Galilean Service Set At Lake Here Today

First Methodist Church's second annual Galilean service is scheduled at Lake Colorado City today (Sunday).

The service begins at 5:30 p. m. at the south end of the City's Lake Park on the lake. Rev. Darris Egger, First Methodist pastor, will deliver the special sermon.

Egger's topic will be "A Longer Venture," taken from the first 7 verses of the fifth chapter of St. Luke. It concerns the challenge Jesus issued to Peter and His Disciples when He told them to cast their nets into the deep so they might bring forth a great catch of fish.

The congregation will be seated on the shore line and the choir and Egger will be seated on a barge just out from the shore. Each person will be

responsible for furnishing his own seating.

Special music will include an accordion number by Mrs. Jimmy Payne, a number by a women's quartet and numbers by the church's Junior Choir. Mrs. J. C. Garrett will direct the special music.

Mimeograph song sheets will be provided, reports Egger, so hymnals will not be necessary. The pastor suggests that quilts, blankets, stadium seats or chairs be taken for added comfort by the congregation.

The service is expected to be approximately 50 minutes in length.

A nursery will be provided at the church for smaller children.

The general public is cordially invited to attend, says Egger.

Fair To Open Thursday; Old-Timers Meet Friday

NINTH, SEVENTH LOSE

Eighth Graders Romp Past Post

Colorado City's Junior Wolves had a spot of glory and a taste of defeat in 3 football tilts this week.

The Eighth grade Wolves showed their stuff in a 42-8 rampage over their hapless counterparts from Post in a game played in Post Thursday.

But there was no glory for the Seventh grade and Freshmen Wolves as both lost. The Freshmen dropped a 16-0 decision to Lee of San Angelo. In San Angelo, and in the other Thursday game, the Seventh, grade lost 22-8 to Snyder in Snyder.

Coach Howell Vineyard's Eighth graders scored in every quarter to humble Post.

Larry Currie opened things up with a 30-yard TD romp in the first stanza and pony Lindsey added the extra point.

Lindsey scored the next Junior Wolf TD, also in the first, on a 15-yard jaunt and then added another extra point. The locals' third and final touchdown of the first period came as Currie broke for 40 yards. Lindsey again converted.

Vineyard's crew got only 1 score in the second stanza. Jay Roy Sprock scored 1 from

High School Schedules Homecoming

Colorado City will go all out in its 3-way celebration here Thursday, Friday and Saturday.

Mitchell County Fair takes the spotlight along with an old-timers reunion and homecoming at Colorado City High School.

And the extra feature will be the 8 p. m. clash Saturday night in Wolf Stadium between the Colorado City Wolves and the Winters Blizzards.

All-in-all, it'll be a very busy, fun-filled week end for Colorado City and Mitchell County citizens.

The annual fair opens here Thursday and will continue through Saturday night. The fair's 10 rides will move into their spot on Texas and Pacific Railway parking lot, between Elm and Walnut sts. on 1st St., Monday morning. The rides will officially open for business Monday at 4 p. m. and will remain open through Saturday night.

The fair opens Thursday with exhibits and concessions in Civic House and National Guard Armory, and, of course, the rides just across the street from the Armory.

The fair continues Friday and then homecoming and the old-timers reunion begin to add to the activities.

Homecoming registration begins in the administration office at the high school at 9 a. m. Friday—the high school will be open for inspection visits by all exes.

The old-timers also kick off their get-together at 9 a. m. at Colorado City Historical Museum on the corner of 3rd and Chestnut Sts. Refreshments will be served during the registration and "get acquainted" session, reports reunion chairman, Mrs. Viola Erwin.

Porter Richardson will emcee the old-timers' Friday morning program at the museum.

High school exes and the old-timers (many will register for both events) will meet together at 2 p. m. in the high school auditorium for a special assembly.

Judge J. D. Cotton of Season graves, a resident of this area for many years, will be guest speaker for the event. Cotton is a member of the Permian Basin Historical Society and the West Texas Historical Society. He has made a study of the historical events of this area. His talk is expected to cover some of these events.

Five special awards will be presented at the assembly to See FAIR Pg. 8

MORE FAMILIES NOW ELIGIBLE

Income Limits Raised For Local Housing Units

Income limits for prospective tenants in the low-rent housing units of Colorado City's Housing Authority have been raised, reports A. W. Hubbard, executive director of the units.

"The increased income limits for occupancy will allow families, heretofore ineligible for admittance, to now be eligible for 1 of the units," reports Hubbard.

New income limits exclude the number of minor children in a family and are based entirely upon the family number and the family's total income.

New net income limits are: One person in family, \$25-00 per year.

Two persons in family, \$3-100 annual income.

Three family members, \$3-400.

Four, \$3,500.

Five, \$3,600.

Six, \$3,700.

Seven, \$3,800.

Eight, \$3,900.

Nine, \$4,000.

Ten or more family members, \$4,100 annual income for entire family.

Net income is figured, says Hubbard, by subtracting social security from the gross income. Other items, depending entirely on the individual family, may further reduce the net income figure, he says, but these must be determined only on an individual family's application.

The former income limits were up to \$2,400 annually for

a family of 1 or 2, \$2,700 per year for a family of 3 or 4 members, and \$3,000 annually for a family of 5 or more members. Under the old income system, \$100 was allowed

off the gross income when figuring net income for each minor child in the family.

"I feel that many families will become eligible for admittance for the first time under the new income limits," says Hubbard.

"But," he says, "all should keep in mind the basic requirements for admittance besides income." These can include whether or not a family is living in sub-standard housing at the present time, the military record of the head of the household and others.

"But these are entirely dependant upon the individual family," says Hubbard, "and families are urged to apply to determine whether they meet the requirements are not. In many cases, families will fully qualify although at first glance they do not appear to meet the requirements."

The 50 units of the Authority are now about 40 per cent filled. Site A, E. 17th St., has 12 of 30 units filled and Site B, College St., has 8 of 20 units filled.

"We are anxious to fill the remaining units immediately," says Hubbard. "I urge all prospective tenants to make application now — and more are now qualified with the increased income limits in effect."

Applications for admission may be made Monday through Friday of any week at Hubbard's office in the administration building at Site A between 8 a. m. and 5 p. m.

A mailing went out to all Chamber members Friday asking all interested in taking part in the study to contact the Chamber. "If we get enough interested members," says Williams, "we'll schedule the course."

The course's purpose would be to acquaint the average citizen with "grass roots" politics. It would be open to the general public and the cost would be nominal. Anyone interested is requested to contact the Chamber office.

Bullet Nicks Local Man's Right Arm

Marvin Jackson of Colorado City suffered a gunshot wound in Big Spring Saturday night.

Jackson was nicked in the right arm just below the shoulder by the shot—probably a .22 or a .25 caliber said Mitchell County Sheriff's Deputy Bob McGuire.

Jackson, who listed his address as Box 1294, was treated and released at Root Memorial Hospital about 11:30 p. m. Saturday. He is employed at a local car dealership.

McGuire said that Jackson told him he and his brother "were visiting some friends" in Big Spring when the shooting started. Jackson reportedly told McGuire that he did not know who fired the shots because he ran as soon as the first was fired.

The Deputy said that Big Spring police had one or more suspects in the shooting in custody Saturday morning.

LOCAL OFFENSE STUMBLES

Stamford Swats Wolf Pack, 16-0

BY RICK TAYLOR
Record News Editor

The Wolves got beat — to put it mildly.

Stamford's Class AA Bulldogs cranked up a real offense for the first time this season here in Wolf Stadium Friday night and soundly thrashed Colorado City, 16-0.

The up-and-down game was never really out of the ballgame, but, at the same time, never really in it.

Coach Sam Christy's Wolves found that Coach Larry Watters' crew did have an offense to go with their highly regarded defense. Stamford was relaxed before the game, as the west coast is wont to be.

Just don't try to tell that to the Wolves now.

Stamford's defense was the more right up the mid

dle of the Wolf defensive line — what was rated the strong point of the entire local squad.

With 2 minutes and 24 seconds of the second quarter gone, fullback Paul Rider scooted over left guard on an outstanding trap by his right guard, Bill Rollins, and breezed across the secondary from left to right and down the sidelines to the goal.

The play carried 54 yards from the Bulldogs' 46-yard marker. Rider had rolled 15 deep into the Wolf secondary before he was even challenged.

Bulldog tackle Ronnie Harrison kicked good for the extra point and a 10-Stamford lead.

Harrison, kicked a 7-yard field goal with 11 seconds left in the first half for a 10-0 Bulldog lead at intermission.

Two Stanford touchdowns

gave the Wolves chances to score early, but things didn't pan out that way. Tackle Jerry Whitaker recovered a Stanford fumble on the Bulldog 29-yard line on the third offensive play of the game.

That Wolf drive carried as deep as the Bulldog 23 before running out of gas at the Stamford 30.

Jimmy (Chicken) Womack recovered a Bulldog fumble of a City punt on the last play of the first quarter on the Stamford 37. Two plays later Randy Stevenson intercepted a pass by Wolf quarterback Danny Latimer to stop that scoring attempt before it really started.

Stevenson returned to the Bulldog 54 and 3 plays later Rider rode the trap, play to pay.

Stamford's defense was the more right up the mid

Putting the Pieces in PLACE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The jigsaw puzzle, an entertaining and educational toy, can teach us observance, and patience. There is only one place for each piece, and if one is lost or missing the picture can not be complete. If God is left out of your life, then your life can not be complete, and you are as the lost piece in the puzzle. Attend church Sunday, find your place in God's will and live a complete and full life.

County Farmers Plan Terracing

Editor's Note— William L. Penny, field worker for the Mitchell County Soil Conservation District office, reports on terracing planned in the Winter and Spring months by county landowners who participate in the district's programs.

BY WILLIAM L. PENNY

A heavy work load is forecast during the coming Winter and Spring months for terracing on Mitchell County farms by landowners who participate in the county Soil Conservation Service program. In fact, applications for conservation practices—such as terraces—are already on the increase, reports M. A. Dunahoe, chairman of the District's board of supervisors.

County cooperators who have already completed terraces during the past few months and others now terracing include:

Grady Ezell, O. L. Simpson, Price Hendrix, County Attorney Frank Ginzler, Dewey Moore and Chester A. Hart.

Dunahoe advises all other cooperators who plan to terrace their land this Fall and Winter to begin immediately planning the operations. "And it's important they begin to line-up contractors for the work," he said.

Cooperators should also contact the District office here in Colorado City and make arrangements for the running of terrace lines by the District's technicians as soon as the fields are open, concluded the supervisor.

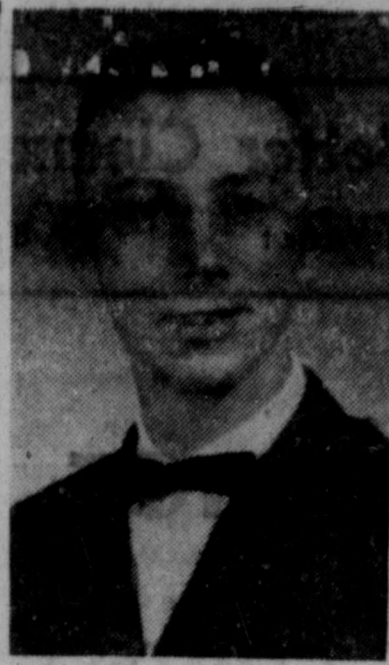

The District hopes to assist cooperators in constructing about 250 miles of terraces this Fall and Winter—thus the need for lines to be run as soon as possible.

She said that women are

the backbone of the nation and that every time that Congress meets suspicion, distrust and death do not get better.

"The Master of Deceit" by J. Edgar Hoover was suggested by Mrs. Winn for reading material about her talk.

For the betterment of 4-H work, each member should give 25c, she suggested.

The clubs were led in prayer by Mrs. Charles N. Stubblefield.

Mrs. Cricket Taylor, Mitchell County Home Demonstration Agent, gave a report on a recent meeting which she had attended in Lubbock.

Refreshments of coffee, cold drinks, cookies and cheese and crackers were served.

SCIENCE FOR YOU

By BOB BROWN

PROBLEM: Explosions on the kitchen stove.
NEEDED: Popcorn, a covered skillet or popper, and a stove.

DO THIS: Pop the corn.
WHAT HAPPENS? Most substances when heated give off their moisture slowly. The water in a grain of popcorn, however, is enclosed in an air-tight sheath which does not explode until a rather great steam pressure is built up inside it.

As the sheath bursts, most of the cells inside it explode, too, from the steam pressure inside them. The expanding cells form the delicious white mass.

The pressure that builds up inside the popcorn before it pops has been estimated at from 15 to 100 pounds per square inch.

Sister is Guest

Guests in Loraine last week of Mrs. Nila Pearl Baker were her sister, Mrs. J. D. Falkner of Fort Stockton, and Mrs. J. C. Mobley of Midland. Friday they visited in Baird.

Movie has Voodoo Scene

A little-known secret of jungle medicine men make use of the heartbeat timing to evoke a desired audience response during primitive ceremonial rites.

Peter Finch and Roger Moore co-star with Miss Dickinson in "The Sins of Rachel Cade," which opens Wednesday at the Palace Theatre.

The beating of drums for a ritual dance performed for Angle Dickinson, seen as the title character, was timed, at the inception, to the rhythm of the human heartbeat.

As the dancers were stirred to ever-increasing frenzy the rhythm was quickened to keep pace.
