Reds Mark Time As Task Force Stands Guard Over Evacuation

Panhandle Is Stung Today By Biting Cold

By The Associated Press

Biting cold stung northwest Texas before sunrise Monday. The mercury sank to 10 at Dalhart.

Amarillo had 14, Lubbock 15, Childress 26, Wichita Falls 29 and El Paso and Mineral Wells 30.

Arctic air spilled into Texas after three days of welcome rains faded early Sunday.

Icebox temperature knifed deep into the state. Fort Worth had 33, Dallas 32, Texarkana 31, Waco 37, Austin and San Antonio 41. The warmest reading was 55 at Brownsville. A rising trend was forecast for Tuesday.

Skies were generally clear Monday. The last rain reported fell during 24 hours ending at 6:30 p.m. Sunday—1.16 inches at Houston, .52 at Austin, .99 at Beaumont, .68 at Corpus Christi, .13 at Del Rio, .70 at Galveston, .20 at Laredo, 1.60 at Victoria, .68 at San Antonio and .81 at Lufkin.

Houston's total was boosted to 4.84 inches in three days.

The rain began in West Texas—some of the best showers soaked the hard-hit drought country around San Angelo—then drifted east, where cloudbursts ranging to 7 inches fell along the coast and South Texas Friday and Saturday. A winter storm brought the moisture.

It helped small grains and spring planting prospects. Stock tanks were replenished, and some streams were set to running again.

The Dallas News, after a survey of farm agents, said subsoil moisture is still inadequate.

The thoroughly drenched Southeast got more rain today along with relatively mild temperatures, and so did most of the country east of the Appalachian Mountains.

The rain and above-freezing areas roughly coincided early today. Thermometers read in the 60s in the Southeast, and in the 40s and 50s farther north along the Atlantic Coast. It was raining in a 50-degree temperature at Boston.

The southern boundary of the freezing zone extended from northern New York state southwestward through the Ohio Valley and across northern Texas.

The Far West had temperatures in the 40s.

It was still raining this morning in Pensacola, Fla., where an 8.95-inch 24-hour fall reported yesterday turned streets into rivers and a park into a shallow lake.

Sunday rainfall of 1 to 3 inches was reported in southern Louisiana, Mississippi, Alabama, Kentucky, Tennessee and the Carolinas.

The zone of lowest temperatures ran from the upper Mississippi Valley through the Northern Plains to the central Rockies. Temperatures in this band ranged below 10 degrees, and included Grantsburg, Wis.'s 14 below.

Downtown Lions Club Broom Sale To Aid Crippled Children

The Downtown Lions Club tomorrow will conduct its annual broom sale, calling door-to-door at Snyder residences and business houses.

The Lions, working with Caravan Sales for the Blind, will sell all types of brooms, floor mats, barbecue aprons, and other household items. They will start their house campaign at 9 o'clock tomorrow morning.

All the items on sale are made by Texas blind, whose only outlet for sales is through the Lions Club programs. Of the profit made here, the local club will keep 25 per cent, which will be sent to the Texas Crippled Children's Lions Camp at Kerrville. The local Lions help support that camp and annually send one Snyder child there for a short stay in the summer.

The remaining 75 per cent will go back into funds for the blind persons who make the items sold. Stanley Noah and J. P. Nelson are chairmen of the Lions committee.

HERO'S WELCOME

Maj. Harry K. Evans of Langley Air Force Base, Va., is given a royal welcome by his wife just after he landed at Langley following what is believed to be the longest non-stop flight in a jet fighter-bomber type aircraft. Evans flew non-stop from George Air Force Base, Victorville, Calif., to Langley, a distance of 2,390 statue miles, at an average speed of 605 m.p.h.

Shepperd, Phillips Swap Verbal Blows

AUSTIN (AP)—Atty. Gen. John Ben Shepperd filed suit today to recover another $500,000 paid out by the Veterans Land Board and then swapped verbal punches with Sen. Jimmy Phillips in the Senate inquiry into the program.

Phillips put Shepperd under intensive questioning over a note found in a veterans land file which said Sheppard's first assistant, Robert Trotti, had made inquiry to the land board office about the file.

Shepperd denied knowing anything about the inquiry, but contended such matters arise daily for a public official. He read a letter from another land file he said was written by Phillips making a similar inquiry.

Trotti testified he had made a phone call inquiry about the status of the case but denied he had ever sought preferential treatment on any application.

In the House, Rep. T. W. Lane of Wharton introduced a resolution calling for a constitutional amendment which would change the membership of the Veterans Land Board now composed of the attorney general, land commissioner and governor.

It would establish a board consisting of the land commissioner and two citizens appointed by the governor.

The application that was the target of Phillips' questions involved 10 veterans, including H. D. Ford of Midland, state president of the Junior Chamber of Commerce; L. D. Whiteley of Lubbock, former jaycee state president; Rep. Waggoner Carr of Lubbock and others, who sought to buy acreage at a cost totaling $72,848.

Phillips said no action had been taken on the application for over six months, but one day after the call from Trotti the land was appraised. The transaction has not yet been approved, however, it being caught in the board's freeze order on block deals last November.

Shepperd said he has told Ford and Whiteley both he will vote against their application if it ever comes before the board because, he said, "Either could write a personal check for the entire amount and I don't think that's within the purpose of the program."

Shepperd accused Phillips of pulling that particular file from land board reeords because of the attorney general's close work with the Jaycees.

Phillips fired back that it was because of the note he found in the file and nothing more.

Tempers flared again when Shepperd accused Phillips of having had the file during previous questioning Wednesday, although the file was not specifically mentioned.

"If I hadn't had this file, I feel this note might not be in there now," Phillips retorted.

"If you are making any inference I ever removed anything from any file, you're certainly wrong, senator," Shepperd fired back.

The new land suits filed by Shepperd involved South Texas transactions.

Kidnaping Report Poses Vague Mystery Here

Vague reports reached Snyder this morning that a man allegedly kidnaped in Ohio recently had been released by his kidnapers in Snyder.

The Dallas office of the Associated Press said the man, Clayton Schindler, was reported to have called his landlady in Pennsylvania from Snyder this morning. He was said to have told his landlady that two men had kidnaped him in Ohio and released him here.

Mansfield, Ohio, police had found Schindler's truck abandoned on a highway Jan. 31.

Officers of the city police and county sheriff's department said this morning that no one had reported any such incident to them and that they believed a man just released by kidnapers would get in touch with police.

WEATHER

WEST TEXAS: Generally fair through Tuesday. Colder Pecos Valley eastward and not so cold in Panhandle tonight. Warmer Tuesday. Lowest 18-28 in Panhandle and South Plains and 26-38 elsewhere tonight.

EAST TEXAS: Clear to partly cloudy through Tuesday. Colder tonight with lowest 26-36 in interior. Moderate northerly winds on the coast.

SOUTH CENTRAL TEXAS: Mostly cloudy in south this afternoon and early tonight. Otherwise generally fair through Tuesday. Colder tonight with lowest 30-40 in interior. Moderate northerly winds on the coast.

Evacuation Gives Dulles New Problem

By LEE GARRETT

WASHINGTON (AP)— A weekend go-ahead on U.S. plans to aid in evacuating the Tachen Islands posed new questions for Secretary of State Dulles today as he prepared to ask Senate committee approval of a mutual defense treaty with Nationalist China.

Orders sending the powerful U.S. 7th Fleet within range of Communist guns for the Tachen evacuation were issued Saturday amid expressed hopes for peace and a Navy warning that any Red attack "will be considered as interference with the mission of the fleet."

Dulles, who returned only last night from a vacation in the Bahamas, faced almost certain questioning not only about that action but also about possible new cease-fire moves and the entire Far Eastern situation at a closed hearing before the Senate Foreign Relations Committee.

The hearing was called to consider the mutual defense pact signed Dec. 2 between this country and Nationalist China under which United States pledged its aid "in accordance with its constitutional procedures" if Communist forces should attack Formosa or the nearby Pescadores Islands.

How much additional Nationalist-held territory this country might consider necessary to the defense of those main islands is one of the questions raised by the evacuation of the Red-menaced Tachens.

The State Department said Nationalist leader Chiang Kai-shek asked and got U.S. aid in the evacuation, designed to shorten defense lines. But he did not get the public assurance he also had sought for an American pledge to defend Quemoy and the Matsu Islands.

Quemoy and the Matsus are located near the China mainland, opposite major ports which might well be assembly areas for any invasion of Formosa.

Sen. Knowland (R-Calif), Senate minority leader, said he is confident the mutual defense treaty will be approved. But Dulles apparently faced some questions about the treaty itself in the light of developments.

Sen. Sparkman (D-Ala.), chairman of the committee's Far East ern subcommittee, said he wants to ask Dulles' views whether ratification of the treaty would have the effect of recognizing a Nationalist Chinese title to the islands.

"This may be a legalistic question," Sparkman said, "but I think there should be some clarification of it."

He said some senators have contended such a stand by the United States would promote Chinese Communist contentions that their fight with the Nationalists was a civil war in which other nations had no right to interfere.

Formosa and the Pescadores were taken from the Japanese at the close of World War II. They had been promised to China in the wartime Cairo Declaration. A peace treaty signed by Japan after the Reds had overrun the Chinese mainland made no specific disposition of the islands.

Dulles faced questioning also about further moves in the U. N. to bring about a Formosa Strait cease-fire. Red China rejected an initial invitation to discuss cease-fire proposals. Whether a new invitation should be extended is a matter of sharp dispute among some senators.

Henry Cabot Lodge Jr., U. S. ambassador to the U. N., conferred with President Eisenhower Saturday, but dcelined to say what action might be taken. He indicated new developments may be expected Tuesday or Wednesday.

BRITAIN URGES SOVIETS TO HELP RESTRAIN REDS

LONDON (AP)—Foreign Secretary Anthony Eden said today Britain has asked the Soviet government to urge restraint on the Chinese Communists in the delicate situation now existing off the China coast.

Approaches were made Jan. 28 by the British ambassador in Moscow, Sir William Hayter, Eden told the House of Commons. Eden has talked with the Soviet charge d'affaires here.

Eden refused to be drawn into a detailed discussion of the moves, saying:

"Conversations are taking place between a number of governments and diplomacy must be given its chance to do some work about this . . ."

Commonwealth prime ministers now meeting here have been casting about several days in search of a formula to bring a cease-fire in Formosa Strait. This effort was intensified after the Chinese Communists rejected a U.N. invitation to attend cease-fire talks.

Eden rose in the House as news dispatches said Chinese Communist antiaircraft guns had fired on American carrier-based jet planes screening the Chinese Nationalist evacuation of the Tachen Islands.

Regarding this evacuation, Eden said:

"The government shares the hope, which has been expressed by the U.S. government, that these steps will contribute to a cessation of Communist attacks and to the restoration of peace and security to the West Pacific."

Eden stressed that the British government was in close consultation with Washington and with other capitals in efforts to bring about a cease-fire. Despite Chinese Communist rejection of the U.N. invitation, Eden held out hope that "other means and methods" might bring about a cease-fire.

"It is only when cease-fire conditions have been established that we can hope to proceed to other methods of pacification," he said.

Fleet Is Set For 'Any Eventuality'

By JIM BECKER

ABOARD USS ESTES OFF TACHEN ISLANDS (AP) — A mighty American fleet threw a half moon of big guns around the Red-threatened Tachen Islands at today's first light to cover the first steps of the evacuation of 30,000 Chinese Nationalist soldiers and civilians.

The most powerful naval task force assembled since the Inchon landing in the Korean War was "prepared for any eventuality." It carried orders to "fire back if fired upon."

(The Navy in Washington said the task force of 75 ships included 6 carriers with some 500 planes, 2 cruisers, 36 destroyers and other warships.)

Cruisers and destroyers bobbed at anchor within sight of the craggy islands.

An occasional American plane from a nearby carrier dips through the black overcast to eye the armada, then returns to its guard post.

Nationalist and U.S. minesweepers combed a path through waters known to be infested with Communist-strewn mines, while underwater demolition teams probed the icy waters for mines, obstructions and the ruins of wrecked ships.

U.S. Marine and Navy shore parties totalling about 50 men are scheduled to go ashore today, along with U.S. military advisors from Formosa.

"We must be prepared for any eventuality," said Rear Adm. Lorenzo Sherwood Sabin Jr., the Texan in command of the amphibious force which will help evacuate the Tachens and nearby Yu Shan and Pishan Islands.

"Be alert. Be on guard and keep your heads. We have a job to do and we will do it," Sabin told his officers and men.

There is no tension or apprehension on the ships, but if the Reds are looking for a scrap as U. S. 7th Fleet units move in to within 14 miles of the Chinese mainland and only eight miles from Red-held Yikiangshan Island to the north, this burly task force is equipped to finish it out.

The biggest threat, Sabin says, is from submarines and air attack, although "nasty little torpedo boats can be quite annoying."

The Reds have hundreds of MIGs and bombers on bases along the east China coast, submarines in the area and torpedo boats.

If Red shells from Yikiangshan should hit the Tachens during the evacuation, U. S. planes and ships will strike back.

"If I am fired upon I will fire back," Sabin says. "If we are in there evacuating when we are fired on we will assume they are firing on us."

A party of U. S. Marines and Navy beach masters is scheduled to go ashore. In their plans for the first stage of the evacuation the 15,000 civilians on the Tachens — 11,000 of them on Lower Tachen—will be evacuated first by the Nationalist navy with American assistance.

After that U. S. fleet units will take off 15,000 Nationalist troops, most of whom are on North Tachen, the most exposed island.

The evacuation may take more than a week.

The Chinese also will evacuate several thousand soldiers from Yu Shan, to the northeast of the Tachens, and from Pishan to the southwest.

Traffic Mishap Fatal To Colorado City Man

COLORADO CITY (AP)—Roscoe Bassham Jr., 24, of Colorado City, was killed when his car overturned and plunged into a deep ravine about 9 p.m. yesterday west of Silver, Tex.

Riding with him and injured were his wife; Mr. and Mrs. James Wulfjen; and Steve Brookover.

Motor Vehicle Tags Move Steadily Here

By noon today, 558 vehicles had been registered here with 1955 license plates, which became available last Tusday morning.

Of this total, 447 were passenger cars, 33 commercial trucks, 22 trailers 53, farm trucks, one motor scooter (same registration as motorcycle), one farm truck tractor, and one house trailer.

Patrol Party Of Marines Ashore

By SPENCER MOOSA

TAIPEI, Formosa (AP)—The evacuation of the Tachens sped forward today under the protection of the mighty U.S. 7th Fleet, whose carrier pilots said they were fired on by Red antiaircraft guns.

Red torpedo boats cruised 17 miles away but made no attempt to interfere with the huge and dangerous task of bringing off 30,000 Nationalist soldiers and civilians. A patrol party of U.S. Marines went ashore to help with the operation.

A dispatch from the 7th Fleet said carrier planes flying at high altitude were fired on from Communist islands north of the Tachens, which are 200 miles north of Formosa. No damage was reported.

First to leave the imperiled Tachens were civilians, most of whom are on lower Tachen, the southern island of the group.

The evacuation was well underway tonight. Reports from the American ships were hours behind those reaching this Nationalist capital, but they indicated there was no Communist interference.

Low clouds dimmed the rocky shore.

There was no sign of activity on Communist - held Yikiangshan, eight miles to the north of upper Tachen Island.

Associated Press Correspondent Jim Becker, aboard the flagship Estes anchored off the Tachens, reported "the Communist torpedo boats were spotted by air, but officers aboard the Estes said it 'is customary to see them in that area'."

The torpedo boats made no sign of moving southward.

Helicopters were hovering over the fleet. Signal blinkers flashed in the dim light.

Becker had sent this earlier report:

"Cruisers and destroyers bobbed at anchor in the choppy blue-green waters, within sight of the low, brown and craggy islands.

"Nationalist and U.S. minesweepers combed a path through waters known to be infested with Communist-strewn mines, while underwater demolition teams probed the icy, angry waters for mines, obstructions and the ruins of wrecked ships.

"An occasional American plane from a nearby carrier dips through the bleak overcast to eye the armada, then returns to its guard post."

Nationalist sources reported that an advance guard of U.S. and Nationalist forces got the evacuation under way last night, while ships of the U.S. 7th Fleet were still some distance away from the threatened islands, 200 miles north of Formosa.

U.S. Marine and Navy shore parties totaling about 50 men are scheduled to go ashore today, along with U.S. military advisers from Formosa, Becker reported.

The first evacuation ships are not expected to arrive in Keelung harbor, Formosa, before tomorrow.

The U. S. Navy's first communique on the Tachens, timed at 12:04 p.m. (11:04 p.m. Sunday, EST) said there were "no enemy contacts during the current phase of the operation . . . Up to now everything is according to schedule."

The quotes were attributed to Vice Adm. Alfred M. Pride, commanding the U. S. 7th Fleet.

A group of 180 technical air control service men of the Nationalist air force and a detachment of infantry arrived in Keelung from the Tachens Monday. They had boarded their landing ship before the decision to evacuate had been made.

Communist artillery pointed ominously at the Tachens from newly captured Yikiangshan, only eight miles away, and hundreds of Russian-built MIG15 jets were poised on mainland bases but there was no report of interference.

Nationalist press reports said the evacuation of the Yu Shan Islands, 35 miles northeast of the Tachens, and Pishan, 32 miles southwest of the Tachens, also had started.

Red China's Peiping radio called the U. S. decision to help evacuate the Tachens a "war provocation . . . fraught with the danger of starting a major war." The broadcast said the Red army was "closely watching the development of this situation."

AP Correspondent Forrest Edwards, aboard the carrier Yorktown, said Navy Banshee jets roared off carrier decks shortly before midnight to fly patrol over the Tachens.

The evacuation was expected to take from 7 to 10 days.

AP Correspondent Jim Becker, aboard the amphibious flagship Estes, reported a strong amphibious task force had joined the 7th Fleet for the operation. Under command of Rear Adm. Lorenzo Sherwood Sabin Jr., a tough Texan, the amphibious force steamed into Formosan waters from Saigon, where it had evacuated Indochinese from North to South Viet Nam.

"If I am fired upon I will fire back," Sabin said. "If we are in there evacuating when we are fired on we will assume they are firing on us."

"We must be prepared for any eventuality," Sabin told his forces. "Be alert. Be on guard and keep your heads. We have a job to do we will do it."

Sabin emphasized his force was not looking for a fight.

"We are not going in there shooting," the admiral said. "But we are prepared to go into action if we are opposed—and we shall."

Becker said the 7th Fleet armada coursing off the China coast was made up of 75 warships.

Navy sources in Washington were more specific. They listed 6 fast carriers —the Midway, Wasp, Kearsarge, Essex, Yorktown and Princeton—2 cruisers, 36 destroyers, 5 submarines and 15 mine sweepers among the combat ships.

These did not include amphibious ships of the U. S. and Chinese Nationalist navies assigned the actual evacuation task.

The evacuation of the Tachens loomed as a tough chore, even without Communist opposition.

Beaches there are few and rocky. Tides run from 16 to 18 feet. Sabin said loading time would be cut to only six hours daily.

Much heavy equipment must be moved over the Tachen beaches. The Nationalists were dug in with heavy equipment for a long stay.

Nationalist sources estimated at least 41,688 regular troops, guerrillas and civilians were on the Tachens, Yu Shan and Pishan.

Chiang Kai-shek's 46th Division, about 10,000 troops stationed mostly on upper Tachen, will be brought to Formosa.

There were indications 4,000 guerrillas on the Tachens would be taken to Matsu and Quemoy after a stop on Nanchishan Island, 80 miles south of the Tachens. Such a redeployment would be carried out by the Nationalist navy with the U. S. 7th Fleet covering only withdrawals to Formosa.

Most of the 15,000 or more civilians were on Lower Tachen. Sources said most had signed up to leave.

Chinese press reports said Nanchishan would be held as a "northern shield for Formosa." About 5,000 troops were reported stationed there.

Yu Shan, a small island group the Reds have attacked repeatedly, has about 500 civilian fishermen and 850 guerrillas.

Pishan, a base for past Nationalist raids on the mainland 12 miles away, has 2,400 guerrillas and 1,173 civilians.

Pilots Agree Sabres Tops

TOKYO (AP)—Two American jet fighter pilots who shot down a pair of cannon-firing Russian-built MIG15s over the Yellow Sea reaffirmed today what the world knew for a long time — that Sabrejets are far superior.

"The MIGs will never compare to the F86 Sabrejet," said Lt. Charles E. Salmon, 25, Port Jervis, N.Y.

Capt. George F. Williams Jr., 31, Austin, Tex., agreed.

Both pilots told a press conference of a dramatic five-minute battle with eight MIGs who jumped their patrol of 12 Sabrejets and an RB45 reconnaissance plane Saturday.

The fight erupted 10 miles off the North Korean coast and 40 miles southwest of Pyongyang, capital of Communist North Korea.

Both said there was absolutely no damage to any of the American planes and they saw no markings on the attacking Red planes to identify them as Chinese Communist, North Korean or Russian.

Bank Depositors Getting Money Back

LEWISVILLE (AP) — Depositors who had about $600,000 in the First National Bank began getting their money back today.

The bank was closed Jan. 27 when $253,000 or so was found missing.

The bank closed three days after the cashier, E. R. Wolters, 56, shot himself to death.

The money was being refunded today by the Federal Deposit Insurance Corp., which insures deposits up to $10,000 for each bank account.

The shortage has not yet been fully explained.

Mercury Dips To 26

Snyder got a breath of Panhandle cold as the temperature slipped to 26 degrees overnight. At 7:30 this morning it had risen to 29 degrees. A maximum of 45 degrees was recorded yesterday afternoon, David Strayhorn, acting weather observer, said.

Pinay Seeks Support In Bid To Succeed Mendes-France

By HARVEY HUDSON

PARIS (AP)—Antoine Pinay, a conservative who once said he would "never go back into that bear cage," sought support today for his second term as French premier.

The 63-year-old owner of a small-town tannery agreed last night to try to form France's 21st postwar government, succeeding the Cabinet of Pierre Mendes-France. Pinay told newsmen he hoped to have his list of prospective ministers ready by Thursday.

One of the longer-lived of France's numerous postwar premiers, Pinay headed the government for 9½ months in 1952. He won considerable personal popularity with his conservative "save the franc" fiscal policy, which checked rising prices though it did not solve France's basic economic ills. Facing three confidence votes and considered certain to lose all of them, he resigned Dec. 23, 1952 and vowed never again.

He tried again to form a government, however, during the record 37-day government crisis in the summer of 1953, but failed.

Otherwise, he has been on the sidelines. A prim, almost dour little man, he rarely spoke in the Assembly but was a powerful voice in his Independent Republican party and a stubborn opponent of Mendes-France.

His party and the MRP were the backbone of the last Premier's opposition. When the Communists, a bloc of Mendes-France's own Radical Socialists, and some of the Gaullists joined them in voting against the Premier's North African policy Saturday morning, the Cabinet fell after 7½ months in office.

Pinay today began conferences with leaders of the Assembly's numerous non-Communist factions, seeking their support.

He probably can expect the immediate backing of the Independents, the Peasants and the Republican and Social Action group of dissident Gaullists.

This would assure him at the most, of 135 of the Assembly's 627 votes. Because of a recent constitutional change, he will need only the approval of a majority of the deputies voting on the motion to confirm him. Previously, confirmation has required a majority of the Assembly membership, 314 votes.

There was considerable feeling that the next premier would last only a few months, being kept in office chiefly to clear up a number of urgent problems awaiting action.

Chief of these are the Paris treaties to rearm West Germany, which have been approved by the Assembly but await ratification by the Council of the Republic, Parliament's upper house.

Pinay supported the European Defense Community plan, which the Assembly killed last summer with Mendes-France's tacit approval. Pinay abstained in the Assembly vote on the Paris rearmament treaties — which Mendes-France had negotiated — but this was attributed to his deep antagonism toward the Premier rather than outright hostility to German rearmament.

AREA OIL ROUNDUP

Four Wildcats In Area Abandoned

Four wildcats, one each in Scurry, Fisher, Lynn and Gaines Counties, and a stepout to production in north Howard County have been plugged and abandoned as failures.

Diamond Drilling Co. No. 1 Jessie J. Koonsman, northeast Scurry wildcat, was quit at total depth of 7,762 feet in barren lime and shale. It was drilled 660 feet from south and 560 feet from east lines of 245-2-H&TC, about 16 miles northeast of Snyder.

A mile northeast of the Hunsaker field of north Fisher County, Texas Crude and Lamar H. Moore Drilling Co. quit the No. 1 Lena M. Green on total depth of 6,565 feet. It found no shows for commercial production in drilling to that depth. Site was 660 feet from north and west lines of 283-2-H&TC.

F. Kirk Johnson No. 1 Florence Scott, northeast Lynn County prospector, has been abandoned at 6,300 feet in Spraberry sand and shale. Drilled four miles east of Wilson, it was 660 feet from north and east lines of 6-L-GWT&P. After failing to find Spraberry production, it plugged back to 4,406 feet and tested the San Andres where slight shows had previously been made. No commercial production developed there.

Placid Oil Co. No. 1 Terry School Land, southeast Gaines County wildcat, quit after drilling to 14,020 feet in the Ellenburger. None of the higher formations logged any signs of possible production. The well was 10 miles southeast of Seminole and 660 feet from north and east lines of labor 8, league 299, Terry County school land survey.

In north Howard County, Goldston Oil Corp. of Houston drilled the No. 2 Morton-Atlas Life Insurance Co. to 9,981 feet in barren Ellenburger and quit it there. None of the upper formations had any shows for possible production. Drillsite, two miles southwest of Luther, was 1,980 feet from south and 660 feet from west lines of 26-32-12n-T&P, a stepout to production in the Luther Siluro Devonian field.

COKE FAILURE

Union Oil Co. of California No. 1 F. C. Wojtek, central Coke County exploration one location south of the opener of the Munn-Canyon sand field, has been plugged and abandoned.

The well was drilled to 5,215 feet in shale and sand. It was drilled four miles north of Robert Lee in 406-1A-H&TC. Union No. 2 Wojtek, an east offset to the field opener in the same section, has reached 4,875 feet in sand and shale and is coring.

AREA WILDCATS

Bill Horne of Corpus Christi has filed application to drill a 500-foot cable tool wildcat a mile north of the depleted shallow Huribut Sunflower sand field in south Mitchell County.

Horne's project will be the No. 1 Roy Harrell, located 990 feet from south and 330 feet from east lines of the southwest quarter of 11-13-H&TC, 20 miles south of Colorado City.

Shamrock Oil & Gas Corp. of Amarillo staked a site for a 4,500-foot wildcat in northeast Garza County, to be drilled as the No. 1 Douglas Livingston. The site is 330 feet from south and west lines of 3-D18-D&SE, four and a half miles southeast of Southland.

The Chicago Corp. of Fort Worth staked the No. 1 Fay Morton Young and others as a 5,000-foot wildcat in northeast Fisher County.

The location is 2,310 feet from west and 4,950 feet from south lines of Austin & Williams survey 349. That is a mile and a half east of the Pardue Swastika and Ellenburger field.

DRILLING REPORT

Fortune Drilling and Cosden No. 1 W. D. Markham, central Coke wildcat, developed water on a drillstem test from 6,484-628 feet. Recovery was 5,698 feet of fluid, of which 450 feet was salty mud and 5,248 feet of salt water with a sulphur odor. Operator was laying down drillpipe Saturday.

Rheay & Reynolds and others No. 1 Charles Brashear in southwest Fisher County recovered 2,300 feet of gas and 40 feet of oil and gas-cut mud on a four-hour drillstem test of the Canyon sand from 5,198-257 feet. A previous test from 5,130-192 feet recovered gas in the drillpipe with some slightly gas-cut mud.

Ada Oil No. 1 R. H. Odom, Scurry wildcat in 234-2-H&TC, is rigging up rotary tools. Sun No. 1 Hudnall in east Scurry is drilling in lime below 6,695 feet.

BIRTHS

'Hot Water' Killer Is Sought In Singapore

SINGAPORE (AP) — Police are hunting a "hot water" killer who has taken the lives of two babies and attempted to kill another by scalding.

The killer, believed possibly to be a deranged woman, entered a maternity hospital yesterday and threw hot water on the face and body of a three-day-old girl. The child was seriously disfigured.

Two Chinese babies were killed in similar attacks before Christmas.

Slight Damage From Fire Reported Here

Only slight damage resulted from a fire at 11:30 o'clock this morning in the home of Mrs. Charlene Willys in the Negro section of the city.

Firemen soon extinguished the fire. Two trucks were sent, and a general alarm for volunteers was sounded.

DISCUSSES RESIGNATION

With his thumbs locked in his vest, John G. Adams, a central figure in the McCarthy-Army dispute last year, discusses his resignation in Washington as Army general counsel. His resignation was announced by Army Secretary Robert Stevens who said it will be effective March 31. Adams said in his letter of resignation that the "projects which have occupied my attention are now well advanced and I therefore would like to leave my post."

Railroad, City Go Into Court

RUSK (AP)—Palestine and the Missouri Pacific Railroad went to court again today in their long wrangle over the railroad's employment policies here.

An agreement reached a month ago provided the railroad would keep a certain number of workers in Palestine and put up a new building. Dissatisfied railroad workers and property owners organized to fight the agreement, which had city, county and railroad approval.

The I&GN Railroad built its line through Palestine in 1872, and citizens there voted a $150,000 bond issue as a subsidy. The railroad signed an agreement designed to protect this investment.

A court house fire destroyed the original documents. A substitute, agreed on in 1914, provided the railroad was to "maintain forever" offices, shops and roundhouse in Palestine.

The railroad later moved some facilities. The city and county went to court and in 1918 won a U.S. Supreme Court ruling that the "forever" agreement was to be enforced "until the transportation laws are changed."

New laws came along. The railroad went into bankruptcy. It became part of the Missouri Pacific System. Mergers, dieselization and changing economic conditions had the number of employes in Palestine going up and down.

Palestine citizens, especially businessmen dependent on the railroad payroll, became uneasy. They started a move which resulted in this year's agreement.

Nugent Trial In 3rd Week

FT. SILL, Okla. (AP) — Maj. Ambrose Nugent's court-martial on collaboration charges entered its third week today with a witness testifying death was the price a prisoner had to pay for opposing Communist propaganda efforts during the Korean War.

Sgt. John Porter said Red captors issued an ultimatum forbidding POW action against a "central Peace Committee" which Nugent headed.

"The Chinese told us we could not do anything against this committee or we would be a menace to society and would be destroyed," he said.

Porter said he objected to his election as a delegate to the committee only to his own squadron members. The alternative, he said, was to be killed.

He said he talked to Lt. Col. Paul Liles, senior POW at a camp near Pyongyang, the day after he arrived June 15, 1951. He said Liles discussed possible escape plans.

Nugent has denied all collaboration charges. He said he cooperated with the Reds only to protect the lives of his men.

Several witnesses have admitted signing anti-American "peace" petitions forced on them by the Communists. They said prisoners who balked were shot to death or starved.

Nugent, 45, career artillery officer from Merrill, Wis., is accused of 13 specific charges of collaboration. Earlier witnesses branded him as a tool of the Communists.

Thirteen Horses Die In Fire At Race Track

PHOENIX, Ariz. (AP) — Thirteen horses were killed by a fire that destroyed 24 stalls at Arizona Downs Race Track here early this morning.

Cause of the fire was not immediately known.

Jim Herbuveaux, general manager of the track, said the loss probably would exceed $50,000.

Not all the horses lost have been identified. But among them were Son-O-Lois, who had won at the current meeting, and Dusty Acres.

The blaze broke out in an 80-stall barn.

County Court Fine Is Paid Off This Morning

A fine was paid through an attorney here this morning for C. F. Whitehead of Kermit on a plea of guilty to a county court charge of swindling by worthless check.

The assessment was $48.50, including court cost of $23.50, and the $6 check to McCormick's Super Service Station was redeemed.

Venezuela, Iran Oil Flow Boosts Record In Non-Communist World

TULSA (AP)—Venezuela's record crude oil production a large increase in Iran boosted non-Communist world output in November to 12,414,000 barrels daily, the Oil and Gas Journal said today.

Total daily production was up 130,000 barrels to a new high.

U.S. output for the month climbed to 6,230,000, an increase of 94,600 per day over October.

Venezuela hit 2,015,400 barrels daily, a gain of 103,400.

Iran produced 145,000 barrels per day in November compared to 35,000 the previous month.

Figures for the first 11 months of 1954, the magazine reported, indicate oil production abroad is rising much more rapidly than in this country.

Canadian production in November fell to 273,000 barrels per day compared to 281,300 in October.

Russia and eastern Europe had an estimated 1,404,300 barrels daily in November, unchanged.

Jury Panel Recessed

McClellan Asks Tracy To Quit

WASHINGTON (AP) — Sen. McClellan (D-Ark) says he has asked and received the resignation of investigator Charles Tracy, but knows nothing of a report that Tracy had information linking a Democratic senator with a campaign contribution from a Communist.

Sen. McCarthy (R-Wis) said in Milwaukee that a Democratic senator whom he refused to name had knowingly received $300 from a Communist party official on the West Coast. He said Tracy had "stumbled onto" the information and was being fired as a result.

But McClellan, who succeeded McCarthy as chairman of the Senate Investigations subcommittee for which Tracy works, said "I never heard of it before."

McClellan said he had advised six subcommittee staff members who had worked under McCarthy that "they would not be recommended for confirmation" in their old jobs, because "I didn't want to retain them, period."

Wilson Says Military Loses Trained Men

WASHINGTON (AP)—Secretary of Defense Wilson said today the armed forces are losing far too many trained men to private industry and "lately we have seen an already critical situation get worse."

Wilson and Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, appeared before a House Armed Services subcommittee in support of the administration's proposal for selective military pay raises.

Both men stressed that the nation must maintain a core of outstanding officers and men in its military force for years to come. Radford said this period "could be 10 years or it could be 50" and added:

"Since we would never be the one to initiate a war, we have no alternative but to remain adequately prepared to defend our vital interests for an indefinite period of time."

Reading from a prepared statement, Wilson said:

"Approximately one million men —one-third of our planned size for the active forces—will become eligible for some form of release during the next year. This high turnover rate is extremely costly in dollars, but it is even more costly in terms of loss of experience and operational efficiency...

"The readiness of our combat units will be diffcult to improve if we are unable to induce more men to stay with us longer."

He said military pay has fallen behind that of industry and has lagged behind the cost of living as well.

55 Coal Diggers Perish In India Mine Disaster

NEW DELHI, India (AP) — India's third mine disaster in two months has claimed the lives of 55 coal diggers in Bihar state. The explosion Saturday brought the toll in the three tragedies to 130. Gas seepage was blamed for the latest accident, in the Amalabad mine 100 miles northwest of Calcutta.

Second Set Of Twins 'Thrill And Problem'

ROCHESTER, N.Y. (AP)—Mrs. Charles Profetta left the hospital today with her second set of twins in 10 months, and she found it both "a thrill and a problem."

"The thrill," she said, "is twins twice over. The problem is adjusting our household for expansion from two to six persons in less than one year."

Twin girls, Gina and Carmi, were born last March 29. Twin boys, Rudolph and Vittorio, were born last Tuesday.

"And just think, two years ago I was a bachelor," said the father, an apprentice carpenter.

Mrs. Profetta is 26, her husband 25.

Ever get a craving for that old-fashioned combination frankfurters, sauerkraut and potatoes? When we do, our food budget fully approves!

SAUERKRAUT, FRANKFURTER AND POTATO CASSEROLE

1 No. 2½ can sauerkraut
1 cup finely chopped onion
2 tablespoons dark brown sugar
4 to 8 frankfurters
4 medium-size potatoes
1 tablespoon butter or margarine, melted
Salt
Paprika

Turn sauerkraut, without draining it, into a baking dish (about 11 by 7 by 2 inches is a good size). Toss with onion and brown sugar. Bury frankfurters in the kraut. Peel potatoes and cut in half lengthwise; arrange on top. Brush with butter and sprinkle with salt and paprika. Bake in hot (425 degrees) oven, uncovered, for 20 to 30 minutes, or just until some of the top ends of the kraut brown a bit; tightly cover — with aluminum foil if desired — and bake until potatoes are cooked through — 20 to 30 minutes longer. Serve at once from baking dish.

Note: If desired, you may use an apple corer to make a hole through each potato lengthwise; draw a frankfurter through each hole. Bake as directed above.

Dailey, Gwen O'Connor Marry In Las Vegas

LAS VEGAS, Nev. (AP)—A weekend trip "to take in the shows" at Las Vegas has resulted in marriage for actor-dancer Dan Dailey and Gwen O'Connor, former wife of comedian Donald O'Connor.

Dailey, 36, and Mrs. O'Connor, 28, were married Saturday night at the home of Milton Prell, owner of the Sahara Hotel. Dist. Judge Frank McNamee performed the ceremony.

Dailey was divorced in 1951 from Elizabeth Hofert, Los Angeles socialite. The O'Connors were divorced last year.

Cut hard-cooked eggs in lengthwise halves. Mash the yolks with liverwurst and mayonnaise and add salt and pepper to taste. Refill whites and flute with a fork; sprinkle with paprika. Nice to serve as a first course when company's coming.

Cage Season Moves Into Final Month

By ED CORRIGAN
The Associated Press

The college basketball powers were beginning to think seriously in terms of the post season tournaments today as the campaign moved into the final four weeks.

It is a crucial stage for the big boys because this has been an unusual season. Some of the top-ranked outfits have been beaten by teams that didn't figure at all in the preseason forecasts.

Just one month from today, the firing starts in the NCAA Tournament. Some of the conferences are just going through the motions, while others probably will not be decided until the final game of the regular season.

In the Skyline, for example, Utah shows a 7-0 record and should breeze in. Brigham Young, the next best with 4-2, can only hope to make it close.

The same holds true in the Northern section of the Pacific Coast Conference, where Oregon State is the undisputed master with a 10-0 record.

At the other end is the Ivy League. Four clubs still are in the running. At the moment, Penn, with a 6-1 record, is at the top. But the Quakers meet Columbia, the No. 2 team with a 5-1 mark, Princeton also could sneak in. Each has lost only two.

Besides the conference champions, nine independents are selected for the NCAA Tournament. Among the best prospects are San Francisco (15-1), Duquesne (12-3), Marquette (16-1), Dayton (16-3), Cincinnati (17-3), Connecticut (15-2), Villanova (12-4), Niagara (14-3), Canisius (11-3), Memphis State (15-3), LaSalle (16-4) and Holy Corss (12-4).

Here is how the rest of the major conferences stand:

Big Ten — Iowa and Minnesota tied with 5-2, and Illinois very much in the running with 4-2.

Atlantic Coast — A close battle with Maryland leading at 8-2 and three teams — Duke, North Carolina and North Carolina State — all tied with 7-2.

Southern — Richmond in first place with 8-1.

Southeastern — Kentucky, the No. 1 team in the Associated Press poll, is king until someone proves otherwise. Right now Alabama, with a 5-1 league record, is at the top of the heap.

Southwest — Texas Christian, the favorite even before the season got under way, still is up there with a 6-1.

Big Seven — This one looks to be between Colorado (5-0) and Missouri (5-1). They meet Saturday night.

Missouri Valley — Tulsa and St. Louis could stay neck-and-neck right down to the end. Tulsa has a 4-1 record and St. Louis 3-1.

Pacific Coast Southern Division — Stanford and UCLA are tied, each with 5-1. They meet twice at Los Angeles this weekend.

Howard Payne Has 3 Games This Week

By The Associated Press

Howard Payne can rise fast in Texas Conference basketball this week—there are three conference games, and the Yellow Jackets play in each.

Tuesday Payne, resting last in the 3-team league with a 1-3 record, plays first-place McMurry (3-1) at Brownwood. Friday and Saturday Payne entertains Eastern New Mexico at Brownwood.

Payne was the only team to escape defeat last week. Payne beat Abilene Christian 83-80. McMurry lost one to Midwestern and two to Sul Ross. Eastern New Mexico beat St. Michael's twice but lost to Wayland.

Southwest Title Is On Line This Week

By The Associated Press

The Southwest Conference basketball crown goes on the line this week, and no greater rivals could be fighting for it than front-running Texas Christian and hovering Southern Methodist.

TCU and SMU clash at Dallas Wednesday and if TCU wins it will have the title virtually in the bag. A Methodist victory, however, would throw the two teams almost even at the top.

It has been six years since SMU has been able to beat TCU, and things should be hot and heavy in the Southern Methodist gym as Texas Christian goes after its third undisputed title in five years. One other year TCU tied for it.

SMU is the league's highest scoring team with an average of 80 points per game in 17 tries. TCU has averaged 75.6. TCU has a better defensive record, allowing 66 points per game compared to 72 for the Methodists.

Two of the league's top scorers hook up. Dico O'Neal, TCU sophomore, leads the conference with 524 points. Jim Krebs, SMU center, is third with 357.

Southern Methodist stumbled before Arkansas in the Ozarks last week or the teams would be meeting with like records. Arkansas bashed the Methodists 85-74, then journeyed into Texas and got virtually eliminated from the conference race by losing to Texas 75-74 in overtime. It was Texas' first conference victory and second of the season.

The Frogs whipped Texas A&M 92-62, then edged Baylor 77-75 to keep on the top of the league with a 61 record. SMU in second place has 4-2.

It's now a 2-team affair for all purposes. Baylor, Rice and Arkansas have 3-3 records and Texas and A&M are definitely out of the race.

The Frogs have only fve games left—SMU, Texas, Rice, Baylor and Arkansas. SMU has six.

Two non-conference games were played last week. Baylor beat North Texas State 88-73, and Texas lost to Texas Tech 79-74.

Monday Arkansas and Baylor clash at Waco. Tuesday Texas and Rice tangle at Houston. Thursday A&M battles Oklahoma City University at Oklahoma City. Saturday SMU and Baylor play at Waco, Texas and A&M joust at College Station and Arkansas and Rice play at Fayetteville.

Littler Relates How He Won At Phoenix

By JACK STEVENSON

PHOENIX, Ariz. (AP)—"It wasn't tricky, I just had to hit it as hard as I could."

Imperturbable Gene Littler, of Palm Springs, Calif., was talking about the shot that won him the $2,400 first prize in the $15,000 Phoenix Open Golf Tournament yesterday and proved he's more than living up to the reputation gained as an amateur.

Gene came to the final hole knowing he needed a birdie to win and duplicate his victory in the Los Angeles Open last month.

His drive was good and then came the shot he needed—a spoon from 240 yards out. It landed on the green. Gene knew he could birdie with two putts. His first one stopped 18 inches from the hole. His second was in—and so was Littler, who so far this year leads the pros in money winnings with $8,709.

Littler had 1 over par 34-36—70 on the Arizona Country Club course for his final round, but it was good enough.

Billy Maxwell, of Odessa, Tex., the 1951 U. S. amateur champion, had finished with 67—276. Gene knew it. He also knew that Johnny Palmer was behind him, 3 over par. A birdie in the final hole would virtually clinch the title, and the calm 24-year-old Californian was up to the task, even though this was his first Phoenix tournament.

Palmer reached the green of par-5 N, 18 in two shots and tried for an eagle that would tie the lead. But his 75-foot putt was three feet off.

Littler led the tournament at the end of the first round, relinquished it to Palmer, of Charlotte, N. C., at the midway point and pulled even with Johnny and Jay Hebert, of Woodmere, N. Y., after 54 holes.

Hebert went 5-over-par on the first nine over the 6,684-yard course and was out of contention. Palmer stayed even with Littler through 11 before falling behind to finish with a 72—276 in a second-place tie with Maxwell. Both collected $1,000.

Getting $1,000 for 278s were Cary Middlecoff, Kiamesha Lake, N. Y., with a 69 yesterday; Jerry Barber, Los Angeles, 68; and Ted Kroll, Bethesda, Md., 67.

SUPER CHIEF QUITS

Allie Reynolds, pitching standby of the New York Yankees for eight years, said he was retiring on the advice of his doctor. Reynods, 37, suffered a back injury in 1953 and has been bothered with it since. He is shown at his home in Oklahoma City, Okla., regarding a picture of himself and Yankee Manager Casey Stengel.

Saxton And Carter Set For Matches

NEW YORK (AP)—Two world boxing champions, welterweight Johnny Saxton and lightweight Jimmy Carter, stray over the weight limit to pick up some cash in nontitle bouts this week at Boston and Akron, Ohio, in the busiest week of the new year.

Carter's Boston bout with welterweight Tony DeMarco, a prime home town favorite, could very well be the bout of the week. It probably will sell out the Boston Garden. Since Carter stopped Paddy DeMarco (no relation) to win back his title Nov. 17, he has had only one bout, a 10-round decision over Bobby Woods.

Saxton ventures into the home town of Ronnie Delaney, a clever southpaw middleweight who has lost only once in 63 starts. The Akron bout, also set for Friday, will be the second for Saxton since he upset Kid Gavilan in a "stinker" to win the crown at Philadelphia Oct. 20.

Chico Vejar, back from the Army, returns to the TV lanes to box Joey Klein of New York tonight at Brooklyn's Eastern Parkway. Vejar, seriously injured in a plane crash a year ago, will be making his second start since his discharge from service. He stopped Riggie Alotti at his home town, Stamford, Conn. Jan. 28.

ABC will telecast.

Holly Mims, No. 3 among Bobo Olson's middleweight challengers, takes on Milo Savage, unranked Salt Lake City scrapper, tonight at St. Nicholas Arena in New York.

DuMont will telecast.

O'Neal Being Boomed For All-America

By HAROLD V. RATLIFF

FORT WORTH, Tex. (AP) — Dick O'Neal, a 19-year-old sophomore who towers 6-7 but is agile as a ballet dancer, is setting the Southwest Conference afire and his coach thinks he's worthy of All-America right now.

O'Neal is on the way to a flock of records in his first varsity season and at the same time is leading Texas Christian toward its third undisputed conference championship in five years. The Horned Frogs play Southern Methodist at Dallas Wednesday night and can virtually sew up the title if they beat the Methodists — something they have been doing every time since 1949.

The handsome young man who Coach Byron (Buster) Brannon calls "the finest offensive prospect I've ever had" has scored 524 points in 19 games — an average of 27.6 — and, if he maintains his pace in the next five to finish TCU's regular season, will easily smash the Southwest Conference record.

The record is 604 set by Gene Schwinger of Rice in 28 games last season. O'Neal will have about 660 points if he stays on his present scoring track.

O'Neal's high for one game has been 45 points — against Austin College — and he scored 42 against Texas. The conference record is 49 set by Slater Martin of Texas in 1949. He already has 210 points in conference play and that's just 70 short of the record. And he has 88 free throws, which is only six under the conference mark. He scored 25 points against St. Louis, 21 against Bradley and 18 against Vanderbilt in intersectional games to get national attention.

Indians Have Chance To Sew Up Crown

By The Associated Press

Midwestern can just about sew up the Gulf Coast Conference basketball championship this week.

The Indians, unbeaten in the conference race, play North Texas State twice. North Texas has lost one game.

The teams meet at Wichita Falls Friday and Saturday.

Trinity, third member of the loop, plays non-conference games. The Tigers meet Texas Lutheran at Seguin Tuesday, Corpus Christi Friday and Pan-American at Edinburg Saturday.

JUNIOR SHOWS HOW

"Here's the way to do it, Pop," says four-year-old Ed Lopat, Jr., who's intent on showing his father, the New York Yankee southpaw pitcher, the proper mound form. The elder Lopat, who's an attentive student at this session, is conducting a baseball school at St. Augustine, Fla., for diamond hopefuls prior to the opening of major league spring training.

ABOVE THE BLEACHERS

By DALE WALTON

Still leading scoring for the Snyder Tiger basketball team after a weekend of play is Jack Spikes with 269 points.

Alan Snead, however, is right behind him with 261. Others include Jerry Taylor with 195, Milton Ham with 165, Jimmy Bennett with 107, Joel Tankersley with 83, Don McNew with 82, Hubert O'Neal with 41.

On field goals, Spikes still leads the pack with 48 per cent. Others are Ham with 44.5, McNew with 42.5, Snead with 40, Bennett and Tankersley with 33.3 each, Taylor with 31.9, and O'Neal with 26.6.

Snead is top free thrower with an average of 69.3, per cent. Taylor has 65.3, Spikes 65.2, Bennett 61.1, O'Neal 61.1, Tankersley 60.7, McNew 57.7, and Ham 50.5.

Plainview is now so far ahead in District 3A-1 that it is almost impossible to stop them from taking another district title. The Bulldogs have lost only one game in all district play and have 10 wins. Snyder and Levelland are tied for second place with 7-4 records, three games behind the Bulldogs. Lamesa and Big Spring are tied next with 6-5, while Vernon and Sweetwater have 4-7 and Breckenridge has lost all its 11 games.

Before any other team in this district could get another chance at the title, Plainview would have to lose all three of its remaining games. It must meet Big Spring, Lamesa, and Levelland, but all three of those games will be played in Plainview. Even if Plainview did lose all those, the Bulldogs will still be tied with at least one other team for first place and would go into a playoff for the title.

So it looks as if the Bulldgs will have themselves a title.

* * *

Officiating in the Plainview-Snyder ball game Friday night was not the best we ever saw, but it was the best we had seen this season. That at Levelland Saturday night, however, left much to be desired. Teams and fans from both sides could hardly understand the officials' calling of the game, or their calling as officials for that matter.

* * *

Snyder's high school baseball team will again compete in a district with Vernon, Wichita Falls, and Abilene this season. Baseball coach Speedy Moffett is now working on the Tiger schedule.

* * *

Most of you have probably heard by now that Pat Gerald has resigned as head coach at Sweetwater.

Gerald has said for several years that he would quit to operate his two farms, and that's what he says he plans to do now. He and his brother-in-law are partners in 6,000 acres on two farms, one near Chillicothe and one near Plainview.

Younger Set Moving Up In Fem Golfing

HOLLYWOOD, Fla., Feb. 7 (AP) — Joyce Ziske and Wiffi Smith are among the leaders of a "younger set" which is forging to the forefront of women's amateur golf.

Although still shy of voting age, Joyce and Wiffi outlasted a field which included many of the nation's top amateurs and yesterday won the Women's International Four-Ball Tournament.

The youngsters, runners-up here last year, got revenge for their 1954 defeat by beating defending champions Vonnie Colby of Hollywood and Cookie Swift Berger of Buffalo, N.Y., 2 and 1.

Wiffi, 18, and Joyce, 20, are the youngest girls to win this tournament since the Bauer sisters, Alice and Marlene, turned the trick in 1950.

Carl Erskine of the Brooklyn Dodgers pitched two two-hitters during the 1954 season.

Bosox Are Reported Stronger This Year

By MIKE HIGGINS
Manager, Boston Red Sox
Written for The Associated Press

DALLAS (AP) — I am optimistic about our team's chances next season. We have been unable to make a trade that we thought to our advantage but even so I believe we will be stronger than in 1954.

It seems to me our main weakness last year was in the infield and on the mound. I expect improvement in both places this year, especially on the mound. Pitching, as everyone knows, is the heart of a club. Mel Parnell, our ace, should be back in shape. He was out most of last season with a broken wrist.

Frank Sullivan and Tom Brewer, who did so well in their freshman year, should do even better because they have a full year of big league competition under their belts. Dick Brodowski, a promising youngster, is out of the service and it's possible that we can find some help from the four pitchers coming up from Louisville—Ivan Delock, Tom Curtis, Hershell Freeman and George Susce.

I look for Milt Bolling to get back to where he was in 1953 as a shortstop. He was a fine young shortstop for me at Louisville and he was very good here until he broke his ankle late in the '53 season. But it's hard to be sure of anyone, especially when you haven't seen these boys for a long time.

We have added Billy Klaus and Owen Friend, two of the best infielders in the American Assn., as well as Norm Zauchin, who drove in 118 runs at Louisville. He could add some righthanded batting power to go along with the lefthanded-hitting Harry Agganis at first base.

Right now it looks like Billy Goodman will be our regular second baseman but I've got an open mind there when it comes to Billy Consolo and Ted Lepcio. Ted, however, may be better at third base where Grady Hatton played a fine game last year. It could be I may have to do some two-platooning but I'd rather have a set lineup if I can.

My outfield is set if Ted Williams chooses to return. I am looking forward to seeing him at Sarasota but I haven't seen him or talked to him. I hope he gets the baseball itch when spring comes around. If he returns, my outfield will be Williams in left, Jimmy Piersall in center and Jackie Jensen in right. Ted will bat either third or fourth, not second. Third is an ideal spot for a good lefthanded hitter.

The catching will be well taken care of by Sammy White. Then too, we have three fine looking young receivers coming up. Guy Morton, Joe Buck and Pete Daley all had fine records in the minors.

Reward Is Little For Pace Setter

NEW YORK (AP)—Save a thought of sympathy for Gunnar Nielsen. He deserves it.

The sorrel-topped Copenhagen pressman held the world indoor mile record today, but his fine shaved two-tenths of a second off Wes Santee's week-old mark — has been all but lost in the shuffle.

In fact, it is safe to say that no more than a handful of the 14,736 spectators who jammed Madison Square Garden for the Millrose Games Saturday night, saw him break the tape.

There was a better performance going on behind him. Santee and Fred Dwyer, a pint-sized edition of Min Mountain Dean, were engaging in a lively rasslin' match.

Dwyer got the decison, breaking out of Santee's hold to cross the finish line behind Nielsen. But the referee . . . er, judges, blew the whistle on him and he was disqualified. On the reversed decision, Santee was awarded the place.

"I want another crack at him," Dwyer gritted through his teeth in the best manner of the ring. He'll get it this Saturday in the New York A.C. Games.

Santee, who did his training in New York last week, repaired to his native habitat, Kansas, where the air probably is fresher for sparring.

Nielsen, he's not interested.

"I have discovered now the secret of beating Santee," he said. They're now even in four races. "I think I can lower my time even more."

Track Stars Hurt In Auto Collision

READING, Pa. (AP) — Seven persons including three Penn State University track stars and their coach were injured yesterday in an auto collision on rain-slick Route 22 near here.

Ollie Sax, 23, of Kearney, N.J., was the most seriously hurt of the athletes. The outstanding quarter-miler suffered a broken left arm and cuts of the face.

Joe Becker, new coach with the Brooklyn Dodgers, once was the property of the New York Giants. rookie pitcher who won 17 games

Prospects Up For LSU Job

BATON ROUGE, La. (AP) — Red Sanders of UCLA and Paul Brown of the Cleveland Browns were mentioned today as Louisiana State University began hunting a successor to its ousted football coach, Gaynell Tinsley.

Speculation that LSU may be in the market for a nationally-known coach grew when Chairman Lewis Gottlieb of the Board of Supervisors said the university might combine the jobs of coach and athletic director.

LSU is also seeking a replacement for T. P. Heard who was relieved as athletic director after a 23-year reign.

Combining the jobs would put the post in the higher salary bracket and possbly attract big name coaches.

Possible candidates for the coaching assignment include Stan Galloway of Southeastern Louisiana College, Don Faurot of Missouri and Ed McKeever, former LSU assistant and one-time head coach at Notre Dame.

Gottlieb said last night no efforts have been made to contact anyone so far — "it's a wide-open proposition."

Few Trades Benefit Both Clubs Involved

By GAYLE TALBOT

NEW YORK (AP)—The ideal player trade is, of course, a swap which promises to benefit both ball clubs. If you wish to believe the club owners involved, almost every deal pulled off since the game began has been a standoff in the matter of value received. In our own experience, though, we have seen only one major transaction which actually achieved that goal.

The players concerned were Allie Reynolds, the superlative right-handed pitcher who retired the other day, and Joe Gordon, who belongs in any list of great fielding second basemen. It took two club presidents of rare imagination and gambling instinct to swing such a trade, namely, Larry MacPhail and Bill Veeck Jr.

Larry, then head of the Yankees, and Bill, boy wonder of the Cleveland Indians, got to gabbing in a box at the 1946 World Series between the Boston Red Sox and St. Louis Cardinals. Each had his troubles, the Yanks having pulled up a frayed third in the American League race just ended and the Indians a decayed sixth.

Veeck felt that if he had a second baseman to team up with his crack shortstop and manager, Lou Boudreau, he might get somewhere. He offered MacPhail the pick of his pitching staff — barring Bobby Feller — for Gordon, who had shone in five World Series for the Yanks. The Indians staff included, besides Reynolds, such attractive bait as Bob Lemon, Steve Gromek and Red Embree.

MacPhail called Joe DiMaggio over to his box and asked the Clipper to make the choice for him. Joe unhesitatingly picked Reynolds, though the Chief had posted only an 11-15 record that season. Though he was surprised, Larry went along, and right after the Series ended, on Oct. 11, the deal which was to shape baseball history for that day to the present was announced.

Be on the lookout for next week's issue, featuring:

"You're Not My Father!" BY ROBERT DIX
Here is the tender, true story of Richard Dix's family, as told by the late film star's teen-age son, Robert. After his father's death, Robert resented his mother's remarriage and unleashed his mixed-up emotions on his new step-father. Here, in his own words, he tells how he solved this problem in family relationships.

"There's Still Room at the Top!" BY PAUL D. GREEN
If you're inclined to think that an enterprising man can't make a fortune in business today, as he could in the "good old days," don't miss this article. It tells the success stories of three young men who have recently built million-dollar enterprises—one in the insurance field, another in a do-it-yourself business, and the third with sewing machines.

IN THE SAME ISSUE:
- Fashion consultant Allyn Rice describes the accessories that will make the perfect complement for Milady's Spring wardrobe.
- For the children, the Junior Treasure Chest is packed with games, puzzles, and ideas for Valentine's Day fun.
- Music critic Joey Sasso discusses some recently released albums of popular, jazz, classical, and children's records.
- And there's another popular Family Weekly Quiz, this one called, "How Do You Score on Sex Appeal?"

SNYDER MEAT CO. TRUCKS

The fleet of refrigerated and open trucks above are the trucks employed by the Snyder Meat Co. to distribute meat to more than half of Texas which the local firm serves. Included at left is a small refrigerated delivery truck for deliveries of wholesale meats to cafes and grocery stores in this area. The two large refrigerated vans are used to deliver meat as far away as San Antonio, Tyler, and Wichita Falls. (Lee Watson photograph)

Snyder Meat Co. Serves Large Area

One of the leading firms of Snyder, so far as gaining statewide recognition for Snyder is concerned, is one that many local persons hardly realize the town has.

It is the Snyder Meat Co., which serves more than half of Texas with the finest in wholesale meat products.

Although almost everyone knows that Snyder Meat Co. is here, few realize that it serves as wide an area as its trucks cover on their weekly rounds.

The local firm serves all the area south of here to San Antonio, east of here to Tyler in East Texas, north to Wichita Falls, and west to Lamesa and Big Spring.

G. W. Parks and W. C. Hart, owners, say that of all the area in which they buy and sell beef, the best beef is produced in Scurry County.

"The quality of the beef produced here is far above the average, and is just as good as any found anywhere," Parks said.

All the beef slaughtered and sold by the firm here is government inspected and graded, and city inspected to assure the meat customer of the highest quality meats.

The government stamp of the quality of the meat is placed on every cut of beef sold by the firm to cafes and grocery stores, and many housewives as well as cafe operators and grocers have found that the meat they serve will always be of the highest quality if they demand Snyder Meat Co. meats which bear the government grade markings.

A new brand of sausage will soon be marketed by the firm under the name of Parks Country Style sausage, the owners said.

Parks manages the plant here, located behind the Chamber of Commerce office on Twenty-fifth Street, and Hart buys cattle all over the country for the firm.

Although the majority of the firm's business is the wholesale sales of meat to cafes, restaurants, and grocery stores and butcher shops, the firm also sells much meat to individuals to fill frozen food lockers. Custom killing of cattle for individuals is another service the firm offers.

Rodeo Champs Are Crowned

By The Associated Press

Fort Worth's stock show was over Monday, and officials called it a success. Houston's moved into the second round of judging.

Toots Mansfield of Big Spring, world calf roping champion seven times, won all-around cowboy honors Sunday night as Fort Worth's Southwestern Exposition and Fat Stock Show rodeo closed.

In quarter horse halter classes, Jim Nance, owned by John Dublin of Barnhart, was named grand champion stallion. The reserve grand champion was Town Crier, owned by Paul Curtner of Jacksboro.

The grand champion mare was Dee Gee, owned by Wanda Harper of Mason.

The grand champion gelding was Kent, owned by R. Q. Sutherland of Kansas City.

Maybeso Joe, owned by Phillips Ranch, Frisco, was the reserve champion gelding.

Other champions at the rodeo in Fort Worth included: saddle bronc, Guy Weeks, Abilene; Palmetto Polo, Tom Green County Sheriff's Posse; open cutting horse contest, Marion's Girl, owned by Marion Flynt of Midland.

The Tom Green County Sheriff's Posse upset the world champion palmetto polo team of Dickens County 11-10. Tom Green also won the national indoor championship.

Officers Forestall Threatened Suicide

FORT WORTH (AP)—A woman called police yesterday and threatened to kill herself, then talked until officers reached the house and took a pistol away from her.

G. A. Eurto answered the phone when the woman called. She said she had a 10-month-old daughter, a husband who didn't love her, and a loaded pistol. She said she was tired of it all.

Eurto gave the woman's address to a dispatcher, who sent a car. Eruto talked to the woman 13 minutes, then she said someone was at the door and hung up.

The policemen gave the gun to her husband, who had slept through the whole thing.

Traffic Toll In State High Over Weekend

By The Associated Press

Traffic smashups, many on slick pavement, pushed Texas' weekend violent death toll to 21.

Fourteen died in traffic. Two wrecks claimed three lives each.

Three Abilene residents died when their car plowed through a barrier on a dead-end street at New Braunfels Sunday and plunged into the Comal River. They were Virgil Gray, 36; Alvin Derinton, 33, and Miss Evie Newman, about 35.

Three were killed Friday night in a headon car crash near Lampasas. They were Mrs. Sonja Griffin and her 6-month-old son, of Corpus Christi, and Airman James McCrory, 19, Fort Worth, of Foster Air Force Base, Victoria.

Bruce Askew was shot dead Saturday in a Sulphur Springs street. Officers questioned a woman, 30.

Raul Rodriguez, 21, was killed in Austin Saturday night in a collision.

Two Dallas infants burned to death Sunday when gasoline they had been splashing on each other was ignited by a heater. Kathy Renay, 9 months old, and Keith Lane, 2, were playing with gasoline their father, Kenneth Clark, was using to clean his hands.

Francisco Rumacho, 33, was fatally slashed across the throat at Abilene Saturday. A man, 39, was held.

Mrs. Francisca Mendoza, 82, Taylor, died there Sunday of injuries suffered when she walked across the street to attend mass.

Marcos Zuniga Jr., 22, Houston, was found dead at his home Sunday from a head injury. Homicide officers were investigating.

Harold Barnett, 38, of Channelview was killed Sunday in a headon collision near Houston.

Airman Kenneth Woodard, Coleridge, Neb., was killed near Weatherford Sunday when his car overturned. He was stationed at Wolters AFB, Mineral Wells.

Otto Jensen, 35, El Campo, killed himself with a shotgun Saturday.

An Air Force pilot was killed Saturday when his Kelly Air Force Base jet trainer crashed 12 miles west of San Antonio. He was Lt. Julian Sheets of Indianapolis.

Sgt. Claude Conley of Ellington Air Force Base, Houston, was killed near Houston Friday in a collision blamed on a slick highway.

Sherry Haynes, daughter of Mrs. Lillie Haynes of Conroe, was killed in a traffic accident north of Houston also blamed on rain.

Two Children Die When Gasoline Fumes Ignite

DALLAS (AP)—Two children playfully splashed each other with gasoline yesterday, then burned to death as the fumes ignited.

Dead were the only children of Mr. and Mrs. Kenneth Clark, 9-month-old Kathy Renay and Keith Lane, who would have been 2 March 26.

Battalion Fire Chief Don Ratliff said Clark had taken a small jar of gasoline inside to clean his hands. The children got the jar and began to play with it. Ratliff said the fumes apparently ignited from the bathroom heater.

The parents and neighbors put out the fire quickly.

Dunn Court-Martial May Be Completed Tuesday

LAREDO (AP)—The court martial of Col. Robert Dunn is expected to end possibly tomorrow.

The Kokomo, Ind., Air Force officer is charged with illegal use of government property and personnel. The charges involve flights in military planes to Harrisburg, Pa., where the government charges Air Force personnel worked on two half-tracks owned by Dunn.

Fortune Teller Solves Crime

PITTSBURG, Tex. (AP)—A Negro fortune teller who said she heard a confession of a murder gave police the tip that led to two arrests in the brutal robbery-slaying of Martin Brummell, 70.

Sheriff Colin Dell said two Negroes, George Birdine, 56, and Arveletta Johnson, about 40, signed statements admitting they killed the farmer in December. Both were charged with murder.

The body of the prominent white farmer was found stabbed and slashed under a barn at his home Dec. 8. His pockets had been turned out and his billfold was missing. Dell said Brummell usually carried large sums of money on his person.

Birdine was taken to jail at Longview and the woman to jail at Gilmer.

A fortune teller in another city wrote officers and said a Negro woman admitted the slaying during a "consultation" and implicated a Negro man.

Nephew Of Queen Is Hanged For Slaying

BENGASI, Libya (AP) — Sherif Mohieddin el Sinussi, 22-year-old nephew of Libya's Queen Fatima, was hanged yesterday for the feud slaying of Sayed Ibrahim el Shalhi, comptroller of the royal house hold.

El Sinussi was convicted of premeditated murder last December. El Shalhi was shot Oct. 5 as he entered an automobile.

The feud between El Shalhi and some members of the royal family reportedly developed when the comptroller blocked the ambitions of some of the family by wielding his own considerable influence with King Idriss.

Gambling Raid Gets Larger On 2nd Trip

BOSTON (AP)—Police returned to the scene of a gambling raid yesterday and bettered their first score.

In the first raid, in the early morning, they arrested two persons for gaming on Sunday and 10 for being present.

In the second they arrested two for gaming and 14 for being present, including four married women, aged 21 to 35.

Eight of the 16 taken in the second raid had been arrested in the first raid.

There are approximately 500,000 music teachers in this country, full and part time.

The United States has six per cent of the world's land and seven per cent of its population.

Driver Hurled Through Windshield, Uninjured

CUSHING, Okla. (AP)—Elvin Gale Earnest's car skidded and plunged down a 30-foot embankment into a creek. Earnest, 17, was hurled through the windshield.

He landed in an upright position on his feet.

"I've never seen anything like it before," said Deputy Sheriff Lee Stiles. "He didn't have a scratch on him—except a few bruises on the bottom of his feet."

Matusow Case Could End Use Of Ex-Reds In Witness Chair

By JAMES MARLOW

WASHINGTON (AP) — Unless the government can turn the tables on Harvey Matusow — for example, by proving he lies when he says he lied — its use of ex-Communists as professional witnesses will suffer damage.

A federal grand jury questions him today. A congressional committee wants to question him. It can be taken for granted the government is digging behind the scenes to find out why he about-faced.

He has sworn that some of the testimony which he has given about communism in this country was a lie. He was a member of the Communist party but claims he left it.

Rep. Walter (D-Pa), chairman of the House Un-American Activities Committee, says he's convinced Matusow has always been a Communist and has been used by the party to discredit government Red hunts.

Walter did not explain whether he meant Matusow, who has expressed a liking for money, was paid by the party to repudiate his testimony or whether in all he has said and done Matusow was acting as a loyal party member.

There are some differences between Matusow and Whittaker Chambers, the best-known of the ex-Communists who gave testimony for the government against communism.

Chambers, whose testimony sent Alger Hiss to jail for perjury, wrote a book, "Witness," after he had made headlines with his revelations. The book was in support of his testimony.

Matusow, who gained sporadic headlines working with Sen. McCarthy (R-Wis) and through his testimony at congressional hearings and in court trials, has written a book, "False Witness," repudiating himself.

(He recently filed an affidavit in New York, swearing that his testimony at the trial of 13 convicted secondstring Communist leaders was phony.)

Chambers was a secret government informer for years, but only after he left the party. He says in his book he gave up a "secure future" and a $30,000-a-year magazine job.

Last week at a news conference, Matusow said he became a professional witness because it was "a racket" and he liked the notoriety.

He had joined the party in 1947 when he was 20. The FBI says it used Matusow as an informer from June to December 1950. In January 1951 the party supposedly expelled him.

He started being a professional witness in public a year later.

When Chambers first became a public witness, his testimony seemed incredible. He was vindicated when Hiss was convicted.

After that the public got adjusted to believing ex-communists.

If Matusow's denial now that he told the truth stands up, he will sow future suspicion in the minds of the public and juries about the truthfulness of any ex-Communist testifying for the government.

At the same time there is an important but unanswered question on the government's side: Just how well did the Justice Department check on Matusow's reliability before it brought him into a courtroom to testify?

Kilday Predicts Military Pay Hike

WASHINGTON (AP)—Rep. Kilday (D-Tex) predicted today Congress will approve some type of pay raise for career military personnel, but perhaps only after considerable debate over the exact amount.

Kilday is chairman of a House Armed Services subcommittee which opens public hearings today on a comprehensive measure to boost the pay of long-term servicemen from 8 to 25 per cent.

The Eisenhower administration, which urged the program, estimates that it will cost nearly 730 million dollars in the fiscal year starting July 1.

The measure also would provide increases up to $245 monthly for hazardous flight and submarine duty and provide other fringe benefits requested by President Eisenhower.

The administration proposal provides no straight pay increases for enlisted men with less than two years' service or officers with under three years.

Administration spokesmen say they want selective rather than general pay increases because the purpose of the bill is to encourage men to make a career of military service.

Another aspect of the administration's military program, that calling for manpower reductions to a "long pull" goal of 2,850,000 by mid-1956, won an influential endorsement over the weekend from Rep. Vinson (D-Ga), chairman of the full Armed Services Committee.

Student Is Found Slain In Tenement

NEW YORK (AP)—A young woman graduate college student was found choked and stabbed to death yesterday in a dingy, sixth-floor Manhattan tenement.

"One of the most brutal murders I've ever seen," said Police Capt. William Schnabel after inspecting the death scene.

The body of Anne Yarrow, 23, was discovered yesterday by a friend who had gone home to South Carolina for 10 days and allowed Miss Yarrow to use the apartment in her absence.

Herta Payson returned to her sixth-floor frugal lodgings to find the front door almost ripped from its hinges and the latch smashed. Her friend's mutilated body was sprawled on a mattress on the floor, clad only in a sweater and stabbed at least 40 times.

No weapon was found. There had been some kind of sexual assault on the attractive, dark-haired woman.

A neighbor told police of hearing screams around midnight, and another said the phone had been ringing in the Payson apartment around 3 a.m.

Police figured this ringing might have been a return call from Miss Yarrow's father, whom she had tried unsuccessfully to reach earlier in the evening. The father, Don Yarrow, a photographer, lives in Ventura, Calif.

Miss Yarrow's parents are divorced and her mother, now married to ship captain Alex Kaelep, lives in Astoria, Queens, New York City. The slain girl was a 1953 honor graduate of Guilford College near Greensboro, N. C., and had lived with her mother and stepfather until she recently took an apartment with two other girls in Brooklyn.

The mother, weeping bitterly, sobbed yesterday: "My daughter, she was an idealist. I don't know why they are always the ones who get killed."

Although she had occasional dates, a friend said, the slain girl did not regularly date any particular person.

Miss Payson told police Miss Yarrow had asked to use the apartment because she wanted a chance to be alone after splitting up with a boy friend who knew the location of the Brooklyn apartment where she had been living.

Miss Yarrow had been a graduate student at the Washington Square College of New York University here.

Winds Keep Chute Aloft

SAN ANTONIO, Tex. (AP)—A jet pilot says he hung helpless in his parachute more than half an hour while eerie winds kept him aloft.

"I'm lucky to be alive," said Col. W. O. Beane, of Norfolk, Va., yesterday—his 35th birthday.

Strange air currents kept him aloft 35 minutes Saturday night after he bailed out, he said.

Returning to Randolph Air Force Base from Luke AFB, Ariz., Beane's T33 jet trainer ran low on fuel. He ejected himself into the night at 7,000 feet. The plane crashed some 20 miles north of here.

He said that after his chute popped open unusually strong vertical updrafts either held him in check or forced him upward.

With clouds, sleet, rain, snow and darkness, he said, he couldn't even see the parachute's canopy.

He knew the exact time, he said, because all he could see was the glowing dial of his watch—"I had nothing else to do but look at it."

It was 30 minutes after he jumped before he spotted his first sign of earth—two small lights twinkling below. Five minutes later he plopped into a tree. A rancher gave him coffee. Beane suffered only scratches and bruises.

Panhandle Has First Ellenburger Oil Well

PAMPA (AP)—The Panhandle's first oil production from the Ellenburger formation has been reported at a Phillips Petroleum Co. well in Gray County.

The well, 16 miles east of Pampa, flowed 44 gravity oil with no water at 60 barrels in an hour and a half drillstem test. The Troy A. 1, Section 86, Block M-2, BS&F Survey, is 11,370 feet, deepest test in the Panhandle.

Phillips had been about ready to abandon the site when oil showed.

Tour In U.S. Set By Berlin Philharmonic

By REINHOLD ENSZ

BERLIN (AP)—The Berlin Philharmonic Orchestra is going to the United States this month for a tour of 19 cities. The trip may show whether music lovers there are willing to forget about the tainted past of some of its members.

"We consider it significant, both culturally and politically, that 10 years after the war we have a chance to go to America," says the orchestra manager, Gerhart von Westerman.

The Orchestra's temporary conductor Herbert von Karajan was a Nazi party member. So were Von Westerman and some of the orchestra's 103 members. Roughly half of them played in the orchestra during the war. In return, they received the supreme favor from Adolf Hitler — exemption from military duty.

"It is possible there will be no objections to us," Von Westerman conceded in an interview. "If there are, we hope we can win over the objectors through our music.

"We must prove that music has nothing to do with politics.

"It will be a great adventure. Only one or two members of the orchestra have been to America."

His anticipation is dampened somewhat by the fear that American audiences might not understand the orchestra's style.

"German orchestras are very different from American orchestras," he says. "The American conductors exert an enormous discipline, and their musicians must play with the utmost precision. Our musicians have more chance for improvisation. Discipline is very necessary in a German orchestra, but it is not so all-important. We seek to produce music with the heart. We breathe differently."

The tour opens Feb. 27 in Washington. Other cities to be visited are New York; Chicago; Philadelphia; Pittsburgh; Cleveland; Cincinnati; Lexington, Ky.; Bloomington, Ill.; Milwaukee; Ann Arbor, Mich.; Columbus, Ohio; Detroit; Rochester, N.Y.; Syracuse, N.Y.; Boston; Hartford, Conn.; Baltimore; and Newark, N.J.

Orchestra Bus Skids, Crashes

CLIFTON FORGE, Va. (AP) — A chartered bus carrying 32 members of the St. Louis Symphony Orchestra skidded into an underpass here yesterday and as result the symphony had to cancel a concert at Portsmouth, Ohio.

Seventeen persons aboard the bus—one of three transporting the orchestra from Roanoke, Va., to Portsmouth—were shaken up and slightly injured. Three required brief hospitalization but were released.

Police said the bus skidded in icy slush and cracked into the railway underpass with terrific force about four miles west of here on U.S. 60.

Members of the orchestra who were on the wrecked bus were en route today to rejoin the symphony at Muncie, Ind., for a concert tonight.

Motorboat Cruises Down City Street

PENSACOLA, Fla. (AP)—An outboard motorboat cruised down a city street and a park was turned into a shallow lake by 8.95 inches of rain recorded at the Pensacola Naval Air Station. The downpour was reported in 24 hours yesterday. Rain was still fallin_ in outlying areas last night.

Here's How to Compete:

SOLVE the clues across and down as you would any other crossword puzzle.

CHOOSE from each clue the word you think best fits the definition.

LETTER the answers in the blank spaces provided in the puzzle until all the white squares have been filled in.

Rules for Prize Cashword Contest

(1) Anyone may enter except employes of The Snyder Daily News and members of their family.

(2) Entries must be made in crossword puzzle form. They can be on the form printed here for your convenience or on a hand-drawn facsimile the same size.

(3) A cash prize of $25.00 will be paid for the correct solution. If more than one correct solution is received, the prize will be equally divided among the winners. If no correct solution is received, the week's prize will be added to the award for next week's contest.

REMEMBER: There is only ONE correct solution and only a correct solution can win. There is only one answer that in the decision of the judges is the BEST word fitting the definition in each clue. The decisions of the judges shall be final and all contestants taking part agree to accept those decisions as a condition of entry.

(4) After you have filled in the puzzle, clip it evenly and deliver to The Snyder Daily News to arrive before 5:30 P.M. Thursday or post marked midnight Thursday.

Any entries received after the deadline, whether by mail or hand delivery, will be declared ineligible.

Winners and the Solution Will Be Announced With the New Cashword Puzzle Next Week.
