TEXAS GIRL BRUTALLY TORTURED

DEATH WIPES OUT THREE OF TEXAS FAMILY

(By Associated Press)
DALLAS, Sept. 12.—Last rites were planned for this afternoon at Athens for a mother and two sons, victims of a strange succession of tragedies.

Mrs. Lou Beavers, 62, of Athens, and her son Wesley Beavers, 28, were killed here yesterday in an automobile collision as they were enroute to Garland to arrange funeral services for another son, Oscar L. Beavers, 28, lineman for the Texas Power and Light company who was killed Wednesday at West with three other linemen when they came in contact with a high voltage wire.

Others Hurt Slightly

John R. Gibson, manager at Athens for the Texas Power & Light company, who was riding in the car with Mrs. Beavers and her son, suffered only minor injuries.

E. J. Majure of Jacksonville, driver of the other car, suffered a dislocated shoulder and several broken ribs. He was charged with driving while intoxicated. Charles Cumbe, negro, of Jacksonville, who was in the car with Majure, was uninjured but was held in jail as a witness.

Soon after the accident, a sister of Mrs. Beavers, Miss Charlotte Woodruff of Lancaster, was brought to Dallas but was prostrated with grief and was sent to a hospital. Wesley Beavers is survived by his widow and two children. Oscar Beavers was unmarried.

TO FLY OCEAN

A trans-Atlantic flight to Hungary is planned by Lieutenant Alexander Magyar of the Hungarian Air Force, (top below), who is company with Captain George Endress (bottom) will shortly take off from Harbor Grace, Newfoundland, in an attempt to win the \$50,000 offered by the Hungarian government to complete the ocean hop. Lieutenant Magyar was formerly a student at Parks Air college, East St. Louis, Ill.

FLIERS START OUT MONDAY

COSTE AND BELLONTE TO VISIT CAPITALS OF U. S.

(By Associated Press)
NEW YORK, Sept. 12.—Dieudonne Coste and Maurice Bellonte, French Trans-Atlantic fliers, will start Monday upon a 15,000 mile journey four across the country during which they will fly over 100 cities in 30 states.

Their itinerary will take them up New England to Boston, thence westward across the northern part of the country to Seattle, down the Pacific coast and eastward over a southern route, then up the Atlantic coast back to New York. The flight is expected to require 25 days.

Stops will be made in 29 of the largest cities on Broadway or four hours. The fliers plan to circle over the other places on their route and drop messages of greeting. They will fly over state capitals wherever possible.

The stopping places indicated include El Paso, San Antonio and Oklahoma City.

Another Route on Bus Is Authorized

Bus Is Authorized

Application of Will Inard, city bus line operator, to put on another route in Lubbock was approved this morning by a committee from the city commissioners appointed to investigate the need for such a route. The new route will be from the station on Broadway to Texas Tech drive and front administration building, reverse and traverse the same route to the city.

Local Women Hurt In Car Accident

As the result of a car accident in the outskirts of Floydada yesterday afternoon, Mrs. Arthur M. Gamble, 2609 28th street, and Mrs. C. A. Bickley, 1712 Broadway, are suffering with slight injuries today and Miss Viva Gurb of Petersburg, is in a Floydada hospital.

Miss Gurb was cut about the face and bruised but her condition is not considered critical.

Mrs. Gamble, Mrs. Bickley, Cecil Bickley, Mrs. Gamble's niece, Miss Mary Gamble of Floydada, and Miss Gurb were starting to Lubbock from Floydada yesterday afternoon when a car turned in front of them, forcing them into the ditch, causing the injuries and wrecking the car. After the wreck, Miss Gamble remained in Floydada.

Recount Of Votes To Be Requested

DETROIT, Sept. 12.—(AP)—Alex J. Groesbeck, who was defeated for the Republican nomination for governor by Wilber M. Brucker, attorney general, in Tuesday's primary election, announced today that he will file a petition asking for a recount of the vote in all counties of the state.

"ALFALFA BILL" HAS NOTHING ON COMMISSIONER DENTON

LUBBOCK OFFICIAL PLANTS ACRE OF COURTHOUSE LAWN IN TURNIPS

"Alfalfa Bill" Murray, Democratic nominee for governor of Oklahoma, whose declaration that he will sow the lawn of the Sooner capital in alfalfa if elected, has nothing whatsoever on L. C. Denton, Lubbock county commissioner, whose precinct is No. 4, has sowed an acre of the Lubbock county courthouse lawn in turnips.

"And they are beginning to come up too," he proudly declared this morning.

Mr. Denton stated that while the plowed ground of the premises owned by the county is laying idle waiting to be put to

Seaman Found Murdered Near Houston

COMPANION IS HELD; TELLS OF HOLDUP

BODY IS FOUND AFTER HOLDUP IS REPORTED TO POLICE TODAY

(By Associated Press)
HOUSTON, Sept. 12.—Beaten over the head and shot through the chest, the body of H. H. Myhrs, a seaman from the west coast who had been shipping out of New Orleans, was found today beside a road leading into Houston. C. D. Kennedy of New Orleans, another seaman, who said he had been Myhrs' companion, was held by the authorities as a material witness.

The body was found by officers who began a search after Kennedy had appeared here and told them he and Myhrs had been held up by two white men and a negro. The white men, he reported, had taken Myhrs away, leaving the negro to guard him.

Tells His Story

"The two men," his statement added, "came back about 10 minutes later and Myhrs was not with them. I noticed a lot of blood on the car. The three men then got in the coupe and drove away, leaving me alone. I didn't know what had happened to my friend. I then came to Houston and reported to officers.

The seaman, according to information assembled by officers, were traveling in a Louisiana car licensed with the number 218,908.

Body Arrives

A dramatic moment ensued when Kennedy was confronted with Myhrs' body at the county jail. While Kennedy was being question-

MORE LIGHTS ORDERED

LUBBOCK TO BE WELL LIGHTED CITY IN NEAR FUTURE

Involving an expenditure of approximately \$3,779.80, material for erection of 60 additional white way standards were purchased by the City of Lubbock yesterday from the General Electric company, Amarillo branch, Graybar Electric company, Abilene office, and Economy Electric Supply company, Fort Worth.

The standards will be erected on 19th street from Avenue Q to College, and on Avenue H from 19th street to intersection of the Fort Worth and Denver railroads.

Buy New Standards

Included in the material which was ordered were 60 new standards, similar to those now in use by the city, heavy lead covered and steel taped cable.

Announcement was made yesterday following a meeting of the city commissioners that the city will take over all water and sewer lines in O'Neal terrace, a consideration of \$3,785.34 being paid to the owners.

The equipment to be taken over includes 2,870 lineal feet of six inch sewer lines, two and a half inch, twenty-four 4 by 6 wyes, three manholes, 3,460 feet of six inch cast iron pipe, four fire hydrants and three valves and boxes.

Bettencourt Goes To St. Louis Club

WICHITA FALLS, Sept. 12.—(AP)—Sale of Larry Bettencourt, Texas league home run king, to the St. Louis Browns of the American league was announced today by William Huff, president of the Wichita Falls club, a St. Louis "farm." He will report next spring. It was said to have been a cash transaction.

WILLS POINT BANKER DIES

DALLAS, Sept. 12.—Blount Wright Bruce, 73, banker of Wills Point, died in a hospital here today.

Hal Bradley Named Manager Of Airport

Hal Bradley, local aviation enthusiast, has been appointed as manager of the Lubbock municipal airport, according to announcement made this morning by city officials.

Mr. Bradley will take over active management of the field. At this time he has no plans to make public.

The new hangar at the field is rapidly nearing completion, authorities said today. Practically the only thing remaining is the installation of doors in the front of the building.

DROUTH AID ATTACKED

SENATOR WHEELER, DRY, DECLARES PROHIBITION FAILURE AND ADVISES STATES RIGHTS IN ITS REGULATION

(By Associated Press)
WASHINGTON, Sept. 12.—Senator Burton K. Wheeler, Montana Democrat, ranked among the drys in congress issued a statement today saying he had come to the opinion "that national prohibition is a failure and that each state should be left to regulate the liquor traffic as a majority of its citizens deem advisable."

His statement follows:

"I voted for prohibition in Montana because I felt the old saloon was a curse, so the American people and I wanted to do away with it. In the old days the breweries in many instances owned the fixtures, the buildings and the license and in many instances controlled local politics.

Bootlegger Is Power

"I am no more in favor of the saloon, no more in favor of the saloon liquor today than I was before, but under prohibition you have in many cities more dives and speakeasies where they are openly selling rotten whiskey than you had in the old days. Today in many communities, the bootlegger is becoming a greater political power and has more influence than the old time saloon keeper as evidenced by the fact that he is able to reach many of our higher officials. He is generally a much lower type of citizen. He has had a frightful corrupting influence on our social, moral and political life.

Administration Helpless

"In view of the facts this administration and the previous administrations have apparently been helpless in stamping out the evil I am reluctantly forced to the

REPORTS QUITE MISLEADING

SAN FRANCISCO, Sept. 12.—(AP)—The Rev. W. B. Lingle, chief of Presbyterian foreign missions in Changsha, China, arrived here carrying four letters certifying he had been killed by bandits. He said 11 other reports were quite misleading.

NEWS BULLETINS

(By Associated Press)

First Lady Then

WATERLOO, Ia., Sept. 12.—(AP)—Came the revelation that the first lady was first lady years ago in a roller skating contest. Somebody has found in the Waterloo Courier of May 28, 1894, an item relating that Miss Lou Henry had won a beautiful silk gown by skating twice around a hall and blowing out 19 candles in 38 seconds. Her address is now Washington, D. C.

Planes On Tour

CHICAGO, Sept. 12.—(AP)—Planes participating in the National Air tour took off from Davenport, Iowa, today starting at 10 a. m. Central Standard time. M. E. Zeller, piloting a Ford tri-motored ship, led the way and was followed in short intervals by the other 18 participants.

Volcano Active

TOKYO, Sept. 12.—(AP)—Asama, Japan's most active volcano, erupted violently today, sending a shower of ashes and small stones down upon Karuzawa, the small town nearby noted as a summer resort and meeting place of missionaries.

Salesman Dies

ITALY, Sept. 12.—(AP)—J. B. Browning, a salesman of Hillsboro, died suddenly while riding in an automobile on the highway between Washburn and Italy yesterday. At the time he was accompanied by Lee Langford of Mertens. The coroner held that death was from natural causes.

To Make More Cars

ATLANTA, Ga., Sept. 12.—(AP)—The Atlanta Ford Motor Company plant, according to announcement today, will start Monday on an increased production schedule with 150 additional employees. The new schedule calls for 25 additional car units a day in the plant. Bringing the total to 135 cars a day.

Players Sold

FORT WORTH, Sept. 12.—(AP)—On the heels of the sale of Les Mallon and Lil Stoner to the Philadelphia Nationals, announcement of the disposal of Tony Piet, recent acquisition from Waco, to the Pittsburgh Pirates was made today by Ted Robinson, president of the Fort Worth baseball club.

Piet was obtained from the Waco Cubs Tuesday and immediately was resold to the Pirates for \$7,000. Stoner and Mallon were sold to the Phillies for \$25,000 cash and players.

Leases Filed

LONGVIEW, Sept. 12.—(AP)—Seventy-five oil and gas leases covering 16,000 acres were filed with the county clerk here Thursday in favor of the Republic production company of Houston. The deal included \$18,000.

Pittsburgh, Sept. 12.—(AP)—A \$9,000 payroll was taken by three bandits who held up two employees of the W. N. Sauer company, heating and plumbing engineers, in front of the company offices here today.

TERRELL SAYS FEDERAL AID IS MYTH

(By Associated Press)
AUSTIN, Sept. 12.—In a statement today George B. Terrell, Texas commissioner of agriculture, characterized federal drouth relief plans as a myth and claimed it was government aid by "word of mouth."

Terrell said there has been enough "printer's ink and newspaper space wasted" on the discussion of state and federal aid for drouth sufferers to provide a fund sufficient to relieve all distress and added "but no meat or bread to feed the destitute has been offered by the federal or state governments and no funds have been advanced by either government to aid the situation."

Made For Appearance

Terrell said the "great show" made by the federal government was for appearance only and was to be expected because "this is a

NEGRO DIES IN THE CHAIR

MEXICAN GIVEN WEEK TO PREPARE; NEGRO READY TO GO

(By The Associated Press)
HUNTSVILLE, Sept. 12.—One man, his respite from death ended, died in the electric chair at the state penitentiary early Friday as another, given a week more of life by Governor Dan Moody, rejoiced that he had been saved.

Jesse Lee Washington, youthful negro, paid with his life for the murder of a white woman, Lusi G. Arcon, a tall handsome Mexican, who was scheduled to die with the negro, was granted a week's stay by the governor. He was spared at the request of Father Hugh Finnegan, prison chaplain, who said he needed the additional time to "prepare Arcon for death."

Walls Unassisted

Apparently sustained during the last terrific minutes before he sat down in the chair by his faith that his sins had been forgiven Washington walked unassisted into the death chamber.

When asked if he had a last word to say before, he replied with the longest "speech" ever made by a doomed man in that narrow gray room.

Denied Killing

He denied that he killed Mrs. Henry Vaughn, a white woman who

INCREASE IS NOTED IN NUMBER OF WOMEN IN U. S. ENGAGED IN GAINFUL OCCUPATIONS; 50 YEARS IN SURVEY

(By The Associated Press)
WASHINGTON, Sept. 12.—A 90-year old study of women in gainful occupations, from 1870 to 1920, today was published by the United States census bureau as background for 1930 census discoveries on feminine status.

Dr. Joseph A. Hill, assistant to the census director, author of the Monograph, pronounced it the one of the most interesting economic studies in the province of the census.

Forward Given

A foreword by Seymour L. Andrews set forth: "Whatever opinions may be held as to the proper sphere of women, the fact is that to a considerable extent, woman's place today is no longer in the home."

Andrew commended Dr. Hill for "refraining from excursions into realms of speculation," and making

FORMER RULER IS MISSING

IRIGUEN EXPECTED TO ARRIVE IN EXILE BUT DOESN'T

(By Associated Press)
BUENOS AIRES, Sept. 12.—Mystery today surrounded the whereabouts of Hipolito Irigoyen, deposed Argentine president who yesterday, ill and feeble, was placed aboard a warship at La Plata and presumably started toward a place of exile.

It was learned today that the Uruguayan consul cabled his government at Montevideo yesterday that the cruiser, General Beigrano, had sailed for Montevideo with the former president aboard.

Preparations Made

Preparations were made in the Uruguayan capital to receive him last night. President Campisteguy delegating his secretary and other officials to meet him and make him welcome.

But the General Beigrano did not reach Montevideo. It was believed here that after leaving La Plata it merely anchored outside

Dallas Publisher Donates City Park

DALLAS, Sept. 12.—(AP)—Edwin J. Kiest, publisher of the Dallas Times Herald, today presented to Dallas a park site of 175 acres in memory of his wife, the late Mrs. Elizabeth Patterson Kiest. The site adjoins Dallas on the southwest, is well wooded and drained and presents splendid possibilities for development along natural lines.

Mr. Kiest has been planning a suitable memorial to his wife for several years. Mrs. Kiest died July 7, 1917, after they had been married nearly 25 years.

In giving the park site to Dallas, Mr. Kiest said only that the land was given for park purposes in perpetuity and he desired the park board to use its judgment in developing it.

James Terrell Is In Arkansas City

EL DORADO, Sept. 12.—(AP)—James Terrell, who with Sam Irby disappeared from their hotel at Shreveport a week ago, reappeared at the home of his mother here today, after what he said was a week's fishing trip with a party of friends.

He told his mother, Mrs. R. C. Hesselroth, that he had not been forcibly removed from his hotel. He insisted he had "not gone to Shreveport to file a suit against Governor Long, as he was a week's fishing trip with a party of friends."

Irby appeared in federal court at New Orleans Wednesday.

Fire Prevention To Be Observed

Fire prevention week will be observed in Lubbock from October 2 to October 11, according to announcement made here this morning by city officials.

No official program has been announced for the period but officials stated that the city and chamber of commerce probably will outline some form of observance.

MAN IS SOUGHT FOR BURNING OF VICTIM

HUNDRED PACES ON HEP BODY BURNED BY ASSAULTER

(By Associated Press)
BEAUMONT, Sept. 12.—A 21-year-old girl is in a critical condition here today after having been tortured for five hours last night by a man who took her to a hotel room and burned her in more than 100 places on her face and body, with cigarettes or cigars, according to her story to officers.

She told of the alleged mistreatment at times when she was conscious, her condition being such that she was delirious during long periods.

Beaumont Man Sought

Officers were searching for a 24-year-old Beaumont man the woman described as her assaulter.

The burns were on her lips, face, breast, back and limbs. Both eyes were closed from blows and some of the seared places indicated they had been made with a red hot rod.

LARGE CROWDS GREET CARS

WARM RECEPTIONS ARE GIVEN LUBBOCK MEN ON TRIP TODAY

(By Staff Correspondent)
TAMOKA, Sept. 12.—Lubbock good will trippers, numbering approximately 100, are being welcomed by large crowds in each of the cities on the itinerary of the tour which is being made today.

Headed by the Lubbock high school Western band, an organization of about 35 pieces under direction of H. A. Anderson, the motorcade is spreading the gospel of Lubbock and the Panhandle-South Plains fair along its route.

Schools Dismissed

In each of the cities, four having been visited this morning, city schools have been released that the children might assemble around the visitors, listen to the music and obtain the many little souvenirs which are being distributed.

Slason was the first town to be visited and here Jess Levens made the address inviting people of that territory to Lubbock. A short address of welcome was made by L. A. Wilson, secretary of the Station Chamber of Commerce. W. O. McMillan was the Lubbock speaker at Southland and Tahoka while J. D. Wylie had the honors at Post.

Luncheon was served at Tahoka and departure for Lamesa and O'Donnell was made shortly after 1 o'clock.

Season Opens With Gay Dance For Dancing Club Members Thursday

Night Club Setting Used Last Night At Dance Given For Dancing Society

The winter season was opened for dancing club members with a fourth last evening when almost the entire membership attended a gay dance at Hotel Lubbock.

Hostesses for the occasion, Mesdames J. H. Miller, Neil H. Wright, Charles Reed, R. C. Smith, Elvira Quinn, Harry Padilla and Louis Howard, provided a program along with the regular dancing.

In a night club setting with the ball room and hotel balcony designated as "O'Connell Inn" guests spent the evening. Tables, arranged on the balcony, were garlanded with flowers and decorated with the regular dancing.

As special numbers during the evening, Miss Gaila Riegel gave a hokey dance, Miss Ann and Sophie Spruce danced and Jack O'Connell played a piano number. Music was furnished by a colored orchestra.

During the fall and winter months, a dance is to be given monthly by this club.

Baptist Class Has Party On Thursday

A social was given Thursday afternoon in the home of Mrs. Joe George, 2319 16th street, for the newly organized Baptist class of the First Baptist church.

A program, consisting of musical numbers and readings, was given during the afternoon by Mesdames W. P. Clement, C. F. Linton and C. F. Hubbard and Misses Elizabeth Kirkman and Elizabeth Hargrave.

At the close of the afternoon, refreshments were served to Mesdames J. I. Noah, R. C. Hopkins, E. L. Wright, J. D. Lindsey, J. D. Carroll, C. H. Dunn, M. A. Williams, James E. Baskin, R. C. Campbell, I. P. Holland, Guy Hargrave, C. F. Linton, W. P. Clement, H. G. Beck, E. Staudman, Ed Vaughn, Della George, Miss Kirkman and Miss Hargrave.

Mrs. Ed Vaughn is president of the class.

Three Visitors Are At Club Meeting

Three visitors were in attendance with club members Thursday afternoon when Mrs. I. F. Kennedy entertained La Oenacina club members in her home at 2008 9th street.

These were Mrs. B. B. Swaffin, Mrs. J. W. Richards and Mrs. J. P. Lewis, the latter of Meridian.

Club members attending were Mesdames Sidney Ogilvie, R. L. Clinkscale, J. W. Storey, J. B. Caldwell, J. E. Marquet, H. B. Bryan, George W. Brewer and C. M. Trajor.

The afternoon was spent sewing and a salad plate was passed by the hostess.

New Orchestra Is Playing At Hilton

Announcement of the engagement of Dick Dickerson and Miss High Finner, of Dallas, one of Texas' best known concert and dance orchestras, has been made by management of the Hilton hotel here.

The band probably will remain in Lubbock for several weeks, playing daily at the Hilton. The organization comes to this city from radio station KSAE, Fort Worth, and the Baker hotel of Dallas and Mineral Wells. Dickerson and his boys also were fixtures for a time at Bagdad, near Dallas.

Personnel of the band includes Dickerson, sax, clarinet and flute; Joe O'Connor, sax, clarinet and flute; Jack Amburg, sax, clarinet and violin; Emer Gifford, banjo, cello and guitar; Ray Williams, piano and arranger; Benno Woodworth, trumpet and melophone; James Stewart, drums; Les Henry, trombone.

The afternoon was spent sewing and a salad plate was passed by the hostess.

M System Stores Purchase 5 Bales

Announcement was made this morning by the M System stores of Lubbock of the purchase of five bales of cotton today under the "Buy a Bale of Cotton" movement proposed by Governor Dan Moody.

In each instance 25 cents per pound were paid for the bales.

The cotton was purchased from E. L. Disher, Joe Green, H. B. Phillips, C. F. Young and R. M. Paschal. Weights of the bales were 321, 328, 329, 332 and 331 pounds respectively.

Rev. McCarty Is Named Moderator

Rev. C. J. McCarty, pastor of the Calvary Baptist church, was elected moderator of the Lubbock Baptist association for the coming year at a meeting held in Pecos Wednesday and Thursday. J. D. Carroll, religious director of the First Baptist church, was elected clerk and Dr. A. Williams, of Pecos, was chosen treasurer.

A good attendance was reported and Abernathy named as the place for the next annual session.

REVIVAL TO BEGIN

A revival is to begin at the Calvary Baptist church next Sunday, according to announcement this morning by Rev. C. J. McCarty, pastor. He will be in charge of the services and singing will be under the direction of Dr. A. Williams. Two services will be held daily.

NO HAVE-GATE
Check 3 of the First Christian church 211 to have a fast walk in the city during these seasons.

NEWS BRIEFS

O. B. Jarvis, of Houston, formerly connected with the Avalanche-Journal publications, is visiting here.

Mrs. G. M. Whitney of Alexandria, La., and Mrs. Alice T. Reader and son, Whitney, of Houston, have returned to their homes after a visit with Mr. and Mrs. W. W. Rex.

Miss Catherine Dodson, of Vernon, who has been visiting friends in Lubbock has gone to Midland to visit friends before returning to her home.

Edwin Humphreys has returned to his home in Plainview after a visit with friends here.

Miss Vivian Johnson, teacher in the school of home economics, Texas Technological college, is to return to Lubbock Sunday, Miss Johnson taught in the State Teachers college, Cedar Falls, Iowa, during the first part of the summer and has been visiting relatives in San Marcos for the past few weeks.

Rev. M. F. Hines, H. H. Nixon and Paul Nixon, of Vernon, are in Lubbock visiting in the home of Mr. and Mrs. W. L. Stringer and Rev. and Mrs. C. A. Buckley. Paul Nixon is to enter Texas Technological college this fall.

Wayne Nelson of Fort Worth is a business visitor to Lubbock.

Mrs. E. L. Dohoney, 1204 Avenue X, is ill at the Lubbock sanitarium.

Miss Virginia Stacey of Cleburne former student of Texas Technological college, has returned to Lubbock to make plans to attend college this fall.

Pauline Hawthorne, 2113 14th street, is recuperating from a gonorrhea performed this morning.

F. R. Pickens of Aiken is visiting here today.

Mrs. Harvey Black of Denison has arrived here to join her husband, who will be a student in Texas.

Hundreds Attend Parent-Teachers Club Meetings; Three Societies Open Season

The first fall meetings of three parent-teacher associations in Lubbock Thursday afternoon drew hundreds of parents and teachers to the schools for the sessions.

Talks were made introducing the activities of these societies for the year. Officers were elected to fill vacancies that were left open at the regular election time last spring. Approximately 150 were in attendance at the Dugre P-T-A meeting, there were 30 at the Carter ward meeting and no count was made of the Junior High P-T-A attendance. Officers were named at this last meeting.

M. H. Duncan, superintendent of city schools, was the principal speaker at the Dugre meeting. He made a general talk on the school and aims of the P-T-A association. L. H. Linton, physical education instructor, told something of what he expects to accomplish during the winter.

Mrs. N. L. Peters is president of this association and presided at the meeting. Other elective officers include the following: First vice-president, Mrs. J. H. Mardough; second vice-president, Mrs. Glen Hess; third vice-president, Mrs. J. P. Owen; secretary, Mrs. T. A. Rhoads; corresponding secretary, Mrs. J. C. Altonworth; treasurer, Mrs. C. O. St. Clair.

Chairmen have been appointed as follows: Grounds, Mrs. George Dugre; social services, Mrs. L. C. Craven; cafeteria, Mrs. Madeline Lerner; publicity, Mrs. Charles Reed; social, Mrs. R. V. Kimmel.

Mrs. J. T. Shaver talked on "The Group Study Plan" before a gathering of the Carter P-T-A in the afternoon and Mrs. Joe Starn school health nurse, discussed her work in the school. Mrs. E. R. Whitlock urged members of the association to read a book on the group study method, that has been published by Mr. Duncan. She will lead the P-T-A program for the year.

Mrs. J. B. Askin and daughter, Dorothy and Margaret, have returned to their home in Sweetwater following a ten days' visit with friends in Plainview and Lubbock.

Mr. and Mrs. Ralph Rex, who spent the early part of the week in Lubbock, have gone to El Paso to visit before returning to their home.

Lu Beta Delphians Gather In First Fall Session Thursday for Program

Although the opening meeting for Lu Beta Delphians for the fall was postponed Thursday afternoon, in Room 204 of the Tech administration building, a luncheon, which is to be served next Thursday at Hotel Lubbock, will be the social occasion which annually opens the season.

Mrs. R. D. Moxley was leader of the program yesterday on "Introduction to the Study of Renaissance Painting" and she was assisted by Mesdames E. L. Potts, O. K. Peters, Richard White and R. H. Strickland. The president, Mrs. A. T. Rogers, presided over the business session.

Those present at the meeting were Mesdames A. T. Rogers, Walter P. Johnson, J. D. Russell, Calvin Johnson, D. N. Leaverton, R. D. Moxley, J. H. Hankins, Clark Mullean, J. E. Hamilton, J. E. Edwards, W. G. McMillan, E. L. Potts, Fred Starn, John Dalrymple, O. K. Peters, Russell McCrossin, Ralph Redford, J. H. Hargrave, R. H. Ewell, J. C. Powell, M. N. Hale, Fred Staudman, R. T. Cannon, F. A. Kimmich, D. R. Sandstrom, Richard White, L. B. Gamble and Mrs. Robert Lowrey, who was introduced to the club as a new member.

The year Mrs. Whitlock is president of this society.

A violin solo was played by Miss Margaret Habel.

In a contest that is carried through the school year, pictures were attached to the rooms of Miss Nevada Richardson and Mrs. O. N. Brown for having the largest attendance of members.

Mrs. E. L. Robertson was elected president of the Junior High school P-T-A in a meeting that was presided over by Mrs. W. W. Rigby, president of the City P-T-A council. Other officers were elected as follows:

First vice-president, Mrs. E. L. Baska; second vice-president, Mrs. Thad Thomas; third vice-president, Mrs. J. H. Furrer; secretary-treasurer, Mrs. C. F. Linton.

This association has announced night meetings for every six weeks and the first of these is scheduled for the first Thursday in October.

Rudy Misses Her

Checking up the enormous amount of fan mail received by Rudy Valle, noted orchestra leader and radio star, is the task of this young lady, Miss Evelyn Langford. Rudy's private secretary is shown here enjoying a vacation cruise on a liner bound westward from New York.

Mrs. Hinson Party Hostess Yesterday

Mrs. Ray Hinson, 1408 Avenue O, was charming hostess to members of the Thursday Bridge club yesterday afternoon in her home, serving a palatable refreshment course at the end of the game.

High score was made by Mrs. L. C. Johnson, of Ashville, N. C., and Mrs. R. T. Kelly was high in a suit. Others attending were Mesdames R. E. Dink, L. C. Hewitt, L. A. Howard, Sterling Jordan, Dewey McClain, W. J. T. Robertson, W. H. Wright, H. F. Maner and W. E. Stinson.

Group Goes Today To Plainview

Mrs. Maple Wilson and her house guests, Mrs. Fred Caylor and son, Floyd Norman Caylor, and Mrs. Don Caylor and son, Marvin, all of Hugo, Okla., went to Plainview today to take Mrs. Wilson's sister, Mrs. Walter Tyler, home. Mrs. Tyler has been visiting here for several days.

Fred Caylor is to enter Texas Technological college here this winter. His mother, Mrs. Fred Caylor, is the aunt of Mrs. Wilson and of Fred Caylor, of this city.

Girls Make Favors To Be Used For Party

Mrs. H. W. Richardson was hostess to a group of girls in her home at 1205 Avenue R yesterday with a luncheon and the group spent the day making favors for the annual open house Methodists will have for Tech college students this fall.

Those in the party were Misses Hazel Orver, Christine and Marie Price, Daisy Lockwood, Lizzie Bell Clements, Mildred Hinds, Dorothy Rylander, Alene Odum, Lila Gay Rogers, Lola Thompson, Mildred Harris and Mrs. Eldridge Egan.

Club Member Will Be Honored Today

Las Yivirachas club members are entertaining from 5 until 8 o'clock this evening with a theater party complimentary to one of the members, Miss Melba Mae Tatum, who leaves Sunday for Denton to enroll in the College of Industrial Arts for the winter.

Y. W. A. Meeting Has Been Delayed

A meeting of the Calvary Baptist Young Woman's association, which was scheduled for last evening, was indefinitely postponed, it was announced this morning.

Three Bottles Helped

"I cannot praise your good medicine enough. After my baby came I was rundown. I had to go to bed often through the day. I took three bottles of Lydia E. Pinkham's Vegetable Compound and I felt like a different woman. If any other mother has those tired feelings like I had, I advise her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Harold Goodnow, 35 Case Street, Finchburg, Massachusetts.

EVERY CAN of Hills Bros Coffee is as rich in aroma and flavor as when it came from the roaster

FRISH from the original vacuum pack. EARLY spend with the key. Look for the Arab on the can.

You boil the most evenly by letting it cook on each side a little at a time. Hills Bros. roast their coffee evenly by roasting only a few pounds at a time.

THE WAY Hills Bros. Coffee is roasted—the way it is packed—brings a distinctive wealth of flavor and goodness to every cup you make. Only a few pounds at a time are roasted by Hills Bros.' patented, continuous process—Controlled Roasting. No bulk-roasting method can roast every berry as evenly as this process. Naturally, no other coffee can have the same delicious flavor that Hills Bros. Coffee has. Because Hills Bros. Coffee is packed in vacuum tins, air, that destroys the flavor, is completely removed at the time of packing and kept out. No ordinary air-tight tin will keep coffee fresh. The Hills Bros. Coffee you buy is just as fresh as when it came from the roaster. Ask for Hills Bros. Coffee by name and look for the Arab on the can. Sold by grocers everywhere.

Hills Bros. Coffee, Inc. 2525 Southwestern Blvd. Kansas City, Mo.

CO-OP WORK IS TO BE TOLD IN MEET

FULL DETAILS TO BE GIVEN SATURDAY TO FARMERS

Full details of how cotton is handled from the time it leaves the field and in the various offices of the Texas Cotton Cooperative association will be told when Lubbock county farmers attend a mass meeting to be held in this city tomorrow afternoon.

The meeting will begin at 2:30 o'clock in the county courthouse and is being sponsored by the Lubbock County Farm Bureau. All cotton farmers and others interested in the handling of cotton are invited and urged to attend the gathering.

Leading To Talk

Dean A. H. Ledwith, of the Texas Technological college school of agriculture, will be a principal speaker. His talk to be on how cotton is handled between the field and the consumer. A. B. Cole, government classifier and grader, who is here temporarily with the Texas Cotton Cooperative association, will tell of the class of service his work offers.

E. N. Holmgren, poultry specialist of Texas A & M college extension service, who is to spend Saturday in this county, will also talk to the farmers in the afternoon.

County Agent D. F. Eason, H. J. Bower, professor of agronomy at Texas Tech, and W. M. Ross, president of the Lubbock County Farm Bureau, will also make short addresses.

SOUTH PLAINS NEWS CHATTER

By J. SAM LEWIS
Field Correspondent

CLUB MEN BUSY

Members of the service clubs at Brownfield are still talking of their achievements following a baseball game on Friday, September 5, which demonstrated the ability of the Lions to play baseball as well as to roar. The game was tied 14 all in the seventh inning with both sides feeling tired muscles and weary legs when the pitcher of the Lions "blew up." Before he could be captured and settled down, the Lions had hammered fourteen more runs across the home plate. Players forgot their troubles in watching the procession of Lions parade down the line from third home. The Notarians managed to cap three more runs and the game ended, 28 to 17. Proceeds of the game went to the Christmas fund which the teams are sponsoring.

CLYDE PLANS SUIT

Clyde Beckenstine, special court reporter for Judge Gordon M. McClure, is thinking about bringing a mandamus proceeding or a writ of habeas corpus in the Terry county district court against the operator of the fire alarm for Brownfield. The other morning Clyde was serving the steps of a public trust reporter at about three a. m. when the alarm boomed forth with about four or five long blasts. Clyde arose, hastily dressed and looked to the fire as they do in London. He was unable to find any fire. He was unable to sleep for the moment. Clyde saw J. E. Shelton, secretary of the chamber of commerce, come around the corner still rubbing his eyes. He was followed by several more men from their conviction he gathered it was the alarm going to the Carlsbad Caverns highway meeting at Carlsbad Tuesday. What the court will do in the matter is not known but the reporter says there will be no plea of abatement but more probably a petition to be made a party to the action.

PLANNING LEGAL ACTION

"Doc" Powell, president of Brownfield's most exclusive social organization, the "Boys of Note", is planning court action against the "tree shivers" of the court house park. During court weeks at Brownfield, the boys have been occupying the

1960 Skyscraper!

Skyscrapers like this—a half mile high, housing more than 20,000 workers and containing garage space, a civic center, offices and apartments—will be in style about 1960, in the opinion of Francis Keally, New York architect, who drew this plan. The building will be 20 degrees cooler at the top than on the first floor. Office employees will be able to rest and spend the noon hour in the civic center on the second level, while the first level will be used for parking autos.

benches and handstand in the court house square. "The people get me confused with those tree shivers," Doc complained to his friend J. C. Bond of the Brownfield Hotel. "I want you to get an injunction or something against these men. Hire Judge Neill as attorney and we'll see what can be done."

STRAY FINDS HOME

Over at the Hotel Love in Lovington a stray cat came wandering about two weeks ago. The animal was not much more than a kitten and it was seeking a home. For some reason the kitten does not try to go into the hotel. A box with an old shirt for bedding, has been fixed on the front veranda of the hotel and the kitten sleeps there at night.

HERE'S QUEER STORY

Bob Anglin is responsible for this story. A Lovington man not long ago had occasion to drive up near Tatum along the state highway at night. In the light of his headlights he saw some distance ahead a pistol lying in the road. Stopping beside the gun, the driver turned his flashlight on it with the result that he saw it on top of a five dollar bill. Drawing from the car pocket his "45" the man flashed the light on it and then stepped from the car to the road. He picked up the gun and bill, got back into the car and drove off. "I thought it was a hi-jack plot and was afraid for a few minutes to get the gun," the man told Secretary Anglin.

THEIR FAVORITE TUNE

Oil Field Blackie, who runs the Oil King cafe at Hobbs, owns two remarkable canaries. There is a mechanical piano in the front of the cafe where the birds are kept in cages. When almost any ordinary tune is played the birds sing but when "It's Springtime in the Rockies" is the tune they open their throats about twice as wide and sing at the top of their voices. For no other tune to the birds seem to make as much music as they do this one, the most popular tune in Hobbs.

SCIENTISTS EQUIPPED WITH CANDY AND CAMERAS OFF ON ISLE JOURNEY

(By The Associated Press)
SAN FRANCISCO, Sept. 12.—Scientists equipped with lighthouses and telescopes, glass boats and astronomical cameras, set sail for Niuaofu, or Tinian Island, today aboard the liner Ventura.

They hope to acquire and complete data on the total solar eclipse, which will be visible on that island of the Tonga group October 21.

The party of scientists is headed by Prof. and Mrs. Joseph J. Johnson, sent out from the Perkins observatory of Ohio Wesleyan university.

The candy, bread, tobacco and other trinkets will be used to pay the natives who help set up the equipment.

BOGOTA (AP)—Chemists have been forced to develop a new fountain pen ink for this mountain city. At an altitude of a mile and a half, visitors have been annoyed to find the ink in their pens spill into their pockets, the atmosphere lacks sufficient pressure to keep the ink in the barrel.

Easterwood Is To Give Check Soon

PARIS, Sept. 12 (AP)—Colonel W. E. Easterwood, donor of the \$25,000 prize won by Cote and Belmont for their flight to Dallas, today

cabled to Cote in New York that he would sail for home on the liner Leviathan.

"I am ready to present the check at your convenience," said the cablegram. "Please advise probable date."

The Leviathan is due in New York Saturday, Sept. 20 and Colonel Easterwood hopes to arrive there before Cote leaves on his goodnight trip.

Agriculture is the largest British industry.

Piggly Wiggly AND Helpy Selfy

It has been the policy of Davis & Humphries, since the perfection of their Piggly Wiggly organization in Lubbock, to join hands with the city in every cause which is necessary and beneficial for Lubbock and the South Plains' progress. The volume of business being done by these stores indicates that the public appreciates the spirit of cooperation and modern methods of food distribution which is necessary for the development of any city. This week Piggly Wiggly purchased ten bales of cotton, paying fifteen cents per pound, joining the "Moody buy-a-bale" movement to aid agriculture.

Piggly Wiggly stores are conveniently located over the city. The fruit and vegetable departments of these stores are filled with the finest that the markets of the country afford. The grocery departments are heavily stocked with well known brands of canned foods. The meat departments are supplied daily with the freshest meats. All these departments are open to the public where shopping is made easy for the thrifty housewife of Lubbock.

To every woman who uses Snowdrift

Your Grocer has a True Bargain for You Today

Snowdrift is down in price! Lower in price than it has been in many, many years.

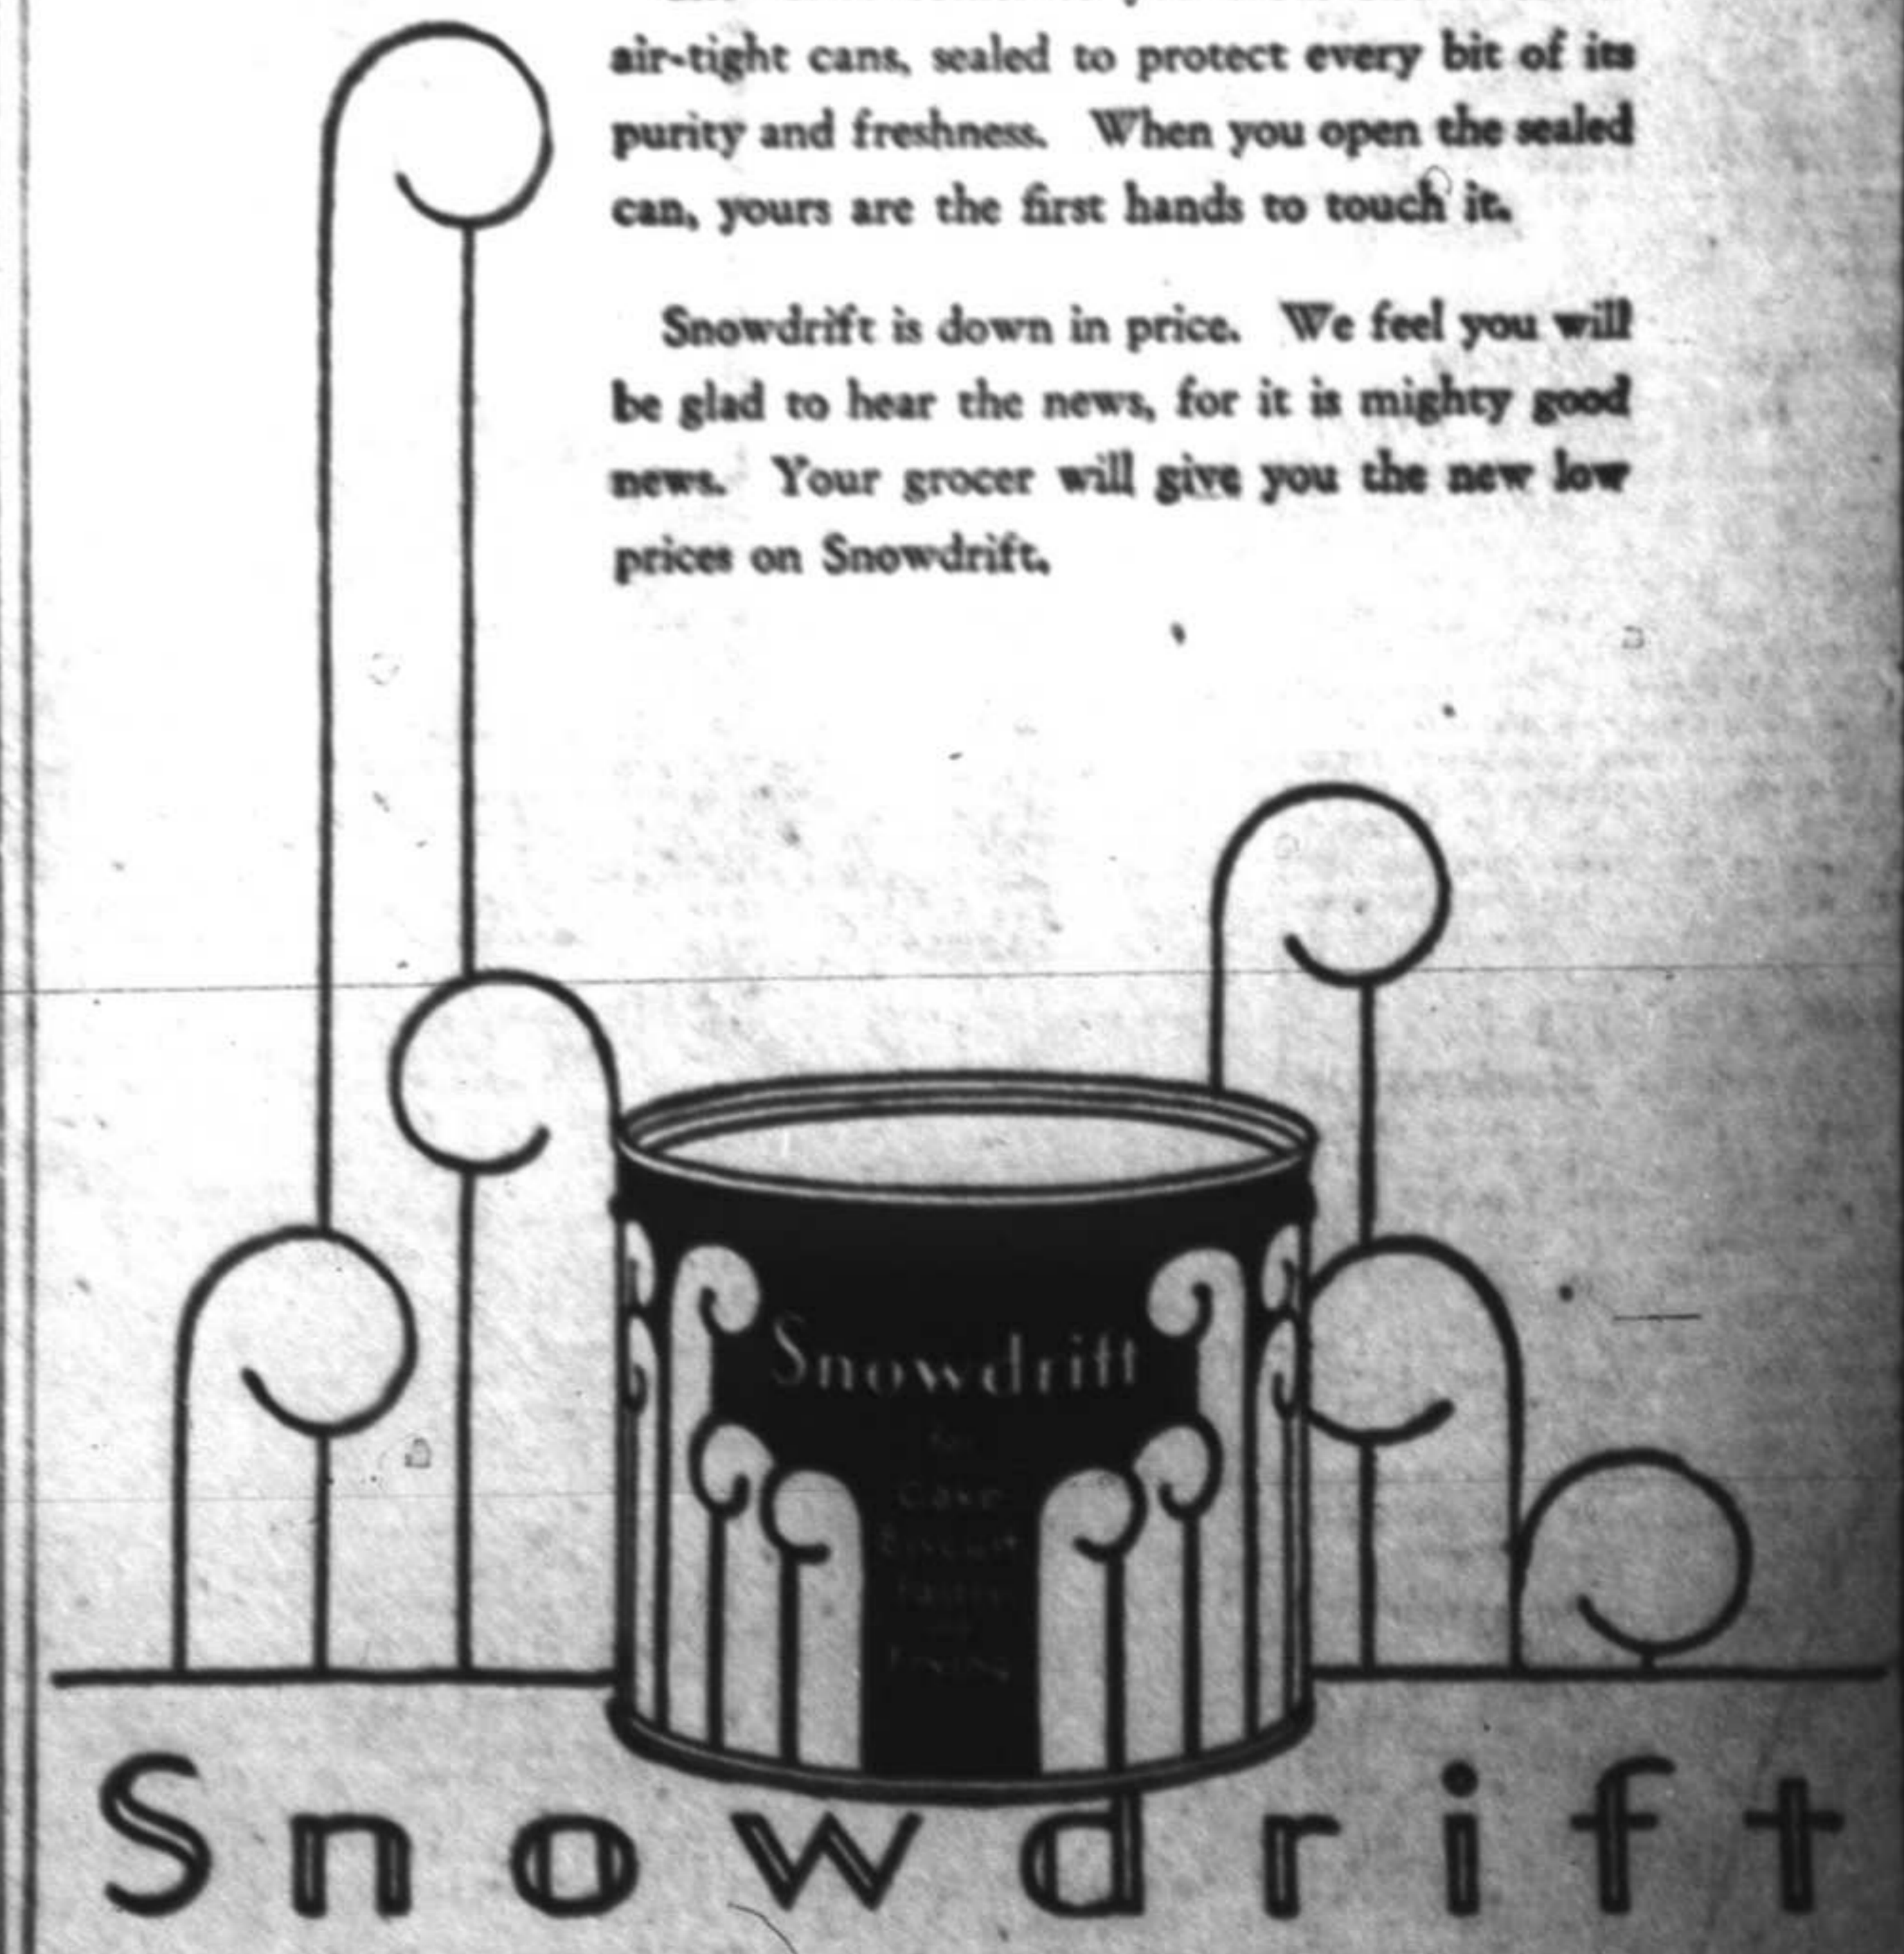

You've used Snowdrift. You know its fine creamy quality; how light and tasty it makes the things you bake; how crisp, wholesome and good-to-eat the things you fry.

And when you stop to think that the shortening you use is food, you see how important it is to bake or fry with a shortening that is good to eat all by itself. In a pie, for instance, almost one-third of the crust that comes to the table is the shortening. The shortening should be pure, fresh and wholesome.

That's why the Wesson Oil people are careful to make Snowdrift of a selected oil as fine as a choice salad oil. Free of animal fat. It is pure. Nothing in this good-to-eat, nourishing, healthful shortening mars its purity, its flavor.

Snowdrift comes to you fresh and sweet in air-tight cans, sealed to protect every bit of its purity and freshness. When you open the sealed can, yours are the first hands to touch it.

Snowdrift is down in price. We feel you will be glad to hear the news, for it is mighty good news. Your grocer will give you the new low prices on Snowdrift.

THOUGHT FOR TODAY

Ye shall make you no idols nor
 graven image, neither rear you up a
 standing image, neither shall ye
 set up an image of stone in your
 land to bow down to it: for I am
 the Lord your God.—Leviticus 26:1.

God will put up with a great many
 things in the human heart, but
 there is one thing that He will not
 put up with in it—a second place.
 He who offers God a second place,
 offers him no place.—Ruskin.

The Griffon

One of the most interesting
 expeditions of the year should be the
 one recently authorized by the
 government of Ontario, which is
 going to scan the bottom of Mis-
 sissippi straits, off Manitoulin Is-
 land, in Lake Huron, for the
 wreckage of LaSalle's old ship, the
 Griffon.

LaSalle built the Griffon in 1679,
 while he was trying to open a way
 to the Mississippi river. He used
 it on the Great-Lakes—it was the
 first ship other than a canoe to
 ply these waters. It disappeared
 in a storm while en route
 from Mackinac to the foot of Lake
 Erie.

Now it is believed that a certain
 submerged wreck near Manitoulin
 Island is the wreck of the Griffon.
 One cannot help hoping that this
 proves true, and that the wreck can
 be raised. It would prove one of
 the new world's most interesting
 historical relics.

No Tears

The result of the Texas primary,
 according to political writers, prob-
 ably means political oblivion for
 "Ma" Ferguson, whose term as
 governor of the Lone Star State is
 still fresh in the public memory.
 As one of the first of her sex to
 govern an American state, Mrs.
 Ferguson's fame will endure, very
 probably, for a long time. Yet
 American feminists can hardly im-
 agine her defeat. Her victory was
 never, in any sense, a triumph for
 the suffragists. There was no
 much enlightenment in it for the
 "women's rights" crowd.

Responsibility

In a certain middle-western city
 the police lately have been stop-
 ping motorists at random and test-
 ing their brakes. The results they
 have obtained so far have been
 illuminating. Three out of four cars
 stopped were found to have de-
 fective or improperly adjusted
 brakes.

It seems fairly obvious that no
 automobile can operate on a
 crowded highway with a due re-
 gard for public safety unless its
 driver is able to stop it quickly on a
 second's notice. Yet here we
 have the discovery that 75 per cent
 of all autos lack that essential
 qualification. It is a disturbing re-
 velation.

Still Flourishing

Every year or so some calamity
 hovers about to smother that big
 league baseball team or at least
 to knock it out. And every year, regular as
 clockwork, something comes up to
 prove that there is a great deal of
 life in the old game yet.

The latest bit of evidence in re-
 lation of the calamity hovers is
 contained in the recent at-
 tention given to Wright Field, Chi-
 cago. When the Cubs finished their
 series with the Dodgers and the
 Ottas they had set a new at-
 tendance record for baseball. The
 good old days at their liveliest could
 not match the enormous outpour-
 ing of fans that greeted Wright
 Field this summer.

"You a bale of cotton." Governor
 Henry advised. How about the gin
 to go with it?

THE PLAINSMAN

Says:

That Girl on Broadway says a
 lot of women are slow it takes
 them three years to go from one
 birthday to the next.

TIME was when cities fought for
 a population. They didn't care
 what kind it was—black, white, in-
 telligent or illiterate. They want-
 ed noise and numbers regardless
 of everything else, even the econ-
 omic side.

Oklahoma City has ushered in a
 new era in population seeking and
 the way the Sooner capital is
 handling a delicate situation is to
 be praised. There has been a great
 deal of oil found on Oklahoma
 City's door-step within the past
 year and the city has grown, al-
 most unbelievably. Thousands of
 new citizens have trooped there to
 share in the new found prosperity
 —and there is some prosperity
 there, too. But now, it begins to
 look like there are enough people
 to hand for the prosperity and
 wide Oklahoma City has moved to
 check the influx of persons unable
 to care for themselves.

The Daily Oklahoman, lead-
 ing newspaper of Oklahoma
 City, is carrying a black an-
 nouncement upon the inside
 pages of its out-of-town edi-
 tions. It reads "Don't Come To
 Oklahoma City Unless You
 Have A Job!" The advice is
 sane and should do some good.
 But the method of getting the
 advice to the people is new and
 brave.

Oil has made business good in
 Oklahoma City. It has temporarily
 at least, placed the capital ahead
 of Tulsa. Its bitter rival for popu-
 lation honors. But an Oklahoma City
 business man, here recently, told
 The Plainsman that there was much
 unemployment there and that his
 city was not looking for new popu-
 lation of the poverty-stricken type.

THE PLAINSMAN doffs his hat to
 Oklahoma City and to The
 Oklahoman for frankness in this
 matter. It is a project which might
 well be taken up by some Texas
 cities which have here-to-fore
 gone crazy over population of any
 sort or description. The only kind
 of a citizen worth anything in his
 town is the self-supporting citizen.
 The other type merely increases the
 responsibility of the rest of the
 people.

That Man on Avenue Q says
 money talks—and if they ever put
 a woman's picture on it it will
 argue!

A Dallas business man was mak-
 ing a tour of Houston, accompanied
 by a friend who resides in the city
 where "seventeen railroads meet
 the rum fleet." They passed a
 beautiful public building and the
 Houstonian proudly said:

"There's a fine looking structure.
 It's one of our most beautiful ap-
 pearing institutions."
 "Mumph," retorted the Dallas-
 ite "Dallas has a dozen buildings like
 that."

"Well," grinned his friend, "that's
 what I expected you to say. That
 building is an insane asylum!"

THE PLAINSMAN is in receipt of
 an interesting note and is pass-
 ing it along for the perusal of the
 public. Here it is:

"We raise wheat on the Plains
 and ship it to Ft. Worth."
 "After they pay a freight charge
 down there, unloading and other
 expenses. It certainly is interesting
 to compare prices on the 'finished'
 products."

"Almost any Star-Telegram will
 show bread selling at 12c the loaf—
 and I have been advised six loaves
 for a quarter—compared to 9c and
 10c per loaf in Lubbock. Are these
 loaves in Lubbock twice as big and
 do we get 24 ounces of meat to the
 pound?"

"You are the guy who's regulat-
 ing things so please, what's the
 answer—and how is this going to
 line up with the common labor
 wage of 30c per hour that seems to
 be in effect?"

"This might be used for two or
 three answers to 'What's the Mat-
 ter With Lubbock?'"

The note was signed "Hato
 Seel," which is of course a
 non de plume, and on the out-
 side of the envelope was a nota-
 tion by the 2c stamp, read-
 ing "I imagine the volume of busi-
 ness in bread selling—as in every-
 thing else—has something to do
 with the price being higher here.
 Surely there are more 'bread-
 baskets' in Ft. Worth than there
 are in Lubbock and there is no
 doubt but that bread costs less per
 loaf in 300 loaf lots—which is roughly
 the ratio of Ft. Worth's population
 to that of Lubbock."

FRANKLY, The Plainsman doesn't
 know what, if anything, is
 wrong. I don't read the Star-Tele-
 gram so I don't know about the
 price of bread in Ft. Worth. How-
 ever, I imagine the volume of busi-
 ness in bread selling—as in every-
 thing else—has something to do
 with the price being higher here.
 Surely there are more 'bread-
 baskets' in Ft. Worth than there
 are in Lubbock and there is no
 doubt but that bread costs less per
 loaf in 300 loaf lots—which is roughly
 the ratio of Ft. Worth's population
 to that of Lubbock.

Understand, "Hato Seel,"
 I'm not saying that the bread
 price here is right or wrong,
 because I don't know about it.
 But there are six bakeries in
 Lubbock and maybe one of the
 bakers will write The Plains-
 man and explain the situation.
 If any such explanation is

If The Average Candidate Were To Be Taken Literally!

"Without-Or-With, Offense To Friends Or Foes, We
 Sketch Your World Exactly As It Goes"—Byron

**Coast And Geodetic Survey Is Covering The Whole Land
 With Altitude Markers, Correspondent Dutcher Reports**

By RODNEY DUTCHER
 NEA Service Writer

WASHINGTON, Sept. 12.—In 18
 years the United States will be so
 thickly dotted with little bronze
 markers, proclaiming the distance
 above or below sea level or the
 latitude and longitude, that the
 water waiter about your
 table that will dry up all
 your digestive juices. Or some-
 body will spit a some thing or
 other, perhaps the most com-
 prehensive geodetic survey ever
 made by any country in the
 world, which is about to be undertaken by the
 Coast and Geodetic Survey.

Must Not Be Reversed
 The bronze markers will be disks
 about three and a half inches in
 diameter and will be firmly planted
 in bed rock or in blocks of concrete.
 A \$250 fine or imprisonment in
 bed rock or in blocks of concrete.
 A \$250 fine or imprisonment in
 bed rock or in blocks of concrete.

"Geodetic" comes from the noun
 "geodesy," which is a swell word for
 anybody's vocabulary, and is the
 science and art of measuring parts
 of the earth's irregular surface by
 triangulation and astronomical ob-
 servations. Geodesy includes deter-
 mination of the magnitude and figure
 of the earth and is distinguished
 from ordinary surveying—which is
 concerned with limited tracts such
 as farms and counties for which
 the curvature of the earth need not
 be considered.

More accurate and comprehensive
 data on the physical makeup of the
 3,500,000 square miles of continental
 United States is considered essen-
 tial and the survey now has money
 from Congress to begin its 18-year
 job. Some basic work already has
 been done.

Absolute accuracy in land mea-
 surement and location of given
 points with relation to the rest of
 the earth's surface will be achieved,
 for the government's geodesists can
 measure long distances, even over
 the most rugged mountains, with a
 possible error of no more than one
 foot in 40 miles. From the control
 surveys which they will make will
 be established thousands of select-
 ed points for use as starting and
 checking points for local surveys.
 The Geological Survey will use the
 control surveys for its detailed top-
 ographic maps showing roads,
 mountains, rivers, valleys,
 swamps and so on. The elevations
 of the bench marks and the latitude
 and longitude of the triangulation
 markers will be adjusted into a rigid
 continental system in such a way as
 to compare with rivets in the frame-
 work of a great steel structure.

Triangulation consists of sur-
 veying a base line on the earth's sur-
 face between two points and then
 selecting other points to form a
 triangle with the first two. The
 three angles at the corners are ac-
 curately measured and the other
 two sides of the triangle computed
 geometrically. The computed sides
 of the first triangle are used as
 known lengths for other triangles
 formed by measuring angles to
 other points ahead, and the work
 thus proceeds from triangle to tri-
 angle without additional measuring
 bases. The Coast and Geodetic
 Survey, consequently, will be divid-
 ing the whole country into triangles,
 with each new triangle making a
 square.

Extensive Operations Planned
 Plans for this fiscal year involve
 2200 miles of triangulation in Ne-
 braska, Iowa, Wisconsin, Illinois,
 Tennessee, Missouri, Arkansas,
 Louisiana, Mississippi, Texas and
 California and about 4000 miles of
 leveling operations (getting the ele-
 vation in Alabama, Arizona, Ar-
 kansas, California, Colorado, Flor-
 ida, Georgia, Idaho, Illinois, In-
 diana, Iowa, Kentucky, Louisiana,
 Maryland, Michigan, Minnesota,
 Mississippi, Missouri, Montana, Ne-

New Wire Service Offered Motorists
 NEW YORK, Sept. 12.—Ex-
 tension of telegraph facilities to
 motorists on the nation's highway
 by establishment of offices in ser-
 vice stations of the Standard Oil
 group was announced today by the
 Postal Telegraph and Cable corporation.
 The service will be inaugurated
 during the first week in October
 and will immediately increase the
 number of postal offices through-
 out the United States to approxi-
 mately 11,000 from 7,000 by adding
 3,500 Standard Oil service stations
 to the list. A. H. Griswold, execu-
 tive vice-president of the company,
 who made the announcement, said
 the new arrangement will make it
 possible for a motorist to drive to
 a standard service station, write a
 telegram while his automobile is
 being serviced and file it with the
 station attendant, who will be pro-
 vided with blank rate schedules
 and other necessary equipment.
 From the station the attendant
 will telephonically message to the
 nearest wire point of the com-
 pany, or ring for a messenger.

In New York

NEW YORK, Sept. 12.—Just a
 few stories with a Manhattan
 flavor—
 The place is a giddy Greenwich
 Village rehellous. It has grown
 prosperous and popular catering to
 the depression that overcomes the
 jaded night-goer of Gotham in the
 wee hours. Its chief product and
 its chief boast is an atmosphere of
 good-natured insanity. In fact it
 calls itself the Nut Club—you
 know, everything nutty as possible,
 nut comedians doing nutty things,
 nutty broadcasts after all the other
 stations have packed up and gone
 to bed hectic clowning, and no
 sense to anything.

On now, you are told, don't ex-
 pect anything but slapstick here.
 Very well, we'll go on with the
 story. The other night there came
 into the place a variety performer
 quite well known to Broadway. His
 name is Burke—John Burke.
 Things had been slipping for
 Burke lately. Not because he was
 no longer good, but because his
 health had affected his eyes. He
 was slowly growing blind. That's
 a terribly tragic prospect for any-
 one, for an actor, it's the end.
 Groping toward lights that one
 cannot see, feeling about a stage
 wondering about the audience out
 there. Ben Welch, the famous
 clown of yesterday, was such a
 tragic mime.

I say Burke came into the Nut
 Club one night. Meyer Horowitz,
 who runs the spot, was sitting
 in one corner, his eye fastened
 upon the entertainers going about
 their mad antics.

The microphone had been placed
 well in the center of the dance
 floor. The gag man had finished
 his nightly ad lib, and one by one
 all the nuts were prancing past
 the megaphone, including La Belle
 Rose, the temperamental female
 impersonator.

Burke was at the sideline with
 friends, scarcely able to see what
 was going on. Someone called at-
 tention to his presence. They
 whispered to Meyer's ear—
 "Why not? . . . There was the
 microphone. . . . No one out there
 in the world, tuning in here and
 there, would know the difference.
 . . . How could they possibly
 know, unless someone told them
 that the man at the other end was
 tragically slipping into darkness?"

"This might be a way out. Burke
 had never broadcast. Here was a
 chance for a tryout. And if he
 flopped, well it could be checked up
 as part of the nut comedy.

The nuts get nuttier. The music
 goes eccentric. Atta boy, get funny,
 John Burke. Give 'em a laugh.
 Play the old vaudeville stuff. They'll
 love it!

Oh, no, don't expect anything but
 slapstick here my hearties. Just
 crazy Everybody nuts!
 The report is that John Burke
 sang very well received, and very
 likely, will get a broadcasting job.

Funny people . . . funny things
 in this man's town.

I met a quite charming girl the
 other night. Lovely figure, soft
 and youthful features. But with a
 complex for celebrities. Hundreds
 of girls—yes, and men—suffer from
 that in Manhattan. Want to meet
 celebrities, want to be seen with
 them and have their names men-
 tioned with the big shots.

So the press agents have been
 using the kid as a figure in their
 phoney copy. If they have a movie
 star out in California they tell the
 Broadway paragraphers that this
 girl is his sweetie and she nods
 sweetly and says that she is. Just
 the other day one of the labber
 photographers was waiting for a
 long distance call for a famous
 young star. She's never so much
 as received a note from the lad
 as a matter of fact. And just the
 other night they duped her into
 being the companion for a prom-
 ising radio and film world figure,
 who has a wife and family. All
 the wise ones in the city were "in"
 on the deal. They giggled behind
 their hands—they knew the names
 would be linked by the gossip writ-
 ers. . . . Would get into the papers
 and all that.

They were all laughing at the
 poor kid. But—ah!—she was out
 in public with a celeb. . . . I ask
 you, what a world!

Rotarians At Ralls Observe Fine Mark

RALLS, Sept. 12.—The Ralls Ro-
 tary club on Thursday night, Sep-
 tember 11, observed its first year
 of 100 percent attendance with a
 program at the regular ladies night.
 On last Friday the club had held
 its 52nd 100 percent meeting. Dr.
 H. F. Schwab is the present pres-
 ident, succeeding J. Edd McLaugh-
 lin in July.

Irving Berlin is to write a cam-
 paign song for Heywood Brown,
 candidate for Congress. It's too bad
 the name isn't so pronounced that
 Irving could get in a refrain about
 Brown Eyes.

Brownfield Road Is Improved By State

BROWNFIELD, Sept. 12.—State
 highway employes are at work on
 the grading up of the state high-
 way between Lubbock and Brown-
 field.
 In several places the road has
 been raised a foot or more over
 previous levels. Much new work is to
 be done on the road before winter
 to put it in good shape to handle
 the expected winter traffic bound
 for the Lea county oil fields.

Columnists, of course, will try to
 make light of the report that 86
 Tons, descendants of one John Ton,
 convened for their 35th reunion the
 other day.

Step out with a tankful of MAGNOLIA ETHYL

There's plenty of power and youthful pep in Magnolia Ethyl. With this surprising gasoline, hills are just scenery and the nuisance of a knocking motor is a thing of the past. To enjoy the finest performance your motor can give . . . step out with a tankful of Magnolia Ethyl.

RASKOB LAUDS ROOSEVELT IN MOVE

DEMOCRATIC CHAIRMAN DECLARES ACTION TO AID PARTY

(By The Associated Press.)
NEW YORK, Sept. 12.—John J. Raskob, chairman of the Democratic national committee, today sent a telegram to Governor Franklin D. Roosevelt in which he said in part:

"Heartily congratulations on your clear statement regarding prohibition. You have struck a new note which I feel will place the Democratic party solidly behind the program to restore temperance and temperate living in our country.

Suggestion Admirable
"Your suggestion is admirable. It recognizes the principle of states' rights or home rule through returning control of liquor to the states with provision that local option will maintain, thus giving every city, town and village in a wet state the right to prohibition liquor within its borders by local referendum. It also provides that it shall be the duty of the federal government to protect states which continue to prohibition liquor."

"Amplifying this thought it would be my suggestion that the federal government recognize the sanctity of the sovereignty of each one of our 48 states and every state retaining prohibition laws should have its navigable water boundaries protected by the federal government against liquor invasions and also every state should have the right to call on the federal government to help in the matter of giving similar protection to its other boundaries.

"This new thought should receive great applause from the southern members of our party because it at once restores respect for state rights and home rule, more able defenders of which principle never existed than in our southern states and statesmen and it gives to our dry states not only all the federal protection they enjoy today, but of vastly more importance is the fact that it will enable effectual enforcement of state prohibition laws because they will represent public opinion and will fit exactly each local condition."

FARM BOARD TO SEEK MORE MONEY

LEAGUE DECLARES HE HAS NO DOUBT OF APPROPRIATION

(By The Associated Press.)
WASHINGTON, Sept. 12.—C. C. Teague, member of the Federal Farm Board said today he had no doubt another substantial appropriation for the board would be asked of the next congress.

Appropriations from the \$500,000,000 revolving fund already amount to \$230,000,000.

The use of farm board money to help relieve the drought situation Teague said probably would be an important factor in creating the need for the additional appropriation.

He noted the corn crop was now estimated at more than 600,000,000 bushels under last year's yield and 700,000,000 under the average yearly yield.

The shortage in the feed grain he said was almost as large as the entire anticipated wheat yield of 47,000,000 bushels, thereby offering an opportunity to eliminate the wheat surplus by feeding it to the stock.

"A talkie theater has been installed in the home of A. W. Peterson of St. Louis.

LIGHT-HEADED, TIRED FEELING
Bilious Troubles Relieved By the Help of Theford's Black-Draught.

Gainesville, Ga.—Mrs. F. A. Weston, of 43 West High street, this city, says that she had used Theford's Black-Draught for fifteen years, when needed for such troubles as she mentions below:

"I took Black-Draught for indigestion and the tired, worn feeling that comes from biliousness. When I got up in the morning and my mouth tastes bad and my eyes burn, and I feel light-headed, I know that I must take something. And after I heard how good it was, I took Black-Draught. A few doses relieve me so much—make me feel well and strong and clear up my head.

"I don't know what I would do without Black-Draught. It seems to regulate the bowels and rid me of impurities."

Thousands of others have written to tell how many disagreeable symptoms, due to constipation, have disappeared after they had taken Theford's Black-Draught. It is a natural remedy, composed of selected medicinal herbs and roots, and put up by modern scientific, accurate methods.

Theford's BLACK-DRAUGHT for Constipation, Indigestion, Biliousness

Three-in-One Dance

What to do with your girl friend's girl friend at a dance. That's a problem that has balked the best masculine minds. Now it has been solved. For two girls can be danced with as easily as one in the new dance called the Trio, shown above. Dorothy, Oscar and Mildred Durves (left to right) demonstrated the intricate steps at the annual convention of the Dancing Masters of America in New York.

DOHONEY SENDS OUT APPEAL FOR ALL STUDENTS TO SEND IN THEIR CREDITS

An appeal was broadcast Thursday by E. L. Dohoney, registrar at Texas Tech, requesting all prospective new students to bring in or send in their credits before September 16. All new students must have an entrance card before registering and in order to secure one of these cards, they must have their credits in the registrar's office. Former students must present their record books.

"Former students of the college or new students who expect to enter the fall term, should report to the college physician at the Lubbock sanitarium for physical examination not later than September 18," he declared. "No student will be permitted to register without a card from the college physician showing that his examination has been taken. The examination will be given during registration, women in room F and men in room P, basement chemistry building, but it will be far more convenient for all students now in Lubbock to take these examinations before registration days."

BUS LINES IN NEW HOME

MORE ROOM AND MORE CONVENIENCES ARE OFFERED

Moving into their new terminal before it was completed, the five bus lines operating out of Lubbock are now housed in their new home in the Ellwood building just north of the Hotel Lubbock.

In the front part of the building is located the main waiting room and ticket office. Comfortable opera chairs are used instead of benches for seats.

A ladies rest room and a smoking room for men are a part of the equipment. There also will be waiting rooms for negroes.

Loading Platform Provided
In the rear will be the place for loading and unloading of all buses, with storage room for buses at night. This part of the building will be partially enclosed and will permit patrons to alight and board all cars without having to get out into the open.

Workmen are still making over the unloading section of the building. A concrete floor is to be repaired and driveways into alley put in.

Alleys To Be Paved
Alleys leading to the building will be paved and it will be possible to drive into the building and out again without getting into the mud.

When completed the structure will be one of the most up-to-date and convenient bus stations in the entire southwest. Its convenience of arrangement and large space have been commended by many out-of-town bus men as well as by state railroad commission officials who have seen the plans and inspected the building.

Lines operating into Lubbock include: North Plains coaches, Archie Tyler, president; Pioneer Motor Lines, Garnett C. Abbott, president; South Plains Coaches, Joe N. Bowman, president; Red Star Coaches, Bill Watson, president, and Texas Motor Ways, Ed Abbott, president.

ants lassoed it and dragged it back to its cage.

The fireworks exhibition and circus performance which was to follow were called off.

CO-OP GETTING MUCH COTTON

FORTY-SIX BALES ARE RECEIVED HERE BY ASSOCIATION

Announcement was made last night that forty-six bales of cotton were delivered to the Texas Cotton Cooperative association Thursday, first day of operation since arrival of A. B. Cole, government classifier and grader.

Mr. Cole was swamped all day yesterday with classing and bagging of details of putting the cotton through the association. All of it went into the seasonal pool of the association, the growers drawing the 90 per cent advance. Cotton came here from Lubbock, Meadow, Ropesville, Idalon, Shallowater, Acuff, Post, Slaton and Taloka.

Word was received here by the district office yesterday that 25 bales were waiting at Levelland to be classed and delivered to the association. T. L. Mullican, of Levelland, announced that more than 100 bales would be ready for market at Levelland by the middle of next week.

SPUR TO ACT FOR FARMERS

MEETING IS SCHEDULED FOR SATURDAY TO TALK PROBLEMS

SPUR, Sept. 12.—(Special)—Farmers of this part of Dickens County and Spur business men will meet Saturday morning to discuss ways and means of helping those in need of assistance to meet present financial conditions. W. B. Lee, president of the chamber of commerce and also of the Spur National bank, announces.

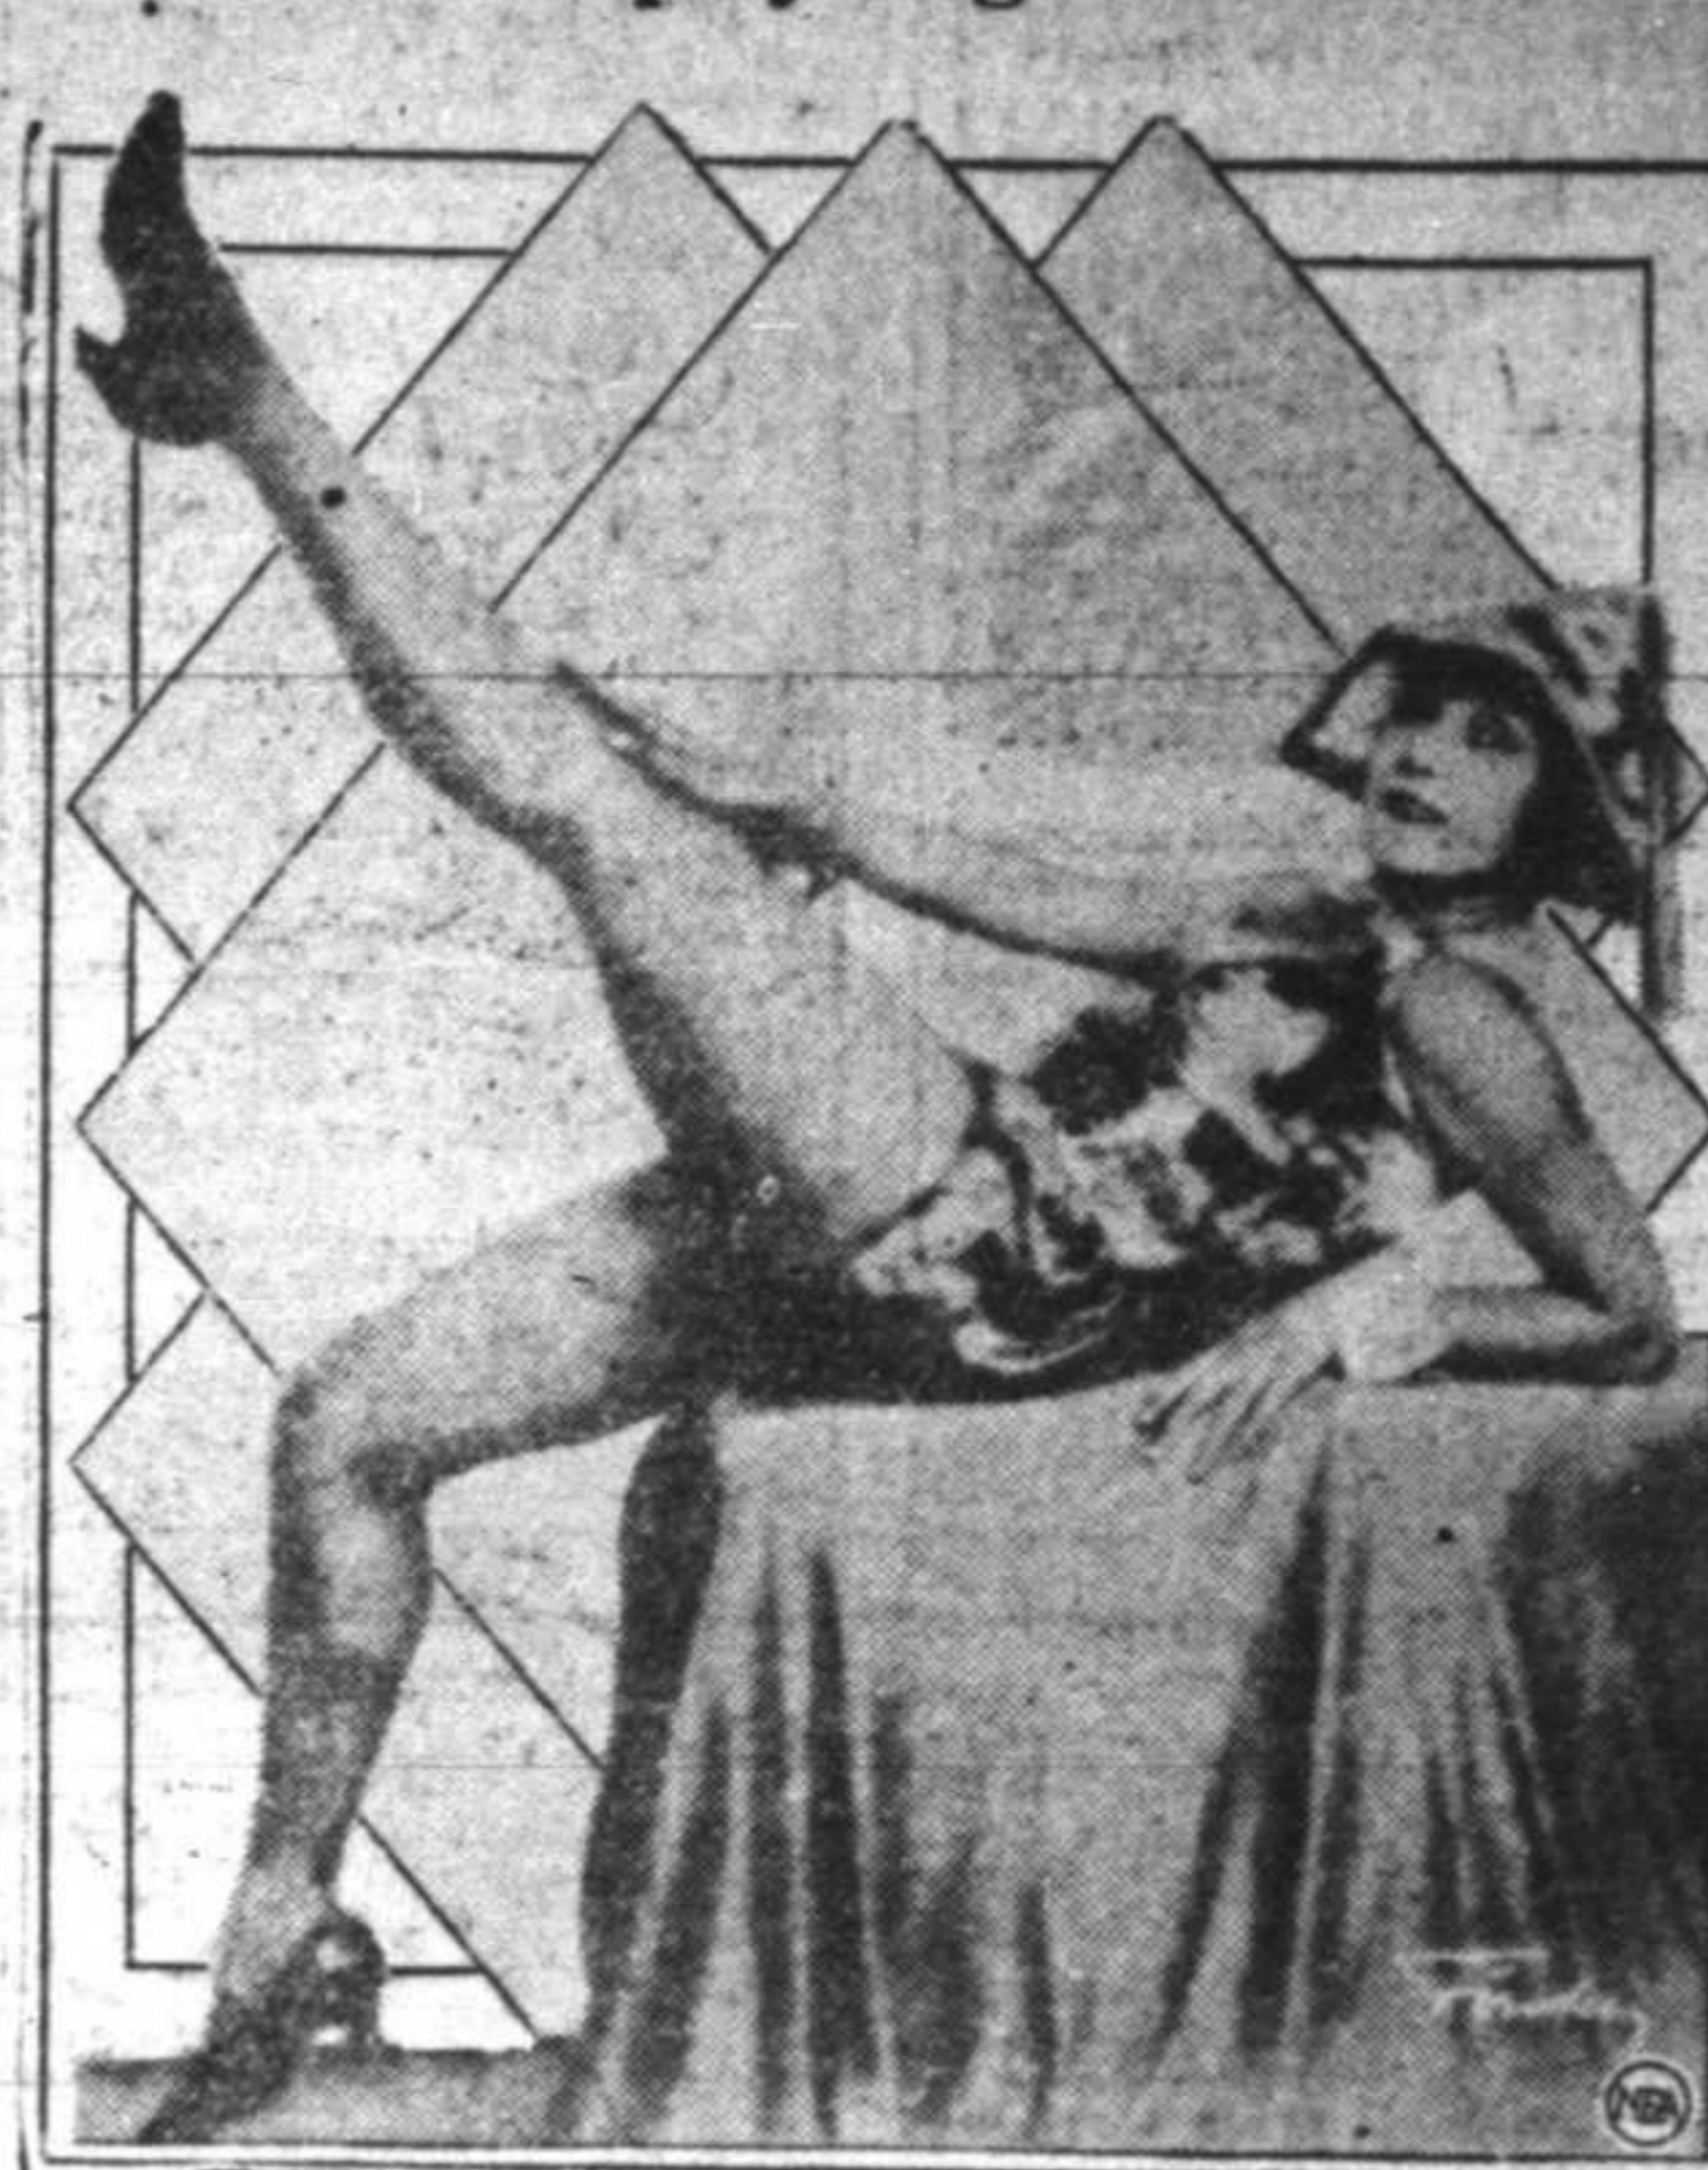

President Lee in calling the meeting said, "The object of this meeting is to talk over conditions and to devise plans whereby we may be able to get by for another year."

Attendance Urged
Farmers who are in need of cotton pickers have been urged to attend the meeting and also a number of local men who are anxious to get work picking cotton have been invited. There are said to be a good many men in the county who would like to get work picking cotton but who are unable to make a trip to nearby counties seeking work.

Nearly every business house in Spur has signified its intention of having a representative at the meeting.

Suffers Reverses
Some sections of Dickens county this week have suffered severe reverses. In the Afton community which had some cotton, a hail late Tuesday destroyed what cotton and feed there was left after drought

Most Shapely Legs in Austria

She really doesn't have anything to kick about. For comely Mile. Ina Eiben of Vienna has been awarded a gold medal as the owner of the most shapely legs in Austria. In this picture, Mile. Eiben puts her best foot forward. Now—judge for yourself whether the judges were right!

conditions had taken most of the crop.

According to reliable information here, a section of the chamber of commerce which has charge of assisting persons in need, along with the churches and other organizations, is helping some score of families with the necessities of life.

Many of these cases are from families that have heretofore been able to shoulder the "burden" but owing to present conditions, are unable to get any work.

TWENTY-FIVE IN SCHOOL
TAHOCA, Sept. 12.—(Special)—Sixty-five students are enrolled in the Redwine school near here which has just opened. The teachers are Mr. and Mrs. N. E. Wood, Miss Pauline Thompson, and Miss Jessie Fuller.

CALCUTTA—The Calcutta Corporation, mostly followers of Gandhi, are not for any kind of king business. The council's market committee refused a proposal to erect a statue to a "cabbage king."

Suffers Reverses
Some sections of Dickens county this week have suffered severe reverses. In the Afton community which had some cotton, a hail late Tuesday destroyed what cotton and feed there was left after drought

INCREASE IN POSTAGE IS LIKELY

POSTMASTER BROWN IN FAVOR OF HIKE ON FIRST CLASS

(By The Associated Press.)
DETROIT, Sept. 12.—Postmaster General Brown said today he would recommend an increase in first class postage at the next session of congress.

Addressing the National Association of Postmasters, Brown said one half cent more an ounce on sealed letters and "minor changes contemplated in the rest of our rate structure" would "wipe out our present strictly postal deficit and balance our budget."

To Solve Problem
He added if congress could then be persuaded to "adhere to the rule laid down by the founders of our government that adequate postal revenues must be provided by law before additional charges against the service may be incurred," the result would be a solving of the perplexing postal deficit problem "for all time."

Since 1916, he said, the second class mail rate has increased 73 per cent, third class 21 per cent, and parcels post 10 per cent, but the present first class rate has been in effect since 1885 except for a brief emergency period during the world war.

Economically speaking, he said, the 2-cent rate of 1885 is equivalent to 7 cents today.

to realize what is happening among Republicans when three such stalwart Republican districts as the 6th and 7th Michigan and the 1st Washington throw out the dry and replace him by a wet in Republican primary."

Up in Vermont—the only state besides Utah which went for Mr. Taft in 1912—the reelected republican congressional district west of the Green mountains gives Mr. Dronson, the wet, Republican candidate for the nomination, 31,600 votes, while his opponent, Governor Weeks, the most popular man in Vermont since he handled flood relief, receives only 3,000 more to secure the nomination," he said.

BOLOGNA, Italy—A post has been named vice-mayor of Bologna. He is Giuseppe Lipparini, 53, author of many works of verse and founder of the "Tesoro" (Treasure) magazine.

WARNINGS ARE GIVEN GOP

CURRAN SAYS DEMOS TO REAP HARVEST IN ELECTIONS

(By Associated Press.)
WASHINGTON, Sept. 12.—Henry H. Curran, president of the Association Against the Prohibition Amendment said in a statement today the defeat of dry Republicans in Michigan and Washington "are direct warnings to Republican leaders to wake up and get at the real opinion of their Republican followers."

"If they don't do it pretty soon, the Democrats will do it for them on election day," he added.

He recommended that the heads of the Republican national committee "sit down together and try

MONTANA WOMAN IS HYSTERICAL AFTER CONTRADICTION STORIES OF HUSBAND'S DEATH ARE TOLD; POISON TRACE FOUND

(By Associated Press)
 CLASBOW, Mont., Sept. 12.—Contradictory versions of her husband's death led today to close guarding of Mrs. Anna Arnot who is in a hospital here suffering from hysteria.

Her husband, J. E. Arnot, former banker here, who formerly lived in Park River, N. D., died August 17. His body was found partly

burned on a pile of papers and rubbish in the basement of their home. A coroner's verdict said he met death from burns and suffocation. He was at first believed to have suffered heart failure while building a fire.

Tells of Death

Mrs. Arnot today told officers she placed the body on the papers and rubbish, with the aid of a gardener, whom she paid \$100 for the task. She said Arnot had taken poison by mistake. Mrs. Arnot said she placed the body in the basement so suspicion would not attach to her because of Arnot's unusual death. The gardener established he was not at the house at the time she said he was, and was released. Arnot was buried at Park River.

The body has been exhumed and an analysis of the organs revealed traces of poison, officers here were advised.

The Arnots had been married 22 years.

New Home School Opens This Week

TABOKA, Sept. 12. (Special)—New Home school, one of the largest rural schools in the county, opened this week with an enrollment of 142 students. The school is housed in a \$30,000 brick building, of which type the county has four others.

Teachers of the school are: J. C. Thomas, superintendent; Miss Bettie Murrell, principal; R. L. Craig, Misses Cleo Jackson, Isabel Adams, Hazel Coleman, and Audrey Campbell.

Farmers in Harvey county, Kansas, own 49 more tractors and 29 more combines this year than last, while horses and mules have decreased 483.

Vanderbilt Heiress Is Polo Star

She's a polo princess of the east. Mrs. John Francis Amherst Cecil, the former Cornelia Vanderbilt, is pictured here in her orange and white uniform during a match at Asheville, N. C., where she led in organizing one of the first women's polo teams in the United States. She is the only daughter of the late George W. Vanderbilt, owner of the famous

NEW GUNS ARE TESTED BY ENGINEERS OF ARMY; ANTI-AIRCRAFT PROTECTION FEATURED; NEW BULLETS DEVELOPED

(By Associated Press)
 ABERDEEN PROVING GROUNDS, Aberdeen, Md., Sept. 12.—Airplane lowed targets, snagging like bats through a black sky, were spotted here last night by 80,000,000 candle power searchlights as army groups tested the world's latest anti-aircraft armament and fire control devices. The white sleeve targets were followed through the night air to the tune

of the steady rai-tai-lat of machine guns and the thunder of 3-inch anti-aircraft guns. It was today's day and hundreds of civilians watched the spectacular demonstrations that began early in the morning. In daylight hours red targets were used. Started August 13, the tests, starting August 13 were conducted by the chiefs of ordnance, coast artillery, the air corps

and the corps of engineers. Army officials said they demonstrated forcibly the great strides that had been made in the development of anti-aircraft armament.

A new gun, known as the 37-millimeter mobile anti-aircraft arrived at the grounds late and was not fired today. It is designed to fire an explosive weighing one and one-quarter pounds with a super-sensitive fuse which explodes on contact with the wing fabric of a plane. The extreme range of the weapon is 1,100 yards and the rate of fire 100 shots a minute. The fire of the gun is directed by a combination of intricate instruments.

Foreign makes of guns as well as American makes were tested in the last month but until today all work was carried on in secret.

HEYBELL, Princes Islands, Turkey (AP)—The Patriarch Photios has created a stir in Greek orthodox circles by moving for the summer to this cool island. No patriarchy before him ever moved for a single night beyond the precincts of the patriarchate.

STUDENTS STRIKE 25-Hour Week Is Demanded In Massachusetts

WATERTOWN, Mass., Sept. 12. (AP)—More than 150 pupils of the Watertown high school went on strike today for a 25-hour week.

Displaying placards announcing "We want shorter hours," the dissatisfied students left the school at the noon recess, paraded the streets and, according to police, broke a window in the school committee room. The school day hitherto ended at 1:45. An additional hour had been required with the opening of the fall term.

Police assistance was summoned when the paraders reached the school committee

Plainview Scout Gets Scholarship

PLAINVIEW, Sept. 12. (Special)—The Eagle Scout scholarship offered by the University of Texas to the outstanding boy scout in each council of the state has been awarded to Wilson Neil, member of the Plainview Boy Scout troop 2. The scholarship is awarded for outstanding achievement in troop leadership, community service, moral integrity and scholastic standing. It entitles the winner to expenses incurred in matriculation at the State University for one year. Wilson Neil has been outstanding in scout work for the past two years and his selection was popular with his fellow scouts and officials in charge of the Boy Scout activities of Plainview.

Miss Margaret M. Purves has been a primary teacher at Washington, Mo. for 35 years.

quarters and one of the strikers was taken to the station house. He later was released.

TIRED people ...

So MANY WOMEN, so many men can barely finish out the day. Even mid-afternoon finds them tired ... listless.

What a difference if they only realized the importance of correct diet. Diet which contains enough "bulk" to rid the system of poisons that sap strength and lead to serious disease!

Kellogg's ALL-BRAN supplies this needed "bulk" to millions of happy, energetic people. It is the largest-selling all-bran cereal on the market. It prevents and relieves both temporary and recurring constipation.

Try it—and notice the difference in the way you feel. Eat Kellogg's ALL-BRAN daily—three times daily in severe cases. Relief is guaranteed. Look for the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

NURSERY SCHOOL IS LATEST WRINKLE IN TEXAS EDUCATION; NEW METHOD IN CHILD WORK IS BEING DEMONSTRATED

(By Associated Press)
AUSTIN.—Amputation of the anti-social tendencies of infant toddlers, from two to five years old, is being attempted on a small scale at the University of Texas.
The "laboratory" for this process, which is not at all painful, is the nursery school, started two years ago as the pioneer of its kind in the southwest.

Hope To See Growth
Sponsors of the school hope to see it grow until every city in Texas and the southwest will have a nursery school where youngsters may go and learn what they aren't taught in the modern one- or two-child home—how to play in harmony with their fellow-children.

The modern tendency toward small families, according to Miss Mary Gearing, chairman of the department of home economics at the University, has created a distinct problem which may become more acute in the future.

The child brought up without companions of its own age never learns the child perspective. Its only companions are adults; hence its outlook is the adult outlook, its games are adult games, and the child so reared is likely to have marked anti-social tendencies when it grows to adult stage.

Only Child Ailed
This is only the beginning of the circle, moreover. The only child knows nothing about children, hence is apt to make a poor mother or father and the offspring of an only child may be doubly handicapped.

There the nursery school comes in, as a place where a child may go to learn how to play and live with its fellows, and learn child ways.

It was with no such idea that the school was founded two years ago on a gift from the state public health association. This association wanted to determine the results of furnishing natural normal living conditions in relation to the child's health. But in the two years since this gift of \$10,000 started the school its ramifications have become so varied that Miss Gearing and a committee of representative club women of the state have launched a \$500,000 campaign for parent and child education.

To Continue Work
The school has no other means of support than the original gift of \$10,000, now virtually exhausted. Sponsors of the campaign which is known as the Foundation for Child Welfare and Parent Education, seek the funds as a means of insuring continuation of the work and enlargement of the program to

include education of parents as well as children.

Virtually every women's organization in the state is behind the movement, and at least two cities, Houston and Galveston, are ready to establish schools as soon as teachers are available.

The crying need, however, is teachers, Miss Gearing said. The nursery school serves not only as a laboratory for children but as a laboratory for University students as well, but operating on its limited resources it could not hope to fill the demand for teachers.

Teachers Scientific
Teachers at the nursery school attempt to be entirely scientific in their handling of the youngsters. Their work is made more difficult that most of the children are entirely unfamiliar with the principle of "give and take" in dealing with other children.

They have supervision over the children eight hours a day, during which the children play, eat and "nap". Their principal weapon for punishment is social ostracism of the offender.

That is, he is cut off from the other children, made to feel that he has offended against the group and that as a result he cannot associate with the group.

Details In Journal
Results have been so remarkable that in at least one case the details are to be prepared for a scientific journal. This concerned a child with a particular problem of diet which several eminent physicians had been unable to solve.
There are many such problems, Miss Gearing said. Some children are particular as to what they eat; some are subject to fits of temper and tantrums. Many of the "only" children have egotistical or inferiority complexes. The rule with all is to treat them as if they were no different from their fellows, and the children themselves finally come to believe this.

Miss Gearing and other sponsors of the movement see in it vast possibilities—studies of nutrition in children, studies of the effect of climate on health, training of teachers for orphan homes and other like institutions, teaching of parents and prospective parents the principles of rearing children to lead natural, normal lives.

With this concept in mind, the Foundation was launched, early last spring. The foundation plan contemplates the selection of 5,000 children from Texas' 3,000,000 as "founders." For a donation of \$100, these children will be given a cer-

She Teaches Her Dad To Fly

Miss Frances Winslow, 19, of Seattle, Wash., already a licensed pilot, is teaching her father, Dr. G. H. Winslow, to fly. The latter has made several solo flights and is well on the way toward getting his license. Miss Winslow, shown here with her father, plans to finish her studies in college before taking up aviation as a career, although she has received numerous offers as a pilot.

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

He's Optimistic

NEW YORK.—If business conditions were as good in England as in the United States, England would feel very optimistic, in the opinion of Lord Melchett, mining magnate, "I'll bet," he added on departure for England, "that in another year or so you will not remember that so many of your people were talking about hard times."

Liked Anne

NEW YORK.—One of the most

delightful things about the visit of Captain Wolfgang von Gronau, trans-Atlantic flier, to this country has been a visit to the Lindberghs. Leaving with his three comrades for Germany, the captain described Mrs. Lindbergh as "charming" and "fragile, like a flower."

75 Years Young

SAUGERTIES, N. Y.—Foultney Bishop, historian, who has just celebrated his 75th birthday, challenges Herbert Hoover to a mile run, to leapfrog, to tennis, to split a cord of wood, to climb Pike's peak or to swim the Hudson. Judges and senators, he thinks, should be at least 70 years old and Mr. Hoover should retire until he is ripe for hard work, say at 75.

They'll Quit

SHARLESVILLE, Penna.—The Association for the Detection

of Horse Thieves, founded 68 years ago, is to disband. The \$300 in the treasury will be split up. The association has had no work to do for a long time.

Has Own Ideas

NEW YORK.—Erastine Schumann-Heink, who is to teach forty girls, selected by herself, to sing, believes that if children were taught the correct principles of breathing at an early age many great voices would be discovered and developed.

MANAOS (P)—Search for profitable sources of oil and coal will be initiated in this state of Amazonas within a short time by three foreign companies. These are the Amazon Corp., American-Brazilian Exploration Co. and Canadian-Amazon Co.

Farmers Near Rails Are Given Rainfall

RALLS, Sept. 12.—Farmers in Ralls' trade territory are feeling much more encouraged today the result of two good showers which fell early this week.
Total precipitation was estimated at between half and three quarters of an inch and more in some communities.
Most of the rainfall fell in the community north of town. The rain extended as far north as Lockney and Floydada according to reports here. The rain also came to within two miles of Lorenzo, west and east of Crosbyton on the east.

CAGLIARI, Sardinia, Italy (P)—So weary did the young set at the Nebbia beach become of bathing beauty contests that they entered a young fifty from a nearby slak and had her acclaimed "queen of the sea."

AND IT HAPPENED IN BOSTON, SCENE OF CULTURE! SCHOOL MEN PAINED!

BOSTON, Sept. 12. (P)—The Mayor and the superintendent of schools want to know what is the matter with Boston's public school educational system. When a high ranking girl school graduate says Abraham Lincoln had something to do with slavery but on failing to finish the job he turned it over to George Washington, the officials say something must be off color.

Thirty-four girls took the examination for entrance to the teachers' college and only eight passed. Chairman Joseph J. Hurley of the school committee, was responsible for exposing the results of the examination. He said among the answers to the questions were statements that Daniel Webster was Washington's secretary of state; that Gettysburg was the scene of McDonough's victory in the war of 1812; that the progressive movement in 1912 was when Roosevelt reclaimed the west and built a dam; Dr. J. E. Burke, superintendent of schools, called in the headmasters of five suburban high schools today for an explanation and Mayor James M. Curley issued a statement favoring an investigation into the matter.

LUEBECK, Germany (P)—The death toll of infants who last May contracted tuberculosis through being fed with a contaminated anti-tuberculosis preparation has reached 65. Fifty-five still are ill, while 58 apparently have recovered. An investigation is under way.

A constalk with more than 200 miniature cars was found on the farm of Mrs. G. W. Riley near Caldwell, Kas. Filling stations do 73 percent of the retail gasoline and oil trade.

You need this old reliable southern tonic...

Years ago when malaria and chills were at their height, GROVE'S TASTELESS CHILL TONIC was the outstanding treatment. The same ingredients are still making it a famous tonic today.
Its quinine has an antiseptic value in destroying malarial germs in the blood, while the iron enriches the blood. That's why this old southern tonic is so effective in rebuilding health, strength and energy in grown people as well as children who are pale, weak and nervous. Get a bottle at any drug store, 60c.

CARDS AND ROBINS CLOSE IN ON CHAMPION CUBS

The Panthers and Spudders were to Fort Worth today and will resume the fight for the Texas league championship tomorrow. The Spudders in Cowtown will play a big game for Fort Worth support a winning team.

The Memphis Chickens are enjoying a week's rest while they wait for the Texans to decide which of the two struggling teams is worthy of participation in the Dixie series. The Chickens clinched the championship of the Southern association last week, and finished their season with a game forfeited in their favor.

Waco High school's opening day of football practice brought out 114 ambitious griders. So far as we know that is the record for the season. San Angelo's candidates number around 100, and are second in line. Lubbock had eighty to come out for training camp, and nearly all of them pulled through the early practice sessions and may be found on the practice field at the fair park.

Another record may be registered next week when Texas Tech throws its doors open to freshman griders. Already about fifty prospective backs and linemen for the Pioneer teams have arrived, and some of them have been issued equipment and are doing voluntary work on the practice field. According to the freshman rule they cannot begin practice until school starts, but there is nothing to keep them from working out by themselves.

It is thought that more than 125 high school griders will be on hand when Pioneer Coach Dethley Smith issues the formal opening call next Wednesday. They come from all parts of the state. Pre-Sherman high griders will follow the former All-Congress coaches to Lubbock, and will be out for the fresh team. The future freshmen already at work out at Tech are a husky looking bunch, comparing with the Matadors in size, and far surpassing them in number.

The first day's practice out at Tech was not without its casualty. John Brown, a senior, candidate for an end position, made a tackle that resulted in a collar bone fracture. Brown, a local man, was taken to a hospital for treatment. The reports are that he will be out of the lineup for a greater part of the playing season.

Football players are not necessarily any worse off than the average student, but in order for the best of students to attend college and universities it is necessary that the employment that will bring in the extra shillings necessary for college expenses. Griders are students, and need such like the others. There is a greater effect on the part of college officials to find work for athletes than for students who do not add athletics to the regular curriculum. Maybe this is showing distinction, but an institution never had anything by finding work for a casual athlete.

It is in the case at Texas Tech like it is in every college, where certain athletes must be provided with legitimate employment in order to stay here. The business men of the city are being called on to offer any suggestions and provision of work for prospective athletes which they can make, and a worthy cooperation on the part of college officials to find work for athletes than for students who do not add athletics to the regular curriculum. Maybe this is showing distinction, but an institution never had anything by finding work for a casual athlete.

Capt. Pete Carlton has tucked a set of training rules in the lockers of all his grid vandals. Which, if they are to prove highly beneficial to the griders, they will be recalled by the Tech officials themselves.

Coach Pete Carlton has tucked a set of training rules in the lockers of all his grid vandals. Which, if they are to prove highly beneficial to the griders, they will be recalled by the Tech officials themselves.

BEARS AND EQUATIONS. 1. Eat BEANS and that which will agree with you. 2. Use no tobacco in any form. 3. Eat sugar as prescribed by the coaches individually. 4. Go to BED by ELEVEN O'CLOCK each and every night except the night before the game and then be in BED by TEN O'CLOCK. 5. Watch your digestion: very steady. 6. Get out EARLY when possible. 7. Do NOT eat between meals. 8. Put ALL your clothes in the WASHING MACHINE. 9. Brush your teeth between meals. 10. These rules and regulations are for YOU and YOU should be glad to live up to them. Live by them and be a BEAR.

CATS SQUARE SERIES WITH SPUDDERS

CHICAGO LEADS BY NARROW MARGIN

ROBINS MAKE CLEAN SWEEP OF SERIES; A'S GAIN

By RICH S. FULLERTON, JR. Associated Press Sports Writer. St. Louis and Brooklyn again were triumphant yesterday in the National league race and placed themselves only a half game behind the leading Cubs. The Robins made a clean sweep of their three game series with Chicago as Casey Younger turned in a third successive five hit performance to give Brooklyn a 2 to 1 victory. The Cards, with Chick Harley's first-inning home run as the deciding factor, again defeated the Giants, 5 to 4.

Cubs Move to Phillies
As the Cubs moved today to the other regions of Philadelphia and the Giants and Cards remained in New York for a final clash, the race shaped up this way:

Club	W	L	Pct	GB	TP
Chicago	30	38	.375	—	13
St. Louis	29	38	.375	1-2	14
Brooklyn	30	39	.371	1-2	14
New York	27	42	.344	3	23

Vance Fann II
Vance fanned 13 Cubs. Mack Wilson's 4th home run of the season, a clout over the right field wall in the seventh inning gave the Cubs their first run of the series. In the first inning Glenn Wright smashed the ball into the left field bleachers after Herman had walked to give the Robins a head start that Chicago never overcame. Guy Bush, who allowed Brooklyn only eight hits in seven innings, was the victim.

After Adams had singled and Feitch had walked in the opening inning, Harley of the Cards made a home run. The Giants overcame that lead in the fifth inning and made another comeback in the seventh, but they failed in their third attempt after the Cards had scored their fifth run, leaving the team filled, when the game ended Walker pitched for the Cards.

Phillies Whip Braves
Pittsburgh's Porces placed themselves 11-2 games behind first place by winning a tight game from the Boston Braves, 4 to 3, although they were behind 11-8 with the humble Phillies made a clean sweep against Cincinnati by slugging out a final 13 to 1 victory.

The Philadelphia Athletics, leaders of the American league, had a day of idleness and a half game was played between them by their arrival from Washington and New York. The second place Senators dropped a second straight encounter to the St. Louis Browns as Walter Stewart kept their blowers doing serious damage while the Browns piled up four runs in the sixth inning.

New York's Yankees all but dropped out of the race as the Cleveland Indians turned on them at two meetings and hammered out a 3 to 1 victory behind the steady pitching of Clint Brown. The best the Yankees can do now is to tie Philadelphia if they win all their 12 contests.

The local veteran Chicago hurler went 12 innings in the 7th, making game to win his 7th victory of the season defeating the Boston Red Sox, 4 to 2. Lou Gehrig hit 13 hits but had a homer by Carl Reynolds to add him.

Lecinsky Defeats Lomski Last Night

CHICAGO, Sept. 12 (AP)—Up from Chicago's ghetto has come an ex-fish peddler named King Lecinsky, who bears definite signs of getting together as a light heavyweight fighter on the west side, abandoned his fish cart for the ring a year ago. Last night he made a deep bow in big league competition by knocking out Leo Lomski, the one-time assassin from Aberdeen, Wash. The knockout came in the fifth round of the first 10-rounder on the stadium's benefit card for little Patricia Harmon, daughter of the late Paddy Harmon, stadium builder, who was penniless at the time of his tragic death two months ago.

Another Permit Is Issued Here Today

A building permit was issued at the city hall this morning for \$1,800 to bring Lubbock's valuations for the month of September to \$8,872. The total for the year is \$1,327,868. Today's permit was issued to W. K. Campbell for erection of a frame residence at 1711 Fifth street. Pot-works-Gallagher lumber company is contractor.

WELL IS WATCHED
BEVELLE, Sept. 12 (AP)—Much interest was exhibited here today in the final outcome of the test for oil on the Quince ranch, 25 miles southeast of Beville and 25 miles southeast of the Pecos field. The well of William F. Morgan and the Independent Oil and Gas company on the ranch, blew in yesterday, a wild gusher with indications of oil. Production said was at 4,500 feet. The well was under control and the gas had a strong petroleum odor.

FORTY-THREE SEEKING TECH GRID BERTHS

Texas Tech's Matadors entered their third day's practice in preparation for the 1930 season this morning when Coach Carveth, Morgan and Smith sent forty-three candidates for regular variety positions through the line drill workout at the Tech practice field. The workout continued on the field until nearly noon, after which the men assembled at the training table in the Chert Casa dormitory.

The squad meets three times daily for drills. At 2:30 they are called to the gymnasium for an hour of skill practice, or lessons in theory and fundamentals. By 4 o'clock they are in uniform and on the field for the daily afternoon workout. Coach Pete Carlton is shooting most of the work to start with, attempting to take up just where he left off last spring at the close of the spring training camp.

To Hold Secret Sessions
It is likely that the candidates will be in scrimmage drills by the end of another week. After this week, Coach Carveth announces that all practice will be done in secret, and that visitors will not be welcome at the practice field.

Forty-three prospective linemen and backs were on the practice field this morning. Two others are expected to arrive this week and one has suffered an injury that may keep him out of the line up for the major part of the season.

Stangel Talks Thursday
W. L. Stangel, chairman of the Tech board of athletics, addressed the Matadors yesterday afternoon at the regular skill practice session. Mr. Stangel explained that the athletic board and Texas Tech was ready to cooperate in any way the school had great faith in the new coaching staff and the 1930 candidates.

Here is the official list of candidates for the 1930 Matador eleven, not including 11 players who are expected to arrive this week. The letter "S" after names indicates that the players were members of last season's squad. "L" means that the player is a letter man returning from the 1929 team, and "F" means that the candidate comes up from the freshman squad of last season.

Forty-Three Rookies Here
Tom Abraham, guard, S. Canadian; Ross Ayers, guard, S. Curo; Orrille Brothers, half, L. Lubbock; C. A. Doope, half, F. Ballinger; Jack Durham, captain, center, L. Hamilton; Larry Beva, end, S. Hollis; Okla; Jack Flowers, center, F. Big Spring; Lawrence Franz, quarter, S. Sulphur Springs; Earle Hobbs, full, S. Littlefield; Harlan Howell, end, F. Brownfield; Clarence Hodges, half, L. Tuscumbia; Jim Hill, tackle, S. Nocona; W. O. Jones, guard, S. Paducah; George Langford, tackle, L. Frankhill; Jay Malby, guard, F. Deuda; Henry Murphy, tackle, F. Aulavine; Moffitt, half, F. Stanton; C. McAdams, quarter, F. Sherman; Red Moore, center, F. Deuda; Bill McWilliams, tackle, L. San Benito; Weldon Osborn, tackle, L. Lubbock; Walton Nixon, guard, F. Waco; Cap Parkinson, guard, F. Lubbock; Burnett Riddle, half, A. Graham; E. C. Simmons, tackle, L. Panha; Herschel Tadiok, end, L. Amarillo; Bill Teal, end, F. Lubbock; Rip Vinant, end, L. Lamesa; Red Walker, half, L. Pickett; Moss Winterspohn, full, S. Strawn; James Wintour, end, S. Lubbock; Luther Williams, quarter, S. Luling; Charles Williams, half, F. Floyd Woodridge; half, L. Plainview; James Dallas, half, S. Brownfield; Allen guard, S. Lubbock; Yeager, full, S. Curo; J. Ross, guard, F. Corsicana; Morton end, F. Lubbock.

Eleven Others To Come
The eleven men who are expected this week are Jewell Darr, Matt Hitchcock, Don Maddox, Bill Maxwell, Munroe Stanisher, Buckner Tippe, Earned Weamer, Basil Hill and C. Ross. John Brown, of Lubbock, will probably be out for half the season due to a broken collar bone sustained Wednesday in the first day's practice.

Yacht Races Will Start Tomorrow

NEWPORT, R. I., Sept. 12 (AP)—Shamrock V. Sir Thomas Lipton's fifth challenger, and Enterprise, Harold S. Vanderbilt's defender, will begin tomorrow a series of races for the America's cup. The two boats will cross the starting line nine miles southeast of Brewster Reef lightship on a 30-mile open ocean course. The first brush will be over a windward-leeward course. The two scoops will run 15 miles into the wind and run home before it.

Texas Land Man Given Sentence

LOS ANGELES, Sept. 12 (AP)—A. P. Lusk, Texas land promoter, today was sentenced to five years at McNeil Island federal penitentiary. He was convicted last week of perjury in his recent trial on mail fraud charges. He also was fined \$2,000. A ten-day stay of execution was granted to allow filing of an appeal. Lusk was tried last April on charges of using the mails to defraud investors in Texas lands, which he represented as oil bearing. The jury disagreed. His testimony then became the basis of the perjury indictments.

San Angelo Tourney Is To Open Today

SAN ANGELO, Sept. 12 (AP)—The San Angelo country club's annual invitation golf tournament was set to open today. Entries, completed last night, indicated that 175 to 200 golfers would compete. Finals were planned for Sunday. K. D. Harrison, club champion, yesterday led the club's team in defeating a selected West Texas team led by Bob Cochrane of Colorado, Tex., in the M. L. Merit cup series.

COCHRAN LEADING
CHICAGO, Sept. 12 (AP)—With two blocks of a 360-point three contest match still to be played, Walker Cochrane today led Allen Hall of Chicago by two points today, 200 to 198. Hall won yesterday afternoon's block, 60 to 48 in 62 innings, but the Hollywood, Calif., star came back in the night block to win by 22 to 48 in 42 innings.

STONER BESTS HEAVY BATS THURSDAY

FT. WORTH HAS HOPES OF VICTORY AFTER COME-BACK

WICHITA FALLS, Sept. 12—All square after two hard fought games here, the Wichita Falls Spudders and Fort Worth Cats sealed today's victory with a resumption of hostilities tomorrow at Fort Worth in their playoff for the Texas league crown.

By coming back to defeat the Spudders yesterday, 10 to 5, after dropping the initial fray, Fort Worth returned to its home grounds for the final three games with high hopes of victory. Dick Wittworth, third member of the Cats' "big

three," was expected to be Manager Frank Snyder's choice in the third bout. His opponent, observers predicted, would be Hal Wiltse, southpaw, who downed the Kittens in the series opener.

Stengrafe Battered
Where Wiltse kept the Cat artillery well silenced the previous day, Milt Stengrafe was battered hard yesterday, finally giving way to Lefty Kook in the eighth, who fared little better. Leading the 15-hit Panther assault were the two veterans, Eddie Moore and Eddie Brown, each with four knocks. One of Moore's was a double.

Although he gave up 10 hits, Lefty Stover worked easily and had the Spuds well in hand all the way. Errors by Fowler and Tavenner paved the way for two of the runs off his delivery. The Cat right-hander let up in the eighth, long enough for Klona and Bettecourt to hit for the circuit, but it didn't matter.

REDUCE EXPENSES
BOGOTA, Columbia, Sept. 12 (AP)—The congressional budget committee today recommended a \$50,000,000 budget for 1931, thereby cutting \$30,000,000 from the present annual expense of operating the nation.

ORIOLE STAR IS AHEAD OF BABE

BALTIMORE, Sept. 12 (AP)—Joe Hauser, Oriole first baseman last night drove off his star home run of the season as Baltimore defeated Newark, 3 to 1, in the first international league contest game in Baltimore. The blow broke the record of 60 circuit clouts hung up by Babe Ruth in 1927.

JIMMY McLARNIN SETTING UP RECORD AS CONQUERER OF CHAMPIONS; WHIPS AL SINGER IN 3RD ROUND LAST NIGHT

(By The Associated Press) NEW YORK, Sept. 12—Jimmy McLarnin is piling up some sort of a record for whipping champions in the world of flatfights.

In every division from the flyweights to the welters, 23-year-old Jimmy has bowled over seven champions, either before or during their reign but never has he won a championship, all of his victories being over weight affairs.

Was His Seventh
Champion number seven fell before Jimmy's canonading last night in the Yankee stadium when Al Singer, baby king of the lightweights followed in the ways of Pancho Villa, Fidel La Barba, Kid Kaplan, Jackie Fields, Young Jack Thompson and Sammy Mandell. Singer took the count in the third round of a scheduled ten round bout, lying face down.

Some 25,000 fans paid \$175,000 to see the fight.

Singer sought the fray with Jimmy, who is the welterweight titleholder in everything but name. For two rounds, Singer stayed out in front, outboxing and outsmarting McLarnin. The third round told a different story. There was no indication that Jimmy packed a stick of dynamite in those two small but tough fists as the round opened. Singer went about his business of alternating

boxing and slyging, his plan of battle in the first two rounds, but suddenly ran into a terrific left hook to the head.

FIGHTS LAST NIGHT
NEW YORK—Jimmy McLarnin Vancouver, B. C., knocked out A. Singer, world lightweight champion, (3.) non-title; Ben Jebr, New York, out-pointed Joe Dundee, Baltimore, (8.) Lou Paluso, Salt Lake City, outpointed Armando Aquilar, Chile, (8.); Neil Terleton, England, and Jimmy Slavin, New York, drew, (8.).

CHICAGO—Billy Petrolle, Fargo, N. D., outpointed Tony Canzoneri, New York, (10.) King Levinsky, Chicago, knocked out Leo Lomski, Aberdeen, Wash., (5.) Kid Franca, Italy, outpointed Harry Forbes, Columbus, O., (5.) Charley Retzlaff, Duluth, Minn., knocked out Pedro Lopez, Spain, (2.).

MILWAUKEE—Bobby O'Hara, Chicago, outpointed Jimmy Evans, Milwaukee, (10.) Jack Sharkey, Minneapolis, outpointed Johnny Ryan, Milwaukee, (10.).

Hull Family Has Preaching Record
TANOKA, Sept. 12 (Special)—Rev. Owen J. Hull, pastor of the local Baptist church, represents a family the male side of which has been preaching a total of eighty years. S. S. Hull, grandfather, was a preacher in Eastland and Howland counties for twenty years before his death five years ago. I. D. Hull, father, has been preaching over West Texas for the last forty years was the first missionary of the Big Spring Association, and organized a number of churches in the western half of the section. Owen J. Hull is a West Texas product and has been in the ministry for twenty years, most of which has been spent at Midland and Gatesville. A great uncle of the Rev. Hull, J. M. Hull, was a preacher in Borden county until his death four years ago.

STANDARD OIL DISCOVERS WAY TO MAKE 100 AND ONE-HALF GALLONS OF GAS FROM 100 GALLONS OF PETROLEUM

By HOWARD W. BLAKESLEE
Associated Press Science Editor

CINCINNATI, O., Sept. 12 (AP)—The Standard Oil company has found a way to get 100 1/2 gallons of gasoline out of 100 gallons of petroleum.

The process converts 100 per cent of oil into more than 100 per cent of gasoline.

This development in the recently announced high pressure hydrogenation process of the Standard Oil Co. of New Jersey was reported to the American Chemical society meeting here today.

New Metal Reported
Discovery by two Western Reserve university scientists of an electrical method of unlocking the world's vast stores of Beryllium, a metal so rare that it has qualified in the jewel class, also was reported.

R. T. Haslam and R. P. Russell, of New Jersey, explained five recent developments of hydrogenation, the process invented by Friedrich Bergius, of Germany, whereby crude oil is squeezed in a highly heated atmosphere of hydrogen at about 3,000 pound a square inch. Some of the hydrogen combines with carbon in the oil to produce more hydrocarbons—and so makes gasoline.

When more than 100 per cent gasoline is obtained the addition of

the hydrogen accounts for the extra.

It is not proposed to use the process at present and the report said the time may never come when it is economical to convert oil wholly into gasoline. But the thing has been done and stands in the background ready for use is necessary to make the world petroleum supply last longer.

The great value now is to make high quality products from petroleum regardless of its quality as it comes from the ground.

WELL COMES IN
DALLAS, Sept. 12 (AP)—Extending the Van Sandt county field several hundred yards eastward, the well of the Forey Oil corporation of Fort Worth and the Van Oil company of Van blew in late today and flowed 60 barrels of oil into the storage tank at the well in 15 minutes. Operators estimated it had a potential output of 35,000 barrels daily.

RASKOB GENEROUS
WASHINGTON, Sept. 12 (AP)—Representative Tilson of Connecticut the Republican leader, said today in a statement through the Republican National committee that the last Democratic National committee report showed that from June 1 to August 31, John J. Raskob had financed the Democratic organization "almost alone."

Pickfords On Their Honeymoon

Jack Pickford, motion picture star, brother of Mary Pickford, and his newest bride, the former Mary Mulhern, New York actress, are shown here at Del Monte, Calif., where they are honeymooning. Pickford is the former husband of Marilyn Miller and Olive Thomas.

Telephone Company Service Is Better

BROWNFIELD, Sept. 12—With completion of the outdoor system of the State Telephone company plant here has come the removal of the old telephone poles and wires on the streets.

The company has just about finished installation of new lines in all parts of town and the line gang is beginning to take down the old poles.

INDIAN IS JAILED

OKLAHOMA CITY, Sept. 12 (AP)—Charges of murder against Dave Harris, prominent Sac and Fox Indian of Lincoln county, were filed today by Roy St. Lewis, United States District Attorney, who assumed prosecution under the Supreme court ruling that the Federal courts had jurisdiction over murders committed on Indian allotments.

TEXAN HELD

LLANO, Sept. 12 (AP)—Gustaf Walker, 48, of Llano, was fatally shot here Thursday. Ray Chick, a cedar dealer, gave up to officers. He was in jail awaiting an examining trial.

The shooting took place on a street, where Walker was running a tractor. The wound was made by a bullet from a rifle.

CHINESE FIGHT STARTS

SHANGHAI, Sept. 12 (AP)—Hurting 400,000 troops against the northern war lords forces in Honan province, the Nationalist government today began a great offensive to end the rebellion which has menaced its existence since May.

Sea of Beer—But No One's Afloat!

Beer, beer everywhere, but not a drop to drink. That's the predicament in which spectators found themselves when prohibition agents destroyed eight 2000-gallon vats and 46 barrels filled to the brim with real beer at a Chicago brewery said to be owned by Bugs Moran, gang chieftain. Note the foaming liquid gushing from the holes.

Rockefeller Plans Extensive Project

BAR HARBOR, Maine, Sept. 12 (AP)—Fourteen miles of public highway on Mt. Desert Island will be built by John D. Rockefeller, Jr., at a cost of \$4,000,000, it was announced today by George B. Doer, superintendent of Maine National parks.

The project would employ 300 men three years. Doer said Mr. Rockefeller has his engineering reports at hand, but had not announced when work on the road would be started.

Mr. Rockefeller has built approximately 40 miles of public motor and carriage roads on the island in the past.

DRUGS PLAN JUNKED

OKLAHOMA CITY, Sept. 12 (AP)—The state-wide credit corporation plan of relief was thrown into discard today by the State Drought Relief committee and its financial subcommittee which met with a representative of the Federal Intermediate Credit Bank of Wichita, Kansas, here in an effort to devise means for relieving the financial distress among farmers in this state.

RANGER MAN KILLED

RANGER, Sept. 12 (AP)—Joe Webb, 31, of Ranger, was killed Thursday when he fell under the trucks of an eastbound freight train in the Texas & Pacific railway yards here. He was decapitated.

Lava of 15,000,000 fish have been saved by the government during the drought.

THERE'S always some favored one with a charm that's all her own. . . . And everywhere in the modern scene you'll see happy smokers breaking out fresh, fragrant packs of Camels . . . a natural choice too!

For the mildness of Camels is a charm that's all its own . . . a natural mildness that's a quality of choicest tobaccos. Don't confuse this fresh, fragrant mildness with the flatness or insipidness of "over-treated" tobacco. There's a delightful natural fragrance to Camels, too, a "bouquet" as distinctive as the fragrance of oriental flowers.

Here's to the delightful things of life! Have a Camel!

J. C. PENNEY STORE WILL OPEN

SATURDAY, SEPT. 13TH.

(1012 Main Street)

IN THE OLD ACORN STORE LOCATION BETWEEN THE HILTON HOTEL AND THE PALACE THEATRE BUILDING

We are opening our doors Saturday, September 13th for the first time since fire destroyed our store and merchandise in the Ellis building.

With the opening in our temporary location, we have a new stock, new fixtures, and a large floor space.

New fall merchandise, new styles, the very latest creations in every department for the men, women and children.

We are ready to offer you merchandise at the lowest prices in the history of our activities in Lubbock that began five years ago.

To our friends and thousands of customers, and those whom we have not had the opportunity to serve, we cordially invite you to visit our store located between the Hilton Hotel and the Palace Theater building, at 1012 Main Street.

GOOD WILL CARAVAN OUT ON FIRST TRIP FOR FAIR TODAY

DELEGATION IS OUT TO SOUTH TODAY

HIGH SCHOOL BAND IS ALONG; WELCOMES ARE ASSURED

With an itinerary including eight cities in the south and southeastern portions of Lubbock's trade territory, the first booster trip for the 1936 Panhandle South Plains fair got under way this morning with representatives from this city numbering about fifty firms and individuals and a 35-piece band.

The group was led by the Lubbock high school Western organization, under direction of H. A. Anderson, and left this morning at 7:45 o'clock expecting to return at 7 o'clock tonight.

Large Delegation Out

Although some little doubt had been expressed that the full quota would be raised for the trip, the assemblage at the city hall this morning was sufficient to assure a representative motorcade which will speak well of the spirit of Lubbock.

With Joe Bowman as chairman of the trip committee, John Leonard, chief of police, drove the lead car today.

Welcomes Assured

Stop of from 15 to 30 minutes is scheduled in each of the cities to be visited today. Lubbock Chamber of Commerce officials were assured by telephone messages yesterday that towns on the route were looking forward to the visit and that good delegations will be out to greet the trippers in each.

Pupils of Slaton schools did not assemble this morning in their classrooms until the motorcade had passed through the town. The children assembled with a large group of other citizens about the bandstand on the Slaton square where Lloyd Wilson, secretary of the Slaton Chamber of Commerce, delivered a short address of welcome.

A Lubbock speaker will be presented at each stop, extending greetings from the "Hub of the South Plains" and briefly describing attractions of the 1936 fair. Whistles and airplane novelties will be given the children. Picnics, and other paraphernalia will be distributed to advertise the exposition here.

Brief instructions issued to the trippers Thursday morning designated the primary purpose of the tour as building of goodwill toward Lubbock and the fair.

W. A. Smith, superintendent of the schools at Southland, will make the greeting of welcome there. T. R. Greenfield, president of the Post chamber of commerce, will greet the trippers at Post.

To Dimes Kiddies

Mayor C. H. Cain of Tahoka will do the welcoming there. The Tahoka chamber of commerce will arrange provision of immediate service for the Lubbock representatives at luncheon so that delay may be avoided. School children will be dismissed before the regular end of the morning period.

V. A. Edwards, superintendent of

schools, will make the welcoming address at O'Donnell.

A trip through the West Texas Dairy Products company's powdered milk plant will feature the stop at Lamesa. A short informal reception announced includes serving of Bulgarian butter to the visitors.

William A. Wilson, secretary of the Lamesa chamber of commerce, will lead the Lubbock group through the milk factory, after extending to them an official welcome.

The booster cars will turn back from Lamesa, continue through O'Donnell and Tahoka and stop at Wilson before arriving in Lubbock. Termination of the trip here is scheduled for 7 o'clock tonight.

Speakers Named

Speakers in the Lubbock delegation will include: Jess Levens, Victor H. Lindsey, Vaughn Wilson, C. A. Sheffield, B. Sherrod and J. F. Humphries.

Schedule of the trip follows:

Leave Lubbock 7:45; arrive Slaton, 8:15; leave Slaton, 8:45; arrive Southland, 9 a. m.; leave Southland, 9:15; arrive Close City, 9:45; leave Close City 10 a. m.; arrive Post 10:15; leave Post 10:45; arrive Tahoka, 11:45; leave Tahoka, 1:15; arrive O'Donnell, 1:30; leave O'Donnell, 2:30; arrive Lamesa, 3 p. m.; leave Lamesa 4 p. m.; arrive Wilson, 6 p. m.; leave Wilson 6:15; arrive Lubbock 7 p. m. Lunch is to be served at Tahoka.

Persons who are making the trip today are as follows: W. O. Daniels, Joe Bowman, R. F. Hinchey of West Texas Gas company, Clarence Minor of South Plains Pipe Line company, Albert Crowley, W. T. McKinley, Albert S. Darby, Mrs. Mark Halsey of Mark Halsey drug store, Lubbock Furniture company, Davis & Humphries, Vickers & Campbell, Harvey Williamson, Luther By-

num, J. F. Hankins, Glorieta shop, John I. Chesley, W. A. Beard, O. B. Conley, Vaughn Wilson, Victor H. Lindsey, Ira Doak, C. A. Sheffield, Baylis Stoneker of Beacon Master service station, Lubbock Auto company, William Dingus of Corner drug store, Claude Cook, S. B. Hayes, Logan service station, John Leonard, Paul Carter, Raliff-Rogers Buick Co., A. T. Coanougher, W. R. Wylly of Carter-Houston store, L. Mirschy of Levine's store, Citizens National bank, Suede Kling of Hilton hotel, J. D. Hassell of Hemphill Wells store, W. W. Rix of Rix Furniture company, John Leonard, Oscar Phillips, B. Sherrod, First National bank, Spikes Brothers Furniture company, Texas Utilities, R. J. Cheatham of Acme Brick company, Caprock Embroidery company, W. B. Price, Mrs. G. T. Cartwright and Mrs. C. P. Green.

LAMESA PLANS TO STAGE GREETING

LAMESA, Sept. 12.—(Special)—Lamesa will welcome Lubbock's good will trippers when they arrive here Friday at three o'clock. Lamesa's schools will release students for the afternoon when they get here while the Municipal band will play a greeting.

G. A. Thomas, recently elected as director of the Public Relations bureau of the Lamesa Chamber of Commerce, will have charge of the reception. A citizen here will deliver an address of welcome at the bandstand between concerts by the Lubbock high school band and the local musical organization.

VENICE, Italy (AP)—The chapel of St. Nicholas in the ducal palace where the doges of Venice's day worshipped, has just been opened to visitors after extensive repairs.

Rescued From Ill-Fated Liner

Here are three passengers of the ill-fated steamer Tahiti which sank in the south Pacific shortly after the 317 persons aboard had been rescued by the liner Ventura. Photos show the Rev. Stanley Bailes of the Third Presbyterian church, Los Angeles, left; Mary Mae Wamsley, 24, right, and Helene Switzer, 22, inset, both teachers of Los Angeles.

W. T. C. C. DRIVE IS SUCCESS

DRIVE IS CONTINUED IN EFFORT TO GET 103 MEMBERS

Although a definite report on Thursday's activities could not be obtained this morning, officials in charge of the drive for members in the West Texas Chamber of Commerce stated today that preliminary indications would show that success is meeting the efforts of some 25 workers.

Divided into eight teams, with a captain at the head of each, the workers took the field yesterday in an attempt to sign up 90 members for the regional organization during Thursday and Friday. The general campaign is under direction of Homer D. Grant and Spencer Wells, directors of the West Texas chamber.

Thirteen members already belong to the organization in this city and officials are seeking to build that number to 103, a pledge made at the 1935 convention in Abilene. The drive will continue through today and a final report is expected to be made tonight.

CAIRO (AP)—Almost 1,500 lamps have been damaged in political disorders here. Youthful demonstrators used them as barricades against police and troops and smashed others for no discernible reason. Replacement cost of each post is about \$150.

TO STABILIZE PESETA

MADRID, Sept. 12 (AP)—The Spanish cabinet last night took additional measures designed to stabilize the peseta and at the same time Premier Berenguer announced the press censorship in force since the advent of the Primo De Rivera dictatorship, would be lifted next week.

Ohio university represents an investment of \$21,175,981.

3 REASONS WHY!
TEXACO ETHYL . . THE DRY ETHYL!

THREE sources of extra power! That's what distinguishes Texaco-Ethyl as outstanding in the premium gasoline field. That's what is making millions of motorists give up their pet "one-feature" motor, fuels and flock to the Texaco-Ethyl pump. It gives more than just the extra power and speed of a high-test fuel. More than just a quiet, smoother-running engine! It gives you all of these qualities—plus the amazing starting and pick-up that made the new and better Texaco Gasoline, the original "dry" gas, famous. Try Texaco-Ethyl today. It's better because it's "dry".

THE TIRE MAN

PHONE 2000 AT 13th & AVE. L.

THE TYNMITES STORY BY MAL COCHRAN—PICTURES BY KING

Just seems to disappear up in the sky. The Travel Man said, 'You should know those are the Alps. That's where we'll go. This train runs through some valleys with big slopes on either side. Why, you can't even see the top. We'll look the next time that we stop. All this is why I told you that I knew you'd like this ride.' They rode for many miles and then the train came to a stop again. 'We'll be here for a half an hour,' somebody told the bunch. 'Say, that will give us time, I hope, to ride right up a mountain slope,' exclaimed the friendly Travel Man. 'That is a happy bunch.' They found another train nearby. 'Hey, take a trip up toward the sky,' exclaimed the man who ran it. 'It's a climb you'll never forget.' And so the Tynmites climbed aboard. The engine chugged and chugged and roared. The Travel Man said, 'Like this? And the whole bunch cried, 'You bet.' 'The Tynmites arrive at St. Mortis in the next story.'

(READ THE STORY, THEN COLOR THE PICTURE)

The train ran smoothly over the window and look out. Some sights and Beauty said, 'It has been grand to see so much of Italy. I really hate to leave. The people here were very kind. Some of those folks are hard to find, but now that we are on our way, there is no sense to grieve.' 'You're right,' replied the Travel Man. 'It's better to see all you can while riding over open land in such a train as this. You all are having fun no doubt. Sit by the window and look out. Some sights may go a-scooting by that you won't want to miss.' All of a sudden Crown said, 'Say, I see mountains just ahead. Is that where we are heading for? My goodness, they look high! On top of one I see some snow. Up into it I'd like to go. Another peak

then the train came to a stop again. 'We'll be here for a half an hour,' somebody told the bunch. 'Say, that will give us time, I hope, to ride right up a mountain slope,' exclaimed the friendly Travel Man. 'That is a happy bunch.' They found another train nearby. 'Hey, take a trip up toward the sky,' exclaimed the man who ran it. 'It's a climb you'll never forget.' And so the Tynmites climbed aboard. The engine chugged and chugged and roared. The Travel Man said, 'Like this? And the whole bunch cried, 'You bet.' 'The Tynmites arrive at St. Mortis in the next story.'

Alaskan fliers are carrying mail to camps north of Nome and dropping the packages for women boys.

Hyatt's Son Plans University Career RALLA Sept. 12—A. C. 'Dick' Hyatt, editor of the Ralla Banner, and his son, J. W., are leaving Friday for Austin where J. W., a graduate of Ralla High school last year, plans to enroll in the University of Texas. Since his graduation J. W. has worked in the Banner office and

is the linotype operator and pressman. He also is an experienced printer and expects to be able to work in one of the Austin shops.

DAILY MARKETS

Stock Market

WALL STREET REPORT
NEW YORK, Sept. 12 (AP)—The stock market was irregular in the early hours of quiet trading today. Most of the leading shares advanced for a time, but the rally was used to market stock and the bears put out some short lines. Early gains of a point or more in the active issues were generally cancelled but the recovery of U. S. Steel gave a steadier tone to prices.

J. A. Case was again weak, losing several points on top of yesterday's decline. North American, Radio, A. M. Byers, United Aircraft and International Harvester sagged about a point under the Thursday close. American Telephone and Southern Pacific were also heavy.

Cash money received at 2-1/2 per cent.

Grain

CHICAGO GRAIN REPORT
CHICAGO, Sept. 12 (AP)—Weakness of quotations at Liverpool forced Chicago wheat prices lower at the start of trading today. Liverpool prices were down sharply because Russia has renewed offers of cheap wheat. Prices here dropped to new lows for the season for the deferred deliveries on the break and the September delivery sold as low as 1 1/2 a bushel. Stop loss orders were uncovered on the way down. Buying against bids and on resting orders checked the decline. General selling was in corn with support lacking.

Wheat broke sharply at the opening. Initial sales being 3-8-1/2-3-9 under yesterday's finish. Corn was also down at 1-7-1/2 to 1-5-8-1/2 lower than the final quotations yesterday.

Cotton Market

NEW ORLEANS REPORT
NEW ORLEANS, Sept. 12 (AP)—Cotton had an easy opening owing to unfavorable Liverpool cables and first trades showed losses of 2 to 3 points. Ring sentiment appeared bearish due to a private estimate of small August cotton crop and summary and bearish statistics generally. October dropped to 11.00 and December to 11.18, or 8 to 9 points below yesterday's close.

At the end of the first hour the market was steady but at the low. The market ruled comparatively quiet all morning with the price trend slightly downward. While ring sentiment was bearish there was no great selling pressure. October finally traded down to 10.96 and December to 11.14, or 12 to 13 points under yesterday's close. At mid-session the market was quiet and steady and a couple of points above the lowest.

Livestock Prices

LUBBOCK LIVESTOCK
The following report furnished by McDonald Packing company:
Cattle: calves, choice white face, 8.50-9.50; good and medium, 7.25-8.00; 3.00; yearlings and heavy heifers, choice, 3.50-4.50; cows, choice, 4.50-5.00; good and medium, 3.00-3.50; common and cullers, 2.00-2.50; bulk heavy butchers, 2.50-3.00; heavy choice butchers, 2.50-3.00; choice light weights, 7.50-8.00; choice heaves, 6.50-7.50; packing sows, 6.00-7.00; stocker pigs, 2.00-3.00.

REPORT IS ASKED ON OIL PRORATION

AUSTIN, Sept. 12 (AP)—A request that officials of the Big Lake Oil company and the Group No. 1-Oil company notify the railroad commission at once as to whether they have taken any steps to curtail production as outlined in a special report by Dave Donoghue, technical expert for the state proration committee, has been made by the commission.

The letter pointed out that although Donoghue's report was made several weeks ago with the understanding that officials of the companies would try to follow his suggestions if they were found feasible, no action had been taken so far as the commission knew.

Special attention was called to Donoghue's statement that much gas was being wasted in the production of oil and a statute of the conservation law pointed out expressly empowering the commission to prevent gas waste.

These companies have been the holdings in the Big Lake deep strata field, which is owned by the University of Texas. The field is the only one in Texas not governed by a special order, the order having been held up pending some sort of compromise which had been expected following Donoghue's report.

DOUBLE SLAYINGS

Continued From Page One.
In the evening Chandler had driven to Tahlequah with Mrs. Stafford, driving north.

The woman's husband, Jack Stafford, is a trombone player with a traveling orchestra. He was believed today to be somewhere in Louisiana.

Mrs. Stafford formerly was an actress.

MYSTERY SHROUDS CALIFORNIA CASE

SAN FRANCISCO, Sept. 12 (AP)—Mystery surrounding the slaying of a young man and woman, both found shot through the head, held the attention of officers today.

"A plain case of murder and suicide," police said. But the couple's identity and the reason for the shooting puzzled investigators.

The bodies were found yesterday in an apartment where they had lived for two weeks under the name of Mr. and Mrs. R. L. Castle.

Police said the couple recently had been known as Mr. and Mrs. R.

The Newer Styles IN FALL FOOTWEAR

Are here in all the newer lasts and beautiful leathers. Every new type of footwear for Fall is represented in this collection—every new leather combination and color. Here you can assemble a fashion-right shoe wardrobe, at moderate prices.

The "Primrose" Pump \$11.00

As shown in all over Golden Brown Kid with Bisk silk Kid top lacing and platted Vamp Bow of Bisk silk Kid. A modified last with 19-8 Spanish heel.

The "Datona" Pump \$10.00

Made of all over White Satin "Fantasy" (a new material made especially for dyeing, which is an outstanding success for Pastel Colorings.) This shoe is built over a modified last with 21-8 French Heel as shown. Dyeing any shade—\$1.00.

The "Olda Tie" Oxford \$10.00

The above Oxford is shown in two leathers and colors, all over Golden Brown Kid and all over Black Satin Mat Kid. A three eyelet Tie pattern in Hand Turned construction with 15-8 Cuban Heel.

DEXDALE "Tru-dul" IS SILK-SEALED "Silk-Sealing" makes the new DEXDALE "Tru-dul" hosiery the one outstanding stocking of the popular dull lines.

Dexdale "Tru-dul" stockings are made of high-twist, pure silk. Their dullness is knitted in. "Silk-Sealing" makes them longer wearing. The smooth, strong, "sealed" threads are free of "fiber-fuzz" and resist "pulls" and "runs".

If you haven't seen them, be sure to this week. Compare them on the counter or wherever you will. Let your judgment convince you.

\$2.45 PR.

THE NEWER COLORS ARE Gazelle, Rose Metal, Mauve Beige, Beige Clair and Oriental Beige

SOUTH PLAINS NEWS CHATTER

BY J. SAM LEWIS, FIELD CORRESPONDENT

ED HAS NEW CAR

Ed the popular Pioneer Motor bus driver between Roswell and Lubbock has a new car. He also has a new type of mirror in front. The mirror is of the regulation size for motor cars. But it has a clock fastened on one end, behind the mirror, so that passengers can easily tell the time. Ed keeps the clock going and it carries New Mexico time, not Texas time.

LAWN WELL KEPT

The court house at Seminole has one of the greenest looking lawns on the South Plains. The grounds are well kept and with the court house having its own water supply, windmill and tank, there is plenty of water for sprinkling. The grass is kept short and is green all the time. Shade trees protect the lawn to some extent but not enough to prevent the grass from growing.

OLD DAYS RECALLED

Over at a country church between Brownfield and Seagraves Sunday morning a reminder of early prairie schooner days. It was an old fashioned surry type, with the top gone and in its place a set of staves covered with a canvas top much like the early day prairie schooners which were used in following the Santa Fe trail.

Seen on the coal house of the Seminole high school building. "Seniors, 1928."

NIGHT MORE SPLENDID

Night scenes in the Hobbs oil fields are much more splendid than ever before. With nearly 60 wells actually being drilled and 65 more derricks up and in operation, a dozen or so powerful lights on 125 tall towers, 80 to 120 feet tall, can be seen for a long distance. They also present a pretty appearance as one drives swiftly over the country roads towards the scene.

DERRICKS SEEN CLEARLY

The forest of oil derricks of the Hobbs field are now much more noticeable as one approaches from the east than a few months ago. One sees the derricks looming on the sky line just a couple of miles east of the state line. In fact, the sight of the derricks is indication that the New Mexico line is near. For five or six miles up and down the skyline the derricks loom. They can be more clearly seen now, with over 100 of them, than when there were only a score or so.

BOUNDARIES EXTENDED

Gradually the boundaries of Hobbs are being extended. The highway between the state line and Hobbs, coming from the east has a variety of dwellings between the athletic field and the corner of Carlsbad street. One sees flivvers of all vintages from 1920 to 1927; other makes of cars with histories extending back for nearly a decade; wagons and other vehicles parked in the sagebrush and chimneys. Many of them have a tent pitched to one side, or else use the car

for one side of the tent. In the late afternoons or at noon hour the women may be seen cooking the meal over an open fire. The line of parked cars and tents is slowly extending northward.

NO EASY TASK

Gathering news in Hobbs is no easy task. Nobody seems to know much about anything that may happen. The town is so full of new people, most of whom have not been there more than a couple of months. The result is that few have a very large acquaintance list. Men are generally known by a nickname "Peg Leg" or "Blackie," or "Bill," or "Slim" or "Shorty" or some such name. When a direction is asked often the reply is that "its over that way" and the inquirer is left to wander around a bit. Not many houses are numbered, the streets are all named but that is about all.

HOMES BEING BUILT

The residential section of Hobbs is growing. It is on the north side of town and there are a good many nice little homes being built there. In fact, just at the present time the largest portion of building is in the residential section, with new homes of a better class than one finds frequently in an oil town.

Defies Father

Despite her father's objections Helen Coban, 19-year-old daughter of George M. Coban, noted New York theatrical producer, has decided to go into motion pictures. After making her own way in Hollywood for several months, Miss Coban has been given her first screen role.

being erected. So many oil men have come out here and have brought their families with them that they just have to have a decent sort of a building for the women and children.

FACES ASSAULT CHARGE

LAREDO, Sept. 11 (AP)—Arthur H. Compton was arrested at San Diego, Texas, and brought here today to face charges of assault with intent to murder, in connection with an attack on Betty Merrifield and Lea Sweet. The girls were alleged to have been beaten by Compton as they were riding in an automobile on the highway near here, yesterday.

North Carolina has 24 airports.

Abilene Decorator Willing To Make Affidavit, He Says

Took Scores of Treatments Without Results—Gained 14 Pounds on Argotane

"Yes, sir, I would go before a notary any time and testify to the wonderful benefits I have received from Argotane," said W. W. Wood, well known decorator who resides at 849 Cypress Street, Abilene, Texas, a few days ago.

"My health has been badly broken for the past six years," Mr. Wood continued, "and I have suffered from some ailment or other all the time. I had headaches continually, my kidneys were out of order, my back hurt and I was dizzy at times. I could hardly walk straight and my back and my head would nearly kill me. My stomach was in such an awful condition I would vomit up my food and was hardly able to retain enough on my stomach to barely keep me alive. My stomach was in such a bad condition that I was told I would never get over it.

"I reckon I took at least 50 different kinds of medicines trying to get relief but nothing did me any good and so one can realize what terrible feelings I had unless they had the same troubles. Several of my friends recommended Argotane to me so highly that I decided to try it and I am certainly very grateful for the results, for I'm now feeling fine. I have gained around 14 pounds and am enjoying about as good health as anybody. My suffering is gone, my appetite is splendid and my stomach troubles seem to be a thing of the past. Things are quite different with me now and I feel that I wouldn't be doing the right thing not to tell others about the medicine I have reaped so much benefit from."

Genuine Argotane may be bought in Lubbock at the Bowen's Drug Store.—adv.

GROLLMAN'S Bargain Basement

You can now buy all your fall requirements at economical prices in Grollman's Bargain Basement. It will pay you to investigate.

NEW FALL DRESSES

It is truly remarkable that dresses of such fashion, quality and style detail could sell at such a modest price. New modified silhouettes, several versions of the bolero, deep lace yokes, newly draped necklines and many other late features are in these two fine groups. Sizes for women and misses.

\$5.95 \$8.95

NEW FALL MILLINERY

"Tilt back your hat," says Paris—and these hats show just how it should be done to get the new hair line that is so flattering; new berets, double brims and alpine types are here in velvet and felt—autumn's leading shades—and how they will brighten up your fall costume. This stock represents copies of higher priced models.

\$1.98

NEW FALL SHOES

This fine group of fall shoes is outstanding in newness and style—black patents, black and brown kids, snake trimmed pumps, ties and straps—you will want them—and you will want two pairs at this price.

\$2.98

FOURTH DIMENSION BEING STUDIED BY U. S. PHYSICIST WHO FIGURED WEIGHT

By Marguerite Young
WASHINGTON, Sept. 12, (AP)—A man who weighed the world is now putting wires together to show how the figures of the fourth dimension of space would look to men if they would visualize the laws of that pet theory of higher mathematics.
Dr. Paul R. Heyl, bureau of standards physicist, known throughout the world of science, said today he had undertaken the new task chiefly for his own amusement, though his products will be preserved by the bureau. He described the work as "making models to represent things the mind of man has never been able to imagine." The fourth dimension has been his hobby since boyhood.
"No One Ever Imagined"
No human being, Heyl explained, has ever really imagined the fourth dimension of space. He himself recognizes it only in mathematical theory.
The scientist made a significant contribution to man's knowledge of absolute facts when he announced last June, after more than six years intensive study, that the world weighed 6,262,000,000,000,000,000—62,620,000,000,000,000,000—pounds, more than 62

A SPECIAL SELLING OF LADIES' AND MEN'S SHOES

HERE ARE VALUES YOU HAVE BEEN LOOKING FOR

Ladies' New Fall Shoes

EUGENE PLAYS HIS WAY OUT OF JAIL

(By Associated Press)
EVANSTON, Ill., Sept. 12.—Now that Eugene Moore has been put out of jail for disturbing the peace of the prisoners, everything is hot-hot-hot again.
Eugene plays the harmonica, which explains everything. He can pipe a high note like no body's business. He can run up and down the scale real nice. He can rip forth a march, linger over a waltz or get hot and bothered over the "St. Louis Blues" with equal facility and ecst. He's pretty good.
But a jail is no place to place a harmonica, although many people will say that a jail is a great place for a harmonica player.
When the law tossed Eugene in jail yesterday for having no visible means of support, he was too intent on playing the glories of the sweet and dulcet melody of "Casey Jones."
"You'll either have to stop," said Sergeant Ben Kennedy, "or get out of here. You're disturbing the peace."
Eugene kept right on playing. There was nothing left to do so they put him out.
And as he walked forth, a free man, there came back from his beloved harmonica the tune of that almost forgotten selection.
His first number was the see-

FIND NEW CURE

Leprosy Treatment May Be Changed By Method
HONOLULU, Sept. 12 (AP)—A new product that may revolutionize treatment of leprosy was reported today by the chemical department of the University of Hawaii, cooperating with the territorial board of health.
The preparation is derived from chaulmoogra oil which has been used successfully in treatment of leprosy, but is a water-soluble substance, whereas previous derivatives of the remedy have been oily and insoluble.
REVENUE IS SHORT
WASHINGTON, Sept. 11, (AP)—Revenue traffic through the Panama canal was said today by Colonel Harry Burgess, governor of the Canal zone, to have fallen off sharply during the last three months as a result of the world wide business depression.
