BEWARE OF THE POLITICAL GHOST!

(AN EDITORIAL)

THE JOURNAL LEARNS UNOFFICIALLY THAT ATTEMPTS are being made in certain quarters to push the disreputable ghost of the old klan and anti-klan controversy onto the Lubbock county stage of the first Democratic primary election.

JUST HOW MUCH SUCCESS those who wish to restir the pot of turmoil will have is a question, but the Journal hopes that the thinking citizenship will squelch the plan in no uncertain terms.

THERE IS NO QUESTION OF PARTY POLITICS in the election which has been set for tomorrow. There is no question of "klan" or "anti-klan" policies for the voters to decide. Votes should be cast upon the basis of qualification of the various candidates for the positions which they seek.

FRANKLY SPEAKING, the Journal holds no brief for either of the above named organizations which were at one time such virile factors in Texas politics. This publication, with no axe to grind no matter which candidates are given majorities, hopes and believes that the overwhelming majority of voters in this city and county will say with ballots that no dissension is wanted here.

Committeeman In New York Resigns

NEWBERN, N. Y., July 27 (AP)—Giving no reason for his action, Senator Furnifold M. Simmons, an outspoken opponent of Governor Smith, has resigned as a member of the democratic national committee, a place he has held since 1924.

His resignation was transmitted to Chairman John J. Raskob yesterday and announced here last night. An ardent dry, the Senator opposed the candidacy of Governor Smith with uncompromising vigor during the pre-convention at Houston and the meeting of the national committee at which Raskob was made chairman.

LOCKOUT ORDERED

MANCHESTER, England, July 27 (AP)—A lockout that will affect about 500,000 workers was decided upon here today by the Master Spinners federation as a means of alleviating conditions in the industry. The lockout will be effective August 11.

One Minute Interviews Finds Women Workers Prone To Be Happy

"Hard work, determination, and faith in your own product, whether it is yourself or your career, are the three keys to success," said Marjorie Dork, New York beauty and slenderizing expert.

MARJORIE DORK

many are content with a job that pays enough to get along on. They do not appreciate what it means to have to hustle and win by competition.

"Then, too, if a girl is smart looking, and clever, she can make all sorts of invitations out to dine and to dance, so she is perfectly satisfied with a mediocre job, because she has such a good time in her leisure hours.

"And no girl can be out dancing and playing every night, and work hard the next day. It can't be done. So unless a girl has a driving ambition, she becomes just one of the army of employees who work from nine to five."

Miss Dork herself has been most ambitious and successful. In 18 years she has built up a business now so solidly established that it would tempt many a woman to retire to a life of ease.

"But I still have to keep my hand on the throttle," she says, "because competent women are hard to find. And there is no business that will run itself."

"And besides, having formed the habit of hard work, I find it necessary to my business, comfort and peace of mind."

Mrs. O. L. Brown Is Party Honor Guest

Mrs. A. D. Brown, 2305 14th Street, was gracious hostess Thursday afternoon complimenting her mother-in-law, Mrs. O. L. Brown, of St. Louis, who is visiting here. Mrs. Brown has been in California for several months and is enroute to her home at this time.

Bridge was played during the afternoon with Mrs. Annes Howard scoring high. Mrs. Homer Grant scored third high. Mrs. Rankin Dow third high. The honoree was presented with a favor.

Summer flowers were used as floral decorations in the home. A salad course was served, sandwiches were cut into the form of bridge motifs.

MARINES AID IN FIRE FIGHT AS POWDER IGNITES

(By Associated Press) NCRFOLK, Va., July 27.—A company of marines from the Norfolk navy yard early today helped prevent fire spreading after the ignition of 4,600 pounds of smokeless powder at St. Julien's depot caused by terrific explosion which shook this section.

No one was injured and very little property damage was done. Within a few seconds after the blast all of the forty magazines at the depot were flooded by a special emergency system and the depot fire department was playing streams of water on the ruins of the exploded magazine.

Bricks and broken concrete from the walls of the magazine were hurled a short distance outward, practically the entire force of the blast going into the roof. A marine walking a post a few score feet from the magazine was uninjured.

Spontaneous combustion was the only explanation that ordinance officers could advance as a probable cause of the explosion.

TAX REDUCTION

(Continued from page 1)

one block east and two blocks west of Avenue G from 12th to 18th street and then from F to Avenue H on 18th Avenue L between Broadway and Main, 14th street between Avenue H and Texas avenue and Avenue M from 19th to 22nd street. The streets are to be 30 feet wide.

Always to be paved are in blocks 118, 119, 122, 123, 124 and one in 120 of the original town. Concrete pavement will be used.

Unqualified approval of the workings of the new tax system was expressed by the city tax assessors, members of the city tax assessor's board who met with the commission in completing details of their work of regulating assessments. The reduction will offset somewhat the complaints made recently by various property owners regarding valuations.

Fifteen cents of the slash will be taken from the interest and sinking fund while ten cents will be cut

from the general fund of the city's budget. The toasting lasted from 1:30 until after five o'clock during which time a number of minor routine matters were disposed of. Mayor Harley D. Woods and all commissioners were present with the exception of D. N. Leaverton.

Chinese Apologize For Wounding Sailor

CHEFOO, Shantung, China, July 27 (AP)—Northern military authorities today tendered an apology to the United States through the American consul for the wounding of an American sailor on July 23. The sailor was shot in the hand when the northern troops recaptured Chefoo from the nationalists and investigation showed the northerners were responsible.

The northern commander voluntarily gave the wounded sailor compensation.

Rain Is Big Help To Crosby County

CROSBYTON, July 27.—During the past few days Crosby county and Crosby county has received about three inches of rainfall which has put the cotton and grain crops in the best of shape. The crops had only begun to need rain, never having suffered for the want of it. Crosby county acreage is about the same as that of last year, but the indications are that there will be a much greater yield, due to the late planting last, which cut crop.

The maize and kafir acreage greater this year and the prospects are good for a good crop. Much of the Crosby county maize and kafir crop of last year was shipped to Germany for making beer. With this increased demand for the grain of the South Plains the farmers are expecting a good return from their crop this year.

TUNNEY, NEW FOUND "KILLER" SLASHES HARD ROCK TO SILENCE

HEENEY GOES DOWN GAMELY IN VICIOUS ONSLAUGHTS; RICKARD AND AIDES TAKE GIANT LOSS

By EDWARD J. NEIL (Associated Press Sports Writer) NEW YORK, July 27.—The Hard Rock of Down Under was well hit today, pulverized by the power in the fists of Gene Tunney, a real fighting marine.

Under a storm of gloves that ripped his seamed features open, and blinded him in one eye, Tom Heenev of New Zealand, who plodded his way past all American challengers, crumbled last night in the eleventh round of the fifteen round battle he had earned with the heavyweight king.

Gory Figure Goes Down Heenev went down—a shambling, gory figure, numb in body by terrific right hand punches which a new brand of Gene Tunney poured into the almost defenseless challenger for nearly five consecutive rounds. Heenev sank to the canvas, from the beginning of a knockout by the shielding arm of the referee, but only after one of the greatest stands and most vicious beatings a heavyweight ever endured.

Overwhelmingly perhaps, the unquenchable courage of the challenger in the face of withering glove fire was revealed at last under the glaring lights of the Yankee Stadium ring as a "killer"—the type of fighter Tunney in his heart always has envied.

Unfortunately, Gene's awesome display of punching venom came too late to save Tex Rickard from the first great financial failure of his career. Although official receipts have yet to reach \$100,000, the promoter admitted that the crowd of 50,000 that more than half filled the huge home of the American League world champions paid but \$700,000 to see the major fist job of the show.

Loss May Be \$200,000 The loss to Rickard and the Madison Square Garden corporation, coming at the end of a series of heavyweight championship matches that set new records for receipts, probably will reach \$200,000. The championship tilt, counting a guarantee of \$25,000 for Tunney and \$100,000 for Heenev, probably cost \$800,000 to stage and of the \$700,000 estimated receipts, the promoter must pay 20 per cent in taxes to the state and federal governments.

But through that dreary vista of \$1,000,000 and \$2,000,000 also loomed under the magic touch of Jack Dempsey the promoter today saw visions of bigger and better days. The Madison Square Garden believes that he now has in Tunney the makings of one of the greatest drawing cards in the history of the ring—a master boxer with the power in his right hand to batter helpless a man who never before was punched to the canvas.

Certainly the handsome champion, bronzed to the color of an Indian, trained to the minute and his glowing accuracy, turned loose on Tom Heenev a brilliant, all-round display of fighting power. From the third round until the seventh, when a slashing right paralyzed the optic nerve in Tom's left eye, there was no question of Tunney's supremacy. And from the moment that blood landed until Referee Ed Forbes mercifully stepped in to save the Anzac blind and helpless, after two minutes and 30 seconds of slaughter, the sole issue was one of endurance—Heenev's ability to absorb punishment.

Near Knockout in Tenth For just a moment in the tenth round, as Heenev, battered senseless by a storm of punches that rattled off his flimsy chin and chugged deep in his bony body, stretched helpless at the edge of the ring, Gene seemed to have won the prize of a clean knockout. But before a count could be started, the sole issue was one of endurance—Heenev's ability to absorb punishment.

Having the sympathy of most of the crowd by his Spartan indifference to punishment, Heenev tore into the champion in the first round and drove Gene before him under a storm of short, looping hooks to the head. Contemporaneous of punishment, the crazy-featured challenger ripped through Tunney's guard, bulled him about the ring, and drummed his punches on Gene's head.

It was an amazing sight to the throng, which viewed the champion as a 2 to 1 favorite and had come to see a master boxer riddle his foe with lightning lefts and right hands, that Heenev, former dean of world champions, was so easily defeated.

Tunney Solves Attack Gallant as Heenev's start amid the roars of approbation of the crowd it ended as quickly as it began. Within the next three minutes, Tunney had solved the problem of the plumping Anzac once and for all by holding Tom even in the round. From then on Heenev failed to win another session.

Strangely enough, solution of that tough punching problem from New Zealand, with the concrete jaw and steel-ribbed body did not come

through slugging with the challenger. In the second round Gene called upon all his boxing skill to fend off Tom's rushes. At every turn he tied Heenev up in clinches with arms so strong that even Tom's bulgy muscles could not break the grip.

But in between times, Gene smashed devastatingly at the challenger's body, now short, thudding left hooks that boomed into the pit of the stomach, now right smashes under the heart that painted Heenev's side a deep red and drained his stamina.

Then as Heenev weakened under body blows that threatened to crack a rib, Gene cut loose again in the third, boxing capily whenever Tom threatened, pinning him a vicious grip, but crashing always those punches to the challenger's iron sides. The punishment began to tell on the bull-chested invader. His rushes grew more desperate. Punctures wandered off the line.

Attack Switches To Head Switching to Heenev's head in the fourth round, Gene drew blood from Tom's nose and lips with knife-like left jabs and right hand smashes that carried every ounce of the weight and strength in the champion's body behind them. Desperately but in vain, Heenev slashed back in an effort to halt his tormenter.

Now and then, as Heenev's features crumpled under the champion's marksmanship, Tom rushed Tunney to the ropes in brave but futile efforts to pin him down to one spot. There Gene showed his sole weakness. Whether from the memory of the September night in Chicago when Jack Dempsey caught him on the ropes and all but knocked him out, or because of natural aversion to that style of fighting, Tunney seemed always at a disadvantage there. Once he bounced so fast to the center of the ring that Tom was left standing by the hempen barriers. But the steam was gone from Heenev's attack.

Steadily the champion whittled away at his challenger, standing toe to toe with Tom to batter and slice at his body as Heenev's strength failed, but fighting spirit never faltered. In the seventh round, a one blow that settled the battle left Tom blinking and rubbing his eye and for a moment it seemed as though the milling might end then and there.

Good Sportsmanship Here Tunney, the master in full command of the milling, showed a brand of sportsmanship that brought cheers from the throng already tiring of the gory spectacle. Gene clinched with the challenger as Heenev fought to gain control of the left eye, held him there and refused to punch until he was sure that the injury was just one of the "breaks" of the game.

Happy at the outcome of the bruising fray that definitely established him as a slayer of tremendous power, Tunney was carried from the ring by his admirers and rushed away to rest and plan his hiking tour through Germany. Off in his dressing room, Heenev bemoaned the punch that temporarily had robbed him of his left eye.

166, MOSTLY ALL NEWCOMERS, PLAY IN BIG TOURNEY

CHICAGO, July 27.—One hundred and sixty-six shot makers, some famous but most of them comparatively newcomers to second round championship golf, stood survivors to match stroke strategy over the North Shore golf links in search of the Western open championship today.

Leading the field, which was narrowed down from 300 in the two days qualifying rounds, were Bill Finley, professional from Anderson, Ind., and Phil Hessler, from Bristol, Okla.

These two who came to the crowded championship unheralded, as threats, turned in cards of 70 each—a two better than par—for their 18 hole qualifying rounds.

Episnoe One Stroke Behind One stroke in the rear were Al Espinoza of Chicago, and Jimmy Noonan, Gary, Ind., professional. Francis Galliet of Milwaukee, and Jimmy Poulls of Chicago were next with perfect cards—seventy-two.

While in the 74 class were Johnny Farrell, national open champion; Jack Hutcheson of Chicago, and others of lesser renown.

Today's round was another 18 hole venture. The 94 low scorers will land in tomorrow's final play, a 36 hole trip for the title, which is held but not defended by Walter Hagen. The "Hag" twice winner of the western open crown, is out for glory in the Canadian open, one of the few titles he has never captured.

Loughran Plans To Meet Gene In 1929 PHILADELPHIA, July 27 (AP)—Word came here from New York today that Tommy Loughran, Philadelphia light heavyweight champion, would vacate his title October 1 and train for a heavyweight bout with Gene Tunney next year. Loughran, it was reported, has Tex Rickard's promise that he would be given a chance against the heavyweight champion.

BUNT PITCHES GOOD BALL IN BOTH CLASHES

M'KANN GIVES UP BUT THREE HITS TO WIN NIGHTCAP AFFAIR

The Hubbers split a twin bill here yesterday afternoon with Snipe Conley's Colts, taking the first game 7-6 and dropping the night cap 5-0. Gene Bunt, youthful Hubby twirler, worked both games for the locals, pitching effective baseball throughout the entire sixteen innings.

Three Wild Heaves Wild heaves to the first sack early in the game by Red May, Lin Storti and Sam Scaling gave the visitors a three run lead; but in the sixth the Hubber swatsmiths drove out four base hits that sent five runs across the plate to take the lead of the game as Goddard whipped out a home run, followed by singles by Kyle and Scaling and a free pass to May with Storti's homer put over the deal.

Two more runs were added by the Hubbers in the eighth giving Gene Bunt a four run lead. After two were retired in the ninth, the Hubber chucker let down, giving Lewis a base on balls, and Lagunas singled only to be followed with a terrific drive from the bageon of Sanguniet, that sent in three runs for the Colts. However, the Colt rally fell short one run as Blackie Adams popped to Scaling.

McKann Inevitable Lefty McKann had his way in the night cap setting the homelings down with three base blows over the seven innings and blanked Benjie Brownlow's recruits, 5 to 0. Aside from blanking the locals he had put over a terrific drive and punched out two of the five hits registered off Bunt.

Lagunas, Colt's shortfielder, drove out a home run with one on base in the fifth session, after his team-mate had put over a three-run rally in the second inning. The Hubbers left early this morning for Abilene where they meet the Aces in a three-game series.

TUNNEY IS WELL PAID IN FIGHT

NEW YORK, July 27 (AP)—Gene Tunney was well paid for the 32 minutes and 52 seconds he worked in retaining his heavyweight championship against the onslaught of Tom Heenev. He drew \$266.22 for each second's work. The champion's purse was \$855,000 and he occupied 1,972 active seconds in making the title safe for another year. He was rewarded less generously than his bout with Jack Dempsey when he first defended his title at Chicago, for then he fought a shorter time and got more money. He will show a profit, for he will never spend \$266.22 a second.

SPUDS SLOWLY DRAW AHEAD IN TEXAS BATTLE

Wichita Falls is slowly drawing ahead of the race for first place honors in the Texas League. The Spudgers gained a game Thursday by defeating San Antonio, 6 to 5, while Houston, in second place, was losing to Shreveport.

Lapan Hits Home Run

The Spudgers came dangerously near to losing, however, and were saved, apparently, by the rare judgment of Skipper Galloway in the delivery of the men upon whom the pilot called in a ninth inning crisis. With the Bears leading, 5 to 4, at the opening of the ninth, Galloway sent Cvenegas to bat for Estell, and Cvenegas walked. Lapan was singled to hit for Turgeon, and the catcher came through with a home run. The Spudgers got 10 safeties and the Bears 8.

Steele Lose to Exporters

Despite a rally in the seventh frame that netted three runs, Dallas lost to Beaumont, 6 to 7. The Exporters played up a seven run lead in the first five innings but were unable to count thereafter.

TILDEN BEATS FRENCH ACE IN SINGLES MATCH

GIVES U. S. TEAM GOOD START TOWARD WIN OF DAVIS CUP

ROLLAND GARROS STADIUM, AUTEUIL, France, July 27.—Bill Tilden today defeated his old rival, Rene La Coste of France, in the first match of the Davis Cup challenge round by scores of 1-6, 6-4, 6-4, 2-6, 6-3.

The American veteran came from behind after dropping the first set and outlasted the French master of machine-like strokes in one of the most grilling five set struggles these tennis giants have ever waged.

Gives Team Good Start By winning Tilden gave his team a flying start in its drive to regain the Davis Cup from the French who captured it a year ago in the United States.

The Americans now face the task of winning two of the remaining four matches if they are to lift the cup. The second match was scheduled for later in the day and pitched Henri Cochet of France against the young American John Hennessey.

Tilden's victory was his first over La Coste in the last five times they have met and it can be set down as an upset.

Big Bill won in a manner as dramatic as were the events of the past week in which he was dropped from the team for alleged violation of the amateur rule and then reinstated at the eleventh hour at the urgent request of the French people.

From the start the match was a duel for individual supremacy as it always has been when La Coste has met Tilden and this time both had a great added incentive in the Davis Cup.

Looses Opening Set Instead of making a great fight for the opening set as he usually does, the lanky American today lost it at 6-1, and started his spurt after the intermission was able to hold his own, winning the last of the two remaining sets and the match.

In the face of Tilden's last furious assault the mechanical precision of La Coste was as nothing and Tilden ran out the set with three straight games.

Tilden played one of his most magnificent matches of his tennis career in proving decisively that they do come back. His triumph at least in part atoned for the reverses suffered at the Frenchmen's hands in the United States last year when La Coste beat him in Davis Cup play and also in winning the American championship. La Coste earlier this season handed Bill a beating in a five set duel in the British championship which he won but this proved to be Tilden's day.

His opponent defeated John Hennessey by scores of 7-9, 9-7, 6-3, 6-0 today in the second singles match. After a characteristically poor start he swept aside the Indiana-

LOSER IS GAME

Heenev Says Best Won; No Blame Placed for Blow

(By Associated Press) NEW YORK, July 27.—The defeated challenger, Tom Heenev, absolved his conqueror, Gene Tunney, from blame for jamming a thumb into his right eye as they started their eighth round. It was not intentional, Heenev said.

"Tunney is too good a sportsman to do a trick like that," Honest Tom said. "That blimy thumb—if it wasn't for that I might have gone through until the finish. But I have no excuse to offer. The best man won. Didn't he? What's the use of crying. It's a sporting proposition with me. I want to be a good winner and a good loser."

The victory, Tunney said, was due solely to the battle plan he mapped out almost three months ago in a closing burst of speed which swept the last set at 6-1.

The first three sets of the Cochet-Hennessey match was almost as hard fought as that which preceded it but after the intermission the Frenchman had things all his own way. The victory which left the American and French teams deadlocked enabled Cochet to even matters with Hennessey for a beating he had inflicted in America last summer.

Big Shake-Up Seen In Omaha Ball Club

OMAHA, Neb., July 27 (AP)—The World-Herald said today that a big shake-up in the Omaha Western League baseball club includes the sale of Joe Burns to Seattle; Clarence Hetherly to the Detroit Tigers, and probably Red Harvel to Cleveland.

Marion Thomas, the newspaper said, has been selected by the St. Louis Cardinals as the man they want in an option deal. The resignation of Hans Rice, secretary, was also forecast.

CANDIDATE FOR County Attorney

"Natural Ability Blended With An Earned Education, A Vigorous Prosecutor, a Man Representative of the People Of Lubbock County"

TODAY—more than ever before in the history of Lubbock County, the QUALIFICATION of a person seeking public office is and ought to be the deciding factor in selecting public officials. With increased population there came an increased volume of work for each officer of the county, his duties are more detailed and more specialized, and of the candidates seeking election to the office of County Attorney.

YOUR PRESENT COUNTY ATTORNEY—as to who is the BEST QUALIFIED man for the office and this candidacy is submitted urging you to make any comparison you care to.

VAUGHN E. WILSON, candidate for County Attorney of Lubbock County, is making his second race for that office, believing that the small number of votes by which he was defeated two years ago will be cast for him this year along with a majority of other votes in the county. We commend to the voters his candidacy and respectfully submit that:

TWO YEARS AGO—he was defeated by your present county attorney, not because Mr. Wilson was not then qualified, BUT BECAUSE your present County Attorney appeared to be better qualified from the standpoint of experience.

EARLY LIFE AND EDUCATION
VAUGHN E. WILSON has lived in Texas since early boyhood, in Palestine, Anderson County, then in Waco, McLennan County, where he received his early schooling; he attended Texas Christian University at Fort Worth, and Baylor University at Waco, where he received his academic and law degrees. In Lubbock County and his former homes, he has a record of good report, followed by the unanimous commendation and good wishes of his friends and fellow citizens. During his school days he was under the necessity of earning his own expenses, which experience promoted those sturdy habits of industry served to enhance his natural energy and strengthen the good traits of character which his friends, both in Lubbock County and his former homes, have so often remarked in him. His four years of law practice in Lubbock County have fulfilled the early promise of his studious habits and high scholarship in Law School.

RESIDENCE
Mr. Wilson has been a resident of Lubbock County for four years. He is 35 years of age, married, and has one child 11 months old. They live at their home, 2311 Fourteenth street, in Lubbock.

PRACTICAL EXPERIENCE
VAUGHN E. WILSON has had ten years' preparation and practice. Three years' study of TEXAS LAW, FOUR YEARS IN ACTUAL PRACTICE and THREE YEARS' academic preparation. During his four years' practice he has had actual experience as COUNTY ATTORNEY, and COUNTY JUDGE. He has practiced law in every court in Lubbock County and in many courts in surrounding counties, being licensed to practice law in 1924. Since October 1, 1927, his office has been in the Myrick building, prior to that time he was in the Lubbock National Bank Building. His practice has grown consistently and for some time he was connected with one of the largest bonding companies in the country to represent them in meetings with commissioners' courts and individuals in connection with the letting of contracts for building of court houses, schools, churches, business buildings, roads and other public and private projects and in the bonding of public officials and making of contracts and bonds protecting public funds. Such is the business of your county attorney, and this experience especially qualifies Mr. Wilson to represent Lubbock County in capacity as a civil lawyer.

NOW
Mr. Wilson's experience as a lawyer has covered every phase of your County Attorney's duties. He is a capable lawyer, has always been and is now a DEMOCRAT. It is your wish to have a County Attorney, who will enforce the laws EFFICIENTLY, ENERGETICALLY, FEARLESSLY, IMPARTIALLY—one who will not be dominated by any individual or by any individual or organization—and if yes, YOU would have one who will fill the office with courtesy and COMMON SENSE, becoming a man who is a Democrat, who has lived his life in the South, who is

BOSTON HOLDS USUAL MALADY TO BEAT CUBS

PENNANT CHASE LOST, BRAVES HAVE FUN IN WHIPPING LEADERS

By HERBERT W. BARKER (Associated Press Sports Writer) Back home, the Boston Braves are suffering from the same acute malady that made them so feared last year—a disease that impels them to flee from the depths of the second division and smile pennant contenders from their pretensions to the National league crown.

It has been a disastrous year for Rogers Hornsby and the Braves. They have been no further than a short step ahead of the Phillies, who hold a lease on the cellar, most of the year.

Get Some Consolation New that it's too late to do any pennant chasing on their own hook the Braves apparently have decided to get what they can out of the season by taking first division clubs a peg or two.

They chose the Chicago Cubs as their first victims, smote them high and low and handed on Wednesday and repeated the dose Thursday. Bushour's single in the 14th scored Parrel with the run that beat the Cubs, 7 to 6, and sent the Braves down to third place in the standing one notch below the Cincinnati Reds who opportunely enough beat the Phillies.

A four run rally in the ninth enabled the Reds to trim the Phils 4 to 4. Jack Hendricks throwing 10 men into the fray to pull it out of the fire.

Cards Strengthen Lead While the Cubs and the Reds were exchanging places, the St. Louis Cardinals were strengthening their league lead to five full games by taking over the Brooklyn Robins.

Old Pete Alexander held the Robins to seven hits, while Petty, McLaughlin and Edwards were pounded for 15 including a home run and a triple by Frankie Frisch.

The Pittsburgh Pirates and the New York Giants did all their scoring in the second inning. Bush counted seven times to five for the clan of McGraw. Burleigh Grimes, aside from that one bad inning, had the Giants in control. Carl Hubbell, rookie from Beaumont, started his first major league game and was pounded out of the box in the Pirates' seven run spurge in the second.

Yanks, Tigers Divide In the American league the New York Yankees divided a twin bill with the Detroit Tigers. The champions won the first game, 12 to 1.

by the simple process of scoring 11 runs on 12 hits in the twelfth inning. Meusel got four hits including a homer and triple. The Tigers batted four Yankee pitchers hard in the second encounter and finished on the long end of a 13 to 10 score.

The Red Sox, 6 to 2, the second straight day lost both ends of a double header to the Cleveland Indians, 4 to 2 and 4 to 3.

Athletics Win Again Their third straight win, 5 to 1, over the Chicago White Sox put the Philadelphia Athletics eight and a half games back of the league leader, the Yankees.

After dropping their seventh straight to the St. Louis Browns in the first game of a double header, the Washington Senators came back to win the nightcap, 6 to 4. Sam Gray pitched the Browns to a 7 to 5 victory in the first game and registered his 18th victory against seven defeats.

WAYBOURNE CASE

(Continued from page 1)

She said he also told of poisoning his father, J. J. Middleton last fall and offered to make her beneficiary of his will if she would keep the secret.

June C. Harris, defense attorney, following Owen called Mrs. Waybourne "a poor little woman fighting for her life" and severely criticized the prosecution for bringing such charges as "red-handed murderer" in her face. Both sides agreed

on one description, that of "poor old man Waybourne."

Roscoe Statement Rapped

Harris attacked the testimony of the detective, W. P. Roscoe, of San Antonio, who swore to having overheard a conversation in which, he said, Mrs. Waybourne cursing Middleton, told him "to pull yourself together or you will send us both to the electric chair." Harris called Roscoe, "A twin brother of Judas Iscariot." He emphasized an allegation that Roscoe accepted \$50 from Middleton and framed a story to tell officers in order that he might get the \$250 reward offered by Governor Dan Moody.

speech. The 40th will be tonight at Waco, broadcast through a hook-up with large city radio stations.

Mayfield at San Antonio United States Senator Eric S. Mayfield was to go to San Antonio to give a radio address at the home town on Wednesday last night, and after about 50 persons waited 15 minutes past speaking time at the county court house, while several hundred stood in the rain to receive him, returns the engagement was canceled.

Headquarters of Mrs. Minnie Fisher Cunningham threw a hint of mystery into the campaign close by announcing today that an unnamed "distinguished broadcaster" will accept her merits to succeed Senator

Mayfield, from radio station WOAI at San Antonio tonight. She is to speak at Galveston.

Congressman Tom Connally, senatorial candidate, will conclude his campaign with a radio speech from station WBAP at Fort Worth from 9 to 10 p. m. while Congressman Tom Blanton, another bidder for Senator Mayfield's seat, will be given a homecoming at Abilene, and Col. Alvin Owsley will speak at Dallas.

Wardlaw at Home

Another homecoming is planned at Ballinger for Louis J. Wardlaw, candidate for governor, after a speech this afternoon at Brownwood.

Governor Moody's speech at Terrell yesterday embodied what he described as a content between the affairs of the highway department now and at the time when he took office. Obligations of the department, he said, were "not worth 10 cents on the dollar." He then pointed to the \$1,000,000 highway fund balance of June 30. He referred to Wardlaw as former Governor James E. Ferguson's candidate.

At Arlington Wardlaw declared that "Fergusonism" is not an issue in this campaign, as claimed by Governor Moody, and commented upon the fact that the governor, who has been extolling the accomplishments of his highway administration, cancelled some West Tex

as speeches because of road conditions after rains.

Blanton conducted a round of speech making in Bosque county, home county of Senator Mayfield and in the congressional district of Connally.

At McKinney, Connally charged Mayfield with being a guardian of railroad, oil and big business interests.

Bill is Explained

Mayfield told a crowd at Smithville that the Pess-Parker bill now pending in congress would allow the Katy railroad to move its shops from Smithville and would extend the same privilege to other railroads with shops in other towns. The senate is the only place to stop the bill, he said, explaining that he as a member of the interstate commerce committee would be in a position to help kill it.

The race for lieutenant governor seems to have attracted little interest. The main item in it is State Senator Tom Love's bid for the anti-Smith vote for him against Lieutenant Governor Barry Miller, running for re-election. J. D. Parnell of Wichita Falls will rest his appeal to the voters mainly on an argument against a third term for Miller and an attack on Love's repudiation of the national democratic ticket.

LOCAL BAR ENDORSES

W. C. MORROW

For Court of Criminal Appeals

TO WHOM IT MAY CONCERN:

We, the undersigned attorneys and members of the Lubbock County Bar, having learned that Judge W. C. Morrow, present Chief Justice of the Court of Criminal Appeals of the State of Texas, will become a candidate for re-election, desire to most heartily endorse his candidacy.

We have observed with interest and appreciation his faithful, courageous and intelligent performance of his duties as one of the judges of the Court of Criminal Appeals during the past ten years, and can and do heartily commend him to the people of this State as a splendid lawyer and judge, as a man of the highest integrity and moral character and as a judge who will courageously announce the law and perform with the utmost fidelity all the duties of his high office.

We feel that his great legal ability, his high moral character and his faithful and efficient services in the past are such as that the people of this State ought to lend their every aid and support to his candidacy.

Respectfully,

Roscoe Parks

Candidate For Sheriff

I believe in the enforcement of law, not just ONE LAW but ALL LAWS.

To both those whom I have been able to see, and those whom I have been unable to solicit personally:

Your Vote and Influence Will Be Appreciated

To The Voters of Precinct No. 1

As a Candidate for Public Weigher, I again take this method of soliciting the votes and influence of all voters, both ladies and gentlemen, and if elected will do my best to give the service that will be satisfactory to all.

As to the matter of where cotton will be weighed, which has been brought up by my opponent, I wish to say that I have arranged for both a yard and platform scales for the handling of cotton and other products to be weighed.

I will weigh cotton for the farmers and others interested, where they wish to store their cotton, either in the yard or otherwise.

Austin, Texas, July 17, 1928.

To the People of Texas:

It being impossible for me to visit you in my campaign for the second term as one of your Railroad Commissioners, I am taking this method of thanking you with all my heart for the splendid vote given me by you four years ago when you elected me to fill out the unexpired term of the lamented Allison Mayfield.

My record as Railroad Commissioner is before you and the people of Texas, showing that every act and in every vote in the Commission was for and in the interest of the people of Texas and I am before you asking your endorsement by giving me a second term in that office, and I am especially asking you and all my friends to see to it that there will be no confusion of names when you come to cast your votes for Railroad Commissioner on July 28.

As "Lon" A. Smith I served four years as State Comptroller; as "Lon" A. Smith I have served you four years as Railroad Commissioner, and so far as I am advised there has not been one word of complaint or criticism of the administration of these offices.

Born and raised in Rusk county, every man and woman knows me and what I stand for and have stood for all of my life. As a young man taught school at Henderson, Rusk county, served as county clerk, State Senator, State Comptroller and now asking your endorsement by giving me the second term as one of our Railroad Commissioners.

Cordially yours,
"LON" A. SMITH.

SMITH TO LEAVE TODAY ON SHORT VISIT TO COAST

(By Associated Press) ALBANY, N. Y., July 27.—A chat with another governor, Ritchie of Maryland, was the only political business confronting Governor Smith as he looked forward today to a week-end of swimming and golf on the south shore of Long Island.

The democratic nominee for the presidency planned to take care of odds and ends of state business, then board an afternoon train for New York. He had arranged a meeting there tonight with Ritchie, with an automobile trip on to Hampton Bays, formerly Good Ground, on his schedule for tomorrow.

The nominee is giving little attention to arrangements for his notification here August 22. He is taking it easy and last night, accompanied by members of his family, attended the wedding in First Presbyterian church in Schenectady of Mabel Lunn, daughter of Robert Lunn, former lieutenant-governor, to Douglas A. Calkins of New York.

At a reception held later at the Mohawk Country club, the Governor kissed the bride.

Smith Replies To Comment Of Owens

ALBANY, N. Y., July 27 (AP).—Governor Smith lost no time today in making vigorous comment on the announcement of Robert L. Owens, former democratic senator from Oklahoma, that he would not support Smith because of his prohibition views and his alliance with Tammany Hall.

Many Rumors Spread Regarding Morones

MEXICO CITY, July 27 (AP).—Numerous rumors, all lacking confirmation, were current today regarding the whereabouts of Luis Morones, resigned secretary of labor and political foe of General Alvaro Obregon. These included: That he fled to the United States by airplane; That he sailed for Havana; That he sailed for Spain; That he fled to Guatemala.

ANOTHER "RIP" Toad Found Today In Excavation At Avalanche-Journal

Whether or not you believe the yarn about "Rip" Eastland county's horned frog, that is said to have lived in a courthouse cornerstone without food, water or air for 31 years, you'll have to believe the story of Lubbock's hibernating reptile—"un-carthed" today.

Workers excavating in the press room of the Avalanche-Journal after cutting through six inches of concrete floor and approximately a foot and a half of the underlying dirt, uncovered a toad this morning—just an ordinary brown toad in which, when being exposed to the air and light, blinked its feeble eyes and hopped unconcernedly.

The concrete floor under which "Rip" was discovered, was laid five years ago when George W. Peck, local man, erected the building now occupied by the Avalanche-Journal Publishing company, 1211-13 Texas avenue.

The frog seemed none the worse for its experience and is now on display in a glass jar at the Avalanche-Journal office.

A fire which threatens to destroy the richest vein of anthracite coal in the world, in Pennsylvania, has been burning since 1864, in spite of every effort to quench it.

LITTLE HOPE OF BREAKING UP OF SOUTH IS HELD

(By Associated Press) NEW YORK, July 27.—Senator George H. Moses, vice chairman of the eastern republican advisory committee, is opposed to an invasion of the solid south for the purpose of securing electoral votes for Herbert Hoover, because he believes it would be useless.

"It is a long time before election time enough for fervid passions to cool off," he said. "I have no great illusion of our ability to break up the solid south, much as I would desire to see it done."

The senator said his advice to the republicans was to concentrate on the congressional campaign in certain sections of the south. "Then if we find ground for optimism we may expand and go after bigger game."

Comments on Owen. Commenting on the enrollment of former Senator Robert L. Owens of Oklahoma in the Hoover ranks, Senator Moses said that the republican's defection to the republican party might have been due to the persuasive powers of his wife.

Mrs. Owen has been strong for Mr. Hoover for a long time," Senator Moses said, "but Senator Owen himself is a more recent convert. It is merely a suggestion on my part that the persuasive power of Mrs. Owen may have had something to do with it."

The ten congressional districts in the south where Senator Moses sees hope of republican success are in south Florida, Georgia, North Carolina and Alabama.

CANDIDATE TOM CONNALLY SENDS FRIENDS THANKS

DALLAS, July 27—A message of thanks to his friends throughout Texas, who are laboring in his behalf, and forecast of victory was contained in a telegram received at his headquarters here from Tom Connally, candidate for the United States senate.

Why W. E. James

Should Be Elected State Superintendent Of Public Instruction

- 1. He is exceptionally well qualified. He is a man of scholarship and practical experience. By persistent effort as a teacher he has climbed from the one-room rural school to the university. He is making the race on his own merit.
- 2. He is a friend to the poor as well as to those of means and stands uncompromisingly for equal educational opportunities for every child.
- 3. He will fight graft whether in connection with text-book contracts or other matters, will substitute efficiency for politics, and will give the people a democratic rather than an autocratic educational administration.
- 4. His usefulness is not impaired by age or political entanglements. He will perform his duty fairly and efficiently. He is in the prime of life and is looking forward rather than backward.
- 5. He is a leader and not a driver of men. He understands human nature and knows the value of co-operation. Under his leadership we may hope for a harmonious and progressive administration.

"LUBBOCK'S FINEST DEPARTMENT STORE"

HOSPITAL FIRE

(Continued from page 1)
The institution is located eight miles from the city limits of Lubbock and the blaze gained headway before two companies of the Washville fire department and a squad of police reserves arrived. Occupants of the main building were driven from their beds by flames and guards and nurses

taking time only to warn inmates of their danger. Whether there was loss of life was not determined early today. Warning shouts of guards, police and firemen added to the terror of the inmates who, soaked by a drizzling rain, darted across fields and down highways. When the upper walls started crumbling the patients who remained clustered about the institution screamed and moaned in fear and broke through police lines repeatedly. Officers tried to round them into

other buildings and deputies posted on highways took many of them to police stations in the city, although so far as could be determined none of the dangerous criminals had been accounted for. Residents Are Warned At dawn the alarm was sounded throughout the countryside and residents were put on their guard by police messengers. Many of the patients helped guards with the unmanageable inmates during the worst of the

order, and some were drafted to aid the firemen.

Apparently the fire originated in the roof, although the cause had not been determined. Some 20 nurses and guards and doctors fled without their belongings. They did not have time even to salvage records of the institution. This constituted a serious problem, as many of the inmates, mostly the missing

probably may never be identified again. The loss was estimated at \$250,000.

Nazarene Meeting To Begin Tonight

Evangelistic services at the Church of the Nazarene and led by Evangelist Arthur Morgan, which

were scheduled to begin Wednesday night will get under way tonight, Rev. S. H. Erwin, pastor, stated today.

According to Mr. Erwin the meetings hitherto scheduled have been rained out. Service will begin at 7:30 o'clock at the church, Avenue Q and 14th street. Mr. Morgan will base his sermon on "The Power of Prayer."

Alcohol Is Seized At Police Station

CHICAGO, July 27 (AP).—Federal prohibition agents raided the Shakespeare Avenue police station on the northwest side last night and seized several bottles which they said contained alcohol, then went to a store adjoining the police station and seized a quantity of beer and whiskey the agents said were made on the premises.

did not know liquor was being sold next door. The agents made the raid after two of their number posing as federal prisoners had spent a night in the police station cells last week and declared they purchased liquor from a janitor.

DEMO LEADERS FIX BUDGET AT THREE MILLION

TWO GO OVER TO GOP WHILE REPUBLICAN TURNS DEMOCRAT

(By Associated Press)
NEW YORK, July 27.—Enrolling of two democrats in the Hoover campaign army, defection of a once staunch republican to Governor Smith and piling of the tentative democratic campaign budget at \$3,000,000 today provided material for political discussion.

The democrats who came out for Hoover are Robert L. Owen, former democratic senator from Oklahoma, and Dr. D. E. Mitchell, former president of Cumberland college, a Presbyterian institution, at Lebanon, Tenn.

Raps Tammany, Vore
"Oklahoma has uniformly stood for the policy of national prohibition and is as uniformly opposed to the Tammany system of government as to the Vore system in Pennsylvania," Mr. Owen said.

He prophesied that many democrats in the south would follow his lead into the republican ranks because of what he termed Governor Smith's "renunciation of the party platform." He referred to the gov-

ernor's message to the Houston convention in which the nominee said that he was for modification of the prohibition laws.
Dr. Mitchell said that many in his section would either vote for Hoover or stay away from the polls. He predicted election of the entire Tennessee state ticket, which includes Cordell Hull running for reelection to congress, but the defeat of Governor Smith and Senator Robinson.

Republican Switches
William H. Woodin, president of the American Car and Foundry company and for years a member of the staunchly republican Union League clubs of New York, came out for Smith.
John J. Raskob, national democratic chairman, gave out a letter Mr. Woodin wrote to the Union League club.

In the letter he declined appointment to the club's Hoover campaign committee. It read:

"Having enjoyed for many years a close friendship and association with the Hon. Alfred E. Smith, governor of New York state, the more intimately I have come to know him, the ideals that animate him, the high purpose toward which he aims and his notable ability, skill and integrity as an executive the more I have come to admire him, not only as a man, but as an unselfish public servant. I conceive it to be my duty to give him all the support in his campaign for the presidency of which I am capable."

The tentative budget of \$3,000,000 for prosecuting the democratic campaign was decided upon at a meeting of the full executive committee. Chairman Raskob stressed that the budget was only tentative. It might
