Interest Is Growing In Amateur Contest To Be Staged Here Friday

Amateurs Must File An Application With Bearden

Interest is mounting to a fever heat in the big amateur contest which will be staged Friday night of this week, under the auspices of the Lamesa Chamber of Commerce.

More than twenty amateurs have already signed up and registered for a part in the big show, and they are rapidly whipping their acts into shape so as to make the best possible showing before the large crowd which is expected to attend, as well as the judges who are to decide the winners.

Besides cash prizes amounting to twenty dollars, the winners will have the opportunity of broadcasting their act over Station KBST at Big Spring. The money will be divided into three groups. First prize will carry a prize of \$75.00, second \$50.00 and third place \$25.00.

There is still time for more acts to be registered before the contest, and if you feel that you have talent or an act that will prove interesting and entertaining, by all means get in touch with A. G. Bearden, secretary of the local Chamber of Commerce and the general manager of the event, and register your act. All acts must first be registered with him to make you eligible to compete.

Amplifying units will be installed so that all may hear, and the events will be held in the band stand on the north west corner of the court house lawn, so that all may see. From the interest being shown at this time, it is predicted that several thousand people will gather for this attraction.

The actual performance will get under way about 8:30, and if you intend attending, you had better arrive early enough to get a place close in. Among the acts will be singing, instrumental selections, imitations and many others.

Homecoming To Be Held At Hancock; Announce Program

The annual Hancock homecoming will be held at the Hancock school house on August 26th. The homecoming was started last year, when we had our first meeting on the 24th of September. The first homecoming was a great success for we had some five hundred present. It was voted that we make the affair an annual one, and the last Friday in August was set as the date for the occasion.

We expect the coming event to be even greater than the one last year. Our committees are working very hard to have everything arranged to make the day a great one. Our committees are not working by themselves for we have the cooperation of all of the people in the community. The program will begin at one o'clock. The program will consist of games and stunts on the playground followed by a regular program in the building. At six o'clock we will have a picnic dinner on the ground. After dinner we will gather for the evening program which is to be featured by speakers, one of whom will be Hon. George Mahon our congressman from this district. Hon. Mr. Mahon will speak on a problem concerning the community as a whole.

Committees and Directors
 Director General—Ralph R. Ranson.
 Assistant Director General—A. E. White.

Invitation Committee—W. F. Lisenbee chairman, Mrs. V. A. Edgmon, Mrs. W. R. Miller and Mrs. G. M. Hughes.

DAN DAVIS

Dan Davis was born in Red River county, Texas, and was educated in the Nocona high school, where he graduated. While attending school he played football on the Nocona team.

In 1926 he accepted a position in the wholesale house of Davis and Humphries at Lubbock. He worked there six months and was made manager of Piggly Wiggly Store No. 3, on College Avenue in Lubbock. He was promoted by his company to the management of a much larger store, Piggly Wiggly No. 7, located on Nineteenth Street in Lubbock. He served in this capacity until January 1, 1932.

On February 13, 1932 he went into business for himself when he opened the Davis Food Store in this city. He operated as Davis Food Store, until a short time ago when he secured the Piggly Wiggly franchise for Lamesa and since that time has operated under this new set-up.

Mr. Davis has been most active in the civic, social and sporting activity of the community since he came here. He is among the business leaders of Lamesa and is ever ready to assist with time and money any worthwhile move for this section.

Dan Davis' Piggly Wiggly Store in Lamesa is one of the largest, and most complete grocery stores in West Texas. They do both a wholesale and retail business.

Mr. and Mrs. Davis own their home on South First Street, where they and their two young sons, Dan and Duane, reside.

Shortly after moving to Lamesa they joined the Methodist church here and have been active in church affairs since that time.

Lamesa Roller Rink Announces Opening

Announcement is made this week that the Lamesa Roller Rink will re-open Friday night at 7:30.

The rink is located three blocks south of the Dal-Paso Hotel. Elmer Boyd and Alton Middleton are the operators. They ran this rink last fall and winter and closed down for the summer months.

See their announcement in this issue of the Courier.

Golden Tornadoes To Leave Tuesday For Training Period In Camp Near Brownwood

The 1938 group of Golden Tornadoes, football players for Lamesa high school will begin their training next week at Lake Brownwood, near Brownwood, Texas. Mr. McCollum, football head coach will leave with the team candidates on Tuesday of next week for a ten day training period on the east side of Lake Brownwood. The site selected has water, shade, a playing field, shower baths, electric lights and shelter in tourist cabins.

The number of boys to make the trip will be about enough for three teams, eleven to the group for a team. Some of them are experienced either in play on the first or second teams of last year and many others are getting their first experience as members of a football squad. The boys are to meet at the high school building to receive equipment, furnished football players at ten o'clock Tuesday morning, August 22 and will depart before lunch for the training grounds. It is likely that Coaches Lester Gregg and Carr Spaberry will work with Mr. McCollum.

Several boys from adjoining school districts are coming in this term and are to try their skill at the game of football.

No other football team will use the vicinity where the Golden Tornadoes will train and the boys will be more or less free from interference in their efforts to get into physical condition to learn the fundamentals of the game. The training trip is sponsored by the Lamesa Tornado Association. This group was represented in the training camp selection by Mr. A. G. Bearden.

The 1938 equipment has been received for the players and those who have seen some of its are elated at the type of equipment used this season.

Theatre Programs Released For Week

Mystery, comedy and drama, all have a place on the programs at the Palace and Majestic Theatres this week. In releasing the programs this week, Mr. Cox, owner of these two popular show houses, said that probably never in a single week before has there been a wider variety of entertainment than that offered this week.

Opening Thursday at the Palace sees another of those thrilling Sing Sing pictures, "Over The Wall" by Warden Lewis E. Lawes, of Sing Sing. For Saturday there will be a great western with plenty of hard riding and lots of action in "Phantom Gold" with Jack Luden, Beth Martin and Tuffy, the dog star. Saturday midnight brings (Continued on Back Page)

Small Worm Damage Is Reported Over Territory

From all parts of Dawson county comes the reports that for the time of year, crops could not be much better. Many farmers report that their crops for this year are much better than last year and it will be recalled that Dawson county made the largest crop last year in the history of the county.

The abundant rains which have fallen all during the growing season have made cotton and feedstuff grow faster than possibly ever before. Although the high winds of the early spring and the washing rains, delayed crops in most parts, causing them to be late, nevertheless they are developing as rapidly as possible and unless some unforeseen damage is incurred, another tremendous crop will be harvested.

It will not be possible for the county to gather as much cotton as 1937, due to the reduction in acreage, but so far as yield per acre is concerned many are freely predicting that this year will exceed last.

There has been some worm damage reported, but farmers are busily engaged in poisoning and it is thought that the damage incurred will be very slight. Only leaf worms have been reported.

Steele And Son Are Now In New Location

L. C. Steele and son this week announce the completion of their new feed store and mill house, on the highway three blocks north of their former location. They purchased an acre of ground on the east side of the highway at a cost of \$500. The feed store is 24x40, while the mill house is 18x30.

The mill equipment which they have been using was moved to the new building.

Mr. Steele and his son, George, purchased the business in December 1936. They have improved their service continually, and their business has grown until this new location and buildings were necessary.

See their ad in this issue of the Courier.

Huddleston Bldg. Nears Completion

The Huddleston Building on North Main, which is being converted from a service station to a modern building is rapidly nearing completion. The brick work has been completed and the carpenters are busily engaged in putting on the finishing touches. The building has not been leased at this time.

NORWEGIAN STUDENTS ARE LAMESA VISITORS

Mr. and Mrs. Frank Rose of Lamesa were hosts to two very interesting visitors this week, when Hans Bergsland Myhre and Soren Christian Soumrefelt of Oslo, Norway, were guests in their home.

These two young men, twenty-one and twenty-two respectively, are students in the Oslo University studying law and are completing a tour of the United States.

They arrived in Lamesa Tuesday night in an overland trip from the west coast. They left their home June 13th on a tramp steamer. They arrived in Detroit on July 4th, the trip requiring twenty-four days. Top speed of the tramp was about 10 knots per hour which slowed down to about 5 when they hit a headwind. They encountered quite a storm on their way over, which added to their delay.

Upon arriving in Detroit, they immediately purchased an automobile which they intended using in their tour of the States. Mr. Myhre was able to drive a car only slightly, having driven ten hours which is required to get a drivers license in Norway. Mr. Soumrefelt could not drive at all. Being unfamiliar with the machine, as well as

the long stretches of straight road, which are unknown in his home country, he attained a speed of fifty or sixty miles an hour when he lost control of the car, resulting in a smashup. Neither of the young students were hurt, although the car was badly damaged. They were able to continue to the next town, where the damage was fixed and the journey continued. The traffic in the cities was very confusing to the boys, neither having encountered traffic such as they found in Chicago, Los Angeles and other large cities. There was some debate between them as to whether a green light meant to go or stop, so they waited to see what other motorists did and followed suit.

Both boys speak good English, having studied it for seven years in the schools of their country. Two years of English is compulsory in the schools of Norway. Both young men being law students, they have received more English than the average run of students.

Automobiles are more or less a rarity in Norway, they said, due to the high first cost, as well as gasoline selling at 30c per gallon. One of the smaller American cars costs between \$1,500 and \$1,800 over there.

The roads too, are not developed like the roads over here, and a stretch of straight road two miles in length is very unusual. Speed limit for the country is 40 miles per hour, and the boys said it was not safe to drive more than thirty. They have no such thing as driving while intoxicated. To drink one bottle of beer and then drive, simply means twenty-one days in jail regardless of how influential or prominent the offender may be.

Norway has practiced government relief for many years they said. When the head of the household is out of employment, he gets the necessary money for he and his family from the government. The church is also supported by the state, as well as all the schools, including the only university in the nation, as Oslo. There is no tuition charge at the university neither is there dormitories nor sorority houses as all students either live at home or board out in the city and attend school just like public school.

If a student desires an education and does not have the money to pay for books and board, the government will pay the cost for him, so that no citizen of Norway is denied the advantage of

Donkey Ball Game Arouses Interest As Contest Nears

The first big game of the Donkey Softball series is to be played between two league leading teams, namely, the Modern Dry Cleaners and Earnest Motor Parts. The first game will be played Friday night, August 26th and is expected to furnish some real entertainment.

The second game will be played Saturday night, August 27th. The Boy Scouts, under the leadership of Joseph N. Spikes, will be one of the teams to play Saturday night, but to date no team has been signed to oppose them. Several teams are under consideration, and a team will be selected to oppose the Scouts in a few days.

The Modern Dry Cleaners are managed by Millard McDonnell and are undergoing rigorous training for the game. The Dry Cleaners have the edge over the Motor Parts team in regular softball league play, but the Motor Parts team is anxious to show them up in the donkey game. Earnest Motor parts team is being managed and trained by L. R. Tidwell, and Mr. Tidwell.

**"I'M TOUGH!
I EAT QUAKER OATS
EVERY DAY!"**

WHY is it you so often find the sturdiest, healthiest youngsters and grownups have been "brought up" on Quaker Oats? Because oatmeal is the richest of all whole grain foods in strength-giving proteins. Proteins, you know, are the vital food elements best for building muscle, firm flesh, and lasting strength. It's richer than other thrifty cereals too in phosphorus for teeth and bones, in iron, and in important Vitamin B₁, the nerve-digestive-appetite vitamin which children and everybody need supplied to them every day! So serve delicious Quaker Oats often to help fill out your growing boy or girl with the sturdy "tough" kind of muscular flesh and improve your own general well-being. Quaker Oats saves money, too... often cuts breakfast costs to half of more expensive foods... and you can have it ready in only 2 1/2 minutes! Get a package of Quaker Oats at your grocer's today!

HIGHWAY

Several people of this community attended the revival meeting at Key the past week.

Mrs. Shorty Porch honored her son with a birthday dinner Sunday. Maxie Ray received many nice gifts.

Mrs. H. Richardson and children, Teresa, Rex and Gay are visiting in Preston county.

We welcome Mr. and Mrs. Smith into our community. They will teach in the Shumake school next term.

Mark Richardson, Marvir, Grissom and Henry Evans are visiting in El Paso and other places.

Miss Doris Holmes entertained with a shower last Wednesday afternoon, honoring Mrs. Dean Hambrick. About thirty-five guests were present.

Marvin and Savoy Tennyson and H. A. Wright are visiting in Eastland.

Waymond Hardin and Claud Lauderdale of Ackerly visited in the Lee Lauderdale home Sunday afternoon.

Several of the Highway people attended the singing at Lamesa Sunday.

Pauline Moore Has Screams Down Pat

Around the 20th Century-Fox studios they are calling Pauline Moore the ice cream girl.

The title laughingly was bestowed upon the brunette beauty during the filming of "Three Blind Mice, her latest featuring vehicle which co-stars Loretta Young and Joel McCrea. When "Three Blind Mice" opens Sunday at the Palace Theatre, Miss Moore will be heard in a scene where Stuart Erwin stumbles into her boudoir in an awkward attempt at the famous Romeo and Juliet balcony scene.

Her natural reaction is a scream.

Before Miss Moore reproduced a scream satisfactory to the sound track of the film she had uttered 50 different versions between "squeak" and "scream."

Slightly exhausted, Miss Moore was on her way home one night when an acquaintance greeted her with:

"What do you do in 'Three Blind Mice'?"

"I-scream," retorted Pauline.

Pauline and Marorie Weaver play the roles of Loretta Young's sister in the film.

So-Called Dust Bowl Being Reduced By Scientific Control

"Control of the so-called Dust Bowl is nearer realization today than at any time since it came into existence," H. H. Fennell, regional conservator of the soil conservation service who has been in charge of the battle against wind erosion since 1934, declared today.

The area where severe dust storms may be expected to originate next winter, under present conditions, is confined to a scant third of the blowing land which made

"Outstanding improvement has been made in sections where rainfall has been nearer normal and where available moisture has been conserved for vegetative growth through use of soil and water conservation practices," he said.

"The first outstanding results in controlling wind erosion were attained in the southern part of the Texas Panhandle in 1936. This area was not subject to severe blowing during the spring of 1937, and excellent crops were produced. Many farmers produced a bale of cotton or a ton of grain sorghums to the acre.

"Continued favorable moisture conditions and a widespread use of conservation practices resulted in the Dust Bowl contracting northward to the Canadian river last year," Mr. Fennell said. Meanwhile, the accumulated effects of successive crop failures resulted in the prospective 'blow area' expanding into western Kansas, the Oklahoma Panhandle and the northeast corner of the Texas Panhandle last winter. However, favorable spring conditions enabled several farmers to harvest their first crop in five years and the 'blow area' was pinched in for a considerable distance westward.

"The prospective blowing area of next winter and spring now centers about the point where Texas, Oklahoma, Kansas, Colorado and New Mexico join, the Soil Conservation Service director believes.

"However," he pointed out, "this is a prediction based upon present conditions. Drouth which might prevent

row crops from reaching maturity and possible grasshopper damage could deprive other areas of a protective cover of vegetation and result in additional land being placed at the mercy of wind erosion next winter.

IN MEMORY OF IRENE POHNSON

A precious loved one from us has gone. Irene's voice so sweet is stilled.

A spot is vacant in our hearts. That never can be filled.

Our days were bright and cheery. But without Irene they are dark and dreary.

We loved her more than she'll ever know.

But Jesus called and she had to go. I am sure she is much happier in heaven fair.

Free from pain, all sorrow and care. We will remember her from days of yore.

And prepare to meet her on the Golden Shore.

Fiery Itching Skin Gets Quick Relief

Simple Home Treatment Prove It At Small Cost

There is one simple yet inexpensive way to stop the itching and torture of Eczema, itching toes, or foot rashes and many other externally caused skin eruptions, and that is to apply Moore's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Ask at Boone's Drug Store, or any first-class drugstore for an original bottle of Moore's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded. Greaseless and stainless.

TO THE VOTERS OF DAWSON COUNTY

As the time draws near for the second primary, I would like to take this method of thanking you for the confidence you have shown in me in the past by placing me in the run-off. I wish it were so that I could see each of you personally and solicit your vote and thank you, but owing to the duties and the fact that I have no car, this is impossible. I want you to take this as a personal message.

I respectfully solicit your consideration of my past record. Needing the income from the office as I do, to continue the education of my children, who are entirely dependent upon me, I ask that you give me your vote August 27th.

Again I thank you for all past favors and solicit your vote and influence.

MRS. ANNIE CROW
Candidate for County Treasurer.

BOY SCOUTS ELECT OFFICERS

The Boy Scouts of troop 22 met at their regular meeting time on Tuesday night, August 9. The main event for the night was the election of some of the most important troop officers. As senior patrol leader, Skeet Nore, was re-elected to his second term. His past record has been very satisfactory. Malcolm Harp was elected to succeed Jack McBride as the Troop Tailbuster. Jack had served previously a very good term but his opponent's argument was that he was getting too "girl crazy" and was getting too fat to use the paddle. J. D. Dyer, Jr. was re-elected Troop Scribe for his second term also. Patrol officers will be elected by members of their patrol at convenient times.

Recently our troop got in their registration charter for another year. Scouts to register for the coming year are Henry M. Bennett, Wright G. Boyd, Ralph Burleson, Ernest Conley, Bob Crawley, Richard Crawley, Victor Crawley, Jack Conley, Billy Dixon, J. D. Dyer, Jr., Edwin Easterwood, Benge Elliott, Hardin Easterwood, Van Green, Malcolm Harp, Jack Harris, Chuck Jacobs, Jack McBride, H. L. McQueen, Darrell Meek, F. M. Mitchell, Skeet Nore, Perry Roberts, Eugene Smith, Marvin Standefer, Owen Taylor, Jr., Jodie Vaughn, Roger Wilkowski, and Howard Wilkowski.—By J. D. Dyer, Jr., Scout Scribe.

Local Scouts Take Third Place In Plainview Meet

Scouts from far and near flocked to Plainview Friday night, August 12 for the Annual South Plains Council Meet held at the American Legion Pool, with Clyde McGraw, Plainview as general chairman.

Troop 35 of Spur was winner of the first place trophy being several points ahead of Troop 4, Lubbock and leaving last year's winner, Troop 22 of Lamesa in third place. The Spur team has been coached by Morris Laine and the training given the team by him a great deal of credit for the victory by G. B. Wadzeck, scoutmaster.

A new council record was set in the intermediate distance plunge by Joe Terry Jackson of Lamesa, with a plunge of 49 feet and 8 inches. Charles Christenson of Troop 35, Spur and J. D. Dyer, Jr. of Lamesa also broke the council record with plunges of 47 feet and 11 inches and 47 feet and 10 inches.

Marvin McLarty, Troop 4, senior, was high point man for the meet with 34 points. Closely trailing him for the honor was Billie Ray Barrett, Troop 35 junior, who tallied 29 points. Charles Christenson of Troop 35, Spur was high point for the intermediates with fifteen points.

Points earned by other troops were: Troop 20, Muleshoe 17; Troop 57, Floydada, 13; Troop 23, Lamesa, 12; Troop 50, Plainview, 11; Sea Scouts, Lubbock 10; Troop 6, Lubbock, 8; Troop 28, Slaton 5; Troop 68, Littlefield, 4; Troop 59, Lockney 3; Troop 26, Littlefield, 2; Troop 8, Lubbock, 1.

Assisting McGraw in running the meet were: K. N. Clapp, Lubbock, Referee; A. R. Nesbit, Plainview and A.

C. Jackson, Lubbock, Records; Q. D. Hallmark, and J. D. Norman, Abernathy, Judges; Cliff Crawell, Plainview Timer.

SPARENBERG BAPTIST CHURCH

Our revival closed last Sunday with a record attendance in Sunday school. We had one hundred and two present and a good day together. Our revival failed to come up to our expectation in some respects, but I am sure that much

good was accomplished.

Our revival at Wilson Baptist church began last Sunday evening with a large crowd present and good interest manifested. Brother Cal McGahey of Combs Texas, is doing the preaching. If you like to hear Bible preaching and are interested in lost souls, we invite you to come to these services. Our crowds are growing with each service. If you miss these services it will be your loss. We wish it might be a community re-

vival. I am sure all of us are anxious for a revival, if so lets pray to that end.

A hearty welcome awaits you at this friendly church.—Ernest Phillips, pastor Mrs. Neil Chumbley had as her guest the last ten days her son, Howard Chumbley, of Victoria, Texas, and his friend, Miss Floy Jean Smith, of El Paso. They were joined here by Miss Margaret Chumbley of Brownfield over the weekend.

Mr. and Mrs. Ralph Fry and Mr. and Mrs. Loyd Mitchell and son left Sunday for Ruidoso where they will spend a weeks vacation.

Mr. and Mrs. Raymond Bryant and Mr. and Mrs. Turpert Austin left Sunday for Cloudcroft, where they will spend a weeks vacation.

Misses Verlyn Esmaond, Geneva Spraberry, Mr. and Mrs. Donald Williams, Conley, Esmond and Loyd Bucklew spent the weekend at Christoval.

VACATION BIBLE SCHOOL SHOW

A picture on Indian child life and a cartoon will be presented to the pupils of the Vacation Bible School of the Methodist church at 8:30 p. m. Friday.

Due to a delay in receiving the film, this picture was not shown during the Vacation School just closed. Indian Mission Study was the theme of the Vacation School and the picture was a special event scheduled to harmonize with that theme.

Preceding the showing of the film, games will be played on the lawn. Parents and friends are invited.

AT THE METHODIST CHURCH

Come to Sunday school next Sunday prepared to stay for the eleven o'clock service. It will be different from the regular preaching service. Variety, beauty and spirit will be put into it. I feel sure you will find it helpful. There will be no services at the evening hour. Take advantage of the pastor's absence by attending services with your neighbors and friends.—T. C. WILLETT, Pastor.

Life-Saving Expert For Red Cross To Visit Here Friday

According to Leslie C. Pratt, chairman of the Life Saving Service of the local Red Cross chapter, Mr. Roger Plaisted, representative of the organization's midwestern area headquarters at St. Louis, will arrive here August 19, to assist the chapter in its efforts to reduce the hazards of aquatics. During this visit the swimming expert will qualify new life saving examiners and give tests to local swimmers who already have successfully completed the rigid Red Cross examiners course. Each year these examiners spread their knowledge of water safety methods to many others with the aim of holding casualties to a minimum.

In announcing the visit of Mr. Roger Plaisted, the life saving chairman called attention to the appalling death toll from drowning. Each year, he said, about 7,400 persons are drowned. These fatalities exceed by hundreds the number of lives lost in steam railway accidents and explosions combined.

"In spite of the forward strides the National Red Cross has made in life saving," he added, "the annual loss of life from drowning continues to be staggering, because in more recent years additional millions have answered the call of the surf, lake or pool.

"The worst of it is that the majority of the deaths are avoidable and generally can be traced to lack of knowledge on the part of the victim. Aside from the tragedies involved, drowning, which is the second most important cause of accidental death among men and boys, is extremely costly to industry. The wage loss, medical expense and overhead insurance cost involved in accidental deaths and injuries in one twelve-month period exceeded two billion dollars.

"Each year the accidental casualty list in America is much longer than the list of casualties this nation's armed forces suffered throughout the World War.

"The Red Cross is meeting the challenge of drowning, and through its chapters and trained staff is offering its Life Saving service without depriving swimmers of the zest and thrill in water sports."

Softball League Financial Report

The financial statement of the Dawson County Softball League is being given below for the benefit of all players and fans.

Money received:	
Entrance fees	\$225.00
Concession	40.00
Gate Receipts	94.24
Total	\$359.24
Expenditures:	
Lumber to repair seats	\$ 18.00
Electric service	70.63
Lamps (8)	39.10
Transportation Expense	15.89
Officials fees (first half)	68.50
Balls	87.68
Bats and masks	4.80
Postage	1.50
Miscellaneous	5.50
Cash on Hand, Aug 16	47.64
Total	\$359.24

In the last half the players have paid the officials costs and that is not included in the above.

The agreement with the school was that when the season was closed new bulbs would be placed in lamps and they would be replaced on the football field. Eleven new lamps will cost \$56.60 and replacing of lights on ball field will cost \$35.00, for a total of \$91.60.

It is figured that the cash on hand will just about finish the season and thus it will be seen that the \$35.00 above will have to be raised some way. Collections will be taken at the remaining games and all fans are asked to contribute to help make up this amount. If sufficient money is not raised by this method, then the players must be assessed to make up the deficit. From fifteen hundred to two thousand fans have witnessed these games nightly throughout the summer and if they would only give a small sum each, the money could be easily raised.

We, The Next Door Neighbors of

A. M. 'Buck' Bennett

Offer these reasons for our hearty support for his race for Sheriff on the 27th.

1. He has lived among us for over thirty years and knows our needs and problems.
2. He is a man from the rank and file, a family-man, believes in a member of, and supports churches and schools.
3. He is fair, frank and fearless; he never failed a friend nor fouled a foe.
4. He never denied an honest obligation and never discounted a just debt.
5. He is cool-headed, courageous and slow on trigger; nature cut him out for a Sheriff's job.
6. He is a life-long Democrat and a typical West Texan.
7. Like most of us he bears many scars from the Depression and is a poor man.
8. He has the bearing and walk of a Peace Officer and all classes will respect him and the dignity of the law.
9. He is the Candidate of no crowd, clique or clan and he is under no obligation to any man.
10. He will preserve the peace and uphold the law and wear his gun as a badge of office and not wear it as a bludgeon or parade it before the common gaze.
11. He is no "experiment" in the work he is running for, for most of us know that in times past he was called on to perform the full duties of a Sheriff, but received only a Deputy's pay.
12. He deserves this office, let's do simple justice by him and promote him to Sheriff on the 27th.
13. He stands forth before his neighbors, erect, unashamed and unafraid, without boasting and willing to meet the people squarely on the basis of his record and reputation. Dawson county faces a crisis. Let's not experiment, but let's play safe and elect a man for whose acts and deeds we will never have occasion to apologize. We have no way of judging the future except by the past. If elected, A. M. (Buck) Bennett will make an honest just and fearless officer. (This tribute paid A. M. (Buck) Bennett by his close friends and next door neighbors.)

THIS COUNTY RECEIVES SEVENTEEN NATIONAL YOUTH ADMINISTRATION JOBS STATES MISS BULSTERBAUM

A quota of seventeen National Youth Administration school aid jobs has been allocated for Dawson county under the 1938-39 school aid program to provide part-time employment for young people in elementary and high schools who otherwise continue in school, J. C. Kellam, state youth director has announced.

Miss Pauline Bulsterbaum, county superintendent has been notified of the number of jobs allotted. He has been requested to organize an advisory committee of local school officials to recommend an equitable distribution of jobs within the county on a basis of youth need and availability of school facilities. Mr. Kellam said that as soon as this is done, the NYA state office will be in position to approve schools for participation.

School officials requiring information concerning the 1938-39 school aid quotas should communicate with their county superintendent. They should furnish him with data which will assist the county committee in recommending the distribution of jobs. Mr. Kellam said.

As for the last three years, boys and girls in secondary school between ages of 16 and 24 will be enabled to earn a wage not exceeding \$6 a month. They will be selected for employment by their own school officials, who will plan and supervise their work assignments. Students seeking part-time NYA school aid jobs should apply to the superintendent or principal of the school they plan to attend, since the officials of schools approved by the NYA for participation in the program select the students for the jobs, Mr. Kellam said.

Mr. and Mrs. Gordon McGuire, Jr. and Mrs. Gordon McGuire, Sr. are vacationing in Taos, N. M.

Miss Cora Mae Orrick of Shamrock is a guest of Miss Lorene Staggs this week.

Miss Louise Burnam spent the week end with Miss Lorene Staggs.

Miss Zonalo Sheperd of Fort Worth is here visiting her mother, Mrs. Jess Waller.

Mr. and Mrs. Leon Ranson of Abilene is here visiting with friends and relatives.

Miss Louise Burman of Levelland spent the weekend here visiting with friends.

Miss Edna Merrick, who has been vacationing in Yellowstone National Park returned home Monday.

Dr. Cox Says:

"Thirty-five years ago, a German scientist produced a derivative of barbituric acid possessing hypnotic qualities. For years it was considered as non-bait forming and harmless, and the type of drug was sold freely over the counter without a doctor's prescription. But more recently the medical profession has realized that barbiturates, such as allonal, amytol, luminal, vironal, neonal et cetra are far from harmless and definitely habit forming when used indiscriminately," warns Dr. Geo. W. Cox, state health officer.

"It is true that these slumber-producing drugs play an important part in certain insomnia conditions, as well as in the promotion of sleep when pain makes it impossible to obtain it otherwise. However, it is one thing to have this type of drug prescribed by a physician and administered under his supervision and quite another to employ it regularly without professional sanction.

"It cannot be too strongly stated that the prolonged use of these sleep-inducers can produce serious reactions including skin affections, impairment of speech and gait, paralysis of the eye muscles, and in extreme cases have been known to cause death. Plainly, any drug that possesses such possibilities should not be self-administered by the general public.

"Moreover, it should be understood that insomnia is a symptom of an underlying condition which may be due to any one of a variety of psychological or mental causes. The absurdity of habitual self-administration of any hypnotic to remove insomnia becomes apparent.

"Consequently, if the temptation arises to use a sleep-producing drug on the say-so of a friend, it should be avoided. And if already relying on sleep-producing medication, the brakes should be applied at once with the assistance of your family physician," Dr. Cox further advised.

"To quote a recent author on this subject: 'The only safe rule regarding sleeping pills or potions is to realize that if anything of that kind is needed one definitely needs a physician's advice first.'"

All measures to control soil erosion have at least one aim in common—to increase the amount of water soaking into the land and to reduce the amount that runs off.

These boys were: Stanley Applegate, Ivan Bullard, Forrest Bullard, Wesley Holt, Elbert Harvick, Tommie Roberts, Rex Dunn, E. V. Dunn, Jr., Van Greene, R. B. Kilkerson, Ruston Peterson, Billy Joe Peterson and Raymond Peterson.

The boys report a wonderful trip, the terracing team composed of R. B. Wilkerson, Forrest Bullard and Stanley Applegate won third place in the contest.

Amusements of softball, swimming, wrestling, boxing, Hot Tail and eating were the main features of the trip. Movies of the happenings of the boys while in camp were made by the county agent. The boys were among a group of two hundred and sixty-seven from some fourteen counties, our boys voted to all make the trip next year and try to get all club boys of the county to go. The total cost of transportation and meals for the three-day trip was one dollar and a half for each boy. The business men of San Angelo gave the group of boys a goat barbecue the second day while in camp.

Movies of the 4-H club work of Dawson county were shown by county agent, Williams.

Lewis Glen Clark of O K reports that his two calves gained one hundred and ninety-five pounds and one hundred eighty pounds respectively in the last sixty days.

Elbert Harvick reports a gain of almost three pounds per day on his calf during the last thirty days.

Ela B. Morris second place winner in the cotton contest last year has a very fine five acre cotton demonstration this year.

R. B. Wilkerson reports that his cotton is doing well again. R. B. won first place in the cotton contest last year.

Billy Joe Peterson and Wesley Holt report splendid growth and development of their gilts, they are carrying on demonstrations with registered Polands and O. I. C. hogs.

Stanley Applegate and Jiggs King report that their calves are growing off nicely. Bobbie Hugh Clanton a new member of the club who lives at Grandview reports his registered O.I.C. gilt is making a good growth. More club news will appear next week.

COTTON LEAF WORMS

We are continuing to have applications for formulas for the poisoning

of leaf worms. I made a survey of approximately one hundred farms in the county during the last ten days and I find some worm damage in every field of cotton to date. Some fields have very little damage while others have considerable damage. Formulas that have been approved by the Entomologist of the Extension Service are:

Calcium Arsenate Spray

Three pounds of the calcium arsenate in fifty gallons of water. Lead Arsenate two pounds to fifty gallons of water. I give below formulas that have been used successfully, however the user should use great care in application of the spray. As there is danger of cotton burning too much of the solutions being used.

White Arsenic Spray: Five pounds Sal Soda or lye; five gallons of water. Mix the lye arsenic and pour into the five gallons of water, boil for thirty minutes. Take from fire and mix two quarts of the solution into fifty gallons of water and apply in form of spray.

Some farmers report the use of "Kill Tick Solution" to a very good success. Use one pint to fifty gallons of water and apply as spray. All the above materials may be had from your favorite druggist and as far as I am able to determine the prices are about the same at each drug store.

COTTON FLEAS

There are some experiments or tests being made in the county in treating the cotton fleas. These men are using or planning to use sulphur with a dusting machine. Stanley Applegate, of Five Mile, A. W. Matthews, Joe Smith and George Thorp of Klondike. We do not know as yet the killing possibilities of the sulphur here in this part of the state, but it is being used successfully in the Corpus Christi area.

WATERMELON LICE

These can be treated successfully with a kerosene emulsion. To make the emulsion use two gallons of kerosene, one half pound of soap, one gallon of rain water or distilled water.

Dissolve the soap in the water by boiling and take from the fire and pour into the kerosene. Use one part of the mixture with nine parts of water to which has been added one tea spoonful of black leaf 40 to each gallon of water. This mixture will have to be sprayed on the lice in order to kill them. I suggest that you try it out on a few melon vines at first and if there is no damage to the vines then apply the spray. If the vines are damaged add more water until the mixture does not damage the vines. The damage

Centenary-Cowboy Game To Feature H-SU Homecoming

Homecoming at Hardin-Simmons University will be held on October 1, with the Centenary Gentlemen, from Shreveport, La., as the gridiron opponents for an inter-sectional clash. Coach Frank Kimbrough, H-S.U. director of athletics, announced today.

The homecoming date is the earliest for H-S.U. followers in many years, and the Centenary-Cowboy fray already looms as a major early season

will show up in about one-half day after application to the vines.

Six hundred eighty-six people attended five educational meetings in which were discussed the workings of the Agricultural Conservation Program as applies to Dawson county. These meetings were attended by members of the county committee, county agent, administrative assistant and W. E. Hoskinson from the county agents office. Farmers showed plenty of interest in the workings of the program.

clash for West Texans.

Coach Curtis Parker of Centenary and Coach Kimbrough, meeting at the state high school coaches' sessions at Lubbock, exchanged pre-season "bear stories."

Centenary meets TCU, Southwest conference foe and the Cowboys play the University of San Francisco Don, in San Francisco, the weekend before the game here.

Forty-eight varsity aspirants, including eleven letter men, ten last year's squad members and 27 sophomores, will report here to Coach Kimbrough on September 5. The season's opener is with Daniel Baker here on September 17.

Hardin-Simmons begins the fall season with an unfinished streak of seventeen games, in 1936 and 1937, without defeat. Last H-SU loss was to Texas A. and M. on October 3, 1936, when Johnny Morrow booted a field goal on the last play of the game to win for Coach Homer Norton's Southwest Conference eleven.

C HOUSES SEIBERLINGS

Here's additional proof of Seiberling's Superior Quality

Seiberling Tires have been selected as the tire to equip all state owned and operated vehicles for the fiscal year beginning June 7, 1938.

There is bound to be a reason why these better tires were chosen.

Such a choice was made because Seiberling standards in construction of tires met with the requirements of the most rigid inspection and the tests made upon the service of Seiberling showed superior endurance... yet the price of Seiberlings did not exceed that of any other tire.

Come in and let us show you this stronger safer tire.

Norwegian---

(Continued From First Page)

stated that liquors were no higher there than here.

Another place wherein they are quite different from this country is, that no man who owns land is allowed to rent that land to another. Farming is on a very limited scale, there being very little tillable land, and the government feels that if a man is working the land he owns, he will do it better than if it belonged to someone else. If a man owns land and does not rent it out, they appoint a board to pass upon the value of the land and the government pays him its worth and sells it to someone who will live on it and work it. They stated that there were no really wealthy men in Norway, as when a man reached a wealthy stage they taxed him to the point that he could not remain so. Neither are there any poverty stricken people.

Skating is a very popular sport there and all ages from old men and women to little tots engage in the sport throughout the winter. Snow stays on the ground about six months out of the year.

Although luxuries are very high, foods are much cheaper than over here they said. Cigarettes are manufactured here from tobacco grown in the United States and are put up in packages of ten, instead of the usual twenties as is custom over here. A young man starting to work upon finishing school usually receives about one hundred Kronen, which measured in American dollars is about twenty-five dollars per month. A package of these cigarettes cost the Norwegians about six-tenths of a Kronen. In America if this same young man made one hundred dollars per month and bought his cigarettes on the same basis as they do, they would cost him about ten cents each. They said cigarettes were used, but not nearly so many were smoked daily by each smoker as over here.

When asked what had impressed them most on their trip over America they both promptly agreed that it was the vastness of the space under one government all speaking one tongue. Last summer they traveled over Europe and they said in the distance between Lamesa and El Paso, they would have passed through a number of countries all with different speech and custom, whereas over here they had travelled for days and thousands of miles and yet they were the same people. They also commented most favorably upon the hospitality of the American people and the fine way in which they have been treated ever since they arrived. When asked what country they would rather live in than their own Norway, they replied "In California or America."

Their visit to Lamesa was the result of a chance meeting about ten years ago in Paris, France, between Mr. Rose's mother and brother, with the sister of Mr. Soumurel, when they were touring Europe. A friendly correspondence was engaged in by the young lady and Mr. Rose's brother, which has endured through the years, and the boys wanted to come by and visit the Rose family.

They will sail either Friday or Saturday from Galveston on a Norwegian vessel. They plan to carry their car with them. They stated that the import duty would be near \$200 on it, but that it would be cheaper than a car could be purchased there.

The friends they made in Lamesa will wish for them a most pleasant journey home and extend to them a cordial invitation to come again.

Local Citizens Attend Fort Sill Military Training Camp

The Citizen's Military Training Camp, held in Fort Sill, Okla., from July 5 to August 3, was attended this year by several Lamesa youths. The main idea back of such a Camp is to allow the boys who desire to do so, to obtain their commission in the Officers' Reserve Corps of the United States Army. In order to receive a commission, the trainees must attend the camp for four thirty-day periods. After the third period has been completed, the trainee may commence work on an extension course consisting of ten series and after this and the fourth year have been completed, the trainee is then eligible on his twenty-first birthday, to receive his commission as a second lieutenant. No obligation for future service in any component of the army of the United States attaches to attendance at any course.

The first thirty-day training period, the trainee is enrolled in the basic course, the second, third and fourth, training periods as a Red, White and Blue trainee respectively. Follows a list of Lamesa boys attending and their individual achievements. Any Dawson county youth, who has reached the age of seventeen, and who desires to attend the camp next summer, should get in touch with one of the following and get complete information concerning the camp and an application blank for attendance.

Jack W. Alexander—Pistol marksman best appearing and best drilled trainee July 16, first sergeant Battery B, outstanding blue trainee of Battery B, battalion commander on trainee parade. Oscar Boswell—Best basic rifle shot in Company B. Bill Farmer—Rifle Marksman. Ed Gordon—Trainee Sergeant. Bill Harrington—Trainee Sergeant, member of winning volleyball team. Jack Hastings—Trainee Corporal, expert pistol shot. Marion T. Key—Outstanding white trainee in regiment, best appearing trainee, July 18, third among best appearing trainees, July 23 member of winning volleyball team, trainee sergeant, platoon commander on trainee parade. J. H. Norris—Best basic rifle shot in First Battalion. Cecil E. Roberts—Battalion commander on trainee parade, third among best drilled trainees, July 23, second among best appearing trainees, July 19.

First Sergeant, Company G, Runner-up in tennis singles, member of winning volley ball team, outstanding blue trainee of Company G, Gold Medal for pistol score.

Doyle Sears—Rifle Marksman.

Lost Pet Halts Player's Plunge

Required to fall into a jungle river in which four alligators contentedly dozed for a scene in "Mr. Moto Takes a Chance," new 20th Century-Fox picture starring Peter Lorre and featuring Rochelle Hudson, Robert Kent and J. Edward Bromberg, coming Tuesday to the Maestic Theatre, Chick Chandler didn't mind as long as he could keep his eyes on the leather-skinned reptiles. But on the second "take" just as he was about to make his plunge, he cast a quick glance in their direction and noticed one was missing. He refused to budge until the keeper of the alligators probed around the murky water and herded the missing pet back to the bank.

"He was only playing hide-and-seek," the keeper explained. "I don't mind the hiding," replied Chandler. "It's the seeking that I'm worried about."

METHODIST NOTES

(Welch Charge)

The meeting we hope to become a revival began Friday night. A fairly good beginning. The pastor preached and people responded in good spirit. The boy, Rev. Melvin Walker of Fort Worth came in ahead of time which we considered a direction of God. He preached Saturday night, Sunday 11 a. m. and 8:30 p. m. Congregation growing. All the time. Every one seems delighted with his sermons. He has just begun. Come to hear him. He

cannot bring a revival, but if we will follow his leadership we will be lead to and be permitted to drink from the fountain that never runs dry. If we don't have a revival, I do not see how we can demand further respect of the people.

We are proud of our material, advance, but this will prove to be nothing without consecration to God.

We do not know when the meeting will close. It all depends upon the future prospects. We want to continue as long as there is a "shadow of a chance. We do not want one of our sinner friends left out. This may be our last chance. It has become very serious to us. Come and take a part with us.—J. G. Walker, pastor.

HOUSE JOINT RESOLUTION

proposing an Amendment to Article XVI, Section 1, of the Constitution of the State of Texas; changing the form of the oath of office for members of

the Legislature and all offices of the State of Texas; providing for an election upon such Constitutional Amendment, and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Article XVI, Section 1, of the Constitution of the State of Texas be amended to hereafter read as follows:

"Article XVI, Section 1. Official Oath. Members of the Legislature, and all officers, before they enter upon the duties of their offices, shall take the following Oath or Affirmation: _____, do solemnly swear (or affirm), that I will faithfully execute the duties of the office of _____ of the United States and of this State; and I furthermore solemnly swear (or affirm), that I have not directly nor indirectly paid, offered, or promised to pay, contributed, nor promised to contribute any money, or valuable things, of the State of Texas, and will to the best of my ability preserve, protect, and defend the Constitution and laws of or promised any public office or employment, as a reward for the giving or withholding a vote at the election at which I was elected. So help me God."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of this state, qualified to vote on Constitutional Amendments, at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1938, at which election each ballot shall have printed thereon the words:

"For the Amendment of Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the oath of office for members of the Legislature and all officers of the State of Texas.

"AGAINST the Amendment of Article XVI, Section 1, of the Constitution of the State of Texas, changing the form of the oath of office for members of the Legislature and all officers of the State of Texas."

Each voter shall scratch out with pen or pencil the clause which he desires to vote against so as to indicate whether he is voting for or against said proposed Amendment.

Sec. 3. The Governor of this State is hereby directed to issue the necessary proclamation ordering an election in conformity herewith to determine whether or not the proposed Constitutional Amendment set forth herein shall be adopted, and the Governor shall have the same published as required by the Constitution and laws of this State.

Sec. 4. The sum of Five Thousand

Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury not otherwise appropriated, to pay the expense of such publication and election.

The above is a true and correct copy.
 EDWARD CLARK,
 Secretary of State.

NOTICE

The County Board of Equalization will meet in the county court room on August 29, 1938 to make all adjustments they deem necessary for the 1938 county tax roll, if the value of any property seems out of order, said property owner will be advised by mail to appear before this board and present reasons why such property should or should not be lowered or raised.

Any person having any business with the Board of Equalization should meet with them on this date, August 29, 1938. 30-2tc

COKE STEVENSON

Of Kimble County

for

LIEUTENANT-GOVERNOR

Twice Speaker of the House of Representatives

Presided over the House four years without an appeal from his decisions. Making his first race for a State Office.

Coke Stevenson has spent his life in the hill country of Kimble County. Lives on his ranch 17 miles from nearest town. There are no railroads, no oil fields, no sulphur, no big corporations in this country. He does not represent any special interests.

Coke Stevenson was the pioneer in the movement to put the state government on a sound, business-like basis, fighting against many odds. He introduced and passed many progressive and constructive and business-like measures. Among these are:

1. State Auditor's Law. Providing check on government expenses.
2. State Budget Law. For business methods in government.
3. Payment of county highway bonds out of the gasoline tax. (This measure has saved taxpayers \$40,000,000 up to present time.)
4. Farm to Market Road Law. Knows the problems of farmers and ranchmen.
