55 Known Death Toll In Rio Grande's Flood

Laredo Water Down, Shows Bridge Is Gone

By DAVE CHEAVENS
LAREDO (AP) — Receding flood waters of the Rio Grande revealed this morning that three spans of the International Highway Bridge here were completely washed out by the history making flood.

Two of the three spans were on the Mexican side, the other on the United States side. Andrew M. Gault, manager of the bridge, said that he has no idea how long it would take to effect temporary repairs. Gault and other engineers were inspecting the bridge and approaches through piles of twisted debris and mud left after yesterday's 62-foot plus record crest.

The water was down to approximately 42 feet this morning. Laredoans lined up for mass typhoid inoculations as many refugees returned to their homes with shovels and brooms to scrape away the mud left by the Rio Grande's flood. Highway backwaters that crept into the city's residential area had drained away this morning.

Officials of both Laredo and Nuevo Laredo, across the Rio Grande in Mexico, joined in a battle against disease and hunger in the wake of the flood.

Officials of neither city were willing to estimate the damage, but they united in thanks that there was no loss of life in the torrents of water that battered their riverfronts and inundated hundreds of residences.

They and high state officials including Gov. Allan Shivers of Texas also renewed demands for swift action on a proposed upstream dam which they believe would have prevented the disaster.

They also renewed demands for swift action on a proposed upstream dam which they believe would have prevented the disaster.

FLOOD AID IS ASKED HERE

An appeal for summer clothing and bedding to be used in the Rio Grande and Ozona flood areas was voiced here Thursday by the Salvation Army.

Lt. Bob Hall is in Ozona assisting in relief work. However, aides here, in response to a telegram from Lt. Col. John A. Morrison, asked those who can make such contributions to either call the Salvation Army or leave the material at the Dora Roberts Citadel, 4th and Ayford. Materials will be sent immediately to San Antonio for redistribution to flood areas.

Rise Expected In Number Deceased

EAGLE PASS, Tex. (AP)—At least 55 persons are dead in the Rio Grande's most devastating flood in history, but the death toll might rise to disaster proportions today.

Across the river from here, at miserable Piedras Negras, Mexico, it was feared hundreds may have died in the collapsed adobe butts of the poor.

Of the counted dead, 38 were at Piedras Negras. Nearly 100 miles north of the river, at Ozona, Tex., one of the flash floods which fed Rio Grande's swollen stream Monday killed at least 16 others. Another died in a Pecos River flood.

Upstream at Del Rio, Tex., and Ciudad Acuna, Mexico, and downstream at Laredo, Tex. and Nuevo Laredo, Mexico, there were few casualties and no deaths from the unprecedented flood. Adequate warnings and other safeguards plus organization paid off, officials said.

Receding flood waters today showed that three spans of the International Highway Bridge at Laredo were washed out completely. It's the main connection on the Pan-American Highway down into Mexico. The river crested yesterday at 62.21 feet at Laredo—ten feet above the previous record crest of September, 1932. The railroad bridge washed away, too.

Large numbers of sick and injured were making their way toward makeshift hospitals last night in Piedras Negras. Sixty-five injured were in temporary medical shelter, and more moved in every minute.

At least 15,000 were homeless and some 7,000 refugees huddled in the hills of Coahuila with no shelter, no food and no water. About 80 per cent of the homes in the city of 35,000 were flooded. Half of those were destroyed as the adobe brick crumbled in the flood.

Daylight—maybe Friday, perhaps next week—may bring a more startling toll of death. But

At least 15,000 were homeless and some 7,000 refugees huddled in the hills of Coahuila with no shelter, no food and no water. About 80 per cent of the homes in the city of 35,000 were flooded. Half of those were destroyed as the adobe brick crumbled in the flood.

Phone Installers Stage Walkout Across Nation

NEW YORK (AP)—Seventeen thousand CIO workers who install and maintain telephone equipment were called on strike across the nation today but a delay in picketing eased any immediate threat of crippled phone communications.

In previous strikes, failure of long distance telephone operators to cross picket lines has caused difficulties.

However, dial phones and automatic equipment could continue to operate for some time before needing attention or repairs.

The CIO Communications workers Union announced shortly after 6 a. m. that "the strike is on."

In some areas—notably the huge metropolitan area of New York and at Baltimore—the walkout was delayed until 11 a. m. (EDT). No explanation was given.

In New York it also was announced that the present plan of the equipment installers is to delay picketing telephone buildings around the nation until next Tuesday morning. But an official said this plan was "subject to change."

The strike was called after a breakdown in negotiations between the CWA's District 10, and the Western Electric Co., which is the manufacturing arm of the American Telephone and Telegraph Co.

The union is seeking a new work contract with various benefits, and the breakup in contract talks dashed hopes of a last-minute settlement hinging on an increased wage offer from Western Electric.

The official start of the strike was announced by Joseph Dunne, director of CWA District 10.

The walkout could cripple the nation's telephone system. It affects telephone operations in 44 states and the District of Columbia. States not involved, a union spokesman said, are Maine, Vermont, New Hampshire and Wyoming.

Last night Western Electric, manufacturing arm of the Bell

Take To Rooftops In Flood

These people took to roofs and balconies in Piedras Negras, Mexico, across the river from Eagle Pass, Tex., as the Rio Grande swept past, inundating the city. The river crested in this area at 53 feet and 38 persons were known dead. (AP Wirephoto).

French Slash Delta Defense

By LARRY ALLEN

SINGAPORE (AP)—Much of the Red River Delta, key prize in the bitter Indochina war, was falling into the hands of the Communist-led Vietminh tonight without a fight.

French Union forces were evacuating swiftly from their hard-to-hold centers in the Delta area. The end to the savage 8-year-old struggle appeared to be not far off.

The French Union forces were generally withdrawing to their last lifeline—the railway and highway linking the capital of Hanoi with the seaport of Haiphong, 64 miles to the east.

An Indochina Dunkerque may come soon at the end of this road—"The most dangerous road in the world." Haiphong is France's last beachhead in northern Viet Nam. It is from there that they will have to make the attempt to evacuate tens of thousands of troops, whether as a result of

cease-fire or after fighting their way through from Hanoi.

The French today announced they were pulling out of such important and heavily populated centers as Phat Diem, Thai Binh, Nam Dinh, and Ninh Binh, all within 55 to 75 miles south and southeast of Hanoi.

That automatically meant an area embracing thousands of villages peopled by around four million Vietnamese were dropping into the hands of the troops of Vietminh Gen. Vo Nguyen Giap.

It also meant that while these millions were being abandoned to communism, the French soon would be shakily controlling only the lifeline between Hanoi and Haiphong and a strip of territory in the northeastern Indochina including the town of Moncaoy on the Chinese border.

That too, however, may soon be given up as the French concentrate all their defensive power in the do-or-die sector between Hanoi and Haiphong.

Barring a cease-fire, the Vietminh are expected quickly to hit the lifeline with a massive human sea attack that could crush the French Union forces.

Whether the Delta then is swept by monsoon rains will make little difference.

The Vietminh usually have staged their heaviest attacks during rainstorms because they immobilize French armor and warplanes.

There is also danger of a possible civil uprising as the Vietminh sweep into thousands of the approximately 5,500 villages where seven million Vietnamese live.

Throughout the war the sympathies of these Vietnamese rice-growers have been with the troops of

cease-fire or after fighting their way through from Hanoi.

Barring a cease-fire, the Vietminh are expected quickly to hit the lifeline with a massive human sea attack that could crush the French Union forces.

First Report Is Presented On Martin Finances

STANTON (SC) — Three committees presented a preliminary report of Martin County's finances to the 118th District Court Grand Jury here Thursday morning.

Judge Charles Sullivan received the report and granted a request that the committee be permitted to continue its studies. At mid-morning the three, R. P. Simpson, V. E. Bearden and Jess Miles, were in conference with the grand jury. They had been named by the judge previously after the grand jury, in an examination of the county's fiscal status, had recommended that such a committee be selected to conduct an inspection of financial records.

The court described the report as "rather voluminous—some 40-50 pages. It contains quite a few exhibits and is rather thick about like an average abstract."

But there was no indication as to what the report contained or whether it reached any conclusions.

Miles told Judge Sullivan that he felt that some more work was necessary and that the three men wanted to continue the study. The request was granted.

Two men, whom Deputy Sheriff A. C. Abernathy had sought to contact in Marble Falls on Wednesday, appeared here today. But the elder, Amos Jones, 64, was confined to the Martin County Memorial Hospital, and Dr. Bob Hornberger told Sheriff Dan Saunders that he would be in no condition to meet with the jury today. He came here with his son, Paul Jones.

In presenting the report to the court this morning, Miles described it as a preliminary one.

The study was initiated after Martin County's general fund was exhausted two months ago.

Mrs. Roosevelt Cancels Her Plans For Soviet Trip

NEW YORK (AP)—Within hours of scheduled departure time, Mrs. Franklin D. Roosevelt canceled plans today for a trip to Russia because Soviet officials had withheld a visa for a trained newsman or Russian speaking writer to accompany her.

At a news conference in the office of Look Magazine for which she was to make the trip to write of her observations, the widow of the former President suggested perhaps the Soviet Union was trying to force her to go on its terms or "mistrusted" her. Or, she said, it might be just inefficiency.

In any event she said this month was the only time she had available for the month-long trip so she was canceling her plans. She was scheduled to leave at 4 p. m.

Cooley (D-NC), the chairman and senior minority member of the House Agriculture Committee, assailed these arguments last night in a nationwide broadcast reply to earlier talks by Vice President Nixon and Secretary of Agriculture Benson.

Cooley said "a deliberate effort has been made by people in high places" to persuade the public the farm program has incurred huge losses, and he added: "The truth is the losses have not been burdensome."

Hope said that contrary to a popular view, price support aid to farmers has "very little to do" with prices paid by housewives. He said also farmers "are doing their part in taking care of surpluses" by reducing plantings and operating under strict controls.

The administration yesterday fired at Congress a request for another 1 1/2 billion dollars to support farm crop prices after this fall's harvest.

The President sent to Speaker Martin (R-Mass.) a letter from Benson, with his endorsement, asking for an increase in the lending authority of the Commodity Credit Corp. from its present \$4 billion dollars to \$5 billion.

The CCC only a few months ago was voted an extra 1 1/2 billion dollars. It now holds about 6 1/2 billion dollars in surplus farm stocks.

Mrs. C. V. Wash, Forsan, was severely burned about the legs and body Wednesday evening in an accident at her home.

Friends reported some greasy clothing which was being washed became ignited, burning Mrs. Wash. She was brought to Malone & Hogan Hospital in Big Spring for treatment of the injuries.

27 Indictments List 26 Names

The Howard County Grand Jury returned 27 indictments in which 26 persons were named in its report last night.

The grand jury returned the following indictments against the persons named and set the amounts of bail listed after each indictment:

Jessie Lee Polk, possession of marijuana, \$2,000.
Jack W. Stephens, child desertion, \$1,000.
George Kean and Herbert Cochran, burglary, \$3,000 each.
Clarence O. Myers, forgery, \$1,000.
Nieves Arguilo, driving while intoxicated, second offense, \$1,000.
Ira Dees, driving while intoxicated, second offense, \$1,000.
Louis Kusina alias A. J. Denton, defrauding with worthless check, \$1,000.
Louis Kusina alias A. J. Denton, theft, \$3,000.
Delbert F. Jones, theft, \$1,000.
Waymon Myles Jr., assault with intent to murder, \$2,000.
Don Beebe, forgery, \$1,000.
Chester Hall, forgery, \$1,000.
Herman L. Johnson, attempted

murder, \$1,000.

Grand Jury Asks Police In 'Flats'

The Howard County Grand Jury recommended the assignment of two policemen to the "flats" section of Big Spring and questioned the adequacy and sanitary conditions of the city jail in a report filed in 118th District Court this morning by A. G. Mitchell, foreman.

And in a letter to County Judge R. H. Weaver and the County Commissioners Court, the jury recommended the employment of a full-time investigator for the district attorney's office.

Three other recommendations were made in the report filed in District Court. Mitchell told District Judge Charlie Sullivan last night, when 27 indictments were returned, that he would submit the recommendations today on authority of the grand jury.

Other recommendations made in the filed report were:

1. Installation of inter-communications equipment in the county jail.

2. Installation of two doors in the run-around to prevent the passing of notes and other objects in the county jail, and

3. That law enforcement bodies of Howard County and the City of Big Spring maintain a closer surveillance of all persons under-age who are loitering in or around places that sell intoxicating beverages.

In the letter to Judge Weaver, the grand jury said it believes that a special investigator, assigned to the district attorney's office "could give the felony cases of Howard County the close and continuous investigation needed for good law enforcement."

"The sheriff's office can't be expected to work family fights, car wrecks, stray dogs, drunks, and checks and still have time to make deliberate and careful investigations of felony cases," the letter said.

Grand Jurors said in the report filed in District Court that "after making an investigation of the city jail, we the grand jury find that the jail is inadequate, unsanitary, and recommend that these conditions be corrected."

The grand jury recommended "that city officials see to it that two permanent beat men are placed on the north side of the City of Big Spring, in the community belt

time investigator for the district attorney's office.

Three other recommendations were made in the report filed in District Court. Mitchell told District Judge Charlie Sullivan last night, when 27 indictments were returned, that he would submit the recommendations today on authority of the grand jury.

Other recommendations made in the filed report were:

1. Installation of inter-communications equipment in the county jail.

Grand Jurors said in the report filed in District Court that "after making an investigation of the city jail, we the grand jury find that the jail is inadequate, unsanitary, and recommend that these conditions be corrected."

HOUSE TO VOTE

Showdown Battle Ahead On Farm Price Supports Issue

WASHINGTON (AP)—The administration's politically explosive farm program faced its crucial test in the House today with President Eisenhower and many members of his own party bitterly at odds.

The House was called into session two hours ahead of normal to start voting on the farm bill and Republican House leaders were reported ready to offer a compromise which would preserve the President's program in bare principle.

But farm state forces, including many Democrats, were cool toward talk of compromise and gave signs of making a showdown fight for continued high price supports in the face of the President's opposition.

Both sides counted on the support of Northern big city members whose constituents are most interested in grocery store prices. A possible tipoff as to how the Northern Democratic vote might go was an announcement last night that the New York Democratic delegation would back high price supports.

Committee and calling for another year of price supports on basic crops at 90 per cent of parity. Parity is a standard for measuring farm prices set by law to give farmers a fair return in relation to their costs.

The administration backs a flexible scale in which supports would range from 75 to 90 per cent of parity.

Republican House Leader Halleck of Indiana told reporters he favors a substitute for the high support section of the committee bill which would keep the minimum support level at 90 or 85 per cent of parity rather than 75.

"It would re-establish the principle of flexibility, but with a higher minimum parity figure," he said, and declared: "I think we can win with it."

President Eisenhower told his news conference yesterday he still backs his program for flexible supports, but he said he planned no new appeal to the House. There has been speculation he would urge an extension of 90 per cent of parity.

The administration argues that flexible supports would tend to stop the accumulation of surpluses, by lowering the support level when stocks are ample, and would stimulate production when needed, by raising supports in time of scarcity.

Representatives Hope (R-Kan.)

Safe-Cracking Try Is Made In Stanton

STANTON (SC) — An attempt was made to crack the safe of Blocker Oil Company here Wednesday night.

Sheriff Dan Saunders said that the would-be burglar sawed two hinges off the safe but apparently was unable to pry the door off. The cash register had been forced but \$2 in pennies was not taken.

Forsan Woman Is Severely Burned

Mrs. C. V. Wash, Forsan, was severely burned about the legs and body Wednesday evening in an accident at her home.

Friends reported some greasy clothing which was being washed became ignited, burning Mrs. Wash. She was brought to Malone & Hogan Hospital in Big Spring for treatment of the injuries.

FIREWORKS, TOO

52 Girls Will Compete For Beauty Titles Here

Fifty-two girls will compete in Independence Day beauty contests here Monday night for the titles Miss Big Spring and Miss Howard County.

The contests, sponsored by the Business and Professional Women's Club, will be held in the City Park amphitheatre. Music, to be furnished by the Webb Air Force Base band, will begin at 7:15 p. m.

An impressive program has been planned for spectators, and immediately following the beauty contests there will be a fireworks display. Spectators can see both shows from their seats in the amphitheatre.

There is no charge, and everyone is invited.

Bruce Frazier Jr. will again be master of ceremonies for the occasion. Chaplin C. O. Hitt will lead the opening prayer, and solos will be presented by Mrs. Cornelia Frazier Barlow and Arnold Marshall.

The American Legion Drill Squad will present a flag ceremony prior to the contest. The beauty parade is scheduled between 8 and 8:15 p. m.

It is expected that the fireworks display, to be sponsored by the Chamber of Commerce, will begin between 9 and 9:15 p. m. A total of 150 shells will be exploded, and the show will be climaxed with the lighting of Niagara Falls and

the American Flag. The fireworks display will be on the hill opposite the amphitheatre.

Ten girls have entered the Miss Howard County contest, and Marie Newman has been selected Little Miss Howard County for 1954. The other 42 girls are in the Miss Big Spring contest. Robbie Brown is Little Miss Big Spring of 1954.

Entrants in the Miss Howard County contest and their sponsors are: Beverly Meador, Shroyer Motors; Mackie Lee Brooks, Coahoma Drug; Paula Russell, True-Vue Television; Connie Crow, Good Housekeeping Furniture; Patsy Owens, Joe Nixon Cleaners of Coahoma; Marlow Staggs, Toby's Drive In; Nancy Miller, Wagon Wheel Restaurant; Nan Holiday, West Texas Roofing; Sue Jones, Westex Oil Company; and June Tindol, Stanley Hardware.

The Farm Bureau is sponsoring Little Miss Newman.

Those to compete in the Miss Big Spring contest include: Alice Ann Martin, McEwen Motors; Anne Gray, Girl Scout Organization; Marilyn Morris, Lone Star Motor; LaRue Casey, Dillard's; Barbara Bowen, Cook Appliance; Lila Turner, Nalley Funeral Home; Nancy Smith, Texas Coca Cola Bottling Company.

Lyette Blum, Elderly-River Funeral Home; Sandra Flowers, Yea-

as Electric Service Company; Sally Cowper, Tidwell Chevrolet; LeJuan Horton, Tri-City Dr. Pepper Bottling; Mary Frances Norman, Hardesty Drug; Janelle Neel, Hester's Supply.

Ann Riechbourg, Gilbert's Shoe Store; Joyce Horne, Neel's Transfer; Donna Belev, Franklin's; Nola Colwell, M-Lady's; Claudine Butler, Rhoads Realter; Sandra Jennings, Lewis' Variety; Anne Ross, Walker's Pharmacy; Shirley West, C. R. Anthony; Vesta Harrison, Western Auto; Jo Nell West, Big Spring Drug; Marilyn Constant, Swartz's; Patricia Lloyd, Mathis; Nancy Pittman, Ken Scudder's Household Equipment; Peggy White, Ideal Laundry.

Versatile Machine

Mrs. R. R. Fields, left, demonstrates to Mrs. Leonard Rooks some of the operations that may be performed on the Necchi sewing machine without the need of bothersome changes, in a variety of sizes and cabinet stylings, are on display at the change, 120 E. 2nd Street. Gilliland also distributes Elna portable and Domestic "straight-stitch" machines in this area.

Freezer Lockers May Be Rented

Approximately 11,000 lockers are provided for customer use at Big Spring Locker Company, 100 Goliad. The facilities are also used by local grocery firms for food storage.

For sale at the locker company are all types of meats, produced on the locker company farms. The meats are sold both wholesale and retail. Lockers are available for rental.

Persons who rent lockers may obtain all necessary freezer supplies at the locker plant. Included in these supplies are freezer bags, jars, paper, and tape; and frozen food containers.

Amana refrigerators with "storm" doors, home food freezers, upright food freezers, and air conditioners also are available.

With the purchase of a home food freezer a person is given the right to buy food at quality discount prices, sales manager Levi Russell says.

The locker company also maintains a stock of all types of frozen foods and fruit juices.

Canned meats, soups, barbecue sauce, shortening, frying oil, napkins, paper cups, paper plates, and kitchen tissues are for sale.

Big Spring Locker Company is owned by Jim Kinsey and Marvin Sewell. Kinsey manages the locker and Sewell is stock farm manager.

European types of earthworm are often more vigorous than those in other areas of the world and when introduced into such areas, frequently displace native species.

Specialty Of Glen Brown Grocery Is Free Delivery

Free and quick delivery is a specialty of Glen Brown Grocery, 904 West 3rd. Orders are delivered whenever and wherever the customer desires. Brown points out that the delivery service extends to any point within the city. Of course, purchases are delivered during business hours, 8 a.m. to 7 p.m. If the housewife finds herself without an automobile for the day she can always phone the order in. Brown or a store clerk will fill that order to specification and have it at her house in time for meal preparation.

The store number is 4-7811, and Brown says that the housewife should not hesitate to call if she just has a small purchase. Deliveries of all sizes are made.

For those who do have automobiles but hate to look for parking space, there is no problem at Brown's. There is plenty of space around the store for customers to park their vehicles.

The Glen Brown Grocery has a complete stock of groceries. The housewife can find anything on the store shelves that can be found in other establishments. In addition to regular items, Brown handles drugs and sundries.

And Brown, who is the store butcher, points out that his prices are "right."

All types of meat selections, including luncheon cuts, can be found in the store cooler. Vegetables, dairy products and staple grocery items are plentiful.

Motorcycles Safe, Thixton Points Out

Quoting from a recent interview famed sports announcer Bill Stern gave recently to the magazine American Motor Cycling, Cecil Thixton—owner and manager of The Harley-Davidson Shop in Big Spring—gives facts and figures to show that the motorcycle is a safe vehicle and motorcycling a safe sport.

Most people who look at a motorcycle think they are not safe, according to Stern. On all sides, you hear such remarks as "Riding a motorcycle is fool-hardy" and "Too many people get killed."

People who make such claims are badly misinformed, according to Bill. The famed announcer pointed out that there are four million automobiles in this country, compared to only 270,000 motorcycles.

From 1940 through 1953, he pointed out, there was one automobile accident for every 49,000 miles driven.

In the same period, there was one motorcycle accident for every 330,000 miles driven!

In other words, said Stern, there are six times as many automobile accidents as there are motorcycle accidents.

Stern uses another basis of comparison—using the same years from 1940 to 1953. There was an average of 31,700 deaths per year by automobile drivers compared to an average of nine deaths per year by riders of motorcycles. Again comparing the two, motorcycle safety record per mile, per vehicle was 89 per cent better than automobile drivers.

Last year, automobiles travelled 330 billion passenger miles, killing 38,500 drivers. At the same time, motorcycle drivers in the US covered 218 million miles and killed but six riders.

Stern attributes the safety of the motorcycle to the fact that a

motorcyclist at all times has unrestricted visibility, has a constant flow of fresh air on his face at all times, keeping him mentally alert; has his hands and his feet on the controls at all times; and most motorcyclists fall within the age group where their responses are the quickest.

MORTGAGE PLAN THAT GUARANTEES

1. Debt-free home during mortgage period for family.
2. Paid-up life at end of mortgage that provides permanent minimum estate.
3. Monthly lifetime income that provides retirement fund.

Esco Hamlin Given Dinner On Birthday

LUTHER—Esco Hamlin was entertained with a birthday dinner by his mother, Mrs. O. E. Hamlin, recently. Guests were Mrs. Hamlin's sisters, Mrs. Roy Motley and three children of Stanton, Mrs. Nettie Owens and Mrs. Hamlin's father, W. T. Turner of Eunice, N. M., and Roger Tate of Knott.

Recent visitors in the home of Mr. and Mrs. A. G. Smith were Mr. and Mrs. G. B. Smith and Mr. and Mrs. Cromwell Rhoads, all of Big Spring, Mrs. R. T. Harris and Judy of Trona, California.

Mr. and Mrs. Clifton Little of Houston have been visiting his parents, Mr. and Mrs. W. H. Little and a brother and family, Mr. and Mrs. Virgil Little.

Mr. and Mrs. W. D. Anderson is in Lubbock to visit a daughter and family, Mr. and Mrs. Norvin Smith Jr. The Andersons plan to go on to Amarillo to visit another daughter, Mr. and Mrs. Roy Eastland and children, before returning home.

Mr. and Mrs. Hollis Puckett and children returned recently from vacationing at San Antonio and Austin.

Mrs. Sue Lindsey and Sandra of Odessa visited her daughter and family, Mr. and Mrs. Neil Spencer, recently.

Lamesa BPW Has Officer Installation

LAMESA — Mrs. L. E. Petty was installed as president of the Lamesa Chapter of the Business and Professional Women's Club Tuesday night at an installation dinner in Bart's Drive-In.

Other officers installed were Mrs. D. E. Huff, vice president; Mrs. Lillian Blanton, second vice president; Mrs. Derwood Peterson, recording secretary; Mrs. Frank Dennis, corresponding secretary; and Mrs. Virginia Holley, treasurer. Mrs. Lillian Blanton served as installation officer.

Proceeding the installation ceremony, Mrs. Blanton presented Mrs. Floy Barfoot, retiring president, with an orchid corsage and a pot plant in appreciation of her work as president.

Arrangements of roses decorated the dinner table. Hostesses for the occasion were Mrs. Flora Leuenberger and Mrs. Irene McDaniel.

Women Of Church Hear Mrs. Moore

Mrs. Otis Moore conducted the meeting of St. Paul Presbyterian Women of the Church recently when they met at the church. She gave the opening and closing prayers and brought the lesson study. This was based on Scripture from Ephesians and gave the characteristics which a Christian should possess for effective daily living.

It was announced that there would be no meeting on July 5th because of the holiday, but members were reminded that the second Monday is to be used in visiting. On July 19, both circles will meet at the church. The circles are to help with the Westside Recreation Center this week.

Raspberries Honored At Wedding Shower

Sgt. and Mrs. Curtis Rasberry, who are home on furlough from the Air Force, were honored with a post-wedding shower Tuesday night in the home of Mr. and Mrs. H. A. Davis, 1107 N. Gregg. Other hostesses were Mrs. Tom Castle, Mrs. M. A. Cockrell, and Mrs. W. W. Barber.

Music was furnished by Mr. and Mrs. Castle, Don Rasberry, and Frances Davis. Sgt. Rasberry is stationed in Alexandria, La. Twenty-five guests attended.

Girl Scouts Return From Colorado Trip

LAMESA — Girl Scout Troop 13 has returned to Lamesa after a nine-day trip to Colorado. Mrs. D. E. Dudley, leader, Mr. Dudley and Mrs. Norman Frogge accompanied the seven scouts making the trip.

The trip itinerary included stops in Colorado Springs, Denver and Estes Park. Cost of the trip per girl was \$6.50, which funds from bake sales, salted nuts and cookies helped finance. Scouts making the trip were Jan Britt, Lynda Lauderdale, Jean and Lynda Frogge, Patricia Ellison, Carolyn Porterfield, and Mary Beth Dudley.

Woman's Study Club Meets In Lamesa

LAMESA—The Junior Woman's Study Club met recently in the home of Mrs. Forest Bittchell. Hostesses for the occasion were Mrs. Louis Davis, Mrs. Charles Luak, Mrs. Hugh Shady, Mrs. Carroll Brough, and Mrs. Harold Holmes.

Plans were made for a club visit to Girls Town in Whiteface on July 13. Members also decided to schedule the summer business meetings for the fourth Tuesday of each month. Regular socials will be held once a month during the summer.

Watch The Make-Up

Teen-ager Ann Whitfield feels that it is wrong for the younger set to wear too much make-up. The popular NBC actress takes time out for a root beer, here, between assignments on the "One Man's Family" radio show (she plays Penny) and its television counterpart (where she plays Claudia).

California Guests Visit Relatives

LUTHER—Guests in the home of Mr. and Mrs. C. H. Hyden have been Mr. and Mrs. Ross Hyden and children of Big Spring. Mrs. and Mrs. Delbert Simpson of Big Spring visited his mother, Mrs. Rubye Simpson, recently. Other visitors in her home have been Judy Harris of Trona, California, and Mellisa Simpson of Big Spring.

Mrs. and Mrs. W. A. Collins of Electra visited Mr. and Mrs. V. C. Henry, Tuesday afternoon. Mr. and Mrs. D. C. ant and Carol Gene attended the funeral of Mr. Zant's cousin Miss Martha Mae Davis at Hamlin, recently. Miss Davis, who was Baptist missionary to Mexico was injured in an automobile accident June 12th and died in a hospital in Irapuato, Mexico June 15th. She was appointed to Mexico in April 1933 and had been serving as assistant director of the Girl's Student home in Guadalajara. She was a native of Aspermont. Her parents are Mr. and Mrs. W. H. Davis of Hamlin.

A recent visitor in the home of Mr. and Mrs. W. D. Anderson was her brother, Scott Downing of Canyon, on his way to San Antonio to get his wife and baby, who have been visiting relatives.

Sgt. and Mrs. Curtis Rasberry of Alexandria AFB in Louisiana, Mrs. Howard Wood and Lonnie of Fort Arthur, and Mrs. Kate McKinney of Diful returned to their homes Wednesday after spending a week here with Mr. and Mrs. Don Rasberry and Mr. and Mrs. Melvin Porter.

Making sandwiches and no lettuce in the house? Use the tops of a stalk of celery.

Luther Folks Entertain And Travel

LUTHER—Mrs. Billy Gill and son of San Antonio have been visiting her parents, Mr. and Mrs. L. Underwood.

Mr. and Mrs. Clark Hall and son returned the latter part of the week from Oklahoma, where they had been vacationing.

Martha Couch has been in the past week.

Mr. and Mrs. Max Lloyd of St. Louis, Mo. are visiting his parents, Mr. and Mrs. Bus Lloyd.

Mr. and Mrs. Tom Spencer of Comanche have been visiting their son and family, Mr. and Mrs. Neil Spencer.

Mr. and Mrs. Van Owens spent the week end in Denison visiting her son and family, Mr. and Mrs. Donald Joe Simpson.

Recent visitors in the home of Mr. and Mrs. Luther Fos have been a daughter and grand-daughter, Mrs. R. T. Harris and Judy of Trona, California.

Guests in the S. G. Bledsoe and Willard Hendrick homes are Mrs. Jesse Jones, Chester, Grady, Ann and Frances Kaye of Fayetteville, Ark. Mrs. Jones is the former Maurice Bledsoe.

Tips For A Happy, Comfortable Vacation

By VIVIAN BROWN

So you're going on a vacation. And after much planning, chances are you may arrive at your chosen spot minus many things that will make you comfortable, better groomed and more content.

The best way to avoid that possibility is to make a list weeks in advance of your vacation, if possible. Carry it in your handbag or tack it up in your bedroom and jot down items whenever you think of them.

Make a list of categories such as "sports," "beach" or "mountains" (as the case may be), "evening wear," "bedtime," "car" (if you plan to motor), "beauty."

Take each category on a head-

to-toe basis. For car travel for instance, you'd want a handanna or a brimmed hat, sun glasses, a light but comfortable suit or dress with jacket.

In the beauty department you'll want a little kit to carry in the glove compartment for quick brush-ups at roadside washstands. Equip a little plastic bag with a shaker of talc, soap, wash cloth, sachet, comb and brush. A light scent such as lavender in your toiletries shouldn't irritate the driver, and will give you a pleasant and refreshed lift each time you make use of them.

Be sure to wrap such grooming aids as nail polish, nail implements, lipsticks and perfumes in cotton batting or cleansing tissues and stuff them into shoes or slippers. Such things as sweaters are easily forgotten if you depart for your vacation resort on a hot day.

But a warm sweater, and even a coat, will come in handy if the weather turns chilly. Then, too, don't be afraid you'll jinx the weather by taking along your umbrella and raincoat. These are handy items to keep available in the car.

Ackerly FHA Girls End Summer Studies With Lubbock Trip

ACKERLY—The FHA girls celebrated the end of their summer home-making activities by going to Lubbock Monday. A movie and a swimming party were on the agenda for the day. Those making the trip were Helen Dosier, Wanda Williams, Beverly Russell, Zenobia Crain, Freida White, Helen Reithmayer, Marsha Bea Rhea, Joyce Oaks, Esther Reithmayer, Mary West, Eula Maude Hamby, Mary W. M. Dosier, and Frances Lay, teacher.

Guests Visit Families In Lamesa

Mr. and Mrs. L. A. Cole and sons, David, Steve, and Terry, of Redwood City, Calif., have been recent visitors in the home of Mr. and Mrs. Frank Dennis and Mrs. J. M. Russell.

Mrs. Mary Allen of Klamath Falls, Oregon is visiting her sister, Mrs. Frank Condon and family. Also visiting with the Condons is Mrs. Condon's uncle, Homer Ingram of Tulare, Calif.

Mrs. J. J. Flache is improving at her home following treatment at a Lubbock hospital.

Dr. and Mrs. Luther Key and sons, Bill and Bob, of Seagraves will be in Lamesa Friday to visit Dr. Key's mother, Mrs. V. O. Key, and sister and family, Dr. and Mrs. Noble H. Price.

Mr. and Mrs. W. J. Beckham, Josh and Cookie will leave Lamesa Friday for Berkeley, Calif., where they will attend the wedding of their son, Lt. Carroll T. (Sparky) Beckham and Miss Merrie Meadows, daughter of Charles Meadows and the late Mrs. Meadows.

Mr. and Mrs. Hoyt McClendon, Jerry and Annette, have just returned from a two-weeks vacation in Atlanta, Georgia.

Mr. and Mrs. Abe Holder, Julia, Lynn, Virginia and Edward are visiting relatives in Waco, Greenville and other points in northeast Texas.

Ten From Big Spring Attend Reunion At Lamesa City Park

The descendants of the late William and Mary McNew held their annual reunion at the Club House in the Lamesa City Park recently.

Mrs. Clyde Bailey of Lamesa was in charge of the arrangements. Next year the reunion will be held at the same place the first Sunday after Father's Day with Mrs. Alice Richards in charge. Carl Smith of Lubbock offered thanks.

Those attending from Big Spring were Mr. and Mrs. Roy McNew, Mr. and Mrs. Dwight McCann and Coy Joe, Mrs. Bonnie Payne and Jackie, and Mrs. J. C. Gilbert, Janice and Fae. One hundred and sixty-five guests attended. Others were from Lamesa, Odessa, Midland, Andrews, Ft. Davis, Florey, Denver City, Post, Meadow, Snyder, Lenora, Seminole, Stanton, Loop, Lubbock, El Paso, Coahoma, Amherst, Foran; Hobbs, N. M.; Willard, N. M.; Fresno, Calif., and Cortey, Colo.

Lamesa FHA Picnic

LAMESA — The Lamesa Chapter of the Future Homemakers of America had their annual swimming party and picnic Wednesday at Forrest Park. The arrangements committee was composed of Nancy Henry, Anness Pritchett, and Lousa Parks. The local FHA chapter furnished the drinks for the picnic.

Address: PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

(Please allow two weeks for delivery.) For first class mail include an extra 5 cents per pattern. THE SPRING-SUMMER FASHION BOOK is now available. From cover to cover, it's agog with simple - to - make vacation favorites. Scores of smart original designs for all occasions, all ages, all sizes and all members of the family. IN COLOR. Price just 25 cents.

A Bible Thought For Today

But in human relations he must work through your hands and minds. You are greatly needed by the infinite. "How manifest are thy works, in wisdom hast thou made them all." — Psalm 104:24.

Dangerous Weekend Lies Ahead, Be Careful So You Can Survive

The National Safety Council believes 430 Americans will lose their lives in traffic accidents during the three-day Independence Day period starting Saturday and ending Monday.

Playing it safe in traffic includes more than careful attention to driving chores. Being sure your car is in good mechanical condition before you start is important.

Regardless Of Official Attitudes, We Are Not Loved South Of Border

An old bit of doggerel runs: "I do not love thee, Doctor Fell, the reason why I cannot tell; But this alone I know full well, I do not love thee, Doctor Fell."

Guatemala recently ousted, anti-U. S. demonstration in Tegucigalpa. Honduras, last week by students was fired on by police, resulting in wounds to seven persons.

Washington Calling—Marquis Childs

Many Senators Worried About McCarthyism, Smear Politics

WASHINGTON — Both Republican and Democratic Senators are deeply concerned over the extent to which smear politics has been carried. It is becoming more and more evident to the members of a body that jealously guards the rights and privileges of both the individual and the institution that something new and profound is disturbing it.

If this were an isolated episode, it might pass without comment. But today it threatens to become a pattern. McCarthy's hint of charges against a Democratic Senator is only one instance of how this practice is spreading. Here are some others:

The conviction is spreading that Senator Joseph McCarthy, as chairman of the Senate Committee on Government Operations and its investigating subcommittee, is using funds voted by the Senate to investigate other Senators.

Removal of Senator McCarthy from his committee chairmanship would help to clear the atmosphere. But even Senator Flanders, author of the resolution, is frank to say in private he does not believe this will happen.

The Big Spring Herald

Published Monday morning and weekday afternoons. APPLICABLE NEWSPAPER. Entered as second class under July 12, 1938, at the Post Office at Big Spring, Texas, under No. 245,000.

Few Senators doubt that the votes are at hand today to remove McCarthy from all committee responsibility. Removal from the Senate would be more doubtful, although some believe this could be brought about, too.

School Bus Is Boat

CLAYTON, Iowa (U.S.) — A rowboat is a school bus for the six school age children of the Peter Edfors family. They live on Beaver Island in the Mississippi River.

"Nonsense—We Never Felt Better In My Life"

The World Today — James Marlow

Meeting Between Churchill, Eisenhower Apparently British-American Standoff

WASHINGTON (U.S.)—The meeting between President Eisenhower and Sir Winston Churchill, judging from the two statements they issued, looks like an American-British standoff, with both sides yielding a bit.

United action in Southeast Asia—which is what Secretary of State Dulles had been talking about—has been delayed. Britain's Foreign Secretary Eden wanted it delayed.

Just before coming here last week, Eden proposed a Locarno-type agreement for Southeast Asia. It would include the United States, Britain, France, the Southeast Asian countries, Russia and Communist China.

The Communist-led Vietnam was kicking the French around in Indochina. Dulles urged the British to join the United States in united action to save Indochina. Eden didn't want any, he said, until he had a chance to see whether the Geneva conference could produce peace in Indochina.

Since the British wouldn't go to their aid, and the United States wouldn't either unless the British joined in, the French were left with the choice of fighting harder in Indochina or dickering with the Communists for peace.

GRIN AND BEAR IT

"Sorry, Mr. Fighel... but in your group insurance plan EVERY member must have a broken left leg, injured right arm and a black eye all at the same time."

Around The Rim—The Herald Staff

Don't Invite Thieves To Enter Your Home While You're Gone

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

The man in coveralls paused on the steps and gazed around before ringing the doorbell. He was a repairman of some sort, judging from the tool kit he placed at his feet.

or to at least make his work unpleasant, however, the FBI says. The criminal chaser list a number of precautions the householder can take to discourage the ransacking of his premises while he's away.

Business Outlook—J. A. Livingston

Reds Couldn't Understand Fuss Of GMC, Wall Street Journal

A Russian newspaper man would be hard put to understand the fracas between General Motors Corp. and the Wall Street Journal. G. M., the outstanding symbol of American corporate enterprise, has broken off advertising relations with the newspaper which has long been symbolic of American capitalism.

The Wall Street Journal takes the position that news is determined by reader interest—not by the source. Car buyers want to know what's going on in Detroit.

The official Russian view of the U. S. is that business conspires against the American working man. The newspapers, especially a Wall Street newspaper, would be parties to this conspiracy.

As a newspaper man, I can't be impartial. I think G. M. made an error in judgment. Naturally, G. M. doesn't want its plans made known in advance.

Among newspaper men covering Detroit, the description of new models has usually been put off to late summer and early fall, except for tidbits in the trade press for the benefit of dealers.

I suspect that the effect of the article and drawings was exaggerated in Detroit. Any experienced car buyer knows that new models come out in the fall.

Shortly after the Wall Street Journal broke this unwritten rule, G. M. canceled a Frigidaire ad—an indication that this was a high-policy decision, not the hot-headed action of an irate automobile advertising manager.

G. M.'s withdrawal of advertising touches the sensitive nerve of newspaper men who like to think that news policy is not influenced by the business office.

G. M., too, insists it isn't trying to censor news. Its complaint is that the Wall Street Journal wasn't free to print information "obtained through a breach in a confidential relationship and in violation of our property rights."

News men argue that the reason G. M., Ford, or Post Toasties advertise in newspapers, magazines, or on radio or TV is that it's profitable.

Designs, argues G. M., are the guts of our business. We have to make known designs to suppliers who make parts for us. These suppliers are not free to disclose this information.

These suppliers are not free to disclose this information. Neither is any one at G. M. Therefore, the Wall Street Journal was printing material not properly in its possession.

Notebook—Hal Boyle

How Man Carries Wallet Indication Of Personality

NEW YORK (U.S.)—Did you know that the way you carry your wallet reflects your personality almost as much as the way you wear your face?

How Man Carries Wallet Indication Of Personality. How Cooper, a psychiatrist, has analyzed the pocketbook-packing habits of American men and says they are "probably as good a test for individual psychological factors" as any.

Cooper found that many men today periodically shift their wallet from the back pocket of their trousers to their inside coat pocket.

Those who dislike him call him brash, ill-tempered, aggressive. Undoubtedly, he has a special gift for making intense enemies and loyal friends.

"That is a sign they feel insecure about people as well as worried about the safety of their cash," he said.

Cooper said the man who carries his money in a metal clip separate from his wallet is less concerned over material wealth.

"On the other hand, a man who carries his money in a metal clip separate from his wallet is less concerned over material wealth. He is less afraid of losing his cash than he is of losing his driver's license."

It is Roy Cohn of whom I write, at 27, a national figure whose mail pours in like a movie star's. He was a graduate lawyer at 20; a clerk in the United States Attorney's office before he was admitted to the bar.

"He may be stingy, rigid of mind and stubborn. He is likely to be generous only in spurts. But a man with too neat a wallet may have even less of a withholding personality than one with a messy wallet."

It usually takes between three and five years for a lawyer to fit himself to handle Communist cases. Because of the Reds' use of Aesopian language, as, for instance, using the word peace when war is meant, or democracy when a dictatorship of an elite controlling a party is meant, it is necessary for a lawyer who goes into such cases to have made a full study of the literature of the subject.

How about the guy who marries and still keeps the picture of a former girl friend in his wallet? "That probably shows an impulse toward self-destruction," smiled Dr. Cooper.

It is Roy Cohn of whom I write, at 27, a national figure whose mail pours in like a movie star's. He was a graduate lawyer at 20; a clerk in the United States Attorney's office before he was admitted to the bar.

Anti-Red Kidnaped

FRANKFURT, Germany (U.S.) — The anti-Communist NTS organization reports one of its members has been kidnaped by Russian agents in the Soviet zone of Austria.

This has, in no small measure, been the secret of Roy Cohn's success in the preparation of the case of the top Communist eleven, the Birmingham case, the second string Communist case, and the Rosenberg case. While Cohn worked alone on none of these cases, his contribution in all of them has been enormous, his ability unmitigated.

A long-term trend toward lower consumption of wine in the world has produced large surpluses in a number of countries.

I can write of Cohn with frankness because we are friends between whom there can be no flattery or malice. It is not secret that when Cohn took over the chief counselship of the McCarthy committee, he found not a case in the files which had any meaning.

Sign Steel Contract

David J. McDonald, president of the CIO United Steelworkers, right, and John A. Stephens, vice president in charge of industrial relations for U. S. Steel Corp., left, sign the 1954 steel contract in Pittsburgh, Pa., calling for a package which the union estimates at 12 cents an hour raise. (AP Wirephoto).

\$75 Fine Set In DWI Case

Blex Armendaraz was fined \$75 and costs in County Court this morning when he pleaded guilty to charges of driving while intoxicated. Charges against Armendaraz were filed on complaint of Highway Patrol officers. They said he was driver of a car involved in an accident on Highway 80 at the eastern edge of Big Spring Wednesday evening. Virgil Ray Pasley, of the Big Spring Trailer Courts, was driver of the other car involved. Patrolmen said. Damage was light. Also fined in County Court this morning was Gerald H. Erroh, who also pleaded guilty to driving while intoxicated charges filed on complaint of the Highway Patrol. Charges of driving while intoxicated were filed Wednesday against Milton Jackson Miller Jr. Miller still is in Cowper Hospital for treatment of knee and shoulder injuries received Tuesday night when his car overturned on Highway 80 about seven miles west of Big Spring. Van Elston, also injured in the mishap, has been dismissed from the hospital. Both men are from Midland, the Highway Patrol said.

Dawson Wildcat Test Finds 120 Feet Oil And Gas-Cut Mud

A total of 120 feet of heavily oil and gas-cut mud has been recovered on a drillstem test of the Mississippi at Magnolia No. 1. J. H. Foster, wildcat in South Dawson County. In Howard County's Luther Southeast pool, Texas Pacific Oil and Oil No. 1 Underwood reported to flow 238 barrels of oil in two hours and 19 minutes. The same firm's No. 2 Haney had 60 feet of highly oil-cut mud and 270 feet of oil and gas-cut mud on a Siluro-Devonian test. Standstill No. 1-A J. Y. Graves in Southeast Dawson flowed 16 barrels of new oil from the Dean sand on plug-back tests. New area locations were spotted in the Moore and Oceanic fields.

AF Operates Own Recruiting Service

The United States Air Force today took over operational control of its own recruiting service. Since 1947, when the Air Force and the Army became two separate organizations, Army and Air Force recruiting was accomplished by a joint effort. The organization given the responsibility of handling the new system has been designated the 3,500th USAF Recruiting Wing at Wright-Patterson Air Force Base, Dayton, Ohio. Brigadier General Arno H. Luehman, former Air Force public information deputy, has been named commander. The new set-up, designed by Secretary of Defense Charles Wilson, was initiated because of the defense build up and prevailing world conditions. A bill was signed recently giving the Air Force and Army separate control of their respective recruiting machinery. This move, Wilson believes, will give each line of defense more efficient and economical control of their individual recruiting needs, resulting in more protection per defense dollar.

Borden

Pan American No. 1-B Good, wildcat in Southwest Borden, was in sidetrack hole today at total depth of 7,963 feet in lime and shale. Whiplstock has been set at 7,963 feet. This wildcat has flowed oil and water on drillstem tests of the Pennsylvanian, and the sidetrack hole is being made in an attempt to cut off water. Location is C SE SE, 2-33-3n, T&P survey. The prospect is about three miles northwest of Vesimoor. Phillips No. 1 Quartz, C NW SE, 15-33-4n, T&P survey, got down to 6,155 feet in lime and shale. Gulf No. 1-E J. L. Higginbotham, C SE NE, 15-31-3n, T&P survey, has depth of 790 feet, and operator is waiting on cement for 13 1/2 inch casing. Hanley No. 1-B H. D. Beal, C NE NE, 23-31-3n, T&P survey, is drilling at 4,310 feet in lime and shale.

Dawson

Magnolia No. 1 Foster, wildcat in South Dawson, had good oil shows on a drillstem test of the Mississippi. The test was from 11,430 to 11,485 feet and the tool was open two hours. Recovery was 15 feet of gas-cut mud and 120 feet of heavily oil and gas-cut mud. Flowing pressure was 105 pounds, and the 15-minute shutin pressure was 500 pounds. This prospect is about 3 1/2 miles east of Patricia and some 10 miles south of Lady mesa. Top of Grayburg was picked at 4,010, top of Dean was 8,990, top of Pennsylvanian was at 10,067, and top of Pennsylvanian lime was 10,829. Mississippi top was logged at 11,315. There were no shows in the reef lime. Drillite is C NW NE, 22-36-4n, T&P survey. Vega No. 1 Glen F. Pool, C SW SE, 123-M-EL&RR survey, bored to 4,530 feet in lime. Standstill No. 1-A J. Y. Graves, C SW SE, 48-34-4n, T&P survey, flowed 20 hours through a 30-60th inch choke to make 100 barrels of lead oil, 143 barrels of fracture fluid, and 16 barrels of new oil. Operator is still flowing project to test. Recovery is in the Dean sand from perforations between 8,258 and 8,298 feet. This wildcat was originally completed as a pumping discovery in the Pennsylvanian but apparently became depleted.

Howard

Texas Pacific Coal and Oil No. 1 Underwood, C SE SE, 15-32-2n, T&P survey, flowed 238 barrels of oil in two hours and 19 minutes. Flow was from zone between 9,900 and 9,934 feet, and the test was in fluid surfaced after two hours for five hours and 15 minutes, and 15 minutes. Gas-oil ratio was 964-1. In addition to the flow recovery, operator reversed 26 barrels of oil from the drill pipe. Flowing pressure was 275 pounds, and the 30 minute shutin pressure

To Project Race Film

A film of the Mexican National Stock Car Races of last year will be shown at 8 o'clock tonight at a meeting of Mead's Auto Supply parties. Showing will be in the Settles Hotel ballroom. It is sponsored locally by Mead's and Walker Auto Parts. Anyone may attend.

GRAND JURY

(Continued From Page 1) ter known as the flats, to be on duty from sunset to sunup each day.

The complete report, addressed to Judge Sullivan, follows: "We the Grand Jury for the June term, 1954, wish to make the following recommendations. After thorough investigation reference same: "FIRST: That inter-communication be installed in the Howard County Jail. "SECOND: That two (2) doors be placed in run-around to prevent passing notes and other objects in the County Jail. "THIRD: That after making an investigation of the City Jail; that we the Grand Jury find that the jail is inadequate, unsanitary and recommend that these conditions be corrected. "FOURTH: That the City officials see to it that two (2) permanent beat men are placed on the North side of the City of Big Spring, in the community better known as the flats, to be on duty from sun set to sun up each day. "FIFTH: We the Grand Jury recommend that the law enforcement bodies of Howard County and the City of Big Spring, Texas maintain a closer surveillance of all persons undergarage who are loitering in or around places that sell intoxicating beverages or buying intoxicating beverages."

GRAND JURY HOWARD COUNTY, TEXAS JUNE TERM, 1954 BY: A. G. MITCHELL, Foreman

EYEWITNESS STORY

Piedras Negras Is Full Of Mud, Filth

(Editors Note: Associated Press Staffer Robert H. Johnson was the first reporter to get into Piedras Negras on the ground. Here is his graphic story.) By ROBERT H. JOHNSON JR. PIEDRAS NEGRAS, Mexico (AP)—Piedras Negras today was a crumbled town of mud, filth, muddy water, little children drinking from street puddles and campers mobbing food trucks. The count of dead in the flood here stood officially at 28. But my personal opinion is that it's much more. Water still is three and four feet deep downtown, and that's the only place you can go because there are the only paved streets. Out from town—nobody knows how many are dead. You just can't get there because of the mud. And what's buried under the mounds of dirt and stones that once were homes—you just don't know. Barefooted Mexicans waded through the mud and water to start digging through their crumpled homes. They are mounds ten and twelve feet high. There's no organized effort. Families simply are working on their own supply at all. The government is trucking in water from Nava and Viente, two little inland towns. But Alfonso Armas Yarrala said even when the water trucks come in, the people don't have containers to take water and the ones who do already have contaminated them with floodwater. There's an emergency hospital at the village of Villa Fuente, about seven miles inland where doctors are giving emergency treatment. I asked a doctor, "Any more dead?" "Aw, yeah," he replied, "but I don't know how many."

The doctor said at least 200 came this morning—they just come in and go out. The doctors are giving the people injections, and the people don't know what is happening to them. They lay on the floor and screamed. It took six men to hold some of them. I don't know what the injections were—we couldn't settle the word in Spanish. Air Force helicopters are flying food and water over. They went over this morning with canned milk. The Mexican army picked it up and drove to the hillside camps. But there everybody just went and grabbed. People still are camped all over the hills. Downtown the water mark is from 3 feet to over the tops of the buildings. The water rushed through town with such force that it bent the steel post of a street light. Misery huddled at the airports at Eagle Pass and Piedras Negras, Mexico, across the Rio Grande which has been on its worst flood. From 50 to 100 are lined up constantly at the Eagle Pass airport, eager to pay \$3 for flights across the river to hunt for relatives and friends. Similar scenes are at the Piedras Negras airport, where flood-stranded people await their turns in a dozen private planes to return to Texas. Elderly, scrawny little Fernando Orizon was one of those at the Piedras Negras airport early today. He owns a school at Rosita, 150 miles south of here and teaches there with his daughter. His chin trembling, he said in a pitiful voice: "I came here to look for my three children. They were missing here. I looked all over and I want to find them. Maybe they got away to Eagle Pass, so I'll look there." He was crying when he boarded the plane for the Texas side. John Morales, a fat little grocer from Galveston, had better luck. His family lives in Piedras Negras. "I found my family all right," Morales said. "Some of them moved to a nearby little village, Villa Fuente, and I found an uncle and his family camping on the hill, but they had lost everything they had."

Homero Rodriguez, an Eagle Pass paint store owner, found a brother and sister camping on a Mexican hill. "They didn't have any food but I brought them three cans of meal" Rodriguez said. "That ought to hold them two or three weeks." Both Morales and Rodriguez had been caught at the Piedras Negras airport last night when it became too dark to fly. Last night campfires flickered on the rough, mesquite-covered hills around what was a thriving farm town of 35,000 people across the Rio Grande from Eagle Pass, Tex. These were the fires of the homeless, people who daily trudge back to their ruined houses in search of the dead. At least one half—the half farthest from the river—of Piedras Negras still is flooded. Open cesspools poke the town like sores. There is no pure water in the town. H. G. Walker, a U.S. Public Health Service officer from Eagle Pass who has inspected Piedras Negras, said, "Sanitary conditions are horrible. The water system was never adequate and now there is none at all." At first, Walker said, bodies were buried out of mesquite bushes and pulled out quickly. "But listen," he said, "there are five or six kids in every Mexican family. Those families take care of their own. They find a drowned kid and they bury him pronto." "So who knows how many are dead. From what I hear, there may be anywhere from 200 to 500. But I don't know if that's right and nobody will ever know. But I'll bet there are a hell of a lot of bodies uncounted." Everybody had plenty of warning that the flood was coming early yesterday and nobody in Eagle Pass, a town of about 8,000, was lost. "But in Piedras Negras," said J. R. Sandifer of the U.S. Immigration and Naturalization Service, "nobody believed the warning. They wouldn't get out and those adobe houses plain disintegrated." Walker rubbed a palm over his bald head. "You see that levee over there—what is left of a levee? You see how it starts at the river and curls around the town, kind of like an arm? They built that levee after a big flood in 1932 and they put their faith in it. "And it failed them."

June Construction Runs To \$250,885

A total of 181 permits, listing construction at \$250,885, was filed at Big Spring City Hall during June. This brings the construction figure in Big Spring for the first half of the year up to \$1,255,000. There have been 472 permits issued. Thirty-one permits were taken out in June for new structures valued at \$121,240. A total of 101 re-roofing permits were filed for projects totaling \$41,725. There were 16 permits for additions which totaled \$40,265. Other permits included 18 remodeling for \$37,695, one remodeling for \$4,000, and 14 moving for \$5,360. February has been the top building month so far, with 55 permits filed for \$393,880. In April 61 permits were filed for \$351,955.

Lamesa Man Files Suit For Damages

Erzell Hope, Lamesa, has filed suit for damages in 118th District Court against Johnny McGowen and wife of Big Spring. He asks judgment for \$46,500. The plaintiff alleges that negligence on the part of Mrs. McGowen contributed to an automobile accident in which he was injured on April 9. Hope says he was a passenger in a car which was in collision with another vehicle driven by Mrs. McGowen. He asks \$40,000 for loss of earning capacity, \$1,500 for hospital and medical bills, and \$5,000 for suffering.

Attends Bar Meet

Walton Morrison, Big Spring city attorney, is in San Antonio this week for sessions of the State City Attorneys Association and the State Bar Association.

DEATH TOLL

(Continued From Page 1) over a state highway covered by two feet of water. By nightfall tonight, it was expected that auto traffic might be approaching normal.

The Red Cross began giving typhoid injections to an estimated 5,000 persons at Laredo. They were from the 1,200 families forced from their homes by the floodwaters. Laredo had no municipal water and was faced with a mounting health problem. Mayor Joe C. Martin hoped to turn on the water today but said the river would have to drop five feet before anything could be done. Such a drop seemed out of the question before late tonight. Meanwhile, the city was getting water from an uncontaminated reservoir by 15 busy tank trucks. Meanwhile, in Mexico City, Minister of Hydraulic Resources Eduardo Chavez said many persons living in Rio Grande Valley farm houses may also have perished in the flood. Chavez praised the work of U.S. helicopter crews and said they saved scores of persons from rooftops in Nuevo Laredo. One took six children from the top of a house surrounded by water, he said. Half the houses in Piedras Negras, Ciudad Acuna and Jimenez were destroyed, he said, and estimated damage would range from \$240,000 to \$320,000 at Nuevo Laredo. Mexican sources reported a cloudburst at Ojinaga, across the Rio Grande from Presidio, Tex., yesterday. But the U.S. Weather Bureau at Dallas said the Texas side of the river received less than a half inch of rain. The Mexico City dispatch said water from the new cloudburst in the Big Bend area posed a new threat to ravaged Piedras Negras. But American officials said it was days off if such a threat existed. The Artec Eagle, tourist train from Mexico City to San Antonio, Tex., was cancelled indefinitely. U.S. tourists returning from Mexico by car and bus were held at Monterrey until the emergency is over. Freight trains were routed south of Falcon International Dam where they are expected to be safe from the flood. The dam, a little more than 20 per cent full, was expected to hold back the flood from Texas' lush Lower Rio Grande Valley,

Heights Make Him Dizzy

Instead of hanging his head in shame, this horse has the nerve to sit at an English horse show. The young rider, unable to urge her mount over the bars during a juvenile jumping event, heads for a more graceful landing than her untrusty steed. Second Ex-FHA Official Refuses To Answer Quiz

WASHINGTON, (AP)—A suspended FHA official refused today to answer questions about grille parties and fishing trips to Mexico asked by senators probing scandals in the government's housing programs. The suggestion in the questions was that he had pressured contractors into putting on the parties. Andrew Frost, suspended last Friday as assistant FHA director for New Mexico, stood on his constitutional right not to be a witness against himself. Frost was the second former FHA official to invoke the fifth amendment in the Senate Banking Committee's inquiry into alleged housing irregularities. The first was Clyde L. Powell, former assistant FHA commissioner, who, it was disclosed this week, had a long police record when he got his government job.

Sweetwater Group Asks Postmaster Be Retained There

SWEETWATER (AP)—A delegation demanded yesterday that Postmaster M. J. Swedeen be retained and a district postal inspector recommended that a change be delayed. The Inspector, W. A. Foster of Abilene, was here to check out Swedeen and install Charles Paxton as acting postmaster. The delegation, headed by W. S. Chennault, asked for a delay until July 11 to obtain more names on a petition to the postal department at Washington asking that the old postmaster be retained. Foster recommended that the delay be granted. He returned to Abilene without finishing his checkout. Swedeen has been postmaster five years and had resigned in March after a serious illness. His health improved and he asked later that the resignation be withdrawn.

Hoppers Continue To Menace Crops

Grasshoppers are continuing to be a menace to farmers, says County Agent Durward Lewter. He advised that farmers take immediate precautions in order to kill the insects before they enter fields. Hatches, he said, are expected until July 15.

Fruit Prices High, Crop To Be Light

Prices of fruit being imported into this county are extremely high, Durward Lewter, county agent, said today. He estimated that the county's peach crop would be very light. There will be a few grapes, he said. Most of the orchards and vineyards were severely damaged by April freezes, Lewter said. There was not extensive hail where the orchards and vineyards are, he said.

Savings Bond Sales Go Up Over County

Preliminary totals on saving bonds sales for Howard County in June show an increase in tempo of purchases. As the totals, subject to adjustment in federal reserve reports, showed \$19,218.75 in E bonds, \$40,000 in H bonds and \$1,000 in J bonds, said County Bond Chairman Ira L. Thurman. The total of \$70,298.50 was well above the average for the previous five months of around \$55,000 per month.

Discuss Etiquette

Office etiquette was discussed at a luncheon of Credit Women in Settles Hotel today. Mrs. Sue Ratliff of Cosden Credit office had charge of the program.

STRIKE

(Continued From Page 1) Telephone System, offered a general hourly pay boost of from 4 to 7 cents. The company's previous offer had been 4 to 6 cents. The union, whose contract expired May 2, has been demanding 6 to 8 cents more an hour. Current wages average \$1.88. At the conclusion of this morning's marathon meeting, Dunne said negotiations broke down over the issue of wages and what he termed a desire by Western Electric to establish new operations bases which would entail transfers of workers. However, G. F. Raymond, WE's personnel director, said that wages appeared to be the prime stumbling block in the dispute. Negotiations have been in progress since April 6. Dunne said all arrangements for picketing were to be made by A. T. Jones, a CWA vice president and national strike director, and would come from the union's headquarters in Washington, D. C. The union has charged that previous company offers were conditioned on what it termed "weakening clauses" in previous seniority, travel pay and holiday contract provisions. Raymond said the company had offered "better" holidays treatment, including the granting of Dec. 24 as an additional paid holiday. Should the telephone operators across the country observe the installers' picket lines, long-distance service would suffer greatly. Dial phones, however, could continue to operate within dial areas until the equipment broke down.

HOSPITAL NOTES

BIG SPRING HOSPITAL. Admissions—Colleen Holloway, Tarzan; Lupe Faldier, 600 NE 9th; Horace Clark, 206 NW 2nd; D. J. Hopper, Gen. Del.; Alice McElvain, Stanton; R. V. Tims, Settles Hotel; E. Rodriguez, Coshoma. Dismissals—Eva Stiff, Midland; Mary Santiago, 503 NW 7th; Velma Thomas, Coshoma; Bella Mata, Sterling City.

Painters Union Will Install New Officers

New officers will be installed and new members initiated at tonight's meeting of Painters Union. They will assemble at 7:30 p.m. in the Settles Hotel. To be installed are T. W. Alderson, president; Charles Fannin, vice president; R. G. Downing, recording secretary; L. R. Mundt, financial secretary; and W. M. Thomason, business manager. Fannin, is the only new officer succeeding Claude Miller. Four new members from Colorado City will be initiated.

Patient Wanders From State Hospital

Big Spring State Hospital officials reported to police about 2:30 p.m. Wednesday that one of the patients wandered from the hospital grounds. The man, described as being 33 years of age and about five feet, 10 inches tall, was last seen headed in a northerly direction. He was wearing green khakis, officials said.

INDOCHINA

(Continued From Page 1)

Moscow-trained Ho Chi Minh and not with the French or the budding Vietnamese national army. For weeks since the Vietnam smashed the French fortress of Dien Bien Phu on May 6 thousands of Vietnamese in Hanoi and elsewhere in northern Indochina have been almost chanting "Long live Ho Chi Minh." To these people the fall of Dien Bien Phu meant the French could not last much longer. Vietnamese in the Delta rarely have demonstrated any patriotic streak. They have been interested only in having enough rice to eat. They have never liked the French, who have fought to protect the fledgling nation of Viet Nam from the sweep of communism. They have not feared Ho Chi Minh because they have never experienced it. Thus, if the French have to quit Hanoi and make a fighting withdrawal to a last beachhead at Haiphong, they may find their way barred not only by six to eight Vietnamese divisions but by the 100,000 Vietminh soldiers hidden inside the heart of the Delta and aided by tens of thousands of civilians who want the French crushed. Since 1950, when the French were driven all the way from the Chinese border, they had managed to hold onto their wedge-shaped Delta perimeter covering 8,000 square miles of Delta lands rich in rice, minerals and manpower. Virtually every French commander has declared: "As the Delta goes, so goes Indochina and all of Southeast Asia." Unless the Indochina conference in Geneva stops the shooting, the odds appear heavily in favor of the Delta going into the hands of the Vietminh. In Paris the French News Agency announced that the Vietminh had already occupied Phat Diem, the big Catholic center 75 miles by boat from Hanoi. This was accomplished at 10 a.m. yesterday. The British have warned 150 British Commonwealth citizens to be ready to leave Hanoi on a moment's notice. The French confirmed they were pulling out of the area on Wednesday but tight military censorship prevented cabling of the news abroad until today. The decision to withdraw from the southern delta was made in the face of strenuous opposition from officials of the Viet Nam government headed by chief of state Bao Dai, the ex-emperor of Annam. Viet Nam's new Premier, Ngo Dinh Diem, flew to Hanoi yesterday for conferences with North Viet Nam Gov. Nguyen Huu Tri. "40,000 to 50,000 persons have been evacuated from the four cities in the southern part of the delta in the past two weeks." Vietnamese sources said those being brought out, to Hanoi, were French civilians and families of Vietnamese soldiers fighting with French Union forces. France's new Premier, Pierre Mendès-France, has promised to win an armistice in Indochina by July 20 or resign. Since he took office 10 days ago, fears have increased among Vietnamese allied with the French that France would agree to a settlement at Geneva ceding all or most of northern Indochina to the Communist-commanded rebels. The United States has opposed strongly any such partition of the country. Gov. Tri termed the withdrawal "unnecessary" and said, "The entire delta should be defended." "A decision to withdraw should be based on an agreement which has already been made between the French and Vietminh at Geneva," he declared. A French spokesman emphatically denied the withdrawal was the result of any such agreement. He said it was "motivated entirely by defense needs in the northern and central parts of the delta which must be defended."

THE WEATHER

Table with columns for TEMPERATURE, WIND, and other weather metrics for various locations including Big Spring, Amarillo, and Dallas.

MARKETS

Big Spring (AP)—Cattle 1.00; steady. Good slaughter steers and heifers 13.00-14.00; good and choice 15.00-16.00; good and choice 17.00-18.00; common and medium 12.00-13.00; stocker calves and yearlings 13.00-14.00. Hogs 10.00-11.00; butchers hogs 12.00-13.00; good and choice 14.00-15.00. Sheep 1.00; spring lambs steady in demand; good and choice 12.00-13.00; good and choice 14.00-15.00; good and choice 16.00-17.00. Wheat 1.00; corn 1.00; soybeans 1.00; cotton 1.00.

Big Fiesta Being Planned by Chamber Group For Sept. 16

Plans are beginning to crystallize for a big September Fiesta-Sale celebration here. The Latin American committee headed by N. R. (Ramon) Holquin, revealed tentative plans to city and county heads and Chamber of Commerce officials at a meeting in the Chamber offices Tuesday evening.

Equal fiesta activities will prevail, as for many years in the past, and Holquin. There will be the round of sports and social events, with music and gay folk and street dancing. One of the high spots will be the crowning of the fiesta queen.

Site for the evening events will be on NW 3rd. The street will be roped off and a platform installed for the orchestra and for the coronation. Various candidates will be nominated and there will be an election by purchase of votes. Proceeds will go toward financing the fiesta.

Holquin said the objective was to plan one of the outstanding celebrations in the region. He expressed the hope that the entire community will enter in and not those of Latin American extraction alone.

Attending the meeting were Holquin, Telesforo Fierro, Pedro Cortez, Jesus Molina, Ramon Garcia, Martin Paderez, Jose Zamora, Amador Cortez, the Rev. B. A. Wagner, J. H. Greene, Chamber of Commerce manager, Mayor G. W. Dabney, County Judge R. H. Weaver, Joe Pickle, and Douglas Orme.

Sen. Butler Enters Hospital Following Stroke In His Home

WASHINGTON (AP)—Sen. Hugh Butler (R-Mo.) was reported in critical condition at Bethesda Naval Hospital today after apparently suffering a stroke last night at his home.

The illness of the 76-year-old Senator was discussed by Rep. Curtis (R-Mo.), a close friend, who issued a statement saying:

"Sen. Butler apparently suffered a stroke last night at his home here. He was taken to the Naval medical center at Bethesda, Md. His condition is critical."

Butler was re-elected two years ago for another six-year term. He is one of the oldest members of the Senate.

Butler is chairman of the Interior Committee and also a chairman of the Republican group which makes committee assignments for party members.

Butler apparently was in good health yesterday. He received a number of visitors in his office and took part in the voting in the Senate on tax legislation.

PUBLIC RECORDS

BUILDING PERMITS
John Whitaker, roof residence at 1105 Bonanza, \$10.
Mrs. O. W. Hill, roof residence at 212 North Nolan, \$100.

NAACP To Seek Segregation End By 1955 Session

DALLAS (AP)—The National Association for the Advancement of Colored People wants a complete end to segregation in the country's public schools by September 1955. Special Counsel Thurgood Marshall of the NAACP said in an interview yesterday that the organization's staffs over the country will work without vacations this summer to arrive at agreements with local school boards.

Marshall said it was the NAACP's desire to conduct all negotiations "on the local level."

At a session yesterday of the organization's 45th annual convention Clarence M. Mitchell called President Eisenhower's record as leader of his party in the civil rights field "a complete failure."

Mitchell, director of the NAACP Washington bureau, said there is "strong evidence that this administration has deliberately blocked

action" in the civil rights field. Mitchell said Eisenhower deserves warmest praise for his executive orders attacking segregation, but he added:

"It is his political leadership which has fallen down."

Convicts Don't Run As Guard Succumbs

DOTHAN, Ala. (AP)—There ain't a man who would run away from Mr. Ellison, a sorrowing convict told attendants at a hospital at nearby Abbeville.

And not a prisoner left when Otho Towns Ellison, 65-year-old guard, died of a heart attack Tuesday on a lonely road near this southeast Alabama town.

When the 20 convicts Ellison had been guarding brought his body to the Abbeville Hospital, the guard's revolver was still strapped to his side. Ellison was working the convicts on a road project when the heart attack struck. He had worked for the State Highway Department for five years.

IT HAPPENED

Flying Courtships
OMAHA (AP)—If a girl is looking for a man she might well learn to fly to speed up her search.

That's the advice of Kenneth Newland, who directs the aviation program at Stephens College for Women at Columbia, Mo.

He told an air institute here. "The girls can really get around when they fly. They fly home on weekends from college. They fly here and there. You're bound to meet a lot of men that way."

Wrong Way Service
HARRELSVILLE, N. C. (AP)—Two fugitives from a North Carolina prison camp flagged a car near here yesterday.

Obligingly, Deputy Sheriff Leon Perry stopped, picked them up and carried them to the Harrelsville jail.

Object To Barking
MOBILE, Ala. (AP)—A proposed ordinance to limit the number of dogs in any household to three—and thereby cut down on howling and barking—will be considered by the City Commission Tuesday.

Commissioner Joseph N. Langan said yesterday that he knew of one property owner who keeps 27 dogs on his place.

Well Prepared
SHELBY, N. C. (AP)—A woman asked the sheriff's office here to issue a warrant charging her husband with non-support.

"When did he stop supporting you?" the desk sergeant asked.

"He hasn't yet," was the reply, "but I have just bought some new furniture and I don't think he is going to help pay for it."

The warrant was denied.

Two-Bit Campaign
BALTIMORE (AP)—Baltimore grocer Harry Kemper, who lost the Democratic nomination for state comptroller Monday by almost 150,000 votes, acknowledged he ran a two-bit campaign.

He said his total campaign expense was 25 cents—for stamps. Kemper polled about 33,000 votes.

Mu Zeta Barbecue
Barbecue was enjoyed by the Mu Zeta Chapter of Beta Sigma Phi and their guests at a party given in the home of Mr. and Mrs. Darel Highley recently. Mrs. Jewell Reinhart was co-hostess. Guests were Mr. and Mrs. L. M. Tucker, Mr. and Mrs. Bill Crooker and Mrs. W. S. Talbot.

Mr. and Mrs. Edgar Johnson, formerly of Ackerly, have moved to 607 N.W. 12 to make their home.

Crash Injuries Kill Sherman Housewife

HOUSTON (AP)—A Sherman housewife was fatally injured in a highway auto accident two miles south of Spring today.

Mrs. Claire Cantrell, 36, died of head injuries in a hospital about three hours after the accident.

Seaburn A. Cantrell, 36, her husband and driver of the car, escaped serious injuries.

They were returning home from Galveston when their car went out of control beyond a bridge on U.S. Highway 75 and plunged into a 15-foot ditch before turning over.

Mrs. Cantrell was spilled from the car.

Rio Grande Section Disaster Ruling Due

WASHINGTON (AP)—The White House said today there probably will be action during the day to declare the Rio Grande flood area in Texas a disaster zone eligible for government help.

Murray Snyder, assistant press secretary, said a telegram from Governor Shivers to President Eisenhower had arrived during the early morning hours. Snyder said this immediately was directed into the proper channels.

The normal course, he said, is to ask the Civil Defense Administration for a report as the basis for action.

The European corn borer is believed by scientists to have been introduced into the United States from Hungary, being first discovered in 1917.

Alice Flood Control

WASHINGTON (AP)—The House Public Works Committee authorized the Army Engineers yesterday to make preliminary examinations and surveys on a flood control project on the streams in the vicinity of Alice, Tex.

KIDNEYS MUST REMOVE EXCESS WASTE

Urinating backache, loss of appetite, weakness and dizziness may be due to slow-down of kidney function. Urine may give kidney function a very important clue to health. Lamesa 4-H Girls Having Workshop

LAMESA—Clara Redman, Dawson County Home Demonstration Agent, opened a clothing workshop

for all 4-H Girls Monday. Plans were made for the dress that each participant in the workshop will make.

Wednesday an all-day session was held. Another all-day session will be held on Friday of this

week and then three all-day classes on Monday, Wednesday and Friday of next week will wind up the workshop, according to Miss Redman. Subjects to be covered will be clothing construction, interfacing, and bound buttonholes.

Red Prisoners Got Unusual M.D. Care

By RENNIE TAYLOR
AP Science Reporter
SAN FRANCISCO (AP)—The North Koreans had some fantastic medical treatments for their prisoners of war, a U.S. Army doctor reported recently. Prisoners complaining of vitamin deficiencies were given bile from the gall bladders of butchered pigs, Maj. Alexander M. Boyesen, of the Brooke Army Medical Center, Ft. Sam Houston, Tex., has charged. This treatment did a good job

of keeping men away from sick call. For the treatment of pain a Chinese doctor used a series of short needles attached to spring vibrators. The needles were put into the skin around the painful area and made to vibrate. "As you might suspect," Maj. Boyesen said, "some cases of back pain and headaches were cured by this treatment."

Amateurs Given Chance To Win

By BOB HOOBING
PEABODY, Mass. (AP)—The Women's National Open Golf Championship got under way at Salem Country Club today with a prediction by Louise Suggs that the amateurs had as good a chance to win the event as the professionals. Miss Suggs, leading money winner among the play-for-pay girls so far this year, based her statement on the length of the 6,393-yard, tree-lined course on which the 72-hole three-day medal tourney is being held. Par is 36-36-72. "There are a lot of long distance hitters among the amateurs this year like Joyce Zinke, Mickey Wright, and Pat Lesser and that's what this course requires," says Louise.

Another Chinese doctor decided all complaints of eye trouble were caused by glaucoma, a condition in which the fluid pressure in the eyeball increases. The Chinese medic treated all eye patients with salt water injections under the eyelid, the medical officer reported. Maj. Boyesen who is from Bemidji, Minn., spoke of the experiences of himself and four other medical officers who had been captured. The others were Maj. Clarence L. Anderson of Long Beach, Calif., now at Letterman Hospital, San Francisco; Maj. Sidney Esenstein, now in private practice in Minneapolis; Capt. Gene M. Lam of Glenrock, Wyo., now at Brooke Medical Center, and Capt. William R. Shadish, of Kew Gardens, N.Y., now at Walter Reed Army Center, Washington, D.C.

And it's generally agreed that Theodora (Pippy) Rooney, a local girl, drives the ball as hard and far as any of the 21 professionals and 32 amateurs in the field. Still, no amateur has ever won the event in its eight-year history and the five previous winners still hold the key to the Open. Babe Zaharias, Miss Suggs, and defending champion Betsy Rawls have won twice each while Patty Berg and Betty Jameson have scored single victories. Mrs. Jacqueline Pung, the hefty swinger from Hawaii, who says the other golfers are determined to break the strangle of the Big Five, has her chance this morning on the program which began at 8:30 a.m. (CST). Mrs. Pung drew Miss Suggs in one of the feature twosomes.

Frequently the only medicines available were cough tablets for pneumonia and charcoal tablets for dysentery. Incisions for drainage of abscesses were made without anaesthesia and sometimes with improvised instruments, such as the metal arch support from a combat boot. Virtually all deaths in the Communist war prison camps were caused directly or indirectly by starvation, exposure and harassment, Boyesen said. The average Chinese doctor would treat only the chief complaint of a prisoner, said the officer. A patient suffering from both night blindness and diarrhea had to choose one of the two for treatment.

Gen. Myers May Take Over ATC Military Command

WASHINGTON (AP)—Lt. Gen. Charles T. Myers, now chief of the Northeast Air Command, may become head of the Air Training Command. His name was mentioned prominently today in speculation on a successor to Lt. Gen. Robert W. Harper, Training Command chief who retired yesterday. Headquarters of the command is at Scott Air Force Base, Ill. Myers, a native of Mannington, W. Va., has headed the Northeast Air Command with headquarters in Newfoundland, since 1952. The bases established under international agreements in Newfoundland, Labrador, Northeastern Canada and Greenland.

U. S. Steel Sets Increase In Price

PITTSBURGH (AP)—U.S. Steel Corp., which produces more than one-third of the nation's steel, today announced an increase in prices averaging \$3 a ton. The present price of basic carbon steel is \$120 a ton. The price increase comes just two days after the nation's No. 1 producer signed a contract with the CIO United Steelworkers giving 190,000 employees a five-cent hourly wage hike and improved pension and insurance programs. Other basic steel producers are expected to follow U.S. Steel's example in upping prices since they also reached agreement with the union on similar contracts.

Club Women Plan Local Calendar

LAMESA—Lamesa's first Community Calendar promises to be a popular, valuable item that all residents will want to own. It is being worked up by the Woman's Study Club and will list birthdays, anniversaries, names of a loved one in the service, and meeting times for clubs or other organized groups in Lamesa. Mrs. W. K. Crawley, general chairman of the project, announced that July 1 will be the deadline for turning in information for the calendar. The completed calendars will be sold for 75 cents and the proceeds will be used for Study Club projects.

Lamesa Scout Camp Termed Successful

LAMESA — The Lamesa Girl Scout Camp under the direction of Mrs. Robert Koger and Mrs. E. E. Ellison came to a successful close last week with 63 adult leaders and Scouters having registered during the five day camp. Each day's activities were opened with the flag ceremony and closed with the flag retreat. The week's program was planned around an Indian theme and all Scouts participated in the construction of Indian costumes including dresses, head bands, bracelets, beads, and rattles. Hikes were included in the program, and all Scout units cooked out at least once.

Miss Cozart Given Wedding Shower

ACKERLY—Mrs. Travis Russell, assisted by Frances Lay and the FHA girls, entertained with a shower for Imogene Cozart recently. Miss Cozart is the bride-elect of Horace Johnson, son of Mr. and Mrs. Slater Johnson of Klondike. Music during the afternoon was furnished by Dolores Mabry; Beverly Russell served, and Mary West presided at the bride's book, where about 42 registered. The table, covered with a lace cloth, was centered with a small bride and groom under an arch of pink flowers. This was surrounded by flowers and placed on a reflector. The bride's chosen colors of green and yellow were used in the refreshments.

Federated Tea Held By Lamesa Clubs

LAMESA—The Dawson County Home Demonstration Club, Dawson County Garden Club and The Green Thumb Garden Club were hostesses Tuesday afternoon for the Federated Membership Tea. The tea was held in the Delphin Club House. In charge of special music for the occasion were Gloria Esmond, Alyce Ruth Gaines, Kay Acuff, and Donna Jo Alexander. Officers of the executive board of the Federation served in the receiving line. They were Mrs. Herman Maule, Mrs. Virginia Holley, Mrs. J. P. White, Mrs. J. R. Earnest, and Mrs. O. H. Sires. Mrs. Sires is in charge of decorations. She was assisted by Mrs. Gordon McGuire, Mrs. Roy Beard, Mrs. Elmer Cope, and Mrs. W. S. Satterwhite.

Lamesa Girl Elected Presbytery Delegate

LAMESA — Mickie Patterson, daughter of Mr. and Mrs. Neill Patterson, of Lamesa, has been selected to the Westminster Fellowship National Assembly meeting at the University of Illinois, June 30 to July 8. As a delegate from the Abilene Presbytery Miss Patterson will be one of 2,000 young persons representing over 500,000 youth of the Presbyterian Church, U. S. A. These young people have invited over 500 adult teachers, ministers, business and professional and other lay leaders of the church to join them for a week of study and discussion of Christian living in a world of day-to-day crisis.

Piedras Negras Businessman Tells Story Of Flood Mishap

EAGLE PASS, Tex. (AP)—"I heard hundreds crying for help in the dark, but I couldn't help them." Tears came in the eyes of Manuel Olivares as he recalled the death and destruction that the rampaging Rio Grande poured over his city of Piedras Negras, Mexico, Monday night. Monday afternoon Olivares was a prosperous lumberyard operator in Piedras Negras. Today there is not a stick of good lumber left where two blocks of sheds and shops once stood. "Monday, I have a business, today, I have not a thing," Olivares said simply. He was waiting at the Eagle Pass airport to escort Red Cross officials to his stricken city. In a quiet voice and with numerous gestures the handsome, middle-aged man described the coming of the flood. "They warned us but people wouldn't leave the city. Why not? We had faith in the big levee that guarded us on all sides. The first warning was at 1 o'clock Monday afternoon. Some left for the hills but a lot stayed. "Then about 4 p.m. water began seeping under the levee through an old riverbed on the south. Water got higher and higher. Then it began to come over the levee on the north. Water got still higher and higher. And it got dark. "I'll never forget that night. We got all the boats we could but not enough. There were no lights. The water got higher. And there was no place for people to go. We were trapped. "The river began to run right through the middle of town. "You could hear people shouting for help but you couldn't see them. You could hear houses collapsing, then screams, then nothing." The next day was a nightmare. Olivares said the sun came up and showed nothing but destruction everywhere. He told of seeing bodies in trees, some of them tied in the upper branches, apparently in an effort to keep from being swept away. There were bodies in piles of debris and some caught on barbed wire fences. "I believe there are lots of bodies under the mud of the adobe huts and in the wreckage of houses," he said. Asked how many, he shrugged and said: "Who knows?" In the three centuries between 1650 and 1950 the population of the world more than quadrupled. Frogs eggs can be made to develop into frogs without fertilization by puncturing them with a fine needle. Some historians believe that in the year 410, Rome did not have a single permanent inhabitant.
