Tide Water To Drill Ellenburger Wildcat In C-S Martin Area

Tide Water Associated Oil Company has staked location for an Ellenburger wildcat in Central-South Martin County.

It is No. 1-B E. B. Dickenson and is located 900 feet from south and west lines of section 8, block 97, T-1-S, R-1-P survey and on a 60-acre lease.

Rotary tools will be used to drill to projected depth of 19,000 feet. Operations will begin at once.

West Of Stanton

It is nine miles west of Stanton and 13 miles northeast of the city of Midland. That makes it one and one-half miles south and three-quarters of a mile west of Tide Water No. 1 Dickenson, a deep dry hole which was completed as a flowing discovery from the Ellenburger.

After being produced for a short time the Ellenburger oil in No. 1 Dickenson was depleted and that formation made only water with slight shows of oil and gas.

Flagged Back

Operator then started plugging back and testing higher formations. The Fuselman, the Pennsylvanian and the Spraberry were all tested.

None of those formations yielded any signs of commercial production. The last testing was in the lower Spraberry above the plugged back total depth of 8,340 feet.

No shows for making an oil well were recovered from the testing in that zone so operator plugged and abandoned the test.

Wildcat In Andrews Gas Oil, Gas Shows On San Andres DST

The Foster of Lubbock No. 1 University-Cities Service, wildcat in Central Andrews County, had shows of gas and oil on a drillstem test of the San Andres from 4,909 feet to 4,938 feet.

The test was open two hours. Gas came to the surface in 14 minutes with no estimate of the volume.

Recovery was 700 feet of heavily oil mud and 900 feet of free oil. Shutin bottom hole pressure was 1,400 pounds in 15 minutes.

Operator is now deepening.

The project, originally drilled to 3,000 feet to test the Yates sandy lime and abandoned at that depth, was recently re-entered by Foster. Cities Service Oil Company had drilled the test as its No. 1-A University.

Location of the prospector is 1,864 feet from north and west lines of section 17, block 14, University survey and one and one-quarter miles north of the East Shafter Lake (Pennsylvanian) field. It is 10 miles northwest of the town of Andrews.

More Steel For Oil In 1953 Is Expected By IPAA Executive

WICHITA FALLS—(AP)—Oil operators can expect a substantial increase in steel allocations in the first quarter of 1953, Russell B. Brown, general counsel, Independent Petroleum Association of America, said here Wednesday.

Brown spoke at a luncheon meeting of directors of the North Texas Oil & Gas Association.

He said the need for de-control of petroleum prices by the Office of Price Stabilization is immediate, but he added, "the outlook is pretty blue for any action on this matter before next January 1."

Drilling To Increase

With more steel goods available, Brown said he anticipated the industry would be able to drill between 52,000 and 53,000 wells next year.

Brown was accompanied here by Charlton H. Lyons, Shreveport, president of the IPAA, who joined in the plea for a boost in crude prices and de-control from OPS.

Lyons said he believed the price of crude should be hiked from 69 to 85 cents per barrel to meet increased drilling costs. Average top price paid now for good gravity oil is \$2.36.

AIME Meeting In Midland Wednesday Draws Big Crowd

More than 175 engineers attended the kickoff meeting for the 1953 Fall season of the Permian Basin Section of the American Institute of Mining and Metallurgical Engineers held in Midland Wednesday night.

The meeting was featured with talks by E. M. Harris and A. B. Cook on Scoury County reef fields. The two men are with the United

Baptists Bow To City Order On Auditorium

Members of the First Baptist Church agreed unanimously Wednesday night to abandon immediately their condemned auditorium and a special committee announced Thursday that Sunday morning church services will be held in the Ritz Theater.

The action was taken at a conference of the congregation Wednesday night after a letter from city officials warning that the auditorium had been condemned and must be abandoned, was read by the Rev. Vernon Yearby, pastor.

A committee headed by William E. Johnston and including Charles Mason and Joe Wright began looking for a new meeting place.

"We will hold our Sunday morning services temporarily in the Ritz Theater," said Johnston, "and will meet there at least for the next two Sundays."

"Sunday School classes, which have been meeting in the auditorium, will be moved elsewhere immediately."

New Meeting Place

Mr. Yearby said no plans have been made for leasing town the 60-year-old auditorium which had been condemned as a structural and fire hazard.

Johnston also announced Thursday the new meeting places for the Sunday School classes, which have been meeting in the auditorium.

The new places include:

Junior 11-12—Recreation Building, Mrs. W. H. Dempster, superintendent.

Adult III—Newbie W. Ellis Chapel, Duke Jimeron, superintendent.

Adult IV—Ritz Theater, W. H. Dempster, superintendent.

Beginners 8-A—West End of Building behind Recreation Building, Mrs. G. G. Smith, superintendent.

High Winds Hit Midland Water Fields

A violent windstorm skirted Midland Wednesday afternoon, tearing down trees and shrubbery at Cole Park and knocking out power at the city's three water well fields for 30 minutes.

Henry E. Nunn, city sewage and water engineer, said the loss of power had no effect on the city's water supply since power was restored within a short time.

The power was cut off completely at Cole Park, Rosedale and the new sewage treatment plant, and four wells at Wadley were knocked out of commission temporarily.

Temperatures Drop

Light rainfall was reported at the north end of the Wadley tract.

The winds in this area, like those which accompanied thunderstorms in other sections of the state, sent the temperatures falling from a high of 84 reported here Wednesday to 61 early Thursday.

High winds in the Fort Worth area caused storm-conscious Carwell Air Force Base—almost wrecked by a storm a fortnight ago—to evacuate some aircraft. Precautions were taken with B-57s at the field but the huge bombers were not evacuated.

The squall line was churned up just north of Wichita Falls Wednesday but Thursday had passed deep into South Texas.

Caudle Says Clark Quashed OPA Case

WASHINGTON—(AP)—T. Lamar Caudle testified Thursday that Tom Clark ordered him to drop prosecution of an OPA case against a North Carolina lumber dealer in 1944 after the lumber man retained Clyde R. Hoy as his attorney.

At that time: Caudle was the district U. S. attorney in North Carolina.

Clark, now a justice of the Supreme Court, was the chief of the Justice Department's Criminal Division.

Hoy, now a senator, was North Carolina Democratic national committeeman, and had just won his party's nomination to the Senate.

In the witness chair of a House Judiciary Committee investigating the Justice Department, Caudle said his own view was that the facts of the case did not warrant it going to a grand jury.

However, attorneys for the then Office of Price Administration "believed they had a strong case," he said.

Caudle related that a price violation charge had been brought against T. C. Cox of Wadesboro, N. C., Caudle's home town, on orders of Clark.

He said he advised Cox's brother that he had been ordered to present the case to a grand jury.

Cox retained Hoy, who telephoned him and said he would seek a conference with Clark.

And a few days later, Caudle said, orders to drop the case came directly from Clark by telephone.

Clark later became attorney general and brought Caudle to Washington as one of his assistant attorneys general.

Citizens To Hear Airline President At Dinner Meeting

A citizens' dinner sponsored by the Community Chest is scheduled at 6 p.m. Thursday in the high school cafeteria, with Brig. Gen. Robert J. Smith of Dallas, president of Pioneer Air Lines, as the guest speaker.

Joe Dickerson, chairman of the 1952 Community Chest finance campaign, will preside at the meeting, and John P. Butler will introduce the speaker.

Chest officials said the dinner-meeting, an invitational event, is designed to acquaint those attending with the new and enlarged program of the Community Chest. Several hundred Midlanders are expected to attend.

General Smith, noted aviation enthusiast and civic and business leader, is a former vice chairman of the National Security Resources Board and is a past president of the National Air Council. He has been prominent in the American aviation industry more than 25 years and formerly was commanding general of the 44th Troop Carrier Wing in the U. S. Air Force Reserve. He served with distinction with the Air Transport Command overseas during World War II.

The general, who has spoken here on previous occasions, is a member of the American, Texas and Dallas Bar Associations; vice president of the Downtown Club in Dallas, and a director of the Dallas Chamber of Commerce.

Texas' Draft Quota 2,336 In November

AUSTIN—(AP)—A Texas draft call for 2,336 men during November was announced by State Selective Service headquarters Thursday.

The quota is Texas' share in the national November call for 47,000.

State Director Paul L. Wakefield noted that Texas' share in the national call dropped for November under the October quota of 2,733, even though the national calls for the two months were identical.

"Such factors as enlistments credited to the state and the number of men in the various age and classification groups have an effect on the way we share in the national quota," Wakefield explained.

Only men 20 years old and up will be inducted during November, with the exception of volunteers and delinquents, who can be younger, Wakefield said.

Local boards will be issued their quotas under the November call about October 6.

Judge Orders Attorney Held Without Bond

ALICE—(AP)—Stolen ballot boxes and the name of South Texas Political Boss George Parr had the spotlight Thursday as investigation of the Buddy Floyd slaying went ahead.

Courtroom spectators expected anything to happen in two actions.

The examining trial of Mario Sapet was a repeat of testimony heard Tuesday in the hearing for Nago Alaniz, bound over to the grand jury without bond on charges of murder in the shooting.

Defense Attorney Fred Semann of San Antonio agreed that testimony of Dr. G. G. Wyche, Highway Patrolman Fendegast, Sheriff Halsey Wright and Eleanor Lewis in the Alaniz hearing should be put into the record of the one Thursday. He stipulated he had the right to object later.

Jake Floyd, Sr., again repeated the lengthy details of a conversation he had with Alaniz on the night of the killing. There was one exception.

Sapet Alleged Leader

When Floyd said he was told that Sapet was named leader of the killer gang he said he told Alaniz: "That man is a deputy sheriff in Dural County."

"He has not been for two weeks," Floyd said Alaniz replied.

Judges of the Peace Brown Fuller overruled a long list of objections by Semann, who protested testimony by Floyd in the Alaniz case Wednesday had no bearing on Sapet's hearing Thursday.

Alaniz, dapper Alice attorney and law partner of District Attorney James Eastburn Norris, was ordered held without bond and bound over to the grand jury by Justice of the Peace Brown Fuller. His attorneys immediately started habeas corpus proceedings to go before Judge Means Thursday afternoon.

Midland Rites Set Sunday For Pfc. Johnny Richters

Funeral services for Pfc. Johnny D. Richters, 19, who was killed in Korea July 24 of this year, will be held at 2 p.m. Sunday in the Faith Tabernacle, 611 South E. Terrell Street. The Rev. E. M. Jones, pastor, will officiate.

Military services will be conducted at Fairview Cemetery by the American Legion Post of Midland. The American Legion also will furnish pallbearers. Interment will be under the direction of the Newbie W. Ellis Chapel.

The remains are scheduled to arrive in Midland at 8:30 a.m. Saturday by rail.

Born Sept. 26, 1933, at Colorado City, Richters moved to Midland in June, 1950. He attended the Midland public schools a 2 1/2 years at Stamps Music School at Dallas. He was employed by F. W. Woolworth Company here prior to entering the U. S. Army Sept. 26, 1951.

After receiving his basic training at Fort Ord, Calif., Richters went overseas May 14, 1952. He was serving with the 17th Infantry Division, Company G. While on a patrol mission near Old Baldy in Korea, he was wounded fatally by a sniper.

Survivors include the parents, Mr. and Mrs. Pless Richters, 909 South Mineola Street; three brothers, Bobby J. Richters of Camp Stoneman, Calif., who will serve as official escort of the remains to Midland, and Donald and Thomas E. Richters, both of Midland; and three sisters, Mrs. Bertis M. Conifer of Houston, Mrs. Leonora M. Shields of Providence, Ky., and Dorothy L. Richters of Midland.

STANTON—One person was killed instantly and another injured seriously in a Gulf Pipe Line Company accident near here at 9 a.m. Thursday.

Dead was Harold Dumas, 15, of Hillsboro. His father, A. O. Dumas, lives at Big Spring, while his mother resides at Hillsboro. The body will be forwarded to Hillsboro for services by Arrington Funeral Home of Stanton.

Admitted to Memorial Hospital at Stanton was T. F. Cooper, address unknown. The extent of his injuries had not been determined.

Details of the accident, said due to mechanical failure in a piece of equipment being used by the two workers, were not available immediately.

First Water Supply Awards Scheduled

Contracts for the construction of the initial phase of the McMillen Field water supply development were to be awarded Thursday afternoon at the weekly meeting of the City Council.

Bids were opened here Tuesday on drilling 10 water wells at the field, 10 miles northwest of the city, and the construction of two 2,000,000-gallon storage reservoirs.

Tabulation of the bids was nearing completion Thursday morning, City Manager W. H. Oswald said, and should be ready for action by the councilmen at their meeting.

Scheduled for opening Thursday afternoon were the bids for the construction of gathering lines at the field and a pump station.

Stevenson Turns Quips On Senator Taft As Eisenhower Swings Into Farm States

By The Associated Press

Gov. Adlai Stevenson invaded the Eastern Seaboard Thursday for a five-state campaign in which he will hammer away with his claim that Senator Robert A. Taft is the new boss of the Republican presidential campaign.

The Democratic presidential nominee contends that his GOP opponent, Gen. Dwight D. Eisenhower, has surrendered to Taft and now is taking orders from him and what Stevenson calls the Republican "Old Guard."

Stevenson flies from Springfield, Ill., to Bridgeport, Conn., then on to Hartford, where he makes his first major speech of the new campaign—his second big drive.

His Hartford address will center around the implications of the atomic energy age.

He continues to Springfield, Mass., Friday. His current sweep takes him through Connecticut, and New York, where he makes an important appearance Monday before the American Federation of Labor Convention in New York City.

Stevenson addressed the same

he favors amendment of the Taft-Hartley Act to get rid of features he said could be used for "union busting."

He Enters Iowa

But he said he opposed actual repeal of the law and the unionists—most of whom want just that—received his statement in silence.

This same comment, however, was cheered loudly in Rock Island, Ill., later in the day when Eisenhower flew back to his campaign train and continued his interrupted whistle-stop drive through the Midwest.

Eisenhower crosses politically doubtful Iowa Thursday, pounding away at what he calls the "mess" in Washington. He plans a major farm speech at Omaha, Neb., Thursday night.

Senator Taft opened his intensive 18-state coast-to-coast speaking campaign on behalf of Eisenhower and the GOP party Wednesday night in Springfield, Ohio.

The Ohio senator, defeated by Eisenhower for the presidential nomination in July, told a nationwide radio and television audience that only the election of the uni-

"the philosophy of government spending and power."

"Unlimited Powers"

Taft said Eisenhower strongly believes in constitutional limitations of government power and "abhors the left-wing theory that the executive has unlimited powers."

He said he plans, during the campaign, "to speak on all the issues, corruption and degradation in Washington, Communist influence in the State Department, the surrender of China to the Communists, the Korean War and the Acheson foreign policy."

Senator John J. Sparkman, the Democratic nominee for vice president, followed Stevenson's lead and pointed away at the contention that the Republicans had what he called "a new general—a man called General Taft."

Senator Richard M. Nixon, the GOP vice presidential candidate, launched his Western campaign last Wednesday night with a speech at Pomona, Calif., pleading for election of the Republican ticket to gain "what is best for America." He ripped into the Truman Administration, hammered at the uni-

★ JOHNSON IN HOLLYWOOD ★
Talking-Horse Tale Wags Dog In April Foolery Staged By Fox

Hollywood's guessing the identity of the chief character in Robert Casan's forthcoming novel about movietown, "The Magic Lantern." A pioneer of the flicker industry, who was ruined by the advent of the talkies, is their bet.

Shed no tears for Johnnie Ray in the financial department. Ray's walls in 1952 will gross him over one million—\$100,000 of it he'll be able to keep after expenses and taxes. As a singer and songwriter in 1948, Ray made \$500.

If Betty Davis' in-the-flesh musical revue, "Two's Company," is a hit, her absence from Hollywood will be longer than the town suspects. Winding up her role in "The Star," she told me:

"I'm going to be with the show as long as anybody wants to see it. If every town in the country wants us, I'll be delighted." The revue is slated to open a tryout in Detroit September 27.

Sterling Hayden's beaming over his role opposite Betty in what may be her last movie for a long time. He says: "It's the first picture I've made in which I could relax and be myself. There was no one asking me to ham it up."

It's a case of mistaken identity in the Dan Dally-Constance Smith romance reports. The beauty's name is the same, but she's a blonde—and not the movie enchantress who co-stars with Dan in "Taxi." The movie Connie is married to Bryon Forbes.

Fewer Amorous

Kathleen Winsor, who never got around to dedicating a novel to ex-hubby Artie Shaw has dedicated her one, "The Lovers," to her new mate, Arnold Kraskower. And one line from the dust jacket blurb of the book will make movie ad writers blush:

"Only in his primal ruthlessness could she know the exquisite pain of a love that could never be satisfied."

Look for Rita Hayworth's next—if she ever makes another film—to be a comedy. Ruth Gordon and Gerson Mann are writing "A Nice Place to Visit" with Rita in mind. If the little didn't tip you, it's about New York.

Alan Wilson says he knows a psychiatrist who has a sure cure for inferiority complex. He sends his patients to live in Texas for a year.

Director Eugene Lourie, who directed "Monster from Beneath the Sea," story of a pre-historic horn-tossing that invades New York City, received a letter from the museum where he did research. The letter read:

"We wish to correct a research fact we gave you, and hope that you will correct your script accordingly. Brontosaurus did not live 775,000,000 years ago, but 770,000,000 years ago. We hope you correct your manuscript."

Something For The Kids

Jan Sterling's still gasping at her personal-appearance tour with Tony Curtis to drumbeat it for "Flash and Fury."

"They had to call out the riot squad to handle the bobby-soxers wherever we went," says Jan. "Tony's studio should give him everything he wants. There's nobody in Hollywood who has this thing with the kids the way he has it."

Nurse Says Mother Of Abdullah Drank Two Bottles Daily

HOUSTON—(AP)—Mrs. Bortner King drank two fifths of whisky a day and had hallucinations, a vocational nurse testified as Sheppard W. (Abdullah) King, III, started the fight to break his mother's will.

Sheppard contends his mother was of unsound mind when the will was drawn.

Judge Clem McClelland heard the testimony from Mrs. A. D. Clark who attended Mrs. King for a number of months prior to her death June 15, 1952.

Mrs. King left one-fourth of her estate, whose value has not been definitely ascertained, to Sheppard, with the remainder to his sister, Patricia, 18.

The playboy, who married Egyptian belly dancer Samia Gamal, is seeking half the estate. His sister is willing.

First Story Told Of U. S. Guided Missile Use In War

WASHINGTON—(AP)—American robot planes, untouched by man in long-range flights, have sought out and destroyed Communist targets in Korea—heralding the explosive birth of push-button warfare.

The Navy, which developed the new secret weapon, withheld many details but revealed its aim.

An outboard airplane, carrying a 2,000-pound bomb and guided from carrier-deck launching to on-target crash entirely by electronics. A television camera is perched in its cockpit to send back pictures of its flight.

Associated Press staff photographer Fred Waters, aboard the 27,000-ton aircraft carrier Boxer, captured an eye-witness account of the new missile's first use on September 1 in Korea waters.

Navy censors delayed Waters' story until Wednesday.

The announcement gave this description:

1. The new missile, armed with a powerful warhead, is sent aloft from a catapult aboard the carrier.
2. There are two guide planes, one on the carrier and one in the air.

Both are equipped with special electronic equipment.

3. The first guide plane sends the missile roaring upward. At a pre-determined altitude, the air-borne guide plane takes over and directs the missile to the area of its target.

4. By the time the missile goes into its payoff dive, the guide plane is miles away out of anti-aircraft fire.

Seen On Television

5. All during its flight, from the carrier deck to the target, the missile records its progress via teletext in a specially equipped electronics room aboard the ship.

Waters was struck with the way electronics experts aboard the carrier "rode with the missile, mile by mile, through wondrous electronic instruments."

On the television screen, he said, the men crossed the sea of Japan and watched the jagged peaks of Korea loom larger. He said tension in the room mounted as the target neared.

Then the target—"an enemy concentration in a valley between two shadowy hills." And then:

"The instruments suddenly went blank. The screaming dive had ended, squarely on target, and the missile had crashed to oblivion."

Mrs. Howard Hodge Addresses Club

CRANE—Mrs. J. Howard Hodge of Midland, chairman of the safety division for the General Federation of Women's Clubs and past president of the Texas Federation, spoke to the Crane Study Club Monday on adult education.

The banquet was held in the Community Hall in observance of Federation Day. Mrs. Hodge gave a brief review of her Summer experiences as a delegate to the Democratic convention and as a participant in a training course on National Safety in Washington, D. C. She related that 53 million vehicles crowd the public highways and that Texas ranks fourth among the states in a number of vehicles owned.

She emphasized driving safety and the clubwoman's part in promoting better safety. Statistics show, she said, that fewer accidents occur among teen-agers who have had drivers education than among those who have not.

Turning to government and poli-

tics, she warned women of under-estimating their power in government. A total of 800,000 women are members of 14,500 clubs in the United States, she reminded the group. Mrs. Hodge encouraged better use of the present leadership and suggested promotion of government careers for youth.

Following a plea to women to vote, she urged Americans to unite with free nations to eliminate hunger which she termed "a major cause of communism."

Rev. Woods Named Meeting's Speaker

Pyraantha Garden Club Hears Report On Soil Conditions

Mrs. Cal Boykin, Jr., reported on soil conditions in Midland at the Pyraantha Garden Club meeting Tuesday in the Officers Club.

She emphasized the definite need for soil building and cover crops in the Midland area. Heavy vetch and Austrian Winter peas, she said, are two winter legumes highly recommended to build the soil. Midland soils, she pointed out, are generally low in nitrogen, organic matter and phosphorus and the commercial fertilizer 16-20-0 should be used here.

Home Fashion Time Observance Opens In Midland Stores

Furniture stores throughout Texas including those in Midland, are joining hands under the slogan of "Friendly Texans Like Friendly Homes" during Texas Home Fashion Time.

The state-wide observance opens Thursday and continues through Saturday, September 27.

More than 400 stores in 140 Texas cities are observing the celebration designed to emphasize new styles and trends in home furnishing, sponsors of the event here said.

"Furniture Is Better Buy"

Backed by the program to acquaint Texans with the latest in home fashions in this special period is the Retail Furniture Association of Texas, largest organization of its type in America. Frank Heath of Amarillo is the 1952 president.

"Our desire," Heath said, "is to inform Texans that 1952 furniture is a better buy."

Midland stores participating in the celebration extend a special invitation to residents of Midland and area cities to visit their stores to inspect new and modern home furnishings during Texas Home Fashion Time.

Ellenburger Wildcat Set For NW Nolan

C. B. Drilling Company of Abilene and Alex J. Hickey of Dallas No. 1 Dewitt T. Haden is to be a wildcat to try for production in the Ellenburger in extreme Northwest Nolan County.

This prospector will be three miles northwest of the town of Roscoe and at the center of the southwest quarter of the southeast quarter of section 30, block 28, T&P survey.

Drilling with rotary tools is to start in the near future. It is slated to dig until it finds fluid of some sort in the Ellenburger.

Previously Reported

That objective is expected to be realized by the time the hole reaches 7,100 feet.

The prospector had previously been reported as being Hickey No. 1 Elton Johnson. The location is slightly different from the site given in the prior report.

The wildcat is being supported by Texas Gulf Producing Company, Cities Service Oil Company and Sunray Oil Corporation with dry hole money.

Craig Abandons Reeves Failure

E. M. Craig, Jr., of Midland is preparing to abandon and plug his No. 1 H. K. Dudley and others, Northeast Reeves County wildcat.

The section in the Delaware and between 3,437 feet, where the 5/12-inch casing had been cemented and 3,450 feet, the total depth, had logged some good shows of oil.

Mostly Salt Water

That zone was fractured and after flowing out the load and residue from that operation is produced 93 per cent salt water and seven per cent oil.

Average recovery was two and one-half barrels of fluid per hour.

That was not commercial and operator ordered the project plugged.

Location was 330 feet from east and 1,650 feet from north lines of section 1, block C-20, pat survey. It was six miles east of the Chapman (Delaware) field.

Midland Spraberry Field Gains Well

James H. Snowden and Associates No. 1-6 L. V. Baden is another new well in the Welner-Floyd (Spraberry) field of Southeast Midland County.

It was completed for a daily flowing potential of 548.38 barrels of 39-gravity oil through a one-half-inch choke and from open hole at 7,890-784 feet. Gas-oil ratio was 765-1.

Location is 662.5 feet from north and 660 feet from east lines of section 8, block 97, T-3-B, T&P survey.

Open House Sunday To Kick Off Dog Week Observance

Open house will be held at the Midland Humane Shelter, 1703 East Wall Street, from 1 to 7 p.m. Sunday, as a kick-off for the observance of National Dog Week, September 21-27, Mrs. Lee Flood, Midland County chairman, announced Thursday.

Mrs. Flood said each child, accompanied by at least one adult, who visits the shelter during the open house hours will receive a free dog, if desired. If the dog needs to be vaccinated against rabies, the Midland Humane Society will defray the expense, she said.

Comedian Bob Hope is national chairman of Dog Week this year, which emphasizes a better understanding between mankind and his traditional friend.

Meals are made by mammals, amphibians, fishes and other kinds of life as well as by birds.

CHIVALRY DUE FEMS, OR ELSE

NEW YORK —(P)— Attractive policemen in civilian finery were sent out into the street Wednesday night as cops in a stepped-up fight to check the wave of rape, robbery and other crimes plaguing the city.

Rusky male detectives were assigned to keep the women cops under observation and move in quickly if any man should try to molest them.

Road Contract Let For Scurry County

AUSTIN —(P)— Low bids on 54 highway projects in the State Highway Department's two-day, September bid opening totaled \$7,905,480.

Low offers on 27 projects Wednesday amounted to \$3,898,748. Low bids on 27 other projects the day before accounted for the rest of the total.

Low bids on projects included: Scurry County—Farm Highway 1808, 9.3 miles, grading, structures, base and surfacing; from State Highway 101 to U. S. 84, Ernest Loyd, Fort Worth, \$129,917.

Synthetic rubber production was undertaken by the United States in 1942.

New Military Pay Boost To Be Asked

WASHINGTON—(AP)—The Defense Department announced Wednesday it would ask the new Congress to increase all military pay and allowances unless living costs drop before the end of this year.

Mrs. Anna M. Rosenberg, assistant defense secretary, said in a statement that exact scales of any proposed increases have not yet been determined.

Sister Says Kim Ran From Spud Peeling, Not Drunks

FORT WORTH—(AP)—The girl who posed successfully for awhile—as an albino Iroquois Indian spent Wednesday night locked up in the county's juvenile ward.

"This," Yvonne Marie Hanks insisted, "is just like home."

Home turned out to be Pithburg, Mass., and not the wilds of Alaska, asserted Canadian provinces nor an island in the St. Regis River between the United States and Canada.

Tarrant County juvenile authorities were holding the 16-year-old girl while her parents, Mr. and Mrs. Richard T. Hanks, were enroute here by plane. She left home September 7.

And she said she would leave again if they forced her to return—just like she had twice before.

She had posed as an Indian girl, name of Kim or Rising Cloud or Yalamuankastidnamusta, since Friday when she was found in the woods near here.

"But the name Yvonne Hanks had been found in her undergarments and her story fell apart when Pithburg authorities and her parents wired the sheriff's office here.

"When I've got a straight face," she told assistant county probation officer Elsie Reed, "I'm lying like a rug."

She said she ran away from home because her saloon-keeper parents made her wait on tables. "How would you like to spend most of your time in a bar with a bunch of drunks?" she asked.

But in Pithburg, an older sister, Claire, said Yvonne was not asked to wait on table. "Mother asked her to help in the restaurant kitchen peeling potatoes," said Claire.

Intended Victim Of Hanging Still Loves, Wants Mate

ALBUQUERQUE—(AP)—"I still don't believe Wanda would have gone through with it," says the husband whose youthful wife pleaded guilty to plotting to hang him.

"I love her and want her back," William White, 41, said.

He made the remark to a reporter after his wife, Mrs. Wanda White, 30, and Army Cpl. William K. Oliver, 34, entered formal pleas of guilty Wednesday to conspiring to murder White.

District Judge R. F. Deacon Arledge told them sentence would be passed next Monday "if your plea is still the same after conferring with your attorneys."

Police said an anonymous tip led them to arrest Oliver and thwart the plot to hang the British-born White from a tree in a city park. Mrs. White was taken into custody later.

White is an administrative employe of the private corporation handling civilian affairs at Sandia Special Weapons Base here—the assembly point for the atomic bomb. Oliver has been a military policeman there.

READ SCHEDULES CAREFULLY

Here's How To Read Them:

This is a brief form of scheduling designed to promote simplicity; however, the following suggestions should be read before this form as time scheduling can be properly understood. Remember, leave stop at all corners if necessary, and not just the route points (street corners) listed in the schedule.

1. Leave on the map the street corner along the bus route nearest your residence.
2. If you live in the 300 block on East Highway, the nearest street corner along the bus route at which you board the bus would be the corner of Highway & Barber Drive. This corner is listed as a route point and is the starting point for the bus route.
3. Leave the street corner (street corner) listed in the schedule at the corner where you board the bus by starting from the top and reading down the list of street corners.
4. Note the two columns of time figures listed under the caption, "From & to time north of the corner of Highway & Barber Drive." Make a note of the time figure listed as a route point and in the "to" column. Read down to the destination route point (street corner) you desire to read the time for service. Read across to find the number of minutes past the hour the bus leaves from that street corner.
5. Allow 1/2 minute for each normal city block for schedule travel time and compute the approximate arrival of the bus to your nearest corner of the street.
6. Since it is two blocks from Maple & Barber Drive to Highway & Barber Drive, the bus should arrive at the corner of Highway & Barber Drive 34 minutes past the hour and 34 minutes past the hour, or at 8:34, 1:34, 5:34, 7:34.
7. Read down (not across) on the minute column corresponding to the time of the hour that you desire to use the bus.
8. Assuming you want to go to the main downtown stop of Wall & Lorraine, you leave the corner of Highway & Barber Drive at 34 minutes past the hour and 34 minutes past the hour, or at 8:34, 1:34, 5:34, 7:34.
9. For bus schedule effective during your desired hour, just locate the time period (Example: From 8:15 a.m. to 9:00 a.m.) and follow the same procedure outlined in steps 1, 2, 3, 4, 5, 6, 7, 8, and 9.

Ten Goes To Hill In Thursday Tilt

By COPE ROUTE
 When better Longhorn League baseball teams are made, Manager Jay Haney will make them—even on a day's notice.

The old maestro of the diamond, for instance, patched together a nine-man club Wednesday night and set the Odessa Oilers back on their heel, 3-1, to give the Midland Indians a one-game edge in the league's Shaughnessy playoff finals.

FIFTH GAME'S TICKETS READY
 General Manager Horace Busby of the Tribe Thursday reminded his fans to hurry to secure tickets for the Saturday night Shaughnessy playoff game between Odessa and Midland.
 Tickets for the fifth contest in the Longhorn League series are on sale at the Indian Park business office. Tickets may be obtained all day Friday.

Davey Beats Rocky Easily

CHICAGO—(AP)—Rocky Graziano demonstrated Wednesday night that he still has great power.
 He personally took charge of air conditioning Chicago Stadium.
 The wind he stirred up missing Chuck Davey was from wild swings born of desperation.
 Rocky was completely outclassed, a spectacle of bewilderment, like a bull skewered by a matador but still pawing the ground in a blind rage.
 The phantom-like Davey piled up a tremendous lopsided victory to continue unbeaten through 37 fights since turning pro after graduating from Michigan State. Graziano weighed 158, Davey 150 1/4.
 Through 10 rounds, welterweight Davey sawed into Graziano, the ex-middleweight champion, with left hooks to the body and face and a jabbing, cuffing right. At the end, the sensational southpaw was awarded a 61-39 edge on points by Judge Edward Klein, 68-42 by Judge Harold Marovits and 56-46 by Referee Frank Sikora.

Beautiful Cuban Lady Wrestler Kills Self

HAVANA, CUBA—(AP)—A preliminary court Thursday listed the death of 19-year-old Roberlina Morejon, a beautiful Cuban lady wrestler, as a suicide.
 The hapless, 108-pound girl died shortly after she was found in a gas-filled room Thursday. Police said she left a letter saying she felt "very much alone and disappointed in love."

SCORES TYING RUN—Big Ed Menapace, who performed in rightfield for Midland Wednesday night, digs for home in the third inning for the run which tied the Odessa Oilers. Umpire Bill Frank watches closely as Menapace rounds third after Earl Bosenberry's single had slipped past Oiler Rightfielder Bill Cearley. The Indians went on to win, 3-1, and take a one-game edge in the Shaughnessy playoff series.

Leo's Gamble Looms Larger

By ORLO ROBERTSON
 Associated Press Sports Writer
 Leo Durocher's losing gamble loomed larger and larger Thursday with his New York Giants trailing the pace-setting Brooklyn Dodgers by three games in the National League and time rapidly running out.

The Giants closed in on the Dodgers Wednesday as big Jim Hearn shut out the Chicago Cubs, 2-0, while the Brooks were dropping a 4-1 decision to the cellar-dwelling Pittsburgh Pirates.
 But the second guessers are saying the Brooklyn lead might well be only two games if Durocher had not chosen to throw an untried rookie, Jack Harshman, against the Cubs Tuesday.
 "I just gambled and lost, that's all," was Durocher's retort.
 With each team having nine games to play, the Dodgers need any combination of seven victories or Giant defeats to assure them of their first pennant since 1948.

Only 21 1/2 games separate the pair Thursday, following the Yankees 13-3 victory over the hapless Detroit Tigers and the Indians' 6-1 conquest of the Washington Senators. The Tribe has only eight games left. The Yankees play nine more.

Playoff Postponed For Austin, Tyler

By The Associated Press
 Rain, football and the Big State League play-offs have overlapped to put off the Austin and Tyler championship series opener until Friday night.
 Tuesday's scheduled opener at Tyler was postponed because of rain. A conflict with a Texas Lutheran-Tyler Junior College football game Thursday further delayed the series until Friday.
 All of which seems to be what Austin's Pioneers ordered, to get their ace John Andre rested again.

Capitols Defeat Harlingen Again

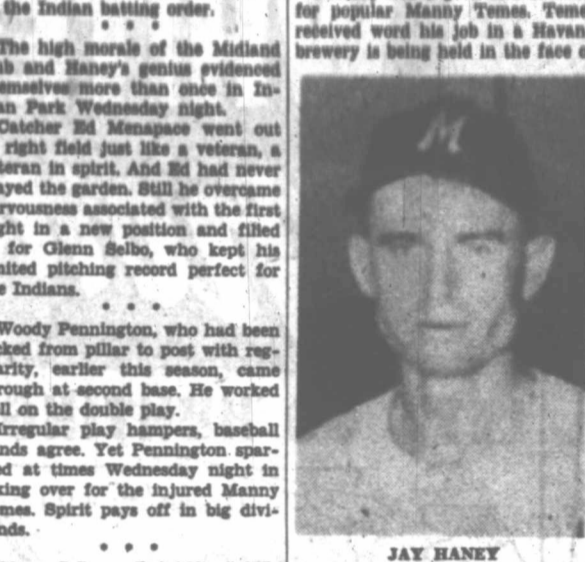

By The Associated Press
 The Gulf Coast League first round of playoff games is on the brink of closing out now after Fort Arthur and Corpus Christi captured their third triumphs Wednesday night.
 After three days of rain and postponements, Harlingen hosted Corpus Christi and with the same results as at the suburban city part of the series, Harlingen couldn't master the runs, losing 9-6.
 Fort Arthur downed Galveston, 7-3, to take a three-to-two game advantage in their series.

Texas Tech Scouts To Check On Owls

HOUSTON—(AP)—Three scouts from Texas Tech will be in the press box Thursday night when the Rice Owls engage in an intrastate game.
 Tech needs Rice in the season opener here September 27, and state Rice coaches will have an opportunity to watch the Red Raiders Saturday night against West Texas State, Coach DeWitt Weaver was invited to watch the Owls.

Mix Jay Haney Patchwork With Tribe Spirit And Win

By JIM LINDSEY
 Indian Manager Jay Haney must be a while at putting puzzles together. His patchwork with the Tribe has been masterful. Haney meets the situation with shrewdness and skill. He wins ball games. Handicaps are overcome.
 Few baseball clubs in the Longhorn League or elsewhere have ever displayed the spirit of the current Indian edition. The Warriors bounce back to equal the occasion. They have taken repeated hard knocks in stride, and hard luck seems to be in the Indian batting order.
 The high morale of the Midland club and Haney's genius evidenced themselves more than once in Indian Park Wednesday night.
 Catcher Ed Menapace went out to right field just like a veteran, a veteran in spirit. And Ed had never played the garden. Still he overcame nervousness associated with the first night in a new position and filled in for Glenn Selbo, who kept his limited pitching record perfect for the Indians.
 Woody Pennington, who had been kicked from pillar to post with regularity earlier this season, came through at second base. He worked well on the double play.
 Irregular play hampers, baseball minds agree. Yet Pennington sparked at times Wednesday night in taking over for the injured Manny Tames. Spirit pays off in big dividends.
 Glenn Selbo, called "Slim," "E-bow" and "Big Man" by his teammates, had that wide curve working in his 3-1 victory over the Oilers. And behind that curve was a courageous heart.
 Haney admitted he had the former pro basketball player on the spot. Not only did he put him in to pitch, but Selbo was in the clean-up position as a batter.
 Selbo produced in both capacities. He had two hits and a walk in three official appearances. Only 20 Oilers faced Selbo in the last six innings. That's only two above the minimum.
 The stork has intervened in the Selbo family plans. He wanted to

Even With Nelson In, Snead Favored In Post's Tourney

WASHINGTON—(AP)—The nation's top golf pros head off Thursday in the Washington Post's national celebrities tournament, and the big news is that the tall Texan with the flawless swing, Byron Nelson, is back again.
 Nelson, who has been in retirement since 1948, has entered the 72-hole, \$15,000 tournament. If he does well, he has said, he may decide to return to the game he once dominated. In 1946, he won 19 tournaments.
 But even with Nelson in, the favorite still is Sam Snead, who is playing excellent golf right now. Snead shot a 69 Sunday to win the Eastern Open in Baltimore with a record-breaking 77. That was four strokes better than the meet record.

Borger Defeats Albuquerque To Gain Playoff Advantage

By The Associated Press
 Borger turned back Albuquerque 5-3, Wednesday night and the odds are on a West Texas-New Mexico League champion being a club that could only break even during the regular season schedule.
 Amarillo already is in the final play-off round after winning up the season with a 70-70 record, then beating Clovis 94-67, the regular champion, in five games.
 Now Borger, which tied Amarillo's season mark, has a 3-2 advantage against Albuquerque.
 A four-run outburst in the eighth inning put Borger ahead of Albuquerque. Until then, Jesse Priest, slender Albuquerque pitcher, was coasting along on a three-hitter when the roof fell in. Only two Caseros had reached first until the eighth inning, including a fourth-inning homer by Joe Duffield.
 Jim Cain gave up 10 hits to seven for Priest in winning.
 Albuquerque will entertain the Borger Club Thursday night with its Ed Flanagan to do the serving. Flicher Joe Borego will go for Borger.

650 Attend Formal Opening Of Wholesale Drug Division

Southwestern Drug Corporation's new wholesale division in Midland was dedicated Wednesday "to the continued prosperity, happiness and good health of West Texans."

The firm's 31,000-square-foot plant is centered on a three-acre site on the Old Bankhead Highway, and barbecue was served there to 650 persons Wednesday who attended the open house and dedication ceremonies.

Lewis Uses Strike Exemption In Try To Divide Operators

WASHINGTON (AP)—John L. Lewis, head of the United Mine Workers, was reported dangling exemption from next Monday's expected Northern soft coal strike in front of some big Illinois operators.

Lewis has charged a selective strike, ordering his men to quit mines belonging to the Bituminous Operators Association — representing most Northern mines — next Monday, and halt work in the Southern Coal Producers Association mines on October 1.

The union reached an interim agreement Wednesday with the anthracite hand coal operators to let them work for 30 days, but industry's welfare fund royalty-financing miners' pensions and other benefits from 30 to 50 cents a ton.

This assures that the hard coal industry will keep on working out a strike.

Lewis was reported trying to extend his strike exemption plan to some major Illinois producers — trying, that is, to win them away from the Bituminous Operators Association, which they won't be struck provided they agree to accept any eventual settlement.

Midland earlier in the day. The new division joins other wholesale drug outlets of the firm in Amarillo, Fort Worth, Dallas, Waco, Houston, Wichita Falls and Corpus Christi.

Others addressing the many visitors were Mayor Perry Pickett of Midland, Fred Hubbard, executive vice president of the West Texas Chamber of Commerce, Abilene; Fred M. Truett, president of the Southwestern Drug Corporation; Jack Wicker, president of the Midland Chamber of Commerce, and W. J. Parr, sales manager of the Midland division.

Members of the board of directors also were introduced following the invocation by the Rev. R. J. Small, rector of the Trinity Episcopal Church.

Barbecue was served by the Odessa Chuck Wagon Gang, and the Andy Schroeder orchestra provided music throughout the 4 to 9 p.m. open house period.

The new wholesale drug outlet will serve an area from Abilene to El Paso. On the two and a half miles of shelves in the huge warehouse are more than 30,000 different items ranging from life-giving drugs and medicines to toys and sundry merchandise.

No windows are in the modern building, which is air-conditioned throughout. It was constructed of materials not needed in the defense program.

Parr Named—

(Continued From Page One) Alanis at a drive-in cafe rendezvous on the outskirts of Alton.

Young Floyd was shot two and a half minutes after his father left the house to keep his appointment with Alanis. The slayer fired from the youth approached the family automobile.

Floyd testified that Alanis told him Sapat was the leader of the killers and to a question as to whether George Parr had anything to do with the plot answered:

"No, I don't know, but someone put up the money." Parr, who had denied any connection with the killing, is sheriff of adjoining Duval County and a veteran political leader in South Texas.

"Killer Is Waiting" Floyd said Alanis told him a killer was waiting in the Floyd garage while they talked and that the reason the plot was hatched was that "they are afraid that you will put Judge Sam Reams in office in November."

Floyd persistently has said the killers of his son meant to kill him instead. Both men were of the same general size and walked with the same gait.

Floyd quoted Alanis as saying: "You don't believe me, do you? Let me tell you something, you know how close I am to George Parr? Do you remember two years ago when the county clerk's office was broken into?"

"I did that . . . George made me." Floyd replied: "You didn't get in the vault—you just got in the office." And Floyd testified Alanis answered:

"No, Jack, I got in the vault. We bribed one of the deputies." Ballots in the contested election were stored in the Jim Wells county Court House two years ago, but County Clerk C. H. Holmgren said he did the regular ballot boxes and a worthless box was taken.

Tjrtjeira said he saw Sapat and another man driving down a street in San Diego about 4 p.m. the day of the slaying. He said Sheriff Parr followed in another car. He identified the green Packard which has been brought here from Nuevo Laredo, Mexico, as the one Sapat was driving.

Sapat said he had loaned the car to Alfredo Cervantes. A charge of murder against Cervantes was dismissed Monday, but police still are looking for him.

Sapat, when arrested, carried a deputy sheriff's card issued by Parr.

Upton Announces Administrator For County Hospitals

CRANE—Mrs. H. G. Huffman, who resigned last Saturday as superintendent of the Crane Memorial Hospital, Thursday was named manager and administrator of the Upton county hospitals.

The county hospitals are located in McCamey and Rankin. The county recently purchased the Cooper hospital in McCamey and is creating a new hospital in Rankin.

Mrs. Huffman will direct furnishing and staffing of the new hospital. Mr. and Mrs. Huffman will move to McCamey. He will continue to operate his cleaning plant in Crane.

I HATE MYSELF when I do things like this, but I've bludgeoned a home-owner into selling his home for as little as \$990 down - and \$18 closing costs. It is one year old, has two nice bedrooms (one is finished like a paneled den), large closets, living room and dining space, and well arranged clean kitchen. Central heating, central air-conditioning, YOUNGSTOWN metal cabinets, Vent-A-Hood for your stove, and tile bath. Excellent loan established. If this home does not at least interest you moderately, you're probably not able or ready to buy a home. Oh, yes. The street is paved.

Airman's Story Of Communist Torture Gains Stay In Deportation Proceedings

SAN ANTONIO —(AP)—A story of Communist torture and forced marriage to a bandit chief's sister has resulted in a suspension of deportation proceedings against an airman here.

The airman, Italian Pasquale Scortino 29, is wanted in Italy for a series of crimes alleged to have been committed while he was a member of the bandit gang. Scortino jumped ship in New York, Sept. 7, 1947, and after almost five years in this country joined the U. S. Air Force in June. Meanwhile, he had heard that his marriage to Bandit Chief's sister Salvatore Guiliano's sister had been annulled and he had married Ross Lazo of South Bend, Ind., July 21, 1951.

He told Carter he was arrested and tortured by a police official at Palermo, Italy, who was a member of the Communist Party.

FALSE TEETH That Loosen Need Not Embarrass

Many waxes of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

"They laid me down on a small table and bent my back until they tied my hands and legs together behind me. A handle twisted the ropes tight. They also put salt in my mouth and pured water down my throat with a hose until I passed out.

"When I awoke I was on the floor and they tied me up again and cut my chest with a bayonet. When I tried to protest myself, they cut me on the hands and wrists."

Scortino said the Communists put vinegar and iodine on his wound and that "I went out of my head."

The airman, who disclaims the crimes of which he is accused and contends that he is a political refugee, explained that he was jailed by the Communists because he was a member of a Sicilian movement which campaigned against the Communists and sought to make Sicily independent of Italy.

Of his forced marriage to the sister of Guiliano, Scortino said that he had never met the woman until she visited him in the Palermo jail in the Spring of 1947. After he was released, Guiliano forced the marriage.

He said he lived with his wife 21 days and was then again captured by the police. Scortino testified that after his arrival in the United States his wife told him in a letter that she was having the marriage annulled. He said his mother later verified this.

To a question as to whether he feared he would be killed if returned to Italy, Scortino said: "If I return to Italy they will kill me because they are very angry with me. The Communists . . . they are the same as the old Fascists . . . will not give me a fair trial."

At the conclusion of the hearing, Maury Maverick, attorney for Scortino, asked that deportation proceedings against the prisoner be suspended for a period not to exceed 90 days. The request was granted.

Maverick said he would seek to obtain certain letters and papers which would prove that Scortino was not guilty of the crimes of which he is accused and that he would ask for "political asylum" in the United States.

Army Takes Over When Lebanon's President Quits

BEIRUT, LEBANON —(AP)—Lebanon's president, Bechara el Khoury, resigned Thursday and the army's commander, Gen. Fuad Shihab, took over the presidential functions pending election of a new chief executive by Parliament.

Khoury's resignation came after a three-day general strike in Beirut, the capital, called by opposition groups protesting for a cleanup of government "corruption."

President el Khoury was the first and thus far the only president of Lebanon. He was elected in 1943 after France ended its League of Nations mandate over the country and proclaimed its independence. He was reelected for a six-year term in 1948.

Rancher Kills Indian Woman For Practicing 'Witchcraft'

PHOENIX, ARIZ. —(AP)—A cattle rancher has confessed the strange killing of a Yaqui Indian woman suspected by her neighbors of being a witch, Sheriff Cal Bates said Thursday.

Bates identified the rancher as Joe S. Chavez, 48, Mesa, Ariz. "Sure I killed her," Chavez was quoted as saying. "She was a witch."

"She sprinkled powder on my wife in 1942 and she started to go blind. Doctors, healers and all the others couldn't help her. I spent a lot of money and traveled many miles trying to get her cured, but she just got worse."

The dead woman, Mrs. Maria Estrella Miranda, 41, was found last Friday sprawled over a chair in her home on the fringe of Guadalupe, the Yaqui village some 10 miles southeast of Phoenix. She had been shot through the neck and arm and a bullet had grazed her head.

Chavez, jailed without bonds, claimed there had been marked improvement in his wife's condition since the slaying.

Mrs. Chavez told reporters she could now distinguish between dark and light for the first time since she was struck blind.

John J. Flynn, assistant Maricopa County attorney, said first degree murder charges would be filed.

Oldtime Performers Had Rowdy Audiences

CARBONDALE, ILL.—(P)—A historian has delved into the entertainment in variety houses of the Old West and doesn't blame spectators for kicking up a ruckus now and then.

Dr. Harold E. Briggs of Southern Illinois University searched old books, newspapers and memoirs for details in his studies. He reports: "One of the hardest problems of my manager was that of maintaining good order. It was inevitable that the early variety theaters where liquor was served so freely were subject to drunkenness and acts of violence."

In many places the acts presented were no doubt as good as many offered in burlesque or vaudeville. But, in general, these variety theaters were found more worthy of condemnation than of praise."

PORTABLE CLASSROOMS

VANCOUVER, CANADA—(P)—Six portable classroom units are being built to accommodate schools receiving a large influx of pupils, especially where such enrollment may not continue. The units can be removed quickly when needed elsewhere.

Yep, It's A Tough Detail, This Army Cooking School

The Army has come up with a new gimmick to teach mess sergeants ways and means of improving the taste and appearance of Army food. They've set up Army cooking school courses at summer resorts throughout the country. The embryo chefs de cuisine learn how to cook everything from soup to nuts and that includes juicy steaks and lemon meringue tarts. And not only that, but they learn to serve food with appetizing dash and style. Photos, typical of most resorts where the Army Cooking School holds classes, were taken at Hotel Levitt, South Fallsburg, N. Y. The course runs six weeks, with new Army cooks rotating each week.

Army cooks Cpl. Edward Jackson and Pfc. Richard Halverson try out some new ideas on the special flavoring and broiling of steaks.

Student Army cooks line up on the serving line.

Pfc. Halverson's facial expression leaves no room for doubt that he likes the lemon meringue tart served by Robert Lindenberg.

IF YOU LIKE TO USE BOTTLED STARCH

You can make your own for **1¢ a quart** (save about 25¢ a quart)

A RECIPE FOR BOTTLED STARCH

- Put 1 quart of water in a 2-quart pan and bring to a rolling boil.
- Mix 1/2 cup (4 tablespoons) Faultless Starch with 1/2 cup of cool water, until the thickness of light cream.
- Slowly pour this mixture into the boiling water while stirring. **Roll fast.**
- Stir.** This is important—it keeps the starch from separating.
- Add 1 quart of hot faucet water and stir well. This keeps a gum from forming.
- Pour into jars that can be tightly closed. Quart cans are ideal.
- Allow to cool to room temperature, then place in the refrigerator. Will keep sweet and fresh for at least 10 days. Shake well before using.
- Use "m l" for a medium-heavy starch. Dilute to suit with water from hot water faucet for lighter finishes.

Airlift Scheduled For Holiday Leaves

SINGAPORE—(P)—Twenty giant aircraft are to fly 1,164 British soldiers, sailors and airmen who have completed their tour of duty in Malaya to Britain by Christmas.

Youth Center Chatter

By NANCY LOU KLINGLER

Friday is the night for all the anxious supporters of the Midland Bulldogs. We shall see how the team for this year will be. We also will see for the first time this year the Half-Timers, MBS Band, and the new cheerleaders. Let us remind you there will be a regular "Bulldog Stomp" after the football game here in the Youth Center. The visiting team, student body and all are invited and we really want them to come and see what kind of a Center we have here. The dance will start immediately after the game and will last until about 12:30. A good time is in store for all who attend.

Congratulations go to the new Student Body president, John Petty, and the new vice president, Robert Stubbeman. They are both fine and hard workers and we know they will make excellent officers.

The class officers also were elected last week. They are—Senior Anná Bess Doyle, president; M. A. Ross, vice president; Mary Jane Miller, secretary; and Benny Bedford, sergeant at arms; Junior Class—Milton Jones, president; Frances Ruth Hartigan, vice president; Bill Mims, secretary; and Darrell Spivey, sergeant at arms; Sophomore Class—Lanel Crisp, president; Margie Neill, vice president; Margie Miller, secretary; and Penny Jones, sergeant at arms. Welcome to YC.

Tuesday night at the Youth Center there was a strange face present. When we asked his name he gave it to us as follows—Harvey Diemer. When we asked him where he was from, we got this reply, Dallas. He attended North Dallas High School. Then in just a few minutes he said make that Corpus Christi instead of Dallas. Different people have different ways of expressing themselves, don't they? When we asked how this could be that he had forgotten which town he was from, he said he moved directly from Dallas but he lived in Corpus Christi about eleven years before Dallas so there is the answer that solves all. Glad to have you, Harvey, and be sure to come often.

Keys Curry just told us politely that he went through Oklahoma the other day. We don't know just exactly what he meant by that but we imagine he wants us to put it in the column, so we have done just that, Keys!

Atrille Pace has acquired a new nickname. Just what it is we don't quite know, but it must be a good one for everyone is calling her by that name. We heard it the other night, but we didn't quite understand it, so we shall try and get it next time. If you want to know before then just ask her yourself.

In last week's column we invited the teachers over to the Youth Center and some of them accepted. Mr. Johnson, the new chemistry teacher from Colorado, and Mr. Feldman, the biology teacher, were the ones at the Youth Center Tuesday night. Come back again sometime.

There will be a Talent Show in the future at the Youth Center. The date for it has not been set, but we just wanted to let you know there will be one.

The picture last Friday night attracted a large crowd. The show was a comedy and everyone seemed to enjoy it very much. The Youth Center was full and that is the way "Myri" likes to see it. This week's show is to be even funnier than last week's show. The name of the film is "Highly Terrible."

We meant to do this before, but we just forgot all about it. Janice and Betty Murray have moved back

to Midland. They lived here about three or four years ago before moving to Fort Smith, Ark. They just couldn't stand being away from this wonderful city. Glad you moved back and we don't have to tell you to come to the Youth Center often.

Don Hudson has taken up a new profession. It is twirling. Don is excellent at dropping the baton.

Den told us to say that his favorite song on the jukebox at the Youth Center is "Foolish Pride."

The peroxide hair fad has come to Midland again. Almost everyone you see has a strip of peroxide in his hair.

Tommy Johnson and John Crowley seem to have a new game started. They must have been playing it a long time and we just haven't noticed it before. This game is four-hand ging-pong, and with only two people playing, it is rather tricky. To those of you who don't think so, just play one of them and see.

Diane McDonald and Betty McNulty have been wanting their names in the column, but we couldn't find out anything they had been doing, so we will just say they

have been doing something, but it doesn't amount to much.

More New-Comers

There are some other new-comers who attend the Youth Center quite often. They are Joy and Janis Rawdon who are from Denver City. They think they will like Midland very well.

This is the bit of news we forgot to mention earlier. Patsy Yeager has been up in Canada recently. She has been back a week or so, but we just thought it might not be too late to mention it even now. She said she sure had a good time.

If we have made any errors in this week's column we are very sorry, but we are going around in circles. My brother and his wife have just left after a visit amid much disturbance. They finally rolled out of sight, so we will do the same. Bye!

Diplomats See Sino-Soviet Agreements As Power Gain For Kremlin In Far East

By JOHN M. HIGHTOWER
 WASHINGTON—(AP)—Generalissimo Stalin has consolidated Russia's power position in the Far East, apparently as a counter to American power, through the agreements reached in the Moscow talks with Red Chinese leaders.

This is the outstanding single accomplishment of the conference which ended three days ago after a month of meetings between Chinese Premier Chou En-lai and top Soviet officials. But American officials are certain it is not by any means the only important result.

Speculation is that wrapped up in the secrecy behind the iron curtain are vital decisions bearing on the future of war—or peace—in Korea and on America's own Far Eastern power position anchored in Japan.

What the official announcement of the conference showed, authorities here asserted, was simply that

Russia had succeeded in backing out of a treaty commitment to withdraw from the Manchurian naval base of Port Arthur. Until they had maneuvered this, the Soviets were under legal and moral compulsion, by a 1950 agreement with Red China, to quit Port Arthur this year.

In the cold-blooded terms of power relationship they would have been yielding a major position opposite Japan.

They solved their problem by making a deal with Red China. With one slight exception, in the opinion of government experts here, the terms of this deal are not yet known.

More Apparent Than Real
 The exception is the published agreement that while remaining in Port Arthur at the officially announced "request" of the Chinese Reds, the Russians will yield control of the important Changchung Railway, which serves the base. A State Department press officer suggested that even the release of the railway will be more apparent than real because, he said, the Soviets will retain control of its terminals.

The State Department was extremely reserved in initial reaction to the Moscow announcement that the Chinese talks were finished. Officials said facts may be weeks in coming and may take the form of action rather than pronouncements.

But at the time Chou En-lai turned up in Moscow a month ago there was a strong belief here, which persists today, that he went with his hand out and that most likely he sought one of two things: either Russian agreement and diplomatic assistance in bringing an end to the Korean War quickly, or greatly increased Soviet help in arms and equipment for Chinese forces in Korea.

There is some speculation here that the "request" which he made to the Kremlin to keep its troops in Port Arthur may have been the price he paid, or part of it, for getting whatever he did get.

Free Ice Cream Proves Big Expense, Bigger Capacities

RICHMOND, VA.—(AP)—C. G. Winston helped catch a holiday man at High's ice cream store here just 21 days ago.

The company, as a reward, promised that for a whole year Winston's three sons—Kenneth, five; Stephen, seven, and C. G., Jr., eight—could have all the ice cream they wanted—free.

With many more days of free dessert to go, the Winston boys have consumed 2,197 ice cream cones. Unfortunately for the company they live only 92 paces away.

Total cost of the free ice cream to date—\$282. Total the thief would have gotten away with if Winston hadn't nabbed him—\$46.

New Liquid Kills Roaches and Ants

New Way to Kill Pests Discovered by Scientists

ROACHES and ants are the most difficult household pests to control, and they can be brought into the home at any time. Science has just come forth with a new discovery, a colorless coating that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH.

It's just as simple and easy to use as it looks. You painted the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stainless coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Effective for Months
 Science has seen to it too, that this product contains no DDT, no sodium fluoride, and no phosphorous. Johnston's NO-ROACH is not a contaminating spray or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans. Guard against crawling insects this modern NO-ROACH way.

Prices are 8 oz. for 89c, pint for \$1.69, and a quart for \$2.98.

Hong Kong Plans Massive Reservoir

HONG KONG—(AP)—This British crown colony is going to build a huge reservoir to try to lick its perennial water shortages.

The dam, 1,000 feet long and 150 feet high, will be erected in a nearby valley. Work will begin before the end of the year. It probably will take three years to complete the dam. The reservoir will store 1,150,000,000 gallons of water.

Hong Kong has been on water rations for several years because the population has been swollen by refugees from Communist China.

Many of the negroes of Africa are racially mixed with Berbers, Hamitic peoples and Arabs.

CORNY KITTENS—Tiger and Boots think there's something fishy about all those tales of cats liking salmon. The pets of Carl Krueger, of South Saint Paul, Minn., much prefer corn on the cob, and even pass up their daily milk when they have a chance to nibble on the summertime delicacy.

+Barstow News+

BARSTOW—James Robert Turner, fireman first class, U. S. Navy, has been assigned to duty in the Pacific theater. He is the son of Mr. and Mrs. Dick Turner, now living in Hagaman, N. M.

Dudley Rogers, quarterback, and Jackie Hayes, center, were elected co-captains of the Barstow High School football team recently.

Mrs. W. D. Black recently spent several days in Hillsboro visiting her sister, Kate Green, a one-time Barstow teacher. A third sister, Mrs. Major of El Paso, also visited with them.

Newcomers to Barstow are Mr. and Mrs. E. B. Kennemer and sons, Truman, Clyde and Hollis, formerly of Sterling City, and Mr. and Mrs. Victor Wicker and children, formerly of Valentine.

Mr. and Mrs. J. A. Askcraft of Fort Worth visited their daughter, Mrs. O. F. Westbrook, and family here last week.

Kay Allredge of San Angelo has been visiting in Barstow with her cousin, Joy Allredge.

Mr. and Mrs. John Fielder of Abilene are the parents of a son, Stephen Howard, born August 29 in the Hendricks Memorial Hospital in Abilene. The baby weighed six pounds, 10 ounces. Mrs. Fielder is the daughter of Dr. and Mrs. W. D. Black of Barstow.

Norton Dan Taylor, son of Mr. and Mrs. Ed Taylor, has been promoted to the rank of sergeant. He is stationed at Komler Air Force Base near El Paso, Miss.

Mike Burkholder, son of Mr. and Mrs. Ralph Burkholder, and Lee Burkholder, son of Mr. and Mrs. Walter Burkholder, left last week for Roswell, N. M., to enroll in the Fall term at New Mexico Military Institute.

Nancy Ann Miller is a freshman student at the University of Texas in Austin. She is the daughter of Mr. and Mrs. Robert Miller.

Dean Halliday, daughter of Mr. and Mrs. Thomas Halliday of Proctor, left last week to begin her studies at Texas Christian University at Fort Worth.

Jimmy Collins entered A&M College last week. The son of Mr. and Mrs. H. A. Collins, Jimmy will be a freshman this year.

The Cyane Order of the Eastern Star held its September meeting in the Masonic Hall Monday with Inez Dudley, Roger, worthy matron, presiding. Mrs. Harry Farnum is a new member of the group. The chapter voted to continue its support of a little Korean orphan in Pusan. The child is being maintained in an orphanage operated by the Federal Council of Churches in America.

REGULATION X IN WASTEBASKET—

Builders Grow Optimistic, But Money Sets The Rules

By SAM DAWSON
NEW YORK—(AP)—Many builders think they can sell more homes now that Regulation X follows Regulation W into the Federal Reserve Board's dust bin.

They count on easier payment terms on new homes to revive the housing boom which shows signs of fading.

Builders count on the death of Regulation X (which set down-payment rules for home buying) to do for them what the scrapping of Regulation W (which curbed installment buying) did for the appliance and auto dealers. Sales of gadgets and cars increased when curbs died. And installment credit is now at an all-time peak.

Many bankers, however, doubt if there'll be the same sort of a spurt in home buying as a result of the lifting of Federal Reserve curbs. Most lending institutions won't lend more than two-thirds of the cost of a new home.

Tight Money Market

True, Federal Housing Agency and Veterans Administration down payment terms are being lowered. But they represent about 30 per cent of total construction mortgages in the country. The other 70 per cent, or conventional mortgages, will be subject to considerable lenders' caution—and also to a tight money market. With interest rates rising

and the Federal Reserve tightening up the supply of money and bank credit as an anti-inflation measure, the death of Regulation X may not open wide the gates of easy terms for would-be home buyers. Money isn't as cheap as it was.

There has been considerable debate as to whether the nation was over-building. In the last four years some four million new homes have been built. Slowdown of sales in some sections indicated that the postwar housing shortage had been licked finally.

Fewer Newstarts

Now the marriage rate is falling, meaning that fewer new families are being formed and requiring homes.

Many builders, however, deny that there has been any decline in housing demand. A former president of the National Association of Real Estate Boards, Alexander Summer of Newark, N. J., predicts that the removal of rigid controls will mean stepping up of new construction.

He sees as new customers those who could not pay the high down payments that Regulation X required (up to 40 per cent on a \$28,000 or more home).

Others see a strong demand for homes in the next five years. Donald E. Ryan, vice president in charge of the mortgage department

of Investors Diversified Services, Inc., of Minneapolis, says the nation can build, and sell, more than four million homes in the next five years.

Other Factors Help

He thinks any drop in the marriage rate will be offset by a rise in incomes which will mean increased ability to buy homes.

Replacement of obsolete housing units will run to at least 100,000 a year, Ryan estimates.

And he notes the ever-lengthening life span in the United States, and the growth of pension plans. Ryan thinks that "many married couples of retirement age will be planning, and buying, retirement homes specially suited to the needs of their later years."

As of Tuesday, meanwhile, the would-be home buyer, (especially if he is a veteran), will find the down payment made lighter in many cases. Of course, the mortgage will run longer—and the interest will mount up. That makes the house cost more when it is finally yours.

TREES, ROOFS FLEW LIKE STRAWS—

Eyewitnesses Describe Fury Of Typhoon's Blow At Wake

HONOLULU—(P)—Trees and roofs flew through the air like straws but children sang bravely as they marched to concrete bunkers on typhoon-lashed Wake Island Tuesday.

Mothers comforted their children in underground shelters while water sloshed around their feet. Outside, every building except four on the flat little atoll was being smashed to bits by raging winds and waves.

Eyewitnesses told stories like those Wednesday from Wake and Kwajalein by radio as rescue operations got into full swing to bring some 700 inhabitants to Honolulu.

A C-97 Stratocruiser left the storm-battered atoll with 40 evacuees. Some 600 more will follow as fast as planes can land and load up.

Radio reports continued to trickle in with details of the terrible destruction wrought by heavy seas and wind greater than 140-miles an hour.

'Much Worse Than Bomb'

Preliminary estimates placed the

damage at 10 million dollars.

Helen Hawk, a reporter for the weekly magazine Transpacific, said, "Damage was much worse than bombs could inflict. The Hotel, barracks, everything on the ground except concrete radio buildings and the terminal was destroyed. The 300-foot radio tower was blown right down."

Mrs. Hawk, of Chicago, was caught just before the typhoon hit in all its fury. Her Military Air Transport Service plane from Honolulu, enroute to Tokyo, landed in a crosswind, blowing two tires.

Maynard Joseph Fontaine, a Coast Guard technician evacuated to Kwajalein, said he saw "roads and trees flying through the air like straws."

Sgt. Thomas Albert Barker, 24, an Air Force technician, accompanied the four injured men to Kwajalein in the PBM Mariner.

No Panic or Hysteria

Barker declared there was "no panic, no hysteria among the women and children. Everybody behaved wonderfully."

The children, he said, sang songs as they marched from their homes to the concrete blockhouses.

"The families stayed in the flooded blockhouses more than eight hours before venturing out at about 6 p.m.," he said. "They wanted to take stock of their belongings, but they quickly went back to the blockhouses."

Two navigators of the Flying Tigers Airline suffered bad body bruises. One was knocked unconscious. They were F. W. Moore of Denver and Blair Johnson of Los Angeles.

"A Quonset hut blew down on them," Barker said. "Moore started running. He didn't know where he was going. Miraculously he ended up at the dispensary."

"Johnson dashed out of the Quonset hut and when he woke up an hour later he was holding onto a tree. He had been knocked cold."

Barker and Fontaine relayed their reports through amateur radio operators. Airman Lee Lucas, Crooksville, Ohio, sent the message from Kwajalein to Marine Cpl. Dave Gee of Walla Walla, Wash., stationed at Pearl Harbor.

Mothers and children huddled in the concrete blockhouse for hours, singing while the fierce winds and torrential rains pounded the tiny flat atoll, which rises only 15 feet above sea level.

Water sloshed three feet deep in the concrete structures at the peak of the storm.

First planes from the outside to reach Wake took food, drinking water and medicine from Honolulu's Hickam Field and Kwajalein. Crews of the mercy planes set up cots and tents and began feeding the island's residents.

Cool Off With Canned Juices

LET YOUR GUESTS blend their own canned citrus juice cocktails—especially delightful served in glasses with sliced fresh fruit.

By GAYNOR MADDOX
NEA Food and Markets Editor
Canned citrus juices will cool you off and pack you with vitamins. So here are a few chilly hints:
To frost the glasses, dip in un-beaten egg white and then in granulated sugar.

Florida Soda
(8 Servings)
One 8-ounce can orange and grapefruit sections, chilled, 1 cup mixed, cut-up fresh fruit (berries, sliced peaches or whatever is seasonal), 1 No. 2 can orange juice, chilled, 1 pint pre-packaged vanilla ice cream.
Combine orange and grapefruit sections with the mixed, fresh fruit. Divide among five glasses. Add a half cup of the orange juice to each glass. Top with a large spoonful of ice cream. Stir and serve.

Fruitage
(8 Servings)
Two cups grapefruit juice, 2 cups pineapple juice, 2 cups orange juice, 1/2 cup maraschino cherry syrup.
Combine all ingredients; chill. Serve with ice.

Miami Punch
(25 1/2-Cup Servings)
Three No. 2 cans orange or tangerine juice, chilled, 1 quart gingerale, chilled, 2 pints pre-packaged vanilla ice cream.
Pour chilled orange or tangerine juice and gingerale into punch bowl; mix well. Drop ice cream by heaping tablespoonfuls into mixture. Stir until ice cream is partially melted.
Note: To make 50 servings, double citrus juice and gingerale and use 1/2 gallon pre-packaged vanilla ice cream.

This Is A Peachy Peach Year

By GAYNOR MADDOX
NEA Food and Markets Editor
Look at all the top-quality peaches in the shops. Then plan to enjoy them at home.

Peach And Lime Refresher
(Makes 8 Servings)
Two packages lime-flavored gelatin, 2 cups hot water, 2 cups cold water, 2 tablespoons lemon juice, 1 cup thinly sliced fresh peaches, sweetened.

Dissolve gelatin in hot water. Add cold water and lemon juice. Chill until slightly thickened. Reserve 1 cup of mixture. Fold peaches into remaining gelatin and turn into 1-quart ring mold. Chill until firm.

Place reserved gelatin in bowl of ice and water. Beat with rotary egg beater until fluffy and thick, like whipped cream. Turn into 8x8x1-inch pan. Chill until firm.

Unmold ring of gelatin onto serving platter. Cut whipped mixture into cubes and fill center of ring. Garnish with additional sliced peaches and mint leaves.

Peach And Pecan Salad
(Serves 8)
Eight peach halves, 1 cup may-

onnaise, 1 cup cottage cheese, 1 cup cream, whipped, 1 cup pecans chopped.
Place the peach halves, hollow side up, in the freezing tray of the refrigerator. Mix the cottage cheese, mayonnaise, cream and pecans together and pour over the peaches. Freeze about 3 to 4 hours. Serve on crisp lettuce.

Ruins Yield Old Figure Of Dragon

HERCULANEUM—An ancient five-headed dragon made of bronze has been uncovered in this dead city of antiquity near Naples. The statue, found in the basin of what once was a pool built in the form of a cross, is part of an elaborate fountain almost seven feet high. The fountain is shaped like a tree-trunk. The dragon, with its serpentine tail, embraces the base of the fountain.

The important discovery was covered with mud and ash. It may have been buried there since 79 AD, when the town was annihilated by Vesuvius when it also smuffed out Pompeii.

BACK-YARD AQUACADE—Youngsters enjoy a good splash in this portable-swimming pool, which a Los Angeles manufacturer claims can be set up within a half hour. Weighing less than 500 pounds assembled, the pool is 40 feet in circumference and stands five feet high. Walls are made of aluminum panels and the inside is lined with a waterproof plastic.

Arrange thin cucumber slices on shredded lettuce; add a dressing of sour cream finely grated onion (pulp and juice), freshly-ground pepper, and, salt and paprika to taste.

The Best Conversationalists Know How And When To Listen

"The most important rule of all good conversations is this: when you're not talking, listen." That command comes from Rudolf Fleisch, author of several excellent books, among them, "The Art of Clear Thinking."

It's a command that is broken by a great many women. There's Marge, who is always so anxious to have the last word or so eager to get in her two cents worth, that she never listens to what the other person has to say. Often she does not even let him finish before breaking in with her opinion.

Vets' Unemployment Compensation Pay Starts Next Month

The Texas Employment Commission announced Thursday that payments of unemployment compensation to veterans under the Veterans Readjustment Assistance Act of 1952 will begin October 15.

TREC will make the payments to veterans and assume responsibility for state and local administration of the program.

Title IV of the VRA Act provides for payment of unemployment compensation benefits in the amount of \$67 to be paid at the rate of \$25 per week to unemployed veterans who have served 90 days or more and have some service on and after June 27, 1950. The veteran must have been discharged for reasons other than dishonorable.

The payments to veterans in Texas are to be made in accordance with the provisions of the Texas Unemployment Compensation Act, except for the weekly amount of payment to be made and the duration of benefits.

Government Pays Bill
The federal government will bear the costs of the compensation paid to veterans and of administration under the VRA Act.

Under the provisions of Title IV, benefits are payable only for weeks of unemployment which occur after the ninetieth day following enactment of the act.

TREC said all of its local offices now in operation provide special services to veterans in finding jobs. Although veterans eligible for compensation payments under Title IV of the new law should not begin filing claims for benefits before October 15, they should contact the nearest local office of TREC for information about job opportunities immediately after they are discharged from the armed forces.

In order to receive benefits a veteran must: (1) be unemployed, (2) file a claim for Title IV benefits, (3) register for work, (4) be able to work and available for work and not disqualified from benefits.

IF YOU CAN'T FIND WATER, THERE'S WHISKY—

Dry Texas Areas Teem With Licensed Liquor Dealers, Tax Bureau Reveals

By The Associated Press

A Texas can quench a big thirst almost as easily as he raises one when the drought dust is blowing. If

he can't find water, he can buy beer or whisky from a dealer licensed by the U. S. Bureau of Internal Revenue—even in "dry" counties.

There are about 33,000 federally licensed dealers in whisky, beer, wine or all three in Texas. South Texas appear to be thirstier than North Texas. The Collector of Internal Revenue for the Southern District of the state, in Austin, lists about 19,000 dealers—both wholesale and retail—in his files. In Dallas, the Collector for the Northern District has a card file of more than 6,000 dealers.

Most of these are in cities like Dallas, Houston, Fort Worth, Amarillo, Wichita Falls, Midland, San Antonio and Longview—all places where the state says it's all right to sell liquor or beer.

Dry Counties Pay
But a lot of federal licenses, or tax stamps, are paid for by people in the state's 141 counties that are supposed to be dry regardless of the weather.

The Internal Revenue Bureau can't stop people from buying licenses. The state government is responsible for liquor control within dry counties.

In the Northern District of Texas, which has only about a third of the dealers, the revenue files show at least 38 federally licensed deal-

ers in dry counties. This figure doesn't include drug-gists, who have to pay the federal tax to sell medicinal spirits and some "tonics" that are mostly alcohol and vitamins.

Includes Private Clubs
It does include private and servicemen's clubs. State law prohibits clubs from selling liquor in dry counties. Members may keep bottles in their lockers—but the club can't buy liquor for them or sell it to them. A number of clubs have bought federal tax stamps, for beer sales if not whisky.

For a sample of the way both individuals and clubs buy the stamps, there are six dealers in Lubbock, five in Denison, three each in Sherman, Snyder, Muenster and Ennis; two in Marshall, Brownfield and Bowie, and one each in Palestine, Colorado City, Plainview, Mineola, Brownwood, Levelland, Tyler, Eastland and Gainesville.

All those places have been voted dry by their citizens.

The Revenuers say it's none of their business what county a man does business in as long as he pays the federal tax. He has to give a business address. They say if he has \$50 he gets a license good for a year to sell any kind of liquor as a retailer. For \$100 he can buy a wholesale liquor dealer's tax stamp. A retail beer seller's stamp costs \$20,

a wholesale beer license \$100.

"If you come in and say you're going to start selling liquor at such and such a place, we don't ask whether it's right or wrong to sell liquor there," an official of the Revenue office in Dallas said. "All we can do is sell you the stamp." Fred Cunningham, assistant in the Wage and Excise Division of the Dallas office, says these people pay their federal taxes because they don't want the United States government after them.

Bulldogs To Play Among Strangers

The Midland High School Bulldogs will be among complete strangers this year when they step into the tough District 1-AAAA football competition.

Lubbock and San Angelo, among conference foes, are well known and, of course, there is Odessa, the arrival of the gridiron team from the Headquarters City of the Permian Basin Empire.

In fact, Midland slipped into Lubbock two years ago and, in a spinting finish, won a 33-23 decision.

In the last meeting with Odessa—that same year—the Bulldogs dropped a 26-12 decision.

Midland fared well, however, last

year in its meetings with the non-conference teams it meets on this year's schedule.

The Bulldogs walloped Lamesa, 24-7; tied with Fort Worth's Polytechnic High, 13-13; and beat Ysleta, 7-0, and San Angelo, 21-6.

Strangers to the Bulldogs will be Borger, Pampa, Abilene and Amarillo.

Here's the way the Bulldogs schedule reads this year:

Sept. 19—Lamesa at Midland.
Sept. 26—Polytechnic of Fort Worth at Midland.
Oct. 3—Ysleta at Midland.
Oct. 10—Midland at San Angelo (conference).
Oct. 17—Midland at Borger (conference).
Oct. 24—Midland at Pampa (conference).
Oct. 31—Abilene at Midland (conference).
Nov. 14—Amarillo at Midland (conference).
Nov. 28—Lubbock at Midland (conference).
Nov. 27—Midland at Odessa (conference).

Bronchos Set For Big Year

ODESSA—A shortage of experienced talent and a murderous schedule may well be the factors that could cause Coach Julius Johnson of the Odessa Bronchos to stay awake nights this football season.

But Coach Johnson has a comforting thought in the fact that some proven performers are set for most of the frontline positions.

The Bronchos have 12 award winners returning to harness from last year's third place winners in District 1-AAAA, one of the roughest leagues in high school football.

Much of that strength will go to feed the backfield, a fact that will do little to ease the worries of the Odessa line mentor, Jim Daniel.

Backfield mentor Hayden Fry has six lettermen to start his T-base attack to rolling over the opposition, including the pass expert, Carl Schlemeyer, and 1951's top ground gainer, halfback Charley Ward.

Southpaw Threat Schlemeyer stands out as Odessa's top threat in the passing depart-

ment, with the talented left arm of Letterman Robert Baker backing him up. Baker is also a point-after specialist.

Ward is slated to fill a spot as halfback, with Swain Adams, a two-year letterman, in the opposite spot. Ward tips the scales at 167, and Adams registers 153 pounds.

Dale Sherrod, Johnny Crain, and Bobby Ghorntley stand at the ready to fill in any backfield vacancies.

The fullback slot is a big open issue. Tom Harris, a 186 pound quarterback letterman, currently is plugging the gap, but speedster Troy Moody may move in. An operation kept him out last year.

Plenty of potential talent and some real beef sum up the situation for the forward wall, but experience there is at a premium.

John Heid, a glue-fingered pass snapper, and Gene Babh, a re-modelled halfback, will anchor the line at the ends. Heid checks in at 180 pounds, while Babh boasts a hefty 191 pounds.

Lettermen Bill Ebeling, 183 pounds and Simon Gray, 188 pounds are scheduled for the tackle posts. Behind them stand Charles Arledge, 190, Ronald Erwin, 194, Edy Whitmore, 200, and Richard Glover, 180.

Guards are a big headache this time. There isn't a letterman available to plug up these important positions in the line.

Whitmore and Erwin probably will handle the defensive tasks there, but eight candidates for the offensive line-up are digging for the all-important assignments at guard.

The center spot stands like the Rock of Gibraltar with capable Albert Johnson, 189 pounds, filling it. Arledge is prepared to man the guns there on short notice.

Odessa conceivably could mop up District 1-AAAA this year, but the green hands will really have to burn up the turf if they are going to pull off the feat.

In spite of Friday's 18-7 humiliation at the hands of Fort Arthur, the Bronchos probably will prove to be no doormat for anybody's football class this season.

Vesuvius Volcano Takes Longest Rest

NAPLES—(P)—Mt. Vesuvius, the picturesque volcano known to millions of travelers, is taking its longest rest since 1631.

While the 3,891-foot mountain which forms a backdrop for the beautiful Bay of Naples, continues to smolder, it has been inactive in the scientific sense since March, 1944, says Prof. Antonio Parascandola of Naples University.

The professor made a survey of the crater recently after published reports that astrologers were predicting an eruption. The professor said tests showed underground heat below the crater exceeds 570 degrees centigrade.

"If the temperature should rise another 100 degrees centigrade," he explained, "it would be a sign that a resumption of activity could be expected."

The last damaging Vesuvius eruption, in 1944, destroyed the funicular railway to the top of the mountain and damaged many U. S. Air Force bombers stationed nearby.

TINY BABY PROGRESSING

KINGSTON, CANADA—(P)—A baby that weighed only 27 ounces at birth is more than a month old and progressing favorably, Dr. James Gibson said that Michele Roslyn Shaw now weighs almost two pounds.

IT LOOKS LIKE A HARD YEAR—Worry shows all over the face of Coach Tugboat Jones of the Midland Bulldogs. Tugboat took a closer look at the 1-AAAA schedule for the Bulldogs and became more depressed. What he found didn't make him the least bit happy. Realization that he is competing with the state's "big boys" left Tugboat's face a sea of sadness. But he'll live through it.

On Ye MHS Bulldogs!

The Midland High School Bulldogs kick off their 1952 football season Friday night in Memorial Stadium, with Lamesa's Tornados furnishing the opposition.

It not only will be the season opener for the Bulldogs, it will be their initial start as a member of the top-flight AAAA conference.

All eyes quite naturally will be fixed on the MHS Bulldogs, district champions in AAA competition last year, as they move into the Interscholastic League's top circuit.

Midlanders generally are behind their Bulldogs 100 per cent and they will be out there en masse Friday night to cheer the home town entry on to victory in the non-conference encounter.

Members of the football team have been working long and hard on the practice field since the first of September and they will continue to work and train diligently through the season. The 1952 Midland High School Bulldogs are an exceptionally fine group of boys and they may be counted on to put forth their very best on the gridiron.

That is all that can be expected of them.

Midland is proud of the MHS Bulldogs and of the fine Bulldog coaching staff, headed by Tugboat Jones.

Win, lose or draw, Midlanders are for the Bulldogs and wish for them the best of luck and good fortune in the 1952 football wars.

The Bulldogs, too, are more than deserving of every bit of support given them by the fans, and the team members will see to it that the cash customers will not be disappointed in effort and performance on the football field.

A capacity attendance is anticipated at Memorial Stadium Friday night to help get the MHS Bulldogs off to a fine start.

It's football time in Midland as the Bulldogs open their 1952 season.

Ike Advisers Hear Plan To End Korean War, Find Catch In It

By FETER EDSON
NEA Washington Correspondent
WASHINGTON—In their search for a new foreign policy issue or formula that would have great popular appeal and win them many votes, Republican strategists and advisers to General Eisenhower have been listening to any suggestion that seemed to make sense, as well as a lot that didn't.

Recently an "expert" came in with a plan to end the Korean war. It looked as though it had everything. In brief the plan was this: Let's announce that we are pulling our troops out of Korea. If the United States pulled out, all the other United Nations also would pull out, convinced that it was a hopeless war that nobody could win.

Drew Pearson says: Republican survey in 12 key states shows winning of negro vote vital to Eisenhower's chances; One or two per cent change of vote in these states could swing election to Dem or GOP.

SECOND MAN on the Ticket

THE STORY: Political face of Governor Warren, apparently having been chosen to be the second man on the ticket, is going to be a surprise to many.

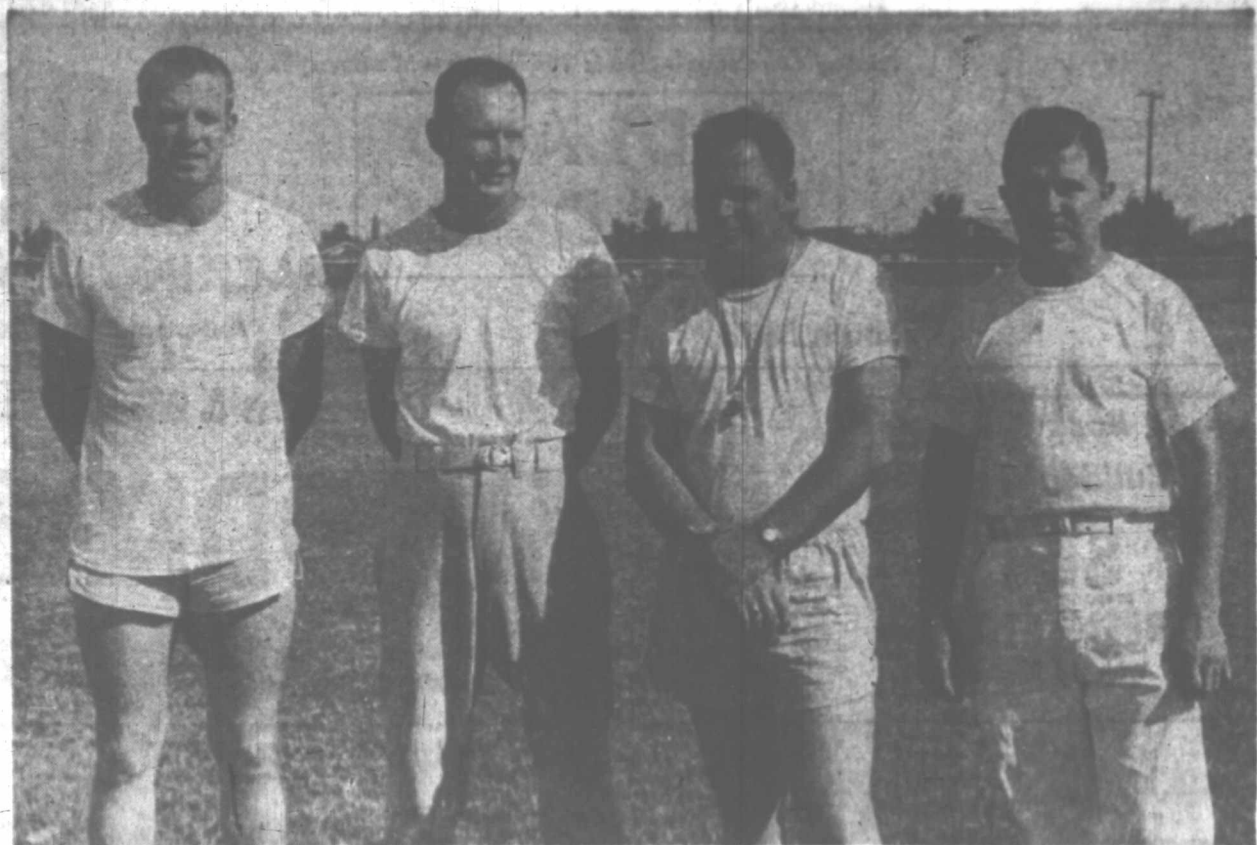

So They Say

I'm satisfied after talking with him (Dwight Eisenhower) that he is a man who has a great sense of justice, objectivity and fairness. —Senator Irving Ives (R., N. Y.)

Have A Laugh

By BOYCE HOUSE
Former State Senator Tom DeBerry of Texas was feared for his sharp tongue in debate. Once, he began by looking at the senator to whom he was going to reply and remarked, "I'm like the fisherman who was going to use a small fish for bait. He said, 'Don't squirm, little fish; all I'm going to do is put you in my pie.'"

Why does an Irishman build his pig-pen under his parlor window? To keep his pigs in.

BULLDOG DESTINIES REST IN THEIR HANDS—The Midland High School coaching staff faces a gigantic assignment this season. The Bulldogs participate in District 1-AAAA whose members include some of the state's giants including the defending champions Lubbock Westerners. It is the duty of Trainer Louie Grevelle, right above, to keep the Bulldogs in the best physical condition. Others, left to right, are Audrey Gill, line coach; Red Rutledge, end coach, and the old master himself, Head Coach Tugboat Jones. At right is Jimmy Williams, who assists Jones with the backs.

Talking Animals Take Over Movie; Humans Just Jabber

By BOB THOMAS
HOLLYWOOD—(AP)—The casting director for a forthcoming picture is going quietly batty these days. Reason: all the main players are animals, and they all talk!
 When I was told about the film I thought my informant was pulling my leg. But he assured me that this was the real McCoy and that the picture, "First of April," will start soon at 20th-Fox. I was invited to come out and talk to Director Al Rogell, the perpetrator of the project.
 I found Rogell to be a perfectly sane individual. In fact, he was a hard-headed veteran of 30 years of movie making. That's why I was a little awed when he told about the wacky movie.
 "It's very simple," he remarked. "We're doing the picture from the viewpoint of animals. In the beginning, we'll see a beautiful stot of Kentucky and hear a Damon Runyon-type character describing the scene. In a few moments, we discover who's doing the talking. It's a dog."
 The dog isn't the only one that talks. There also is the thoroughbred horse that plays the leading role. "First of April" has nothing to do with April Fools Day, you see, though well it should. The leading horse actor is first-born of a champion mare named April. Get it?
The Love Angle
 Besides "Firstie," there's his sweetheart. She's a white horse with brown mane and tail. With her light brown hair, she's naturally called Jeannie. Other speaking parts include a cat, a goat, a duck and several other horses.
 There's a stable scene in which various race horses are discussing their triumphs. One Argentine champion speaks Spanish. He is berated by a colleague: "Here you've taken a hundred thousand dollars out of this country and you can't even speak the language!"
 A French poodle also will be featured. Of course, the dog speaks only French. So there will be English titles on the screen, just as in a foreign movie.
 About the human actors—there are only about four, small parts for them.
 "And when they speak, it'll sound like a double-talk gibberish," said Rogell. "It makes sense that if we can't understand how animals talk, they couldn't understand us."
 In virtually all alphabets, the letter "M" stands in close conjunction to the letter "N."

The Bulldogs of Midland High School have plodded their way over a rocky football trail for more than three decades but now their ready to make their debut in the state's toughest high school gridiron league.
 It's a long way from the out-law game they played back in 1920 to the well-organized Class AAAA football into which they'll be stepping this season for the first time.
 And they don't even have accurate records of how many games they won or lost during that period.
 The record book, however, does show the figures back to 1929 and during that period the Bulldogs have won 199 games, lost 95 and tied seven.
 Scattered records for previous years show that as far as 1920, they were beating Stanton by 63-0 and Monahans by 90-0.
 As the years rolled over the gridiron, the brand of Midland football increased and so did the type of competition until they reached a peak last year in winning the district AAA championship, only to bow to Breckenridge, 14-33, in the state championship playoffs.
 The only other loss last year was to Brownwood, a non-conference contest which left the Bulldogs on the tail end of a 13-19 score.
 They also played in a 13-13 deadlock with Polytechnic High School of Fort Worth.
 But the rest of the season was a success.
 During the season they beat San Angelo, 31-6; Ysleta, 7-0; Cronier Tech of Dallas, 58-0; Lamesa, 34-7; Vernon, 14-13; Sweetwater, 39-0; Big Spring, 48-0, and Plainview, 34-8.

14 Are Feared Dead After Korean Train Explodes On Bridge

SEOUL, KOREA—(AP)—Eleven to 14 Koreans were killed and 200 injured when a locomotive tender exploded Wednesday, derailing two coaches and throwing many passengers into a stream 40 feet below.
 The American enlisted men aboard were injured slightly.
 The train was crowded with school children and workmen. The explosion occurred on a bridge 20 miles west of Seoul.
 Hours after the tragedy, the last survivor was removed from the wreckage. She was an 18-year-old Korean girl whose arm was amputated before she could be freed. U. S. Army personnel used torches to remove some injured and dead from the wreckage.
 British soldiers stationed nearby quickly organized trucks to move about 200 injured to the Italian Red Cross hospital and the U. S. 121st Evacuation Hospital.
 The locomotive and tender crossed the bridge and remained upright. But two of the three steel cars were derailed, tumbled on their sides and split open. Witnesses said some passengers were thrown into the stream 40 feet below.
 There was no explanation of what caused the explosion.

Daddy Ringtail

Daddy Ringtail I Don't Remember!

The Weatherman (poor fellow!) was worried, worried, worried. His Weatherman hat was on his head with a weather-arrow upon it. His suitcase full of Weatherman things was safe beside him. But the Weatherman was worried and worried indeed. He was sitting on a rock by the Elephant Path to do his worrying.

Worry! Worry! Worry! The Weatherman held his hands together, and he put his head between his knees, all to help him worry the better.

Worry! Worry! Worry! Weatherman worries.

"Now, row, now," said Daddy Ringtail, your monkey friend.

"Oh, Daddy Ringtail!" moaned and worried the Weatherman.

"I am listening, Mister Weatherman," said Daddy Ringtail, because the worries will sometimes go away, if people tell about them.

Weatherman looked around him — up and down the Elephant Path

—and around and back and side-ways—all to be sure that no one else was listening. Then he began to explain his terrible worries.

"Daddy Ringtail," he said, "do you remember the far-away day in the long ago when people pushed a button for the kind of weather they wanted?"

Yes, Daddy Ringtail remembered. Push a button for the hot days of Summer. Push another button for

the cold days of Winter. But the people once could not decide what kind of weather they wanted. They pushed for hot, and they pushed for cold, and they pushed it all

DALLAS NOT USED TO IT

DALLAS —(P)— It's been a dry Summer in Dallas.

Three squads of sheriff's deputies converged on the Preston Hollow section late Tuesday night. Residents reported an explosion, said it shook their homes.

The search was called off after a time when Deputy A. D. Hamilton and Dispatcher Jim Lowery concluded the explosion was a clap of thunder.

She didn't get any comfort out of it, though, for her agitation for return of the penny post card. She's about willing to compromise for a bigger two-cent card so she can write more on it.

NEW SCHEME IN JOURNALISM—

Houston Chronicle Starts 'Country Weekly' Editions

HOUSTON—(AP)—The Houston Chronicle, with the largest afternoon circulation in the state, has gone into the weekly newspaper field. Houstonians Wednesday got their "Neighborhood News" sandwiched in with the regular sections of the state's biggest metropolitan newspaper.

The contents of the five area papers will be the same as a weekly at Malheur, Texas, or Conshohocken, Pa.—births, deaths, Boy Scout meetings, church socials, personals, the neighborhood news that has nourished weeklies—news that metropolitan papers have foregone because of space problems and huge populations.

East Side, West Side
Houston, like Chicago, Los Angeles or St. Louis, is a town where persons from the northside seldom travel to the southside, where thousands never go down town, but whose interests and purchases are made in community centers, where few know very many persons outside their own neighborhoods.

To give these people the news of their schools, churches and neighborhoods is the idea behind the Chronicle's venture, a venture that is estimated will cost between \$250,000 and \$300,000 annually.

The city has been broken into five geographical areas—Southwest, Northeast, Northwest, Southeast and South Central. Each subscriber, every Wednesday, will receive in their regular home delivered edition of the Chronicle a section devoted exclusively to their area.

Ad Rates Lower
An editorial staff of 19 for the "Neighborhood News" is directed by Leonard Oliver, former night city editor of the Chronicle. Each area has a staff man assigned to it and also a staff advertising collector. The ad rates for the Neighborhood News subscribers are lower than those for the regular edition.

M. E. Walter, editor of the Chronicle, and Roderick J. Walts, managing editor, had the overall direction of launching the new venture.

Once-a-week news directed at certain areas has been successful in Chicago and Los Angeles, but Walter believes the Chronicle is the first to break a single city into areas and devote all entire section to that neighborhood.

The first sections were published

this week. One was of 12 pages and the other four were eight pages each. Each section has a circulation of about 25,000.

More Space Given
"We can't run this type of home news except on a condensed basis in the regular editions," Walter explained, "and this way we'll be able to give space to every happening in those areas."

Oliver said each of the sections would have its own editorial policy. "If West University, for instance, wants to ease the City of Houston, and Bellairs defend it, that's okay," Oliver said. "They're going to have independent policies, each applying to its own area."

The regular editions of the Chronicle will continue to carry neighborhood news of general interest.

Circulation of the Chronicle is 191,000 plus on week days and 214,000 on Sunday. About 90,000 subscribers—those downtown and out of the city—will never see the neighborhood news.

Mario Lanza Faces Suit For \$700,000

HOLLYWOOD—(AP)—MGM has a cancelled production of "The Student Prince," starring Mario Lanza, and says it will sue the singer for \$700,000 it claims to have invested in the venture.

A spokesman said Wednesday Lanza failed to appear for the start of the film September 3 and that the production was dropped the next day.

A studio statement said that Lanza, after being notified of the abandonment, requested and was granted a conference with studio officials. Lanza asked the studio to reconsider. The studio declined but suggested a later meeting. Again, the statement said, Lanza failed to make an appearance.

165 Buffalo Trail Scouts May Attend National Event

A "once-in-a-lifetime" experience will be enjoyed next summer by 165 Buffalo Trail Scouts, Explorers and leaders who trek "on to the Pacific" for America's third National Boy Scout Jamboree to be held July 17 to 23.

The 17-county Buffalo Trail Council has been assigned a quota of 165 Scouts and Explorers, plus 15 leaders for this largest gathering of youth ever held in America.

A huge tent city will rise on the 2,500-acre site loaned to the Boy Scouts by the owners of Irvine Ranch at the Newport Harbor Area in California on the shores of the Pacific.

The youngest, newest and busiest city of 90,000 will team with excitement. Boys from all walks of life, of all races and creeds will live together, exchanging skills, swapping home-town products and learning about the customs and traditions of many sections of the nation.

Living with American boys throughout the camp will be Scouts of other lands, invited to represent their nation's Scouting Organizations. There are now fifty other nations around the world with Scouting programs.

Dr. Arthur A. Schuck, Chief Scout Executive, who will be Camp Chef, sees the jamboree as a "top experience in the life of a boy."

While the tent city will disappear almost as suddenly as it appeared a week or ten days before, the impres-

Crane Forms Sports Club

CRANE—Promotion and betterment of all sports, both individual and team, will be the purpose of a club to be organized at 7 p.m. next Tuesday, in the Crane County Courthouse.

Approximately 50 persons have expressed interest in joining with club. Membership cards are available from Barton Fuller at Fuller Oilfield Supply Company, Ted Thompson at Ted Thompson Real Estate Company, and Roy Barrett at Crane Shoe and Boot shop. Dues are \$2 annually.

Officers will be elected at the initial meeting and plans made for regular meetings.

One club project will be to sponsor banquet honoring high school ball teams, at the close of their respective seasons, and to further Little League activities during the summer months.

Reservists To Hear Lecture By Bushnell

Major R. D. Bushnell will give a lecture on "Training Group Administration," at the regular meeting of the 9816th Wart. Squadron at 7:30 p.m. Thursday in the county courtroom of the Midland County Courthouse.

A movie on "Fighter Combat Operations," also will be shown.

All Air Force reservists in the area are invited to attend.

SHIPBUILDING DECLINES

NEW YORK—(AP)—Shipbuilding throughout the world declined slightly during the second quarter of 1952, according to Lloyd's Register of Shipping. It reported 1,199 steam and motor ships totaling 5,614,183 tons on the ways compared with 1,224 totaling 5,890,566 in the first three months of the year.

DAY NURSEY WITHDRAWS FROM COMMUNITY CHEST

The Midland Day Nursey has withdrawn as a participating agency in the 1953 Community Chest, it was announced Thursday. The agency, which has not been included in prior Community Chest budgets, was scheduled to receive \$1,500 from Chest funds during the coming year.

European Pooling Of National Goods Strengthens West

WASHINGTON—(AP)—If six men exchanged their blood with one another in a multiple transfusion, each of them would have a rugged time ever trying to reclaim his own red corpuscles again.

Six European nations—France, Italy, West Germany, Belgium, The Netherlands and Luxembourg—are trying to give one another a transfusion by moving toward a unity and pooling of interests from which they can't disentangle themselves.

It is a triple unity and pooling toward which they're heading: economic, military and political. After their long and bloody history this is a quiet but astonishing revolution which in the end, of course, may not succeed.

The steps they have taken, and are considering, require each of the six to yield some of its ancient sovereignty.

If what they are doing succeeds it may lead some day to a United States of Europe and include other nations.

Economic Unity:
Here, briefly, is what has been done:

They have made most progress

in this field. The six have approved treaties pooling their coal and steel resources, an arrangement called the Schuman plan, named for France's foreign minister who proposed it several years ago.

Military Unity
Five of the six are members of the North Atlantic Treaty Organization, which also includes the United States, Britain, Canada and others. West Germany is not a NATO member.

The six are forming their own organization called the European Defense Community, linked with NATO. This is an arrangement by which these six will pool their military resources and defenses.

EDC will come into existence when the six governments have approved their EDC treaties, maybe by the end of the year.

Political
The six last week set up machinery to propose plans for their federation, or further unification, which would involve pooling not only their defense but foreign affairs, trade and finance problems. They set March 10 as the deadline for pooling their plans.

Household Puttering Now College Course

RICHMOND—(AP)—Richmond Professional Institute is offering a course this year in "puttering."

A part of RPI's adult education program, it's intended to teach men and women how to putter around the house to better effect.

Among other things, the course includes basic fundamentals of electricity, plumbing, woodworking, use of tools, minor home repairs—and how to stay within the family budget.

Horn-hills, a kind of bird, make their nests in hollow trees after which the male seals up the female by closing the entrance with clay and feeds her through a small hole while she is incubating the eggs.
