DEA WATSON

Dea Watson had her third birthday Tuesday, September 20.

She is the daughter of Billie Sue Christian Watson of Floydada.

Dea was found to have a rare cancer called histiocytosis-x only a few weeks ago, she must travel periodically to San Antonio for treatment.

At the moment she is receiving chemotherapy in Lubbock and will later be receiving radiation.

She is the granddaughter of Mr. and Mrs. Greer Christian of Floydada.

A love fund has been started at the First National Bank in Floydada to help with her expenses.

City council amends sewer rate

Local businessman Don Hardy came before the Floydada City Council members September 13 with the question "Why should Don Hardy Car Wash sewer rate double?"

Sewer charges for hotels, motels, trailers parks, laundries and car washes have been figured at 1/4 of the regular water rate.

Council members discussed the matter and voted to amend the change to read 1/6 of the water rate.

The city sold a 1974 LeMans and a 1979 Bonneville to Ron's Auto Sales of Lubbock. Ron's Auto had the highest sealed bid for the two automobiles.

The money received for the cars was placed in a special fund for future police cars.

Bids were accepted by the council to demolish houses at 701 W. Ross, 531 E.

Jackson and 401 W. Crockett. Contractors will be given 60 days to complete the demolition.

Council members voted to advertise for 3-year bids on all city insurance.

Don Coplea, a representative from Poka-Lambro Telecommunications Inc., Lubbock, met with council members on purchasing of telephones and other related equipment by the city. Council members tabled the matter for discussion at a later date and possibly take bids on the purchasing of the equipment.

The possibility of purchasing a larger computer for the city was discussed. The city's present Apple computer is not capable of enough functions to competently handle the growing needs of the city. Council members agreed to discuss the matter further at a later date.

Emergency center organized

A task force made-up of representatives from most of the churches in Floydada, as well as other interested individuals, has been at work during the past four months organizing an interfaith emergency center. The nonprofit organization, which has adopted the name Spirit of Sharing (SOS), will attempt to provide emergency needs for those who do not qualify for existing

programs.

At their last meeting on September 6, they adopted a constitution and bylaws. The constitution is based on a member-church system of organization.

For further information concerning SOS, please call either co-chairperson, Jack McIntosh (983-3656) or Helen Martin (983-2940).

Smith will lead music

Fritz Smith, a music evangelist from Tyler, will be here October 2-6 to lead music for the Fall Revival of First Baptist Church. Smith is no stranger to the church or Floydada, having previously led revivals here.

Dr. Floyd C. Bradley, pastor, and the membership of First Baptist Church, have extended an invitation to the community to attend the services. The services on Sunday, October 2, will be at 10:55 a.m. and 7 p.m. Services will also be conducted Monday through Thursday at noon and 7:30 p.m. Following each noonday service, a meal will be served in Fellowship Hall. Guests are welcome, and a nursery will be provided for all services.

Smith's music ministry spans more than 34 years. Prior to entering full-time music evangelism in 1966, he had served for 17 years on the staffs of five Southern Baptist churches in the areas of sacred music and religious education. His last church staff position was a minister of music at First Baptist Church, San Antonio, from 1962-66.

Smith is in popular demand as soloist and music director at Glorieta and Ridgecrest Baptist Conference Centers, various Baptist state conventions and evangelism conferences, and Foreign Mission Board crusades in several countries.

FRITZ SMITH

He is a graduate of Baylor University and Southwestern Baptist Theological Seminary. Smith and his wife, Shirley, are active members of the Green Acres Baptist Church in Tyler.

Proclamation

By The County Judge of Floyd County

TO ALL OF WHOM THESE PRESENTS SHALL COME:

I, Choise Smith, County Judge of Floyd County do hereby declare the week of September 18-24, 1983 as FARM AND RANCH SAFETY WEEK in Floyd County, for the following reasons:

WHEREAS, the President has proclaimed National Farm Safety Week and the Governor has proclaimed the same period as Texas Farm and Ranch Safety week; and

WHEREAS, during this week, a statewide farm and ranch accident prevention education campaign is being undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas Agricultural Extension Service and 4-H Clubs, Texas Education Agency through the Texas Future Farmers and Future Homemakers of America, the Young Farmers and Young Homemakers of Texas and the Floyd County Farm Bureau with the theme, "SAFEGUARD THE FUTURE-PROTECT-EDUCATE"; and

WHEREAS, the National Safety Council estimates indicate that in 1982 farm work accidents resulted in approximately 1,800 deaths and 180,000 disabling injuries. Children and young persons 24 and under accounted for about 1 of every 4 of this total. Many thousands of farm and ranch residents of all ages were also seriously injured or killed in traffic, home and recreational mishaps. All told, the dollar cost of these accidents to farming and ranching families exceeded \$5 billion. However, no dollar value can be placed on the resulting suffering and grief, the hardship and emotional devastation. It is particularly unfortunate that farm children and teenagers often are the victims of these accidents.

THEREFORE, I urge those who work with and serve farm and ranch families to support safety efforts in every way possible. I call upon parents especially to teach their children good safety practices and instill in them a positive attitude toward safety which will serve them well throughout their lives.

Signed Choise Smith
County Judge
Floyd County

Board members attend convention

In a regular meeting of the school board held Tuesday night, September 13, at 8:00 p.m., two student council representatives of the student council at high school met with the board members: Superintendent Jerry Cannon, business manager Tommy Cathey, board president Harvey Allen and Don Hardy, Travis Jones, Bill Orman, Weldon Pruitt, Bud Rainey and Fred Zimmerman, members.

The pair, Wayne Morren and Jill Willson, reported the student council were making a serious attempt at participating in several new programs including SMILE, a program designed to teach the harms of alcohol and drugs, and a safety program. Highway Patrolman Bert Sinclair of Lubbock is expected to give a talk to the high school students and the city police and sheriff's department have promised their full cooperation in assisting the high school students to teach basic bicycle safety to elementary students.

Some of the program may include sealing off a block for some practical experience in bicycling and some instruction on the use of reflectors. Several films are scheduled to be shown in coordination with the program. In the 3AAA District the following enrollments were reported for 1983: Slaton, 510; Floydada, 334; Idalou, 305; Childress, 283; Post, 280; and Lockney, 196. Any changes in the district will be made by October 31 to be effective next school term and will remain in effect for two years. It seems with the figures available that Lockney will definitely be dropped from the district. There is a strong possibility that Abernathy and Brownfield will be added.

This year's enrollment in the Floydada schools indicate the following breakdown: Duncan, 470; Andrews, 295; Jr. High, 228; and High School, 334. Anglos make up 42.43% of that

total; Hispanics, 52.45% and Blacks, 5.12%. Of the 1327 total enrollment for the entire school system, boys outnumbered the girls by 686 to 641.

Business manager Cathey requested the board's approval for borrowing slightly under \$200,000 to meet upcoming payroll and accounts payable until the first of this year's state monies would be received the last three days of September and an additional \$45,000 of '82-'83 state funds could be received. Tax revenues will first become payable October 1.

The board unanimously agreed to send a written letter bearing all of their signatures in appreciation for the fine job of coordinating the band program performed by Billy Marquis in the intervening time before band director, Richard Bouton, could be hired and move his family to Floydada.

The board members and their spouses attended a school board convention held in San Antonio this past

weekend. "Partners for Excellence in Education" was the theme for the convention. Voting delegates, Hardy and Rainey, left Floydada early Saturday morning with the members of the group following at noon Saturday.

Keynote speaker of the 2 1/2 day convention was Harold Pluimer. He gave a preview of the coming years and spoke about an encounter with the teacher.

Superintendent Cannon said, "It was an outstanding convention which offered some excellent meetings and timely information to keep us abreast with what is going on."

The group returned to Floydada Monday night.

Keep That Great GM Feeling With Genuine GM Parts.

Residents celebrate birthdays

We greet September with a smile
Because the weathers' cooler...
But "Mother Nature" still has tricks
So never try to fool her!!!

We welcome Roxie Bennett
...She counts from '23...
May all her days be pleasant
With friends for company.

Our Mr. Craft we're greeting
...His parents named him Walter...
And when it comes to "party time"
You bet, he'll never falter!

Another one we welcome
...Her name is Alma Ruth...
A very lovely one she is
And has been since her youth.

Our Mrs. Addie Lindley
...Whose years are 91...
Is a very lively lady
And still likes lots of fun.

Let's serenade these people
With the good old birthday song...
So, everybody ready
And come out good and strong!

Thursday, September 15, was birthday time at the Rest Home with ladies of the City Park Church of Christ as hostesses for the festivities.

Residents and guests were ushered into the dining room with the honorees

being seated at the "honor" table. The special table was covered with a white lacy cloth and centered with silk roses in a brass container. The four places were marked with individual birthday cards and each honoree was wearing a lovely fresh flower corsage (Mr. Craft had a boutonniere), compliments of Williams Florists of Floydada. All of us surely do appreciate the thoughtfulness of the Williamses and the honorees feel so "dressed up."

The poem was read and all joined in singing the Happy Birthday song.

A delicious refreshment plate of tangy fruit punch, iced pound cake and angel food cake was served to the honorees, guests, residents and employees. Our thanks to Letha Lightfoot for the angel food. It was so pretty as well as good. She was seated at the "honor" table with her mother, Mrs. Lindley, as was a granddaughter, Laura Turner.

Beside Mr. Craft was his daughter Nita Adams. Visiting with Mrs. Wilson was her sister, Jessie Stewart. We welcome our guests and do hope many of you will be with us when your friends and loved ones are honored each month. Following the refreshments the Hesperian photographer came for the "picture taking."

The next party is to be Thursday, October 13, 2:30 p.m. You are invited.

NURSING HOME BIRTHDAY HONOREES enjoy cake, flowers and fellowship at a birthday party last Thursday. Pictured from [l-r] Walter Craft, Addie Lindley, and Roxie Bennett. Not pictured is Alma Ruth Nelson who also had a birthday.

Homemakers Club meet

The Harmony Extension Homemakers Club met in the Community Center September 12 with Bess Carras hostess. She read the scripture Jer. 52: 31-34. The president, Imelda Murry, called the meeting to order. Roll call was answered by Summer Vacation.

The program, "Spice Up Your Diet-Low Sodium Cookery," was given by the Agent Mary True. This was a very interesting and informative program. Salt is a very vital part of our diet. However it can be overdone. Salt regulates the fluids in our body. Too much salt causes an increase of fluids in our tissues. Then salt must be re-

stricted.

Mary passed out pamphlets with information on Sodium Restricted Diets. Herbs and Spices for Low Sodium Diets, and Recipes for Sodium Restricted Diets.

The next meeting will be September 26 with Homebuilders club as hostess. The meeting will be in the Ag building at 11:30. Each member is to bring a salad.

The hostess served refreshments to Anna Maude Hopper, Lucille Miller, Imelda Murry, Juanita Pool, Ruth Scott, Arvie Schultz, and Mary True.

each Tuesday. If you wish to have your children participate in this program, please contact Trina Savage at 983-5311.

This is a non-profit group with the proceeds going for such items as a ceiling fan for the nursery at the church and a donation to a love fund. There are many services that they would like to donate to in our community. They hope to make all this successful with the town's cooperation.

Domestic Guidelines

By Mary True

Heating the water that you use in your household accounts for about 20 percent of all the energy you use in your home. So, it is very important that none is wasted!

Here are some ideas to help you cut down on the energy you use to heat water. First of all, repair leaky faucets promptly. One drop a second can waste as much as 60 gallons of hot (or cold) water in a week.

Next, buy a water heater with thick insulation on the shell. While the initial cost may be more than one without this

conservation feature, the savings in energy costs over the years will repay you.

Add additional insulation around the water heater you now have if its inadequately insulated, but be sure not to block off needed air vents which would create a safety hazard. When the water heater is well-insulated you should save from \$8 to \$20 a year in energy costs.

Check the temperature on your water heater. Most water heaters are set for 140 degrees or higher, but you may not need water that hot unless you have a dishwasher. A setting of 120 degrees can provide adequate hot water for most families.

If you reduce the temperature from 140 degrees (medium) to 120 degrees (low), you can save over 18 percent of the energy you use at the higher setting. Even reducing the setting 10 degrees will save you more than 6 percent in water heating energy.

If you are uncertain about the tank water temperature, draw some water from the heater through the faucet near the bottom and test it with a thermometer.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Mules defeat Whirlwinds

The Fighting Floydada Whirlwinds felt the mighty kick of the Muleshoe Mules here last Friday night in their third game of the season.

Muleshoe's Trent Hysinger rushed for 120 yards on 17 carries and scored five touchdowns for the Mules.

The game was a close contest in the first half as the two teams went into their dressing rooms tied, 14-14.

The tenacious Winds fought a hearty comeback when quarterback Mark Hatley put the Winds on the scoreboard after two Muleshoe scores with a six yard touchdown run in the second quarter.

Whirlwind Derrick Jenkins connected with Mark Hatley for a 41-yard scoring pass to tie the score 14-14 at the half.

The Mules went on to score another 34 points before ending the game 48-14.

John Wayne Foley rushed for a total of 119 yards out of 19 carries averaging 6.2 yards.

Hatley completed 6 out of 14 attempted passes for a total of 116 yards, averaging 8.8 yards.

Former Head Coach L.G. Wilson will be coaching the Hornets in what should prove to be an "interesting game."

Coach Joe Paty predicts both teams "should really be up" for the intriguing ballgame.

The Frenship Tigers roared by the Hornets last week with an impressive 28-14 win.

Coach Paty said he hopes to correct the defensive mistakes made in the game against Muleshoe last week. Paty names lack of experience the key to many of the Whirlwinds mistakes and hopes that with every game under their belts the Whirlwinds will improve for upcoming district play.

Floydada Nursing Home Happenings

By Dorothy Neff

Many thanks to the Floydada Whirlwind Sams for the sacks of donuts. Several of the residents enjoyed them at coffee time and the rest will be served for breakfast.

The City Park Church of Christ ladies hosted the monthly birthday party Thursday September 15. Lemon pound cake and punch was served to all residents. We had four honorees, Mr. Walter Craft, Alma Ruth Nelson, Addie Lindley, and Roxie Bennett. Everyone looked so nice in their Sunday best and their lovely corsages, furnished by William's Florist.

Bennie Wilson was proud to show off her lovely bouquet sent to her by her niece, Glenda Wilson of Amarillo. Bennie said it really made her day to know someone loved her so much.

Mrs. Nora Norris enjoyed visiting with her brother, Lewis Carpenter and his grandson, Jeff Carpenter from Muleshoe Friday.

Anna Lee Brown ate lunch with her sister, Sue Guthrie Friday. Anna came home with a pretty manicure which she said she needed very bad.

Susie Mooney is home after spending several days in Caprock Hospital with two broken ribs. Susie told me she was feeling much better.

I think I enjoyed coffee time much more than the residents Friday morning. This is a new social activity they have each morning and it brings forth

some good close fellowship.

Irene Fuller brought the reading, Overcome fear from the book of Acts. Those attending coffee time were: Bennie Wilson, Addie Lindley, Francis Childs, Susie Mooney, Sue Thompson, Ollie Birnie and Emmitt Lawrence.

Mrs. Hattie Sanders is our newest resident. She is from Roaring Springs. She lives in room two down the West hall. I know Hattie would enjoy your visits.

The residents enjoyed two movies Friday afternoon, Steamboat and The Climber, before the movie started Leona Neff and Shirley Varner of Companions 'n' Caring served watermelon to all the residents.

I want to thank these girls for their time and love. I need all the help I can get.

Mrs. Vera Duke and Mrs. Sallie Kreis is in Caprock Hospital. We all send our love and prayers to these dear ladies and hope they are back home soon.

The residents and staff would like to thank Mrs. Ben Dillard of Roaring Springs and Tom Emert and Bill White for the watermelons they so graciously gave us.

The residents received a letter from Windy Jackson this week. Windy is happy with her new home and is already teaching the exercise class new exercises which she carried from here. I know everyone there will love Windy as much as we did.

By Mrs. J.E. Green
Sunday, Sept. 18, 1983:

I am home again after nearly two weeks visiting kin I never get to see enough of. Son Clyde and wife of Peralta, N. Mexico came by two weeks ago after seeing their daughter, Annie registered in her first year in Howard Payne University. They asked me to go home with them and believe it or not, I did.

Two of the attractions besides Kenneth Mark (the son who is youth and music leader in their church) were the oldest daughter, Gretchen and her 16 month old daughter Sarah Louise of Karaki, Pakistan, spending some time with her parents. Gretchen and Sarah talk to the Daddy once a week long distance. Sarah is a peach. All enjoy her "my great grand."

I enjoyed helping Clyde and Ouita

prepare apples for the freezer. We all went to church three times except Sarah and brother.

Since I had planned to see my sisters on the North Plains I decided to start home by Albuquerque and Amarillo where Gertrude would meet me. The bus was full. I was next to the last one. I had rather ride the bus than fly.

Mrs. W.C. Plumlee is in the Plain-view hospital.

We attended church at First Church at Borger, a big church. One night we had a big rain. Several relatives came to see us at the Massingill home. Saturday night we enjoyed hearing Billy Graham in Gertrude's living room.

On Wednesday I decided I had better go home. We visited briefly in Fritch in the Case home, Gertrude's daughters. We went by the home of Win and Bill Coggin home, north of Hereford. A nice farm home, nice crops, nice country. We stayed two nights. I had a good time everywhere.

We arrived home Friday. Gertrude felt a need to go home and today I am lonesome but have such pleasant memories.

I was glad to be in Calvary Church Sunday morning.

This Sunday has been clear but the wind still blows - It blows up north, too.

It was good to see Alma Ruth Nelson able to be in church this Sunday morning.

Wiley Rogers is about the same.

Mr. and Mrs. Marion Carpenter spent a week in the Dallas area visiting some of their children and families.

Mrs. Ethel Warren getting better all the time. Bro. Muncy is back in the

hospital. Let us remember the sick in prayer.

Mr. and Mrs. Millard Watson accompanied by Mr. and Mrs. Henry Brewer are back from a 1700 mile trip thru Clovis, New Mexico, Colorado and Texas.

South Plains News

South Plains, September 19.

There is a saying from the Bible that comes to mind for us this week as we send the news of South Plains, and it is, "The Lord giveth, and the Lord taketh away. Blessed be the name of the Lord."

In the giveth category are young neighbors, Mr. and Mrs. Diane and Carlton Johnson, who are parents of a baby girl, Velvet Brianne, who was born at the Lockney General Hospital Wednesday morning, September 14, at 1:27 a.m. She was 21 inches long, and weighed 7 lbs. 6 1/2 ounces. Reports are she looks like her brothers Tanner 6, and Carson 4. She has a host of friends, and relatives including grandparents, Mr. and Mrs. Bryon Ford and Mr. and Mrs. L. N. Johnson. Great grandparents are Mrs. Clara Jeffcoat and Henry Ford. We send congratulations to everyone.

Mrs. Kate Wood, 96, of Whitney, where she lived with her daughter and husband Mr. and Mrs. Bess and Jack McCown, died there Wednesday, September 14 after a brief illness. Services were in Floydada at the First Baptist Church, at 2:00 p.m. Friday with Dr. Fred Howard officiating, and Rev. R. C. Guest assisting. Mrs. Walter Wood was from South Plains and a member of the South Plains Baptist Church, from its very beginning. She was loved and revered by everyone in our vicinity, and was a proud pioneer, and all of us loved her and were proud of her. Her husband Walter Wood died in a car accident at Easter time in 1958. She was laid to rest in the Floydada Cemetery. We send sympathy to the families.

Tuesday visitors at the home of Mrs. M. M. Julian were her nieces, Mrs. Shirley Jackson of Lubbock and Mr. and Mrs. Bruce and Billie Ruth Rich from Albuquerque, New Mexico, who spent the afternoon, and had supper here. They had been back to Ardmore, Oklahoma to the Arthritis Clinic. They were in the Rich's family travel trailer, their Winniebag, where they spent the nights as they traveled.

South Plains vicinity have been happy to have several showers of rain around the community the past week, and the amount varied, with an inch falling in some places. The Busby's Vegetable

Farm got a very bad hail Monday night, September 12, which swept across their place, and went on toward Lockney, where in its path cotton was destroyed.

We extend our sympathy to Mr. and Mrs. Larnce McCain of Lockney in the death of the baby daughter of their grandchildren, Mr. and Mrs. Tim McCain. The baby daughter passed away at its birth, Tuesday afternoon at Lockney General Hospital.

Remember to get your orders in as soon as possible to those selling pecans at the PTA at South Plains. Call Mrs. Connie Johnson or Mrs. Lora Bethel as you order. The pecans are \$4.00 a pound, and the PTA are selling them to get some equipment for the South Plains school.

Thursday, Friday and Saturday the 30th Annual Floyd and surrounding counties enjoyed a three-day run at the County Fair in Lockney. There was a carnival and all sorts of entertainments there for all ages. Mrs. Lora Bethel here was the recipient of several first and she has a blue ribbon on her cherry jelly; a 1st on a coconut cream pie and a 1st on her chocolate chip cookies. Congratulations, Lora. There may have been others that we have not heard of, and we are glad for all.

Mrs. Gertrude Gaby was here visiting her daughter, Mrs. Sara Probasco and family who came in Saturday a week ago, and was visiting here and in Lubbock during her stay. She is from Jackson, Mississippi.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
SPECIAL ELECTION
NOVEMBER 8, 1983

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 91 proposes a constitutional amendment which requires a county with a population of 30,000 or more to be divided into not less than four nor more than eight justice of the peace precincts. A county with a population of 18,000 or more but less than 30,000 shall be divided into not less than two nor more than five justice of the peace precincts. A county with a population of less than 18,000 shall be designated as a single justice of the peace precinct or, upon a finding of necessity by the commissioners court, shall be divided into more than one justice of the peace precinct but not more than four. The amendment provides further, that in any precinct in which there is a city with a population of 18,000 or more, two justices of the peace shall be elected. The amendment allows a justice of the peace, constable or commissioner to continue in office until the expiration of his term, although a change in precinct boundaries results in the officer no longer being a resident of the precinct for which he was elected or appointed and allows a justice of the peace or constable to continue in office until the expiration of his term even though a change in precinct boundaries results in the abolishment of the precinct or more than one justice of the peace or constable serving the precinct. Vacancies in the office of justice of the peace or constable that result from a precinct boundary change shall be filled by the commissioners court until the next general election. The amendment would take effect on January 1, 1984, and counties with populations of less than 30,000 and with more than four justice of the peace and constable precincts would have until January 1, 1987 to comply with the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and providing for continuous service by justices of the peace, constables, and county commissioners when precinct boundaries are changed."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 105 proposes a constitutional amendment which would limit a homestead in a city, town or village to a lot or lots amounting to not more than one acre of land, together with any improvements on the land. The constitutional requirement that, at the time of

designation, an urban homestead not exceed ten thousand dollars in value without reference to the value of any improvements on the land would be eliminated.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment replacing the limitation on the value of an urban homestead with a limitation based on size."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes the Legislature to enact legislation that permits representative associations of agricultural producers to collect refundable assessments on their product sales to be used solely to finance programs of marketing, promotion, research and education relating to those products. It provides, further, that adoption of the proposed constitutional amendment will bring into effect Senate Bill 607, Acts of the 68th Legislature, Regular Session, 1983, with rejection of the amendment resulting in Senate Bill 607 having no effect.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment providing for the advancement of food and fiber production and marketing in this state through research, education, and promotion financed by the producers of agricultural products."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 30 proposes a constitutional amendment which authorizes the Legislature to enact laws to provide for the succession of members of the Legislature in the event of enemy attack and allows the suspension of procedural rules imposed by the Constitution in the event of, or immediate threat of, enemy attack. The amendment empowers the Governor, after consultation with the Speaker of the House and the Lieutenant Governor, to suspend the constitutional requirement that the Legislature hold its sessions in Austin and allows the suspension of procedural rules by the Governor issuing a proclamation in which the House of Representatives and Senate concur by resolution approved by a majority of the members present. Suspension of the constitutional rules may not exceed a period of two years under a single proclamation; however, the Governor may renew the suspension by issuing a new proclamation concurring in the House of Representatives and the Senate through a resolution approved by a major-

ity of the members present.

The amendment will appear on the ballot as follows: "The constitutional amendment authorizing the suspension of certain constitutional rules relating to legislative procedure during those disasters or during immediate threat of enemy attack."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 12 proposes a constitutional amendment that authorizes the Legislature to enact legislation providing for the use of the permanent school fund and income from the permanent school fund to guarantee bonds issued by school districts. The amendment provides, further, that the Legislature may appropriate part of the available school fund for administration of the permanent school fund or of a bond guarantee program established pursuant to the amendment.

The constitutional amendment will appear on the ballot as follows: "The constitutional amendment authorizing use of the permanent school fund to guarantee bonds issued by school districts."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment which would permit the Legislature to provide for the garnishment of wages to enforce court-ordered child support payments. The garnishment remedy would not be available for other purposes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment allowing the Legislature to provide for additional remedies to enforce court-ordered child support payments."

PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that authorizes the Veterans' Land Board to provide for, issue, and sell general obligation bonds of the State of Texas in an amount not to exceed \$800 million to provide financing to veterans of the state. The amendment requires that three hundred million dollars of the state bonds be dedicated to the Veterans' Land Fund. The Fund is to be used to purchase land to be sold to veterans under such terms, rules and regulations as may be authorized by law. The amendment creates the Veterans' Housing Assistance Fund and requires that \$500 million of the state bonds authorized by the amendment be dedicated to the Fund. The Veterans' Housing Assistance Fund will be utilized by the Veterans' Land Board for the purpose of making home mortgage loans to veterans for housing within the state and for the administrative

costs of administering the fund and issuing the bonds. The amendment provides, further, that if there is not money in either the Veterans' Land Fund or the Veterans' Housing Assistance Fund available for payment of principal and interest on the general obligation bonds issued pursuant to the amendment, then money coming into the Treasury in each fiscal year is appropriated in an amount sufficient for payment of principal and interest due in that fiscal year.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment for financial assistance to veterans and to authorize the issuance of \$800 million in bonds of the state to finance the Veterans' Land Program and the Veterans' Housing Assistance Program."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 1 proposes a constitutional amendment that authorizes political subdivisions to exempt veterans' organizations from ad valorem taxation on their property. The amendment requires that the veterans' organizations be chartered by the United States Congress, be composed of members or former members of the United States Armed Forces, and be organized for patriotic and public service purposes. The amendment provides, further, that political subdivisions may exempt fraternal organizations from ad valorem taxation on their property. The amendment requires that the fraternal organizations be organized to perform and be primarily engaged in charitable or benevolent functions. The Legislature would be authorized to enact laws that prescribe eligibility requirements for fraternal organizations to benefit from the exemption and to pass legislation limiting the types or amount of property owned by a fraternal organization which may be exempted from ad valorem taxation.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to authorize taxing units to exempt from taxation property of certain veterans' and fraternal organizations."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 70 proposes a constitutional amendment to authorize the Legislature to provide, by local or general law, a method by which judges of statutory courts with probate jurisdiction may be assigned to any other statutory court with probate jurisdiction and to any constitutional county court in any county in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for assignment of judges of statutory probate courts to other statutory county courts with probate

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 17 proposes a constitutional amendment that authorizes the Legislature to enact laws which would allow a city or town to expend public funds to relocate or replace sanitation sewerage laterals on private property if done in conjunction with the replacement or relocation of sanitation sewer mains serving the property. The amendment requires that the law authorize the city or town to affix a lien on the private property, with the consent of the owner, to cover the costs of the replacement or relocation of the sewer laterals on the property. The lien may not be enforced until five years have expired since the date the lien was affixed. The amendment provides, further, that the law require that the costs of the replacement or relocation of the sewer laterals on the private property be assessed against the property with repayment to be amortized over a period not to exceed five years and at an interest rate provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit a city or town to expend public funds and levy assessments for the relocation or replacement of sanitation sewer laterals on private property."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that would change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles. The Legislature would be authorized to establish the Board of Pardons and Paroles and to require it to maintain records of its actions and the reasons for its actions. The amendment would empower the Legislature to enact parole laws. Shannon attends food show

Local supermarket manager Forrest Shannon was in Lubbock, Texas recently to attend the presentation of a new product line, TV Brand, being offered to food retailers in West Texas and Eastern New Mexico supplied by Waples-West, a Lubbock, Texas food wholesaler.

The product show was held at the Southpark Inn on Sunday afternoon, September 11, 1983, and consisted of product displays, sampling, booths, presentations, and merchandising methods.

A product comparison showing the quality of TV Brand products to National Brands, as well as other locally branded products, was presented. According to sources at the meeting, TV Brands products are of equal or superior quality to National Brands, and are available in a wide variety of grocery, dairy, frozen foods, meats, bakery, and

non-food items. All are priced below comparable National Brands.

In addition to product comparison, the food retailers sampled numerous products for themselves, including potato chips, orange and grape juices, yogurt, ice cream, and others.

The TV Brand products are beginning to appear in area supermarkets supplied by Waples, and will surely become more and more common to consumers as a result of an extensive marketing campaign designed to tell Ms. Consumer about the value of TV Brand products.

Waples-West supplies over 100 supermarkets and food stores in West Texas and Eastern New Mexico. Waples-West is a division of Waples-Platter of Fort Worth, Texas, which is a part of Fleming Companies, Inc. with headquarters in Oklahoma City, Oklahoma.
