Truman May Act In Coal Case Today

By United Press

President Truman may act today to avert a new coal strike and federal mediators will begin meetings tomorrow to settle a dispute that almost tied up half the nation's shipping.

Washington sources reported that Mr. Truman might announce at his press conference this afternoon exactly how he plans to handle the coal dispute which already has caused one 52-day strike this year.

The matter was dropped squarely in his lap yesterday when mediation director Cyrus Ching told presidential assistant John R. Steelman that any further efforts by his mediators would be "fruitless."

John L. Lewis has threatened to renew the United Mine Workers strike on November 30 unless operators came to terms with him.

To head off the walkout, Mr. Truman could ask the UMW and the operators to meet in a special fact-finding board for study and recommendation on how to settle the quarrel.

If the two parties wouldn't agree to that move, Mr. Truman could invoke the "national emergency" section of the Taft-Hartley Act, obtaining a court injunction that would delay the strike 80

Warsaw Concerto Tops Rubinoff Concert Here

The "Warsaw Concerto," well-known concerto of Richard Addinsell, drew the longest applause as Rubinoff presented a two-hour violin concert to a filled auditorium at Childress High School last night.

Rubinoff interspersed such favorites as Debussy's "Clair de Lune," "Intermezzo," and "Polonaise", with the more modern works, "Rhapsody In Blue," "When Day Is Done," and "Don't Fence Me In"—the latter played in nine different variations.

The violinist's pianist, M. Alexander, played two numbers at the beginning of the program, and two more following intermission.

At the conclusion of his regular program, Rubinoff was presented a wooden brand board and wooden cowboy image by Cecil Pryor, president of the Lions Club. After the presentation, the artist displayed his showmanship by getting his audience to hum Brahms' lullaby while he and his accompanist played, then drew the evening to a close by bringing his audience to their feet to sing the Star Spangled Banner.

LOCAL NEWS

WEATHER FORECASTS

CHILDRESS—Fair this afternoon, tonight and Friday, slightly higher temperatures, lowest tonight near 38.

WEST TEXAS—Fair, a little warmer tonight and Friday, and in the Panhandle and South Plains this afternoon.

LOOK WHO'S HERE

Mr. and Mrs. J. D. Mills announce the birth of a daughter, Anne Marie, Sunday, November 13. She weighed 8 pounds and 4 ounces. Mrs. Mills is the former Cecil Williamson.

Mr. and Mrs. Troy Rogers have Amarillo announce the birth of a ter, Sunday, November 13, in the Childress General Hospital. She wieghed 7 pounds.

Mr. and Mrs. Warren Pirtle of Amarillo announce hte birth of a son Saturday night. Mr. Pirtle, a former resident, is the son of Mr. and Mrs. L. D. Pirtle of Childress.

HERE AND THERE

C. E. Henley entered a Fort Worth hospital this week for surgery because of a broken hip received in an auto accident Monday. Among visitors Tuesday were Dick Henley, Mr. and Mrs. Luke Henley, Mr. and Mrs. Pete Henley, Mr. and Mrs. Edd Jones and Buck Henley of McLean; Mrs. Herman McAdams, Mrs. Gweyn Tidwell of Pampa; Mrs. Bonnie McDowal of Alanreed. Luke and Johnnie Henley accompanied their father to Fort Worth.

Mrs. Clarence Blackburn, secretary of the Wilson-East Ward Parent-Teachers Association, is representing this unit at the state conference in Waco this week.

Mr. and Mrs. Loyd C. Vance of Los Angeles are visiting here with her parents, Mr. and Mrs. A. W. Hatley. Also visiting her parents, the Hatleys, is Mrs. Wayne Bracy and daughter Diana of Findlay, O.

Frank Douglas was in Amarillo yesterday where he visited his son, Dean, and District Attorney Leonard King, both medical patients in the Veterans Hospital. Both are reported improving, Douglas said.

Mrs. Elsie Presingham of Denver is visiting here in the home of her sister, Mrs. Nannie Robinson.

Mrs. Pete Davis of Estelline was a visitor here this morning.

Mrs. Clinton Woodley, of Paducah, was a buisness visitor in Childress this morning.

James Lyles is leaving today on a business trip to New Mexico.

Mr. and Mrs. Frank Zodrow of Tulsa, formerly of here, were recent visitors in Tell with her father.

Mrs. Walter Owen of Emporia,

Rangers Probe Bizzare Death Of Southland Woman

SOUTHLAND, Nov. 17 (UP)—Texas Rangers were called in today to investigate what may turn out to be one of the most bizarre suicides or murders in recent West Texas history.

Rangers at nearby Lubbock were summoned after the body of Mrs. Mravin Truelock, about 31, was found in her bedroom.

Marvin Truelock, garage owner and husband of the woman, declared he believed she met with foul play. He said he last saw his wife about 12:20 p. m. Wednesday when he left to pick up machine parts in Lubbock.

A large gas heating stove had been turned over her face and was still burning when Calvin

Snow, Meteors And Smog Cover The Nation Today

By United Press

Heavy snow, meteors and smog dismayed residents across the nation today.

Buffalo, N. Y., residents plodded to work through sloppy slush as the city recovered from a record snowfall of 19.1 inches that blanketed an eight-mile strip across the city yesterday.

Temperatures were above freezing and the snow melted rapidly. At midnight, only inches of snow was still on the ground. The old November snowfall record was still on the ground. The old November snowfall record was 14.8 inches set by a blizzard in 1920.

Snow flurries were reported today throughout the Great Lakes area but the big, sodden flakes melted as they hit the ground at most points.

At New Orleans, authorities began flooding a big swampy area in an attempt to quench almost 100 peat fires which spread a choking fog over much of the city and threatened to destroy 100 suburban homes.

A brilliant meteor flashed across the Dixie skies last night, stratling thousands of persons in eight southeastern states.

The weather bureau at Chattanooga, Tenn., said the meteor "passed overhead at 11:34 p. m., traveling west to east."

Most reports came from northeastern Georgia and extreme western South Carolina and it was believed that the "shooting star" fell in that area.

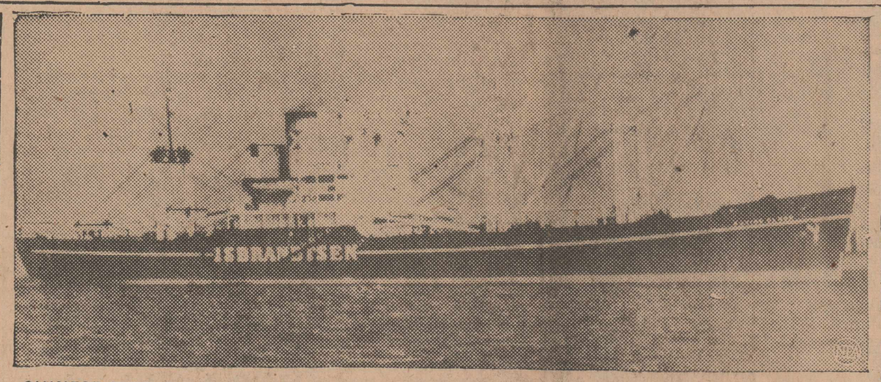

Joe Pitman, Jr. Story Continues

The Joe Pitman, Jr., story continues--with a fill-in by the Fort Worth Star-Telegram.

After Mrs. J. T. Stigall of Shreveport, La., read The Index story of young Joe Pittman falling unhurt from a two-story window, she wrote Mrs. Pitman. Mrs. B. H. Bohannon of Childress, reading about Mrs. Stigall's letter in The Index, wrote her niece, Mrs. Leslie Anderson of Shreveport. Mrs. Stigall was searching for Leslie (Dub) Anderson, 37.

Through Mrs. Anderson, it was learned that (Dub) Anderson's parents, Mr. and Mrs. Henry Anderson, separated when (Dub) Anderson was a baby. His mother died soon afterward, and he was reared by her brother.

It was young Joe Pitman's tumble which informed (Dub) Anderson that he wasn't the orphan he thought he was. Living in Liberal, Kan., he now is visiting his father in Shreveport.

CHINESE FIRE ON AMERICAN SHIP—The American cargo ship Flying Cloud has been fired upon and damaged by a Chinese Nationalist warship when the freighter attempted to run the Nationalist blockade of Shanghai, the Isbrandtsen Shipping Co. has reported. The ship's master said "hundreds of shells" were fired at his vessel, blasting holes up to 13 inches in diameter in the ship's side. None of the passengers or the crew was injured. (NEA Telephoto).

U. S. Acts Against Chinese In View Of Communist Move

WASHINGTON, Nov. 17 (UP)—The State Department announced today it is closing the U. S. Embassy office and consulate in Chungking in view of the Communist threat to the Chinese Nationalist capital.

The department said the consulate staff will start moving to Hong Kong tomorrow and that the embassy office staff will move wherever and whenever the Nationalist capital is moved.

It also authorized the consulate at Kunming to close, but the exact date has not been set.

These moves will leave the American Consulate on Formosa as the only undisturbed U. S. Government office in the Nationalist-controlled portion of China.

Meanwhile, two other White House announcements reported on the progress of the arrest and imprisonment of American Consul Angus Ward by Chinese Communists at Mukden, Manchuria, and that a meeting of American mission heads in eastern Asia and the Far East will be hald at Bangkok, Siam, in late January.

Ward and four of his aides at the U. S. Consulate were arrested on October 24 and charged with beating a Chinese citizen who sought back pay.

All American efforts to free the men have failed. Two U. S. protests have been ignored and the Communists have even refused to let American authorities visit the imprisoned men.

Philip C. Jessup, American-at-large, will attend the Bangkok meeting. It was called for a board review of the worsening situation in the Far East typified by the arrest of Ward.

Secretary of State Dean Acheson, J. Leighton Stuart, American ambassador to China, and Undersecretary of State James E. Webb met with the President at 10 a. m. at the White House.

The discussion brought these developments:

1. State Department officials were trying to decide whether to send another protest to the Communists in Peiping and to dispatch a note to Moscow.

2. Ward's brother and sister conferred with State Department officials.

3. Senate Republican leader Kenneth S. Wherry, Neb., called on the department to "do more than protest."

4. Sen H. Alexander Smith, R., N. J., a supporter of Bi-partisan foreign policy, said Far East policy is becoming "increasingly bankrupt."

5. Sen Herbert R. O'Conor, D., Md., demanded that the United States refuse to recognize the Communist regime.

Area Bankers Meet In Hotel Childress With Federal Reserve Representatives

Bankers from a 15-county area, including Childress, met at Hotel Childress this morning with Dr. W. H. Irons, vice-president of the Federal Reserve Bank of Dallas, in one of a series of round-table discussions concerning economic and banking problems.

Presentation of numerous data, giving the economic picture of this 15-county area and comparing them to the state and national pictures, was made by Dr. Irons and his associates as a stimulant to bring about a free interchange of views among the bankers present.

This area's bank deposits, for instance, have shown a 521 per cent increase in the 1939-48 period, Dr. Irons pointed out, while the state's increase for the same period was 290 per cent and the nation's was but 146 per cent.

Federal reserve officers here with Dr. Irons included: L. G. Pondrom, W. M. Pritchett and Z. B. Smith.

This federal reserve area, with headquarters in Dallas, includes parts of Missouri, Louisiana, New Mexico, Arizona, Oklahoma and Texas.

Bankers from this area present at today's discussion were: Thos. E. Noel, president, First National Bank, Memphis; A. C. Pierson, president, Haskell National Bank, Haskell; C. A. Phillips, president, First National Bank, Paducah; Roi C. Mitchell, First National Bank, Chillicothe.

Elmer Stearns, executive vice-president, First State Bank, Matador; E. L. Grimes, president, First National Bank, Quanah; Ben A. Skidmore, vice-president, Farmers & Marchants State Bank, Shamrock; D. H. Davenport, president, First National Bank, Lakeview; B. E. Davenport, vice-president and cashier, First National Bank, Lakeview; J. D. Swift, president, Farmers State Bank, Clarendon.

J. W. Noel, president, Security State Bank, Hedley; Merl Kincaid, vice-president, Crowell State Bank, Crowell; and R. D. Wiley, president, First National Bank, Wellington.

Childress bank officers were: C. A. Williams, president, and W. C. Harp vice-president, First State Bank; and J. M. Crews, president, J. H. Harrison, executive vice-president, and E. E. Smith, vice-president, First National Bank.

Journalist Hits Own Profession

Fraternity Enters Second Meeting Day

DALLAS, Nov. 17 (UP)—Self-satisfied newspaper editors rather than pressure groups were termed today the greatest threat to American newspapers.

The speaker was Editor Walter Humphrey of the Fort Worth Press, past national president of Sigma Delta Chi, national journalistic fraternity.

At its 30th annual convention, the Fort Worth editor spared no words in a criticism of his profession.

"To have a free press, we must

(Continued on Page Three)

DR. BAZIL NOBLE SUFFERS RELAPSE AT SAN ANTONIO

Mrs. Bazil Noble left about 2 p. m. today for San Antonio to be at the beside of Dr. Noble who suffered a relapse today, it was reported.

Dr. Noble has been receiving treatment at a hospital there after suffering a stroke several months ago.

Cool Air About To Lose Its Grip Over The State

An eastward moving low pressure area today began taking the nip out of the tingling Texas weather.

The U.S. Weather Bureau at Dallas forecsat slightly higher temperatures in the Panhandle and South Plains tonight and in eastern section of the state tomorrow.

Skies remained clear throughout the state early today. The mercury dropped to the 30'S in North and West Texas during the sleeping hours, leaving a light sheet of frost in those areas.

For the second sucessive night Dalhart in the Panhandle reported sub freezing weather, 30 degrees. The same temperature also was recorded at Lubbock.

Clarendon had an even 32 degrees, while Mineral Wells reported 34. Other early morning low readings were 35 at Childress, Amarillo and Abilene, 37 at Tyler, 38 at Dallas and 39 at Texarkana.

Galveston and Laredo reported the high minimum, 55 degrees, while Amarillo recorded a low maximum of 58.

Warmest weather of the day Wednesday was an 83 at Laredo. Childress' high was 65.

WEDDING PRESENT—At her St. Louis home, Mrs. Carleton S. Hadley stands by her new convertible, a present from her fiancee, Vice-President Alben W. Barkley. The car is black with a tan top. (NEA Telephoto).

Superforts Collide 26,000 Feet In Air

STOCKTON, Calif., Nov. 17 (UP)—Two air force B-29 bombers collided at 26,000 feet about midnight and crashed into the fog-shrouded peat bogs of the San Joaquin River delta, killing at least 10 of the 21 men aboard.

Several men were missing and four others parachuted to safety and escaped with minor injuriers.

Rescuers, hampered by the dense fog which blanketed the area and the widely-scattered wreckage of the superfortresses, were unable to determine the fate of the seven missing crewmen hours after the crash.

Some may have parachuted and landed in an inaccessible part of the delta region or they may all have perished when the planes smashed into the earth and buried deep in the mud. The scene of the crash is 10 miles north of here.

Lt. Romeo Freer, Fairfield-Suisun AAB, in charge of rescue operations, made a minute examination of one of the B-29s, which caught fire at impact and exploded on McDonald Island, hurling wreckage more than 700 yards. he found three bodies and some fragments of bodies.

"It is very difficult to tell," he said, "whether they are parts of the three known dead or remains of the others of the crew."

One man from the McDonald Island bomber parachuted to safety. He was identified as Lt. Warren Sherrick.

The other B-29 crashed across the river three miles away on the Rindge tract and buried itself 20 feet into the slimy delta mud.

Undersheriff Michael N. Canlis of the San Joaquin County sheriff's office said seven bodies had been counted in the Rindge tract crash. Rescuers could not search the wreckage immediately because the plane and the area around it was covered with high-octane gasoline and the fire hazard was considered too great to permit a close inspection.

Three airmen parachuted from the Rindge tract B-28. They were identified as Pfc. Keith R. Burns, 19, Boise, Ida., a radio operator; T/Sgt. Frank D. Schmidt, Spokane, flight engineer, and S/Sgt. Robert S. Kluge, Spokane, a gunner.

They were treated at Stockton emergency hospital for minor injuries and shock and then transferred to Fairfield-Suinsun AAB.

None of the survivors could tell a coherent story of what caused the big four-engine superfortresses to smash into each other. One of the survivors, Lieutenant Sherrick, told a woman who dressed his wounds that "maybe he and another plane got mixed up."

The ill-fated bombers were part of a formation of 13 planes from the 92nd bomb group, 325th squadron, Spokane Air Base. They were on a routine training mission involving a "round-robin" reconnaissance flight from Washington to San Francisco, Sacramento, Stockton, Ogden and back to Spokane.

Many Rescue Planes Enter Search For B-29 Down In Sea Off Bermuda

HAMILTON, Bermuda, Nov. 17 (UP)—Scores of rescue planes wheeled in widening circles over the Atlantic around Bermuda today in the U. S. Air Force's greatest peacetime search for a superfortress missing at sea with 20 men.

Air force officials said better weather improved the chance of finding the big bomber which went down at sea yesterday near the end of a 4100-mile hop from California.

The weather was poor northwest of Bermuda, but fair in all other directions with a ceiling of 2000 to 3000 feet and visibility of 10 miles.

Summoning planes from its far-flung bases, the air force reported that 71 were to be available in Bermuda by afternoon. Fifty-two were here or on the way from bases in the United States and elsewhere.

Eight planes were in action from Kindley Field, the air force base here. The navy furnished nine seaplanes equipped for rescue work and first aid.

The airmen expected to sweep over 60,000 square miles, while other planes from Macdill Field in Florida were covering another 100,000 square miles.

All ships in the Bermuda region were asked to keep a sharp watch for any sign of the Superfort or its men.

The missing Superfortress last was heard from 10:43 a. m. (8:43 a. m. CST) yesterday. Then Lt. Col John Grable, Jr., pilot and commander of the 2nd bomb squadron, radioed that he was lost, had only five minutes fuel left and was preparing to "ditch."

The plane, on a 4100-mile nonstop flight from March Field Air Base, Riverside, Calif., to Bermuda en route to England, carried an air crew of 11 men and a ground crew of nine. It lost its way in bad weather after its radio compass failed and searched in vain for four hours for Bermuda before going down.

Fire Destroys House Occupied By E. Hassells

Fire completely destroyed the five-room frame house on the J. M. McClain farm six miles southeast of town around 8:30 last night.

Mr. and Mrs. Enoch J. Hassell, who rented the farm, lost all their personal belongings, including new furniture, in the blaze, the origin of which is still unknown.

According to Mrs. Jim Martindale, Hassell's sister, the Hassels had not been at the house since early Wednesday morning. They were in Childress when the fire started, and did not arrive home until the blaze was well under way.

Childress firemen, who received the call around 8:30 last night, said the house had burned almost to the ground when they arrived on the scene. A neighbor reportedly saw the fire and phoned in the alarm after the blaze was well underway.

Rites Held Monday For Infant Sandra Thomas

Graveside funeral services were held at Northfield for Sandra Elizabeth Thomas, infant daugh-2 p. m. Monday by Mmister Travis ter of Mr. and Mrs. Ebb Thomas, at Boyd of Tell.

Besides her parents, the baby is survived by a small brother, John, and another brother, Billy Dan of Childress; and two grandmothers, Mrs. Maggie Kincannon and Mrs. Ruby Thomas of Matador.

Slight Fire Damage Done At Tindall Gin Last Night

A flash fire at Tindall Gin about 8 last night caused slight damage. The gin shut down for about two hours after the fire but was operating at top speed today.

The fire was first seen above the stands. City firemen, who arrived shortly after 8, extinguished the blaze.

VOLUNTEER FIREMEN HOLD FAMILY NIGHT CHILI SUPPER

Family night for Childress volunteer firemen and their families will be held at 6:30 tonight at the City Hall.

A Chili supper will be served, and entertainment has been arranged.

Carey Baptist Church Set For Its Dedication

Dedication services for the newly-built First Baptist Church at Carey will be held Sunday, Rev. Wayne R. Williams, pastor, has announced.

Rev. S. F. Martin will give the dedication address at 2:30 p. m., following a morning worship service at 10 and a noon dinner during which visitors may look through the new building. An evening service is set for 6:45.

Mrs. Lizzie Hayes of Childress is the only known living charter member of the original First Baptist Church of Carey, which was organized in the Carey shcoolhouse, September 24, 1905 by Rev. John Cannon and R. E. L. Farmer, district missionary.

A full-time program of gospel preaching, Bible teaching and spiritual training will be offered by the church, Rev. Williams said.

Other Gins May Sign Agreements

The Tindall gin was expected to begin paying $46.50 a ton for cottonseed today, Doyle Thomas, Production and Marketing Administration secretary, said this morning, and the Arlie and Garden Valley gins were to be contracted today to see whether they would enter the PMA agreement.

The Tell gin, first and only gin to sign originally with the PMA, and which later cancelled the plan and began paying a straight $46 itself, now wants to enter the new PMA arrangement, Thomas said.

Singing of these four gins would bring all the county's ten gins under PMA contract, Thomas said.

Cottonseed from the Tell and Loco gins started to the Memphis Oil Mill today for processing, Thomas added.

MARRIAGE LICENSE ISSUED

The first marriage license issued in 16 days was granted to J. D. Adams and Mary Elizabeth Davis, of Chalk, in the office of County Clerk Jim Leslie yesterday.

Negro Students Claim Court Victory In Search For Equal Opportunities

DALLAS, Nov. 17 (UP)—Negro students seeking "equal" educational opportunities claimed victory in one section of North Texas today while another group looked forward to studying in a new, modern-type building.

The cases were argued yesterday in U. S. District Judge William H. Atwell's court here.

Atwell ordered the Waxahachie school system, in an afternoon hearing, to give Negro students an opportunity, within 30 days, to study the same courses offered white students.

In a similar proceeding which started in the morning and stretched past the noon hour, Atwell ruled that the Addison Independent School District in Dallas County was not discriminating against its Negro students.

However, Atwell told the Addison defendants they were obliged to repair leaks and broken windows in their Negro school building.

Although neither plaintiffs sued for abolition of segregation, each charged that conditions obtaining now violated rights guaranteed in the 14th amendment.

In the Waxahachie case, school Supt. T. C. Wilemon testified that only two Negro high school students signified they were interested in courses available only to white pupils.

He stipulated that courses were offered in his white school only if a minimum of 10 students expressed interest in studying them.

The Waxahachie plaintiffs' countered that courses should be prepared in the event the number of Negro students interested in accepting them reached the quota of 10.

In announcing his findings, Atwell commanded the Waxahachie defendants to offer Negro courses in bookkeeping, chemistry, vocational training, geometry, Journalism, public speaking and "other teachings such as helps young people who are just coming along."

Atwell upheld the Addison group's declaration that a new school was being planned for Negroes. Blueprints for the proposed masonry-type building were offered as evidence during the hearing.

The plaintiffs' counsel sought to break down the defense argument on the ground that the Addison district only showed intent to construct a new building.

In doing so, they prayer for an injunction restrainnig the Addison defendants from spending any monies from a $25,000 bond issue until equal facilities were offered.

Atwell remarked that school heads were not "Houdinis" who could snatch a new building from a hat.

ANNOUNCEMENT IS MADE OF HOLMES AND STONESIFER RITES

—oOo—

Announcement has been received here of the recent marriage of Kathryn Maxine Holmes and Jack Stonesifer, who were married Friday, November 11, at the home of the bride's sister, Mrs. Kenneth Hill, 1919 London Street, Vernon. Mrs. Stonesifer is formerly of Childress.

The bride is the daughtre of Mr and Mrs. G. T. Holmes of Morton, and her husband is the son of Mr. and Mrs. A. B. Stonesifer of Vernon. Dr. E. S. James of the First Baptist Church directed the informal, double-ring service.

Given in marriage by her father, the young woman wore a white wool suit with navy-blue accessories and a white hat with gold trim, and carried a white prayer book. Her corsage was of orchids. She also wore an heirloom ring, a gift from her mother.

Attendant for the bride was Wilma Ewing, her sister, from Wichita Falls. She chose a dark wine suit and black accessories, and wore a corsage of pink carnations.

Kenneth Hill of Vernon was best man for the ceremony. Vows were said before an altar arranged before large windows and flanked by tall white tapers and white chrysanthemums and pom poms. A background was former of greenery in tall baskets.

Music

The program of nuptial music included "Because" and "I Love You Truly" prior to the service, adn Lohengrin's Wedding March as the bridal party entered. During the service "O, Promise Me" was played and Mendelssohn's Wedding March was used as the recessional.

The elder Mrs. Holmes wore a brown dress of crepe with harmonizing accessories and a corsage of carnations, and the groom's mother wore a grey suti and black accessories, and a white carnation corsage.

A reception was held after the ceremony, with Mmes. Kenneth Hill, J. T. Penn, Johnie Baker and Miss Billie Holmes as hostesses.

After a two-week trip with New Orleans as their destination, the couple will be at home at 1909 Nabers Street, Vernon, where Mr. Stonesifer is in the contracting business with his father. He served in the army air corps for three years, and graduated in 1944 from Vernon High School. Mrs. Stonesifer graduated in 1947 from Morton High School.

Philathea Class Has Thanksgiving Meet At Church

The church dining hall was the scene of the annual Thanksgiving luncheon for women in the Philathea Class of the First Methodist Church yesterday.

Decorations at the long tables, where the luncheon was served buffet style, carried out the holiday theme. The menu included turkey, dressing, giblet gravy and cranberry sauce, green beans, candied yams, fruit salad, pumpkin pie with whipped cream and coffee.

Mrs. E. E. White offered the Thanksgiving prayer before the meal, and Mrs. Tom Roberson, president, held a short routine businses meeting.

Gusets were Mrs. E. E. White, Joe Jean Hyde, Mrs. Edwrad Crews, Jimmie Ruth Weir, Chyeral Dean Hughes, and Joan Henderson.

Class members enjoying the luncheon were Mmes. Roy Philpott, Clyde Sherwood, T. C. Bailiff, Guy Cox, Ben Hardison, Madge Warren, Hollis Cagle, John Cates, Jim Martindale, Lillie Castleberry, Jim Clifford.

Mmes. A. J. Johnson, E. H., Adams, Larkin Wallis, John Nabers, J. P. Barnett, Jimmy Mahan, Frank West, W. L. Anderson, George Robertson, Roy Key, Marvin Weir, and Miss Eula Alexander.

Reconciliation Rumors On Shirley Temple Fade

HOLLYWOOD, Nov. 17 (UP)—Reports that blond movie star Shirley Temple would reconcile with her actor-husband, John Agar, were dashed when the one-time child actress was granted a trial date for her divorce.

Miss Temple learned yesterday that her suit would come up December 5, and her attorney said a property settlement was nearly completed.

Special Service Is Observed By Women's Group

The Hospitality Room of the First Presbyterian Church was the meeting place for a special "thanksgiving and praise" service by the Women's Council Tuesday afternoon.

Singing of appropriate hymns by the group opened the meeting with a prayer by Mrs. Charles Boyd, and a brief business discussion was held.

A social education talk, "Roads To World Order" was given by Mrs. Joe Rhea, and an impressive devotional was brought by Mrs. Arthur Power. She chose "A Good Life" as her subject, and Psalm 31:1-10, as her Scripture reference.

Prayers were offered by Mmes. Wilson Cole, W. H. Alexander. Mrs. Rush Record had charge of the mission program.

Mrs. L. W. Albertson, Mrs. W. H. Alexander and Joe Rhea assisted, discussing "The Mountain Empire," "Thailand," and "Yearbook of Prayer."

After the Thanksgiving offering was made, the Mizpah Benediction closed the meeting.

The hostesses, Mmes. Ebb Chesnut and Charles Cotten, served tea and cookies to 22 women during a social hour afterwards.

SOCIAL CALENDAR

FRIDAY

The Sunshine Sewing Club meet at 7 p. m. at the home of Mrs. W. C. Adams, 1400 Avenue G, Northwest.

The Home Arts Club will meet at 2 p. m. at the home of Mrs. J. H. Thorne.

Baptist Plans Holiday Service For November 20

The First Baptist Church has planned a church-wide observance of the Thanksgiving season for Sunday, November 20.

Members will cooperate with other local churches in united, annual Thanksgiving service to be held at the First Methodist Church Thanksgiving Day.

Rev. W. H. Colson, pastor, has announced "Give Ye Thanks" as his Sunday morning sermon subject. The choir will sing "The Battle Hymn of the Republic."

For the special service, a goal of 800 has been set.

Cross-Continent Dog Sledder Hits 10 Below Weather

FAIRBANKS, Alaska, Nov. 17 (UP)—Cross-continent dog sledder Cecil Moore camped at Aurora Lodge near the Salchaket River, 39 miles south of here last night as the temperature dipped to 10 degrees beolw zero.

Moore, who is bound for Lewiston, M., told United Press correspondent Al Bramstedt he had suffered no hardships and "all is fine."

At the Salchaket River, he was met by members of the Fairbanks Lions Club who gave him a .30-30 rifle to protect himself against wolves and bears.

GRIFFIN & BUTLER'S RECIPE OF THE WEEK
by Mary Lee Taylor

Mincemeat Cup Cakes

1¾ cups sifted all-purpose flour
2 teaspoons baking powder
¾ cup sugar
¼ teaspoon salt
⅓ cup soft shortening
1 unbeaten egg
1 teaspoon vanilla
1 cup moist mincemeat
¼ cup Pet Milk
¼ cup water

Turn on oven; set at moderately slow (350° F.). Grease well twelve 2½-in. muffin cups each holding about ½ cup. Sift together into bowl flour, baking powder, sugar and salt. Add rest of ingredients all at once. Beat vigorously 2 min. with spoon or electric beater at medium speed. Fill muffin cups only ⅔ full. Bake on oven shelf slightly above center 30 min., or until cakes shrink from sides of cups.

You Will Need:

PET MILK 2 Large Cans .. 25c
Mincemeat, Pkg. . . 19c
GOLD MEDAL FLOUR, 5-lb. bag . . 49c

Planning Loans To Build Homes Receive Approval

WASHINGTON, Nov. 17 (UP) —President Truman has approved $20,375,400 in loans to local housing authorities for planning work on 134,500 low-rent homes and apartments.

The Public Housing Administration announced yesterday that the preliminary loans, first to be made under the administration's six-year program to build 810,000 public housing units, will go to 108 housing authorities in 27 states, the District of Columbia and Puerto Rico.

Money for actual construction will not be lent to the housing authorities until they prepare detailed plans and cost estimates.

In the four and one-half months since the housing bill went into effect, the government has allocated more than one-fourth of the 810,000 units to 211 housing authorities in 39 states and possessions. None has reached the construction stage, but it is hoped that 50,000 units will be underway by mid-1950.

The preliminary loans announced yesterday represent only to those housing authorities which asked for them. The remaining 103 authorities either have not asked for planning loans or have not received approval of their local governing bodies, such as city councils.

The amount of the planning loan is limited to the number of units to be built. The initial loans which President Truman approved vaerage $151 per unit.

Later, when plans reach the construction stage, the remiander of the government's share will be released piecemeal with not more than one-fifth being allocated in the first year.

The government is authorized to lend up to 90 per cent of the total construction cost of the housing projects. But it is expected that few, if any, housing authorities will receive this much help from the government.

QUICK RELIEF FROM Symptoms of Distress Arising from **STOMACH ULCERS DUE TO EXCESS ACID**

Rangers-

(Continued from Page 1

Grantham, her son by a previous marriage, found her body yesterday.

Lubbock rangers believed that Mrs. Truelock may have committed suicide but wondered how she could have done it.

Justice of the Peace J. D. King released a cryptic note that was contained on the postcard. The other note was in possession of a deputy sheriff who would not reveal its contents immediately.

"I'm like Aunt Mary or Matt," the note on the postcard said. "No will power to take advantage of my many God-given chances. McArthur has a bunch of Mexicans who started yesterday. Marvin let the kids go to school all day today because Glenda wanted to practice a play they give next week."

"Remember what Judge Dickinson said in 1928 after I wouldn't let the folks dance in my school house," the note continued. "I'll help you get a school somewhere else in the county. You're too good a teacher to lose. No, I'm sick of the whole county, and I always wanted to be a pioneer before that.

"I should have sent you and dad money for groceries every month and kept teaching. I'm too big a coward to be turned out of the church and the shame on the kids and Marvin won't be so great after I'm gone. I'm doomed for 'hell' anyway. My unforgiving spirit took Foster and I'll have his death to answer for, too. I'm too selfish to live."

The note was signed: 'Flora."

Authorities said it was possible that the card could have been written several weeks ago.

Journalists-

(Continued from Page One)

have a responsible press," he said, in the keynote address on the second day of a four-day convention. "The press is truly free in this country. It's honest and dedicated to the public service and can't be bought for any price."

Humphrey called on the 18,000 members of Sigma Delta Chi to "stand up and fight mudslingers against the press."

"The press must be objective and forthright and must not be lazy and contented," he said. He called competition the lifeblood of a good newspaper.

Top flight newsmen now are seeking association with Sigma Delta Chi, Humphrey said, adding that once the professional newsman looked down his nose at the organization.

"They now feel, and rightfully so, that it is an honor to belong to Sigma Delta Chi," he said. He called on the members to take the lead in matters of "salaries, codes, working conditions, ethics, freedom of expression and improvement of standards."

State Attorney General Price Daniel welcomed the 350 or more delgeates to Texas. Dallas Mayor Wallace Savage speaks at a noon luncheon.

days while a fact-finding board takes testimony. A Taft-Hartley board would have no power of recommendation. It merely could report the facts to the President.

The operators have said they will refuse any union demands which would force them to raise coal prices. But Lewis says his demands for pay boosts, shorter hours and increased welfare benefits would cost the industry only 30 to 35 cents per ton of coal mined and that the owners could absorb this without jacking prices.

Michie, Bradshaw To Lead Bobcats In Memphis Game

Jarvis Michie and R. D. Bradshaw, starting wingmen, have been named co-captains for the Bobcats' Friday-night non-conference clash with Memphis.

Michie, 155-pound junior left end, has developed into the favorite target for Bobcat passers, while the willowy Bradshaw looms as one of the most promising sophomore gridders to come out of these parts in a long while.

Both lads are leading a Bobcat eleven for the first time.

The Bobcats went through a long workout on defense yesterday for the Memphis fray. Na casualties were reported, and it seems probable the Bobcats will be near top strength for the Cyclone encounter.

Light play-running drills were scheduled for this afternoon, and the Bobcats will probably smooth over their passing game.

Joe Powell, George Crews, John Baker and Kenneth Buckley are due to start in the Bobcat backfield.

Up front, Ray Howard and Granville King are slated to start at the tackles, Sid Holland and Billy Don Hall at the guards, and Jack Owens at center.

Michie and Bradshaw will start at the ends, with Kenneth Bearden apt to play a good deal of defensive ball and some on offense.

Over at Memphis the Cyclones were working hard on defensive patterns which might thwart the Childress passing game.

Memphis was a 20-to-6 upset victim at the hands of Clarendon last week. It was only the second time this season the Cyclone eleven had been held to less than 13 points in any one game.

Coach York's eleven boasts a well-rounded offensive, sending Roddy Stargel and Andy Gardenhire on ground jaunts and relying on the accurate right arm of Bobby Crooks to pick up yardage via the airlanes.

Certified Sea Cooks

Every British seagoing craft of 1000 tons or more has to carry a certified sea cook, by order of the English Board of Trade. These men have to pass trhee examinations before being certified.

Four-Parted Jug

Mrs. Winifred Rhodes, Rhode Island womna, owns a jug which has four separate compartments, enabling it to hold four liquids at one time.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION

Electra, Graham To Leave 2-AA Play; No Substitutes Have Been Named Yet

FULL TIME—After the game, as the bruised players trot to the showers, they are serenaded by the rousing marches of the band, plus the inspired, but tired toots from guard Fred Hunt's trumpet.

AUSTIN, Nov. 17 (UP)—Although two more weeks remain before the Texas Interscholastic League plans to issue its schoolboy football allignments for next season, at least eight changes already have been made in the Class AA ranks.

Brownfield, Jacksonville and Cisco will drop from Class AA to Class A, Graham, Big Spring and Cleburne will charge Class AA districts and two entirely new members will be admitted to Class AA districts.

Meanwhile, the Electra school board voted to drop out of District 2-AA competition next year and enter Class A.

W. G. Barber, school superintendent, said enrollment was substandard for Class AA.

Electra has not won a game in eight starts this season and has not won a district title since 1938.

Dr. Rhea Williams, TIL athletic director, said the league would complete its re-alignment "no later" than December 1 to facilitate arrangements of 1950 schedules.

Brownfield will drop from 3-AA to 4-A with Big Spring being moved from 5-AA to 3-AA to fill the vacancy; Jacksonville will drop from 10-AA to 16-A, and Ranger will shift from 6-AA into 8-A.

Graham will move from 2-AA into 6-AA and Cleburne from 13-AA into 6-AA.

Thomas Jefferson High School of El Paso will enter 4-AA. The new school fielded a team this season, but played smaller schools in New Mexico and West Texas.

Corpus Christi High School will be split into two schools, Miller High and Ray High, to add one team to 14-AA.

Brownfield, Jacksonville and Cisco requested their changes because they were under the 500-minimum enrollment figure for Class AA and could not compete on an equal basis with other AA teams.

Cleburne's move, Williams said, came because it was geographically convenient and to make way for the possible expansion "in the next few years" of Central Texas schools in 13-AA.

Rowland In Lead Despite Scoreless Game Last Week

ABILENE, Nov. 17 (UP) Brad Rowland of McMurry still was in the spotlight of the Texas Conference offensive show this week, although he was held scoreless by Howard Payne last week for the first time this season.

In nine games, Rowland has gained 1214 yards on 151 trips with the ball and gained 339 yards on passes for a total offensive leadership of 1553 yards.

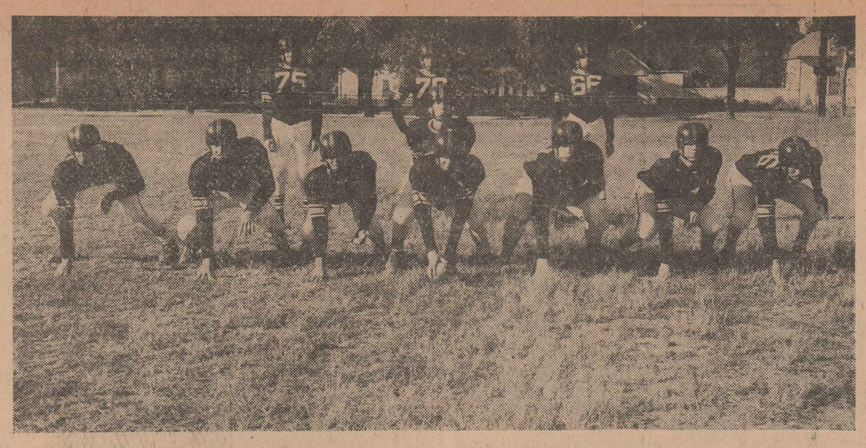

He also leads in punting with a 38-yard average and his 108 points scored was far and away the best in the loop.

Al Langford, Howard Payne quarterback, was in top position among passers, having netted 1073 yards on 74 completions out of 165 thrown as compared to 546 yards netted by his nearest competitor—Glen Harmon of Austin College.

Rowland's closest rushing challenger was Alton Green of Abilene Christian, who had gained 776 yards.

McMurry had averaged 430 yards per game on offense as compared to Howard Payne's 303-yard average.

Top pass receiver was Austin College's Mack Thompson, who had gained 443 yards on 26 passes.

PROBABLE STARTERS—Here are shown eleven hefty Cyclones of District 2-A who are due to open against the Childress Bobcats at 8 in Bobcat Stadium tomorrow night. Line, left to right, Don Rasco, right end; Kenneth McQueen, right tackle; Max Kennedy, right guard; Raymond Clark, center; Freddie Vinson, left guard; Lee Bloxom, left tackle; R. A. Wells, left end. Backs, left to right, Bobby Crooks, right half; Andy Gardenhire, fullback; Roddy Stargel, quarterback; and Tommy Messer, left half.

Major Leaguers Meet For Annual Draft Of Players

CINCINNATI, Nov. 17 (UP)—Five thousand minor league players were the "targets for today" as representatives of all the major-league baseball teams met with Commissioner A. B. Chandler to hold the annual player draft.

Actually only about 25 players are expected to be selected in this year's version of the "something for almost nothing" talent hunt. Only 21 got the call in 1948, and less than half of those stuck in the majors.

It should take the major league men only about a half-hour to complete their draft when they meet with Chandler in a room at the Netherland-Plaza hotel. Each player picked will carry a price tag according to the league he comes from, ranging from $2000 for Class D talent to $10,000 for class AAA.

It is expected that some men listed as "bonus players" may be picked. In the past, the selectors shied away from these players because of the restrictions on their movement from club to club.

But with the bonus rule apparently doomed to death next month, some clubs may knowingly name players in that classiifcation.

One of the rules regarding drafting is that only one player may be chosen from each team. However, "bonus players" and many veterans are exempt from this rule and may be chosen without restriction.

Basketball Coach Denies He Tried To Steal Player

BLOOMINGTON, Ind., Nov. 17 (UP)—Basketball Coach Branch McCracken of Indiana University said today he hasn't "hidden from any good ball players yet" and doesn't intend to just to please Kentucky Coach Adolph Rupp.

McCracken denied Rupp's charge that Indiana was trying to entice Cliff Hagan, a star prep school player, to forsake an athletic scholarship he had signed with Kentucky.

Rupp accused Indiana of wooing Hagan by entertaining him several times on the Bloomington campus. He said Hagan had been invited to attend the Indiana-Purdue football game Saturday as Indiana's guest.

McCracken admitted that Hagan, who is still in high school, had visited the Indiana campus for one football game and was to come to Bloomington agian Saturday "as a guest of an Indiana alumnus."

Hagan starred with the Owensboro, Ky., championship high school team last season. He scored 765 points during the season, 41 of them in the state championship game last March.

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. O. Box 56, Whitewright, Texas, wrote us:

"I want to tell you what Barcentrate has done for me. I weighed 268 pounds when I started taking it. I now weigh 212.

"I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much nicer I look than I did.

"I am still taking Barcentrate as I want to get my weight down to 166 or 170 pounds."

Red Cross Drive Brings In $10.53

The Junior Red Cross drive ended Friday with four classes contributing 100 per cent. A grand total of $10.53 came from the four.

The sophomore class was the first to contribute 100 per cent seniors, juniors, and eighth grade followed.

The largest contribution came from the junior class, which was $3.75, eighth grade $3.11, seniors $1.25, freshmen $1.14, seventh grade .90 and sophomores 63 cents.

The Carey School collected $17.21 cents for the Red Cross.

CHARACTERS

By Roy Wyatt

Alton Clifton

There are some very commendable traits that characterize Alton, a junior pupil. He has been in school here since he began studying under the leadership of Mrs. T. C. Baliff. During these years Alton has been found dependable and industrious. What he promises, he tries to do. If he has any assignment he does his best to accomplish it. This is his first year to be separated from his brother, Bill, who attends school in Childress. We have been told Alton will go to another school when he moves in December. We will lose a good friend.

Mary Beth Crain

Mary Beth is a popular junior girl. She is active in all of the school activities and is talented in music. Her ambition is to be a music teacher. Mary Beth is on the basketball team as center forward. She is also an assistant to the Society Editor of the Cardinal Journal.

Buy Savings Bonds

WITH THE CLASSES

1st Grade

The first graders are learning a dance to do for the Queen Friday night at the carnival. We hope she enjoys it.

Norma Jean Riner and Linda Nell Shields are in the contest for the "Princess" race. Linda Nell is ahead so far, but the contest will close tomorrow, so we will not know until then who is the winner. Hope every one can come to the carnival Friday night.

2nd and 3rd Grades

The second and third grades have been practicing this week for our assembly program for November 23. We would like to invite our parents to see it.

The third grade made Turkey nut cups and tiny Pilgrim lasses in art class.

We have been enjoying some magazines Mrs. Dick Delaney brought us.

Eight children in our room are buying annuals.

The second and third grades are also running candidates for the "Princess." The second grade's candidates are: Patricia Ryner and Kay Clark. The third grade's candidates are: Linda Smith and Estella Wyatt.

4th and 5th Grade

June Sigler is a new student in the fifth grade, coming to our school from Oklahoma.

Our classes gave 100 per cent to the Red Cross.

The fourth grade elected Evelyn Rogers and Kay McCollum for candidates for princess. In the fifth grade the candidates are Cynthia Ann Caradine and Brenda Keel.

6th Grade

Lahonia Loucks and Wayland Lewis have enrolled in the sixth grade.

The candidates for princesses in the carnival race are: Bobbie Farrell and Patsy Sue Shields representing the sixth grade.

Patti King is ill this week.

Tom Collins is in the hospital at Temple where he recently had surgery.

7th Grade

The two candidates for princess in the seventh grade are Jo Ellen Weatherbee and Phillis Wormsbaker. Phillis has 969 votes and Jo Ellen has 888 votes. Rather close isn't it?

The 7th grade English class had an assembly program this week to raise money for our princess. We charged a nickle for each one. We made $7.45. It was an old-fashioned style show. Ever hear of a girl being a boy? Glenda was one!!

8th Grade

The eighth grade had a party November 10 at Lake Childress. They roasted wieners and ate a hot dog or two. Afterwards they went to the show. I think everyone enjoyed himself.

The eighth grade candidates for princess are Wanda Harrington and Roberta Henry. Wanda is ahead by a very close race at 507 to 450.

We are sorry that Jerry Conner, Charles Skinner, and Joe Kent are absent and hope they will be back soon.

Freshmen

Juana Faye Carpenter is the candidate for the freshman class. Juana chose Tiffon Rodgers as her escort. Juana has 1776 votes.

Sophomores

Everyone seems to be in a big rush about helping class candidates become Queen for the carnival. The small sophomore class is a bit behind. Won't someone contribute to the point where he has an empty pocket?

The sophomores have only $9.01, but we will win yet. Virginia Imhof, our Queen candidate, is a very likely and capable queen. So, someone needs to give a little more money for her.

Juniors

The juniors are so busy this week preparing for their carnival that we cannot think of anything else. We are very anxious to see a large crowd here Friday night.

The Queen's race is getting to be very interesting. Most of the candidates are running a close race. We are looking forward to seeing our candidate win.

The junior class candidate has about 1576 votes.

The queen will be honored more by having a full page in the annual.

We are having to have several booths at the carnival Friday night.

Publication List Published By TU

AUSTIN, Nov. 17 —A complete check list of Texas newspapers, books and pamphlets from 1846-1860 has been published by the Texas State Historical Association at the University of Texas.

Edited by E. W. Winkler, university library bibliographer, the work is titled "Check List of Texas Imprints, 1846-1860."

History Professor H. Bailey Carroll, historical association director, calls the check list the greatest event in Texas bibliography since the 1897 publication of the first collection of Texas books.

Need Knows No Season

It is not surprising that the Japanese social worker wrote in her report of the four Hagiwara children: "They are young in age, but old in physical and mentally-harassing experiences."

Twice in a short period the Hagiwaras were bombed and burned out of their homes by air raids. The first time was in Tokyo, in March 1945. Their father, a factory worker and member of the Civilian Anti-Air Raid Corps, was killed in line of duty during that raid. His wife and children were evacuated to Kofu, where they were bombed out again a few weeks later. This time they came back to Tokyo, and found a temporary refuge in the home of friends.

Mrs. Hagiwara now works as a charwoman at very low wages, and occupies a room in a small welfare center. Her two younger children are cared for in the nursery in the same building, and the older two go out to school each day.

The Hagiwaras are better off, probably, than many of Japan's war refugees because they have a secure roof over their heads. But the neighborhood association which cares for them is itself very poor, and can provide only the barest subsistence rations.

In order to continue their education and become self-supporting, the children need extra calories in their diet and warm clothing. They are still wearing the tattered garments they had on when they fled from the air raid in 1945.

(CARE offers a quick, sure and efficient way to ease the hardships of this and other helpless families overseas. A $10 CARE food package contains 24 pounds of the kinds of foods most needed abroad and most difficult for the average family to obtain. Also available is a $5.50 Thrift food package. Orders or contributions in lesser amounts may be sent to CARE, 20 Broad Street, New York, N. Y., or any other CARE office in this country.)

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Cottonseed Plan Carried Out In 75 Texas Counties

Production and Marketing Administration committees in approximately 75 Texas counties have bought about 25,000 tons of cottonseed at $46.50 for the Commodity Credit Corporation in an effort to support the prices paid growers at 90 per cent of parity, according to a report issued today by B. F. Vance, chairman of the state P. M. A. Committee.

Vance says that farmers are being paid prices getting up to $46 in another 25 counties.

When the cottonseed support price program was first put into operation many farmers were having to sell their cottonseed for as low as $32 per ton. In most cot-growing counties farmers today are being offered from $40 to $45 for their seed by the trade.

Vance expects the program to be put into operation in other counties during the coming week where farmers are having to take less than the support price of $46.50 for their seed.

Early Beverage

Chocolatl, a frothy beverage esteemed by the Aztecs in Mexico, was made of roasted and ground cacao beans, flavored with peppers and other spices, according to the Encyclopedia Britannica.

EVIDENCE—Frank Leahy blasted officials for meting out 135 yards in penalties against Notre Dame while the Irish were subduing Washington 27-7, in Seattle. Pacific coast sources were quick to point out that Coach Leahy's men did not always keep their hands on their chest while blocking, as evidenced by Emil Sitko having an arm and handlock on End Chuck Olsen.

CARE Packages Given Israelis By Americans

NEW YORK, N. Y.—A shipment of 300 CARE food packages, donated by Americans for Israeli families in need of aid, has been received with "grateful thanks" by Israel Rokack, Mayor of Tel Aviv, it was announced today by Paul Comly French, executive director of the non-profit agency.

Although CARE has already delivered over 4000 parcels sent by Americans to friends and relatives in Israel, this was the first distribution of "undesignated" packages. They were presented to Mayor Rokack, in a ceremony in his office on November 7, by Emanuel Borenstein, CARE Mission chief in Tel Aviv. Rokach, expressing the hope "these packages will grow into many more," declared:

"We are mainly concerned with giving more and better food to our babies, our youth, and immigrants not accustomed to our climate and food rations. This new country needs CARE supplementary food more than any place else, because of the tremendous influx of immigrants."

Speaking on behalf of the package donors, Borenstein described CARE as "another link in the friendship binding our two peoples."

The packages were turned over by Mayor Rokach to the Tel Aviv Department of Social Welfare for distribution to the neediest families. Included among the 300 were 25 packages voted by CARE's Board of Directors in memory of Robert Misonznick, assistant director of CARE'S Israel program, who was killed in an accident recently.

CARE has available two food parcels for Israel, at $10 each—one a general parcel which contains more food than Israelis receive in a month's rations, and the other a baby food package. Both were especially designed to meet the requirements of the Israel Minister of Food Control and have been approved by the Union of Orthodox Jewish Congregations of America and the Rabbinical Council of America.

They are admitted in Israel duty and ration-free to recipients. Delivery is guaranteed to designated relatives and friends, or to families chosen by CARE representatives in cooperation with Israeli officials. Orders can be sent to CARE headquarters, 20 Broad St., New York, or to any local CARE office throughout this country.

Price Support Crop Load Still Climbing Higher

Farmers on September 30 had around 300 million bushels of 1949 crop wheat, barley, oats, rye, flaxseed, soybeans, corn, and grain sorghums under government price support. The comparable figure for 1948 crops was 200 million bushels.

A recent report by the Department of Agriculture shows these 1949-crop totals by commodities: wheat, 249 million bushels; barley 20 million; oats, 17 million; rye, 481,000; flaxseed, 4 million; soybeans, 2 million; corn, 89,000; grain sorghums, 5 million; dry edible beans, 41,757 hundredweight; dry peas, 8744 hundredweight; and rice, 94,351 hundredweight.

Also reported under the resealing program were 4.4 million bushels of 1948-crop wheat, 1.4 million bushels of oats, and 2.2 million bushels of barley. Figures on resealed corn are not yet available.

As of July 31, almost $2.5 billion were invseted in Commodity Credit Corporation price support programs, of which $1.4 were represented by outstanding loans and more than $1 billion by investories acquired under loan, purchase agreement, and direct purchase operations.

CCC is authorized to have borrowings outstanding at any one time of $4 billion 750 million to carry on its various programs, including the price-support programs. As of July 31, CCC had in use $2 billion 188 million of its statutory borrowing authority.

Childress Business & Professional Review

PRESENTING EACH WEEK NEWS ABOUT LIVE, PROGRESSIVE FIRMS AND INDIVIDUALS OF CHILDRESS

Champion Truck Driver of U.S.

Competing against 34 other state champions, S. L. Moon, driver for Georgia Highway Express, Inc., of Atlanta, Ga., won first place in the straight truck event in the recent national Roadeo staged in Boston by the American Trucking Associations. He maneuvered a Dodge G-152 (1½-ton) with van-type body over the difficult course, scoring 385 out of a possible 400 points. This established a new national Roadeo record.

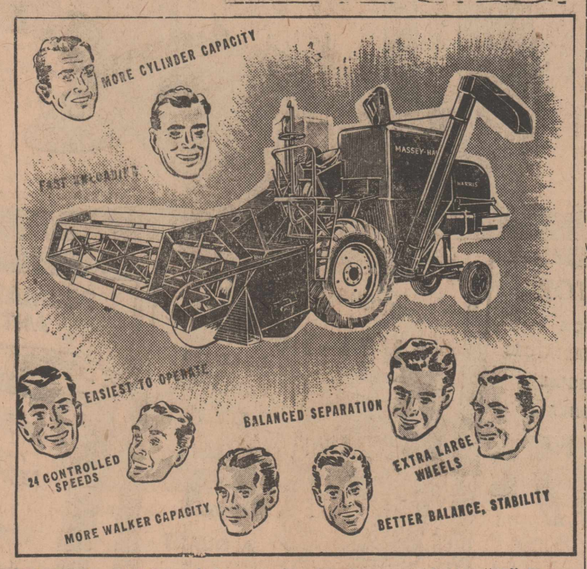

Chevrolet Sees Increase In School Set For Drivers

DETROIT —A 50 per cent increase in high school driver training is indicated by records of the Chevrolet Motor Division which reveal 2336 Chevrolet sedans on loan to schools by dealers.

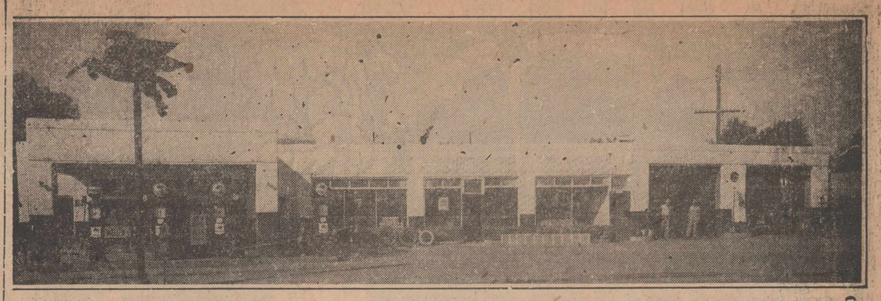

The total compares with 1576 Chevrolets in use a year ago, which in turn represented a steady climb since the program was launched under sponsorship of the American Automobile Association at the end of the war.

"Chevrolet is glad to co-operate in this program because we believe driver instruction in schools is one of the most important contributions to the future safety of travel," commented W. E. Fish, general sales manager. "The vast majority of present-day drivers have not had the benefit of expert counsel. Many of the bad driving habits encountered on highways can be directly traced to this lack of a sound basic training."

Under an arrangement with the American Automobile Association, Chevrolet dealers supply dual-equipped training cars to their local high schools. To qualify for an automobile the school must meet certain standards of instruction set by the association.

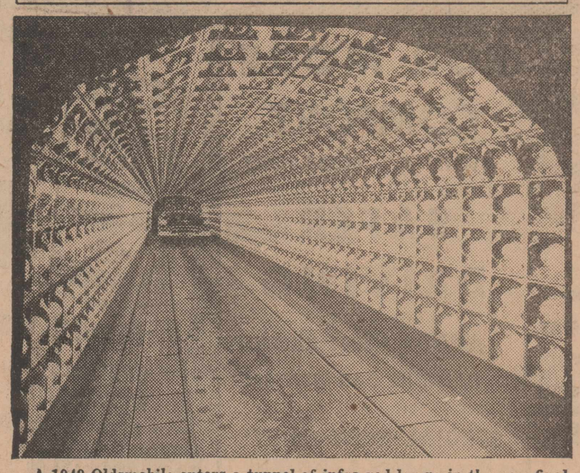

Sold by the Childress Sales and Service Company is the "27" Massey-Harris combine, the easiest self-propelled combine to operate made. P. L. Gill, owner and manager, invites the public to come by the office for full information about this sensational combine.

Ready to winterize your car, the Buckley Brothers Service Station is open 24 hours a day. Experienced attendants will check the anti-freeze in your radiator, put in winter weight lubrication, check your windshield wiper and do a dozen little jobs to make your car more "driveable" in cold, wintry weather.

Paint On New Oldsmobiles Dries From The Inside Out

A 1949 Oldsmobile enters a tunnel of infra-red lamps in the new final assembly plant which is partially completed. This is one of four specially-built ovens used for thoroughly drying the paint on all new Oldsmobiles coming off the assembly line at the main plant in Lansing, Mich.

A total of 1,296 lamps of 250 watt output heat the metal of the car to approximately 200 degrees Fahrenheit, thereby baking the paint from the inside out. Each Oldsmobile is pulled through the 60 foot long oven on the flush-floor type conveyor visible in the foreground.

When completed next month, the new Oldsmobile final assembly plant will be among the most modern and best-equipped in the automotive industry. It will have a rated capacity of 80 cars per hour.

Mitchell-Goodwin Will Help You Build Your Home

Many people are considering building new homes these days and the Mitchell-Goodwin Lumber Company is pleased to lend assistance to all who desire it.

The selection of building materials, planning of rooms, conservation of space and many many other building questions will be discussed by experienced builders and contractors at the Mitchell-Goodwin yard.

A fine stock of building material is stocked at this yard which has been serving the building needs of this community for many years.

The office and yard is located at 200 Ave. A, Se.

Goines Can Do A Precision Job On Your Watch

When you want a careful, precise watch repair job take your timepiece to D. E. Goines at the A. L. Harp Drug Company.

Goines, a trained and experienced watchmaker, makes a careful diagnosis of each watch brought to him for repairs. Aided by his precision instruments he can quickly detect the trouble. He then goes about putting the watch into perfect condition before returning it to the customer.

Every watch repaired by Goines is guaranteed and should operate to the owners satisfaction.

You are invited at no obligation to bring your next repair job to Goines and let him give you an estimate at the repair cost.

1950 Ford Line To Be Shown By Friday Morning

The 1950 Ford line of passenger cars will be shown to the public by 6400 Ford dealers throughout the nation beginning Friday, November 18, it was announced today by L. D. Crusoe, vice-president and general manager, Ford Division, Ford Motor Company.

All Ford dealers are making extensive plans to handle large crowds in their showrooms to view the numerous changes in the 1950 models.

Dealers were given preview showings of the cars in meetings in the 33 Ford sales districts in the country between November 4 and November 10.

"Dealer response to the 1950 cars was extremely enthusiastic," according to Walker A. Williams, sales manager, Ford division.

"The consensus of dealers is that every single sales factor has been taken into consideration in the many improvements and that Ford will continue to be acclaimed the car of the year in 1950."

Major factors which dealers praised were economy, greater comfort, improved appearance, smoother operation and safety features, Williams said.

Production of the 1949 Ford was stopped at the end of October. The former model, which marked a major departure from traditional Ford styling and engineering, was first introduced to the public in June 1948. Since that time approximately 1 million, 120 thousand 1949 Ford passenger cars have been sold.

DOWNTOWN DOIN'S

NEWS OF THE MERCHANTS

By Stanley Bohenek

Griffin and Butler's fourth anniversary celebration Saturday was a huge and unqualified success.

Literally thousands of friends and customers visited the popular downtown grocery during the birthday event, and most of these helped themselves to Aunt Jemima's pancakes and free Admiration Coffee.

Another successful day was marked up at Jones Market, Third and Avenue G, Se Saturday when Calvin and J. C. Jones held their formal opening. The help was kept busy all day, J. C. reported, and rushed most of that time.

By the way, no one has come forth to dispute the claim that Jones Market is the only building in town completely lighted by neon. Andy Hudson, who installed the lighting, says one or two other places in town are partially lighted by neon, but Jones Market is the only one in town so lighted throughout.

T. A. Russell bagged an eight-point buck on a deer hunt in New Mexico last week.

Tomorrow, at Smith Motor Company in Childress, the new 1950 Ford goes on display. The new Ford, Herman Smith says, provides easier and smoother riding, comfort on long drives, plus many other conveniences.

Ramona Hoffman, Carey High graduate of 1949, is a new addition to the office staff at White's Auto Store here.

Herold Kitchens, manager of White's Auto at Midland, was named runner-up for manager-of-the-month honors among the White's Stores.

C. C. Gibbs of the Childress store was tied for third.

The Car-Vu Drive-In Theater has been closed for the winter season, and many changes are being planned for the popular spot before re-opening next spring.

Manager Doc Estes reports that the area will be landscaped, with about 250 trees to be planted, the parking area will be re-graveled, and playground equipment for the kiddies will be installed.

On the outside, the tower will be decorated with a huge mural, and will be striped with neon.

Floyd Cole of Gordon's Old Fashioned freeze has been sponsoring the weekly schoolboy football summary and perpetual record. The summary is mighty handy when you want to compare the performances of the teams, containing complete records of all AA and City Conference teams in the state.

A new gas heater has been installed at Prather-Williams Drug.

Most Property Owners Reported Under-Insured

It is reported that nine out of ten property owners are underinsured. This means that should their property be destroyed by fire or other means they would not have enough insurance funds to replace the loss.

According to Tom Preston, owner of the Preston Insurance Agency, many Childress property owners have increased their insurance to cover the higher replacement costs but still many others have insufficient protection in event of loss.

Tom Preston or Mrs. Preston will be glad to have interested persons visit the agency office at 111 Commerce Street to talk over their present policies valuated.

The Preston Agency represents several well-established old-line companies who pay claims promptly.

Farmers of Childress County were urged by Doyle Thomas, PMA secretary, to vote in Saturday's PMA committee elections. The committee, Thomas said, administers marketing quota, price support, crop insurance, and conservation practice programs in the county. Then too, Thomas said, other programs, as set up by Congress, will be administered here by the committee.

Wheat Farmers Assured Support On The 1950 Crop

Wheat growers who seed within their farm acreage allotments are assured a support price for their 1950 crop of 90 per cent of the parity price next July 1, according to a Production and Marketing Administration report.

The 90-per-cent-of-parity support level for 1950 is guaranteed by the Agricultural Act of 1949, passed recently by the Congress, it was explained.

The wheat price-support program for 1950 probably will be much the same as the one that has been used for the past several years, it was pointed out. But since the relation of total wheat supplies to estimated needs is such as to require the use of acreage allotments for the 1950 crop, only those farmers who palnt within their farm allotments will be entitled to price support protection.

Both Commodity Credit Corporation storage loans and purchase agreements are in operation this year and probably will be again available to cooperating farmers for the 1950 crop. Under the loan program, farmers pledge their wheat as collateral for a loan at the support price, and must provide adequate storage for the term of the loan either on the farm or in a public warehouse. The grower may pay off the loan at any time during the loan period in order to take advantage of any rise in market price above the support level.

Farmers who enter into a purchase agreement with CCC get the support price for all wheat delivered under the agreement that meets CCC grade and quality specifications. They retain title to the wheat during the period of the agreement and may sell or otherwise dispose of the wheat at any time.

Nurse Appeal Is Issued By VA

Veterans Administration today issued an urgent appeal for nurses for the VA Hospital in Houston.

Patient load of the Houston VA hospital will be much greater i the immediate future under a recnet order increasing the number of beds available in the institution to 937. The increase will almost double the number of beds presently available to veterans of the area.

Nurses employed under the expansion program can expect a minimum salary of $3400 per year, a 40-hour work week, 30 days of paid vacation annually, pleasant housing accomodations for single nurses nad other attractive working conditions, VA said.

Applicants were asked to contact the Chief Nurse, Veterans Administration Hospital, Houston.

Stalin's Birthday Hikes Predictions That "Red" Policy May Die With Him

LONDON, Nov. 16 (UP) Premier Josef Stalin of Russia celebrates his 70th birthday next month amidst increasing predictions by western statesmen that the Soviet grip on a vast area of the world can be loosened only after he dies.

Leaders of the western world are convinced that there can be no change in Soviet policy during Stalin's lifetime. Nor do they believe that his successor, or successors if it is a group within the Politburo, will necessarily want to change the policy.

But western hope, more and more publicly and frankly expressed, is that internal crisis, the growht of Titoism in the satellites, possible intra-Politburo squabbling over Stalin's "crown" and the loss of a leader who for years has been portrayed as a god may unhorse Soviet domination over at least eastern Europe.

Stalin's health has not been good since the war. He himself has been authority for that. On several occasions he has rejected invitations to the United States because of his health.

One of Stalin's last statements about his health was made to Gen. George C. Marshall, then U. S. Secretary of State, during the Council of Foreign Ministers meeting in Moscow in the spring of 1947.

Marshall called on Stalin at the end of the unsuccessful conference. The two war leaders had not met since the Potsdam conference in 1945.

Stalin complimented Marshall on how well he looked and then added that he himself was now an old man. Stalin was reported at that time to look thin with his uniform fitting him loosely.

Stalin's failure to appear in Moscow earlier this month at the annual revolution day ceremonies led immediately to the usual speculation that his health was even worse. The November celebrations are the most important in the Soviet Union. He presumably is again at his Sochi retreat on the Black Sea, where since the war he has spent a great deal of time.

Paul G. Hoffman, U. S. Marshall Aid administrator, who is urging the western European countries to integrate their economies, has become the major American spokesman of the theme that the internal collapse of Russia may follow Stalin's death.

At Montreal on October 27 he predicted internal collapse of Russia and revolt of the satellites aaginst the Kremlin.

"When the break will come," he said, "No one can predict with certainty. Perhaps it will be at tSalin's death because he is the only Russian leader who commands the respect of both the colonels and the commissars. But it is bound to come some day."

Soldier's Crude Will Said Void

CHICAGO, Nov. 16 (UP)— A crude will scribbled on the back of a receipt by an army officer a few days before he was killed in battle on Bataan was invalid, a Chicago judge ruled today.

Circuit Court Judge John Prystalski found that Maj. Charles Zurick's will, which bequeathed his entire estate of $35,000 to a sister, lacked two valid witnesses as required by Illinois law.

Two soldiers witnessed Zurick's will, but their signatures carried different dates from the makeshift document.

An attorney for Mrs. Belle Barnes, designated as beneficiary, argued unsuccessfully that in wartime a soldier can execute a will without fulfilling all legal requirements.

Two sisters and five brothers contested the will.

Natives of Portugese West Africa store their grain in mushroom-shaped bins to protect it from vermin and livestock.

Roses refuse to grow where water stand above their roots.

City's Islands

Twenty-three islands are included in the City of New York. In 1668, the Duke of York decreed that all islands in the harbor which could be sailed around in a day should belong to New York.

Baylor Students Work Often On Class 'Hometown'

WACO, Nov. 16 —Hometown is an imaginary place. It has 37 managers of its Chamber of Commerce.

Hometown really is a practical device used by Prof. Graves Blanton of Baylor University's School of Business in teaching a new course in Chamber of Commerce and Trade Association management. The course is unique in the Southwest.

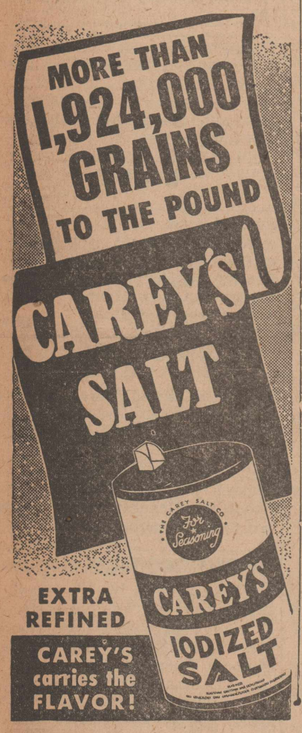

Professor Blanton wants the course to be as practical as possible, and he teaches it by making his 37 students solves the hypothetical problems that confont Hometown.

Hometown is quite a city now in comparison with the original village of last September. Week by week, the city's chamber managers (all 37 of them)have staged this plan and that to draw new industries and new citizens to their municipality. Already there are highhighways and railroads and large factories in the booming metropolis.

"You are the manager of Hometown," Professor Blaton told his class at the beginning of the term. And every day since then he has outlined problems they must solve before the next class session.

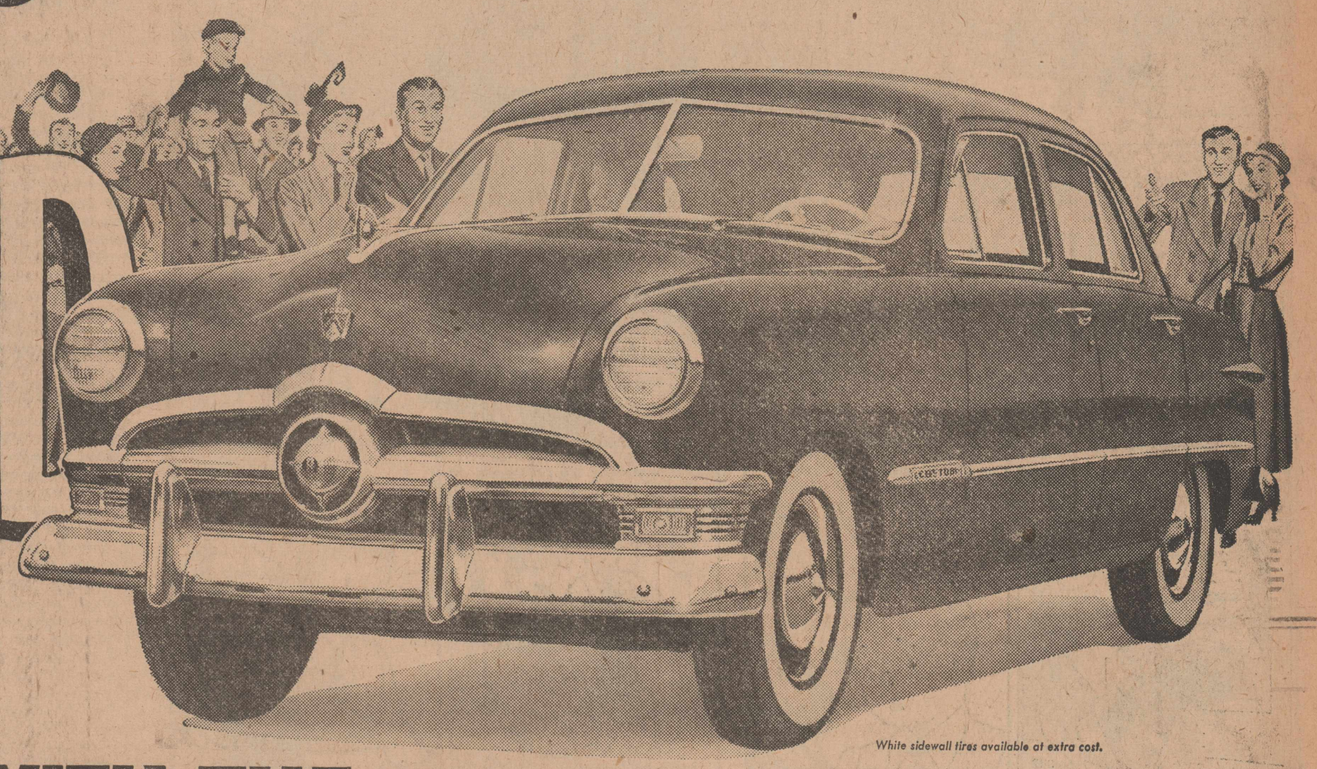

Fred Husbands, manager of the Waco Chamber of Commerce, was visiting lecturer at the class last week. He told the students that with the practical training they receive in this course they will have no trouble finding a job in the field on graduation. He said dozens of jobs are open in Chamber of Commerce and Trade Association work because of a dearth of trained people to fill them.

Other Chambers in the Southwest also are contributing their part in making the course worthwhile. Blanton has in his file—which furnishes limitless lecture material—letters and printed matter from Chamber of Commerce managers in Dallas, El Paso, Marshall, San Antonio, Abilene, Tulsa, Austin, Amarillo, Temple, Denison, and Kerrville.

New "sound conditioning" in floor, doors and body panels insulates Ford's "Lifeguard" Body against road noises. More extensive body insulation and sealing in 41 areas give additional interior quietness and protection. Eleven new body colors are baked on.

ITS QUIET WHISPERS QUALITY

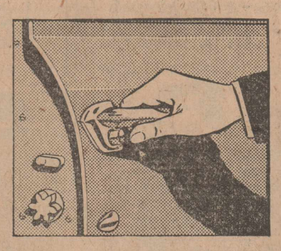

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100 horsepower wrapped up in V-8 design that makes you master of any road. It delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes."* And Ford offers a Six, too—an advanced Six with 95 horsepower.

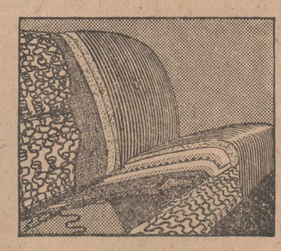

NEW "HUSHED" RIDE

Ford's famous "Mid Ship" Ride is now so quiet you can talk in whispers at highway speeds. So smooth (with its great team of "Hydra-Coil" and "Para-Flex" Springs) that it virtually erases every bump. So safe with its 35% easier-acting Safety-sealed King-Size Brakes.

NEW QUALITY FEATURES

New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors in your choice of broadcloth or mohair.

NEW DRIVING COMFORT

Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new foam rubber front seat cushion over new non-sag seat springs. It makes your long trip a short Sunday drive.

There's a Ford in your future ...with a future built in

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.
