YOUTH BURNED TO DEATH IN HOTEL FIRE

BEAUMONT, Dec. 30 (AP)—John McClung, 16, was burned to death and four other persons were injured jumping from the second floor when fire today destroyed the Chambers hotel at Kibyville, Tex. McClung, a junior in the Jasper high school, either fainted or was overcome by smoke after being awakened by his mother, Mrs. Myrta McClung, and his charred body was found after the fire subsided. Mrs. H. H. Chapman and daughter, Mary Emma, who, with Mrs. McClung, had climbed out a window onto a lower roof of the hotel, assisted in trying to lift the body of the boy over a sill but all were freed to leap because of the intense heat and flames.

TWO MEN FOUND SHOT AND STRANGLED

MONROE, Mich., Dec. 30 (AP)—Two men, identified tentatively by Toledo police as Sam Kaplan and O. E. "Skinny" Roberts, of Toledo, were found shot to death and strangled with rope and wire today in the rear seat of an automobile near the Monroe city limits. Possible retaliation by a rival liquor gang was ascribed by the police as the reason for the slaying as they began an investigation.

FOUR MASKED BANDITS GET $21,000

FALL RIVER, Mass., Dec. 30 (AP)—Four masked bandits today held up and robbed three clerks of the $21,000 payroll of the Parkwright Mill, No. 2.

TWO ARMED MEN ROB TEXAS BANK

GRAPEVINE, Tex., Dec. 30 (AP)—Two armed men held up six officials and customers of the Grapevine Home bank here shortly after noon today and escaped with about $1,000.

Billion And Half In Loans Made By R.F.C.

Two Sets Of Twins Born In One Year

CHICAGO, Dec. 30 (AP)—For the second time within a year Mrs. Marie Colson, 25, presented her husband, Gilbert, with twins, born yesterday.

They were a boy and girl as were the first set born last January 10.

Colson is an automobile insurance company clerk.

COTTON SLASH IS APPROVED

STATES DISAGREE OVER BEST METHOD FOR CROP REDUCTION

(By The Associated Press)

MEMPHIS, Tenn., Dec. 30—The cotton states want to reduce their crop to boost prices but are still disagreed over how it should be done in spite of endorsement of a compulsory fifty per cent curtailment plan at a southwide conference here.

Cotton states governors and governors' representatives studying the production after proponents described the plan as "something definite" to help conditions, but delegations from Georgia and Arkansas attacked it as unsatisfactory and made counter proposals.

As a result of failure of unanimous agreement on a cotton market stimulant, probability of another conference on the subject appeared.

Governor Sennett Conner of Mississippi promised to present the fifty per cent plan to other governors with a view to instigating concerted action and said that failing to get their approval he would call another conference.

The conference voted to recommend to federal authorities that owners of occupied farms be granted loans large enough to pay taxes for at least two years and that a two-year moratorium on mortgage foreclosures be declared.

Suspect Detained For Bank Robbery

WINNFIELD, La., Dec. 30 (AP)—At the request of Lousiana officers, Gyp Barton, of Lewisville, Ark., was detained last night at Texarkana, Ark., for investigation in yesterday's robbery of the Bank of Winnfield, at Winnfield.

There were three men in the gang that held up the bank and escaped with $3,000 and kidnaped D. W. Bailey, president of the bank, who was released a few blocks away.

THE WEATHER

WEST TEXAS: Generally fair tonight and tomorrow; somewhat colder in north and east portions tonight.

EAST TEXAS: Partly cloudy and colder, much colder in east portion, below freezing in north and west portions, frost nearly to the coast tonight; Saturday fair.

OKLAHOMA: Partly cloudy, slightly colder tonight; Saturday generally fair.

MONEY GIVEN NATION TO HELP SOLVE ITS ECONOMIC PROBLEM

(By The Associated Press)

WASHINGTON, Dec. 30.—The Reconstruction corporation has lent $1,502,168,401 to help the country meet economic difficulties.

This huge total—the amount disbursed in actual cash—went to banks, railroads, farmers, states for relief purposes, and other borrowers in need of financial assistance to advance employment.

$283,049,032 Repaid

The corporation's report today showed that $283,049,032 has been repaid, with banks which have been advanced more cash than any other class of borrowers, repaying $233,587,301. The corporation up to November 30 lent $807,779,746 to 5,382 banks.

Actual authorization of loans to November 30 as revealed in the composite report detailing transactions since February 2, amounted to $1,541,906,876 to 6,494 financial corporations and $52,104,357 for orderly marketing of farm products.

An aggregate of $60,393,418 of those loans have been withdrawn or cancelled, with $192,173,197 remaining at the disposal of borrowers.

Cash disbursements to November 30 showed that $64,204,503 went to farmers for crop production; $1,340,162,760 was lent to banks, railroads and other borrowers of that type; $360,000 for self liquidating projects, and $1,281,957 for agricultural marketing. To the close of business December 23, $19,800,392 was lent to farmers and stockmen through credit corporations.

Bodies Of Youths Sought In Ocean

NAHANT, Mass., Dec. 30 (AP)—Search for the bodies of two youthful sons of wealthy and prominent families who plunged 2,000 feet in an airplane to their deaths in the sea continued today.

Coast guardsmen were attempting to raise and bring to shore the flaming crimson biplane in the belief that the bodies of Edward Mallinckrodt, 3rd, of St. Louis, son of one of the largest chemical manufacturers in America, and Donald McKay Frost, son of a prominent Boston attorney, would be found in the two-seater's cockpit.

Stalin Flays Book Concerning Russia

MOSCOW, Dec. 30 (AP)—Joseph V. Stalin, in a signed magazine article published today, accused Thomas D. Campbell, Montana's reputed owner of the largest wheat farm in the world, of showing "a real American fancy" in a book he wrote about Russia.

The head of the communist party and "strong man" of Russia said Campbell, who was special agricultural adviser to the Soviet government, "invented" details of an interview he had with Stalin in Moscow in 1929.

Mexican Confesses Killing Two Women

DEL RIO, Dec. 30. (AP)—After being charged with murdering his wife and mother-in-law, Juan Lara, 50, made a statement at the Villa Acuna, Mexico, jail late yesterday in which police said he admitted knifing the women because of a marital split involving another man.

Mexican authorities reported finding the bodies of Mrs. Josefa Rodriguez Lara, 30, and her mother, Mrs. Manuela Torres, 70, on the bank of a creek three miles south of Villa Acuna Wednesday. Their throats had been slashed and there were numerous knife wounds on their bodies.

Two Are Wounded In Fight With Bandits

NEW JUDD CASE CHARGES

GOVERNOR SET TO TAKE UP BIG TASK

DEMOCRATS WILL TRY TO BLOCK HOOVER'S REGROUPING PLAN

(By The Associated Press)

WASHINGTON, Dec. 30.—General reorganization of the federal government in the interests of economy will be undertaken by President - Elect Roosevelt after he takes office March 4.

This became evident after house Democrats had proposed that he be given such broad authority and word came from Albany that the governor was ready to assume full responsibility.

Block Hoover Plan

To this end, the Democratic leaders prepared to block the regrouping program submitted to congress in a special message by President Hoover. A resolution will be offered in the house soon after January 1 for this purpose.

The reorganization proposal was put forward yesterday as one means of bringing the federal budget into balance pending studies of new taxes and adoption of a general tax program by the Democrats. Speaker Garner is expected to confer with Mr. Roosevelt next week.

Representative Rainey of Illinois, majority floor leader, said passage of the beer bill, continuation of the one-cent gasoline tax and prospective economies would lead him to hope that it would not be necessary for the Democrats to propose any "irritable taxes" and added he did not believe the sales tax could pass this or the next congress.

Republicans Favor Tax

Republicans, however, appeared to be concentrating behind the manufacturers sales levy and probably will urge it when the house ways and means committee meets January 4 to begin a fiscal survey. Mr. Roosevelt has disapproved such a tax.

Representative Snell of New York, the Republican leader, asserted last night that since the Democrats had refused President Hoover's request for authority to reorganize the government, they would show their action "was absolutely partisan" if they now give such power to the incoming chief executive.

OIL HEARING SET FOR JANUARY 12

AUSTIN, Dec. 30. (AP)—The Texas railroad commission today set January 12 to start a hearing on charges that illegal or irregular practices had obtained in the East Texas oil field in the production and transportation of oil. The hearing was called to convene at Tyler.

At that hearing, the commission announced, reports that employes of the railroad commission had indulged in unethical practices will be gone into fully.

The January 12 hearing was set in order to shorten the current hearing so that an order limiting production in Texas to market demand could be issued to become effective before 7 a. m., January 1, the time set for the East Texas shut down order to expire.

Hoover Will Start Sail Fishing Today

SAIL FISH CLUB, PALM BEACH, Fla., Dec. 30. (AP)—President Hoover started his delayed quest for sail fish today, turning seaward about daybreak under the guidance of Capt. Herman Gray, Palm Beach fishing expert.

Mrs. Hoover and other members of the party had an expedition of their own under the leadership of Capt. Walter Giffens, pilot of the motorboat, Miss Sally.

The fishermen were told on arriving last night that the fish were biting.

YOUTH GIVEN LIFE

UNIONTOWN, Pa., Dec. 30 (AP)—George Tate, 19, who pleaded guilty to slaying his father, Iley S. Tate, mountain "lord," was sentenced to life imprisonment today by Judge S. John Morrow.

NEGRO IS SAVED FROM CHAIR BY 11TH HOUR STAY

HUNTSVILLE, Dec. 30 (AP)—Thirty minutes before he was scheduled to die in the electric chair, Carter Rollins, 19-year-old Tarrant county negro, was granted a two week reprieve by Governor R. S. Sterling.

The negro, sentenced to die for the murder of David R. Reed, had been prepared for the chair when the executive order was telephoned to Warden W. W. Waid at 11:30 p. m. last night.

"Thank you," was the only comment the negro had to make when informed that stay had been granted on an appeal made by friends to the governor. He continued smoking a cigaret, one of the many he had lighted.

SCHOOLS NEED MORE MONEY

REVENUE IN SIGHT IS NOT SUFFICIENT TO MEET OBLIGATIONS

(By The Associated Press)

AUSTIN, Dec. 30. — In a report on the status of the state school fund made to Governor R. S. Sterling, Moore Lynn, state auditor, has estimated that revenue in sight for 1934 and 1935 will permit payment of a per capita apportionment of only 11.44 for each of those years.

Should a per capita apportionment of $17.50, the amount paid last year, be maintained during 1934 and 1935 and claims for additional state aid amounting to $843,200 are paid, new revenue necessary would aggregate more than $19,810,000, Lynn said.

Approtionment Cut

The per capita apportionment for the current year already had been reduced to $16.

The Lynn statement revealed that the cost of education in Texas in 1931 was in excess of $83,280,000. Of this amount $73,960,000 was spent for the public free schools, one-third of the cost of which was derived from the per capita apportionment, Lynn said.

The state auditor recommended that new sources of revenue, through taxation, be resorted to only in an extremity. He suggested that a careful search be made for every practical means of effecting economies without injury to the schools.

Woman Is Executed For Murder Of Son

PRETORIA, Union of South Africa, Dec. 30. (AP)—Mrs. Daisy De Melker was executed this morning for the murder of her son, Cecil Rhodes Cowle, by poisoning.

The trial, lasting nearly six weeks, was one of the most sensational in South African criminal history.

On charges of poisoning two former husband, she was found not guilty. Mrs. De Melker, a frail woman, maintained her innocence to the end.

OIL PRICE POSTED

HOUSTON, Dec. 30. (AP)—The Humble Oil and Refining company late yesterday offered to purchase at 75 cents a barrel 20 per cent of all the crude oil stored with it in East Texas, effective immediately.

BAND OF BANK ROBBERS ARE CAPTURED

GUN FIGHT WAGED FOR 45 MINUTES TODAY IN OKLAHOMA

(By The Associated Press)

KINSLEY, Kas., Dec. 30.—Sheriff B. A. Reeder of Edwards county Kansas informed the Kinsley Graphic by long distance telephone today that he and other officers from Kansas and Oklahoma had engaged a gang of alleged bank robbers in a 45-minute gun fight near Jay, Okla., today and that two of the combatants were wounded before the capture was made. One of those wounded was a United States marshal.

Sheriff Reeder had traced the suspects to the "DC" ranch near Jay after having captured two of their number near Kinsley December 10.

In making that capture the sheriff and his deputy both were wounded when they were fired upon by the gang with a shotgun using dumdum bullets. Sheriff Reeder was wounded in one eye and for a time physicians thought he would lose its sight. His deputy, Ed Matheny, was cut slightly on the chin by a piece of the windshield of the pursuing car which the bullet pierced.

Sheriff Reeder and Matheny came across the gang December 9 at a camp about three miles south of Kinsley. "Slim" Reynolds, a Dodge City mechanic, and Clyde Anderson, identified as an ex-convict from Nebraska were taken into custody at that time.

Sheriff Reeder said they planned to rob a bank at Meade, Kas., the following day and that he found "an arsenal" in their camp containing all the necessary equipment for bank raids or other holdups.

OFFICERS TO GO IN NEXT MONDAY

Although New Year's day falls on Sunday, as did Christmas, Monday is not a legal holiday, and the new county officers will take office officially Monday, County Judge E. L. Pitts said. The county judge said all the county officers probably would be sworn in together.

Two county commissioners-elect, W. P. Florence of precinct No. 2, and J. L. Holt of No. 3, attended County Commissioners court this morning. B. O. McWhorter of No. 4 is the only other new commissioner. C. A. Burrus of No. 1 is a holdover member of the court, as is Judge Pitts.

Accounts were approved at this morning's session of the court, postponed from last Monday because the day after Christmas was a holiday. The old and new courts will meet next Monday, when bonds of incoming county and precinct officers will be approved.

Outgoing commissioners are J. T. Pinkston of precinct No. 2, W. L. Brashear of No. 3, and L. C. Denton of No. 4.

Demotion Is Blamed For Orgy Of Murder

NEGRO SOLDIER RUNS AMUCK, KILLING 2 ARMY CAPTAINS AND WIVES BEFORE HE IS SLAIN

(By The Associated Press)

FORT HUACHUCA, Ariz., Dec. 30—The brooding of a negro soldier over his demotion from sergeant to private was advanced today as a possible motive for the negro slaying two army captains and their wives at this historic post.

Another white officer was wounded late yesterday before the soldier was shot and killed by a negro corporal of the provost guard. Although the official statement suggested no motive, the investigating board of officers was emphatic in stating "no breach of discipline" was involved.

Five Are Dead

The dead:

Captain Joseph R. Wessely, 45, of San Antonio, Tex., 25th infantry, assistant to the post quartermaster.

Mrs. Wessely, wife of the slain officer, of Cedar Rapids, Iowa.

Captain David A. Palmer, 42, of Beverly, Mass., in command of company M, 25th infantry.

Mrs. Palmer, wife of Captain Palmer, the former Miss Mary Lowden of Dedham, Mass.

James H. Abernathy, negro private, quartermaster's corps, of Houston, Tex., slayer of the four.

The wounded:

First Lieutenant Harvie R. Matthews, 25th infantry, assigned to company K command, shot twice through both legs. He is 32 years of age and from Chapel Hill, Tex. Physicians said he will recover.

The official statement of the board of investigators summoned by the post commandant said:

"No motive for the crimes is shown to the officers at Fort Huachuca, but Abernathy undoubtedly was suffering from temporary

DUMP GROUNDS BEAUTIFIED

RELIEF FUNDS BEING USED TO REMOVE OLD EYESORE

Removal of the old city dump ground beside state highway No. 9 north of Lubbock is near completion, debris accumulated at the foot of a bluff having been pushed back to be buried. Reconstruction Finance corporation funds for emergency employment are being used.

With payment today of the 54 men who worked this morning, a total of $2,555.10 will have been spent from R. F. C. funds, virtually exhausting the money available for November and December.

More Money Sought

Application has been made by the city committee for money for the next three months. No indication has come from Governor Ross S. Sterling or the federal government as to the amount which will be available for Lubbock. It is thought that the funds will not be ready for several weeks.

During the last two weeks about 500 men were employed in the moving tin cans and other trash back from the fence to the foot of the bluff at the dump ground. These men worked an average of two and a half to three days.

Paper and other materials that would burn was set on fire. Iron found in the trash was salvaged, as well as other metals that could be saved and disposed of. The remainder was piled up against the bluff.

"No Fire" Zone Is Made In Oklahoma

OKLAHOMA CITY, Dec. 30 (AP)—Fifteen families ate cold breakfasts this morning as national guardsmen created a "no-fire" zone about the wild No. 2 Habegger-Precure oil well of the Indian Territory Illuminating Oil Co., in the Oklahoma City field.

Oil continued to spew twenty feet up into the derrick through the partly opened gates, but crews of the I. T. I. O. company expected to install a new master gate and cap the well within a few hours.

Nails Lead To The Arrest Of Bandits

PAULS VALLEY, Okla., Dec. 30 (AP)—Nails strewn in the road by the robbers who fled with $16,000 loot from the First National bank of Lindsey, nine days ago, has brought about the arrest of seven suspects.

The county sheriff collected the nails, learned where they were purchased a short time before the robbery and the arrests followed. In addition, officers expected to locate the loot which they believed cached "north of Pauls Valley."

AIMEE CRITICALLY ILL

LOS ANGELES, Dec. 30 (AP)—Aimee Semple McPherson Hutton, evangelist, was reported by her husband, David L. Hutton, as being in a critical condition today.

VETO IS SEEN FOR MEASURE

HOOVER EXPECTED TO TURN DOWN FREEDOM FOR PHILIPPINES

(By The Associated Press)

WASHINGTON, Dec. 30.—The question of granting independence to the Philippine islands after a ten-year transitional period was put squarely up to President Hoover today, with many predicting his disapproval.

By 171 to 16, the house yesterday passed the compromise bill and sent it to the White House to await action by the chief executive.

Opposition Voiced

Some Republican leaders and others were inclined to believe Mr. Hoover would not sign the measure. Among his advisers, Secretary Hurley has been most outspoken in opposition to freedom at this time.

Hurley made a trip to the islands a year ago and reported his findings to the president. After hearing them, Mr. Hoover told newspapermen:

"Independence tomorrow without assured economic stability would result in the collapse of Philippine government revenues and the collapse of all economic life in the islands."

Those who say he might approve the present bill point to the ten-year trial period and the provisions designed to help the islands attain stability in the interim.

Filipinos Differ

Leaders in the Philippines were divided in their attitude. Manuel Quezon, president of the insular senate, called the measure a "joke," asserting it would provide a "fictitious independence." A meeting of island legislators adopted a resolution, saying the difference of opinion among Filipinos was based on the ten-year clause and retention of naval bases by the United States.

Deficiency Bill Is Reported To House

WASHINGTON, Dec. 30. (AP)—The first deficiency bill, to provide $31,421,000 to meet immediate needs of the government, was reported today to the house by its appropriations committee.

It cut $12,285,188 off the administrations budget estimates. Reducing from $40,000,000 to $28,000,000 the amount for refunds of illegally or erroneously collected internal revenue taxes, the committee said it believes the sum asked by the treasury "to be excessive."

Fort Worth Packing Plant Is Destroyed

FORT WORTH, Dec. 30 (AP)—The City Packing company plant here was destroyed by fire today at a loss of about $50,000.

The blaze originated in the smoking room. After smoking 200 hams, Frank Davis, an employe, opened the door to remove the meat. The flames lapped out of the door and caught fire to walls of the adjoining room. Davis was slightly burned in attempting to stamp out the flames.

SPORTSMAN IS INDICTED BY GRAND JURY

HALLORAN BILLED ON "TRUE STORY" TOLD BY WOMAN SLAYER

(By The Associated Press)

PHOENIX, Ariz., Dec. 30—J. J. Halloran, Phoenix lumberman and sportsman, was indicted by the grand jury today in connection with the Winnie Ruth Judd murder case and shortly afterward accepted a bench warrant charging he was an accessory in the slaying of Agnes Anne Leroi and Hedvig Samuelson.

Halloran appeared at the court house almost immediately after the superior court clerk had notified him of a secret indictment and a bench warrant. He posted $3,000 bond and was released pending preliminary hearing next Tuesday.

Concealment Charged

The charge against the lumberman was based on alleged attempted concealment of a crime. He was not charged with implication in the slayings themselves. The maximum penalty upon conviction would be five years' imprisonment.

The Maricopa county grand jury had returned the indictment against him after hearing Mrs. Judd's purported "whole truth" story of the trunk murders of the two women.

WORLD'S COTTON ESTIMATE LOWER

WASHINGTON, Dec. 30 (AP)—World cotton production for the 1932-33 season was estimated today by the department of agriculture at 24,000,000 bales, the smallest in five years.

This is 200,000 below the December 8 estimate and 3,500,000 under last year's crop.

Foreign production was estimated at 11,300,000 bales, which is 900,000 above last season and 600,000 below 1930-31.

Cotton textile mill activity in the United States and most of the important foreign countries was said to have been apparently maintained during November at the improved levels reached a few months earlier.

Eye Doctors Escape Following Shooting

LIVINGSTON, Dec. 30 (AP)—Two selfstyled eye doctors eluded officers last night after being involved in a shooting affray at a farm where they purportedly had obtained more than $1,600 from an aged woman through an agreement to restore her sight.

Sheriff D. Holliday was informed that the men had previously accepted "deposits" from Mrs. J. T. Lowe, living near Livingston. Yesterday they appeared again at her farm and her son, Fred, tried to detain them until the sheriff could arrive. One of them fired a shot at Fred but missed, the sheriff was told. Fred returned the fire and the men fled in an automobile.

Smith Wears Brown Derby On Birthday

NEW YORK, Dec. 30. (AP)—Alfred E. Smith, the "happy warrior" of many campaigns, donned his famous brown derby today and it wasn't for battle, but for a birthday.

Entering his office high above the sidewalks from which he rose to be four-times governor of the Empire State and a Democratic presidential candidate in 1928, he hung the "iron hat" on a peg and settled down at his desk to cast a reminiscent eye back over his 59 years.

"No, I can't pick out the highlights," he said. "There are too many. I prefer to remember the whole period as one of service and labor."

RUTH ELDER TO WORK

LOS ANGELES, Dec. 30 (AP)—Ruth Elder, aviatrix, went to work today. She is vice president of an aviation school and will instruct embryo aviators.

AGED FARMER CLINGS PRECARIOUSLY TO LIFE DESPITE BULLET IN BRAIN

(By The Associated Press)

ASHLAND, O., Dec. 30.—Though a bullet has been lodged in his brain for 20 days, Irvin Weygandt, 79-year-old farmer, continued today to cling precariously to life. Stranger still, he may partly recover, said Dr. M. J. Thomas.

So far as his actual personality is concerned, Weygandt is dead. In its place relives the Weygandt of 50 years ago, when as a strapping 225-pound husky, he happily plowed the fields of his farm.

Though still retaining tremendous vitality, the aged farmer doesn't know he tried to commit suicide by shooting himself with a small calibre rifle.

Most of the time he thinks he still is driving horses, or planning to do some service for his neighbors of a half-century ago.

His happiest moments since he was placed in bed were when friends tied lines to the footboard, and let him hold them, like reins to his plow team. Holding them firmly in his grip, Weygandt clucked "gid-dup" and "drove" his team until he fell asleep.

Dr. Thomas believes the bullet is lodged in the frontal lobe of Weygandt's brain, thus accounting for the fact that other nerve centers still are functioning.

Sorosis And 24-42 Clubs Have Parties; Husbands Of Members Are Special Guests For Events

Meal Is Served to 24-42 Club, Guests

Husbands of women in two clubs enjoyed social occasions with the women Thursday evening. The two events were annual parties at which the men are special guests.

One was a bridge and forty-two party for the Sorosis club in the F. R. Friend home, 2005 Broadway. The other was a turkey dinner and forty-two party at the Hilton hotel for the 24-42 club.

Hostesses for the Sorosis party were Mesdames H. B. Hawkins, W. L. Bradshaw, John A. Porter, R. S. Williams, R. B. Fairly and D. F. Wulfman.

These Attend

Those who attended were Messrs. and Mesdames Bradshaw, R. T. Campbell, Hawkins, Charles Hurmence, J. D. Peters, N. L. Peters, Porter, Rufus Rush, J. C. Reynolds, C. H. Smith, Williams, Fairly, Dr. and Mrs. L. M. Jones and Dr. and Mrs. Allen T. Stewart and Miss Vera Murfee.

Members of the 24-42 club and their husbands or guests who were at that party included Messrs. and Mesdames J. B. Maxey, S. C. Wilson, C. E. Maedgen, R. Q. Pierce, S. B. Haynes, J. C. Street, H. A. Davidson, J. F. Hankins, C. B. Powell, W. C. Rylander, Sam T. Davis, Dr. and Mrs. M. C Overton, Mesdames W. L. Baugh, R. D. Moxley, W. B. Atkins and W. B. Rushing.

List Gala Affairs For The Week-End

Several dances, dinners and other events are scheduled for the end of the week here. Watch parties will be attended by some groups on Saturday evening with guests remaining up to welcome in the New Year.

Miss Evelyn Stewart, 2310 Main street, entertained with a bridge party at her home Thursday afternoon. Miss Beatrice Seitz scored high in the games and low score went to Miss Jean Ware.

Other guests were Misses Marcella Marie Ware, Macon Skinner, Betty Jane Smith, Mary Katherine Rice, Addie Lee Terrell, Pauline Stafford, Postelle O'Neal, Wilma Jean Conrad, Mary Margaret Carter, Gertrude Graham and Mildred Burn of Seagraves.

Dance Is Planned

Twenty couples are to be guests at a New Year's eve dance to be given by Mrs. Roscpe Wilson Saturday at her home, 2201 Broadway. This affair is to compliment Mrs. Wilson's niece, Miss Martha Dee Brownfield of El Paso, who is visiting here. Miss Brownfield is attending the University of New Mexico this year.

The Fellowship club is to attend an annual party at 7 o'clock this evening at the Hilton hotel.

Members of the High school Library club are to be served a buffet supper Saturday evening at 6 o'clock at the home of Dr. and Mrs. Allen T. Stewart. Sara Sue Stewart is to be hostess. Mrs. R. T. Groves, head librarian, is sponsor of the group.

The Lubbock Dancing club is to attend a dance on New Year's eve at the Hilton hotel.

Intermediates in the First Presbyterian Sunday school will attend a party at the church from 7 until 9 o'clock Saturday evening. Members of Mrs. R. C. Douglas' class will be hosts.

There is to be a husbands' party for the Lindy Needle club this evening in the home of Mr. and Mrs. W. L. Stangel.

The senior department of Asbury Methodist church is having a watch night service Saturday evening at that church.

Mode Of Elegance Is Revealed In The New Frocks

Mainbocher designs this frock of heavy white marocain, worn by the French actress, Mlle. Yolande Laffon. Suietd to formal afternoon affairs, it is made with the new side neckline caught with a cluster of crimson roses and is worn with a scarf of chinchilla fox bordered in organdy.

BY BARBARA BEAUFORT
(Associated Press Fashion Editor)

PARIS (AP)—A mode of elegance for gentlewomen marks the latest clothes collection shown by an American designer prominent in the Paris fashion world.

Sleek, slim black crepe frocks, given a flash of brilliance by metal belts or touches of bright color, simple dark ensembles with three-quarter coats and evening frocks of dull surfaced crepe in exotic cyclamen hues distinguish the Mainbocher collection.

Furs And Scarfs Too

Fur wraps likewise reflect the elegance mode. Four fox scarfs—two beige, two brown—worn draped about the neck and hanging down the mannequin's back are shown as the smartest accompaniment for a beige wool frock.

Restrained slender lines, natural waistlines and plain sleeves are shown in the frocks designed for daytime wear. The flash of metal or color used in their trims are another distinguishing feature.

Bright Touches On Some

One plain frock of heavy black marocain has a narrow belt and a vee outlined on the bodice in gold, black and white braid; another has a narrow belt of red suede to match the accompanying red coat, while a third is accented by a fichu scarf lined with cyclamen pink crepe.

There is a frock for formal afternoon wear, which Mainbocher has fashioned from heavy-white marocain, using a side neckline caught with a cluster of crimson roses. A scarf of chinchilla fox bordered in white organdy is worn with it.

Evening frocks base their elegance on the richness of their fabric and the simplicity of their line. A lavender crepe frock designed with a natural waistline and full skirt has a cluster of cyclamen pink blossoms at the waistline as its only trim, while a frock of deep pink has three dark red flowers embedded in the corsage.

Laughing at a Rumor

Accordingly to the wagging of gossipy tongues a short time ago, Adolph Menjou, movie star, and his wife, the former Catherine Carver, were supposed to be on the brink of breaking up the happy home. A glance at this picture will convince you as to the wildness of the story. Menjou and his wife are shown dancing at the costume party given in Hollywood to celebrate the 30th wedding anniversary of Ernest Torrence, character actor of the screen, and his wife.

Dallas Police To Probe Boy's Death

DALLAS, Dec. 30. (AP) —Police today were investigating the death of Clarence Deshazer, 13-year old school boy.

It was learned that Clarence and his brother, Luther, 15, had gone four miles east of New Hope Thursday to join an uncle who was repairing an automobile.

Later he was brought home unconscious and when he failed to come to, he was taken to an emergency hospital. Physicians pronounced him dead.

Police said there were bruises on his mouth and nose.

Former Local Man Dies At San Diego

W. M. West, 63, who left here Saturday, Dec. 17, to make his home in San Diego, Calif., died there on Christmas Eve day of heart's disease at the home of a daughter, Mrs. A. A. Wallace, according to word received here by relatives. Burial was conducted in a San Diego cemetery.

Mr. West had lived in Lubbock the last 12 years. Survivors are four daughters, Mrs. C. H. Hamilton and Mrs. Guy Lawson of Lubbock; Mrs. W. L. Overton of California, who formerly resided here; Mrs. Wallace, and three sons who live in California.

LOCALS

Mr. and Mrs. E. L. Dohoney and daughter have returned from a Christmas visit to Houston.

Mr. and Mrs. Charles A. Guy have returned from a visit in Tulsa with Mr. Guy's parents.

R. T. Campbell returned to his ranch in Cochran county today after spending Christmas here with his family.

Trent Campbell has returned from a visit in Quanah.

Dr. and Mrs. Weston A. Pettey have returned from Arcadia, La., where they spent the Christmas holidays.

Mr. and Mrs. A. O. Thomas have returned from a visit in Abilene and Fort Worth.

Mr. and Mrs. C. M. Carroll, who spent the Christmas holidays in Dallas and Corsicana with their parents, returned to their home here Thursday.

Mrs. Harvey Downing is critically ill at West Texas hospital, following an operation on Thursday morning.

Miss Florence Lane is returning to her home in Fort Worth Saturday night after visiting Mr. and Mrs. C. D. Tapp.

Mr. and Mrs. D. T. Harkrider and Mr. and Mrs. W. L. Bradshaw have returned from a Christmas visit in Abilene.

Abernathy Folk Have Bridge, Dinner

ABERNATHY, Dec. 30.—(Special)—A bridge dinner given Tuesday evening by Miss Estelle McAlister, was attended by several couples. Those who were guests were Messrs. and Mesdames E. B. Lindsey, F. Clausen, George Ragland, R. A. McAlister, Hugh Ragland, C. H. Bucks, O. O. Crow, Welcome Ragland, E. E. Crow and Leonard Harral. Miss McAlister was assisted by her aunt, Mrs. S. H. McAlister.

Unique Club Attends Party Thursday

Mrs. A. L. Stratton, 1916-B 10th street, entertained for members of the Unique Bridge club Thursday afternoon at her home. Mrs. Wallace Duke scored high, Mrs. Tommie Phillips made second high and Mrs. E. L. Lillard scored low in the games. Other guests were Mesdames H. B. Tong, Anna Dodson, F. M. Clark, Clyde Holley, M. J. Stratton, Wade Anthony, M. O. Hyatt, J. F. Wolf and Luther Blagg.

Home Nursing Class Meets Next Week

Although a meeting had been scheduled for tomorrow, the home nursing class of Girl Scouts will not meet until January 7, Miss Alma Girand announced this morning. The instructor in nursing is out of town this week-end, she stated.

Dinner Served Group From Shop Here

Mrs. Jeanne Brewton entertained Thursday evening with a Christmas dinner party for employes of Jeanne's Beauty Service shop. The meal, which consisted of Chinese dishes, was served at a local cafe. Guests were Miss Mary Sargent, Mrs. Jack Nettles, Mrs. Peggy Davis, Russell Morrison, Chester Brewton and P. R. Massey.

Signature Blanks To Be Returned

Women who have signature blanks for the National Council of Women are being asked by Mrs. A. T. Biggers, president of the City Federation of Women's clubs, to return them. When the blanks are returned, a check will be made of signatures and a report made on whether or not Lubbock has its quota of signatures, she said.

Mr. and Mrs. T. C. Root are to return this week-end from Waco where they have been spending the holidays.

Tech Student Shot On Hunting Trip

A Texas Technological college student, C. B. Tipps of Mineral Wells, at home for the holidays, was injured in a hunting accident Saturday near Perrin.

Tipps, according to reports, was hunting with a party of friends. He was dragging his gun behind him when the .22 calibre rifle was discharged, the bullet entering the left hip, ranging upward to lodge in the shoulder.

Physicians at the Nazareth hospital, Mineral Wells, dressed the wound Saturday afternoon and Tipps left Sunday afternoon for his home. The bullet was not removed.

Littlefield Scouts Will Be Advanced

LITTLEFIELD, Dec. 30. (Special)—Two dozen Littlefield Boy Scouts, members of troops 25 and 26, will be advanced in rank or receive merit badges at a court of honor here tonight.

Rank advancements are: Tenderfoot, T. A. Henson of No. 25; second class, Aubrey Faucet, Buford Eagan, Hall Rowe, Robert Eugene Willis, Lowell Wallace, Delbert Falls, and Straus Atkinson, all of No. 25; and Charlie James, Elmer McKnight, Ansel Wharton, Sanders Lee Mills, C. W. Coley, Gerald Lokey, all of No. 26; first class, Eugene Latimer, scoutmaster, Lee Beckner, and Jack Garlington, all of No. 25; Russell Cook, and Lenton Smith, life scouts; George Glenn, Gilmer Eagan, James Faust, star scouts.

Receiving merit badge awards were: Marshall Burleson, Straus Atkinson, Gilmer Eagan, George Glenn, A. B. Taylor, jr., Lenton Smith, and Eugene Latimer, all of No. 25; and James Faust of No. 26.

BAPTIST RETREAT WILL END TODAY

A Baptist Student union retreat entered its second and last day here this morning, with "Lifted Youth Meeting the Need of Our Denomination" as the morning theme. Robert Fling, state B. S. U. president, was to be the principal speaker again this morning.

The Rev. R. C. Campbell, the first church pastor, was to be the principal speaker this afternoon, discussing "Love Active in Prayer," and tonight Mr. Fling will speak on "Love Active in Soul Winning." The final program will be a fireside hour in the Campbell home tonight.

About 50 young persons attended the meeting last night, hearing Prof. C. O. Huber of West Texas State Teachers college speaking on "Lifted Youth Enlisting." Mr. and Mrs. Huber sang a duet. In the afternoon, Mr. Fling told of "Lifted Youth Preparing to Enlist," and there was a round-table discussion on "Enlistment." Jess McIlhaney conducted the devotional last night.

An attendance of about 60 students was anticipated for today.

You can make fruit cake, tarts and cookies as well as pies of mincemeat, so it pays to make a goodly quantity.

RAILWAYS ARE FORTIFIED

SYSTEMS PREPARE TO MAKE PROGRESS IF DEPRESSION LIFTS

CHICAGO, Dec. 30 (AP)—When the "depression begins to wear away and unfair competitive conditions are removed, the railroads will be fortified as never before to make great and immediate progress," said L. A. Downs, president of the Illinois Central system, in a year-end statement today.

"The greatest asset with which the railroads enter 1933 is the increased public interest which has been aroused in both their present and their future situations," he said. "It is safe to say that never before in railway history has the public understood better the permanent significance of the railroads or been more deeply concerned with their maitenance as going institutions.

Enjoy Public Favor

"On the surface the competitors of the railroads have seemed in the recent past to enjoy a high degree of public favor, but the sobering effects of the general depression have intensified the always underlying trend toward the basic principles of sound transportation policy. The near future will undoubtedly call for a 'showdown' in public sentiment which will rebound lastingly to the benefit of the railroads.

"Nineteen thirty-two will be remembered as the year in which there were almost exactly halved the railway traffic, revenue and employment figures of the years immediately preceding the depression. Despite these disheartening conditions the railroads have made definite progress in the quality of their service until certain features of it are better than ever before in history. When the depression begins to wear away and unfair competitive conditions are removed, the railroads will be fortified as never before to make great and immediate progress."

Program For Scout Meeting Announced

A bulletin mailed Thursday by D. T. Jennings, South Plains Area council Boy Scout executive here, carried a program for an annual meeting of the council here January 24.

Judge Clark M. Mullican of 99th district court will preside, and the address will be delivered by President Bradford Knapp of Texas Technological college. Eagle badges will be awarded to qualifying scouts.

An attendance of 200 is anticipated. Towns in the area, excepting Lubbock, will engage in an attendance contest. Quotas assigned are: Amherst, 6; Brownfield, 11; Idalou, 3; Lamesa, 20; Levelland, 10; Littlefield, 19; Lorenzo, 4; Lubbock 120; Post, 10; Ralls, 8; Slaton, 23; Sudan, 6; and Tahoka 10.

The day's program will begin at 3:30 p. m. with a business meeting of the board, and group conferences will be started at 4:30 o'clock. Dinner will be served at 6 o'clock. Plates are 50 cents each.

Prison Island Is To Be Abandoned

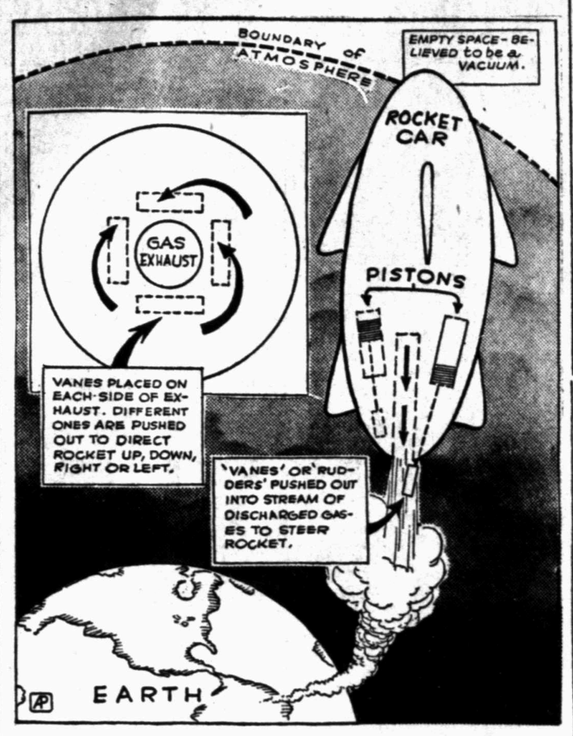

ROME, Dec. 30 (AP)—The prison island of Lipari will be abandoned on Jan. 10 as a place of confinement and the few remaining anti-Fascists living in exile there will be moved elsewhere.

This is in consequence of Premier Mussolini's declaration of amnesty celebrating the tenth year of fascism, by which 20,000 prisoners were released. Many of those released had been sent to "confino" for attacks upon or conspiracy against Fascism.

Less than 400 political prisoners were left on the various penal islands, and all these are to be concentrated elsewhere.

Of every 100 men in the British Army 86 were children during the World war.

GAS STREAM HITTING NEW ROCKET RUDDER GIVES "PUSH" TO GUIDE CRAFT IN VACUUM; MASSACHUSETTS MAN IS INVENTOR

The propelling blast of gas furnishes the steering force in the rocket rudder patented by Prof. R. H. Goddard of Worchester, Mass. Piston devices control movable vanes which receive the necessary "push" from the gas stream. In a vacuum flight, the steering force available in the atmosphere is lacking.

BY F. B. COLTON
(Associated Press Science Writer)

WASHINGTON, Dec. 30, (AP)—A new kind of "rudder" designed to steer rocket-driven space craft through the rarefied air of the earth's outer atmosphere and the complete vacuum of space beyond has been patented here.

The rudder is specially planned to steer under conditions of a vacuum or near-vacuum, where ordinary rudders such as used by airplanes would not work.

It is the invention of Prof. Robert H. Goddard of Clark university, Worcester, Mass., noted for many inventions respecting exploration of the upper air. He has been working for years on a rocket designed to penetrate to the highest regions of the earth's atmosphere carrying instruments to record conditions there that are now unknown.

Ordinary rudders, of ships and airplanes, depend on the resistance of a surrounding substance like water or air to make them effective. In the highest reaches of the earth's atmosphere the air is so thin that it no longer provides such resistance, and out in inter-planetary space it is believed there is no air at all to give the required "push."

Gas Stream Gives "Push"

To overcome this difficulty, Prof. Goddard's invention—which really consists of several rudders or vanes—will work in the stream of gases discharged from the rockets that propel the space craft. The craft thus provides its own substance to furnish resistance to the rudders. To turn the craft, the rudders are placed just as on an airplane or ocean vessel, and the pressure of the rocket gases against them causes the craft to "answer her helm."

Since there will be no human pilot at the controls, at least on the first rocket craft sent to explore the upper air, Prof. Goddard's new rudders are designed to be controlled by a set of robot-pilots or gyroscopes, which will steer automatically. In the lower reaches of the atmosphere the rudders will respond to ordinary air pressure.

"The general object," says Prof. Goddard's patent application, "is to provide means to enable such an aircraft (rocket-driven) to preserve the direction of its flight and orientation without manual supervision or attention.

"A further object is to provide directing apparatus which will be operative under very low air pressure conditions or in a substantial vacuum. . . .

"The direction of flight is effected by the pressure of the discharge gases against the directing vanes when the craft is in a vacuum or low pressure area and by the combined action of the discharge gases and the atmosphere against a plurality of vanes in a more dense atmosphere."

Cigaret ashes make a good polish for silver.

FRANKLIN D. ROOSEVELT IS ONE MAN WHO IS A HERO TO HIS OWN VALET

ALBANY, N. Y., Dec. 30. (AP) — President-Elect Franklin D. Roosevelt is one man who is a hero to his own valet.

Irvin H. McDuffie, 50-year old Atlanta negro, sums up the man he has served six years with the simple statement "there's no other man like the governor."

"A man's valet ought to know his faults if anyboy does," says McDuffie or "Mac," as they call him around the mansion. "I've been with the Governor Roosevelt since 1928, and honestly I didn't know anyone could have a disposition as good as his."

McDuffie became Mr. Roosevelt's valet while the latter was on a vacation at Warm Springs, Ga., nearly two years before he was inaugurated governor of New York.

"If anyone had told me then that I'd go to the White House as the president's valet," McDuffie grinned, "I'd have said he was crazy, I never dreamed of anything like this."

He has traveled with the governor all over the country on his numerous trips.

Born at Elberton, Ga., McDuffie worked in a drug store as a boy and began shining shoes at a barber shop when he was 15. He "picked up what I could about barbering" and became a practitioner of that trade at Atlanta, finally becoming manager of a 16-chair shop and later owning a place of his own.

"I never would have given up barbering to become Mr. Roosevelt's valet if my leg had not been scalded making it hard for me to keep up my work," McDuffie related.

He said his wife, who has been maid in a prominent Atlanta family 23 years, would probably join him in Washington.

REAL HOT NEWS

FORT WORTH, Tex.—News, they say, is real news when a man bites a dog. The local news break, while not concerning a full grown man, was warm enough when 3-year-old Louis Hartwell bit the pet collie of Mr. and Mrs. W. E. Mercer. Louis was tiring of playing with the dog and, when the dog persisted in pushing the lad around, he up and sank his teeth in the dog's neck, injuring it painfully.

A race of people in India believe that all elephants have two trunks, three eyes and ten legs in the land to which elephants go after death.

Bronchial Troubles Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

FATE OF BASEBALL IN LUBBOCK WILL BE DECIDED ON TONIGHT

SPYING ON SPORTS

BY COLLIER PARRIS

DON'T FORGET, you business and civic leaders and baseball enthusiasts, the meeting tonight at 8 o'clock at Hotel Lubbock. There and at that hour it shall be explained unto you just what this new movement is all about. If you are in favor of re-establishing baseball here, you should be present. If you do not favor it, you should be there to say why, as your opinion either way is valuable.

• • •

If Lubbock turns down this chance to get into organized baseball, it may not have a chance to turn down another chance anytime soon. Let's hear Marty Fiedler's proposition and see what we can do about it.

• • •

It has come at last! That official all-District 1 football team we have been waiting for. Jerry Malin, sports editor of the Amarillo Globe-News, has finally found time to count the votes, arrange a story and mail the results to subscribing papers. But we can't print it now. You'll have to wait for Sunday's Avalanche-Journal.

• • •

This is our last whack at you this year. Next appearance of this column will be in 1933. It has been a good year—well, fair, anyway. Lubbock didn't produce any champions, the baseball season was nearly a flop, the golf season was average and the hunting season profitable to those who had the time and energy to devote to it. The football season was good enough for a town twice the size of Lubbock, but the attendance at local games was not good enough for towns half the size of Lubbock. Texas Tech and Lubbock High produced good teams. The Westerners did better than was expected. The Matadors filled the bill. They lost a couple, but won ten, more than a Tech team has won in many a season. So far as opposition was concerned, it was Tech's most successful football year. The coaches deserve a big hand—and bigger crowds next year.

• • •

As is customary all over the country at this time of year, this scribe sets down below his own backward look on the 1932 sport year. It isn't complete, but neither is the setup for the Chicago World's Fair. Maybe you can add something to these 1932 superlatives:

• • •

Most decisive triumph: The Yanks' four-in-a-row over the Cubs in the world series, or Roosevelt's knockout over Hoover in Round Two.

Biggest surprise: The decision giving Jack Sharkey the world's heavyweight championship, or Texas Tech's defeat by Simmons.

What we would have liked most to see: The Winter Olympics, or Sir Malcolm Campbell's record-breaking auto drive at Daytona Beach.

• • •

Biggest disappointment: Amarillo's failure to win the schoolboy football championship, or our wife's first pie crust.

Biggest social event: The second annual Texas Tech coaching school, or the collapsible bleachers at the Masonic Home Corsicana game.

Most disgruntling incident: Amarillo's vain forward pass on the one-yard line and third down in the Masonic Home game, or the failure of Prosperity to come around the corner at the appointed time.

• • •

Biggest shock: Tech's loss to Simmons, (we've mentioned that before) or when we grabbed the uninsulated light wire.

Outstanding individual performance: Gene Sarazen's golf, or Scott McCall's football.

Another shock: Death of Phar Lap, greatest piece of foreign-born horseflesh ever to set hoof on these shores; or the improvement of Weldon Chapman's Westerner gridsters.

Most angry moments: Reading allegations pertaining to the "rough and dirty" style of football played by Texas Tech athletes, or slicing four consecutive drives over the fense.

• • •

ODDS AND ENDS: Ernie Smith, all-American tackle, of U. S. C., plays a trombone . . . no wonder the guy is so good at blocking and tackling . . . Lawrence Ely, all-American center of Nebraska, sings in the choir . . . Since the baseball season closed Burleigh Grimes has been divorced from his appendix but is handing onto his spitball . . . the dumber you are the more football bets you can win . . .

NO RESPECT FOR LAW

HOUSTON, Tex.—The thief who tried to make away with Deputy Marshal Neal Polk's car surely had a lot of nerve. Polk stepped out of a building in time to see a man tinkering with the lock on the door of his car. "Just a minute," he yelled out. "I've got a key that fits that lock." The man was arrested for trying to steal Polk's car, which had a pair of handcuffs snapped to the wheel and was parked in a space "Reserved for United States Marshal."

LEAGUE TO BE TAKEN UP AT MEET HERE

BUSINESS MEN, FANS AND SPORTSMEN ARE INVITED TO ATTEND

Lubbock business men, baseball fans and sportsmen are invited to attend a meeting tonight at Hotel Lubbock and hear a plan whereby this city may become affiliated with organized baseball this spring. The meeting will start at 8 o'clock.

Marty Fiedler, owner-manager of the Albuquerque club and sent here by the Pacific Coast league to study the prospects for organization, will discuss the proposed league in detail and will be ready to answer all questions in regard to establishing a club here.

Big Crowd Wanted

A large number of prominent business men and sportsmen have been asked to attend the meeting. It is hoped that a large crowd will turn out and express an opinion one way or the other regarding the advisability of trying to make baseball go here.

Fiedler has been in Amarillo this week in answer to a request that that city be given consideration if and when the proposed Texas-New Mexico league is organized. It is believed that Amarillo, Pampa or Borger, Albuquerque, El Paso and San Angelo are about ready to step into the league, and Lubbock is being sought as a connection.

Mr. Fiedler, who was here Monday in conference with a few local fans and business men, said that every town in the new league would have the support of the Pacific Coast and probably the Texas and American leagues if they so desired. The bigger leagues are seeking to establish farm connections in this territory, and officials have encouraged the formation of a league. J. Alvin Gardner, president of the Texas League, has telegraphed Fiedler messages of encouragement and has said he would attend a general meeting here or elsewhere if such a meeting would be called. Officials of the New York Yankees and Detroit Tigers have communicated with Fiedler.

The meeting tonight, although a "feeler," is important in that a show of enthusiasm for a team here will go a long ways in establishing connections with big teams in big leagues.

LUBBOCK WINS OVER SPADE

WESTERNERS SCORE A 50 TO 5 VICTORY IN TOURNAMENT

Pouring basketballs through the hoops with accuracy and regularity, the Lubbock Westerners defeated the Spade school quintet, 50 to 5, in their first round of the Shallowater tournament at Shallowater last night.

With eight field goals, Curly Wilkinson, lanky Westerner center was high point man. Warren Kerr and Hugh Snodgrass were important factors in the high scoring. The Lubbock defense held the outclassed Spade cagers to but one field goal in each half.

Lubbock will meet the winner of the Anton-Meadow game in a second round affair at 1 o'clock this afternoon.

The Ropesville team took scoring honors in yesterday's round, defeating the Goodley team, 78 to 10. Sixteen teams are entered in the tournament.

FIDEL LA BARBA BEATEN BY PAUL

CHICAGO, Dec. 30. (AP)—A few more victories over opponents like Fidel La Barba and any lingering doubts as to Tommy Paul's right to the featherweight championship will have to be dismissed.

The clever little Buffalo boxer, who is recognized by the National Boxing association as ruler of the 126-pounders, but who lacks the approval of the boxing authorities in his home state, last night gave a convincing demonstration of his ability by outpointing La Barba in a ten-round non-title bout at the Chicago stadium. The chunky Los Angeles featherweight, who lost to Kid Chocolate for the New York brand of the title, by an extremely close margin recently, was favored to take a reef in Paul's claims, but did not have what it took to do so.

Babe Rests Before Beginning Career

WHITE SULPHUR SPRINGS, W. Va., Dec. 30 (AP)—Mildred Babe Didrikson, the "one-girl track team," has come to the mountains of West Virginia to rest before starting a career as a professional athlete.

She said she planned to stay in White Sulphur a week, taking long hikes and swimming daily.

Miss Didrikson last week announced her intention of turning professional after she had been suspended by the Amateur Athletic union. She was reinstated by the A. A. U., later but the action failed to alter her decision.

BRUSHING UP SPORTS

Greater Safeguards In Football Sought

TOTAL OF FATAL AND SERIOUS ACCIDENTS CITED IN REPORT

BY ALAN GOULD
Associated Press Sports Writer

NEW YORK, Dec. 30 (AP)—Football, faced with a "disconcerting" number of serious and fatal injuries in 1932, for the second straight year must grapple for a solution of the problem of supplying greater safeguards for the boys who play the game, according to the annual report of the national rules committee.

Presented today to the convention of the National Collegiate Athletic association by the committee secretary, William S. Langford, the report appeals for a suspension of judgment while the rule-makers of the game combing with coaches, officials and other college leaders in their continued efforts to locate remedies for new-found hazards.

May Check Pass

The report decried the continued indiscriminate use of the forward pass to a point where new rules may be needed to check it, dwelt on the accomplishments made under the rules changes of 1932, pointed out the lessons learned from economic deflation and paid glowing tribute to the achievements of Edward K. Hall, long-time chairman, whose death this year was described as an "irreparable loss to football."

The report by Langford was prepared in advance of publication this week of the detailed analysis of 1932 football accidents, showing at least 32 deaths attributable directly to football on the sandlots, in the high schools and colleges. This compared with over 40 deaths in 1931.

Claim List Misleading

The report charges, nevertheless, that an analysis of the 1931 accidents, made last winter, "showed that the so-called fatality list charged to football was more than 50 per cent misleading and inaccurate and that there were but 21 deaths which could be at all properly chargeable to the game, with three of these doubtful.

Continuing the report says: "It has been estimated that at least 750,000 played the game in 1932 and if this be accurate it means that the mortality rate was less than three one-hundredths of one per cent. While the death of even a single player is most regretable, it is felt that the arraignment of football on this score has been too severely drawn in some quarters."

NO PLANET FLIGHTS

WASHINGTON, — It would be folly to follow the plans of Jules Verne and attempt a flight to distant planets in a projectile fired from a cannon, Dr. John Q. Stewart, of Princeton University believes. The acceleration of such a projectile would cruch any person inside if it, he says.

Pity the Ball

Babe Ruth, redoubtable home-run hitter of the New York Yankees, is surprising golf pro's at Bermuda with his swatting ability on the links. The Bam takes his Winter hobby seriously, getting up at six in the morning to play eighteen holes before breakfast over the Belmont Manor links, where he is shown here.

AGUA CALIENTE MAY GET FIGHT

AGUA CALIENTE, Mex., Dec. 30 (AP)—James N. Crofton, president of Agua Caliente company, said today Jack Dempsey, former fisticuff king, had undertaken to promote a fight between Max Schmeling and Max Baer here next spring.

Crofton said Dempsey had telegraphed him asking whether arrangements could be made.

A telegram sent to Dempsey in New York by Crofton in reply said: "Let me know what offers you have. Understand you wish to stage the match in June. If you could arrange it for the end of March, we could put it on at the race track and undoubtedly draw tremendous crowd. Best regards and good luck."

The $50,000 added Agua Caliente handicap will be run March 26, closing the Agua Caliente Jockey club's fourth winter meeting.

HACK WILSON MISSED THE OFTENEST IN 1932 SEASON

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, Dec. 30 (AP)—Chuck Klein hit the ball the hardest; Hack Wilson missed it the oftenest and Lloyd Waner and Randy Moore the least often. Bill Terry drove in more than 100 runs for the sixth consecutive season and Mel Ott drew 100 walks. The Phillies were the best slugging club. The Cubs did most of their winning at home while the Pirates led the way on the road.

These are the high spots of the group of miscellaneous official records which the National league made public today to clean up the winter statistical season for major league baseball.

Has Wide Margin

The young Philadelphian, Klein, third in the batting averages, led in slugging by a wide margin. Going to bat 650 times, he hit for 420 bases to compile a slugging percentage of .646. Ott, of New York, with 340 total bases, was second with a .601 mark, and another Giant, Terry, with 373, third at .580.

Although Don Hurst of the Phillies led in runs batted in with 143, six ahead of Klein, Terry's 117 gave him the only record on the list. It was his sixth straight year above the 100 level, equalling the mark set by Jim Bottomley of St. Louis.

Wilson, who did some heavy hitting for Brooklyn, found himself in a familiar position at the top of the strikeout list with 85 whiffs. L. Waner of Pittsburgh and Moore of Boston fanned only eleven times each. George Watkins of St. Louis was hit by pitchers eight times.

Phillies Lead Clubs

As a club, the Phillies hit for 2,438 bases and a slugging percentage of .442. They batted in 780 runs and drew 446 walks. Brooklyn recorded the high mark of 574 strikeouts and Pittsburgh the low of 385.

The home-and-abroad standings showed Pittsburgh was the most consistent club although Chicago, earning a .688 average at Wrigley field, won the pennant. The Pirates were second with a home mark of .592 and led in the road games with .526, the only club to break even away from home. The Cubs were third at .481, trailing Brooklyn.

The St. Louis Cardinals shut out every club but Pittsburgh to lead with 13 and Cincinnati took 12 blankings, one or more from every rival.

Of the ten players who played for two teams during the season, only two showed any marked improvement after the change. Danny Taylor and Harvey Hendrick went into the .300 batting class with Brooklyn and Cincinnati respectively after poor starts with Chicago and St. Louis.

PLAY IS STARTED IN MIAMI MATCH

MIAMI, Fla., Dec. 30. (AP)—A field of the nation's finest golfers took to the tees today to compete for 22 money prizes in the $2,000 Miami open tournament.

Tommy Armour of Detroit seeking to repeat his 1931 victory, and more than 160 other professionals and amateurs were present at Miami Springs Golf course.

The entry list bore other famous names: Gene Sarazen; Walter Hagen, Denny Shute, recently winner of the $10,000 Miami Biltmore open; John Revolta of Menominee, Mich., runnerup, Ed Dudley; Billy Burke, former national open champion; Cyril Walker; Johnny Golden; Al Watrous.

The field will play 36 qualifying holes, 18 today and 18 tomorrow. The low 64 professionals and ties and the low 15 amateurs and ties will play the final 36 holes Sunday.

GOLF TEAMS OPEN ANNUAL TOURNEY

SANTA MONICA, Calif., Dec. 30. (AP)—The Santa Monica $2,000 amateur-pro golf tournament opens today with half of the 146 teams in competition. The other half will play Saturday.

Sub-par performances were almost certain on the basis of practice rounds which saw leading professionals scoring six under par figures of 71.

At the top of today's players were such teams as George Von Elm and Stanley Turner, Los Angeles pro and amateur, defending champions; Al Espinosa, Akron, Ohio, pro, and Robert Sweeney, British amateur; Horton Smith, Pak Park, Ill., pro, and George P. Shaw, Hollywood amateur; and Abe Espinosa and John Dawson, Chicago pro and amateur.

PANTHERS ARE ALL SET FOR TROJANS

JOCK SUTHERLAND IS ENJOYING HIS ROLE AS THE UNDERDOG

TUCSON, Ariz., Dec. 30 (AP) — Without a single injured player after seven days of hard practice, Coach Jock Sutherland said today his Pittsburgh Panthers were ready for the University of Southern California Trojans. The two teams meet Monday in the Rose bowl at Pasadena, Calif.

Paul Cuba, left tackle, the only member of the squad to suffer serious injury during the hard scrimmages, was said to be fit again and it was announced he would play.

"I still say Southern California will lick us, simply because it has a better club," declared Sutherland, who admitted he liked the role of being an underdog in the forthcoming struggle.

TROY GRIDMEN END PRACTICE TODAY

LOS ANGELES, Dec. 30 (AP) — Southern California's unbeaten football team moved into the final stage of its Rose tournament campaign today with bold intentions of meting disappointment to Pittsburgh Monday.

Coach Howard Jones planned only a casual workout this afternoon as the final important gesture to the game at Pasadena which will mean either the termination of the Trojan winning streak at 19 games or 20 straight triumphs.

With the squad in fine physical condition, his team continued to be favorites over the Panthers who have not lost a game in 14 starts, although two ties mark their grid journey since last suffering defeat.

Coach Jones contemplates starting the same team which terminated the regular season with a 13 to 0 victory over Notre Dame.

WORKOUTS END FOR CONTEST

EAST, WEST ELEVENS ARE IN TRIM FOR CHARITY GAME

SAN FRANCISCO, Dec. 30. (AP)—Football stars of east and west today go through their last strenuous sessions of practice in preparation for their charity contest here Monday.

Drills yesterday were among the hardest which either squad has had in the 10 days of preparation. The east eleven met Ernie Nevers' pick-up team in a "return" engagement and defeated it for a second time by a 5-touchdown margin. Bart Viviano, Cornell fullback, and Dick Fencl, Northwestern end, were the outstanding performers.

The western squad workout was featured by a long period of pass defense practice and the announcement by Coaches Dana X. Bible and Orin Hollingbery of a tentative choice for starters on the line. They are:

Ends—Steve Hokuff, Nebraska and Ralph Stone, Olympic club of San Francisco; tackles—Bill Morgan, Oregon, and Jack Johnson, Utah; guards—Clem Senn, Washington State, and Charles Molinari, Santa Clara; center—Lawrence Ely, Nebraska. A backfield has not been picked.

TELESCOPIC MAST

SUNNYVALE, Calif.,—The first mobile telescopic mooring mast for lighter-than-air service in the country has been set up here as part of the Navy's base equipment for handling the dirigible Akron. It weighs 500,000 pounds and travels on railroad tracks set 64 feet apart. Its maximum height is 160 feet.

BOSTON BRAVES TO HAVE TO PROVIDE FOOD FOR FRANK HOGAN'S APPETITE

NEW YORK, Dec. 30. (AP)—The Boston Braves will have to provide food for Frank Hogan's gargantuan appetite during the 1933 National league season.

The large catcher was sold to the Braves for cash by the New York Giants yesterday, the 11th player Manager Bill Terry has disposed of since the close of the Giants' disastrous 1932 campaign. The amount of money was not revealed but was believed to be in the neighborhood of $20,000.

Hogan, one of the many Somerville, Mass., boys who "made good" in big league baseball, will feel quite at home in Boston. He made his major league debut there with the Braves who sold him, along with Outfielder Jimmy Welsh, to the Giants in 1927 in the amazing deal that sent Rogers Hornsby to the hub.

Trading of the catcher has been forecast ever since the Giants secured Gus Mancuso, young backstop, from the St. Louis Cardinals. Terry sought to trade him during the baseball meeting here in December but could not get the players he wanted in return. Hogan then went on the block for cash and Boston put enough on the line to persuade Terry to let him go.

Hogan has been one of the league's leading catchers for several years despite his bulk and slowness. His batting fell off to .287 in 1932, his worst season. His fielding held up well, however. He compiled an average of .983 and handled 522 chances, more than any other backstop in the league. He set the league fielding record for catchers at .996 in 1931 but Earl Grace of Pittsburgh eclipsed it last season.

An average of 20 bushels of barley per acre has led to increased plantings in Clay county, N. C., this year.

Thought For Today

Keep yourselves in the love of God, looking for the mercy of our Lord Jesus Christ unto eternal life. —Jude 21.

* * *

We do pray for mercy; and that same prayer doth teach us all to render the deeds of mercy.—Shakespeare.

For The Fugitive

The sympathy which so many people extended to Robert Elliott Burns, the Georgia prison fugitive whom New Jersey's governor refused to send back to Georgia, undoubtedly was due not so much to the man's story of injustice and brutality as to the age-old impulse to extend good wishes to any man who is fleeing from the law.

That impulse dates away back in the history of civilization. Automatically, without inquiring into the justice or otherwise of the case, we have a queer fellow-feeling for any chap who is running away from restraint. We have a sneaking hope that he gets clear away, and we don't often bother to find out whether he is fit to be at large.

Burns had got away, made a useful citizen of himself, been recaptured, escaped again and established himself once more. That a great many people were glad when Governor Moore refused to send him back does not necessarily mean that the nation as a whole is aroused about the condition of Georgia's penal system.

* * *

Yes, preventive medicine is engaging an increasing amount of this profession's attention. But it was only a coincidence, of course, that a nationally famous clinic announced it was making a study of hiccups at the moment Congress pondered a beer bill.

* * *

The United States will grow a new crop of industrial giants as result of the depression, predicts the president of Rotary International. There, little bankrupt, don't you cry; you'll be a magnate, by and by.

The PLAINSMAN Says:

That Girl on Broadway says nothing makes a pessimist madder than to find things better than he expected.

* * *

They tell a story that is particularly appropriate at this time of the year.

It seems that an inebriated gentleman was making his way slowly home in the wee sma' hours of the morning and chanced to meet a policeman.

"Shay", he demanded, "how far is it from Lubbock to Dallas"

Why", returned the cop, "it's 350 miles".

"Well", persisted the first, "then how far ish it from Dallas to Lubbock?"

"It's the same distance", the cop replied. "It's always the same from one place to another as it is from the latter to the former".

"Oh, I dunno about that", said the plastered one. "It's only a week from Christmas to New Year's but it's a darn sight longer than that from New Year's to Christmas!"

For which you boys with the heavy December bills may be truly thankful.

* * *

HAPPY days are here again! Happy days are here! The Old Man is back from his annual jaunt into the wilds of Oklahoma and never has he been so glad to get back to God's country.

If all the pessimism in the other 47 states in the union was rolled out and laid end to end it would not reach half as far as that which is enveloping Tulsa—and your humble servant asks you to remember that for a score of years that Tulsa has been one city which has never faltered in the march of progress.

* * *

You folks out here who think you're having a tough time—beg pardon, The Plainsman should of said we folks out here who think we're having a tough time—don't know how well off we are.

Why the rolls of the unemployed in Tulsa and Oklahoma City combined will equal the entire population of Lubbock county.

* * *

THE Plainsman knows a lot of folks up in that country—folks he knew for many years prior to pulling up stakes and beating it to West Texas nine years ago—and he saw a lot of them.

And he didn't see a single one who wasn't either out of work, out of money—or both.

No foolin'.

We ain't seen nuthin' yet!

* * *

The wisest men in this whole bloomin' country assure us that the good old USA has begun its slow march back to normalcy, even if the French continue to welch on their debts.

The Plainsman believes they're right, even if the old profit and loss sheet doesn't reflect it in the newspaper business.

And if the wise guys are right in their opinions we're lucky down here—as lucky as the proverbial hound dog.

We're going to skip through this depression right side up—and don't handle with care if you don't want to.

We're just plain lucky. (Or maybe we had sense enough to settle in a country and among people who can take care of themselves, come what may!)

* * *

BUT to change the subject—we talk too much about present economic conditions anyway—The Plainsman wishes to take this opportunity of thanking the folks who remembered him and the missus with all those dandy Christmas cards.

A lot of folks don't think Christmas cards mean anything but they do. They bring a tingle to the spine that few other messages do—especially when you're not looking for them.

The Plainsman was so poor this year that he couldn't afford to buy Christmas card stamps (thanks to Postmaster-General Brown who must buy two big cars at government expense so he'll have room enough to wear his silk topper) much less Christmas cards themselves.

But his heart was in the right place, even if his pocketbook wasn't, and he's plumb delighted with the cards he got.

This means you (providing you sent one!)

* * *

Add similes: as sure you're right as both principals in an automobile accident.

* * *

That Man on Avenue Q has discovered the greatest of all optimists. He's the fellow who really expects Congress to improve conditions.

* * *

SINCE absenting himself from these pleasant climes The Plainsman has not been entirely loafing. He has utilized much of his time reading and studying everything he could find about this new wrinkle called 'technocracy'.

And after long and careful deliberation he has decided that 'technocracy' is just another catch phrase thrunk up by a lot of educated idiots.

* * *

Having been wrong a time or two before. The Plainsman makes bold to take a chance on the possibilities of being wrong again—and with that idea in mind will hazard an opinion. Here 'tis:

'Technocracy' has been thought up and dished out in vague terms to an unsuspecting public by a lot of long haired guys who are looking for a soft job.

You can believe that, as Mr. Ripley might remark, or not.

* * *

THE Plainsman is a great admirer of science and of scientists—those types of scientists who really work hard and long and cudgel their brains to make this a better world in which to live.

But he's no admirer, or disciple, of any plan which would take the operations of a civilization out of the hands of sensible people and turn it over to a lot of long-haired palookas to experiment with.

* * *

If you're deeply interested in the subject of 'technocracy', despite its willy-nilly description to date, take a tip from the findings of the little, old New York Herald-Tribune, which is a fair sort of a sheet as newspapers go.

It has discovered that Whataman Howard Scott, chief cook and bottle washer of the group which would save our hides, was an incompetent workman at Muscle Shoals and was accused of war-time sabotage by a superintendent on the job at which Scott was working.

And don't overlook that 'technocrats' claim our present price system is doomed—which is just another way of espousing the Communistic creed of group ownership.

There have been a lot of goofy ideas advanced during the recent stormy times but, in the humble opinion of yours truly this 'technocracy' business is the most outlandish.

Happy Noo Year!

The Man With the Hoe

Congress Again Chanting Budget-Balancing Blues; Bad Guesses On Tax Returns Share Blame For Huge Deficit

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Dec. 30—How do you blance a budget?

Answer: You don't!

Doubtless the job has been done, somewhere at some time. But in Washington the claim of its achievement is a polite euphemism and the annual attempt at it apparently is only the establishment of a bright, shining goal for which all right-thinking statesmen should aim, more or less blindly.

Dutcher

In Washington the theory of budget-balancing has come by common consent to mean a pay-as-you-go system, a squaring of revenues and expenditures without any aid from bond issues. That objective, despite all the clamor here last spring, was missed by a wide margin for this fiscal year, which is piling up a third successive large deficit. And only heroic measures by the special session Roosevelt is expected to call, it now appears, can avoid another large failure at budget-balancing for 1933-34.

* * *

One school of thought holds it isn't necessary to balance the budget, especially since federal credit is still proving itself healthy through the enormous oversubscriptions to treasury obligations.

But a reasonable approach to balance will be necessary before long, either through a business revival or drastic economies. The national debt has increased $3,300,000,000 in the two previous fiscal years, thanks to deficits, and this year is likely to add $1,500,000,000 more. That can hardly go on indefinitely.

The fact that no near-balance has been or is being achieved is due primarily to the federal tendency, especially in Congress, to avoid both new taxes and real economies.

This reflects the widespread disagreement as to where taxes and economies should be imposed. All major proposals are matters of heated controversy involving Congress, the White House and many large, influential groups.

But the failure to balance for 1932-33 and the probability that there will be no preciseness about current and near future attempts must also be laid in part to the notoriously cockeyed mistakes of the Treasury Department in estimating future receipts from given sources.

The fact that some of the war debtors have defaulted and that all further payments are very doubtful is a complicating factor. But the failure of Congress even theoretically to balance and the tendency of the treasury to overestimate enormously its prospective revenues from both new and old taxes casts a somewhat absurd aspect on the business of budget-balancing.

The first of those facts was apparent when Congress finished budget-balancing at the last session and the second becomes painfully moreso as the treasury figures are issued with each succeeding month.

* * *

Secretary of the Treasury Mellon usually went wrong—sometimes widely—in his estimates, but he frequently brought in a surplus. Secretary Ogden Mills has been doing his estimating in the days of depression and big deficits, so that his estimates become disconcerting overestimates.

The new excise taxes in their first five months raised about 50 per cent of what the treasury anticipated (an annual $600,000,000). The most conspicuous case of bad guessing applied to the tax on malt, wort and grape concentrate; the returns there are expected to be about 10 per cent of the estimate.

Those figures are not meant as an excuse for Congress which has been concentrating on a beer tax—an uncertain measure both as to revenues and constitutional phases—while indicating none of last session's grim determination for budget-balancing which resulted in what seemed at the time to be a reasonably satisfactory performance.

THE CAPITOL WHIRLIGIG

INTERESTING NEWS, COMMENT FROM AUSTIN

BY R. W. BARRY

AUSTIN, Dec. 30 (AP)—Texas had quite a siege of confusion over her Democratic presidential electors this time.

First, the legislature passed a law authorizing a direct vote on president and vice-president instead of placing electors on for each of the 18 congressmen and two United States senators. Someone questioned the constitutionality of that plan.

Uneasy lest the Republicans might take advantage of a technicality and deprive the Democrats of Texas representation in the electoral college in event of a close election, managers of the Jeffersonian party decided to stick with the old plan of putting the electors on.

Then there resulted considerable confusion in getting the list of Democratic electors. They were chosen at the party's state convention in Houston last May, but the roster was misplaced for the time being.

Post-election difficulties have cropped out. The Democrats got their electors chosen to the electoral college, but Mrs. Jane Y. McCallum, secretary of state, is unable to find four of them: R. T. Wilkinson jr., J. W. Purcell, Robert D. Cunningham and N. C. Outlaw. Where do they live? She tried to get their addresses from the state Democratic organization, but in vain. Before she can notify them she must find their postoffice addresses.

* * *

The last of the bronze, "heroic" figures of idols of Texas, the old south, and the World war, have been removed from the rotunda of the state capitol, where they found shelter for many years. They were designed by Pompeo Coppini, famous sculptor, for the Littlefield memorial gateway being built at the University of Texas. While there ensued a squabble by regents and others interested in the memorial as to whether on the campus the gateway should be placed, the heroic figures of Jefferson Davis, Woodrow Wilson, James S. Hogg, John H. Reagan, Robert E. Lee and Albert Sidney Johnson waited in the capitol. Now they are gone. The gateway is being put in place and soon will be completed.

The late Major George W. Littlefield conceived the memorial gateway idea and set aside $250,000 for it.

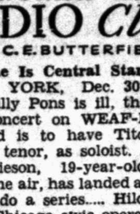

An enterprising Kansas editor invites his readers to use his advertising columns to publish "obituaries" of townsmen who still are alive and kicking "so that they can see all the good things that are said about them before they are dead." What a jolt for truth in advertising.

At last a historian digs up evidence that George Washington did tell a lie. Now if the debunkers can establish that Godiva went for her gallop in a chic three-piece ensemble they ought to feel pretty proud of a thorough job.

If there's anything more fragile than the spring in a Christmas toy it's a New Year's resolution.

Lame ducks hardly qualify as beasts of burden—yet they can do a lot of log-rolling in 60 days.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time Is Central Standard)

NEW YORK, Dec. 30 (AP)—Because Lilly Pons is ill, the Sunday circle concert on WEAF-NBC this week-end is to have Tito Schipa, operatic tenor, as soloist. . . . Gertrude Nieson, 19-year-old singer new to the air, has landed at WABC-CBS to do a series..... Hilda Burke, former Chicago civic opera soprano, is listed for a WJZ-NBC weekly series starting a week from tonight.

Try These Tonight:

WEAF-NBC: 7—Orchestra and Cavaloers; 8:30—Talk, Mrs. F. D Roosevelt, and Reisman orchestra; 9—Al Jolson; 11:15—Fred Waring's Pennsylvanians.

WABC-CBS: 7—New time for Lambert and Hillpot; 7:30—News drama review; 8:30—Mary Eastman and male chorus; 9:30—Columbia revue.

WJZ-NBC: 6:30 — Charlie Chan; 8:30—Eddie and Ralph; 9—Alice Joy's program; 10:30—Lew White, organ.

Considering that Postmaster General Brown's silk topper cost the U. S. an extra $1700 for an auto with ample headroom, it will not be surprising if President-elect Roosevelt asks cabinet post applicants please to state training, experience and clearance in formal attire.

The era of the $50,000 extravaganza is ending, observes a Broadway character who produced them. He should stroll into legislative halls in most any state and get new inspiration.

"Yellow Kid" Weil, the notorious swindler, says crooks aren't brainy or they would know how to make money within the law. Well, honesty and brains have been passing some dividends too, lately.

LEGAL NOTICES

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States For the Northern District of Texas In The Matter of Elfonso Haynes Hendricks, Bankrupt. No. 127 in Bankruptcy.

OFFICE OF REFEREE

Lubbock, Texas, December 28, 1932.

Notice is hereby given that Elfonso Haynes Hendricks of the County of Crosby, and district aforesaid, did, on the 31st day of August, 1932, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 30th day of January, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

W. D. GIRAND,
Referee in Bankruptcy.

ORDINANCE NO. 502

Be It Ordained By The City of Lubbock:

An ordinance granting a franchise, and certain privileges to John W. Moore Construction Company, with his principal office in the City of Lubbock, Lubbock County, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.

Whereas, John W. Moore Construction Company has applied to the Mayor and City Commission of the City of Lubbock, Texas, to grant said Company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the City of Lubbock, Texas, upon the following terms and conditions, and reservations, such rights and franchises to be as follows, to-wit:

SECTION 1.

That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the City of Lubbock, Texas, for a period of Twenty (20) years from the date of the passage and approval of this ordinance is hereby granted to John W. Moore Construction Company, hereinafter called the grantee, subject, however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extensions of time as may at the expiration of the said term of years, and upon conditions then found to be satisfactory to the officials of the City of Lubbock, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the date and day of its passage and approval. This franchise is granted subject to charter and Ordinances of City of Lubbock.

SECTION 2

That the said grantee is to have the right to lay mains, pipes and equipment, and to construct such buildings and install such machinery or equipment, and to sell or lease such equipment to the citizens of Lubbock, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the City of Lubbock, and to its citizens and inhabitants to the best interest of the gas consumers and to have, at all times, access to the streets and alleys of said City for the purpose of laying such mains, pipes and equipment as may be needed from time to time during the term of this franchise, or any extensions thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof for a period longer than twenty-four hours, and that immediately such mains, pipes or equipment is laid and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

All excavations to be properly guarded by barriers by day and by red lights at night, and the said grantee shall hold the said City of Lubbock harmless from any and all damages to persons or property resulting from their negligence in the manner of constructing said distributing plant or system and guarding the same while under construction, by a good and sufficient bond executed by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-five Thousand Dollars ($25,000.00).

The work done in connection with the construction, maintenance and operation of said plant and transmission, transportation and distributing system, and the location of regulating stations, vent pipes therefor, gate valves, gauges, stock boxes, manholes, low, intermediate and high pressure mains, pipes, feeders, service pipes and conduits, and service pipe extensions and all appurtenances in the streets, highways, alleys and other public places in the City shall be subject to and governed by the regulations, rules and ordinances now in force or that may be thereafter lawfully adopted.

SECTION 3

That all mains shall be laid at least two (2) feet below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewer lines of said City, or pipes or conduits of other utilities already installed; and that the connections with the gas mains and pipes shall be placed and laid to the property line of the consumer at the expense of the grantee. That the grantee shall not be required to extend main lines more than one hundred and fifty (150) feet to any one consumer.

SECTION 4

That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said City and its inhabitants with a good quality of gas for light, heat and power, and other purposes, and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its citizens.

The said gas shall be furnished to said City and its inhabitants for domestic use at a net price not to exceed Forty (40c) Cents per thousand cubic feet for all gas used; provided, however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

Class 1—Gas Used for Domestic Use:
First 50,000 cu. ft., per month ..... 40c per M cu. ft.
All over 50,000 cu. ft., per month ..... 35c per M cu. ft.
MINIMUM BILL—$1.25 PER MONTH

Class 2—Gas used under boilers for Commercial purposes. Gas used under boilers in central steam heating plants Gas used for heating offices, office buildings, apartment buildings, factories, stores, churches, hospitals, schools, colleges, theatres, hotels, auditoriums and municipal buildings. Gas used in bakeries, restaurants, newspaper plants, grain elevators and rooming houses.
First 50,000 cu. ft., per month ..... 40c per M cu. ft.
Next 50,000 cu. ft., per month ..... 20c per M cu. ft.
Next 400,000 cu. ft., per month ..... 17c per M cu. ft.
Next 500,000 cu. ft., per month ..... 15c per M cu. ft.
Next 2,000,000 cu. ft., per month ..... 14c per M cu. ft
Next 3,000,000 cu. ft., per month ..... 12c per M cu. ft.
Next 4,000,000 cu. ft., per month ..... 11c per M cu. ft.
All over 10,000,000 cu. ft., per month ..... 10c per M cu. ft.
MINIMUM BILL—$1.25 PER MONTH

Class 3—Gas used in Gas Engines and under boilers for power purposes in manufacturing and industrial plants. Gas used for brick kilns, pottery kilns, cement kilns, glass plants, refinery stills, iron foundaries, steel plants, cotton oil mills, cotton gins, railroad shops, laundries, cleaning establishments and flour mills
First 50,000 cu. ft., per month ..... 30c per M cu. ft.
Next 50,000 cu. ft., per month ..... 20c per M cu. ft.
Next 100,000 cu. ft., per month ..... 15c per M cu. ft.
Next 300,000 cu. ft., per month ..... 14c per M cu. ft.
Next 500,000 cu. ft., per month ..... 13c per M cu. ft.
Next 1,000,000 cu. ft., per month ..... 12c per M cu. ft.
Next 1,000,000 cu. ft., per month ..... 11c per M cu. ft.
Next 3,000,000 cu. ft., per month ..... 08c per M cu. ft.
Next 4,000,000 cu. ft., per month ..... 07c per M cu. ft.
Next 20,000,000 cu. ft., per month ..... 06c per M cu. ft.
All over 30,000,000 cu. ft., per month ..... 05c per M cu. ft.
MINIMUM BILL—$15.00 PER MONTH

That all above rates are to be charged for gas used through one meter only

That all bills shall be due and payable monthly, and within ten days from date rendered, and in case of default or non-payment within said time, the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas used for any purpose equal to one-ninth (1-9) of the bill rendered. And in case said consumer shall make application to have services re-established and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereto, and to pay a cut on charges not to exceed $1.50 for domestic use and heating purposes, and $2.50 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of $1.50 per month for gas for domestic and heating service and $25.00 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at his own cost and expense, provide and install for each consumer a good and accurate meter of standard make, to be approved by the City Commission, and when grantee reads his meters to determine the amount of gas furnished each month, a copy of such reading shall be left with or at the residence or place of business of the consumer. Grantee shall also provide and maintain at his proper cost and expense facilities for testing gas meters, to be to the satisfaction of and approved by the City Commission; and said grantee shall also provide and maintain, at his proper cost and expense a standard meter prover of not less than five cubic feet capacity, to be selected by the City Commission, equipped with suitable thermometers and other necessary accessories which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the City Commission.

Such meters shall be and remain the property of the said grantee, and the grantee shall have the right to require the customer or consumer to deposit with it a sum equal to the maximum monthly bill of the consumer, provided, however, that no deposit shall be in a less sum than $10.00 for domestic meter, and $15.00 for industrial meter.

SECTION 5

The Natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, or zero Centigrade; and to determine whether the gas supplied is of the heating value above specified the City of Lubbock may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making such tests, and said tests shall be from samples of gas collected from the grantee's mains at any point or points within the City. If the result of such tests show that during a month the daily average of the gas supplied was below eight hundred British thermal heat units, then there shall be deducted from the customer's bills for gas during such month proportionate amount, based upon the deficiency below said eight hundred British thermal heat units. In any month when such tests are being made, the City shall advise the grantee of the result of each test within a reasonable time after it is made, and the official report of such analyst, of which said grantee is so advised, shall be taken and accepted as the agreed prima facie correct test of the heating value of the gas furnished during such month and thereafter until a different result is determined or ascertained in a similar manner; said grantee shall furnish gas to consumers at a pressure of not less than four ounces, nor greater than eight ounces, measured at the consumer's meters outlet.

Said grantee shall supply and install not less than four, and as many as may be needed, approved self-registering pressure and gas gauges capable of recording the pressure of the gas, in the mains at points in the City designated by the City Commission, and said self-registering pressure gauges shall be placed at stations which, in the opinion of the City Commission, fairly represent the pressure on adjacent territory; and such station shall be securely enclosed under locks, and duplicate keys to said stations shall be retained by the City Manager, or some officer authorized by the City Commission; and such self-registering pressure gas gauges shall be equipped with removable recording dials to record the pressure, and the said City Manager, or some representative authorized by the City Commission, shall cause to be removed or remove from said pressure gauges the pressure records of the preceding period, and provide the gauges with recording blanks for the next period during which such record is desired by the City; and each record taken from such pressure gauges shall be filed in the office of the City Secretary of the City of Lubbock, and a record thereafter be entered upon the books of the City by the said City Secretary; and the said City Manager, or some representative authorized by said City Commission, shall keep self-recording dials in said pressure gauges continuously for a month, or as often as is required by the City Commission; and the said gauge record and the said book record shall each be competent and prima facie proof of the pressure at the point at which such record was made at the time as shown by said gauge record.

Each consumer of gas shall install and maintain suitable piping within his property lines and suitable appliances and fixtures, except meters, subject to the approval of the City Commission, or such supervisor, inspector or other representative as may be authorized by said City Commission to pass upon the same.

SECTION 6

The City reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the City Commission, in, across, along or under any street, alley, highway, or other public place occupied by the grantee; and, whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewers or other underground structure, it shall be deemed necessary by the City Commission to alter, change, adopt or conform gas mains and service pipes of grantee, such alterations or changes shall be made by the grantee when ordered in writing by the City Commission or any supervisor or other representative of the City Commission so authorized to act, without any claim for reimbursement for damages against the City; said grantee shall indemnify and save harmless the City of Lubbock from any and all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operating or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the City.

SECTION 7

The right to use the streets, alleys, highways or other public ways or places of the City of Lubbock by the grantee, as provided in Section 2 above, shall be and is subject to the following restrictions, limitations and conditions, viz: that in building additional mains or lines of pipe, said grantee shall build and construct the same along and under the alleyways, where alleys exist, rather than along and under streets, and shall only use the streets for same insofar as may be necessary in connecting from one alley to another; and said mains and pipe line shall be so laid that the top of said main, or pipe line shall be placed below the surface of the street or alley and so as to protect all paving, wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and under the direction and to the satisfaction of the City Commission or the City Engineer.

SECTION 8

That the City Commission hereby reserves the right to install at the point where said grantee receives his gas for distribution in the city a meter through which all gas distributed to the City and its inhabitants shall be passed, an adequate self-registering pressure gauge adequate to record the amount of gas distributed to the City and its inhabitants and the pressure at which the same was received by the grantee.

Said grantee shall also supply and install one distant pressure gauge under the direction of the City Commission and at the place designated by the City Commission, which will indicate the pressure at such designated point, said gauge to be placed in the City Hall in the office of the City Engineer

SECTION 9

That said grantee shall make, not oftener than each six months, reports to the City Secretary of the City of Lubbock, under oath of the President, Treasurer or Superintendent of such company, showing the gross amount received from the business done within the city in payment of charges of gas for the six months next preceding

SECTION 10

That after the said gas distribution system shall have been fully constructed, equipped and in operation as herein provided in the City of Lubbock, if the said grantee shall then fail to substantially comply with the conditions of the franchise, the City of Lubbock shall have the right by ordinance duly passed therefor to forfeit all of the right and franchise herein granted to the said grantee; provided that the City of Lubbock shall give the said grantee, sixty (60) days' notice in writing, specifying the conditions claimed to have been violated, and giving full and fair opportunity to be heard thereon before declaring such forfeiture, which notice shall fairly and fully set out all of the conditions claimed and complained of and shall be given by the said City and shall be signed by the City Secretary under the seal of said City, after having been properly authorized by the Mayor and City Commission of the said City; provided, however, that the said grantee shall have sixty (60) days after receiving such notice in which to rectify and correct such violations and to substantially comply with the terms and conditions of the ordinance; should the violations of this ordinance so complained of not have been rectified and corrected and the terms and conditions of this ordinance fully complied with at the end of said sixty (60) days, then, and in that event the City shall have the power to forfeit this franchise on account of the violations specified in said notice. That in case of forfeiture as herein provided, the City of Lubbock reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided, that before any of said property may be removed, the grantee shall be required to give to the city a good and sufficient bond that the streets and alleys will be placed and left in as good condition as found.

For each and every breach or violation of any of the provisions of this ordinance of the grantee, it shall be liable to a penalty of Twenty-five Dollars to be recovered in any court of competent jurisdiction by suit, of any person, firm or corporation injured or damaged by such breach or violation; and if the breach or violation shall be a continuous one, each day during which such breach or violation continues shall be deemed a separate breach or violation and a separate ground of recovery against the grantee.

SECTION 11

That in further consideration of the privileges and franchise granted to John W. Moore Construction Company, he shall adopt and use any and all reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes and equipment used in said City for the distributing of gas, and shall always be prepared to furnish said City and its inhabitants a sufficient quantity of gas for all purposes; provided, however, that in case of explosion or accidents of any character or nature, beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which the grantee secures the gas and the grantee is not able on account of such unavoidable conditions to furnish gas for all purposes, that preference shall be given domestic consumers, schools and hospitals in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines on property of consumers

SECTION 12

The grantee shall in good faith begin the construction of its main lines and distributing systems by May 15, 1933, and diligently pursue such construction in good faith and shall complete such main line by November 1st, 1933, and shall be prepared to serve gas to consumers on or before November 1st, 1933, provided, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted legal authorities, or acts beyond the control of grantee. If grantee fails or refuses to begin, prosecute, complete, or operate said lines or system within time stated this franchise shall expire and forfeit.

SECTION 13

That the Grantee herein shall not have the right or privilege thereunder of assigning this Franchise or any rights or privilegs without the consent and approval of the City Commission of the City of Lubbock, Texas.

SECTION 14

This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law.

Passed and approved this the 9th day of Dec., A. D., 1932.

Passed and approved this the 12th day of Dec., A. D. 1932.

RUSSIAN FOOD SUPPLY CUT

HOUSEWIVES REFUSED BREAD AND SUGAR IF THEY DON'T WORK

MOSCOW, Dec. 30. (AP)—Russian housewives, who now may purchase for themselves small rations of bread and sugar from the government stores, will lose that privilege after Jan. 1 and thereafter will have to earn those commodities by working in the factories.

The government decreed that after the first of the year all housewives under the age of 56 will be deprived of the cards which entitle them to purchase sugar and bread. In the category of housewives are included all healthy women not engaged in "socially useful" work. The wives of a number of high government officials are in this class.

Would Abolish Home

The new order reflects the continuing food shortage and is an extension of the government's "no work-no food" policy. Its object, apparently, is to bring more women into industrial occupations with a view to ultimate abolition of the home as the unit of family life.

At end of 1931 a census of Moscow showed there were approximately 100,000 housewives in the city. Eighteen per cent of them were over 60, but it was estimated that by the end of 1932 the number would have been reduced by half.

Under the present arrangement the housewife is entitled to 400 grams of bread and 800 grams of sugar a month from the regular government supply stores. After Jan. 1 she will have to leave her home for an industrial job or give up bread and sugar.

The only alternative job will be to pay the exorbitant prices at the private market where 400 grams of bread costs about $3.50 as compared with 10 cents or less at the government bakery.

MAN'S TORSO IS FOUND IN DEBRIS

LOS ANGELES, Dec. 30 (AP)—A negro workman today found a man's torso, minus the head and one arm, in a package at the incinerator plant of the city dump.

There were no identifying marks. Employees at the dump said they had no knowledge of its delivery there.

Edward Davis, the negro, said he thought the package might contain food for his dog and tossed it to the animal. The dog backed away. He kicked the package open and made the gruesome discovery.

Police and deputy sheriffs expressed the opinion the dead man was the victim of a skilled surgeon, possibly crazed, as there were three incisions in the skin that had been made with expert care. One was in the abdomen and two were in the groin. Stitches were found in the skin.

MURDER ORGY

(Continued from Page One)

insanity. He was employed at the filling station on the military reservation.

All Victims Popular

"All of the officers concerned were unusually popular with the men."

Col. R. S. Knox, commanding officer of the 25th infantry regiment, who came here from his headquarters at Nogales, later added:

"Insofar as the regiment is concerned, there is no breach of discipline, but on the other hand, there is great commendation for Corporal Peter Hardley, company L, member of the provost guard, who pursued and killed the murderer upon his own initiative."

Officers at the post unofficially advanced as a possible cause of the negro's madness, his brooding over a recent demotion from the rank of sergeant. Abernathy had been involved in a fatal automobile accident. He had been released to state courts and was placed on 10 years' probation.

Captain Wessely was the first to be killed. He was shot down without warning as he drove into the service station where Abernathy was employed. After killing the officer, the negro drove to the captain's home where he apparently burst in upon Mrs. Wessely and killed her.

Two Children Escape

From the Wessely home he went to the Palmer residence where he apparently killed Captain and Mrs. Palmer without a struggle. The two Palmer children, David, 12, and Polly, 10, escaped. David shoved his sister into a closet, slammed the door and ran from the house to notify post headquarters.

After killing Captain and Mrs. Palmer, Abernathy ran to the home of Lieutenant Matthews, and opened fire on him. Meanwhile, the provost corporal had been attracted by the shooting, and, obtaining a rifle, ran toward Matthews' home. He found the officer lying on the ground and the negro firing shots into his body. The corporal then killed Abernathy.

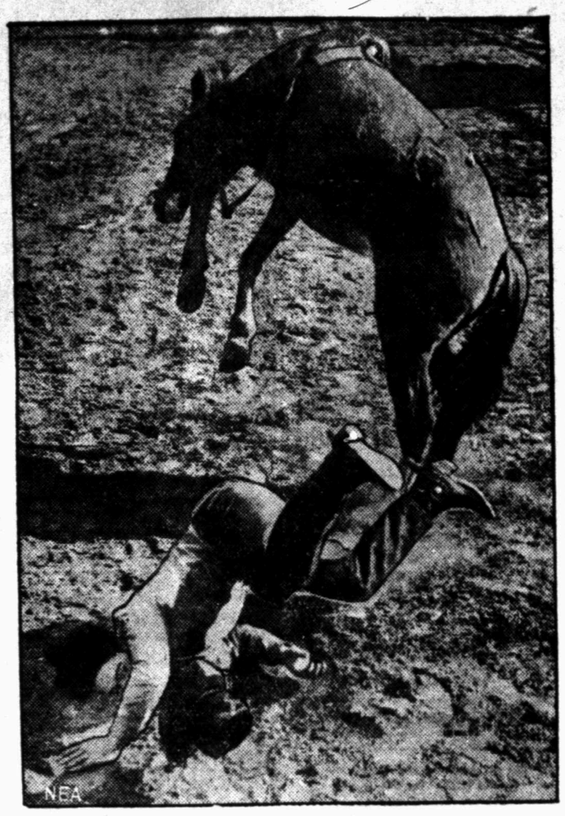

Town Is Looted By Communist Bandits

HANKOW, China, Dec. 30 (AP)—Communist bandits under the leadership of the notorious outlaw Ho Lung, have captured and looted the town of Patung on the southern bank of the Yangtse river in western Tupeh. The Catholic mission was destroyed but the fate of the missionaries could not be learned immediately.

SHERMAN YOUTH KILLED

SHERMAN, Dec. 30. (AP) — Injuries received when an automobile struck him on the highway late Thursday caused the death of Donald Willson, 16, of Sherman.

Busting the Buster

It's a fast life and a bumpy one for cowboys at the rodeo and live stock show in Los Angeles. Here's Mickey O'Neil, bronc buster, getting a cheerful little earful of the displeasure of a bronc that wouldn't bust.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Dec. 30. (AP)—Cotton opened steady, unchanged to 4 points advance on higher Liverpool cables and general rains in the cotton belt. Jan 6.01; Mch 6.14; May 6.26; July 6.36; Oct. 6.57.

The market ruled quiet all morning, but prices eased off on hedge selling and pre-holiday liquidation. March dropped to 5.98, May to 6.13 and July to 6.25, or 8 to 10 points down from the early highs and 5 to 6 points under yesterday's close.

Near noon the market was quiet but steady near the lows.

Further hedge selling and a fair amount of trade and commission house buying held the market within narrow limits during the remainder of the forenoon and there was little change in general conditions.

A reaction in stocks resulted in moderate local selling and values were at about the low of the day, around midday at net losses of 7 to 8 points. March sold down to 3.01 and rallied to 6.03.

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 30 (AP) — Cotton opened steady and higher today with trading more active. Liverpool came in much better than due and first trades here showed gains of one to three points which was not a full response.

The market continued to improve on moderate trade buying and price fixing, March moving up to 6.08, May to 6.21 and July to 6.34, or 3 to 4 points above yesterday's close.

Later the market eased 4 to 5 points from the highs on hedge-selling, but near the end of the first hour, the tone was steadier and prices had recovered a point from the lows.

Increased selling for southern account resulted in a reaction from the early advance and prices eased 4 to 5 points net lower. Trade buying orders were again in evidence for Europe, however, and these coupled with moderate commission house buying on the early firmness in the stock market absorbed the selling and price displayed moderate stability. Further heavy rains reported over a large area in the cotton belt states were against a free movement of cotton and while more orders came in from the south they were not of large volume.

March position advanced to 6.14 and sagged to 6.06 and around 10:30 the general market was 2 to 4 points net lower.

Stock Market

WALL STREET REPORT

NEW YORK, Dec. 30 (AP)—The stock market managed to extend its recovery today in the face of isolated weakness in the tobacco shares. Considerable short covering in advance of the holiday week-end, was reported.

Liggett and yers "B" broke more than 4 points, before meeting support. American Tobacco "B" lost about half as much, and Reynolds "B" and Lorillard eased moderately. Coppers firmed, with Kennecott rising more than a point, and Anaconda nearly as much. Issues rising about a point included U. S. Steel, Allied Chemical, Union Pacific, Case, Baltimore and Ohio, Chesapeake and Ohio, Auburn, Consolidated Gas, Westinghouse and others. General Motors, DuPont, and Standard of N. J., were distinctly firm.

LEAVING SPUR

SPUR, Dec. 31.—(Special)—Mr. and Mrs. George Snodgrass, for the past 15 years engaged in hotel and restaurant work here and for several years with the Wilson Hotel, are moving to Rotan and on January 1 will take over the Rotan Hotel. Mr. Snodgrass was for years connected with the Spur ranch after purchase by S. M. Swenson and Sons.

START SKATING RINK

SPUR, Dec. 31.—(Special)—A skating rink has been opened up in the Nugent building here by Smyer and Duncan of Lorenzo. They are experienced skating rink men.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 30 (AP)—Decided strength shown in Liverpool wheat led to material upturns of Chicago grain values early today. New York stock market gains were also a factor.

Opening 1-2 to 7-8 higher, Chicago wheat futures held near the initial limits. Corn started 1-4 to 1-2 up and subsequently gained further.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Dec. 30 (AP)—(U. S. D. A.)—Hogs 3,000; 210 direct; top 2.95 on 180 to 200 lbs.; good and choice, 2.65 to 2.95; packing sows, 275 to 500 lbs., 2.00 to 2.35; stock pigs, 70 to 130 lbs., 2.50 to 2.75.

Cattle 500; calves 200; generally steady; steers, 4.00 to 6.75; heifers, 550 to 850 lbs., 4.50 to 6.25; cows, 2.25 to 3.50 vealers, (milk fed), medium to choice, 2.50 to 5.50; stocker and feeder steers, (all weights), 3.75 to 5.75.

Sheep 500; limited week-end supply killing classes steady; clipped lambs 5.40; trucked-in natives downward from 5.35; 90 lbs. down, 5.00 to 5.60; medium, 90 lbs. down, 4.25 to 5.00; common, all weights, 3.25 to 4.25; ewes, medium to choice, 150 lbs. down, 1.00 to 2.00.

FORT WORTH REPORT

FORT WORTH, Dec. 30 (AP)—(U. S. D. A.)—Hogs: 600; 5-10 lower; top and bulk good to choice 185-260 lb. truck hogs 3.10; light weight feeder and butcher pigs 2.25; packing sows 2.00 and 2.25.

Cattle: 500; calves: 300; quiet; steady; plain and common steers 2.75-3.25; few good fed yearlings 4.00; others 3.25 down; cows 2.00-25; few good heavy calves up to 4.00; plainers grades 3.00 down.

Sheep: 900; steady; lambs 4.25 and 4.50.

REACH CONTRACT DEPTH

LOVINGTON, N. M.,—(Special)—Test of the Western Drilling Co., eight miles southeast of town, has reached the contract depth of 5,000 feet. Work has stopped pending decision on further work. Bottom of the hole was 5,016 feet. The log shows structure 200 feet higher than the nearest test, several miles north.

VETERAN OFICER DIES

AUSTIN Dec. 30. (AP) — Joe Orberg, 55, veteran peace officer, died at his home here Thursday. He was a Texas ranger during the administration of former Gov. Pat M. Neff. He served as a sergeant in the ninth infantry during the World war and saw action in Cuba during the Spanish-American war.

The airplane passenger death rate in schedule flying for 1931 has been placed at two per 1,000 passenger hours, or five per 100,000 flights by the committee on aviation of the Actuarial Society of America.

KANSAS CITY MAN KIDNAPED, ROBBED

KANSAS CITY, Dec. 30. (AP) — George Melcher, city superintendent of schools, was kidnaped in his motor car in front of the post office last night by three men who took him to Clay county, robbed him of $15 and released him unharmed.

The trio drove away in his car, which later was found abandoned here. Melcher walked to a filling station and there obtained a ride with a passing motorist back to Kansas City.

While waiting for his wife, who was in the postoffice mailing a letter, Melcher was approached by three men one of whom confronted him with a pistol.

"Move over," the man ordered and he and his companions entered the machine.

Brevities

To Feed Sheep—Three thousand which W. G. Murray has on wheat pasture on the W. F. McLaughlin farm south of Ralls will be brought to the H. W. Stanton pens north of Lubbock, Sunday, for finishing. The sheep will be on feed from 90 to 120 days.

• • •

Cattle Expected—A trainload of about 1,500 cattle, en route from the William Randolph Hearst ranch at Bandera, Chihuahua, Mexico, is expected here Saturday, to be sent to Brownfield, according to the Santa Fe railway division freight office.

• • •

Street Being Paved—Caliche and cement, paid for by property owners, are being laid in three blocks of Dimmitt's main street, reconstruction finance corporation funds being used to pay for labor, Charles Dean, Castro county attorney, said here Thursday.

• • •

Hardy Child Ill—Lou Ann, 22-month-old daughter of Sheriff and Mrs. Wade Hardy is ill of influenza in the Hardy residence at 1711 Seventeenth street.

• • •

To Name Assistant—Daniel A. Blair, district attorney-elect, this morning said he possibly would announce Saturday the appointment of an assistant district attorney. Burton S. Burks is the present holder of that post. Mr. Blair has occupied the district attorney's office, Durwood H. Bradley, outgoing prosecutor, having established a law office in the Conley building.

• • •

Slaton Man Released—A Slaton merchant, charged with theft of more than $70 in merchandise, was arrested Thursday at Slaton, and released by justice court on his own recognizance to await grand jury action.

• • •

Two Convicted—Alexander Calloway, a negro, and Albert Harding were convicted of drunkenness Thursday afternoon in corporation court, and fined $20 and $10 respectively. They were tried before juries.

• • •

Qualifies For Award—Boy Scout troop No. 29 of Idalou is the second in the South Plains Area council to qualify for the president's award, D. T. Jennings, area executive, said. Troop No. 39 of Sudan was the first to qualify. The Idalou troop and troop No. 24 of Levelland have reregistered, with 12 and 22 scouts respectively. N. B. Wilkerson is scoutmaster of No. 29; Rev. John H. Halford of No. 24.

• • •

Money Is Stolen—A desk in the home of G. Stanfill, 1610 Avenue F, was forced open and seven $5 bills were stolen from it between 7 and 9 o'clock last night, while he was at a prayer meeting, Mr. Stanfill informed police.

• • •

Negro Fined—A 29-year-old negro pleaded guilty in corporation court Wednesday of theft last February of some stockings from the Montgomery Ward & Co. store, 1109 Thirteenth street, and was fined $15.

• • •

Negro Girl Fined—A 16-year-old negro girl, accused of stealing a can of pineapple in Piggly-Wiggly Co. grocery No. 5, 1302 Avenue H, pleaded guilty in corporation court Thursday and was fined $15, half of which she paid.

DUMP GROUNDS

(Continued from Page One)

The city plans to fill in the huge mountains of trash with screenings from the streets. This consists mostly of sand and the fine sand will fill up the cans to a great extent, thus avoiding much of a caving in when the tin rusts and rots away.

To Make Park

Later, City Manager W. H. Rodgers stated, a park will be made out of the old dump grounds.

The new dump ground is on the city farm property southeast of the city. The new location is said to be several blocks nearer the residential section where the bulk of the trash comes from. It also saves a haul through the business section of the city.

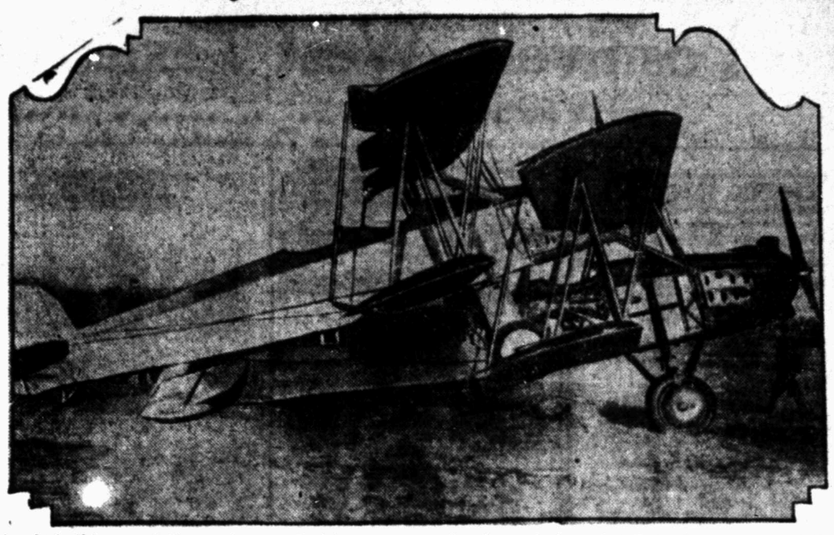

Members of the committee in charge of the relief work are: Charles A. Guy, chairman; A. B. Davis, secretary; Spencer Wells, J. O. Jones, Mayor J. J. Clements and County Judge E. L. Pitts.

INSURANCE DETERMINED

FLOYDADA, Dec. 31.—(Special)—Insurance on the building of the Aiken school district in the eastern part of Floyd county, recently destroyed, was announced by Price Scott, county superintendent as $7,500 on the building and $1,250 on the contents. The premiums were paid up and the policies in effect. Class sessions will be held in the Baptist and Methodist churches until the new building is ready.

Belford Forrest, English playwright, will read his newest play at the University of North Carolina this fall.

They Don't Often Land Like This

Not only is this one of the most unusual pictures ever made of an airplane, but it is also a record of the most unique landing ever made by a plane. With the whole United States to land in, the top plane apparently decided that no other spot would do only the place where the bottom craft was roosting at the Curtiss Airport, New York, so it landed right on top of it. S. J. Patterson, who was in the cockpit of the lower plane, was seriously injured, but the pilot of the top one, Pedro Medina, of Colombia, was unhurt.

TO REMAIN IN GREECE

ATHENS, Greece, Dec. 30. (AP) — Samuel Insull, whose extradition to the United States was refused by the Greek court of appeals, said today he looks forward with pleasure to a long residence in Greece and hopes during the next few years he will be able to enjoy life to the full here among beautiful surroundings. He expressed deep gratitude at the outcome of the extradition proceedings.

Georgia has spent more than $105,000,000 on highways in the past 13 years.

PLAN BAPTIST MEET

SPUR, Dec. 31.—(Special)—The Dickens County Associational B. T. S. will meet with the Calvary Baptist Church, Crosbyton, January 8. Program starts at 2:30 o'clock in the afternoon.

TWO TAKEN BY PNEUMONIA

DEATH CLAIMS BOVINA CHILD, WOLFFORTH WOMAN THURSDAY

Funeral services for Mrs. R. H. Whisenant, 22, of Wolfforth, the second person to die of influenza and pneumonia here Thursday, were to be conducted at Wolfforth at 3 o'clock this afternoon. Bynum-Stahler Funeral home was to direct burial there.

William Crawford Brewer, two-year-old son of Mr. and Mrs. R. H. Brewer of Bovina, died at 2:20 o'clock Thursday morning. Mrs. Whisenant died in the afternoon.

Mr. Whisenant, also ill of pneumonia, was reported to be improved in condition this morning at West Texas hospital.

Funeral services for the Brewer child, grandchild of Mr. and Mrs. A. W. Brewer of Lubbock, were conducted at 3 o'clock yesterday afternoon at Dickens by the Rev. O. W. Carter, Asbury Methodist Episcopal church minister. Bynum-Stahler funeral home directed burial at Dickens. The child also is survived by one sister, Leta Laverne.

Mrs. Whisenant is survived by two children, Charles E. and Doris Lee, and her father, C. R. Stevens of Wolfforth.

In a rolling pin tossing contest at Turkey, Tex., Mrs. B. V. Seigler won first place by hurling a pin of extra size 63.4 feet.

CAMPAIGN FOR BODY FORMED

DEFENSE OF INTERIOR OF TEXAS PLANNED AT CONFAB HERE

A league for the defense of interior Texas commerce as opposed to "the special port interests" neared completion Thursday in a regional conference of the Interior Protective, Development association in the Hilton hotel here. More than 100 business and chamber of commerce representative of 28 towns participated.

Thursday's meeting, third and final one to be held over Texas, completed temporary organization of a board of directors of 21 members of the association and paved the way for a meeting of the directorate in Dallas, January 5, to perfect permanent organization and elect officers.

Directors Are Chosen

Seven West Texans were named as directors of the body, fourteen other men having been selected at the two previous conferences held at Waco and Greenville. West Texas will be represented by: W. M. Massie, vice-president Fort Worth National bank, Fort Worth; C. M. Francis, cotton oil manager, Stamford; R. H. Nichols, publisher of Vernon Record, Vernon; Chas. Motz, insurance, Abilene; B. Reagan, president West Texas National bank, Big Spring; Geo. A. Simmons, manager Lubbock Cotton Oil Mill, Lubbock; and R. R. Witt, wholesale hardware, San Antonio.

The regional conference Thursday went on record favoring the discouragement of the development of additional ports and waterways and the appropriaton of or the lending of funds by either state or federal governments for the purpose of developing any new ports or creating any new inland waterways for purposes of commercial navigation, "it being our belief that the development of additional ports and waterways will serve only to complicate the present transportation situation, that such development will benefit the interests only of those communities which happen to be located on or very near such ports and waterways." Resolutions also deplored "the fact that our national government is spending large sums of public money on surveys and investigations looking to possible development of additional navigation facilities."

Boswell Leads Fight

These two provisions of the resolutions were adopted after considerable discussion. John Boswell, manager of the Wichita Falls Chamber of Commerce, led the fight to keep this sentiment in the report and after a vote, they were kept intact.

A platform of the association adopted in previous meeting called for "opposition to any agency or system that tends to unfairly take from the interior communities the natural advantages they have and thereby concentrate at ports, industry and resources which the interior communities are rightfully entitled to retain; opposition to any agency or scheme which will unfairly destroy marketing, purchasing, concentrating and distributing facilities in the interior, when the retention of these facilities is economically sound and of importance to the communities they serve; opposition to artificial interference, such as preferential or unequitable transportation rate, when same disturb the natural equilibrium of business; and the taking of affirmative measures, educational and economic, to protect and build up the industries and resources of the interior."

Favors Stabilization

The platform also favored "the stabilization of transportation agencies, not only for their own good, but also in order to remove their disturbing influence on all business" and "the earliest possible adoption of a coordinated plan for the recognized transportation agencies, namely: railroads, motor vehicles, air lines and waterways, to eliminate unfair competition and to treat them as economic parts of the whole transportation system."

"Government subsidies at the taxpayers' expense which result in artificial and unfair competition with private business" were opposed and the platform further read, "We advocate returning the government to the field of government, eliminating it from the field of private business activities and reducing its cost.

Pledged To Economy

"We believe that the mounting cost of government has produced a condition approaching the confiscation of business through taxation, and we pledge our support and assistance to the regional chambers of commerce and other agencies in constructive programs of wise economies for governmental units designed to produce taxation reduction," the platform concluded.

As in the other conferences of the association, C. P. Nevill, president of the Greenville Chamber of Commerce, which is sponsoring the association, presided. Nevill is serving as temporary chairman. Scott Hardy, secretary of the Greenville C. of C., served as secretary. These two men are the leaders in the association work thus far.

Opening the afternoon session which followed a luncheon given by the Lubbock Chamber of Commerce, Hardy explained the objectives of the association, declaring that the body "does not represent a new idea, there has always been that inevitable economic conflict of fundamental interests of the interior points with industries and interests of port points."

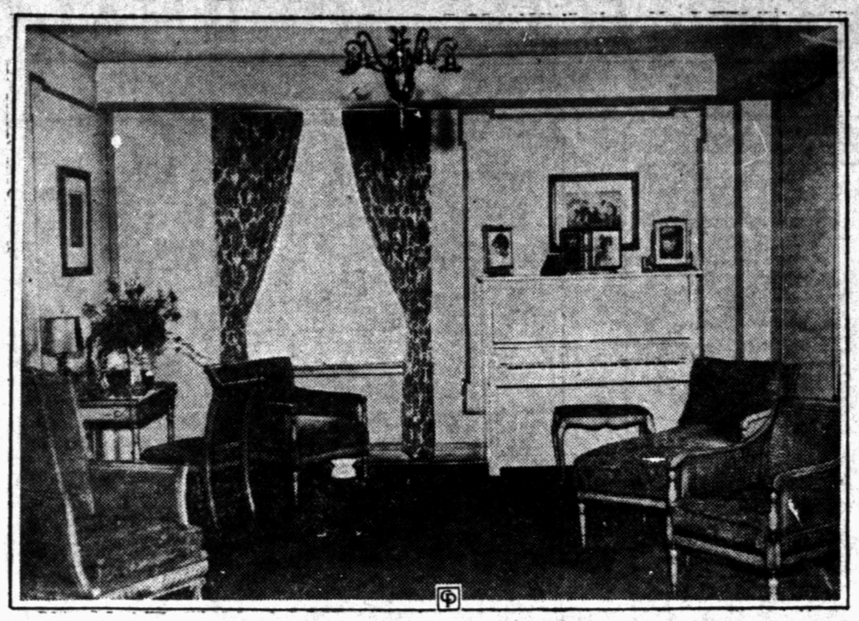

Reports Are Read

Hardy said the transportation upset had had a "resultant effect on all lines of business."

Following his talk, the reports of the nominating and resolutions committees were read and an open forum discussion on the association's problems was held.

Twenty-eight towns represented in the session were: Dallas, Greenville, Ballinger, Waco, Abilene, Ralls, Plainview, Hamlin, Terrell, Vernon, Slaton, Colorado, Quanah, Houston, Munday, Lamesa, Littlefield, Levelland, Brady, Amarillo, Brownwood, Wichita Falls, Dimmitt, Rule, Sweetwater, Abernathy, Brownfield, and Lubbock.

New Washington Home Of Speaker And Mrs. Garner

This is the tastefully appointed living room of the large suite of rooms in a Washington hotel which is to be the official home of Vice President-elect Garner for the next four years. Speaker and Mrs. Garner recently moved here from their modest apartment, but will not increase social activities.

HUGE PIN WHEEL OF FIRE BALLS FOUND IN SPACE

ATLANTIC CITY, N. J., Dec. 30 (AP)—Out in space a gigantic pin wheel of two balls of fire as big as 24 suns has been discovered. It is whirling at the rate of about a million miles an hour, in a space only about as wide as a fifth of the distance between sun and earth.

The results of 12 years observations which have proved the existence of this fireworks monster were reported to the American Association for the Advancement of Science by Prof. Raymond S. Dugan, of Princeton university.

The pin wheel is the star Cassiopiae, so distant that even in a telescope it is just a pin point of light to a man's eye. This star is really twins, one whirling about the other, one sixteen times the sun's diameter and the other eight times.

The big twin is made of a flaming substance averaging only half the density of air. The pair is "unusually close together," for twin stars that is, being separated by about 18,000,000 miles. They revolve around each other once in eighteeen hours.

SENATORS ARE TO AID TECH

PURL AND MOORE SAY THEY WILL OPPOSE PROPOSED CHANGE

Senators George C. Purl of Dallas and Joe Moore of Greenville yesterday said they would defend Texas Technological college against a proposal to abolish its technical courses.

"You people in West Texas can rest assured that Texas Tech will get its just rights," said Senator Purl, before a regional conference of the Interior Protective and Development association yesterday afternoon in the Hilton hotel.

Just Out Of Order

"Any efficiency expert who thinks he can make a report like that to abolish a school like Tech is just out of order," he continued. "Any movement on foot to hurt that school is certainly not justified. Now we may do all we can to economize and save the people's money but we're certainly not going to start plowing with dynamite.

"That doesn't mean, however, that we're going to let the teachers of these various schools write the appropriations bills. We are the ones who are responsible for that and we're going to try to be as economical and still treat everybody as fair as possible."

Senator Purl recalled that he had "the pleasure and honor of serving as deskmate in the house to one of the co-authors of a bill which was later consolidated with another creating this West Texas institution." "And for ten years," he continued, "I also had the pleasure and honor of sitting on the finance committee and giving the school all the funds possible for its wonderful growth."

Senator Joe Moore of Greenville made a similiar expression regarding his support of Tech but prefaced his remarks with "not for publication, please."

The solons made visits to the college Thursday and conferred with W. T. Gaston, business manager, long-time friend of both.

Home Sought For Twin Boys Here

Born December 27, two twin boys now need homes which will provide love and adequate attention.

Both have blue eyes now, for "all babies are born with blue eyes" it was said. Their eyes, however, may be brown in a few months, if the boys resemble their 18-year-old unmarried mother.

Persons interested in adopting the youngsters have been asked to telephone 739.

Born the second day following Christmas, the boys temporarily have been named "Tom and Jerry because they are such a treat." One weighs four pounds, the other five.

The mother, who was in her last year in high school last spring, had been working here. Her mother is dead, and her father has moved from Lubbock.

EARTH'S CURVATURE

The U. S. Naval Observatory reports that the measure of the curvature of the earth is said to be approximately eight inches per mile.

The World Building, built about 40 years ago, generally considered New York's first sykscraper.

FARM LEADER FROM CITY

HATTON SUMNERS, OF DALLAS, LEADER IN RELIEF FIGHT

WASHINGTON, Dec. 30. (AP)—From the city, not the farm, comes one of the short session's most energetic congressional advocates of relief for agriculture.

He is Hatton W. Sumners, a Democrat of Dallas, Texas, and a lawyer whom twice the house has chosen to represent it in legal proceedings.

The way he looks at the farm problem is this: "You will have to give back to the farmers arbitrarily what you have been taking from them arbitrarily."

Organized Forum

Sumners, who is chairman of the judiciary committee, last session organized an open forum on farm relief largely made up of house members who live in cities and this session it is meeting regularly to study ways of bettering the farmers' lot.

"When the historians write the story of this crisis," he told the house, "I am afraid he will write that we gave to this crisis the lowest order of applied intelligence that ever a people gave under similar circumstances, and I am not talking about Democrats and Republicans either.

"Industry during this crisis has been captained largely by men who have not seen one inch beyond the end of their noses. How in the name of common sense anybody in any business in any city could imagine or can imagine that he can open up his factory and put his idle people to work unless these thirty-odd million farmers can buy, I cannot understand.

Sees Two Alternatives

"One of two things must happen. Either labor and commodities, professional services, rents and everything else in the city have got to come down to the level of 8-cent oats and 15-cent corn and 5-cent cotton or we have to lift these prices up until trade contact is established with city prices.

"The city people who manufacture do not seem to know that they are living off the bounty which this government forces these farmers and others to pay. What is the tariff but a bounty; and what is the tariff boost in the sale price but a sales tax which people have to pay.

"Here is a people who all of their lives have been getting a bounty from the government and when you attempt to give back to these farmers that which is taken from them by act of government, to pay this bounty so they can buy the products of the factory, then these city people begin to talk about the law of supply and demand controlling prices."

GALLANT BIRD

Australia has a bird that is quite a gallant lover. It is the bowerbird, which builds a bower of arched twigs in the forest and gaily decorates it with bright shells, feathers and flowers.

Best "All Around Girl" At Two

Little Gayleen Williams, just past two, is the "best all around girl" in Mormondom, according to judges at a recent baby show at Ogden, Utah, who fell victims to her smile, her dimples and her pretty set of teeth. She is the daughter of Mr. and Mrs. Clifford Williams of Ogden.
