Tournament Winners

Possum Mann, left, and Cleve Moore proudly display the trophies they were awarded for winning the Doubles event in the American Junior Bowling Congress's bowling tournament in San Angelo Sunday. Mann rolled a 501 series and Moore a 529 for 1030 total pins and first place in the 15-team event.

IN ASSAULT TRIAL

Witnesses Corroborate Woman's Testimony

A 32-year-old Sweetwater housewife and mother told a story of "repeated attacks in 4 hours of testimony here Wednesday as the rape trial of 4 Sweetwater men opened.

The witness testified that she was attacked 11 or more times by 5 men near Blackwell about small town about 25 miles south of Sweetwater in Nolan County.

The trial was moved to Colorado City after attempts to secure jurors failed in Sweetwater. The 12th juror was picked here Wednesday morning — the 105th venireman examined from a 140-man panel called.

On trial are Alford Richard May, 33; Archie Dean May, 19; Dyan Ronnie Houston, 19; and Jimmy Wayne Rogers, 22.

The woman was placed on the stand and by District Attorney Weldon Kirk, who is assisted by Mitchell County Attorney Frank Ghizel and special prosecutor, Charlie Griggs, of Sweetwater.

The woman, visibly shaken and sometimes sobbing, testified to being forced into a car of 5 men near Blackwell about midnight of June 24 and being held until dawn. She testified that all 5 assaulted her during the time-some of them repeatedly. She identified only 1 of the defendants.

She said she had spent the afternoon at Oak Creek Lake, near Blackwell, June 24th and had walked away from a cabin on the lake around midnight following an argument with her daughter. She had planned to walk from the lake to her mother's

home in Blackwell, she testified.

A short distance from the lake cabin, she said, a car occupied by 5 men traveling in the opposite direction stopped and 1 offered her a ride. She refused and began running, but was caught by 1 of the men and forced into the car, she continued.

The woman told a story of being driven a short distance after turning down a side road and being raped by each of the 5. Other assaults followed, 1 beside the road after she attempted to escape, and others on a journey toward Sweetwater.

The housewife said that fifth attacker "offered" to help her escape after raping her in the car soon after she was forced into the car. The attacker handed her her clothing and opened the back left door of the car and she ran, she said.

She was caught from behind within seconds. She testified and raped beside the road by her captor.

The woman said she did not resist the assaults for fear of her life. She did say, however, that she had warned the 5 when she was placed in the car that her husband was nearby. She said she had her eyes closed most of the time so as not to see the attackers because might cost her her life.

She testified she was released near home in Sweetwater after the attacks.

A 16-year-old boy corroborated much of her testimony on the stand Wednesday night. He said he was

one of the 5 attackers. He is now committed to State School for Boys in Gatesville.

The 16-year-old said the incident happened after he

See TRIAL Pg. 7

FOR ATTITUDE

Mahon Challenges Jury Prospects

Eldon Mahon, 32nd District Judge, told the 140-man venire called in the rape trial of 4 Sweetwater men here Monday that "people have some responsibility" to serve to protect our freedoms.

Mahon linked by the apparent attempts of some persons to shun jury duty on the trial that was transferred from Nolan County, explained to the group the trial process in Russia.

"In Russia," he said, "the accused can be held for an indefinite period without being told of the charges against him or without a trial."

The guilty and innocence of any individual in Russia is determined by a single judge and not by jury, he continued. "And the judge is hand-picked and instructed as to what verdict to hand down," he said.

"Is that what you want in our country?" Mahon challenged the prospective jurors. Of course, it would be

Moore and Mann Win Bowling Title

Cleve Moore and Possum Mann, local junior bowlers, won the Doubles division of the American Junior Bowling Congress bowling tournament in San Angelo Sunday.

The 2 combined for a total of 1030 pins to beat out all competition in the 15-team field in the event.

Both were presented trophies for their triumph.

Moore and Mann entered the tournament along with 4 other Colorado City junior bowlers under the sponsorship of Crown Bowl (formerly Mark Lanes).

Ronnie Rothwell, Justin Redman, Bill Boren and Jerry Hammond also entered. None of the other bowlers placed in Singles or Doubles—Moore and Mann also failed to place in Singles.

But the 5 joined together in the Team event to capture fifth place in a big list of entries Saturday. They rolled a 2439 series.

Mann hit for a 443, Hammond rolled a 466, Redman had a 560, Rothwell bowled a 461 and Moore hit for a 509

See BOWL Pg. 7

OIL ACTIVITY

APPLICATION ASKS NENA LUCIA UNIT

The Railroad Commission has scheduled a hearing Thursday in Austin on the application of Skelly Oil Co. for permission to conduct a pressure maintenance program in the North Nena Lucia Unit of southwest Nolan County.

The proposed unit includes all lands lying within the boundaries of the Nena Lucia (Strawn Reef) fields. Skelly would be operator of the unit.

The fields are located near the southeastern borders of Mitchell and Nolan Counties and in an area where Mitchell County Commissioners and Colorado City Chamber of Commerce have been considering possible road construction.

The discussed road construction would be a road linking State Highway 208 (to Robert Lee) and Nolan County roads in the southwestern Nolan County oil field area.

Informed sources of the oil industry here say that other oil companies may join Skelly in the project.

TO SWEETWATER GROUP

Phillip Berman Sells Pick & Pay

Pick and Pay Super Market, an institution of Colorado City business for the past 27 years, goes under new ownership Tuesday.

Phillip Berman, owner-manager who opened the store here in Sept. 1927, announced the sale of the business this week to Village Markets, Inc. of Sweetwater. The corporation is headed by J. C. Pace.

The store opens its doors Tuesday morning, following a Monday holiday for Labor Day, under the new name of Village Market. Earl Brock, assistant manager of Village Market in Sweetwater for the past 10 years, will assume active management of the store at 440 E. 2nd St.

"I would like to thank every one for being so kind to us for the past 24 years," said Berman this week after announcement of the sale.

"My wife and I do not plan to leave Colorado City," he said. "We still own our home here, the building Village Market will occupy and other business interests. Our only plans are for visiting relatives and our children and

to make any other plans after I get tired of loafing," concluded Berman.

"Our policy of low prices and high quality merchandise will continue to prevail," said Brock, "just as it has during our past 21 years of operations in the same location in Sweetwater."

The new manager said that the store would observe its "Grand Opening" sometime in the near future. The store will observe the same hours as it did under Berman's ownership, he said — 7 a. m. until 8 p. m. Monday through Saturday.

The store will also be open on Sundays, according to Brock, but the hours have not been determined at this time.

Village will introduce Scottie Stamps to Colorado City here and remodeling is planned "sometime in the future," also, said Brock.

"I shall carry out our policy of highest quality for the lowest possible prices in all of our departments," reports Brock.

Brock is a veteran of 15 years experience in the gro-

See SELLS Pg. 7

Area Entries Steadily Mount

Some of the top junior cowboys and cowgirls of this West Texas area will compete in the first annual Colorado City Junior Rodeo starting here Saturday.

About 50 of the top cowhands are expected to enter the events in the rodeo sponsored here Saturday, Sunday and Monday by Western Riding Club and sanctioned by the American Junior Rodeo Association.

All junior cowboys must be 19 or under at the time of the rodeo to compete in any event.

At least 6 Mitchell County cowboys and cowgirls will be entered in the 3 performances of the show. Headlining the list is junior rodeo veteran Hunter Mann, the son of Mr. and Mrs. Hiram Hunter.

Others are Carol and Barbara Jackson, daughters of Mr. and Mrs. J. C. Jackson; Maxine and Linda Rogers, daughters of Mr. and Mrs. Corley Rogers; and Darrell Carpenter, son of Mr. and Mrs. O. R. Carpenter.

Headlining out-of-town talent will be Burl Meris of Muleshoe, Tony Allen of Sterling City and J. Bassett Smith of Plainview. Smith is currently one of the top junior performers in West Texas.

Entries for the performances, each starts at 2 p. m., have been received from cowhands from Fort Worth, Sterling City, Odessa, Midland, Big Spring, Abilene, Andrews, Sweetwater, Leuders, Haskell, Lamesa, Muleshoe, and Plainview.

The show will unroll at Western Riding Club's newly constructed roping arena here just west of Colorado City on U. S. Highway 80. Admission prices are 99c for adults and 50c for children 12 and under. Concession stands will be in operation during all 3 performances.

Rodeo events are open to both boys and girls who qualify in age and pay entry fees. All entry fees except for 2 per cent that goes to the national association, will be returned by Western Riding Club in prize money.

See RODEO Pg. 7

Davis Feed and Seed was entered either Saturday or Sunday night, but apparently nothing was stolen. Entry here too was gained by breaking out a back window.

A thief or thieves entered the Snack Shack in the 200 block of Walnut St. Sunday night and took about \$1 in cash from a cigarette machine. Entry was gained through a broken back window.

Also taken were 5 670x15. blackwall car tires.

In another breaking and entering incident in Loraine sometime Saturday night, a thief or thieves entered the B. W. Tarrt Implement Co. and took an estimated \$12 in cash.

Several pounds of hamburger meat was stolen from Hardcastle Refrigeration, 163 E. 3rd St., sometime Saturday night. The establishment's back window was broken out and an iron bar bent to allow entry.

A thief or thieves entered the Snack Shack in the 200 block of Walnut St. Sunday night and took about \$1 in cash from a cigarette machine. Entry was gained through a broken back window.

CONFUSION, CONFUSION

Local Merchants Suffer Tax Woes

By RICK TAYLOR
Record News Editor

Confusion, confusion, confusion.

That's what the new state 2 per cent sales tax that goes into effect Friday all over the state is causing Colorado City merchants.

Chamber of Commerce manager Dick Kendall has already appealed to State Comptroller Robert S. Calvert, by long distance telephone for information, and possibly, some one from Calvert's office to come here and aid in explaining the law to local merchants.

Calvert told Kendall that his office was already swamped with the same type of requests and other business on the sales tax and that he could not possibly aid local merchants here at this time.

The 2 talked together Monday.

Grocery stores will be the hardest hit by confusion and extra work caused by the tax. Jewelry stores and lumber yards appear the least affected.

Harper Gary, manager of EZ Way Superette, says, "The grocers are the hardest hit." The sales tax will not only slow down grocery store operations, but will also cost the grocers money he says.

This is because the law is a 2 1/2 per cent. Not only is it a sales tax on the purchase, but it also is a receipts tax on the seller.

Gary reported that he would have to have extra help because of the tax and guessed that most other grocery stores would need extra help.

Sam L. (Buzz) Majors, Jr., says that the tax would affect the operations of Sam L. Majors Jewelry very little. "We've always had a tax (federal) on our items," he said. Majors did, nevertheless, voice his concern as to what to do about items priced under 25c he carries.

The 25c item is one of the biggest worries to local merchants.

The law reads that there will be no tax on items costing less than 25c, but the 2 1/2 per cent of the law that puts a 2 per cent tax on all receipts of a business for tax also items would appear to include the items as far as the merchant is concerned.

It appears that the merchants will not be able to go any item listed as taxable.

See TAX Pg. 1

School Days

Little Susan Dorn, right, looks on in amazement and wonder as her mother, Mrs. Junior Dorn, registers her for first grade in Primary School. Mrs. Dorn is shown talking things over with Mrs. E. M. Williams, 1 of Primary's first grade teachers. Susan was 1 of hundreds of local students who began the 1961-62 school year here Wednesday morning.

IN LORAIN

Shower Honors Miss Richards

The Loraine home of Mrs. Murry Carpenter was the scene Saturday of a bridal shower honoring Miss Glenda Richards of Loraine, bride-elect of Charles Pruitt of Colorado City.

Mrs. Paris Yarborough and Mrs. Doyce Lee greeted the guests and registered the gifts and displayed in the bedrooms.

The bride elect's chosen colors of blue and white were carried out in the decorations and the refreshment table over which Misses Dorothy Galvan, Dora Griffin and Golda Cary presided.

The refreshment table was centered with a large bell, miniature bride and groom and blue streamers. Blue cake squares, punch and mints were served from a table covered with lace over blue linen. Crystal and silver appointments and white napkins enlivened with Charles and Glenda completed the setting.

The house was decorated throughout with blue flowers and record music played during the calling hours.

Other hostesses were Misses Pat Denson and B. H. Denson of Colorado City; Jess Smith, Marie Jones and Louise Graham of Roscoe, and John White, W. D. Richey, Doyce Lee, Marlin Moore, Paris Yarborough, Roscoe Hudgins, Gene Smith, Jap Doyle, Harry Cranfill, Darrell Owens, and W. D. Cain of Loraine.

Miss Richards is the daughter of Mr. and Mrs. Roy L. Richards of Loraine and her

Elancee is the son of Mr. and Mrs. A. C. Pruitt of Colorado City.

They will be married in the Crockett and Smiley St. Church of Christ in Loraine Friday at 8 p. m.

Food Group Makes Plans For Exhibit

Plans for an education exhibit for Mitchell County were formulated at a Monday meeting of the County Food and Nutrition Committee.

Good nutrition was discussed by Mitchell County Home Demonstration Agent, Mrs. Cricket Taylor. The title of her talk was "Good Nutrition".

The importance of choosing the right of food, nutrition-wise, was emphasized and demonstrated. The hazards and results that effect the family health when the manager "gets on the wrong road" was illustrated by posters showing the results of eating habits.

Members of the committee present were Misses Tommy Vernon, Ed Richardson, W. E. Harris and Maggie Hamerick. Other members are Misses J. C. Womack and C. P. Garvey and Leslie Keith.

The 3 p. m. meeting was conducted in Taylor's office at the Mitchell County Court

Checking Trophies

Four local lads who participated in the City's summer recreation program are shown checking over the 15 trophies that were awarded in the program's tournaments that ended the season late this month. Shown, left to right, are Larry Oliver, Tommy Humphreys, Mike McAdams and Lonnie Robertson. Robertson was recreation supervisor for this year's program.

SUMMER RECREATION

3,726 Take Part In City Program

Colorado City had a total of 3,726 participants in its 1961 summer recreation program.

This added up to 7,510 man-hours spent in directing the city's children. Lonnie Robertson was recreation supervisor and Mrs. Weldon Rives served as director of the entire program.

The program was divided into groups of crafts and recreation with final tournaments being held for each individual classification.

The ping-pong tournament had a total of 20 entries while the swimming pool tournament had 10 entries and the combined pool and ping pong tournament had another 20 entries.

The Lions Club donated the trophies for the final tournaments.

The participants in the recreation group amounted to

905 in June with 863 in the crafts section for a total of 1,768 for the 2. The July participants totaled 681 in recreation, 519 in crafts for a combined total of 1,233. August figures were 424 in the recreation segment, 266 for crafts and a 725 total for the 2.

A total of 3084 swimmers swarmed to the pool in June, 3,079 in July and 2,112 in August. There were 26 enrolled in the swimming classes being taught by Cynthia Aycock and Rosemary Thomas.

The Wallace School had a summer enrollment of 58 with a 1,630 attendance total. This registration is 32% of the students registered in Wallace.

Teacher is Party Honoree

WESTBROOK - A surprise birthday party honoring Mrs. Herman Parsons was given here Friday night by members of the Intermediate Girls Sunday School Class of the First Baptist Church.

Mrs. Parsons is teacher of the class. The party was given in the Church's Fellowship Hall.

The hall was decorated in pink and white. The centerpiece on the refreshment table was a silver urn filled with pink roses.

A gift was presented by the

class to the honoree and games, directed by Darlene Lankford, were played. Those attending were Margie and Louise Lewis, Darlene Lankford, Martha Oden, Carole Ann Bell, Sandra Bryant, Mrs. T. E. Lewis and Mrs. Parsons.

Guest of Sister

Ms. S. H. Wallis of Tucson, Ariz. has returned home after a 2-week visit here with her sister, Mrs. E. H. Winn, 543 Chestnut St.

Calvary Baptist Youth Revival Starts Friday

Alex Cambell of the Oak Street Baptist Church will conduct a youth revival in Calvary Baptist Church Friday, Saturday and Sunday nights.

Ken McNatt of Colonial Hill Baptist Church in Snyder will lead the singing.

The evening services will begin at 7:30 p. m. with a youth fellowship to follow each service. Every one is invited to attend. Calvary pastor is Rev. Neil Rogers.

6 & 17th ST. HICKORY - SUPERETTE - 7 DAYS A WEEK

We reserve the right to limit items!

Vows were exchanged by Miss Byrdie Ann Herring of Colorado City and Rodney Bruce Edwards of Barnhart Saturday in the First Baptist Church here.

Sid B. Stevenson, dean of students at San Angelo College, officiated.

The bride is the daughter of Mrs. W. E. Herring of Colorado City and W. E. Herring of Abilene. The groom is the son of Mr. and Mrs. M. T. Edwards of Barnhart.

The bride was given in marriage by her brother, Doyle Herring. Her dress, designed by the bride, was white floor-length with a chapel length train and lace bodice with scalloped lace at the top. The silk organza skirt with lace panel in front also had two big silk organza roses at the top of the scalloped lace train. On every other scallop of the train were small silk organza roses.

The bridal headpiece was 6 silk organza roses with finger length veil attached. Her bouquet was made up of white roses in the form of a cross and carried on a white bible.

For something old, Miss Herring wore a 68-year-old wedding ring that was her maternal grandmothers' and for the something borrowed, she carried a lace handkerchief of Miss Vicki Adams. She also wore a blue garter made by Mrs. Nick Farrar and had a 6 pence in her shoe.

The chosen colors were gold and white and were carried out in the dresses of her bride attendants. Her maid of honor was Miss Patricia Kuhn and her bridesmaids were Misses Marilyn Penny of Colorado City, Marcene Edwards, sister of the groom, of Barnhart, and Gayle Ogden of San Angelo. They all carried long-stemmed white rose.

SCRIMMAGE BIG SPRING

Wolves Sharpen Attack As Season Approaches

The Wolves continue to show continuous improvement on the gridiron. But this is "as expected," says Coach Sam Christy.

The squad ended its 24-day workouts Tuesday afternoon and shifted to the single afternoon workouts that will prevail throughout the season Wednesday as school officially opened.

The group will be on the practice field each day between 3 and 3:30 p. m. they report at 3, but usually have skill practice before going on the field.

The injury department is also one of the improving aspects of the Wolf team. Back Charles Houston will return to the active list not later than Monday and maybe sooner.

Houston injured his knee in the team's first scrimmage of the year in Hamilton and has been out of action since. He is expected to be in pads and ready for contact work at least by Monday.

The only other actual injury to hit the team so far in its 21 1/2 weeks of practice since Aug. 14 was a "first day" ankle injury suffered by Mike Andrews. He was only out a few days.

"Any other injuries?" Christy was asked Wednesday. "No," he replied and reached across from his rapped with a balled fist on a wooden shelf.

Both the A and B Wolf squads tangled in a scrimmage with the Class AAAA Big Spring Steers this afternoon (Thursday) in Big Spring.

The tussle started at about 2:30 p. m.

The Steers earlier this week scrimmaged the Lamasa Golden Tornadoes a generally unregarded District 3-AAA team. But that's not the way Christy sees it.

"I think they (the Lamasa team) will be the surprise of the district," says Christy.

The Wolf quarterbacking situation is "improving," says the coach, "especially in the running department."

Danny Latimer seems to have the slight nod as the early season first line quarterbacking role. "He's been doing the most work there," reports Christy. "We had to choose one of the candidates and start getting him ready to play a ballgame."

The Wolves' opening date isn't far away—they open in Post against the Class AA Post squad on Friday, Sept. 8.

The Wolves have been concentrating on defense in the drills of this week—with mostly good results.

Mike Hillhouse, the big surprise of the team, has taken over the right end spot and is making his best showing on defense.

Hillhouse made the grade the hard way. He last played football as a freshman and now as a senior has returned to be one of the outstanding Wolves in pre-season practices.

Bill McGuire has battled his way to the first string defensive unit at the present. The 160-pound sophomore is an offensive center.

Mike Andrews, the team's hope for a passing quarterback, is making the big switch from end to the backfield—and doing a good job of it too.

But Andrews is not only learning the man-under-oneses, he's also running some at both fullback and tailback. He seems destined to nab one of the backfield posts somewhere down the line—quite a job for a youngster who was recognized the team's best and most experienced end when practice opened.

Christy and assistants Ken Kearns and Jeff Walker will be in the scouting section of the press box Friday night in Rawls to see their first opponent of the season. Post take on Rawls. Post topped Class A Rawls last year and then was humbled 53-0 by the Wolves in the next action.

Post is expected to be an improved club over 1960's squad.

While those 3 are in Rawls, Caddo Matthews and Bill Evertt will be in Brady watching Brady and Ballinger do battle. Ballinger is the second opponent on the Wolves' schedule.

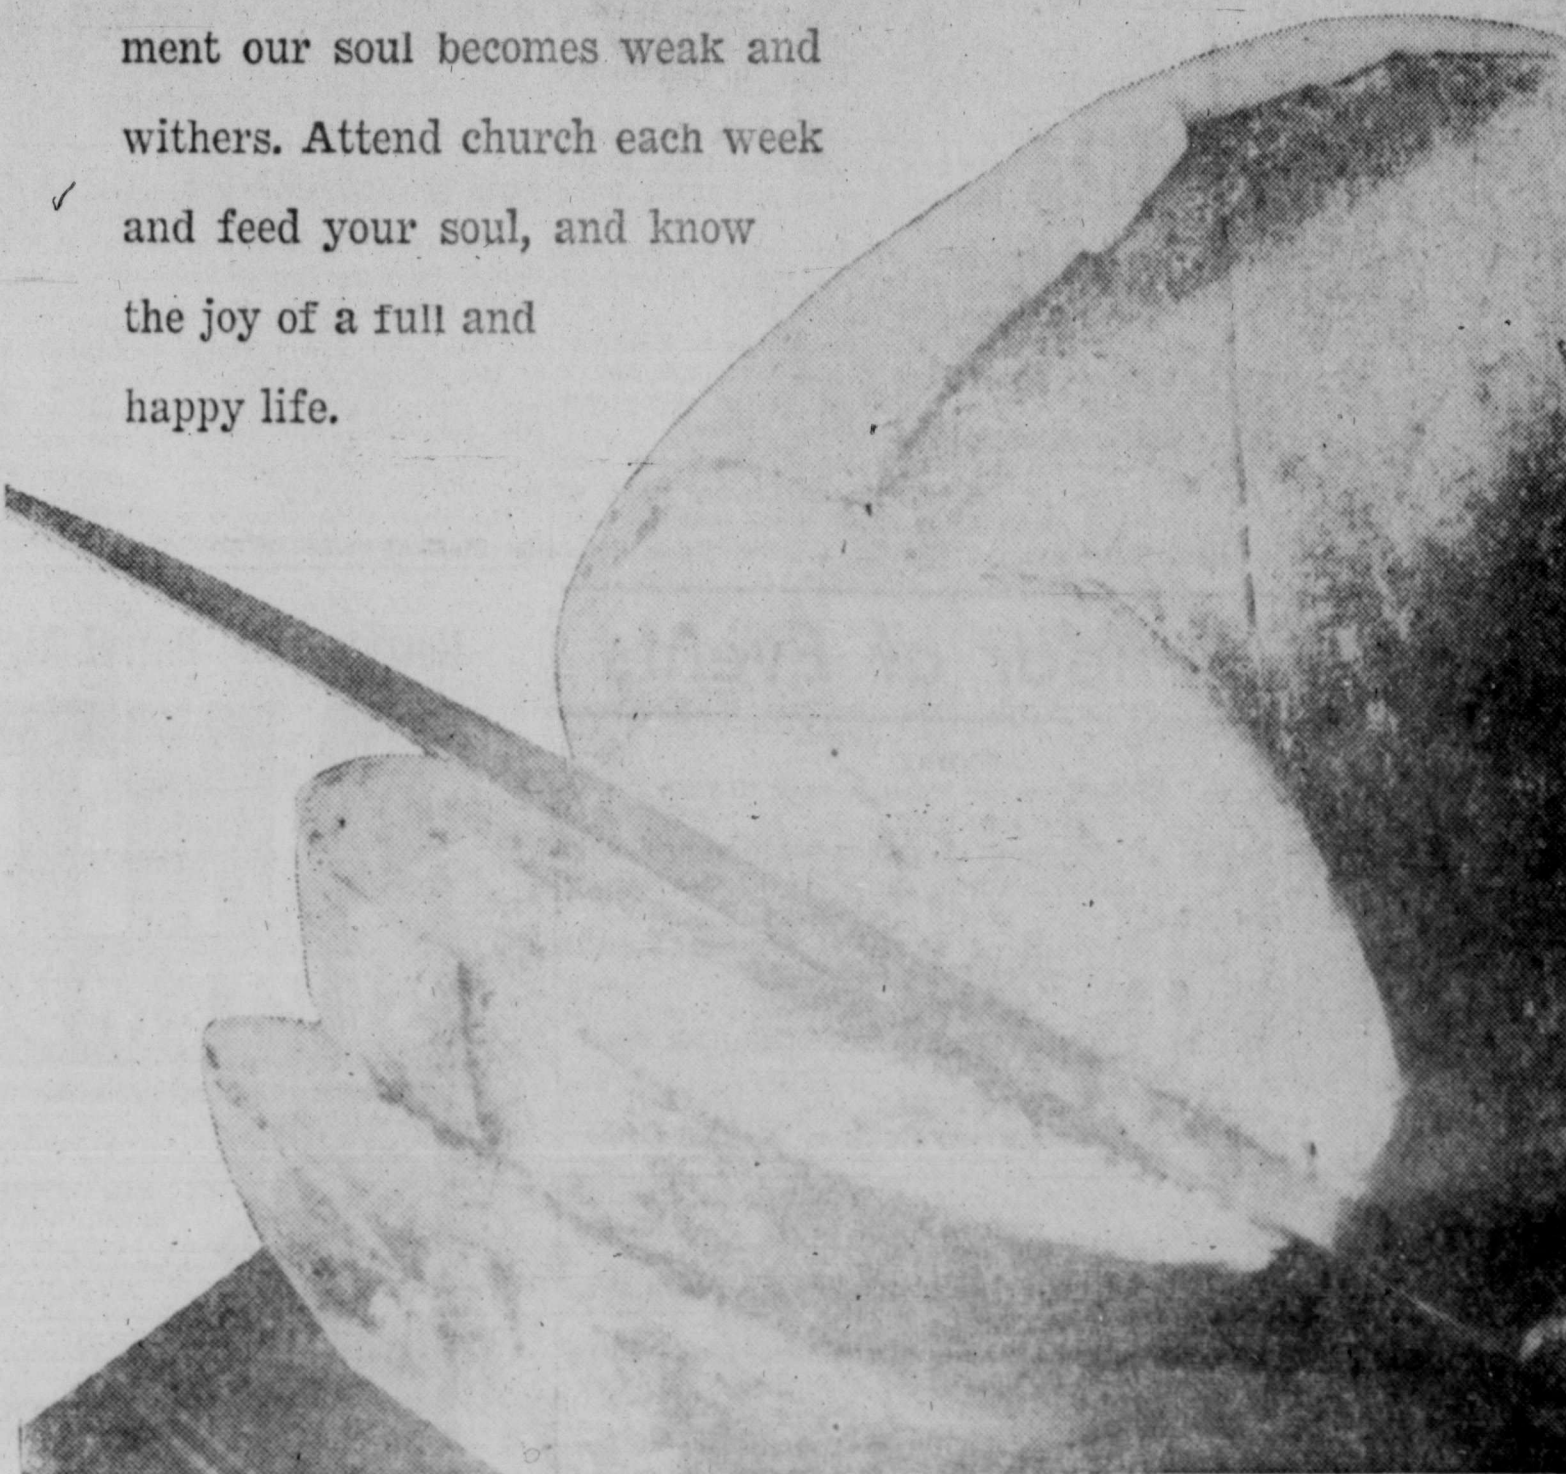

And looking even farther ahead, Christy will send Howell Vineyard and Buddy Caddell to Stamford to watch Stamford and Quanah play. The Stamford crew will be the Wolves' fourth opponent of the year.

Christy and most of the staff will be in Winters Saturday night as Winters plays host to the Lake View of San Angelo Chiefs, who are also members of this district.

The Wolves meet Winters, a team they have repeatedly had trouble beating, in their fifth game and then will meet the Chiefs in their District 3-AAA opener here on Oct. 27.

NOURISHMENT...

Three times a day we care for our body's needs. From this food we receive new strength and vigor with which we may face each day. Without proper nourishment we would become weak and our bodies would wither away. The soul needs nourishment too... "Man shall not live by bread alone..." Without proper nourishment our soul becomes weak and withers. Attend church each week and feed your soul, and know the joy of a full and happy life.

LONE STAR GAS, RECORD

Safety Campaign To Begin Friday

A year-round home safety program will be launched Sept. 1 by Lone Star Gas Company and Colorado City Record.

"National Safety Council findings," Lone Star Gas Company Manager Roy Porter said here today, (Thursday) "show that home accidents are fundamentally the result of inadequate knowledge, insufficient skill and faulty attitudes. In line with these findings we have produced, as a public service, a home safety program having as its objective the saving of lives and the prevention of home accidents by teaching the individual

September and October. Other home safety program materials are kits for home study and discussion, and for group meetings.

The home study and discussion kit is designed for effective home study and discussion by family groups. It contains materials describing and picturing home areas in which accidents can occur and suggesting methods of eliminating accident hazards. It contains home safety references and guides. These free home study kits may be obtained at Lone Star Gas Company and Record offices here.

The group meetings kit contains a discussion on home safety and a booklet of charts. These materials are for use in employee and public home safety meetings. They are available to interested companies and groups desiring to conduct home safety meetings in their plants and may be obtained from Lone Star's office at 257 E. 2nd St.

BY MAYOR ROBINSON

SAFETY PROCLAMATION

WHEREAS: The home exposes a person to more hazards in a routine day than he is likely to encounter anywhere else, and

WHEREAS: Home accidents occur at the rate of one every eight seconds, and

WHEREAS: A victim of a home accident dies every 19 minutes, and

WHEREAS: Accidents are the leading causes of deaths in the 1 to 35 age group, and

WHEREAS: More than one-half of the accidental injuries annually reported in the United States occur in the home, and there are probably many more that never get into the official records, and

WHEREAS: In a recent year, 28,000 fatalities and 4.2 million injuries were attributed to home accidents, and

WHEREAS: The financial loss arising from these accidents was approximately one billion dollars, and

WHEREAS: In 1959, workers injured in home accidents lost 27 million man-days, an appalling loss to both the worker and the employer, and

WHEREAS: Most home accidents are fundamentally the result of inadequate knowledge, insufficient skill and faulty attitudes, and

WHEREAS: These home accident deaths and injuries can be prevented if all members of our families learn to recognize home hazards and take effective action to eliminate these hazards, and

THEREFORE: I, by the power vested in me as Mayor of Colorado City, do hereby proclaim September to be 1961 Home Safety Month and urge that all citizens of Colorado City take part in this splendid program to make all of our homes true havens of safety for our loved ones.

WITNESS MY HAND AND SEAL this 31st day of August, 1961.

Glenn R. Robinson, Mayor

Readin', Ritin' and Rithmatic

Mrs. Earline Sellier, at desk, registers Jim Jones, second from left, in third grade as his mother, Mrs. Jim Jones, left, and 2 friends look on. The 2 friends are brother Kelley Jones, right, and Bill Holman, center. They registered earlier in the day Tuesday for sixth and fourth grades respectively.

SS Benefits Due Increase, Says Official

Recent changes in the Social Security Act changed the minimum benefit rate from \$33 to \$40 per month, reports R. R. Tuley, Jr., manager of the Abilene social security office, which serves Mitchell County.

The change will affect only those beneficiaries whose benefit rate has been less than \$40, and who applied for benefits after having reached age 65.

Anyone who is receiving "reduced benefits" may continue to receive amounts less than \$40. For instance, any one who applies for benefits before reaching age 65, and who receives less than the earlier \$33 minimum, will not receive \$40 under the new law, but will receive a proportionate increase.

Beneficiaries need not do anything to bring about the increase, Tuley says. The changes will be reflected in the check for August 1961, to be received early in September.

A pamphlet explaining all of the changes brought about by the 1961 amendments may be obtained free from the Tuley's Abilene office.

IN HENRY DOSS HOME

Reception Honors Miss Treadaway

A gift reception honoring Miss Kay Treadaway, bride-elect of Carl Blomkvist of Pampa, was held Friday evening in the home of Mrs. Henry Doss.

Co-hostess for the fete were Meses. Doss, Doyle Kilker, Luke Thomas, D. M. Merritt, Howard Cox, and Ell May.

Guests were greeted by Mrs. Doss, who introduced the honoree and her mother, Mrs. Kelley Treadaway, while Miss Jane Merritt presided at the registry and Meses Gloria May and Carol Cox presided in the gift room. Miss Carolyn Bell poured

punch. Others assisting were Meses Cynthia Aycock and Rosemary Thomas.

The centerpiece of dahlias on the refreshment table carried out the bride-elect's colors as did the refreshments themselves of pink punch and cake squares. As sorted mints completed the table setting.

Out of town guests attending were Meses. Hubert Thomas, Kirk Taylor, and R. K. Thornhill, the honoree's maternal grandmother.

Miss Treadaway is the daughter of Mr. and Mrs. Kelley Treadaway of 523 E. 15th St. Her fiancé is the son of Mr. and Mrs. Brent Blomkvist, 612 N. Somersville, Pampa.

The couple will be married Friday evening, Sept. 8, at 8 p. m. in the First Baptist Church here.

NOTICE TO WATER WELL DRILLERS

Texas Highway Department regulation requires license plates for all water well drilling equipment. Application for the license plates must be filed at the OFFICE OF COUNTY TAX ASSESSOR-COLLECTOR between now and Sept. 15, 1961. Contact your County Tax Office now.

PUNT PASS & KICK CONTEST

It's FREE... It's FUN! Nothing to buy! And you can win lots of PRIZES, too!

It's true, fellows! You don't have to buy a thing to enter... or to compete in the PUNT, PASS & KICK Contest, sponsored by Ford Dealers in cooperation with the National Football League.

Then... since the contest is "divided into age groups, you'll compete against boys your own age in punting, passing and place-kicking! The total of points scored in each event will determine the winners. Lots of prizes to win, too. How would you like an official NFL uniform... warm-up jacket? Or a trip to an NFL game in your area? Or a trip to the NFL Championship game with your dad? Or a trip to the White House? They could be yours... so register now! But remember, you must be accompanied by your father, mother or legal guardian in order to register.

EVERY BOY WHO
REGISTERS GETS
FREE

P. P. & K. INSTRUCTION BOOK, written by Yale Lary, Johnny Unitas and Paul Hornung... three of pro football's best stars.

OFFICIAL 1961 NFL GUIDEBOOK, packed with interesting facts on all the National Football League teams.

P. P. & K. PARTICIPANT BADGE for you to wear. All three of these—instruction book, NFL guidebook and badge—are free to every boy registering.

"Is Mr. Schnoz still tied up, Miss?"

Fading-Out of Lawns Can be Easily Stopped

Fading-out is a common summer disease of lawn grasses in this and all areas of Texas, says Jack Burkhalter, Mitchell County Agent.

It most often occurs on grasses that have suffered from lack of soil moisture in mid-summer followed by a heavy watering. Fading-out is sometimes called "melting out," "going out" or "gray leaf mold."

Irregularly shaped dead areas occur in the lawn. Isolated, scattered sprigs of living grass are usually found in the disease areas. Leaves die back from the tip end. Runners or stems of the grass may have small dead spots. These spots may or may not enlarge and girdle the stem. Roots may be rotted.

The disease is caused by a complex of Helminthosporium, Curvularia and Fusarium species of fungi. These soil molds are most active following a heavy rain or watering on grass that has previously been weakened by drought. There is an indication that soil nematodes may be associated with fading-out in some cases, he says.

Fading-out is controlled by proper management of the lawn. Proper watering, fertilizing, moving and aeration are important.

In lawn areas that respond slowly to proper management practices in the summer, zineb or captan fungicide drenches may prove helpful, says Burkhalter. Use the above fungicides at the rate of 2 to 4 pounds per 100 gallons of water.

For small amounts of spray, use 1-1/2 to 3 tablespoons of 50 percent wettable captan or 1-1/3 to 2-2/3 tablespoons of 75 percent wettable zineb in one gallon of water. Wet the grass with the solution down to the soil line. Use a sprinkler can or hose on sprayer for small areas. Apply drench right after mowing. Also, drench the healthy grass beyond the diseased area to a width of several feet. If nematodes are a problem, drench with Nema X, Nemagon or Fumazone as the manufacturer directs.

Local Ford Dealer Has Truck Book

A new reference handbook of helpful hints to truck owners has been published by Ford Motor Company and is available from Craddock-Witten Ford here in Colorado City.

"Guide to Cutting Truck Costs" contains 96 pages of information that will assist a truck owner in obtaining improved service and performance from his truck regardless of make or model.

Top automotive writers have contributed to this digest-size publication which has been two years in preparation.

It covers a broad range of topics, such as insurance, tire care, getting the most miles per gallon of gas, special equipment to meet individual needs and others. The pages are liberally illustrated with photographs and drawings.

CROWN BOWL

Mrs. J. B. Magill Names the Lanes

Crown Bowl is the new name of Colorado City's bowling establishment thanks to Mrs. J. B. Magill.

Mrs. Magill, who lives at 1320 Austin St., was named first-place winner in the old Mark Lanes "Name the Lanes" contest Saturday night by owner-manager Sam Hopper.

She won a colored, \$27.95 Manhattan bowling ball of her choice and new bowling ball bag—a total value of more than \$40 for naming the local bowling lanes.

But there were 24 other winners in the \$100-plus contest to find a name for the lanes. The other winners shared in more than \$60 worth of prizes of free lanes of bowling.

Mrs. Magill's winning entry, "Crown Lanes," was just 1 of hundreds in the 2/12 week contest open to all Mitchell County bowlers age 6 to 106. She won out in stiff competition in the final judging by judges from the top 10 entries.

Second, third and fourth place winners, determined by a drawing, were Mrs. Dwaine Williams, Lovine Colson and Mrs. J. W. Mickle. Each won 10 lines of free bowling from Mark Lanes—now known as Crown Bowl.

The 21 other winners each received 5 lines of free bowling also determined in a drawing. Winners were:

Harold Childs, Mrs. James Dunn and Sheridan G. Myers, Arlene Hallmark, James B. Everett, W. H. Fulton, Shirley DeLaney and Don Seale.

Lynn Gray, Linda Williams, Jo Carter, Dick Thomas, Junior Sadler and Betty Robinson.

Rose Ella Ball, Mrs. Billy Keel, Ronnie Bozarth, Phil Ball and Bill Holbert.

Visit in Sweetwater

Mr. and Mrs. R. L. Hall and daughter Wetonina of China Grove were in Sweetwater Sunday visiting Mr. and Mrs. Bill Goake and children.

MRS. J. B. MAGILL
With Ball and Bag Prizes

MOURNING DOVE - WHITE-WINGED DOVE
Open Seasons 1961

MOURNING DOVES: Daily bag limit—15. Possession limit—not to exceed 30.

WHITE-WINGED DOVES: Daily bag limit—10. Possession limit—10.

NOTE: When both mourning doves and white-winged doves are possessed—Possession limit—20. In the aggregate, and not more than 10 may be white-winged doves.

SPECIAL NOTE: Unlawful to take white-winged doves or chachalacas South of U.S. Highway 83, formerly State Highway 4, in southern tip of Texas, marked on map as "Game Sanctuary," and the Big Bend National Park in Brewster County.

SHOTGUNS: Must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

SHOOTING HOURS: Mourning doves, 12 noon to sunset—except in areas having white-wing season, where the shooting hours will be from 2 p.m. to sunset on September 8, 9 and 10 (consecutive days) only. White-winged doves, in season, 2 p.m. to sunset.

Mrs. Deregibus Is High Winner

Mrs. Frank Deregibus was high winner at the regular meeting of the Desert Bridge Club here last week.

Mrs. Bill Hudson was second high winner.

The hostess, Mrs. Art Dible, served chocolate nut pie, assorted candies, coffee and tea.

Members present were Mmes. Bob Carver, Bob Ratliff, Joe Smoot, R. J. Hoback, Pete Warren, Deregibus, Ben Sparks and Hudson. Guests were Mmes. Jim Edison, Bill Holbert, Ben Givens and Dick Gregory.

Mrs. Hoback will host the club's next meeting in her home at 843 E. 14th St. Wednesday.

Special Jaycee Meet

The Colorado City Junior Chamber of Commerce (Thursday) will conduct their weekly meeting tonight (Thursday) with their wives as special guests. It will be a dinner meeting, starting at 7:30 p. m. in Civic House.

BOWLER of the Week

Bill Holbert

This week's honor of "Bowler of the Week" isn't anything new for Bill Holbert—the master bowler has a house full of trophies now.

Holbert serves as Colorado City Bowling Association president, team captain of Kirschbaum's in the Monday night Classic League, team captain of the Walker Furniture entry in the Wednesday night Mixed League and is a member of Colorado City's entry in the area traveling league.

Holbert has a total of 14 bowling trophies—won since he started bowling in Sweetwater back in 1939. His biggest bowling triumph was winning the all-events championship of the 1961 Colorado City tournament here this year.

Holbert and his family, who live at 308 E. 19th St., all are avid bowlers. He carries a 177 average in the 2 local leagues and a 181 average in the traveling league.

CROWN Bowl

THE MOON IS RIGHT

Pair Catch over 300 Fish at Lake

Two Lubbock men found the fishing A-1 on Lake Colorado City last week.

Glenn Hemphill and J. P. Beavers spent a few days on the lake and hooked over 300 crappie, channel cat and yellow cat.

But it wasn't any surprise to the old-timers who keep saying "the moon is right". The old-timers say that fish 5 days before the full moon to 5 days after—and that's the period that has currently been in existence.

Part of the pair's catches included:

A 9-pound yellow cat, a 4 1/2-pound blue cat, a 4-pound channel cat, 4 crappie that averaged 1-pound each, 10 channel cat that averaged 2 1/2 pounds each and over 200 pan-size channel cat.

The 2 hooked their giant catch on rods and reels using minnows and trot lines using water dogs as bait.

Bernie Grable of Colorado City was at it again. He used a bushwacker lure to reel in 2 bass—weighing 5 and 33/4 pounds.

The Colorado City druggist Henry Billberry, also using a bushwacker lure, bagged a 5-pound bass himself.

Hunter Wistrand, Colorado City caught a 2 1/4-pound bass on a hawaiian wiggler.

Richard Wistrand of Colorado City, also using a hawaiian wiggler, reeled in a 1 1/4-pound and a 1 3/4-pound bass.

Colorado City's M. C. Costin caught a 33-pound yellow cat, the biggest reported cat of the week, on a trot line using perch.

Gene Atchison, Midland, used grasshoppers to hook a 7-pound blue cat, a 4-pound Southland's Alva Albright pulled in 12 blue cat that weighed a total of 16 pounds.

Eugene Peters of Big Spring used perch on a trot line

to catch an 8-pound yellow cat.

Jim Sargent, Slaton, caught 8 channel cat, from 1 to 3 pounds each, on water dogs on a trot line. The largest tipped the scales at 3 pounds 2 weighed 2 1/2 pounds, 1 was a 2-pounder and 4 weighed from 1 to 1 1/2 pounds.

Bill Hicks of Midland pulled in 7 1-pound channel cat and a 1 1/2-pound crappie. He was using water dogs on a trot line and minnows on rod and reel.

Visitors Return

Mr. and Mrs. John Elliot and sons, Paul and Andrew have returned to their home in Fort Worth after visiting in the home of Mr. Elliot's parents, Mr. and Mrs. W. M. Elliot, 708 E. 6th St., and with his aunt, Mrs. Hennie Meriwether.

Also visiting with the Elliots and Mrs. Meriwether was Dr. W. M. Elliot, Jr., of Dallas.

Snyder Guests

Mr. and Mrs. Eugene McGee and son of Snyder were week end guests of her parents, Mr. and Mrs. Ed Small, in Loraine.

Post Office Is Seeking Applications

The Colorado City Post Office is seeking applications from local residents who are interested in becoming postal clerks or city carriers, postmaster Arlene Morris announces.

Persons who apply and who pass a written test given by the Civil Service Commission will be placed on a list of eligibles, and will be considered for future job openings.

Clerks and carriers are now paid a starting rate of \$2.16 per hour. Anyone interested in a career in the Postal Service may obtain complete information from Morris.

The Post Office Department is the largest employer in the federal service, and provides facilities indispensable to the nation's commerce and defense. Postal employment is unusually stable and normally leads to a lifetime career. Outstanding postal workers advance to supervisory positions as vacancies occur.

RESPONSIBILITY ...

Can you think of any greater responsibility than what we place upon our public school teachers?

We hand over our youngsters to them now ... for a big portion of every week day for the next nine months.

This is a tremendous responsibility which our teachers accept. And I, for one, offer them a million thanks ... and cooperation for better schools.

Henry Bilberry,
CORNER DRUG

Editorially Speaking

Jury 'Ducking' And Our Democracy

Just before attorneys began the courtroom procedure of selected jurors, for the assault trial this week in 32nd District Court, Judge Eldon Mahon commented briefly on the duty and tradition of free juries.

The judge was concerned with the large number of citizens who sought to excuse themselves from the special jury venire—and the possibility of service on the selected jury—for reasons only of inconvenience.

He was concerned with the attitude of citizens who would make light of jury service, who would consider it a curse of inconvenience instead of a responsibility, who consider it a chore that "anybody else" can handle.

For the most part, we can be thankful, most citizens still answer the call of jury service with serious concern and respect. But there also is a tendency, as Judge Mahon's remarks indicated, for an increasing number of persons to view responsibility as just another activity to turn their back upon.

And in these times, when Democracy faces its sternest tests, this is unfortunate. For our jury system is at the very foundation of our free government, the original aim of the American Revolution.

The right to a trial by jurors selected from the people of the state and district wherein the crime was committed was declared in the Resolution of the First Continental Congress meeting in Philadelphia in September 1774. Explosive events like the Boston Tea Party, the closing of the Port of Boston and trials of treason before only judges appointed to serve the pleasure of the King of England—these were behind this Resolution which was to shape trial by jury as "the inherent and invaluable right" of the American citizen.

These days we talk a lot about freedom, about making the world safe from Communism, about ridding the world of dictators who oppress those in other countries, about showing the world that the U. S. is right and can't be shoved or beat down by threats from totalitarian governments.

Yet, in these opportunities to serve freedom by positive action—with nothing more than a few days of responsible jury service—we often have the tendency to turn our backs. And when do we turn our back upon rights our forefathers died for? Rights which are so essential and strong against Communism, if we only affirm them truthfully and earnestly in our everyday life.

Your Driving Counts For Safe Holiday

Governor Price Daniel has requested the assistance of every sheriff and chief of police in Texas in combining their traffic forces with those of the Texas Department of Public Safety in a determined effort to make the three-day Labor Day holiday the safest in Texas history.

While Col. Homer Garrison, Jr., director of the DPS, was announcing that 150 patrolmen from the other uniformed services of his Statewide law enforcement agency would join the regular Texas Highway Patrol for holiday highway supervision, the Governor sought the aid of the city and county units.

The Governor told the sheriffs and chiefs, whom he praised for their past traffic safety cooperation, that "Labor Day is the one big holiday whose traffic problems are complicated by several factors, notably traffic violations. Since we are all fully aware that a big majority of our traffic tragedies involve excessive speed and driving while drinking, I hope you will put every available man on the streets and highways this Labor Day to help us eliminate the lawbreakers. If we do this, I believe we can reduce our traffic crashes, and if we reduce them, we will save human lives and property losses."

Meantime, the Governor had received pledges of citizen support and cooperation from several Statewide sources, all aimed at acquainting the motoring public with the dangers of congested holiday traffic and offering various forms of assistance.

Governor Daniel has been advised by the Texas Junior Chamber of Commerce and W. F. Leonard, Jr., of Dallas, vice-president for traffic safety of Texas Safety Association, that the Jaycees are trying to double their 1960 Labor Day safety record. Last year, 76 Jaycee clubs with 1,254 members devoted 10,320 man-hours to serving coffee and soft drinks to more than 41,000 motorists at 84 "rest-and-coffee" stops along main Texas highways. They also handed out 66,000 pieces of safety literature.

The Texas Association of Broadcasters, including most of the State's radio and TV stations, has included the Labor Day holiday for another of its unique "Drive-Lighted and Live!" campaigns. The effort is directed mostly toward car drivers on the highways, and the stations suggest that drivers burn their headlights during daylight hours as a signal that they are driving safely and legally.

"Follow That Challenge!"

STATE CAPITOL NEWS

Increased State Spending Could Increase Sales Tax

BY VERN SANFORD
Texas Press Association

Gov. Price Daniel, pointing to the record of most other states that have a general sales tax, warns Texans that without concerted efforts to shave state spending the Texas tax could grow to 3 or 4 per cent in the future.

More than that, he said, unless there is "prudent economy and reorganization of state funds and services," a state income tax might become law.

To make his point, Governor Daniel reported that 23 of the 34 states that have general sales taxes have increased the rate to 3 per cent or more, and there are now 4 states charging a 4 per cent sales tax.

He again made clear his dislike for the 2 per cent Texas tax, but added:

"So much for the good and bad which will result from

the new tax bill. On September 1 it will be the law of our state, and as long as the law is in effect, it behooves all of us, whether we like it or not, to cooperate in its enforcement. This I shall do, and I believe every good citizen will do likewise."

Meanwhile State Comptroller Robert S. Calvert is being swamped with questions about the new tax. After checking with other states which have pioneered in his field he has become reconciled to the likelihood that confusion will reign for some time to come. A spokesman for his office pointed out that "California and Illinois got a sales tax in 1933, and they're still issuing rulings."

The Texas Research League, has noted that the tax bill exempts sales of animals ordinarily eaten by humans. Also feed for such animals. Exempt too are seeds and plants edible by humans and raised for sale, fungicides and insecticides for such plants, and fertilizer used on lands where such food is grown.

But the researchers say this exemption would not apply to tropical fish, grass

seed and fertilizer for lawns and rose bushes.

MORE WORK Governor Daniel has found several more items to be submitted to the next special session of the Legislature. He plans to call the lawmakers back to Austin again before the end of the year.

Daniel's expanding package now includes maintenance funds for farm roads, loan shark control, municipal annexation, tourist attraction, lobbyist controls, adding banks to the abandoned property seizure law, improved law enforcement measures, and action on juvenile crime.

"As long as Texas continues to grow," he said, "there will be more problems to solve, but there are some which should not be delayed. It will be my aim to meet the most urgent of these later this year or in January of next year."

Governor Daniel voted the second year appropriation of \$15,000,000 for construction of new farm-to-market roads, in an effort to free these funds for maintenance. The \$15,000,000 for this purpose for the first year of the new biennium was not affected.

Page 2 Colorado City Record, Thursday, Aug. 31, 1961

TAYLOR - MADE

By RICK TAYLOR
Record News Editor

THE DATE is Friday, Sept. 30, 1938.

The newspaper is the Colorado Record.

WITH thanks to HARRY and BOB RATLIFF who were kind enough to allow Taylor-Made to glance through the yellowed pages of the Record of an era gone by.

The paper still has the address line on it, even today.

It is addressed to M. C. RATLIFF, the late father and grandfather of the Ratliffs of today.

A 2-column headline on front page reads, "Large Motorcade Expected to Attend Spudding of Promising Oil Company's Test at West Texas Fair on Monday." In 3 lines, no less.

If Taylor-Made were allowed to write heads like that, he wouldn't have to write the story. He could condense it all into the head.

HERE'S the style of that day, chosen from the ever popular sports stories about the Wolves. The first 3 paragraphs are:

"Wrestling brilliant, thrills-packed victory from a battle where only defeat had been foreseen, the Colorado Wolves downed their ancient rival Big Spring's husky Class A Steers, 7-0 in the Steer stadium at Big Spring Friday evening.

Captained by a fellow whose star shown brightly throughout the game, and

with the coach's final blessings in their ears, the Wolves went into the fray determined to meet their opponent's conceded defeat with all the fight they had to give.

"It was plenty . . ."

Seems as though football and loyal sports writers have not changed at all—just their style of heaping compliments on their team.

PRICES were then, as they are now, always a big thing in advertisements.

But prices weren't as big then as they are now. . . . Loin steak was only 25c per pound from Piggly Wiggly.

RALPH LEE, he's still around, was advertising 81/2 pounds of laundry for 35c at Colorado Steam Laundry.

Baby beef roast was 17c a pound at The Pick and Pay Store, J. R. Jordan Co. offered a "new 1939 Philco" radio, "with instant electric push-button tuning," for only \$69.50. And that was one of those waist-high floor models too.

Safeway had Mammy Lou corn meal for 8c for 2 pounds up to 20 pounds for 39c.

Yep, the prices were lower but there were a lot of things missing too. There just wasn't any of the "modern" products on the market then.

Now Taylor-Made knows what is meant by "The Cost of Progress."

TEXAS AGRICULTURE

State Out in Front In Many Fields

BY JOHN C. WHITE
Agriculture Commissioner

Traditionally, Texas probably lay claim to more and better of most any and everything than any of the rivaling 49 states.

Often as not, these Texas boosters are tongue-in-cheek accommodations for folks who just expect us to brag. In agriculture, however, the Lone Star State has a long list of firsts of which we ought to be reminded, just in case we ever need some "real" verbal ammunition.

Difficult as it is, it's necessary to start our tirade on pride with an admission: Texas is not first in the nation in total value of agricultural products. We rank fourth with a total annual farm income that exceeds 2 billion dollars, which is no small shakes. This is about 1/5 of total income for the state each year.

Of major farm products, however, we can claim more production firsts than any other state. Some of these are:

COTTON: This is our most valuable crop, and

far more cotton grows in Texas than in any state. Our farmers produce about 4 million bales a year, worth some 700 million dollars.

BEEF CATTLE: Here again we lead the nation, production-wise, and beef cattle provide Texas' second largest source of agricultural income; earning about 400 million dollars a year. We might add that the long-range cattle industry originated in Texas, and we're still far ahead of the rest in cattle raising.

SORGHUMS: Texas out front again. Next to cotton, this is the state's most valuable field crop and the third most valuable source of farm income.

RICE: We are at or near the top in rice production, rivaled nearest by California. Our rice farmers along the Gulf Coast have done a magnificent job in producing a superior product. Although we lead in rice production, we are pretty far behind in rice consumption. A lot of Texans haven't discovered just how good and good for you rice is.

Life With The Rimples

LOCAL BUSINESS

Advertising Key To More Sales

BY MADGE BELL
Record Staff Writer

An increasing number of economists are saying that the resurgence of prosperity in the United States is dependent upon the effectiveness of American advertising—especially advertising at the retail level.

The need for more effective advertising is not based on theory. It is based on 2 facts which can not lead to any other conclusion. First, the American consumer has accumulated nearly 28 billion dollars in savings—this total has never been equalled in peacetime. Second, manufacturers are producing at increased capacity, more attractive and more useful goods than at any time in history.

Several weeks ago, the United States Department of

Commerce reported that personal income was continuing to rise while installment debts of the consumer were becoming smaller.

In other words, the only thing that can slow down a prospective economic boom is the failure of the new products to attract the obviously available consumer dollar. An economic failure would be a failure in salesmanship—or to put more precisely, an advertising failure.

In this respect, the local merchant has a greater responsibility than he sometimes recognizes. The manufacturers of new products simply do not have the wherewithal to do a complete job of selling. They may stimulate interest and sell occasionally.

However, all sales are made locally. The ultimate job of selling is done by the local merchant. And he sells most effectively by using the basic local selling tool—his community newspaper. Sales in some communities are already booming; even a quick look at the advertising in the newspapers of such communities will tell why.

A head with brains goes to the head of the professor's class, but a head with class goes to the head of the professor.

By Les Carroll

SHINNERY PHILOSOPHER

A Way to Solve World Problems

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek takes a fanciful flight this week, but lands back on the ground. Dear editor:

A bunch of us was sitting around talking about the terrible world situation—it's a funny thing. I never have been able to understand why the leaders in this country can't solve these big problems when there are plenty of people practically everywhere who can tell them exactly how to do it, although I'll admit some of them have a little trouble handling their own problems at home, especially the financial ones—and one man said he didn't believe there is any solution to the international situation.

"If it's not Cuba, it's Berlin, and tomorrow or the day after there'll be something else. I can't see anything but turmoil and crisis ahead for this world for a long time to come," he said. "In fact," he added, "I don't think there is a solution, and there probably never will be."

I came home and got to thinking about this and after thinking through 4 cups and 3 of it working days I have finally hit on a solution. I have figured out a way to get all the

turnout and nation-against-nation warfare.

The thing to do is to keep exploring space, don't just stop with the moon, keep going to Venus, Mars, etc., and still keep going until one day amid the billions of planets I understand are out in space somebody from the earth may run into a planet that's inhabited by people.

Now when he does if he's smart, he'll make these people mad. Scorch them with the tail from his rocket's jet-blast, turn some mosquitoes and flies loose on them, spread the common cold among them, drop them some television sets, give them the recipe for instant mashed potatoes, anything to make them boiling mad, then high-tail it for home.

Naturally, these people on this strange planet will declare war on the earth, and not having ever heard of the United States or Cuba or Russia or Scandinavia or East Berlin or Democrats or Republicans, Socialists or Communists, will start fighting everybody, better-sheer, and the only thing for us to do will be to unite, and start fighting back. This positively will unite the world, and while it won't eliminate fighting, it'll eliminate fighting among ourselves.

If you think this plan has any merit you think more of it than I do.

Yours faithfully,
J. A.

Pictorial INTELLIGRAM

How are you at recent news events?

- 1—The West German people will have a choice between Chancellor Konrad Adenauer or pictured Mayor (Engelbert Schlossberg) (Willy Brandt) as their new chancellor during the Sept. 17 election.
- 2—(Airlines) (Trains) recently announced that rates would be cut to under \$200 for coast-to-coast travel.
- 3—Supreme Court Justice Thomas C. Cook recently gave a tough warning of stiff penalties for businessmen who violate the (ethical business code) (antitrust laws).
- 4—The new PGA golf champion is (Carl Jerome Barber) (Don January).
- 5—After 16 months as king, Norodon Sihanouk abdicated because he thought that the true face of the people was hidden from him. He was king of (Cambodia) (South Korea).
- 6—Recently, pictured Soviet cosmonaut (Yuri Gagarin) (Gherman Titov) orbited the earth 17 times on a history-making 43,000 mile trip in less than 26 hours.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor.

Extra Money For Series H Bond Holders

Some half-million Americans who series H Savings Bonds bought between June 1952 and January 1957 are in for a nice surprise — one that will bring extra money into their pockets.

J. C. Pritchett, Executive Vice President, City National Bank and Mitchell County Savings Bonds Chairman, calls attention to a recent change in Treasury regulations permitting owners of these mature H Bonds to continue holding them for an additional 10 years at a higher rate of interest — a straight 3 3/4 per cent annually.

Pritchett pointed out that these H Bonds were originally issued to pay an average of 3 per cent annually for the 9 year, 8 month life of the bond. "In 1959, this rate was increased so as to bring the final yields to maturity up to a range of 3.12 per cent. Under new regulations, these particular bonds, the first of which matures in February 1962, will return in semi-annual interest checks a straight 3 3/4 per cent interest during the extension period.

"Holders of these Series H Savings Bonds will be notified by the Treasury of the extension privilege granted them when they receive their next to last interest check. Owners will not have to do anything about extending their H Bonds. This is automatic. As long as the H Bond is not redeemed, the owner will continue to draw semi-annual interest checks at the new, higher rate of 3 3/4 per cent interest for a full ten years."

The Series H Bond when introduced in June 1952, was custom-made to satisfy the needs of Americans who wanted a current-income bond which would be free from market fluctuations and would possess the same safety features and guaranteed interest rate as the popular Series E Bond. There are now close to 1 1/2 million H Bond accounts with an investment of some

6 billion dollars. Nearly 160,000 new accounts are opened yearly. Yearly H Bond sales now approach a billion dollars.

New Plastic Containers for Fluid Milk

Plastic coated containers have been developed for packaging fluid milk. These new containers are designed to replace the present wax-coated cartons, says Mitchell County Agent Jack Burkhalter.

The new carton was introduced and became the big attraction at the Dairy Exposition in Chicago in 1960. It is a variation of the present wax-coated carton. It has a polyethylene coating on the fiber carton.

The new carton does not require glue for forming wax a variation of the present wax for coating or staples for closing. It comes with the plastic coating already on the carton. All that is necessary is to shape the carton and heat seal it into form, points out Burkhalter.

Manufacturers of the containers say the new cartons will eliminate the costs, inventories and handling of wax, glue and wire; prevent the contact of wax and milk and loose wax particles in the milk; do away with leaky milk cartons, and improve the appearance of the milk package.

Plastic containers are currently being used on a trial basis in several cities and other installations will follow as soon as additional packaging machines are manufactured. It is reported that conversion kits to modify existing cartoning machines will be available in the near future, he says.

Secretary of the Treasury Douglas Dillon recently stated that "this new extension option for Series H Bonds is a well-deserved reward for the citizens who have held these securities for their full term. It is a reminder, too, that the opportunity of owning these 'Shares in America' is a privilege to be cherished. The purchase of U. S. Savings Bonds by every family is important to the economic strength of our nation, and is thus a contribution to the cause of peace and freedom around the world."

Visits Classmates

Mrs. Ida Baird of Loraine was in Abilene Saturday and Sunday visiting Mrs. Merle Clark and other former classmates of Merkel High School. Also there were Mrs. Winnie Sharp and Mrs. Ollie Deaton of Abilene and Mrs. Florence Berry of Merkel. The group attended church there Sunday morning.

CO-SPONSOR COMPANY

CLASS OFFICERS NAMED

Loraine School Enrollment 324

LORAIN—A total of 324 students were enrolled in public schools here Monday as the 1961-62 school year officially opened.

A total of 234 students were enrolled in grade school and 90 in high school.

High school classes elected officers Monday immediately following the opening assembly.

Sandra Cushing was elected president of the senior class. Serving with her will be Katrina Wells, vice president; Joretta Hall, secretary; Ann Dickenson, treasurer; and Barbara Kidd, reporter.

Senior sponsors selected were Mrs. Ray Preston and Glenn Nickols. Room mothers selected were Mmes. Roy Wells, Bud Shepherd, Price Hall and Thomas Vest.

The junior class elected Linton Ray Webb president. Other 1961-62 officers are Larry Blair, vice president; Peggy Phillips, secretary; Tony Burzarin, sergeant-at-arms; and Buster Jernigan, reporter.

Class sponsors are Miss Willa May Stafford and Bobby Dodds. Room mothers are Mmes. Lester Webb, Dual Blair, Earl Phillips, and Cub Narrell.

Sophomores elected Carla Britton president and other officers are Loretta Tartt, vice president; Loretta Tartt, secretary; and Judy McDaniel, reporter.

Raymond Holt and Buck Hughes were named sophomore class sponsors. Room mothers selected were Mmes. Gene Britton, A. G. Furlow, Jr., Willis Cornutt, Royce May Stafford, home-economics teacher.

The school opened Monday morning with the assembly in the gym. Superintendent J. B. Cushing welcomed the visitors and introduced new faculty member, Miss Ella May Stafford, home-economics teacher.

The band, led by director Buck Hughes, opened the program with several numbers. The Cheerleaders, Sandra Cushing, Barbara Kidd and Katrina Wells, led the student body in school yells and introduced their mascots, Susan Mahon and Russel Compton, to end the program.

Freshmen class officers, sponsors and room mothers will be elected at a later date.

Frank Kelley to Speak at Meeting

The Hesperian Daughters are having their reassembly dinner Friday night at 7 p. m. at the Coltex Club. Frank Kelley, Chairman of the Texas Good Neighbor Commission will be the speaker for the evening.

China Grove Guests

Week end guests of Mr. and Mrs. Jess Brown in China Grove were Mr. and Mrs. Dan Hall of Clisco.

O'Donnel Guests

Sunday guests in the China Grove home of the T. J. Webbs were Mr. and Mrs. Herbert Webb of O'Donnel.

Double Features

Mrs. Ronald Satak was unable to resist mimicking a plaster head. She copied the look right down to the puckered lips at an art show in Toronto, Canada.

How To Fight Galvanized Roofing Rust

Galvanized roofing on all farm buildings should be checked each year for signs of rust, warns Jack Burkhalter, Mitchell County Agent.

A delay in painting rusty roofs adds to the cost when the job is finally done. More paint is needed for a given area of rusty roof than on a roof with little or no rust.

Extra labor is also required to brush off loose rust particles prior to repainting. Rusty roofs will probably need repairs also.

Select a primer paint which will give adherence to the zinc surface. Paints with 80 per cent metallic zinc dust and 20 per cent zinc oxide in an oil vehicle, have a long history of good performance both as a prime coat and as a finish coat, says Burkhalter.

Serviceable primers for galvanized steel are also available. Among these are formulas with other pigments in addition to zinc dust and zinc oxide. It is always important to check the paint manufacturer's recommendations to make certain the

Future Residents

Mr. and Mrs. Clarence Merritt will soon be new residents of China Grove. The Merritts, now living in San Antonio, will move to China Grove when their home there, now under construction, is completed.

Child's Home Director to Speak Here

Jerry M. Newbold, Jr., director of the Presbyterian Children's Home and Service Agency of Itasca will be guest speaker here Wednesday, Sept. 6.

Newbold will speak and show slides at a "Family Night Supper" scheduled here at First Presbyterian Church, 5th and Chestnut Sts., beginning at 6:45 p. m.

The slides and the talk will be about the children's home in Itasca—which is one of the agencies that shares in the benevolent fund of more than \$3,000 from the local church each year.

Newbold's talk begins at 7:30 p. m. and the general public is invited, reports Rev. John Brand, pastor.

Newbold will discuss the 3 areas in which neglected children are served by the agency. They are (1) through temporary placement in foster homes, (2) through permanent placement in adoptive home and (3) through the care of the agency's home in Itasca.

Turkey Tops Plentiful Food Monthly List

Heartier fare for September listed as "plentiful" because back-to-school appetites is expected to exceed normal trade needs. Special efforts are being made to market the abundance in an orderly manner.

The Agricultural Marketing Service reports marketings of turkey this month will run 20 to 25 percent larger than a year ago, she says. Cold storage stocks are high; prices, low. And turkey is ideal fare for either hot or cool summer days.

Miss Moore Is Nursing School Grad

LORAIN—Miss Margie Moore, daughter of Mr. and Mrs. Martin Moore from here, graduated from Methodist Hospital's School of Nursing in Lubbock last week.

Miss Moore, a 1958 graduate of Loraine High School, was 1 of 18 graduates who heard Dr. Robert Arnold deliver the commencement address. The exercises were conducted in the First Methodist Church in Lubbock.

She was honored as being nominated a candidate for "Miss Methodist Hospital" and "Ideal Student Nurse." Winner of the title will be announced in September.

Attending the graduation exercises from Loraine were Mr. and Mrs. Marlin Moore and son Stanley, Mr. and Mrs. Murry Carpenter, Mrs. Aggie Woods and Mrs. Ace Lee and children.

Other members of her family attending included Mr. and Mrs. Myrl Carpenter and children of Andrews, Mrs. Fred McDowell of Big Spring, G. A. Moore of Big Spring, Mrs. J. W. Moore and daughter of Big Spring.

Mr. and Mrs. Rocky Allen and son of Big Spring were in China Grove last week end visiting his parents, Mr. and Mrs. Leonard Allen.

Morris E. Alsobrook Serving on Carrier

Serving in the Pacific aboard the anti-submarine warfare support aircraft carrier USS Yorktown operating out of Long Beach, Calif., is Morris E. Alsobrook, fireman apprentice, United States Navy son of Mr. and Mrs. E. V. Alsobrook, of 629 Pine St. Colorado City.

The Yorktown participated in a "fleet sail" Saturday when it joined 20 other First Fleet ships departing for Hawaii to relieve sister vessels now operating in the Far East with the Seventh Fleet.

The fleets are responsible for maintaining safety of Free World trade routes crisscrossing the 85-million-square-mile Pacific Ocean area; the First Fleet in the eastern and mid-Pacific, and the Seventh Fleet in the western Pacific.

EQUIPMENT, BUILDING & LOT FOR SALE

For sale together, by individual lots or by piece. The Henry Vaught Service Station building, lot and equipment E. Hwy. 80 at Houston St. Includes Air Compressor, Air Lift, Grease Equipment, Vacuum Cleaner, Battery Charger (6 & 12 volt), Chamoise Wringer, Colt brand Tire Changer, Light Fixtures, Reflectors, plus other items.

Certificate of Honor, Merit to Key Club

Colorado City High School Key Club, a club sponsored by Kiwanis Club, has been awarded a certificate of honor for its outstanding record during the 1960-61 school year.

The certificate was awarded in recognition of outstanding merit by the national Key Club organization. Key Clubs are sponsored all over the nation by Kiwanis Clubs. Local Kiwanis Mike Smith is as club sponsor here for organization. E. M. Findley, high school principal, is faculty sponsor for the club.

Officers for the 1961-62 school year are Mickey Redwine, president; Billy Harris, vice president; Douglas Fite, secretary; and Gary Gresham, treasurer.

About 10 members will return to the organization this year from last year's membership ranks. Redwine estimates that the club's membership will total more than 30 after school begins.

All members must carry an average grade and be recommended by a faculty board before being inducted into the club.

The club was organized last year.

at the Girl Scout camp there. Saturday night activities included a sandwich supper.

The Sunday morning activities opened with a sing-song after the benediction by Sam Thompson of Colorado City. Harold Bennett of Snyder presented the devotional and Willard Thompson of Weatherford closed with a prayer.

Delbert Thompson of San Angelo was elected president in the business session that followed. Willis Merritt of Weatherford, outgoing president, opened the business session.

Other officers elected included Bennett, secretary; and C. C. Thompson of Colorado City, treasurer.

Attending from Loraine were Tom Bennett, Mrs. Cora Hall, Mr. and Mrs. K. L. Taylor, and Mrs. Floyd Griffin. Other towns represented by persons present were Colorado City, Snyder, Sweetwater, San Angelo, Abilene, Fort Worth, Longview, Clarissa, Garrett, Coahoma, Stephenville and Morgan Mills.

The family of the late Mr. and Mrs. J. M. Story met at Lake Thomas, near Snyder, last week end for a family reunion.

Included in the 31 present were all of the 8 children of their families of the Storys.

They are Rev. and Mrs. Frank Story and son Milton of Loraine, W. W. Story and

daughter Linda of Denver City, Mr. and Mrs. J. C. McCullough of Brownfield, Mrs. J. T. Beans of Odessa, Bruce Story of Seminole, Mr. and Mrs. Jim Story of Plains, Mr. and Mrs. Grady Story of Seagraves and Mr. and Mrs. C. O. Duncan and daughter Vickie of Austin.

The children of the local Storys were present also. They are Mr. and Mrs. Doyle Shanks of Odessa and Mr. and Mrs. Frank Dickenson of McAdoo and Mr. and Mrs. Howard Story of Goldsmith.

Edward Beaty, son of Mr. and Mrs. Allen Beaty, is at home here with his parents. He was recently discharged from the U. S. Army and last served on duty in Japan.

Buen Claxton returned home here Saturday following surgery and hospitalization in Austin. Mr. and Mrs. Buford Claxton were in Austin with him.

Mr. and Mrs. Jackie Walker and children are visiting their parents, Mr. and Mrs. Virgil Walker and Mrs. Elba Mae Beaty, here this week. All were in San Angelo visiting Saturday.

E. O. Brown of Shreveport, La., Mr. and Mrs. C. M. Brown of Bolinger City, La., and Mrs. Velma Foster of Morilton, Ark., visited relatives in Loraine last week end. They are brothers and sisters of the late J. K. Mahon. They visited in the home of Mr. and Mrs. Harold Mahon. Mr. and Mrs. John Mahon and Mr. and Mrs. Earnest Meadows in Loraine. Also in the Elmer Mahon home in Champion.

Visit Gueitets

Recent guests of Mr. and Mrs. Houston Gueit of China Grove were Mrs. Macine Decker of Houston and Mrs. A. R. Mosley of Colorado City.

Ledge End

A rocky ledge, projecting toward the Kaietur Falls in British Guiana, offers one of the most beautiful and breathtaking views in the world. Although it is only 300 feet wide, the falls has a drop of 741 feet.

Dealer Report On New Olds Rocket Engine

Oldsmobile will introduce a limited production sports car model early this winter along with its regular line of 1962 models, reports Jay Adams, owner-manager of Jay Adams Chevrolet, local Chevrolet and Oldsmobile dealer.

The car will feature a turbo-rocket aluminum V-8 engine first successful application of a turbo-charger with fluid injection on a commercially produced passenger car.

The new engine will deliver economy when wanted and still that sports car performance when wanted, says Adams.

"The engine," he continued, "will produce approximately 1 horsepower for each of its 215 cubic inches of cylinder volume. Its power-to-weight ratio is low 1.88 lbs. per horsepower. The lightness of this aluminum V-8 engine makes it more economical to operate."

Both turbo-chargers and superchargers have the same purpose: to increase power output by pumping more air fuel mixture through the engine for increased performance.

The turbo-rocket's turbo-charger system is driven by the energy in exhaust gas. It takes no power out of the engine and requires no additional fuel for its own operation, Adams concludes.

The Young Count

An 18-year-old El Segunda, Calif., boy named Steven Jensen walked into a restaurant while wearing this Dracula costume. When arrested by police, he explained that he had been working for five days on the outfit which he played in at a high school party and wanted to test the public's reaction.

Program of USDA to Aid All Farmers

The current Rural Development program being conducted by the U. S. Department of Agriculture is an expansion and reorganization of a program started in 1955, explains Mitchell County Agent Jack Burkhalter.

A major change, he added, is the reorganization within the USDA which can bring all of the Department's resources to bear on specific problems. Each USDA agent has been given definite responsibilities under the program which has as its purpose helping local people mobilize their total resources in an overall economic development effort to improve levels of living in rural areas.

He says this objective will be achieved by helping families with the desire and ability to stay in farming acquire the needed tools, land and skills; by widening the range of off-farm job opportunities; and by helping people enjoy more opportunities for adequate training and improved health. Under the former Rural Development program, emphasis was placed on raising income levels in 45 Texas counties, but by contrast, the current program is concerned with total resources development in all Texas counties, Burkhalter said.

In the process of planning and problem solution local leaders may elect to take advantage of assistance made possible by recent liberalization of loan policies of lending agencies, and in the 47 designated counties, by the provisions of Public Law 87127. Forty of these counties, he said, were designated as "development areas" because rural development activities had been carried out in the county.

The other 7 were designated because the median 1959 estimated income of rural farm families in the counties

make their contributions to developing total economic development programs in any county of Texas, he said.

First Loraine Family To Visit Playground

Mr. and Mrs. Earl Phillips and children Peggy and Don, of Loraine were recent visitors in the Fort Worth home of Mr. and Mrs. Neely Phillips.

While in Fort Worth, they toured Six Flags over Texas, a new recreational showplace near Arlington. They were the first family from Loraine to visit the multi-million dollar site.

Lubbock Guests

Week end guests of Mr. and Mrs. John Mahon in Loraine were their daughter and family, Mr. and Mrs. J. C. Rickman and children, of Lubbock.

Round Trip

Jeffery Martin always thought that a merry-go-round would be fun, until he got on one and began to go round. The 2-year-old was on his first trip, and he hung on for dear life at Walled Lake, Detroit, Mich.

Bale Bagging Must Meet Requirements

Special care in purchases of bagging will help ginners, oil mill officials and producers meet trade requirements for packaging cotton bales this season, says Mitchell County Agent, Burkhalter.

Commodity Credit Corp regulations specify bale heads must be covered and bagging must be sound and clean. To meet the regulation on bale heads, bagging dimensions should be 45-48 X 108-110 inches. Standard tare allowance is 12 pounds.

According to the Foreign Agricultural Service, jute production was down in 1959 and 1960 in both Pakistan and India, which produce 95 per cent of the world's supply. This, combined with expanding jute markets, has pushed raw jute prices upward - resulting in rise in cost of bagging from 90c to \$1 per bale higher than in 1960, says Burkhalter.

Reduced availability of sugar bagging cloth has aggravated the situation. In recent years from 35 to 40 per cent of the U. S. cotton crop has been wrapped in this material. Due to the political situation in Cuba and increased bulk shipments of it is estimated that less than 10 per cent of the 1961 crop will be wrapped in cloth. Despite the reduced supply of jute fiber, indications are the supply of bagging will be ample for the current crop. Also, the 1961 jute crops in Pakistan and India are reported good. He concludes.

Treat Small Grain Seed For Profits

Treat small grain seed for higher yields and greater profits.

That's the advice of Jack Burkhalter, Mitchell County Agent, who reminds Mitchell County farmers that the time for treating is now—even though small grain seeding time is still a few weeks away.

By treating now, the farmer can avoid the seasonal rush and be sure the crop is protected against disease, he points out.

When treating wheat, oats, barley or rye, be sure to use a mercury treatment. By applying a mercury treatment early, the farmer gains the additional benefit of "vapor action." Vapor action assures that all disease organisms on the seed surface and inside cracks and crevices are killed.

As the seed is treated, small amounts of the chemical are deposited on each seed. Within a few hours, organic mercury in the seed vaporizes, and the vapors surround the kernel and penetrate into the cracks. The vapors later condense and become permanent and uniformly attached to the seed. They will not wash off or deteriorate while the seed is in storage or in the drill.

Even after the treated seeds are planted, the treatment continues to protect the seed from disease organisms in the soil, says Burkhalter. For further information on seed treatment, contact your local extension agent or the U. S. Department of Agriculture, Washington, D. C.

SPECIAL NOTICE

We have sold our store
to the Village Market in

Sweetwater effective next Tuesday, Sept. 5.

We deeply appreciate our many good friends and
fine customers and thank you very much for your valued
patronage for the last 34 years.

We hope you will continue to trade with the new owners and
we know they will give you the best service
and lowest prices.

Mr. and Mrs. Philip Berman
