FIVE CHILDREN PERISH IN FLAMES

BLAZE SWEEPS FARM HOME OF ARKANSAS MAN

FATHER ESCAPES BUT CHILDREN TRAPPED IN THEIR ROOM

LITTLE ROCK, Jan. 4.—Five children were burned to death early today in a fire that destroyed the farm home of W. G. Denby, four miles north of here. The children were sleeping in one room. The father, the only other occupant of the house, was in another. He escaped but was unable to rescue the children.

The dead, Opella, 14; Lorene, 9; Ruth T. D. 13; and Davis Denby, 4.

The mother died more than a year ago. The only other child, an 18 months old baby, was with a grandmother, at El Dorado.

Cause of the fire, which broke out about 2:30 a. m. was not determined. It apparently started in the room in which the children were sleeping. Denby said when he awoke that part of the house was in flames and he was unable to enter the children's room.

NEW MURDER BILL ON HICKMAN SEEN

PROBE OF SUB'S DISASTER ASKED THRU CONGRESS

WASHINGTON, Jan. 4.—A widespread investigation of the circumstances of the sinking of the submarine S-4 by a special committee authorized by congress will be sought by administration leaders in the house.

Chairman Butler of the house naval committee, announced today that in line with the administration's desires, he would seek the appointment of a commission of two retired naval officers and three men from civil life to go into the question.

Several investigations by congress have been proposed and the navy itself already is at work in an effort to fix the blame for the disaster which has become one of the liveliest issues of the present session of congress.

YOUTH PLEADS NOT GUILTY IN GIRL'S MURDER

LOS ANGELES, Jan. 4.—While defense forces began gathering evidence to support William Edward Hickman's plea of "not guilty by reason of insanity," to the kidnapping and slaying of little Marian Parker, the question of voting a new murder indictment against the youth today came before the grand jury.

Witnesses who had been ordered to appear before the grand jury yesterday in the investigation of the shooting of C. Ivy Thoms, Rosenthal druggist, in a hold up which Hickman and his 16 year old accomplice, Welby Hunt, have confessed slaying were asked to return to the jury rooms today.

To Ask Murder Bill

The district attorney announced he would ask that a murder indictment be voted against the youth in connection with the death of the druggist. Although the bullet which fatally wounded Thoms has been identified as the same calibre as the pistol carried by Hunt in the holdup, California law in the case of a death as a result of an illegal act holds each of the persons involved equally guilty.

Hickman's plea of "not guilty by reason of insanity" was made when arraigned late yesterday on indictments charging him with the kidnapping and murder of the Los Angeles school girl. The move forecasts a long court fight in the attempt of the youth to escape the death penalty which the prosecution frequently has declared it would demand.

Sanity Trial Separate

A recently passed California law divorces the hearing on the defendant's sanity from the actual trial. If he is found to have been sane at the time the crime was committed, his attorney may then interpose the plea that Hickman is insane at the present time.

Although the new law allows hearings on insanity aside from the regular trials, Judge Carlos

Negotiations Opened For U.S.-Mexico City Airplane Mail Route

WASHINGTON, Jan. 4.—Decision to open negotiations immediately with Mexican postal officials for establishment of an air mail service was announced today by Postmaster General New, who said Colonel Lindbergh's flight had demonstrated the feasibility and practicability of such a service.

Cut Off Much Time

The proposed service would cut down the mail time between New York and Mexico City from four days to two days. The route it is proposed to establish would be by way of Atlanta, New Orleans, Houston, Corpus Christi and Brownsville or practically that followed by Lindbergh.

Mr. New said he hoped the Mexican government would cooperate in the movement to establish the route from Brownsville by way of Tampico, where the richest oil fields in Mexico are located.

The Atlantic coast air mail route from New York to Atlanta and New Orleans is expected to be in operation by March 1 and an extension, to Brownsville and Mexico City is expected to be inaugurated with the inauguration of this route.

Another Connection

Open of a new air mail route between Fort Worth and Houston next month would form another connection with the proposed Mexican line.

This route would place the Mexican service in connection with air services to Chicago through Texas, Oklahoma, Kansas and Iowa and form a connection with the transcontinental air mail to and from the Pacific coast.

The proposed New Orleans-Brownsville route would place Mexico City 400 miles nearer New York than by use of the present Fort Worth-Chicago route. A letter leaving New York at 9 p. m. Monday over the Atlanta-New Orleans route could be placed in Mexico City on Wednesday afternoon.

SHERIFF SHOT AND DEPUTY IS HURT IN FRAY

NACOGDOCHES, Texas, Jan. 4.—Sheriff T. G. Vaughn, of this county, was probably fatally shot while attempting to make an arrest here last night. An operation on the sheriff showed his stomach was badly torn by the bullets.

No details were available this morning but an arrest was expected soon.

Deputy Sheriff Carl Butler was wounded in the arm at the same time.

Supposedly on Raid

According to the meager information obtained, Deputy Butler, who resides several miles from here, went to Sheriff Vaughn's home about midnight. The two men left, supposedly to go on a raid. Later in the morning about 2 o'clock, a call was made to Vaughn's wife for help and physicians. The sheriff was found several miles from Butler's home, probably in a semi-conscious condition. Butler had a broken arm. Butler has refused to make any statement about the affair.

COURSE FOLLOWED BY LINDY'S RECENT TRIP MENTIONED

WASHINGTON, Jan. 4.—Decision to open negotiations immediately with Mexican postal officials for establishment of an air mail service was announced today by Postmaster General New, who said Colonel Lindbergh's flight had demonstrated the feasibility and practicability of such a service.

AL SMITH ASKS POPULAR VOTE FOR REVISIONS

ALBANY, N. Y., Jan. 4.—Governor Alfred E. Smith in his "eighth and last annual message" to the legislature, today recommended that future federal constitutional amendments be submitted to a popular referendum in this state before they are acted upon by the legislature.

The suggestion was made in a chapter devoted to the eighteenth amendment and law enforcement, in which he said it was the state's sacred duty to sustain the amendment and the Volstead law.

The governor's reference to his "last" message attracted the attention of the politically inclined in view of his potential candidacy for the democratic presidential nomination next June. He is now reaching out his fourth term as governor.

No Elaboration

He did not elaborate on his first announcement that it was his final message, nor did he depart from state affairs in his 33,000 word document.

In his discussion of the prohibition question, the governor said: "In 1919, the legislature rushed the ratification of the 18th amendment and in 1926 the party responsible for this, coming back to its senses, submitted the question of modification of the sustaining act, only to have it carried by a popular majority of 1,164,538."

This referred to the vote on a state referendum proposing a memorial to congress to modify the Volstead act by permitting the several states to make their own definitions as to what constituted intoxicating liquor. The proposal was carried by a vote of approximately 2 to 1.

FUNDS FOR NEW AIRWAYS ASKED IN HOUSE BILL

WASHINGTON, Jan. 4.—Funds for the construction of 4,085 miles of airways throughout the country were provided today in the annual appropriation bill for the state justice, commerce and labor departments which was reported today to the house by its appropriations committee.

The bill's total of \$29,202,000 represents an increase of \$1,521,000 over last year's measure, but a decrease of \$109,200 under the budget provided for the fiscal year. The state department \$14,617,000, to the justice department \$26,557,000, to commerce \$37,548,000, and to labor \$10,987,000.

In addition to the funds for the construction of new airways the measure provided for the maintenance of the 3,427 miles of airways already equipped.

MEXICAN AUTO DRIVER DIVES INTO BASEMENT

NEWARK, N. J., Jan. 4.—A Mexican driver of a car, who was driving on Main and Avenue G shortly after 3 o'clock yesterday, "unable to stop his car" when he ran against the curb, dived into a basement.

The car turned a flip in mid air before hitting the bottom of the basement and hit on its top, pinning the driver beneath it. He was rescued by the crowd which gathered soon after the accident. A slight cut on a little finger compressed his injuries.

Surveys Ruins of Car

Following his release from the car he immediately began to survey the ruins and set out in quest of a wrecking company who would make a bid on getting the car out or buying it as it was. The car was soon removed from the basement.

The pedestrian, a white man, was lost in the crowd and failed to show up and thank Lucera for taking the plunge in preference to hitting him.

PEDESTRIAN SAVED IN PENILOUS PLUNGE OF HIS CAR

NEWARK, N. J., Jan. 4.—A Mexican driver of a car, who was driving on Main and Avenue G shortly after 3 o'clock yesterday, "unable to stop his car" when he ran against the curb, dived into a basement.

Three Succumb In New Jersey Home

NEWARK, N. J., Jan. 4.—Three of the five children of Mr. and Mrs. Nicola Angela were burned to death today when fire destroyed their home here. They were John, 15; Anna, 9; and Irene, 5.

Portion Of Uvalde Destroyed By Fire

UVALDE, Texas, Jan. 4.—Nearly a whole side of a city block on the northern end of the business district here was destroyed by fire today when volunteer firemen lost control of the blaze which broke out in a confectionary. Six buildings were razed, including a laundry, electrical shop, a picture show, tailor shop and a real estate firm.

The loss probably would have been reduced had Sabina's fire apparatus reached here. Chief Brumfield of the Uvalde volunteers telephoned for Sabina's equipment, and two engines were started here. Their engines froze up on the way, however. A Sabina fireman also was reported to be injured in a fall from one of the trucks. Fire loss was estimated at more than \$50,000.

The fire was brought under control just before it reached the bigger downtown buildings.

College Board To Meet January 24

The first meeting of the board of directors of Texas Technological college for 1928 will be held in Ft. Worth, Tuesday, January 24. It was announced today from the office of President Paul W. Horn. Discussion of the meeting will center around the plans of the new Science building for the college which is to be the next unit to be built on the campus.

Although the money for the building will not be available until September, plans for the building are to be completed and work will start soon after the letting of the contract. It will be ready for occupancy by January 1, officials say.

The new building will cost \$200,000.

Indian Humorist Dies In Muskogee

MUSKOGEE, Okla., Jan. 4.—Captain Ben Locke, 44, Indian humorist and soldier died today at the soldier's memorial hospital here. He was a son of Victor Locke, pioneer Oklahoma merchant. His Choctaw Indian lineage was on the maternal side.

Marine Stabbed In Lockhart Row Dies

LOCKHART, Jan. 4.—Carter Flowers, 30, U. S. marine, who was stabbed while in a restaurant here Christmas day, died Tuesday night. Ed J. Swearingen is held in connection with the killing.

Girls Devoured By Wolves In Forest

VIENNA, Jan. 4.—Neu-Pres Presse publishes an unconfirmed report that eleven peasant girls of the Czechoslovakian town of Marasovo were devoured by wolves when returning from a neighboring village through the forest.

Construction Man Is Dead In Dallas

DALLAS, Jan. 4.—Owens Hughes, sixty, well known construction man and builder of many Texas skyscrapers, died here today.

EXPERTS HOLD DOCUMENTS OF HEARST FAKED

REPORT GIVEN PROBE BOARD OF SENATE BY SPECIALISTS

WASHINGTON, Jan. 4.—Handwriting experts employed by William Randolph Hearst at the request of the special senate committee investigating the Mexican documents published in his newspapers have pronounced the documents as "spurious."

The report of the experts was made today to the senate investigating committee by William A. Deford, counsel for Mr. Hearst.

Sheffield Denies Buying Documents

WASHINGTON, Jan. 4.—Plaintiff that the American embassy in Mexico City had ever purchased any Mexican documents "spurious or otherwise" was made today by James R. Sheffield, former American ambassador, before the senate committee investigating the material published in Hearst newspapers purporting to have come from Mexican official files.

Advise "Foolish"

The ambassador was called as a result of recent testimony before the committee that the embassy was reported to have been a "generous purchaser" of such documents. Hearst said that he had believed the documents for the Hearst publications as described in this testimony as a result of such material.

Mr. Sheffield said he had given orders that no money or thing of value was to be given for any documents. He said that last May John Page, a Hearst man, who had believed the alleged Mexican documents, came to him with some papers.

Expressed Surprise

"I expressed great surprise upon seeing them," Sheffield said, adding that he told Page he did not believe the loose ledger sheet purporting to come from the ledger of the Mexican finance department was genuine because he did not believe that any United States senators would accept any money from "spurious" or any other government documents purported to show.

Committee Asked To Probe S-4 Case

WASHINGTON, Jan. 4.—President Coolidge today in a special message, asked congress to authorize him to appoint a commission of five, three to be civilians, to inquire into the sinking of the submarine S-4.

Chairman Hale of the senate naval committee, immediately introduced a resolution for this purpose and it was referred to his committee. A similar measure was prepared by Chairman Butler of the house naval committee.

Texan Is Held In Counterfeit Ring

NEW YORK, Jan. 4.—Rufus Easterwood, of Athens, Texas, recently cleared of charges of using the mails to defraud, was arrested again today as a member of an alleged counterfeiting ring whose activities secret service men believe extended from Texas to New York.

Easterwood and A. C. Crowson, of New York were held in \$7,500 bail each, charged with possessing counterfeit federal reserve notes. Easterwood was arrested in a Broadway restaurant when he tendered bogus \$50 bill to the cashier.

Attempt On Life Of Obregon Broken Up

MEXICO CITY, Jan. 4.—Disbelievers from Guadalajara, state of Jalisco, today said that a band which was planning to assassinate General Obregon had been rounded up by Guadalajara police.

The attempt was to have been made when the sole remaining presidential candidate came to Guadalajara. Great secrecy has been maintained over the matter.

Little Fire Damage

An overhead line caused a light blaze at the home of Joe Andropo, 1516 Avenue G at 7:30 p. m. today. The fire department had the blaze extinguished.

PARDON RULED AS A REMISSION OF ALL GUILT

AUSTIN, Jan. 4.—Reversing its former opinion the court of criminal appeals, held today that a governor's pardon absolves the recipient from all legal guilt and consequences of an offense which he has committed.

With that ruling the court reversed and dismissed a case in which Raymond Sanders of Hunt county successfully sought habeas corpus release from a five year suspended sentence which he was assessed and later, after a second conviction for an 18 months term, ordered to serve.

Followed Conviction

The state's position that although Sanders was pardoned for the latter offense by former Governor Miriam A. Ferguson, the clemency did not come until after final conviction and could not serve to prevent the suspended sentence in the first case from becoming operative.

The court had held previously with this contention in the same case, but withdrew its findings and handed down an opposite opinion today.

The opinion, by Judge O. S. Lattimore, pointed out, however, that the court had no intention of changing the rule applying to pardoned ex-convicts as witnesses.

COURT REVERSES ITS FORMER RULING AND FREES ACCUSED

AUSTIN, Jan. 4.—Reversing its former opinion the court of criminal appeals, held today that a governor's pardon absolves the recipient from all legal guilt and consequences of an offense which he has committed.

Marshal Seeks To Ban Fire Hazards

To rid Lubbock of all fire hazards will be the task of City Fire Marshal J. A. Presley during the coming year. He started on that task yesterday. Marshal Presley's office was instituted by order of the city commission recently as a part of their efforts to lower the insurance key rate in the city.

He will make regular inspections of the buildings of the city, noting the various hazards which exist and requesting their correction. Defective wiring, alley congestions, defective flues and heating plants are the most common hazards in the city. Mr. Presley points out, "He has had twelve years of experience in fire department work."

Bledsoe Boy Hurt In Auto Accident

Troy Criswell, 7 year old son of Mr. and Mrs. G. F. Criswell, of Bledsoe, is in the Lubbock sanitarium suffering from a collapsed lung received in an automobile accident about three miles east of Dalou yesterday afternoon. He was brought to Lubbock last night. The boy also received a broken rib in the accident.

His condition was reported as slightly improved at noon today.

REALTY TRANSFERS

Real estate transfers filed in the office of County Clerk Amos Howard yesterday totaled \$39,750, bringing the total for the first two days of the month to \$70,966.

Miss Whalley Now In Dallas Hospital

Miss Frances Whalley, Tech teacher who was injured in a car wreck near San Angelo before Christmas, is still confined in a sanitarium at Dallas, and will be unable to return to her work here until the latter part of next week, according to word received at the college today. A slight infection developed from a wound received in the accident.

R. W. Fowler and Miss Madeline Canova, the other occupants of the wrecked car, are back with their work at the college. Neither were injured seriously.

Miss Whalley Now In Dallas Hospital

Miss Frances Whalley, Tech teacher who was injured in a car wreck near San Angelo before Christmas, is still confined in a sanitarium at Dallas, and will be unable to return to her work here until the latter part of next week, according to word received at the college today.

MYSTERY SURROUNDS NACOGDOCHES CASE; ONE MAY DIE

NACOGDOCHES, Texas, Jan. 4.—Sheriff T. G. Vaughn, of this county, was probably fatally shot while attempting to make an arrest here last night. An operation on the sheriff showed his stomach was badly torn by the bullets.

Wreck Victim Hurt Internally, Report

Jimmy Murphy, 23, local drug clerk, who was injured when his car overturned in collision with a laundry truck at Avenue Q and Tenth street shortly after noon yesterday, is injured internally, according to physicians attending him. His condition this afternoon is as well as could be expected from the soreness of the bruises received in the crash.

Postoffice Here Has Busiest Day

The Lubbock postoffice had the busiest day in its existence yesterday according to Postmaster John L. Vaughan. More people were at the windows and more receipts were taken in than at any other time in the past, he reported.

Nicaraguan Situation Nearing Crisis On Both Home And Foreign Fronts

when the National Council for Prevention of War made public a letter addressed to Secretary Kellogg asking, among other things, the questions:

"For what good cause are our marines laying down their lives in Nicaragua? To what purpose is the slaughter during the past year of more than 600 Nicaraguans?"

Supporting its announcement that 1,000 marines would sail from Quantico, Virginia, and San Diego, Calif., for Nicaragua, the navy department last night ordered five destroyers at Boston to proceed at once to Hampton Roads to pick up the Quantico contingent. The sailing orders followed the explanatory statement of the state department

President Federated Clubs Makes Four Chairmanship Appointments In City. Mrs. Price To Board Meeting

Mrs. W. B. Price, 1708 Broadway, former president of the Seventh District Texas Federation of Women's clubs and a member of the state board of the Federation, is leaving today for Fort Worth to attend an executive meeting Saturday. This meeting is following the publication of appointments last Saturday by Mrs. W. R. Potter, of Bowie, president of the Texas Federation.

Four Lubbock women were named in the list of appointments by the state president. Miss Flora McGee, English teacher at the technological college, was named divisional chairman of the senior decoration; Miss Ruth Horn was appointed division chairman of the committee cooperating with state educational institutions; Mrs. Percy Spencer was named advisory editor of the Federation News from the seventh district, and Mrs. Price was appointed department chairman of American citizenship. The department in which Miss Horn is a chairman is newly created with this administration.

Select Meeting Place Questions of principal importance that probably will be discussed at the Fort Worth meeting will be the selection of a meeting place for the next annual state gathering, a decision on the editor of the Federation News and plans for the biennial meeting of the General Federation in San Antonio next spring. Mrs. Price said this morning before leaving.

Members of the Texas executive board have been asked to sit in at the General Federation board meeting in Washington, D. C., January 11 to 13, and a special train is leaving Dallas Sunday to carry the delegates. The trip has been made attractive with railroad rates and a program of interesting trips and other entertainment for the delegates in Washington. President and Mrs. Coudridge are to receive the women.

The reason Texas women were invited to attend this meeting is that Texas is to be hostess state next spring at the San Antonio meeting when 10,000 women are expected to come to Texas.

Banners Awarded In Baptist Societies Last Evening

More than one hundred Baptists, representing the 14 B. Y. P. U. organizations of the First Baptist church, met last evening for a monthly business meeting and the awarding of attendance and efficiency banners.

There was a general meeting when B. Y. P. U. choruses were learned and after that the groups met in departmental sessions in the following divisions: primary, intermediate, senior and adult. Banners were awarded to the following: primary, Mrs. J. H. Jenkins; intermediate, Mrs. J. H. Jenkins; senior, Mrs. J. H. Jenkins; adult, Mrs. J. H. Jenkins.

Las Amigas Club Is Entertained By Mrs. Crenshaw

Mrs. C. C. Crenshaw was hostess to the Las Amigas club members yesterday afternoon with a delightful bridge party at Mrs. Rose Knapp's room, 2406 14th street. A delicious salad course followed the games.

Those attending were Mesdames Anna Faulk, Ray Graham, Homer Grant, J. T. Hutchinson, Earl Sproules, Edgar Shelton, J. H. Goodman, Louis Stevens, W. W. Rose, Rose Wilson, Hub Jones and Miss Katherine Allen, of Honey Grove. Mrs. Sproules' score was high in bridge.

Mrs. J. H. Jenkins Leader Of Study Club Lesson

With Mrs. J. H. Jenkins leading the lesson, Dalet Delphian club members met yesterday afternoon at the First Baptist church. The meeting time was changed from 7:30 until 8 o'clock on the first and third Tuesday of each month. Mrs. Jenkins was assisted by Mesdames J. E. Hamilton, O. W. Cline, D. D. Cross, J. S. Garrett, C. L. Fowler, Harry Hall, P. V. Brown, David S. Martin and W. L. Meier in presenting the lesson. A resume of the last lesson was given by Mrs. R. I. Tubbs.

Life's Niceties HINTS ON ETIQUET

- 1. Do refreshments for winter entertainment differ radically from those for summer? 2. How? 3. What is a good idea to pursue when planning refreshments for evening entertainment? The Answers: 1. Yes. 2. They can be much more substantial in winter and should always include something hot with a beverage. 3. Concentrate on one main dish with a beverage.

Initiate Mrs. Mills In Eastern Star Chapter

Mrs. G. L. Mills was initiated into the Eastern Star chapter last evening at a regular meeting in the Masonic hall with about fifty in attendance. At the close of the regular meeting refreshments of cake and coffee were served.

Mrs. R. L. Goad Is Forty-Two Club Hostess

Forty-two games played yesterday afternoon when Mrs. R. L. Goad, 1211 13th street, was hostess to members of the Jolly Doves club. Those playing were Mesdames J. G. Biffle, J. M. Bishop, A. L. Hawkins, W. H. Trice, G. W. Scott, E. M. Smith, Jack Weatherford, F. K. Mitchell, A. H. Travis, B. B. Ater, J. C. Branch and W. B. Royalty.

Miss Horn Conducts Study Club Lesson Yesterday

An interesting lesson on articles in Scribner's magazine was conducted by Miss Ruth Horn for members of the Junior Twentieth Century club yesterday afternoon at a meeting at the Tech administration building. The next meeting is to be at the home of Dr. and Mrs. J. C. Granbery, 1622 Avenue X.

Evening Meeting Of Junior High P. T. A. Tomorrow

An evening meeting of the Junior High school P. T. A. Thursday is to be in the east study hall of the Senior high school building at 7:45 o'clock. Mrs. C. Y. Partain, president of the association, announced this morning.

Attorney Would Halt Klan Activity

INDIANAPOLIS, Ind. Jan. 4 (AP)—Attorney General Gullion today filed suit in Marion circuit court asking cancellation of the certificate of admission of the Ku Klux Klan in Indiana and for an injunction to prevent further activities of the organization in the state. Appointment of a receiver also was asked.

Former Capitol Of Indians Is Burning

MUSKOGEE, Okla., Jan. 4 (AP)—The former capitol of the Cherokee Indian nation at Tahlequah was burning this afternoon. It has been used since statehood as the Cherokee county court house.

LYRIC: TODAY & THURSDAY

BROMA CRIM TO BE BURIED HERE THIS AFTERNOON

Funeral services from Broma Crim, 24, who died at 3:15 this morning at his residence, 1918 Avenue H, were to be held at the Church of Christ this afternoon at 3 o'clock with Rev. W. M. Davis, pastor and Rev. O. N. Baucum, pastor of the Cumberland Presbyterian church, officiating. Interment will follow in the Lubbock cemetery with the Powell Undertaking company in charge of the arrangements.

ELEVEN STATES REPRESENTED IN TECH, IS SHOWN

The far reaching arms of Texas Technological college again extended their grasp and gathered in additional out-of-state students for the winter term. The enrollment records of the college revealed today. Eleven states besides Texas are now represented in the college by students.

KIWANIS IS TO OBSERVE BIRTH AND SUCCESSES

The Lubbock Kiwanis club will join with the 1670 other clubs of Kiwanis International in the United States and Canada to observe the 13th anniversary of the organization's founding during Anniversary Week of January 15-21. The announcement was made by Fred W. Standefer, president of the local club today.

"Our club's program will be under the direction of the Committee on Kiwanis Education, and will include several numbers that are to be featured by all the clubs thru out the United States and Canada," said President Standefer. "With the 100,000 Kiwanians celebrating the 13th anniversary it is hoped that the general public will become better acquainted with Kiwanis' many achievements, accomplishments and work during the past twelve years."

The first Kiwanis club was organized in Detroit and the first meeting was held on January 21, 1915. The International organization, therefore, recognizes January 21 as the authentic anniversary date.

Kiwanis International has had a remarkable growth. Its present number of clubs exceeds 1670 and has a total membership of over 100,000. Henry C. Heinz, of Atlanta, Georgia, is the International president being elected at the 11th International convention in Memphis last June. The 1928 convention will be held in Seattle from June 17-21. Two delegates from the local club will attend the annual session.

Houston Good Will Mexico Tour Is Off

HOUSTON, Jan. 4 (AP)—Two Ryan biplane monoplane, carrying seven passengers on a good-will expedition to Mexico City for the Houston chamber of commerce, took off at 7 a. m. from the Houston airport. First stop is scheduled at Corpus Christi and the second at Tampico. The planes are expected to reach Mexico City by night fall.

PIRATES TO OFFER STRONGER INFIELD AND BETTER PITCHING

CUYLER TRADE BRINGS ADAMS TO PLUG HOLE

WANERS AGAIN TO PLAY PROMINENT PART IN PENNANT CHASE

This is the second of a series of articles dealing with prospects of major league clubs in this year's race.

(By Associated Press) PITTSBURGH, Pa., Jan. 4.—A strengthened infield and prospects of better pitching make Pittsburgh look like a winner in the 1928 National League baseball pennant chase, in the opinion of Pirate leaders, sports experts and close followers of the team.

Despite the departure of Kiki Cuyler, stolen outfielder traded to Chicago, and a weakness in the catching staff, reserve material, it is the general opinion in Baseball circles here that the National League champions of 1927 stand an excellent chance to win the bunting again.

Sparky Adams at Second An outstanding improvement in the club will be the presence of Sparky Adams, acquired through Cuyler deal, at second base to plug a weak spot in the Pirate machine.

With Adams on second, George Grantham will be available for regular duty at first, replacing the veteran Joe Harris, who will fill another hole in the team—a tried and true pinch hitter.

Wright at Shortstop Glenn Wright will be at his old station—shortstop—while Captain Fryson will be at third, assuring the Pirates one of the best infields in the circuit.

Bush needs another catcher to fortify this department in an emergency, he has the veteran Earl Smith and Johnny Goetz, but is looking for another dependable receiver.

Purged by all luck in the form of injuries and illness during 1927, Pirates feel that, with an even break the pitchers who won the pennant last year, will make a good showing of themselves during the coming season.

While Pirate adherents already count the pennant won team leaders agree that they will get some real opposition from the Cardinals, the Giants and the Cubs.

Night Flying Into Texas Soon Begins

CHICAGO, Jan. 4.—Night flying on the Dallas-Chicago air mail route will be started February 1, the national air transport company announced today.

The new service is made possible by the government's completion of the lighting between the two cities. Planes carrying express as well as mail, will leave Chicago about 8 o'clock in the evening, arriving at Dallas the next morning. A similar north bound schedule will be maintained.

CREAMED TONGUE

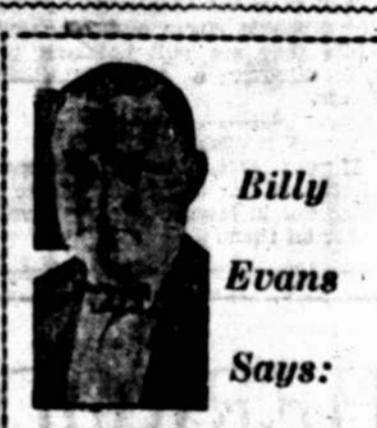

Slices of tongue, baked in thick cream sauce and covered liberally with pimiento strips, make a nice luncheon dish.

Star Of Staff

HORACE LISENEEB

He'll be the star of the Washington pitching staff, this Horace Liseneeb—that is the prediction here made by most experts who saw Liseneeb in action last year. With the Nats for the first season, Liseneeb led all American Leaguers in shutouts with four. He also compiled a very healthy list of victories in his first season of big league pitching.

Billy Evans

Says:

Most Humorous Event Without a doubt the most humorous situation that has ever come under my observation in the majors had Dave Altizer, former big league star, but now numbered among the has-beens, playing the leading role in a skit of the part of villain.

It is baseball tradition that a player released by a major league club gets no greater delight than helping bring about the defeat of that club as a member of some other team.

Altizer had just been released by Cleveland to Chicago. The two clubs were playing at Chicago before a big Sunday crowd. The day was made to order for Altizer to do his victory stunt, thereby making the manager of the team that released him look like a sucker.

Late in the game, with one out, Altizer reached first on a clean single and retired the batsman, making two out. By touching first base he completed a double play on Altizer, retiring the side. Altizer, running wild with his head down, didn't know it.

At Altizer heard second, the Chicago coach at third yelled, "Slide, Dave, slide." He accommodated by going into the bag feet first in the most approved style. Stovall, seeing the hoax, helped it on by throwing the ball into center field.

Getting to his feet, Altizer dashed for third. The crowd seeing the humor of the situation was in an uproar. The fans yelled for Dave.

LEAGUE SHOWS BIG GROWTH IN TEXAS SYSTEM

99 PER CENT OF ALL SCHOOLS IN STATE PARTICIPATE

AUSTIN, Jan. 4.—The University of Texas Interscholastic League has grown in nearly seventeen years since its organization to an association of 4,500 Texas public schools, according to Roy Bedichek, chief of the Interscholastic League Bureau. The scope of the League's activities during these few years has been extended until at the present time Mr. Bedichek estimates that fully 100,000 Texas school children participate annually in League contests in one way or another. There are, according to Mr. Bedichek, at least twenty thousand teachers of Texas who take active part in the organization of League work each year.

Representing 99 Per Cent The 4,500 schools enrolled in the Interscholastic League represent ninety-nine per cent of the high schools of the state and at least one-third of the rural schools. Mr. Bedichek said, and from these figures, the League chief says that the scope of membership, territory covered, number of meets arranged, attendance at the meets, students participating and number of events scheduled, Texas has the largest interscholastic organization in the United States. Some of the county meets are organized and administered with such skill that they have gradually developed into great community gatherings, attended by from five to ten thousand people in some of the more populous counties, Mr. Bedichek said. The success of this work in the state, Mr. Bedichek points out.

Supervises Championships Another phase of Interscholastic League work, according to Mr. Bedichek, is that part which supervises contests in which state championships are awarded independent of county organizations. First of these in popular interest is the football competition, in which the schools are divided into two conferences according to their size. Basketball contests are similarly organized as are also the one-act plays and typewriting contests. This latter contest is conducted in co-operation with the division of vocational education of the State Department of Education and the School of Business Administration of the University of Texas, according to Mr. Bedichek.

SHOE BAGS The ends of a worn scarf may be tacked into individual silk bags to keep scarf slippers in. Such bags are useful in traveling, too.

Even Umps Did Act Flushed with pride at his apparent success in outwitting the opposition, Altizer continued on the plate. Bradley's throw to Catcher "Big" Clarke had Altizer beaten a yard, but he purposely missed touching Dave as he slid into the plate. He failed to put ball on him by at least a foot.

At this stage I had to do my stuff and with all the pomp that I could muster majestically waved him out and called him into my very loudspeaker. After rendering my decision I tried my level best to get away from Altizer, but he was too quick on the trigger for he grabbed my protector, kicked my mask, and shoved me thither while the crowd roared its approval.

He delayed the game at least five minutes before he would resume his position. Had the affair been on the square Altizer would have been suspended for a week because of his actions.

It was not until the next inning that he learned from his team mates that he had run wild in making the circuit after being doubled up at first. Then he apologized. That incident happened many years ago, but I still regard it as the comradly classic of my career.

In my next article I will discuss one of the most unusual batting feats I have ever witnessed.

The man we want to interest in new clothing is about your build.

He's a 38 short—a 42 regular—a slim—or whatever you wear. He is 17, 31, 46, or 72—weighs from 120 to 280 and is as particular about what he receives as a fire insurance adjuster is about what he gives.

He wants to pay from \$35 to \$50, and we're here to see that he gets the greatest value in the city.

DODGE OFFERS FAVORITES OF STAGE ON AIR

PROGRAM TONIGHT HAS STARS APLENTY; TO COST \$67,000

Setting a new record in national radio advertising, 43 national broadcasting stations will feature Will Rogers, Fred and Dorothy Stone, Al Jolson and Paul Whiteman and his band between 9.30 and 10.30 o'clock tonight through an arrangement with Dodge Brothers, motor car manufacturers. This national radio "hook-up" is costing the Dodge company a total of \$67,000, according to Walter W. Royalty, local dealer, and marks the greatest achievement in combined radio and telephony ever attempted.

Will Rogers, master of ceremonies, will be in Hollywood, Cal. Fred and Dorothy Stone will broadcast from Chicago, while Paul Whiteman and his band will be in New York and Al Jolson will address the microphone in New Orleans. The program will be so synchronized that, to the millions listening in on the forty-three stations of the National Broadcasting company's Red-Net network system located from coast to coast, the great star will seem to be in the same studio.

The occasion of this big program is the initial step in an extensive advertising program by Dodge Brothers announcing a new six-cylinder motor car, the new principles in motor construction. According to engineers, the plan involves the performance of a feat entailing the overcoming of tremendous difficulties. Three transcontinental telephone circuits will be used. One will serve the 43 stations, another will transmit the programs of the artists to New York, where in turn they will be distributed over WEAF to the broadcasting stations and a third will be used for emergency purposes should bad weather interfere with one of the other two.

More than two hundred men will be operating the broadcasting stations in the hook-up. Hundreds of engineers, before the program and during the hour, will be at work on the three lines. Twelve thousand miles of telephone lines will be used in transmitting the program and additional thousands of miles will be used in sending messages to the engineers at work.

A THING OF BEAUTY IS A JOY FOREVER

Our University Place 100 foot home sides have a beautiful situation now and their beauty of situation and environment will surely continue to increase as the development of the Tech campus unfolds and the costly homes for which sites have already been purchased, are constructed.

VICTIM OF GAS EXPLOSION WILL BE BURIED HERE

The funeral of Curtis Allen Taylor, 32, who was burned to death in a gas explosion at Ranger Sunday, January 1, will be held at the First Methodist church this afternoon at 4 o'clock with Rev. E. E. White, pastor, in charge. Burial will follow in the Lubbock cemetery.

He is survived by his mother, Mrs. P. E. Taylor, of this city, and three brothers, Houston R., 1223 10th street, W. and Calvin of El Paso.

His death followed an explosion in a gas line near Ranger on which he was working. His body was sent to Lubbock and is in charge of the Rix Furniture and Undertaking company.

Do You Live In Never-Never Land Does your family, too, live on the borders of Never-Never Land? Are you never quite out of debt, never quite caught up with the stack of monthly bills, never able to resist the whim of the moment and say firmly, "I won't charge it. I'll wait until I can pay cash and then see if I want it as much as I think I do."

Never-Never Land can be a very disturbing and worrisome place to build a home. Its citizens have tired eyes and dreary lines about the mouth that all of their finery won't eradicate.

Better follow the solid road of Pay-As-You-Go which insures freedom of mind and eventual independence. Buying only what you need and putting the savings obtained thru cash purchases into a home or bank account is the better plan. You can then enjoy life undisturbed by thoughts of what would happen if your earning capacity should suddenly cease and charge accounts come due. It is the difference between success and failure.

DAILY MARKETS

Cotton Markets

NEW YORK FUTURES
NEW YORK, Jan. 4 (AP)—Cotton futures opened steady, January 19.10; March 19.18; May 19.30; July 19.10; October 18.45.

NEW ORLEANS FUTURES
NEW ORLEANS, Jan. 4 (AP)—Cotton futures opened steady, January 19.05; March 19.04; May 19.10; July 18.95; October 18.11.

NEW ORLEANS FUTURES
NEW ORLEANS, Jan. 4 (AP)—Cotton futures opened steady, January 19.05; March 19.04; May 19.10; July 18.95; October 18.11.

LIVERPOOL SPOTS
LIVERPOOL, Jan. 4 (AP)—Cotton spot active; American strict good middling 11.37; good middling 11.07; strict middling 10.92; middling 10.87; strict low middling 10.67; strict good ordinary 10.37; good ordinary 10.07. Sales 14,000 bales, 11,800 American. Receipts 7,000; American 6,500. Futures closed quiet and steady.

NEW ORLEANS TRADING
NEW ORLEANS, Jan. 4 (AP)—After opening comparatively steady today the cotton market turned weak later when the weekly weather and crop summary said that cold weather was likely to cause a slight emergence of boll weevil in the spring and prices eased off to levels 32 to 34 points under the initial prices.

The market opened 4 to 5 points up in sympathy with higher Liverpool March and May traded to 19.13 and July 18.94. The subsequent decline of the weekly summary carried March down to 18.81, May to 18.79 and July 18.60.

At the end of the first half-hour prices had rallied 10 to 12 points from the lows on some trade buying and covering.

Covering and trade buying was induced by the large spot sales of 14,000 bales in Liverpool and the higher basis and better demand for spots reported in southern markets. This helped to sustain the rally and at noon March was trading at 18.90, May 18.91, July 18.10 points under the previous close.

NEW YORK TRADING
NEW YORK, Jan. 4 (AP)—The cotton market opened steady at an advance of 1 to 5 points on covering and trade buying, prompted by the weekly weather and crop summary, but quickly weakened under renewed liquidation, southern and local selling.

Prices broke quite sharply. March selling off to 18.91 and July to 18.60 or 22 to 23 points net lower.

The decline was checked by continued buying and covering but the market was within 8 or 10 points of the lowest at the end of the first hour.

The volume of business tapered off after the early decline and the market rallied on covered "trade" buyers, however, covering little disposition to follow up the advances, and after selling up to 19.10 for March and 19.08 for July, or within 3 or 4 points of yesterday's closing quotations, the market eased off a few points.

LIBESTOCK PRICES
LUBBOCK LIVESTOCK
The following report furnished by McDonald Packing Company:

Hogs 14 to 25c higher. Cattle receipts for today 14; today's killings 14.

Stocks And Money

U. S. BONDS
NEW YORK, Jan. 4 (AP)—United States bonds: Liberty 3 1/2-103.20; 1st 4 1/4-103.10; 3rd 4 1/4-100.18; 4th 103.28; treasury 4 1/4-115.23; 4 1/2-110.23; 3 3/4-107.00.

BAR SILVER
NEW YORK, Jan. 4 (AP)—Bar silver 57 1/2; Mexican dollars 44 1/8.

WALL STREET TRADING
NEW YORK, Jan. 4 (AP)—Heavy buying of the rubber and motors shares featured the firm opening of today's stock market.

Goodrich and Goodyear opened about a point higher at new high records, and U. S. Rubber common also advanced a point on the first sale. New peak prices also were created by Coty and Montgomery Ward.

Early buying centered largely in the rubber, motor, copper, merchandising and food shares. Paige-Detroit, Kraft Cheese, Paramount Famous Players and Greene Cananes Copper all sold at their best prices in a year or more.

Midland Steel Products preferred, which enjoyed one of the greatest upwings in 1927, quickly moved up four points in the early trading. General Motors and U. S. Steel common were again quiet. Rails also failed to attract much of a following.

Foreign exchanges opened steady, with a jump of eight points in Spanish pesetas, to around 17.25 cents as the only feature. Sterling cables ruled around 4.88 1/2.

Grain Market
CHICAGO TRADING
CHICAGO, Jan. 4 (AP)—With Liverpool quotations easier, and reports that British buyers were refusing to follow advances in price, Chicago wheat averaged a little lower early today.

Opening 1-8 cent decline to 1-4 cent advance, while values here showed a slight subsequent general setback. Corn and provisions were easier, corn starting unchanged to 5-8 cent off, and later sagging all around.

Corn closed unsettled, 1-2 to 1 cent net higher, wheat 1-8 decline to 1-4 cent gain, oats unchanged to 1-4 @ 3-8 cent up, and provisions unchanged to 7 cents down.

KANSAS CITY PRICES
KANSAS CITY, Jan. 4 (AP)—Wheat No. 2 hard 1.27 @ 1.44; No. 2 red nominally 1.43 @ 1.48. Corn No. 2 white 77 @ 77 1/4; No. 2 yellow 79 @ 79 3/4. Oats No. 2 white nominally 53 @ 57; No. 3 white 53 1/2.

ROTARIANS ARE TOLD OF THEIR ORDER'S RULES

A study of the constitution of Rotary International, led by Charles C. Crenshaw, Lubbock attorney, featured the regular weekly luncheon meeting of the Rotary club at Hotel Lubbock today noon.

Displaying the results of an intensive perusal of the club's laws, Mr. Crenshaw's talk helped in a major way to acquaint the individual members with the constitution, which he said was in reality the contract between members and the international organization.

Scout School Planned
Plans for a regional training school for present and future leaders of Boy Scouts on the South Plains were announced and discussed by Dr. Paul W. Horn, Tech College president, and Warren P. Knox, council executive, Doctor Horn is chairman of the training school committee. The school will open next Tuesday night, at the First Presbyterian church and will continue for five successive Tuesday nights.

Foreign exchanges opened steady, with a jump of eight points in Spanish pesetas, to around 17.25 cents as the only feature. Sterling cables ruled around 4.88 1/2.

House Warming At College Planned
Following the completion of the unit, a house warming will be held in the new Tech Home Economics building during the latter part of this week. It was learned from officials of the college this morning the house is completed with the exception of furniture and heating.

The house, erected and furnished at a cost of \$25,000, will be occupied by eight girls of the senior class at regular intervals. Practice in the theories of Home Economics will be presented during the stay in the home.

Editor Of Shrine Magazine Is Dead
NEW YORK, Jan. 4 (AP)—Sewell Haggard, 49, editor of the Shrine magazine, official publication of the Nobles of the Mystic Shrine, and former newspaperman, died suddenly last night of a heart attack.

LINDY TO KEEP CLEAR OF ALL WAR DISTRICTS

WILL FLY OVER ZONE BUT ABOVE BULLET RANGE, HE SAYS

(By Associated Press) TEGUCIGALPA, Honduras, Jan. 4.—Colonel Charles A. Lindbergh will avoid the district of northern Nicaragua which recently has been the scene of fighting between United States marines and rebels on his flight to Managua. He will probably fly there tomorrow.

Fears had been expressed at Managua that Lindbergh might be a target for rebel machine gun and anti-aircraft fire if he flew over their strongholds. He was warned to avoid this district or to fly high in passing over it.

No Stop at Leon
When asked about his route from here, Lindbergh said, "I will go from Tegucigalpa to Leon, Nicaragua, and thence to Managua, but I will not stop at Leon."

A direct line from Tegucigalpa to Managua would carry him over the rebel territory, but the line to Leon is some 25 or 30 miles west of the scene of the recent fighting.

Lands Through Mist
The Lone Eagle dropped through a misty rain and dark clouds to a city bedecked with flowers in his honor when he landed at 1:35 p. m. yesterday.

Flowers covered arches bridged the route he followed from the flying field through the city. One of them represented his plane, the Spirit of St. Louis; another, the American eagle and a third the volcanoes of Central America.

President Miguel Pas Barahona, Foreign Minister Fausto Davilla and American Minister George T. Summerlin, welcomed the ambassador of good-will as he stepped from his plane. Mayor Lucas Moncada presented Lindbergh with a gold key to the city.

Going At Same Rate
The closing of 1927 found operations proceeding at the same rate as held in December, 1926. The concluding month of the year registered a decrease of twenty-four per cent below the November mark.

This drop, however, was not abnormal, being a seasonal one during the first eleven months of 1927 was two per cent greater than the volume recorded during the corresponding portion of 1926.

Yardage of concrete surface pavement represented in awards during the first eleven months of 1927 shows an increase of sixteen per cent over the total of awards made during the corresponding portion of the preceding year. The statistics including contracts for highways, streets and alleys.

NEW MARK FOR BUILDING IS SET IN PAST YEAR

GREATEST VOLUME IN HISTORY SHOWN IN CONSTRUCTION

WASHINGTON, Jan. 4.—The greatest volume of construction work ever recorded for a single year was carried on during 1927, according to the Associated General Contractors of America. These figures, representing all types of construction activity, show 1927 to have outstripped 1926, its nearest rival among the years, by a comfortable margin, an increase of more than four per cent being noted.

Large Expenditures
The new record, involving expenditure of approximately eight billion dollars, was set despite a perceptible lag in activities during the first two or three months of the year. It early became apparent, however, that an unusual volume of contracts were being awarded and the advent of warm weather found operations assuming a rapid pace.

Records for individual months during 1927 show an increase of more than six times during the year, new marks being set in April, May, August, September, October and November.

The year just ended showed a marked decline in the operations carried on by speculative builders, which had so strongly characterized 1923 and 1926. This decline naturally resulted in a corresponding decrease in home building activities in many sections of the country. Increases in the construction of industrial plants, hotels, office buildings, apartment houses, public works projects and railroads had the effect, however, of more than offsetting this decline and making a new construction record possible.

Going At Same Rate
The closing of 1927 found operations proceeding at the same rate as held in December, 1926. The concluding month of the year registered a decrease of twenty-four per cent below the November mark.

This drop, however, was not abnormal, being a seasonal one during the first eleven months of 1927 was two per cent greater than the volume recorded during the corresponding portion of 1926.

DEPENDABLE MERCHANDISE

HICKMAN CASE

me. Hickman may be sentenced without further formality, attorneys said, but in that event could be death or life imprisonment.

Legal authorities differ somewhat on the interpretation of the new California law as to the procedure should Hickman be declared insane at the time of the kidnapping and murder but he held sane at the present time.

Superior Judge Frick, who had charge of all insanity cases, declared that the youth if found insane and if later declared to be sane would walk out a free man.

Set For January 25
The insanity hearing was set by Judge Hardy for January 25, after he had denied the plea of Hickman's youthful attorney, Jerome Walsh of Kansas City, that the case be delayed for 35 days.

An affidavit asking for the delay clearly indicated that a large part of Hickman's insanity plea would be based on the testimony of boyhood associates and would delve deeply into his family history. The attorney said many witnesses necessarily would be brought from Missouri, Kansas and Illinois.

SILHOUETTE SHADES
Nothing pleases children more than pictures of themselves. Trace their silhouettes on a plain lamb shade to make a cute shade that they will love.

NEW OIL SPRAY TO AID CROPS IS DISCOVERED

MIXTURE KILLS OUT ALL INSECTS AND AIDS PLANT GROWTH

(By Associated Press) NASHVILLE, Tenn., Jan. 4.—Powerful new oil sprays, among them a proved insect and fungus repellent, are being developed for the future protection of farm crops. The American Association for the Advancement of Science, in annual session here, has been informed of the success of a series of experiments in the last three years.

In Charge of Institute
The institute, in charge of the crop protection institute, a research organization composed of approximately 300 scientists from almost every agricultural college and experiment station in America and a number in Canada, Australia, Mexico, China and Denmark. It has the co-operation of numerous industrial interests, manufacturers of insecticides and fungicides and the producers of various crops.

Rapid progress is being made. The association was told, in developing new sprays that can be applied safely to fruit and other plants, products ready for human consumption, a marked departure from mineral poisons such as lead arsenate or Paris green. The new material is being used in Illinois, Ohio, New Hampshire and a few other states.

Kill Insects, Aid Plant
A combination oil spray that will kill insects and protect plants from fungus growth at the same time is being developed with the aid of two large research laboratories maintained by industrial organizations. Work is progressing on various organic mercury compounds for control of diseases carried by plant seeds and for control of stored grain insects.

Wisconsin and Iowa experiments in the control of crown gall of fruit trees have met encouraging success. In Kansas the institute is determining the effects of white oil emulsion on animal parasites. Florida experimenters are working with a new chemical compound obtained by oxidizing various oils. Study of household insecticides, oils that have been impregnated with organic substances, centers in Indiana and New Jersey.

MC NIDER GIVES UP POSITION AND PLACE REFILLED

WASHINGTON, Jan. 4.—The resignation of Hanford MacNider, assistant secretary of war, was formally announced at the House today, where it was added that a nomination for his successor would be sent to the senate immediately.

President Coolidge nominated another Iowan to succeed him—Charles Burton Robbins of Cedar Rapids, Iowa.

In his letter of resignation to President Coolidge, Mr. MacNider, a former national commander of the American Legion, said the resignation was made upon his office reflected "the confidence of the nation in your administration of its affairs."

No Reason Given by Him
He did not say why he was resigning, but the president, in a reply, said: "Your resignation as assistant secretary of war has been received and is hereby accepted to take effect January 12, 1928. You indicated after you took office that you would wish after a reasonable period to return to your private business and I know that you have made a great deal of sacrifice to stay on longer than you had expected. I wish to express to you my appreciation of the efficient service you have rendered, especially in securing the co-operation of American industry in the work of national defense."

Successor Is Lawyer
Mr. Robbins, the new appointee, is a lawyer and business man. He served with distinction in the Philippines and the world war, and like MacNider, who is from Mason City, Iowa, is interested in Legion affairs, having been made commander of the Iowa department in 1923.

Yanks Get Trio Of Stars From Coast

NEW YORK, Jan. 4.—The long rumored purchase of Infielders Lynn, Larry and Jimmy Reese by the Yankees from the Oakland club in the Pacific Coast league was officially announced today. They will report to the Yankees in the spring of 1929. The purchase price was not announced.

"Lame Duck" Bill Again Given House

WASHINGTON, Jan. 4.—For the fourth time the senate today approved and sent to the house the constitutional amendment of Senator Norris, republican, Nebraska, to prevent "lame duck" sessions of congress, after general elections.

Steamer Sinks And 200 Reported Lost

BERLIN, Jan. 4.—Dispatches from Bucharest to the Vostische Zeitung report the sinking in a storm of the Russian steamer Ojgoja with 200 passengers between the Russian harbors of Nikolajevsk and Novorossiysk.

Reopening Of Oil Lease Case Asked

WASHINGTON, Jan. 4.—Reopening of the Teapot oil investigation so as to inquire into the operation of the continental trading company was proposed in a resolution introduced today by Senator Norris, republican, Nebraska.

The Nebraska said his purpose was to have the public lands committee trace the balance of the money which was collected by the continental concern and part of which the government charges found its way to Albert B. Fall in connection with his lease of the Wyoming naval oil reserve to Harry F. Sinclair.

"In the trial of Sinclair and Dooley it was disclosed that the profits of this company were over \$5,000,000," Senator Norris said. "Only about \$200,000 of it was traced to Mr. Fall."
