

The Gay Philosopher

By J. W. S.

A THANKSGIVING letter is the title of a clipping somebody handed us. It is appropriate at this time, and we reprint it as follows:

Dear Lord:
Forgive us for setting aside only one day a year to openly render our thanks unto You for Your material and spiritual blessings so abundantly bestowed upon us.

We thank Thee for guiding the Founding Fathers of our great nation; for helping them to constitute a new concept of government predicated upon the principle that Man alone is supreme upon this earth.

We thank Thee for aiding our leaders through the critical days of our nation's adolescence.

We thank Thee for the manifold helps given to us that have made our country industrially, agriculturally and morally great.

But now, most of all, we thank Thee for giving us a few great statesmen with the courage and brilliance to speak forth and fight against the great cloud of tyranny that hangs over the world. These shining lights in a world beset by darkness are the knights in armor fighting to preserve Your teachings and our great government which is based upon Your principles.

We pledge ourselves worthy of Your confidence and Your trust. We pledge to You, our Creator, that we shall never permit the light of Freedom to be extinguished on this earth.

We thank Thee.

We thank Thee.

GUESS WE CAN all be thankful for good crops this year. Up at the Cisco Peanut Company yesterday, Mr. Zan Burroughs reported that they have purchased between 800 and 900 tons this year. He estimated that the 1953 crop is 75% in. This is the best year since 1948 when the local mill bought 2700 tons.

THE HARVEST of the deer crop continues to be good. Up at the Cisco Locker Plant yesterday, we saw 11 deer brought home by the local party that went out Alpine way. Making the trip were Bill Tyler of Rising Star, Buddy Carl of Fort Worth, Sam Akin of Monahan, Pete Dunning, I. J. Henson, Albert Hansen, Carl Lamb, R. E. Grantham, Joe Ben Hamrick, Jack Anderson and A. D. Anderson, all of Cisco.

Mr. Shy Osborn took a picture of the hunters and their deer and it will appear in The Press about Sunday.

TWO HALLIBURTON Oil Well Cementing Company workers — Ruble Killman and James A. Tibbs — brought home a buck from up Strawn way. The Halliburton fellows haven't been able to find out yet which one of them shot the handsome buck. . . . Mr. Bob Ellison and Mr. Zan Burroughs drove out to Marfa over the weekend and brought home one deer. . . . And Mr. W. B. Wright and party brought one home Sunday night from down south. . . . Mr. A. Z. Myrick at the Locker Plant reports that they have some 25 deer in storage there now.

CELEBRATING birthdays (other than those already named) this week are Mrs. Dee Cobb, Nov. 27, and Mrs. A. J. Ward, Nov. 28. . . . Ran into Mr. Lee Leiske, the peacan farmer, and he reports that the Phillips Petroleum folks are getting ready to drill an oil test on his place south of town. Real soon, too.

THE MEN FOLKS of the Calvary Baptist Church have notified Mrs. Peggy Gallagher of the C of C that they'll be glad to repair damaged toys to be given to the City Welfare Agency for distribution at Christmas time. If you have any old toys that you'll like to donate, leave them at Mr. H. N. Thompson's garage at 202 East 6th and the Calvary church men will repair them.

COMES A "Thank You" note from Mrs. J. V. Heyser, Sr., for helping the Cisco Hobby Club through our publicity columns last summer. We're glad for any opportunity given us to help. We think that a lot of us ought to send "thank you" notes to Mrs. Heyser, for she was the originator of the Hobby Club that has done such a splendid job for the young girls of our town. And all of us hope for Mrs. H., who has been ill, a speedy recovery.

Wrangler End On All-State Junior College Eleven

Cisco Junior College's stellar end, Bud Miller, won all-state honors this week when he was named to the second all-state junior college team. The selections were made from players on all junior colleges of Texas.

Arlington State and Tyler Junior College dominated the teams with five and four players respectively.

Jimmy Adams, hard running Cisco back who broke a leg in the Blinn game, was given recognition and would have been selected for a first or second team rating had he finished out the season.

Only four Texas Junior College Conference players were named to the first and second teams and for honorable mention. They were Dennis Shaw of Henderson County, an end who was selected to the first team; Miller on the second team; Bobby Lynch, Blinn backfield ace on the second team; and Harvey McNeill of Navarro, who received honorable mention at center.

Joe Angel of Ranger and Ludie Bitner of Tarleton were first team choices at guard posts. The Wranglers played against both players in early season games.

Janet Ferguson, student at the University of Texas, is to arrive this evening to spend the Thanksgiving holidays with her parents, Mr. and Mrs. Homer Ferguson.

Mr. and Mrs. Bill Watts and children of Fort Worth are to be spending the Thanksgiving holidays with her father and wife, Mr. and Mrs. J. R. Petty.

LOBO BASKETBALL TEAMS BEAT GORMAN QUINTETS IN OPENERS

It was a clean sweep for Cisco at the Community Gym Tuesday night as the Lobos and the Queens won their first official cage games of the season from the Gorman High School teams.

The Queens started the ball to rolling by taking a thriller from the Gordon girls by a score of 44-42. Coach Wimbish used 10 players in the contest. Kitty Lou Phippen took high point honors for the game when she hit the hoops with nine field goals and two free throws for a total of 20 points. Flory of Gorman was hot on her trail with 19 points. Bonnie Owens, freshman sharpshooter, made 12 points for Cisco and F. Robertson made 12 for Gorman to tie for third place in the scoring department. Marie Borst made six of the Cisco points while Donnie Owens made five. Venita McLester made the other Cisco tally.

The two teams were evenly matched and the score was close all the way. The Queens were leading 30-22 at the half.

Playing for the Queens were Bonnie and Donnie Owens, Kitty Phippen, Marie Borst, Venita McLester, Bobbie Huffman, Martha Eudy, Loretta McKinney, Melba Harrison and Trece Edwards.

The Lobos had to come from behind to drop the Gorman cagers 41-34. George Callarman took high point honors with 13. He made five field goals and three free throws for the Lobos. Ocel Gilmore took second place in scoring with 12. The lanky Gorman center made three field goals and six free throws. Neal Gilbert of Gorman was in third place with 10 points. C. W. Keller of Cisco and Bob Love of Gorman tied for fourth place with nine each.

Gorman took the lead early in the game and the score was 13-9 in favor of the visitors at the end of the first quarter. Coach Al Langford's boys closed up the gap in the second period and tied it up near the close of the quarter. With seconds to go the Lobos sank a field goal to go ahead 23-21.

CITY BUYS NEW MOTOR GRADER AT TUESDAY COUNCIL MEETING

The City Commission voted to purchase a new motor grader for the Street Department at a cost of approximately \$5,000 at the semi-monthly meeting Tuesday night at the City Hall. Bids were opened for the new street maintenance machine.

The Street Department has needed the new grader for several months to replace one that has been in use for many years, Commissioner Albert Hansen said. The new machine will be delivered to the city in the near future.

In other action, the commission approved plans to move one of the five barracks buildings owned by the city in southwest Cisco to the City Street Department tool yard. Half of the building will be used as a garage warehouse, and the other half will be an apartment for rent to a night-watchman.

The other four barracks buildings will be offered for sale for \$500 each to be moved or \$800

Four Businesses Are Victims Of Thursday Robbery

Burglars broke into two Putnam grocery stores, a filling station and a drug store last Thursday night, making off with several hundred dollars worth of merchandise.

Maynard Service Station reported the loss of between 150 and 200 gallons of gasoline. The drug store lost about \$125 worth of electric clocks, perfumes, cigarettes and other valuable items.

The White Grocery Store lost some 15 dressed chickens, a quarter of beef, sausage, box bacon and several cured hams, along with canned goods and cigarette. The safe was broken open but nothing was missing. The goods were valued at between \$350 and \$400.

Adams Grocery lost merchandise items, too, valued at from \$150 to \$200.

The doors of the businesses were forced open. It was believed that a truck was used by the burglars to haul away the loot. It was understood that officers found a number of fingerprints.

Mr. and Mrs. Bill Anderson and daughter, were weekend visitors in the home of Mrs. Anderson's parents, Mr. and Mrs. J. E. Free. The Andersons are from Midland.

LET US GIVE THANKS

It was with grateful hearts that the members of both Houses of Congress adopted a joint Resolution requesting the President of the United States to recommend to the people a day of public Thanksgiving and Prayer.

The year was 1789. The president was George Washington.

In the first paragraph of his official Thanksgiving Proclamation, Washington said:

"Whereas it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly implore His protection and favor; and whereas both houses of Congress have, by their joint committee, requested me to recommend to the people of the United States a day of Public Thanksgiving and Prayer, to be observed by acknowledging with grateful hearts the many signal favors of Almighty God, especially affording them an opportunity peaceably to establish a form of government for

their safety and happiness." When this Thanksgiving Proclamation was issued, our country was young and weak and poor. Its four million people were beset by trials and tribulations. Life was rough and rugged and hard. The task of providing even the bare necessities of life was a desperate struggle which taxed the strength and the courage of the pioneers. But even though these hardy pioneers of 1789 were poor in material goods, they were rich in faith, in courage and in gratitude. And thus it was they joined together, with humble and grateful hearts, to give thanks for their blessings, meager though they were.

Today, one hundred and sixty-four years since the first official Thanksgiving Proclamation was issued, our country no longer is weak or poor, although it still is young by comparison with the nations of Europe and Asia.

Now it is a powerful and prosperous nation. Its one hundred sixty-odd million people today enjoy more of the good things of life than any other people on earth. In all of history, no other people have been so well fed, so well clothed, so well housed, or enjoyed such a high standard of living. Materially, we are the richest people the world has ever known.

Of the two billion people who populate the world today, those of us who live in the United States are the most fortunate . . . and the richest in material blessings. The hearts of all of us on our railroad . . . and everywhere . . . should be filled with a spirit of gratitude on Thanksgiving Day, for a Divine Providence has been good to us — By W. G. Vollmer, President, Texas & Pacific Railway Company.

Mrs. Guyton was transacting business in Abilene Tuesday.

Here's why thousands of TEXAS motorists are switching to

New Conoco Super Gasoline with TCP*

The Greatest Gasoline Development in 31 Years

Restores "new car" power!
Increases spark-plug life up to 150%!
Gives you extra gas mileage, too!

All over Conocoland the story is the same. Every day, thousands upon thousands of motorists are switching to new Conoco Super Gasoline with TCP.

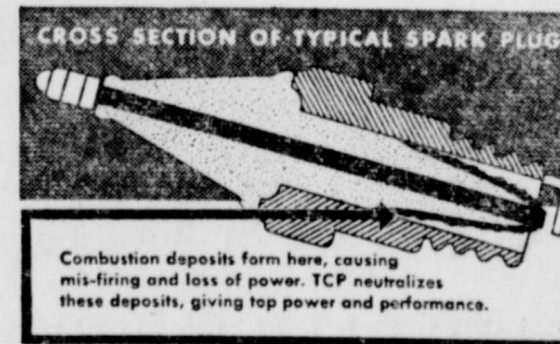

What's the reason for this big switch? Why are motorists leaving brands they've been loyal to for years? The reason is simple: New Conoco Super Gasoline with TCP is the greatest improvement in gasoline since the introduction of tetraethyl lead in 1922!

Motorists tell us they can actually feel the difference in car performance after just two tankfuls. For new Conoco Super with TCP dramatically overcomes the greatest single cause of power and fuel waste affecting most of the cars on the road today.

Combustion deposits reduce power

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping."

*Trademark owned and patent applied for by Shell Oil Company

The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

How Conoco Super Gasoline with TCP works

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes the loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super Gasoline, your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

TCP helps your car—whether new or old

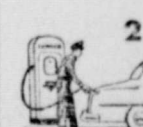

Whether your car is new or old, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

See what Conoco Super with TCP can do for your car—

Start the "TWO-TANK TEST" today!

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super Gasoline with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so...

2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.
