British Would Free India but Keep Her, Too

By JAMES D. WHITE
Associated Press Staff
SAN FRANCISCO—(AP)—The British say that India can be independent but they would like it if she stays within the empire.
This week the British Indian political leaders are meeting in London to discuss the future of India. Among other things, more than one saw possible civil war in the uncharted future.

CABINET MISSION
The British cabinet mission, in India to carry out Prime Minister Attlee's promise of Indian self-government if the Indians want it, gathered opinions from Indian leaders during the week, then announced it was up to these leaders to get together. This seemed a broad hint that until they do, the British mission feels it can't do much more at this time.

Its job is to get up interim governing arrangements for India's progress toward freedom.

AGREEMENT IS CATCH
The catch is in getting Indian leaders to agree.

Mohammed Ali Jinnah, leader of the 94-million Moslem minority, wants a separate Moslem state, to be called Pakistan.

Hindu majority leaders, speaking for perhaps 200 million cast Hindus, insist that India be one country with local autonomy for the Moslems.

Outside these two groups are more than 50 million "untouchables" whose leaders lean increasingly toward the Moslems.

Poland, Mexico All Set to Fight Franco Suggestion

NEW YORK (AP)—Poland and Mexico indicated yesterday they were prepared to fight the Franco suggestion that "friendly" powers in the United Nations investigate charges that German scientists are working on the atomic bomb in Spain.

It still was too early to tell whether they would win enough support in the security council to defeat the proposal, but some delegates expressed the belief privately that the limitations laid down by Generalissimo Franco.

Three conditions were specified in the Spanish communiqué issued in Madrid last night:

1. The commission must be made up of representatives of nations with which Spain maintains friendly relations.

2. It must limit its activities to visiting manufacturing establishments and experiment stations to ascertain the truth or falsity of the atomic bomb charges.

3. It must agree to give ample publicity to the results.

Informed quarters expressed the belief that Soviet Russia was likely to object seriously to these conditions.

The British and American delegations were represented as feeling that the council should not limit the scope of the investigation to the atomic bomb question alone.

Under the Franco limitations, five of the 11 nations on the security council would not be permitted to be represented on the commission.

Russia, Poland, Mexico, China and Australia do not maintain diplomatic relations with the Franco government.

It appeared unlikely that the security council would reach the Spanish question Monday. The Iranian issue is ahead of it on the provisional agenda which will be taken up Monday at 3 p.m., Eastern standard time.

Lefors Lions Club Receives Charter

LEFORS, (Special)—District Governor Charles Dean presented the charter to Lefors Lions club at a meeting held Friday night. The entire program was in charge of the Pampa chapter, with Frank Culbertson as master of ceremonies.

The call to order was given by E. R. Reeves, President of the Lefors Lions. Following that, the whole group sang "God Bless America" and repeated the Pledge of Allegiance. The invocation was given by Judge W. R. Ewing, of Pampa.

R. B. Johnston, chairman of the charter night program welcomed and introduced the master of ceremonies who in turn supervised the recognition of visiting clubs and guests. Group singing was accompanied by Miss Lois Elliott, Lefors Lion Sweetheart, and led by Harry Kelley of Pampa. Other musical selections were presented by the Pampa chapter.

Lion D. L. Parker, president of the Pampa club, presented District Governor Dean who presented the charter to Rex Reeves. Reeves made a speech of acceptance.

Tall Twisters for the evening were W. L. Nichols of Pampa, W. G. Hesse of Lefors, and J. P. Weatherall of White Deer.

The homemaker classes, under the direction of Mrs. L. B. Penick cooked and served the banquet and were highly commended for the excellent quality of the food.

ACTION ON DRAFT BILL DELAYED

House Demo Group Calls Caucus on Complaints of Party 'Boners'

Full Airing of Intra-Party Row Is Slated

WASHINGTON (AP)—House leaders took virtually unprecedented action yesterday to give a full airing to an intra-party row over administration of democratic national headquarters.

An official party caucus on the complaints will be held next Wednesday behind closed doors in the house chamber. The party leadership was required to call the meeting when more than 50 members signed a petition for it.

PETITION SIGNERS
The petition signers are aroused by what they term recent "boners" and "inefficiency" at national headquarters. Most of them want some type of "house-cleaning" there. A few are even after the scalp of Democratic Chairman Robert E. Hannegan himself.

Rep. Cox (D-Ga.) told a reporter the caucus may ask President Truman to "dismiss" Hannegan.

Ennis E. Scott, house postmaster and caucus secretary, said he did not recall any time on record when a caucus was called to act on a similar matter involving individuals and political parties.

Scott expressed belief that any decisions at Wednesday's session probably will not be binding on members, because of the nature of the issue. When a legislative question is discussed, unless a decision is binding, unless a member reserves in advance his right to disagree.

The caucus was prompted by two recent events which headquarters officials said were all a mistake.

One was mailing of a letter to all county democratic chairmen throughout the nation urging them to select "proper candidates" for office who would back Mr. Truman's program.

The other incident was publication in the democratic digest of an article criticizing those who voted for the Case labor disputes bill.

GOP's Describe Truman's Year--One of 'Confusion'

WASHINGTON (AP)—The republican national committee yesterday described President Truman's first year in the White House as one of "confusion" in all fields.

NATURAL REFLECTION
"It is a natural reflection of the man who didn't wish to be President," the committee said in a 3,500 word report.

"The record of Mr. Truman's year as President is a record of confusion—confusion in international relations, confusion in national affairs, and confusion throughout the administration."

HE NEVER RECOVERED
The committee said when Mr. Truman got the news that he had become President, "he felt, he said, as though the moon and the stars, and all the planets" had fallen on him. During his year as President, Mr. Truman has shown that he never recovered from his catastrophe.

The committee said the Truman administration "is at war with confusion."

UNUSUAL ADVANTAGES
Mr. Truman began his administration with unusual advantages. He had the pledges of both parties in congress toward winning the war and establishing peace and security at home and abroad. Republican senators offered Mr. Truman a specific plan "by consultation with public leaders, before any conflict developed over controversial legislation."

"But Mr. Truman failed to use his opportunities. He speedily ended his honeymoon with congress, preferring to tread the leftward path of radical experimentation."

On foreign relations, the committee said the President "recites high-sounding statements of foreign policy. But there are far different from the actions which he approves."

It asserted he "pays lip service to the United Nations," adding:

"But he has failed to inform his representatives of official policy on vital matters, such as trusteeships and atomic energy control. He has thus added to the confusion of our international relations."

Some 8,000 members of the AFL Longshoremen and CIO local unions demanded 18 1/2 cents hourly wage boosts in seven plants in Boston, New York, Philadelphia and Baltimore. The union hiked its demands from 15 cents to the higher figure following collapse of conciliation efforts several days earlier.

The companies had bid up to 13 cents in some plants and labor department sources said one company indicated willingness to go to 14 cents.

Secretary of Labor Schwellenbach appointed a fact-finding panel but the unions declined to call off the scheduled strike unless the companies agreed to abide by the panel's recommendations. The companies turned down this demand.

But strikes left 90,000 residents of Lansing, Mich., and 75,000 residents of Kalamazoo, Mich., without public transportation.

AFL bus drivers in Lansing quit.

'Forget-Me-Not' Day Proclaimed

Mayor Farris C. Oden, in a proclamation issued yesterday, has proclaimed Saturday, April 20 as "Forget-Me-Not" day in Pampa.

On that day, members of the Pampa chapter of the Disabled American Veterans organization will offer the "Blue Flower of Remembrance" to raise funds to aid disabled veterans and their families.

Glenn W. Hubbard, marine veteran and commander of the local chapter, said arrangements have been made for conducting the drive.

"Forget-Me-Not" funds are used entirely for the chapter's rehabilitation program," Hubbard said. "Our service offers free assistance to all veterans of World War II in preventing and filing claims to the veterans administration."

The DAV cooperates fully with the veterans administration and aids in many ways the returning veteran."

ANNOUNCEMENT ANTICIPATED: STATE POLITICAL TALK IS CENTERED ON RAINEY

By DAVE CHEAVENS
AP Staff Writer
Most of the political talk this week centered on an anticipated announcement of intentions by Dr. Homer P. Rainey.

Dr. Rainey, on what he described as a pulse-taking swing up in the Panhandle and across the plains, said nothing to soft pedal this talk. He was quoted as saying the outcome of the trip would be his decision whether or not to run for governor.

"I am feeling the pulse and the pulse seems strong and steady," he said at Amarillo, adding that he was still not certain whether he would get in the race.

Dr. Rainey was to return to Austin Saturday night. His office said he had no scheduled speaking engagements for the next two weeks, but there was no official indication of his future on the radio program in which he speaks over half a dozen radio stations.

It was learned on good authority, however, that arrangements have been made for Dr. Rainey to visit Amarillo and El Paso, and to make a speech at El Paso. See RAINEY, Page 6

Conciliation Chief Edgar L. Warren made an eleventh hour attempt last Saturday night to avert an east coast sugar refining strike that would shut off two thirds of the nation's cane sugar output.

He called a conciliation meeting for 8 p.m. (EST) last night in Washington—four hours before the strike deadline—with representatives of the American and National Sugar Refining companies and the AFL and CIO Refinery Workers Unions. A third company involved in the wage dispute, Reverse of Boston, did not accept his invitation immediately, he said.

Some 8,000 members of the AFL Longshoremen and CIO local unions demanded 18 1/2 cents hourly wage boosts in seven plants in Boston, New York, Philadelphia and Baltimore. The union hiked its demands from 15 cents to the higher figure following collapse of conciliation efforts several days earlier.

War-Bride Reported Lost Is Recovered

The war-bride reported lost Friday has been recovered. She merely fooled the military and the Red Cross, not wanting to wait as long for her Kansas-Pampa train as for her Kansas-Pampa train as for her Kansas-Pampa train.

Members of Gridiron Club Roast Bigwigs

WASHINGTON (AP)—"Secretary of the Exterior" Harold Ickes went to heaven and turned it into bedlam and "Peter Pan" Pawley sang with a chorus of Easter lilies last night as the Gridiron club roasted bigwigs of the nation and the world.

President Truman and other top figures were invited to see them, served, lampooned in songs and skits at the semi-annual dinner of the club, composed of Washington newspapermen.

SPEECHES UNRECORDED
The president and former Governor Stassen of Minnesota, representing the political opposition, were listed for short speeches but under the club's 61-year-old tradition that "reporters are never present, their words were unrecorded."

The satire ranged the world from the "Bull Throated" Peron and Franco to James Caesar Petrillo, president of the American Federation of Musicians, who leaped from his funeral bier to call a strike because the six trumpeters did not have a stand-by crew.

PRESIDENT INAUGURATED
Raymond F. Brandt, chief of the Washington bureau of the St. Louis Post-Dispatch, was inaugurated as Gridiron club president for 1946 in a sketch in which five quiz kids confused him with President Truman. The script pointed out that Brandt like Truman was born in Missouri, served as an artillery officer in World War I, negotiated with Russia and knows his politics.

The Gridiron grilled the coalition of southern democrats and republicans in congress. Housing, Exporter Wilson Wyatt was portrayed as reporting "fine progress on the housing program. He already has built one horse-shoe pitching court at the White House."

SATIRE OF FRACAS
In a satire of Ickes' fracas with President Truman, Edwin W. Pawley over Pawley's non-withdrawn appointment as under secretary of the navy, Honest Harold Ickes was in the garb of Don Quixote.

Concluding the balanced and harmonious selections made by the association is Marina Svetlova, ballerina, who has been leading dancer at the Metropolitan Opera for three successive seasons.

Dates for the appearance of each artist or group are to be announced later.

Because of the record-number of memberships received by the association, Joe Key, chairman of the membership drive, last night said he wished to express his gratification with the work of all workers. It was through their efforts that the association is able to present.

2 Escape Injury In Truck Accident

Two men miraculously escaped injury Friday night when the truck which they were riding left the road and crashed into an embankment three miles southeast of Skellytown.

The truck, a semi-trailer vehicle belonging to the Plains Creamery of Pampa, left the road after coming off a long hill and crossing a bridge.

The nose of the truck cab was buried in the soft earth of the embankment and the trailer overturned, crushing the right side of the cab.

According to an official of the company, the trailer could be salvaged but the truck itself, including the engine, was almost totally demolished.

Most of the dairy products in the truck were undamaged except for about \$25 worth of milk and bottles. According to Highway Patrolmen Preston Wynne and Bill White, who investigated the accident.

Japanese Premier Pays Tribute to Roosevelt

TOKYO.—(AP)—One year ago Tokyo newspapers carried lengthy accounts of Franklin D. Roosevelt's death and termed him "an inciter of war."

Yesterday Premier Shidehara, silent and inactive during the war, paid tribute to the late President. "On the anniversary of Mr. Roosevelt's death," the premier said, "I recall to mind the great work to which he dedicated himself in the interests of international security during the crowded, stormy days of his official career. I feel confident his memory will always live in the grateful appreciation of the whole world."

1128 Memberships Enlisted in Drive Of Concert Group

Exceeding the highest of expectations the Pampa Community Concert Association enlisted 1128 memberships in their drive during the week.

Last night officers and directors of the association selected artists and attractions to appear during their next season.

Five rather than the usual four artists and groups are scheduled, the association receiving the fifth number as a type of bonus due to the securing of so many memberships, it was announced. Selections are:

The St. Louis Sinfonietta, a "little symphony" of 20 artist-musicians, founded and conducted by Paul Schreiber.

Violinist Erica Morini, acknowledged since childhood as the virtuoso of her instrument, and today nationally acclaimed.

Igor Gorin, Russian-American baritone, an outstanding radio star on Firestone, Ford, International Harvester and other programs. Operatic include "Barber," "Pagliacci," and "Bohème."

Pamela Zadel Golevsky of Canada, winner of numerous national awards who is soloist with leading symphonies. He is reported as being particularly fine in interpretation.

Concluding the balanced and harmonious selections made by the association is Marina Svetlova, ballerina, who has been leading dancer at the Metropolitan Opera for three successive seasons.

Dates for the appearance of each artist or group are to be announced later.

New Proposals Are Written Into Bill

WASHINGTON (AP)—The house wrote a five-month induction holiday and an end to the drafting of teen agers into a selective service extension bill yesterday but delayed final action on the measure as a whole until Monday.

A decisive vote that would have sent the legislation to the senate was blocked when Rep. Cox (D-Ga.) demanded a reading of the formally engrossed bill with all amendments. Speaker Rayburn told the house such a copy could not be ready before Monday.

So the house quit and put off the vote until then. There is nothing left to do now except pass on a motion to recommit, which is conceded practically to chance and take final action. There will be no roll call on the amendments.

The senate still has a say coming, however, in a committee-approved bill lacking the restrictions the house voted yesterday. The house had been all set to pass the bill yesterday. It had decided by a three-vote margin to prohibit any inductions between May 15 and October 15 of this year, although extending the draft law itself until February 15, 1947, or 9 months from its present expiration date.

HOLIDAY PROPOSAL
There was no record vote on the "holiday" proposal, which went to the measure by a tally count of 156 to 153. The members turned down a request for a roll call vote on which the members would be recorded individually.

There was no record vote, either on the amendment raising the present minimum draft age from 18 to 20. It went into the measure by a non-recorded vote of 195 to 96, the same as the earlier tentative ballot.

NEARS FORMAL PASSAGE
As it neared formal passage, the bill was so sharply changed from the form in which it was written by the house military committee that Georgia's new woman representative, Mrs. Helen Mankin, told the house "the girls have been cut out of this bill."

The house left unchanged its committee's recommendations for a maximum service liability of 18 months for all drafted men, for an outright ban against the induction.

Events Planned For Drug-Store Cowboys, Others

Calf roping and similar events are being planned intermittently for drug-store cowboys and other amateurs, to be held intermittently throughout the summer by the Top of Texas Rodeo, Quarterhorse Show and Fair Assn., Inc.

The announcement was made yesterday by Crawford Atkinson, chairman of a Special Events committee of the association.

Twenty-five Brama calves have been ordered for the rodeo events which are to be held at Recreation park. Schedules for the contests, which will probably include small purses, are to be formulated by the Special Events committee which will meet at 2 p. m. Tuesday in the office of the chamber of commerce.

It is probable, said Atkinson, that a small admission will be charged, with receipts going to the association, and the purses to be made up by the contestants themselves, those placing to receive the kitty.

Members of the committee in charge of the planning of the events, which are to meet Tuesday are: O. W. Hampton, co-chairman; Homer Taylor, P. B. Wright, Irvin Cole, Ernest Crane, Frank Lard, Guy Andis, Charlie Gunn, John Plant, Frank Carter, Wade Thomason, Red Wedgeworth, William T. Fraser and Paul Carmichael.

Canadian Man Buys The Higgins News

CANADIAN. (Special) — Announcement has been made of the sale of The Higgins News, long established weekly newspaper in Lipscomb county to Major Vincent M. Lockhart, editor and publisher of The Canadian Record, by Mr. and Mrs. Ed W. Coulson.

C. E. ("Bill") Cone, of Canyon, will assume the editorship under the new management. Captain Cone, after three years overseas service with the air force, is on terminal leave from the U. S. army. He is a graduate of West Texas State college where he was editor of The Prairie for two years.

Mr. and Mrs. Coulson will leave the Higgins News after nearly five years service to their community. They have purchased the Carnes Printing Company of Springdale, Ark.

Mr. Coulson is a native of Ellwood, Ind., and has been a printer for 45 years.

Mrs. Coulson is the former Fern Miller, daughter of Giles E. Miller, and they have two children, Robert, 16 years old, and Mahlon, 10. Major Lockhart, after five and a half years service with the famous 30th Infantry division, purchased The Canadian Record in November, 1945. He has been associated with the Amarillo Globe-News, The Canyon News, and the Eastern Shore Times of Berlin, Md.

Speeches Changed For Congressmen

By JAMES MARLOW
WASHINGTON. (AP) — What a congressman says in congress doesn't always appear in the congressional record the way he said it.

Some congressmen—perhaps most of them, at one time or another—say one thing on the floor of house or senate and then—

Then they call for the stenographer's word-by-word account and change it before it gets printed in the record.

They'll have different reasons for doing this: To correct their grammar, soften up something, or dress up their prose.

Some of them don't bother asking for the stenographer's record. They depend on the stenographer to clean up their grammar.

One day a sadly worried stenographer said to the late Senator Huey P. Long:

"You know, Senator, I always fix up your grammar but today you made so many mistakes I wonder whether you did it deliberately."

"Sure," Long said, "but keep on

taking care of me. I just talked that way because I thought the gallery would like it."

The house has six official stenographers, and the senate six. All are men, with years of stenography behind them.

They are called reporters and can take 250 to 300 words a minute.

Each reporter works on the floor about 10 minutes of every hour. Then, back in his office, he dictates from his notes into a recording machine.

Batteries of expert typists—called transcribers—type the reporter's dictated notes.

If a congressman is concerned about what he said, he sends word to the reporter that he wants a copy of his talk.

The system is so fast he gets the copy—only one copy is made—with in an hour of his talk.

He makes what changes he wishes and sends it back to the reporter. His altered copy is what appears in the congressional record.

Sometimes congressmen forget to turn in this copy, shove it in their pockets and go home with it.

Because it's the only copy, they have to be chased all over town, sometime far into the night, by clerks to get the copy back.

Independents Get Show of Oil With Hutchinson Ella V. Parks

Louisiana Claims Deepest Producer

HOUSTON—(AP)—The beautiful Evangeline country near New Iberia, La., immortalized by Longfellow, won added distinction last week as the locale of the world's deepest oil producing well.

The record producer, Shell Oil company's No. 2 Smith-State, Unit 1, on Weeks island, was known to be a producer before its final and ceremonious completion.

On production test, several weeks prior to today's gauge, it flowed 530 barrels of oil daily from the miocene sand at 13,763-778 feet on 11 1/4-inch choke with tubing pressure to 2,750 pounds. The gas-oil ratio was 1.425 cubic feet of gas to each barrel of oil. The gravity was 33 degrees. Under the Louisiana state production rules it will be allowed to flow 380 barrels daily.

Officials checking production announced plans to drill still deeper in the same Louisiana coastal area.

"All the indications point deeper and deeper," said E. N. Van Duzee, superintendent of Shell's Louisiana division. "We are ready to go ahead in this same area and drill below the present mark. We are convinced there are several horizons still to be reached."

Shell's No. 2 Archie Smith-State Unit 1 completed Thursday was drilled to a total depth of 14,301 feet—not a record—then plugged back.

New Development Ahead for Gas

TULSA, Okla.—(AP)—Vast new development financially and industrially lies ahead for the Southwest through chemical conversion of natural gas into a variety of synthetics, Harold Vagborg, Kansas City, told the Interstate Oil Compact commission today.

Plastic, tanning, textile and other types of factories may be brought into an area where they have not previously located if gas conversion is fully carried out, he said.

Natural gas is a raw material comparable in value to coal and petroleum in manufacture of plastics, Vagborg told the compact members on the concluding day of their spring meeting.

Gas should be retained in its production areas and converted into products which bring higher prices rather than exclusively competing with other fuels, the research chemist said.

Expert washing, polishing and waxing, also tire and battery service.

A show of oil was indicated at the Gayden and Cree No. 1 Ella V. Parks, section 3, block R-2, D&P survey, in Hutchinson county from 3255 feet and from 3272-91 feet. It is putting on pump after being acidized with 4000 gallons. Total depth was at 3291 feet. Seven-inch casing was set at 3250 feet with 150 sacks.

With 900 feet of oil in the hole at total depth of 3091 feet operator at the No. 5 Baggerman of the Cities Service Oil Co., section 173, block B-2, H&GN survey, were preparing to shoot. At 3015 feet there was 300 feet of oil in the hole.

In Carson county the J. M. Huber Corp. No. 1 Sanford "T", section 13, block "S", H&GN survey, is drilling at 3045 feet. First gas at 2948 feet increased at 2970 and 3000 feet. On acidizing with 3000 gallons the well tested 2.5 million cubic feet of gas.

Shamrock Oil & Gas Co. No. 4 Brown, section 138, block 44, H&T survey, in Moore county, tested 15 million cubic feet of gas. It was treated with 6000 gallons of acid.

The Shamrock No. 1 Seagraves, section 6, block 1, J. Poitevent survey, is drilling at 2980 feet. A slight show of gas was had at 2887 feet which increased to one million cubic feet at 2985 feet and to four million from 2950-55 feet.

Research Project Gives Time-Saver

AUSTIN, Tex.—A time-saving new method of predicting the octane number of straight run gasoline has been devised by Albert E. Sweeney, Jr., assistant professor of petroleum engineering at the University of Texas as a result of the State Railroad commission's desire to know the physical properties of the crude oil produced in each of the more than 500 Texas oil fields.

Sweeney's research, begun in 1940 at the request of the oil and gas division of the Railroad commission, was interrupted by five and a half years of army service. He has just published his findings as a thesis for his master's degree.

In the summer of 1940 the Railroad commission authorized a research project to determine the physical properties of the crude oils obtained from the 541 fields then producing in Texas, in order to further systematize its wartime production program.

"The eight weeks available for the research program, together with the small size of the gasoline fraction that could be produced from each of the 541 samples of crude oils required that a method be devised to reduce the minimum time and amount of fuel required for each test," Sweeney said.

"Since no modification of the test method could be made without destroying the value of the test," he added, "and as the greater amount of time and fuel is consumed in determining the proper compression ratio setting of the test engine, it was decided that these factors could be materially reduced by use of some method of estimating the octane number from easily determinable physical properties of the gasoline fractions and which contain little or no material."

"As a result of our work we can make a fairly good prediction of the octane number of straight run gasoline if we know the ASTM distillation data and API gravity of the gasoline. In addition an estimate of the octane number of the gasoline can be made if the section of the state and the depth is known."

Gulf Oil No. 105 Dial, Hutchinson county, retested at 12 barrels. In Carson county the Gulf No. 25 E. Cooper tested 25 barrels of oil. Gray county wells and new potentials are Cities Service Oil Co. No. 9 Crow, 30 barrels; Champlin Refining Co. No. 3 Cook-Paulkner, 62 barrels; No. 4, 102 barrels, and No. 5 46 barrels.

NEW TYPE RIG COMES INTO PANHANDLE FIELD:

MODERN UNIT RIG REPLACES STRING OF TOOLS AND SUPPLY OF MANILA ROPE

The unit rig above, the first of its type in operation in the Panhandle field, is a far cry from the string of tools and supply of manila rope first used in the Panhandle field. It is owned by G. B. Cree, drilling contractor of Pampa. Complete cost of the rig is \$100,000.

One of the latest pieces in drilling equipment, it is a U15 model unit rig with draw works powered by three 185 h.p. Murphy diesel engines which are compounded on draw works, made by the Unit Rig & Equipment Co. of Tulsa.

Equipped with hydromatic brakes and a 94-foot L. C. Moore cantilever jack knife derrick, the rig is capable of drilling to a maximum depth of 8000 feet with a four-inch drill pipe. The derrick can be extended to 123 feet and has a rated capacity of 415,000 pounds. It is mounted on a five-foot substructure complete with walkways and casing skids constructed of steel. Derrick and sub-structure are manufactured by the Lee C. Moore & Co. of Tulsa.

The light plant is also a new step in safety and conservation. Powered by 15 kilowatts and with a controlled voltage regulator, it is driven by a two-cylinder General Motors diesel engine which also drives an electric arc welding outfit.

Lights in the derrick are all gas or explosion proof, fully enclosed. Lights are made for this particular type portable derrick and can be easily installed or removed.

Derrick housing is of heavy canvas with tubular steel frame. The complete outfit was sold by the Murray Tool & Supply Co. Similar rigs are being used in the Keyes field, Okla., by the Olson Drilling Co.

Now drilling on the Phillips Petroleum Co. No. 1 Keahey about 15 miles southwest of Pampa, the Cree rig will next move to the Kewanee lease, five miles west of town. It first located at the Foxwell Oil Corp. No. 3 Gorenflo, seven miles west of Pampa, and was moved to the Keahey lease in eight hours.

E. M. Fitch is pushing tools for Cree. Drillers on the rig are Hugh Kellerman, John W. Prescott and Sam P. Williams. Derrickmen, floormen and motormen who are on the rig are the jobs are Buford R. Gray, Robert J. Purdy, Roy A. Anderson, Carey W. Berry, Jessie Cockburn, Russell E. Grossman, Cleo E. Hoyer, W. B. Hickman, Marvin T. Hubbard, Joe Jacobs, Montie E. Lewis, Alvis V. Smith, Harry L. Vowell, Wilbur W. Windsor, Frank N. Bonner and Delbert Crowley.

News of Interest To Oil Men

CONTRACTORS IDLE

For the first time since 1931 Warren and Bradford, drilling contractors, do not have a single rig in operation. The yard is stacked with tools. Equipment is available.

Ronnie Adams also has shut down operations. Stapler and Ochiltree, Murphy and McCerman, each have a motor rig stacked.

Roy Manning was pushing for the Noel Drilling Co. company on the Stanolind No. 1 O. V. Beck, getting a dry hole. W. D. Kelly is working on the Baggerman lease.

CLEAN-OUT RIGS

With drilling operations in the Panhandle field almost at a standstill, clean-out rigs are monopolizing activity.

Working on the Kewanee Oil Co. Arnold lease about seven miles west of town are C. E. Boswell, J. B. Dye, John Martin, J. A. Morse, O. C. Cope and Fred Mullins.

On the Kewanee Morse are J. R. Sidwell, Harry Polger, Frank Ripple, Joe Essary, T. Hines and P. M. Hinton.

Down on the Gorenflo lease of the Foxwell Oil Co., are L. R. Ripple, C. H. Sanner, Bert Kaiser, Art Hefflin, G. E. Robbins and O. G. Smith.

Operator of the rod and tubing machine working on the Magnolia Catlin lease yesterday was Tom Carver. Roustabouts are P. W. Carver, J. C. Harvey, Ben Day and McGulley.

George Moore is operator on a like job for a Wichita Falls firm with Ed Wood, Broxson and Jackson, roustabouts.

"OIL FIELD POET"

Smith Darymple, commonly known as the "Oil Field Poet," died last week at Bridgeport, Ill. where he migrated in 1903 from Pennsylvania. He leaves a wife and daughter.

Darymple was one of the foremost in promoting the Oil Fields held in Pampa in 1938, supplying many of his poems and prose.

He was a cable-tool driller when he worked in the field in Bridgeport, retiring only after being injured on the job when he set up a grocery store in Bridgeport.

Oilmen may best recall him by his parody of Maud Miller, "Maud Muller," the "Scissorbill," which told the Illinois oilmen just how they stood, or the "Driller's Dream," part of which goes like:

He was seated on the counter Of the Old Oil Well Supply, He had listened to our stories And this was his reply: "The strangest adventure, that I ever had Came to me one night in a dream, For I dressed tools one night in hell And the devil stood under the beam."

pipeline of the Phillips Petroleum Co. and the El Paso Natural Gas Co. Mr. Etlenison of Phillips last night said that to his knowledge nothing had yet been settled. Results of the FPC hearing held in Los Angeles today relative to interstate transportation of gas, were not known. If negotiations or the pipeline were completed gas would be gathered from a point near Dumas. Amount of gas, connections, etc., to be included in the proposed pipeline are not known. It would however, provide an additional out-let for the Panhandle field.

Postwar Crude Demand To Stand Says Economist

TULSA, Okla.—(AP)—Postwar demand for crude oil and its products is running at least 10 percent higher than was expected, R. J. Gonzales, Houston, Texas, estimated today.

Gonzales, an economist for the Humble Oil and Refining company, told the Interstate Oil Compact commission that only a slight decline from the present high demand could be expected during the remainder of this year.

His observations were contained in a report of the compact's economics advisory committee, of which he is chairman.

"Demand during the first quarter," Gonzales said, "was only 275,000 barrels daily, or five percent, less than it was during the similar period of last year, or at a time when the nation was fighting a war on two fronts."

"The indicated demand for crude oil production during 1946 is between 4,400,000 and 4,500,000 barrels daily as compared with a demand during the first quarter of this year of 4,520,000 barrels a day."

Humble Discovery May Be Pita Field

AUSTIN—(AP)—Humble Oil and Refining company's application for a discovery allowable on its D. J. Sullivan "B" well No. 2 in Brooks county will be heard by the railroad commission May 10.

Humble is asking that the area surrounding the well, located in the San Antonio de Encinal survey, be designated as the Pita field.

The commission also set these hearings:

May 10, to consider application of J. W. Gorman for an increase in allowable for his A. Herbst wells Nos. 7 and 8 in the Herbst field, Duval county.

May 10, to consider the application of the Humble Oil and Refining Co. for determination of the maximum efficiency rate of producing in the Raccoon Bend (Cockfield) field, Austin county.

May 14, the application of the Bering company for a special allowable to apply to its Charlie Jenkins No. 1 well in the Foster field, Ector county.

On the same date it will consider the application of J. A. Chapman for the restoration of well allowables on his Fowler "A" lease and wells immediately surrounding it in Montague county.

Texas Drilling Is Below '45 Average

AUSTIN—(AP)—The railroad commission today announced completions of 85 oil wells and 11 gas wells in Texas during the past week.

This year's oil well completions total 1,292 and gas well completions 200. For the comparable period last year, 1,119 oil wells and 170 gas wells were completed.

Three wildcat oil wells were drilled during the week to bring the total to 30, lagging behind last year's total of 41. No gas well drillings were reported for the week.

Total average daily crude oil production allowable was reported at 2,160,255 barrels this week, an increase of 207,932 barrels over the week previous.

The German Rocket society is the world's oldest astronautical organization.

Hale County's First Well Boosts Dwindling Panhandle Activity

Other than Hale county getting its first oil well the first of the week inactivity continues to characterize the Panhandle oil and gas fields.

The Hale county well, located in the southeast corner of the county, is thought to probably be considered an extension of the Anton pool in Lamb county.

The new well, Stanolind Oil & Gas Co. No. 1 Irish, section 18, block DT, HE&WT survey, was drilled to a total depth of 5881 feet. Drill stem test was run at 5800-56 feet. With the tool open one hour the test showed gas in 38 minutes and recovered 60 feet of oil-cut mud and 720 feet of oil.

No estimate has been reported on production. Bottom hole pressure was 1300 pounds. Top of the 160-foot Clear Fork of the Lower Permian pay was at 5700 feet.

Stanolind has several thousand acres in the block with the Pita Oil Co., owning an offset section, the only other operator in that section.

In the Anton pool, Lamb county, the Humble Oil & Refining Co. No. 1 Virginia C. Hart ran 15 barrels of oil on a railroad commission test.

Gibson Oil Co. No. 4 Johnny Hines, Gray county, tested 70 barrels of oil in 24 hours. The well, located in section 136, block 3, I&GN survey, was drilled to a total depth of 3270 feet.

The Humble No. 20 Bateman in King county which ran 50 barrels of oil an hour on a preliminary test was rated a 459-barrel producer by the railroad commission.

In Gray county a 33-barrel oil well was added with the completion of the No. 3 Martha Sallor of the Magnolia Petroleum Co. in section 111, block 3, I&GN survey. Total depth was 2250 feet with shows of oil from 3149-3250 feet. The well had 11 barrels of oil on swab in four hours.

Strengthened Texas League Opens Season Tuesday Hundreds of Vets Return as Majors Get Ready

1945 Opening Day Attendance Mark May Be Exceeded in '46

NEW YORK.—(AP)—Genuine pre-war baseball returns to the major leagues Tuesday with all the hip, hurrar of a welcome home parade down Main street as Joe Dimaggio, Ted Williams, Johnny Vandermeer, Terry Moore and hundreds of other ex-GI's come back to their old jobs.

Last year 101,593 fans turned out on opening day, but this probably will be exceeded in view of the large attendance at exhibition games in the South.

Sports Round-Up

By HUGH FULLERTON, JR.

NEW YORK.—(AP)—The boxing managers "guilt" is fending with the Michigan commission about what the managers think was an unjustified penalty against one of their members—as a result Detroit promoter Nick Lodges and possibly commissioner John J. Hetcher are expected here Monday to smooth things out so that New York fighters won't always be "busy" when they're wanted in Detroit.—The All America football conference has decided to sign only college players, preferably graduates, hereafter. Does that mean after you knock an opponent down and step on his face you'll have to apologize in a "Hah-vahd" accent?

FIT TO BE TIED

Clemson and Davidson were playing a typical early-season baseball game the other day—ragged but with a close score—as the teams went into the sixth with the count at 4-4, a Clemson star pitcher who had been given time off from his duties for the game arose and started out of the stands—"Where you going?" asked a nearby baseball fan.—"Five o'clock—quitting time," the gal replied and walked on out.

OBSERVATION CAR

Since the Mexican league rumpus arose, this Dept. has received several suggestions that any ball player paid at least \$5000 (some make it 10 G's)—with an all-season player limit of 25, that would make a minimum roll of \$125,000, plus whatever it cost for the 15 others each club is allowed until June 15—from here it seems any such figure would make it very tough for a kid whose ability to make the big league grade looked doubtful. Maybe most clubs could afford the dough but it wouldn't be good business to keep a \$5000 man riding the bench as "insurance" against possible injuries when he could be shipped back to the minors.

Before the war more cargo was carried by airplane in Canada than in any other nation except the United States.

Beginning at 7:30 p. m.

The president of the Association and an official party will be present, and the meeting will be devoted to problems of the quarter horse breeder, and especially to the individual registration problems of the North Texas and Oklahoma breeders.

PLAN NOW TO ATTEND

OILERS BATTLE GASSERS TODAY

Huber Park Is Site of Second Clash of Teams

Seeking a second win over the Carbon City set of the Pampa Oilers will battle the Borger Gassers in an exhibition game at Huber park in Borger this afternoon at 2:30.

Manager Grover Seitz' Oilers, Pampa entry in the West Texas-New Mexico league, are playing a six-game exhibition schedule prior to the opening of the season in Lubbock April 26.

Seitz said he would probably start Warren Hacker on the mound. Hacker was the victim of a first inning, 12-run outburst by the Amarillo Gold Sox Thursday but Seitz says he has plenty of confidence in the youthful right-hander.

The Oilers played the Weatherford, Oklahoma, college nine Friday night and won 9-2 for their second victory in three games.

Ed Brady, Andy Gilles and Glen Austin, the three Oilers pitchers, allowed the Weatherford nine a total of only three hits.

Brady led off by hurling three hitless innings. Gilles hurled the next three, giving up two runs and two hits, and Austin finished up with a three-inning, one-hit stint.

The Oilers fielded flawlessly, marking the second time in three games they have gone without an error.

Earl Harriman and Emmett Fulewider, two league veterans, are providing most of the power at the plate with Virgil Richardson coming in for his share.

The following batting order for the Oilers in today's game has been announced by Seitz. Some changes may be made before game time.

Earl Harriman, ss
Ewell Cox, lf
Bob Huntley, rf
Virgil Richardson, 1b
Emmett Fulewider, cf
Grover Seitz, 3b
Al Ziegelman, c
Bob Johnston, 2b
Warren Hacker, p
Manager Ted Clawitter of the Gassers has announced the following batting order:

Albert Young, ss
Vurdon Gilchrist, 2b
Bob Decker, 3b
Gordon Nell, 1b
Ted Clawitter, c
Stanley Narka, cf
Bob Cornsall, lf
W. C. Thompson, rf
Jess Upton, p

The Oilers won a 5-4 game from Borger last week in Elk City.

Organization Will Seek to Increase Quail Population

HOUSTON.—(AP)—Organization of a corporation with the sole purpose of increasing the supply of quail in Texas is proposed for a meeting scheduled here next Saturday night.

Any quail hunter in Texas is eligible to attend the meeting at which Bobwhite, Inc., is to be formed. Officers will be elected and a program mapped for combatting the increasing shortage of the bird in this state.

Harry E. Brigham, chairman of the organization committee, said delegations from San Antonio, Austin, Dallas, Preppert, El Campo, Galveston, Corsicana and Huntsville would attend.

Hughson and Mickey Harris. Detroit's shaky infield is its chief liability but Steve O'Neill has Hal Newhouser, Dizzy Trout, Stubby Overmire, Virgil Trucks and Al Benton to give him the best pitching in the loop.

Washington has added punch with the return of Buddy Lewis and Cecil Travis, both of whom played briefly last year, and Mickey Vernon, Stan Spence and the acquisition of Heath.

Cleveland has top flight pitching in Bobby Feller, who returned late last summer, Steve Gromek, Red Emswiler and Alie Reynolds.

St. Louis hopes zoomed when Stephens returned from Mexico and the Browns should have a good hitting team with Chet Laabs, Al Zarilla and Walt Juhnich in the outfield.

Chicago has been handicapped by the illness of Manager Jimmy Dykes that finally necessitated an operation. The Sox appear to have consistent pitching but lack punch. Philadelphia lacks a good power hitter and has been generally condemned to the cellar despite a fair pitching staff built around Russ Christopher, Phil Marchiondi, Bobo Newsom and Dick Fowler.

SCOTT'S SCRAPBOOK

By SCOTT RAFFERTY
No one can accuse Manager Grover Seitz of the Pampa Oilers as being quiet, modest and reticent about himself or his team, but, personally, we don't blame him for it.

Conversely, no one can say that Grover isn't one of the most successful minor league managers in this section of the country and the reason, other than knowledge of the game and ability to pick good men, is "showmanship."

We mean that when Grover Seitz is managing a team, the fans are going to come to ball games because he has that "certain something" that draws people to watch professional sports.

And it isn't what you could call "showing off," either. Because if that were the case, Grover's teams would not be successful and the fan can just look at the record on that point.

We won't say the Pampa Oilers are going to win the West Texas-New Mexico league flag, it's too early to tell, but we will say that, with Grover Seitz at the helm, they'll be right up there.

If congress approves the measure that would prohibit the drafting of 18 year olds, we figure something is going to happen to sports. We do not mean something bad, but it is bound to have its effect.

Sports, in general, stood up very well during the war and we believe they have proved themselves to be as invulnerable as any other element in our way of life. We're glad to be associated with sports and the men of sports.

Aggies, Longhorns Remain at Top Of Southwest Conference Baseball

(By The Associated Press)

The University of Texas and Texas A. and M. remained atop the Southwest conference baseball heap today with no defeats, while Southern Methodist and Texas Christian still could not find their names in the conference win column.

Yesterday, the Aggies boosted their conference triumphs to four by defeating the Mustangs, 8-6, while the University of Texas was stopping a late Rice Institute rally to win by the identical score at Houston. In the only other conference game yesterday, Baylor's Bears pushed over three runs in the ninth to defeat the Christians, 5-2, at Ft. Worth.

The Aggies took a 10-inning thriller last night at Dallas by a Mustang play that was too successful at the start. With one out, catcher Bill Holt picked off the Aggies' Cotton Lindloff at first, and while Wally Cleye and Jim Sanders were running Lindloff down, Russ Mays and Early Bessley scored from third and second to win for the College Station nine.

Either Elmer Furtile or Johnny Shuford will pitch for the Aggies today, while Roy Switzer has mound duty for the Methodists.

At Houston, Charles Tankersley stopped the Rice uprising to give the Longhorns victory. Trailing eight runs in the seventh, the Owls exploded for six runs in the eighth to drive A. J. Hamilton from the mound. Bill Bishop went the route for the Owls.

The Bears at Fort Worth pushed over three runs in the ninth to defeat the Horned Frogs. Ben Dean went the route for Baylor, Preston Thompson started for the Frogs but came out in the eighth with the bases loaded and two down. Jim Barnett retired the side. But in the ninth he weakened, and two walks and two singles scored the winning runs.

Conference standing:
Team W L Pct.
Texas A. and M. 4 0 1.000
U. of Texas 3 0 1.000
Rice Institute 1 1 .500
Baylor 1 3 .250
Sou. Methodist 0 1 .000
Texas Christian 0 4 .000

Although Coach Frank Anderson's Aggies had the team point situation well in hand from the very start, the battle for individual honors was a tight battle right down to the very last event—the broad jump. Bodiford of Rice came off first with 11 1/4 points, nosing out Louisiana State's Bobby Lowther who had 11 even.

Bodiford took first, as expected, in the 100 yard dash and the 220 yard dash and anchored the winning relay team to get his points. Lowther had a chance to outscore Bodiford by taking third in the broad jump but came in fourth behind Jess Mason of Rice and got only a single point. He previously had taken first in the pole vault and javelin.

Rookie Steals Home To Give Bums Win Over Bronx Bombers

BROOKLYN.—(AP)—Rookie Carl Furillo, whose errant throw cost the Brooklyn Dodgers the game Friday, stole home with two out in the 12th inning Saturday to give the Brooks 3-2 triumph over the New York Yankees before 27,449 fans, the largest crowd ever to attend a spring training baseball exhibition at Ebbets Field.

The Dodgers tied the score in the ninth when Ed Stevens hit a two-run homer. In the eighth Joe Dimaggio belted his 18th spring homer for the Yanks.

Athletics Romp on Cross-Town Rivals

PHILADELPHIA.—(AP)—Slugging Tommy Hughes to cover in the first three innings, the Philadelphia Athletics battered the Philadelphia Phillies 9 to 0, Saturday in the first baseball game for the city title.

Sam Chapman accounted for the victors' ninth run by hitting Andy Karl for a homer into the lower left field stands in the ninth.

Baseball Heads Predict 'Great Year' for Game

By WILL HARRIDGE

(President of the American League)

CHICAGO.—(AP)—The 1946 baseball season, from a standpoint of fan interest alone, should be the greatest in the game's history.

After four wartime seasons, major league baseball returns to peacetime calibre, with scores of great stars resuming their careers, and with numerous newcomers making their bids for recognition.

The likelihood of close pennant races and the resumption of the major league's All-Star game in July are other factors which should make 1946 as interesting a season as the game ever has enjoyed.

Remarkably fine crowds at exhibition games this spring have attested to the interest of the fans, who long have been awaiting the return of such American league stars as Joe Dimaggio, Ted Williams, Joe Goheen, Bob Feller and Tex Hughson to mention only a few who are back from service.

Less than a year ago the American league had almost 300 of its players in the armed forces. Some 260 have returned to civilian life, with most of that number having rejoined their clubs. With the makeup of almost every club dominated by returning regulars, the fans are certain to have a season in which playing calibre will be greatly improved in every department of the sport.

By FORD C. FRICK
(President of National League)

NEW YORK.—(AP)—In a couple of days another baseball season will be on its way—the 71st campaign for the National league.

Any business or organization to function so long, particularly one in the entertainment world, must certainly have provided what the exacting American public demands.

All eight of our National league clubs enter this season confident that the 1946 championship race will be one of the most stirring in the league's history. All managers feel that their teams have been strengthened and I am sure that they will be one of the most stirring in the league's history.

All managers feel that their teams have been strengthened and I am sure that they will be one of the most stirring in the league's history.

There is every reason to believe that the attendance this year will exceed the record total of the two major leagues of last year.

It is my prediction that the 1946 season will not only be a prosperous one, but will result in the kind of a championship fight that will be followed intensely by all fans in the country.

Triple Play Is Detroit's Feat

COLUMBUS, Ohio.—(AP)—The Detroit Tigers executed a triple play Saturday as they defeated the Cincinnati Reds 7-5 in an exhibition game.

In the seventh as the Reds trailed 7-4, Catcher Ray Mueller opened with a single and Hank Sauer, batting for Pichler Ed Heusser, walked. Bob Usher was sent in to run for Sauer and the bases were loaded. Outfielder Dain Clay then walked.

Lonnie Frey rapped a sharp grounder to Shortstop Bill Hitchcock who tossed to Second Baseman Eddie Lake to nip Clay. Lake's throw to first eliminated Frey. Mueller's escape during the exchange but Usher was caught at the plate.

Texas Athlete Gets High Commendation

FORT WORTH.—(AP)—Tech Sgt. Warren W. Connelley, known in Texas sports circles as a football and basketball official, was awarded the army commendation ribbon here yesterday for meritorious service as a criminal investigator, in the military police from Sept. 13, 1944 to Feb. 1946.

Connelley was formerly a football player at Texas Christian university.

Alamond Wins Derby 'Prep' at Jamaica

NEW YORK.—(AP)—Alamond, a Kentucky Derby eligible from the barn of Al C. Ernest of Cleveland, Ohio, won the mile-and-a-sixteenth Experimental handicap, a Derby "prep," at Jamaica yesterday by a length before a crowd of 47,102.

Taking command in the stretch, the \$10,500 yearling buy drove to the well in 1:44 4/5 under Arnold Kirkland's ride to whip four other Derby nominees in the field of six.

The New Orleans Derby hope, Islam Prince, owned by J. B. Theall, was a fast-losing second. The favored Marine Victory, from the Bob-anent stable of Robert Bruce Livie of Baltimore, faded in the stretch and wound up third.

The second choice, Mist O'Gold, never untracked and wound up fifth.

Scoring the third straight win of his three-year old campaign, Alamond returned \$9.50, \$4.80 and \$2.70 across the board.

Dallas Rebels Are Picked To Win in Regular Season Play

DALLAS.—(AP)—The Texas League starts on its second half-century Tuesday after a three-year delay.

Its structure strengthened from top to bottom, with a new classification, new managers and new owners in half its cities—and with optimism unbounded—the league will be aiming at its second season in which the turnstiles may click 1,000,000 times.

Thirty thousand are expected to turn out for openers at Houston, Fort Worth, Beaumont and Oklahoma City as the campaign starts.

The opening schedule of a season that will run 146 days:
San Antonio at Houston, 8:15 p. m., 10,000 expected.

Dallas at Fort Worth, 8:15 p. m., 8,000.
Shreveport at Beaumont, 3 p. m., 8,000.

Tulsa at Oklahoma City, 8:15 p. m., 4,000.

The clubs play the same way Wednesday then go to San Antonio, Dallas, Shreveport and Tulsa for three-day stands.

Dallas was the choice to lead the pace over the regular season route with Fort Worth second and Houston and Tulsa rounding out the first division.

Fifteen sports writers in the eight league cities selected the clubs to finish in this order:

1. Dallas.
2. Fort Worth.
3. Houston.
4. Tulsa.
5. San Antonio.
6. Shreveport.
7. Beaumont.
8. Oklahoma City.

Dallas received six first-place ballots, two more than Houston and Fort Worth. The Rebels were placed lower than the first division in only two votes. Fort Worth and Houston were picked no lower than fifth. Seven writers put Oklahoma City last.

Participating in the poll were: Bruce Laver, Houston Post; B. A. Bridgewater, Tulsa World; Jack Charbat, Tulsa Tribune; Harold Scherwitz, San Antonio Light; Thad Johnson, Beaumont Enterprise; Otis Harris, Shreveport Journal; Dick Freeman, Houston Chronicle; Bill Bellamy, San Antonio News; Hal Middlesworth, Daily Oklahoman, Oklahoma City; John Cronley, Oklahoma City Times; Flen E. Hall and Lorin McMullen, Fort Worth Star-Telegram; Bill Scurluck, Beaumont Journal; Jere R. Hayes, Dallas Times Herald; and George White, Dallas Morning News.

The Texas league will be Class AA this year—just two classifications below the majors. It's the same as the Southern association whose champion meets the Texas league pennant winner in the Dixie series.

old Duck, plus white wings and moon halo.

"Gabriel: That Ickes has turned Heaven into bedlam. Only yesterday Diogenes gave him his lamp—Ickes said he wanted to look for an honest angel.

"Peter: He found one, didn't he?"

"Gabriel: No. He never tried. You see one of our very finest angels tried to give him some California

oil for the lamp!"

Ickes cracked down on Heaven. "This whole place is reactionary," he said. "Look at that gate, I don't see any union label on it."

Bevin, Byrnes and Gromyko discussed the possibilities of locating the U. N. on the moon, when they discovered it was already inhabited by Peron of Argentina and Franco of Spain, who sang the tereador song with variations.

"Stalin: (Emerging from behind a crater) — Wait, wait. Russia has a historic interest in the moon.

"Byrnes: Mr. Gromyko did not

tell us you were going to be here, too.

"Stalin: In Russia we have real democracy. Nobody tells anybody. So everybody is equal."

"Peter Pan Pauley," accompanied by a chorus attired in white gowns and holding Easter lilies, sang directly to President Truman:

Politics is here again.
Hear the angry congressmen.
With all the world in chaos too,
Aren't you glad, you're you."

The democratic and republican national chairmen, Robert E. Hannan and B. Carroll Reece, were named in a duet on the subject of "Whither Are We Drifting."

Hannan declared he had "Vardaman and George Allen to counter act Joe Stalin" but Reece retorted that "The Truman new deal is phony, you have government by crony."

One apparition in a White House nightmare was John L. Lewis, introduced as "the coal miner's dream—Grosby Rose Lewis."

Southern democratic conservatives were roasted when Senator George was portrayed in gallant conversation with Scarlett O'Hara, heroine of "Gone With the Wind."

Senator George was asked what became of the bill to let poor folks vote.

He replied: "Gone with the wind. You should have heard Senator Byrd."

"Scarlett: And that other bill, you know, the FEPC or something?"

"George: Gone with the wind. You should have heard by distinguished colleague, Senator Russell."

Rainey Finds More Support in Texas

SAN ANGELO.—(AP)—Dr. Homer P. Rainey, former president of the University of Texas who is making a tour of Texas to test sentiment for his possible candidacy for governor, said here yesterday he was finding "gathering support."

He conferred briefly with civil leaders, and continued on to Austin. He had stopped at Lubbock, Lamesa and Big Spring.

No nation-state is today strong enough, sovereign enough, to fulfill the purpose for which it was set up—to protect its citizens.—Rollins College Scientific Conference report.

Unemployment

(Continued from page 1)

Veterans have been hired (all plants) which includes 120 re-instated veterans. Turnover of help has been great, said Kelley. An average of five or six ex-servicemen return to their former jobs each month.

Few civilians have been laid off due to veterans returning to their former jobs, said Kelley. Women employees were laid off at various times with the last major change of help of women about five months ago.

More requests for re-instatement of veterans have been received than expected due to the lack of anticipation of the national reconversion plan picture.

During February 57 percent of the persons placed on jobs through the United States employment office were former servicemen, reports L. P. Port, manager. More recent records are not available. The February percentage was high for the district, Pampa area as well as for the district. February was also a month of high placements.

"Majority of unemployed at this time are married men, said Claim Examiner Langford, with veterans usually between the ages of 25-30; civilians from 40-45 years old.

Men and women filing claims with the TUCC are usually placed on positions within two months, although records show that some persons are unable to obtain employment during the full time of their eligibility to receive unemployment benefits—veterans, \$20 for 52 weeks; civilians, \$18 for 18 weeks.

Records do not indicate the type of job those employed went into, nor whether it was skilled or unskilled work for which they were suited.

Compensation and readjustment pay (interchangeably used above, within a month after the first claim is filed. Two months may elapse if the case must be investigated—such as reasons for leaving former work.

On asking a TUCC official if it would be likely to consider a man ineligible to receive unemployment compensation if he did not want to work at the minimum wage rate in Pampa, 30 cents an hour as on record in the United States Employment Service office, the TUCC man said it would be likely that the man would be ineligible to draw compensation.

On such terms skilled engineer or aircraft mechanic, skills learned through long experience in the service, would have little opportunity in this vicinity.

Average unemployment of veterans in Texas is approximately 37 percent of the total number of jobless. In this district of 43 counties the TUCC men say the Pampa area is about average in all respects, with 8500 persons unemployed. Likewise, unemployed in the 43-county district is small in comparison to other Texas districts.

Draft Bill

(Continued from page one)

of fathers; for authority for local draft boards to defer farm workers, and for these deferrals on the July 1, 1947, strength of the armed forces: army 1,070,000 officers and men; navy 558,000; marine corps 108,000.

RAISE IN PAY

Turned down were proposals to raise the pay of all service personnel; to give enlisted men the same terminal pay now granted to officers; to force the immediate discharge of all fathers now in service, and to count service in the merchant marine as part of the 18 months maximum required of inducted men.

Chairman Vinson (D-Ga) of the naval committee offered the "holiday" amendment, while the ban on teen-age inductions was proposed by Chairman May (D-Ky) of the military committee. May said "it is wrong to draft children."

Army spokesmen who sat in the gallery during the debate said privately they expected a manpower shortage as result of the legislation. Their only hope, they told reporters, lies in the senate.

Cries of "politics" and "back passing" arose over the holiday amendment and its provision that if recruitment has not produced the needed men by Oct. 15, the resumption of drafting is up to the President.

Assertions that the effect of the Vinson amendment would be to "pass the buck to the President" during the political campaigns were made by two democrats, Reps. Ervin of North Carolina and Thomason of Texas.

"There's a lot more at stake now than an approaching congressional election," Thompson said.

Republicans who applauded when Vinson offered his proposal were chided by Thomason for their indicated support. In the past, he said, republicans have complained against delegation of power to the President.

The debate on May's amendment cut across party lines. Rep. Walter G. Andrews of New York, senior republican on the military committee, and Thomason, ranking next to May among democratic members, both spoke in opposition.

Thomason said raising of the draft age minimum might force the reduction of older men who have been discharged, and keep in the service men who are eligible for discharge. It also would be "unfair" to teen-age youths who already have been drafted, he said.

May said in a speech supporting his proposal that General Dwight D. Eisenhower, chief of staff, recently told the senate military committee that boys in their teens are "not so suitable" for military service. The committee chairman declared it would be a "wise move" to suspend all inductions while a voluntary enlistment program is in operation.

The amendment was opposed by Rep. Lyle (D-Texas), a combat veteran of the recent war. Contending its adoption would amount to gambling with security, Lyle said "to me the price of peace is worth a great deal more than the price of war."

Lefors Soldier Home On 18-Day Furlough

LEFORS. (Special) — Pvt. Bill Childress of Lefors, arrived home Friday for a furlough ending May 1. Bill is stationed in Fort Knox, Ky., with the 13th cavalry. He is a driver of an armored car, and expects to be promoted to the rating of T-5 soon. Bill volunteered in January for the armored forces in the European theater of operations for three years. On his return, he will report to Camp Kilmer, N. J.

The country of nearly 400 million, fantastically divided in almost every way, faces unity on one question alone—everyone Moslem and Hindu, unchangeable and Sikh, may be hungry and desperate before long in a famine.

This week India faced roughly the same choice as China, though her pangs in making it may be more complex. This is simply whether to unite and cash in one peace and post-war prosperity or to keep on nursing internal differences and risk civil war.

The Hindus are among those who say the British have promoted and encouraged Indian differences in

Mr. and Mrs. Truett Thompson

Hallford-Thompson Rites Are Solemnized in Home Ceremony

Miss Geraldine Hallford, daughter of Mr. and Mrs. J. H. Hallford, 719 E. Browning, became the bride of Truett Thompson, son of Mr. and Mrs. W. A. Thompson of Groom, Sunday, April 7, at 2 p.m.

Vows were exchanged in a double ring ceremony performed in the home of the bride's parents, with the Rev. Rudolph Q. Harvey, pastor of the Central Baptist church, officiating.

The home was decorated with bouquets of pink gladioli, lilacs and cherry blossoms.

Mrs. Lonnie Thompson, the bride's only attendant, wore a dress of sky blue crepe, with a shoulder corsage of red roses. Lonnie Thompson served his

Shower Honors Recent Brides

Mrs. H. W. Ussery and Mrs. Louis B. Cole, sisters who were married recently, were honored Thursday afternoon when a joint miscellaneous shower was given in the home of their aunt, Mrs. M. G. Williams. Mrs. Cole is the former Miss Leona Lewis and Mrs. Ussery was Miss Mary Fern Lewis.

Miss Rosemary Hamilton, sister of the honorees, presided at the guest register, and corsages of pink carnations were presented to the hostesses, Mrs. Williams and Mrs. J. F. Meers.

'Religion' Is P-T.A. Topic

Dr. Douglas E. Nelson, pastor of the First Presbyterian church, was guest speaker when the Horace Mann Parent-Teacher association met at the school Thursday afternoon at 2:30. His topic of discussion was, "Religion and Your Children."

"Religion is what you believe in that changes completely your way of life," the speaker explained.

"Don't raise your child to be an average person, because the average person sees the inside of the church but once a year. Your children are just as religious as you, as parents, are—no more, no less."

Parents have to give religion to their children. If you are worried about the religion of your children, then check up on your own religion and see where the fault lies," he concluded.

The program for the afternoon opened with the group singing, "The Battle Hymn of the Republic," led by Mrs. John Brannon. Special music was presented by a Junior high sextet, accompanied at the piano by Miss Eloise Lane.

Mrs. W. O. Prewitt, president, conducted the short business session, at which time the association voted to send Mrs. Prewitt as delegate to the District Parent-Teacher association convention to be held at Dalhart, April 25 and 26.

Mrs. Mary Jordan gave the report of the nominating committee, and the following new officers were elected: President, Mrs. Prewitt; vice-president, Mrs. E. N. Franklin; secretary, Miss Billie Ross; corresponding secretary, Mrs. Minor Langford; parliamentarian, Miss Josephine Thomas; City Council delegates, Mrs. Ray Sheppard and Mrs. T. C. Naron, and Tri-County Council delegates, Mrs. B. Altman, Mrs. Larry Snyder, and Mrs. Henry Jordan.

Mrs. N. B. Ellis' room won first in the attendance award, with Mrs. Gibson, second, and Miss Jimma Seary, third.

EASTER PLAY

"The Gift," an Easter play, will be presented by a cast from a high school dramatics class, when the Presbyterian auxiliary meets in the West room of the church, Wednesday at 2:30 p.m. A nursery will be provided for the children.

Chalk used for marking on all sorts of surfaces is actually calcium carbonate.

WE, THE WOMEN

To Be Beautiful, a Woman Must Be Happy

By RUTH MILLETT
NEA Staff Writer

Anita Colby, the former photographer's model whose beauty made her famous as "The Face," has a new type of job in Hollywood. She is called "feminine director" for Selznick Studios, and it is her job to teach starlets on clothes, beauty, manners, etc.

If all her advice is as sensible as is one thing she tells the girls on the Selznick lot, she'll soon be dubbed "The Brain" rather than "The Face."

That is: "Be happy." A contented look is the best face powder a woman can wear.

Girls who aspire to a movie career probably aren't in a very good position to take Miss Colby's advice. One can't afford to be contented in a cut-throat business like

movie-making. A film actress necessarily regards every other woman as a rival.

And yet the advice is sound — and it should be taken to heart by feminine Americans.

CHARACTER IS VISIBLE

No woman is really attractive to others if she isn't fundamentally a happy-hearted person.

No matter what kind of clothes a woman wears, or how much time and money she spends in beauty parlors, her looks and her manner are spoiled if she is grasping, or over-ambitious, or so completely lacking in poise and mature understanding that she is unmoved by trifles.

Happiness is the most beautiful thing a woman can wear on her face. Make no mistake—it glows as tellingly as does a shiny nose.

And so, too, does discontent.

Radioman and Mrs. Johnny Campbell

Marriage of Wanda Jay, Johnny Campbell Is Told

An altar decorated with baskets of gladioli and palms, and lighted with tall white tapers in floor candelabra formed the setting for the marriage of Miss Wanda Jay, daughter of Mr. and Mrs. E. R. Jay, 512 E. Browning, and Johnny Campbell, RM 3-c, son of Dr. and Mrs. W. L. Campbell, 1330 Christine, which was performed Monday evening at 8 o'clock.

Dr. Douglas Nelson, pastor, read the double ring ceremony in the Presbyterian church.

Miss LaNelle Scheihagen, soloist, sang "Because" and "Al-ways," and organ music played by Warren Hohl included "I Love You Truly" and the "Bridal Chorus" from Lohengrin.

Attending the bride were her sister, Miss Gloria Jay, who wore a dress of white eyelet pique, and carried a bouquet of yellow daisies, and Miss Naneen Campbell, sister of the bridegroom, who was attired in blue pique and her bouquet was of white daisies.

W. C. Pendleton of this city served the bridegroom as best man, and ushers were Gene Sidwell and Max Hukill.

The bride, who was given in marriage by her father, chose for her wedding a dress of dusty rose crepe, a halo hat of matching color with a shoulder length veil, and she carried a white Bible, topped with pink carnations and white satin streamers. To carry out the traditional custom of brides, she wore a string of pearls belonging to a friend, Pat Ball of Tucuman, N. M., as "something old," the Bible she carried was "the bridegroom's navy Bible" and "some-

thing blue, was a single blue streamer attached to the Bible. Her wedding costume was "something new." The bride's mother wore a dress of black sheer with black patent accessories, and her corsage was of white roses.

The bridegroom's mother was attired in blue with white trim, and her accessories were of red. She also

Speed-Hawkins Rites Read in Church Ceremony

In a simple ceremony solemnized in the First Christian church, Mary Ann Speed, daughter of Mr. and Mrs. W. E. Speed, 611 North Russell became the bride of Leaton D. Hawkins, son of Mr. and Mrs. W. F. Hawkins, 918 Reed, April 7, at 8:30 a.m.

Before a background of flowers and palms, B. A. Norris, minister, performed the double ring ceremony in the presence of members of the immediate families of bride and bridegroom.

The bride chose for her wedding a powder blue costume suit accented with a pale pink blouse and black accessories.

Her corsage was of light pink carnations.

For "something old," she wore a lavalier that her mother wore at her wedding, and "something borrowed" was a ring watch belonging to her sister.

Mrs. Claude Hedges, Blackwell, Okla., sister of the bride, was matron of honor, wearing a grey tailored suit with black accessories and a corsage of white carnations.

Claude Hedges, brother-in-law of the bride, served as best man.

The bride's mother wore a pink and black print crepe dress with black accessories and the bridegroom's mother was dressed in a taupe suit with black accessories.

Mrs. Hawkins was graduated from Pampa high school with the class of 1944 and will continue at her present position in the office of Grogan, Rhea and Shile.

The bridegroom attended Pampa schools prior to enlisting in the army, Oct. 26, 1939.

He received his discharge Sept. 25, 1945, after serving six years, 53 months of which were spent overseas.

Following a wedding trip in Oklahoma, the couple will be at home temporarily at 611 North Russell.

Baptist Women Meet for Study

Ernestine Holmes To Give Piano Recital

Miss Ernestine Holmes, daughter of Mr. and Mrs. E. L. Holmes of this city, will be presenting the piano recital in the Fine Arts auditorium, in Oklahoma City, Thursday evening, at 8:15, according to an announcement received this week.

Miss Holmes is a student of Dean Clarence Burg, College of Fine Arts, Oklahoma City University. In addition to her college work, she teaches a class of thirty piano and accordion pupils in Pampa each week-end.

FOOTSTEPS TO FOLLOW FOR EASTER

Spring shoes in the Easter parade this year will show the greatest style variety since 1941. The shoe craftsman is catching his breath style-wise, and evolving new models, patterns and treatments.

When wartime restrictions on ornamentation and trim were lifted, shoes became dressy not only in design, but also in the use of decorative materials. Now the style pendulum swings back to simplicity of line, seeks new emphasis in basic patterns, in materials and constructions.

Colors will sparkle again on Easter Sunday, with deep wine tones and bright blue offsetting the gleam of patent leather and the richness of brown. Some spring shoes will offer a preview of new colors due for prominence during the summer. One of these is cream blonde, a creamy off-white which blends with sport clothes and is used alone or as a trim for brown leathers. Cocoa and Ranch Tan are spring colors used both in play shoes and more swagger footwear.

Designers are taking advantage of the burnished tones of sole leathers as a color contrast to neutral or vivid shoe uppers. The polished luster of natural colored sole edges blends with saddle tones or gives a distinctive color offset to white and off-white shoes. Such combinations are used with particularly

Ruth Elva Matheny Becomes Bride of Floyd Lee Barrett

Nuptial vows were exchanged by Miss Ruth Elva Matheny, daughter of Mr. and Mrs. C. C. Matheny, 720 S. Hobart, and Floyd Lee Barrett, F-2-c, son of Mr. and Mrs. J. B. Barrett, southwest of Pampa.

Rev. E. Douglas Carver, pastor, read the double ring ceremony in the parsonage of the First Baptist church Tuesday, April 2, at 7 p.m.

Miss Ramona Louise Matheny was bridesmaid, and Miss Frances Lorella Ford of Amarillo attended as maid of honor. Miss Matheny wore a dress of lace trimmed black crepe, with black accessories, and her corsage was of Talisman roses. Miss Ford was attired in a suit of melon color, with black accessories. Her corsage was of pink carnations.

Charles H. Barrett of Santa Ana, Calif., served the bridegroom as best man.

The bride chose for her wedding a dress of blue crepe, with patent accessories, and she wore a corsage of gardenias.

The bride's mother wore black crepe, with patent accessories and a corsage of split carnations.

Immediately following the ceremony, a reception was held in the home of the bride's parents, where sandwiches, punch and wedding cake were served to the wedding party and guests.

The young couple left on a wedding trip to Carlsbad, N. M., and also will visit points of interest on the South Plains.

For traveling, the bride wore a crepe dress of light black print, with a three-quarter length black coat, and black accessories.

Mr. and Mrs. Barrett are residing for the present in the home of the bridegroom's parents.

Mrs. Barrett is a graduate of Pampa high school with the class of '44 and she also attended Mary Hardin Baylor, Belton.

The bridegroom is a graduate of Pampa high school with the class of '43, and served for 18 months in the Southwest Pacific. He entered the navy March 11, 1944.

Spring flowers were placed throughout the entertaining room. Mrs. E. L. Anderson, teacher directed the business period, and Mrs. H. G. Keith gave the monthly class reports. Mrs. H. M. Stokes called the roll, and the invocation was given by Mrs. L. B. Scruggs.

Tables were centered using the Easter motifs with candy eggs placed in green nests, and candles were in the forms of rabbits and chickens.

Plate favors were corsages of garden flowers.

Signing the handmade Easter register were: Mesdames H. T. Robinson, C. A. Scott, J. B. Davis, Anderson, D. A. Caldwell, E. V. Davis, Maude Schulkey, E. G. Nelson, O. V. Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritic or neuralgic pain, try this simple, inexpensive home remedy. It is a sure cure. Get a package of No. 1 Compound, a two-week supply, today. Mix it with a quart of water. Add the juice of a lemon. It's easy. No trouble at all and it's safe. You need only 3 tablespoons two times a day. After 48 hours—sometimes overnight—splendid results are obtained. If the pain does not quickly leave and if you do not feel better, return the empty package and No. 1 will cost you nothing to try as it is sold by your druggist under an absolute money-back guarantee. No. 1 Compound is for sale and recommended by Gregory Drug Stores, Berry's Pharmacy and drug stores everywhere.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe your own. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barcinate (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Ours is an unending love,
Higher than heights above,
Deep than depth beneath,
Lasting ever,

Wives of members of the local Carpenter's Union met Thursday evening in the home of Mrs. Roy Kilgore, to organize an auxiliary, with Mrs. L. K. Stout, presiding.

Mrs. Lee DeOrleans was named president in the election of officers, with Mrs. Hazel Tucker, vice-president; Mrs. Bob Randolph, secretary; Mrs. Myrtle Helmick, treasurer; Mrs. Roy Kilgore, warden, and Mrs. Gladys Harvey, conductress.

The next meeting will be in the home of Mrs. DeOrleans, 323 W. Brown, May 9, and wives of all members of the Carpenter's Union are invited to attend.

Twelve members were present.

Meeting Announced in Twitty Baptist Church

SHAMROCK. (Special)—The Rev. R. C. McCurley, Jr., pastor of the First Baptist church of Twitty, announced that a revival meeting will begin at the church on Wednesday night, continuing through Sunday, April 28.

Rev. J. D. Horton, pastor of the Pierce Street Baptist church of Amarillo, will be in the pulpit during the series of meetings. Rev. Horton is the founder of the Twitty Baptist church and pastored it for five years before accepting the pastorate of his present church. He has headed the Pierce Street Baptist church for the past 14 years. Services will be conducted twice daily at 10 a.m. and 7:30 p.m. Gorge Dodson will be in charge of the song services, with Mrs. Mabel Reynolds, pianist.

Rev. Horton needs no introduction to the people of this area. While serving as pastor of the Twitty Baptist church and since going to Amarillo, he has conducted revival meetings or preached in practically every Baptist pulpit in this vicinity at one time or another.

Rev. McCurley, who has served the Twitty Baptist church as pastor since February, extends a cordial welcome to the public to attend the gospel services.

Mary Olive Kitchens Engagement Is Told

Mr. and Mrs. T. C. Kitchens wish to announce the engagement and forthcoming marriage of their daughter, Mary Olive, to Clyde Coble, son of Mr. and Mrs. Lee Coble, all of Pampa.

The wedding ceremony will be read at noon Easter Sunday in the Assembly of God church.

Their friends are invited to attend.

Mrs. Albert Cooper Is Honored at Shower

SHAMROCK. (Special)—Mrs. Albert Cooper was named honoree for a party and shower given by the employees of the local Bell Telephone company, when she resigned as chief operator recently.

Mrs. Cooper had been with the telephone company for the past 20 years, serving as chief operator for 17 years.

The affair was given at the telephone building. A color scheme of blue and white was carried out in decorations.

The refreshment table was laid with a cloth of lace, centered with a low arrangement of panicles, flanked with blue and white tapers in crystal holders.

Miss Monnie Gill, who succeeded Mrs. Cooper as chief operator, presided.

1-Cord of Thanks
IN MY FATHER'S HOUSE
"In my father's house are many rooms."
(John 14:2)
No, not beneath the grasses,
Not closed walls in every tomb.
Rather in my Father's Mansion
LIVING in another room.

Living, like one who loves me
Like my child with cheeks alight
Out of sight, at dusk or school book
LIVING in another room.
Near the youth who loves me
Beckons where the straws lean down
Just behind the hanging curtain,
SERVING in another room.
Shall I doubt my Father's mercy?
Shall I think of death as doom?
Or the stepping over the threshold
To a bigger, brighter room?

Shall I blame my Father's wisdom?
Shall I sit enshrouded in gloom?
When I know my MOTHER'S happy
WAITING in another room?
Throughout the long days of suffering
Our dear mother was called to bear
And the dark days of her passing,
Our friends joined faithful in prayer.
It was good to know how much our friends
meant to us. The prayers, expressions of
sympathy and love, the floral offerings
did so much to help us in our great
loss. We appreciate every loving deed.

Leaves From a Correspondent's Life Notebook

By HAL BOYLE

NAPLES.—(P)—Naples is still the world's civic "sad sack."

If the world's metropolises were rated on the stock market, Naples would be selling at zero. It is even disowned by the northern Italians who always speak of it as "Italy's shame," of the "cesspool of Italy."

Mussolini himself could not clean up the Neapolitans or cure them of their lifelong cynicism and happy aptitude for depravity.

It is a place where most people prefer to do nothing for themselves, if they think they can get anyone else to do it for them. It is a place where thousands would rather work all day selling fake cameos than they would spend 15 minutes washing an honest window.

In a half hour's walk through its streets you can meet more thieves, liars, racketeers, chislers, cut-throats, gamblers, ingenious beggars and short change artists—all fairly happy, hungry and good-natured—than any place.

There is a legend that a committee once set out to find and re-

word an honest Neapolitan. After months of search the committee finally located a decrepit old man, who seemed to fill the bill. When told the nature of the reward being proffered him, he became very indignant.

"You mistake me for a Neapolitan?" he roared. "I am a visitor from Padua."

When the American army first entered Naples in October 1943 the streets were ankle deep in filth and the people wretched. The streets are cleaner now, but the people remain wretched. They likely will remain so unless they change their philosophy of life, or cease trying to outbreed the insect world. War cannot be blamed for all their troubles.

Poverty is widespread and truly predatory. Children are born to parents whose own views were twisted from birth. There is much deep family love but little civil responsibility, less civic pride.

Neapolitans take to the black market like a tomcat to a stranded fish. If there were six people left in Naples and food enough for 20, two would corner the supply and sell it on the black market to the other four. And after a while one black market operator would find his partner was stealing from him.

Naples needs food. There is no doubt a large part of its population lives always on the edge of starvation. But as much as food it needs

GI Insurance Is Vital, Declares VA Administrator

LUBBOCK.—Robert W. Sisson, Lubbock regional manager of the veterans administration, expressed alarm today over the number of West Texas veterans who are allowing their "GI Insurance" to lapse. Mr. Sisson, a veteran of World War I, said, "this is the soundest investment a veteran can make and I would personally urge every veteran to keep his insurance in force."

Many who allow their insurance to lapse intend to reinstate it in the future, but it becomes a matter of neglect, is "put off" from time to time until accident or sickness overcomes the veteran and he finds himself with no protection and his dependents with no security.

Sisson stated "not only veterans, but every American home should be protected with sufficient life insurance."

In many cases where the veteran has allowed his "GI Insurance" to lapse for a period of time, on request for reinstatement he will fail to pass his physical. This deprives him of any insurance.

Mr. Sisson emphasized "it is especially valuable to those who may be physically impaired as they will be unable to obtain any other life insurance protection."

After discharge the veteran should forward to the Collection Subdivision, Veterans Administration, 346 Broadway, New York 13, N. Y., within 31 days from the end of the period for which premiums were last paid. A remittance in the amount of premium formerly paid by direct remittance or by allotment from service pay. Ordinarily the first premium after discharge is payable during the month following discharge.

Failure to pay any premium before the expiration of grace period of 31 days from due date will cause insurance to lapse.

If the veteran makes application for reinstatement, either within six months after date of separation from active service or within three months after the due date of the first premium default (which ever is later), the insurance may be reinstated if the applicant is in as good health on the date of application and tender of premiums as he was on the due date of the first premium in default. Satisfactory evidence of state of health must be furnished at the time of application.

Both Gen. Omar N. Bradley, V. A. Administrator and Col. Thomas G. Lanphier, Deputy Administrator, Dallas Branch Office, V. A., have expressed concern over the large number of veterans allowing their insurance to lapse.

'Smart Birds' Beat Shortage

ADD ways to beat the housing shortage.

All the conveniences of home are found in this cozy little one-room apartment now being rented by some enterprising birds — love birds, probably.

The above photo, a snapshot by Lawrence McBee, 410 N. Somerville, shows the housekeeping unit located in a letter in the Furr Food store neon sign.

The birds have lights, electricity and, when the weatherman is in the mood, a shower.

Market Briefs

WALL STREET
NEW YORK.—(P)—Stocks gave up further ground in today's market with steel and manufacturing shares prominent on the decline.

Air transport issues were weak at the opening, reflecting unfavorable earnings reports, but the lower levels uncovered support for a recovery move.

Manufacturing issues, with transfers for the two hours around 600,000 shares. Losses of fractions to more than a point predominated near the close, although some stocks affected by special situations retained soft marks.

Monopolies issued, with short-sellers incident to the soft coal stoppage, reflected concern over effects on income.

Widest early slips among the airlines were made by American Airlines, Eastern Air Lines and United Air Lines.

Declines of fractions to more than a point the greater part of the session were registered by U. S. Steel, Bethlehem, Stiegel, Inc., Montgomery Ward, Sears Roebuck, General Motors, International Harvester, Texas Co., General Electric, Westinghouse, Sperry, Southern Pacific, Western Union, A. Anaconda, American Smelting and Union Carbide. Occasional gainers were Libby-McNeill, International Nickel, Chesapeake & Ohio and North American.

Bonds were narrow.

Red Cross Did Not 'Give' Hospitals

Why did the Red Cross give ten hospitals to Russia?

News reports stating the American Red Cross "gave" ten 500-bed hospitals to Soviet Russia are in error. Congress appropriated the money for the ten hospitals and asked the American Red Cross to serve as its agent. Hospital equipment for the ten hospitals was actually purchased by the government, of the United States and turned over to the American Red Cross for relief in the Soviet Union.

The hospital units did not include buildings, which were furnished by the Union of the Red Cross and Red Crescent Societies of the USSR, but instead included basic medical, surgical and laboratory equipment along with a three-months' supply of drugs required for the effective operation of each hospital.

The setting up of the hospitals in Russia is part of the American Red Cross civilian relief program which has made supplies and services available in over 40 foreign countries.

Sears Essay Contest Begins in County

The annual Sears-Roebuck essay contest offering 10 gilts to 4-H boys entering the best essays on the crow, hog or hen "on the farm" is now on.

Each 4-H boy may send but one entry which is to be mailed or given to Vic Joyner, 4-H club supervisor of Gray county, at the county agent's office.

Deadline for the contest is May 15 or thereabouts. Further details may be secured from Joyner.

About 25 4-H club boys are now feeding calves for the 1947 Top of Texas Junior Livestock show, which is a record number. More calves are expected to be placed on feed soon in compliance with show regulations, said Joyner.

More than 679,000 privately operated vehicles are used to deliver retail commodities.

Liberty Captain Is Candidate

AUSTIN.—(P)—Capt. Price Daniel of Liberty definitely will be a candidate for attorney general his friends have promised here in announcing they will file his name prior to his release from the army May 1.

Former speaker of the house of representatives, Daniel conferred here this week with Fagan Dickson, former assistant attorney general, and others. Daniel said he was

aware of the actions of his friends but could make no statement until after his release from the army.

Daniel entered the army as a private, was commissioned from the judge advocate general's officer candidate school in Ann Arbor, Mich., and served overseas in Japan.

Educated in the schools of Liberty county, Paschal high school of Fort Worth and Baylor university, Daniel practiced law in Liberty county for 11 years and served three terms in the house of representatives in addition to the term

as speaker of the 48th legislature. Daniel is 35 years old, married and has three children.

Farm mules have shown a decline in the past decade. There were 3,559,000 mules on farms of the United States as of Jan. 1, 1944, as compared with a peak of 5,916,000 in 1923.

In the 56-year-old automotive industry approximately 2000 makes of passenger cars have appeared on the market.

YOUR BONNET will be Fair with Flowers
1.98 to 3.98

That's our millinery forecast for spring! Flowers bloom on bonnets, half-hats, Swiss straws, and straw braids. Flowers form "gay" chaplets or flirtatious little "head-gays". Flowers peep beneath your brim or nestle in your chignon. Yes, your bonnet will be fair with flowers and so will you! You'll look and feel like the breath of American Spring!

Tips for Teens

By ELINOR WILLIAMS

Bunny-eye view of your fashion future from Easter to summer: Basque suits with snug-fitting, waist-length jacket and a full skirt gathered at the waist for a "hippy" look. Some in navy blue tuck a demure white collar under your chin; others have shiny metal buttons.

More ballet shoes—zippy fabrics and gay striped cottons to go with cotton dresses as well as black suede for "best." More dressy "flats" to wear with suits and dress-up outfits including patent leather, suede and calf, mostly in black.

Longer skirts—spring dresses are a full inch longer than you've been wearing. Yours, long enough to cover the knees. Summer play dresses and cottons are sometimes two or three inches longer, reaching nearly to mid-calf. The theory is that dresses with bare back shoulders and midriff look more feminine and graceful with longer skirts.

Stiffened petticoats under full-skirted evening dresses. Some girls are rummaging in the attic for Grandma's voluminous petticoats. They lengthen them and wear them to give full evening skirts swing and swirl. An undershirt of buckram gives the same effect.

Shorter, smooth page-boy hair-do—It's smarter, neater and usually more becoming than a tangled mane of neglected hair that just grows until it looks like a shaggy mop. You'll need a permanent only on the ends and it's easy to manage.

Bloomer play suit and bathing suits—the bloomers are brief, waist fitted, necklines deep oval in shape are here for sunbathe.

Texans Are Not Fools-- But State Has Its Quota

By HUGH WILLIAMSON

The good thing about the Texas-Kansas area is that it is a quota area with their quota.

One man, whose name is William V. Brown, a candidate for governor from the border area, New Brother Brown, if you want to get a good skinning in the election, the thing for you to do is to get a quota, and your hand for your quota, and that the people of Texas are not fools.

Replied Brown, "I don't agree."

that the people of Texas are not fools, but after reading your letter I certainly think Texas has its quota.

Major Andrew Jackson Burke of Odessa, another gubernatorial candidate, belonged to a debating society known as the "Bellicists" when he was a student at More school, near Abilene. The members usually debated politics and wound up their sessions with fistfights, from which Burke usually emerged without serious damage. When he was 16 he walked 217 points.

Chairman, Olin Culberson of the oilfield commission has been too busy, what with the navy screaming for more fuel oil and the independent refiners running out of crude, to do any campaigning. But now that an opponent has appeared, Culberson is planning a series of speeches—the schedule to be announced when it is completed.

Culberson so far has only one opponent, Max L. Coker, who castigated the commission chairman for opposing the navy's oil requests, which were granted after some delay by an order that all three commissioners signed.

Gago March of Waco, another of those who yearn to succeed Coke, is planning to run for governor of this state, but people he met that ambition of his might be the battle of Okinawa, in which he was seriously wounded.

Watch for political candidates around meetings and picnics. This year the office seekers are lucky; there are no public gatherings that would attract the attention of the centennial celebration in many towns and cities.

Wick Fowler of the Dallas Morning News is well known around Austin, where he used to live. Capitol correspondents thus were particularly interested in the story that he was being "urged to run" for lieutenant governor.

Fowler was in Austin when the story was printed, but he declined to comment. He loves a joke, but many thought he was serious about becoming a candidate.

SKELTON BARES SECRET OF KING'S BAD TEMPER
STOCKHOLM—(AP)—Swedish historians and medical experts who opened the coffin of Sweden's great King Gustav Vasa after 386 years believe they have found out why he had such a bad temper. They found a large cavity in his cheek bone due to an abscessed tooth which bothered him for an estimated ten years. They also discovered he had small hand and big feet. One leg was shorter than the other.

Gustav Vasa, who was regarded as the "builder" of modern Sweden, died in 1592. After scientific studies of his skeleton had been made, his remains were exposed publicly for a day in Uppsala's cathedral.

Four County Men Enlist in Service

Four Gray county men have been accepted for the new regular army during the week according to M/Sgt. Fred G. Daggett, local army recruit-

ing officer.

Enlisting for three years was Jimmie Dale Watson, who chose the army air forces, unassigned. Jimmie is the son of Mr. and Mrs. Halbert Watson and the husband of Mrs. Corine Watson of 729 North Banks street, Pampa. Jimmie is 17 and attended the Pampa high school.

Eugene Dumas, son of Mrs. Dee Dumas of 826 North Banks was accepted for duty in the mechanized cavalry. Eugene selected a three year enlistment and is now at Fort Bliss, Texas. Eugene also is 17 and attended the public schools in Pampa.

Choosing the signal corps in the European theater of operations for

three years was Paul Lewis Willis. Paul is the son of Mr. and Mrs. Ira T. Willis of 821 West Kingsmill St., Pampa.

Selecting the corps of engineers is Donovan Paul McCunn. McCunn selected the European theater of operations and is now also at Fort Bliss, Texas. McCunn was born in

McLean, Texas and attended public schools in the state of Iowa.

NIPPON DOG BECOMES DEVIL DOG
OCEANSIDE, Calif. — (AP) — A Japanese war dog went over to the P. S. marines. The dog joined the Second marine division at Sasebo, Japan, de-

serting the imperial army to tag around after Pfc. A. Langham of Frichard, Ala. Langham brought it to Camp Pendleton here. Japanese interpreters told marines the dog, "Baki," meaning "timber" had been brought from Germany and wounded twice in action in China.

Arnold Suggests Movies for Blind

By BOB THOMAS
HOLLYWOOD.—(AP)—Movies for the blind will be Hollywood's contribution to rehabilitating sightless veterans, if Actor Edward Arnold has his way.

Arnold recently completed "The Hidden Eye", second in a series of films in which he portrays a blind detective.

"It was then," Arnold said, "that I thought of showing movies to these boys. The officers of Dibble General hospital were skeptical, but after I explained my plan, they said O.K."

Arnold invited his friend Alec Templeton (who, by the way, is a regular moviegoer) to accompany him. Although Alec rarely plays before sightless audiences, he joined the actor.

"We showed the movie," Arnold said, "and I supplied some of the verbal description of the geography of the film. The boys were familiar with some of the voices."

"During exciting moments they stamped their feet and rattled their

canes. When the show was over they actually asked for more. I was sure that movie was better when we left."

This performance encouraged Arnold to ask his studio to make more of this series and to encourage the showing of more films to the men who have recently lost their sight.

"I don't believe that special movies should be made for them," he said. "These men are familiar with films and many of the stars. If a specially designed film is created for them it will only remind them of the fact that they are blind."

"However, additional music could be carefully added to help explain the situations and moods," he said.

Auditor Feels Called Upon to Explain Item

AUSTIN.—(AP)—The state auditor yesterday felt called upon to explain an item under the general head "Investment in plant" in his report on financial affairs at North Texas State Teachers college, Denton.

The specific item was: "Increase in land and non-structural improvements — \$17,309.94."

This boiled down, the auditor said, to "improvement to golf course."

CAMPUS CLEANUP PLAN RUBBISH TO VETERANS

PITTSBURG, Kans.—(AP)—A veterans' block of Pittsburg State Teachers college protested vigorously against a "campus cleanup campaign."

Ex-GIs some 600 strong, and numbering many a yardbird in their midst, said in a petition against forming a line to police up the rubbish: "Oh, yeah!"

FIRST CLASS BADGES AWARDED

Establishing a troop record, Girl Scouts of Troop 14 received First Class badges at a recent Court of Awards on completing requirements in home - making, out-door camping, crafts, health and safety. They are pictured

in literature and dramatics in addition to the First Class badge requirements. Second row: June Anderson, Carol Lindsey, Nancy Weidner and Dorothy Dixon. Third row: Patricia Phillips, Mrs. Hukill and Helen Blocker.

Attorney Enters Congressional Race

WAXAHACHIE.—(AP)—Lynn B. Griffith of Waxahachie, former Ellis county attorney, announced yesterday that he will be a candidate for congress from the Sixth district in any special election held to fill the place of Luther Johnson recently appointed to the federal tax court.

Griffith has been campaigning in the district for regular election to congress since he returned from overseas duty with the army in February.

Gracie Reports

By GRACIE ALLEN

I see the government has announced that some clothing frills are no longer under the ban. We can have double cuffs again and flaps on our pockets and belts on our slacks. I can hardly wait to put on my belted, pocket - flapped, double - cuffed slacks and go out to try to find a quarter of a pound of butter.

I just wonder if the man responsible for the return of these little luxuries will make an issue of it at election time.

We may hear such slogans as "Vote for Senator John 'Frills' Franklin, the friend of the pocket flap."

Even the British government is permitting women to have bows on their undies again. I've always wanted to meet the British official who had the job of making sure that no such bows were worn. He either had rare diplomacy or a permanent black eye.

GIT ALONG, LITTLE LIZZY WILLIAMSBURG, Va.—(AP)—You can't tell official Williamsburg that the automobile is here to stay. There are plans to route automobiles from the restored section of this quaint town, so that carriages, coaches and carts of years ago will be the only way to get around.

Future of Rulers Up to Own People

NEW DELHI.—(AP)—Princely rulers of major Indian states can well continue in office during the interim federation government until the question of their future is "decided by their own people," Pandit Jawaharlal Nehru suggested last night.

"We do not want to invite conflict where he can avoid it," Nehru said at a press conference, speaking as the head of an all-India people's conference.

But the rulers of the small states, Nehru said, "cannot function at all."

"We are prepared to pension them all, not because of any principle of equity but because we want to get on with the transition to complete independence from Britain," without conflict on petty matters," he said.

There are approximately 600 of the British-controlled states within India, Nehru said, commenting that some were "not states at all, but merely petty estates containing from 200 to 300 people."
