## State Candidates Are Working Figures Overtime

### SEVEN CLAIM TO HAVE OVER 150,000 VOTES

#### FORMER YEARS TAKEN AS BASIS FOR FOUR ESTIMATES

(By Associated Press) DALLAS, July 15.—Often it has been said that statistics can be made to prove anything and supporters of seven candidates for the democratic nomination for governor are working their figures overtime and proving the truth of that saying.

Each of the seven camps can show the visitor how its leader is going to receive at least 150,000 votes. That would mean 1,000,000 votes, not counting the ballots on the card for the four remaining candidates. However, the experts say the total vote won't be over 750,000 to 800,000.

#### Those Who Have Run

The candidates who have run for state office before, Harry Miller, Earle B. Mayfield, Thomas B. Love, Mrs. Miriam A. Ferguson, are the ones whose supporters turn to their figures most frequently. Each has received considerably more than 150,000 votes in some previous campaign.

#### Mrs. Ferguson and her husband, former Governor James E. Ferguson, say they think the Ferguson vote is practically intact in the last primary four years ago. Mrs. Ferguson received 283,482 votes. In the first primary in 1924 she got 146,424 votes in a field of nine and the total was only 708,123. Ferguson several times passed the 150,000 mark. It would be foolish, her supporters insist, to say Mrs. Ferguson will not receive 150,000 votes if 750,000 persons go to the polls.

#### Miller Looks Back

Harry Miller had to look back only two years to start his fighting in the lieutenant governor's race that year he received 312,194 votes. Granting that the multiplicity of candidates will cut that strength this year, he certainly should poll half his 1928 vote, his backers believe.

Tom Love's supporters can figure

#### Agular Escapes

Fredro Agular, under death sentence for murder, got away after Duncan had been slugged, six prisoners rushed for freedom. Duncan called a warning to his wife on the floor below and she attempted to stop the on-coming prisoners, but Agular got by Hernandez, the dead man, known as "Willie the Hog," was given the death penalty five years ago for the murder of John Padock, whose body was found in the ruins of his burned filling station north of Peecos, but the verdict was reversed and on a second trial he got life imprisonment. In this manner the announcement was made by Miss Friedsam, who gave guests tiny scrolls with the announcement printed. Humorous talks on different phases of the honoree's life were given by several guests.

# LAST YEAR'S WHEAT SOLD TO MILLERS

## FARM BOARD AGENCY IS TAKING ON AMOUNT OF NEW CROP

(By Associated Press)  
 KANSAS CITY, July 15.—Sale of what was described as a moderate quantity of 1929 wheat to Southwestern millers at current prices by the grain stabilization corporation, Federal Farm Board agency, was followed today by announcement that an equal amount of new wheat would be purchased in order not to reduce the government's total wheat holdings.

A flurry was caused in grain circles here when it became known that wheat which the stabilization corporation purchased during the last crop season in an effort to stabilize prices had been sold at a time when the new crop is being marketed.

### Reed Protests

Governor Clyde M. Reed of Kansas upon learning of the transactions telegraphed a protest to Alexander Legge, chairman of the Federal farm board who was at Enid, Oklahoma.

The Kansas executive charged the stabilization corporation sales "broke the market today," and asked Legge to give "unqualified assurance as to what the future policy of the farm board will be with regard to its holdings of wheat, which in your addresses in Kansas you repeatedly stated would not be sold in competition with the new crop."

Later Chairman Legge announced the wheat disposed of the millers, under contracts which gave them

the privilege to purchase grain stored in their elevators for the stabilization corporation, would be replaced by purchases of new wheat. The Kansas flour mills of Kansas City yesterday purchased 350,000 bushels of 1929 wheat from the stabilization corporation at a price around 82 cents a bushel as contrasted with the level of \$1.15 cents a bushel at which government funds were loaned on last year's crop.

## ILL LUCK STRIKES BROMLEY'S FLIGHT

TACOMA, Wash., July 15.—(AP)—Ill luck for the fourth time thwarted Harold Bromley's ambition to attempt a nonstop Tacoma-Tokyo flight.

Three of his planes destroyed by accidents, the fourth, proved too slow for the 4,780 mile flight. After a test yesterday the aviator announced he would be forced to stop in the Aleutian islands for refueling.

Meanwhile Roberts Wark and Eddie Brown, Seattle fliers, continued preparations for a similar flight beginning Thursday, the day Bromley plans to take off.

Wark and Brown have announced a plan for a non-stop flight to the Japanese capital which includes refueling in the air above Juneau and Nome, Alaska, and possibly over the Kamchatka peninsula.

Roosevelt Field, L. I., July 15.—(AP)—John Henry Meers and his pilot, Henry J. Brown, hopped off in the monoplane "City of New York" today for Hartford, Conn., where a final motor test will be made.

They planned to return tonight or tomorrow, and would then be ready, they said, to begin a round the world flight as soon as weather conditions were favorable between New York and Harbor Grace, N. F.

New York probably called the \$21,915 it spent cleaning up after the Bird reception a tidy sum.

## TAX REFUNDS ARE REPORTED

### OVER 75 MILLION TO BE REFUNDED DUE TO MISTAKES

(By Associated Press)  
 WASHINGTON, July 15.—Expressing hope that the peak of high tax refund years had passed, the report of the joint congressional committee on internal revenue taxation made public today showed a total of \$75,672,888 allowed in over-assessments of taxes in 1929 involving in excess of \$75,000 each.

The report was submitted by Chairman Howley and L. H. Parker, chief of the committee's staff. It was said the rate of over-assessment had decreased 58 per cent as compared to that of the seven month period beginning June 1, 1928, during which \$106,569,839 was refunded.

To Pass On Refunds  
 Under the act of 1926 creating the committee, the group is required to pass upon all tax refunds, credits and abateements recommended by treasury department involving in excess of \$75,000. It approved 622 income and excess profits and 192 estate tax cases.

Although the total over-assessments reached but \$67,785,922 in 1929 interest amounting to \$12,886,965 was allowed. Of the over-assessments, \$38,202,821 was paid within 30 days after the approval of the claims by the joint committee. The sum of \$15,969,125 was credited to tax pay-

ers owing the government for subsequent taxes, and abateements amounted to \$8,813,275.

Averages \$4,306,074 Months  
 During 1929 the refund rate averaged \$6,305,074 a month, while during the preceding seven-month period it was \$15,224,270 monthly. The report said that of all the over-assessments in 1929, \$44,479,583 or 71 per cent, were attributable to the excess profit tax years up to and including 1921, leaving a balance of \$18,306,339 in over-assessments in subsequent years.

In the preceding 21 month period, tax refunds due to the excess profits revenue statute, amounted to 63 per cent, while only seventeen per cent was applicable to over-assessments for subsequent years.

In view of this, the report said, "it seems reasonable to hope that the peak of the high refund years has been passed."

### BISHOP CANNON SAID HE ERRED AND WAS SORRY AND THERE WAS NOTHING TO DO BUT FORGIVE, BOAZ DECLARES

Bishop James Cannon, Jr., told the house of Bishops he erred in his stock market affairs and that he was sorry. There was nothing else he could do but forgive. Bishop H. A. Boaz, recently assigned to be head of the Methodist Episcopal church, South, in Texas, stated last night in discussing church matters before his scheduled address here.

Boaz declined to say anything about the recent attacks on Bishop Cannon before the recent conference in Dallas except that "Bishop Cannon is a very fine man. I think a great deal of him."

Not All "Wet" Bishop Boaz is not of the opinion that the entire press of the nation is "wet."

"Most of the newspapers in the south are dry," he said. "Take my town of Little Rock, Ark., where I have lived for the past four years. The owner of the Little Rock Gazette, whom I know very well, is personally dry and his newspaper is dry. He is not a church man but he takes a very Christian attitude towards the dry side."

Small Ones Dry The bishop said in his opinion the smaller town dailies as well as the weekly newspapers are dry. "A great many of the big dailies, especially those owned and controlled by large interests may be wet but the smaller towns and of course the weeklies are dry," he continued.

As far as the bishop is concerned, he does not believe that prohibition will be overturned.

Bishop Boaz says he is "coming back home" when he comes to Texas.

In 1920 he was named president of Southern Methodist University, he said. Two years later he went to the Orient as a bishop. "For two years I had headquarters in Korea and for two years in Shanghai, China," he said.

"Four years ago I was sent to Little Rock. The last conference returned me to Texas."

"Mrs. Boaz is still in Little Rock. We have not sold our home there as yet. When we do, we are coming back to Texas. I do not know whether we will move to Dallas or Houston."

First Visit Here This is the bishop's first visit to Lubbock as spiritual head of the Methodist Episcopal church of the state. He will be in Lubbock today for a conference with pastors of the Lubbock district.

"I am a West Texan," the bishop said as he straightened up his shoulders and smiled. "I have an older brother who has a ranch down south of here. When I was a young man, out of college I used to go out to his ranch and I learned to rope and tie a calf with the best of them."

The bishop has a splendid type of physical make-up, tall, straight with a heavy handshake, a clear eye and a strong, clear voice. He walks and talks as an out of doors man. "I can speak the Texas language too," he declares. There is strong evidence of his out of door life on the ranch.

"MISS AMARILLO" NAMED FOR EVENT

Miss Alta Mae Patterson has been chosen "Miss Amarillo" in an elimination bathing beauty contest staged in that city during the week-end, according to information reaching Lubbock yesterday.

Miss Patterson will represent the Panhandle city at Lubbock on July 27 when girls from nine other Panhandle and South Plains cities compete for the title of "Miss Plains."

"Miss Plains" will enter the international pageant of pulchritude at Galveston, August 2.

In an elimination at Lubbock about two months ago, Miss Frances Quinn, of this city, was named "Miss Lubbock" and she will be entered in the Plains contest.

### STOREY GIVES ANSWER ABOUT MOODY CHARGE

### VERNON CANDIDATE IS HEARD HERE LAST NIGHT IN TALK

In an address last night to a small audience in the district court room, Cecil Storey, of Vernon, candidate for attorney general, took frequent raps at Governor Dan Moody and his present attorney general, declaring that the office required a man of experience rather than a "high school boy" or an "inexperienced attorney."

Mr. Storey paid particular attention to R. L. Bobbitt, present incumbent, who spoke here last week. Storey declared that the statement alleged to have been made by the governor that he was being brought out by the Ferguson, "was without foundation in fact."

Mr. Storey charged R. L. Bobbitt does not stay in his office and attend to important duties, but instead goes over the state making closing high school addresses and civic club addresses and dedication of new bridges.

"Apparently Mr. Bobbitt sanctioned a contract made by the board of regents with outside lawyers, who are to receive a cash fee of \$8,000 and a contingent fee of upwards of \$50,000 should they be successful in two certain proposed suits" Mr. Storey said. "I make the contention that such a contract is void, made without authority in law and that it is the duty of the attorney general's department to file and look after such suits and the state should not be put to the expense of having to hire outside lawyers."

"Bobbitt is playing politics with the people of North, East, West and Central Texas by filling outside suits in Bexar county and not sitting them for trial until this fall and until after the primary election knowing that the ring in his own county and in Hidalgo is supporting him." The speaker declared. "He is making no attempt to file outside suits down here, but in Bexar county where they are not supporting him he files such suits although he has been requested to come to Hidalgo county and investi-

gate the issuance of illegal poll taxes." Mr. Storey said he had practiced law for "over 21 years" that he had served in the legislature from Willbarger and Wichita counties for eight years.

LAMESA HOTEL SOLD LAMESA, July 15. (Special)—Sale of the Dal-Paso Hotel here this week to W. J. Harris for \$103,000 was announced by W. M. Terry of Lubbock, who handled the transaction. ### Suffering Five Years; Konjola Brings Relief

Catarah and Kidney Trouble Find Deadly Foe in This New and Different Medicine

MR. J. I. HALE

Many of the accomplishments of Konjola might challenge belief were the actual facts not known and verified. Konjola does triumph even when all else tried has proved of no value as is illustrated in the case of Mr. J. I. Hale, R. F. D. No. 1, Hensley, Ark. who says: "I had trouble with my kidneys for five years, and also suffered from a catarah condition. I took many kinds of medicine, but got only temporary relief. A neighbor advised me to take Konjola, and after using four bottles I saw that I had found the right medicine. My kidneys became stronger and the backache decreased and then disappeared. Even the catarah is better and Konjola has built me up in every way. I feel more like doing my farm work than I have in five years. Konjola will always be in my home. Thousands have said this 'Konjola will always be in my home.' No wonder, for Konjola triumphs even in many cases where hope has been abandoned. Konjola is sold in Lubbock Texas, at Bowen's drug store, and at all the best druggists in all towns throughout this entire section."

# THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

"Oh, I am not surprised at all at this and pots upon the wall," cried slowly. This old copper man knows how to run a store. He puts things out where all can see and he then quickly as can be. I'll bet he has like his wares so well they all come back for more.

"That may be true, I hope he is, but now we'd best be going home I'm going to see if we can't find a place to sleep tonight. I want it different from the rest, and hope you'll all like it best. I have a little home in mind that's quite pretty sight."

"Why, we've slept in a house before. Remember—with the hard floor?" cried Clowdy. "Gee, was terrible! I want no more of that. The sight of it gave us a thrill, and it was dug out of a hill, but sleeping there is something else you wake up feeling flat."

This made the Tinies laugh out loud. The Travel Man then told them the house he had in mind was of a very different sort. "First, it's on the floor," he said. "It's comfortable as it can be. If I can't find this place just for tonight, I'll find a real spot."

And so they shortly found the place, and entered, quiet as a mouse. The woman owner was sitting on a rug. She short-said it was all right, for them to sit at the place all night. Then Clowdy cried, "It's wonderful! I hope we'll all feel like this!"

The woman promptly took her child out of a hammock. Then she smiled and said, "Well, I'll be going home. You Tinies can take charge. I'll be another home, you see, so go on."

## L. C. THURMAN WINS OUT IN EFFECT IN MOVE TO PUT DOWN ANOTHER OIL TEST ON ABANDONED ROADWAY LEASE

AUSTIN, July 12.—The right of L. C. Thurman, owner of a strip six feet wide and 1,000 feet long, owned for a road in Garboline county but abandoned, petitioned the authority to drill three wells on the lease, in violation of the commission ruling that wells must be 200 feet apart and 150 feet from the property line.

This petition was denied, but Thurman was allowed to drill one well. He was a producer. Thurman at once asked for permission to drill a second well. This was denied and Thurman appealed to the district court.

Measures adjoining lease had been put down after the oil discovery, and Thurman argued that his land was being drained by the other wells. He asked the court to allow him to drill a second well, and a department of the railroad commission.

The state asked the state to grant the trial court ruling of the ground that in the case it would have to prepare the appeal. Thurman would be able to put down the well he planned. Records in the case were filed with the court but briefs and arguments had not yet been presented.

**DALLAS MAN IS HOLDUP VICTIM**

The one with the hood leveled a pistol at him and demanded the money, while the second man kept the motor running in the car. **Jean Acker Asks \$25,000 In Suit**

NEW YORK, July 12.—Jean Acker, first wife of Rudolph Valentino, has filed suit for \$25,000 for alleged breach of agreement against William R. Delahanty, wealthy New York real estate man, it was revealed today.

Miss Acker charges that in November, 1925, while she was in Hollywood on contract with the De Mille studios, Delahanty induced her to give up her contract and come to New York to live, agreeing to pay her \$18,400 a year for the rest of her life.

She said she fulfilled all the conditions of the contract and that Delahanty kept his promises until June 1, 1929, when he defaulted on a payment of \$5,000 due then.

Shakespeare, Alexander the Great, Cromwell and Napoleon were re-drafted.

**BREAD SAID TO BE HIGH**

FARM BOARD MEMBER POINTS OUT LOW PRICE OF WHEAT

WASHINGTON, July 12.—Samuel R. McKelvie, farm board member for wheat, says he thinks the retail price of bread was too high.

Other board members recently expressed opinions that the retail price of meats and fruits and vegetables should be reduced.

McKelvie said it made little difference in the retail price of bread whether the farmer received a dollar and a half or a dollar a bushel for his wheat.

"This subject is of vast importance to both the producer and consumer," he said. "The price to the farmer is too low. Therefore, if we can secure a correspondingly low price for bread and thereby enhance consumption of wheat, not only will we have benefited the consumer but also some ultimate benefit may accrue to the producer."

**FORTUNE OF \$12,000,000 IS LEFT FOLLOWING FLAGLER WIDOW'S DEATH**

NEW YORK.—Mrs. Ida A. Flagler is dead, leaving a fortune of \$12,000,000 accumulated from a \$1,000,000 trust fund created for her by the late Henry M. Flagler when he divorced her in 1901 on the grounds of incurable insanity.

She died Saturday of cerebral hemorrhage in her private cottage on the grounds of Standard Oil Central Valley, N. Y., and was buried yesterday in Cypress Hills cemetery, Brooklyn. She was at the sanitarium when Flagler obtained a divorce in Florida under a special act of the legislature as the state statutes do not recognize insanity as a cause for divorce. The marriage was in 1883.

The trust fund consisted largely of Standard Oil security, dividends from which multiplied the original sum twelve-fold. Flagler was one of the founders of Standard Oil.

The principal heirs are two nephews, George W. Taylor and William Taylor and a grandniece, Ruth Taylor of Pasco, Wash.

Flagler, who in addition to his oil interests was the builder and owner of the Florida East Coast railway, married again. After his death in 1913 his widow married Robert W. Bingham, publisher of the Louisville Courier-Journal and the Louisville Times. She has died since.
