THE JUNCTION EAGLE

Volume 47 | Junction, Kimble County, Texas, Thursday, January 15, 1931 | Number 40

HARMONY PREVAILS AS 42ND LEGISLATURE IS ORGANIZED; NEW CONSTITUTION IS ASKED

Eagle Basketeers Win Over Segovia Quintet

Last Friday afternoon Coach Earl Bowers and his basketeers went to Segovia and played the Segovia Senior Boys on a wet, slippery court, and nosed out the Segovia quintet by the score of 29 to 23.

It was a hotly contested game with the mud hindering both teams.

Gordon King was the high point man for Junction, scoring 17 points. Harry Witt was a trailing second tallying 8 points.

Segovia has a strong team this year, and Coach Bowers was pleased with the victory that the Eagles won.

A definite schedule for the season has not yet been completed, Bowers stated.

Motorcade Postponed Until February 3rd

After the paper had gone into the mails last week, County Agent R. E. Homann received a message from the district extension agent that he would be unable to be here on the date set, and that he would be here to join the motorcade on Tuesday, February 3. Mr. Homann will announce the itinerary at a later date.

Every one interested in seeing these baby beeves and the chicken demonstrations are urged to make plans now to join the motorcade on February 3.

Vocational Agriculture Class Outlines Program

The second term will witness much action from the Vocational Agriculture Class of the Junction High School. There was little news from this department during the first term of school. This was due to the fact that most of the time was devoted to classroom work in preparation for the most important work.

The next two months will be devoted to learning what good livestock should look like and also the judging of livestock. The first year class will plant pecan trees both on the old and new campuses.

Basket-Ball Contests On February Seventh

Coach E. B. Morrison of London, athletic director for the Kimble County Interscholastic League, announces that the district meet for basket-ball will be held in Brownwood on February 13 and 14. All teams in Kimble County are asked to take notice of this date for the district meeting. The county champions will have to be selected not later than February 7.

All teams desiring to enter the county contests should notify Mr. Morrison at London at once so that a satisfactory schedule may be arranged.

H. R. HODGES IS NAMED DIRECTOR IN BRADY CLUB

H. R. Hodges of Brady, who is known in Junction as Henry, is high up in County Club circles as well as deer hunting. The Brady Standard last week carried a front page notice of his election as a member of the Board of Directors of the Brady Country Club.

The Eagle carried an item at the beginning of the hunting season telling of his ability as a hunter.

Mrs. Chris Schraub returned Sunday from a few days visit in San Antonio.

District Attorney Weaver H. Baker is at home for a few days. He will return to Ft. Stockton this week to complete his work with the term of court now in session at that place.

Fred Minor Is Elected New Speaker Without Opposition

Harmony prevailed as the 42nd legislature was convened at highnoon Tuesday, January 13, and Hon. Fred Minor of Denton was elected speaker of the House without opposition, and Hon. Carl Hardin of Stephenville was likewise selected as president pro tem of the Senate. The new Legsilature was organized under the new law authorizing a four months session in which bills and resolutions will be introduced during the first period. During the second period these measures will be considered and they will be voted upon in the last period. Twelve bills and one proposed constitutional amendment was introduced the first afternoon and they are coming in rapidly each day

Mrs Jane Y McCallum, secretary of state, presided over the House until Minor was chosen speaker. Lieutenant Governor Barry Miller presided over the Senate. Next Tuesday Ross Sterling will be inaugurated Governor and Edgar E. Witt will become Lieutenant Governor.

New Constitution Asked

Senator John W. Hornsby of Austin introduced six bills and one joint resolution. The joint resolution calls for a constitutional convention to be held in Austin the second Tuesday in May, 1933, to frame a new constitution. The referendum on the proposition will be held in the general election of 1932. Each senatorial district would choose three delegates to the convention.

Vocational Evening School Will Start At An Early Date

All of the men and women in the Junction Independent School District who are interested in producing a living at home are invited to attend a meeting at the Junction High School Friday night, January 16, at 8:00 o'clock.

At this time a class will be organized; time and dates of meetings will be set, and the subject matter presented will be discussed.

All adults interested in raising their own fruits and vegetables are urged to be present at the first meeting.

M. B. Bethel, Vocational Agriculture Instructor of the Junction High School will hold the school and lead the discussion.

Remember the date and time and be there.

Dollar Coupon Will Be Wrapped in Bread

Beginning Saturday, January 17, the City Bakery, owned and operated by home people, announces that it will place one coupon each day in a loaf of bread that will be redeemed for $1.00 at the City Bakery. A clean white coupon wrapped in a non absorbent paper will be placed in the loaf before it is baked and after the bread is removed from the oven no one in the bakery will know the loaf that has the dollar coupon.

Anyone who buys Junction bread is likely to get this loaf that contains the $1.00 coupon which will be redeemed only at the City Bakery. Any store may have the loaf of bread that is worth the extra dollar.

Mr. Lofton Little of San Antonio spent the week-end with his parents, Mr. and Mrs. Floyd Little on the ranch. He was accompanied by Mr. Chas Day and Miss Cornelia Ousset both of San Antonio.

Garden And Flowers

The fine weather the first of this week following the good rains last Friday and Saturday and the display of garden and flower seeds in the windows reminds us that it is time to put out sweet peas and other hardy plants.

The planting season reminds those who are trying to have gardens and flowers that too many people are keeping chickens in town who do not have pens to keep them in. Flowers and chickens will not mix and anyone wanting chickens in town should build fences high enough to keep them within the inclosure.

Local Lions Endorse Proposed Mail Route

At the regular luncheon of the Junction Lions Club Wednesday noon, there were 23 members and three guests present.

The guests were Messrs. Earl Bowers, W. W. Jennings of San Antonio, and L. D. Coulter of Ballinger.

The new members present were Messrs. Cap Warren and Joe Bissett.

A vote showed that the club was unanimously in favor of supporting the move to secure a first class mail route from Ballinger to Junction which will speed mail connections north and west of Junction.

Pay Taxes Now and Save All Penalties

On account of there being so so many of the same make, son so many of the same make, it will assist the tax collector greatly if owners will bring their last year's receipt when calling for new numbers. It is necessary for the collector to know the engine number, model of car and last year's number. Tags must be tested before applying for new numbers.

All property and poll taxes must be paid by mid-night of January 31 and auto taxes must be paid by midnight of February 1. Penalties will be assessed after the above date. The local collector has no choice in the matter as these penalties are assessed by the state.

Tax payments are very slow and if too many wait until the last day the collector may not be able to take care of the last day rush.

John S. Munn Returns With Two Prisoners

Deputy Sheriff John S. Munn and his son, Guy Munn, returned last Thursday from Raymondville, Texas where they had gone to get Nolan Wilson and Noveli Harkey, who had been held for Kimble County officers in conection with the theft of automobile tires from Wahl Bros. and Schraub hardware store during the Christmas holidays. They were placed in the Kimble County jail and charges filed against them.

Officers state that confessions have been made by these and other boys which clears up much of the thievery that has been going on here for some time.

Mr. and Mrs. J. A. Thompson and little daughter, Vallie Sue, returned Wednesday from a visit to San Antonio.

Mr. and Mrs. Wilson Buster and Mrs. Buster's mother, Mrs. M. G. Owen of Valley Springs left Monday for San Antonio, where Mrs. Owen is receiving medical attention.

Mr. and Mrs. C. H. Branton of Tuscola left Tuesday for their home after a pleasant visit with their daughter, Mrs. Roy Reynolds.

Ground is Broken Monday For New Junction High School Building

Biographical Sketch of Life of Late Mr. R. T. Amberson

(By G. LEWIS)
Special Correspondent

Another of the great unsung pioneer heroes of the expansive southwest was withdrawn from our midst when Mr. R. T. (Uncle Tol) Amberson of London died at his home at London recently.

Uncle Tol, as he was called by everyone, was born in San Antonio on August 15, 1852, but his home during his early life was spent in Clinton, DeWitt County, Texas. In 1883 he moved to Frio County near Pearsall where he lived three years, moving to Kimble County in 1886. He immediately went to San Angelo for one year but returned to London in 1887 where he resided continuously until his death on January 3, 1931.

Mr. Amberson was married to Miss Georgia Wilson on November 6, 1877 and from this union seven children were born, four girls and three boys. They are: Mrs. E. R. Chandler, London; Mrs. Mary Cummins, Grand Falls, Texas; Mr. William Amberson, deceased; Mrs. Addie Spruell, Phoenix, Arizona; Mr. R. R. Amberson, London; Ethel, deceased; Mr. Tom Amberson, London. His good wife survives him.

Mr. Amberson served as commissioner of the London precinct for a number of years, and also served as Deputy Sheriff under Sheriff Corder. He is credited with erecting the first cotton gin put up in the London country, and operated this gin for a period of thirty years. He was connected with other businesses during his residence in London. He was at all times interested in the livestock industry, raising cattle, sheep and goats.

He was a loyal citizen, loyal to his community, to his county, to the state and country.

Having been initiated by the Junction Lodge No. 547 on April 11, 1891, he served honorably as a Mason for a period of 40 years.

Uniting with the Baptist Church many years ago, he lived a consistent Christian life to his death.

In 1874 he went up the trail with Cal Suggs, a cattleman of southwest Texas, taking a herd of cattle to Kansas City, Mo. On this trip the outfit was attacked by Indians near Brownwood, in which attack Mr. Amberson received a shot through the left arm from the savages. Being naturally left-handed, Mr. Amberson had to continue fighting, using his right arm to steady his left during the remainder of the battle with the Redmen. The cowboys were victorious in the battle and completely routed the Indians, and pursued them so closely that they were forced to abandon much of their equipment, which the cowboys gathered up and saved for souvenirs.

Pages could be written describing the great character and works of R. T. Amberson, and others like him who have been instrumental in changing this once wild country into a peaceful habitation for us who remain.

In closing I suggest it would be only a fitting tribute paid if we would raise a monument to the memory of the old timers of this county, and inscribe their names upon it. I would want Uncle Tol Amberson's name written high on the list.

Councilmen Elected Honorary Members Fire Department

At the regular meeting of the Junction Fire Department Tuesday evening, the members of the City Council were elected honorary members of the Department and extended all privileges that this honor bestows.

Delegates were also elected to attend the next quarterly meeting of the Hill Country Quarterly meeting of the Hill Country Firemen's Association which will be held in Coleman on February 10.

WEATHER REPORT

Almost ideal weather has prevailed thus far this winter which is quite a contrast to that of a year ago. Rains are falling regularly which supplements the good rains last fall and keeps a good season in the ground. Small grain, grass and weeds are doing fine which keeps sheep and goats in excellent condition. Range is short for cattle but the mild winter is in their favor.

A slow rain totaling .47 of an inch fell last Friday and Saturday. This was followed by warm weather giving the appearance of spring. A norther Tuesday brought the temperature down, but is has not been very cold. It has clouded up today and prospects are good for another rain.

Mr. and Mrs. M. Huffman of Center Point were in Junction last Friday. Mrs. Huffman was visiting and Mr. Huffman looking after business interests.

Gillespie Co. Woman Is Burned to Death

Mrs. Herman Juenke, 45, is dead and her daughter, Stella, 18, critically burned as the result of the explosion of a can of kerosene at their home in Tivydale, twenty miles north of Fredericksburg early Sunday morning.

Mrs. Juenke was trying to start a fire in a wood stove between 6 and 6:30 and because the wood was wet undertook to pour kerosene on it. It ignited and exploded with such force the bottom of the can was thrown outside of the house. Covered with burning oil Mrs. Juenke ran out of the house and her daughter followed with a blanket, but was unable to smother the flames. The father who was wearing a leather jacket, reached the women quickly and managed to put out the fire but Mrs. Juenke's injuries were such that she died four hours later. Her daughter is not expected to live. One other member of the family, Clarence Juenke, is an invalid.

Mrs. Juenke was a daughter of Mr. and Mrs. Louis Wahrmund of Tivydale, both living. The father is 80 years old.

BOY SCOUTS MEET

Last Friday evening the Boy Scouts of Junction had an amusement meeting at the Court House.

Seventeen scouts were present, including the scout master, Frank Hall, his assistant, Mr. Emil A. Loeffler was a visitor at the meeting.

Several games and contests were played during the evening.

Plant Will Be Modern In Every Respect Says Contractor

EXCAVATION BEGUN

Roy Reynolds Awarded Contract Electrical Work

Ground was broken Monday morning for the new high school building for Junction. The new high school building will be located just across the street east from the present building and faces north on a line with the old building. It will be a concrete and brick two story structure trimmed in stone.

On the first story is the auditorium with a seating capacity of 550 people, superintendent and principal's offices, laboratories for the sciences, home economics department of four rooms, vocational agriculture rooms, book rooms, storage rooms and lavatories. On the second floor are six classrooms, commercial department, library and book room while the heating plant for both buildings and the janitor's room will be in the basement.

Hill and Combs of Junction are the general contractors with Mr. Hill in charge until Mr. Combs finishes a building in San Antonio about February 1, when he will become the building superintendent.

Mr. J. G. Kropff has the contract for the excavation work.

As far as possible all labor will be done by local people. Mr. Roy Reynolds, a local man, has the contract for the electrical work.

Elder J. S. Newman Conducts Funeral Of An Old Friend

On Thursday at noon of last week Elder J. S. Newman was called to Franklin in Robinson County to conduct the funeral of his old friend, H. L. Mitchell, who died Thursday morning. Mr. Mitchell had been one of the leading men in his county for 60 years and had been identified with every effort of the people to make his section a good place in which to live.

Mr. Newman stated that while the occasion was sad, it brought together many who otherwise would never have met again. There were many frineds who came to pay tribute to the memory of this man.

W. E. Maxwell Has Ancient Documents

Mr. W. E. Maxwell was exhibiting on the streets of Junction last Friday two old Colonial Land grants that were issued to his ancestors nearly one hundred years ago. They were written in a beautiful long hand on extra large sheets of genuine parchment. One bore the signature of President John Tyler and was written in 1842, while the other was signed by James K. Polk and was written in 1848.

The lands, situated in Ohio, were granted for services rendered the Continental Army of Virginia. The metes and bounds of the tracts of land are carefully written out. The documents are models of neatness and accuracy. They are interesting and Mr. Maxwell prizes them highly.

Mr. and Mrs. Frank Owen and Mrs. M. G. Owen of Valley Springs were guests of Mr. and Mrs. Wilson Buster and family last week.

GUY C. MOSES WILL COACH GIRL'S BASKETBALL TEAM

At a basketball meeting called last Tuesday, January 5, it was announced that Superintendent Guy C. Moses will be the girl's basketball coach for this season. The girls were willing to wait until after mid-term examinations are over to begin practice.

The following girls are coming out for basketball: Louise King, Eunice Northcutt, Maud Boone, Ella Annie Henderson, Katherine Johnson, Lois Goodwin, Athalie Burt, Leora Taylor, Benita Barnes, Blackie Motley, Faye Jarvis, Lucille Taylor, Brownie Motley, Vivienne Livingston, Vernelle Tinsley, Kathryn Hodges, and Margaret Hubbell.

Louise King and Vivienne Livingston are the only girls who played on last year's team. This is the second year that Louise has played and the third for Vivienne.

LOYALTY

"Whom one has loved, one cannot betray."

Ever once in a while we have the displeasure of becoming acquainted with a person who does not know how to be true to his acquaintances. We notice that without fail he will mention the faults of people with whom he keeps company. On the other hand when he is with these people, he is nice to them but is saying unpleasant things about you. If he cares anything for you or values your friendship, he will not make it a practice to say unpleasant things about people.

Sometimes we hear such persons called two-faced. They are not strong enough to adhere to their own opinions so they take sides with the people that are with them. You cannot be a friend to your fellowman and still betray him, for if you betray him, you are no longer his friend. If you do not take up for a friend during his absence the friendship has departed. Are you subconsciously betraying those who love you or those whom you love?

SPANISH CLASS NOTES

The Spanish II Class is beginning work on a Spanish novel, "Las Casas de los Cuervos." In connection with this work the Spanish grammar by Marden and Tarr is used.

Members of the Spanish Club postponed the club meeting until Monday. Because they needed the regular club time to discuss the examination papers.

Because the Mid-Term examinations kept the program committee too busy to arrange a program, the Journalism Club did not have its regular meeting Monday morning.

IN THE FUTURE

T. M. will be a preacher.
Raymon will be happy.
Junction will have a new school building.
Lucille M. will be able to type with both hands.
Oscar will be gallant.
The senior boys will use rouge.
Vivienne will be a Sunday School teacher.
Mae Delle will be a little girl.
Eunice and Vernon will be pals.

NEW CLASS SCHEDULE

Monday morning a new schedule, which provides for make-up classes for those who failed the work of the first semester, went into effect.

From 3:30 until 4:00 the students who need additional help are instructed.

JUNCTION EAGLES BEAT SEGOVIA TEAM FRIDAY

The Junction Eagles won their first basketball game of the season Friday by defeating Segovia 27 to 23 at Segovia. The game was played on a muddy court and at the end of four periods the game was tied 20 all, but after five minutes extra play the Eagles were victorious.

Gordon King was high point man for the Eagles, and Noble Jobes was high for Segovia. King felt at home on the Segovia court as he had gone to school there. Witt did good work at center. Tomberlin played a nice game at guard, while Jeter worked hard at the other guard. James showed that he is still a good forward. Furr, Lister and Ramsey turned in nice work during the game.

Leonard Dunbar was unable to play Friday as he had a sore foot, but he is expected to be with the Eagles in a few days.

The Eagles will go to Rocksprings to meet the Bulldogs Friday. We are sure to see the feathers fly when these two powerful teams meet.

SOPHOMORE CLASS

E. K. M.—Kind (I'll say)
K. E. H.—Eager (at play)

ENGLISH HONOR ROLL

The English honor roll of the Intermediate Department for December is as follows: Grade 7: Annie Laura Braley, Leola Jetton, Lenore Riley, Louzon Tinsley, Grace Hendricks, Ima Dell Cottle, Mary Alda, Martha Hensley, and Mabel Hodges; Grade 6: Wilson Buster, Mary Farmer, Virgil McCoy, Catherine Porter, Rosemary Secrest, George Robert Pepper, and James Lee Hammett.

ROUGELESS FAD

The latest fad among the girls of the Senior Class is not to wear rouge. However, they are permitted to wear powder and lip stick.

At a class meeting Monday morning, Ella Simon, Lorena Couey and Wilbur Jeter were appointed to find out whether the class will order their cards from the Star Engraving Co. of get them here.

A pantomime will be presented by the Senior Class members at their regular class meeting tomorrow.

CAN YOU IMAGINE?—

Brownie leaving her hair alone for five minutes?
Hazel being named Haby?
Margaret not writing to some chap at Telegraph?
Reagan and Raymond without Juanita and Mae Delle?
Harry being gentle?
Ella with blue eyes?
Eunice with curly hair?

You have all the chance in the world; make use of it.

GLEE CLUB PRACTICES TWICE A WEEK NOW

The Glee Club is now practicing twice a week. It practices from 8:30 to 9.00.

The girls are learning several new songs. Among the group of new ones are: "When the Organ Played at Twilight," "Sleepy Valley," "Sweet and Law," "Hunting Song," "Where the Silver Colorado Wends", and "When Its Springtime in the Rockies."

Mrs. McCarroll gave the girls some instructions as to the care of their voices. She has been helping some of them individually.

VOCATIONAL NOTES

The Vocational Agricuture boys of Junction High School have started the purchasing of gilts and are getting ready to produce a heavy pig crop for the coming year which appears to be a good year for hogs. There are less hogs on farms than there were a year ago at this time. The pig crop was short this fall and will probably be short next spring also. This is due to a shortage of corn all over the United States.

These conditions and facts gathered from the 1930-1931 Agricultural Outlook, caused some of the boys to get interested in the swine industry and its possibilities for making money.

We are now interested to see if the Bureau of Agricultural Economics hit the nail on the head as they have so often done before.

FIFTH GRADE HONORED

The last day of December Mrs. Hayden Lawler and Mrs. Howell Wright entertained the Fifth B Class. A basket containing cookies and sandwiches was brought in and presented to the students. Mrs. Lawler and Mrs. Wright are the 5th B room mothers.

SOPHOMORE REPORT

Most of the sophomores are glad that the mid-term examinations are over; however, some of the sophomores may not be so glad when they get their report cards.

A meeting of the Literary Digest Club of the History IIA was called Monday afternoon for the purpose of electing a new president. The new president is Roy Nelson. The new vice president is Christine Schraub.

At the next meeting of the Literary Digest Club of the History II Class, the officers of the Pathe Club will preside. The club decided to meet every Monday.

The students were excited and delighted Monday morning when returning to school after mid-term examinations, they discovered workmen at the school lot beginning work on the new school building. The pupils have long looked forward to the erection of the new building.

PERSONAL

Benita Barnes and Christine Schraub went to Kerrville Sunday to meet Christine's mother, Mrs. Chris Schraub.

Mae Delle Lowry, Juanita Cowsert ,Marie Sheppard, and Christine Schraub attended the basketball game at Segovia Friday.

Margaret Hubbell spent the week-end with Maxine Wright

Separated by 1,300 miles, Miss Thelma Passwaters of Los Angeles and Gordon White of Kinsley, Kansas, were united in marriage by telephone.

COUNTRYSIDE BROADCASTINGS

By Rev. G. W. Crofoot
Pastor Junction Presbyterian Church

DECEMBER 1-5 1930, the North American Home Missions Congress met in Calvary Baptist Church, Washington, D. C. There were present about 1,000 representatives from 28 denominations in the United States and Canada. Dr. Charles L. White of the Baptist Church presided. The Congress was broken up into 13 discussion groups. Probably the most constructive and interesting of all these groups was the one on town and country church work.

* * *

SOME of the findings of the Town and Country Church group of the Home Missions Congress were as folows: The population living on the farm throughout the United States is slowly decreasing, but in the towns of less than 2,500, which are included in the rural population, there has been an increase. It was the opinion that farm folk today on the average are as fine as they ever were. School enrollment is on the increase in the rural areas and education is becoming more universal. While many of the choice youths have moved to the city, the country has also lost a proportionate number of its worst to the city. The constant drift of rural people to the cites and villages suggests the decided dependence of the city upon the country for the source of the manhood and womanhood. In turn, the country is dependent upon the resources of the city for the material support of a competent leadership. This interdependence indicates a common welfare.

* * *

LAST Wednesday night a group of people gathered at the manse for a period of fellowship and study. The first three chapters of the book "The Field Is the World" by Dr. James I. Vance were studied. Those present were Mrs. H. G. Hubert, Mrs. Guy Wynne, Mr. and Mrs. S. P. Woodward, Miss Eloise Hardeman, Miss Mary Hubert and Mr. and Mrs. G. W. Crofoot.

* * *

A SOCIAL sponsored by the Segovia Sunday School was enjoyed by about 40 people last Friday night. The weather was damp, but that did not dampen the spirits of those that attended. Games of various sorts were played by practically every one present. Refreshments consisting of chocolate and cake were served during the evening.

THE NEW FORD

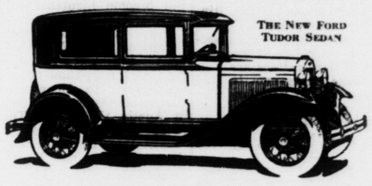

Everything you want or need in a motor car

THE more you see of the new Ford, the more you realize that it brings you everything you want or need in a motor car. . . . And at an unusually low price.

Its substantial beauty of line and color is apparent at a glance. Long, continuous service emphasizes the value of its simplicity of design and the high quality that has been built into every part.

The new Ford accelerates quickly and it will do 55 to 65 miles an hour. It is an easy-riding car because of its specially designed springs and four Houdaille double-acting hydraulic shock absorbers. It has fully enclosed four-wheel brakes and the added safety of a Triplex shatter-proof glass windshield. Operation and up-keep costs are low and it has the stamina and reliability that mean thousands of miles of uninterrupted service.

See the nearest dealer and have him give you a demonstration ride in the new Ford. Check up every point that goes to make a good automobile and you will know it is a value far above the price.

IN MEMORIUM

At midnight, December 27th, 1930, the summons came for James McAuley, one of our best loved citizens and an old confederate soldier. His passing was peaceful and in keeping with the gentle life he had lived for over 90 years.

Uncle Jim was yearning to go, although no one ever heard him murmur or complain: and he stood the final test of total blindness and deafness in a most heroic manner, for seven years.

Uncle Jim was a member of the Baptist Church, faithful unto death, and so brave and patient that his whole life breathed service and literally fulfilled the beautiful words in Milton's Sonnet, "They also serve who only stand and wait."

For many years his sister, Mrs. Mattie Lawler had taken care of him, and "Brother Jim" was ministered to by this good woman until he used to lovingly call her his "eyes and ears."

Uncle Jim never forgot a kindness shown him, and always spoke with appreciation of the goodness of his relatives and neighbors in his affliction. He seemed to live in a little quiet realm of his own, thinking loving thoughts and constantly in prayer for those around him. The beautiful ministry of Mr. and Mrs. Claude Lawler in regard to Uncle Jim will be rewarded by the Father in Heaven for God was tenderly taking care of His child even in the darkest days, and I believe if Uncle Jim could come back for a few minutes to this earth, his face would be radiant with joy and he would tell us, "The Same Hand that led me thru scenes dark and drear, Has kindly assisted me home."—Mrs. Frank Wilson.

POSTMASTERS RETIRED

In Indiana four postmasters and one rural carrier were retired because they purchased their appointment from an Indiana congressman. The name of the congressman was withheld. Evidence was turned over to the department of justice.

AMONG OUR SUBSCRIBERS

Subscriptions continue to come in for which we thank each one of you. There are some, however, who are in arrears and we ask that you look at the date on your paper or the wrapper and if the date of 1930 appears you are now in arrears. Subscriptions are supposed to be paid in advance, but during the hard times many have stated that money is scarce. To those who are unable to pay we are willing to carry them for a while if they want the paper, but those not wanting the Eagle should notify us. All our readers are appreciated and the management is anxious to co-operate with any who want the paper and are not able to pay at this time. But please do not take the paper out of the post office for months and refuse to pay for it.

The following subscriptions have been received since January 5:

Perry Tabor, Crandall, Texas; Dr. M. B. Stokes, Houston; J. R. Hamilton, London; B. C. Parsons, Kerrville; W. M. Taylor, Junction; Mrs. T. M. Hodges, Junction; Sudden Service Garage, London; H. R. Coming to FREDERICKSBURG

Dr. Mellenthin

SPECIALIST

in internal Medicine for the past eighteen years

DOES NOT OPERATE

Will be at NIEMITZ HOTEL

Saturday, January 24

Office Hours: 10 a. m. to 4 p. m.

ONE DAY ONLY

No Charge for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas.

He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Texas who have been treated for one of the above causes:

Mrs. Hattie McNabb, Mathis.
E. S. McDowell, Corsicana.
W. J. McAnally, Plains.
Robert Ramsey, Texarkana, Ark.
Miss Dainey Shaw, Grapeland.
Frieda Seewald, San Antonio.
Lela Thornton, Belton.
B. Van Houten, Dayton.
J. W. Thornton Texarkana.
Mrs. Frank Thate, Cross Plains.
Charley Witt, McGregor
B. A Young, Abilene.

Remember above date, that consultation on this trip will be free and that his treatment is different.

Married women must be accompanied by their husbands.

Address: 4221 West Third Street, Los Angeles, California.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin
Lost her prominent Hips
Lost Her Sluggishness
Gained Physical Vigor
Gained in Vivaciousness
Gained a Shapely Figure

If you're fat—remove the cause!

KRUCHEN SALTS contain the 3 mineral salts your body organs, glands and nerves should have to function properly.

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Take half a teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS at Heyman Drug Store (lasts 4 weeks). If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive— your money gladly returned.

After an engagement of 42 years, Mr. and Mrs. Joe Davis of Oroville, California, are at last happily married.

The *Electric Man* Diagnoses Your Household Budget

"The economy of additional electric service under the schedule of the new *Home Comfort* rate should influence you to take a far greater advantage of the many uses of electrical energy—especially as it applies to the comfort and happiness of your home life.

"The above chart shows how your average expenditure for electric service compares with expenditures for other commodities and services. In it you will notice that everything takes rank above electricity—and yet there are few things more important than electric service.

"In the face of ever-mounting overhead, increased taxes, increased cost of manufacturing commodities, and increased expense of distribution—the cost to the consumer of electric service has consistently decreased. At the present time it shows a national average 28 per cent below the 1914 level, and a considerably greater reduction below that level for the West Texas territory.

"And withal this effort to place the benefits of electric service within reach of all, comparatively few are taking the fullest advantage of this invaluable service. According to a report from the statistical department of the N. E. L. A.—less than 5 per cent of the electrically equipped homes are using more than 26 per cent of the total service used! And even then—electric service remains the smallest item of expense in their household budget.

"When such a little of your income goes for improving the comfort and convenience of your home through the application of electric service to your domestic problems—don't you think it would be wise to investigate more thoroughly the many advantages of additional electric service made possible so inexpensively under this new *Home Comfort* rate schedule?"

MEMBER TEXAS PRESS ASSOCIATION

BIRD RESERVATIONS

The Bureau of Biological Survey of the U. S. Department of Agriculture now administers 87 game and bird reservations. Five of these are primarily big-game preserves, one is a muskrat and beaver preserve, and birds are protected on all but one. Among the most important as breeding, feeding, and resting grounds for migratory birds are the Upper Mississippi River Wild Life and Fish Refuge, the Bear River (Utah) Migratory Bird Refuge, and the bird refuges at Big Lake in Arkansas, Malheur and Upper Klamath Lakes in Oregon, Tule Lake, and Salton Sea in California, and Benton Lake in Montana. The national program authorized by Congress for establising a system of refuges for migratory game birds will increase the list materially in the next ten years.

YOUNG MEN'S LITERARY CLUB IS ORGANIZED

Sunday afternoon at 1 o'clock a group of young men met at the lodge hall for the purpose of organizing a young men's literary club. M. B. Bethel was chosen as director. The other members are. Russell Lavelle, Ramsey Randolph, W. C. Warren, Edgar Furr and Astor Wallace.

The purpose of the club is to continue the education started earlier in life. The meetings will be featured by study, debates, and discussions on vital problems we are facing in our life's work.

Starting January 15, the meetings will be held every other Thursday evening at 7:15. A permanent meeting place will be decided on at the next meeting.

POPULAR COUPLE WEDS IN JUNCTION SATURDAY

Hundreds of friends are extending congratulations to Burman L. Faris and Miss Effie Bell Ross who were quietly married at Junction last Saturday. A large crowd of friends and relatives entertained the newly weds with a supper and dance at the J. L. Faris home Monday night.

The bride is the niece of Mrs. William Cosper of this city and is a charming young lady. The groom is the son of Mr. and Mrs. J. L. Faris and is an enterprising young man with a bright future. Both young people have the best wishes of the entire community for a prosperous, happy journey through life.—Harper Heradl.

BIRTHDAY PARTY

Saturday afternoon Mesdames J. O. and O. C. Wright complimented their sons, James Henry and Cameron, with a birthday party at the residence of Mr. and Mrs. J. O. Wright.

Merry games were played until the call came for refreshments, when two pretty birthday cakes, iced in pink and white and bearing the boys' names was cut. Ten candles burned on James Henry's cake while nine were on Cameron's. Many amusing favors were in the cakes, which were served with hot chocolate.

Patricia Patterson, Florence Ellen Sheppard, Barbara Secrest, Aileen Livingston, Elizabeth Wright, Jack Carleton Hopgett, Thomas and David Taylor, Carroll Wright, Winton Oliver, B. L. and James Smith, Cecil Martin Holekamp, Billy Riley and Jack Denman united in wishing the honorees many happy returns of the day.

MRS. A. E. BISSETT IS HOSTESS TO S. S. CLASS

Mrs. A. E. Bissett was hostess to the members of her Sunday School class of the Methodist Church, Saturday afternoon at her residence.

Mrs. Ada Dockery led the devotional service after which, Mrs. H. P. Rankin, the class president, presided over the business meeting.

A social hour was enjoyed at the close of the afternoon. Hot chocolate and cake were served to Mesdames Lee Lowry, Maggie Jobes, H. P. Rankin, Ada Dockery, Oscar Weldon, E. A. Loeffler, Joe Bissett and the hostess.

COULD HE BE MAKING AN APPEAL FOR SHELTER

Boston, Mass.—The "Appeal to the Great Spirit" by Cyrus Dallen, which stands before the Boston Museum, makes this pretty picture as it appears covered over by the first heavy snow-fall of the season to visit Boston.

Don't underestimate your ability; on the other hand, don't brag.

After receiving a third notice from the government, a truck gardener of New Orleans tried to pay his income tax by dumping four tons of cabbage in front of the collector's office.

Good humor is good sense.

RESOLUTIONS OF RESPECT

To the Worthy Matron, Officers, and members of London Chapter No. 449.

Whereas, it has pleased the Almighty God to call our worthy brother to the Celestial Lodge above;

Therefore: be it resolved that in the death of Uncle Tol Amberson, we lose a worthy member of our Chapter, a just and upright citizen. He was true to his friends and loyal to the order. We extend to Aunt Georgia and her children our sympathy, and hope that they will so live that they will meet him in that land where there will be no more parting.

Be it further resolved that we have these resolutions published in the Junction Eagle and a copy presented to Aunt Georgia and a copy filed on the minutes of our Chapter.

"OMOLENE" WHAT IS IT and WHATS IN IT?

EXTRA good crimped Oats—heavy oats which have been carefully cleaned and recleaned—cleaned not merely of dust and chaff, but also of smaller, and inferior grains—cracked corn—linseed oil meal—alfalfa meal—cane molasos and salt—that's OMOLENE. And what a feed for work stock, and other stock.

THE OATS are clipped. Both oats and corn are kiln dried whenever necessary. In this mixture you have a work stock feed that is palatable, nourishing, easily digested—one that will keep your horses and mules and any other stock healthy. It comes nearer than anything that has ever been put into a feed bag to supplying for work stock the variety they would get in pasture, and also the energy for hard work. Much more feeding value, pail for pail, than oats. Put up in 100 lb. Clean Bags and sells for $2.65 per bag. Special discount in Ton lots.

JUNCTION CATTLE LOAN CO.

COLEMAN—ROBERTSON

On Friday evening December 26, Mr. Richard Coleman and Miss Mary Jane Robertson were quietly married at the home of Elder J. S. Newman. It was the intention of the young couple to keep the marriage a secret until she finishes her business course in San Antonio, but secrets of this kind are hard to keep after they get recorded on the County records as this was.

The bride is the beautiful daughter of Mrs. I. H. Robertson. Her father met an untimely death the past August when he was thrown from his horse near Cleo.

The groom is the son of Mr. and Mrs. Jinx Coleman and has lived here all his life. He is now engaged in ranching. After his bride finishes her course this spring she will join him at the ranch.

The best wishes of their many friends are for a happy and prosperous life.

DISPLAYING "THE LONE EAGLE'S" TROPHIES

St. Louis, Mo.—A half portion of the Thomas Jefferson Memorial Building consisting of an entire wing of the structure is devoted to the trophies and gifts of Colonel Charles A. Lindberg. These are carefully preserved in glass cases and are viewed by thousands of people annually from all parts of the world. So great is the interest of the people in the "Lone Eagle's" trophies and gifts, that they travel for many miles to view the gifts which number about 1,943. Photo shows a number of the more important medals presented to Lindberg since his flight to Paris.

HEEL FLIES

Midwinter or early spring—depending on latitude—is the best time to wage war against cattle grub. Examine cattle for signs of these grubs, or warbles, in the form of lumps on the skin, especially along the back. If you find them, squeeze them out and destroy them. Don't crush them. Grubs may also be destroyed by the use of the drug Derris as a wash, ointment or powder; by pyrethrum ointment; by the injection of benzol or carbon tetrachloride; or by the application of fine tobacco powder or nicotine dust. Get your neighbors to destroy grubs on their herds, so your cattle will not be reinfested. Farmer's Bulletin 1536-F Cattle Grubs or Heel Flies with Suggestions for Their Control, may be obtained by writing to the U. S. Department of Agriculture, Washington, D. C.

Treat Your Car Right During The Year 1931

There are many reasons why an automobile should be taken care of regularly but this year at least the economy of such a practice ought to be reason enough for every car owner according to Leonard Cowsert, who represents the "Care Will Save Your Car" movement now in progress all over the country under the auspices of the Motor and Equipment Association.

"Everybody knows that a car needs oiling and greasing regularly," said Mr. Cowsert, "but in our business we see evidence every day of the failure to obey even the fundamental rule of car ownership. Proper lubrication is important but that is not the only attention a car needs if the owner is to get the most for his money.

"After a car has been driven any distance at all it should be looked over. The examination may show nothing more serious to be the matter than a few nuts or bolts that need tightening, but if they had not been discovered in time an expensive repair bill or an accident might be the result.

"The cost of regular inspection is slight. It can be arranged to have the car looked over while it ordinarily would be parked during business hours. Preventive maintenance saves money because it catches the little things before they grow into big ones. Spending one dollar to save ten is the best kind of economy—and everyone is interested in economy these days. Start the New Year right by bringing in your car for an inspection."

DID YOU KNOW?—

Paul Revere was born on the first day of the New Year, 1735?

The first U. S. Flag was raised on January 2, 1776.

Cat. John Smith was captured on January 5, 1608?

The Battle of New Orleans occurred on January 8, 1815?

Jack London was born on January 12, 1876?

The first practical locomotive was completed on January 15, 1831?

Robert E. Lee was born on January 12, 1807?

The American Revolution ended January 20, 1783?

Gold was discovered in California on January 24, 1848?

Walter Damrosch will be 69 years old on January 30, 1931?

BOY SCOUTS MEET

Last Friday evening the Boy Scouts of Junction had an amusement meeting at the Court House.

Seventeen scouts were present, including the scout master, Frank Hall, his assistant, Mr. Emil A. Loeffler was a visitor at the meeting.

Several games and contests were played during the evening.

Looking ahead is one of the things that will make you successful now.

BEE'S FLIGHT IS 25 MILES AN HOUR

An unladen honeybee can fly about 24 miles per hour, the United States Department of agriculture estimates, but seldom flies faster than 15 miles per hour. When weighted with nectar, it often flies as rapidly as when unladen, although it sometimes stops to rest on a long journey.

Sometimes bees with heavy loads become exhausted when flying over lakes or rivers, fall into the water and are drowned. A heavily loaded bee sometimes makes an ungraceful landing at the apiary, bumping into the hive or dropping to the ground before it.

The load of nectar which the bee brings to the hive varies with the density of the nectar, but the average load is about 4 milligrams, or about one-half the weight of the bee.

Keep your Car young with *Flashlike* Gasoline & Velvet Motor Oil

Preserve the quietness and smoothness of your car by using a fuel of high anti-knock rating ---- and its compression, by using a motor oil that never leaves a moving part unshielded --- whether the motor be cold or hot. Flashlike Gasoline and Velvet Motor Oil form the ideal combination. Flashlike Gasoline makes a motor start easily, develop full power quickly, and run smoothly for thousands of miles of added service-life. Velvet Motor Oil has the body and easy-flowing qualities to protect bearings at all driving speeds and temperatures. It holds compression ---- and increases power.

YOUNG COUNTY PAYS $5 BOUNTY ON ALL WOLVES

Young County has paid bounty on 3,054 predatory animals during the three months since October 1 when the Commissioners Court raised the bounty on wolves to $5 and on rabbits to 10 cents.

The 3,054 animals killed included 182 wolves, 26 bobcats, and 2,846 rabbits. December was the record month for bounty paid on all animals, payment being made on 77 wolves, 19 bobcats, and 1462 rabbits. For November the total was 45 wolves, 7 cats and 700 rabbits, and for October 60 wolves and 684 rabbits.—Graham Leader.

To say good things is good; to do them is better.

New Calendar Of All Courts In Kimble Co.

With the beginning of the New Year ,there were a few changes in the personnel of the officers of the various courts of this county, and the Eagle is giving the calendar of the courts for the information of those interested directly or indirectly in the different courts that meet in Kimble County.

District Court

Hon. Joe G. Montague, District Judge.
Hon. Weaver H. Baker, District Attorney.
U. D. Kindrick, District Clerk.
The Court meets on the fourth Monday in February and the second Monday in August each year.

County Court

Roy King, County Judge.
J. B. Stevenson, County Attorney.
U. D. Kindrick, County Clerk.
Frank Patterson, Sheriff.
The County Court meets the first Monday in February, May, August, and November of each year.

Justice Court

Walter Buck, Justice of the Peace.
The county attorney and sheriff also serves this court which meets on the last Monday of each month.

Commissioners Court

Roy King, County Judge.
J. L. Wright, Commissioner of Preeinct No. 1.
R. H. Spiller, Commissioner of Precinct No. 2.
G. W. Hardesty, Commissioner of Precinct No. 3.
R. B. Moore, Commissioner of Precinct No. 4.
The court meets the second Monday in each month.

FEEDING CANARIES

The food requirements of canaries are simple. Canary seed to which have been added rape seed and a little hemp is a staple diet. This mixture may be purchased ready prepared. Give the canary lettuce or a bit of apple frequently. Bread moistened in scalded milk, fed cold, is beneficial. Don't make soft foods too wet. Keep cuttle bone in the cage. If the canary does not seem to thrive, crack open a few seeds to see that the husks are not empty. Don't give too much hemp, as it is fattening and may make birds lethargic.

AUTOS COST MORE LIVES THAN SIX DISEASES

Deaths from automobile accidents increased throughout the United States at an alarming rate for the twelve months ending March 30. Figures issued by the census bureau placed the deaths at 378 more than in the preceding year. Last November, deaths averaged 32.5 out of every 100,000 population in seventy-eight cities, comprising one-third of the country's population.

In New York City automobiles claimed more victims than typhoid, measles, scarlet fever, diphtheria, whooping cough and meningitis combined. The greatest number of victims there were between ages 5 and 9.

TRAVELS OF A LIE

First someone told it
Then the room wouldn't hold it
So the busy tongues rolled it
Till they got it outside.

Then the crowd came across it
And never a one lost it,
But tossed it and tossed it
Till it grew long and wide.

From a very small lie, Sir,
It grew deep and high, Sir,
Till it reached the sky, Sir,
And frightened the moon.

For she hid her sweet face, Sir,
In a veil of cloud lace,Sir,
A terrible disgrace, Sir
That happened at noon.

This lie brought forth others,
Dark sisters and brothers,
And fathers and mothers,
A terrible crew.

While headlong they hurried
The people it flurried
And troubled and worried
As lies always do.

And then evil boasted
This monstrous lie goaded
Till at last it exploded
In smoke and flame.

Then from mud and mire
The pieces flew higher
Till they hit the sad liar
And killed his good name.

NINETEEN THIRTY ONE

The year of 1930 is now history. It's days have slipped by only too swiftly never to be recalled again. The year has not been a very auspicious one. It has been marked by economic depression, hard times and an increase in crime and lawlessness.

But because of these facts one should not start out the new year with a feeling of despair and lack of confidence, and an indifferent attitude. If so, 1931 will most likely witness an increase in the bad features of 1930. On the other hand, what is needed is a strong determination on the part of every individual to make this a good year, and to contribute his part towards the general welfare of the society in which he lives. It is a time for making good resolutions and, more important, carrying them out.

Now is the time to decide whether or not 1931 shall be a year of progress. Things may look dark, but straighten up the shoulders, put on a smile, and start moving out from under the cloud.

OVERSIZE CITIES

Twenty-one million people will be living in the New York metropolitan area by 1965, according to the latest figures of the population experts.

That's rather a staggering estimate. But the amazing part of it is that New York, far from being frightened by this prospective growth of its population seems to anticipate it with joy and pride. Already it is being pointed out that there is ample room for the 21,000,000; and the realtors and transportation men are rubbing their hands with joy.

Probably the experts' prediction is correct enough. Yet, imagining what it would be like to have 21,000,000 people gathered into one vast city, one may be pardoned for wondering if the prospect is anything to be happy about.

Whether we like it or not it probably is coming. The whole country is getting citified at a terrifc rate. For the first time in our history our population is more urban than rural. But might it not be possible in some way, to check too great a centralization? Is there no way of avoiding cities of 21,000,000?

A Nevada miner walked 125 miles to register so that he would be eligible to vote in the last election.

A little vision goes a long way—too much vision has wrecked more men than too little.

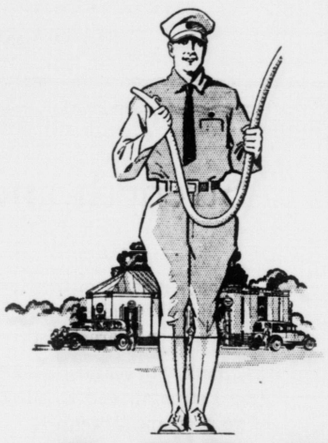

Texas ranks first among the states in production of cotton, in number of mules, in number of cattle, in number of sheep, in number of goats and production of mohair (producing about 85 per cent of all mohair produced in the United States.)

A MAN
WORTH KNOWING

Next time you need gasoline or motor oil, or air for your tires, drive in to the nearest Humble service station. There you will be welcomed by a man who sincerely desires to help you get the fullest enjoyment and satisfaction out of motoring. Whether you want one gallon of gasoline or twenty, one quart of oil or eight, or merely air in your tires or water for your radiator or battery, he will attend to your needs promptly, efficiently, and courteously.

He may, in addition, wipe off your windshield and headlights with a clean cloth, give you any road information you may want—together with a handy map—offer you the convenience of a comfortable rest room, or extend to you other little hospitalities that may lie within his power.

For his is the spirit of service that is found throughout the Humble organization—a spirit of old-fashioned helpfulness, friendliness, and courtesy that takes pride in making your stop at an Humble station a pleasant experience.

HUMBLE OIL & REFINING COMPANY

Junction Trade Notes

(By G. G. Co.)

Probably the most assuring news event of the hour is the week-end warm and growing rains, which covered the ranges and farm sections of Kimble County. Rain in the range country is always a factor in keeping up the "morale".....Likewise, there is satisfaction in the report of the Federal Reserve and other bank officials on the healthy condition of Junction's banking institution, as shown by its last report.

Some one with a penchant for figures, and dubious as to the virtue of "13", has pointed out what was wrong with 1930 and three previous depression years. Witness these figures: 1-9-3-0 (added) totals 13. The same result is obtained by addition of the digits of 1903, 1912, and 1921. This year of our Lord, 1931, adds up 14, which shows the upward trend.

Junction women imbued with civic pride and love of home, are planning their spring flower beds. It is time to plant phlox, pansies, sweet peas, etc. We have in stock Mondeville-King assorted seeds. **Gann Grocery Company.** White bermuda onion sets, and garden seeds, for early planting.

LaFayette Murray of San Angelo, interested in oil development, is in Kimble County this week, accompanied by geologists.....Junction City Bakery is wrapping in its bread a coupon which should interest consumers.....Mr. and Mrs. Earl Patterson had a holiday Tuesday when they spent in moving to the Hull residence on College Street.....Mrs. Earl Barr of Concho is visiting with her mother, Mrs. H. D. Taylor of Junction.....Mrs. A. J. Kinsey of Paterson-Rieck ranch was a visitor in Junction Wednesday.....Dillard and Chester Stapp and Willie Collins of Noxville community, in town Thursday reported everything doing fine.

For the meat cure: "Figaro" liquid smoke, Wright's smoke-salt-sugar cure, three operations in one. **Gann Grocery Company.** Most canned goods are now selling for less than the cost of packing, and a good Peaberry coffee can be had at 20c lb.

A shipment of 2,500 feeder lambs, fall shorn, was made from Del Rio last week, to Yuma, Arizona to be placed on alfalfa fields. The selling price was 4½ cents.....Boston wool market shows increased activity, with prices on fine grades trending upward, according to newspaper report...On Kimble county ranges the shearing of goats will be under way in 30 days.....And, believe it or not, milking a cow by radio control, without touch of human hands, is being demonstrated in San Antonio this week.

Several packages, including hair clippers, lady's stockings, oil cloth, were left at this store during the week, which the owners can recover upon application.

MRS. NEFFENDORF DIES

Funeral services were held at Doss Wednesday afternoon a week ago for Mrs. Theo. Neffendorf whose death occurred at her home in that community early Tuesday morning after an illness of some time. Surviving her are her husband, two sons, Alford and Theo., and 8 daughters. They are Mrs. Alvin Andregg, Mrs. Ben Schmidt, Mrs. Oscar Schmidt, Mrs. Seth Rode, Mrs. August Schmidt, Mrs. Ed Woerner and Misses Hulda and Theressa Neffendorf.—Mason County News.

(Title Reg. U. S. Pat. Office)

Being a vaporish review of words that pop into print

abdomen. . . (ab-dough'men). The "dough" is kneaded, like in bread. Hence "bread-basket." Contains the body's furnace; a friend if treated right; a good mixer. Never "ad'do-men." Abdomen is an exception to general tendency in English to accent the word as near the beginning as possible. Similiar words are: **asylum, horizon,** and **bitumen.** Accent on the penultimate syllable, which in these instances is the middle one. Bill Brown says his wife takes the "dough" from his pocket and puts it in doughnuts. In other words she believes the way to a man's heart is thru his stomach with his pockets the starting point.

* * *

Einstein . . . (Ine'stine) Albert; German physicist (to pronounce "physicist" drink a gin-fizz or a Bromo Seltzer and strike an attitude.) Came to America for a rest; wants absolute privacy, isolation and solitude. Therefore he extends to those who understand his "Theory of Relativity" an invitation to spend a week with him. Here's the Theory: "A principle founded on the postulatum that our knowledge of velocity is necessarily and fundamentally relative and leading to certain conclusions at variance with previously accepted principles of mechanics (puff puff)." For example, wait a minute. Those who can give an example hop the first train for the Einstein Open House. I'm too busy.

* * *

depression . . . The act of forcing down activity or price. Flatened from above. Always the poor working man who is flat broke and flat on his back. A few definitions: A broken-down dumb waiter . . . A norther that roars out of Wall Street, rocks the ship of "Prosperity," breaks the boom and brings down sales . . . "Progress" with a flat tire. Remedy: a stiff upper lip. "Stick-tite" patch, elbow grease, strong back, and an unflinching faith, then go buy buy. (di-pres'shun) Note the "shun". Would that we could.

MRS. J. LEE CORDER DIES

Mrs. Lee Corder, 46, a citizen of Kimble County until she moved with her family to Sonora seven years ago, died suddenly here last Wednesday afternoon. She had been ill about two weeks and was brought here for an operation, but was not able to undergo the operation and died at the hospital. The body was carried to Sonora where her pastor, the Rev. E. P. Neal, pastor of the Methodist Church, conducted the funeral. The church was beautifully decorated and the floral offering was profuse.

Mrs. Corder is survived by her husband and two daughters, Mrs. Mike Moore and Miss Juanita Corder. Her mother, Mrs. W. A. Freeman and many other relatives survive her. She was a devoted member of the Methodist Church and an active worker in the Parent-Teachers' Association.

A large number of Kimble County friends attended the funeral.

—o—

Paul Ellis of Chicago, who has been married 10 times, has been ordered committed to Alimony Row in the county jail for alleged failure to pay alimony to wife number nine.

—o—

To become angered is to tear down; to be cheerful is to build up.

NOTICE

Notice is hereby given that sealed bids will be accepted by the Commissioners Court of Kimble County at the office of the county judge from any banking corporation, association or individual banker desiring to handle the funds of said county. Said bids shall state the rate of interest offered and shall be accompanied by a certified check for not less than one-half of one per cent of the county revenue of the preceding year as a guarantee of good faith on the part of said bidder and if the bid is accepted said banking corporation, association or individual banker shall enter into bond as provided by law. Bids will be opened at 10 o'clock on the morning of February 9, 1931. The court reserves the right to reject any or all bids.

The said commissioners court shall on the above date select a depository for the available school funds of Kimble County as provided by law.

Given under my hand and seal of office in Junction, Kimble County, Texas, this the 12th day of January, 1931.

(Seal)
R. R. King, County Judge 40-3c
