Garza County voters won't have to pay a poll tax this year, but they must register by Jan. 31. Tax assessor - Collector T. H. Tipton reminded all citizens today.

By noon Wednesday, 906 Garza County residents had registered to vote, which is running about the same as poll tax payments ran this time in an "off" election year, Tipton said.

County Judge Crawford Martin says state judge's order last Thursday, voiding the Nov. 8 vote for repeal of the Texas poll tax has no effect on an individual's registering to vote.

Martin said Friday potential voters should go ahead and register before the Jan. 31 deadline.

Everyone registering to vote will receive a certificate which they must take to the polls just as they did their poll tax receipt.

The price of the poll tax actually becomes the only difference, with no money involved in the voter registration, which still takes place, however, at the tax assessor's office in the courthouse.

This is National Jaycee Week. The Dispatch and some 40 of its advertisers salute Post Jaycees for their efforts and accomplishments on page 3 of today's edition.

One of the most important problems for any smaller city is how to keep its young men and women home when they grow up. The Jaycees and their counter - part Jayceeette organization provide answer to another problem of a city - to put young folks to work for community betterment. In these organizations they work together.

This is the "dead time" of the year when most business folks set down to their desks to make up all those government reports, and up their inventories, and tally their income taxes.

This isn't an election year which account for the fact that such interest is being shown in the final voter registrations over at the courthouse.

But the spring elections - for city and school board - are being up and we should be hearing some buzz - buzz from that election pretty soon.

We would urge all our readers to attend the annual Chamber of Commerce banquet Feb. 9 if they can. The speaker is Harry W. Clark, the executive director of the Texas Industrial Commission. He's the man who can tell us all a lot on how to attract industry to Post.

We can get a good crowd out to hear him, we'd predict this well be a real "industry hunting" for Post because Harry can tell you up with the zeal to get it.

Bingham funeral held in Lubbock

Funeral rites for M. K. Bingham, of Lubbock, a former resident of Post for 19 years, were conducted at 2 p. m. Wednesday in the Church of the Nazarene at Lubbock.

B. B. Bingham, who was an active member of the Church of the Nazarene, died at 1:20 p. m. Monday in Methodist Hospital.

County to borrow \$85,000 more for 1967 operations

The Garza County Commissioners' Court over the weekend completed arrangements with the First National Bank here to borrow up to \$85,000 in script warrants to keep the county in funds for 1967 operations.

Whether or not the county made any progress in 1966 in its first year

of its "five year plan" to climb out of its current financial hole probably won't be known for several weeks when County Auditor J. Arthur Davis of Lubbock has the opportunity to analyze the county's books more closely.

THE COUNTY arranged with the bank to borrow \$75,000 in script

warrants in 1966, but actually needed about \$85,000 worth.

A hefty increase in property valuations, inaugurated with payment of 1966 taxes, is expected to bring in additional tax revenue and help the county gradually work out of its financial dilemma.

That of course will only be possible if expenditures can be held in check.

The problem, as thoroughly aired 14 months ago, is that the county has gotten "about a year behind" financially and had to use fall tax collections to pay its bank overdrafts or script warrants for that year.

This leaves the county virtually without operation funds at the start of the new year.

All of this is legal according to the state law, but expensive as interest must be paid on the operating funds borrowed each year.

The court took a "long, hard look" at the situation a year ago and voted for a complete re-evaluation and equalization program for all real property. There has been only three months of collections on the new program to help "on the problem" so it is a bit too early to determine if the "five year plan" to climb out is now on schedule.

THE COUNTY hopes at the end of five years to be "caught up" again with fall tax collections going to finance the county's operation for the following year.

The county in its bank arrangements on the script warrants agrees to pay back all it borrows on the warrants on or before Dec. 31, 1967.

For a starter \$40,000 in such script warrants were sold to the bank Friday. It isn't expected that all of the warrants will be issued until much later in the fiscal year.

The county will pay 5 per cent interest on the warrants for the period they are outstanding.

Ted Aten, the new county commissioner for precinct 2, also had to arrange for \$7,500 in additional script warrant borrowing from the bank for not to exceed 120 days to help finance precinct 2 road operations for the next four months until other funds will become available to the precinct. Last year the precinct needed \$2,000 in such warrants to tide it over, he reported.

Ansil O'Neal new Rotary head here

Ansil O'Neal, Pioneer Gas Co. manager here, was elected president of the Post Rotary Club by the club's board of directors Tuesday to complete the unexpired term of Dick Tanner.

Tanner, superintendent of the greige area at Post Cotton Mills, resigned as club president because Burlington Industries has indefinitely assigned him to the Burlington plant at West, Tex., near Waco.

Tanner will be at West probably for several months before returning to his permanent position with Post here. His family has remained in Post.

Tanner's term as president runs until June 30.

Rotary directors boosted O'Neal, the club's vice president, into the presidency and voted Tanner a six months leave of absence from the club.

Bill Pool was elected vice president of the club for the remainder of the Rotary year and A. C. Cash elected by directors to fill the vacancy on the directors.

The changes were announced to the club by Lou Marks, club secretary, at Rotary's Tuesday luncheon with O'Neal presiding for the first time.

Julian Smith, residence engineer for the state highway department here, had the program and showed a color film by the highway department, entitled, "Texas Builds A Highway."

LEWIS C. HERRON

Herron elected bank director

Lewis C. Herron, vice president of the First National Bank, has been elected a director of the bank.

Action came at the bank's annual stockholders' meeting held at the bank last Thursday afternoon. Herron had been an advisory director.

Herron joined the bank staff Jan. 1, 1962, after serving as Garza County agent for 13 years. He has been a Post resident since 1949.

Directors include E. W. Williams, Jr., C. E. Basinger, Louie Burkes, S. E. Camp, Robert H. Collier Jr., J. Harvey Herd, G. C. McCrary, Glenn Norman, J. B. Potts, Arnold Sanderson and L. G. Thuet Jr., directors, and K. W. Kirkpatrick and Vernon Scott, advisory directors.

No offers yet to buy surplus water

White River directors were told at their January meeting last Thursday night that "as of now" the district has no firm offers to purchase surplus water for "water flooding" of any oil fields in Garza County.

Some firms have expressed interest, but none are ready to buy any water, directors were told by Marvin McLaughlin of Rails, who has been contacting the oil firms.

One major company is planning a study to determine the relative cost of using White River water instead of salt water, directors learned.

Firemen respond to two alarms first of week

City firemen extinguished a fire at the Postes Mills dump ground at 2:16 p. m. Monday.

Firemen were called out at 3:30 a. m. Monday to extinguish a burning automobile three miles south-east of Southland on U. S. Hwy. 84.

Library group clears way for book-buying

Directors of the Friends of a Public Library cleared the way Tuesday night for the purchase of new books for the Post Public Library from city and county funds by naming Mrs. Helen Cornish as the new chairman of the acquisitions committee and recommending the appointment of Mrs. Rosemary Chapman as head librarian.

Mrs. Cornish will name her own committee to select books to be purchased from city and county funds provided the library.

Selection by proper authorities of a librarian appears necessary as state law requires the librarian to hold a county librarian's certificate for the county to participate in the library project.

Lonnie Duke has been named by the Friends to work out details of the agreement for county participation, which will include qualification via a county librarian's certificate.

The city has included \$1,500 in its 1967 budget for the library and the county \$500.

Additional needs for the library were discussed by the board. These included need for a new card catalogue file which would cost approximately \$200, and the need for additional shelving within about three months.

How such additions can be financed was taken under study. The Friends organization went into debt last year to pay for all present shelving and library facilities, after the city paid for remodeling of the room.

Mrs. Maury Shiver, library aids chairman, reported on the need for the card catalogue and shelving, and several other library problems.

Tom Gamblin, head of the Friends board, announced that the board will meet again the first Tuesday in February and that a membership meeting will be held in March at which time three directors are to be elected.

Directors, asked to make a recommendation on whether or not to establish a "pay shelf" to provide revenue for the purchase of "best sellers", voted against recommending a pay shelf but instead that such books be held to a membership meeting will be held in March at which time three directors are to be elected.

New locations launch 1967's oil activities

The start of 1967 oil activity in Garza County was reported this week with announcement of plans for several new test wells.

Sun Oil Company is planning a step-out to the Garza (San Andres) field, the No. 38 Post Estate, which is scheduled to be drilled to a depth of 3,150 feet two miles south of Post. It spots 1,320 feet from north and east lines of Section 7, Block 5, K. Aycock Survey.

The Kirby Petroleum Corporation will drill the No. 1-G Garza field test, the No. 1-G-G Montgomery-Davis, a half mile west of Post. It will be a 3,800 foot venture.

Cannon & Gilmore of Midland will drill the No. 1-G Sims as a 4,000 foot test in the Huntley (Glorieta) field, five miles northwest of Post. The drillsite is 330 feet from south and 1,980 feet from east lines of Section 1208, H&OB Survey.

E. R. (Buster) Moreland said George R. Brown's first 1967 drilling effort will be the City of Post No. 36, which will be drilled on vacant lots in the 400 block between 13th and 14th streets.

He said a hearing probably will be held before the railroad commission in Austin in about a week to seek a special permit to drill the No. 1 W. W. Stephens and others Unit as a 3,750 - foot project in the Garza (Glorieta) pool of Garza County.

Location is about a quarter mile west of the Post city limits.

Bert Fields Jr., of Dallas has staked the No. 8 J. C. Dorward as a 2,650 foot test in the Dorward (Glorieta) area, three miles south-east of Justiceburg.

Vernon Scott new head of Chamber

Vernon Scott, cashier of the First National Bank, has been elected as president of the Post Chamber of Commerce for 1967.

Scott also was named one of the five new Chamber directors elected to two - year terms on the board.

He will take over the reins of the civic organization from Glen Barley at the annual Chamber banquet Feb. 9.

Scott was elected by the Chamber membership on a mail ballot which was completed Monday with the canvass of the vote by the current Chamber directors.

The four other new Chamber directors are A. C. Cash, Dick Dickson, Bill Pool, and Robert Cox.

Holder directors for the new year will be Barley, retiring president, Giles Dalby, Bryce Martin, David Newby and Elwood Wright. (See Vernon Scott, page 8)

Lubbock man county's first traffic fatality

Garza County's first traffic fatality since Dec. 18, 1965, occurred about 9:56 a. m. Sunday when Thomas W. McClure, 73-year-old retired carpenter of Lubbock, was killed when his pickup truck overturned seven and one-half miles northwest of Post on U. S. Hwy. 84.

According to Highway Patrolman Henry Harden, investigating officer, McClure's pickup left the road and overturned at a road construction detour on the highway.

McClure, traveling southeast toward Post, was alone in the pickup. He was not thrown from the cab, the highway patrolman said.

Brought to Garza Memorial Hospital here by ambulance, McClure was pronounced dead soon after arrival, the investigating officer said.

A resident of 1313 East 54th St., McClure had lived in Lubbock the last 23 years and lived in California prior to moving there.

Survivors include his wife, three sons, four daughters, two brothers, one sister and three grandchildren.

Funeral services were conducted at 10 a. m. today (Thursday) at Hudman Funeral Home chapel, with burial in Terrace Cemetery.

Early action seen on building 'gift'

County Judge J. E. Parker told the Garza County Historical Survey Committee at an organizational meeting Tuesday that the county hopes to get under way soon with restoration of the old Post City Sanitarium building, which was given the county a few months ago by the estate of Marshall and Gladys Mason.

Judge Parker also told the group that he will soon appoint a planning committee to decide on use of the building, with its use as a museum being given consideration subject to approval of the public.

Tuesday's organizational meeting was the first since reappointment of the committee for 1967 by Judge Parker and was also held in connection with the "See and Save Texas History Week" which Gov. John Connally proclaimed for Jan. 14-21.

It was announced at the meeting that the RAMPs program will be continued, RAMPs meaning Recording, Appreciation, Marking, Preservation and Surveys of Texas history.

The Post Jaycees — 'Men in Motion'

"Men in Motion" is an apt way to describe members of the Post Junior Chamber of Commerce and all other Jaycees throughout the world who this week, Jan. 15-21, are observing "Jaycee Week."

If the Jaycees were not men in motion, the account of their achievements here during the past 12 months would not be as imposing as it is. And if you doubt that their achievements are imposing, just turn to the Jaycee Week congratulatory page elsewhere in today's Dispatch and read the list of their past, current and future projects.

What makes the Junior Chamber of Commerce

such a worthwhile organization in any town is the fact that everything they do, they do for the benefit of their community. The Jaycee Objective is: To make the community a better place in which to live; to develop leadership among its own members, and to give young men a voice in the affairs of their community, state and nation.

Any young man between the ages of 21 and 35 who wishes to contribute to the progress of his community is invited to join the Jaycees. There is fun and fellowship and, above all, the satisfaction of having helped perform civic service.—CD

Register if you want to vote

Those who expect to vote in the 1967 school trustee and city elections are reminded that they must register, if they have not already done so. And time is growing short . . . the registration deadline is Jan. 31, the same as it was for paying a poll tax.

Qualifying to vote is much as it has been, except that the \$1.75 poll tax is missing, following the passage of Constitutional Amendment No. 7 last November.

The certificate you receive when you register at the county tax assessor-collector's office will

entitle you to a vote in any election from Feb. 1, 1967, to Feb. 29, 1968.

Neither should you fail to register just because an Austin district judge last week held invalid the Nov. 8 vote on the constitutional amendment to require annual voter registration. The district judge's ruling will be appealed to a higher court, and chances are it will be overruled.

In the meantime, your best bet if you want to vote this year is to register before the Jan. 31 deadline.—CD

Keeping in good graces of the UIL

William F. (Bill) Shiver, superintendent of the Post schools, suggests that when anyone has the slightest doubt about something that might violate one of the many rules of the University Interscholastic League, they contact him or some other local school official.

Superintendent Shiver explains that the Post schools are "batting" 1,000 per cent in abiding by UIL rules, which is more than can be said for many other state high schools.

"And we want to keep it that way," the superintendent said.

Mr. Shiver's comment was prompted by the trouble the Kermit and Odessa schools are in over high school athletes' expenses to college campuses in search of scholarships.

The Post superintendent explained that under

UIL rules such expenses should be borne by the boy himself or his parents, and not by the school seeking his talents. An exception, he explains, is for a college athletic department to incur the expense, but in such cases, no favoritism should be shown toward any certain youngster.

Equally touchy when it comes to keeping in the good graces of the UIL, is the matter of awards to athletes, and if there is any doubt in anyone's mind when such an award is in the offing, it is best to consult the superintendent, high school principal, or one of the coaches.

It takes cooperation on the part of the fans as well as the school officials for a high school to stay in the good graces of the UIL. Many of the schools now under UIL ineligibility or on probation are there because of the well-intentioned but unwise act of some fan or group of fans.—CD

Time running out for small airports

Post's city-county airport, now nearing completion, assures our city of getting on the air map, which a number of other towns of similar size are going to miss if they don't move a little faster.

We read just the other day that the federal government had turned down a town's request for an airport grant because it (the federal government) was going to concentrate its spending on the large metropolitan airports.

The Texas Aeronautics Commission is sponsoring a state aid program for smaller airports, but most places also need federal funds to build

a suitable airport—as was the case here.

As had been pointed out in Post, the smaller communities need to be on the air map to compete for new industry and the prosperity and growth which accompany it.

There is little federal money for airport development in the smaller communities and, as noted above, the indication is that less will be available in the future. The Post airport no doubt managed to get in "just under the wire" as far as its federal grant is concerned, and that's another thing for which we can thank our Chamber of Commerce's aviation committee.—CD

T. H. TIPTON
COUNTY TAX ASSESSOR-COLLECTOR

THINGS WERE really jumping and living in Slaton over the weekend, with the Post-Slaton basketball games Friday night and the liquor election Saturday.

There was no connection between the two events, of course, but one Post fan looked at the big sign, "Down With Post," hanging in the Slaton gym and remarked, "If they vote 'dry' tomorrow, they'll probably hang a sign up to town reading, 'Down to Post'."

THE FAN'S remark reminded me of something another Postite said the other day discussing the then-upcoming liquor election. This Postite said she recently saw an ancient automobile on a used car lot at Lubbock with the sign, "This car will make it to Post." She surmised that the car had been setting unsold on the used car lot since before any place around here besides part of Post went "wet."

Our cat Blackie makes a reappearance this week to show that the reason he's always in trouble is because he does so much skating on thin ice.

THE MAN UP the street says good resolutions are things that go in one year and out the other.

Which reminds me that we are nearly three weeks deep into the new year 1967 and no telling how many broken resolutions are scattered about.

WHILE I HAVE great admiration for most members of the Kennedy family, I just can't pass up the opportunity to give my readers the benefit of this tid-bit that has been making the rounds of weekly newspapers:

"The question to be decided," announced Ted, rapping his water glass with a spoon for attention, "is whether brother should go in 1968, or wait until 1972. Suppose we start with you, Ethel."

"Personally," Ethel stated, "I don't see how he can wait until 1972."

"One vote for 1968. Now, what about you, Pat?" Ted asked.

"I vote," laughed Pat, "for both '68 and '72."

"Tally two votes for '68," said Ted. "And what do you think, Jacqueline?"

"As I understand it," murmured Jacqueline, "1968 is the first possibility, and I certainly think Robert should proceed at the first opportunity."

"Unanimous, so far," observed Ted. "Three votes for 1968. Mother?"

"I am sure," mother replied, "that John would have planned for 1968, and that is reason enough. I, too, recommend 1968."

"Father?" asked Ted. Joe nodded vigorously.

"You think 1968, rather than waiting until 1972, then?" Ted asked.

Again the old man nodded, even more vigorously than before.

"Sargent can't be here," announced Ted. "He's off buying tuxedos for the graduating class of his Head Start boys. But he asked me to report his vote in favor of 1968, and that Eunice feels the same way so that leaves only Jean to be heard from, Jean?"

"Well," Jean reflected, "I certainly don't look at this from the tin as most of you do, but I won't vote against 1968, since everybody else thinks that's the time."

"Very well," announced Ted. "It seems to be the consensus that 1968 is the year. Robert, what do you say?"

Robert rose from his chair slowly.

"Ethel has been pressing me to go in 1968," said Robert. "I wanted the family to be unanimous on this thing. And since you are unanimous, go I will. I will get a haircut in 1968."

Texas veterans to get insurance dividends

WACO — About \$9,501,500 will be distributed to Texas veterans in GI insurance dividends during 1967. Jack Coker, manager of the Veterans Administration Regional Office in Waco, said today.

The dividends are payable on the anniversary dates of National Service and U. S. Government Life Insurance held by veterans, the VA manager added.

He estimated that 192,100 World War II veterans will receive \$8-918,000 on NSLI policies while 8,408 World War I veterans will be paid \$643,000 on USGLI policies.

Marlon Brando is given a new arena for his protean talents in Universal's "The Appaloosa," in which his co-stars are Anjanette Comer, John Saxon and Emilio Fernandez. The film is now showing through Saturday at the Tower Theatre.

Brando reaches the Technicolor screen in the role of a saddle tramp, bone weary of life as a buffalo hunter on the open range, who aspires to settling down on a ranch as horse breeder.

Although the film, based on Robert MacLeod's best-seller novel of the same name, has a traditional western setting, it is primarily a human drama, only by chance encompassed within an outdoor framework.

'Texan of Year' award to Ludden

Allen Ludden, moderator of "Password"—the word-association game on the CBS television network—will be honored by the Texas Press Association at its Winter Meeting in San Antonio on Saturday, Jan. 21.

Ludden was chosen by the Association's top awards committee to receive TPA's highest honor, "Texan of the Year." Presentation will be made at the closing night's Honor Banquet in the St. Anthony's Hotel. Some 300 members of the press will be on hand for the event.

TPA is the only statewide organization of the daily and weekly newspapers in Texas. President is Jim Barnhill, publisher of the Hillsboro Daily Mirror.

In announcing Ludden's selection, President Barnhill said "What better choice could our committee make than to pick a man who has spent the formative years of his life in our Capital City and who both in person and on the air frequently and proudly refers to Texas as his home state. He has given the Lone Star State millions of dollars in publicity . . . and it's all good."

Ludden got his early education in Texas, received his B. A. in English in 1940, and his M. A. in 1941, both from the University of Texas.

Brownwood sets new record for supporting Howard Payne College

BROWNWOOD—Bustling Brownwood, which has attracted wide attention for recruiting new industry in the past few years, has set a new record for supporting one of its long-established institutions—Howard Payne College.

The annual Howard Payne College Sustaining Fund, which has been carried on by local business and professional men for 12 years, has hit over \$53,000 in contributions and pledges for 1967, to reach its highest total ever. That figure is \$2.52 per capita for Brownwood's 21,000 residents.

The fund is mostly in undesignated money which goes into the College operating fund, primarily for upgrading faculty salaries.

"We realize that costs of education are spiralling, and we want to help the College," said Chamber of Commerce President Joe

Big oil wells hard to find

Oilmen take good care of oil wells because big ones are hard to find, according to Oil Facts. Two-thirds of all the oil in the United States are classified as "strippers"—meaning they produce no more than 10 barrels each. There are 398,000 such wells in 25 states. Their total production in 1965 was 389 million barrels, one-fifth of all the oil produced in the nation.

Oil Facts says scientists and engineers are constantly seeking improved recovery techniques in order to prevent waste of the nation's petroleum resources.

CHECK IN THE MAIL

Dear Sir:

In reply to your request to send a check, I wish to inform you that the present condition of my bank account makes it almost impossible.

My shattered financial condition is due to federal laws, state laws, county laws, brothers-in-law, sisters-in-law and outlaws. Through these laws I am compelled to pay a gas tax, business tax, light tax, amusement tax, school tax, liquor tax, state tax, city tax, county tax, income tax, food tax, furniture tax and excise tax.

I am required to get a business license, car license, operator's license and truck license; not to mention a marriage license and dog license. I am also required to contribute to every social organization which the genius of man is capable of thinking up, the woman's relief, the unemployed relief, the gold-digger's relief, and also to every hospital and charitable institution in the city, including the Salvation Army, Community Chest, Red Cross, Purple Cross, Blue Cross, White Cross and Double Cross. Also to the Boy Scouts, Girl Scouts, Cub Scouts, Indian Scouts, YWCA, YMCA, Boys Ranch, Boy Town and Girls Town.

For my own safety I am required to carry health insurance, life insurance, fire insurance, liability insurance, earthquake insurance, unemployment compensation insurance and old age insurance. My business is go governed that it is no easy matter to find out who really owns it.

I am inspected, expected, suspected, disrespected, rejected, dejected, examined, re-examined, informed, required, summoned, fined, commanded, solicited and compelled until I provide an inexhaustible supply of money for every known need, desire or hope of the human race. Then, simply because I refuse to donate to something or other, I am boycotted, talked about, lied about, held up, held down and robbed until I am almost ruined.

I can tell you honestly that except for a miracle that happened I would be able to enclose this check. The way that comes to so many doors nowadays just had pups in my kitchen and I sold them and here is your check.

Yours truly,
Mr. Seemoreanddoless

JAYCEE OBJECTIVES:

To make the community a better place in which to live. Develop leadership among its own members. Give young men a voice in affairs of their community, state and nation.

WHO CAN JOIN JAYCEES:

All young men in the Post area between the ages of 21 and 35 are invited to join the Jaycees—This is your community—Your organization.

WHAT ABOUT DUES:

Jaycees dues are \$12 per year. Many firms are happy to pay these dues for their employees.

THE JAYCEE CREED:

WE BELIEVE:
That faith in God gives meaning and purpose to human life.
That the brotherhood of man transcends the sovereignty of nations.
That economic justice can best be won by free men through free enterprise.
That government should be of laws rather than of men.
That earth's great treasure lies in human personality.
And that service to humanity is the best work of life.

THE NATIONAL JAYCEE STORY:

The world's young men's civic organization began because young Henry Giessenbier, in St. Louis, Mo., felt that young men should not have to wait until middle age to participate in civic affairs.

Giessenbier was struck by the thought young men should be organized for the purpose of performing civic service and developing leadership in themselves. He called a meeting of interested young men and 32 responded.

By 1916 the work of the new organization had attracted attention of many others. The Jaycees had promoted projects aimed at securing greater participation in government, a better relationship among agriculture, industry, and labor, less juvenile delinquency and a host of other activities.

Word about their activities spread and inquiries began to pour in from all parts of the United States. In 1919 Giessenbier sent a call to all known groups asking them to St. Louis to form a national organization. Twenty-four cities responded and on Jan. 21, 1920, the United States Jaycees came into existence.

The Jaycees have grown until the present membership exceeds 200,000 in 2,500 local clubs.

FARMING TO COST MORE
The cost of farming and ranching will be higher in 1967, according to John McHaney, Extension economist at Texas A&M. Farm production expenses will increase again in 1967 but at a slower rate than in 1966, said McHaney.

The 1966 cost of farming — as measured by overall farm production expenses — was up a whopping 8 per cent over 1965, he said. It cost farmers about \$3 billion for overall production expenses in 1966.

McHaney said the increase in expenses results in part from higher prices for certain production inputs — particularly feeder livestock and feed. Prices paid by farmers moved up slightly for motor and other supplies, and building and fencing materials. Then too, he said, more purchased inputs were used in 1966, contributing to the increase in total farm expenses.

The A&M economist farm production expenses will likely rise again in 1967 though not quite as much as the 1966 increase. Increases are highly probable in 1967 for taxes, interest, and insurance. Higher expenditures for several production items, including fertilizer and pesticides, are likely because of increased use of these items.

Part of the increase in the cost of farm inputs in recent years can be attributed to increasing use of services that were formerly done by the farmer or were not even available, said McHaney. Farmers now may have feed delivered directly into their beef, poultry or hog feeders. They may have buildings constructed, fences built or fertilizer applied rather than doing the work themselves.

These extra services, as well as the supplies themselves, are often financed by the supplier, who will normally add a financing charge — all contributing to higher input costs, said McHaney.

UNHEARD-OF WITH PLANTS
Recent, spectacular advances in biology suggest that agricultural scientists soon may be attempting the unheard-of with plants, said an associate professor from Texas A&M University.

Dr. Page Morgan, speaking at the Beltwide Cotton Production-Mechanization Conference, Jan. 12-13, in Dallas, told the group that several internationally famous biologists suggest that agricultural scientists should now attempt to:

- Transfer the nitrogen-fixing character of legumes to other plants.
- Transfer the moisture-conserving metabolism of succulent (cactus like) plants to crop plants.
- Develop means of changing the flow of carbon fixed in photosynthesis toward either fats or proteins rather than carbohydrates.
- Replace the photosynthetic structures — chloroplasts — in some crop plants with the more efficient chloroplasts from corn leaves.

The A&M plant physiologist said, "Imagine a nitrogen-fixing cotton plant using water as sparingly as a pineapple and carrying out photosynthesis as efficiently as corn."

He said such achievements are certainly not probabilities, but recent discoveries on the molecular basis of genetics indicate that such "far-out" ideas are worth study.

Card of Thanks

It is hard to find words that can ever begin to tell you how thoughtful and wonderful you have been to us since Ray became ill on Dec. 3. We would like to express our sincere thanks and appreciation to each of you. May God bless each of you.

cent discoveries on the molecular basis of genetics indicate that such "far-out" ideas are worth study.

Manganese, a trace element, has been found to influence earliness and leaf shed of cotton, Morgan said. A&M researchers have found that above-normal levels of manganese cause cotton to flower as much as 10 days earlier than usual. He said if some way can be developed to apply manganese in the field at above-normal levels, growers might speed up flowering by a week or two without changing planting dates.

Freshman boys defeat Slaton

With Butch Heaton scoring 15 points, Coach Bill Smith's freshman basketball team defeated Slaton, 44 to 32, here Monday night.

The Post cagers were behind, 10-9, at the end of the first quarter, but outscored the visitors, 11-3, in the second quarter to lead, 20-13, at halftime, and were ahead, 30-20, going into the fourth period.

All 18 of Heaton's points came on field goals. Ray Altman scored 10 points, with Neff Walker getting eight; David Pierce, four, and Steve Newby, Dennis Dodson and Hutchins, two apiece.

Scott's eight points was tops for Slaton.

Kent stock show plans shape up

JAYTON — Plans are shaping up for the 25th annual Kent County Livestock Show to be held Feb. 23-24 at Clairmont, County Agent Mark A. Geeslin said here.

Approximately 150 head of livestock are being fitted by Kent County 4-H Club members for the show.

The show facilities at Clairmont have been improved by the addition of another show barn. Lamb and swine entries will be housed in the new barn, with horses and beef cattle entries in the old barn.

Animals will be shown in the livestock arena, which was formerly the school gymnasium. The show will be inside and can be held in any kind of weather.

Auto inspection deadline nears

AUSTIN — Col. Homer Garrison Jr., director of the Department of Public Safety, has warned Texas motorists that the 1967 vehicle inspection period is two-thirds over and only about one-third of the vehicles have been inspected.

"This means that during the 12 weeks remaining before the April 15 deadline for inspections, more than twice as many persons each week must have their car inspected to avoid long lines forming at the end of the period," Garrison said.

Two employees of state hospital organizing athletic association

Boyd Dodson and Richard Welch, employees of McKnight State Tuberculosis Hospital, have plans under way for the organization of an athletic group to be known as the McKnight Hospital Physical Education Association.

About 18 persons have expressed interest in the association, which has been given permission to use the Water Valley school gymnasium for their meetings and games.

Dodson and Welch said they plan to start the hospital group off playing volleyball, and that they are trying to organize mainly for the exercise rather than the competition.

Dodson, a technician at the state hospital, is the son of Mr. and Mrs. R. B. Dodson of Post.

had a profound thought one last week. The thought was I'd never known a mailman I'd like.

Jimmie Redman, our current carrier, is responsible for this thought. Mr. C and I were sitting in the car in the driveway at our home one morning last week and Jimmie came to deliver the mail. Miss Sam Basset raced out and began growling and I jumped out of the car a bit embarrassed about her performance.

Jimmie just grinned and said she was only showing off for us. She just does this when you're around to show you that she is protecting your home. When you're here she doesn't even notice. The Kay Kirkpatrick's dog is like Sam," Jimmie volunteered.

I got back in the car I commented to Mr. C that Jimmie was really nice and friendly and that when I had my thought, I'd never known a mailman that was.

can well remember a Mr. Holman who was our mailman when we were one in Arkansas City, and he remained our mailman until my parents moved off route and "Bill" became our mailman for a number of years. I remember that we called our mailman and the other Bill, but it's what we did.

We moved back to Mr. Holman's and it was like "going home." After this Mr. C and I were married and we lived on Bill's route. Bill was responsible for my first cherry pie being a success. I couldn't find a recipe that had much sugar to put on cherries and I couldn't find a mother or mother-in-law to give me the information. I remember glumly going down to the steps to wait for the mailman while I puzzled over the problem of "how much sugar."

ing came Bill and realizing I wasn't looking too happy with the old, he asked if I had any problems. I explained my biggest one at the moment and he solved it by telling me exactly how much sugar and flour to add to the cherries. It was a darn good pie. I've never deviated from his recipe.

long came the war and mail became more important than ever to me as I moved around the country with Mr. C. Having grown up in a friendly small town I was prepared for the big city of Kansas where people were things but friendly. Not having much else to do I spent most of my waiting for the mailman and I became fast friends. He always took time out for a short chat and he was delighted to have someone on his route who knew what a human being.

even became acquainted with new neighbors (which wasn't due to our visits, I think) and the neighbors I wanted to meet me to see what kind of mail I was to send so much visiting with the mailman.

got notes from him on the back of old letters for quite some time after we left there. Mr. C left for Europe and I was home in Arkansas City and I wrote to Mr. Holman. He hadn't heard a bit—was still kind to the children and dogs. He also wrote how important mail was in those days and he didn't loiter if he had a letter for you and saw you waiting for him.

mailmen were awfully popular those war years, as I know are now with sons, husbands, brothers in the service or in Nam.

ter the war was over we moved to Bill's route and I occasionally gave him a piece of cherry pie for old time's sake. Our next move in life were Garden City and the mailmen didn't change. They kept being nice.

Missionaries to Africa

Assembly of God Church to be scene of missionary service

A special missionary service will be conducted at the Assembly of God Church, 12th Street and Avenue I, at 7 o'clock Sunday evening, Jan. 22.

The Rev. and Mrs. Ralph Hagemeyer, who are preparing to go to Tanzania, East Africa, will tell of their future plans in this African country. They will also be singing and preaching.

The Hagemeyers are both graduates of Southwestern Assembly of God College in Waxahatchie, Tex. While attending college there, both were actively engaged in the various missionary activities of the college.

The Hagemeyers have two children, Stephanie Ann, 4, and Melody Carol, 2.

The Rev. and Mrs. Hagemeyer are former pastors of the Assembly of God Church at Anton. While there, the Rev. Mr. Hagemeyer was engaged in youth activities of the church and was also scoutmaster of the Boy Scout troop in Anton.

Sunday night's service, to which the public is invited, is designed to provide information of the great need abroad.

ther, Mrs. Phil Bouchier.

Members of the house party were Mrs. Tracy Ehrlich of Lubbock, Mrs. Ronnie Graves of Post, Miss Barbara Lockett of San Antonio and Miss Diana Curry of Houston. The latter two are classmates of Miss Wilson at the University of Texas.

Carrying out Miss Wilson's chosen colors of pink and American Beauty red, the table was laid with pink under white net. The centerpiece of English ivy and roses was flanked by tall American Beauty red tapered centerpieces entwined with ivy. Milk glass appointments were used. Punch, mints, nuts and cookies were served.

The mantle was decorated with a candelabra holding pink candles, a cupid and ivy.

Out-of-town guests included Mrs. Rob Strayhorn of Rotan, Mrs. Joe Strayhorn of Snyder, Mrs. Helen Rodgers and her daughter, Mrs. John Ward of Snyder, Mrs. John Lott, Mrs. Ronnie Bouchier and Mrs. Jimmy Minor, all of Lubbock.

Hostesses besides Mrs. Minor were Mmes. O. L. Weakley, E. A. Warren, Mason Justice, Powell Shytles and Bill Cates.

Guests attending were: Ruby Stanley, Nona Smith, Gladys Floyd, Maurine Hudman, Ethel Ingram, Lois Herrings, Wilma Pirtle, Mozelle Rogers, Fern Jones, Vivian Duncan, Lillie Kitchen, Gayle Newman, Sandra Hall, Wanda Potts and Joan Tubbs.

cause that meant no mailmen. It wasn't long before Post became a first class post office and mailmen began going up and down the streets making people happy. Wayne Thomas filled the shoes well as being our first Post mailman. Even though Molly, our late dog who thought she was people, never made up with him, he kept trying and never complained.

And now we have Jimmie.

The only thing which puzzles me about postmen is how can a department, which causes me mostly grief, instinctively hire so many nice people to work for it.

Feb. 24 wedding planned by Nora Jane Mock, Mr. Lesley

A Feb. 24 wedding is being planned by Miss Nora Jane Mock and Donny Joe Lesley in the Spur First Baptist Church at 7:30 o'clock in the evening.

Miss Mock is the daughter of Mrs. R. D. Stewart of Spur and Loyd Mock of Post. The prospective bridegroom is the son of Mr. and Mrs. J. J. Pipkin of Concord, Calif.

Miss Mock is a Spur High School graduate and Mr. Lesley graduated from Hereford High School. Both are students at South Plains Junior College in Levelland, where they will make their home.

Fine Arts survey is topic at Woman's Culture Club meeting

Mrs. James Minor, president of the Woman's Culture Club, gave a report and told of her plans concerning the county Fine Arts survey at the Jan. 11 club meeting in the home of Mrs. Ira Lee Duckworth with Mrs. Tom Gates as co-hostess.

The county survey is to be made in conjunction with the State of Texas Fine Arts survey with which the Texas Federation of Women's Clubs is assisting.

Mrs. C. R. Thaxton reported on the workshop that she and Mrs. Minor attended in Lubbock Jan. 7. The club voted to assist with the Hospital for Retarded Children in Plainview as part of the Caprock District Community Improvement project. Mrs. Thaxton is chairman of the district board which heads the project.

The program on television and theatre was opened with "A Critique of TV Programs" by Mrs. Dick Dickson. Mrs. Ralph Welch spoke on "Broadway Hits and Stars." A group discussion entitled, "Is the Impact of the Theatre and Television More Good Than Bad?" followed.

Mrs. R. L. Marks told of Cole Porter—an Unforgettable Character.

Those attending were: Mmes. Virgil Bilbo, Lee Davis, Dickson, J. H. Haire, Tillman Jones, M. J. Malouf, Marks, Minor, J. F. Storie, Thaxton, E. A. Warren, Welch, D. C. Williams, Joe Irons, C. D. Morrell and C. H. Bausman.

'Space' theme of program Jan. 10 at club meeting

"Space" was the program theme at the Jan. 10 meeting of the Amity Study Club which met in the home of Mrs. Malcolm Bull with Mrs. Preston Poole as co-hostess.

Carrying out the program theme roll call was answered with each member telling who their favorite astronaut is and why.

Mrs. Poole reviewed the book, "How Far Will We Go in Space?" written by Isaac Asimov.

Mrs. Ronald Babb, president, read a letter of resignation from Mrs. Lorene Scarbrough, who has moved to Lubbock; Mrs. Curtis Lee was elected as an associate member.

The meeting was concluded with a prayer by Mrs. Dean Sterling. Refreshments of salad, crackers, lace cookies, and Cokes were served to the following:

Mmes. Bill Carlisle, Thurman Francis, Russell Wilks Jr., Babb, V. L. Peel, George Miller, Sterling, Hoyt Thomas, Wayne Richardson, Carl Aycock, Vernon Scott, C. H. Hartzel, Pat Walker, Wayne Carpenter, Damon Ethridge, Lee Davis Jr., Bob Collier and Marion Duncan.

Sorry I haven't been able to get around to all the families to gather news. If you have any news items leave them at the post office for me.

Today, the earth. Tomorrow, the moon. What next? Even twenty years ago we would have found it hard to accept the idea of man going out into space—landing on the moon—consorting with the stars—hurtling around the earth. What will things be like twenty years from now, and what will we accept then?

Living on the threshold of the space age, it is easy to be carried away by the stranger-than-fiction events that happen every day. Because of this, we need more than ever the steady force of the Church in our lives. No matter what happens, we may be sure that the Church will continue to endure as it has through the centuries. God's House will be with us in all its majesty, as will His word.

Even the astronauts themselves have shown again and again that the Church is a deep part of their lives. Be sure to make and keep it a part of yours.

they did an excellent job. Mr. Kin-

ing a career of teaching music
in high school.

Before coming to Lubbock this
year, the affable Teen-of-the-Month
attended Post High School,
where he was president of his
sophomore class. Then he attend-
ed Friendship High School at Wolf-
forth the last half of his sophomore
year.

The quick-witted junior places
"learning to water ski" among his
most amusing memories.

Danny recently experienced an-
other amusing situation after hav-
ing an auto accident. As Danny
puts it:

"The thirtieth of December I
was sitting at 19th and Boston
when this fellow plowed into me.
It was funny then, but it wasn't so
funny when I got home.

"The policeman asked me if I
needed to go to the hospital and
I answered, 'No, sir, but when my
father sees the car, I imagine I'll
go there.'"

Danny's philosophy of life is sim-
ple: "Life has a lot of good in it
if people look for it."

Danny says, "If you try hard
enough, you can always find some-
thing bad about anyone, but you
can also find something good about
them if you try. 'Course I know I
don't always do it, but I think if
you don't have anything good to
say about anyone, don't say any-
thing bad about them."

National Thespian Society is devoted to dramatic arts

By Elaine Bland
The National Thespian Society
is an organization devoted to the
advancement of dramatic arts in
the secondary schools. The head-
quarters are in College Hill Sta-
tion, Cincinnati, Ohio.

To become a member you are
required to have at least ten
points. The point system is based
upon how active you have been in
plays. Usually a lead part in a
play will be from three to five
points. Dues to the organization
are \$1.50. Since the organization
is a non-profit one, \$1.50 will make
you a life-time member. Mem-
bership also entitles you to one
year's free subscription to "Dra-
matics" magazine.

The National Thespian Society
is active in Post High School under
sponsorship of Mr. Gordon Lee.

Commercial Club visits Lubbock

By Sue Gilmore
Monday afternoon the Commer-
cial Club members went to Lub-

then went to the Winchell to see
"Dr. Zhivago." The members of
the Commercial Club made them-
selves sick from eating so much
food.

The members were well-pleased
with the show and some were even
caught crying at the end of it.

Members attending the show
and eating-out were: Lorena An-
derson, Linda Byrd, Jane Cannon,
Peggy Claborn, Doyleene Fry, Sue
Gilmore, Linda Hays, Nancy Hen-
drix, Ann Ussery and the club's
sponsor, Mrs. G. E. Fleming.

discuss club activities for the re-
mainder of the year.

A committee was selected to
plan a "skit night" to raise money
for the organization. A committee
was also appointed to plan for the
student teaching day, which will
be held in April.

Senior FTA members were re-
minded that the deadline for ap-
plying for the state FTA scholar-
ship is Jan. 31.

HIGH SCHOOL EDITORIAL

Let's 'Do Just a Little Bit Better'

By Lorena Anderson
Well, here we are at the start
of a new semester. Now we can
forget about all those mistakes we
made last semester and strive to
make this one "Just a Little Bit
Better."

Why not make a few new semes-
ter resolutions such as: (1) I re-
solve to give my teachers a little
more of my attention during class;
(2) I resolve to start my research
paper the day it is assigned rather
than waiting until the week before
it is due; (3) I resolve to read all
library books before giving a re-
port on them; (4) I resolve to
hand in my homework on time;
(5) I resolve to make up all work
missed while absent; (6) I resolve
to participate in all clubs and or-
ganizations of which I am a mem-
ber; (7) I resolve to obtain more
school spirit by supporting the
school in everything it does, and
last but not least, (8) I resolve to
treat others as I would have others
treat me.

How about it? Do you want to

'I've Got a Secret' to be sermon topic

"I've Got a Secret" will be the
sermon topic at the First Christian
Church at 11 a. m. Sunday as an-
nounced by the minister, Bernard
S. Ramsey. The Lord's Supper will
also be observed.

At the 7 p. m. worship, the min-
ister will begin a new series of
sermons on the theme: "And It
Was Night." These messages will
deal with the great nights of the
Bible with the first message being
entitled "The Night That Knew No
Morning." The minister cordially
invites the public to all services.

Texas ranks 33rd among 50 states in salaries of classroom teachers

AUSTIN—Texas' ranking among
the 50 states in average salaries
paid to classroom teachers has
fallen to a new low, the Texas
State Teachers Association announced.

The annual salary of a classroom
teacher in Texas, according to new
statistical data, is \$6,025 compared
to the national average of \$6,821.

The \$796 deficit places Texas in
the 33rd rank among the 50 states.
Last year, Texas ranked 29th in
the nation. But the state dropped
to 33rd because other states moved
ahead with improved teacher sal-
aries.

Texas fares worst in the new
rankings with average salary in-
creases granted in 1966. For Texas
this amount was only \$95.

This puts Texas 49th in this cate-
gory. Only Wyoming, with a \$46
average increase, is lower.

The rankings were prepared by
the Research Division of the Na-
tional Education Association and
published in "Estimates of School
Statistics 1966-67."

TSTA has a proposed teacher
pay increase platform in its 1967
legislative program.

If the Texas Legislature approves
the pay increase proposed this
year, according to a TSTA leader,
the new boost would "just barely"
bring Texas up to the present na-
tional average "and no higher."

The official Dr. Joe B. McNeil,
superintendent of Wichita Falls
Schools and chairman of TSTA's
Legislative Committee, said the
TSTA program envisions an aver-
age increase in Texas classroom
teacher salaries of \$775 in the
minimum salary schedule for Tex-
as classroom teachers.

"Compare TSTA's \$775 average
increase with the difference of
\$796 in our present salary sched-
ule and the national average and
you can see that TSTA's program
is indeed a must," McNeil said.
"At best," said McNeil, "the
TSTA pay program is an interim
measure preparatory to action on
salaries we hope will be granted
two years from now."

A study committee set up by an
act of the Legislature in 1965 is
expected to recommend higher sal-
aries for Texas teachers in 1969.

"Texas can't wait until 1969 for
action and we think the Legisla-

"The TSTA program," he added,
"is an interim measure needed
now to prevent our present short-
age of 5,000 teachers from becom-
ing a deeper crisis."

Marker tells of Snyder history

SNYDER — A historical marker
has been erected on the City Hall
lawn here by the Scurry County
Historical Survey Committee.

The inscription on the marker
notes that Snyder had its beginning
in 1878 when Pete Snyder set up
the first store on the banks of Deep
Creek.

It traces high points in the city's
history, including incorporation in
1907, the coming of the first train
in 1908 and, ultimately, the dis-
covery of the big Canyon Reef oil
field in 1948, which sent the town's
population soaring from 4,000 to
12,000 almost overnight.

Former resident dies in Houston

Funeral services for Jeff Brant, 61, of Houston, a former school band director here and at Leveland, were conducted at 2 p.m. Saturday in Hudman Funeral Home Chapel.

Mr. Brant died at 5 p.m. Thursday in a Houston hospital.

He was a graduate of Post High School and attended Hardin-Simmons University and Daniel Baker College before returning here as band director. He moved from Post in 1942.

Survivors are his mother, Mrs. Vida Brant of Austin; a son, Ray Brant of Seattle, Wash.; three sisters, Mrs. Opal Cloud and Mrs. Jo Power, both of Lubbock, and Mrs. Bertha Rea of Austin, and five brothers, Ralph and Rex, both of Houston, Gordon of Huntsville, Robbie of Wichita Falls and A. G. Brant of Odessa.

The Rev. Richard Casey, pastor of Holy Cross Catholic Church, officiated at the funeral services.

Burial was in Terrace Cemetery. Pallbearers were E. A. Warren, Walter Boren, Homer McGary, Bill McMahon, Earle Thaxton and C. R. Thaxton.

Procedures changed

Immediate employment for Highway Patrolmen

LUBBOCK — The Texas Department of Public Safety is faced with the greatest manpower shortage in its history. In order to replenish the ranks of the uniformed services, employment procedures have been changed to allow for immediate employment, announced Maj.

Petty thieves hit service stations

Officers yesterday were continuing an investigation into break-ins Sunday at two service stations and an attempted break-in at another.

The cigarette machine was broken into at the Phillips Quick Service station, 512 North Broadway, and some change was also taken from the cash register.

Farmer's Texaco station, across the street at 513 North Broadway, reported its cigarette machine broken into.

The attempted break-in was at Leon Clary's Fina station, also on North Broadway.

Peel's Conoco station at 405 North Broadway was broken into Jan. 6 and money taken from the cigarette machine.

Harry Hutchison, regional commander of this area.

Applicants who successfully meet all the requirements can be placed on the payroll within ten days, and will be assigned temporary duty at any of the regional, district or sub-district DPS offices over the state until a recruit training school begins. Periodic training schools will be held at the DPS Law Enforcement Academy in Austin.

To qualify for a position in the uniformed services, a man must be between the ages of 20 and 35, not less than 5 feet 5 inches in height, a high school education or its equivalent, sound physical condition, good vision, a citizen of the United States, and a resident of Texas.

Applications and full information can be obtained by contacting any Department of Public Safety patrolman or station.

Young rites are held at Wilson

Funeral services for Miss Vickie Jean Young, 18, of Wilson, who died last Thursday in Methodist Hospital, Lubbock, where she had been a patient eight weeks, were held at 3 p.m. Saturday in the Wilson Methodist Church.

Miss Young's grandparents, Mr. and Mrs. C. A. Young, and her great-grandmother, Mrs. Helen Richards, are residents of Post.

Miss Young was a May 1966 graduate of Wilson High School.

She is survived by her parents, Mr. and Mrs. L. E. Young of Route 1, Tahoka; two sisters, Mrs. Joe Draper of Brownfield and Janice Lee Young of the home; two brothers, Lowen and Alan Mac, both of the home, and her maternal grandmother, Mrs. D. A. Dobbins of Winters.

The Rev. Max Browning, pastor of the Wilson Methodist Church, officiated at the funeral services. Burial was in Tahoka Cemetery.

Needy persons seek clothing

Used, wearable clothing for distribution to needy children and adults is still urgently needed here, according to R. G. (Wilkie) Wilkerson of Wilke's Supplies, 320 East Main.

Wilkerson said that since cold weather had set in he had been having more and more calls at his place for wearing apparel, especially shoes.

Anyone with used clothing to donate is asked to leave it at Wilke's or telephone him at 2500 and let him know where it can be picked up.

Legal liquor to stay near Lubbock

The big Lubbock County Precinct 2 liquor election at Slaton Saturday went into the books as a comparatively easy victory for the "wets."

Almost 61 per cent of the voters going to the polls registered their approval of legal liquor sales.

The vote was 1,587 votes in favor to 1,009 votes opposed, a much larger margin than in the first liquor election in 1960.

For Post, the ballot box decision meant no major change in the retail liquor business here. Had the Lubbock precinct voted out liquor, at least temporarily Post would have again become the closest wet oasis to Lubbock.

Dry leaders met in Slaton Tuesday afternoon, but there were no indications that the election results would be challenged in the courts.

Rites for brother of Post woman

Mr. and Mrs. O. L. Weakley returned Wednesday from Fort Worth where they attended the funeral of Mrs. Weakley's brother, Tom W. Eason, who died Sunday in a Fort Worth hospital following a lengthy illness.

The funeral services were held Tuesday in the Gause-Ware Funeral Home chapel, with burial in Fort Worth.

Survivors other than the sister of Post include another sister, Mrs. Emily Morrow, of Fort Worth.

Mr. Eason had, at times, made his home here with Mr. and Mrs. Weakley.

Library group—

(Continued From Front Page) circulation time of not more than seven days.

Directors also proposed that the might arrange socials for library Friends "social vice president" volunteers to discuss library problems.

A 1967 membership drive for the Friends will be launched in the near future, Gamblin emphasized. The treasurer reported a balance of \$217.36 in the organization's account.

A special building fund to be used for the eventual construction of new library facilities here was proposed as an answer to some inquiries which have been received from persons wishing to make contributions for a new library here.

Ten directors attended the session held in the city council room.

Show windows are hit by air rifle shots

At least four plate glass windows here have been damaged by BB's shot from air rifles, according to records at the city police station.

The police report, dated Sunday, lists damage to windows at Cash Implement Co., Duncan's Cafeteria, Hudman Furniture Co. and Western Auto Store. The window at the implement firm was broken near the bottom, according to the police report.

HIGHLIGHTS and SIDELIGHTS

... from the State Capitol

By VERN SANFORD

Texas Press Association

AUSTIN — There has been a lot of swearing going on at the Capitol.

Seems like almost everyone has been sworn into an office of one type or another. We haven't made an official count but the number will approach the 200 mark.

First it was the judges. Then the top elective officials. Then the 31 State Senators and 150 members of the House.

There's no doubt about it, there's a lot of swearing going on in the Texas capital. And there's more to come.

With what's upcoming in the legislative halls, there's likely to be a lot of unofficial swearing, too — a bit stronger in nature. This is bound to happen when so many people get together . . . and especially when arguments, pro and con, get underway for this and that bill.

It's expected that some 2,500 measures will hit the hopper before the lawmaking session ends.

SHOW IS ON THE ROAD—The 60th session of the Legislature now is underway. How long it will last is anybody's guess.

Three officials in a position to be among the state's best guessers are predicting it will not continue beyond the 140-day deadline for a regular session. This despite a mountain of problems to be resolved.

"We can finish on time," commented Speaker of the House Ben Barnes, as the representatives began to assemble. And he emphasized "I want no special sessions." Gov. John Connally has voiced a similar view. Lt. Gov. Preston Smith is even more strongly convinced that special sessions are out of the question.

"It is not only possible to complete our work in 140 days . . . there ought to be no other thought than finishing by then — and probably before," commented Smith.

Lieutenant Governor Smith suggested that legislators could speed up their work if they abandoned the usual practice of four-day weeks and stayed in sessions Friday and Saturdays once the bills start coming out of committees. Asked if he felt that the lawmakers would do that, the lieutenant governor acknowledged that chances of them doing so are slim. Smith feels the 60th Legislature

Early action—

(Continued From Front Page) tee's next regular meeting, which will be Tuesday, Feb. 7, will be an open meeting at which appreciation will be expressed to all those who have helped in the committee's work.

Louie Burkes of Postex Mills will be the principal speaker at the meeting, at which it is hoped all clubs and civic organizations of the city and county will have representatives. All who are interested in discussing plans for a museum are also urged to be present.

Special awards received by the Garza County committee at the state meeting in Fort Worth will be presented at the Feb. 7 meeting.

'Lopes at home Friday for loop game with Morton

Post Does in non-loop action against Tahoka

Post basketball fans will bet their money on the Antelopes to win in district action on their court when the Morton Indians come here Friday night for a "B" boys' game. The Post Does, who won't see the District 4AA leadership, having defeated Frenship, 64-55, in their opener, and Slaton, 65-57, in a game Tuesday night.

The Indians have a well-balanced team and are shaping up as contenders for this season's district championship. Their top scorer is sophomore Byron Willis, who hit 25 points against Frenship Friday night and 22 against Slaton Tuesday night.

Donnie Harvey is also a big contributor to the Morton offense. He hit 20 points in the Indians' win over Slaton and has scored in double figures in nearly every game this season.

Other starters for Coach Ted Whillcock's Indians will be Freddie Thomas, Jon St. Clair and Willie Moore.

Friday night's game will be a crucial one for the Antelopes. After having lost to Stanton Tuesday night, they need to win it to stay in the running for the district championship.

Tonight's game at Tahoka will be a break from conference action for Coach Jiggs King's Does, who have lost to Slaton and Stanton in their first two district games. Both the Doe "A" and "B" teams will play, with the first game scheduled for 6:30 o'clock.

In the Morton action here Friday night, the "B" boys' game tipoff will be at 6:30.

Lopes lose at Stanton, 73-69

Buffaloes come from behind to beat Post

The Post Antelopes lost their fourth game of the season and their first conference game in two outings at Stanton Tuesday night when the host Buffaloes roared from behind in the fourth quarter to take a 73-69 victory.

After trailing 17-16 at the end of the first quarter and 35-31 at the half, Coach Wilbert Bigott's Antelopes shot past the Buffaloes with a 28-point third quarter to lead, 59-54, going into the final stanza.

Post increased its lead to eight points early in the fourth period, but Allen Springer and Holloway found the range with two field goals apiece to pull Stanton up even, and the Buffaloes wound up by outscoring the 'Lopes 19-10 in the final period for their four-point margin.

Post outshot Stanton from the field, 30 buckets to 26, but fell behind at the free throw line, sinking only nine charity tosses to Stanton's 21. Fifteen personal fouls were called against Post and 10 against Stanton.

Ronnie Pierce hit 28 points for the Antelopes to outduel Stanton's Springer, who finished with 26. Post's Donnie Windham hit 18 points for his best scoring night thus far this season.

The scoring summary:
POST—Windham 8 2 18; Tanner 1 0 2; Pierce 11 6 28; Heaton 7 0 14; Duke Altman 3 1 7. TOTALS 30 9 69.
STANTON — Shanks 6 5 17; Springer 9 8 26; Holloway 5 6 16; Avery 3 1 7; White 1 0 2; Cox 1 0 2; D. Jones 1 1 3. TOTALS 26 21 73.

DALLAS CONFERENCE

The Rev. Joe Vernon, pastor of the First Baptist Church, and the Rev. Jimmy McGuire, pastor of the Trinity Baptist Church, attended the Texas Baptist Evangelism Conference in Dallas the first three days of the week.

SATURDAY VISITORS

Visiting in the home of Mrs. Ethel Redman Saturday afternoon were Mrs. W. R. Graeber, Mrs. L. G. Thuet Sr., Mrs. H. J. Dietrich, Mrs. Lillie Kitchen and Mrs. Arthur Floyd.

Post Does lose district openers; to play Tahoka

The Post Does, off to a slow start in the District 4AA race with two losses in their first two games, won't see conference action again until Friday night, Jan. 27, when they play the defending champion Frenship Tigercats here.

The Does lost to Stanton, 59-44, at Stanton Tuesday night, after having dropped their district opener to Slaton, 53-42, at Slaton last Friday night.

Senior forward Sherry Woods was high scorer for the Does in the Stanton game with 24.

Other scorers for Post in the Stanton game were Karon Windham, eight points; La Gayluah Young, six; Edith Johnson, four, and Sharon Windham, two.

Against Slaton, Woods and Sharon Windham each scored 14 points; Karon Windham, eight; Johnson, four, and Young, two.

Seeing most of the action at guard positions were Vickie Martin, Marcia Newby, Linda Altman and Cherry Pennell.

Foul trouble hurt the Does in both games. Johnson and Altman fouling out against Stanton, and Johnson, Woods and Altman against Slaton.

Conference opener

Post rips Slaton cagers, 82 to 69

The Post Antelopes opened their District 4AA basketball race with a convincing 82-69 victory over the Slaton Tigers last Friday night before an overflow crowd in the Slaton gymnasium.

The hot-handed Antelopes were never in serious trouble, scoring nine points before the Tigers lit up their side of the scoreboard. The nearest Slaton came to overtaking the Antelopes was just before the halftime buzzer when Farrell hit a field goal for the Tigers to pull them within six points at 42-36.

Post scuttled the Tigers' tight zone defense on the torrid outside shooting of Duke Altman, who sank 24 points for his best scoring night thus far this season. He hit five straight buckets from outside in the third period.

Ronnie Pierce, who scored 27 points, also got big scoring help from Davis Heaton, who scored 17 points, with Norman Tanner's 10 putting four Antelopes in double figures.

The Antelopes' man-to-man defense kept Slaton's Richard Washington well in check, but Jack Mason hit 27 points to tie Pierce for scoring honors.

Post led, 24-14, at the end of the first quarter, 42-36 at the half and 65-51 going into the fourth quarter.

Post fans practically filled one side of the Slaton gym, with others sitting on the floor and standing in the doors.

The scoring summary:
POST—Windham 2 0 4; Tanner 4 2 10; Pierce 11 5 27; Heaton 6 5 17; Duke Altman 8 8 24; Sappington 0 0 0; Bartlett 0 0 0; Johnson 0 0 0. TOTALS 31 20 82.

SLATON—Hall 7 2 16; Wheeler 0 0 0; Mason 12 3 27; Washington 5 2 12; Farrell 3 0 6; Fisher 1 0 2; Ethridge 1 0 2; Williams 0 0 0; Davis 2 0 4. TOTALS 29 31 76.

Slaton girls beat Post frosh, 36-20

The Slaton freshman girls' basketball team downed the Post freshman girls, 36 to 20, here Monday night.

Slaton jumped into a 7-3 first quarter lead, were ahead, 15-6, at the half, and 25-12 going into the fourth quarter.

Post's high scorer was Kathy Jones with nine points. Kay Heron scored six; Linda Sanchez, three, and Pam Petty, two. Jan Wilks and Susan Valdez also played at the forward positions.

Post's guards were Daisy Smith, Debbie Hays, Nina Young, Sandy Dixon, Nancy Hart, Amelia Morales and Janet Ray.

Linda Johnson, with 19 points, was Slaton's high scorer.

Junior High boys, O'Donnell divide

Post's junior high boys' basketball teams divided a pair of conference games with Frenship here Monday night. Coach Waco Reynolds' 7th graders winning, 20-13, and Coach Bud Davis' 8th graders losing, 35-23.

David Woods and Larry Hair each scored six points to take scoring honors for Post in the 7th grade game. Four other players, Jimmy Dooley, David Hart, Kyle Josey and Scott Lee, scored two points each.

Robert Bullock's 14 points led the Post 8th graders in their game, with Larry Bilberry getting three points, and Robert Pace, Johnny McGuire and Eddie Jennings, two apiece. Morris led Frenship with 12 points.

The Post 8th grade team hit 38 per cent from the free throw line to Frenship's 15 per cent, but fell far behind in field goal shooting.

The two Post teams go to O'Donnell Monday night for conference games.

8th grade girls win, 7th loses

Post's 8th grade girls' basketball team, beaten only by Slaton in the first round of Junior High Conference play, opened the second round here Monday night with a 41-23 victory over Frenship.

The Post 7th grade girls lost, however, by a score of 22-14.

Sherry Bird's 25 points paced the 8th grade team in its win Monday night, with Stephanie Davis hitting seven points and Rita Valdez, five. Seeing most of the action at guard positions were Karen Sneed, Debra Mason, Sue Eubank and Bertha Torres.

In the 7th grade game, Wilma Bullard scored seven points, with Melvena Stewart hitting five and Bobbie Johnson, two. The starting guards were Linda Stewert, Ellie Flores and Linda Manuel.

Coach George Ederton's Post teams will go to O'Donnell next Monday for conference games.

Southland wins over New Home

SOUTHLAND — The Southland Eagles won their third District 7-B game in four tries Tuesday night, defeating New Home, 69-59, behind Dennis McGhee's 19 points.

Southland also won the girls' game, 53-49, but New Home won the "B" boys' game, 46-38.

Last Friday night, the Southland boys' and girls' teams won non-conference games from Amherst.

Southland's junior high teams, which lost to Cooper Junior High last week, are to play at Ropesville on Monday night, Jan. 23.

FRESHMEN ENTER SNYDER TOURNEY

Post's freshman boys' basketball team will play Lamar of Snyder at 6:30 p. m. Friday in a first round game of the annual Snyder freshman basketball tournament.

All games are to be played at the Lamar gymnasium, with the championship game set for 7 p. m. Saturday.

Teams in the tournament besides Post and Lamar are Travis of Snyder, Sweetwater, Colorado City and Stamford.

The winner of Friday's Post-Lamar game will play Stamford at 9 a. m. Saturday. Stamford drew a first round bye. The loser of the Post-Lamar clash won't play again until 4 p. m. Saturday.

CANDIDATE FOR DEGREE

AUSTIN — Roger Edwin Camp of Post is one of some 200 University of Texas business students who are mid-session candidates Jan. 28 for the Bachelor of Business Administration degree. Roger is the son of Mr. and Mrs. S. E. Camp of 709 West Main, Post.

Through two games

Stanton, Morton take early leads in 4AA

The Stanton Buffaloes and Morton Indians are perched atop the District 4AA standings through the first two games, each with two victories against no losses.

The Post Antelopes and Denver City Mustangs, who shared the district championship last season, are tied for second in the district standings with records of 1-1. Tied for the cellar position are the Slaton Tigers and Frenship Tigers, each with two losses and no wins.

Stanton downed Post, 73-69, Tuesday night, while Morton was vanquishing Slaton, 65-57. Denver City evened its conference mark with a 76-54 win over Frenship.

Byron Willis scored 22 and Donnie Harvey 20 points for Morton in the Indians' victory over Slaton Tuesday night, while Jack Mason led the Tigers with 22 points. Morton also took the "B" game, 39-29.

Dwayne Young's 24 points led Denver City in its win over Frenship Tuesday night, while George Allen paced the losers with 17. The Mustang "B" team also won, 56-25.

In district openers last Friday night, Post downed Slaton, 82-69. Stanton took the measure of Denver City, 65-57, and Morton downed Frenship, 64-55.

The Mustangs' Young was high scorer with 18 points in the Stanton-Denver City game, with Buddy Shanks hitting 14 for the Buffaloes. Denver City won the "B" game, 56-53.

Byron Willis of the Indians and George Allen of the Tigers each scored 25 points in the Morton-Frenship game. Morton won the "B" game, 41-32.

The standings:

Team	W	L	Pts	Opp.
Morton	2	0	129	112
Stanton	2	0	138	126
Post	1	1	151	142
Denver City	1	1	141	111

Woman breaks hip in fall at home

By MRS. O. H. HOOVER

Well, here it is Jan. 15 and no snow yet. Guess we will have our snow and rain in February. Sure hope we get some moisture soon. I notice where the farmers have flat-broke the ground, the clods are as big as a three-gallon bucket. It will take a lot of rain to soften those up. Here's hoping!

Mrs. O. F. Haley fell and broke her left hip Sunday when she caught her toe on the table leg and fell before anyone could reach her. Mrs. Haley has been staying in the home of her daughter, Mrs. Amos Gerner, for quite some time as she has not been too well. She is in Room 203 at Mercy Hospital in Slaton. Send her a card to cheer her up. Emma Anton and Linda K. Mueller want to see her Sunday afternoon. Lorene reports her mother is doing as well as a lady her age can. We wish for her the best.

Mr. and Mrs. Audrey Brassell of Pomona, Calif., were recent overnight guests of Uncle Mac and Aunt Nora Ritchey.

Friday night a group of folks from Lubbock, Post and Grassland went to Uncle Mac's and Aunt Nora's home for Bible study, prayer and praise service. Did they ever have a wonderful time!

R. G. Wilkerson again chairman for Heart Fund

R. G. (Wilke) Wilkerson has been reappointed Garza County chairman for the annual American Heart Fund campaign to be conducted here in February.

The chairman said the heart-shaped coin containers will be placed in business establishments again this year, and that he is recruiting block chairmen for the annual house-to-house drive for the fund campaign.

Announcement has also been made of the reappointment of Pearl McBride of the First National Bank as Memorial Gifts chairman for the Garza County Heart Association.

Any memorial gift sent to the chairman will receive prompt attention, including the sending of an acknowledgment card immediately to the bereaved family. The card will show the name of the individual whose memory is being honored and the name of the donor or donors. The amount of the contribution is not included on the card to the family, but is shown on the receipt to the donor.

Memorial gifts are used by the American Heart Association to support a program of research and education.

Renal Rosson on five committees

State Rep. Renal B. Rosson of Snyder, whose legislative district includes Garza County, has been named to serve on five committees by House Speaker Ben Barnes.

In addition to the Judiciary committee, of which he is chairman, Rosson has been appointed to serve on the Conservation and Reclamation, Criminal Jurisprudence, Insurance and Judicial Districts committees.

In commenting on the appointments, Barnes said that he has confidence that "Rep. Rosson is familiar with the problems with which the committees will deal and is qualified to do an excellent job for the Legislature and the people of Texas."

Mrs. Hoover was a luncheon guest of Mrs. W. A. Oden Sunday. After lunch they drove across the canyon and spent the afternoon with Mr. and Mrs. Wes Morris.

Grannie Walker hasn't been feeling too well lately. She stays with Cleety and Loucile most of the time.

G. W. Watson's niece and husband of Enid, Okla., were overnight guests of the Watson's Thursday.

Mrs. Doyle Terry visited in this community Monday with her mother, Mrs. Edith Inklebarger, Billie Inklebarger, and her sister, Lucile Walker.

Mrs. Ivy Young came after church Sunday to visit her sister, Mrs. C. C. Jones and spent the night and all day Monday. They visited Mr. and Mrs. Jurd Young Sunday afternoon.

Mr. and Mrs. Rusty Dean visited Mr. and Mrs. Herman Tanner in Lubbock Saturday afternoon. Mr. and Mrs. Willie Daniels visited the Rusty Deans Sunday afternoon.

The Rev. and Mrs. Rawlings and the W. G. McCleskeys were luncheon guests of the Tom Murrys Sunday.

Thursday night the Bert McDonalds, the W. L. Gribbles, the C. O. McCleskeys visited in the W. G. McCleskey home with Jonell McDonald and Lori of Selah, Wash. They had a nice sing-song together.

Jonell McCleskey's girl friend, Mrs. Leonard Ratliff, Mr. Ratliff and two daughters of Midland and Mr. and Mrs. Marvin McDonald of Tahoka visited in the W. G. McCleskey home Friday night.

The W. L. Gribbles were Sunday luncheon guests of the H. E. Huffakers.

The W. G. McCleskeys, their daughter and granddaughter were supper guests of Hoolie and Laverne, along with Kurt, Carla and Kent McCleskey.

Jonell McDonald and Lori visited her mother-in-law's family, the A. E. Rileys, over the weekend. Sunday they had a get-together of the McDonald clan. Carla McCleskey was also a visitor.

Mrs. Hoover visited in the Carl Greer home Monday afternoon. She also visited Mrs. E. A. Thomas Monday. You remember she had eye surgery last week in West Texas Hospital and came home Saturday. She went back Monday for a checkup and the doctor said she was doing fine, for which we are very glad.

Mrs. Carrie Wallis' daughter, Billie Jo of New Home, visited her one afternoon last week.

Mrs. Amos Gerner visited Mrs. Ruth Mathis last Thursday. Ruth has been quite ill with a virus in the Slaton hospital. We wish her a speedy recovery.

GUY LEMOND of Snyder visited his sister, Mrs. A. Z. Sewell, Sunday. He also visited the Roy Lemond family.

Mr. and Mrs. Gus Sherrill took their grandchildren home and visited her sister and family and their daughter, Gustine, and family. The grandchildren had been here since Christmas.

Mr. and Mrs. Clyde Childress visited their son and family in Levelland Sunday evening.

Mrs. Bea Brown of Brownfield and Mrs. Walter Mathis of Tahoka visited their parents, the J. E. Sherrills, Sunday.

The man who ran the Draw store sold out last week to Jimmy Williams and his mother, Mrs. Gussie Williams. We welcome them and hope they do real well in their business venture.

Nannie Greer of Slaton and her daughter, Opal Ray, and daughter and mother-in-law spent an afternoon last week with the Carl Greers. Other visitors were the N. O. Townsens.

Carl Greer seems to be failing since Christmas.

EDMUND R. BORGAN

Borgan is advertising director for Shop Rite

J. S. Reinhart, president of Shop Rite Foods, Inc., Piggly Wiggly, today announced the appointment of Edmund R. Borgan as director of advertising, sales promotions and public relations for Shop Rite Foods, Inc., and subsidiary corporations.

Borgan served as advertising director for Purdy Stores, Inc., in San Francisco, Handy Andy, Inc., in San Antonio and the Consolidated Foods Corp., in Chicago. He was also an advertising and public relations executive for United Artists Corp. and Universal-International Pictures Corp.

Borgan is establishing residence in Lubbock with his wife, Aurea, and their four sons, David, Carl, Mark and Raymond.

Vet's Forum

Q. I have just been discharged from the Army. I served four years. Can I get a G. I. home loan and go to school under the new G. I. Bill at the same time?

A. Generally, yes. You should contact your nearest Veterans Administration regional office.

Q. Is a six-month reservist eligible for training under PL 89-358?

A. No, since this was duty for training purposes only.

Q. I receive a widow's pension. I was not working when I began receiving the pension, but I have now secured employment. Is it necessary to report this to VA, or may I wait until I receive an income questionnaire at the end of the year?

A. You should inform the VA at once so that your continued entitlement may be checked. This could prevent the creation of an overpayment, which would later have to be repaid to the VA.

ATTEND TRACK MEET

Mr. and Mrs. John Dennis of Gail were among the many area sports who attended the indoor track meet in Lubbock Saturday night. The Dennises daughter, Debbie, was a member of the girls' relay team that finished first in the four-lap relay. Debbie is a freshman in Borden County High School at Gail.

Joint birthday party for Smallwood sons

By MRS. EDMUND WILKE

Hello to each of you. Hope all is well with you. The weather has been rather bad again today, (Monday), hasn't it? The weather is one subject that is on the mind of every farmer these days. It is so dry that farming is just about impossible. Some farmers here have started up their irrigation wells, but I wonder just how much good it is going to do—especially if the wells are as little as ours. BUT, we must try, and we always have the hope that tomorrow will be better! Oh, to wake up some morning and hear the rain running off the roof!

An annual affair in the home of Mr. and Mrs. Arthur Smallwood is the joint birthday party of their two sons, Ronnie and Douglas. Ronnie's birthday is on Jan. 8 and Doug's is Jan. 16, so instead of having two separate parties, they have one big one. They celebrated their birthdays Sunday with the following guests: Mr. and Mrs. Jerry Don Ross, Laurie and Jay of Wilson, Mr. and Mrs. Harvey Hancock, Tracy, Tonya and Timothy of the Robertson community, Mr. and Mrs. Herbert Pinkert of Lubbock, Mr. and Mrs. Fagan Ross and Mr. and Mrs. Joe Ross and Demetra of Slaton, the boy's grandmother, Mrs. G. N. Smallwood, and Mr. and Mrs. E. C. Smallwood, Terry and Julie. All of these were dinner guests and then in the afternoon Darrell Hill and Larry Heinrich came to visit. I'd like to extend a belated "Happy Birthday", boys.

Saturday, Mrs. Lee Fredrickson was taken back to Reese AFB Hospital. She has pneumonia and is very sick. Visiting with her Sunday were Mr. and Mrs. Donald Pennell, Mr. and Mrs. Kenneth Callaway and Bro. and Mrs. Hill. May God grant her comfort and peace of mind.

Bro. and Mrs. Hill also visited Sunday afternoon with Mrs. Katharine Hendricks, a patient at Methodist Hospital after undergoing surgery last Thursday. Mrs. Hendricks is the daughter of Mr. and Mrs. John Leake.

Jettie Crawford underwent an emergency appendectomy at Mercy Hospital last Wednesday night. She is doing fine and hopes to come home one day this week.

Mr. and Mrs. Arno Albrecht of

Corpus Christi are in Southland visiting their daughter and family, Mr. and Mrs. Leo Stolle and Beverly.

MR. AND MRS. C. J. Miller have just returned home from a trip to Houston.

Mr. and Mrs. Bill Walter and Kathy of Roosevelt and Kris Richardson of Slaton were Sunday dinner guests in our home.

Mr. and Mrs. Jerry Melcher attended funeral services of a Mr. Stephens in Dallas last week. Mr. Stephens, a former resident of Slaton, is the father of Mrs. Frank (Alene) Melcher.

R. D. Eckert has been taken back to John Sealy Hospital in Galveston. He had been visiting his father at Brownwood when he became ill and they took him to the hospital. His daughter, Mrs. Marie Nelson, has been in Galveston with him, and Saturday Mrs. Eckert (Norma) also went to be with him. May God be with this family in their time of need.

Good news! W. A. Basinger came home from Mercy Hospital last Friday. He has been a patient for quite sometime and he sure is glad to be home and he certainly appreciates all that has been done for him. Mr. and Mrs. Heywood Basinger visited in their home on Sunday.

Mr. and Mrs. Herman Havis have house guests this week. Two

Audiences about to see "Not With My Wife, You Don't!" opening Sunday at the Tower Theatre, will know the moment the picture begins that they are in for a laugh treat.

That fact is signaled by a variety of interest-stirring film techniques such as Pop Art, Op Art, animation and superimposition which start the picture.

The Technicolor film is the giggle-making story of two friendly but competitive Air Force officers and their activities with an Italian beauty who is loved by both.

The cast includes Tony Curtis and George C. Scott as the Air Force buddies and Virna Lisi as the Italian beauty.

Purchases stepped up

Increased food supplies for school lunchrooms

Good news for the Post schools' lunchroom is that increased supplies of food for school lunches are on the way to Texas as a result of recently stepped-up purchases by the U. S. Department of Agriculture.

The food will be distributed to schools participating in the National

al School Lunch Program through the State Department of Public Welfare.

USDA increased its food donations to help schools meet their expenses during the second half of the school year and to help them continue to provide adequate meals at a reasonable cost to the

students, he explained.

Texas' share of recent purchases, which USDA expects to deliver in January and February, will include 1,360,000 pounds of dry beans, 1,069,200 pounds of frozen beef, 1,038,300 pounds of butter, 436,800 pounds of cheese and substantial amounts of other commodities.

USDA has also announced intention to buy a large quantity of frozen orange juice, probably starting next month, and supplies should reach many schools in March. The Department is also buying fresh pears.

Other items supplied through USDA donations this school

year have included raisins, nonfat dry milk, rice, shortening or lard, flour, corn meal, peanut butter, rolled wheat and, recently, oats.

In supporting the state agencies in the administration of the National School Lunch Act, USDA's Consumer and Marketing Service donates some foods plus some cash to buy food locally. On a national average, the food and cash contributes about 23 per cent of the total program cost. State and local sources, including children's payments, cover the remaining cost of the lunches.

Many of the mountains of the Andes are volcanoes and some are still active.

STRENGTH FOR THESE DAYS

Be not therefore anxious. (Matt. 6:31).

Anxiety does not add anything to our well-being. It merely leads to frustration. It should follow Jesus' teaching when He said "Be not anxious for you life, what you shall eat, or what you shall drink, nor what you shall put on. For each moment in faith."
