Council closes city pool

By LUIS RIOS
The Colorado City Council tabled an idea for the possible sale of city-owned land for the construction of a parking lot that would accommodate a hotel and also voted not to open the City pool for this summer during a regular meeting Tuesday night.

Cathy Standefer, who said she had a loan approved for the construction of a hotel on property on Oak and

First and Second Streets, went before the council Tuesday night.

She requested that the council open up for public bid some property located on the west side of Oak Street between First and Second Streets. The legal description for the property is E100' of Lots 1, 3, 4, 5, and 6, Block 42 O. T. Col.

Ms. Standefer said the hotel would be 9,800 square feet building. She also said it would be a

two-storied hotel.

Mayor Elmer Martin appointed a committee consisting of Ray Mason, Dee Hearn and Brenda Tarter to study the possibility of selling the property.

The council, in what may turn out to be an unpopular move, voted not to open the city pool because of the enormous cost it would take to renovate it this year.

Water Works Superintendent Buzz Rich said

the pool would cost approximately \$20-\$25,000 to fix the cracks in the pool and an additional \$6-\$7,000 to renovate the bathrooms and filter system for the pool.

The action to close the pool for the summer came on a motion by council member Ray Mason.

City Manager Gary Smith received the go-ahead to apply for a Texas Community Development Program grant

for improvements needed in the city.

The grant is to be used for public improvements, Smith said. The maximum grant is \$500,000 and the minimum is \$50,000, he added.

The city was rejected in a similar grant last year. However, Smith said the city could apply for the grant and ask for the same target area as last year. The city applied for improvement

construction of sewer in the south part of the city.

The council approved to release Hertenberger Field at Southside over to the Mitchell County Church Softball League.

The request for the use of the field was made by Church League President Bim Ritchey and board member Van Mills.

The Mitchell County league will include application for improvement. See POOL, Page 2

The Big Spring company offered a low bid of 52 cents per square yard. The next low bid was presented by Grim-

The commissioners also awarded bids to Motorola for the purchase of two new radios for the Sheriff's Department. The only bid was made by Motorola representative Steve Zimmerman who offered the bid price of \$2,892, which included the two units and installation.

The court also accepted a low bid from Bud's Office Supply in Snyder for the purchase of two chairs for the Sheriff's Department. The request C-COURT, Page 2

The cost estimate on the water pumps at the North Water Works was tabled until the next meeting.

The possibility and feasibility of trading in two police cars merited some discussion. The Council approved two bids at their last meeting to purchase two new police cars.

However, the board tabled a move to trade in the existing cars until Tuesday night.

Police Chief Steve Collier requested that the council keep the two cars to be used as additional backup.

However, council member Jesse Munoz opposed the move saying that there would be more cars than officers on the police department. The police department staff is only at 50 percent operating capacity, lacking two patrolmen and one chief.

The council voted to advertise for bids on the two vehicles and decide later whether to accept the bids or keep one or both used patrol cars.

After some discussion on the meals for all sports and the installation of 40 new lockers at Middle School, the trustees tentatively approved the budget. The proposed budget for the 1984-85 year for the athletic department is \$178,644.33. However, the approval of the budget was not final.

The additional pay will include high school cheerleader sponsor, from \$250 in 1983 to \$400 in 1984; high school Flag Corps, \$250-\$400; Howl \$500-\$800; One-Act play and drama, \$175-\$800; Wolverines, \$500-\$800; yearbook, \$500-\$800; student council, \$500-\$800; twirlers \$250-\$400.
The additional pay allotted to the Middle School

Some people don't know their electric bills can be about the same all year round.

Some do.

The Average Payment Plan will put you in the know; and just in time to take the heat off your hot weather bills.

You'll still pay for all the electricity you use. But under the Average Payment Plan, your bills will be more even all year round.

The plan is based on a 12-month average that's refigured each month. So you can pay less during the months you use the most electricity, by paying more during the months you use less.

The Average Payment Plan is available to Texas Electric residential customers. So look into it today. It's definitely worth knowing about.

PICTURED ABOVE ARE the champions from the West Texas Junior Olympic Champions boxing tournament hosted by the Mitchell County Boys Club last Friday and Saturday. They will all travel to Victoria and Fort Worth, Texas to represent West Texas at Tri-State Junior Olympics.

Rico makes state tourney

Leonardo Rico was the lone Mitchell County Boys Club boxer to advance to state during the West Texas Junior Olympic Champions tournament held last Friday and Saturday.

Rico, who fought unopposed, will travel to the State tournament at Fort Worth sometime in June.

Jeremy Strawcutter was also an unopposed winner, but because of his age, that is as far as he can go.

Gabriel Gaona in the senior division and Mark Strawcutter in the intermediate division both took runner-up honors and will serve as alternates for the state tournament in Victoria, Texas June 1, 2 and 3.

Also fighting during the West Texas tournament held at the agricultural buildings on West Highway 80 were Steven Smith and Bobby Arocha, who both lost Friday night to earn fourth place medals.

Plainview had the most winners to claim the team trophy with second place going to the team from Olton.

Coach Vince Gaona would like to thank Mr. and Mrs. Bill Davis, 20 year residents of Ira, for loaning their car to Vic Clement after he had car trouble 15 miles north of Snyder enroute to the boxing tournament with all the equipment.

Gaona also expressed gratitude to Dr. William Jones and Dr. Thomas A. Noonan for being on standby for physicals and Dr. Thomas Aguilon for being there both nights.

The Mitchell County Boys Club would also like to thank Mary Gaona, Juan Molina, businesses that donated, mothers that worked

and the relatives and individuals that donated to make the tournament possible.

Agriculture Notes

High winds have caused heavy soil erosion over much of Texas, and this points to a greater need for soil conservation. Calling attention to soil conservation is what Soil Stewardship Week is all about. The annual nationwide observance will be May 27-June 3, with the theme "Conservation: A Common Commitment." Commitment is needed from everyone to reduce the loss of valuable soil and water resources, says a soils specialist with the Texas Agricultural Extension Service, Texas

A&M University System. Everyone must accept primary responsibility as a caretaker of God's earth which produces the food and fiber needed for the existence of all living creatures.

The "fresh approach" is the in-thing again this year. Fresh vegetables are plentiful in Texas now, so make sure you get your share, says a horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Texas supplies broccoli, cabbage, carrots, spinach, lettuce

and potatoes in early spring followed by cantaloupes, cucumbers, honeydews, squash, peppers and tomatoes. Blackberries, plums and early peaches will be available in late May and June along with watermelons, black-eyed peas and okra. Not only is this produce fresher than that usually found in supermarkets, but it is likely to be cheaper due to reduced costs in transportation, packaging and refrigeration.

xxx
Eighty-five Texas youths will receive scholarships totaling almost

a half million dollars at the 1984 Texas 4-H Roundup at Texas A&M University, June 5-6. The scholarships are funded by 14 different businesses and organizations through the Texas 4-H Foundation, a non-profit organization that provides private sector support for the state's 4-H program, says a 4-H specialist with the Texas Agricultural Extension Service, Texas A&M University System. The 4-H scholarship program began in 1964 with two scholarships totaling \$2,000.
