NUMBER 40

Hasty comment as well as hasty decisions can cause regret and this column now is in a position to know that it was hasty in last week's comments about the division of the dormant Myra school district. Some readers have explained that the issue has two sides, so the County School Board's decision may not have been so hasty after all.

The problem concerns a petition from property owners asking to be assigned to the Muenster School District. The board denied the petition saying that 24 persons had signed it but 97 others had signed a petition asking that boundaries remain unchanged.

This column questioned the validity of the larger petition on grounds that it asked for denial of the other people's rights and did not concern rights of the larger group.

That, it seems, is the bone of contention. As explained, the proposed division would cause transportation problems leaving some children without bus service. Under the circumstances the other group seems to have had a valid objection. The Board had merit on both sides of its issue, and it had the unpleasant job of disappointing one group or the other.

Another point mentioned was a previous statement by the Board of its intention, so far as possible, to place every person in the district of his choice. Several have been favored in that respect — apparently, in the Board's opinion, as many as could be favored without creating a new transportation problem.

Of course this still leaves a transportation problem for the other group. People on both sides of the issue can still give reasons to support their view. But it also points up the fact that the Board had a difficult problem. Apparently it chose what it considered the lesser of two evils.

The doves who clamor for withdrawal of this country from the Vietnam war have come up with another idea. They are looking for irregularities in the upcoming Vietnam election as an excuse for getting out. Unless the procedure is 100 per cent fair and democratic, they say, we should pull out. We should not waste our men and resources on a country that does not believe in democracy.

How's that as a line of thinking from this country? Who are we to dictate ethical standards for another country's election? After some of the irregularities recorded in Chicago, Kansas City, Duval County, and plenty of other places we ought to be discreetly silent on the subject.

But even while admitting that political feigning is present there as well as here, let's remember also that the purpose of election there as well as here is to give people the opportunity to select their leaders. Democracy can work there as well as here in spite of election frauds. Our country has survived its scandals. So can theirs, so long as it is permitted to go on having elections.

Suppose someone were to tell you that this country should be changed to a dictatorship because of our election frauds — that we don't deserve a democratic government. That's the fate our doves are trying to impose on the Vietnamese. If we pull out and abandon them to the reds we know what will happen. There will be no more elections. Well, let's be honest and realistic about it. A perfect election in Vietnam or any other country is as improbable as in our own. But that still beats communism. At least people are free.

Rather than try to hatch new excuses for turning southeast Asia over to the reds, our country would do well to listen to General Mark Clark's recommendation just a few days ago. He thinks we should quit cringing at the thought of possible war with Red China and give more thought to putting that regime out of business.

That seems to make sense. Why endure all the expense and misery and death to turn back the present North Vietnamese aggression but leave the enemy there to attack again after we have gone? The job over there cannot and will not be finished until the right kind of people are in control of North Vietnam and China and North Korea. Aggression in Asia will stop only when the communists have been replaced by peaceful, decent people.

Muenster Schools To Register Friday

Friday is registration day and next Monday is first class day for the students of both Muenster schools.

Superintendent L. B. Bruns announced this week that public school busses will start their routes Friday at 8 and will arrive about 9 o'clock. Children are expected to finish registration in time to be returned home by bus before noon.

The regular schedule starts Monday. Buses will start at 7 o'clock and arrive with the children about 8 o'clock.

A different registration schedule applies at Sacred

Heart School, where parents are asked to accompany children for the sign up. Since they are expected to come in cars the school will not run its busses that day. Hours of registration will be 9 to 10 a.m. and 7 to 9 p.m.

However, busses will be on the job starting Monday. They will be scheduled to arrive in time for Mass at 7:50. Classes will start at 8:30. Father Alcuin, superintendent, also said that classes the first week will be cut short to beat the heat.

Hornets to Meet Allen Thursday in Practice Tussle

Coaches Glenn Richardson and Dan Hamric and 32 eager Muenster Hornets are putting in extra time lately to get ready for their first test on the local field Thursday night at 7:30, when they scrimmage with the Eagles of Allen.

Since the 14th they have been working nights. Wednesday they put in a morning session for good measure.

Three more boys have reported since practice started last week. Tim Hennigan and Mike Felderhoff were expected. Ricky Walterscheid is the other. The present squad count is 32.

It's a good outfit, Richardson said, and he has hopes of a good season for both an A and a B team.

Membership and positions on those teams will shape up to some extent Thursday night. Lots of boys will be in the scrimmage with Allen. And more decisions will be made a week later when they scrimmage Prosper.

Richardson said he has eight B games booked to date. They are looking for irregularities in the upcoming Vietnam election as an excuse for getting out. Unless the procedure is 100 per cent fair and democratic, they say, we should pull out. We should not waste our men and resources on a country that does not believe in democracy.

"The Dutchman" Near Completion, Will Open Soon

The Dutchman, a big and elaborate restaurant, bar and lounge combination in Lindsay, is receiving its finishing touches now and will open its doors in the very near future.

Manager Joe Bezner said Monday that no definite opening date had been set because the time required for remaining work is indefinite. However it will be as soon as possible, maybe next Sunday, the 27th.

The opening is eagerly awaited by many people of North Texas who have heard advance reports on the Dutchman. They will see that reports are not exaggerated. It is a showplace of Lindsay and Cooke County — and of North Texas.

The building, with its huge and distinctive sign at the front, dominates the south side of Highway 82 just past the east exit to Lindsay. And the building is more distinctive than the sign. Its front has a curved center section and flat side sections. Also each side has alternating panels of smooth surface and rough stone surface. The center section of rough surface is white. Each side has two panels of rough stone in black. A large paved parking lot extends around three sides of the building.

Two front doors open to a lobby which has separate entrances to the restaurant, the bar and the lounge, also a check-out counter for the three departments. A flowered pool with fountains is the principal decorative feature of the lobby.

Over all the building measures 50x120 feet and each of its three sections measures 40x50. The lounge, to one's right as he enters, is the most luxurious part of the building. It's most striking feature is a dance floor, about 24x28, of polished inlaid hardwood in four shades, two light and two dark. Lighting has a star light effect coming from many star shaped holes in the ceiling. Supplementary lighting is indirect from the walls.

Seating capacity of the lounge is 105, and the seats, (Continued on page 8)

Rain Measures .93

A fine shower Monday afternoon measured .93 inch but left the community wishing for more. After receiving less than two and a half inches in almost three months the short hard shower was far from adequate.

With three previous small readings the month's moisture measure now stands at 1.11 inches. The year's total is 18.87 inches.

Mrs. E. H. Hart, 52, Muenster Native Dies in Dallas

Funeral services with Requiem Mass were held 10 a.m. Monday in St. Cecilia's Church at Dallas for Mrs. E. H. (Eddie) Hart, 52, the former Verena Stelzer of Muenster. She died at 1 a.m. Saturday in a Dallas hospital after an extended illness. Burial was in Laurel Land.

Mrs. Hart was a native of Muenster, a daughter of the late Mr. and Mrs. Gregor Stelzer. Her survivors include her husband; two sons, John Hart of Grand Prairie and Gary Hart of the home and one daughter, Miss Sandra Hart of the home; also one sister, Mrs. John Chandler of Dallas; two brothers, Leroy Stelzer of Fort Worth and Patrick Stelzer of Sidney, Australia, and three grandchildren.

Mitchell of Gainesville, Mr. and Mrs. Joe Hellman of Winnsboro and Bill Faecke of Fort Worth. Too many people itch for what they want without scratching for it.

Main Street Gets Resurfacing Job

Recently painted parking lines on Main Street all have to be repainted, but the city is not unhappy. While it lost that work it gained a brand new pavement resurfacing job.

The work was done last Thursday by the State Highway Department in connection with resurfacing FM 373 from Muenster to Bulcher. It consists of one course of asphalt and crushed rock, referred to as a seal coat by the Highway Department. The fifteen mile project was finished in about two and a half days.

More pavement for the city is five blocks of the "poor boy" variety finished during the weekend. It's a mixture of sand and asphalt, three blocks on Second Street and two on Elm.

Nuns Will Repeat Vows Here Sunday

Parishioners at the 10:30 Mass in Sacred Heart Church Sunday will have an opportunity to witness a ceremony performed here for the first time in parish history.

Three young nuns who made their perpetual vows in ceremonies at Holy Angels Convent in Jonesboro, Ark., on Aug. 15 will repeat those vows at the offertory. They are Sisters Clare Sicking, daughter of Mr. and Mrs. Leo Sicking; Sister Olivia Yosten, daughter of Mr. and Mrs. Felix Yosten; and Sister Silvaria Zimmerer, daughter of Mr. and Mrs. Raymond Zimmerer.

Softball Tourney Slated Next Week

The Center softball team will be host next week for a single elimination tournament in the Muenster ball park. Manager Adam Wolf said the teams expected are members of the Cooke County Softball League.

The tournament will begin with double headers Monday and Tuesday nights. After that there will be one game a night until the end. Double headers will start at 7 and 9 o'clock, the single game at 8.

Muenster Team Reaches Final of Softball Tourney

Muenster's softballers are headed for the finals in the current double elimination tournament at Gainesville. They will play Bell tonight (Thursday) at 7 o'clock.

If they win, they're the champs. If not, they still have another chance because the teams then will have one loss each for the tournament and another game will be needed to break the tie.

Muenster reached the final in a hard tussle Tuesday night going into three extra innings. Final tally was 4-3 over Bell Telephone. Alvin Hartman had the pleasure of making himself the winning pitcher by bringing in the winning run. He walked and went the rest of the way around as Joe Felderhoff bunted and the throw to first went wild.

The game was apparently won once before, in the seventh. Dennis Hess came in with time to spare but missed the base. Leonard Reiter came in just ahead of him with the tying run.

Muenster took the lead in the second. Willie Walterscheid banged out a homer, then Tommy Herr doubled and scored on a single by Dennis Hess.

Bell evened it in the fourth on a single, a walk and a double then moved ahead on Hackler's homer in the sixth. Hartman, pitching for Muenster fanned 7, allowed 3 walks and 6 hits. Puckett got 5 strikeouts, gave up 5 hits and 2 walks.

Muenster hitters were Willie Walterscheid a homer, Tommy Herr a double and 2 singles, Dennis Hess a single.

Last Friday night's game was a 23-2 win in five innings over IOOF. Alvin Hartman gave up 4 hits and no walks and struck out 5. Curtis Brooks allowed 13 hits and 3 walks and got no strikeouts. The four IOOF hitters were York a double, Ronnie Herr, Lee Wolf and Paul Wiese each a single.

Muenster hitters: Flusche 3 singles; Tommy Herr a triple and a single; Willie Walterscheid and Alvin Hartman, each a double and a single; Joe Felderhoff, Adam Wolf, Leonard Reiter and Carl Walterscheid each a single.

Repartee: Embarrassing a rival with a clever rejoinder. Sarcasm: When he thinks of one first. (Continued on page 2)

State Convention Of Electric Co-ops Ends in Houston

Dedication of Texas' rural electric system to "Helping Texas Grow!" was reaffirmed in Houston last week as rural electric leaders from throughout the state convened for the 27th Annual Meeting of Texas Electric Cooperatives, Inc., the rural electric's state-wide association.

Congressman W. R. "Bob" Poage, the concluding speaker of the two and one-half day convocation, noted that while rural electrification has already helped Texas and the nation grow, too few people know this. This was evident, he pointed out, in failure to obtain legislation from the Congress this year to establish a Rural Electric Credit System to assure the spiraling need for financing the future holds.

Urban people do not understand, he said, that food and fiber in abundance has permitted cities to grow and flourish. They don't know that rural electrification has enabled fewer and fewer farmers and ranchers to produce more and more to meet the needs of all Americans.

Unless adequate financing is available to finance facilities to meet the spiraling demands for electricity in rural areas, Poage said the continuing productivity of rural areas which (Continued on page 2)

COST EFFECTIVENESS

The aircraft carrier John F. Kennedy, scheduled to be completed next year, is being called the "Edsel" of the fleet, already. It is Secretary of Defense McNamara's "tragedy."

He insisted it be built with conventional oil-burning power plants, rather than nuclear power. It's already obsolete. A nuclear-powered JFK would have cost almost 50% more, by McNamara's "cost-effectiveness" analysis; but McNamara didn't calculate oil costs as opposed to nuclear power costs, apparently, nor the longer range of the carrier, nor its battle effectiveness. Just its cost effectiveness. The Ford Motor Company survived McNamara. Maybe we can too.

RICHARD C. STARK of Gainesville was elected vice-president of the Attorneys Section of Texas Electric Cooperatives, Inc., during the 27th TEC Annual Meeting in Houston. He has served as vice-president of the lawyers' group the past year. Others elected at the same time are Judge John Simmang of Giddings, president, and Robert K. Hudson of Midland, secretary-treasurer. Members of the Attorney's Section are lawyers throughout the state who represent rural electric systems. TEC is the state-wide association of Texas' 79 rural electric systems which are today serving more than 400,000 rural homes and enterprises in all but 8 of Texas' 254 counties. Stark has served as legal counsel for Cooke County Electric Cooperative, Inc., since 1960.

Co-op Convention

makes possible expansion in the cities will be hampered. Earlier, the state director of the Farmers Home Administration outlined his agency's programs for cooperating with individuals, groups, and communities in financing development of another key resource — water. L. J. Cappelman of Temple reported that as of July 1, FHA had assisted in financing the construction of 13,000 miles of main line water facilities in rural areas of Texas. Through the medium of county Technical Action Panels, of which FHA supervisors are chairmen automatically, many federal agency counseling and assistance services are made available to rural businesses, individuals, and communities.

He stressed the emphasis being given through his agency to helping the young farmers. In the annual elections of the state-wide group, four were elected to two-year terms on the TEC board of directors, and three new officers were elected. New president is Myrl D. Head of Decatur, George Henry, Wellington, was elected vice-president, and Joe Lytle of Greenville was elected secretary-treasurer. Earlier, Lytle was elected to the board along with H. M. Keith of Bartlett, James N. Myers of Hondo, and Chester Kirk of Junction. These with Clinton C. Cox of Stephenville comprise the board for the next year. Re-elected to the board of directors of the National Rural Electric Association was W. G. Newton of Lubbock. He is a former president of TEC and has been Texas NRECA director since 1964.

ONE MAN, ONE VOTE

One place in the United States where the one man-one vote legalism doesn't hold is the United Nations. There are fourteen member countries with a total population of 7,678,000 — less than the host city, New York. But each of the 14 nations has a vote. That's what we call a really "unapportioned body."

MYRL D. HEAD of Decatur was elected president of Texas Electric Cooperatives, Inc., state-wide service organization of Texas' 79 rural electric systems. Head is manager of Wise Electric Cooperative, Inc., which has general offices in Decatur. He has served on the TEC board of directors for the past year. Other officers elected at the same time are George Henry of Wellington, vice-president, and Joe Lytle of Greenville, secretary-treasurer.

LEND-LEASE TO HANOI

Sen. Clifford P. Hansen, Republican of Wyoming, points out that American-made ships, owned by the US government, are being used by the USSR to transport military equipment and supplies to North Vietnam. The ships were turned over to the USSR under lend-lease agreement terms signed in 1942, and are to be returned to the US upon request. The request has never been made. "The State Department points out," said Sen. Hansen, "that it would rather avoid the embarrassment of demanding those ships back... It wishes to maintain bridges that we have been building between the US and the Soviet Union." Then he adds: "...the only bridges we are maintaining by not demanding those ships back are the bridges from Moscow to Hanoi..."

WRINKLES

by Marie Davant

New York: — Chemical science has found a white substance made with quicksilver that works wonders on wrinkled, roughened face and hands. Use it one time and it is entirely possible you will see improvement next morning. In a few days dry skin wrinkles start to vanish. Many of the small ones around the eyes and mouth have already disappeared. But that is not all. "Old-Age" (weathered) brown spots on hands and arms — brown "age" darkness on surface of face and neck fades away! Rich oils lubricate pores so blackheads can slip out without squeezing. Surface

pimples and blemishes and scars, outwardly caused, dry up or become less noticeable! But don't take my word for it. Make a 6-day test without risking one penny. Just get a jar of Peacock's Imperial Creme at your favorite department or drug store. Use this thrilling cream for 6 days — and if you are not delighted with results, full price will be refunded. SH High Solicits Cancelled Stamps As Mission Project

Even before classes start at Sacred Heart High, Sister Theresina and students are organizing to again collect and process cancelled stamps for the missions.

In connection with the stamp drive, the following stamp facts from the Mission Stamp Bureau, St. Louis, Mo., to which last year's stamps were sent, will be helpful:

There are millions of collectors in this country who buy cancelled stamps. Due to the army of contributors, the Mission Stamp Bureau has sent thousands of dollars to missionaries in Korea, the Republic of Honduras, British Honduras, and to home Indian missions.

Most valuable stamps are: foreign; pre-cancelled (the name of city and state printed between black lines on the stamp); U. S. Commemoratives; high value stamps (five cents and above); air mail; special delivery; duck stamps.

In tearing the stamp from envelope it is important to leave about one-fourth inch margin of single paper around the stamp. Do not peel or soak the stamp from the paper.

Cooperation in the cancelled stamp project for needy missions during the past years on the part of Muenster citizens and friends from elsewhere has

been excellent. It is hoped that interest will grow, even as times become more and more critical for the poor and needy of the world, Sister Theresina said.

Stamps may be sent in with school children or saved in business offices. When ready for disposal a call to SH High will send a student by to pick them up. Stamps may be left on envelopes for mission workers to cut off.

200 Tots Attend Library Party; End Reading Program

Children's Summer Reading program at Muenster Public Library ended on a high note Tuesday afternoon with a party from 2 to 4 o'clock. About 200 children attended.

Certificates were awarded to those who read the required number of books during the summer and refreshments of cookies and punch were served by Mrs. Joe Luke, librarian, and her staff of helpers.

Certificates are still being tabulated to determine who read the most books. Four prizes will be awarded: to boy and girl who read the greatest number of books and to the runners-up.

Children who were unable to attend the party and have not received certificates may pick them up until Sept. 1 when the local library reports to the state library.

Reading prizes will be awarded at school in the children's classrooms at a later date.

Four Sisters Visit In Subiaco, Ark.

Four sisters, Mrs. Andy Schoech and Mrs. Lee Haverkamp of Muenster, Mrs. Joe Kneupper of Gainesville and Miss Frances Spaeth of Denison had a quick trip with sight-seeing in and around Subiaco, Ark., Monday and Tuesday when they took Father Frowin Schoech back to the Benedictine Abbey after his week's vacation at home. The sisters spent overnight at the guest house and with Father Frowin toured the Abbey church, monastery and grounds and drove out into the mountains. They exchanged greetings with priests at the monastery and saw Ralph Donnell of Saint Jo who was visiting there.

Mr. and Mrs. Melvin Schoech and children of Kingsville visited his parents over the weekend while his priest brother was at home.

SH Physics Dept. Thanks Fr. Andrew For New Equipment

Students at Sacred Heart High School will find new equipment in the physics department. For these additions they are indebted to Father Andrew Wewer, assistant pastor of Sacred Heart Church, who constructed several pieces during summer vacation months.

Some of the apparatus most skillfully built by Father Andrew includes an Optical Bench (listed at \$67.50 in Cenco Central Scientific 1967 Educational catalogue); complete equipment for mapping an electric field - a most ingenious apparatus for a two-fragment explosion to show the conservation of momentum; a stroboscope (priced as high as \$219.50 in the above catalogue); and a gyroscope which could be purchased for \$105.75 from the manufacturer.

Laws on Driving And Car Inspection Change August 28

Major changes in state drivers' license law go into effect on August 28.

At the same time, inspection of additional auto equipment will be required, and minimum fee for vehicle inspections will be raised to \$1.75. Inspections for the 1968 sticker will continue until April 15, the usual deadline.

Under the new law, front seat belts will be required on all cars which have belt anchorages as part of original equipment. Steering mechanism, wheels and rims also will be added to inspection items.

Other changes affective next week include: Licensing law raises minimum age to 16 for those who have completed a driver's education course and to 18 for those who have not had approved training.

Minimum age for operating a motor scooter has been raised to 15, and an examination will be required after January 1 to operate a motorcycle.

All licenses issued to persons under 21 will be stamped "provisional" and may be suspended if the operator is convicted of two traffic law violations in a 12 month period. (This provision effective January 1.)

Motorists convicted of driving without a license will be subject to a fine of up to \$200 for the first offense and stiffer penalties thereafter.

Business in the KC Hall followed Benediction in Sacred Heart Church at 1:30.

Mrs. Jack Barton of Denton, retiring deanery president, presided, Mrs. Frank Herr, local president, extended welcome, Father Alcuin Kubis, host pastor, introduced clergy, and Father Benedict Buerger, assistant pastor of Sacred Heart Parish, was program speaker. His subject was "Lourdes."

In committee reports Mrs. M. J. Reesby of Sherman, diocesan president, told about the diocesan NCCW Convention slated for Oct. 23-24 in Fort Worth. She also installed new officers who will assume duties at the next quarterly meeting.

Those installed are Mrs. Gordon Beaver of Sherman, president; Mrs. E. H. Johnson of Denison, first vice president; Mrs. Ed Pulte of Gainesville, second vice president; Mrs. Joe Felderhoff of Muenster, third vice president; Mrs. Steve Moster of Muenster, secretary; Mrs. Eddie Jentgen of Pilot Point, treasurer.

Mrs. T. L. Anderson of Gainesville pinned a white carnation corsage on each of the new deanery officers.

Muenster women served punch and cookies after adjournment and Valley View won the "traveling Bible" for having the largest percentage of membership present.

Among those attending were Father Anthony Gajda of Valley View, Father John Walbe of Lindsay and Sisters Mildred and Edith of Muenster.

Vogels Together At Park Reunion For Sister Gemma

A family reunion Sunday in City Park for about 100 relatives, and a late evening dinner at Rohmer's for the Lawrence Vogel family were final get-togethers honoring the Vogels' daughter, Sister Gemma during an eight-day visit.

For the Sunday reunion everyone took covered dishes for a picnic dinner. Among out of town relatives present were Mr. and Mrs. Leo Hess and children, Donald Vogel and Miss Janice Vogel, all of Dallas and kin from Lindsay.

Other get-togethers included a picnic for the immediate family in City Park one evening, 2 days of family fishing at the lake, an afternoon get-together attended by Sister Gemma's nieces and cousins in the home of her aunt, Mrs. Andy Truelsen, and a dinner party for the family with Mrs. John Kathman hostess in her home honoring her grand-niece.

Sister Gemma left Sunday night, accompanying the Leo Hess family to Dallas where she boarded a bus for Lake Arthur, La. She will teach there again this year.

PUBLIC NOTICE
Proposed **CONSTITUTIONAL AMENDMENT**
NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for a proclamation thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or draft was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased or hereafter purchased by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold, and to pay interest thereon together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"AGAINST the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Mr. and Mrs. H. S. Fuhrmann and Mr. and Mrs. Harold Nortman and children Davey, Danny and Deana were at Love Field last Sunday for a brief visit with Sister Catherine Henry Fuhrmann while she changed planes on her way from San Antonio to Philadelphia for two weeks of study at LaSalle College. She especially enjoyed meeting baby Deana Marie Nortman for the first time.

Six 4-H clubbers from Lindsay were among a group of 4-H'ers on a boat trip with W. B. Ballew of Gainesville recently. They met at his place of business at 4 p.m. and returned at 9:30 p.m. In addition to enjoying the boat ride the group had sandwiches, soda drinks and cookies in a trailer house near camp. Mrs. Al Bengfort was one of the mothers driving the children to the Lake. Attending from Lindsay were Christine Bengfort, David Bengfort, Francis and Ralph Hermes, Betty Rohmer and Marilyn Stoffels.

Mrs. Tony Fuhrmann is a patient at Gainesville Hospital for medical care.

Bobby Zimmerer was dismissed from Muenster Hospital Sunday and is recovering rapidly from a hernia operation.

Mr. and Mrs. Frank Walterscheid and daughters Betty Lou, Jeanette and Doris of Hereford visited her sister Miss Theresa Loerwald and other relatives one day while they were spending the weekend in Muenster with relatives.

Mr. and Mrs. Raymond Haverkamp have named their new daughter Brenda Sue. She was baptized Sunday by Father John in St. Peter's Church. Mr. and Mrs. Earl Koelzer of Muenster attended as godparents for their niece.

Family members and friends stopped in Monday to greet and gift Mrs. Joseph F. Neu on her 96th birthday. She is visiting her daughter Mrs. Joe Hermes since ending a visit with another daughter, Mrs. John Kupper at Valley View.

Four-day vacation for Mr. and Mrs. Gene Pelzel and children Michelle and Matt was spent in Galveston, Austin and Johnson City. The children liked Galveston best — swimming in the Gulf and collecting sea shells. They all enjoyed the Sea Arama, and the ferry ride to Port Bolivar. Visiting there was cut short in account of heavy rains. In Austin they visited the State Capitol and the University of Texas campus. Mrs. Pelzel also had a telephone visit with a former classmate, Mrs. Kenneth Wiesman. Sunday afternoon they were at Johnson City, went on to see the birthplace of President Johnson and the LBJ Ranch. They returned Monday evening.

Sister Victorine Klein, former Lindsay teacher, is assigned to St. Joseph's School in Rowena this year.

Someone asked the French writer Jean Cocteau if he believed in luck.

"Certainly," he said. "How else do you explain the success of those you don't like."

Lindsay Quartet Sees Seven States On 2400-Mile Trip

Mr. and Mrs. Henry Hess and Mr. and Mrs. J.C. Schmidkofer report a great time on a 2400 mile trip through seven states visiting and sight-seeing.

They began their trip with attendance at golden jubilee celebrations in Fort Smith, Ark., on August 5 at St. Scholastica's Convent. Also there were Mrs. Sophie Stoffels and her daughter, Mrs. Erwin Fuhrmann.

Their sister and aunt, Sister Frances Angerer, was one of six golden jubilarians in ceremonies that also honored two sixty-year nuns and two silver jubilarians.

Father Louis Deuster, former Muenster pastor, delivered the jubilee sermon. His sister was one of the golden jubilarians. After Mass all relatives and friends joined the nuns for dinner and visiting.

The Lindsay group visited with an uncle Gus Neumeier and their aunt Laura and cousins and their families. From there they drove to Subiaco to visit the graves of former Lindsay and Muenster pastors including Fathers Conrad Herda, Bernard Zell and Frowin Koerd.

After that Mr. and Mrs. Hess and Mr. and Mrs. Schmidkofer took off for Alabama stopping with relatives at Sheffield, Florence, St. Florian and Cullman. In the latter city they visited a cousin, Rev. Lambert Gottman, OSB, and saw the beautiful and famous Ave Maria Grotto — the Scenic Shrine of the South — and toured the miniature cities and noted buildings erected by the late Brother Joseph Zoeltl, a native of Bavaria.

Outstanding were St. Peter's of Rome, Temple of Jerusalem, Lourdes, Hanging Gardens of Babylon, Tower of Babel, Noah's Ark, San Juan Capistrano, Cathedral of the Immaculate Conception, and the Texas Alamo.

They returned to Texas by way of Louisiana, stopping in Seipers to visit St. Jude's Church which the late August Schmidkofer helped build through Catholic Extension Service. After his death they erected a chapel in his memory.

Left of the front lobby is the dining room with Early American style of room finish and furniture. It has seating space for 70 persons, a part of which can be separated from the rest of the room by folding partition suspended from the ceiling. The ceiling is mostly acoustical tile except a large panel of rough finish wood with a huge brass lighting fixture of about 10 feet diameter. Other lighting is indirect. The dining floor is carpet, tables and chairs are maple.

Confetti ...

Present turmoil in Red China can be a favorable development for us. The civil war which is flaring up in so many places is weakening the red machine. The long awaited opportunity for Nationalist China's come-back seems to be in sight.

Well, why not prepare to back the men of Formosa in that effort? Chances for success are excellent and the result would be a permanent end of the troubles in that area. Our policy on communist aggression has been a big mystery from the start. While trying to hold back an aggressor we're so very scrupulous not to violate his boundary or his government. In Korea and again in Vietnam our aim is only to stop the enemy but not defeat him. So the trouble drags on, as it has for 15 years in Korea, as it will indefinitely in Vietnam.

General Clark's idea sounds better. The way to stop aggression is to defeat the aggressor, not just push him back to his own sanctuary.
