Roby Lions Face Tough Aspermont Squad, Play Respectable, Will Host Jayton On Friday

The Roby Lions hosted the Aspermont Hornets Friday night for the season opener for both teams, with the bigger Hornets coming out the winners by a score of 18 to 8.

After the opening kickoff the Hornets moved the ball from their 33 yard line to the Lions 18 yard line. On the 12th play of this drive, the Lion defense stopped the Hornet quarterback, Joey Hulsey, 3 yards short of the first down marker.

The Lions then began on their own 9 yard line and started moving the ball down the field. Roby had moved the ball in 11 plays to the Hornets 43 yard line on the running of quarterback Robby King, fullback Benny Putnam and tailback Kirk Williamson. Then on the 12th play of

this drive-on a 3rd down and 3 yards-the Lions lost the ball to the Hornets on a fumble.

The Hornets started their 2nd possession of the night on the 44 yard line after the Lions fumble. On the first play of this drive Aspermont's sophomore halfback, Glover Miller, broke through the right side of the line and ran 56 yards for the first score of the night. The PAT was no good-with 2:22 left in the first quarter Aspermont led 6-0.

After the ensuing kickoff, Roby began their next drive on the 17 yard line. On the 3rd play on the drive the Lions lost the ball on a pass interception.

In the second quarter, only Aspermont was to sustain a drive and score. The Lions lost the ball twice in this quarter-once on a fumble and once on a pass interception. The Hornets scored after the interception, taking over on the Lions 30 yard line and on the 7th play of this possession, Aspermont sophomore halfback, Johnny Tomasi, went the last 3 yards for the touchdown. The PAT was no good, with 6:03 till the half, the Hornets led 12-0. Each team had the ball two more times before the half, but neither team was able to sustain a drive.

In the 3rd quarter the Hornets fumbled the ball on their first two positions giving the Lions the ball first on the Hornets 32 yard line, but the Lions could only get 6 yards in 4 downs.

The Hornets fumbled the ball back to the Lions on the next play, giving the Lions a first down on the 26 yard line. On the 3rd play of this series the Lions lost the ball on the third interception of the night. The Hornets took over on the 1 yard line. The 3rd quarter then ended with neither team sustaining a drive.

In the 4th quarter both teams scored. The Hornets scored on a one yard run by sophomore Darin Lawrence. The PAT was no

good. With 8:50 left in the game the Hornets led 18-0.

The Lions first possession of the 4th quarter ended on a pass interception the 4th of the night. The Lions then scored on their next possession. Quarterback Robby King hit Todd Coker with a 20 yard touchdown pass. King then hit Larry Williams for the PAT to make the score Aspermont 18-Roby 8, with 4:24 left in the game. The Hornets were able to keep possession of the ball

the remainder of the game.

Final score was 18-8. The Hornets for the night rushed for 237 yards and passed for 27 yards. They had 12 first downs and lost the ball twice on fumbles.

The Lions rushed for 59 yards and passed for 89 yards. They had 7 first downs and lost the ball 6 times-2 on fumbles and 4 interceptions.

Aspermont's quarterback, Joey Hulsey, was 1 of 7 and Roby's King was 9 of 25.

SNAGS PASS: Kirk Williamson, son of Mr. and Mrs. Larry Williamson, was one of the bright spots last Friday night as Roby opened the 1982 season against a strong Aspermont team. The Lions were defeated 18-8 and will be looking to rebound Friday night as they host

Jayton. The Roby Senior Class will be hosting the Annual Powder Puff Football Game on Tuesday, September 14th beginning at 7:30 p.m. for those fans unable to get enough football in their regular diet. Admission to the Powder Puff Game is 75 cents for students and \$1.00 for adults.

Rotan School Open House On Tuesday

The Rotan Independent School will have Open House on Tuesday, September 14, 1982, from 7:00 to 8:00 p.m.

The public is invited and all parents are urged to attend.

Teachers will not have time for parent conferences during Open House, but are encouraged to come at a later date to discuss their children.

Yellowhammers Planted By Strong Plowboy Team, Rotan Plays Anson Team On Friday

The Rotan Yellowhammers had trouble getting their offensive machine rolling last Friday night against Roscoe and as a result lost the season opener for both teams by the score of 18-0.

Rotan ran 3 offensive plays, gained 6 yards and punted. That was the offensive story of the first quarter. Roscoe on the other hand ran a total of 21 plays (Rotan ran 4) picked up 69 yards on the ground and 27 in the air and scored the first of their three touchdowns in the first quarter.

Defensively, Rotan was led by Darrin Leverton last Friday night. The line-backer grabbed the lion's share of tackles with numerous assists.

In the second quarter, Rotan had a minus 13 yards rushing but managed to hold Roscoe to only 6 yards rushing. In the passing department, Rotan quarterbacks Greg Gruben and Tim Carrillo

were 1 of 6 for 6 yards while Roscoe was 2-2 for 24 yards. Roscoe ran 32 plays in the first half to only 14 for the Yellowhammers in the same period.

Charles Williams opened the second half by returning the kickoff to the 30 yard line. Rotan began second half play with Roger Hooper gaining 3 yards off right tackle. Tim

Carrillo was thrown for a 7 yard loss and on 3rd down needing 20 from the 18 yard line an incomplete pass to Richard Mendoza forced a punt.

A short punt left Roscoe with a first down 16 yards from scoring their second touchdown. On the first play from scrimmage Roscoe's quarterback tossed to Wes Williams for the

score giving the Plowboys a 12-0 lead.

Trailing 12-0 with 3:16 left in the 3rd quarter, Rotan picked up two first downs with Hooper running but was forced to punt with 4-19 from the 21. Another short punt left Roscoe 20 yards from another possible score.

Scott Bryan provided one of the bright spots of the

night for the Yellowhammers when he intercepted a pass on the far sidelines and darted 80 yards for the score in what appeared to be the first score of the season. A rules infraction wiped out the score. Rotan ran out the clock in the 3rd period. Greg Gruben passed complete to Richard Mendoza, but 3 plays later Roscoe took possession

Two Injured In Rotan Accident

Two Red Oak, Texas, girls are in very serious condition in an Abilene Hospital after being involved in an accident at the intersection of 7th Street and Tyler Street in Rotan last Saturday afternoon, according to Gene Pack, Rotan Police Chief.

According to the police report, Rachel Settle, age 11, daughter of Glen Settle of Red Oak, Texas, and Amber Beech, age 12, daughter of Donna Beech of Red Oak, Texas, were riding double on a mini-bike and travelling south on Tyler when they failed to yield the right-of-way and were involved in a collision with a pickup pulling a horse trailer.

The girls were part of a party visiting Mrs. O.C. Ashton of 311 East 3rd in Rotan.

The pickup was driven by Mrs. David (Cindy) Posey. Chief Pack said, "From all indications Mrs. Posey did all she could to prevent the accident with the girls."

The two girls were transported to Fisher County Hospital, then transferred to Abilene after being examined by a local doctor.

At press time Tuesday, Rachel Settle was in very critical condition and Amber Beech was in guarded condition.

Hits And Misses

Things are kind of slow and I did not have anything to write about, so I decided to tell a joke. This is my favorite joke--the only one that I can remember. A real kneeslapper. Here goes:

There was a famous composer named Smith. He was pretty old and semi-retired. Smith decided that he would write one last symphony before he died. He was half way finished but he then suddenly died. The family decided to put the unfinished song in the coffin along with Smith. The next day after the funeral the Caretaker passed by the grave and heard a strange noise coming up from the grave. The Caretaker contacted Smith's family and they came to the gravesite. One of the family members said that the noise was the unfinished song, but it was being played backwards. So they dug up the grave and opened up the coffin and there he was--decomposing.

I think one of the most damaging things a person can do to another is to demean their character. One of my Training Union students at Sardis showed me this article and I thought I would share it with you.

The Snake That Poisons Everybody

It topples governments, wrecks marriages, ruins careers, busts reputations, causes heartaches, nightmares, indigestion, spawns suspicion, generates grief, dispatches innocent people to cry in their pillows. Even its name hisses. It's called gossip. Office gossip, Shop gossip. Party gossip. School gossip. It makes headlines and headaches. Before you repeat a story, ask yourself: Is it true? Is it fair? Is it necessary? If not, shut up.

Our Lord said You shall know the truth and the truth shall set you free. When gossip is repeated truth is put in bondage and so is the person the gossip is about.

Rosemary Donham, Advertising

I think the Jerry Lewis Muscular Dystrophy Telethon is great. The busy, sometimes famous, people who give of their time to make this possible and the response of all Americans help reinforce our belief in the good people in the world. And, also, to be once again made aware of the many who are stricken with this disease makes us stop and give thanks for our healthy children and families.

What if someday you woke up and decided to go to town for a pack of cigarettes, milk, an inspection on your car, hair clips, a pen, hamburger.... Just to pick up something at the last minute and there were no stores in Rotan or Roby?? In order to get anything you had to drive 30 to 60 miles to get it. A bad dream.... Let's support our businesses at home and realize how lucky we are to have them. We never fail to call on them for donations, do we??

The T.V. and news media of Washington corps no doubt have some very red faces since Leroy Williams, the 18 year old ex-page from Little Rock, confessed that his story of homosexuality in Congress was a lie--a complete hoax. He made the original accusations in early summer and the three television networks and some newspapers were quick to jump on the scandal. Williams was interviewed for live TV by CBS claiming he had been involved with three members of Congress. Most major newspapers were more restrained in their handling of the story but several and CBS made a big splash, even after a doorkeeper of the House described Williams as a pathological liar during his brief stay as page.

Williams admitted the entire story of a hoax, just to see his name in the headlines.

The media, both TV and News, have an obligation to their public to use reasonable skepticism in handling the kind of accusations that Leroy Williams made against members of Congress.

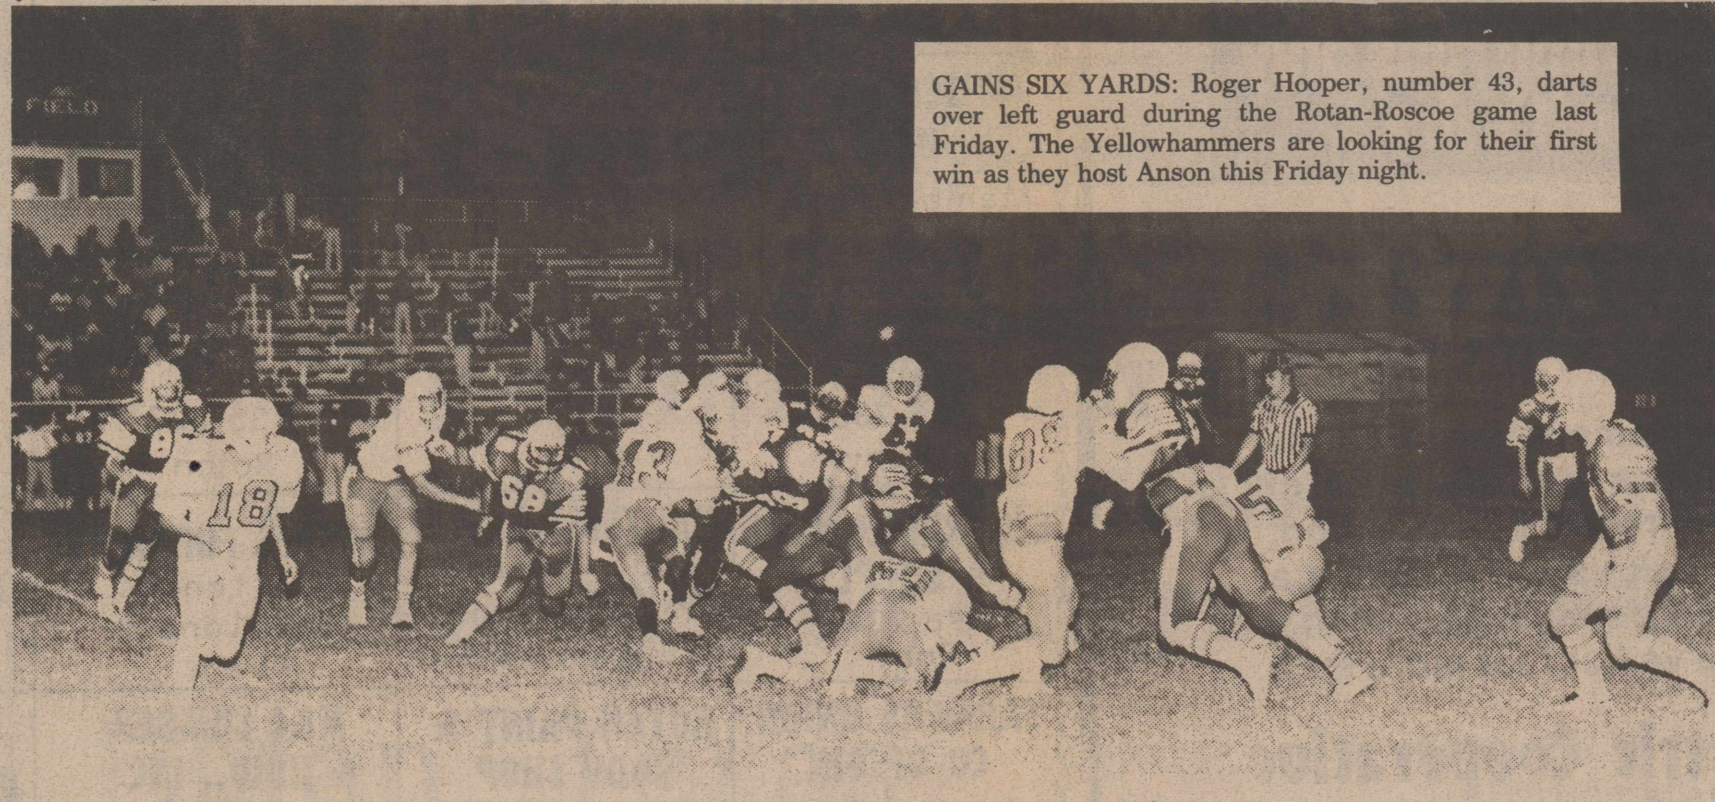

There is a difference between allegation and reality of scandal, and we feel even politicians are entitled to have that difference made clear.

The modern medicine cabinet is chock full of a variety of pills and liquids for everything from stomach gas to insomnia. Many people want to get away from all the confusing technology of what to take when for where it hurts. Herbal remedies have been used for generations and in some cases save unnecessary trips to the doctor and many spent on high priced prescriptions. Lettuce, for example, is a mild sedative. Some chopped lettuce leaves in a baby's bath will calm him down, so he'll sleep afterwards. For adults with trouble sleeping, squeeze out some lettuce juice from chopped leaves and sip a little before bed to help you sleep. Onions in salads help combat colds. Geraniums are also useful. A tea can be made from the leaves and stems and can be gargled for a sore throat. Leaves from a eucalyptus plant can be placed in vaporizer water or in boiling water and the vapors will help clear congestion. Mint tea is good for stomach aches. Just put the dried leaves and stems in boiled water, let steep, and flavor with honey and lemon. A cactus called Zabala is good to bring down swelling from sprains. Split open a leaf and heat it in the oven a little then apply the sticky inside against the swollen area and tape it there for a while. Radish can be chopped and placed outdoors overnight. The accumulated juice is good for intestinal trouble. Remember, always be careful when picking plants to be sure you know what you are getting. These are just a mere sampling of the numerous home herbal cures available. Ask around or do a little research of your own. The remedy to your next ailment may be in your own backyard.

Freshman Writes Home.

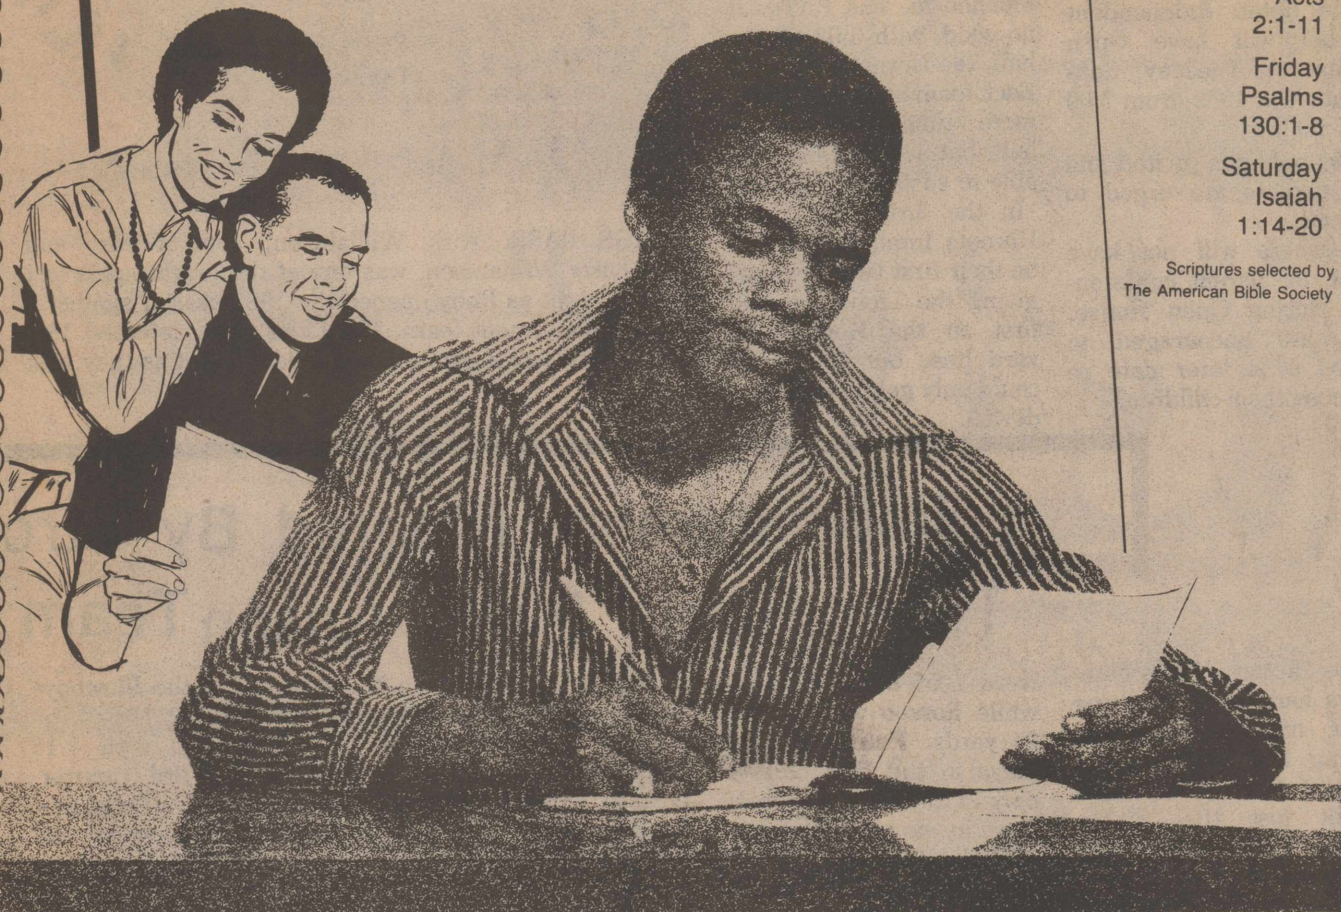

That first letter from college to the folks back home is often a masterpiece in controlled emotion.

The excitement of new adventure in a strange environment is paramount. But it cannot hide a hint of nostalgia for fond faces and familiar places. The firm resolve to fulfil high hopes is not without a trace of apprehension or anxiety.

That is because the freshman as never before is on his own.

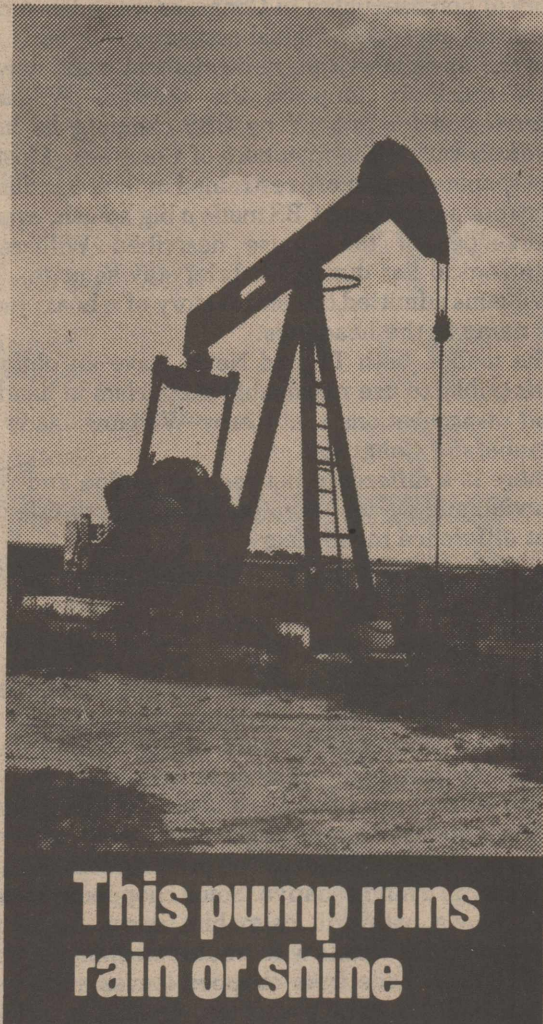

Being on our own can be the threshold of our greatest spiritual discovery . . . the realization of God's power and love inspiring us and strengthening us in the face of life's challenges.

What we gave the freshman back home—the faith, fervor and fortitude religious training and example cultivated in his soul—these become prime resources when he is on his own.

This pump runs rain or shine

This one runs only when it's dry.

Oil wells pump continuously, irrigation pumps are seasonal. The cooperative must forecast demand with a high degree of accuracy so there's adequate power for both.

Because the Public Utilities Commission requires cooperatives to base their rates on the cost of delivering electric services, sporadic high demand, especially during periods of peak usage, requires a higher rate. But it will never be a penny higher than it has to be. That's a promise we've kept for more than 40 years.

John Deere Chain Saws cut fast and deep without bogging down

Whether you need a lightweight saw for trimming trees or cutting firewood, or a heavy-duty one for use by farmers, utilities, crews, or nurserymen, John Deere has a chain saw model just right for you.

Choose from seven models — 30 to 78 cc, 12- to 27-inch sprocket nose guidebar. Professional-quality saws with chisel or semi-chisel chain... easily adjustable automatic oiler... non-modular construction for easy replacement of parts on all models

except the 28. To help prevent overheating and vapor locks, the fuel tank is separated from the engine by the oil reservoir. Handles are well spaced for easy handling and controls are conveniently located. The throttle/trigger interlock lever must be held down before the engine will accelerate. For added safety, a chain catch is standard on all models.

Stop in today for a demonstration of a lightweight or heavy-duty dependable John Deere Chain Saw.

Hustlin' Round Hobbs

By Joy Walker

Well, another hot week, and some of the cotton is beginning to wilt a little, especially in the heat of the afternoon sun. It's time for a rain, and we may get one pretty soon, as the West Texas Fair starts next Saturday, and they usually don't get by without a rain. Only hope it stretches up this way.

Mr. and Mrs. Bily Carter and boys from Brownwood visited over the Labor Day weekend with Mr. and Mrs. J.C. Cave. They also visited with Mrs. Edd Carter in Roby.

Mr. and Mrs. Wayne Boydston and family from Mesquite visited over the long weekend with Mr. and Mrs. Frank Boydston.

Glenn Phillips from Post and Don Phillips from Sweetwater visited with Mrs. Opal Phillips one day last week.

Mr. and Mrs. J.W. Etheredge and Todd all attended the Roby-Aspermont football game at Roby on Friday night. Todd was home from San Angelo for the long weekend.

Last weekend Mrs. Bea Hardin went to Stephenville and visited until Tuesday with Mr. and Mrs. Mike Hancock and family. Then the Hancocks visited with Bea this weekend, coming Friday and staying until Monday.

Mr. and Mrs. Jim Ratliff from Abilene visited over the weekend with the James Ratliffs. Jeff Smith and a friend, Mike, also from Abilene, visited with the Ratliffs on Sunday; Mr. and Mrs. Tracy Knipe from Snyder also visited with the Ratliffs on Sunday. Teressa Ratliff is the Rotan Yellowhammer mascot this year, and she is really doing a good job.

Mr. and Mrs. Rudolph Martinez and Jeffrey and Mrs. Emilio Martinez all attended the wedding of Kent Tibbels and Arla Hyatt at Big Spring on Saturday night. Kent Tibbels is the son of Roda Jones and they used to live out here at Hobbs. Rhoda now lives at Andrews. They sure had a good time and got to see all the Tibbels. Jeffrey Martinez has been hurt, during football, and will be out for a week or two. We hope that he will get some good news when he next goes to see the Doctor.

Heard from Melody Monday and they were all in Bryan for the long weekend, visiting with Mark's sister and her husband, Mr. and Mrs. Pete Fincher. Melody and Patti and Mark all went there on Friday and are planning on returning home Monday night, Melody and Patti back to Fort Worth, and Mark to college at Stephenville. They rodeoed all weekend at Snook. Mark's parents, Mr. and Mrs. Lynn Parrish from Austin, also visited with the Finchers in Bryan over the weekend.

Jim and I attended the Booster Club meeting at Rotan on Tuesday night, went to Sweetwater on Wednesday and then to Roscoe on Friday night to watch the Roscoe-Rotan football game. Thursday night we attended the Midwest Electric meeting at the Coliseum in Snyder and it was sure nice and cool in there. Saw lots of old friends that we hadn't seen in a long time; that is always a good place to go to have a real good supper and do lots of visiting.

Mr. and Mrs. D.H. Hornsberger and granddaughter, Tonya Hornsberger, and Mr. and Mrs. Gene Hornsberger, all from Sweetwater, visited with the J.D. Kincaids all day Saturday. Mrs. Eunice Arp from Roby also visited with the Kincaids on Saturday. Sunday Mr. and Mrs. Windle Kincaid and little Zach Kincaid from Midland visited with J.D. and Lucy. Zach is the son of Mr. and Mrs. Ronnie Kincaid who now make their home in Midland. Mr. and Mrs. Neil Hyer, Jr., from Andrews visited on Sunday on the way back from Oklahoma. Mr. and Mrs. Glen Hornsberger from Sweetwater also visited with the Kincaids on Sunday, so they have sure been having lots of company.

Hope you all had a real good Labor Day, and had a safe weekend. See you next Thursday.

TAX PLANNING Written by James Rodgers, CPA

CONGRESS GIVETH
(And Taketh)

The Tax Recovery Act of 1981 was the first real tax reduction affecting almost every taxpayer. As suspected by many, the benefits were too good to be true. The increasing national debt requires that additional revenue be produced.

The Congress has passed and President Reagan has signed tax provisions which could affect your 1982 business decisions.

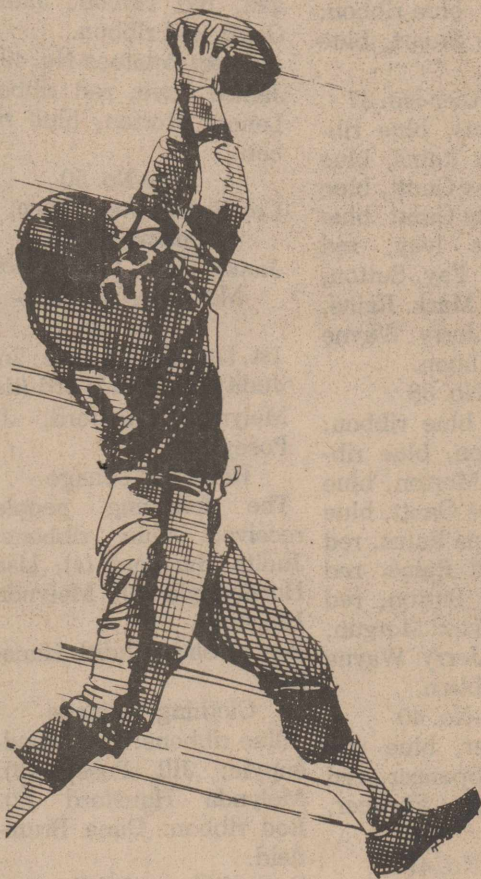

Since some provisions will be retroactive and others will have various other application dates, it is to your benefit to keep in touch with your tax advisor as to those provisions which will affect your current year tax return.

The current legislation is called the "Tax Equity and Fiscal Responsibility Act of 1982." It will affect (1) the depreciation deduction on assets where Investment Tax credits are taken, (2) income tax withholding on dividend and interest payments, (3) the deductibility of interest and tax expenses on certain corporate asset construction, (4) contributions and withdrawals from pension plans, (5) deductions for casualty losses, (6) the estimating requirements for corporate income taxes, (7) new, larger penalties for not filing information returns such as "1099's", (8) new penalties on the use of tax shelters, and (9) deductions for medical expenses-a reduction of the deductible amount.

As with the 1981 Tax Act, most taxpayers will be affected by the new Act. It will be worth your time to keep informed so that you can take advantage of the timing required for certain business decisions under the new tax law.

Fall is just around the corner, and despite the 100 degree weather we have been having, it won't be long before it is here. How do I know? Because we have already had two or three Exhibition Football games on television and, starting Monday, looks like we are going to be getting at least two a week. At our house that means we are going to be watching football, intermingled with Major League Baseball games, and of course, the World Series later on in October. The alternative is to watch the small black and white T.V. in the bedroom and Saturday night I was even desperate enough I watched Fantasy Island, a show which I really detest, but it was either that or the Dallas Cowboys versus the Houston Oilers. If I could get two channels on the little T.V. I would at least have a choice, but even with rabbit ears, Channel 12 is all I can muster. There is talk of a football strike, and if that happens, we will be having football games every night, like we did after the Baseball strike last year, to make up all the games they missed, so I would rather they play twice a week and get on with it. Besides the football on T.V. we make the Thursday and Friday night football games, watching Rotan play. It sure makes a difference when you have grandsons playing and you know almost all of the players personally. So I sure don't mind going to all of them, in fact, I hope that we don't have to miss any of them. Maybe I will watch the Dallas Cowboys play, that is, if there isn't a good show on Channel 12 and perhaps I can persuade Jim to trade places with me, if the games comes on Channel 12, and I can watch the big colored set, but that is probably wishful thinking on my part, and I won't be holding my breath. Seriously, though, Jim sure enjoys all the sports that come on, and I can make do with my little set until something else comes along. I see where on Saturday we are going to have major league baseball on one station and NCAA football on another, so Jim will be in hog heaven that day.

Joy Walker, Correspondent

Our farmers must have a fair and reasonable price for their products in this country or else we're headed for a bigger "heap of trouble" than we're already on course to meet. We hear a lot of talk about this, but our government leaders don't seem to be able to do anything about it, other than try to open more foreign markets. Finding new foreign markets is both costly and elusive and may even be considered dangerous foreign policy. Compromising national policy with countries we consider to be a threat to world peace and unity so that we can have a market for wheat or soy beans or cotton or any other agricultural product is - government with double standards.

Agriculture is the life-blood of this country and we must do everything to preserve it and see that farmers are not driven out of business because of not receiving a fair price for products.

The auto industry is hurting because of foreign imports, steel industry is in a bind because of foreign imports of steel, textile industry is crying because imported textiles are killing the home market, home building industry is at a rock bottom level, and farmers are going out of business because they can't make ends meet.

We need to rearrange our priorities and begin doing something positive for the American farmers. I don't want to eat a bumper, blouse or a piece of 2x4.

Government SSI Checks Get Cut

Low-income aged, blind and disabled people who get a federal Supplemental Security Income (SSI) check and who also get Social Security, actually have received more than this year's 7.4 percent cost-of-living increase for July and August. But, Social Security officials say, the September SSI checks will be reduced for these "dually-entitled" persons, so that both checks combined will be no more than 7.4 percent higher than the combined checks in June.

According to Glyn Hammons, manager of the Abilene Social Security office, the two month bonus came about because a 1981 law provides that changes in an SSI recipient's other income won't affect the amount of the SSI check in most cases for two months. So, two months after the Social Security benefit increased, the SSI check must be adjusted.

"I would like to assure those people who are getting both Social Secur-

ity and SSI that, although the September SSI check will be reduced somewhat, the total of both checks will be 7.4 percent higher than what they were getting in June," Hammons said.

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION
NOVEMBER 2, 1982

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 1 proposes a constitutional amendment that prohibits any state ad valorem tax. Receipts from previously authorized state ad valorem taxes that are collected after the effective date of the proposed amendment shall be deposited to the credit of the general fund of the county collecting the taxes and may be expended for county purposes. Taxes collected before that date shall be distributed by the legislature among educational institutions eligible to receive those funds under prior law. The proposed amendment also repeals a section of the Constitution levying an ad valorem tax for a construction fund for 17 state colleges and universities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing the state property tax."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 62 as amended by Senate Joint Resolution 10 proposes a constitutional amendment that would eliminate the \$80,000,000 ceiling on state welfare aid during any fiscal year.

The amendment would set the state welfare spending limit at \$160,000,000 for the 1982-1983 biennium.

The amendment further provides that, for each subsequent biennium, the maximum amount spent for state welfare shall not exceed one percent of the state budget.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide assistance through the appropriations process to needy persons and to place a ceiling on payments for needy dependent children at one percent of the state budget."

PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would exempt machinery and equipment used in the production of farm and ranch products from taxation. No dollar limits would be imposed and the exemption would apply to corporations and partnerships as well as to families and individuals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting implements of husbandry (agricultural machinery and equipment) from ad valorem taxation."

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide terms not to exceed four years for members of governing boards of certain water districts and conservation and reclamation districts."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 119 proposes a constitutional amendment that would authorize Tarrant and Bee counties to hold county-wide elections to abolish the county treasurer's office by majority vote.

Should the county treasurer's office be abolished, the duties, powers, and functions of that office would be transferred to the county auditor or the successor to the auditor's functions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county treasurer in Tarrant and Bee counties."

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment increasing the maximum interest rate allowed on state general obligation bonds to a weighted average annual interest rate of 12%."

AVISO PUBLICO Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION GENERAL 2 DE NOVIEMBRE DE 1982

PROPOSICION NUMERO 1 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 1 propone una enmienda constitucional que prohíba cualquier impuesto estatal por avalúo. Los recibos de impuestos estatales por avalúo anteriormente autorizados que son cobrados después de la fecha efectiva de la propuesta enmienda a esta sección serán depositados al crédito del fondo general del condado que cobra los impuestos y pueden ser gastados para los fines del condado. Los impuestos que son cobrados antes de esa fecha serán distribuidos por la Legislatura entre las instituciones educativas que son elegibles para recibir esos fondos bajo ley previa. La propuesta enmienda también revoca una sección de la Constitución que impone un impuesto por avalúo para un fondo para la construcción de 17 colegios y universidades estatales.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 2 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 62 tal como fue enmendada por Resolución Conjunta del Senado 10 propone una enmienda constitucional que elimine el límite de \$80,000,000 de asistencia pública estatal durante cualquier año fiscal.

La enmienda establecerá el límite de gastos de asistencia pública estatal a \$160,000,000 para el bienio 1982-1983.

Además la enmienda provee que para cada bienio subsiguiente la cantidad máxima que se pueda gastar en asistencia pública no será en exceso de 1% del presupuesto estatal.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

La enmienda constitucional que autoriza a la Legislatura proveer asistencia por el proceso de asignación a necesitados y establecer un límite sobre los pagos para niños dependientes necesitados de un por ciento del presupuesto estatal."

PROPOSICION NUMERO 3 EN LA BOLETA

Resolución Conjunta del Senado 8 propone una enmienda constitucional que exención de la imposición de impuestos la maquinaria y el equipo que se usan en la producción de productos agrícolas y ganaderos. No se impondrá límites de dólares y la exención se aplicará a las sociedades anónimas y colectivas tanto como a las familias y los individuos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que exención los implementos de producción agrícola (maquinaria y equipo agrícola) de la imposición de impuestos por avalúo."

PROPOSICION NUMERO 4 EN LA BOLETA

Resolución Conjunta de la Cámara de Representantes 77 propone una enmienda constitucional que autorice a la Legislatura establecer un límite de cuatro años para los plazos de los miembros de las juntas de ciertos distritos de agua y distritos de conservación y reclamación.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que autoriza a la Legislatura proveer plazos de no más de cuatro años para los miembros de las juntas gobernantes de ciertos distritos de agua y distritos de conservación y reclamación."

PROPOSICION NUMERO 5 EN LA BOLETA

Resolución Conjunta No. 119 de la Cámara de Representantes propone una enmienda constitucional que autorice a los condados de Tarrant y Bee celebrar elecciones en los dos condados para anular por mayoría el oficio de tesoro del condado.

Si se anula el oficio de tesoro del condado, se cederán los deberes, poderes y funciones de dicho oficio al auditor del condado o al sucesor de las funciones del auditor.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional que anula el oficio de tesoro del condado en los condados de Tarrant y Bee."

PROPOSICION NUMERO 6 EN LA BOLETA

Resolución Conjunta del Senado 6 propone una enmienda constitucional que aumente el límite de la tarifa constitucional de interés en los bonos generales estatales de obligación de 6% a 12%. Sin embargo, el nuevo límite de 12% no se aplica a bonos emitidos de la Junta de Terrenos para Veteranos.

La propuesta enmienda aparecerá en la boleta como sigue:

"La enmienda constitucional que aumenta la tarifa máxima de interés que se permite en los bonos generales estatales de obligación a un promedio ponderado de 12% de interés anual."

Fisher County 4-H moving to Rotan from Guthrie, showed the Grand Champion Market Lamb, a Suffolk. Ricky and Reggy Spencer showed the Champion and Reserve Champion Angus Heifers while Stephanie Long, the new 1982 Junior Fair and Rodeo Queen, showed the Reserve Champion. All heifers showed at the fair originated in Fisher County. Ryan Jeffrey, certainly no stranger to the show ring, showed the Grand and Reserve Champion Steer. Ryan's 1220 lb. Black Crossbred Steer should make a good showing at the State Fair.

Gary Stanford, Jones County Agent, judged the Crop and Livestock events. Listed below are complete results from the show.
