Brush Management Demonstration

The Eldorado-Divide Soil and Water Conservation District will sponsor a Brush Management Demonstration on Thursday, October 10, 1991, at 1:30 p.m. at Oran Enochs Ranch on Highway 277 North. (Approximately 4 1/2 miles north on Highway 277, turn west at cattle guard, signs will be posted.) Stewart Herring, of Ford Tractor, San Angelo, will be on hand to demonstrate the Brush Boss. This meeting was originally scheduled for Monday, but was postponed due to conflicts.

The Brush Boss has been tested through Texas A&M University. Studies have found that the Brush Boss has

the ability to pull up, roots and all, 55 mesquites/hour and 141 red berry junipers/hour. Average cost would be .10/plant for a 40-HP tractor, and 13.4 cents/plant for a 75-HP tractor. Mesquites up to 5 inches basal trunk diameter can be grubbed with a 40-HP tractor.

Chemical application on brush control will also be discussed - methods, amounts and uses of various chemicals on the market. Anyone interested in brush control is invited to come.

In conjunction with the brush management, the Eldorado-Divide Soil and Water Conservation District Zone 3 Director's election will be conducted.

The Circus Is Coming!

The Circus is Coming! THE CIRCUS IS COMING! THE CIRCUS IS COMING! The King Royal Brothers 3-Ring Tented Circus will be in Eldorado on Thursday, October 17th at the Rodeo Grounds with two performances - 6:00 p.m. and 8:00 p.m.

This circus is the second largest North American Circus. All the thrills, excitement and entertainment by wild animals, clowns, elephants, and horses will be under the Big Top at the Eldorado Rodeo Arena, so don't miss it!

This Circus is being sponsored by the Chamber of Commerce. Advanced tickets are available at Southwest Texas Electric Co-op or the Chamber Office. Advanced tickets are \$4.00 for children and \$6.00 for adults. Tickets at the gate will be \$6.00 for children and \$8.00 for adults.

The Chamber of Commerce receives 25% of all advanced ticket sales, and 10% of all tickets sold at the gate, so purchase your tickets early and support our Chamber of Commerce!

City Ordinances Proposed

A number of ladies representing the Eldorado Pride Committee and Sigma pi sorority met with the Eldorado City Council Tuesday, October 4.

The committee requested that the City adopt two ordinances; one prohibiting abandoned automobiles and one prohibiting unsightly and unsanitary, over-grown lots.

The committee informed the Council that ordinances of this nature had been implemented and were working in other cities.

Mary Jo Hill, speaking

for the committee, stated that San Angelo had similar ordinances.

Pat Sykes indicated that several of our neighboring towns had adopted ordinances of this kind and that they were working well.

A number of suggestions were made concerning the actual workings of such ordinances. It was suggested that abandoned vehicles be towed away. It was suggested that people who violated an ordinance prohibiting unsightly grass first be sent a series of letters. If the

letters did not receive a response, then further action should be taken, including fines and liens against property.

It was suggested that a rotating committee be established to find violators and to see that the ordinances were acted upon.

The Council appointed a committee to draft an ordinance to be presented at the next Council meeting.

According to Mayor Pro Tem Randy Mankin, a public hearing would be held concerning the proposed ordinances.

Eagles De-Claw Lions

VARSITY

Excitement, excitement, EXCITEMENT! That is what fans of the Eldorado Eagles got plenty of this past Friday night. The Eagles defeated the Ozona Lions 12-9 in their fifth straight victory of the season.

Ozona was able to score 9 quick points in the first quarter. These scores were set up by miscues by the Eagle offense. After the initial setback, the Eagles settled down and played good solid football. A five yard run by Chris Meador in the second quarter put the Eagles on the scoreboard. The attempt at the extra point failed and the teams finished the first half of play 9-6.

The third quarter went scoreless. With one minute and twenty seconds left in the game, the Eagles put together an 89 yard drive in only ten plays allowing them to make the winning touch-down. Cy Griffin made an outstanding 14 yard run, breaking four tackles and carrying the Eagles to their 12-9 victory.

A great deal of team effort went into this win over a very tough opponent. This sets a favorable stage for the Eagles to face Iraan. The Iraan Braves are rated as one of the higher teams in the District and State.

Regardless who the opponent, this reporter feels that the Eldorado Eagles have proven that they can stand up against anyone.

The game is scheduled for Friday night at 8:00 in Iraan.

JUNIOR VARSITY

The Eldorado J.V. Eagles had a tough time in Ozona last Thursday night.

Said Coach Paul Michalewicz, "I don't think we were mentally prepared to play the game. It all starts in practice. If you do not prepare yourself mentally, it makes it really hard to get the job done in a game."

Ozona overcame the Eagles 22-6. The Lions scored on the opening kick-off. The Eagles came back with a score by Mada Gower to bring the game to 7-6. The two point conversion was fumbled and the Lions recovered and made a 97 yard run, bringing the score to 9-6.

One of the outstanding moments of this game was a blocked punt by Cory Arendt

and the recovery by Beto Escarcego.

Said Michalewicz, "The kids never gave up and that is a big positive. They know they have the talent to be a good football team and they have shown that. We just have to do it consistently every week."

The Eagles play Iraan here tonight at 6:30.

8TH GRADE

The Eldorado Eighth grade boys brought their record to 4-0 with a smashing victory over Ozona last Thursday night. The Eagles defeated the Lions 22-0.

This young team played very well both offensively and defensively.

Coach Rick Singleton said, "The kids played a great game. Each week, improvement can be seen on the field."

Johnny Arispe scored twice for the Eagles and Wayne Jenkins scored once. Caleb Estrada was the receiver of a pass for the extra point.

Players Set November Performances

Way-Off Broadway Players Set for November Performance

An evening of fun for everyone is in the works! Four November performances have been scheduled by the community theater, with numerous Eldorado citizens involved in the production.

Three one-act plays are to be performed under the direction of Jo Ann Sproul:

American Women in Paris features Marcy Willis, Kara Garlitz, Nancy Lester, Ilse Williams, Sherry Belk, and Trudy Niblett in a series of monologues which carry the audience back to the

Fifties to Paris, France.

Small Talk, a series of sketches from the Twenties, features Lucy Page, Joyce Speck, Kathy Mankin, Mabel Blaylock, Gary Smith, and Hawley Wolfe.

A 19th-century "unsolved mystery" is the subject of the third play, **Good-bye Miss Lizzie Borden**. This one-act sinister drama features Marcy Willis, Glenda Nix, Stacy Dunlap, and Ilse Williams.

Musical entertainment between shows will be provided by Pat Johnson and Gary Smith. Performances are planned for Nov. 9, 10, 16, and 17.

Can't wait to attend? Tickets are available at C.R. Sproul's Office.

Interested in Your Water Source?

Do you know the extent of our water source? How large is the aquifer? How is the aquifer replenished? How many years of supply do we have in our aquifer? How hard would it be to clean up the aquifer if it were contaminated and what is the success rate of clean up attempts?

If you want an answer to these questions and more, come to the Ag Barn on Monday, October 14, 1991 at 1:30 p.m. The Plateau Underground Water Conservation and Supply District will be hosting John Ashworth from the Texas Water Development Board. Mr. Ashworth will discuss our aquifer in detail. He will also explain the duties and responsibilities of the District.

The Plateau Underground Water Conservation and Supply District has been in existence since the early 1970's and has over the years operated on a limited budget. Recent legislation, however, has brought about a need for increased awareness of our water resources and will demand a more active and involved water district. As water shortages and contamination occur so does the concern for future potable water. Water quality and quantity have become a major topic in Texas. The Plateau Underground Water Conservation and Supply District is considering a tax levy to fund an active district. Come October 14, to listen and voice your opinion.

TOP OF THE DIVIDE

Well, we are approaching Columbus Day. I realize it is not a big holiday here, but those of us who grew up along the coast, and especially with Italian ancestors, feel this is an important holiday.

A year from now it will be the five-hundredth anniversary of that momentous day when Columbus discovered the western hemisphere. Of course, he didn't know it was the western hemisphere. He thought it was India. You have got to remember it was not as easy to

tell where you were. They didn't have road signs. For that matter, they didn't have roads. The wheel had not been introduced to the Western Hemisphere, the natives merely dragged their few possessions around wherever they went.

It appears that the revisionist historians want to now blame poor Columbus for nearly everything that has gone wrong in the World. They want to blame him for the devastating effect that European colonization had upon native Americans.

They want to blame him for air pollution, acid rain, the hole in the ozone layer and all because he took a boat ride. It seems that that is stretching it just a little bit. Here was this Italian sailor trying to make a little headway in the merchant shipping business and now they want to land on him for every ill that man, since that time, has managed to do to his environment.

If we are going to do that then we might as well blame Moses for all of the problems in

the middle east, or Horacio Alger for all of the problems in California.

Columbus was merely the first sailor who made a commercial success out of a trip to the Americas. If he hadn't been the one, the next guy after him would have done the same. It is a bit unfair to blame one Italian sailor for all of our problems. I am just sure that a few other people might have had something to do with the situation in which the world now finds itself.

ADA BELLE JOHNSON TAYLOR

Ada Belle Johnson Taylor died at her residence Saturday morning, October 5, 1991, after a lengthy battle with cancer.

Services were held at 2:00 p.m. Monday, October 7, at the First United Methodist Church of Eldorado, officiated by Gary Smith and assisted by Paul Lynn. Burial followed in Eldorado Cemetery, under the direction of Kerbow Funeral Home.

Ada Belle was preceded in death by her husband, Clovis Veltan Taylor, on December 9, 1979; two sisters, Ruby Johnson Russell and Charlotte Johnson Jackman; and a brother, R.E. Johnson.

She was born June 19, 1917, at Rockwood, Texas, in Coleman County, to Bob and Maggie Cheatham Johnson. She attended public school in Coleman County and married Clovis Veltan Taylor August 10, 1935.

She was a member of the United Methodist Church. She was active in Senior Saints, 42 Club and all church and community affairs.

She was employed as a receptionist by Bruce Kerbow of Kerbow Funeral Home.

She is survived by two daughters, Patsy Kellogg and husband, Charles, of Eldorado, and Helen Kaye Crockett of San Antonio; two sons, Roy Lynn Taylor and wife, Sue, of Hondo and Veltan Taylor and wife, Dale, of San Angelo; seven grandchildren, Deborah Kellogg Widdle, John Crockett, Ed Crockett, Georgie Taylor, Ginger Taylor, Houston Taylor and Shawn Taylor; three step-grandchildren, John Scott Alley, Suzanne Alley and Steve Alley; and five great-grandchildren.

She is survived by six sisters and three brothers, Ida Cozart of Granbury, Texas, Polly Straughn of Coleman, Texas, H.E. "Jack" Johnson of

Baytown, Texas, L.E. "Cap" Johnson of Academy, Texas, Alpha Mae Moss of Garland, Texas, Bert Wood of Hamilton, Texas, Emily Maness of Brownwood, Texas, T.R. "Tomboy" Johnson of Odessa, Ina Grace Schultz of Cleveland, Tenn.; and numerous nieces and nephews.

Pallbearers were: William Bryant, Coy Hight, Josh Hasting, Luther Dunham, Raymon Mobley, Manuel Samaniego, Gene McCalla, Larry Donaldson, and Gary Donaldson. Honorary Pallbearers were: Hyman Sauer, Jim Martin, Chris McCravy, Ray Lewis Ballew, Bob Lester, Eugene Bradshaw, David Powell, Jack Kerbow, Glen Love, Smokey Taylor, Bruce Kerbow, Tooter Jones, and Ronnie McEnery.

Ada Belle enjoyed her family and friends and the fellowship together. She was known throughout the community and will be sorely missed by her friends and family and remembered by them as "always wonderful."

Family requests donations to be given to the American Cancer Society.

ANNIE NEILL DICKENS HOGG

Annie Neill Dickens Hogg, 84, of San Angelo, died Saturday, October 5, 1991, at Baptist Memorial Hospital. A memorial service was held Tuesday, October 8th at 2:00 p.m. at Day Memorial United Methodist Church, conducted by Cheryl Owens, pastor.

Annie was born in Eldorado, Texas, on May 24, 1907. She was the last surviving child of Mr. and Mrs. George A. Neill, a pioneer Schleicher County family. She was

preceded in death by her three brothers, Lawrence A. Neill, George H. (Jack) Neill and Taylor Neill, all of whom were born at Fort Concho, Tom Green County.

Her survivors include a son, Reuben Neill Dickens and his wife, Jewel, of Kingsland; two daughters, Jonnie Barrows of San Angelo and Carol Rogers and her husband, Gary, of Allen, Texas; and a special son-in-law, Benny Dusek of Odessa; also, seven grandsons, two granddaughters and nine great-grandchildren.

Annie graduated from Eldorado High School in 1925. She attended CIA (now Texas Women's University) in Denton, Texas. For a number of years, she was employed at the First National Bank in Eldorado and later Central National Bank and Baptist Memorial Hospital in San Angelo. She was a member of Day Memorial United Methodist Church and Mias Amigos in Eldorado. She was active in volunteer services at Carlsbad Center, Meals for the Elderly and Mall Walkers.

She was preceded in death by her husband, Reuben Dickens; an infant daughter, Patricia Jo; and a son-in-law, John L. Barrows. She later was married to James E. Hogg who died in 1968.

Annie was a special little lady. Her love and concern for others was felt by not only her family, but all who knew her. She will be missed.

Memorials should be made to Concho Valley Home for Girls, Meals for the Elderly, West Texas Rehabilitation Center or a favorite charity.

A.E. PRUGEL

A.E. Prugel, 76, died Saturday, October 5, 1991, at Hudspeth Hospital in Sonora.

Memorial services were held on Tuesday, October 8th at 10:00 a.m. at the First United Methodist Church of Sonora with Rev. Clay Hall officiating. Graveside services were held at 2:00 p.m. Tuesday in Lawnhaven Memorial Gardens in San Angelo, directed by Kerbow Funeral Home.

He was born March 12, 1915, in San Angelo. He attended public school in Liveoak, Eden and Menard and was an honor graduate of Texas A&M University in 1939.

He began his career in El Paso and Eldorado as an agricultural agent with the Cooperative Extension Service. While in Eldorado, he married Celeste Tisdale on December 6, 1942. After two years, he became employed as the manager of the Federal Land Bank Association of Sonora. He served in that capacity for 39 years until his retirement in 1982.

He was active in his community, serving as chairman and treasurer of the administrative board of the First United Methodist Church. He served several terms as Sonora's mayor. He was a longtime member of the Sonora Lions Club and served in the office of president and secretary several times. He was the Lions Club district governor of No. 2A1 from 1969-1970. He was a member and past master of Dee Ora Masonic Lodge.

After retiring from the Federal Land Bank Association, he continued to pursue ranching interests and served as an association director of the Sonora Federal Land Bank as well as a member of the Federal Land Bank of Texas Stockholders Advisory Committee.

His survivors include his wife, Celeste, of Sonora; a

Rather suffer an injustice than commit one.

"You can't fight City Hall." That's what they say. But I didn't listen and last night I tried.

I went to the City Council and explained that I had recently installed new carpet in my office. I further explained that the carpet had been ruined by tar from the recent paving of Main Street. I asked that something be done about it.

Nothing was.

I was informed that it is not the City's responsibility. I was also informed that imprudence on the part of my customers and clients could be the problem. I was also informed that my son should be held responsible. (Seems that one of the members of the Council saw him bring rocks into my office.)

I suppose that all of these things may be true. The part that most concerns me, however, is the damage that was done by my son. Now, I know that many of you have tar marks in your cars and houses. Since I believe in paying my debts, I would appreciate it very much if you would inform me of any tar and gravel damage that my son did to your property. I will be more than happy to pay for said damages.

A LION-SIZE THANK YOU

We of the Eldorado Lions Club wish to thank everyone for your wonderful support during our recent Lions Club Broom and Mop Sale. You were fantastic! Our broom sale this year had gross sales of \$2967.00 which is the highest in the history of the club, and a full 38% over last year. The bulk of the proceeds go directly to the Lighthouse for the Blind in Dallas to support the blind of the state of Texas as they strive to be economically self-sufficient. The remaining 26% of the proceeds, amounting to \$771.42, goes to your local Lions Club to support many worthy causes, such as free glasses and optometrist exams for deserving Schleicher County residents. Thanks for a banner year for the Broom Sale!

Gratefully yours,
Eldorado Lions,
Thomas Giovannitti,
President

boys played an outstanding game against Ozona. They were able to win over the Lions 8-0.

J.B. Barker was able to score in the first half. He was assisted in this run by the excellent blocking of Joe Barajas and Lee Barajas. Quarter-back Lane Bruce threw the 2 point conversion to tight-end Casey Willis.

A strong Eldorado defense kept the Lions shut-out through-out the rest of the game.

The Seventh grade record is 1-2-1.

They play Iraan tonight in Iraan. The game starts at 5:00.

MODELLE HOLLAND TISDALE

81, of Eldorado, a ranch woman, died on October 8, 1991 at her daughters home.

She was born on March 4, 1910 in Mereta, Texas to Taylor and Cora Biggs Holland.

She was a graduate of San Angelo High School and Jolly's Beauty School. She was a beautician for 14 years at the St. Angelos Hotel Beauty Salon in San Angelo Texas.

She married Albert Tisdale on March 27, 1944 in Dodge City, Kansas. Albert and Modelle operate a ranch east of Eldorado. They had one daughter, Mary Leigh whom Modelle allowed Albert to raise

as his little "tomboy."

Modelle was voted as a life member of the Eldorado Women's Club. She had a special for raising dogie lambs and goats. She was a good mother and wife who took her responsibilities seriously.

Following Albert's death in 1969 she encouraged a life-long friend, Mary Love Swan to come to the ranch as her companion. There she spent the remaining years of her long life living the good life of a ranch woman, at home on the ranch near Eldorado.

She is survived by her daughter, Mary Leigh Tisdale Dunagan; two granddaughters, Danette and Wendie Dunagan; one sister-in-law, Charlotte Harvey; and her friend Mary Swan.

She knew how to love and will be sorely missed by all who knew her.

Services were held at 10:00 a.m. Wednesday, October 9th at the First United Methodist Church of Eldorado. Burial followed in Eldorado Cemetery, directed by Kerbow Funeral Home.

New Art Display At "Window Gallery"

The "Window Gallery" has on display the art work of a husband-wife art team. Jackie and Harris Napier have been painting together for about a year under the instruction of Ray McGuffin of Menard. Jackie has painted off and on for several years, but Harris has only been painting for a year.

Harris, a retired engineer, was born and raised in Menard. He likes doing wildlife paintings. Harris also has an Elk picture in the county library, as well as his work in the "Window Gallery."

Jackie, the daughter of the late Mr. and Mrs. Tom Henderson, grew up in Schleicher County. She is an active member of the Chamber of Commerce, the Chamber Pride Committee and her Church. "With Jackie's encouragement," Harris is an active worker in the Chamber Pride Committee.

Before retiring to their Schleicher County Ranch, the couple lived in the Tyler area. They have four children and 4 grandchildren.

Jackie and Harris recently returned from a trip to

Colorado and Yellowstone National Park. They came back with many snapshots of wildlife and landscapes. The also visited some great Art Museums.

We thank you Harris and Jackie for sharing your talent with us at the "Window Gallery."

A Service of
Transamerican Diagnostic Services
(Providing Mammography Services for over 5 years)

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Guidelines For Screening Mammography Established by the American Cancer Society.

I. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.

III. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. Asymptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$52.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

Is There A Need?

Eldorado Ministerial Alliance Wrestles With An Important Community Issue

The ELDORADO MINISTERIAL ALLIANCE is committed to seeking ways to meet human need for the highest common good of the community. One of the issues that has risen several times in our meetings this Fall is whether enough is being done to help the truly needy. The general economic stress felt by many families in our area is something that we should all be deeply concerned about. The specific issue that has come up in discussion is the presence of a valid need for a food pantry and/or used clothing closet in

Eldorado. Such food pantries exist in Sonora and many other area communities. We of the ELDORADO MINISTERIAL ALLIANCE would be very interested in hearing from the community at large whether the interest exists to organize, supply, and staff such an effort.

We are conscious of Christ's commands to "do it unto these the least of my brethren" Matt 25:40 and we want to be sensitive to any opportunity to meet human need in our midst. If you have any input, please contact us.

Tee Time

by Mabel Freitag

Local Lady Golfers scored well at the Big Lake 4-Lady Tournament.

Melissa O'Harrow and her team from Sonora and Robert Lee won 1st place in the 2nd Flight with 5 under par - 67.

Geneva McWhorter, Jo Callison, Eddy Kinser, and Mabel Freitag won 3rd place in the 2nd Flight with 3 under par - 69.

Remember, the Club

Championship Tournament is this week-end, October 12th and 13th. Tee time is 1:00 each day. A dinner will be provided Saturday night.

Every member is invited to come out and play - who knows, you may be the new Club Champion! Even if you don't win, you will be helping the club.

Come on out and join the fun!

HAPPY GOLFING!

SCMC Auxiliary

by Alma Corbell

The Schleicher County Medical Center Auxiliary met for their regular meeting on Thursday, October 3rd.

New officers for the coming year are as follows: President - Peggy Greele, Vice-President - Alma Corbell, Secretary - Maxine Page, Treasurer - Kathy Mankin.

We look forward to a very productive year, and encourage all members to attend

and participate in all our activities. Dues are now payable for both active and inactive members. Also, we always welcome new members - there's a place for everyone!

Remember, the Health Fair is coming up October 16th. We will serve cookies and coffee, and assist wherever we are needed. Many, many services will be offered, and this should be the best Health Fair ever!

Mark your calendar, and make plans to attend.

WORKING CLEARANCE

Maintaining the proper clearance from a high-voltage electric line is not just a good safety practice, it's the law.* In Texas, any contractor, corporation or individual not affiliated with the utility must follow these guidelines:

No person will perform any activity within six feet of overhead lines.

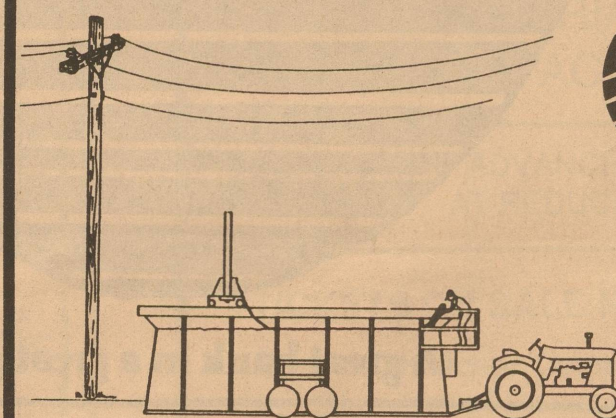

No person will operate or use any tool, equipment, machinery or material where it is possible that these devices will come within six feet of overhead lines.

No person will operate any equipment, such as derricks, cranes, power shovels, hayloaders, pile drivers, hoisting equipment or similar devices, within ten feet of overhead lines.

When work must be performed within these clearances, the organization or individual responsible must contact the utility and make arrangements to ensure safe clearances.

Violations of these provisions of the law can result in fines, confinement in jail or liability to the utility for damages and all liability incurred.

Library Takes Good With Bad

by Jeri Whitten

Let's talk about the good first. On Tuesday, October 2nd, author Elmer Kelton stopped by the library and left two large boxes of new western fiction, some Texas non-fiction, books and several children's story books. This was a great gift for our library. If you like reading Western books, come to see us, we can keep you reading for quite a while. Thanks to Elmer Kelton!

On the same morning, Johnny Mayo discovered a rock had gone through the front window through a room divider and knocked a hole in the wall.

Glass was everywhere. We wonder how someone could not appreciate our beautiful facilities.

And now for some more Good News!!! The library will have new hours starting October 7th. Clara Mae Donaldson started work at the library through the Greenthumb program. She will open the library at 10:00 a.m. and will be open during the noon hour, which we hope will help the working patrons.

Our new hours are 10:00 a.m.-5:00 p.m. Monday through Friday.

TEXAS AGRICULTURAL EXTENSION SERVICE

County Agents Report

Jerry Swift - Schleicher County Extension Agent

Garden Checklist for October

Dr. William C. Welch, Landscape Horticulturist

✓ October through November is an excellent time to purchase bulbs while there is still a good selection. Bulbs can be planted at any time, except tulips and hyacinths.

✓ Refrigerate tulip and hyacinth bulbs until mid-to-late December before planting. The lower part of the refrigerator is best. Do not leave bulbs in airtight plastic bags during refrigerator storage.

✓ Plant bulbs in well-prepared beds. The base of the bulb should be at a depth that is three times the diameter of the bulb. In sandy soil, set bulbs slightly deeper; in clay soils, slightly shallower.

✓ Start collecting leaves for composting. Be sure to have enough soil on hand to cover each 6 inch layer of leaves with several inches of soil. Add about 1 pound of a complete lawn or garden fertilizer to each leaf layer to provide the necessary nitrogen for decomposition. Thoroughly wet the leaf layer before adding soil.

✓ Check your nursery or garden center for plants of snapdragons, pinks, sweet william, poppies and calendulas. Planted now, they will usually provide a riot of spring color.

✓ Keep Christmas cacti in a sunny spot with nighttime temperatures below 65° F; buds drop if nighttime temperatures rise above 70° F or if the plants become excessively dry. To initiate flower buds, Christmas cacti should be kept in total darkness from 5:00 p.m. until 8:00 a.m. for about 30 days in October.

✓ If you have saved seed from your favorite plants, first air dry them and then place them in an airtight container and refrigerate. Carefully

label each packet. Remember, plants grown from hybrid plant seed seldom resemble the parent plant.

✓ Prepare planting beds for pansies as soon as they are available at garden centers. Pansies need well-drained soil and at least 1/2 a day of sun. It's best to use started plants as seed is difficult to handle.

✓ If you wish to save caladium tubers for another year, dig them in late October and allow them to dry in a well-ventilated but shaded area. After 7 to 10 days, remove the leaves and dirt; then, store in dry peat moss, vermiculite or similar material. Pack so that the tubers do not touch each other, and dust with an all-purpose fungicide. Store the container in an area where temperatures won't drop below 50° F.

✓ If twig girdlers have infested your trees and many twigs and branches are dropping, make sure these are collected and destroyed as the eggs are deposited in that portion of the branch that drops to the ground.

✓ There is still time to divide and reset perennials such as phlox, violet, iris, daylily and shasta daisy.

✓ October is a good time to reduce the potential for insects and disease in next year's garden. Clean up the garden, removing all annuals that have completed their life cycle. Remove the tops of all herbaceous perennials when they finish flowering or as soon as frost kills the leaves.

✓ Holly plants with a heavy set of fruit often suffer from a fertilizer deficiency. Applying a complete fertilizer late in October can be helpful and provides a head start next spring.

Little Schoolhouse Preschool

Lisa Craven's Little Schoolhouse Preschool

On Tuesday, September 24th, the Little Schoolhouse Preschool students visited Eldorado's Public Library. Mrs. Jeri Whitten, librarian, shared information with the children about where books are located, how to check out books, and proper care of books. Students had a unique display of their artwork, "Leaf People," decorating the library window. They were delighted with the surprise bonus of a softcover book and bookmark which Mrs. Whitten distributed.

Mrs. Lisa Craven and assistant, Mrs. Gina Sauer have many exciting learning adventures, art projects, and special visitors on the agenda for this year. Preschoolers are receiving an excellent introduction to the fun of learning.

Thank you, Mrs. Whitten and all community members for your contributions to the Little Schoolhouse Children!

Eldorado Spotlight

Elizabeth (Betty) Creel

This week's Spotlight shines on Betty Creel. Betty moved to Eldorado in 1983. She worked in the school library until this year. She is now working in the Schleicher County Extension Office.

She enjoys doing embroidery and hand work, and is a real good cook. She likes all of her neighbors - they exchange meals with one another because it is so hard to cook for one person, so they just share the leftovers. She is a member of the First Baptist Church.

Betty has 2 daughters, Linda Creel of Eldorado, and Bethany Stafford of Taylor, and 4 grandchildren.

"I would go to all of the home football games, but no one will take me!"
