harold Shaw, who was in charge o fthe room count, announced that Mrs. Stokes' fifth grade won the attendance record award. She also reported a membership of 125 PTA members for the first meeting of the year.

Refreshments were served to an estimated attendance of 150. The executive board acted a hostesses.

PRIDE

By Penn Baggett

Few of us have ever known a person to say, when asked, that he was not proud of his nation or state or hometown. Americans are expected to show pride in their country, as Texans are expected to be proud of their state, and as we, as citizens of Ozona, are assumed to be proud of our town. It would be difficult to find a city such that its citizens could find nothing of which to be proud.

Some people think that pride brings about conceit and a feelingof superiority which we consider to be wrong. It is true that advocates of equality among men, conceit is a form of pride, but this, a false pride, is not the kind of pride I am considering.

The pride to which I refer is one which is used, or can be used, to unite a group of people to get more good accomplished then any individual could accomplish alone. This kind of pride encourages people with something in common to work together for some common cause; it enables us to preserve the "American Way of Life," the "Texas Hospitality," and the clean appearance of Ozona. Surely no one can say that this is conceit.

Pride in one's school is a very important thing to students and to the school's town. The schools of a city often represent that city and the people who live there.

When our football team goes out of town to play a game, the coaches never give the players a list of "do's and don'ts" to follow. They simply say, "Boys, remember where you're from", and rely upon individual judgement to encourage good conduct. This does a far better job than any set of rules could do. Perhaps the world would be much a better place if more people would remember "where they're from" more often.

TESTS TO BE GIVEN IN OZONA

For the first time, the College Entrance Examination Board and The American College Testing Program will be given in Ozona. In the past, students entering colleges or universities requiring these entrance exams have had to travel to San Angelo.

December 1, 1962 is the only day that the college board can be taken in Ozona. The price for the scholastic aptitude test, a three hour test given in the morning, is $5.00. Afternoon Achievement Test one or all, cost $8.00. Juniors are advised to take college board for practice. Students wishing to take this test should register no later than six weeks before the testing day.

The A. C. T. P. test cost is $4.00. February 23, 1963, has been designated the only testing day in Ozona.

Many colleges and universities now require results of these tests for admission. They are also used as placement tests after admission. Students planning to take any of these exams should be certain they are taking the correct tests required by the college for their choice.

COURT TO BE SCENE OF SIDESHOW

The court house will be the scene of the Sideshow at the PTA carnival. It will be sponsored by the Freshman Class.

It will be a variety show with all Freshmen and one eighth grader as performers.

The Freshmen urge everyone to be there for the show Friday night.

———oOo———

JUNIOR CLASS NEWS

The Junior Class wishes to announce they will start selling mums, Monday. October 15. Anyone wishing to buy a mum for the Eldorado - Ozona football game, November 9. It is hoped that everyone will buy one when the juniors come to your door.

Juniors also wish to announce that they will have the cake auction at the PTA carnival tomorrow night. Anyone wishing to donate a cake to the junior class should contact Mrs. H. C. Noelke at 392-2533. All cakes will be accepted and appreciated.

THE CONFUSED FRESHMAN

By Ronnie Houston

Seen about school is a group of persons, not new in the sense of difference but completely blank of knowledge of direction. These odd creatures for some reason are known as "Freshmen".

At a complete loss, they may be seen looking at numbers on doors, staring about blankly and seemingly trying to work up the courage to ask someone a question. This is all due to the intense mysterry of where each class is. Sometimes a Fish may even find that some backer has brought his class to the wrong room. With only five seconds before the bell what can be done! Panic! Ring, ring! Run.

The greatest test of a freshmans courage comes when he goes to Mr. Pelto's office to ask for a tardy slip "What do I say? Will I live through this?" Again, panic.

As the year draws closer toward the end o fthe term, we find that the freshman now has little trouble finding his class each period. Now a tardy slip is easy to get. All one has to do is ask and then stay "after school" Nobody expects anything from a freshman anyway.

———oOo———

OHS STUDENT COUNCIL HOLDS FIRST MEETING

The Ozona High School Student Council met last Monday, September 17.

Those present included President Penn Baggett, vice-president, Pete Montgomery, and Secretary Janet McAlister. The seniors had representaitves Ronnie Houston, Kathy Doran, and class president Brent Moore present. Representing the juniors were Paul Perner, Janie Gilliam, and Scott Mahon. Joel Huff, Vicki Applewhite, and Mike McCrary were on hand for the sophomores, while Ronnie Mason, Lynn Cox, and David Stokes represented the freshmen class.

It was decided that freshmen week would be from October third through the fifth.

Assembly programs were discussed and planned. Suggestions for assemblies would be appreciated and those wishing to make a suggestion should contact one of the above members.

Also it was decided that Penn Baggett would lead a discussion group at the meeting of the West Texas Forum in Big Lake, September 29, 1962.

Having the Country Store at the PTA carnival, the sophomore class would sincerely appreciate any donations of old books, comics, canned goods, homemade candy, and any similar items. Donors do not have to be a parent of a member of the sophomore class to participate. Those wishing to donate please contact Mrs. James Childress or Mrs. C. O. Walker.

THREE 8-A TEAMS ARE UNDEFEATED

By Robert Cox

"Undefeated Lions" is the cry throughout the halls of OHS. The Lions, having 14-14 tie with McCamey and a towering 36-0 victory over the Bronte Longhorns, have not been beaten this year.

Elsewhere around district 8-A, Big Lake began the season with an open date, and promptly defeated Marfa the following week, and Eldorado has risen victoriously over Rocksprings and Sonora.

These three teams, Ozona, Big Lake, and Eldorado, will be to contenders fo rthe district 8-A title.

The Lions have three more games on the nondistrict schedule. They have an open date this week, but play Rocksprings here September 28, Sonora there October 5, and Robert Lee there October 12.

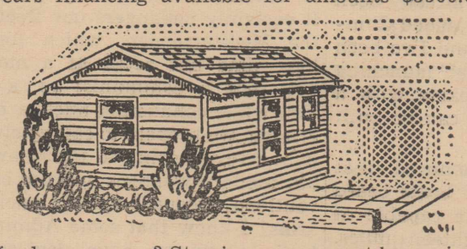

Big Lake has four more nondistrict games to play. They play

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

CHEVROLET

QUESTION OF THE WEEK!

The question of the week is: What do you think really happened to coach Cleeres' hand?

We ask several people what their opinions were.

Here are their opinions.

Helen McCaleb — He probably hurt it making out pep tests!

Dolores Allen — Maybe he kicked his horse and it bit him!

Leroy Cooper — His horse bit him. That's what really happened!

Joey Huff — Somebody on the B tea min football probably stomped it.

It is really up to each of us whether we want to believe Coach Cleere. Maybe he's telling the truth. It's a shame that horses don't talk.

A HOT TIME IN THE OLE' CONCESSION STAND

By Ernie Hanson

Friday night and a football game! A chance fo rthe Senior Class of Ozona High School to make some money, so Senoirs who are not on the football field or in the Band are in the Concession stand working for the good ole' Class of 63. Chosen for the job of the West side Concession stand were Gracie Chandler, Arlene Gotcher, and Ernie Hanson, the main characters in the story of unsung heroes.

One meets a lot of funny people, while working in the concession stand. Some don't want anytihng, some want some of everything.

Before the game starts it's a mad rush down under the stands and everyone seems to want something from the concession stand. There are cokes, candy, cup cakes, and coffee all over everythnig and if one is not careful, he will step in a box of cup-cakes or slip on a coke bottle. Of course, stepping on a bottle on the way to or from the cash box is some thing to look forward to, and there's no "thrill" like it money is scattered everywhere!

Every once in a while a rich customer walks up, buys a cup of coffee, and hands over a ten-dollar bill. Eager senior takes the money and walks slowly back to the cash box. After fifteen minutes of figuring, change is returned — the correct change you hope — and the beaming senior smiles triumphantly, not realizing that the customer has missed a good portion of the football game.

Of course there are always the little ones, who pay a dollar for a coke and then walk off, making someone chase them down to give them their change.

Yes, its quiet a chore being an "unsung hero" but for the class of 63, the seniors will do almost anything.

BITS

By Andie Elliott

It seems that one morning last week coach Dozier some how locked himself and first period algebra class in the algebra room. Penn findly rescued them with the library key.

Teen-ager to inquiring father— I'm reading a mystery book — advanced geometry.

Roger Gotcher had a visit last week-end from Arlene and their mother. Coach Gotcher and his family moved to Burnet last summer where he now operates a hardware business.

Some ex-seniors off to college recently were Herbie Noelke, Barbara Barbee, Lynn McCrary and Pam Jones. Herbie and Pam are Sul Ross bound, while Barbara will attend Texas Tech. Lynn is headed for North Texas.

Robin, Pam, and the rest of the Jones family went to Devil's River last Saturday.

Bill Bowman is "sweet sixteen" today. Happy birthday!

Bryon and Vicki M. have their Model-T in town. Bryon and Scott were seen pushing it down Avenue J Sunday afternoon. Vicki and Bryan hope to be driving it soon. Good Luck!

It seems that coach Cleere has several stories circulating as to how his hand was injured.

It's rumored the fresrmen have really been working hard on their sideshow. Bet it's good!

Notes From The County Agent's Office

By Pete W. Jacoby

NOTES FROM AGEINTS —

October 2 is the date that a supervisor will be elected or re-elected for Zone 4 of the local Soil Conservation District. Fred Hagelstein is the current supervisor of Zone 4. Some kind of conservation program is being planned for Zone 4 land owners on this date in conjunction with the election. Details o fthe program planned will be published in next week's edition of this paper.

A number of 4-H members are getting their feeding projects underway for the year. Those who have made plans for the commercial fat lamb county program are Rex Bland, Jack Applewhite, David Jacoby, Tom Davidson, Fred Baker, Cuatro Davidson, Mike Baker, Jill Graves, Duwain Vinson, Roy Fleet Coates, Eugene Vinson, Morris Lee Coates, Charles Childress, Steven Hubbard, Larry Williams, Fred Deaton, Bill Everett, Kathy Williams, Alton Everett, Gary Lee Sutton and Buddy Couch.

Lellee and Keith Mitchell will have registered Rambouillet sheep programs. Buddy and Diana Couch have a registered Angus heifer and an Angus fat steer. Larry Williams plans to feed some steers and registered Hereford cattle. Paul and Phillip Perner plan to feed some commercial Rambouillet ewe lambs. Penn Baggett and a number of 4-H members will feed some show lambs. 4-H members will select their show lambs at the Bill Baggett ranch, Saturday morning at 9 o'clock.

A number of 4-H members are plannnig to carry out Quarter Horse feeding projects this winter. Any 4-H member who has not made plans with the county agent for a feeding project should do so at once.

Judy Black, daughter of Mr. and Mrs. Charlie Black, has settled down at Stephens College at Columbia, Mo. In a letter to the Stockman to give her address to receive the paper, Judy comes forth with "an idea, too late, that you might want to use sometime." And Judy says it would be nice if we could "print all the names and addresses of the college people from home before they leave." As you might have read, there's around 90 of them from Ozona! But the idea is good and, at least, here's Judy's: Box 851, Stephens College, Columbia, Mo. Hope she gets some addresses.

Former Ozonan Named Head of Blood Supply Business In Dallas

Lynn Parker, son of Mr. and Mrs. Guss Parker of Ozona, has been named general manager of the Community Blood and Plasma Service of Dallas.

Parker, a 1955 graduate of Ozona High School, obtained his applied science certificate from San Angelo College. He completed his work for a BS degree at Southwest Texas State College at San Marcos and received a degree in medical technology from Parkland Memorial Hospital in Dallas and a degree in radiography from Medical Arts Hospital in Minneapolis, Minn.

Prior to receiving the Dallas appointment Parker was employed at the Lillian M. Hudspeth Hospital in Sonora. He was formerly a medical technologist for Dr. Lloyd R. Hershberger of San Angelo and also was employed at the Clinic-Hospital in San Angelo before going to Sonora.

October-November Lamb-o-Rama Time

In October and November Lamb will be abundant and inexpensive. Try it seasoned a special flavor a combniation of rosemary, tarragon, oregano and savory.

Have your meatman cut steaks from a leg of lamb and use the rest for a small family roast or overbaked shish-kebob.

Broiled Lamb Steaks

3 lamb leg steaks about ½inch thick
⅛ teaspoon seasoned salt
1 tablespoon butter or margarine
¼ cup finely chopped green pepper
2 tablespoon brown sugar
2 tablespoon vinegar
¾ cup stock or bouillon
¼ teaspoon lamb seasoning

Sprinkle lamb with seasoned salt. Melt butter or margarine. Add green pepper and cook over medium heat, stirring occasionally, 5 minutes.

Add remaining ingredients except lamb; mix well. Pour stock mixture over lamb and chill, turning occasionally 1 to 2 hours. Remove lamb; reserve stock mixture.

Broil steaks 3 or 4 inches from source of heat 3 minutes—top with half of stock mixture, broil 3 or 4 minutes and turn. Top with remaining stock mixture. Broil 5 to 7 minutes, or until desired degree of doneness. Garnish with parsley if desired.

Mrs. George Montgomery

Lamb Sauce Anita
(1 cup)

½ cup brown sugar
½ cup currant jelly
1 tablespoon dry mustard
3 egg yolks
½ cup vinegar

Mix brown sugar, jelly, mustard and egg yolks and cook in double boiler until thick. Add vinegar slowly, beating between each addition.

Good with lamb, also good with ham or turkey. Keeps well when refrigerated.

Mrs. J. C. Montgomery

Woman's Club Opens Season With Supper For Husbands Tuesday

Ozona Woman's Club will open its 1962-63 club year with an Americansim Day program at the home of Mr. and Mrs. Ira Carson Tuesday evening, Sept. 25.

The occasion will be a Hawaiian Luau, a covered dish supper, to start at 7 p. m. in the Carson garden. Husbands and guests of the club members will be honored on the opening program.

The club's program theme for the year is "America Changes." The opening program will be titled, "Hawaii Changes to Statehood." Mrs. Ira Carson, program leader for the evening, will show slides taken on a vacation trip she and Mr. Carson took to the Islands this summer, and comment on facts of interest on the Hawaiian Islands.

The invocation will be by Mr. Carson. Mrs. O. D. West, president, will open the meeting with a welcome to members and guests.

A Creek In My Back —

(Continued from Page One)

How about five doctors all named Hurt — and not one a dentist? Would'nt it be a clever stunt for Photopragher Neil Good to kneel good and take a photo of the Crouch Brothers, who are house-movers and contractors?

And, finally, in my phone book I find forty Huffs and a hundred and nine Poffs. How come no Huff and Poff ever went into business together?

I can see it now. Three prominent and honored names. A wrecking concern that ought to do right well, known as Huff & Puff & Basham.

———oOo———

Oral Vaccine —

(Continued from page one)

Rotary Club which offered to underwrite the program. Under the Eight-County Medical Society program, however that group plans to underwrite the cost, any profits which may accrue from a voluntary contribution plan to go to selected charities. Contribution boxes will be at the exits where those who wish may contribute toward the expense of the program. It is said that 25 cents a dose will cover the cost.

Parental authorization for administering the vaccine to children must be given before children can be given the vaccine and forms for such permission will be made available throughout the community in time for the opening session in the three-dose program.

Football —

(Continued from Page One)

Bronte, put on its only sustained drive of the night, picked up some of the yardage it gained, and four of its six first downs, by driving from their own thirty to the Lion 20 where two attempts to pick up a yard failed and the Lions took over.

The Lions were not long in widening the gap in the third period as they took over from the Longhorns who recieved the kickoff. They drove for 60 yards and the third score with Vargas getting the score from the 4 yard line with a counter to the left side. The pass attempt fo rthe extra points was not good.

Reserves poured into the lineup following the third marker and the offensive regulars saw little action from the middle of the third period on, except for Leroy Cooper at quarterback, who went all the way.

In the fourth period despite the presence of reserves the Lions moved the ball at will and scored 16 points, the latter 8 of which came from a drive which was entirely in the air.

Pete Monegomery, in at defensive safety, got the first drive started by intercepting a pass on the Ozona 35 yard line.

Aaron Shackelford hit Dubbie Scrivner with a 19 yard pass and Cooper pitched to Mahon for 12 more. Vargas broke through for 10 and Scrivner, running nicely, picked up 10 more before Montraced 14 yards for the score. Shacgomery returned to the game and kelford rammed over the 2 points and the Lions were leading 28 to 0.

The final tally o fthe night came in the fading seconds of the game when the Lions, with all subs in the line and in most backfield posts, went into the air on four plays and then sent Scrivner over untouched from the 4 yard line.

The drive started with a 17 yard pass from Cooper and Scrivner and was followed by a 10 yard gainer from Cooper to Bowman who made a nice catch despite being tightly covered.

Cooper, throwing smoothly and with great accuracy, hit Semmler over the middle for 15 and then Bowman made the night's best catch in picking up a 9 yard gainer from off his shoe tops.

Bernabe Villareal plunged to the 4 and Scrivner took it over.

Ronnie Houston tacked on the two points on a slant into right tackle and the scoring was over, the Lions winning 36 to 0.

Pete Montgomery had a fine night picking up 176 yards rushing, intercepting a pass, and playing a fine game as linebacker on the right side of the defensive line. Montgomery carried the ball 17 times for the night with only two of his carries coming after the second series of downs in the third period.

Richard Vargas had 57 yards, Aaron Shackelford 50, Dubbie Scrivner 45 and Bernabe Villareal 28 to round out the ground attack.

In the air the Lions threw 12 times, two of those being point after score attempts. Eight of the throws were complete, one of them a point after try. The attack netted 107 yards.

The Lions had a whopping 25 first downs to just 6 for Bronte but also collected nine penalties which at times blunted the effect of the Ozona attack.

First Portable Nuclear Power Plant Dedicated

Sundance Air Force Station, Wyoming — Staff Sergeant Floyd J. Morehouse of Robbinsdale, Minn., is serving at this Air Defense Command radar station where the first portable nuclear power plant built for the Air Force was dedicated Tuesday (Sept. 18).

Sergeant Morehouse is a refrigeration supervisor in the unit which will receive all its electrical power from the 65-pound nuclear core. Power-using equipment to be supplied by the plant includes the heavy radars which maintain a round-the-clock watch as part of the North Ameircan Air Defense Command's aerospace surveillance system.

The sergeant, a graduate of Robbinsdale High School, is the son of Mr. and Mrs. Silas A. Morehouse of 3826 Perry Ave., Robbinsdale. He is married to the former Alma A. Caskey, Ozona, Texas.

The nuclear power plant, which replaces conventional power generators which used more than a million gallons of fuel oil a year, is located where the Plains Indians once danced for their sun god.

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better ... and, it costs so little, you can use lots of it.

FREEZER TIP... Sprinkle your clothes and place in Freezer for about 10 minutes and they will be ready for ironing.
