Refinery Averts Disaster In Asphalt Tank Explosion

Measures Keep Fire In Check

By Dave Miller
Special Writer

Col-Tex Refinery is a masterpiece of craft that keeps a fine balance between operational safety and disaster.

This fact was emphasized again Wednesday afternoon when an asphalt storage tank suddenly flashed into a fire explosion at Col-Tex Refinery, just west of the city limits.

Quick and emergency know-how isolated the tank blast—keeping the precarious balance and the refinery continued operating as usual in all other departments even as the blast was controlled and snuffed out.

Quick checking revealed the amount of heavy asphalt in the blazing tank—only about 1,000 barrels because cartons of the product had been loaded out of the tank Wednesday morning and Tuesday.

Water spray was thrown on a similar asphalt storage tank adjacent to the blaze on the west.

From was pumped onto the west side of the blazing tank as a control agent and buffer against a full tank of cut asphalt lighter with a fuel oil, thus, with a lower flashing point and more likely to burst into flames adjacent on the west and next to the laboratory building.

Workers started pumping asphalt out of the bottom of the blazing tank into nearby storage, thus cutting away at the fire's potential.

All the while they were hoping the prevailing winds would keep blowing northward, bearing the flames, smoke and heat toward Highway 80 instead of onto adjacent tanks.

Key danger point in fire control was keeping the flames from leaking out of the asphalt west tank, filled with the oil-cut asphalt.

The west tank, although well insulated, had a gauge opening on top—where leaking flames could quickly cause a flash explosion with disastrous results.

But during the critical period there were laughs and jokes. The kind that come from a sense of relief from a rough time.

They came from the fact that this week and last as we were going to have some fire drills, someone from the Col-Tex Refinery had been working on the asphalt tank, but they didn't have to go this far.

I hope that explosion blew us, just out of the credit for our books across the street, under the water, thought.

In all, started at about 4:30 p.m. and by six o'clock the danger was over.

The West tank blew just after 4:30 p.m. for a few minutes in the worst of the blaze. The transfer of asphalt from the burning tank, without incident, came, control measures were effective.

By 6 p.m. Frank Bryant, a 35-year veteran of Col-Tex, was getting about someone to inspect his super-heated asphalt tank and steam highway.

Experiment crews were clearing the highway to the refinery.

All of it will cost us about \$50,000, Benson roughly estimated as he started the cleanup operation and a steady stream of water cooled it all.

Command center, so to speak, was just outside the refinery laboratory and a few feet from scorching heat of the blazing tank.

Glass from more than 25 shattered windows littered the area.

Most of the glass had burst outward from the laboratory building—not inside—indicating heat of the blast sucked the windows out.

A light bulb, blown across the area by the explosion, remarkably was in perfect condition when picked up moments later by A. G. (Red) Ballard.

Here's the way Benson, Johnny Miller and other Col-Tex craftsmen went about keeping the tank fire controlled and the refinery in operation.

COL-TEX EMPLOYEES at the site of the tank explosion are seen working in efforts to control the burning asphalt and keep it from spreading to surrounding tanks in the nearby area. Refinery personnel handled all phases of the firefighting in the Wednesday afternoon explosion.

Linda Cornutt Repeats Vows With Mr. Beights

Marriage of Miss Linda Cornutt and Larry Stephen Beights took place in an evening ceremony, Friday, July 9, at First Baptist Church in Loraine.

Rev. Jim Turner, pastor, heard the couple's double ring vows. The bride is daughter of Mr. and Mrs. Willis Cornutt, route 3, Colorado City. Parents of the bridegroom are Mr. and Mrs. Ira Beights, route 1, Loraine.

A single wedding arch entwined with greenery and white gladioluses centered the altar, flanked by twin candelabra and baskets of gladioluses. Candles were lighted by Dennis Cornutt and Donnie Cornutt, nephews of the bride.

The bride, given in marriage by her father, wore a gown fashioned of white lace and tulle. The molded bodice formed a point in front at the waistline and was designed with long sleeves tapering to points at her hands. The bouffant skirt featured lace tiers. Scallops of seed pearls and sequins outlined the neckline of the dress, finished with a pixie collar.

Her fingertip veil of imported lace was held by a pearl-encrusted crown. Her flowers were white gladioluses and cymbidium orchids centered with a single orchid topping her white Bible.

Mrs. Johnny Jernigan, sister of the bride, attended her as matron of honor. She and the bridesmaids, Miss Kathy Merket, niece of the bride, and Miss Rachel Beights, sister of the groom, wore orchid peau de sole dresses made with fitted bodices, pleated skirts, rounded necklines. Matron of honor's short veil was caught to an orchid hairbow. Attendants of the bride carried white lace fans topped with an orchid.

Nieces of the bride, Susan Cornutt and Carla Cornutt of Colorado City, wore matching dresses of orchid peau de sole, the waistlines accented by tiny bows. Wrist corsages were fashioned of one white carnation.

Danny Cain of Ft. Worth was best man, Joe Cushing of Loraine and Dwayne Currie of Colorado City were groomsmen. Ushers were Don Small and Mike McDaniel, both of Loraine.

Wedding soloist was Miss Carolyn Bond of Marv Noel who sang "Always" and "The Lord's Prayer." Miss Marilyn Forbus of Loraine was organ accompanist and played traditional wedding music.

Parents of the bride hosted the wedding reception in the Baptist Church Fellowship Hall where white carnations and gladioluses centered the lace-covered refreshment table. Bride and groom figurines, white wedding bells, double rings and the four-tiered cake completed decorations. Silver and crystal appointments were used.

Miss Ann Compton, cousin of the bride, presided at the guest registry.

For travel the bride chose a two-piece suit of summer tweed in black and white worn with black accessories. The couple will live in Colorado City.

The bride is a 1965 graduate of Loraine High School where she was a senior class officer, a cheerleader and member of a number of extra-curricular organizations. Mr. Beights finished high school in Loraine in 1964 and attended McMurry College in Abilene. He is employed by Merchants Motion Lines in Colorado City.

Rehearsal dinner party for the wedding party was hosted by parents of the bridegroom.

SOX UPSET BRAVES

Pony Leaguers Finish Season

White Sox 5 Braves 2

Roberts Butane White Sox scored five runs their first time at bat and then held on for a 5-2 victory over the league champion Col-Tex Recreation Club Braves in the final game of the season for both teams.

Robert Chambers and Randy Hillhouse worked on the Sox mound and limited the league champions to one single in seven innings and struck out 13 Braves in the process.

Gary Chaney started on the hill for the Braves, but was relieved by Kenny Key in the first inning. The White Sox could not manage a single hit in the contest as 15 went down swinging.

The first inning told the story, however, as the White Sox used four walks and four Brave errors to send five runs in to score.

Chambers reached first on an error and promptly scored after stealing two bases. Hillhouse walked, stole second and came in to score. Ronnie Nunley also drew a base-on-balls and scored on a wild pitch for the third run.

Randy Nix walked and went to second on a wild pitch and came across the plate on an error by the catcher. Scoring the final Sox run was Steve Plunkett who walked, went to second on a wild pitch and came in on an error.

Kenny Key came to the mound for the Braves and put out the fire while holding the White Sox scoreless the rest of the game.

Chambers set the Braves down one-two-three in the first three frames. He gave up the only Brave hit of the contest when Gene Davis singled in the fourth with one out.

Only two men reached base in the next two innings as Hillhouse toiled on the mound for the White Sox.

Key finally put the Braves on the scoreboard in the seventh when he reached base on an error, stole second and scored. Chaney got the last Brave run after drawing a base-on-balls.

Hillhouse bore down to snuff the rally with the Sox still on top.

It was a tremendous victory for the White Sox who had suffered defeat in each outing this season until the final two contests when they knocked off the Lions and then the league champions Thursday night.

Lions 11 Colts 4

Lions Club Lions whacked the Scotty Construction Co. Colts 11-4 in the final game of the 1965 Pony League regular season play.

Richard Reynolds went all the way on the hill for the

Lions with Stanley Bracy toiling and losing the mound victory for the Colts.

Lions took an early lead in the first as Skeet Smith hit a leadoff single, stole second and scored on a triple by James Hill.

Bracy tied it up for the Colts in the second when he singled and advanced on a single by David Hoover and Steve Hill's sacrifice.

In their half of the second Lions used three Colt errors and three singles to push in four more runs and a 5-1 lead.

Terry Lowery walked, Larry Parham and Gene Self singled and Willie Hopkins had a one-base hit in the frame and all came in to score for the Lions.

Colts were scoreless in the third along with the Lions, but came back for a pair in the fourth on three straight singles by Daniel Ramsey, Bracy and Hoover. Runs were tallied by Ramsey and Bracy.

James Hill and the pitcher Reynolds scored for the Lions in the fourth as they maintained a 7-3 margin over the Colts.

In the fifth the Lions slammed out five singles to score a total of four runs and sew the game up.

Those scoring runs included Dean Turner, Willie Hopkins, Skeet Smith and James Hill.

Colts managed a single run in the sixth as David Hoover singled and scored, but could never catch up as the Lions won it 11-4.

LOCAL SCOUTS TO ATTEND

Varied Activities Await At Senior Encampment

Wide variety of activities and experiences are awaiting the four local representatives to the Senior Girl Scout Camp in Idaho.

Lynn Gray, Linda Morgan, Brenda Robertson and Freda McCabe will attend as part of the West Texas Council delegation.

Nine thousand Senior Girl Scouts, 15 through 17 years of age, from every state in the United States, and 150 Girl Guides from 45 countries will get together in a gigantic encampment from July 15-28. Backing up the youth-centered community will be a staff of 2,000 adults, most of them volunteers, who will provide the services needed in a busy city.

The Senior Girl Scouts will erect a city of 6,000 multi-colored tents in the heart of a 5,000-acre tract at the site of the former Farragut Naval Training Station, in the Idaho Panhandle. The location is fifty miles east of Spokane, Wash., on the extreme south end of Lake Pend Oreille.

While the girls themselves will be setting up an instant city, actually a year-and-a-half of planning and work will have gone into preparation for the multitude of facilities needed — roadways, a water supply system, electric power, telephones, a parking lot for 3,000 visitors' cars, provisions for security, traffic control, fire protection and sanitation, and even a United States Post Office Sub-Station.

Roundup days and nights will be filled with a fascinating range of things to see and do — performances by Idaho's Basque Dancers, free climbing contests, log-rolling demonstrations, exhibits of the culture and crafts of the Nez Perce Indians, tours of the Kaniksu National Forest, and simply taking part in the daily round of camping activities.

A Forum Center will operate on nine afternoons of the Roundup. Experts in various fields will be present to lead, moderate, and stimulate discussions built around the general theme, "Girl Scouting — A Promise in Action."

All 11,000 Rounduppers will come together as a group for two special events in a vast arena which seats more people than New York's Radio City Music Hall. The arena, built against a background of white pine groves and towering mountains, also will be used for religious observances.

The Campers will bring many touches of home with them as individual patrols illustrate typical features of their respective regions or countries. These will include folk-dancing, singing, cooking, and demonstrations built around local industry and culture.

HARDCASTLE FIANCEE

Bridal Parties Fete Mary Jane Nobles

Miss Mary Jane Nobles, who will be married Friday evening, July 11, to Stanley Hardcastle, was complimented recently with a bridal shower in the home of Mrs. Calvin Johnson.

Chosen colors of the bride-elect, white and apricot, were used in flower decorations for the reception.

Refreshment table, covered with lace over apricot, was centered with miniature figures of a bride and groom. Twin bouquets of gardenias completed the centerpiece.

Assisting in entertaining were Miss LaVerna Jones who served cake and Miss Sharla Acuff who presided at the crystal punch service. Mrs. Lowell Martin registered guests in the bride's book. Hostesses in the gift room where the miscellaneous shower gifts were displayed were Mrs. Bobby Nobles and Miss Sandra Sweatt.

Hostesses for the afternoon were Mrs. Johnson, Mrs. Roy Holland, Mrs. Jackie Corbell, Mrs. Joe Tarter, Mrs. Henry Lewis, Mrs. Owen Lee Montgomery, Mrs. Bob Motley, Mrs. J. M. Lewis, Mrs. J. B. Marshall, Mrs. Bryan Rowland and Mrs. Dick Wistrand.

Another reflection of "back home" will be the exchange of potlatch gifts, following a custom of the Northwest Indians. The potlatches will be small handmade articles related to the history of the girls' home regions.

Roundup is designed to provide a true adventure in living and learning for girls of different races, national origins and creeds. An outstanding event for girls in the free world, it is an experience for which many of Girl Scouts' more than 3,000,000 young members strive from their earliest Scouting days.

Friday afternoon Miss Nobles was honored with a personal gift shower with Miss Mary Ann Montgomery as hostess, assisted by Miss Sandra Sweatt, Miss Cheryl Turner, Mrs. Billy Harlow and Mrs. Lowell Martin.

Fancy cakes, iced in apricot and white, were in wedding bell and heart shapes.

Miss Nobles, daughter of Mr. and Mrs. Bob Nobles of 540 East 14th St., and Mr. Hardcastle, son of Mr. and Mrs. Howard Hardcastle of 871 Marshall St., will say their wedding vows Friday evening in the Church of Christ, 22nd & Austin St.

Roy L. Holland, minister of the church, will officiate for the ceremony.

Kathy and Jimmy McCullough of Midland returned home Sunday with their mother and sister, Mrs. J. W. McCullough and Sherry after spending last week with their grandparents, Mr. and Mrs. Albert Young.

Mr. and Mrs. Van Williamson and Milton of Big Spring visited in the Keith Williamson home Sunday.

CONVERSATION CORNER

Wives of good men all remind them
That women spend a lot of time
Cleaning up the house behind them
Without getting paid a thin dime.

BANK in New York, the Chase Manhattan Bank, has been investigating this very serious matter of just how much a wife is worth. If a husband had to pay her for time, time and half, and double time.

Women in New York City are all stirred up about it. Chase Bank economists, after a lot of surveying and calculating have come up with an amazing figure.

A wife is worth, the bank figures, \$159.43 per week — in the New York area, anyway. That figure was advanced after careful study of how much time a wife spends in chores like driving the kids here and there, fixing things, cleaning, cooking etc.

GREAT day in the morning! Do you realize, little women everywhere, that your husband owes you \$8,083.68 for every single year you have been married to him?

Even with a discount for cheaper transportation, and fewer problems at a little West Texas town it's pretty sure that he owes you simply thousands and thousands of dollars.

Maybe even hundreds of thousands if your marriage is of long standing. Even if you're generous enough to deduct about half for clothes, cosmetics, cars, room and board, the man is still deeply in debt to you. And may never get out.

IT MAY BE just as well for the average husband of the average wife that she never demands to be paid in full all she's worth.

Most women would settle for a little on account . . . on account of because it would bring her no particular joy to see him so far overdrawn that he'll never smile again. And may die of a broken heart in the poor house.

In this case, to owe is human. To forgive, divine. And to collect, impossible.

MOST women will settle for a cash-a-tail changing hands. Most of them had rather have a bushel basket full of L.O.U.'s from the party of the first part. To cash as needed at face value.

You know the kind. "L.O.U. love . . . L.O.U. appreciation . . . some measure of understanding . . . L.O.U. a little tenderness." And it would be perfectly all right with most good wives if he scribbled across every one of them, "And U.O. Me, Ditto!"

HEAR TELL that Ed Williams and his wife Min were here last weekend dining out with the J. Ralph Lees, Sunday.

Min and Ed have been visiting their son Gene and his family in Snyder. Their two younger sons, Bill and Bobby, are both working toward engineering degrees to be received soon. One at University of Texas, the other at Arlington State University.

Ed, former C-City superintendent of schools, and Min, ex-teacher here, live now in Irving.

NICEST news heard lately had to do with a party in Terrace Room, Saturday, at noon.

Hostess was Mrs. Tom Morrison, nee Anne Axtell. Guests were all former schoolmates at CHS and members of that gay little social club of the late thirties and early forties. Remember? the girls called themselves the Sub-Dubs.

Expected here for the luncheon were Mrs. Emil Panek of Denver, Colorado, the former Sue Simons; Mrs. Bill Lester of Eldorado, nee Teulah Robinson; Mrs. Bernard Westerman of Sweetwater, who grew up here as Harietta Landers and is now married to a Major in the AF; Mrs. Doug Richardson of Coahoma, nee "Hatchie" Pritchett.

Colorado City guests invited were Barbara Jones Givva (Mrs. L. S. Jr. Bruky) Virginia Whipkey Neff (Mrs. Rush) and Freddie Watson Guitler (Mrs. Don).

FAVORITE mail of the week came from Bethlehem, in Jordan, and was signed Gladys Miller.

"We are beginning to feel like rushed Nomads," writes the CHS English teacher who is touring the Holy Land and later Europe.

"We are loving every minute of the trip; just sorry we can't stay with each wonderful part just a little longer. Today we follow Jesus' steps to the Cross. Tomorrow we cross into Jewish sector of Jerusalem.

"Love to C-City. And you, Gladys M." the card concludes.

JOE EARNST, who is an experienced European traveler himself, came across a fascinating coincidence when he was checking his lists of the itineraries of Miss Miller, her traveling companion and friend Mrs. C. S. Martin and the planned travel routes of Mrs. Frank H. Kelley and her friend Mrs. Beaman Fisher of Ft. Worth.

The column is indebted to Joe for his account of C-City's shopping, in the same place, same time without knowing, so far, of the coincidence.

"**THOUGH** unaware until they get word that's on wing to them," Joe wrote in his note. Neighbors living a block apart on Cedar St., Colorado City will be two canals apart Saturday, July 23, in Venice, Italy.

Gladys Miller and Birdie Martin, going south toward Florence, and Mabel Kelley and her friend Mary Lee (Cantrell) Fisher, having just seen Florence, will all stop for a few days in the city built on islands. Gladys and Birdie will be at Hotel Bauer Grunwald on Grand Canal. Mabel and Mary Lee, a few bridges and St. Mark's Square away, will be guests at Hotel Danieli Royal Excelsior — both the largest hotels in Venice.

AT THIS TIME, Joe goes on to say, Sunday July 11, Gladys and Birdie are in London, having completed a tour of Egypt, the Holy Land, Istanbul and Athens. Mabel and Mary Lee, who've had a motor tour of the Andalusian section of Spain, Seville and Granada, are in Madrid and will fly Wednesday to Rome. Gladys and Birdie are headed for Holland, then Belgium, Germany, Switzerland, Austria.

"Meantime," Joe concludes, "Dorothy Patton, another C-City girl, has been touring extensively in Sweden, Norway and Finland, will be in Amsterdam on the day the others are in Venice. Dorothy will later visit Germany, Switzerland, England, Scotland and Ireland."

Performance Pedigree Are Growing Trends

A growing trend in Texas and other states is to supplement registry pedigrees with one on production or performance.

Such pedigrees are production records based on actual performance. L. A. Maddox, Extension animal husbandman, Texas A&M University, believes that within 10 years very few breeder sales will operate without this information for buyers.

Wildlife Brucellosis Tests Are Negative

Five years research in the Texas Panhandle failed to disclose any evidence of brucellosis in the 615 antelope, bighorn sheep and white-tailed deer checked for the disease, according to Texas Parks and Wildlife Department biologists.

BATES—Continued From Page 1

unit under construction at the Morgan Creek power plant which is scheduled for commercial operation by next summer.

Bates, who will complete 35 years with the company this fall, has been superintendent of the Morgan Creek operation since 1953.

Kinard, who has been at the plant here for five years, joined Texas Electric at Monahans 16 years ago. He was transferred to the Eastland power plant in 1955 and was plant superintendent there when he was transferred to Morgan Creek in 1960.

After beginning his career in Fort Worth, Kaulfus served as assistant superintendent at Eastland and also worked at Monahans before going to the Graham plant. Bates explained that his family will probably move to Fort Worth around August 1.

Scouts Depart Today

Four local Senior Girl Scouts leave today on a journey to the fourth annual roundup at Farragut, Idaho.

Attending from Colorado City will be Lynn Gray, Linda Morgan and Brenda Robertson. Fredda McCabe of Silver will also be a member of the group.

The group travels by bus to Dallas where they will join a 29-coach train made up of Scouts from Texas, New Mexico and Oklahoma for the trip to Idaho.

Fourteen Senior Girl Scouts from the West Texas Council are slated to attend the July 15-28 encampment along with the Council's two Girl Guide guests, Carmen Lara and Cecilia Davila, from Colombia who had previously been guests in Colorado City.

About 9,000 Scouts are expected to be on hand for the encampment along with a staff of 2,000 adults to provide needed services for the group.

Scouts from 45 foreign countries are to be represented at the camp in addition to those from across the United States.
