STARTS MEAT PRICE "STRIKE"—Mrs. R. D. Vaughn, a 71-year-old grandmother in Dallas, started the verbal guns booming in the "battle of the beefsteak," as she called housewives asking them to stop buying meat for a week in an effort to bring prices down. Back of her is her husband ready to assist. Mrs. Vaughn is president of the Dallas Women's Chamber of Commerce. The phone strike has spread to other cities in Texas and surrounding states.

NO RELIEF TO CONSUMER, BUT—

Cattle Prices Drop On Wholesale Mart

(By The United Press)

Livestock and wholesale meat prices appeared to be heading downward today as new buyers' strikes developed in many cities, but the price tags on meat in butcher shops remained unchanged.

All livestock prices fell yesterday at midwest markets. Hogs and cattle dropped as much as 75 cents a hundredweight.

But steaks and chops still sold for about a dollar a pound when the housewife shopped at the corner store.

Prices Hold Fast

At Los Angeles, rib beef sold for 87 cents a pound, T-bone steak for $1.10 and pork chops for .95. Prices had held at those levels for the past week even though customers were turning thumbs down on those cuts in favor of fish and cheaper grades of meat.

Prices were also holding at about the same level in New York where consumer resistance has grown steadily although no organized price strike has developed.

In many other cities, however, housewives were setting up organized drives to lick the meat price problem.

Amarillo Joins Drive

Amarillo became the 14th Texas city where women were carrying on chain telephone drives requesting other women to stop buying meat until prices drop.

At Moorhead, Minn., where housewives were preparing a meat strike, only two women expressed disapproval. One said that her menfolk worked hard and needed the meat. The other said she needed it for her children.

Cool Weather On Way Out In State

(By The Associated Press)

An end by this weekend to the autumn-like temperatures which have drifted in over most of Central and North Texas was seen by the U. S. weather bureau today.

But the bureau said clouds probably would prevent any quick return to normal August heat.

Temperatures soared above the century mark in the Rio Grande valley yesterday while North Texas relaxed under maximums ranging from the mid-seventies to the upper eighties. Pampa was the coolest spot yesterday with a high of 75.

CWA Will Ask New Pay Boost

WASHINGTON, Aug. 6.—The Communications Workers of America announced today that it will ask new wage boosts for 87,000 Bell Telephone workers this month.

The independent union, now negotiating new contracts for 130,000 additional union members, said that on August 16 it will reopen seven Bell system contracts signed this spring.

CWA President Joseph A. Beirne told reporters the 217,000 union members will be in a position to strike unless they get a wage increase, but he added:

"I don't see any reason in the world why we can't reach a satisfactory agreement."

The contracts to be re-opened provided no wage increase but were to run for three years, with the union given the privilege of reopening wage rates to negotiation twice during the life of the contract.

The Bell companies involved are the Chesapeake and Potomac

Solons Reject Plan To Offer Federal Help.

Changes Are Made In Anti-Inflation Bill By Committee

(By The Associated Press)

WASHINGTON, Aug. 6.—The Senate passed and sent to the House today a compromise housing bill aimed at speeding small home building.

The measure contains no low-rent or slum clearance subsides.

Approval came on a voice vote after the chamber had voted 48 to 36 to substitute the measure for the Taft-Ellender-Wagner housing bill.

The Senate thus overrode its banking committe which had approved the T-E-W measure.

Two Major Changes

The T-E-W bill would have provided for government aid in building public-owned low-rent and slum clearance projects.

The housing action came after the Senate banking committee voted two major changes in the Republican anti-inflation bill as passed by the House yesterday.

The committee struck out a House provision calling for a boost in Federal Reserve bank gold reserves, which Secretary of the Treasury Synder and Federal Reserve officials said would do nothing to stop inflation.

Requirements Raised

It also raised the reserve requirements of banks which are members of the Federal Reserve system.

The House had approved reserve increases of 1 and 3 per cent respectively on time and demand deposits. The Senate committee raised the figures to 2 and 5 per cent. President Truman had asked for ten and four per cent.

The committee also approved the reimposition of restrictions on installment buying which the House had voted. It changed the effective date however, from next March 15 to June 30.

A proposal by Senator Capehart (R-Ind) to freeze all prices as of last midnight was lost on a five to five committee vote.

Proposal Voted Down

Chairman Tobey (R-NH) told reporters he does not know whether the committee bill has the approval of Senate Republican policy leaders.

Tobey offered a motion in the committee to give Mr. Truman the standby price and wage controls and allocation powers which he asked. The proposal was voted down six to four.

The Senate set aside two hours to argue the issue of government-

Probers Halt Open Hearings

(By The Associated Press)

WASHINGTON, Aug. 6.—Senators investigating Communist spying charges toda ysuspended public hearings because they said the Truman administration refuses to give them necessary facts.

Chairman Ferguson (R-Mich) of the Senate investigating subcommittee announced the decision. He made public also a refusal by Attorney General Tom Clark to supply official FBI records on William W. Remington.

Hold Secret Meeting

Meantime, the House un-American activities committee went underground for a secret meeting with a mystery witness in its own similar investigation.

A subcommittee was sent out of town to interview this witness at an undisclosed place. Rep. Mundt (R-SD), acting chairman of the full committee, said this man's testimony, together with other testimony already gathered, "will prove the existence of a Communist spy ring which reached high into the government during the war."

Clark's refusal to turn over the FBI records on Remington was in line with an order from President Truman who denounced the congressional hearings yesterday as a "red herring" intended to divert public attention from what he calls the refusal of the Republican-controlled Congress to enact ade-

Mid-Air Collision Kills Four Fliers

SAN ANTONIO, Aug. 6. (AP)—A mid-air collision between two AT-6 training planes from Randolph Air Force base this morning seven miles south of New Braunfels near the Austin highway claimed the lives of four fliers.

Reported instantly killed in the crash, in which one plane plummeted to the earth in a mass of flames, were two instructors, an aviation cadet and a student flying officer.

Names of the dead were withheld.

There was no immediate apparent reason for the crash.

Bank Robber Dies Because Dog Resents His Invasion

(By The Associated Press)

BERKELEY, Calif., Aug. 6—A bank robber lay dead today because an aged and testy bulidog resented invasion of his privacy.

The robber, who told police he was Isaac G. Fox and had served prison time in Tennessee, snatched an FBI agent's gun while being questioned, and killed himself.

It was 3:05 p. m. yesterday when Mrs. Levonne Ames opened the door of a branch of the Bank of America to let out a late customer. Fox pushed his way in.

Drawing a revolver, he covered the 11 bank employes and quickly collected between $7,000 and $8,000. Then he drove away.

But Fox did not know the city. A mile away he drove into a dead-end street. He abandoned his car and leaped into a backyard.

There lived Buggs, a 12-year-old Toy bulldog. Buggs made an angry run at the intruder. Fox kicked him, and the dog's yelp of pain brought his mistress, Mrs. Frank J.

Bishop Is Attacked After Youth Killed

Brazen Young Gunman Is Captured After Chase; Calmly Tells Of Brutal Slaying

(By The Associated Press)

BOLTON, Mass., Aug. 6—A brazen young gunman who, police said, admitted firing two wild shots at Suffragan Episcopal Bishop Raymond A. Heron and the fatal shooting and axing of a 17-year-old youth in the clergyman's home was held on open charges today.

Frederick S. Pike, 19, of Boston, was held at Holden state police barracks after being brought from Providence, R. I., where he was captured yesterday in the bishop's car three hours after the shooting.

Pike waived extradition and was turned over to Massachusetts authorities after, Police Chief Charles A. Higgins ad Capt. John J. Lang of Providence said, he admitted in a signed statement he shot at the bishop and killed Paul Zayka, a youth who lived with the prelate.

Pike, a Concord reformatory parolee, was taken into custody following a bullet-spattered 75-mile an hour chase through heavy traffic.

Higgins and Lang said the young gunman boldly admitted shooting Zayka three times with a .25 calibre automatic pistol and then striking the youth with an ax before dragging the body to the cellar of the bishop's home.

Pike was quoted as saying he shot Zayka when the latter put up a struggle after being robbed of $2.

The parolee turned over to Providence police a spent bullet which he said he had fired through young Zayka's head.

After dragging the youth's body downstairs, police said, Pike waited an hour and a half for Bishop Heron to return from Boston.

Higgins said the gunman recounted how he confronted the

ONLY ONE RACE IS STATEWIDE

Lighter Vote Seen For August Runoff

(By The Associated Press)

A much lighter vote in the Texas Democratic runoff election than in the first primary is predicted by estimates of party officials and newspaper men in key counties.

A record vote of 1,195,906 was cast in the July 24 first primary. The second primary will be held Aug. 28. Its only statewide race is that between former Gov. Coke Stevenson and U. S. Rep. Lyndon Johnson for the U. S. senatorial nomination.

There are runoffs in three congressional districts—the 3rd, 10th, and 15th. Many interest-exciting local contests were settled in July. Where stiff fights on the county level remain they will have influence on the number of second primary votes in a county.

Forecast Is Uncertain

Reliability of the forecast is subject to uncertainties which control an election turnout, such things as the weather, or the degree of interest campaigning can arouse.

But if the estimates are borne out the vote Aug. 28 is also expected to be considerably less than the highest cast previously in a runoff. That was 1,056,672 votes when Beauford H. Jester beat Homer P. Rainey for governor in 1946.

A total runoff vote of 293,700 was forecast in 17 counties which cast 409,563 ballots in July. The same ratio carried out in the state would mean a total vote of approximately 857,500 Aug. 28.

In a few instances there were predictions that the runoff vote would match or exceed that of the July election.

One case was that of Webb county (Laredo), which is consid-ering the 18th district runoff between Philip A. Kazen of Laredo and Lloyd Bentsen, of McAllen. Webb county officials believed the vote might run as high as 7,500. It was 6,900 in the first primary.

And at Waco A. P. Cagle, county Democratic chairman, said he expected approximately 22,000 McLennan county votes, as many or more than were cast in the first election. Hot races there have car-

Ball Park At Tyler Is Damaged By Fire

TYLER, Aug. 6. (AP)—The Tyler Trojans baseball park was practically destroyed by fire here last night and damage was estimated at $100,000.

The fire was discovered by a caretaker shortly before midnight, shortly after 1,200 spectators had cleared the stands following a Lone Star League baseball game.

Harry Faulkner, one of the owners of the baseball team, estimated the damage to the park at $100,000.

He said equipment of the club lost in the fire amounted to $10,000. That included uniforms and other baseball gear.

Faulkner was formerly general manager of the Lubbock Hubbers of the West Texas-New Mexico league. His partner in the Tyler club is Hack Miller, who was catcher-manager under Faulkner at Lubbock. Miller now manages Tyler.

Burglars Take Cash And Ring

Two residence burglaries—in which a total estimated loss of $97 in money and a diamond ring and a $15 watch were taken—were investigated this morning by police.

Police Radio Patrolmen George Hall and Pete Hubbard said $66 in money and the ring, value of which was not listed, were reported taken from L. O. Griggs of 1711 Seventh. Method of entrance was not known definitely, patrolmen said.

From $30 to $31 in money and the watch were taken from a small apartment of E. V. Potts, at 2104 Ave. M.

Taken From Billfold

Potts told patrolmen that the intruder or intruders entered his place when he and his wife were asleep and removed the money from his billfold.

A woman who a day earlier had told police she was raped by one of three young Lubbock men who forced her to ride with them claimed early today that an unknown man she had allowed to take her home in his car had claimed upon arrival there, 1700-block Ave. Q, that he had no inside handles to his car. He drove her to Fourth street, she claimed, and informed her he would break her neck. She said he gave her a handle and told her to "roll up the car window," but that she opened the door, instead, jumped out and fled.

To Make Statement

Police said she said she would appear later today and make a complete statement. The three men accused in the former complaint were released by police after questioning.

Officials said there apparently had been an unsuccessful attempt

Educator To Begin Duties At Local College Sept. 1

Dr. Edward Newlon Jones, President of the Texas College of Arts and Industries at Kingsville, has been appointed a vice president of Texas Technological college, Dr. D. M. Wiggins, president-elect of Tech, announced today from El Paso.

Dr. Jones, who will be a vice president in academic relations, will assume his new duties Sept. 1, at the same time Dr. Wiggins, former president of Texas College of Mines and Metallurgy, moves to Tech as successor to Dr. W. M. Whyburn.

Will Resign Today

The Kingsville man, who visited in Lubbock this week and was to resign from his position at the South Texas school today, will be the first vice president in the 23-year history of Tech, filling a post created by the college board of directors more than a year ago but which has gone unfilled until this week. He was one of the 12 men recently interviewed by the board in Fort Worth when Dr. Wiggins was selected as president.

"I am extremely happy and proud to have Dr. Jones associated with me at Tech," Dr. Wiggins said in a statement issued in conjunction with the announcement. "I have known him through the years and know him to be a fine educator, competent administrator and a credit to any college."

Native Of Kansas

Dr. Jones, 49, is a native of Downs, Kan., but has spent all of his professional life in Texas. He received his bachelor of science degree from Ottawa university in Kansas in 1921, his doctor of philosophy degree from the University of Iowa in 1925 and an LL. D. degree from Ottawa in 1940. He held a fellowship in botany at the University of Iowa in 1924-25.

From 1925 to 1932, Dr. Jones was professor of botany and head of the department at Baylor university, Waco; from 1933 to 1942, he was professor of biology and head of the department at Baylor, also serving as dean of Arts and Sciences from 1935 to 1939 and dean of the university from 1939 to 1942. In the latter year, he went to Kingsville as president of Texas A. & I.

Political Pow-Wow Held By President

WASHINGTON, Aug. 6. (AP) — President Truman had a political pow-wow at the White House last night with present and former leaders of the Democratic party's national organization. Charles G. Ross, the President's press secretary, told reporters today that the "whole political situation" was gone over in "frank discussion."

Those attending included Senator Barkley of Kentucky, the vice presidential nominee; Senator McGrath of Rhode Island, chairman of the Democratic National committee, and five former national chairmen.

The former chairmen were George White of Ohio, Robert E. Hannegan, Frank Walker, Homer S. Cummings and Edward J. Flynn.

Eleven Die As Planes Crash

MIAMI, Fla., Aug. 6. (AP)—A navy board of inquiry today studied the charred wreckage of a navy transport plane in which 10 men and a woman died.

The plane crashed and burned after a collision with a Stearman training plane 23 miles north of here late yesterday. The two occupants of the trainer parachuted to safety.

One of the victims was identified by relatives as Lt. Comdr. Phil Peters, 29, of Mobile, Ala.

Identification was difficult and the navy said names of the other victims would not be available until later.

The Florida highway patrol said six bodies were found outside the plane and the others inside the wreckage. Part of a Wave uniform was found, the patrol reported. The weather was good.

The plane, an R4D which corresponds to the C-47 and the DC-3, was en route from Norfolk, Va., to Cuba, with a scheduled stop at the naval air station's Master field in suburban Opa-Locka, almost within sight of the scene of the crash. It had reported to the control tower seconds before the collision.

A navy enlisted man flying in the area said both pilots apparently saw each other and pulled up, one on top of the other. He estimated they were flying at about 2,000 feet.

3,500 Are Reported Drowned In Flood

NANKING, Aug. 6. (AP)—Flood waters of the Yellow river drowned nearly 3,500 persons and left 400,000 homeless in the rich North Honan province, official reports released here today said.

The water conservation commission said reports from North Honan magistrates described the flood the worst in 100 years. More than 1,000,000 fertile acres were flooded.

(Frequently preliminary reports of this nature are exaggerated as to casualties.)

Nine districts north of Chenghsien were reportedly flooded when the dikes of the Tsinho, a tributary of the Yellow river, collapsed. Reports here from magistrates gave 3,489 missing or drowned, 400,000 homeless and 42,499 homes destroyed.

The reports said more than 3,000 drowned when backwaters flooded Paimuchuen, a lake 25 miles northwest of Chenghsien.

Two Youths Are Arrested In Plainview; Admit Burglaries

(Special To The Journal)

PLAINVIEW, Aug. 6.—Two youths, one 18, of Paris and another 16, of Plainview, admitted upon their arrest here today that they had burglarized five business establishments in Plainview, Olton, Lubbock and Amarillo within the last 10 days or so—and officials had recovered $168,000 in non-negotiable bonds taken from Kuykendall Chevrolet company in Lubbock, and other loot.

District Attorney Harold M. LaFont of the 64th judicial district, of Plainview, said a charge probably would be filed this afternoon against the older youth. The younger will be named in a juvenile petition, it was expected.

LaFont said the case was worked out by Hale and Lubbock county officers and Plainview and Lubbock police.

He said signed statements admitted to:

Burglary a week or 10 days ago of Jarvis-Tull Machinery company here, when approximately $500 in bonds was taken;

Election Day Disorders In State Spread

Rumors Say That Guns Are Being Given Civilians

(By The Associated Press)

NASHVILLE, Tenn, Aug. 6.—National guardsmen were mobilized today and ordered to move immediately into Polk county in southeast Tennessee, where disorder was reported by the Polk county sheriff, the day following the state's primaries.

Two men were reported slain and a third wounded last night. H. E. Brewer, Ducktown undertaker, said this morning that four other persons were wounded in election night gunplay.

Dispute Over Ballots

The disorder was accompanied by reports of a dispute over absentee ballots in Copperhill and Ducktown.

Political leader E. H. Crump apparently was handed his first major ballot box defeat in 20 years in yesterday's voting. Candidates he backed for the U. S. Senate and for governor were behind in the voting on unofficial and nearly complete returns.

Senator Tom Stewart today conceded the victory of Rep Estes Kefauver in the race for the Democratic nomination for U S. Senator. Kefauver was in the lead over Crump-supported Judge John A. Mitchell for Stewart's seat.

Troops Ordered Out

Troops were ordered into Polk county by Adjutant General Hilton Butler. He acted after Governor Jim McCord alerted troopers at Cleveland, Tenn., 20 miles from Benton. Benton is the seat of Polk county.

Guns were reported being issued in Benton when ballot boxes holding votes from the nearby communities of Cooperhill and Ducktown were due here to be counted.

It was understood these boxes held absentee ballots in the dispute.

In Ducktown, Undertaker Brewer listed the wounded as Wayne Kimsey, 33; Chester Goode, 28; Hardy (Cobby) Loudermilk and Loudermilk's wife.

A man found shot in the back today was identified by a Ducktown hospital attendant as Earnest Loudermilk. It was not known whether he was related to the wounded couple.

Polk is adjacent to McMinn county, where an ex-GI coalition

Tech Recreation Program To Present Baritone, Pianist

Gordon Gaines, Lubbock baritone who has studied in New York since his graduation from Texas Tech college, and William Murphy, pianist who holds a bachelor of music degree from Louisiana State university and who has opened a studio in Lubbock, will be presented in concert tonight at 8:15 o'clock on the Tech Administration Building green. They are appearing under auspices of the Summer Recreation program at the college.

Gaines has just completed an 18 weeks engagement on the NBC Television network presented over seven eastern stations by the United States Rubber company, singing the supporting role in the "At Liberty Club." Press notices are favorable in a current issue of "The Billboard," amusement weekly, of one of the initial television series, which is to be resumed in October.

Has Appeared In Concerts

Since his appearance in concert in Lubbock last summer, Gaines has continued concertizing and has appeared as guest artist with a number of symphonies. These included a concert as soloist with the Morning Chorale society of the Brooklyn Academy of Music and a solo appearance with a 200-voice chorus singing "The Messiah," with the University Symphony at Akron, Ohio.

The baritone was guest artist at the anniversary luncheon given by the Woman's Press club of New York City in the early spring. He plans to study this fall and winter with Guiseppe DeLuca, former Metropolitan Opera baritone star, who will accept only twelve students this winter at the Juilliard School of Music. DeLuca's opinion, after a recent audition with Gaines, was that the young baritone's voice has an operatic quality.

Debris From Plane Wreckage Is Found In South Atlantic

NEW YORK, Aug. 6. (AP) — Flame-charred, splintered wreckage, found off the African coast in the south Atlantic, was believed today to have come from a giant French flying boat missing since Sunday with 52 persons aboard.

The wreckage, including airplane seats, was found by the U. S. Coast Guard cutter Campbell, whose comander told headquarters here there was "little doubt" it was the remains of the 73-ton, six-engine Air France Lateorere 631.

The mammoth craft was en route from Martinique to west Africa and was 1,200 miles off Dakar when its last radio signal was heard shortly after midnight Saturday. None of those aboard was an American.

Early yesterday a U. S. Air Force B-29 bomber, part of a large fleet of ships and planes searching many hundred square miles of ocean for the lost seaplane, spotted wreckage and radioed the cutter Campbell, searching nearby.

Plane Seats Found

The Campbell reported later that it was steaming slowly "through a sea literally covered with debris."

The vessel said it found itself in "the midst of numerous bits of wreckage a short time after connected seats had been plucked from the ocean with grappling hooks a scant 70 miles off the normal course of the Air France plane."

Capt. Beckwith Jordan, the Campbell's commanding officer, radioed headquarters here that "there is little doubt that the wreckage and debris . . . came from the plane being sought . . ."

A message from Martinque said the plane's last known position was 19:27 north and 38:25 west. The Campbell's position at the time it found the wreckage was within 100 miles of that position.

Aboard the cutter was John Folk, Coast Guard correspondent, who radioed a dispatch to New York headquarters of the Coast Guard. He said an intensive search of the area followed the discovery of "leather-trimmed, rose upholstered seats."

"The plane seats thus far are the largest of several items taken aboard the Campbell to aid in determining the cause of the tragedy and are comparatively unmarred in sharp comparison to charred bits of plywood, a table top and a locker door," he reported.

Folk added:

"Coast Guard officers on board the Campbell believe there is no doubt that the plane was stricken by fire either before or after an explosion.

Search Continues

"Following a thorough combing of the debris-laden area . . . the Campbell has changed its course to the leeward, pursuing the theory that any survivors who managed to escape the ill-starred airliner by raft would have been driven in that direction by the steady wind that has prevailed for several days.

"The search will continue tonight with powerful search lights as coast guardsmen on board the Campbell cling tenaciously to the hope that survivors might yet be alive and waiting rescue."

USDA Awards Given Conservation Men

Two Soil Conservation work unit conservationists in the Lubbock Work Group received 20-year length-of-service awards from the U. S. Department of Agriculture this week. Service pins and certificates went to Walter L. Knapp and R. E. L. Pattillo of Lubbock.

Ten or more years of service with USDA is deemed to be meritorious service worthy of recognition by award of appropriate emblems. Bronze service pins received by the two area men are miniature shields with enameled panels of white—the white panel denoting 20 years of service. Their certificates were signed by former Secretary of Agriculture Clinton P. Anderson.

Recognition was also given this week by USDA to four other Lubbock Work Group employes of Soil Conservation Service, who were presented length-of-service pins and certificates for 10 years of service. Also in the form of miniature bronze shields, pins received by these four men have green enameled panels, denoting 10 years of service with USDA.

Honored with the 10-year service awards were Marshall W. Howard of Lubbock, district conservationist; John J. Underwood of Lubbock, survey supervisor; John P. Davis of Crosbyton, agricultural engineer; Archie E. Ware of Tahoka, agricultural engineer.

60-Year-Old Woman Clawed By Tigers

JACKSON, Mich., Aug. 6. (AP)—The show went on inside the Shrine circus' tiger cage here last night even after three of the big cats badly clawed Mrs. Mabel Stark, 60-year-old veteran trainer.

Circus attendants said two of the eight tigers in the cage began fighting soon after the elderly woman began her act before 4,000 spectators. When she moved in to separate them, a third animal, recently added to the act, set upon her.

Disengaging herself deftly from the tiger's claws, Mrs. Stark ignored her bloodstained clothing and signals from circus officials to cut short the performance. For eight minutes she continued to crack her whip and put the animals through their paces. She collapsed as she left the cage.

TRUMAN HELPS REUNITE THEM—After 20 years of heartbreak and red tape, Kurt Schweim, 42, of San Bernardino, Calif., was reunited with his mother at New York's LaGuardia Airport, after President Truman and State Department officials helped. Schweim came here from Berlin in 1928, planning to send for his mother when he had enough money. But the depression, Hitler and the war—in which Mrs. Martha Schweim lost her credentials—stopped him. Two months ago, he appealed directly to President Truman, and now the two are together.

Airline Group Will Make Sales Canvass

Pioneer Air Lines' traffic and sales representatives from Texas and New Mexico will meet in Lubbock Sunday for a three-day concentrated sales canvass of the city, according to an announcement by Harding L. Lawrence, vice president of traffic and sales.

Arrangements here will be handled by Lawrence, Lewis Zafran, Lubbock region traffic and sales manager, and Jack Boydston, local city manager.

The representatives will be Don Jeter, Houston; Leroy Lott, Austin; Les Newman, San Angelo and Abilene; Roy Nelson, Dallas; Jack Cobin, Bryan, Temple and Waco; C. R. Vandervoort, Midland, Odessa, Sweetwater and Big Spring; Gene Thummel, Amarillo, Plainview and Lubbock; S. L. Harrell, Clovis, Tucumcari and Las Vegas; John Force, eastern regional traffic manager; Dave Clark, Albuquerque and Santa Fe; Jim Tuttle, Roswell and El Paso; Lawrence and Zafran.

General Meeting Set

A general meeting will be held at Hotel Lubbock Sunday night where each man will be given a section of the city to cover in his Monday, Tuesday and Wednesday calls, Lawrence said.

"Pioneer started service from Lubbock to Albuquerque and other major New Mexico cities on May 1 and we feel that this is a most appropriate time to call on Lubbock businessmen and advise them of the service we have to offer," Lawrence pointed out.

V. C. Walden Funeral Will Be Held Today

Last rites will be read at 4 p. m. today at the First Methodist church here for V. C. (Vic) Walden, of 2008 Thirtieth, who died at 11:15 a. m. Wednesday in Albuquerque, N. M., as result of a heart attack. Walden was general manager and secretary-treasurer of J. D. Leftwich Construction company.

Dr. H. I. Robinson, pastor of First Methodist church, has been named to officiate, assisted by Dr. J. Ralph Grant, pastor of First Baptist church. Site of interment was still unannounced this morning. Rix Funeral home is in charge of arrangements.

Survivors include his wife; his mother, Mrs. G. B. Walden of Lubbock; two daughters, Mrs. Joe Badura of Los Angeles; Miss Glenna Walden of Lubbock; one son, Roger Walden of Lubbock; three sisters, Mrs. Vada Spence of Lubbock, Mrs. Hilton Moore of Amherst, and Mrs. Glenn Hunt of Pecos; and one brother, Verne Walden of Littlefield.

Active pallbearers will be J. D. Leftwich, Louis Murfee, W. W. Condray, J. B. Bechtol, Ray Givens, and Randolph Rampy.

Honorary pallbearers are S. S. Shelton, Earl Martin, H. H. Frye, Walter Price, S. L. Kelisky, Charles Ramsey, Tom Pirtle, E. F. Bell, Vernon McCullough, J. B. Vickery, Clark Webster, James Leftwich, Jack Givens, [illegible] Arthur Pierce, and J. F. Anthony.

Program Held By Cattlemen

LITTLEFIELD, Aug. 6 (Special) A field day program sponsored by the High Plains Guernsey Breeders association here Thursday was attended by approximately 200 West Texas breeders, livestock men and agricultural officials from throughout the South Plains and Panhandle area.

FFA judging teams from Dimmitt, Levelland and Abilene won first, second and third places, respectively, in judging contests held during the afternoon. W. L. Stangel, dean of agriculture at Texas Technologieal college, was official judge.

Fred Madden of Grand Prairie, field representative of the American Guernsey Cattle club, was ringmaster.

Joe Walters, president of the Littlefield Chamber of Commerce, made a welcome address to those attending. Luncheon was served at the fairgrounds by Littlefield 4-H girls.

At a business meeting following the judging, members of the High Plains Guernsey Breeders association took two actions. They appointed a committee to select a show herd to be displayed at the Panhandle-South Plains fair at Lubbock, the Tri-State fair at Amarillo, and the Texas State fair in Dallas. It was also decided to hold a Guernsey banquet in Plainview on the eve of the Panhandle-South Plains Dairy show Guernsey judging.

Charges Are Filed Here In Shooting

D. A. Williams, about 65, pleaded innocent Thursday afternoon of an aggravated assault charge in connection with the shooting late Saturday night of Tommie Joe Durham, 17.

He posted $500 bond for trial appearance.

Young Durham and two companions were walking across a field in the Canyon community, approximately six miles east of Lubbock, when, they said, several blasts were fired from a shotgun. They said they did not recognize the person with the gun in the darkness.

Durham was treated for approximately a dozen wounds of the face and upper part of his body. He did not remain in a hospital.

The complaint was sworn to by T. R. Durham, the victim's father, before acting assistant County Attorney A. W. Salyars.

Watermelons had been stolen recently from Williams' farm, officials had been informed.

Ackerly Resident Dies Unexpectedly

Mrs. Lillian Hodges King, about 44, a former Lubbock resident who now resides at Ackerly, died unexpectedly Thursday noon in a Pampa hospital while on a business trip there with her husband. Definite funeral arrangements have not been made.

Mrs. King formerly operated a beauty shop here at 1924 Ave. Q. She had been a resident of the city for about eight years prior to moving to Ackerly.

Two members of the 1946 Miami football team are coaching the freshman eleven at the college this season.

New Ford Car To Cost More

DETROIT, Aug. 6. (AP) — Price tags on new Ford cars were up about five percent today after the Ford Motor Co. put into effect its third boost in less than a year.

The company added $75 to the the price of each model except the six-cylinder business coupe. That one was cut by $5.

Rising material and labor costs and the necessity of reducing present production volume because of material shortages which cause stoppages were blamed by Ford for the new increase.

On Jan. 15, 1947, the firm reduced its prices by $15 to $50 in each model. President Henry Ford II said then his company was trying to help halt inflation.

Others Boost Prices

But seven months later, on Aug. 24, 1947, the prices of Ford cars were hiked $34 to $90. Then, when the concern introduced its new models last June 18, it added another $85 to $125 to the cost of each.

Ford's latest price advance follows similar action by nearly every other major car producer this year. Recently General Motors corp. put into effect an eight percent boost.

The move also comes on the heels of a wage boost granted to 116,000 Ford production workers, members of the CIO United Auto workers.

The employes were given pay increases which the union said amounted to 17 cents an hour. After the settlement, industry spokesmen predicted a new boost in the price of Ford cars.

Milwaukee Landlord Is Very Particular

MILWAUKEE, Aug. 6 (U.P.)—A Milwaukeean looking for a two-room apartment ran an ad in the paper.

A reply came from a man who said he would rent his flat if the following questions were answered satisfactorily:

"Do you draw shades fast and violently, morning and evening? Do you take your exercise by walking around the house? Do you spend much time in the kitchen? Do you entertain much, if any? Do you keep regular hours?

"What time do you get up in the morning and Sunday? Do you take baths every day or more? Do you have any musical instruments? How often do you clean the house? Do you make friends with neighbors?

"What would you do to prove to downstairs people that you would not be heard upstairs, as place has several squeaks? Would you be willing to move within 60 days if you were not considered a satisfactory tenant? Would you decorate?"

The man decided to save the letter. Just in case he gets desperate enough to fill out the questionnaire.

New Railroad Tables Can Be Read Easily

CHICAGO, Aug. 6 (U.P.)—Transcontinental Santa Fe trains now carry time tables designed to be read with ease by a passenger.

The tables are set up in regular book form with a separate page for each train. It replaces the "read up in right-hand column" for returning trains.

T. B. Gallaher, general passenger traffic manager, said the new tables serve for the line's six trains from Chicago to the West Coast. The old-style tables are used for the short-distance trains.

The new tables list mileage, altitudes and explanatory notes in addition to station stops. Various train connections, correct locations to reset watches, river crossings and tunnels are also listed.

Fish Found As Good As Meat For Body

COLLEGE PARK, Md., Aug. 6 (AP) — Four "Guinea Pigs" at the University of Maryland who ate fish, fish and more fish for seven weeks showed that whatever its value as brainfood, it's as good as meat for the human body.

Six co-eds took part in the 11-week experiment.

The first three weeks they ate a standard diet.

Then for the next seven weeks, four of the girls ate only fish as their main dinner-course. Freshwater fish, salt-water fish, shellfish, broiled fish, baked fish, steamed fish, fried fish.

The two others, meanwhile, ate plenty of meat.

As a final check, all six consumed standard diets.

Once a week Dr. Hugo W. Nilson, fish and wildlife service pharmacologist, and Shirley J. Wilson, a graduate assistant in fisheries, made blood tests of the six human guinea-pigs.

Dr. Nilson noted that for the most part the red cell count and hemoglobin value of all six subjects remained about the same. (Hemoglobin is the chemical substance that colors blood red and carries oxygen from the lungs throughout the body.)

There was some red cell-hemoglobin increase on the part of the fish-eaters, he said. Not enough to prove that fish is better than meat but enough to show that it is just as good, he added.

FCC Shakes Lottery Finger At Get-Rich-Quick Radio Schemes And Warns "Stop That Music"

WASHINGTON, Aug. 6 (AP) — Like a stern but not too hopeful parent, the Federal Communications commission shook a warning finger today at the get-rich-quick radio programs popping out all over the dial.

The station-licensing agency said disapprovingly that "an almost infinite number of these border on "illegal lotteries or gift enterprises."

So the commission announced a set of proposed new regulations aimed at curbing, if not eliminating, many of the programs currently offering fabulous cash, travel and merchandise gifts to lucky listeners.

In essence, the rules say there must be no more such give-aways based in any way "upon let or chance." Nor can the winners be required to (A) furnish any money or other thing of value (B) possess the sponsored product or (C) be or have been listening—or viewing—the program in question.

The commission didn't say when the new clampdown will become effective. But it said it will listen to interested parties up to September 10.

Top Entertainers Complain

Privately, commission sources said the agency fears that the prize programs are throwing the national radio picture "out of focus," and leading the industry away from "the broad basic purposes of broadcasting."

These sources said there have been complaints from some top flight comedians and other entertainers that their gags or art are being lost to listeners hoping for complete housing, a house painting job or a free trip to Bermuda for two, all expenses paid.

Still privately, the commission left no doubt that it regards the task of getting the give-away programs off the air as no easy undertaking.

Actually, the springboard for the FCC plunge into the $100,000-a-week nationwide prize pool was a modest venture just across the Potomac River from commission headquarters here.

What the commission did was give its blessing to an examiner's report on a program broadcast by station WARL in nearby Arlington, Va., during most of last year.

Entitled "Dollars for Answers," the program consisted of the periodical reading of a question and the correct answer, followed immediately by a telephone call to a person selected at random from the telephone book.

Violation Reasons Cited

The question was repeated. If the person called came up promptly with the answer, he got a cash prize ranging from $2 to $348. The range depended on how many previously called persons had been unable to supply an answer.

The hearing examiner, J. D. Bond, said this program violated that section of the communications act forbidding any broadcast advertisement or information "concerning any lottery, gift enterprise or similar scheme."

The commission, by saying it was in agreement with the examiner's findings, provided a hint of the standards it will apply in cracking down generally on prize programs.

The examiner said a lottery consists of three essential things: a prize, chance and consideration.

He said the prize is admitted in the announced offer; the chance figures in the random selection of names from a telephone book, and the consideration—on the part of the participant—is the answering of a telephone and listening to the program.

Bond said the WARL contest was not one "of skill for prizes within any accepted meaning of those terms."

Trend Reversal Seen

He said he based this conclusion on the fact that out of 2,722 persons who answered WARL's phone calls between April and October last year, only 128 came up with the right answer. Of these, Bond said, 71 were WARL listeners "who were thus prepared to supply the prize-winning answer."

"We decline to imply," he said "that among 2,651 lottery-chosen Washington telephone subscribers, only 57 are skillful and 2,594 lack that attribute."

The reaction within the radio industry was that while the FCC's announcement is unlikely to have any immediately drastic effect on current programs, the trend to give-away shows will be reversed.

Latest estimates are that well over $100,000 a week currently is being given away in cash and merchandise awards on the four major networks alone.

Some months ago the National Association of Broadcasters, which represents most of the industry, adopted a code with a provision frowning on prize programs. That provision says:

"Any broadcasting designed to 'buy' the radio audience, by requiring it to listen in hope of reward, rather than for the quality of entertainment should be avoided."

Policy Background Given

However, the networks and sponsors have long contended that their give-away programs provide good entertainment in themselves and that the awards are made on the basis of skill and knowledge, rather than upon lot.

Nevertheless, the commission's statement is expected to cause broadcasters to proceed much more cautiously with programs involving large gifts.

The FCC can enforce its regulations by revoking licenses. However, no station ever has been taken off the air because of an alleged lottery broadcast, and the anti-lottery section of the communications act has never been interpreted by a court.

The commission has taken warning action in many instances. Usually this resulted in voluntary cancellation or changes in the questioned program.

The best-known action previous to yesterday's was against the Pot O'Gold program in 1940. In that case the commission recommended that the attorney general proceed against the program, which involved picking names from telephone books from all parts of the country. The selections were based on the spins of a wheel.

The program later left the air and no legal action was taken.

Car Thief Trapped With Baited Auto

FARMINGTON, Minn., Aug. 6 (AP)—Denis Breen gambled on the possibility that lightning would strike twice in the same place, and won.

In Minneapolis, Breen returned to his car to find his wife's purse and several packages had been stolen from it.

He set a trap. He parked his car in the same place the next day. In it was an empty purse and some packages.

Sure enough, the thief again opened the car door. He ran as Breen darted from a doorway across the street, but was overtaken and jailed.

In the suspect's pocket was a lipstick taken from Mrs. Breen's purse the previous day.

Students Given Pick And Shovel Training

NORMAN, Okla., Aug. 6 (AP)—University of Oklahoma archeology students are getting their pick and shovel education at two eastern Oklahoma Indian sites this summer.

University officials hope to find important evidence of prehistoric Indian culture there.

Putting students to work as excavators not only gives them valuable training but helps solve a shortage of archeologists, according to Dr. Robert E. Bell, anthropology department chairman.

Last summer field workers found seven skeletons, stone knives and weapons in the region.

Lubbock Legion Edges Wichita Falls, 3-2, To Gain Finals

El Paso And Wichita To Meet Tonight To Decide Opposition

Lubbock's championship-bound American Legion junior baseball nine nosed out Wichita Falls, 3-2, in the second round of the Area 1 tournament Thursday night at Rosenthal field, as Dorrance Guy's eighth-inning single and an error by Left Fielder Don Reed scored Charles Galey from first with the winning run.

The extra-inning victory in the nightcap, following a 5-1 Lubbock win over El Paso in the first round of the meet Thursday afternoon, boosted the Hub city team into the finals of the tourney here Saturday night. Wichita Falls, winner over Lamesa Thursday afternoon, 13-4, will meet El Paso at 8:30 o'clock tonight in a tilt that will send the winner into the championship finals with Lubbock.

El Paso stayed in the running with a second round triumph over Lamesa, 7-3. The loss dropped the Lamesans from the tourney, which is being conducted on a double elimination schedule.

Lubbock Comes Back

But the nightcap Lubbock-Wichita Falls clash stole the spotlight from the three earlier tournament games. The Wichita Falls nine, working behind the brilliant hurling of right-hander Wendell McCulley, took a one-run lead in the second stanza of the crucial setto on successive errors by Lubbock Shortstop Bob Brown and Firstsacker Jesse Fullerton.

The Hub city boys rebounded in the bottom half of the frame to push across two runs, however, as Catcher Jack Cook singled, was sacrificed to second by Garnet Reeves and tallied on Jimmy Richards' bingle. After Hulen Fowler, Lubbock hurling ace, struck out, Fullerton drove Richards in with a sharp single between first and second.

Wichita Falls deadlocked the count in the fourth inning, when James Riddle reached first on an error, McCulley drew a free pass and Bobby Carter slammed out a single.

Hurled No-Hit Ball

Both pitchers hurled no-hit ball until the eighth stanza, when the determined Lubbock diamond crew staged a rally in the bottom of the frame. Bill Tatum struck out to lead off the inning, but Galey waited out a base on balls. Then Guy smashed a sharp single into deep left field, the ball was fumbled by fly-chaser Reed and Galey was on his way. The stellar Hub city second-sacker rounded third and went into home with a beautiful slide, just beating the throw to the Wichita catcher.

Individual honors went to the pitchers—Fowler and McCulley—tonight, however. Fowler, slender side-armer, pitched a sensational two-hitter against the Wichita Falls representatives. He struck out three batters, while walking three, and both of the runs scored against him were unearned. McCulley hurled a five-hitter against the Lubbock boys—and the feat was especially creditable since McCulley had hurled the complete game against Lamesa Thursday afternoon. McCulley struck out 11 Lubbock batters, equalling his performance in the earlier setto.

Galey grabbed fielding honors for the night, handling nine chances without an error, and was instrumental in the three double plays turned in by the Lubbock infield.

Lamesa Eliminated

The surprising El Paso nine dropped Lamesa from the tournament with a 7-3 defeat in the opener last night. Ramon Lopez, ace Border city twirler, scattered five Lamesa hits to notch the mound win; while his teammates were pounding Donald Chapman and Bill Hart for six safeties and seven runs. Lopez aided his own chunking efforts with a triple and a bingle in four trips to the plate.

Lubbock chalked up an initial tourney victory in the opening double bill Thursday afternoon, clipping El Paso 5-1 behind the five-hit hurling of Lefty Jackie Martyn. The Hub city squad pushed across two runs in the second stanza on a walk to Guy and singles by Brown and Richards, then added three more in the fourth. El Paso mustered a single tally in the second on a bingle, a walk and an error, but found Martyn too tough to handle in the clutch

No Games Scheduled In Softball Playoff

No games will be played tonight in the Shaughnessy playoffs of the South Plains Softball league, which last night saw Cloverlake Dairy eliminate the Golden Light Coffee team, 1-0, while Baldridge Bakery was climbing back to even footing at the expense of Thomas Jewelers on a 6-2 victory.

Thomas, which had turned in an upset defeat of the bakers Wednesday night, could do little against the slants of Loy Hubbard, who doled out five scattered hits. Vic Ray homered for the winners, whose batting attack was paced by Dough Adkinson's three for four.

Brand, with one, was safe on the centerfielder's two base error in the last of the seventh and scored the winning run on a single by Loveless, as the Dairymen beat Golden Light. It was a well-earned victory for Cecil "Smoky"

Between . . . The Lines

— By JOE KELLY —

A small item in The Evening Journal may have been overlooked the other afternoon. It was tucked away on the sports page and one paragraph was all the wire services devoted to it. Nothing came in the night before, or it would have been handled on the morning paper's sports pages. The item said that LaVern Roach of Plainview had lost a 10-round decision to "Zivic" Affif, protege of Fritzie Zivic, the former champion.

• • •

It wasn't surprising that Roach lost in Pittsburgh, Pa., in an outdoor fight at Forbes Field. Pittsburgh is the home of Affif and any time an outsider comes in to fight the home town boy, there is bound to be an edge in his favor. Not to accuse the Pittsburgh officials of displaying favoritism, We feel sure that they called it honestly, but in any close fight the edge will go to the home towner, no matter where a fight may be held.

• • •

The loss didn't increase Roach's record, while it didn't hurt him either. Everyone, by this time, realizes that he was highly overmatched in the Marcel Cerdan fight and that he was far from ready for such fast company. He is in the process of building up again. On the other hand, we still feel that he would have done better to stage a fight on the South Plains before his friends instead of running off to the big city. He probably would have won here against any reasonable middleweight and would have gained stature in doing it. Now it is too late.

Umpires in the West Texas-New Mexico League must have been given a shot of adrenalin from Milton E. Price, league president. Two players in such remotely connected cities as Amarillo and Clovis were given the well-worn thumb; well-worn, that is, in other leagues. There have been mighty few cases of players being ejected this year, which is another reason for shock at Price's stiff fine of John Bottarini and the Clovis club. But last night two men trundled out of their respective games to sit in the showers, relax and think it over. We think it is a good sign.

• • •

J. D. Kirkpatrick and Bill Henderson are leaving to return to Cliffside Park, N. J., where they will resume their pro boxing careers. It was pleasant having them with us and they gave local fans a good show. Both boys have great possibilities. They have a lot to learn yet and they know it, which is a good thing. But they are eager to learn and both want to climb. In the camp where they train and prepare they are getting the best of attention, attention that might make either or both of them champions. We know that after their generous treatment here they would like to return for future bouts.

THE ROUNDUP: Crowds at the American Legion regional tournament were disappointingly small yesterday. There's no excuse for baseball fans staying away from good games just because they're high school boys. After all, most of the WT-NM loop pitchers aren't much better than damp-dry behind the ears. . . . Charley Zack, a young fighter is another boxer almost a ring fatality. When will the examiners realize their responsibilities? . . . Willie Mosconi, a dapper cue star, is off the press with a book on pocket billiards . . . The girls' state tournament of the National Softball Congress will be held in Grand Prairie Aug. 23 through 28 with $10 entry dead-line time Aug. 16 . . . Ran into a tanned, relaxed-looking Goober Keyes on the Meadowbrook course yesterday afternoon. Texas PGA Tourney In '49 At Dallas

DALLAS, Aug. 6. (AP)—Dallas' Tenison Memorial park course will be site of the 1949 Texas Professional Golfers' association tournament, Graham Ross announced last night.

Ross, tournament director for the Texas PGA, said a $3,000 women's tournament would be held in conjunction with the men's meet, starting May fifth.

Sox Nip Hubs 5-3; Loboes Beat Clovis

Amarillo gained back the ground it lost Wednesday night in the West Texas-New Mexico League by edging the Lubbock Hubbers in Gold Sox Park last night 5-3, while the Borger Gassers were coming up with a 7-5 defeat of Pampa's Oilers.

The Gold Sox thus resumed possession of second place, a full game ahead of Pampa and four games ahead of Lubbock. The Albuquerque Dukes slipped slightly when their game with the Abilene Blue Sox was rained out, but the Lamesa Loboes came up with a 6-1 victory over Clovis.

Two Players Ejected

Last night's games were marked by two events; two players were ejected from their respective contests and Bob Crues failed to hit any home runs, leaving him still close, but behind, Bill Serena's mark.

The two players given the customary finger-pointing were Floyd Walker of the Hubbers and Frank Pacheco of Clovis. Both were thumbed for the same offense, protesting a strike called by Umpire Gatlin and Umpire Brockwell respectively. Walker was doing the catching when he was sent strolling, while Pacheco was batting. It was a quick call by the umpire in each case, quicker than they usually call them in this league.

Kept Up His Protest

Walker not only was put out of the game, but he also drew an even longer walk, going all the way to the showers, after he had gone to the dugout. He apparently kept up his protest after his ejection and Brockwell walked all the way over to the dugout, ordering Walker out of the park.

As for the Lamesa game, it was all over the second inning, although a three-run fourth clinched the contest. A single, a sacrifice, a walk, a two run double by Dan Pinto and another double by Sam Malvica scored a trio of runs and handed Leon Hayes a well-deserved victory.

At Amarillo, the Hubbers hit Jack Schumacher, but they couldn't bunch their blows, while Chris Haskins walked himself into trouble in the sixth. He gave up three of the four walks he issued and these, along with a single, an error and a double by Schumacher ended the game.

The Hubbers scored three runs in the seventh when Don Moore doubled and Frank McAlexander pounded a home run. Chick Fowler fanned, but Haskins followed with a circuit clout to end Hubber scoring.

Manager Buck Fausett, who homered with no one on in the fourth, will send Joe Budny to the mound tonight, while Manager Jackie Sullivan probably will counter with Roy Larue.

Hurling Shortage Faced By Loboes

LAMESA, Aug. 6 (Special) — The Lamesa Loboes were pitcher hunting today, following the indefinite suspension of Paul Cooke, righthanded hurler, by Owner Dan Y. Davis yesterday afternoon.

Saying that he was "tired of the town and tired of the ball club," according to Davis, Cooke packed his luggage and headed for his home in Bastrop, La. He gave no other explanation for his sudden, unexpected departure.

Cooke, a class man, was drafted last winter by Lamesa from Ballinger of the Longhorn League. The slender, 22-year-old hurler was in his fourth year of pro ball and had a record of six wins against 12 losses with the last place Loboes.

A serious hurling shortage, made more acute by Cooke's action, forced Outfielder Eddie Skrabacz to essay a starting role against the Lubbock Hubbers Wednesday night. The sale of Chris Haskins to Lubbock earlier had put a severe dent in the mound corps.

Country Club Play Started

The annual club championship of the Lubbock Country club will be fired for the next week, with approximately 100 golfers going after the title. Qualifying rounds are now underway and will continue through Saturday.

A total of 71 entries had been received through last night by Herb Schroeder, Country club pro, for one of the biggest tournaments on the local club's calendar. Persons attempting to qualify must begin their rounds not later than 4 p. m. Saturday in order to be eligible for the tournament.

Four Have Low Scores

Dr. W. A. Shaw, Raymond Marshall, K. Bradshaw and Chick Trout, Sr., have posted low scores in the qualifying round to date, each golfer firing a 72 for the 18-hole course. All are looked on as outstanding contenders for the crown, which is held by Lofton Burnette, the 1947 champion.

Schroeder said that as many entries as possible were hoped for, with flights for each group of entries up to 16 men in a flight. Qualifying scores must be turned in by late Saturday afternoon.

Championships Sunday

Pairings in the tournament will be made Saturday night, with first round matches scheduled to begin Sunday. The first round matches must be concluded not later than Tuesday night.

Second round matches will begin Wednesday and will run through Friday night, at which time the final second round match in each flight must be concluded.

Third round matches, which will see the starting field pared considerably, must be completed not later than Saturday night, with the championship in each flight to be decided in Sunday play.

Match play will hold for all flights.

TROUT DEFEATS RALEY IN DIRECTOR'S CUP PLAY

Chick Trout, Sr., yesterday turned in a 3 and 1 victory over J. A. "Judge" Raley, Jr., in the Director's Cup tournament at the Lubbock Country club.

Trout, by his victory, enters the championship round and will meet K. Bradshaw or Armond Sampson. Both of these golfers have a semi-final match to play, with the winner meeting Trout for the tournament championship.

The final match in the tourney probably will be shot off Sunday at the local club.

All-Star Grid Tilt In Abilene Tonight

ABILENE, Aug. 6 (AP) — The crowning feature of the eighteenth annual Texas coaching school — the all-star football game matching teams from the Northern and Southern districts of the Interscholastic league — is scheduled tonight with the North a well-ranked favorite to win.

A ponderous line and eight all-state players could not push the South to an equal footing in pre-game forecasts. The critics like the way the North has clicked with the T formation as taught by Bobby Dodd of Georgia Tech, plus an excellent passing attack.

Bell Coaches South

The South, coached by Matty Bell of Southern Methodist, goes to the barrier minus a player — Pat Diffie, Gladewater center, out because of an injured shoulder. It is doubtful if Jim Spencer of Breckenridge, an end, will see much service. He has an injured hip and didn't work out the last days of training for the game.

Probable starting lineups (kickoff 8:15 p. m.):

NORTH VICTORIOUS IN BASKETBALL GAME 36-31

ABILENE, Aug. 6. (AP) — The North held the lead today in the all-star basketball series of the Texas coaching school.

The Yanks of Texas schoolboy cage circles last night trimmed the South 36-31 as a crowd of 2,500 cheered them on approvingly in

Only Three Seeded Players In Tourney

SOUTHAMPTON, N. Y., Aug. 6. (AP)—Only three seeded players survived the fall of favorites today in the 58th Meadow Club grass court tennis tournament. Of the eight seeded Americans, three were beaten and two defaulted. The two foreign ranked players also were sent to the sidelines.

Still in the running are Gardnar Mulloy of Miami, Fla., No. 1; Budge Patty of Los Angeles, No. 3, Tom Brown, San Francisco, No. 5. Joining them in the quarterfinals were William Vogt, Philadelphia; Arnold Saul, Los Angeles; Richard Gonzales, Los Angeles; Bernard Bartzen, San Angelo, Tex., and Fred Kovaleski, Detroit.

Gene Garrett of San Diego was beaten by Bartzen, 7-5, 6-1.

Hot Rose field house on the Hardin-Simmons campus.

It wasn't much of a struggle for three quarters and even at the end when the South finally started banging the basket the North never was in any real danger.

The team coached by Clare Bee, Long Island university mentor who has been one of the top lecturers at the coaching school, showed more finesse at practically everything.

The South cagers of Jack Gray, University of Texas coach, fought lustily and were still throwing them long and often as the final gun sounded.

American Loop Race Is Daffy

By CARL LUNDQUIST
United Press Sports Writer

NEW YORK, Aug. 6. — How daffy can this American league pennant race get?

The Cleveland Indians, for example, were in first place today half a game behind the second place Philadelphia Athletics and if that doesn't make sense blame your seventh grade mathematics teacher.

In good old simple arithmetic the Indians had an even .600 percentage with 57 victories and 38 defeats, 19 games above the .500 level. The A's had a .598 percentage with 61 triumphs and 41 losses and were 20 games above .500.

Were In Virtual Tie

The teams were in a virtual tie for the lead before yesterday and the Indians won one game, beating the Senators, 3 to 0, while the Athletics took two from the White Sox, 3 to 0 and 7 to 4 to go half a game ahead on a won and lost basis.

What's more Philadelphia rested just one ten-thousandths of a percentage point ahead of third place New York, which had a .5979 figure with 58 victories and 39 defeats after a 2 to 1 triumph over the Tigers at Detroit.

The Red Sox weren't exactly out of it either. They beat the Browns, 8 to 7 at St. Louis to stay half a game behind the Yankees with 59 victories and 41 defeats for a .590 percentage.

Makes Flatbush History

Gene Hermanski made Flatbush history when he became the second Dodger in baseball annals to hit three homers in one game, his blows accounting for five of the runs in a 6 to 4 victory over the Cubs.

The Boston Braves snapped a four-game losing streak by beating Cincinnati, 6 to 4, in a night game.

The Pittsburgh at Philadelphia double header and the St. Louis at New York game in the National were rained out.

White Sox Defeat Red Sox, 18 To 15

Ronald Hall's two home runs and a triple in four times up paced the Pee Wee League White Sox as they downed a hard fighting Red Sox nine, 18 to 15. The ABC's defeated Methodist Men, 5 to 2 in the Junior League tilt at the Lubbock Boys' Club.

Bill Bettick followed Hall in the White Sox attack with a homer and two singles in four times up. Roy Day led the losing Red Sox with three singles and a double in four.

Tommy Elliott paced the ABC nine with three singles in as many times up. Methodist Men were helped by Dale Clark and Billy Presley, who each got a double to drive in one run each.

No games are scheduled Friday in order to allow the players to attend a Boys Club barbecue.

Males Of Draft Age In Texas Estimated

AUSTIN, Aug. 6. (AP)—Approximately 561,331 young Texans are expected to register for the draft.

State selective service director Maj. Gen. K. L. Berry reported that estimate yesterday. It is the number of males between the ages of 18 and 25 estimated now to be living in Texas.

Estimates by individual counties ranged from a high of 60,400 registrants in Harris county to a low of 22 registrants in Loving county.

No Single Hero To Dominate Olympics

OLYMPIC STADIUM, Wembley, England, Aug. 6. (AP)—Unlike Olympic games of the past, no single dominant hero is emerging in 1948—and a woman's name will lead all the rest.

When Mal Whitfield finished third in the 400-meter run, the last man with a chance to become a double winner in track lost out.

So it is a woman's Olympic—Mrs. Fannie Blankers-Koen and Micheline Ostermeyer in track already have two gold medals and can win more, and Mrs. Victoria Draves and Karen Harup in swimming areon the way.

The only man who has come close to two single victories—excluding the relays—is Arthur Wint of Jamacia, who was a close second to Whitfield of the United States in the 800, and who won the 400 in :46.2, upsetting not only Whitfield but favored Herb McKenley of Jamaica as well.

Yesterday's lack of American track winners was compensated for by smashing victories by five American shells in the Thames rowing and Dr. Sammy Lee's championship in high diving.

Mrs. Blankers-Koen, a 30-year-old Dutch housewife and mother of two, already has won the 100 meters and 80 meter hurdles and is on her way to one and possibly two more championships.

Mlle. Ostermeyer of France, slender and pretty, is the discus and shot champion.

Specialty Due Today

In swimming pretty, quiet Mrs. Draves has won the spring board diving and today competes in the high tower, her specialty.

Miss Harup, a powerful Dane, has won the backstroke in record time, and is aiming at the women's 400 meter free style.

With the games half over—they end Aug. 14—the United States has riveted down another great triumph in men's track. America has won eight championships out of 18 contested, with possible three more victories to come.

Sweden is second with three, while seven other nations have one each — Belgium, Finland, Czechoslovakia, Italy, Australia, Hungary, and Jamaica.

In the unofficial team standings based on 10-5-4-3-2-1 for the six places, the United States started the seventh day leading with 164, followed by Sweden 63, Finland 25, Australia and Jamica 24 each, France 18½, Norway 17½, Italy 16, Hungary 16, and Czechoslovakia 15.

Local Golfers Enter Tourney At Ruidoso

A small group of Lubbock golfers left this morning for Ruidoso, N. M., where they will enter the first annual invitational golf tournament of the new Ruidoso golf club.

Among the local linksmen making the trip will be Raymond Marshall, K. Bradshaw, Olen Stewart, Bob Smith, John A. Raley and probably others.

This will be the first tournament on the newly planted Ruidoso course, where grass greens have replaced the former sand greens.

Fort Worth Bolsters Top League Position

(By The Associated Press)

San Antonio and Dallas came through in the clutch last night and Fort Worth showed Tulsa it was going to have a hard task replacing it at the top of the Texas league.

San Antonio used Ken Wood's tenth-inning homerun to beat Houston, 3-2, and protect its fourth-place position.

Dallas rallied for five runs in the eighth inning to whip Oklahome City, 5-1, and escape dropping into the cellar.

Shreveport fell a game and one-half back of San Antonio when the Sports bowed to Beaumont, 6-2.

Fort Worth stretched its lead to six full games by beating Tulsa, 4-0.

TRIPLE THREAT—Look out, Chicago Cardinals! This triple College All-Star threat is ready to set the pros back on their heels in the All-Star game at Soldiers' Field in Chicago on August 20. Working out at Northwestern's Dyche stadium are Al Johnson, Hardin-Simmons quarterback, left; Bobby Layne, Texas university, center, and Johnny Lujack, Notre Dame.

Locke And Barron Lead All-American Tourney

CHICAGO, Aug. 6. (AP)—Two pro golfers whose approach to tourney warfare is entirely different, South Africa's Bobby Locke and Herman Barron, White Plains, N. Y., were the men to beat today for the $5,000 first prize in the All-American championship.

Barron, a veteran of the fairway wars, adopted new methods this year, preparing for the bigger events by resting at home and teaching the duffers. But playing in his fifth tournament of the year, he shot a pair of 68's on the first two days for the midway lead with 136.

Yesterday he slipped to a par 72, and was tied by Locke. Bobby, who misses a PGA tourney only when he figures he can pick up more money playing in an exhibition, was far back on the first day with a one-under-par 71. He had a second-round 67 and yesterday he knocked home a 10 foot putt on the final green for a 70 to tie the New Yorker.

Their 208 total left them only one stroke ahead of both Pete Cooper, Gainesville, Fla., and Lloyd Mangrum, the Tam O'Shanter pro, but a genuine scrap appeared possible today on the final 18 holes, for there were 13 men with 213 or under.

Patty Berg, Minneapolis, scored an 80 for a total of 236, holding on to the lead in the women's open. She was two strokes ahead of Babe Didrickson Zaharias, Denver, who had an 81 yesterday.

There are approximately 8,000,000 acres of national forest land in New Mexico.

STRANAHAN TIES BRINK

CHICAGO, Aug. 6. (INS)—Frank Stranahan, the Toledo, O., strongboy, shot a 67 Thursday to tie Harold Brink of Grand Rapids, Mich., for leadership of the All-American amateur golf tournament. The final 18-hole of golf's best paying tournament will be played today at Tam O'Shanter Country club

A hen eats about 40 cents worth of feed per month.

A delicious vegetable combination for this time of year is yellow summer squash, onions and tomatoes. Cook a strip or two of bacon first until crisp, then remove the bacon and saute the squash slices and the sliced onion in the remaining fat; add the tomatoes cut in wedges, season well with salt and pepper, cover tightly and cook until the tomatoes are soft and the flavors well mingled. Sprinkle the crumbled bacon over the top and serve immediately.

CONFERENCE HELD AT KREMLIN

Western Diplomats Meet With Molotov

(By The Associated Press)

MOSCOW, Aug. 6.—Envoys of the United States, Britain and France called today on Foreign Minister Molotov.

U. S. Ambassador Walter Bedell Smith entered the Kremlin first. Frank Roberts, special British envoy, and French Ambassador Yves Chataigneau followed him immediately. The same three conferred Monday night with Prime Minister Stalin, seeking a basis for ending the Berlin blockade and resolving other East-West differences.

The Kremlin conference started at 5 p. m. (8 a. m. CST).

Stalin was not believed present at this meeting, which the western diplomats had sought with the foreign minister.

Communique Expected

(Diplomats in London said they expect a Big Four communique to be issued this weekend, announcing plans for a new meeting of the foreign ministers' council. The council is the four-power agency whose last two meetings broke up in disagreement.

(The Russian-licensed Berlin newspaper National Zeitung said the thre western envoys intended to see Molotov today to "fiv the time and place for a new four-power conference.")

Informed quarters said it was hoped that the last small differences among the United States, Britain and France over an agreement to be presented the Russians would be ironed out this morning.

Britain's special representative called on Ambassador Smith early today.

Conference Awaited

The U. S., Britain and French envoys had stood by until after midnight today, apparently awaiting a second conference with Prime Minister Stalin, but it failed to materialize.

The three diplomats conferred at length yesterday on their next steps. Their respective embassies all have received the first reactions from thir home governments on the Monday night conversations with Stalin, and are believed in position to plot their next moves.

Troops Alerted

(Continued From Page One)

overthrew an entrenched political machine in an August, 1946, election day gun battle at Athens, McMinn county seat.

The current trouble in Polk likewise arose from differences between political factions.

It boiled up yesterday as Tennessee voters in statewide balloting administered a smashing defeat to the political organization of E. H. Crump in Shelby county, on the other side of the state.

Fight Started Early

Squabbles between representatives of the Burch E. Biggs Democratic political organization in Polk county and the non-partisan Good Government League started long before the election. Tension mounted as the day of balloting neared.

The GGL entered a full slate of candidates in an effort to unseat the long-entrenched Biggs organization in the county general election held in conjuction with twin statewide Democratic and Republican primaries.

GGL spokesmen several weeks ago charged that voters had been refused poll tax receipts. That trouble was ironed out and the receipts were issued in time for voting. Later arguments ensued over names on an absentee voting list which GGL spokesmen charged had been concealed. The list was produced after the GGL obtained a court order.

Crump Men Trailing

Both the candidates Crump backed—for the U. S. Senate and for governor—were trailing far behind today on nearly complete unofficial returns. Republicans held their primary yesterday but voting was light.

Rep. Estes Kefauver, veteran of 10 years in the lower house of Congress, was in the lead over Crump-supported Judge John A. Mitchell for the U. S. Senate. Senator Tom Stewart, the incumbent seeking re-election, was second man in this race. Mitchell was third.

Gordon Browning likewise was far ahead of Governor Jim McCord, seeking reelection to a third term, in the gubernatorial race.

The apparent loss for Crump was the first for him in a statewide election since 1928, when he backed the candidacy of Hill McAlister for governor in the Democratic primary only to lose in a close count to Henry Horton.

Rites Set At Ralls For J. H. Reed, 58

RALLS, Aug. 6 (Special) — Last rites were to be read here at 3 p. m. today at the First Baptist church for J. H. (Henry) Reed, 58, resident of Crosby county for 24 years, who died at the veterans' hospital in McKinney Wednesday afternoon. Rev. W. B. Flores of Fort Worth has been named to officiate, assisted by Rev. James S. Abernathy, local Baptist pastor.

Mr. Reed, a veteran of World War I, had been ill for the past several months. He moved to Crosby county from Graham.

Survivors include his wife; four sons, Norman B. Reed, Harold E. Reed, James D. Reed, and Edwin Ray Reed, all of Ralls; three daughters, Miss Francis Reed of Lubbock, Mrs. Dan Graham of Ralls, and Miss Virginia Reed of Ralls. Also four brothers, L. C. Reed of Hawthorne, Calif., T. P. Reed of Graham, W. E. Reed of Satanta, Kas., and D. E. Reed of Hugton, Kas., and three sisters, Mrs. Myrtle Rogers of Kress, Mrs. W. E. Braddock of Graham and Mrs. G. W. Robertson, also of Graham.

Pallbearers will be C. O. Gilbreath, Gordon Wofford, Tip Williams, Guy Vaughn, Charles Tyer, Bedford Lewis, Otho Reed, and Luther Hendricks.

Burial will be in Ralls cemetery, with Marr Funeral home of Ralls in charge.

Lower a good part of the time were Youngstown Sheet, Chrysler, Montgomery Ward, Texas Co., Douglas Aircraft, Air Reduction, Dow Chemical, Allied Chemical, and Illinois Central.

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 6 (AP) — Cotton futures were steady in moderate dealings today with a good deal of evening up prior to the government cotton crop forecast next Monday. Scattered hedging and liquidation was well absorbed through mill buying and short covering.

The average guess of 43 members of New York cotton exchange placed the 1948 cotton crop at 13,627,000 bales. Private crop reports continued generally favorable.

Futures closed unchanged to 20 cents a bale higher than the previous close.

Light Vote

(Continued From Page One)

ried over to the runoff. They are for sheriff, state senator, three legislative posts, and constable.

County Chairman J. M. Patterson said at Austin he expected Travis county to cast about 30,000 votes, about the same as in July, with the U. S. Senate and a sheriff's race main drawing cards. The tenth district congressional runoff also holds interest.

Bell County Vote Forecast

A vote of 10,500, about the same as in July, was forecast in Bell county (Temple) by County Chairman Tex Whitlow. He said high interest in the U. S. Senate and state Senate races, plus a hot local tax collector contest, would boost the turnout.

Estimates of lighter voting came from Harris, Dallas, Tarrant, Bexar, Hidalgo (in the 15th district), Cameron (in the 15th district), Navarro, Lubbock, Wichita, Denton, El Paso, Anderson, Tom Green, Nueces, Taylor, Lamar, Galveston, Jefferson, Hill, Grayson, and Angelina.

Mr. Smith formerly was minister of Broadway Church of Christ in Lubbock about 13 years. He will conduct a 10-day meeting at Ralls Church of Christ, beginning Sunday.

Mrs. Arch Lamb will discuss available books about children's food at 11 o'clock Saturday morning over KFYO in the regular monthly bok review sponsored by the Lubbock Public Library association.

Burglaries

(Continued From Page One)

to burglarize the residence of Jim Davis at 402 Ave. H. "A lot of shingles had been removed from his roof," a report said.

Sheriff Grady Harrist returned F. D. Shipp, 38, of Lubbock route 7 to Lubbock to face grand jury investigation into a charge of forgery. Shipp, arrested at Susanville, Calif., waived extradition, the officer said.

Clothing Is Stolen

T. M. Colley, jr., of 1918 Main street reported to city police that 12 monogramed towels and a pair of blue jeans had disappeared from the clothes line at his residence, the thefts taking place over a period of about two weeks. Value of the stolen articles was $15.

Dorman McDowell, who resides at a tourist court, reported theft there of a radio valued at $57. He also reported that $10 bill was taken from the billfold of Charles Howell.

Charges of drunkenness, use of abusive language and failure to leave information at the scene of an accident were filed here last night against a resident of Post. Scott Garrison of 3011 Ave. H, and C. G. Millspaugh of 1908 Twenty-seventh street, both complained that a car driven by the Post man had left the scene after striking their cars. One accident happened in 1000-block of Texas avenue. The other at Nineteenth and Ave. M.

The man, reportedly in a very intoxicated condition, was said to have called Mayor W. H. Rodgers by telephone from the police station and used profane and abusive language.

Eleven women, apprehended in several small downtown hotels, paid fines of $25 each after entering pleas of guilty on charges of vagrancy by prostitution.

Reports from the sheriff's department indicated that an extension cord and light were stolen from an irrigation well of Jessie Jones, five miles east of Monroe. Men were working in the field nearby when the theft occurred, reports said.

Lamesa Car Stolen

The theft of a 1939 blue Ford coach at Lamesa was reported to Highway Patrol authorities here this morning by Lamesa Sheriff Buck Bennett. The car, license number AX9255, was apparently stolen sometime during the night, Bennett said, but was not missed until this morning.

A 1940 Mercury sedan, stolen Wednesday night at Seminole, was reported by Highway Patrol members here this morning as recovered Thursday afternoon south of Brownfield by Patrolmen A. A. Eggen and V. D. Atwood. Name of the owner of the vehicle was not known. The report said that the car was found abandoned and unharmed.

Housing Bill

(Continued From Page One)

financed housing before a vote.

Up for decision will be a revised version of the Taft-Ellender-Wagner bill. That measure passed the Senate in the regular session but ran into a House log jam.

Substitute Is Offered

As a substitute, Senator McCarthy (R-Wis) offered a bill deleting the T-E-W provisions for federal financing of low-rent housing and slum clearance projects.

Taft told reporters that while he wants federal-financed housing, it can wait until the January session. He said he is certain that the House won't pass any housing bill at all if it wraps up that provision.

Comedians Buy Oil Royalty Interest

CORPUS CHRISTI, Aug. 6 (UP) —"Amos and Andy" became Texas oilmen today.

A deed filed in the office of the Nueces county clerk showed Freeman F. Gosden and Charles J. Correll of Beverly Hills, Calif., a pair better known as radio comics Amos and Andy, had bought a royalty interest in 480 acres of the Stratton oilfield near Bishop.

Seller was Clayton N. Smith of Houston. The field has 15 wells and is leased to the Progress Petroleum company.

Two Killed In Kentucky Feud

HYDEN, Ky., Aug. 6 (AP) — A flareup of previous "trouble," relatives said, brought death from ambush to two cousins yesterday as they drove in pre-dawn darkness to the Leslie county courthouse.

Sheriff Wiley Joseph said one man was arrested on a charge of murder soon after the shootings and that the arrest of four others was expected at any time.

Dead were 25-year-old Burley Sizemore and 19-year-old John Henry Sizemore, distant cousins who live near this southeast Kentucky town.

Two Witnesses Unhurt

The two were struck down early Thursday as they drove with two companions—Gillie Woods, and his 16-year-old sister Mary—were the only known witneses. Each escaped injury.

Sheriff Joseph said Aldart Napier, 20, was arrested several hours after the two cousins were slain and that murder warrants also had been issued for Herbert Shell, James Feltner, and two brothers, Ray and Roy Morgan.

American Business Club Hears Pastor

"Democracy has always survived at a high cost; it cannot be gained cheaply nor sustained cheaply," Rev. Travis White, pastor of the First Christian church, declared in a talk at the luncheon of the American Business club at the Hilton hotel today.

Speaking on the crack in the Liberty Bell, Rev. White declared "that crack in the Liberty Bell is a symbol. . . . Cracks are developing in our democracy which have the same potential of destroying us.

"We need a moral anchor in our democracy," he said, citing the various factors which tended to destroy the great Roman empire and which threaten our democracy today.

He said "exploitation of what we have, frequency of divorce, excessive taxation, cheapening of citizenship through the killing off of the best youth in multitudinous wars" as the factors which destroyed the great Roman empire.

Rev. White declared "America needs a reconsecreation of individual men" for mutual trust and confidence if our democracy is to survive.

"No military defense can protect us from ideas which bore from within," he declared.

Rev. White was introduced by Preston Johnson, program chairman. Paul Barclow of Dallas and Kilmer Corbin of Lamesa were out-of-town guests at the luncheon.

been identified with activities of his church. In 1919 he was president of the Baptist Young Peoples' Union of Kansas; in the summers of 1929 and 1930 he was head ranger and naturalist in the educational division of Yellowstone National park, and in 1941-42 served as president of the Heart o' Texas council of Boy Scouts.

He is a fellow in the American Association for the Advancement of Science and is past president of the Texas Academy of Science. He is a member of the American Association of University Professors, Texas State Teachers association, American Eugenics Society and American Genetic association. In 1936-37, he was president of the Association of Texas Colleges and a member of the committee on standards of the organization in 1938-43; since 1936 he has been a member of the Southern Association of Colleges and Secondary Schools' commission on secondary schools, and since 1940 has been a member of the Social Hygiene association's national education committee.

Served On Commission

Dr. Jones was organizer and first chairman in 1937-38 of the Texas Council of Church-Related Colleges. He is a member of the South Texas Chamber of Commerce and has been a member of the board of directors since 1942. He also is a member of Sigma XI, Gamma Alpha, Tri Beta and Pi Kappa Delta, honorary fraternities. He is a past president of his Rotary club and a Democrat. He served on the Texas Bi-Racial commission which mapped establishment of the negro university of the state; Mark McGee, Fort Worth Tech board member, being chairman.

He has contributed many articles to magazines and professional publications.

Dr. Jones was married in 1923 to Ruth Scharl Bowerman, who died in 1927. In 1930, he was married to Florence George Maulsby, physical education instructor at Baylor. His eldest son, Robert B. Jones, 21, is a senior, majoring in business administration at Texas A. & I. A daughter, Elaine, 12, is entering junior high school, and Allen, 10, is a fourth grade student.

Negro GI Held After Killing 1st Sergeant

FAYETTEVILLE, N. C., Aug. 6. (UP)—Roland D. Sturrub, a Brooklyn, N. Y. negro GI who admittedly shot and killed his company first sergeant, was in custody of the FBI today pending a hearing.

Sturrub shot 1st Sgt. Hubert H. House, Alexandria, La., following a dispute over whether the negro refused to stand when ordered to do so by House.

Sturrub said the sergeant told senior officers he refused to get up and then had the negro arrested and confined to quarters. Sturrub charged that House lied about the incident and used his authority to cover up the falsehood.

"I took his authority away from him this time," the negro said.

Officers said Sturrub walked into the dayroom of his company in the 758th heavy tank battalion, whipped out a stolen automatic and fired three times at House.

Military police seized Sturrub immediately. The soldier made no attempt to dodge them. He was held for the FBI, and later taken to Fayetteville from the Fort Bragg post.

Goldfuss.

Mrs. Goldfuss called her husband and together they pursued Fox in their car. They overtook him two blocks away.

"Why did you kick my dog?" Mrs. Goldfuss cried.

Fox drew his gun, took the Goldfuss' car and started to drive away.

Mrs. Goldfuss screamed. Motorcycle Policeman Connie Poules roared up.

Fox put his gun to his head. Twice he pulled the trigger and twice the gun failed to fire. He was disarmed, the money was recovered, and Fox was taken to the North Oakland police station.

There Fox made his last snatch — for the FBI gun that killed him.

Jester Will Visit West Texas Towns

AUSTIN, Aug. 6. (AP) — Gov. Beauford H. Jester plans to visit in Pampa, Big Spring, Abilene and Corsicana over the weekend.

Jester said he would fly to Pampa today to attend a rodeo there and confer with National Guard officials regarding possible locations of armories and other matters. He said his visits to Abilene and Big Spring would also be for the purpose of conferring with National Guard officials.

Saturday night the governor plans to go to his home in Corsicana for the remainder of the weekend and return to his office Tuesday. He said he would not be present at a meeting of the state Democratic executive committee here Monday.

Five Coal Miners Die In Slate Fall

WELCH, W. Va., Aug. 6. (UP)—Five men were killed and eight others injured today in a slate fall in the No. 11 mine of the New River And Pocahontas Consolidated Coal co. at Capels near here, the state mines department reported.

The accident happened as about 75 miners were riding to the mine entrance on the "man trip" at the end of their shift. Without warning, a 25-foot chunk of slate, 18 inches thick, struck two of the 25 cars.

JAIL EMPTY BRIEFLY

OKLAHOMA CITY (UP) — The county jail had no women occupants for a 50-minute period, for the first time since the new courthouse was built in 1938. A woman released for arraignment spoiled the record when she returned to her cell. The jailer said he had hoped she would make bond.

Nurses Sought For Polio Center Work

Appeal for graduate nurses to help at the polio center at Plainview has been sent to Red Cross chapters by the National Polio foundation, it was announced early this afternoon from Lubbock county Red Cross headquarters.

Fifteen patients are acutely ill with poliomyelitis in the hospital, the announcement stated.

Graduate nurses willing to work there, even for a short time, were asked to telephone the Red Cross office, 8534. A good salary plus living allowance will be paid, it was stated.

Burglary Wednesday night of Kuykendall Chevrolet company, at Nineteenth and Texas Ave. in Lubbock, when the registered bonds and a 5-cent piece were taken.

All bonds and perhaps all properties taken from the supply company in Lubbock were recovered, LaFont quoted officers as saying.

The money and the cigarets probably were the only loss to business men over the brief foray, it was said—that and slight damage done to business houses incident to breaking and entering.

Sheriff Ted Andrews and Chief of Police Hoyt Curry and their departments conducted the investigation here. Dep. Sheriff Raymond Land and Captain of Detectives Pat Davidson, both of Lubbock, assisted them, it was announced.

The next regular grand jury has been called to meet here in November.

Fort Worth Man Released In Death Of Farmer At Farwell

FARWELL, Aug. 6 (UP) — A Fort Worth liquor store operator, arrested in connection with the rifle-shot death of O. T. McDaniel, retired farmer, was released without bond today after two witnesses failed to identify him.

Carl E. Williams, 43, was arrested by Texas rangers in Brownwood yesterday on a murder warrant sworn out by Ed McDaniel, the dead man's brother. Also named in the warrant was a second suspect still being sought by police.

Secret Note Found

Officers discovered a note apparently written by the retired Melrose, N. M., farmer shortly before he was shot Tuesday while sitting in his car parked beside a highway near here.

The note, police said, appeared to have been written secretly by McDaniel beneath the steering wheel of his car. It described two men with a rifle seated on the running board, trying to decide what to do with him.

McDaniel is also said to have written that the men followed him from Goldthwaite and described their car.

Gun Purchase Revealed

Meanwhile, Texas rangers said the death weapon, a .22 caliber rifle, was purchased at Roscoe the day before the shooting.

Authorities surmised that McDaniel's death was connected with an oil lease on a 210-acre tract in Mills county. McDaniel paid $12,600 for the lease to an unidentified man at Littlefield.

Officers also were reported looking for a man with a record as a counterfeiter in connection with the case.

Meat Prices

(Continued From Page One)

launched a "buy no meat for two weeks" drive. The guild president, Mrs. Mary Higgins of Boston, warned that "the high cost of meat will continue unless housewives stop buying at these prices."

Mrs. H. Blain Lacy, wife of a machinery parts executive, began contacting women at Tulsa, enlisting their aid in a "no meat for a week" strike.

Telegraphs President

Mrs. Susan Foley of Los Angeles telegraphed President Truman, asking him to make a radio speech in which he would offer to lead a national women's meat strike "as he led the Army and Navy in war."

At Jacksonville, Fla., Russell Rowe, a 14-year-old shut-in, was telephoning 50 numbers a day, asking people to boycott meat.

Indianapolis meat retailers reported that they were forced to jack their prices again during the past week. Prime rib roast jumped from 72 to 77 cents, pork chops from 77 to 80, and lamb chops from 95 to 97 cents. Most retailers believed prices would drop if an organized buyers strike developed in the city.

Vegetables Are Chosen

At Memphis, C. C. Meadows, president of the city's Retail Grocers association, said customers seemed to be shopping for protein-heavy vegetables to take the place of meat.

He said that a recent two cent per quart milk price increase in the city was not justified because "pastures are better than ever, and cattle feed prices are down 10 per cent.

Mrs. J. E. Jones, sr., who is leading the price strike at Houston, reported that the campaign was gaining success and that women were sweeping past the meat counters in local stores.

She said that one little girl, passing the butcher with her mother, enjoined loudly:

"Don't even look at him, mommy."

ORANGE, Aug. 6 (AP) — Fred Hanscom, Orange newspaperman, picked up traffic officer Ellis Landry for a ride to a luncheon meeting of a club to which they both belonged.

Running a bit late and trying to avoid the club's customary 10-cent fine for tardiness, Hanscom got a little heavy-footed on the speedometer.

That was yesterday.

This morning he went down to traffic court and paid a fine for speeding. Landry was a conscientious cop.

Spy Inquiry

(Continued From Page One)

quate anti-inflation legislation

Remington, 30-year-old suspended Commerce department official, was identified by Elizabeth T. Bentley as one of several government workers she says passed wartime information to her for a Communist espionage ring.

Miss Bentley testified she was a courier, traveling between New York and Washington, for the ring.

Although public hearings are being suspended, Ferguson said the Senate group will continue to dig for facts on Remington and the entire government loyalty program at closed hearing and "by any legal means."

The House subcommittee went to unusual efforts to keep its activities from being known.

A heavy curtain of secrecy, almost akin to wartime censorship, was drawn around movements of the subcommittee. The names and number of members were a deep secret for some reason that nobody would explain.

The subcommittee was supposed to leave last night, arrive at its destination by noon today, start questioning the mystery man this afternoon and get back to Washington by Monday.

The special hearing group was set up late yesterday when an investigator hurried into a locked-door committee meeting with word that another key witness had been uncovered.

Mundt said that as a result the spy ring case ought to be cracked "wide open" in public hearings next week. Hearings for the rest of this week were ruled out.

bishop with a pistol in the drive way of his home, fired two wild shots at him as he fled, and then forced him to return to the house where he robbed him of $25 and keys to his automobile.

"I wish I hit him," Higgins quoted Pike as saying.

Phone Wires Cut

Lang said Pike also told police he took a .22 calibre target pistol and a double barreled shotgun and cut the telephone wires to the bishop's home before he escaped in the car.

The three weapons and ammunition were found in the car when Pike was arrested.

Bishop Heron told police the gunman told him how he had killed Zayka and placed the youth's body in the basement.

The clergyman reported he was fired at after Pike declared "one or two more dead ones do not matter."

The bishop said he followed blood stains down the cellar stairs and found Zayka's body with severe wounds in the abdomen, chest and head.

Then, he related, he rturned upstairs, found the telephone wires cut and ran a quarter of a mile to a neighbor's house and called police.

Artificial Insemination Is Approved In British Report

LONDON, Aug. 6. (AP)—A commission appointed by the Archbishop of Canterbury has approved the practice of artificial insemination when it involves husband and wife.

But it condemned the artificial insemination of a woman from a man other than her husband. It urged that the practice be outlawed outside the marriage relation.

The commission of doctors, theologians and lawyers published its findings in a 70-page report.

It held that between husband and wife "assisted insemination" (that is, following an attempt at a normal sex act) may be justified and, if that fails to produce offspring, other methods "may be justifiable."

Not Church Document

But the practice of artificial insemination of a woman from a man other than her husband, the commission said, "involves a breach of the marriage. It violates the exclusive union set up between husband and wife. It defrauds the child begotten and deceives both his putative kinsmen and society at large."

The archbishop, the most. Rev. Geoffrey Francis Fisher, subscribed to the findings. He noted, however, that the report is not to be taken as a Church of England document. The very Rev. W. R. Matthews, Dean of St. Paul's Cathedral in London, was the only member of the commission to differ with the view that artificial insemination by a donor should be outlawed.

White Sands Project Set

WASHINGTON, Aug. 6 (AP) — The army gave its engineers $3,525,100 today for special military construction at the secret guided missile center at White Sands.

It also allotted $40,907,085 to bolster the nation's ramparts in Alaska, where a lack of housing has forced a delay in plans to increase ground force strength.

Funs for the New Mexico and Alaska projects were among top items in a $612,700,000 expansion program announced by Secretary of the Army Royall. Of this total $151,000,000 was earmarked for army and air force construction in 27 states and 10 overseas areas.

Pacific Projects Included

The army engineers also will spend $429,000,000 during the fiscal year ending next June 30 for such things as equipment, maps, research and maintenance operations. In addition, Congress gave them $32,700,000 extra to continue work underway in Guam, Okinawa and Alaska — mostly housing.

The major item in the White Sands allotment is a dust-proof assembly plant for guided missiles Army, air force and navy ordnance experts have been testing captured V-2 rockets in the desert proving ground for some time Plans for an assembly plant indicated progress in producing similar missiles of American design.

The army also set aside $1,228,800 for an experimental hydroelectric pilot plant and a mixing building at the Picatinny arsenal in New Jersey.

The Queen Mary, trans-Atlantic liner, has 12 decks of which the main deck is 750 feet long.

Commission Okays Deeding Of Land For Air Field Use

The Lubbock City commission yesterday added impetus to Air Force plans to reactivate the wartime Lubbock Army Air Field by agreeing to deed city-owned acreage at the field to the federal government.

In a special meeting with members of the Chamber of Commerce Committee on Military Affairs, the commission voted unanimously to comply with a request recently received from the Army Corps of Engineers to make the approximately 1,500-acre property permanently available to the government for Air Forces use. In the deed delivered to the government, however, the City of Lubbock will insist upon a clause under which the real property involved will revert to the City if and when the government ceases to use it.

Present at the meeting, held in City Hall, were Mayor W. H. Rodgers, and Commissioners W. B. Price and Clarence Whiteside. Absent were Commissioners E. K. Hufstedler, jr., and John Spikes. Chamber of Commerce Military Affairs committeemen present were L. E. Davis, Homer D. Grant, Homer Maxey and Chas. A. Guy. Also present were C-of-C Manager A. B. Davis and former Mayor Overton Ribble, under whose administration a similar agreement was reached between the City of Lubbock and the Air Forces, but which has not yet been put in force.

Ancient Horoscope Sent For Reading

CAIRO, Aug. 6 (U.P.) — An ancient Egyptian horoscope dating back to 1286 B. C., or 3,234 years ago, has been sent for reading at an orientalists' conference in Paris.

The horoscope is written on a papyrus scroll eight yards long and seven inches wide. It was translated by Dr. Abdul Bakir.

The papyrus, in the form of a calendar, tells ancient Egyptians that each day of the year is favorable for certain actions. It also lists things that should not be done on certain days. The scribe likewise seemed to know the length of every day of the year.

Names Of Month Given

The names of the months are identical with those of the Coptic calendar, still in use among Egyptian farmers.

Although a 12-month calendar was in use at the time, the author of the papyrus adds a thirteenth That means to archaeologists that the ancient Egyptians found it necessary to add one month every few years.

The calendar lists the Nile flood festival, which is still celebrated every year, and is known as the Cutting of the Khalig.

Newspaper Tax In Minnesota Illegal

ST. PAUL, Minn., Aug. 6 (U.P.) —Minnesota's attorney general has ruled that a proposal to collect a one-cent tax on every copy of daily newspapers published in Minneapolis is unconstitutional.

Alderman George Todd suggested the tax as a means of bringing in an additional $2,000,000 a year to bolster the city's sagging public school fund.

Attorney General J. A. A. Burnquist ruled that the proposal discriminated against publishers of daily newspapers.

He held further that the tax would, in effect, curtail circulation of daily newspapers and thereby infringe on freedom of the press under both the federal and state constitutions.

Fleeing Of Greek Rebels Is Reported

ATHENS, Aug. 6. (AP)—Remnants of Markos Vafiades' Communist rebels were reported fleeing in confusion toward Albania today after a 48-hour hammering by Greek army forces.

The attack toppled one Rebel position after another, a general staff spokesman said. In the entire Mount Grammos area the guerrillas now are said to be holding only four villages.

The spokesman said government forces seized Kastaniani, Pyrosoyanni, Kantzikon and Langada yesterday, clearing the whole area south of the Sarandaporos river of guerrillas.

Western Front Collapses

Markos' western front also collapsed. Vourbiani and Steno on the slopes of Mount Kaemenic on the Albanian border were both reported held by Greek troops. Steno was the key to Markos supply route from Albania. He now is said to have but one supply line left.

The four villages still in Rebel hands are Aetomilitisa, Lykorrachi, Assimohori and Grammos itself, barely a mile from the Albanian border.

MOOSE JOIN COWS

ROCHESTER, N. H. (U.P.)—When Wilfred Gagne gazed from a window of his farm home, he was astonished to see two moose grazing in a pasture with his cows. As he ran out for a closer view, the moose dashed away into nearby woods.

Golden Gate 'Suicide Scene' Put Down As Communist Hoax

SAN FRANCISCO, Aug. 6 (AP)—A "suicide note" and women's clothing found on the Golden Gate bridge were written off by police today as a Communist device to discredit a witness at the Washington espionage hearings.

This conclusion was reported by police Inspector Thomas Fitzpatrick, who specializes in Communist investigations for the local department.

Motorist Noted Incident

The clothing and typed note were found early Wednesday on the bridge. The unsigned note was addressed to "E.T.B." which are the initials of Elizabeth T. Bentley, important government's witness at the hearing. The unsigned note seemed to indicate the writer had jumped from the bridge with her baby because of Miss Bentley's testimony.

Fitzpatrick's conclusion was supported by a motorist who reported he saw a bundle of what appeared to be clothing thrown from a car on the span in the early foggy hours before dawn on Wednesday.

ACTRESS IS SUED

HOLLYWOOD, Aug. 6 (INS) — Screen Cutie Peggy Ann Garner, 16, was sued for $2000 for publicity services allegedly rendered by Press Agent Henry C. Rogers.

Traffic Court Has Very Unusual Day

PHILADELPHIA, Aug. 6 (AP) — It was a great day for the motorist in Philadelphia's traffic court.

Nine times out of ten when Mr. Driver gets a ticket for illegal parking, speeding and such, he pays a fine.

Yesterday, however, the following results were recorded:

The case against Mrs. Elizabeth C. Morgan, cited for lending her motorcycle to an unlicensed driver, was dismissed. Mrs. Morgan doesn't own a motorcycle.

Helen Poreca, accused of illegal parking at a South Philadelphia address, proved there is no such address.

Edward P. Gishen convinced the court he and his car had been out of town on the date he was charged with illegal parking.

Timothy Redan and William J. Lehan, jr., accused of passing stop lights, produced proof there are no stop lights at the intersections involved.

Blaze Is Fatal To Caretaker, Horses

BUTLER, Pa., Aug. 6 (AP)—A 79-year-old caretaker and four race horses perished last night in a blaze that destroyed a large barn on the Butler county fairgrounds.

The body of Lou Patton, caretaker who had living quarters on the grounds, was found in the ruins of the barn after the flames had been extinguished.

Firemen expressed the belief Patton had been asleep when the fire started.

The horses were owned by A. J. Richards of Butler, president of the Butler County Fair association.

Richards, who estimated his loss at $30,000, said the horses burned to death were two colts out of Billy I Direct; their dam, Grattan Maid, and a horse named R. J. Richards.

GOP Nominees Plan Meeting

PAWLING, N. Y., Aug. 6. (AP)—The Republican standard bearers in the November election are going to get together for another conference on campaign plans.

Gov. Thomas E. Dewey of New York, the GOP presidential nominee, and his running mate, Gov. Earl Warren of California, will meet in Albany, N. Y., Aug. 16 and 17.

Herbert Brownell, jr., Dewey's campaign manager, will join them at the strategy session. Other advisers of the candidates might sit in.

Previous Meeting Held

Dewey and Warren conferred at the New York governors farm home here shortly after they were nominated at the Philadelphia convention.

James C. Hagerty, Dewey's press secretary, announced last night that Warren had arranged to go to Albany, the New York state capital, for another round of pre-campaign discussions. The decision was made during a telephone conversation Dewey and Warren had yesterday.

Hagerty said they plan to go over campaign plans generally, with special attention to the issues to be discussed. The campaign is expected to get underway shortly after Labor day.

Planes Leave Europe For Base In Kansas

WIESBADEN, Germany, Aug. 6 (AP)—Three U. S. B29s took off here last night on an non-stop flight to Smoky Hill air base, Kansas.

The planes carried extra fuel tanks for the hop. They had been on temporary duty here and are returning to their home base.

Study Of Amazon Plants Will Be Made In Cancer Research

By PAUL F. ELLIS
United Press Staff Writer

NEW YORK, Aug. 6.—Scientists at Memorial hospital today began a study of 400 types of medicinal plants brought back from an Amazon valley jungle where an Indian tribe never has been known to have cancer.

Each of the plants, some believed deadly poison, had a tradition going back many centuries when Indian "medicine men" started to use them to treat disease.

The plants were collected by Arthur J. Burks, who became interested in cancer research after his first wife died of the disease. Before leaving for Brazil with his second wife, Ruth, of Paradise, Pa., Burks made arrangements with the hospital for a study of the plants.

Study Being Made

The hospital now is making a long-range study of many thousands of compounds, hoping to find one that may work for cancer. In Burks' collection, they may find a clue.

Burks said today that missionaries who have been with the Mundurucu tribe for many years told him that none of the Indians had been known to have cancer. They attribute this probably to a lack of salt in their diet, eating of little fat, and to bathing 2 to 20 times a day in the black water of the Amazon swamp country.

One type of plant brought back by Burks is known as the Matacalada. It is one of 13 types of plant from which the ingredients of curare—a paralyzing drug—is obtained. Burks said the Indians use the Matacalada to kill off unwanted animals and said that a dog will die within seconds after eating the plant.

Still another plant was the herva de chumbo, a parasite, that resembles a fish net. It is yellowish and creeps along the ground. Tradition has it that the herva de chumbo has been used by Indians for many years in the treatment of kidney disease.

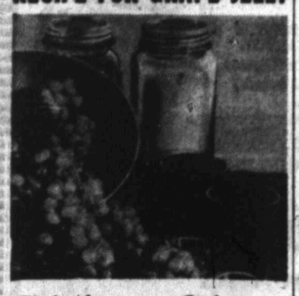

The poison ivy plant of the Mundurucu Indians is the ortiga, Burks said. They smear it on their bodies before going swimming. According to tradition, it keeps away the electric eels.

Burks' collection also includes numerous molds such as produced penicillin, and bottles of a rubbery sap taken from trees.

In all, the Burks spent about five months in the jungles some 500 miles or more from the mouth of the Amazon. They lived on the same diet of the Indians—except for one item.

"The Mundurucu Indian likes monkey," Burks said. "We couldn't go for that."

TRY THIS OLD FAMILY RECIPE FOR GRAPE JELLY

Wash and stem grapes. Crush grapes, add small amount of water and boil 15 minutes. Press through a jelly bag and strain. Measure juice and heat to boiling point. For each cup of juice add ¾ cup of Imperial Pure Cane Sugar. Boil rapidly to jelly stage. To prevent the formation of crystals allow the extracted juice to stand overnight in a cool place. Next morning carefully pour the juice into sterilized glass jars and seal.

Explorers Describe Tribal Ceremonies

SAN FRANCISCO, Aug. 6 (U.P.)—Tme blood-letting ceremony of the Masai, an East African tribe which lives on a diet of blood and milk, is described in a communication from the University of California's African expedition party in Kenya.

Members of the expedition witnessed the rite performed by a Masai tribal elder and two warriors armed with spears and a bow and arrow. A young steer was selected and an arrow shot into his neck. The blood was then allowed to flow into a gourd half filled with milk.

Wendell Phillips, head of the expedition, said the Masai elder drank this mixture with obvious enjoyment. However, members of the expedition declined as graciously as possible.

MAN JUMPS FROM BRIDGE

SAN FRANCISCO, Aug. 6 (INS)—A man dressed in sports clothes leaped from the Golden Gate bridge this afternoon. He was the 101st suicide from the bridge. A painter, working on one of the bridge towers, told police the man appeared to be about 35 years old and wore a cream colored shirt and tan slacks. The painter reported the suicide leaped from the center of the span.

Treasurer Of Bowling Team Is Convinced Money Sometimes Turns Up From Nowhere

READING, Pa., Aug. 6 (AP)—Money may not grow on trees, but Martin Boyer is convinced it sometimes springs from nowhere.

Boyer, treasurer of a knitting mill bowling team, placed a cigar box containing $800 on the running board of his car last night while he was preparing to drive to a New Jersey seashore resort.

Then he forgot the box and drove off. The box fell off the running board right in front of the knitting mill where Boyer works.

Boyer didn't discover his loss until he reached the shore and telephoned West Reading Police Chief Raymond Miller. Meanwhile, other knitting mill employes reported the license number of a motorist they said they saw pick up the box.

Boyer and chief Miller went to the motorist's home and recovered the box, which now contained—not $800 but $719.40. An additional $77 was turned in by knitting mill workers who said they found the money.

No one could explain the extra $196.40.

Texas Widow Gives Up Sitdown In Mansion But Fight Not Over

WHITE PLAINS, N. Y., Aug. 6. (U.P.)—Tired of roughing it in a millionaire's mansion, Doris Furst, 24-year-old Texas widow, gave up her eight-day maternity sitdown in the home of Joseph Bancroft today.

However, she declared that she would never rest until Bancroft is forced to support her unborn child which she claims he fathered.

Mrs. Furst quit the Bancroft home on the advice of her attorney, who feared for her health since heat, lights and phone service had been cut off by the millionaire manufacturer in his efforts to dislodge her.

Mrs. Furst said she planned to enter a home for expectant mothers and would begin legal action against Bancroft after her child is born in November.

Locks Doors On Exit

"I'm going out, but I'm not surrendering," said Mrs. Furst. "I'm still going to press my fight until Joe agrees to make proper provision for junior. As I've said from the beginning, I'm not trying to get anything out of this for myself."

The red-haired former model began camping in the Bancroft mansion last week with the declaration that she would remain there until the millionaire made provision for the child she charged he fathered.

Mrs. Furst carefully locked the door against intruders as she left the Bancroft home.

"I wouldn't want anyone to be in Joe's house that doesn't have the right to be there," she said.

GOP Congress Leaders Decide Dewey Pleased With Program

By JACK BELL
Associated Press Staff Writer

WASHINGTON, Aug. 6.—Republican leaders in Congress decided today that Gov. Thomas E. Dewey apparently is satisfied with their anti-inflation and housing program.

One of these leaders, who asked not to be quoted by name, said this belief grows out of what he called the fact that Dewey has not sent any word to the contrary.

Herbert Brownell, jr., Dewey's campaign manager, has been kept posted at all times on party plans, and some of the GOP chiefs have talked to the presidential nominee by telephone.

May Be One Way Affair

Yet by some Republican accounts here this has been pretty much of a one-way affair, without exact indications as to what the New York governor wanted.

The GOP lawmakers figure that, whether he likes it or not, Dewey is going to have to defend his party's special session record once the presidential campaign get under way.

For this reason, some of them said they don't see why he didn't make his views known to them more specifically while they were drafting the bills.

Whatever Dewey's motive, the Republicans—and the Democrats—will be awaiting a statement from him when the special session winds up its work, probably next week.

New Blast Possible

The adjournment may be the signal for a new blast from President Truman against the GOP lawmakers. He seems likely to get only a small toehold on the anti-inflation powers he asked, although he may fare better on the housing front.

Whether Mr. Truman will veto the bank credit-installment buying-gold reserve bill passed by the House yesterday and now in the senate committee seemingly remains undecided.

The Democrats will try—without any hope of success—to add price-wage and rationing controls to it in the Senate.

Apparently it is the Democratic plan for Mr. Truman to stay on the job here without any major campaign speeches until Labor day. Friends think he is almost certain to accept one of what Democratic Chairman J. Howard McGrath said were "hundreds" of invitations to speak then.

Reps. Dingell and Lesinski, Michigan Democrats, talked hopefully after a White House visit yesterday of a Truman speech at a Detroit Labor rally on that day. But administration aides said there has been no decision where Mr. Truman will go.

Meanwhile, his congressional supporters were carrying on for the President.

Senator Lucas of Illinois, assistant Democratic leader, told a radio audience last night that apparently Governor Dewey and the Republicans "would rather see nation-wide bankruptcy" than have Congress restore price controls.

Predicting a bust if prices are not held down, Lucas declared that Dewey and the Republican leaders "know how desperately inflation is grinding down the vast majority of the American people."

"But no amount of persuasion, no plea of logic will force them to admit that this is an emergency," Lucas said.

Reds Free Majority Of Jap Prisoners

TOKYO, Aug. 6 (AP)—Russia has released well over half of the Japanese she captured at the end of the war, allied headquarters disclosed today in a recapitulation of the number of Japanese returned home since the surrender.

Occupation headquarters said Russia had freed 757,000 Japanese and still is holding 568,000 prisoners of war.

Citizens Of First Atom-Bombed City In World Hold Their Second Peace Festival

HIROSHIMA, Aug. 6 (AP)—Hiborshima, the first atom bombed city in the history of the world, held its second peace festival today and its citizens prayed there would be "no more Hiroshimas."

At 8:15 a. m., the exact moment when the atom bomb fell three years ago today, the citizens of this scarred city prayed for world peace and the repose of the thousands of victims of the atom bomb used against man.

Mayor Shinso Hamai led his 230,000 fellow citizens in the prayer and the renewal of "solemn vows to contribute our bit to the peace of the world."

Hamai recalled the bombing in these words:

"The whole city was razed to the ground. There was nothing left but ruin and disaster. No one can give a full account of the awful sufferings and grievous miseries this single bomb brought to the living as well as the dying. More than 100,000 innocent people lost their lives on that occasion. The fear and trembling we experienced are indeed quite beyond description."

The city was silent except for the tolling of a bell in the peace tower erected at the spot over which the bomb burst.

At the conclusion of the prayers a girl released a covey of doves which wheeled over the rebuilding city.

Refugees From East Crowd Lower Saxony

HANNOVER, Germany, Aug. 6 (U.P.)—Housing and refugee officials in the state of Lower Saxony have issued a plea to less-crowded states to give asylum to the thousands of refugees who are pouring in from the east.

Officials state that 44 percent of the population in that state have arrived recently from the Soviet zone.

The situation there is described as "desperate" and the state provincial government has asked assistance from military authorities, seeking barracks and blocks of apartments which are still requisitioned by the Army.

Virginian Charged In Father's Death

LYNCHBURG, Va., Aug. 6. (AP)—John Fogle, 50, was charged here yesterday afternoon with felonious homicide in the death of his 83-year-old father, George B. Fogle.

The elder Fogle died Wednesday night in an automobile after an alleged fight between father and son. Coroner J. A. Wilkins said death was caused by a ruptured aorta, a large artery near the heart. Any beating the man might have received and the excitement of a fight, he said, could have aggravated an already prevalent case of high blood pressure and caused the death.

That Girl on Broadway says they must call 'em "charge accounts" because when you total 'em up they give quite a shock!

Four-fifths of all women-haters are women.

* * *

WE'VE always heard that there's nothing in the world more unpredictable than politics in New Mexico and now we're prepared to believe it.

Editor Dan Burrows, of the Albuquerque Tribune, has dug up his own Presidential candidate for this year and all the succeeding years to come—until the guy finally gets to the White House.

Furthermore, Bro. Burrows freely admits that he has no idea whether his "dark horse" is a Republican, or a Democrat, a New Dealer, Old Dealer, or a Wallace Bum Dealer.

Says Editor Burrows:

"Frank Sragel, of Detroit, is going to be elected President of the United States one of these days, we believe, and we have no idea what party he belongs to. Mr. Sragel has invented an apparatus for lifting an automobile without fuss or strain, so that a tire can be changed. It's all rather simple, Science Service reports.

"Four hydraulic jacks are attached permanently to the frame of the car, one near each wheel. All are connected to a master cylinder which is operated by the conventional brake pedal. When a tire goes flat, all a driver has to do is to turn a little gadget designating which wheel he wants lifted; pump away with his foot on the pedal, and the wheel is quickly hoisted clear of the road.

"When the tire has been changed, he presses another gadget, the wheel is let down and the jack retracted.

"We hope Mr. Sragel becomes a multimillionaire, is elected President and that all his wishes come true. He is a real friend of the people."

* * *

For our part, we can't join Albuquerque's Mr. Burrows in supporting Mr. Sragel for President.

We'll support him for Vice President, but our loyalty for the top spot is reserved for the guy who figures out a refinement to the Sragel invention—a gadget which will take the spare out of the turtleback, put it on the wheel, and put the flat in the turtleback, all by pushing a button or giving the pedal a few pumps!

DON IDDON is one of the abler British newspaper reporters. As such, he is stationed in the U. S. by the London Daily Mail, for which he writes a daily column on those goings-on in this country which may be of especial interest to Englishmen.

The other day, Mr. Iddon gave way to an urge which most of us will be able to understand, especially when we think of the happenings which prompted it.

Said Mr. Iddon, to his British readers:

"I am saying this to Americans, because someone had to say it . . .

"GIVE UP THE ABUSE!

"I am saying to the Americans, 'Come, gentlemen, behave yourselves. The tired, hungry world is watching.

"Every other man, according to the orators, is an idiot and a fool, and the rest are scoundrels. Even the head of the State, Mr. Truman, has become infected with the tantrums, and in a weird trek across the country, seeking votes, he scoffs and gibes at Congress, calling it the worst in history. Congressmen sneer back, calling the President of the United States and their Commander-in-Chief 'a nasty little gamin,' 'a Congress-tanned Missouri Jackass hide.'

"The spectacle is not edifying and one wonders what has got into the World's No. 1 nation.

"The current political wisecrack against the President is, 'I wonder what would have happened if Mr Truman had been alive' . . ."

* * *

In giving us an opportunity of seeing ourselves as others see us, England's Pundit Iddon has done us a favor.

Politicians on both sides of the fence have gone too far: members of the Congress and even the President, himself, whose acceptance speech at Philadelphia ounded as if, Life magazine says, "he has decided to campaign for the Presidency by methods used by a Missouri sheriff in an Ozark mountains county."

Someone should whisper to Mr. Iddon, however, that Mr. Truman isn't Congress' "Commander-in-Chief."

As far as all U. S. civilians are concerned, the war's over. And even in wartime the President is "Commander-in-Chief" only of the armed forces. His "commandership" over the civilian population is purely technical.

* * *

That Man on Avenue Q says what a lot of us need most is a transparent 8-ball so we can see where we're going!

* * *

It happened on an Arnett-Benson bus.

A young woman was sitting on the same seat with a man and her dress definitely wasn't of the "New Look" variety. It was so short, in fact, that every time she moved it slid up—and she'd try to yank it down.

Finally, after about 10 blocks of yanking on the part of the young woman, her eyes met the eyes of the man.

He smiled and said: "Relax, sister, relax. My weakness is whiskey!"

* * *

AS FAR as the Wallace Third party is concerned, it begins to look like American history is repeating itself. In short, it appears that Mr. Truman has kidnaped enough of the Wallace platform to cause the Moscow-supported "Progressive Party" to collapse of its own weight.

A half-dozen third parties have been started since the close of the Civil war and all of them have gone down the drain, only to find the Democratic party picking up some of their platform planks.

The Greenback party, founded in the 1870's, eventually flopped. But the Democrats of Woodrow Wilson's time plumped for the Greenback's principal goals: women's suffrage and a federal income tax, both of which we, happily, have with us now.

The Populist party of the 90's, advocated a lot of the things that Franklin Roosevelt's New Deal put over a generation later, including, fortunately, government crop loans. The Roosevelt New Deal also took over many of the reforms, some good, some bad, as proposed by Teddy Roosevelt's Bull Moosers and Gene Debs' Socialists.

President Truman, titular head of what's left of the Democratic party, has taken the Wallaceites' civil rights program, lock, stock and barrel. He agrees with the Wallaceites that the individual states have few, if any, rights of their own. His program partially embraces the Wallace theory of placing business, as much as possible, under the direction of the government. He accepts, too, the Wallace-blessed theory that the politicians also should run the public schools. Truman again joins Wallace in favoring repeal of the Taft-Hartley act, which protects worker and the public, alike, against some of the excesses of the labor bosses.

That whrrrrrr-ing sound you hear is caused by Jefferson and Jackson turning over in their graves!

BY DREW PEARSON: REPUBLICANS WORRY ABOUT REACTION OF FOLKS BACK HOME

Some Of GOP Want Action On High Living Costs

WASHINGTON.—House Republicans shoved the Democrats off the House floor the other day, locked the doors, and obediently rubberstamped the decisions of their leaders at a cut-and-dried caucus.

PEARSON

Only a mild protest was raised by one Republican—Minnesota's Walter Judd, who wanted to know whether the leadership had intended to commit the Republicans without holding a conference. He referred to the fact that G.O.P. chiefs had answered President Truman's message without talking it over with members of the party.

Speaker Joe Martin pacified Judd by saying that the statement drafted by the leaders was only a "proposed statement." If it wasn't adopted by the caucus, he promised, a new one would be drafted. Needless to say, it was adopted unanimously.

Before the rubber-stamp vote, Rep. William Dawson of Utah urged his colleagues not to close the session "without making an honest, conscientious effort to do something about the high cost of living.

"We may not agree with the President on price control and rationing," Dawson declared, "but the people still expect us to do something about high prices."

Martin agreed that the committee should "tackle the problem" and give it more than superficial examination. Even majority leader Charlie Halleck admitted that "we should not be cavaliers and dismiss the session with a polite bow." However, he made it clear that he still favored an "early adjournment." This last remark was greeted with boisterous applause.

NOTE—Even this was a change of heart for Charlie, who had argued for an immediate adjournment until he was knocked back on his heels by Speaker Martin and Senator Taft.

* * *

"Splendid Congress": Martin

Ohio's wealthy Mrs. Frances Bolton wanted to know whether the Republicans planned to issue a detailed statement answering Truman's message. Speaker Martin replied the job had already been done in a speech before the House by Illinois' Everett Dirksen. He also mentioned radio addresses by Taft and Halleck.

The Speaker urged the members, when returning to their districts, to refute President Truman's charge that the 80th Congress was the "second worst" in history.

"The 80th Congress has done a splendid job," he defended. "And it will become known as soon as the members get back into their districts and let the people know the true record."

Halleck said a reporter had called him from Indianapolis and asked whether it was true that the Democrats would be able to override the Republican leadership by getting enough Republicans to sign discharge petitions.

* * *

"I told him I didn't think there was anything to it," the majority leader added.

Note—New York's Jack Javits leaped to his feet and demanded changes in the displaced persons act and action on the $65,000,000 loan for building a permanent U. N. home in New York.

"We already have the hole dug," he shouted.

Broke in isolationist Frederick "ODC" Smith, the Ohio horse doctor: "Inasmuch as you already have the hole dug, you may as well put the whole United Nation in and bury it."

Note — Presidential Candidate Tom Dewey telephoned Senator Taft and Speaker Martin that he would like the special session to act on at least two points in President Truman's message—liberalize the displaced persons act and approve the loan for building United Nations headquarter in New York.

* * *

FOR calling Congress "Irresponsible," Secretary of Agriculture Charlie Brannan was given a stern scolding this week by President of the Senate Arthur Vandenberg.

Even hotter under the collar with resentment, junior statesman Cabot Lodge of Massachusetts pounded the table and tried to jam respect for the 80th Congress down Brannan's throat. But after Republican tempers had cooled, Brannan still hadn't retracted his statement.

Facing his first congressional firing squad since taking office, the young secretary of agriculture met behind closed doors with the senate foreign relations committee to appeal for ratification of the international wheat agreement, of great importance to farmers. Instead of taking up wheat, Vandenberg, scowling sternly, ordered Brannan to read an interview which he had granted to the New York Times. In the text, Brannan called Congress "irresponsible" for not ratifying the wheat agreement.

"You had no right to use that sort of word," snorted the big Michigan senator.

Then he pointed to the senate's bipartisan record on foreign policy, demanded to know how Congress could be called irresponsible after passing the European recovery program and the peacetime draft. His own foreign relations committee, Vandenberg insisted, had voted unanimously on all important issues.

* * *

After Vandenberg's stern lecture had run its course, Lodge broke in: "I interpret this charge to have been directed at me!

"Neither the committee nor I should be subject to that kind of charge!" shouted the Boston back bay senator, using his fist for a gavel.

Brannan had mentioned Lodge in the interview as chairman of the subcommittee which failed to act on the wheat agreement.

"You can't pass that kind of bill in the limited time available," thundered Lodge, still flushed with anger.

Finally Senator Tom Connally, Texas Democrat, interrupted. "Let's get on the merits of the case and close this political show," he urged.

"I have never dragged politics into this committee," Lodge sputtered back.

Brannan assured the committee that he held it in high esteem, that the teamwork of Vandenberg and Connally had demonstrated the ability of opposing groups in a democracy to work together in the best interests of the people. However, Brannan recalled that he came into the government at a time when wheat farms were lying uncultivated—not because the land wasn't productive but because the cost of growing wheat was more than the market price.

Therefore, Brannan added, he was "deeply moved" when an opportunity to guarantee wheat farmers a market seemed lost. The wheat agreement would guarantee a world market for U. S. wheat for five years.

Lodge interrupted once to demand whether Brannan still stood on his original statement.

But Brannan ignored the question and went quietly on with his discussion.

The crime wave seems to never waver.

Watch And Spray

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

THE woman who had recently attended a 25th reunion of her college graduating class was amazed at how little her classmates had changed in a quarter of a century.

MILLETT

"Their looks had changed but not their personalities," she said. The girl who always had to be the center of attention was still pulling tricks to hold the center of the stage.

"The quiet, calm, collected girls were well-poised women. The grinds were still taking life seriously. And the flightier members of the class were still running around in circles.

* * *

"I DECIDED during that reunion week," she said, "that I was going to try harder than ever to curb my own least desirable traits. For I became convinced that unless we make a real effort to change for the better the qualities we had when we were young become more and more emphasized as we grow older."

She's right, of course. Time doesn't change us. We have to change ourselves.

If we leave it up to time the flighty girl will just become a neurotic woman. The self-centered girl will become a selfish, possessive wife and mother. The girl who isn't very happy will turn into a more unhappy woman.

So any woman who isn't satisfied with what she is right now had better start right in improving herself. For if she doesn't do anything about her personality, age won't change it. It will just emphasize it.

The second joke he recalls concerns the eccentric party who pounds himself on the head with a hammer. A passerby aske, "Why are you doing that?" "Because," replies the man, "it feels so good when I stop."

Heavens? Mr. Winterich must be a lot older than any of his associates imagined!

OUR REAL BUILDING RECORD

While Lubbock's city building permit total of almost $9,000,000 for 1948 this far, certainly is imposing, it isn't as large as it would be if more prospective builders were better informed as to regulations.

Many such builders are under the impression that the value at which they report their project has something to do with determining the cost of the permit or the tax valuation. Thus, as happened the other day, an individual estimated for permit purposes the cost of a residence at $25,000, although he said the actual investment would be closer to $50,000.

He did not realize that the amount of his fee was determined by square footage in the residence. Nor did he realize, apparently, that tax officials do not consider permit estimates at all if a question arises as to the valuation upon which the property is to be taxed.

Lubbock's building record would be even better than it is if the city would make a more pointed effort to inform applicants for permits of these facts.

Agriculture Is Big Problem In Europe Recovery Program

WASHINGTON — The report of the Food and Agriculture Organization on Europe's food outlook, present and future, throws a revealing light on one of the real difficulties that stands, and for some years will continue to stand in the way of Europe's recovery.

In the fields of industry and transportation, the Marshall Plan countries have been making gratifying progress, although far more remains to be accomplished before those countries are really out of the woods. Nonetheless, the industrial barometer is rising. However, the agricultural outlook for Europe as a whole and for the 16 Marshall Plan countries in particular remains bad.

To be sure, good harvests almost everywhere in Western Europe, plus large-scale food importations from North America and elsewhere, have eliminated the threat of starvation that faced so many people in the old World as recently as a year ago. Indicative of this improvement is the action of the British Government in abolishing the bread ration, first imposed in 1946.

* * *

Outlook Still Not Good

But while the people of the Marshall Plan countries now have enough to eat to keep them alive, and more to eat than they had, the outlook for a very large number of them is still for scant rations, at best, even if large-scale importations of foodstuffs can be managed.

The FAO estimates that, on the basis of present agricultural plans, Europe will not by 1951 have restored her production of bread grains and coarse grains to pre-war levels.

This means a shortage of food even when reckoned in terms of Europe's pre-war population, since Europe before the war was by and large only barely self-sufficient in food production. Actually, there are ten million more mouths to feed in Europe than there were in 1938.

To make up for the anticipated deficit, Europe will have to rely for some years to come on continued imports of foodstuffs from overseas.

* * *

THE FAO calculates that Europe's net imports of bread grains, if Europe's production proceeds according to present plans, would be nearly a fourth higher in 1951 than it was in 1946-7 and nearly two-thirds higher than before the war.

This means a dependence on overseas countries, such as the United States, Canada, Argentina and Australia, which can be risky indeed.

For instance, the United States has had a long succession of exceptionally bountiful harvests. There is no assurance, however, that we shall continue to have bountiful harvests throughout the period of the Marshall Plan. And even if, we do have them, there would still be the problem facing Western Europe of paying for food imports from the United States with dollars they do not possess and which it is unlikely they will be able to acquire through an increase in exports.

This means that the dollars they use to purchase food with—Marshall Plans dollars — will have to be dollars needed to cover imports of machinery, industrial raw materials and other essentials needed to put their economies back on their feet.

Europe Must Face Problem

THE FAO report makes it clear that it is up to the European countries to grapple more vigorously with the agricultural problem facing them.

A prime need is for a larger measure of integration and coordination of agricultural production programs by European countries than has been achieved thus far.

In this respect, the Marshall Plan countries are even more behindhand than they are in dovetailing their industrial production, transportation and currency systems into one coherent whole.

Pressure upon them to do so is unrelenting. The latest to remind the Marshall Plan countries of what ought to be done is Paul Hoffman, administrator of the ECA, who in Paris the other day declared that Europe has not yet produced "enough evidence of the kind of economic cooperation that is needed."

Nowhere, apparently, is such cooperation more needed than in the field of agriculture.

Dissolution Of Farben Cartel Begun In British-U.S. Zones

By RICHARD O'REGAN
Associated Press Staff Writer

FRANKFURT, Germany, Aug. 6.—British and American authorities set out today to chop the giant I. G. Farben chemical cartel into small pieces. Their plans are intended not only to break up the billion-dollar trust, but to keep it that way.

"One of the objectives of military government in the combined economic area (Bizonia) is that the I. G. Farben empire shall not be reconstituted," an announcement said.

"The independent units that are to be established will be required to operate independently and in competition with each other in accordance with the requirements and as part of the overall economic German industrial program."

Scores of Farben plants soon are to be offered for sale. One U. S. officer estimated the number at "about 50," but said he did not have the exact figure.

French Notified

Sales of the properties—now split into independent units by four-power order—will be carried out by German authorities. For the time being, the sales will affect only properties in the British and American occupation zones, but French authorities have been notified and are expected to follow suit.

The action was taken by the British and American independently of the Russians It represents a break in the former quadripartite control of the vast Farben empire. American sources said the action was taken because four-power rule of Germany has collasped by reason of Soviet actions.

"Similar procedure can be followed in the Soviet zone by parallel action if Soviet authorities so desire," the announcement said.

The new plan for control of Farben, 13 directors of which were convicted and sentenced for war crimes last week at Nuernberg, calls for:

1. Establishment of a British-American control board.

2. Creation of a six to eight-man German "I. G. Farben dispersion panel."

Since U. S. and British military governments consider "dispersal" of the billion-dollar chemical empire to be basically a German job, decisions on breaking up the trust will be left to them "wherever possible." The German panel will have several major tasks.

First, it will be ordered to divide up the operating elements of Farben properties where this has not already been done. These properties will be split "into separate independent and competitive operating units where properties can be economically and logically so established." A group of German trustees will be appointed for each unit.

"The trustees will be directed to organize a corporation for each unit and title will be transferred first to the trustees and then to each corporation as it is organized," the announcement said.

Other Tasks Given

Second, the German panel will carry through steps for disposal of stock in new corporations. All steps, however, have to be approved by the British-American control board.

Third, the panel will have the job of disposing of former Farben assets which are of a non-commercial nature or are unnecessary for the operation of independent plants.

Another German group will be set up "to represent the interest of creditors and stockholders of I. G. Farben and its controlled companies." This group will make recommendations on how creditors should be paid and whether old stockholders can obtain shares in the new corporations.

The Allied announcement stressed that the British-American control board "will retain overall responsibility for administration of Farben assets." It said the board will have veto power over the German dispersal panel to insure accomplishment of the board's plans.

Recruiter Awarded Bronze Star Medal

Cpl. Nolan James, a local U.S. Army recruiter, was presented the Bronze Star medal Thursday afternoon in the U. S. Army and U. S. Air Force recruiting office for meritorious service during World War II while participating in the Ardennes, Central Europe and Rhineland campaigns with the 35th division of the 320 Infantry regiment.

The presentation was made by Major Harold Fulghum, commanding officer of the local recruiting servcie, at appropriate ceremonies. The entire personnel of the Lubbock area recruiting service were present, consisting of 17 enlisted men and two officers.

Minnesota Students Grade Instructors

MINNEAPOLIS, Aug. 6 (AP) — Students at the University of Minnesota's current summer session are doing things backwards.

Instead of being graded by their instructors, they will grade the instructors.

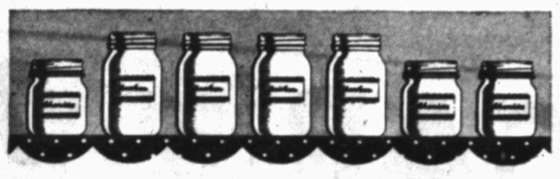

The idea is to see which professor, instructors and teaching assistants are considered by their students to have the greatest ability.

Ratings on a five-point scale are made by the students and handed directly to the instructors. Teachers are identified by code and see only their own ratings.

If the plan works satisfactorily this summer it will be tried on a larger scale with the beginning of the regular fall quarter in October.

Happy Birthday To The Atom Age!

80,000 Japs Died And A City Vanished 3 Years Ago Today

BY HAL BOYLE
Associated Press Staff Writer

NEW YORK, Aug. 6—Happy birthday to the atom age!

It's three years old today, but nobody's baking a cake for it.

Never did a new era in the story of man open more dramatically. It was like something out of the Old Testament or Greek mythology.

A big American firebird flew over Hiroshima and dropped a strange metal package. The package opened, and it proved to be a deadly new Pandora's box for the Japanese.

Up bloomed a towering destructive mushroom of death, flame and smoke. And beneath it a city had disappeared.

Three days later American airpower confirmed the arrival of the atom age by dropping a second bomb over Nagasaki. Another mighty mushroom blossomed. Another city, except the area protected by hills, lay stricken.

* * *

120,000 People Killed By Two Bombs

The two bombs killed 120,000 people—80,000 at Hiroshima, 40,000 at Nagasaki—and injured 320,000 more.

President Truman justified the dropping of the atomic bombs by saying they had saved 250,000 American lives by avoiding the need of a full-scale land invasion. But he said another global war would mean the end of civilization.

"We are not going to do that," he promised. "We are going to accept the Golden Rule and we are going forward to meet our destiny, which I think Almighty God intended us to have—and we are going to be the leaders."

The powerful baby, the most destructive prodigy yet conceived by man's inventive mind and the force of nature, was put into harness and dedicated to the paths of peace.

* * *

But the terrible infant also was given secret training to develop his muscles, like a fighter working out for his next battle. And he has grown stronger. Just how strong perhaps no one truly knows, because—like any baby—he is still growing.

His power for peacetime good, however, is growing more apparent. His radiant energy is helping medical men on a hundred fronts in their age-old quest for new methods of fighting disease. He has been put to work on the farm, helping to grow better food products.

And in a laboratory on Long Island by the end of this year, the atomic child will be producing enough electricity to serve the needs of a village of 3,000 people. In time he will supply power for people far removed from cheap sources of coal and oil.

Changes Made In City Zones By Commission

The City Planning commission, meeting in regular session last night at City hall, approved a request from Murrill Tripp, T. A. Rogers and Clarence Whitesides for changing from a "C" to and "H" zone property at Seventeenth and Ave. K, a petition which had previously been submitted and disapproved.

The property in question includes the southeast one-quarter of block 195, southwest one-quarter of block 196, east one-half of block 211, west one-half of block 212, northeast one-quarter of block 227 and the northwest one-quarter of block 228, all in the Original Town of Lubbock.

Previous Action Revisioned

The request, tabled for further investigation at a July 10, 1947, meeting of the commission, was rejected the following month at an Aug. 7 meeting when Sid Caraway, a property owner in the area appeared before the commission to protest the proposed zone change.

On the basis of Caraway's appearance at a Nov. 6 meeting to withdraw his objection, the commission approved the change last night. The property, originally an "island" of residential property surrounded by business zones, seemed to indicate such a change.

A letter from City Manager Marlin R. Smith, jr., regarding a motion by the City commission to refer the matter of a zone change from "E" to "J" of blocks 7 and 8 and the north one-half of blocks 11 and 12, Morning Side addition, was read at last night's meeting.

Had Protested Change

The change had originally been approved by the Planning commission, at which time no persons appeared to protest the change. However, at a later date several residents of the area appeared before an open meeting of the City commission protesting the change.

In view of further information not available at the time the commission originally passed on the change, the Planning commission voted last night to rescind the original action and return the property to its former "E" zone.

A request from Bob Howard, attorney, for changing lots 8, 9, 10, 11, and 12 of block 8, McCrummen Second addition, from a residential to a business zone was rejected by the commission. The property is located at Twenty-first and Ave. Q.

A request, submitted by J. F. Ricketts, to change lot 24 of block 11, Roberds-McWhorter addition, from a residential to a business zone was also rejected.

Referred to the zoning committee of the commission for

BUSINESS OUTLOOK IS BRIGHT

Great Prosperity Seen At Floydada

By BILL CLARK
Journal Staff Writer

FLOYDADA, Aug. 6—Floydda, in the center of a rich and highly diversified farming area, has seen great prosperity in the past few years, solidly built on its agricultural products.

Businessmen of the city are optimistic about development of even greater farm programs in coming years, and their optimism is reflected by the many improvements made here since the end of the war.

Oil Outlook Brightened

One Floydada businessman recently estimated that Floyd county residents spend $50,000 a week in Lubbock. If that figure is accurate, it should be taken not as indication that Floyd people go elsewhere to spend their money, but as evidence that the South Plains is working harmoniously as a unit to build an ever better country in which to live, most residents here believe.

Oil has been unimportant to Floydada's development so far. Only one producer has been completed in the county to date, although a number of dry holes have been abandoned at fairly shallow depths in recent years.

At present, however, there is prospect for oil development. Records of Mrs. Maude Hollums, an abstractor, disclose that every city block in the city of Floydada has at least one lot under lease at the present time.

Farm Production Impressive

A. L. Hartzog, Floyd county agent, cited his most recent statistics as evidence of the county's farm production: Wheat, 230,000 acres; grain sorghums, 100,000 acres; cotton, 45,000 acres; alfalfa, 15,000 acres; mixed grass and other tame pastures, 7,000 acres; miscellaneous crops such as corn, blackeyed peas, carrots, lima beans and bell peppers, 20,000 acres.

Floyd is one of the leading South Plains counties from the standpoint of irrigation, with an estimated 110,000 acres being irrigated by some 900 wells.

The average depths of irrigation wells is shallow, usually about 120 feet. However, in the southeastern part of the county where it has been generally believed that irrigation was impossible, deeper wells are striking good supplies of water and new areas nearer the Caprock are being opened to irrigation. The first irrigation well in West Texas was drilled near Lockney 33 years ago.

Hartzog said the county has produced over a million pounds of alfalfa seed in one year. There are two certified seed growers associations, and a number of individual growers specializing in production in certified seed of various types. Lockview Farms, managed by Robert Stewart, has 7,000 acres in operation at present.

Turkeys are another one of Floyd county's highly diversified products. David S. Battey of near Floydada is one of 32 ROP turkey farmers in the nation.

Average farm income last year was slightly less than $9,000. Bank deposits in the First National bank at Floydada at close of business June 30 totaled $5,884,503.39, said Earl Crow, cashier. O. M. Watson is president of the bank.

Prosperity of the farm population is evidenced by the fact that Floyd county has the largest "flying farmer" organization in the state. Many farms are adjoined by a stretch of pasture and a hangar where one or more private planes are kept. The organization currently has 48 paid up members.

Road Projects Planned

Floyd county looks forward to having paved roads extending to every community in the county soon. A county bond issue of $500,000 was recently passed to finance paved county roads.

Floydada itself has actively pushed many post-war developments under leadership of Mayor F. C. Harmon.

Owning its own municipal light plant, the city has spent $117,000 recently on a new 800-horsepower generator which nearly doubled the capacity of the city system. Al Fuchs is superintendent of the light plant.

Water extensions, including drilling of new city wells, has recently cost another $65,000, and was directed by the water superintendent, Floyd Johnson.

Last month a contract was awarded for construction of a municipal swimming pool which will be ready next year. The total cost of the pool, by the time all equipment is installed, may be as much as $35,000. The contract for the pool itself, awarded to a Tyler firm, was in the amount of $18,666. The pool will measure 90 by 35 feet.

New Hospital Planned

The city serves approximately 950 families with water and electric service. Southwestern Public Service company also operates in Floydada.

There are approximately 800 telephones in service in Floydada proper, said Miss Ethel Gilbert, chief operator at the Floydada office of Southwestern Bell Telephone company.

Although Floydada is already served by two private hospitals, a co-operative hospital has been organized at Floydada and work on a building is being pushed. J. H. Lloyd is president of the hospital association and J. H. Hrabal is secretary.

The visitor in Floydada is soon asked, "Do you know about our service clubs?" There are several

Demo Poll List To Be Studied

County Democratic Chairman L. C. Ellis Thursday afternoon agreed to let County Republican Chairman John L. Vaughan see copies of poll sheets of the Democratic election, and a threatened court hearing was obviated.

Vaughan had charged in his petition that some of approximately 48 persons who represented themselves to be delegates from Republican precinct conventions to the party's county convention had voted in the Democratic primary.

No Hearing Held

Vaughan declined to recognize those delegates in the county convention he held, so they organized themselves as a rump convention, named a delegate and an alternate to the state convention meeting in Waco and, after a canvass of precinct votes, announced that Mrs. Bertha Helen Kerr had been elected county Republican chairman to supplant Vaughan.

That poised a situation wherein two rival delegations would seek seats in the state convention. At stake would be the chairmanship of the party in the county and a proposal that, should the rump group be certified, a complete slate of county and precinct candidates would be put forward

FOURTH BIRTHDAY IS OBSERVED

Annual Boys' Club Program Is Slated

In celebration of the fourth birthday of the Lubbock Boys club, the American Business club will sponsor its annual barbecue to be staged at 7 p. m. today at the Boys club, 2323 Ave. K. Guests will be all boys who hold new membership cards for 1948-49, members of all local civic luncheon clubs, and members of the American Business club and their wives.

Arthur B. Watkins ABC president and program chairman, has announced that the main address of the gathering will be made by Chas. A. Guy, Editor of the Avalanche-Journal. Duane Reeves, director of special activities at the club, will present 25 of his boys in several new Indian numbers. The remainder of the program was still unannounced Thursday night.

Boys Must Register

Boys Club officials yesterday emphasized the fact that Boys' club members must register before they are eligible to attend the party. John W. Wilson, Boys Club manager, stated that the club has been taking registration fees since July 23, and has continued issuing cards all this week. Fees for membership are 50 cents for boys 10 through 12, 75 cents for those 13 and 14, and $1 for boys who are 15, 16, or 17.

Watkins also stated that it is his sincere hope that parents of the

Bandleader To Seek Marriage Annulment

NEW YORK, Aug. 6 (AP)—Bandleader Artie Shaw will file suit today for annulment of his marriage to Kathleen Winsor, author of "Forever Amber," says his attorney, Stanley J. Dorman.

Anticipating the action, Miss Winsor yesterday filed a petition in state supreme court asking $500 weekly temporary alimony and $10,000 counsel fees to defend herself against the annulment suit.

She said she also wanted the money to press her counterclaim for a separation.

All papers in marital cares are sealed by the court under New York state law.

The couple married in October, 1946, Shaw for the sixth time, Miss Winsor for the second.

War-Time Communist Leader In U.S. Is Disowned By Party Vote

NEW YORK, Aug. 6. (AP)—The Communist party has refused to reinstate its one-time national leader, Earl Browder.

By an unanimous vote, the party's 14th annual convention yesterday rejected Browder's appeal for restoration of his membership.

The 57-year-old Browder, war-time Communist leader and once the symbol of the party in America, was deposed as general secretary in 1945 and expelled as a member in 1946 after he was accused of favoring cooperation with capitalism.

The convention's presiding committee recommended that his request for reinstatement be denied on grounds that he has continued to express anti-Marxist views and to engage in anti-party activity.

Committee Is Quoted

The committee added that "the request for readmission was in itself a disguised form of anti-party activity and a continuation of Mr. Browder's efforts to split the party and discredit it."

A spokesman said the committee felt Browder could "do more damage inside than outside."

Browder early last month submitted his request for readmission. The request as released by William Z. Foster, party head, said in part:

"Events in connection with Yugoslavia reveal serious dangers to the world movement for socialism. Many, including myself, have hitherto had an inadequate understanding of these dangers.

Movement Must Be Protected

"In such a moment all other considerations must give way to the necessary unity of the world movement and the protection of its achievement."

His letter added that "the enemy camp, making use of my expulsion from the party, now tries to manipulate with my name to extend their disruptive efforts . . . my only desire is to strengthen the camp of peace, democracy and socialism."

Browder could not be reached for comment on the rejection of his appeal.

Demo Poll List

(Continued From Page One)

against the Democrats in the general election.

There was no Thursday hearing. The firm of Smith, Cunningham and Boling, counsel for Vaughan and that of Bradley, Key and Kimmel, representing Ellis, went into the chamber of 72nd District Judge Dan Blair and quickly came to the agreement.

Counsel agreed that the law provides that one of three poll lists required to be turned in after votes are counted in an election precinct shall be made public for 12 months. Ellis did not contest the provision, but explained he had only wanted to make certain of the court's interpretation of his duties.

Vaughan was busily engaged in checking the poll lists from at least 11 of the 26 voting precincts late Thursday, in Ellis' office. No announcement had been made as to what his check had revealed.

Asked later Thursday night what his investigation of the voting list had turned up, Vaughan said:

"They turned over the list for my inspection. Past that I have no comment." He refused to answer a direct question if he had found the names of GOP delegates on the poll list as had been alleged.

The next step in the controversy apparently will be with the state executive committee at the state Republican meeting in Waco Aug. 10.

S. P. Boling, a member of his counsel, said he would present for signature of the court this morning an order of dismissal in the suit.

Only a handful of persons sat in the courtroom waiting for an announcement from those gathered with the court.

ROYAL BLUE— Bette Blue, the pert little number above, is queen of Hollywood, Calif., models. The California Models Guild elected her to reign over a models' picnic at Lake Enchanto. Vital statistics: bust: 36"; waist, 20"; hips, 36"— par for the course.

Exploding Artillery "Dud" Kills Veteran

BROWNWOOD, Aug. 6. (AP)—A 23-year-old world war II veteran was dead today from an artillery "dud" which exploded in the Camp Bowie maneuver area near here as he was gathering scrap metal.

Killed was Calvin F. Harris of Mineola.

A second man, Jessie Ray Bond, 20, Brownwood, was struck by fragments but not seriously injured.

Sheriff Otis Shaw said Harris yesterday struck a large shell with a hammer. It exploded and cut his hand. A few minutes later he hit a smaller shell and was killed.

Harris was the second man killed by a Camp Bowie dud. Several others have been injured.

Zoning Changes

(Continued From Page One)

further study was a request from J. C. Davis that lots 24, 25, 26 and the south one-half of lot 27, block 31, Easley sub-division, be changed from a "C" to a "G" zone.

Other Action Taken

On the subject of platting, the Planning commission considered a request for consideration of building setbacks and a re-plat of the Church of Christ building site in Block 26, Overton addition, between Broadway and Main at Ave. T.

The commission approved the re-plat and recommended that the setback on Main street be handled in accordance with the zoning ordinance which requires that the building line up with existing residences on the street.

The following plats and replats were also approved by the commission, some with reservations:

Plat of the McSpadden Annex, located at Thirty-sixth street and Ave. V.

A re-plat of lot 3, block 6, Alta Vista Acres addition, located at Thirty-seventh street and Ave. W.

A plat of Reeder subdivision, located at Nineteenth street and Pierce avenue.

Approval of the L. J. Stokes subdivision, located at College avenue and Third street, the approval being contingent on proper clearing of streets and alleys.

A letter from W. C. Wood, regarding his intention to industrialize approximately 50 acres out of the northeast corner of survey 6, block B, was read before the meeting and duly recorded in the minutes.

City Planning commission members present at the meeting were K. N. Clapp, chairman, Chas. A Guy, W. L. Bradshaw, Homer D Grant, J. D. Hassell, J. H. Murdough and John P. Ruhmann, city engineer. Absent were J. T. Krueger and City Manager Marlin Smith.

Boys' Club

boys and members of other civic organizations will take advantage of the invitation extended them, not only for the food and the program, but also that they may see the Boys' Club in operation and the progress which has been made in its various departments during the past year.

Harry Van Horn is chairman of the food committee for the event.

HER HERO—Audie Murphy, America's most decorated soldier during World War II, sweeps Hollywood starlet Wanda Hendrix off her feet as he returns to Hollywood from France. He was awarded the French Croix de Guerre in Paris. Hollywood reports have long said the two will marry.

active ones, including the Rotary, Lions, Business and Professional Women's clubs and the American Legion. The Home Demonstration club is also very active, and many projects are completed each year.

The scholastic population of Floydada Independent School district was 776 at the last scholastic census. The school system is utilizing war surplus buildings to fill a critical need for classroom space, said the office of Supt. I. T. Graves.

Floyd county's tax valuation currently is $9,986,593, according to figures released by County Tax Assessor-Collector Ethel Graham. Registration of passenger cars in the county has reached a total of 2,749, while 340 commercial trucks and 550 farm trucks are registered in the county.

Borden County Drilling Set

Seaboard Oil company of Delaware N. 1 M. Clanton, is to be an 8,000-foot wildcat in southwest Borden county, to explore for production in the Pennsylvanian.

It will be about one and one quarter miles northwest of the nearest of the three completed oil wells in the Vealmoor field in northwest Howard county.

The oil from those wells comes from a Pennsylvanian lime.

The new venture will be 1,980 feet from south and 660 feet from west lines of section 20, block 32, TP survey, T-3-N.

Drilling is to start immediately. Rotary will be used.

In the Vealmoor field, Seaboard No. 2 J. C. Caldwell, 770 feet from north and 660 feet from east lines of section 32, block 32, TP survey, T-3-N, had reached 7,720 feet in shale, and was making more hole.

Seaboard No. 1 Zant, 660 feet from south and 560 feet from east lines of the south half of the southwest quarter of section 29, block 32, TP survey, T-3-N, had reached 5,005 feet in lime and shale, and was boring on down.

Both of the above projects are to go to around 8,000 feet to test the Pennsylvanian lime.

Terry Well Flowing

Seaboard No. 1 E. M. Hinson, northeast Terry county discovery from the Cisco section of the Pennsylvanian lime, had swabbed for about 36 hours, and then kicked off and started flowing from pay in open hole at 9,405-55 feet.

At last report the well was producing about nine barrels of fluid per hour. Most of it was oil. There was some drilling fluid in the recovery. No formation water has been developed.

The wildcat is producing natural. There is a possibility that the owner will wash the section at 9,405-55 feet (with a small shot of acid, in an effort to clean out the well) and increase its oil yield.

The discovery is 10 miles northeast of Brownfield, eight miles southeast of Meadow, and 660 feet from north and west lines of section 91, block 4-X, psl survey.

High Waistlines Featured In Paris Style Show; Coats 'Tent-Like And Fur-Lined'

By FLORENCE MILLS
Associated Press Staff Writer

PARIS, Aug. 6 — Balenciaga and Lanvin showed fall fashions last night featuring high waistlines and third empire dresses with skirts falling straight from bust level to waistline.

The dapper Spaniard, Christobel Balenciaga, showed coats and dresses with a waistline set more than two inches above the 1948 level.

He has a new treatment for his suits. They comprise a jacket with stand-out fluted basques which often dip either at the back or front and extremely tight, straight skirts with a slit up the back to allow leg movement.

Velure Favorite Material

Over the skirt he places a folded panel—sometimes two narrow ones—of matching material which hangs loose from the waist. It produces a novel effect.

Suits in the Lanvin show were mainly of the classic type but many have peplums dipping at the front.

Coats in both selections were tent-like and fur-lined. Balenciaga lines many of his coats with contrasting colors. Velure is the favorite choice material. This is so heavy it makes them kick out as if they were starched.

The forest green velure topcoat in the Lanvin show was belted to fit in front and has lost its fullness, hanging loose from the shoulders at the back.

A lemon velure swingback coat was lined with black seal. A lavender colored edge-to-edge tulip shaped coat was trimmed with wide black lamb.

Balenciaga showed a full-backed raglan topcoat of caramel colored blanket velure with an inch-wide black petersham binding around all the edges. A fingertip level jacket in mustard colored duvetene had a gathered fullness falling from the new empire line.

Capes were displayed in both collections. Balenciaga has them single and tiered, flared and straight. He lines many of them with fur and sets gigantic collars on them.

Short evening dresses also are generally popular. Balenciaga uses lace or satin overlaid with lace a great deal. The combination of full flared satin skirts embroidered contrast bodices was popular with both houses.

KEEPS BUSY AT 82

WHITEHALL, Wis. (U.P.)—Elland Berg, 82, says the only time he gets tired is when his wife, 72, forces him to take a day off. When a man hired to paint his daughter's house didn't show up recently, Berg did the job himself. His other activities include helping on neighboring farms, doing odd jobs, and raising a vegetable garden.

JUST GOOD, COLLEEN FUN—Bert Stone wrote to the mayor of Dublin, Ireland, and asked for help in finding a "well-built Irish girl, short, but not too slender," for the San Fernando, Calif., powerhouse foreman to wed. The mayor put an ad in a Dublin newspaper, and all hands are waiting for results. To keep the colleen company, Stone has a pack of hound dogs. He's "past 40," divorced, and has a "little money in the bank."

Nobody Wants Job So Judge Keeps It

ST. PAUL, Aug. 6 (U.P.) — The job nobody wanted is right back where it started.

Frank S. Bonaime was special municipal judge at Sauk Centre, Minn. But at the recent city election Bonaime said he didn't want to be a candidate for another term.

That was okay, because C. A. Corrigan wanted the job. He ran and was elected. But after the ballots were counted, Corrigan changed his mind and refused to be sworn in.

Bonaime was asked wouldn't he please take his old job back. Sighing, he agreed.

Gov. Luther W. Youngdahl has made the appointment official.

SOME SKILLED CONSTRUCTION WORKERS
ARE GETTING THEIR PLANS FOR THE FUTURE INTO HIGH GEAR

HERE'S THE STORY
The high cost of living is putting a crimp into most everybody's hopes for the future. You can't save for that new house (or new anything) when it takes every penny to just get by. This is why many skilled construction workers are turning to overseas work to build a pile enough stake to get out of the bind Some figure to turn an 18-month hitch into a nice four-figure bank account.

NOT MANY OPENINGS
Middle-East, Inc. wants a limited number of responsible men for oil refinery and power house construction in Saudi Arabia, near the Persian Gulf. This company will pay top wages, monthly bonus, monthly vacation allowance and living expenses to those who can qualify.

BASIC QUALIFICATIONS
You must know your trade from the ground up. You must also be 25 to 50 years of age, have proof of U. S. citizenship and be able to pass a physical exam.

Certain Trades Needed Most
PIPE WELDERS
PIPE FITTERS
CRANE OPERATORS
ELECTRICIANS
BOILERMAKERS
BRICKMASONS
CEMENT FINISHERS
PLUMBERS
IRON WORKERS
CARPENTERS

Welders must be certified by pipe test. All others must have plenty of industrial construction experience.

NO BED OF ROSES
This is not a travel for romance deal. It's an opportunity for far-sighted men. Good food and a fine clubhouse hardly make up for terrific heat and isolation. Think this over before inquiring

Get The Story First Hand
...from Mr. A. L. Anderson of Middle-East Inc. He will be in Lubbock Texas, August 5th through August 10th at the State Employment Service Office.

YOU
may be the one man we are looking for—if you are "stymied" or unhappy in your present position—if you are ambitious and interested in a life career—rather than a job—where you can be your own boss and where the opportunities for earnings and advancement depend only on you—and if you can qualify, We pay for your education, training and equipment, including travelling expenses to Hartford, Conn. and return, plus room and board, and in addition will pay, according to your qualifications, from $2,000 to $4,000 salary, beginning the day you leave Lubbock. Educational Tour Of Europe Planned By Lon McCallister

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Aug. 6.—Lon McCallister plans a year's absence from Hollywood so he can make an educational tour of Europe.

The youthful actor hopes to start the jaunt next March. To preserve his film position, he says he'll have to make two or three more pictures before he leaves. He adds that he will start prowling producers' offices right away.

Lon is finishing up "The Big Cat," which is being made by William Moss, the Odessa, Tex., boy who married Jane Withers. An outdoor color film, it was made here and in Utah on a record schedule of 16 days at $600,000. Glenn McCarthy, Jack Wrather and a man named Hughes are also making Hollywood news with economy—minded films. Perhaps these Texas moneymen have the solution to the film industry's fiscal troubles.

Canada Present Threat

Canada presents another threat to Hollywood's film supremacy. Extensive plans are under way to make 10 films in two years, using a studio in Montreal plus the unlimited Canadian scenery.

Montgomery Clift hopes to return to Broadway after "The Heiress." He has unusual freedom for a new film personality, his contract permitting him to do stage work whenever he wants to.

Bill Holden still hasn't resolved his differences with Paramount. His contract is owned jointly by Paramount and Columbia and he says he's "tired of being kicked between the two like a football." He wants permission to do one outside picture yearly. Bill is sitting pretty these days with four unreleased pictures. Now in "Streets Of Laredo," he'd like to do one western a year. "That's career insurance," he says. "Look how well Gary Cooper and Joel McCrea have done."

Daughter Given Role

Bebe Daniels will give her 16-year-old daughter, Barbara, an acting chance in "Catch Me Before I Kill," a juvenile delinquency yarn which Bebe is producing for Eagle-Lion.

Hollywood now has an actress who can fill the void created by the loss of Dame May Whitty, May Robson, Laura Hope Crews, Edna May Oliver, etc. She's Martita Hunt, the wonderful spinster of "Great Expectations." She's here for "The Fan" and could be induced to stay for more film work. Incidentally, she looks a lot younger off screen than on.

Russia Might Consider Truce To Relieve Economic Tension

By DEWITT MACKENZIE
Associated Press Staff Writer

They say that little straws show how the wind blows, but one takes the liberty of doubting whether the course of the straw is very heloful in the case of whirlwinds.

Thus it is with cautious interest that we note some easement of the cyclonic quarrel between Russia and the Western Allies. From Moscow comes word that reliable sources say there is a good chance for "an agreement" between the warring nations. On top of that we get the Rusian authorities surprising move in relaxing their onerous financial blockade of western Berlin for the present.

This financial blockade, by the way, is distinct from the food blockade, although the latter was imposed, because of the financial quarrel between the Soviet and Western Allies. Some weeks ago the Democrats made a new issue of German marks for their three zones, which previously had been dependent on the Soviet currency.

Russians Outlaw Money

The Russians promptly outlawed the money in the American, British and French areas of Berlin on the claim that the capital is part of the Soviet zone—an assertion which the democracies dispute. The Muscovites also blocked the Russian mark accounts of the anti-Communist city government, as well as accounts of some business houses.

The result of this financial blockade has been to deprive both government and business of funds to meet commitments. The situation was becoming serious when yesterday out of the blue the Soviet authorities released blocked funds to enable the city government to meet its weekend engagements. Similar arrangements were made with business houses. Charles Gifford, British finance officer in Berlin, explained the surprising Soviet move thus:

Officer Gives Explanation

"They apparently did not want to bring things to a head in Berlin while negotiations were going on elsewhere" (meaning Moscow).

Well, supposing this does explain the Russian concession, we still want to know just why Moscow should suddenly decide to consider "an agreement" with the democracies. We know that the Soviet Union hasn't the slightest idea of abandoning its world revolution for the spread of Communism. Why then should she even consider a truce? It strikes me that there are two prime reasons:

1. There is discontent and disaffection among Moscow's satellite bloc of Eastern Europe. That is quite evident in countries like Czechoslovakia, Yugoslavia, Hungary and Poland.

Reds Squeezed Economically

2. Russian and her Red bloc are being squeezed economically because of the division of Europe into two camps. And of course, Western Europe is being squeezed, too, for these great areas are interdependent. They need an exchange of raw materials, foodstuffs and manufactured articles. In fact the economic experts maintain that it would be impossible to rehabilitate Europe fully so long as the iron curtain exists. That, by the way, is one of the difficulties of making the Marshall plan fully efficient.

Moscow must have realized this long ago, but the Bolshevists had hopes of making a quick political conquest of the continent. Had that been successful, there would have been no iron curtain and it would have been possible to achieve a great measure of economic rehabilitation.

However, it is a sad fact that Europe is slashed in two, and time is now running against the Bolshevist revolution. It is a safe guess that Moscow is playing with the idea of a truce in order to relieve the economic tension on her discontented satellites and herself.
