Estelline Senior Class To Present Play Friday

A three-act comedy, "Everybody's Crazy," will be presented by the Estelline Senior Class on Friday evening, May 5, at 8 p. m. in the high school auditorium. Senior Class sponsor is T. H. Seay.

The public is cordially invited to attend. Tickets are 50 cents for adults and 25 cents for students.

A three-act comedy, the story is built around a haunted hotel. The joint owners, Herbert Stanley, played by Noel Long, and Elmer Sneed, played by Burl Bumpus, and Tommy Wilkins, played by Albert Ward, face many humorous situations as they solicit guests for their hotel in order to pay off William Bates, played by Mike Davidson, the landlord who wants his dough.

Some of the guests they encounter are Keturah Katt, played by Elaine Seay, an old maid who dabbles in spiritualism; Julia Mather, played by Bea Cruz, her niece who is in love with Herb; Van Gordon, played by James Pepper, a guest who walks in his sleep; Caroline, played by Laynette Seay, his wife who enjoys poor health; Celia, played by Molly Williams, his daughter who enjoys a stick of gum; and Adam Pottle, played by Bud Teas, an old bachelor who has nightmares.

Helpers in the hotel are Libby Ann, played by Linda Shields, the Cockney cook who is afraid of spooks; Gladiola, played by Sandy Longhine, the colored maid who doesn't blame her; Jasper, played by Jerry Stephens, the bell hop who thinks everybody is crazy.

Other members of the cast are the messenger boy, played by Bob Ward, and the ghost, played by Rose Contreras and the stage manager, played by Paul Corona.

County's Financial Picture Is Better Than Last Year

Pre-freshmen include: Jerry Beasley, Ann Coleman, Billy H. Cosby, Toby Crooks, Jay S. Dunbar, Lynn Foxhall, Dalton Freeman, Wanda Grice, Larry L. Helm, Catherine Ivy, John Lemons, Tony Monzingo, James A. Odom, Ronald Pate, Mary S. Scott, Tommy Moore, Suzanne Sexauer, Minka Sims, Linda Snyder, Jimmy Strygley and Dawn Yarbrough.

MISS ZADY BELLE WALKER

Local Teacher Is Honored At Alpha State Convention

Miss Zady Belle Walker, a fifth grade teacher in the Austin Elementary School of Memphis, was honored at the Alpha State Convention of Delta Kappa Gamma, which met in Houston on April 28 and 29.

She received one of the six achievement awards that the society gives each year to honor members, who for many years have made outstanding contributions to the society and in recognition of meritorious work, especially at the international level.

Miss Walker is a member of Gamma Kappa Chapter of Delta Kappa Gamma, a past president of the chapter, and is the present Alpha state chairman of the convention.

Hall County's finances are approximately \$1,000,000 better off at the close of business April 12 than they were a year ago, the financial reports issued by the four county banks revealed.

At the close of business April 12, 1961, the total deposits in the county's banks totaled \$9,457,859.21, while at the March 15, 1960, call the total deposits figure was \$8,602,498.12. This is an increase of \$855,361.09 above last year's spring report.

Another strong indication of improved financial condition is that the total deposits have only decreased \$100,000 since the Dec. 31, 1960, report. Normally, the trend is for the spring report to show near a million dollar decrease from the new year report.

As would be expected, the total bank assets shows the same trend as the total deposits, being only \$100,000 less than the Dec. 31, 1960, report. The total assets of the four county banks as of April 12 were \$10,618,798.64. One year ago the total was \$9,681,345.27. This is an increase of \$937,453.37.

The report showed that the loans and discounts figure rose to \$3,403,538.58. This has been an increase of approximately one million dollars in the past three months.

However, also showing an increase is the demand deposits of individuals, partnerships and corporations which totaled \$7,431,291.35. This is an increase of \$649,944.70 from the March 15, 1960, report.

One of the principal reasons the county's financial picture is better at this time than it was last year is the bumper cotton and grain sorghum crops of 1960.

Many of the cotton bales had not been sold when the Dec. 31, 1960, statements of condition were issued.

Commissioners To Sit As Board Of Equalization

The Hall County Commissioners will sit as a board of equalization from 1 to 2 p. m. Monday, May 8.

The date and time of the meeting was scheduled at the Commissioners regular session in April.

GOLF TEAM— Pictured above is the MHS Golfers who will compete in the 36-hole State Meet Friday and Saturday. From left to right are Allyn Harrison, Dwight Gailey, Dick Morgan, Sam Goodnight and alternate Dee Miller. Miller will not accompany the team to Austin, Golf Coach Don Gilstrap said. The boys won the first place trophy at the Regional Match in Lubbock.

Five MHS Boys Leave Today For State Meet

Five Memphis High School students left today for Austin to compete in State Interscholastic League competition.

The high school golf team, under Coach Don Gilstrap, will play 18-hole matches Friday and Saturday on the rough Austin course in their bid for the state trophy.

Lions Club To Have Athletes Banquet Monday

Approximately 50 athletes from Memphis High School will be guests of the Lions Club at their annual All-Sports Banquet at 7:30 p. m. Monday in the Travis Cafeteria, Gene Lindsey, committee chairman, announced this week.

The banquet is held each year by the club in honor of the students who participate in all high school sports including football, basketball, track, golf and tennis.

A tentative program for the banquet as announced by Lindsey includes a chicken dinner with all the trimmings, introduction of special guests, presentation of awards such as outstanding line-man and back, introduction of players, and special recognition of regional and state participants.

A film, "Humble Highlights," will be shown, Lindsey said.

Coach Gilstrap said that the four golfers, Sam Goodnight, Dwight Gailey, Dick Morgan and Allyn Harrison, have been working hard to try to trim strokes off their team total.

"The boys all shoot about the same, and have been very consistent during previous matches," he said.

Mr. and Mrs. A. L. Gailey, Mr. and Mrs. Oran Adcock, Leslie Helm and Teresa Beckham, and Mr. and Mrs. Hiram Crawford will accompany the boys to Austin.

Lions To Sponsor Park Clean-Up Tuesday, May 9

The Lions Club will sponsor a Park Clean-Up at 5 p. m. Tuesday, May 9. It was announced this week. The clean-up is being planned before the Annual Park Opener, Tuesday May 16.

All interested persons are asked to be present to help clean up the park. Refreshments will be served by various women's clubs in Memphis.

Lakeview Seniors To Graduate Fri., May 12

The Lakeview High School baccalaureate services will be held at 8 p. m. Sunday, May 7, in the Methodist Church at Lakeview. Superintendent Jess E. Whittington has announced.

Commencement exercises will be at 8 p. m. Friday, May 12, at the Grade School auditorium. Seventeen seniors will receive their diplomas at this time, he said.

Rev. H. W. Hill will deliver the sermon at the baccalaureate service. Mrs. L. G. Rasco will play the processional and recessional. Rev. C. Patterson will give the invocation and the class will sing "Perfect Day."

Ushers for the baccalaureate will be Carolyn Bailey, Jane Fowler, David Payne and Jerry Clements.

Memphis, Lakeview Students To See Driving Tests Monday

Students of Memphis and Lakeview schools will have an opportunity Monday to participate in a series of driving tests, Superintendents W. C. Davis and Jess E. Whittington have announced. The program will be presented to the Memphis students at 11

a. m. Monday, May 8, and will be presented to the Lakeview students at 2 p. m. Monday at Lakeview.

The tests, which will be conducted in two parts, will be given under the direction of Joe Smetans, director of safety of the

Texas Farm Bureau safety department.

The first section will be a short talk on traffic safety and the showing of the much-talked-about movie, "Death on the Highway," while the second will be a demonstration on Main Street (in Memphis) south of the school.

Highlighting the demonstration will come when driving tests are made with various students and faculty members in a specially equipped car. An electric detonator which is mounted on the front bumper of the car will fire yellow paint bullets to indicate the distance required to stop the car in an emergency.

The driver being tested will be signaled to stop by the report of the first shell. The second will be fired automatically when the brake is applied and the third when the car halts. The distance between the spots of paint will then be measured to determine the reaction and braking distance.

Tests will be limited to 20, 30 and 40 miles per hour speeds because of the danger in making emergency stops at higher speeds. Police officers will be used as drivers in the high speed tests.

As part of a program for safety on the highway, the Texas Farm Bureau safety department is presenting this driving demonstration and test before the high schools of this state, it was announced. The program is being brought to Memphis and Lakeview under the sponsorship of Hall County Farm Bureau.

The public is invited to attend the special programs.

Will Writes from Austin

By WILL EHRLÉ
State Representative
88th District

After a tense struggle and some curious votes, the general sales tax passed the House last week.

On final passage the vote was 76-62 with no less than 14 liberals joining conservatives and moderates. Had those 174 liberals voted "no", the vote would have been exactly reversed, killing the measure.

Will the governor veto? I doubt it. However, since he opposes the sales tax, he will probably call a special session—perhaps in the fall—to try to get the Exchequer Bill passed. It appears we'll have at least one special session if the governor doesn't get his way.

A Step Forward

I very, very reluctantly voted for the sales tax, feeling we have to take steps forward in taxation to support the benefits of living in Texas and to retire the mushrooming deficit.

House Bill 727 is a two percent levy on most marketable items, however it certainly doesn't heavily burden the lower and middle income groups as the governor and others have been screaming.

Main items in all family budgets such as food, shelter and transportation are NOT taxed further under this bill. Other important exemptions include drugs and agricultural equipment.

Let's look at an example on a monthly basis of a family whose breadwinner earns \$400 a month, takehome pay of \$342.

\$56.00 car payment
\$77.50 house payment
\$110.00 grocery bill
\$18.00 insurance
\$5.00 medicine
\$18.75 savings

\$285.25 total. This leaves about \$57 for new purchases, which if every bit of it were spent, THE 2% SALES TAX WOULD BE ONLY \$1.14.

This doesn't seem like too much to ask when Texas needs educational advances, highways, farm roads, old age pensions, etc. The bill is designed to raise about \$128 million per year and should provide many needed services and increases in Texas.

Battle Lines Drawn

I realize the sales tax will increase bookkeeping for many small merchants, however the battle lines were drawn in the House when Houstonian Bob Eckhardt offered a graduated personal income tax as an amendment to the sales tax.

We felt the majority of Texans

had weighed the tax problem and favored the sales tax over an income tax. The payroll tax, as favored by the governor, and Eckhardt's income tax seemed much more objectionable as broad based taxes.

Regardless of the nature of the final solution of our fiscal problems, it is my hope that the problem will be solved by May 29th so that we may avoid the needless and costly expense of special sessions.

Estelline 4th Grade Takes Train Trip

Estelline fourth graders made their annual field trip last Thurs.

Instead of catching the Zephyr in Estelline, as is the usual plan, the group went to Memphis on the local school bus and boarded the train there to ride to Childress.

Upon arrival, the group toured the Childress Index, the Dr. Pepper Bottling Company and then went to the Childress Park for a picnic lunch, which had been prepared by their mothers.

The students then toured the Childress radio station. Each child spoke over the microphone, sang several songs, and the day was completed with a tour of the Fort Worth and Denver Railroad shops.

Those children riding on the train were Vernon Lee Whitworth, Frankie Rodriguez, Martha Brundige, Lanette Allison, Stanley Altman, Cathy Burk, Billy Collier, Marsha Helm, Challones Hoover, Anne Hughes, Harold Knox, Peggy Lockaby, Deborah Mabry, Anne Rapp, James Welch, Frances Williams and Rodney Wynn.

Mr. and Mrs. B. Campbell of Earth and Mr. and Mrs. Bernie Davis and son Randy of Paducah were weekend visitors in the home of Mr. and Mrs. J. G. Gardner.

Miss Paula Blevins, student at West Texas State College, visited over the weekend in the home of her parents, Mr. and Mrs. Paul Blevins. Also visiting in the Blevins home was a classmate, Miss Wanda Tinny, of Pampa.

Mr. and Mrs. Lee C. Lambert of Dallas visited over the weekend in the home of their son, Mr. and Mrs. Don Lambert and LaDon. While here, they visited in Amarillo.

Laff Of The Week

"He arrived with this note . . . 'Please remove thumb.'"

Mrs. George Helm Is Ophelia Club Hostess Tuesday

The Ophelia Club of Estelline met Tuesday, April 25, for its regular meeting in the home of Mrs. George Helm.

In the absence of the president, Mrs. George Helm presided. During the business session, the motion was made and seconded and passed that the club sponsor the Cancer Drive again this year.

A highly amusing and educational program was given by Mrs. Rayford Jones. She reviewed a chapter of the book, "Now or Never." Her chapter was entitled "Your Marriage — Triumph or Tragedy?"

The group was dismissed in prayer by Mrs. Ralph Dahl.

Delicious refreshments were served to Mes. Rayford Jones, Jim Hutchins, J. N. Helm, Jr., Billy Joe Rothwell, Jack Kinard, Ralph Dahl, Kenneth Hawkins, Joe Bob Nivens, R. V. Wood, Jerrel Rapp and the hostess, Mrs. George Helm.

M. F. Crowder left Thursday morning for Gadsden, Ala., where he will visit with his daughter, Mrs. W. A. Peppers and family. While gone he will also visit other relatives in Tennessee and Georgia. Mr. Crowder plans to be gone about a month.

Five Bunks Added To Accomodate Prisoners In Jail

Seven new bunks, to be placed in the crowded county jail, were completed this week, Deputy Sheriff Elmer Neel, county jailer, announced. Two of these will replace double bunks in the jail.

Neel stated that for the past two months the county jail has accommodated from 10 to 16 persons.

"We only had 12 bunks in the men's, women's and juvenile cells," he said, "and with the seven new bunks this will give us a capacity of 17. We had to take out a double bunk which was unsatisfactory and in ill repair."

Deputy Neel also explained that

one of the county's prisoners being kept in another county due to the crowded conditions.

The increase of crime in Panhandle since the first of the year has caused crowded conditions in jails in several area counties, he explained.

Sheriff W. P. Baten Jr. said that it is very unusual for county jail to be so crowded during this period of the year. He explained that during the year in the fall, the jail would be crowded. All of the prisoners in the county jail are felony charges.

Mr. and Mrs. Tony Craig spent the weekend in Fort Worth visiting with his brother, Charles Craig, who has returned for a short time here after being in Iran.

Ross Springer of Hedley, G. Henders of Ashtola and Phyllis Alexander enjoyed a fishing trip to Lake Kemp this week.

SENATOR ☆☆☆ Yarborough's Report

Fellow Texan:
In these days of high concern with the great Communist peril growing in Cuba—only 90 miles from our shores, we hear of a great deal about government service and government servants, public decisions and the debate.
I want to turn to a few moments from the great issues of the day, to salute a band of dedicated Texans, who for 25 years, years or more, gave or are now giving hours of service to their country. I salute that steady, dedicated corps of nearly 500 Texans who have received recognition from our government as unpaid, voluntary weather observers.
These are the Texas families and institutions which, for many years have carefully recorded

the tornadoes and hurricanes, the heat and the cold, the hot drought and the cool crop-giving moisture which has, to a great degree, shaped the economy of the state we have today.

The following Texas voluntary weather observers, families and institutions recently won special recognition by U. S. Weather Bureau officials for having given 50 or more years of service:

The Bartholomew and Reynolds families of Albany, whose service dates back to 1892—nearly 70 years; Mrs. Pearl Smith of Brownwood; the Underwood family of Chillicothe; the Stevens family of Coleman; the Fischer family, operators of the Fischer's Store, Texas, in Comal County; Michael Kangerga of Henderson; Major I. H. Earle and Dr. Hallie Earle of Hewitt, who have taken weather observations for 80 years—four score years; Judge H. E. Haass of Hondo; the Hubbard family of Kaufman; John Carter and John S. Carter of Luling; Isadore and Josephine Newman of Mexia; and the Kenedy family of Sarita in Kenedy County.

As a Texan I am proud to note from the Weather Bureau reports that we have 30 Texans now serving as voluntary weather observers who have had from 25 to 50 years of service each. This is more voluntary weather observers with their record of service than any other state in the nation. They are:

Andrew W. Reynolds of Albany, T. K. Carr of Carr Ranch, W. S. Ownsby of Cleburne, R. M. Jones of Clifton, W. J. Stevens of Coleman, Lee Black of Crowell, Edwin Ramey of Dimmitt, J. L. Lane of Dublin, Lawrence M. Malloy of Ferris, C. C. Schley of George West, Carl J. Hagen of Gonzales, Miss Leta Black of Graham, Dr. Hallie Earle of Hewitt, Richard M. McCleary of Honey Grove, F. V. Hubbard of Kaufman, Thomas E. Lewis of Liberty, R. R. Taylor of Matagorda, J. J. McMickin of Memphis, Miss Josephine Newman of Mexia, R. J. Klump of Mule-

shoe, Mrs. Ruby J. Welch of Naples, W. W. Boswell of Paint Rock, Ernest A. Ford of Ricardo, Mrs. Paul F. Koenig of Runge, Mrs. John G. Kenedy, Jr. of Sarita, Mrs. Veda Daugherty of Seymour, Fred W. Brandt of Spearman, R. M. Laperhouse of Sugar Land, H. N. Patterson of Taylor and Lawrence V. Dyer of Long Lake Dam.

In their interest in weather data and mysteries, these Texans follow in the footsteps of some of our greatest Americans. It was Ben Franklin, who as Postmaster General in 1743, tracked the first hurricane by deducing passage of such a storm along the Atlantic Coast from reports that he got in from his Postmasters as to the date and hour of passage.

Thomas Jefferson kept a record of weather from July, 1776 until 1816. As early as 1797, he envisioned a nation-wide network of weather observers. Some fifty years later, Isaac Newton, then Secretary of Agriculture, led the movement for more extensive weather observations as an aid to farmers. So our Texas weather observers follow in the footsteps of great Americans as they perform invaluable service for all of us.

Roger Johnson To Graduate At Boys Ranch

Roger Johnson, a former Memphis boy and one of the nearly 300 youngsters from all over the nation who make their home at Cal Farley's nationally famous Boys Ranch, is a member of the largest combined graduating class in the 22-year history of the home for homeless and delinquent boys near Amarillo, Texas.

Roger arrived at the Ranch seven years ago and is an 8th grade graduate of the fully-accredited Boys Ranch School. He will enter high school classes next fall.

Forty-six boys of the 8th grade and 15 boys of the school's senior class will participate in formal ceremonies that will combine graduation exercises for both grades. The combined exercises are a tradition long standing at the Ranch.

State Calendar Of Events Now Ready From HD

State Highway Engineer D. C. Greer has announced that the summer edition of the Texas Calendar of Events—a Highway Department pamphlet listing tourist-attracting events throughout the state—is now ready for distribution.

Free copies of the Calendar of Events may be obtained by writing the Texas Highway Department, Travel Division, P. O. Box 5064, Austin.

Greer said that publication of the Calendar was another Highway Department endeavor to stimulate travel to and within Texas.

"The Highway Department has been given the responsibility of the tourist-advertising and travel promotion program. For national media-advertising of Texas tourist attractions we have requested a legislative appropriation of \$300,000. With this media-advertising backing we can encourage out-of-state tourists to visit Texas—see the colorful events held here and the scenic attractions we have to offer," Greer said.

The Calendar lists Texas events

of interest from April through September and was compiled in cooperation with the Texas Chambers of Commerce.

Patsy Jarrell, Mrs. Brode Hoover and children shopped in Amarillo Saturday.

Mrs. Judd of Denver, Colo., visited here last week with her daughter, Mrs. David Aronofsky and family. She accompanied Mrs. Aronofsky to Amarillo for the Spelling Bee on Saturday. David Aronofsky represented Hall County in the event.

Enjoying the occasion were Miss Una Loard of Tulsa and Mr. and Mrs. H. C. Loard and son, Mark of Borger, and Mr. and Mrs. Loard. One daughter, Mrs. Edgar Hamilton, of Dallas was unable to be here.

Mrs. W. L. Durham Dies In Hamilton

Funeral services for Laura Leona Durham, 77, were held Friday morning, April 14, at the Riley Funeral Chapel in Hamilton with Rev. Walser officiating.

The family formerly lived in Memphis but moved away about 25 years ago.

Mrs. Durham died April 12 following an illness of about two years. Burial was in Liveoak Cemetery.

She was born Sept. 4, 1883, in Hopkins County. She was married to W. L. Durham Oct. 13, 1913.

Survivors include her husband, W. L. Country Club Plans Events For Next Week

A Family Night, along with the Man-Woman Scotch Tournament, is being planned for next week at the Memphis Country Club, it was announced this week.

The tournament committee of the club, composed of President Jack Norman, Frank Garrett and Bill Combs, are in the process of contacting all members of the club in soliciting entries. Entry fees are \$3.

The tournament will begin Sunday, with matches being posted on the club bulletin board Saturday afternoon. Two days will be allowed for each match.

The Family Night will be held Monday night at the club house. Bingo prizes will be given and the members will bring basket lunches, President Norman said.

The tournament committee said that there will be at least three flights for the scotch contest. The flights will contain eight teams in each with prizes of golf balls being given to the winners.

The family night is for all members of the club whether they enter the golf tournament or not, he explained.

Rains Here Total .50 Of An Inch

According to Mackie Allen, who is taking the official weather reading for J. J. McMickin while he is on vacation, Memphis received .50 of an inch of rain Wednesday night and early Thursday morning.

Reports from over the county showed that from one-half to one inch of rain has fallen.

High-low temperatures recorded this week include: Wednesday 82-54, Tuesday 66-40, Monday 64-52, Sunday 96-57, Saturday 80-44 and Friday 72-52.

ERNEST D. FABER

Missionary From Japan To Speak At Local Church Sun.

Ernest D. Faber, who recently returned from a six-year term in Japan, will speak Sunday, May 7, at 11:00 a. m. at the First Christian Church, Minister Everett Stevens announced this week.

Mr. Faber, accompanied by his wife and child, went to Japan in September, 1954. They served on the northern island of Hokkaido in the City of Obihiro.

Everyone is cordially invited to attend this special service, the minister said.

"We have known the Faber family for several years," Minister Stevens explained. "They were attending college in Cincinnati at the time Mrs. Stevens and I were also in school. I'm sure his talk will be most interesting."

The Fabers plan to return to Japan in June.

City Council To Have Budget Meeting June 6

The Memphis City Council passed an order Tuesday night setting the annual budget hearing for the city for 7:30 p. m. Tuesday, June 6, in the council room of the City Hall.

At the budget hearing, any taxpayer in the city can meet with the aldermen to discuss the budget prior to its adoption. The members of the council discussed several aspects of the budget at the Tuesday meeting, taking under consideration salaries and other possible budget changes.

The aldermen agreed that each of the committees would discuss their portion of the budget, and bring recommendations before the council at their next regular monthly meeting, June 6.

The tax committee of the council was directed by Mayor H. J. Howell to work with the city tax assessor-collector, Glenn Carlos, and compose letters to be sent to those who owe delinquent taxes.

Alderman E. E. Roberts has been elected mayor pro tem by the council. Committee appointments as made by Mayor Howell include:

Building: E. E. Roberts and Elmont Branigan.

Police: B. O. Shankle and M. E. McNally, Jr.

Streets and health and sanitation: Clint Strygley, Elmont Branigan and Gene Hughs.

Airport, cemetery and library park: Gayle Greene and M. E. McNally, Jr.

Swimming pool and city park: Pete Shankle and Gene Hughs.

Fire department: Ben Parks and E. E. Roberts.

Tax committee: Ben Parks, E. E. Roberts and Gayle Greene.

The council approved the reports and ordered the payment of bills.

J. Ned Painter Drowns In Calif.

J. Ned Painter, 42, brother of Mrs. Jude Gable of Memphis, was believed to have drowned in Susan Bay at Pittsburg, Calif., about 5:30 last Thursday afternoon, according to information received here this week.

Mr. Painter had taken his four-year-old son, Rickie, fishing in a 20-foot skiff earlier that afternoon. Apparently he fell overboard while fishing about two miles out from shore. Rickie brought the boat in alone to within 300 feet of its original mooring. He located some fishermen, and told them his daddy had fallen overboard.

The men immediately notified the Coast Guard and an immediate search was begun for the body.

Painter was reared in this county and graduated from the Lakeview High School in 1937. He was known to many of his friends here as "Bear."

After leaving here he lived in Sunray for a number of years, later moving to Dumas where he owned and operated a bakery for some 15 years.

In 1955, he moved to Oregon and later to California where he accepted a position as baker for a Catholic Boys School at Pittsburg.

Other than his sister here, he is survived by his wife, Polly, and three sons, Russell, Rodney and Rickie, all of Pittsburg, Calif.; his mother, Mrs. Nora Painter of Sunray; four brothers, Frank and Alvis of Amarillo; and two sisters, Mrs. Warren Thompson of Amarillo and Mrs. Marcus Messer of Earth.

Mr. and Mrs. Gordon Maddox of Lubbock visited over the weekend with her parents, Mr. and Mrs. Lonnie Widener and family, and with his parents, Mr. and Mrs. Gordon Maddox, Sr.

J. W. Ragsdale, Former Clarendon Resident, Dies

Graveside services for James W. Ragsdale, 60, who died in Oklahoma City last Friday, were held at 3 p. m. Tuesday in Clarendon with Rev. W. R. Lawrence, pastor of the First Baptist Church in Clarendon, officiating.

Burial was in Clarendon Cemetery under the direction of Spicer Funeral Home.

Mr. Ragsdale was a former resident of Clarendon, having lived there for a number of years.

Survivors include one son, J. R. Ragsdale, who is in Iran; one daughter, Betty Jean Dennis of Fort Worth; one sister, Nancy Cockerham of Lelia Lake; one brother, C. A. Ragsdale of Clarendon and four grandchildren.

Farmers Co-Op Names Officers, New Manager

Officers and new directors of the Memphis Farmers Co-Op Gin were elected at the annual stockholders meeting April 15.

Rosco Ellerd was elected president and Phaeton Alexander was named vice president. Bill Long-

shore will serve as secretary. New directors elected were B. Houston and Phaeton Alexander. Hold over directors include C. Stilwell, Louis Richards, H. Reed, Joyce Webster and Ben Scott. It was also announced this week that D. F. (Dink) Miller has been hired as manager of the gin following the resignation of A. Collins. He assumed his duties May 1. Miller has been living at Lake where he had farming interests. Dink and his wife, Yette, have three children, Don 13, Mack and Connie 4. The new manager is a graduate of Memphis High School. Mr. and Mrs. Lee Elliott turned Saturday from a visit Olney with his sister, and Weatherford with friends.

We wish to express our heartfelt thanks to our friends and neighbors for their love and kindness to us in our recent sorrow at the death of our father, W. D. (Bill) Moore. We deeply appreciate the food that was served and the beautiful floral offering. May God's blessing be upon you is our prayer. The Family of W. D. Moore

County Observes Civil Defense Alert Friday

On April 28, the government agencies in Hall County participated along with agencies over the nation in a special observance alert on the Civil Defense program. The representatives of the governmental agencies met from 1 to 5 p. m. last Friday. The Civil Defense regulations and instructions and the setup were discussed by the County Agricultural Agent, W. B. Hooser, and other representatives of the other agencies.

A transistor radio was used to receive the national, state, and county alert observance program. The mayors of Memphis, Estelline, Turkey and Lakeview participated in "Operation Alert for 1961" from 3:30 to 5 p. m. Friday. All Amarillo television stations were off the air during the operation, and the KGNC Radio station operated on its assigned frequency, 640, from 3 to 3:30 p. m.

Each of the mayors was directed for his community. The police departments, ham radio operators, and the county sheriff's office participated in the alert, using their short wave communications systems to obtain directions. These directions were relayed to the governmental agencies, citizens of each community, members of the Hall County Civil Defense Committee, and others.

All of the mayors received a letter not to be opened until 10 p. m. Friday. On the state-wide level, the attack pattern and fallout pattern were not distributed before the exercise. Strike reports were forwarded through the State Communications Net to the State Control Center, which in turn consolidated all strike information from the districts and sent the state-wide situation back to the Hall County Civil Defense Committee.

The alert signal, which was carried out in each town in the county, was a long steady blast of the siren for three to five minutes' duration. The take cover alert was a series of short blasts for a three-minute period, and the all clear was a series of three blasts for thirty seconds duration with sixty seconds space between each.

The Hall County Civil Defense Committee participated in this operation alert 100 per cent, according to the county agent. This was the first testing operation the

EDITORIAL

The World Today!

A statement made almost every Sunday morning from the pulpits of the churches in this nation, "Truly we are living in troubled times," is correct in every sense of its meaning. Within the past few weeks, the front (and several inside) pages of our daily newspapers and all our weekly news magazines have been covered with reports of trouble spots, any one of which could plunge the peoples of this world into World War III.

Our neighbors to the southeast of us—Cuba—were successful in putting down a rebellion and invasion of a small handful of troops. Since then, Castro has been cockier than ever, with arms and agents to threaten the Americas. Many of the leaders of our nation are suggesting the use of an old, successful, time-tested method of restraining an enemy—the blockade. However, the legality under international law governing a "pacific blockade" would raise some doubt as to whether or not the United States could stop a ship from Russia or Czechoslovakia. However, the United States could borrow one of the Communists favorite practices, going into action first, then during the arguments over legality which follow, continue the action until they are ordered by the United Nations to stop the action, and by that time they had accomplished their sought-after objective, and are perfectly willing to stop their illegal act.

The United States has received some praise, along with much criticism over the Cuban revolt. One nation praised the United States for not acting the same way Russia did in Hungary during their revolt.

A blockade would put some teeth in the Monroe Doctrine, stop the Communist build-up of arms and ammunition, tanks and planes in Cuba and eventually destroy Castro. President Kennedy as Commander-in-Chief of the armed forces has the power to order the Navy into any action short of declared war, even though shots may be fired. The use of a carrier task force by President Eisenhower last November off Guatemala and Nicaragua was, in essence, a "pacific blockade" with orders to prevent the landing of armed forces and supplies from Cuba. A blockade of Cuba would relieve the growing troubles in the Caribbean islands including Jamaica, Haiti, Dominican Republic, Virgin Islands, Barbados and Trinidad.

Other trouble spots will continue to get hot, with indications pointing to a possible test in Germany. Troubled times will lie ahead of the nation. Can the Red challenge to the free-thinking people of the world be stopped? Truly it is troubled times for the peoples of the world.

Fantastic Advances of the Future

We read with considerable interest an article published recently regarding the significance of the Russian's putting a man into space. According to a space specialist with Advanced Engineering Section, Missile and Space Vehicle Dept., General Electric Co., there are 35 large and several thousand smaller habitable bodies out in space.

Says Dandridge M. Cole, "We know of no technical reason why we could not set up colonies on the moon within the next 20 or 30 years. At the moment, none of our scientific or engineering knowledge indicates nonfeasibility."

Cole and his colleagues believe the moon is the best place to live in the immediate future. Beyond the moon, Mars is considered the most desirable site for colonies.

In fact, some of these space experts think that Mars would be even more desirable than earth.

If there is peace in space, there will be millions of new jobs there and on earth, millions on millions in wages, and in profits for our electronic and other industries.

These scientists say it will some day cost no more "to transport people and material to the moon than it now costs for flights to Australia or the Antarctic."

When they get there, these people can live under translucent "Pentadomes" which have air locks and provide the necessary air which humans must have.

Mars is considered a good site because of its low gravity—almost two-thirds less than that on earth. This would reduce the problems of locomotion for those suffering from ailments and other problems of old age. You can go on and on in speculating on future life in the space age.

And why not?

Stop a moment and consider that we have a present generation—those in their late 60's and early 70's, who have seen us advance from a horse-drawn economy into the jet aircraft and missile age. These people have seen more history and more scientific advancement in their lifetime than any people in any period have ever seen.

If we can jump from the primitive methods of the late 19th century to the scientific marvels of the 1960's, it stands to reason that the children now starting to school may some day accept pace travel as nonchalantly as we accept trans-oceanic jet travel today.

The race in space is one well worth running.

What Does Welch Really Want?

It is difficult for one who has been vilified or maligned by Robert Welch and his John Birch society to make an objective appraisal of the organization. It's not unlike the attempt of an American to appraise Nikita Khrushchev or Adolf Hitler with an open mind and with prejudice.

Nevertheless, it is important to go beyond mere name-calling and make a sincere attempt to see what this organization really is and to determine its real objectives.

It is admitted that somewhere in the organization, if one digs far enough, is a vestige, at least, of patriotism. No doubt somewhere within the group are at least some patriotic Americans who were motivated by nothing but a sincere desire to be patriotic loyal Americans and who were somehow led into the organization thinking that its only aims are to achieve "less government, more individual responsibility, and a better world."

Our opinion is that Robert Welch and his loyal devotees are hiding behind the Communist issue in order to achieve other goals. It is always comparatively easy to rally people behind a popular cause. And we know of no more popular cause around which to rally Americans than anti-Communism. The devilish philosophy is perhaps the world's greatest danger. There are few Americans who wouldn't lend their support to any honest effort to erase Communism from the face of the earth.

A much less popular cause is trying to repeal the 20th century, to drive the masses back to economic conditions as existed in the early years of this century, to drive the masses back to their economic hovels and to reinstate the Vanderbilts and the Astors to their economic pinnacles. There is an element in this country, typified by Welch, which, if it could, would take us back to "the good old days" of 14-hour working days, low wages and poverty for the uneducated, common herd while the top five per cent lived in luxury from their ill-gotten gains.

The terrible days following the 1929 stock market sparked off a revolt against this kind of economy. And this revolt has been or is being felt in every corner of this earth. We've had social reforms (not to be confused with socialism, according to J. Edgar Hoover) which have raised the economic level of the masses, laborers and farmers. And although it hasn't been at the expense of the economic elite, still there has been resentment.

One can imagine the popularity of a cause which had as its announced aim the return of the farmer and the laboring man to his former economic levels. Welch, and his ilk, know this. So they are trying to consolidate their group, and attract others, under the false banner of "Anti-Communism" in order to turn this country over to right-wing radicals who would return us to economic conditions that existed in the 1800s.

The extreme right-wing industrial and financial leaders who backed Adolf Hitler in his rise expected Hitler to abolish trade unions, to abolish the right to strike. And so he did. Here's what happened, according to William L.

take all they can get at the expense of the helpless.

Welch, and his ilk, are not unlike their counterparts in Nazi Germany. They'd do the same thing for the laborer and farmer, given the opportunity.

Why do we know "Anti-Communism" is not the purpose of the Birch society? It's because of its utter dishonesty. When an organization must accuse thousands of Protestant ministers of being Communists in order to advance their cause, we know immediately the cause is false. Amarillo Birchers know that the three Amarillo pastors whose names are being whispered are not Communists.

Some of the Birchers think—or say they think—that we are a communist. We know this isn't an honest appraisal. We know they are deliberate liars when they say so. They aren't just mistaken, they are deliberate liars. Furthermore they are hypocrites for not telling their real motives.

Welch sits in his ivory tower, far above the earth so that he won't have to assume any responsibility, and points out every mistake that has been made for the past two generations, relying partially on hind-sight, partially on

personal opinion. Then behind every mistake of the past 30 years he sees a sinister plot of the Communists to bring about this real or alleged mistake. Even if he were honest, who is he to pose as a military expert, more brilliant than the combined military intelligence of all the free world? Who is he to judge the decisions of our top intelligence in almost every walk of life? Proposed Postal Rate To Take Effect July 1

Increases in money postage and special delivery fees July 1, 1961, were announced today by Postmaster General Day.

Changes in special delivery first class mail are planned.

Delivery fees for second, third and fourth class matter will be increased by 10 cents in each of the four fee brackets.

First class fee brackets will be increased from 70 to 80 cents; second class from 55 to 65 cents; third class from 40 to 50 cents; and fourth class from 30 to 40 cents.

Increases for this service are expected to yield about \$2.5 million in additional postal revenue on current special delivery volume, he said.

Orders up to \$5 and orders up to \$10 will be increased by five cents.

The new money schedule will be in effect July 1, 1961. The present 15-cent fee bracket into one bracket at the \$50 level. It also splits the present bracket at the \$50 level into two brackets at the \$100 and \$200 levels. Changes will affect over 10 million money order transactions.

Based on this volume, the Postmaster General proposed changes can be

put into effect by Postmaster General Day under his existing administrative authority. Similar action was taken recently to adjust postal rates for mail going to foreign countries.

These actions are part of the Post Office Department's program to place the Postal Service in a more favorable fiscal position, in accordance with the Postal Policy Act of 1958.

The Postmaster General is also requesting the Congress to take legislative action with regard to first, second and third class mail to eliminate the revenue deficiency gap of \$741 million, it was announced.

SFM2 Wesley W. Breedlove left Saturday to return to his ship the USS Tidewater at Norfolk, Va., after spending 30 days leave here with his parents, Mr. and Mrs. Robert Breedlove.

Visiting during the weekend with Mr. and Mrs. B. O. Shankle were his niece and husband, Mr. and Mrs. Bill Baker of Childress, and her brother, Wayne Ewing of Borger.

Mr. and Mrs. Don Reeves of Amarillo were weekend visitors in the home of her mother, Mrs. Lucille Wright.

Carol Ann Monzingo and Jerry Cluck of Dimmitt were weekend visitors here with her parents, Mr. and Mrs. Frank Monzingo.

Mr. and Mrs. Authur Gidden and Mr. and Mrs. Cleve Evans enjoyed a fishing trip this weekend at Lake Kemp.

Mrs. Floyd Liner visited this weekend in Amarillo with Mr. and Mrs. Floyd Houdashell.

Cecil Kersey Is New Executive Of FW-D Lines

Cecil G. Kersey, executive assistant of the Fort Worth and Denver Railroad in Houston, has been named executive vice president of the Burlington Truck Lines, Inc. with headquarters in the Burlington Building, 547 West Jackson Blvd., Chicago, Illinois.

Burlington Truck Lines, a wholly-owned subsidiary of the Burlington Railroad, operates 3,000 pieces of equipment over 9,000 route miles in eight western and middle western states.

Kersey, who is a native of Goodnight, Texas, is a veteran of 37 years with the Burlington, having begun his career as a clerk in Memphis, Texas, in 1924. He was in the operating department of the railroad on the Amarillo Division and was traveling freight and passenger agent at both Lubbock and Fort Worth.

He was also district passenger agent in Dallas and in Portland, Oregon, and served as manager of the mail baggage and express traffic and later as general passenger agent in Chicago.

Kersey moved to Houston in 1959 and has served as executive assistant of the Fort Worth and Denver there since that time. He has been vice president of the Houston Chapter of the Texas Tech Exes and has been active in several other civic capacities.

He will assume his new duties in Chicago April 17th.

Mr. and Mrs. Billy Thompson were Lubbock visitors Sunday. While there, he attended a meeting of the Tri-State Hardware Assn.

Myrtle Howard, Mrs. Claude Hickey and Mrs. E. A. Young visited Sunday in Quitaque in the home of Mr. and Mrs. H. R. Cushenberry.

Visiting in the home of Mr. and Mrs. R. C. Lemons over the weekend were their daughters, Betty, of Lubbock, Bobbie and Judy, students at McMurry College in Abilene, and Jimmy True, also of Abilene.

Lillie Weatherford is reported this week by her daughter, Mrs. Robert Stewart, to be improving. She will be allowed to return home in a few days.

Major Crime In Texas On Increase DPS Reports

Major crime in Texas increased 13.1 per cent in 1960 over 1959, led by hikes of some 25 per cent in robbery and burglary, the Texas Department of Public Safety reported recently.

The total number of estimated offenses in 1960 was 57 per cent greater than the 1955 total, the department said.

The department's report, compiled from data reported by Texas sheriffs and chiefs of police, indicated the following:

Murder and homicide—1,080 estimated offenses; rate per 100,000 population 11.7; down 1.3 per cent from 1959.

Rape—1,196 estimated offenses; rate 13; up 2.7 per cent.

Robbery—3,560 estimated offenses; rate 38.6; up 25.7 per cent.

Burglary—56,976 estimated of-

fenses; rate 617.7; up 24.3 per cent.

Aggravated assault—12,128 estimated offenses; rate 131.5; up 1.8 per cent.

Theft—108,869 estimated offenses; rate 1,180; up 12 per cent.

Auto theft—15,147 estimated offenses; rate 164.2; down 4.3 per cent.

The total number of estimated offenses involving these seven types of major crime during 1960 was 198,956, or a rate of 2,157 per 100,000 population, for an increase of 13.1 per cent over 1959.

"This means there was an average of a little over one major crime committed in Texas every three minutes of every day of the year 1960," said Col. Homer Garrison, Jr., department director.

"The picture of the crime problem in our state can be seen even more clearly by a further breakdown: Murder and homicide occurred at the rate of about three per day; rape occurred on an average of three per day; robbery, 10 per day; burglary, 156 per day or about 6.5 every hour; theft, 298 per day or about 12 per

hour; and auto theft, 41 daily or nearly two every hour."

Visiting in the home of Mr. and Mrs. Robert Breedlove this week was her mother, Mrs. J. W. Gray of Dove Creek, Colo., and aunt, Mrs. Winnie Harrison of Wellington.

Florence Fitzjarrald and daughter Kathryn of Amarillo were weekend visitors in the home of their mother and grandmother, Mrs. R. H. Wherry.

GTC Announces New Services

Free telephone service will be established between Memphis, Estelline and Lakeview, it was announced this week by District Manager R. L. Brewer of General Telephone Company of the Southwest.

The new service should be available to telephone users sometime

during the early part of July, he announced.

Along with the announcement of free telephone service, Brewer announced that the First State Bank in Memphis will sponsor a weather reporting system for Memphis and surrounding areas.

Residents of the area may get a daily report of the weather by dialing 259-3555.

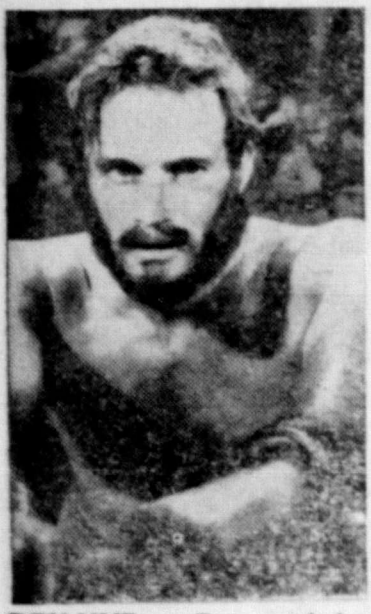

The service will be handled by Don Peoples and the weather staff of KGNC-TV, Amarillo. The equipment will operate on a round-the-clock basis.

Wednesday Is Clean-Up Day For Cemetery

Clean-up day for the Newlin Cemetery will be Wednesday, May 10. Citizens of that community were requested to meet at the cemetery early in the morning and aid in the project.

According to Mr. and Mrs. J. L. Hamilton, the cemetery has been mowed. What is needed is hoeing around graves, and raking and burning of the grass and weeds.

Persons appearing at the cemetery should bring hoes, rakes, and other necessary equipment and tools, it was announced.
