First State Bank Joins In Direct Deposit Week

First State Bank is joining forces with the Federal Reserve, the National Automated Clearing House Association, the Department of the Treasury and other federal agencies to increase the awareness and use of Direct Deposit and Direct Payment.

Direct Deposit is the electronic transfer of your paycheck, benefit check or other payment into your checking or savings account. Instead of receiving a check in the mail and taking it to your financial institution, you can rest assured that your money is in your account. The money is available to you the morning of the payment date.

Betty Harner spent a lifetime raising a family, handling a career and running countless errands. So, when it came time to collect Federal retirement benefits, Harner made a decision that would make her life less hectic.

She chose Direct Deposit.

"By getting Direct Deposit, I don't have to worry about actually going to the bank to deposit my check," said Harner, 74 of St. Marys, Ohio, who has been receiving her social Security payments via Direct Deposit for the last nine years.

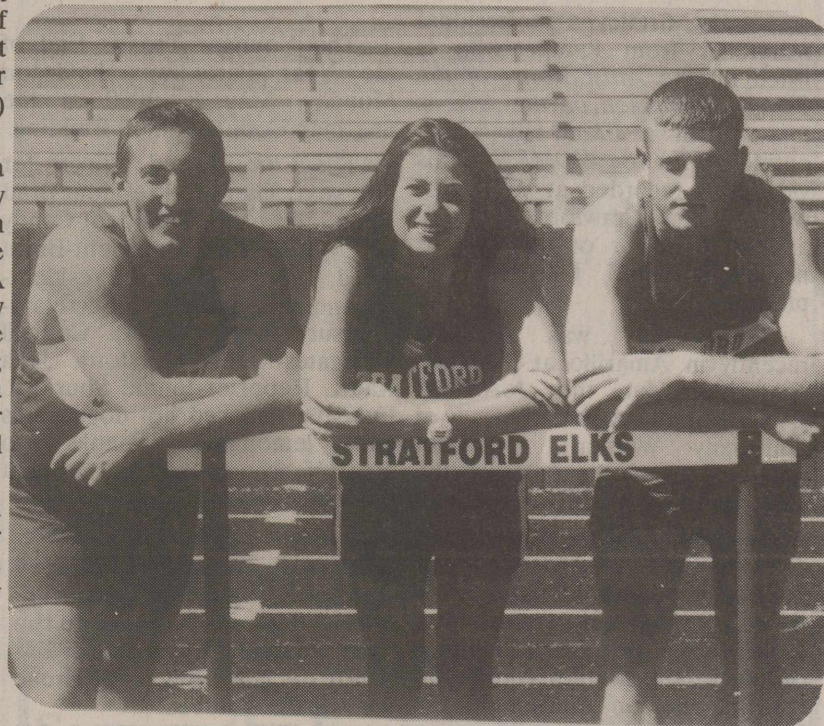

"It's automatically there."

Consider this: statistics show that recipients are 26 times more likely to have a problem with a paper check than with a Direct Deposit transaction. Last year, the Treasury received more than 1.3 million claims for checks that were lost, stolen or not received.

Similarly, the government deals annually with nearly \$40 million in forged checks, \$3 million in counterfeit and \$1 million in altered checks. Forgeries, counterfeiting and check alterations do not occur with Direct Deposit transactions.

To get Direct Deposit, recipients simply need to come by the bank or call the agency issuing the benefits. In addition to offering recipients a simple, safe and secure way to get their Federal payments, Direct Deposit saves taxpayers millions of dollars annually in processing costs. The cost to the Federal government to process a paper check is at least 28 cents more than to process a Direct Deposit payment. The Social Security Administration has used Direct Deposit since 1976 and has never lost a payment. Plus your money is protected up to \$100,000 per depositor.

Pampa Storyteller Featured in Two Publications

Loralee Cooley, a professional storyteller from Pampa who is listed on the *Artist Roster of the Texas Commission on the Arts* is featured in a brand-new video entitled *TEXAS WOMEN*. This video was recorded at WTAMU, with Jim Crawford, newly-appointed editor of the campus newspaper *THE PRAIRIE*, as producer.

The video was released recently in Amarillo at the state convention for the A.A.U.W. (American Association of University Women), and net proceeds from the sale of the video go to their scholarship fund. Videos are each \$15, and are available from Mrs. Cooley.

Two highlights of the *TEXAS WOMEN* video are very different stories. One is the historical piece on Mary Jane Mathes Alexander, the first woman rancher in the Texas panhandle. Another is a brand new original literary tale by a high school student.

Nancy Coffee contributed the historical story, which is about her great grandmother, Mary Jane Mathews Alexander. Loralee Cooley first told it at the GEM Theater in Claude, Texas, in March, 1999 when she was featured in an evening of stories on Panhandle women. The Alexander ranch, located between Mobeetie and Canadian, is still in the family.

The original tale is entitled "Chatter", and it was written by Tricia Teig, a student at Stratford High School in Stratford, Texas. Its main character, Ima Nosey, is a woman who talks (CHATTERS!) too much, and gets her whole town in trouble. Tricia is the daughter of John and Teri Teig.

Loralee Cooley also is featured in a new book entitled *More Ready To Tell Tales from Around the World*. This book, to be released at the end of May by August House Press in Little Rock, is edited by David Holt, formerly of the TV Show "Hee-Haw" and Bill Mooney, star of several TV Soap operas. A collection of folk tales from around the world, it also includes information about the various storytellers who were invited to contribute a favorite story. Loralee Cooley's selection is a tale from Iraq, "The Kiss of Evil." Hold and Mooney chose it from several stories she submitted for consideration.

Timis Tidbits

By Timi Brown

Happy day to you Sherman County Old Timers, Readers, Citizens this hazy sixty degree Fahrenheit Friday morning May 12, 2000.

Due to school activities it is necessary to write Tidbits this morning for the issue of Star, Thursday, May 18, 2000.

As a result our Mother Day greetings are between community activities however nationally Mothers Day festivities are dear to millions of American Citizens and we hope our readers will have the dearest memories of Mother's Day Sunday, May 14, 2000.

Remember there has only been three days lapse since the last writing of Tidbits and the fact is we are kind short on news.

We do remind readers that community clean up day at the Cemetery is Saturday, May 20, 2000. SCOT Board of Director Meeting 10:00 o'clock on Tuesday, May 23, 2000 at Regular Scot luncheon is Thursday, May 25, 2000.

In Scot newsletter of May 2000 Director Jack Fore reports that since after receiving matching funds from Stratford Area Foundation Scot board has voted to repair the cracks in the bricks on the west side of our building. This job has been turned over to Joe Mungia to replace the needed brick as to secure the rest o the bricks.

Remember SCOT Birthday party is Thursday, May 18, 2000.

Farm Bureau Queens contest and Talent Find will be on Saturday, June 10, 2000 and Band Calendars are on sale until May 19, 2000.

Again we must mention the report from Duckwalls on the subject of dishonesty we NEED this store and must help correct this unlawful procedure the personal touch of GOOD citizens will supply this help.

And good citizens also scatter encouraging shoulder pats and expressions of LUV among their peers and others.

Those "clouds" that went over Kerrick Wednesday & Thursday weren't clouds. It was smoke from the Los Alamos fire!

Rett Schoonover celebrated his fourth birthday recently and received a new bike. When older brother Reed took the training wheels off his bike, Rett had to try it too. Kinda had a few falls, but he was soon catching on!

Bill Gillenwaters is on the mend from his wreck a couple of weeks ago.

Nita Taylor spent a week in Euleus with son Bill and family. She celebrated a birthday while there. Watched granddaughter Amy, a freshman, play fast pitch softball game. She plays first base. It rained nearly every day she was there!

Marylou McDaniel spent a week in Denver helping Patti move into her townhouse. Did manage a couple of Rockies games. Patti scared everyone with what might have been heart problem Wednesday and Marylou turned around and headed back to Denver. Got called at Clayton that it was inner ear, thank goodness!

Pat Boren, Betty Henry & Marylou McDaniel attended Dalhart Women's Bowling Association banquet May 11. This is the 40th year. Stratford Grain Team came in second on Bowling Belles League, out of first by 4 points.

Wilhelm Certified Cisco Network Associate

Brent Wilhelm, a senior at Stratford High School, became a certified Cisco Network associate last week. Wilhelm just finished the four semester Cisco Academy course taught by Mr. Dan Hembree. In order to be a certified Cisco associate, however, a student must take, in addition to the four semesters, a grueling test devised and administered by Cisco Networking Systems.

Brent traveled to Amarillo Area Center for Advanced Learning, Amarillo, TX last week in order to take the test. Many students do not pass the one and one-half hour timed test on the first try. Brent was not one of those students. He passed the test on his FIRST attempt.

The course work can be compared to college level courses. The class work and test qualifies a student for entry into networking technology. The entry level salary for a Certified Cisco Network Associate is approximately \$36,000.00 per year. Wilhelm is the first student from Stratford High School to achieve this distinction.

Stratford HS and Mr. Hembree would like for parents to be aware of this opportunity for SHS students. Although the four semester course is hard and students must work diligently, the dividends are certainly worth the effort.

The Churches of Stratford Welcome You

Jesus' Success and Ours

Imagine, "Jesus was led up by the Spirit into the wilderness to be tempted by the devil" (Matthew 4:1). The Holy Spirit actually led Jesus into a desert region so the devil would have ample opportunity to tempt Him and test Him. This reminds us of ancient Israel. Moses told the people, "You shall remember all the way which the Lord your God has led you in the wilderness these forty years, that He might humble you, testing you, to know what was in your heart, whether you would keep His commandments or not" (Deuteronomy 8:2). The test was designed to show them their hearts. God already knew. The devil tested Jesus. Would He reveal a heart that loved God? Furthermore, the devil challenged Jesus, "If You are the Son of God..." (Matthew 4:3 and 6). As the Son of God, Jesus Christ represented His people. They failed to show their love for the Father. Jesus succeeded perfectly. He always did what was right. I also fail to love God. Therefore, I must trust in the right actions of Christ. His right actions bring me to God. I do not gain heaven on the basis of what I do that is right. I have the righteousness which is through faith in Christ, the righteousness which comes from God on the basis of faith" (Philippians 3:9).

TRTA Meeting & Memorial Service in memory of Anna Mae Pulliam & Nannie Belle Graves, Relatives of Anna Mae Pulliam, present were Mike & Beverly Asher, Becky Asher, Mary Jo Ondracek, Melissa Asher, J.O. Pulliam and Karen Pulliam. (Photo by Faye Plank)

Two Pioneer Teachers Honored

Tributes to two pioneer teachers of the area, Anna Mae Pulliam and Nannie Belle Graves, were recently paid by Mary Jo Ondracek at a recent meeting of the local Texas Retired Teachers Association in Dalhart. Before a table with tapered candles, the flames symbolizing the light of knowledge these teachers imparted to their students, Ondracek read the following biographies.

Sad times often come to our organization. When death calls that person, we try not to dwell on his or her passing, but to remember the good times, the strong personality, the many contributions to us all by that person while still among us.

We remember today's two such members, I light two candles to represent Annie Pulliam and Nannie Belle Graves.

ANNIE PULLIAM was born in Buckner, Arkansas. She was married to Gene Harrison. She was the mother of three boys- Mike, Sam and Tommy. Her family increased by 3 stepchildren when she married J.O. Pulliam with whom she spent 33 happy years. Annie was a first grade teacher. She taught in Oklahoma before coming to Stratford in 1967. She taught in Stratford for 20 years, retiring in 1987. Annie loved gardening and she liked to work with houseplants. I always greatly admired her "green thumb" since I have the "black thumb".my plants don't thrive as hers did. Annie spent a lot of time and did a lot of Church work with the First Christian Church in Stratford. She was a volunteer at the nursing home, where she always had a smile and words of encouragement for one and all. Annie died March 2, 2000.

Psalm 103 in the Bible, says "Our days are like the grass; like flowers of the field, we blossom". The flowers of Annie's life were the children she taught, and in whose lives, she made such a difference. When I see flowers growing, and children playing, I realize that Annie's spirit is still with us.

NANNIE BELLE ROBERT GRAVES was a teacher in the Dalhart Schools, but she was more than that. Nannie Belle participated in everything at school long before she was a teacher herself, because her husband Bill was a high school teacher. Many teachers' meetings and student gatherings as well saw her famous home made ice cream

and cake as refreshment for the meeting. Nannie Belle also served as a cafeteria cook at North Ward School. Teachers at the other schools liked to come eat in our cafeteria because of Nannie Belle's cooking. I still use her hot roll recipe for making rolls..of course being prepared for a school..it makes 100 rolls at a time!!

It was after Bill's death that Nannie Belle decided to go back to college and get her teaching degree. She was then employed as a special reading teacher at North Ward School, and later at Dalhart Elementary School. She was also a hard worker at the Dalhart First Christian church. Nannie Belle was a talented lady and could sew and quilt, and do all kinds of handwork. She and Bill had two boys..Billy and J.C. Billy now lives with his family in the Fort Worth area and J.C. is deceased. Nannie Belle was always so proud of her many grandchildren. She also was an excellent gardener. I think of her when I water the plants I got from her many years ago. When it came close to her 90th birthday she became ill but struggled to

Gifted & Talented Present Tours

Our Trip To The Depot Museum

On Monday, May 8, Mrs. Duke's second-grade class and Janet Witcher, Kara Brownlee, McLain Pool, and Sid Resendes (members of the Junior G.T. Class) went to the Depot Museum. On Tuesday, May 9, Senior GT Class members Jessica Walton, Cody Hamilton, David Hunsaker and Andy Witcher accompanied Mrs. Wheeler's second-grade class. The GT Students served as tour guides for the second graders. This experience was enlightening for both age groups. The High School students were able to develop their leadership skills and their ability to speak with children.

The High School students explained about the various exhibits. Some favorite displays for the second graders were: the arrowheads, the woolly mammoth teeth, the manual typewriter, the coffee grinder and the 3-D stereoscope. The guides showed the younger students how to handle the artifacts in a museum. This hands-on learning made the museum trip both fun and memorable. It was an enriching learning experience for both groups.

The second graders wrote thank you notes to their guides. The consensus comment was: "You made my field trip the best field trip I have ever seen!" If you haven't been to the Depot Museum recently, the students would highly recommend it.

We'd like to thank Millie Hacker, the curator, for allowing us to have this opportunity. We'd also like to thank Arthur Judd, a museum board member, for telling us about his ancestors and the history of events in Sherman County.

Junior G.T. class and Mrs. Duke's second-grade class were at the museum on Monday, May 8th. Shown above in back from left: Arthur Judd, Mrs. Tina Duke, and Kara Brownlee. In front from left: Jonathan Knight, Sunny Russell, Tanner Riffe, and Stephen Williamson.

G.T. Junior McLain Pool showed and explained exhibits at the museum to 2nd grade students from left Cody Carter, Roy Allen, Jose Ibarra, and Chelbye Ellis.

Shown above, these three little boys found a rarity in town this past Friday, May 12th out behind The Flower Shack. They found a "Horny Toad". Shown from left: Parker Brooks holding the Horny Toad, C.J. Brooks, and Timothy Eggers. Sheriff Jack Haile and son Luke came and took the toad to some CRP land in the country.

Betty and I want to thank all of Stratford for the concern, kindness and love we have received for several years and at the time of Dad's passing, all of you made this difficult time in our lives much. Easier again THANK YOU from the bottom of our hearts. God Bless and keep you.

Love, R.J. & Betty Chamberlain

The Family of Roy E. Chamberlain Sr. would like to thank everyone for your concern, kindness and love shown us when dad passed away.

The Stratford Youth Little League Baseball Association would like to thank all of those folks who attended and supported our fundraiser at the Park. Special thanks to those who helped/donated the food, to Jeff Kautz for cooking the meat and to Lynette Kautz for organizing the event. Thanks to all those who helped serve and helped with the clean-up. We also would like to thank those individuals and businesses who donated money to the Association. This money will be used to buy uniforms, equipment, and help with the maintenance on the fields. Without your support, we would not be able to have a Youth Baseball Association. Thank you again for your wonderful cooperation and support.

retain life for that celebration..but Nannie Belle's whole life was a constant celebration for herself and others. "Belle" as she was known to many of us was always ready to help out wherever needed, whether it was taking food to someone ill, or washing dishes in the kitchen at a Girl Scout camp.

I think that this little verse by John and Edna Massimilla, reflects the philosophy of both these ladies who were our friends and co workers in the teaching profession:

I cannot change the world,
Lord

But I can love and care
I know that you will nurture
Each seed I plant out there
You will bring forth blossoms
From the little things I do

I cannot change the world,
Lord

But I'll do my best for you.
They planted seeds of knowledge in the young and nurtured them like plants. I extinguish these candles which represent their physical presence, while the warmth of their spirit, like the candle's flame, remains with us forever.
