Spraberry Failure In C-W Glasscock To Test Ellenburger

York & Harper, Inc., of Midland is to deepen a Spraberry failure at the northeast edge of the Tex-Harvey field of Central-West Glasscock County to 12,500 feet for a test of the Ellenburger.

The project, 660 feet from south and west lines of the northwest quarter of section 9 block 38, T-3-S, E-10-W, is in the Spraberry, waiting for large rig to be moved in. Operator tested both the upper and lower Spraberry without developing commercial production.

The project is the firm's No. 2-9 Eula Woody. It is slightly more than one-half mile northwest of Amerada Petroleum Corporation No. 1 Eula Woody, a Spraberry producer.

The only other Ellenburger test drilled in the area was W. W. Cumberland and Ted Wetner, et al No. 1 Powell, two miles northwest of the discovery well of the Germania field. It was drilled to total depth of 11,850 feet in the Ellenburger where it made only salt water. That formation was topped at 11,740 feet, elevation 2,865 feet.

No. 1 Powell was plugged back for tests in the Spraberry. It is now sitting idle. No. 2-9 Woody is nine miles south of No. 1 Powell.

Pennsylvanian Oil Recovered On DST In Midland Wildcat

The Blackwood & Nichols Company found good indications of a possible Pennsylvanian discovery on a drillstem test in its No. 1 Hofferkamp, wildcat in North-Central Midland County.

A lime stringer was tested four hours from 11,157 to 11,214 feet. Gas surfaced in three hours and 25 minutes. Recovery was five feet of free oil, 1,000-foot water blanket and 57 feet of slightly oil and gas-cut drilling mud. No formation water was opened.

Open bottom hole flowing pressure was 325 pounds and shutin pressure after 15 minutes was 2,535 pounds.

The exploration is now drilling below 11,214 feet.

Drillbit is 1,380 feet from south and 660 feet from west lines of section 19, block 38, T-1-S, E-10-W, and two and one-half miles northeast of the city of Midland.

APCO and others find more shows on DST in Upton.

Anderson-Prichard Oil Corporation, Greenbrier Oil Company and Mendota Oil Company No. 1 R. S. Windham, West-Central Upton County wildcat, is drilling below 10,331 feet in chart after finding more shows for possible production in the Pennsylvanian.

A drillstem test from 10,280 to 10,316 feet, with tool open two hours, developed 180 feet of oil and gas-cut mud, no water and no free oil on the recovery. Gas surfaced in one hour and 20 minutes.

Shut-in pressure after 20 minutes was 3,800 pounds.

The project is now drilling in a section thought by some observers to be the Bend zone of the lower Pennsylvanian.

This possible discovery is at the center of the southwest quarter of the southwest quarter of section 108, block D, OSBERG survey.

Kerr Of Midland To Address Meeting Of API Tuesday Night
William L. Kerr, Midland attorney, will address the monthly meeting of the Permian Basin Chapter of the American Petroleum Institute at 6:30 p.m., Tuesday night in Odessa.

Following Kerr's address a barbecue dinner will be served. An attendance of more than 500 persons is expected.
Roy E. Carter of Kermit, chapter chairman, will preside.
The program and the barbecue will be held at the Ector County Park.

Howard Venture To Test Show Of Oil In San Andres
Christman & Welborn, Salt-mountain Oil Company and Peeler Brothers No. 1 William Bogie, wildcat in Northeast Howard County, logged oil stains and odor in samples in the San Andres at 2,450-95 feet and is preparing to file a drillstem test to check those indications of possible production.

Reds Write Answer To Ridgway Note Revives Allied Truce Parley Hopes

TOKYO —(P)— The Communists will send a new message to the Allies Wednesday, raising hopeful speculation that the cease-fire negotiations may resume soon.

The nature of the Red message was not indicated. A report from the advance camp at Munsan told of a general belief the Reds would agree to a preliminary meeting of liaison officers.

Should the meeting come off, it was considered likely the liaison officers would reach some sort of an agreement so that the truce talks —broken off by the Reds August 23—could resume.

The Communists asked Allied liaison officers Tuesday night to pick up the message at Panmunjom, proposed new locale for the talks, at 8 a.m. Wednesday (5 p.m., CST, Tuesday).

That is only two hours before the time suggested by General Ridgway for a meeting of liaison officers in the Panmunjom area to lay detailed plans for renewing cease-fire negotiations.

The Reds gave no indication what the message would contain. They sent word of the message to Munsan, advance headquarters of the UN Command armistice delegation, where reports circulated that there may be changes in the five-man Allied truce team.

There had been no indication top Red commanders had drafted their reply to Ridgway's message broadcast Monday night. In it he agreed to renew truce talks in the vicinity of Panmunjom, but declined to enlarge the neutral zone as the Communists wanted.

Ridgway also suggested the preparatory Wednesday session of liaison officers.

They met briefly in a blanketed Panmunjom Tuesday morning, when Allied officers delivered Ridgway's message accepting the vicinity of that Red check point as a site for resuming negotiations which the Communists broke off August 23 at Kaesong.

Texas Flow Boosts U. S. Crude Output To New High Record

TULSA —(P)— U. S. crude oil production soared again during the week ended October 6 to a new daily average of 6,261,935 barrels. The Oil and Gas Journal reported Tuesday.

This was an increase of 32,010 barrels daily over the previous week.

Top-producing Texas furnished most of the net gain with a 31,600-barrel boost to 2,859,200.

The second-largest supplier, California, had a 3,500-barrel increase to 988,200. Kansas added 2,450 to 332,800. Mississippi climbed 1,585 to 100,335, and Oklahoma increased 1,550 barrels to 506,900.

Other gainers were Indiana, up 1,400 to 32,300; Montana, up 500 to 25,000; the Eastern fields, 400 to 58,500; Colorado and Kentucky, each 200 barrels to 78,300 and 32,200, respectively; Utah, 100 to 3,500; Arkansas, 50 to 77,300; and Nebraska, 50 to 7,400.

Louisiana topped the five losing states with a loss of 6,425 barrels to 619,325.

Michigan fell 3,800 to 37,100, Wyoming dropped 1,900 to 187,300, New Mexico lost 800 to 14,775 and Florida declined 150 to 1,550.

Alabama's production was unchanged at 3,950 barrels.

Sharp Gain Reported In Postal Receipts

Postal receipts in Midland were 25.58 per cent greater during the quarter of July, August and September than in the same three months last year.

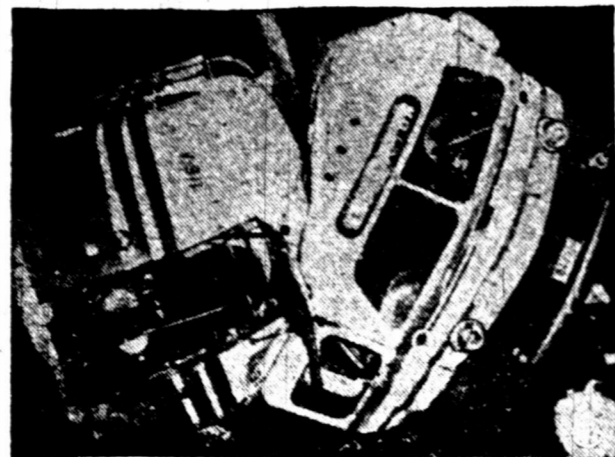

Receipts at the Midland Post Office so far this year, according to Postmaster N. G. Oates, total \$266,918. September, 1951, had 38.39 per cent more receipts than September, 1950.

Quarterly receipts this year amounted to \$91,756, compared with \$73,068 in the same period last year.

Receipts by months this year were: January, \$31,522; February, \$25,945; March, \$29,808; April, \$28,851; May, \$29,860; June, \$38,972; July, \$30,478; August, \$31,183, and September, \$30,478.

Midland's last record year in postal receipts was 1950, when the total was \$310,896. This was a 21 per cent increase over 1949's total of \$255,160.

"This year is apt to be another record-breaking year, well in excess of \$300,000," Oates said.

Chinese Reds Slow Advance Of UN Troops

EIGHTH ARMY, KOREA —(P)— Chinese Reds, shifted to crucial fronts, fought fierce, hand-to-hand battles Tuesday with attacking American troops on western and eastern fronts.

First Division cavalrymen hacked out gains of more than a mile near Yonchon on the western front.

Chinese, thrown into action on the eastern front for the first time in five months, checked Second Division attacks on peaks near bloody Heart-break Ridge.

The Chinese shifted east to halt the Allies, who have gained up to 15 miles there since the Reds broke off cease-fire talks August 23.

Since they broke off negotiations the Reds have suffered almost 80,000 casualties by U.S. Army estimates.

Pilots reported they killed or wounded more than 400 Reds Monday—the heaviest toll in months.

The Navy announced Red mines and shore guns damaged two American warships. Twenty-seven Americans were killed or wounded.

Reluctant Draftees
Officers described new Chinese troops as mostly "reluctant draftees," rather than professional soldiers.

An Army communiqué reported attacking Allied forces in the eastern ridges were held to gains of a few hundred yards—or none at all.

Elsewhere along the front, no significant action was reported in an early afternoon communiqué issued by the U.S. Eighth Army.

Allied troops in the west fought off a series of Chinese probing attacks made under cover of darkness. They began Monday night and continued up to dawn.

The U.S. Cavalry division attacked after daylight Tuesday north-northwest of Yonchon. The foot troops drove 2,000 yards forward in the morning.

This battle, scene of a heavy artillery duel Monday, was about 20 miles northeast of Panmunjom, proposed locale for renewing armistice talks.

The communiqué reported two Allied attacks Tuesday in the vicinity of Heartbreak Ridge, 20 miles north of the 38th parallel. A Red battalion along a ridge stopped one assault in its tracks in the morning. The other hacked out gains of 200 to 400 yards against North Koreans.

Police Recover Stolen Automobile In Record Time

Police recovered an automobile in record time Monday night.

An oil field worker reported his automobile taken from the 100 block of South Main Street and gave the information to Officer Otis Davidson.

As Davidson gave the information to headquarters, Officers Leon Williams and Johnny Davis stopped an automobile on East Highway 89 and proceeded to give the driver a ticket for driving without a license.

They made a routine check with headquarters and discovered the car had been stolen only a few minutes before.

The driver, an Odessa man, is being held in the Midland County Jail.

Inquiry On Tax Offices May Spread

WASHINGTON —(P)— James P. Finnegan, former U. S. tax collector in St. Louis, testified Tuesday that when he took the job in 1944 he was assured it would be all right to continue his law practice on the side.

He said the assurances came from the late Robert Hannegan, then Internal Revenue commissioner, later Democratic national chairman, and postmaster general.

Finnegan testified before a House Ways and Means subcommittee which is looking into his sideline activities as part of a general inquiry into administration of the nation's tax collection business.

Under Grand Jury Probe He resigned as St. Louis collector last April and his handling of the office now is under investigation by a St. Louis grand jury.

Federal intelligence agents have testified Finnegan or his family received \$6,193 from a St. Louis insurance firm specializing in selling insurance to firms and individuals in trouble with the collectors' office. Finnegan said the money was legal fees.

Before the hearing, Committee Counsel Dewing said other collectors may come into the subcommittee's hearings.

"There are other collectors' offices under investigation now. The results of those investigations are not complete yet, but it is entirely possible they will be brought into public hearing." He said the Detroit Internal Revenue office is "definitely" one of the offices under investigation.

Commissioners Meet To Consider Road Bond Election Call

The Midland County Commissioners Court was scheduled to meet at 1 p.m. Tuesday and a call for a special \$500,000 road bond issue election was seen as possible.

County Judge Clifford C. Keith said petitions calling for the election were being rushed to completion Tuesday morning.

If they are presented in time for action, at the afternoon session, he said, the election probably will be called.

The proposed bond issue would finance construction of a paved loop highway into the Tex-Harvey and Driver oil fields as well as several other road projects in the county.

Congress Still Has Much Work To Finish Before Adjournment

WASHINGTON —(P)— Lawmakers took a look at the tally sheet on appropriations bills Tuesday and decided Congress would be lucky to get out of town by November 1.

Six of the 13 major bills carrying funds to run the government still must be acted on. At least one of these, carrying money for military and economic aid to foreign countries, promises to stir up controversy.

Senate Democratic Leader McFarland of Arizona has fixed October 20 as his latest adjournment target. But other senators said privately they did not think that was realistic. House Speaker Rayburn (D-Texas) said "maybe" Congress can wind up its work this month.

Wednesday Last Day For Shooting Doves

AUSTIN —(P)— The mourning dove season ends for Texas' North Zone at sunset Wednesday, hunters were reminded Tuesday.

Howard Dodgen of the Game and Fish Commission said the curtailed hunting hours in the North Zone was due to have been justified. Most hunting has been reported on the lean side.

C. Of C. Directors Endorse Proposed County Bond Issue

Chamber of Commerce directors, at their meeting Monday afternoon in Hotel Scharbauer, endorsed the recent action of the C. of C. Highway Committee in recommending to the Commissioners Court that a \$500,000 Midland County bond issue election be called promptly to finance a proposed paved road into the Tex-Harvey and Driver oil fields, as well as other road projects in the county.

The action came after John P. Butler, chairman of the highway panel, had explained the overall highway program and told of the urgent need for providing paved roads into the active oil areas.

"Now is the time the roads are needed," Butler stated.

Petitions requesting the election be called were circulated here Monday.

Ribbon-Cutting Planned
Plans for a ribbon-cutting ceremony to be held later this month in connection with the official opening of the new four-lane, divided highway between Midland and Odessa were reviewed by Butler and Manager Delbert Downing. Under present plans, the ceremony would be arranged and presented jointly by the Chambers of Commerce of Midland and Odessa, in cooperation with the Commissioners Courts of Midland and Ector Counties.

Saturday, October 20, was announced as a tentative date for the starting of the ceremony commemorating the opening of the new highway.

RFC Chief Defends Gabrielson's Actions

WASHINGTON —(P)— Administrator Stuart Symington Tuesday said the RFC's loan negotiations with Republican National Chairman Guy Gabrielson have been "a very normal thing."

Symington was asked whether the RFC gave the matter any more attention than usual because Gabrielson personally negotiated an \$18,500,000 loan for the Carthage-Hydrocal Corporation of Texas, which Gabrielson heads.

Texas Enjoys Cool, Fair Fall Weather

By The Associated Press
Texas Tuesday had the perfect fall weather.

Clear skies prevailed from Texline to Brownsville. The sunshine was bright but there was the cool nip in the air. The Weather Bureau says it will be that way the rest of the week.

Temperature ranged from 41 at Dalhart and Junction to Monday afternoon's high of 86 at Presidio.

A slow warmup was forecast through Wednesday but a cool air mass is due to move into the state by Thursday to invigorate football weather this weekend.

U. S. Navy Tanker, Freighter Collide

NORFOLK, VA. —(P)— The Navy tanker Sumlino and the American freighter Saxon collided early Tuesday, 12 miles off the North Carolina coast. They reported they received "superficial damage," the Coast Guard said.

Both ships requested an escort, however, and the Coast Guard dispatched the cutters Barataria and Marion and a search and rescue plane.

Dispute On Texas' Oil Flow Looms

BEAUMONT —(P)— A clash between state and federal officials over Texas oil production levels was expected at the Mid-Continent Oil & Gas Association convention here Tuesday.

A regular statewide railroad commission hearing on oil allowances was scheduled Tuesday afternoon as a part of the two-day annual meeting.

In a press conference Monday, Bruce K. Brown, deputy petroleum administrator for defense, said he hoped the state's record output of crude and refinery products could be continued at the present rate.

Previously, the two senior members of the state regulatory body—Olin Culbertson and Ernest O. Thompson—declared present production levels are damaging Texas oil wells and reserves.

Brown, who was to attend the hearing along with other PAD officials, said continued production would avert what he saw as a threatened shortage in the first quarter of 1952.

Texas oil production levels have been increased substantially the last two months. Oil men said the hike was needed to take the place of Iranian production, which went mostly to Western Europe.

Brown and other PAD officials appeared before the Railroad Commission in support of the initial production hikes.

King Family Loves Now In Real Snafu

HOUSTON —(P)— The romance and rumored romances of Sheppard King III and his sister had his wealthy, socially prominent mother in a whirl Tuesday.

"This is the most complicated thing I've known," she said, after taking stock of:

1. Sheppard's announcement he intended to marry an Egyptian belly dancer and become a Moslem.

2. The reported romance between Patricia, 18, and an Egyptian fencer.

3. The reported secret re-marriage of Sheppard and his former wife, Gloria.

Mrs. King has threatened to disinherit young Sheppard, whom she described as having no business but "play business."

Gloria King and Patricia returned Tuesday after the European tour that brewed the romances, rumored romances and front page stories across the globe.

The two were in no mood to talk. Gloria snapped they had been "persecuted by reporters all the way from Rome. I wish they'd leave us alone."

Gloria denied she re-married Sheppard.

The mother, Mrs. Bonner King, said "I'd like to know the truth of it myself. It would be nice to know whether Sheppard is re-married to Gloria or not."

She said until she had a talk with Patricia she wouldn't comment on her son's planned marriage to the dancer he met, wooed and won in about three hours time.

Pledges Sought To Promote Pappy To White House

ARLINGTON —(P)— Garfield Crawford, who has been associated with former Senator W. Lee O'Daniel since 1938, Tuesday said he is seeking money to finance a campaign for president by O'Daniel.

Crawford has sent out some 8,000 form letters to 36 states.

"Thousands upon thousands of good patriotic people from over the nation are pledging their vote and their untiring support to him if he will run for president, and lend his best efforts to cleaning up the present mess in Washington," Crawford said.

Crawford asked pledges for monthly payments until the election next year.

He said the letters were being sent to persons who have written O'Daniel and asked him to run for president.

Hollywood Smarts At Rabbi's Blast At Hollywood Marriages

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD—Hollywood's still smarting over Rabbi Edgar F. Maguin's theory about curbing the rash of short-lived Hollywood marriages. The Rabbi hit the nail right on the head with: "Marriage certificates are not intended to be used like streetcar transfers."

A legal tempest is brewing in Nevada over Hollywood stars who complete necessary residence and accept out-of-state work before getting around to filing for divorce. The boys in the black robes insist that Rita Hayworth nullified her legal residence by rushing to Hollywood to prepare for her Columbia picture and will have to dwell all over again as a Nevada dweller before she can file her divorce suit against Aly Khan.

The same legal point prompted Frank Sinatra to record his divorce action from Nancy before taking off for New York for his TV show.

Danny Thomas, who hit the TV jackpot when Hollywood couldn't recognize his talents, just nixed a long-term Warner contract. He promised to think about it again after he sees the public's reaction to his Gus Kahn role with Doris Day in "I'll See You in My Dreams."

A week after Al Jolson's death, it now can be told. Warners were after Danny for a remake of "The Jazz Singer." He's still stalling.

It was wonderful to be rich. The Bob Hopes are redecorating their home. For a place to live while painters swarm over the Hope homestead, the comedian bought the house next door.

Add the name of lanky, loose-jointed funnyman Gil Lamb to the list of comedy birds who are coming back to roost in Hollywood now that exhibitors are screaming for lay-lem-in-the-aisles movie fare.

Wowing audiences at Wilbur Clark's lush Desert Inn at Las Vegas, Gil told me he's movie-town-bound to take up the smoldering career he dropped after scoring in "The Fleet's In" and other comedy hits of the early '40's.

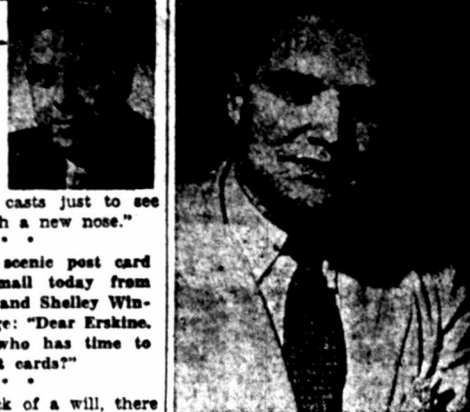

The Lamb note? Add the legend that Paramount decided he had lost his comedy zip after plastic surgeons whittled down his beeper? "It's not true," said Gil. "I never worked with my nose, anyhow. I was careful about the operation and I made sure that they wouldn't make me beautiful. I spent a for-

tune on plaster casts just to see how I'd look with a new nose."

Despite the lack of a will, there will be no legal dispute over Maria Montez' estate. Her daughter and mother are well taken care of by insurance policies.

Susan Peters, now a TV star, is hatching plans to return to Hollywood and follow in Ida Lupino's footsteps as a producer.

There's a howl coming up over the duet sung by Gary Cooper and Phil Harris in "Starlift." Phil sings Ruby Raxxin's "Look Out Stranger, I'm a Texas Ranger" and at every pause in the lyrics Gary sings out a "Yep."

Bracken in Demand It may or not be in answer to exhibitors' yowls for comedy fare, but Eddie Bracken is riding the crest of the wave in Hollywood with a three-picture contract at RKO and a two-a-year deal at Paramount.

And there's talk of starring him in a musical version of "Kid Galahad," the old Wayne Morris hit at Warners.

It's all baffling to Eddie, who was Mr. Discouraged until he agreed to star for his old friend Preston Sturges in "Room Service" at the Players.

"It was an explosion when the play opened," Eddie says. "Suddenly everybody wants me. Brother, I never realized that you have to get up at bat in Hollywood."

"I thought I had talent and if Hollywood couldn't see it that was too bad. Now I know better. You have to keep proving your talent."

Red faces in the sunset dept: Greer Garson and Mickey Rooney, top MGM boxoffice stars five years ago, are double-billed in their current films on the first run circuit.

Janet Leigh is the next star due for an RKO billboard strip tease. The ads for "Jet Pilot" will be in the same peek-a-boo league with Jane Russell and Shelley Winters.

Mother Fined For Paddle Assault On School Principal CLEVELAND—A 37-year-old mother was fined \$25 Monday for assaulting a school principal with the same paddle he once used on her son.

Mrs. Bernice Smey had been convicted of assault and battery by a jury. She blackened the eyes of Principal James Fenwick during an argument in his office over his punishment of her son, Dan, 15.

In a lecture accompanying the fine, Municipal Judge Mary B. Grossman told the woman to "join the Parent-Teacher Association and get a better understanding of the teacher-parent problem."

The judge also ordered the Cleveland School Board informed that Fenwick's three-foot, inch-thick paddle should not be used on children.

"It was just as bad for this paddle to be used on children as it was to be used on the principal, Judge Grossman said.

Jacoby On Bridge

By OSWALD JACOBY Written For NEA Service When the American Contract Bridge League held its national championships in Washington a couple of months ago, most of the best players came from far and wide to put in a bid for the coveted top honors. Howard Schenken, of New York, didn't win any events this year, but he made enough sparkling plays to let the assembled experts know that his hand had lost none of its skill.

Schenken played the South cards of the hand shown today in the team championships. It was typical of him that he practically spoiled dummy with a slip to draw the last trump with dummy's king.

When the hand was played at the other table, South ruffed the first spade and then led the eight of hearts to dummy's king. This play cost him his slam contract. He had to draw trumps to prevent West from ruffing a diamond, but West captured the ten of hearts with the queen and then led a spade to make South ruff with the jack. This established West's nine of hearts as a second natural trump trick.

Q—The bidding, with East-West vulnerable, has been: West North East South 1 Heart Pass Spades ? You, South, hold: Spades Q-6-5-3, Hearts 4-2, Diamonds K-J-8, Clubs A-10-9-7. What do you do? A—Double. East's failure to respond shows that he has a really dismal hand. Hence it is very unlikely that West can make a game at anything. If North has a hand of modest strength, your side will make a part score. If North has heart strength and has made a "trap" pass, your double will give him a chance to pass for penalties.

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades A-Q-5-3, Hearts 4-2, Diamonds A-J-8, Clubs A-Q-9-7. What do you do? Answer Tomorrow

MAKING THE RIGHT PLAY, while the expert who held the South hand at the other table completely overlooked the play that would clinch the slam contract.

At both tables West opened the ace of spades. Schenken then announced almost apologetically that he would take the safety play. Just for the fun of it, work it out for yourself. What's the right play at the second trick to make sure of the contract?

At the second trick, Schenken laid down the ace of hearts. Since East failed to follow suit, Schenken continued by finessing through West's queen. His jack of hearts was covered by West's queen and won by dummy's king. A third round of trumps fell to declarer's ten, and now it was safe to begin on the diamonds. West could ruff whenever he liked, but that was the only trick the defenders could take.

The ace of hearts would be the safe play even if East happened to have all four trumps. (A 4-0 trump break was the only danger.) In that case, Schenken could continue with the jack of hearts to force out the queen. He could ruff a second spade with the eight of hearts, cash the ten of hearts, and enter

Asbestos-Cement Roof Sheds Both Water And Sparks

The best roof for your home is one that will repel showers of fiery chimney sparks as well as showers from rain clouds, safety authorities assert.

Combustible roofs, records show, are one of the major fire hazards for American homes and other buildings. Roof fires each year number about 21,800, with a total property loss of around \$15,000,000.

Sparks and embers that light on non-combustible roofing materials, such as asbestos-cement shingles, burn out harmlessly.

Cynical, Confusing Tactics

A vein of strong irony runs through President Truman's proposal that all top government officials, including judges, members of Congress and national party officers, be required to declare annually all their income—whether from salary, loans or gifts.

Truman told Congress he was offering the plan because "attempts have been made through implication and innuendo and by exaggeration and distortion of the facts in a few cases to create the impression that graft and corruption are running rampant through the whole government."

It is nice to know, anyway, that the President acknowledges a "few cases" where everything was not done exactly according to proper moral standard.

But the whole tone of his message suggests that Congress and other critics vastly have overplayed the moral missteps of government officials.

Read in this light, his proposal for annual income disclosure can be taken only as a cynical diversionary tactic designed to confuse the public and discredit honest investigation of government immorality.

How unfortunate it is that the President of the United States conceives it his duty in this situation to shrug off charges of corruption merely as efforts to "get" him politically.

How sad that he continues to condone moral wrongdoing in top officials and lesser figures alike.

His plan for coping with the problem is no antidote at all, so long as he fails to act forthrightly in cleaning his administration house, with the evidence so plainly warranted.

Truman's cavalier attitude toward the mounting testimony of corruption reveals one of his weakest traits as an executive. All he achieves by it is a redoubling of the attacks against him.

He exhibited the same failing in his stand on Communism in government. Had he not dismissed lightly some of those charges as a "red herring," he might not have precipitated the deluge which later descended on him and has done so much harm to innocent men in government.

The President's message seeks to fasten on Congress the blame for putting in jeopardy the reputation of government as a whole. The blunt reality is that his behavior really is responsible. Had he acted at all times to enforce a sensible moral code, government today would not be at its evident low estate in the public mind.

Truman's new plan merits nothing but a dusty corner on a committee shelf. It is his way of saying he is more interested in tribal political loyalty to the Democratic Party than in morality in government.

A lot of time is wasted on people who are hard to please. It isn't so easy to make the best of what you have in mind.

They Seem To Go Together

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.) Drew Pearson says: George Allen predicts the bill, Controversy is necessary to protect U.S. secrets; Senator Nixon derides credit for San Francisco tax probe.

WASHINGTON — George Allen, the former White House jester, now is about the closest man to General Eisenhower. It was Allen who acted as liaison between Truman and Eisenhower to make sure Ike didn't get into the race as a Democrat in 1948.

Today, Allen, although a Minuteman Democrat, says he is sure to run as a Republican. Talking to a friend recently, Allen predicted: "What Ike did do will be exactly what Roosevelt did as Chicago in 1932. He'll hop on a plane and fly straight to the convention."

"How is he going to fly from Paris to Chicago when he's under orders from his Commander-in-Chief to do a job in Paris?" asked the friend. "Don't be foolish," shot back the former White House jester, "what's the Commander-in-Chief going to do about it?"

At that time, young Assistant U. S. Attorney Charles O'Garra was endeavoring to present evidence of income tax irregularities to the grand jury. But suddenly the probe was stopped by Judge Goodman, who, incidentally, had been appointed to the bench on the recommendation of ex-Senator Sheridan Downey.

Some time ago he received letters from those close to the federal grand jury which was trying to investigate the long-rumored Internal Revenue scandal, but which suddenly was called off by U. S. Judge Lewis E. Goodman.

At that time, young Assistant U. S. Attorney Charles O'Garra was endeavoring to present evidence of income tax irregularities to the grand jury. But suddenly the probe was stopped by Judge Goodman, who, incidentally, had been appointed to the bench on the recommendation of ex-Senator Sheridan Downey.

To remedy the situation, Senator Nixon introduced a bill which, if passed, will permit grand juries to hire counsel of their own and dig into a smelly situation—regardless of whether the U. S. attorney or the judge gives the green light.

Nixon also telephoned the Justice Department in Washington to inquire about young O'Garra, the assistant U. S. attorney who was pushing the tax probe.

"He's a peacopath," was the reply. In the end, however, O'Garra won out. He was brought to Washington as a witness before the Senate Williams income tax committee, while many of the tax collectors in San Francisco he was gunning for now have been removed.

Washington Pipe Line Ex-Secretary of War Robert Patterson has notified the Senate Judiciary Committee he has withdrawn his endorsement of Miss Frieda Henock to be a U. S. Judge. Since Patterson once sat on the U. S. Court of Appeals, his word counts heavily with the senators.

He informed them that when he originally endorsed Miss Henock, he had not realized all the facts now brought out by the New York Bar Association. Free hams, TV sets, etc., certainly can get people into trouble before the Senate Williams income tax committee, while many of the tax collectors in San Francisco he was gunning for now have been removed.

Ex-Senator Tydings of Maryland now has sold his prize pig, including "The Shamrock," once Illinois grand champion Hampshire boar. Some of the boys around the White House really are sore at Stuart Symington, head of the RPC. In sweeping out RPC closets "Stew" has let the chips fall where they may—even if they hit Democrats.

For the first time, Senate spectators who once cheered McCarthy have begun to titter. Justice Stanley Reed is not resigning from the Supreme Court. His health now is excellent, despite reports to the contrary by a Broadway columnist. Justice Hugo Black still is playing three sets of tennis daily, after which he rolls his own court.

Mail Bag E. P. A. Hollywood — After careful checking, I am convinced there was nothing irregular about Constance Bennett's trips to Europe on Air Force planes. While it is true that her husband, Col. Theodor Coulter, has been stationed in Germany, the four trips she took to Germany in the last three years all were ordered by Special Services which arranged USO entertainment. One was March 29, 1949, when she flew to

Germany with the cast of "Over 21." Another was May 27, 1949, when she flew to Frankfurt with "John Loves Mary." Another trip was Dec. 14, 1949, with her travel orders signed by Col. E. W. Duncan of Special Services; and the last trip was June 13, 1950, to Weisbaden with a group of USO entertainers. Twice, however, she paid her own way home from Europe on commercial planes. . . G. K. San Francisco—Jiggs Donohue, now "mayor" of the District of Columbia and the man who prosecuted Harry Bridges, pays tribute to Robert McMillan, chief assistant U. S. attorney in San Francisco, as a great public servant and an important help in obtaining the Bridges conviction.

Q—Is coal forming in the United States at the present time? A—Yes, in the Dismal Swamp, the Everglades, and a few similar places. Q—What river did George Washington throw the dollar across? A—Parson Weems, in his biography of Washington, said he often saw him throwing stones across the Rappahannock. This was later changed by jokesmiths to throwing across the Potomac (an impossible feat) "because the dollar went farther in those days."

Q—Which country supplies the United States with the most cashew nuts? A—Almost all of the 40 million pounds of cashew nuts eaten in the United States last year came from India, of which one-third had been grown in Mozambique.

Q—What court in Great Britain compares with the Supreme Court in the United States? A—The House of Lords, besides having legislative functions, is the final court of appeal for the United Kingdom.

So They Say The U. S. is relying on guns and dollars rather than ideas. . . What Asia needs is sympathy, understanding, an attitude of cooperation in the things they are trying to do. —William O. Douglas, Supreme Court justice.

I can't see any justification for paying farmers for doing something they would normally do. Farming should be a respectable business with a respectable income for anyone who wants to work for it. —Robert Melkie, farmer, of Michigan.

In its frustration, the Congress (today) is groping for some sort of code of ethics. But the Congress is confronted with the fact that sacred honor cannot always be tested by legality or enforced by law. —Herbert Hoover.

Strikes In Defense Industries Alarm Production Chiefs Over Slowdown

WASHINGTON — (NEA) — Increasingly serious strikes in key defense industries are slowing up rearmament effort, worrying arms production officials. Number of new strikes in August—428—was same as number of new strikes in July, according to Bureau of Labor Statistics.

But the total of man-days idle increased by a million in August to 2,760,000. All strikes in effect in August, new and old, numbered 628 and involved 356,000 workers. September figures will be considerably higher.

Principal defense strikes in effect in September were: Machine tools—Brown and Sharpe, Providence, 5,000 employees. International Association of Machinists, AFL.

Jet engines—Wright Aeronautical, two plants in New Jersey, 8,800 employees. CIO auto workers.

Airplanes—Douglas Aircraft, Long Beach, Calif., 10,000 employees. CIO auto workers. Ford Motor Co., Detroit, 22,000 employees. This strike has just been settled after two months' idleness, by 1 1/2-cent-an-hour increase. CIO auto workers.

Copper—All major U. S. producers tied up, involving 25,000 miners. Strike settlements now before Wage Stabilization Board. Mines, mill and smelter workers, CIO.

Atomic energy — Construction workers at Paducah, Ky., and Dana, Ind., 2,000 employees in AFL craft unions. AFL President William Green joined AEC officials in request for return to work.

As all strikes have involved pay issue, government's wage stabilization program is seriously menaced. Showdown on a new wage formula at possibly higher level probably will come in CIO steelworkers' demands for pay increases. AFL annual convention in San Francisco also served notice of further pay demands.

On Your Side, Mr. President Just before retiring from his job as secretary of Defense, Gen. George C. Marshall had an occasion to introduce to President Truman the Defense Department director of Public Information, Clayton Fritchey. He formerly was editor of the New Orleans Item.

To make talk, the President asked Fritchey how he liked Washington. Fritchey said he liked it fine. Always something new. Nice people to work with. Much more interesting than any job he ever had.

Well, what had he been doing before, the President asked. "Oh," said Fritchey, "I was editor of a pro-Truman newspaper in New Orleans."

Atomic energy surely is wonderful, but it can't do everything. For instance, there's an inconspicuous little sign on the wall of the Atomic Energy Committee's office in the Capitol. It says: "Do not vacuum clean these carpets, and do not remove ant powder from around edges of room."

Harrisman Is Busy Man First "coordinator" of the present defense effort is going to be W. Averell Harrisman, President Truman's foreign policy adviser and trouble-shooting ambassador-at-large. Harrisman will coordinate the Department of State, Department of Defense and extended Marshall Plan economic aid to foreign countries under the new MSA—the Mutual Security Agency established by Congress.

He also will be American representative to the so-called "wise men" or "12 apostles" who will pull together all defense plans for the 13 North Atlantic Treaty countries. They must prepare a report by December 1. If possible, it will be submitted to the NATO Council meeting in Rome in late November.

These two jobs will keep Harrisman in Europe until after the Rome meeting. His work as mediator of the Anglo-Iranian oil dispute will be handled by others, principally Assistant Secretary of State George C. McGhee and the new U. S. ambassador to Iran, Loy Henderson, Diplomatic Soldier.

French Gen. "DDT" de Latre de Tassigny was sped on his way after his Washington visit with an honor guard, a band and full ceremonial at the National Airport.

High brass and striped pants were there to see him off. After the final salutes had been exchanged, General de Latre was escorted to his plane, the door was closed and the loading steps were pulled away.

Then something went wrong inside. The ramp was pushed into place again and the door opened. Out came the general. He wanted to say goodbye again to the Army sergeant who had been his chauffeur during his visit in Washington.

Little things like that all week made a big hit with the military here, and helped get him what he came after—more equipment for his Indo-China war, and faster. "Speed, speed, speed," he kept insisting.

Wanted—One Sergeant Congressional organizing on government public information officers has created some difficult situations. Senator Harry F. Byrd of Virginia led this fight, and amendments he sponsored on the Independent Offices Appropriation Bill cut information staffs by 30 per cent.

There has arisen, however, the case of the Budget Bureau. Its office of information consists of one person; good-looking, smart and efficient Mrs. Virginia de Pury. How to chop Mrs. de Pury in two pieces, allowing 70 per cent of her to work on information while the other 30 per cent works on something else presented quite a problem.

Budget Director Frederick J. Lawton at first suggested she should work 70 per cent of her week—three-and-a-half days—in information work, and he would give her something else to do on the other day and a half. But what if an information query came in during the day and a half she was supposed to be on another job?

Director Lawton finally mentioned this case to Senator Byrd. The Virginia gentleman gallantly agreed he hadn't in two. So he now has written a letter to Appropriations Committee Chairman Kenneth McKellar, suggesting an amendment which would exempt

fighters kills the other. Second: by virtue of mutual conviction that both have had enough, neither fighter will kill the other. In this case the waiting lancers move in and satisfy them both.

The Sioux have no word for "die." As to the survivor, no matter what his status prior to the contest, he is entitled to the full rights of the tribe. In Slatemeyer's case this meant one thing: if he killed me he went free. And he would go with honor, riding my horse, wearing my weapons, being escorted in full honor to the boundaries of the tribal lands.

About midnight Yellow Bird came to me and said, "It is time! I am to be kola (and) for you." "What has happened to the Mouse?" I asked, not wanting to appear concerned about my own case.

"He is with his ancestors." "Did he die like a man?" "The tall Sioux spat viciously as though to rid his mouth of a bite of rotten meat. "He died like a mouse," he said. . .

TOGETHER we strode toward the big plain clamor by the fire. Still trying to fit the pose of the calm and collected, I questioned, "And Star? Where is she?" "You will see her."

He would not talk further and then as we reached the dark outskirts of the crowd, stopped short. "Here," he announced stiffly. "Here is the knife of Mangus Colorado. Wear it."

I took the long thin blade, feeling its beautiful heft and balance at once. I had never felt such a knife. It seemed alive in the hand. "I give it. It is yours." Turning, he was gone in the dark.

Alone I went forward, the cold riding from the ground, creeping through my legs, settling in my belly. A deep "Hun-hun-hel" ran around the packed circle of savages. Every eye swung in my direction as those nearest me parted to let me through. I walked looking neither right nor left, head high, warrior fashion; as nearly as I could.

THE STORY: John Clayton, a former civilian scout, is captured and adopted by the Sioux. He falls in love with Koria Star, an Indian holy woman who is kidnapped by an old enemy named Slatemeyer. Clayton rescues Star, but is surprised by Slatemeyer who goes to kill Clayton just as Sioux Chief Crazy Horse appears.

What's RIGHT?

A friend's daughter goes away to college and you are asking how she is getting along. WRONG: Ask if she pledged a sorority. RIGHT: Wait to be told whether or not she joined a sorority.

NO SURVIVORS BY WILL HENRY

Copyright 1950 by Will Henry. Used by permission with the publisher, Random House, Inc. DISTRIBUTED BY NEA SERVICE, INC.

The end there will be another battle and you will lose your life. I am seeing this now. This is a great battle. A great victory for the Sioux. But you are lying among the enemy dead. A chief dressed in black riding a black horse is bearing you away. It is I. I am alive. I am carrying you away. No. No. No. No. No. No. Indians stirring uneasily in the silence following Crazy Horse's vision. . .

Neither Star nor Slatemeyer were any the worse for their "walks in the evening." Star recovering as we lashed the still unconscious form of her abductor to a pack pony.

Riding back to Crazy Horse I told him of my plans for a part in the victory ceremony. He listened seriously, calling up Yellow Bird and Many Kills that they might hear also.

"Cetan Mani will honor the victory dance," he told them. "He has requested a trial-by-knife for the white dog."

THE Sioux trial-by-knife is a legal simplicity. When two litigants have reached the impasse where one or both of them is unwilling to battle for less than the life of the other, they are stripped naked, handed knives and told to fight as loud as they have talked.

A circle of 18 long poles diameter was drawn on bare ground. Around this, boundary lines were built, these providing light for audience and principals alike. Between the boundary lines and around the perimeter of the circle, the most efficient of the tribes' lancers, each armed with a short, razor-headed buffalo javelin. If either fighter got beyond the circle for any reason, tricked, forced or frightened there, the nearest Indian was delighted to lance him back into the contest.

There are just two ways these battles end. First: one of the

fighters kills the other. Second: by virtue of mutual conviction that both have had enough, neither fighter will kill the other. In this case the waiting lancers move in and satisfy them both.

The Sioux have no word for "die." As to the survivor, no matter what his status prior to the contest, he is entitled to the full rights of the tribe. In Slatemeyer's case this meant one thing: if he killed me he went free. And he would go with honor, riding my horse, wearing my weapons, being escorted in full honor to the boundaries of the tribal lands.

About midnight Yellow Bird came to me and said, "It is time! I am to be kola (and) for you." "What has happened to the Mouse?" I asked, not wanting to appear concerned about my own case.

"He is with his ancestors." "Did he die like a man?" "The tall Sioux spat viciously as though to rid his mouth of a bite of rotten meat. "He died like a mouse," he said. . .

TOGETHER we strode toward the big plain clamor by the fire. Still trying to fit the pose of the calm and collected, I questioned, "And Star? Where is she?" "You will see her."

He would not talk further and then as we reached the dark outskirts of the crowd, stopped short. "Here," he announced stiffly. "Here is the knife of Mangus Colorado. Wear it."

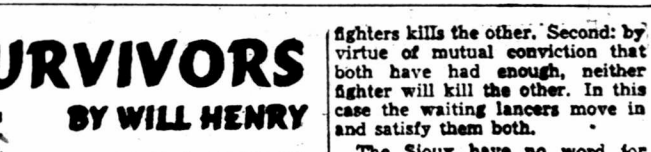

I took the long thin blade, feeling its beautiful heft and balance at once. I had never felt such a knife. It seemed alive in the hand. "I give it. It is yours." Turning, he was gone in the dark.

Alone I went forward, the cold riding from the ground, creeping through my legs, settling in my belly. A deep "Hun-hun-hel" ran around the packed circle of savages. Every eye swung in my direction as those nearest me parted to let me through. I walked looking neither right nor left, head high, warrior fashion; as nearly as I could.

Have a Laugh

By BOYCE HOUSE Like the ancient mariner that he wrote the poem about, Coleridge liked to talk. He would close his eyes, the better to think, and would grasp a listener by the coat lapel or coat button. Charles Lamb, the essayist, said he was in a hurry one morning when Coleridge waylaid him, closed his eyes, held on to a button and began talking. Lamb took out his knife, cut the button loose and quietly left. Late that afternoon, he came by the spot—and there Coleridge stood, eyes closed, still talking, holding on to that button!

Handicapped Job Seekers Listed With TEC Office

This is National Employ the Handicapped Week and Midland also has physically handicapped persons needing jobs.

The Texas Employment Commission's Midland office reported Tuesday 16 such applicants are listed here with the employment service.

Three women and four men can do general clerical work; one woman was listed as a stenographer; two men can do sales work and one is a cement finisher. Three men and two women of the 16 persons were listed as unskilled labor.

The TEC said 23 handicapped persons have been placed in jobs here and that 26 others made first application for employment but failed to follow up their requests.

One young man, aged 19, with an impairment of a leg and arm, was placed on a job at a Midland automobile company as a trainee. He's doing fine. The TEC urged that other businesses and industries provide employment opportunities to the physically handicapped.

Midland's Two New Fire Trucks Give Joint Demonstration

The City's new \$36,000 aerial ladder fire truck, which has yet to see service at a fire, along with a new 750-gallon, \$16,000 pumper truck, which arrived last Saturday, were used in a joint demonstration of the City's fire fighting might Monday afternoon at John Cowden Junior High School.

Both trucks had passed before the public in parade earlier Monday afternoon to touch off the observance of Fire Prevention Week here.

Bystanders received a reassuring look at Midland's fire protection equipment as firemen wheeled the massive mechanical steel ladder on the aerial ladder truck into position.

A fireman, operating the truck's mechanism, sent the ladder soaring 100 feet skyward.

Freeman A. C. Treadway, to the delight of elementary school pupils, scaled the ladder and from his 100 foot high perch, operated a fire hose supplied by water from the new pumper truck.

Preventive Suggestions

Two fire trucks and a full crew of firemen were held in reserve while other crews demonstrated the new equipment to the public.

Each day of Fire Prevention Week will be devoted to some aspect of stopping fires before they start.

Fire Marshall Bill Klatt passed a few fire prevention suggestions on to Midland citizens to check this week.

Cultivate careful smoking habits. Keep all stoves and heating apparatus in good repair and at a safe distance from combustible materials. Repair faulty electrical wiring and appliances. Don't store inflammable liquids, and don't allow rubbish or trash to accumulate.

"Inspect your home today—it may be too late tomorrow," he urged.

WILL UNDERGO SURGERY

Mrs. Mattie King, Route 1, Midland, entered Midland Memorial Hospital Monday for surgery.

Real Estate Board Votes To Sponsor Essay Contest Here

The Midland Real Estate Board, in a meeting held Monday in Hotel Scharbauer, voted to sponsor an essay contest for high school students.

Three winners will be named, with a \$25 defense bond as the first prize. Cash prizes of \$10 and \$15 also are planned.

The title of the essay is "What the Bill of Rights Means to Me." The three Midland winners will go to the state contest and three state winners will go to Washington to compete with other students from all over the nation.

The national winner will get an expense-paid trip to Washington. Winners of the state contest will get defense bonds of \$100, \$50 and \$25 denomination.

Roy McKee presided at the Monday meeting. George Park was designated to confer with school officials on the essay contest.

DADDY RINGTAIL

Daddy Ringtail And Look Me In The Eye

Voices were talking by the Elephant Path, while Mugwump Monkey and Uncle Bunkum sat listening. One voice was the voice of Uncle Bunkum's conscience. It was talking to try to keep the folks out of mischief. And the other voice was the voice of the other Mugwump. It was talking to try to cause some mischief. The mischief was to grab away feathers from the rooster.

"Uncle Bunkum," said the voice of his conscience, "don't you get into mischief! Don't you tease the rooster!"

Said the voice of the Other Mugwump: "Go on, you fellows! Get into mischief! Grab away feathers from the rooster!"

Said the conscience voice: "You are naughty! You are bad! You want to make these people sad!"

And the voices now were squabbling and squabbling with one another. One was trying to cause some mischief. The other was trying to keep it away. Yet, and our Mugwump and Uncle Bunkum were still

ting on a log, watching the rooster whose feathers they were thinking maybe of grabbing away. They were listening to the voices of the Other Mugwump and of Uncle Bunkum's conscience, waiting to see who would win with the squabbling and squabbling.

"What if I am a mischief maker?" asked the voice of the Other Mugwump. "Whatcha going to do about it?"

"I'm going to give you a talking to," said the voice of the conscience. "Oh no you're not!" said the Other Mugwump. "I'm going to pull your whiskers like this!"

"Twang!" and there the Other Mugwump had pulled a whisker that belonged to the conscience.

"Ouch!" said the conscience at the whisker twanging.

But before the Other Mugwump could do any twanging of another whisker, the conscience said "See here, you Other Mugwump, just look me in the eye while I give you a talking to."

When the Other Mugwump heard this, he began to beg not to have to do it. Why, people that are naughty and bad do not like to look someone in the eye. And rather than do it, the Other Mugwump ran away—which is the thing that saved the rooster feathers, all on a very happy day. Happy day!

Solon Cites Danger Of Atomic Attacks On American Cities

WASHINGTON—(AP)—A member of the Congressional Atomic Energy Committee Tuesday declared Russia can launch "an atomic attack at 20 or 30 American cities." A senator had put the number as high as 50.

Representative Jackson (D-Wash.), a member of the Atomic Energy group, said, however, the United States is now capable of producing tactical atomic weapons—that is, weapons for use on the battlefield—which could halt the Red Army "in its tracks."

Placing for all-out production of atomic weapons, Jackson said there is "virtually no limit on the number of atomic weapons we can produce" if funds are made available.

"The time will come," Jackson said in a speech prepared for House delivery, "when we can make these weapons in dozens of varieties and in thousands and tens of thousands."

His speech, in its assessment of American atomic potential, the importance and availability of tactical atomic weapons, and the plea for a big, immediate step-up in spending for atomic defense, closely paralleled a September 18 Senate speech by Senator McMahon (D-Conn.), chairman of the Senate-House Atomic Energy Committee.

"The hour is drawing close when atomic weapons tailored to all types of combat situations can be made available—when they can be produced in quantities and types sufficient to serve as the paramount instrument of deterrence either against all-out war or against future Korea," Jackson said.

In a Senate speech Monday night—a unsuccessful plea for more atomic defense funds—Senator Moody (D-Mich.) said "I am informed" Russia is capable now of delivering

Missing Red Carpet Produces Red Faces

MONTREAL—(AP)—Lost — one red carpet.
Officials at Derval Airport here had red faces Monday when they were unable to roll out the red carpet for the arrival of Princess Elizabeth and the duke of Edinburgh.
What happened to the carpet still is a mystery. It was there on Sunday when the welcome ceremonies were rehearsed, but when the officials were ready to lay it down Monday, nobody could remember where the carpet had been stored.

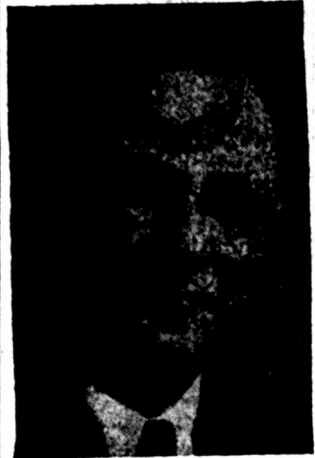

Jehovah's Witness, Fired By Trustees, Fights To Keep Job

HALL, IND.—(AP)—William Lewis, fired Monday for refusing to salute the flag, is making a double-barreled fight to reclaim his job as principal of Hall School.
His lawyer, Irving L. Pink, Indianapolis, announced he will appeal the dismissal order to the Morgan County School Commissioner at Martinsville. Pink said at the hearing Monday Lewis has the right to refuse to salute because, as a Jehovah's Witness, he has religious convictions against it.
Another lawyer, Victor Schmidt, Cincinnati, amended the mandamus suit which Lewis already had pending in Morgan County Circuit Court. The amendment asks the court to force the school district to honor his contract for the rest of the school year.

Luther C. Pruitt, acting trustee of Gregg Township, fired Lewis at the close of the hearing in the Township Community House.
Lewis testified he respects the flag and the principles for which it stands, but he declared he does not believe in saluting it.
Some parents who picketed the grade school and kept Lewis out a month ago were among witnesses at Monday's hearing. One of the women reported she heard Lewis say he would not bear arms.

ROAD TEST A MERCURY FOR PROOF OF PERFORMANCE

Smooth V-8 "Hi-Compression" power. Road-hugging, hill-climbing power. Power to pass, power for the open road. Power plus.

You'll know what this plus means to you the first moment you ease a new Mercury out onto the highway. Mercury adds up. There's read-your-

mind handling, foam-rubber comfort, sure-fire pickup. There's everything you've ever wanted in a car—plus a lot of things you've never thought of.

Be sure to stop in and see us for a convincing road test. Try a few miles in a Mercury. Find out for yourself what we mean by power plus.

BUDGET TEST A MERCURY FOR PROOF OF VALUE

Does it have a down-to-earth first price? Mercury's price tag you can understand—a big dollar's worth for every dollar invested.

Will you be sure of good gasoline mileage? Mercury has proved its more-miles-per-gallon by winning officially sponsored economy tests.

Will upkeep stay low? You save money year after year. Mercury's famous stonings keep repair bills at a rock-bottom low.

Is it famous for long life? It is indeed! 92% of all Mercurys ever built for use in this country are still on the road, according to latest annual official registration figures.

Will trade-in value stay high? Mercurys keep their value; used car market reports consistently prove it.

Does it represent solid value? Mercury owners say YES! So will you when you get the story from your Mercury dealer. See him soon.

3-WAY CHOICE! For "the drive of your life" Mercury offers you a triple choice in dependable transmissions. More-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or Thrifty Touch-O-Matic Overdrive are optional at extra cost. ★ THE DOCTOR SAYS ★

Drug Addiction Is A Symptom Of Personality Maladjustment

By EDWIN F. JORDAN, M. D. Written for NEA Service

In recent months the newspapers have been filled with hair-raising accounts of youngsters who have become addicted to drugs, and of huge dope rings run by the scum of society.

This is, indeed, one of our most serious problems and it is worth remembering also that during and before the last war, it was the avowed policy of the Japanese government to spread the dope habit among the Chinese as one method of degrading and debasing them.

Addiction to drugs is believed to be caused by human weakness and not by the drugs themselves: it is a "symptom of a personality maladjustment rather than a disease in its own right." The usual meaning when speaking of the "drug habit" is that the person has developed an excessive craving or desire to take one of the substances derived from opium, such as heroin or morphine. Marijuana, about which so much has been written, is not an opium derivative, however, and generally

is believed not to cause addiction in its own right, but rather to lead towards a desire later on for one of the opium and habit-forming substances.

The opium derivatives cannot be taken too long without causing undesirable effects. Larger and larger amounts become needed in order to produce the desired relief or feeling of well-being.

The symptoms of the opium or morphine habit come on gradually. For months the health may be little disturbed. The dose of the drug, however, has to be increased constantly. Once the habit is well-formed, the victim feels mentally depressed and is likely to suffer from vague symptoms in the stomach or bowels whenever the effect of a dose has worn off.

The confirmed addict becomes thin, pigmented gray, and develops a sallow, pasty complexion. When not under the influence of the drug, irritability and restlessness are common. Sleep may be disturbed; appetite and digestion are upset; death comes early.

Thousands Have Habit
There are thousands of people who have this unfortunate habit—no one knows just how many. Since the legal distribution of opium, morphine, and their relatives is carefully controlled, illegal smuggling of these drugs, opium rings, dope peddlers, and many other undesirable practices have developed to satisfy the addicts.

The treatment of drug addiction is difficult and long. It can be done successfully, as a rule, only in an institution. Opium, morphine and other members of this group are and have been of enormous benefit to humanity, but they are powerful drugs and should not be taken except under professional advice.

INFLAMMABLE INSECTICIDES CALLED FARM FIRE HAZARD

Farmers should be alert to the danger of fire in using inflammable insecticides, such as carbon bisulfide, for fumigating barns and other farm buildings, agricultural engineers advise. Matches should not be struck within 10 feet of such a building, and a fire extinguisher should be available for instant use. The flashes of fireflies are their "making call."

'Trust Your Friends, But Cut Deck,' Says K&F Club Speaker

Michael (Mickey) MacDougall scored a grand slam Monday night as he addressed the Midland Knife and Fork Club on the subject, "Gamblers Don't Gamble." It was the club's first meeting of the 1951-52 season.

The internationally known card detective, platform lecturer and author, fascinated the overflow crowd which gathered in the high school cafeteria, with his running commentary, card tricks, and demonstrations of card skills. Carroll L. Thomas, K&F Club president, presided at the dinner-meeting, and Henry Wilkinson, attorney, introduced the guest speaker. Thomas announced that in the future members must make reservations in advance in order to gain admittance to meetings. "Fastest Hands"

MacDougall is reputed to have the "fastest hands in the world," and most of those who saw him operate agree he lives up to his reputation in his card demonstrations. An expert showman in addition to being a top-flight card detective, MacDougall narrated some of his interesting experiences in exposing card "sharpies" and others, while demonstrating some of the tricks used by cheaters at poker and bridge. It was "fast and furious" entertainment presented in a most unusual and pleasing manner.

Good Housekeeping Methods Eliminate Many Fire Hazards

Homemakers can qualify as highly effective, though unofficial, "fire department auxiliaries" by including a few important steps in their house-keeping procedure, safety specialists assert. Common fire hazards in the home can be reduced materially, they say, if homemakers will follow these rules: Clean out rubbish from closets, attics, basements and other places. Put rubbish in covered metal containers and empty them often. Keep oily rags and paint cloths in covered metal containers. Get rid of gasoline, benzine and other highly inflammable liquids. Keep electric wiring and appliances in good repair. It's also advisable to have some home fire-fighting equipment handy.

Ex-Wife Denies She Has Re-Wed Wealthy Oil Heir

HOUSTON —(AP)— Mrs. Gloria King, at least once divorced from Texas playboy Sheppard King III, arrived home from Europe denying she had remarried the wealthy oil heir.

A Dallas district judge said Monday he married King and a woman who said she was "Gloria King" last June.

"I deny the marriage," Gloria told reporters when she got off the plane here Monday night. She was accompanied by Patricia King, 18-year-old sister of Sheppard. The two flew from Rome to New York Monday and then caught a plane to Houston after a shopping tour.

Sheppard, who said in Paris recently that he would wed Samia Gamal, Egyptian belly dancer, remained in Rome. He and the two women had been on an extended European tour.

District Judge Robert Hall said the June ceremony took place in the fashionable Dallas home of Madame Brewer. Mrs. Brewer said she believed the two still were married.

Mrs. Brewer said the re-marriage was not announced because "Sheppard's mother in Houston wouldn't have approved."

Vivien Kellems To Join Marshall Rebel Housewives

LUFKIN —(AP)— Vivien Kellems, outspoken critic of federal withholding taxes, has joined forces with Marshall housewives at odds with U.S. tax collectors.

After a brief visit Monday, the Connecticut manufacturer said she was going to Marshall to help the housewives in their fight against withholding taxes from salaries of domestic servants.

Mrs. Kellems told of her new organization, "The Liberty Belles."

"Hundreds of thousands of women who failed to vote in past elections must be inspired to fight and vote for the welfare of their nation," she told a luncheon club.

She said "Liberty Belles" groups have been organized in Los Angeles and Minneapolis for rallying American women behind constitutional government.

Chapman Declares Refinery Expansion Goal Is Inadequate

BEAUMONT —(AP)— Secretary of the Interior Chapman warned Tuesday that increasing U. S. oil refinery facilities to handle a million barrels more daily may not be enough.

Chapman spoke at the dedication of the Anthony Lucas Engineering Building at Lamar Tech.

Chapman is administrator of the Petroleum Administration for Defense (PAD).

He said PAD's three big aims are the increase of production and transportation of oil and the expansion of refineries.

He said the initial goal of the refinery expansion program "—and it was a minimum goal"—was to raise the rated capacity of U. S. refineries from about seven million barrels a day to eight million.

"It now appears that this may not be enough," he said.

Truman Declares He'll Be Available

WASHINGTON —(AP)— President Truman has thrown out another of the cryptic hints with which he has been puzzling politicians trying to figure out whether he will seek re-election.

He met in the White House rose garden Monday with a group of Hollywood personalities here in connection with the Golden Jubilee of the building of the first motion picture theater in Los Angeles.

While they were posing for pictures, Joyce O'Hara, acting president of the Motion Picture Association, told the President "We'd like to sign you up sometime."

Grinning, Truman replied: "Well, I'll be available in the not too far distant future."

HOLY JEWISH HOLIDAY TO START AT SUNDOWN

NEW YORK —(AP)— Yom Kippur, one of the holiest of the Jewish holidays begins at sundown Tuesday with prayer and fasting.

The observance, known as the day of atonement, ends at sunset Wednesday.

OIL WORKER INJURED

J. T. Cokrell, Route 1, an employe of the Mid-Union Drilling Company, received emergency treatment at Western Clinic-Hospital Monday for wrist, arm and shoulder injuries suffered when a piece of machinery jerked and a rope pulled him.

Britain Faces New Crisis As Egyptians Try To Break Pact

CAIRO, EGYPT —(AP)— Crowds demonstrated in Cairo streets Tuesday celebrating Egypt's decision to cancel her mutual defense treaty with Britain. But Britain insisted Egypt has no legal right to break off the pact which lets British troops and planes guard the Suez Canal from Egyptian hands.

Prime Minister Mustafa Nahas Pasha laid bills before a cheering Parliament Monday to oust the British by breaking the 30-year agreement. It was signed in 1936 and still has five years to run.

The British Embassy in Cairo promptly issued a statement asserting Nahas Pasha's action "has no legal force since the treaty contains no provisions for renunciation at any time."

However, the pact contains a provision permitting renegotiation of its terms after 10 years. The two countries have been arguing over them since 1944.

Nahas Pasha's bills also would cancel the 1899 treaty which established joint British and Egyptian rule over the Sudan, the wild upper Nile territory adjoining Egypt on the south. Since World War II, Egypt has wanted to take the Sudan under sole Egyptian rule.

Workers and students in the streets shouted "Long live King Farouk of Egypt and Sudan." Police were alerted to prevent disorders.

In London, the British Foreign Office said it would refuse to recognize the one-sided break in the treaty relationship.

The Foreign Office showed signs of considerable shock at the abrupt action taken by the Egyptian prime minister. The British were shaping new proposals, springing from Atlantic Pact decisions to create a Middle East Defense Command under which a several-nation garrison might defend the Suez.

In Washington, the State Department declined comment.

The treaty renunciation bills appeared to be as good as passed, the Egyptian legislators decided to stay in session until they completed action on them, postponing the month-long adjournment that was to have begun Monday.

Texas Democratic Sub-Panels Named

AUSTIN —(AP)— Eight new sub-committees to handle Texas Democratic Party functions have been named by State Democratic Executive Committee Chairman James E. Wheat of Woodville.

The appointments were authorized at the recent Snyder meeting. Appointments include:

Finance: Wylie Stufferbems, Dallas, chairman; Lawrence Hagy, Amarillo; John D. Mitchell, Odessa; Mrs. E. A. McDaniell, Mission; Ed O. Lloyd, Jr., Alice; Mrs. Bryan Bradbury, Abilene; Mrs. A. J. Martin, Denton.

To make up primary ballot: Rhea Howard, Wichita Falls, chairman; Mrs. J. W. Walker, Plainview; Mrs. Ned Price, Tyler; Lutan Henson, Greenville.

To canvass primary results: Ward Stephenson, Orange, chairman; E. B. Lewis, Jacksonville.

Place of convention: Stanley Monroe, Denton, chairman.

Arrangements: Credentials: Convention arrangements: T. O. Davis, Center, chairman; Mrs. Leola King, Vernon.

Convention credentials: Ruel Walker, Cleburne, chairman; L. C. Ellis, Lubbock.

Order of convention business: Neville Penrose, Fort Worth, chairman.

Organization of convention: Lawrence Hagy, Amarillo, chairman; Mrs. Charles Devali, Kilgore.

The resolutions committee appointments had been announced earlier.

It includes Bower Crider, Bastrop, chairman; John D. Mitchell, Odessa; Rupert T. Craig, Athens, and C. T. McLaughlin, Snyder.

Garrison Declines To Reopen Probe Of North Disappearance

AUSTIN —(AP)— State Police Chief Homer Garrison, Jr., said he does not intend to send the Rangers into Big Bend National Park to reopen investigation of the disappearance of Dr. Robert N. North.

"We're satisfied that if a crime was committed, it was committed in the park area, and the federal authorities have taken over," he said Tuesday.

North disappeared four years ago, but his wife asked that the case be reopened when his car was discovered stuck in the sand of a creek bed in early September.

McGrath Calls 'Em As He Prefers 'Em

LOS ANGELES —(AP)— General McGrath, arriving for a Democratic \$100-a-plate dinner Monday, made these predictions:

"I predict the Giants will win in New York today," he said. The Yankees won, 6-3.

"And that the Democratic Giants will win in '52."

"The battery for next year's big game? Harry Truman will be doing the pitching."

Reds Write—

(Continued From Page One) preparing to leave Tokyo shortly for his advance headquarters in Korea to be ready to reopen negotiations.

Associated Press Correspondent Robert Tuckman, reporting the possible change in the Allied negotiating team, noted that two members of the delegation recently received new assignments.

Maj. Gen. Henry I. Hodas was named deputy commander of the U. S. Eighth Army. He formerly was its deputy chief of staff.

Rear Adm. Arleigh A. Burke was expected to leave soon to report to the chief of Naval operations in Washington for an undisclosed assignment. Until recently, Burke was commander of Cruiser Division 5 in Korean Waters.

The Munsan report was that one or two members of the negotiating group would be changed.

Other two members of the five-man delegation are Maj. Gen. L. C. Craigie, vice commander of Far East Air Forces, and Maj. Gen. Paik Sun Yup, commander of the Republic of Korea First Corps.

SLAYER PLEADS GUILTY

DALLAS —(AP)— Chester August Achilles, 60, pleaded guilty Monday to the hammer slaying of Mrs. Vivian Lucille Dills last January and drew a 99-year sentence.

C. Of C.—

(Continued From Page One) for the community-wide observance of Oil Progress Week, October 14-31.

It was announced that the Chamber of Commerce-sponsored broadcasts of Midland High School football games will end this weekend unless additional subscribers to the broadcast fund are obtained. Downing explained that only \$750 has been pledged to the \$1,500, 10-game broadcast budget.

The directors, favoring a continuation of the community-sponsored broadcasts, instructed that every effort be made to obtain additional subscribers so the project may be continued during the remainder of the season.

The critical housing situation again was discussed, and the directors were advised there now is a possibility a number of rental housing units will be provided by private enterprise. The directors at their September meeting, had discussed the feasibility of forming a corporation to finance the erection of a number of rental units here.

Downing and School Supt. Frank Monroe reported on their recent trip to Washington, D. C., to contact government officials concerning the need for Post Office and public school expansion projects.

A report by Jerome Grayum, chairman of the Retailers Committee, concerning Christmas street decorations also was heard.

Midland Elks Hear District Deputy, Hold Initiation Service

Charles Barrett of Amarillo, district deputy for the Benevolent and Protective Order of Elks in West Texas, paid his official visit to the Midland Elks Lodge Monday night — meeting with officers and trustees, attending a fellowship hour and dinner, and conducting the initiation service for a class of 18 candidates for membership in the BPOE.

The class was designated the "Charles Barrett Class" in honor of the Grand Lodge representative.

The new members brought the lodge's membership to 368 members.

Jack Mogie, exalted ruler, presided at the various events held during the evening. The fellowship hour and dinner and the regular meeting were attended by near-capacity crowds.

New Officers

By authority and instruction of the Grand Lodge, the following officers were declared vacant: esteemed leading knight, esteemed loyal knight, esquire, inner guard, and tiler. Mogie appointed Bob Hood to the office of esquire, and J. A. Richardson, inner guard. Nominees for the other vacated offices are Conrad Reeves, leading knight; George Christy, loyal knight; and Jim Brown, tiler. They will be voted on at the next regular meeting.

A Lodge of Sorrow was observed in memory of the late George Phillips.

Announcements were made concerning the regular family night party Wednesday, and the special stag night entertainment Friday. Both events will be held in the lodge's club rooms on West Highway 80.

Optimists To Sell Christmas Trees

The Optimist Club will sell Christmas trees this year, in line with the national program. It was announced at the Luncheon Tuesday in Ranchland Hill Country Club.

Profits from the tree sales will go into the Boys Workshop Fund, officials said.

The decision to sell the trees was made on the suggestion of Optimist International.

A Boys Workshop Steering Committee, to simplify and streamline the training process, was named. It includes John Grimland, Bob Martin, Harold Borland and Bob Peyton. An executive committee, including Fred Peyton, Emil Rasmann, Jim Velvin, Jr., Arlo Forrest and George Park, also was named.

Rasmann, the club president, presided at the meeting.

The Best RUBBERIZED Wall Paint You Can Buy!

Pittsburgh WALLHIDE Satin Finish

Velvet-like in smoothness! Rubber-like in toughness!

You'll paint faster... easier... better with this revolutionary new paint... Withstands hard family usage and repeated washings

\$4.98 PER GALLON
3 DARK COLORS SLIGHTLY HIGHER

TOUGH AND SERVICEABLE as well as beautiful, Pittsburgh's sensational new WALLHIDE Satin Finish is the finest rubberized wall paint you can buy! It's especially made to take hard family usage—and like it!

- Here's a truly remarkable interior wall paint scientifically formulated from the best conventional materials and modern chemicals that is easy to apply, easy to keep clean and withstands even slambang punishment from hard-playing youngsters.
- With either brush or roller, this amazing finish flows easily, quickly and smoothly without apparent laps or brush marks on any kind of inside wall surface. You can stop or start any time—touch up missed spots later—yet always be sure of a color perfect finish. There's no fuss or muss—no objectionable odor.
- This new WALLHIDE gives your interiors a satin-like sheen, neither too flat or too shiny. Its rubberized surface is rugged and elastic—resists scuffing and marring, won't chip, crack or rub off. Household soot or dirt can be cleaned off easily because they will not penetrate its non-porous film. Even stubborn stains can be scrubbed off without damaging the surface or leaving shiny streaks.
- Visit your nearest Pittsburgh Paint dealer and have him demonstrate the many advantages of new WALLHIDE rubberized Satin Finish. Ask him to show you the wide variety of rich, mellow hues that are adapted to modern decorating ideas.

Active Children Can't Harm It

No need to worry about lively children scuffing or marring the walls. The modern chemicals used in new WALLHIDE rubberized Satin Finish make it extra tough and durable. It dries quickly to a tough, elastic film that will not crack, chip or rub off.

You Can Clean It In A Jiffy

The non-porous surface of new WALLHIDE Satin Finish prevents dirt or soot from penetrating. Stubborn stains such as grease, crayon, ink spots, lipstick & finger smears can be washed off quickly and easily without harming its pleasing sheen.

Wide Variety Of Modern Colors

Whether you plan modern or conventional color arrangements, you can choose exactly the hues you want from soft, mellow tints that create an atmosphere of comfort and contentment or from rich, stimulating colors that add zest to living.

It's Rubberized

- To go on quickly and easily
- For amazingly fast drying
- For repeated washing and scrubbing
- To withstand wear and abuse
- For lasting beauty and protection
- For non-cracking flexibility

Aggies, Longhorns Rate In Top Teams

NEW YORK—(AP)—Texas A&M climbed from tenth to fourth place Tuesday in national football ratings. Texas U. remained sixth and Baylor was twelfth.

Michigan State still holds as the No. 1 slot by a small margin.

The Associated Press' second weekly nationwide poll gave Coach Biggie Munn's Spartans from East Lansing a 10-point edge on California's Golden Bears, with Tennessee's Vols not far back in third place.

Michigan State was ranked first by 42 of the 112 writers in the poll and received 971 points on the basis of 10 points for first, nine for second and so on.

California was No. 1 on 36 ballots and received strong support for other high positions to roll up 961 points. Tennessee, the pre-season No. 1 eleven, received 821 tallies, with 180 of them coming from 18 first-place selections.

The top three teams were in the same order in the first poll last week, but Michigan State held a much larger lead while Tennessee pressed the Bears for runner-up honors.

The voters apparently thought more of California's 55-14 conquest of Minnesota than Michigan State's come-from-behind 4-20 triumph of Ohio State and Tennessee's 26-0 whitewash of Duke.

Oklahoma's 14-7 setback by Texas Aggies was disastrous to the Sooners. Last year's No. 1 team dropped from the lofty fourth spot of last week to eleventh with 519 1/2 votes.

Notre Dame, 40-6 victor over Detroit, remained at No. 5.

The first ten with first place votes in parenthesis:

- 1—Michigan State (42) 971
- 2—California (36) 961
- 3—Tennessee (18) 821
- 4—Texas A&M (3) 594
- 5—Notre Dame (4) 552
- 6—Texas (4) 532
- 7—Illinois 522
- 8—Georgia Tech (3) 475
- 9—Ohio State 433
- 10—Maryland (1) 428

Second ten: Oklahoma, 107; Baylor, 100; Princeton, 86; Southern California, 63; Holy Cross, 51; Clemson, 41; Cornell, 30; Oregon State, 26; Stanford, 20 and College of Pacific (1) 25.

Other teams with points: LSU, Northwestern 9, Cincinnati 9, Wyoming 8, Mississippi 7, SMU 6, Wake Forest 6, Virginia 5, San Francisco 4, Delaware 4, Pennsylvania 3, Cornell 3, Wisconsin 3, Washington 3, Villanova 3, South Dakota State 2, Florida 1, and VMI 1.

Bulldogs To 'Go Rough' In Workouts

"We'll go rough today," Coach Tugboat Jones said Tuesday as his Midland High School Bulldogs settled down to work in preparation for the Saturday night game with Poly High School of Fort Worth.

"Our defense is coming in for the most work," Jones said. "Poly has shown a very good offense this year, especially in the air."

Jones said the Parrots have a 165-pound back who is a "fine passer and good runner." The scouts say he is better than either of the Yaletas stars, Henry Dutchover or Jesse Whittenton, according to Jones.

The Bulldogs went over their mistakes Monday, made in the 19-13 losing effort to Brownwood here Friday night—the first loss for the Bulldogs this season.

The Midland boys are "bouncing back" from their defeat, Jones said. "If anything, I believe the loss will make us a better ball club, rather than hurt us," he said.

Midland will leave about noon Friday for the trip to Fort Worth, spending Friday night in Abilene and working out on the Abilene High School field. Kickoff time Saturday in Fort Worth is 8 p.m.

The team records:

Midland 11, San Angelo 6
Midland 7, Yaleta 0
Midland 28, Crozier Tech (D) 9
Midland 13, Brownwood 19
Poly 6, Forest (D) 13

Middlecoff, Ford, Douglas In Playoff

KANSAS CITY—(AP)—Two of the ranking pro golfers match shots with one of the game's leading money winners in an 18-hole play-off Tuesday for top cash in the \$15,000 Kansas City Open Tournament.

Principals in the showdown over the 6,500-yard Milburn Country Club course are Cary Middlecoff, 1949 U.S. Open champion and winner of five major tournaments this year, and Dave Douglas, and Doug Ford.

The three went up with 72-hole scores of 278, 10 strokes under par. Monday after rain had knocked out two days in the tournament which started last Thursday.

Other teams with points: LSU, Northwestern 9, Cincinnati 9, Wyoming 8, Mississippi 7, SMU 6, Wake Forest 6, Virginia 5, San Francisco 4, Delaware 4, Pennsylvania 3, Cornell 3, Wisconsin 3, Washington 3, Villanova 3, South Dakota State 2, Florida 1, and VMI 1.

You Forgive Me, And I'll Forgive You

NASHVILLE—(AP)—There's nothing like victory to make football fans forgive and forget. Last Monday morning, two days after Vanderbilt lost to Auburn 24-14, Coach Bill Edwards was greeted with a sign on Vanderbilt's Calhoun Hall.

But this week, a new sign adorned Calhoun: "Goodbye Edwards, Auburn 24-14."

"Welcome back, coach, Vandy 23-24."

The Commodores upset Alabama by that score Saturday.

Joe's Bat Gives Yanks Needed Lift

NEW YORK—(AP)—Joe DiMaggio's revival aroused New York Yankee hopes Tuesday as Lefty Ed Lopat (21-9) faced the Giants' Larry Jensen (23-11) in the fifth World Series game at the Polo Grounds.

DiMaggio, swinging from a new stance after three hitless games, renewed the pride of the Yanks with his two-run homer and single off Maglie.

For the first time in weeks, the Yanks hit like the club that fought off Cleveland and Boston to win the American League pennant. And they did it against the Giants' best.

Public sympathy rained on the 36-year-old DiMaggio in the first three games of his tenth—and probably last—series. He didn't have a hit... hadn't hit a ball hard in 11 trips.

It is difficult to overestimate the emotional lift DiMaggio can give the Yanks. Or vice versa. With the "big fellow" slumping, slumping Berber started to hit the ball on the field. Yogi hammered two liners at outfielders before he got his lone hit.

Bobby Brown came up with two hits and Hank Bauer broke his hitless slump, even though one was a ball that hit base runner Gil McDougald for an automatic hit and automatic out.

With this solid backing of 12 hits, Allie Reynolds was a different pitcher from the fellow who lost the opening game. The sturdy Indian from Oklahoma had a zinging fast ball and sharp curve that piled up seven strikeouts. Twice he simply blew the ball past a wildly-waving Wes Westrum.

Al Dark, who hit him for a three-run homer in the opener, slammed three successive doubles to left field. The first meant a run when Monte Irvin poked a single to left. But the others meant only men left on base.

Allie had a rocky ninth that prompted Manager Casey Stengel to start Johnny Sain and Bob Kuzava throwing madly in the bullpen. A walk to Hank Thompson, Irvin's ninth hit of the series and Bobby Thomson's single produced a run.

Then Willie Mays rapped into his third double-play—tying the record he would like to forget. Reynolds was home free.

Sai Maglie worked only five innings Monday and should be ready if needed for a seventh game. The Barber didn't have his stuff in his first series appearance. He threw 25 pitches in the first inning although the Yanks had only one baserunner.

Biggest Player Pool With the biggest player pool in history—\$560,582.87 at stake, the going might get a little rugged in the next few games. The winners will also up \$239,436.20, the loser \$156,957.46.

The Series already is in the million dollar class with total receipts of \$1,099,141.92, counting the cash paid by Monday's crowd of 49,010 fans. That does not include the \$1,000,000 plus from TV and radio.

Injuries May Slow SWC Teams In Weekend Games

By The Associated Press

Points may be given and taken this week because of injuries in Southwest Conference grid teams.

Injury lists are short but several coaches have gaps in key areas of their lineups—particularly the backfield.

Rusty Russell of SMU reported a healthy gang of Mustangs for the battle with Notre Dame at South Bend. He expects to travel with a full squad of 45 aching to make up for the close 1949 decision.

Despite the prediction of Notre Dame's Frank Leahy that SMU will win, Russell isn't happy.

"They look like the same bunch we played in '49," Russell said. "They are a big, tough, powerful team and there are plenty of them."

For the traditionally vicious Texas-Oklahoma game in the Cotton Bowl, the Longhorns will be near top strength. The defense will be strengthened by the return of Charles Genthner, destined for first string defense tackle until he broke his hand prior to the season opener.

Also rounding into shape are Linebacker and co-Captain June Davis and End Bill Georges, both out last week.

Fullback Byron Townsend, with a bruised back, was running plays again Monday.

Baylor may play its game with Arkansas minus Halfback Francis Davidson, who hurt a shoulder in the Tulane tilt. Others of the squad were declared ready.

Arkansas will show up in Waco with a new backfield. With first and second string fullbacks, injured, Buddy Sutton, who has been starting at right half, will move to fullback. Sophomore Charley Halum will run the right half spot.

Texas A&M's ace right half, Billy Tidwell, may not see action for two weeks. A cleat cut on his foot had him hobbling on crutches. The rest of the squad scrimmaged Monday in preparation for Trinity at San Antonio.

Malvin Fowler's injured knee was a conversation piece at TCU. After Fowler returned an old wound against Arkansas, it looked as if he might be out all season. The knee was better Monday. He definitely will miss the Texas Tech game this week.

John Sahrtman, Michigan State's sophomore tennis ace, won nine straight varsity matches this spring without losing a set.

Herb Hannah, New York football Giants' tackle who hails from Ball Ground, Ga., served five years in the Naval Air Force.

Doaker Off On 17 Point Spree As Lions Win, 37-10
DETROIT—(AP)—As a rookie sensation, Little Doak Walker of the Detroit Lions almost bettered the National Football League's scoring record last year.

This year as a sophomore for a team that's leading the NFL's national conference, the former SMU star is off to a running start.

He scored 17 points in the Lions' 37-10 rout of the New York Giants Monday night. That gave him 30 points in two of the 12 games scheduled for the Lions, only unbeaten team in their conference.

Walker, 173-pounder from Dallas, is shooting for the single season mark of 138 points set by Ed Don Hutson of Green Bay in 1942.

The "Doaker" made a leaping end zone catch of a 19-yard pass and caught another touchdown pass that covered 50 yards. He kicked a 13 yard field goal and converted four times.

He now has three touchdowns, nine conversions and one field goal with 10 games left. Last season he scored 11 touchdowns, 35 conversions, and eight field goals.

Twice Monday night he dropped passes in the clear as 25,554 chilly fans groaned.

A Bobby Layne to Walker pass that covered 21 yards set up another touchdown, Fullback Pat Harder battering seven yards for the score.

John Sahrtman, Michigan State's sophomore tennis ace, won nine straight varsity matches this spring without losing a set.

Herb Hannah, New York football Giants' tackle who hails from Ball Ground, Ga., served five years in the Naval Air Force.

Disability Award To Denver Gridder Stirs College Circles

DENVER—(AP)—University of Denver Public Relations Director Robert Herron Tuesday said an appeal a decision granting disability pay to a former university football player may be filed.

The university and its insurance company, the London Guarantee and Accident Company, Ltd., have 15 days to appeal the decision of Colorado Industrial Commission Referee David F. Howe.

The referee Monday ruled the school pay Ernest E. Nemeth, 24, of South Chicago, Ind., for disability suffered while playing Spring football in 1950. Payments dating back to June of that year now total well more than \$800.

The university also was ordered to pay all medical, surgical and hospital care involved in the disability claim. Payment will continue as long as Nemeth is partially disabled.

In opposing Nemeth's claim, university officials contended students receive money, food and lodging only for outside work performed.

Referee Howe said evidence showed Nemeth did nothing to earn his food except play football, although he did do outside work for his room and \$40 a month.

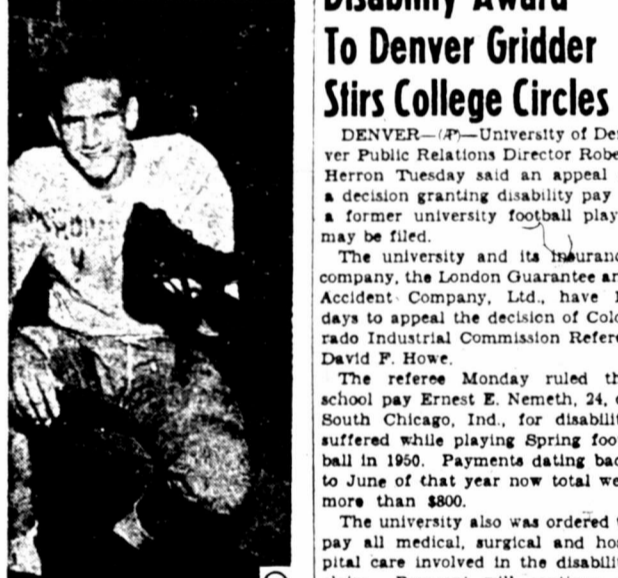

Meanwhile, news of the decision brought anxious responses from several other school and athletic heads in the Rocky Mountain area. Others refused to commit themselves on the case.

E. L. (Dick) Romney, commissioner of the Skyline Conference of which Denver is a member, said "If (the commission) is assuming a great deal then it says athletes in our schools are being paid for their services."

"Sure this ruling will probably have a tremendous effect on our conference—but also on the schools throughout the country."

An Associated Press survey of the athletic offices of the Universities of Notre Dame, Texas, Illinois, California and Missouri brought about general comments that "We will have to study the case" or "no comment."

Most responses, however, admitted some concern over the ruling.

Qualifying Begins In Women's Open Golf Tournament

FORT WORTH—(AP)—Pre-tournament forecasts were on the shaky side as the pros and amateurs teed off Tuesday to qualify for the Women's Texas Open Golf Tournament at River Crest.

National Open champion Betsy Rawls, Mrs. Babe Zaharias, Betty Jameson or defending champion Beverly Hanson were rated the best chances of survival.

With the strongest field in history, predictions mainly rode on the results of Monday's practice round. Miss Rawls led with a one-under 74.

Pat Garner, Others Tie Mrs. Zaharias still showed the effects of a journey from Tampa, Fla. She posted a 24-49—897, the same score shot by Pat Garner of Midland and Marjorie Lindsay, women's amateur titlist from Decatur, Ill.

Miss Jameson the one-time women's National Open champion from San Antonio, is conceded a good chance to better her 1950 showing in which she advanced to the semi-finals before losing to Patty Berg.

Winners in Monday's four-ball foursome matches were: Gross, Betsy Rawls and Pat Garner; Net, Marjorie Lindsay and Mary Ann Downer; gross runner-up, Mrs. Babe Zaharias and Betty Dodd; net runner-up, Mrs. Ann Breaux and Frances Rich.

IBC Under Probe By Federal Grand Jury

NEW YORK—(AP)—The International Boxing Club, promoter of virtually every championship fight in the country since the demise of the twentieth century Sporting Club, was under the scrutiny of a federal grand jury Tuesday.

Jim Norris, IBC president, who was threatened with a Congressional investigation only two months ago, said he was not worried.

At the time he found out about the proposed investigation, Norris said he knew questions had been asked, but that no one had "bothered to ask us any questions."

"My door is open all the time," he added. "As far as monopoly or conflict with anti-trust laws in concerned, we are advised by our attorneys we are absolutely in the clear. We must operate under the laws of the state in which we are incorporated."

OWNER SELLING NEW, 2-BEDROOM BRICK

If you are in the market for a roomy two-bedroom home close to school, we urge you to inspect 1604 North Terrell, just across the street from David Crockett elementary. In addition to the two large bedrooms, you'll have a den that could be used for the third bedroom. All rooms are large—more than 1,500 square feet of floor space. First class materials and workmanship throughout, not built under regulations that restrict copper plumbing, etc. Priced below the market, with good financing already arranged.

The six metals in the platinum group are so rare that the average annual production could be stored in a cube less than three and a half feet on a side.

In China the peach tree is thought of variously as the tree of life and the tree of death. It is also associated with love and with longevity.

Permian Basin Oil And Gas Log—

(Continued From Page One) cent. Drillite is one and one-half miles north and one mile east of the Vincent-Canyon field and one mile east and one mile south of the Gartner pool.

Surveys Being Run In Gaines Wildcat

Operator is taking electric log surveys at Forest Oil Corporation, Anderson-Prichard Oil Corporation and Argo Oil Corporation No. 1-B Farmer County School Land, Southeast Gaines County wildcat, after a drillstem test from 12,814-852 feet. Tool was open 32 minutes. Recovery was the 2,500-foot water blanket used, 1,020 feet of salty sulphur water and 60 feet of drilling mud.

The wildcat probably will be plugged and abandoned. The above test was taken in the Devonian which was topped at 12,815 feet, elevation 3,117 feet. Location is 660 feet from south and west lines of labor 2, league 316, Farmer County school land survey.

Andrews Wildcat Will Test Leonard

Humble Oil & Refining Company is at all depth of 11,937 feet in an unidentified lime and is preparing to plug back to 7,250 feet and set 3 1/2-inch casing and test the Leonard lime above that point on its No. 1-U University, wildcat in Southeast Andrews County. Operator tried for about two weeks to fish out tools which were lost in the hole but were unsuccessful.

The Leonard lime showed some possibilities of production when it was drilled through. Location is 660 feet from south and 1,980 feet from west lines of section 20, block 1, University survey and four miles northwest of the Midland Farms field.

Central Sutton To Get Deep Wildcat

Eleven miles east and slightly south of Sonora, Fullerton Oil Company has staked location for a deep wildcat in Central Sutton County. No. 1 Lea Allison will be 1,980 feet from north and 660 feet from west lines of section 65, block B, HE&WT survey.

Contract depth is 6,850 feet to begin at once. Drillite is one and one-half miles southwest of Ralph Lowe No. 1 Lea Allison, a 7,912-foot failure.

Ellenburger Makes Water In Sterling

Humble Oil & Refining Company No. 1 McEntire, wildcat in Northwest Sterling County, took a drillstem test in the Ellenburger at 8,945-95 feet. Tool was open 95 minutes. Recovery was 170 feet of drilling mud and 1,000 feet of salty sulphur water with no shows of oil or gas. Operator is now taking velocity

surveys and will probably plug back to the Mississippian and test a slight show of oil in that formation. No. 1 McEntire is 12 miles northwest of Sterling City and 1,980 feet from south and east lines of section 11, block 22, H&TC survey. It is seven and one-half miles southwest of Plymouth Oil Company No. 1 Frost, which was completed on the pump as a small discovery from the Ellenburger, but is now off production.

Union Sulphur Sets NW Runnels Tester

Union Sulphur & Oil Corporation has spotted a wildcat in Northwest Runnels County five miles north of Crews.

No. 1 Annie Bright is set 1,327.2 feet from north and 330 feet from west lines of the lease in CGSD's RONG survey No. 35. It is one and one-half miles northeast of the Cree-Sykes field and one and three-quarter miles southwest of the Al-dridge pool.

Projected depth is 4,500 feet with rotary tools beginning at once.

Dallas Man Strikes Stonewall Venture

Jake L. Hamon of Dallas will drill a 7,000-foot wildcat in West Central Stonewall County as the No. 1 Harris Hospital, one mile northeast of Peacock.

Drillite will be 660 feet from south and 1,980 feet from west lines of section 279, block D, H&TC survey.

Crockett Venture To Run Pipe, Test

Terrell Petroleum Company of Fort Worth No. 1-17 Texas University, wildcat in Northeast Crockett County, is preparing to run casing and acidize the Permian lime section from 1,529 to 1,540 feet and make production tests.

Location is in section 17, block 42, University Land survey and four miles southwest of the depleted Block 39 field.

C-S Gaines Field Gets North Offset

W. M. and A. P. Fuller of Midland have staked location for their No. 1 A. B. Wharton, Jr., et al, one location north of Clear Fork production in the Robertson field of Central-South Gaines County. Location is 467 feet from south and west lines of northeast quarter of section 22, block A-21, pal survey and seven miles south of Seminole.

Rotary tools will be used to drill to projected depth of 6,200 feet which is calculated to take the venture to the Clear Fork. Operations will begin at once.

Texaco Spots Test In NW Lea Sector

Seven and one-half miles west of the Bagley-multipay field of Northwest Lea County, N. M., The Texas Company spotted location for a 10,000-foot Permian-Pennsylvanian wildcat. It will be drilled, as the No. 1-BC State. Location is at the center of the southwest quarter of section 33-115-32e. That puts it three miles northwest of Amerada Petroleum Corporation No. 1-ECA State, recently completed Devonian discovery in section 14-12e-37e.

Yoakum Discovery Gets East Offset

York & Harper, Inc., of Midland is scheduled to drill an east offset to its recent Glorieta discovery in the Prentiss pool of Northeast Yoakum County.

It is No. 1 A. R. Brownfield and is located 1,980 feet from north and 660 feet from west lines of section 25, block D, John H. Gibson survey.

Projected depth is 8,000 feet. Rotary tools will be moved in and drilling will begin at once.

Tex-Harvey Field Gets Three Oilers

Seaboard Oil Company of Delaware, Phillips Petroleum Company and Frank and George Frankel each has completed a new oiler in the Tex-Harvey field of Central-East Midland and Central-West Glasscock County.

Seaboard No. 1 TXL, 660 feet from north and east lines of section 48, block 37, T-3-S, T&P survey, flowed 24 hours on potential test and made 264 barrels of 39-gravity oil through a 24/64-inch tubing choke and from open hole at 7,071-7,184 feet. Gas-oil ratio was 850-1 and tubing pressure was 150 pounds. No. 1 TXL is in Midland County.

Frank and George Frankel No. 12-A L. E. Floyd and others, 662 feet from north and 2,010 feet from west lines of section 2, block 37, T-3-S, T&P survey, flowed 24 hours through a one-half-inch tubing choke and made a potential of 410 barrels of 37.2-gravity oil. Production was from open hole at 7,064-7,317 feet. Gas-oil ratio was 519-1 and tubing pressure was 175 pounds. Operator used 6,000 gallons of Hy-drafrac to final the well. No. 12-A Floyd is in the Midland side of the field.

In the Glasscock County side Phillips No. 5 Judkins was completed for a daily flowing potential of 402 barrels of 37-gravity oil through a one-half-inch tubing choke and from open hole at 6,857-7,145 feet. Gas-oil ratio was 669-1 and tubing pressure was 110 pounds. Location is 1,980 feet from south and 660 feet from west lines of section 43, block 36, T-3-S, T&P survey.

In the Driver-Spraberry field of Southeast Midland County, Magnolia Petroleum Company No. 4 Sam R. Preston was completed for a daily flowing potential of 438 barrels of 38-gravity oil and no water. It finished through a 24/64-inch tubing choke and from open hole at 7,075-7,325 feet. Gas-oil ratio was 561-1 and tubing pressure ranged from 300 up to 325 pounds. Operator used 6,000 gallons of Hy-drafrac to complete the well.

Location is 660 feet from south and west lines of the lease in section 22, block 37, T-4-S, T&P survey.

Four miles east of the north side of the Driver-Spraberry field in Southeast Midland County, and in Southwest Glasscock County, Ashland Oil & Refining Company staked location for its No. 3-13 Schrock. It is to be drilled 1,980 feet from south and 660 feet from east lines of section 13, block 37, T-4-S, T&P survey.

Humble Oil & Refining Company No. 9 Ralph Pembroke has been completed on the pump in the Pembroke field of East-Central Upton County. It made a 24-hour potential of 913 barrels of 36.1-gravity oil. Gas-oil ratio was 913-1. Production was from open hole between 6,925 and 7,020 feet. Location is 1,120 feet from north and 660 feet from east lines of the south half of section 1, block X, C. C. DeWitt survey.

Gustave Ring of Midland No. 2-40 Tippett is a new project in the North Pembroke field of Northeast Upton County. It is 2,006 feet from south and 2,025 feet from east lines of section 40, block 38, T-5-S, T&P survey.

Windfohr Succeeds Anderson As Prexy Of Oil-Gas Group

BEAUMONT — Robert F. Windfohr, 57, independent oil producer of Fort Worth, was elected president of the Texas Mid-Continent Oil & Gas Association here late Monday. Windfohr became the thirteenth oil man to head the association of

Robert F. Windfohr

oil and gas operators. He succeeds R. E. Anderson, Vernon, manager of the W. T. Waggoner Estate, who ended four years service as president Tuesday.

Windfohr is a partner in the oil firm of Nash and Windfohr, and also Nash, Windfohr and Brown.

Midland Wildcat Is Drilling After Test

The Blackwood & Nichols Company is drilling below 11,207 feet in shale on its No. 1 Hofferkamp, wildcat in North-Central Midland County, one and one-half miles northeast of the city of Midland. Operator took a drillstem test from 11,149 to 11,174 feet. Tool was open 35 minutes and the packer failed. There was a fair to good blow of air through the test. The zone tested is in the Pennsylvania.

Recovery was 603 feet of heavily gas cut water blanket and 2,790 feet of heavily gas cut drilling mud. There was no formation water or oil. Flowing pressure ranged from 1,000 to 2,100 pounds.

Location is 1,980 feet from south and 660 feet from west lines of section 19, block 38, T-1-S, T&P survey.

NE Kimble To Get 4,000-Foot Wildcat

R. A. Irwin of Houston is to drill his No. 1 G. R. Kothman as a 4,000-foot wildcat in Northeast Kimble County.

It will be 14 miles northeast of Junction and 660 feet from south and west lines of section 36, TW&NG survey. Operations are due to be started in the near future.
