MEN'S BIBLE CLASS PLAY BAPTISTS TO DRAW MONDAY

GOOD GAME BITTERLY CONTESTED WITH PITCHER'S BATTLE THROUGH CONTEST BETWEEN JOHNSON, SIMS AND AUTRY

The Men's Bible Class and the Baptist Sunday school teams battled five innings to a draw Monday evening, 4 to 4. The score does not indicate what sort of battle that was on tap. The pitchers on both sides had the high sign on the batters in the pinches.

Going into the fifth inning, the score was 4 to 2 in favor of the Baptists. After two men were out, "Shorty" Simms was given a walk by Autry. Ralph Hicks followed with a slashing two base hit that put Simms on third. Two men out—two runs behind, and the tying scores on the bases was what confronted C. C. Willis when he came to bat. Taking a toe-hold on his bat, Willis stepped into the ball and burned a single through the infield that tied the score and brought joy to the Men's Bible Class.

The runs, hits and error score gives the following:

HELPERS HELP

The Times-Signal asked its readers to help out with their renewals, or new subscriptions last week. We are planning on adding new equipment, which will necessitate asking help from our good friends and boosters.

Complying with our request, Mrs. Alva Johnson, Snyder, was the first lady to come to our rescue. J. S. Lewis, also of Snyder, was second. He was a new subscriber.

Then followed in rapid succession J. R. Huckabee, M. O. Nail, W. P. Abernathy and H. E. Townsend.

Subscribers—will you please help us? If you are in arrears, now is the time to help. Our subscription lists are being corrected this week.

16-Year-Old Son Preaches Sermon

Young Dawson County Resident Licensed Methodist Preacher

Using for his text, "Let Your Light So Shine," Rev. Ovid Walls, 16-year-old son of Mr. J. B. Walls of the McCarty community, preached his first sermon Sunday afternoon to a large and appreciative audience, among whom was a sprinkling of Lamesa churchgoers, says the Dawson County Journal.

Young Walls preached a great sermon, which melted the hearts of his auditors. At the conclusion of the sermon practically every person in the audience came forward to shake his hand and bid him Godspeed in the ministry.

He was licensed at the Lubbock odist church at Lorenzo April 13. District Conference of the Meth- He has been identified with church work in the McCarty community for the itinerant Methodist ministry.

WEST TEXAS CHAIN STORE HEAD BELIEVES GOOD TIMES AHEAD

"Conditions generally over West Texas served by our fourteen stores are good," J. C. Bryant, president of the Bryant-Link Company, with headquarters in Stamford, said while on a visit to his branch store at Lamesa last week.

In the Stamford area good rains have fallen and business has been good. Farmers have been bolstered with considerable oil lease money."

Mr. Bryant reported that the branch of his enterprise at Peacock had been discontinued and the stock combined with that at Aspermont nearby. Mr. Bryant has been a resident of West Texas for many years, having lived at Anson sometime before going to Stamford.

TAYLOR AND REED IMPROVE BARBER SHOP

Taylor and Reed, two of our tonsorial artists, have just finished making some substantial improvements in their shop on the north side. Besides cleaning up and painting up, they have made many other improvements, even to putting on new floor covering and scrubbing the office spittoon which Mr. Reed insists is a cuspidore. On the other hand, Mr. Taylor says that he is no longer a barber, but a tonsorial artist, who is a capillary abridger, face manipulator and can use both hands with equal dexterity.

GRADUATING ADDRESSES

The graduating sermon will be delivered by Rev. A. L. Scales, pastor of the St. Paul Methodist church, Abilene, Sunday evening, May 15, at the high school auditorium.

Dr. Splawn, president of the University of Texas, will deliver the graduating address at the high school auditorium Friday evening, May 20, beginning at 8:00 o'clock.

"Above Them All"

AMERICAN LEGION TO HOLD MEETING AT LUBBOCK

Gov. Dan Moody Expected to Meet With Veterans May 21-22

Governor Dan Moody will be among the notables in attendance at the Fifth Division convention of the Texas Department of the American Legion at Lubbock May 21 and 22, if the duties of his office will permit him to spare the time, it has been announced. A very urgent invitation has been dispatched from officials in charge of arrangements for the convention, but as yet the Governor, himself an ex-service man and Legionnaire, has not signified whether he will attend.

Among those who have advised they will be there are: R. C. Winters, state commander of the Legion, Abilene; W. J. Buie, division commander, Stamford; Reed Johnson, superintendent and P. L. Forbes, of the veterans bureau, Dallas; P. B. Stapp, of national headquarters, Indianapolis; Walton Hood, commander of the Legion post at San Antonio, the largest unit of the Legion in the world, with 3,100 active members; and Mrs. Harding, state president of the Ladies Auxiliary.

Registration headquarters for the convention will be at the Lubbock Hotel, and every visiting ex-service man or eligible auxiliary member is expected to register. Large delegations are expected from all points in West Texas. The gates of the city will be opened wide in true West Texas spirit, and ex-service men generally regardless of their affiliation with the legion are extended an invitation.

The two-day program, not yet fully completed, includes a giant dutch banquet Saturday night, May 21. Sunday at 11 o'clock a special patriotic program and rally will be held at the First Presbyterian church, with Homer L. Pharr, judge of the 72nd district court, presiding. The program will be both entertaining and instructive, and plans are being made by the ladies auxiliary to entertain all women visitors. Business sessions of the auxiliary will be held simultaneously with the Legion program.

L. N. PERIMAN IS IMPROVING HERD

L. N. Periman, pioneer sheep raiser of Scurry County, has recently added two fine Rambouillet rams to his already fine herd. These are very fine individuals and cost Mr. Periman quite a little sum of money, but he says that it costs no more to raise a pure-bred than it does to raise a scrub, and that pure-bred stuff is always better in the long run. Mr. Periman has quite a nice herd and is another one of our farmers that does not let the price of cotton worry him very much.

CLYDE SHULL OPENS STORE AT ODESSA

Mr. and Mrs. Clyde Shull left Monday for Odessa where Mr. Shull has opened another variety store. Odessa is a booming oil town, and Mr. Shull says that everything looks good to him over there.

Express Officials Look Over Field

Like Snyder; Assure New Building for Snyder in Near Future

Mr. G. Y. Reed, superintendent, and Mr. R. N. Taft, route agent, of the American Express Company, were in Snyder several hours Tuesday. While these gentlemen didn't give their O K for a new building for their company in Snyder, they did put their O K to a general over-hauling of their present building, and assured the local chamber of commerce that the American Express Company would keep pace with Snyder, and in the near future would erect a building that would be in accord with the requirements of Scurry County.

Both gentlemen complimented Snyder's cleanliness, and the spirit of progressiveness that is now in the very air in Snyder. Both of these men stated that they were going to do much for this city, as Snyder is one of the few towns where it seemed every one is well pleased with their service and their local agent. They have a right to be pleased with their local agent, Mr. W. W. Smith, for he's an efficient, courteous and capable gentleman.

NEW LAMBETH-ELY GIN BUILDING IS COMPLETED

$25,000 Structure Adds Big Improvement to City's Growth

The new $25,000 structure for Snyder's new combination round and square bale gin is complete. Machinery will start moving into the new plant as quickly as the R. S. & P. gets its sidings built up to the building.

While known as the Lambeth-Ely Gin Company, Mr. A. W. Arnold, who was for many years associated with Mr. W. J. Ely at Lamesa, is now associated with Lambeth & Ely, and will have full charge of the cotton buying end of this association.

Mr. W. J. Ely will be manager of the gin in Snyder, while Mr. Lambeth will look after their interests at Colorado. Mr. Ely is an active chamber of commerce worker, having been a member of the Board of Directors of the Lamesa Chamber of Commerce. Since locating here, Mr. Ely has identified himself with the Scurry County Chamber of Commerce by subscribing for six memberships.

Both Mr. Ely and Mr. Arnold and their families will live in Snyder and they certainly have the very best wishes and assured co-operation of the Times-Signal.

Mr. and Mrs. W. G. Ralston left Thursday for Los Angeles, California, to visit their son, W. R. Ralston, who has a good position with a large oil concern. They will be gone about fifteen days.

SWEETWATER HOLDS INDUSTRIAL SHOW LAST WEEK END

The manufacturers and wholesalers' industrial show, an exhibit of the products manufactured and distributed in Sweetwater, Friday and Saturday, was participated in by thirty-six of the fifty-four local manufacturers and distributors and was visited by several thousand persons, many from California, Oklahoma, Missouri, Illinois, Iowa, Arizona and Texas.

This show was given under the auspices of the Board of City Development and was this city's part in the Texas Industrial Development week. Owing to limited space, only 36 jobbing houses and factories were enabled to show.

Because of the success with which the show was received, it was decided to hold it annually.

BONDS CARRY 6 TO 1

In the bond election last week to see whether or not Mitchell County would issue bonds in the sum of $200,000 for the purpose of paving the Bankhead Highway, the bonds were voted by a majority of approximately 6 to 1, the total vote being 1,416 for and 240 against.

This is a decided change of sentiment from two former elections that have been held in the county for the same purpose, although the other issues were to have been of a much larger denomination, says the Loraine Leader.

DISASTROUS FIRE HITS THE TEXAS CO. SUPPLY TANKS

Two Men Burned When Explosion Starts Tank Fire This Morning

Ed Burditt and C. C. Bankhead were seriously burned in a fire that destroyed the storage tanks of the Texas Company of this city about 8:00 o'clock this morning.

The two men were priming a pump preparatory to emptying a tank car that was sitting on the track into the stationary storage tanks when a back-fire from the engine caused an explosion. Almost instantly the entire pump house was a mass of flame, and the two men were human torches. With unusual presence of mind, the two men made for the open, and at the same time began to discard their clothing which, fortunately, was of one piece—a loose fitting unionall.

Although the men did quick work in getting out of their flaming clothing, both were badly burned. They were given first-aid treatment at a local drug store and later removed to their homes. Late reports stated that they were rseting as well as could be expected, considering the seriousness of their injury.

The engine house, tanks and contents were a total loss, although the fire department fought the flames the best they could, and considering the dangers to which they were exposed, they manifested great bravery in their work. Both water and chemicals were used in fighting the flames, but great columns of dense smoke continued to rise as the highly inflammable substance continued to be consumed. At the time of writing this article, no estimate of the damage had been given out by Gay McGlaun, local agent for the Texas Company.

Amarillo Good Will Boosters Take The City

Led by "Tony" Chishum, Oil City Boosters Capture Snyder

Take a "Tony" Chishum, who was an original Snyder booster, and include 174 others of his type, and you can visualize the group of good-will boosters that arrived here last night from Amarillo via a Santa Fe special train.

Attired in big five gallon hats, bright hat and arm bands and with fancy canes, 175 Amarillo gentlemen arrived in Snyder at dinner time last evening. Over 100 Snyder cars met the train and escorted the visitors to the tabernacle where they were served with a real old-fashioned Snyder feast.

Prefaced by a short welcome address by Rev. H. J. Manley, which was answered by "Tony" Chishum. Snyder boosters never served a finer luncheon than was given the boys from the north plains. In responding to the address of welcome, this self-same "Tony" Chishum told of his early life in the little old home town here, and of "how" he started in the aerdrome business through the big-hearted actions of "Bob" Curnutte, as the speaker termed him. Every town needs a booster like "Tony," and some day we hope to welcome him back to the scenes of his Lares and Penates. Tony and his associates made a million dollars last year in oil, and we would like to know his recipe.

Following the barbecue in which a large number of Scurry County's best eating chickens participated, the crowd wended their way to the public square where the Amarillo high school band gave a concert.

Introduced by Guy Saunders, "Tony" Chishum gave the principal address, that was a welcome note to his many local friends. Others who responded were J. Z. George, secretary of the Board of City Development; V. G. Hill, secretary of Trade Extension and C. H. Ammaker, secretary of the Tri-State Fair.

Following the concert the Amarillo party was invited to Wolf Park where they enjoyed dancing and skating until the wee hours of the morning.

The party slept on their own special last night and left early this morning bound for Lamesa, Tahoka and other cities, and will stay tonight in Clovis.

Snyder always has a welcome for Amarillo, and may they return here again—and again. They are welcome.

Committees in charge of the local affair included: For the entertainment, O. P. Thrane, Ernest Taylor, R. H. Curnutte, C. R. Buchanan and E. J. Anderson. On the firing line, which included the real "eats" of the evening, were A. C. Preuitt and Warren Dodson. J. A. Woodfin acted as Marshal of the Day.

FISH STORIES

"Butch" McClinton, Jim Patterson, W. C. Hamilton and Abe Rogers went down on Bull Creek a few days ago and succeeded in drowning a few harmless worms and soaking some perfectly good liver.

They caught everything from a water moccasin to a bad cold—everything but fish. One of the party declares that he caught a pretty good sized fish, but the rest of the bunch declare that the fellow who told such a thing is the same fellow that put the "bull" in Bull Creek, and that it can be proved that a few slices of bacon which they took along with them is all that kept the whole outfit from having everything that belongs to genuine "fisherman's luck."

Mr. and Mrs. J. L. Waskom and daughter, Miss Nina Frances, and son, Adrian, spent from Friday until Sunday of last week in Plainview and Lorenzo where they were the guests of Mrs. Waskom's mother, Mrs. A. B. Roberts, and her sisters, Mesdames Bertie Jordan and A. B. Perrell.

WHILE YOU'RE READING THIS

Other people are reading the Classified page. Some are searching for rooms—others want to buy a good used car—others a real estate bargain—still others want the general things of interest to folks who live and stay at home.

Times-Signal want ads reach prospects — they reach more Scurry County prospects than through any other one source.

Use the wand ad columns often—they pay.

Thousands to Come Saturday

Snyder Scene of First Big Day for Scurry Co. Visitors

Snyder will be the mecca for all of Scurry County Saturday. They will be piling in here from sun-up and will await with interest the entertainment to be provided by the Snyder Merchants Association.

So don't forget, Saturday, May 7. The time—3:30 p. m. The place—southwest corner of the public square.

The committee is also trying to get two ball teams to provide entertainment at Wolf Park around 4:30. If the matter is settled, an announcement will be made following the 3:30 meeting.

ATTEND POLO GAMES

E. F. Wicker and Wade Winston, two of our horsemen, saw the big polo games at Crowell the past week. Mr. Wicker told a Times-Signal reporter that polo is some exciting sport and that he certainly did enjoy himself. He says that it is very much like old-fashioned "shinny" except it is played on trained horses.

Tomorrow is the day that the things you did'nt put off today will begin to sprout.

SNYDER HIGHWAY BOOSTERS MEET AT ANSON TOMORROW

Route 83 Personnel to Complete Organization Begun at Lamesa

A party of Snyder men who are cooperating with other Highway No. 83 boosters, will leave here early tomorrow morning for Anson where they will perfect and complete the organization started at Lamesa April 19.

Included in the local contingent, in addition to Sec'y E. P. Moore, will be H. J. Brice and Judge Holley, both of whom are members of the board of directors, and O. P. Thrane and H. P. Wellborn, who are chairmen of committees.

This session will elect permanent officers, appoint committees to present the highway's desires before the Albany Chamber of Commerce in closing a gap just over the Shackelford County line, and to appear before the State Highway Commission and before Federal Engineer A. R. Losh, looking to state and federal designation to the state line west of Lamesa.

The directorate will also take occasion to give the new highway association an appropriate and catchy name, according to W. A. Wilson, secretary pro tem.

Meeting to be Important

This meeting will be even more important than the general meeting held at Lamesa April 19 at which time the sentiment of towns between Fort Worth and Carlsbad was reflected in the addresses of their representatives.

With a gap to be filled this highway is now paved as far west as the eastern boundary of Fisher County, with intervening counties expressing assurance that the remainder may be hardsurfaced in the near future as soon as the state and federal governments certify their intention to properly designate this important east and west artery.

Commenting further on this matter, the Lamesa paper said:

Judge Dixie Kilgore of Dawson County made a business trip to Snyder Monday. While there he conferred with county and chamber of commerce officials relative to the organization of No. 83 highway of which he is president.

"The Snyder people are all 'pepped' up over the prospect of this important highway," the judge said. "They have lost none of their optimism so well manifested at the meeting here April 19."

The judge pronounced No. 83 between Lamesa and Snyder as in excellent condition. For a natural "dirt" road it probably has no superior anywhere in Texas.

DALLAS GOOD WILL TOURISTS TO VISIT SNYDER MAY 17TH

Snyder is on the route of the Dallas Good Will Tour that is to leave that city May 12th. The tourists will hit West Texas, eastern New Mexico, and Southern Oklahoma. They should arrive here around May 17.

While eighty-two towns and cities will be visited on the route and what is regarded one of the greatest trade territories in America visited, the plan to spend Sunday in New Mexico at the famous Carlsbad caves, it is admitted, is proving one of the great drawing cards of the proposed journey.

DISTRICT CONFERENCE

The Sweetwater District Conference will meet with the Snyder Methodist church May 10 and 11. We will have 24 pastors here and some few visiting preachers from the schools and an orphanage representative. Besides there will be 75 or 100 laymen and ladies as delegates. The conference will meet Tuesday morning at 10, and the lunch will be served at the church basement. The afternoon sessions will begin at 1:30 and run until about 5 or 5:30.

On Tuesday night we will have the pageant play, "The Fruits of His Labors." Both days at 11 a. m. we will have preaching.

To all the services the public is invited. In the business sessions the reports will be given of all the charges and the general work of the church will be covered in these reports. We want our own people to attend, and we also invite any others who have a mind to come.

J. F. LAWLIS, Pastor.

Mr. and Mrs. Dick Crowell moved to Hale Center Monday from Fluvanna. Mr. Crowell will be in the employ of the Higginbotham-Bartlett Co. at that place.

Lambeth-Ely Gin Building Adds Fine Total to City's Natural Growth

CITY FATHERS MEET FOR FIRST GET-TOGETHER

Committees Appointed And Work Is Started for Another Banner Year

Snyder boosters should commence to realize that Snyder is growing—it is surely not standing still. Building permits granted during the month of March totaled $40,470, according to the figures of City Secretary A. C. Preuitt. That one month compared to total permits of $167,020 granted during 1926 indicates in a small way that Snyder is crawling up the ladder.

Building permits granted during March include: Lambeth-Ely Gin Company, plant building, $25,000; Harvey Shuler, residence, $5,400; H. G. Towle, business block, $9,000; T. B. Favor, residence, $1,000; and M. Smithers, garage, $70.

The purchase of new fire hose was referred to the Water and Sewer department.

The court recorder, who has heretofore been on a fee basis, was changed to a straight monthly salary basis.

Permits were granted the R. S. & P. railroad to cross Willow and Camp streets to place sidings for the new Lambeth-Ely Gin Co. The water mains will also be extended to this plant.

H. J. Green was employed to handle all hauling on the clean-up proceedings, and paint was purchased to handle parking signs on the public square.

A new truck will be purchased by the Water and Sewer department.

Bills allowed during the month of April include:

J. A. Woodfin, city marshal, $150; Walter Kemp, night watchman, $100; W. L. Wilson, sanitary police, $70; P. M. Bolin, building inspector, $15; A. C. Preuitt, city secretary, $35; W. H. "Against the amendment to the Constitution of the State of Texas removing from the Constitution all limitations as to the amount of compensation of officers, the compensation and expenses of said officers to be as provided by law, and fixing the compensation of the Governor, and providing that said amendment shall be effective on and after January 1, 1929, and not sooner."

If it shall appear from a return of said election that a majority of the votes cast have been cast in favor of said amendment, it shall become a part of the Constitution of the State of Texas.

Sec. 3: The Governor shall issue his proclamation calling said election and have the same published and said election held in accordance with this resolution and the Constitution and laws of this State; and return shall be made and the votes canvassed and counted as provided by law; and if said amendment is adopted by the required vote of the qualified electors of this State, the Governor shall issue his proclamation as required by law.

Section 3 (of Article V): The Supreme Court shall have appellate jurisdiction only, except as herein specified, which shall be coextensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several courts of civil appeals may hold differently on the same question of law, or where a statute of the State is held void, and to questions of law arising in such other cases of which the Courts of Civil Appeals have appellate jurisdiction as may be prescribed by law; provided, that the Legislature may authorize direct appeals from the County and District Courts in any case where a statute of the State has been declared void. The Supreme Court and the Judges thereof shall have power to issue writs of habeas corpus as may be prescribed by law; and, under such regulations as may be prescribed by law, the said Court and the Judges thereof may issue the writs of mandamus, procedendo, certiorari, and such other writs as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified except as against the Governor of the State. The Supreme Court shall also have power, upon affidavit or otherwise, as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by the Court. The present statutes defining the jurisdiction of the Supreme Court not in conflict herewith shall continue in effect until repealed or altered by the Legislature. The Supreme Court shall appoint a Clerk, who shall give bond in such manner as is now or may hereafter be required by law, and he may hold his office for four years, and shall be subject to removal by said Court for good cause entered of record on the minutes of said Court, and who shall receive such compensation as the Legislature may provide.

Section 4 (of Article V): The Court of Criminal Appeals shall consist of three judges, provided that the Legislature may increase the number to five, and a majority of the Judges shall constitute a quorum, and the concurrence of a majority of the Judges shall be necessary to the decision of any case. Said Judges shall have the same qualifications and receive the same salaries as the Judges of the Supreme Court. They shall be elected by the qualified voters of the State at a general election and shall hold their offices for a term of six years. The Judges of the Court of Criminal Appeals who may be in office at the time this amendment takes effect shall continue in office until the expiration of their terms of office under the present Constitution and laws.

Section 5 (of Article V): The Court of Criminal Appeals shall have appellate jurisdiction co-extensive with the limits of the State in all criminal cases of whatever grade, with such exceptions and under such regulations as may be prescribed by law, and the Legislature may confer original jurisdiction upon it to issue writs of mandamus, procedendo and certiorari in criminal cases. The Court of Criminal Appeals and the Judges thereof shall have the power to issue the writ of habeas corpus and, under such regulations as may be prescribed by law, issue such writs as may be necessary to enforce its own jurisdiction. The Court of Criminal Appeals shall have the power, upon affidavit or otherwise, to ascertain such matters of fact as may be necessary to the exercise of its jurisdiction. Said Court shall be open at all times and shall sit at the State Capitol for the transaction of business at such times as may be designated by it. Said Court shall appoint a clerk, who shall give bond in such a manner as is now or may hereafter be required by law, and he shall hold his office for four years, unless sooner removed by the Court for good cause entered of record on the minutes of said Court, and said Clerk shall receive such compensation as may be prescribed by law.

Section 6 (of Article V): The Legislature shall, from time to time, divide the State into such number of Supreme Judicial Districts as to it may seem necessary, not exceeding twelve at any one time, and shall have the power to re-district the State at any time, and shall establish a Court of Civil Appeals in each of said Districts, which court shall consist of a Chief Justice and not less than two Associate Justices as the Legislature may provide, who shall have the qualifications as herein prescribed for Justices of the Supreme Court, provided that the aggregate number of Judges of all of the Courts of Civil Appeals shall never at one time exceed thirty-six. Each of the existing Courts of Civil Appeals shall continue until otherwise provided by law. The Courts of Civil Appeals shall have appellate jurisdiction co-extensive with the limits of their respective districts, which shall extend to all civil cases of which the District Courts or County Courts have original or appellate jurisdiction, under such restrictions and regulations as may be prescribed by law; provided, that the decisions of said Courts shall be conclusive on all questions of fact brought before them on appeal or error. Said Courts of Civil Appeals shall hold their sessions at such places as may be designated by the Legislature and at such times as may be prescribed by law. Said Justices shall be elected by the qualified voters of their respective Districts, at a general election, for a term of six years, and shall receive such compensation as may be provided by law. Said Courts shall have such other jurisdiction, original and appellate, as may be prescribed by law. Each Court of Civil Appeals shall appoint a Clerk in the same manner as the Clerk of the Supreme Court, which Clerk shall receive such compensation as may be fixed by law. The Judges of the Courts of Civil Appeals who may be in office when this amendment takes effect shall hold their offices until their respective terms shall expire under their present election or appointment.

Section 7 (of Article V): The State shall be divided into as many Judicial Districts as may now or hereafter be provided by law, which may be increased or diminished by law. For each district there shall be elected by the qualified voters thereof, at a general election, a Judge, who shall be a citizen of the United States and of this State, who shall have been a licensed lawyer for four years next preceding his election, and during that time shall have been a practicing lawyer or Judge of a Court of record or such practicing lawyer and Judge together, who shall have resided in the District in which he was elected for two years next preceding his election, who shall reside in his District during his term of office, who shall hold his office for the term of four years, and shall receive for his services such compensation as may be prescribed by law. He shall hold the regular terms of his Court at the County seat of each County in his district at least twice in each year, in such manner as may be prescribed by law. The Legislature shall have power, by general or special laws, to authorize the holding of special terms of the court or the holding of more than two terms in any County for the dispatch of business. The Legislature shall also provide for the holding of District Court when the Judge thereof is absent or is, from any cause, disabled or disqualified from presiding. The Supreme Court or the Chief Justice thereof may assign any District Judge to any district in the State other than that for which he was elected, with all the powers of a resident District Judge of the District to which he is assigned, under such regulations as may be prescribed by the Legislature, or by the Supreme Court in the absence of such regulations enacted by the Legislature. MILES and More MILES

BEFORE your next week-end trip, fill your tank with Summer Conoco Gasoline. Then keep tab on your mileage. When you arrive back home, figure up your miles per gallon. That's the way to check our claims that Summer Conoco is packed with extra miles.

This summer make your gasoline *deliver*—make it deliver *miles*. And we promise you this: that—provided your car is in good condition—you'll never be disappointed when you use Conoco.

It pays to be particular when you buy gasoline. Careless motorists penalize themselves every time they allow inferior fuels in the tank.

Their cost per mile of motor operation is out of all proportion to what it should be. They are paying a premium simply because they never take the trouble to figure out the miles they get per gallon.

So play fair with your pocketbook. Use Concco regularly and keep down your motoring costs.

Just look for the Conoco sign on service stations and garages.

C. OF C. NOTES

By E. P. MOORE, Secretary

Mrs. Dick Webb becomes a real 100 per cent diversified farmer. She called on the Scurry County Chamber of Commerce last week and bought a full line of pedigreed seeds, including 125 pounds of peanuts of the white Spanish variety. Mrs. Webb stated that she was going to convince herself of the most profitable seeds for her farm. That's just exxactly what every man should do that owns a farm. He should do a little experimenting on his own hook, learn for himself that which is best adapted to his farm, and then plant the pedigreed seed best adapted to his land.

116 Magazines and Periodicals

That's the number of good magazines and periodicals the San Souci club members turned into the secretary last week. To say "Thank you, San Souci club members," would be stingy. We want you to know we have a very friendly feeling for every letter it takes to spell the words, MANY THANKS TO YOUR CLUB members for your thoughtfulness. Some Saturday afternoon call on the secretary and see the many people that come in our office asking for your used literature. As you read this article, we're tickled to tell you that your literature is now in deserving homes in Scurry County.

To the Citizenry of Scurry County

Here's Saturday in the office of the Scurry County Chamber of Commerce: Office opened 7:30 a. m. Telegram from El Paso quoting price on cream at 41 cents per pound of butterfat. Letter from Amarillo stating 175 Amarillo boosters would arrive here at 6:10 p. m. Wednesday, May 4, with 28 piece band and to arrange dinner for them. Sold 100,000 genuine Porto Rico sweet potato plants, government inspected, to 37 Scurry County farmers. Sold 20 bushels Mebane cotton seed for J. W. Templeton. Sold seed peanuts for J. Gilmer Davis, paying him $17.48. Sold seed peanuts for J. Z. Caruthers, paying him $15.55. Received check and advertising copy from Lubbock Sanitarium for full page ad in Scurry County Fair and Women's Economics Club book. Thanked the Lubbock Sanitarium for their money and support. Received cut, copy and check from Lubbock Hotel for full page in same book. Thanked Mr. W. E. LaFon, manager of the Lubbock Hotel, for his nice copy and support. Gave instructions to Mr. Rogers of Rogers Studio to photograph R. S. & P. station, that a cut may be made for their full page advertisement in our year-book. Tied up, stamped and gave out 125 magazines and periodicals and distributed 1,000 circulars in cars. Had a talk with Pres. H. J. Brice of the Scurry County C. of C. relative to entertaining Amarillo boosters.

More than 80 farmers were interviewed in the office upon various subjects. The Snyder Apple House, O. E. Cox, proprietor, was kind enough to lend the writer some seed peanuts that were bought by Joe York of Fluvanna, and Mr. Cox was paid $11.80. The farmers of Scurry County made a saving of $150.00 on the 100,000 sweet potato plants bought, say nothing of what they saved and are going to make on the seed peanuts they bought. Gilmer Davis had five acres of peanuts last year. He now has a brand new Ford touring car, and paid spot cash for same. "Bully" for you, Gilmer. Rev. H. J. Manley called, leaving the writer a goodly supply of green onions and nice, fresh eggs. After answering 27 letters the secretary's desk was cleared for the day at 10:40 p. m. Stick to your chamber of commerce, and old Scurry County Citizenry will be wearing one of those "Wink and Smile" faces next fall when pay day comes. Good night.

R. S. & P. Ry. Co. 100 Per Cent

The writer spent a few hours in the general manager's office of the R. S. & P. Ry. Co. last week in Roscoe. The result of this visit was the placing of an order for a membership for all the active officers of the road in the Scurry County Chamber of Commerce. All their agents and their assistants, including Walla D. Fish and A. C. Preuitt of Snyder; R. O. Dobbins, W. B. Johnson, and E. J. Worthy of Roscoe. To the personnel of the R. S. & P., you are assured of service from the office of the secretary that will be in accord with your liking, and we are mighty well pleased to have your membership with us.

H. E. Greenfield of Dermott said that he always helps a good cause along in any community and that he didn't know any better cause than the Scurry County Chamber of Commerce, and gave us his application last week.

J. E. Sanders of Dermott said that from all the talk he had heard about the Scurry County C. of C. that something must have awakened Snyder, and as he borrowed all his money in Snyder, he was glad to sign his application for a membership in the chamber of commerce. We're mighty glad to welcome the gentlemen from Dermott, and we want them to know they are entitled to every courtesy, thoughtfulness and service of your secretary and organization.

Berry Lumber Company, Inadale

The Berry Lumber Company of Inadale is a full fledged member in good standing of the chamber of commerce. It was the writer's pleasure to meet Mr. Berry personally at Inadale. Mr. Berry, owner of the Berry Lumber Co., lives in Cisco, and while Inadale is only just over the line in Scurry County, Mr. Berry said it was a pleasure for him to instruct his manager, Mr. Miller, to give his check for his membership. The latch string of this office is out to both of you gentlemen at all times, and the more you visit this office and use our facilities, the better you will please the organization. The counsel of both of you gentlemen will be very helpful to more efficient service.

Com Ezell returned to Snyder Sunday from Alvarado where he has been the guest of his father.

Judges Fritz R. Smith and Jack Harris left Saturday for Menard on a fishing trip.

Messrs. and Mmes. W and Dick Crowell and M ence Wenninger were visitors Sunday.

Mrs. J. H. McClinton le day for Commerce where remain for an extended vi her daughter, Mrs. W. E.

J. D. Scott and Louis Bl returned to Snyder Monday noon from a fishing trip Llano river.

School Notes

Mrs. Forrester and her primary and first grade children, assisted by Miss Pearl Forrester, gave a very pleasing chapel program last Wednesday morning. After the song service, several children gave the Scripture lesson, which was followed by a prayer led by Miss Ruby Forrester. The remainder of the program was as follows:

"How They Talk," by four children.

Reading, "Plenty of Bites," Jim Layman.

"Floyd Collins," sung by Dot Stevens.

Play, "Helpers All," Group of children.

Reading, "The First of May," Annie Lee Vick.

Sunday, May 1, the senior class and Mr. and Mrs. E. E. Kerr were royally entertained at the home of Olivia Caffey. At twelve o'clock a delicious lunch was served which was enjoyed by everyone, and especially Mr. Kerr and Allie Cason, judging from the length of time they stayed at the table. After lunch we were entertained by music until late in the afternoon when we returned to our home.

Saturday afternoon a nine composed of both school and town boys played a team from Inadale, defeating them 7 to 5.

Friday night M. F. Merrill, E. E. Kerr and the Spanish pupils of the high school gave the following program:

"Valencia."
"La Brona."
Popular song.
"La Marcha de la Princesa."
"El Criado Asesto."
"Gaily We Dance."
"Safety Razor First."
Final chorus, "El Convicto y la Rosa."

The proceeds were $25, and this money will be used in paying the students' entrance fee at the track meet and in paying for various school improvements.

PROOF OF THE RESURRECTION

One night during an Easter week, just after penning the above subject, a vivid flash of lurid lightning ripped the intense darkness of the night and a peal of thunder rent the heavens and filled the lower firmament with a tremendously loud roar for miles around and seemingly came in contact with an impervious and insurmountable wall only to be hurled reverberating back over hills and valleys, echoing and re-echoing until faraway distance overcame the roar.

Did Christ arise from the dead? Nearly sixty centuries have come and gone and this, the crowning century of all centuries, sends this question thundering back over the Mediterranean world, over the dead and inanimate nations of earth from whose hushed lips no response comes from that echoless shore, on back to the primeval birth of man, to be hurled with loud roar reverberating back by way of ancient Damascus, Babylon, cloud-covered, thunder shaken, historic Sinai, Rome, Carthage, Bethlehem and Jerusalem.

Yes, this question comes in contact with the first sentence in the Bible, "In the beginning God created the heaven and the earth," From there it traverses the plain of ancient, medieval and modern history to roll by with deafening roar to die away in the misty, dim future, whether it be long or short, to be pondered upon by the sons and daughters of men. But ever and ever all ages and nations, speaking in thunder tones that Christ arose from the dead and unbared the portals of the grave, came forth the mighty conquerer over death, hell and the grave, clothed with all power in heaven and earth.

Yes, Satan overcame man, but Christ conquered Satan. He made it so that death is an open door that ushers us into a place like that in which Lazarus lives or like that in which Divese is spending eternity.

Proof

Man bases his conclusions upon that which he believes to be evidence. Did Christ arise from the dead? We are at liberty to accept nothing where evidence is not submitted.

If Christ arose from the dead, then infidelity, atheism, deism and Evolution fall dead at the feet of Christianity.

Let us discuss it from ancient, medieval and modern history.

The Old Testament is the most ancient authentic history known to the human family. It was first given to the Jewish nation of which there are more than ten million living today. Mohamet got hold of the Pentateuch with one or two other books of the Old Testament. Two hundred and twenty millions of the Mohammedans now claim Abraham as their father. The two hundred and thirty million Brahmins now living came from the Mohammedan nation.

We have now four hundred and sixty millions of people who believe, as faa as they are capable of believing, that the Old Testament is the most ancient of all records. Now, add to this four hundred and forty millions of people in Christendom who believe it, and we have nine hundred million people against about seven hundred million who do not know anything about it. More than half the world believes that the Old Testament is the most ancient of all history.

God created man and woman and gave them an inheritance. They were sinless until Satan overcame the woman. God drove them from their edenical home, but not without a promise. Here is the promise: "The seed of the woman shall bruise the serpent's head."

Satan overcame the woman. The seed of the woman must overcome Satan or downfallen humanity will never get back into that sweet innocent relationship with the Father that it had before the fall. It took the death, burial and **resurrection** of the Son of God to bruise the serpent's head. Did God fulfill that promise? Out of thirty two hundred conditional and unconditional promises made in the Bible, God has never violated one of them. Just as sure as there is a loving, compassionate, heavenly Father, who controls the universe, just that sure He fulfilled that ancient promise, and Christ, His annointed Son, came out of that grave.

If I should not introduce any other proof that he arose from the dead, God's promise is all that any real Christian wants.

I have a number of witnesses summoned from ancient history that we will place upon the stand in the next issue, and continue the evidences that Christ arose from the dead.

We have only entered the border land of evidence.

Your servant,
E. C. DODSON.

JOE MERRITT TELLING TALES AGAIN

Joe Merritt, who Joe Strayhorn declares has it in for him, because he, Joe Strayhorn, can grow better wheat than he, Joe Merritt, because he, Joe Strayhorn, can water his wheat and Joe Merritt can't, is telling some unreasonable things on Mr. Strayhorn. Mr. Merritt says that he went around Strayhorn way a few days ago to see how Mr. Strayhorn's wheat was standing up under irrigation, when to his surprise, he saw one of Mr. Strayhorn's employes milking a Jersey cow with a Fordson.

But Joe says that to milk a cow is only one of the many things for which a Fordson is recommend, as they are now being used for everything from alluring fish to calling hogs. Mr. Strayhorn states that as a proof of his assertion, he will give a public demonstration just as soon as the fish in his large lake get large enough to eat. He says that even now the little fishes are often seen in school, or rather in "schools", being trained by the mother fishes to heed the call of the Fordson.

PAT BROWN'S SISTER-IN-LAW DIES SATURDAY

Mr. and Mrs. Pat Brown and daughter, Lucile, were called to Slaton Sunday on account of the death of Mr. Brown's sister-in-law, Mrs. F. P. Brown, who committed suicide by shooting Saturday evening.

Mrs. Brown was 34 years old and leaves a husband and 5 small children; two sets of twins, one set boys 18 months old, and one, girls, 3 years old, and another child, a boy 7 years old. Her remains were shipped to Josephine, Texas, Monday for burial. Ill health was assigned as the cause of the suicide.

We're not looking for the American marines in China to bring back many war brides.

MONEY FOR TEXAS ROADS

Division engineers of the highway department last week presented their annual budgets and asked for approximately $10,804,000 at a meeting of the members of the commission, State Highway Engineer R. A. Thompson and R. G. G. Wickline, bridge engineer.

Of that amount, more than $2,000,000 will be used for constructing new roads, with the rest applied to rebuilding many bridges and maintaining other highways, claims presented at the meeting set froth.

ATTENDING SOUTHERN BAPTIST CONVENTION

Rev. W. F. Ferguson and Geo. E. Alexander left Sunday evening for Louisville where they will attend the convention of the Southern Baptist denomination. "Pete" Bridgman drove them to Sweetwater Sunday night following church services and made the trip there in 55 minutes.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Business Affairs

Operations at the oil well on the nodgrass ranch have been suended for some two weeks for ant of casing. A car load of casg came last Sunday and, accordngly, work was promptly reumed.

We are informed that the Higinbotham-Bartlett Company is his week transferring our lumber aan, D. R. Crowell, to Hale Cener. Fluvanna people very much egret this fact, for they have earned to appreciate the splendid ualities of Mr. Crowell. We furher understand that T. F. Koonce f Hermleigh is being transferred o this yard. Of course Mr. Koonce nay readily measure up to the igh standard already set by Mr. Crowell. We hope that this may prove true, but for the present we lo not know the new man. Anyway, we shall welcome the new nan, and hope that "all things work together for good."

Mr. Haynes, our depot man, has informed this scribe that the peole of this community shipped durng the month of March just 750 gallons of cream, and that during April just 1,100 gallons were shipped—an increase of 350 galons. He further stated that the shipments for these two months amount to more than all the cream shipped from this place last year. This clearly indicates a decided trend towards a change of industry among our farmers. It also indicates that less attention will be given to cotton and more interest taken in those industries which bring in a little money all through the year, thus enabling the producer to keep out of debt. Evidently better times are ahead.

Church Affairs

In addition to the activities of the several Sunday schools, Rev. Hardy held his regular services at the Methodist church last Sunday. Both services were well attended. According to previous announcement the pastor preached at night on the subject, "What Methodists Believe." This, of course, was a doctrinal sermon, but it was delivered in a spirit and manner calculated not to offend anyone. A large and appreciative audience was in attendance.

Rev. Anderson will fill his usual appointment at the Fluvanna Baptist church next Sunday.

The regular services will be held in the Presbyterian church next Sunday. The congregation expects to have its interior repair work completed by that time, so that everything will look new and clean. In the morning the congregation will observe "Parents' Day." The general public is cordially invited to attend this service, receive and wear a flower in token of renewed love and a fuller appreciation of parents—mothers especially.

The Woman's Demonstration club met with Mrs. Ola Stavely on April 26. Nineteen women were present. It not being the regular meeting day, no demonstration was given. Miss Carr made an interesting talk. The next regular meeting will be held with Mrs. J. R. Truss on May 10. Miss Carr will give the egg and milk demonstration at that time.

Sickness

J. W. Craft, who sustained a broken hip several weeks ago, is still confined to his bed and wearing a heavy plaster cast extending from the chest to the ankle of the injured leg. The patient seems to be doing well, but indicates that he is very tired of his job.

J. L. Roddy was on the sick list last Saturday and Sunday.

Mrs. Lillie Lee Smith, who underwent a serious operation at Lubbock several days ago, is said to be getting along reasonably well.

Bob White has been quite sick and confined to his bed for a week up to Monday. He is probably passing the crisis of his illness at this time.

Visits and Trips

Mrs. Minnie McPherson of Snyder spent a few days last week with her sister, Mrs. Tollie Favor of this community.

D. A. Jones and wife made a flying trip to Abilene and back last week.

Oliver Wills made a business trip to Brownwood and returned last week.

J. R. Patterson and family and Ed Jones spent the week-end with relatives in Post.

A. L. Odom and family spent the week end with Bob Odom and family at Westbrook.

J. R. Patterson made a business trip to Plainview Monday and Tuesday.

W. A. Chaney and family of Post were here Saturday and Sunday visiting Mrs. Chaney's parents, F. W. and Mrs. Park. Ted Melton and family of Justiceburg were here at the same time for a like purpose.

Some fourteen Fluvannaites hied away last Sunday to Colorado City where they attended a singing convention. (For the sake of brevity names are omitted.) It should be said, to the credit of these people, that they attended their home Sunday schools before going away.

Miscellaneous

A good shower of much needed rain fell over this section Saturday night.

The play put on by the Dramatic club in our school chapel last Friday night was well attended and has been pronounced quite a success—"the best yet." The proceeds amounted to about $75.

A matched game of baseball between Fluvanna and Dermott was played here last Sunday afternoon. We understand that a large crowd, including a goodly number from Snyder, was in attendance. The V. P. demurs, declaring that he does not object to a good game of baseball when played on a week day, but that he does seriously object to the practice of taking the Lord's Day for a worldly sport. (Were there any church members there?) He says that he is not "a bit mad," but does insist that the people—players and all the rest—"remember the Sabbath day to keep it holy."

V. P. is always sorry when even bad men get killed. He would that they repent in time and live. But, when men wilfully and purposely violate the laws of our country and then make fight when about to be arrested, they have no one to blame but themselves when trouble—even death—comes to them. "The wages of sin is death." "Be sure your sin will find you out." All honor to the officer who does his duty!

JAS. H. TATE.

UNION DOTS

We had quite a nice shower Saturday night, and I believe a real good rain would have been appreciated.

The Sunday schools were very well attended, but there are those who do not think that the Sunday school can be of any help to them, so they stay at home or more likely go to some neighbor's and hinder them from going, or perhaps rest up so they can go to the ball game in the afternoon, and then say that the church is going to the dogs, and, of course it is, so far as they are concerned.

Bro. G. W. Land preached at the eleven o'clock hour, and we were all greatly benefitted by his sermon.

The Epworth League had their regular program at 6:44 with about twenty-five in attendance. And say, folk, if you want to hear a League program put over in great style, come out to Union some Sunday evening at 6:44 and you will find a bunch of young folk who are doing their parts with enthusiasm.

W. A. Oliver and family were guests of J. T. Biggs and wife for dinner Sunday.

Judge Holley and Ben Scott went to the singing convention Sunday at Colorado. They report a great time.

Several of the farmers of this locality were participants in the final distribution of $29,000 by the Farm Bureau Cotton Association to the members of the association in Scurry County at Hermleigh last Saturday. This amount of money at this time of year will certainly be a great help to not only the members of the association, but to the county as well, and we want to say right here that the farmers of Scurry County are losing money every year that they might just as well get if they would line up with the bureau.

Ben Scott states that he killed three chicken thieves at his place one day last week. Now don't scared! They were just house cats. Now, why doesn't someone say that it is bad luck to kill a measley old chicken eating cat! I, for one, think that it is bad luck to let them live.

Rev. C. R. Hardy, pastor of the Methodist church at Union, will preach next Sunday and Sunday night. Be sure to come out to hear him.

Mr. Carnes, who lives on A. B. Eike's place, says that the wind played him a dirty trick last Saturday night. It blew his chicken coops about the place, then blew a mulberry down in the yard, the very tree that he preferred to shade under. Hard luck, Carnes, but, So mote it be.

REPORTER.

It's always a good plan to allow your heart to be a little softer than your head.

Reared in Hylton, Lackey many years ago came to Sweetwater where he later established the Sweetwater Hatchery and at different times was active in civic organizations, having been a director in the first Nolan County Fair and later secretary of the Farm Bureau Association.

He is survived by his wife, father, brother and two sisters.

The pall bearers were Judge Albert Mauzey, W. W. Davis, H. E. Polk, John Ross, Kirk Guen and P. E. Cravey.

SOME EGG

W. P. Thompson, who lives in East Snyder, brought to the Times-Signal office Wednesday a mammoth hen egg, one large enough to do its part in a wedding cake, six pans of corn bread, and with a yolk large enough to put the coloring to nine gallons of eggnog. The egg measured six inches in diameter and eight inches the long way, and weighed something less than a pound. Eggs-actly!

CARD OF THANKS

We wish to thank our dear friends and neighbors who were so kind to us during the long illness and in the death of our dear father. May God's richest blessings rest upon you all is our prayer and we want to especially thank Dr. Sparks for his kindness and faithful service.

ECONOMY STORE INSTALLS HUGE SIGN

The Economy Store, which has taken over the Florsheim line of shoes exclusively, has just installed a huge Florsheim sign, the same that is used by this great shoe company in all of the large cities. The Florsheim is a good shoe and is in the hands of a firm that will give it plenty of push and publicity.

LEAVE FOR SAN ANTONIO

Mr. and Mrs. Hal G. Young and son left early Tuesday morning for Abilene where they will remain for several days and will then continue on to San Antonio. Mr. Young, who has ably handled the advertising end on the Times-Signal for the past sixteen months, made many fine friends while he was here. With a personality that was pleasing, keen in whatever he undertook, we of the Times-Signal dislike seeing Hal leave, but we wish him and his good family a million dollars worth of good luck wherever they locate. The world may be full of square-shooters, but none of them any squarer and finer than Hal G. Young. When we can help that boy, our right mitt is sticking right out square up.

FARM BUREAU PAYS OFF

Members of the Farm Bureau Cotton Association of Scurry County met at Hermleigh last Saturday to receive their proportional part of what was due them through that organization. Mr. E. H. Baldwin represented the Bureau and distributed $29,081.81 to the Scurry County members of the organization.

WILD DUCKS CAUGHT BY HAND ON BAITED BOX

Mexicans along the Rio Grande have devised a clever scheme for catching wild ducks that alight where the river is not too deep. A hollow box with holes punched in the top of them to hold ears of corn or other grain, is placed on the water. A man dives beneath it and stands with his head hidden from view by the floating and apparently harmless box. When a duck alights for the bait, the hunter sticks his hand from beneath and grabs the bird. Game wardens declare that one man can catch as many as fifty ducks in one day by this method.

That part of Texas lying in the temperate climatic zone is as large as the state of Pennsylvania and is 75 per cent adapted to farm operations.

ANOTHER BOOSTER COMES

Mr. and Mrs. Bert Abernathy, route three, have long been boosters for the Times-Signal, and they made a special trip to the office Saturday to add the name of W. P. Abernathy to the list. The Abernathy folks have been having some illness in their family, but they were able to get into town and help Snyder and Scurry County by adding a new name to our list. Thanks.

~~ Now an even greater car scoring an even greater success

You know how all the resources of General Motors were used to make the original Pontiac Six the finest car ever introduced into the field of low-priced sixes. You know the wildfire success that resulted... But do you know that the present day Pontiac—at its new low prices, is a new and finer six—an even greater car that is scoring an even greater success?... It offers the added appeal of new Fisher bodies, important mechanical refinements, such as tilting-beam headlights with foot control and those qualities of stamina, economy and long life that took all America by storm ... Small wonder that the tide of public preference is turning to the Pontiac Six—as never before to another six in the low price field!

SCURRY COUNTY TO BE REPRESENTED AT WICHITA FALLS

Scurry County will be represented at the West Texas Chamber of Commerce convention at Wichita Falls, which starts May 16, by O. P. Thrane and Sec'y E. P. Moore.

Manager Homer D. Wade estimates that there will be 50,000 people to attend this event. Commenting on the forthcoming meet, Mr. Wade said:

"But West Texans stand together. The will of the majority will be the will of all. West Texans believe in progress. The leadership of the organization is acknowledged in the fact that an increased membership will be shown. And, I truly believe that the attendance at the annual convention will give a greater impetus to the work of the organization than has ever been apparent before."

"PAT" BROWN WILL OPEN PALM CAFE NEXT TUESDAY

"Pat" Brown will be back to his old job, that of the restaurant game, when he opens his doors next Tuesday in the first floor of the Maxwell Hotel building.

"Pat" is sparing no expense in making the new cafe one of the finest in this section of the state. Local people, up to about eight years ago, enjoyed his meals here and know that his ability to hand out the right thing, at the right time, need not be mentioned here.

The Times-Signal joins with Pat's friends in welcoming him back to his former vocation in Snyder.

WHAT'S DOING IN WEST TEXAS

MEMPHIS—Work on installation of 10,000 feet of sewer for the northwest part of Memphis is under way here. The additional sewerage will cost something near $6,000, and will be paid for by warrants on a ten year basis.

CLOVIS, N. M.—Clovis boasts one of the most complete tourists camps to be found in this state. It is situated within 12 blocks of the business section of the city and is modernly equipped in every respect. There is a community house with a dining hall and recreation room and public kitchen. Hot and cold shower bath facilities are also provided.

PANHANDLE—Construction of a double track from this point to Pampa, a distance of 30 miles, is under project by the Santa Fe railway. The improvements are of an approximate cost of $1,000,000. The forty-five miles of second main track underway between Canyon and Panhandle and this new section of thirty miles gives the Santa Fe about 75 miles of first class double track in this territory.

CHILDRESS—Plans for the next district convention of the West Texas Chamber of Commerce to be held here May 5 are being detailed. The convention will call together member towns of the Green Belt and Lower Panhandle region.

WICHITA FALLS—Twenty six cities are already completing preparation to represent as many foreign nationalities in the huge Congress of Nations planned for the ninth annual convention of the West Texas Chamber of Commerce which convenes here May 16 and 17. Arabia, Egypt, Portugal, Spain, Italy, Turkey, England, American Indians, Holland, and many other picturesque alien races will be represented at the meeting.

GIRARD—Shoes and socks serve as money depositories in this section, or citizens carry their exchequers about their person. The reason for this condition is that Girard is in need of a bank. The town is located in a prosperous agricultural region and offers a good location for interested capital.

LEVELLAND—Citizens of this progressive West Texas town and of the county voted bond issue of $150,000 for construction of a Hockley County court house here on April 5. Levelland is only three years old, but already has more than 20 modern brick business houses, and is making strides toward a real West Texas city.

CROSBYTON—W. A. Wilson of Lamesa was chosen president of the South Plains Secretaries Association formed here at the close of the district convention of that section held April 7. S. W. Cooper, secretary of the local chamber of commerce, was made secretary of the association. The South Plains District Convention of the West Texas Chamber of Commerce which met here April 7 was another record breaker for the regional organization, with 1,500 in attendance, and with over 500 registered delegates. The 1928 convention of the South Plains section went to Lamesa after a close contest with Tahoka for the honor.

BARSTOW—A franchise for power rights for installation of a power and ice plant and system for this town has been granted and developments are under way in this project.

The Mission San Francisco de los Tejas was founded by Father Masenet in 1690 in the vicinity of where the town of Crockett is now.

KRESS—Contract has been let for three brick business houses, and work has been started on the buildings.

BAIRD—The Humble Oil and Refining Company is completing erection of an oil station and ware house just west of the Texas Company's station on the T. & P. tracks here. The Magnolia Petroleum Company has bought grounds and will start construction of an oil station and ware house immediately.

HEDLEY—Construction is under way to skorten the road from McLean and Hedley to points south. It is aimed to have the roadway taken over by the State Highway system at an early date.

STAMFORD—The West Texas Chamber of Commerce has scored again in its work for the interest of its cotton growers, cotton markets, and compresses. According to word from U. S. Pawkett, San Antonio, traffic manager, the Interstate Commerce Commission has sustained West Texas' contention in every part of the so-called Houston case. The Interstate Commerce Cimmission order in this case, in line with the West Texas Chamber of Commerce contentions, approved the plan for making the rate apply either at water front or back of water front facilities at the ports, and found that the existing compress concentration arrangements were not discriminatory and therefore legal and lawful.

CHILDRESS—Everything is in readiness for the district convention of the Green-Belt-Lower Panhandle section of the West Texas Chamber of Commerce to be held here May 5. A constructive program has been arranged which includes prominent speakers from many points over the state.

SAN SABA—San Saba is looking for individuals or large concerns with sufficient capital to develop the marble industry in its section. The San Saba marble has tested to be freer from foreign materials and longer lived than any other marble known. It is so located that it can be taken from quaries and placed f. o. b. cars at a cheaper rate per cubic foot than any other marble in any other section.

WICHITA FALLS — Manager Homer D. Wade has established his headquarters in the Hamilton building here until after the ninth annual convention to meet May 16 and 17. He is resorting to air plane transportation in order to fill multiple calls for engagements at diverse points of the state.

FREDERICKSBURG — At a mass meeting of its citizenship, Gillespie County voted and endorsed a cooperative creamery, and subscribed over one-half the contemplated $20,000 stock for its establishment. Campaign is under way to raise the remainder of the stock for the creamery.

BIG LAKE—The board of trustees of the Reagan County Independent School District has let a contract for a high school building for Big Lake and for a new building for Stiles, twenty miles north of here. Architects for the building are the same who drew the plans for Reagan County's $100,000 court house now nearing completion.

WHEELER—A modern steam laundry is the newest addition to industries of Wheeler. The plant cost in the neighborhood of $4000.

GLEN ROSE—A highway or "topped" road from Walnut Springs to Glen Rose is the latest project under development in this section.

CHANNING—West Texas communities wanting physicians in their communities might well write Tom Collins, county attorney of Hartley County and secretary of the Channing Commercial Club, of their wants. Channing recently broadcasted its need of a doctor in a leading state paper, and as a result had applications from 25 physicians in Texas and Oklahoma. Dr. B. B. McGee of Roxana has moved to this place, but there are 25 physicians who may be willing to make changes to other West Texas points.

We heard yesterday of a Snyder man who is trying to teach his hens that an egg a day keeps the axe away.

Snyder motorists report many beautiful spots along the highways where you can fix a puncture or run out of gasoline.

If women are better auto drivers than men it's because they started from the back seat and worked their way up.

EXPRESS COMPANY HELPS

Clothing, food and other supplies for relief of storm victims of Rock Springs will be transported free of charge by the American Express company when consigned to an organized relief association, according to W. W. Smith of the express company here.

The American Railway Express company has been handling vast quantities of supplies free of charge to many points since the terrible floods and storms have come.

Many West Texas towns have already responded to the call for help.

JOINT RECITAL TUESDAY

Miss Marilu Rosser will present Mary Bob Huckabee and Nora Byrd in joint piano recital assisted by Miss Elaine Rosser, reader, on next Tuesday evening at the high school auditorium. The public is cordially invited to attend.

EVERY FARMER SHOULD READ IT

Scurry County farmers interested in the dairy business should read and answer the Snyder Creamery ad in this issue. The creamery is located next to the bus station.

MRS. BURT INJURES FOOT

Mrs. J. R. G. Burt had the misfortune to step on a large nail a few days ago while about her premises, the nail almost completely penetrating her foot. She has not been able since to get about except on crutches.

MERRY GO ROUND

The Lamesa ball team came to Snyder Sunday and made a merry go round against the local club at Wolf Park. They tell us the score was 17 to 0 in favor of Lamesa. We believe if our boys will get up a real ball team that will play week-day games they will get farther ahead. Regular Saturday afternoon games, starting at 4:30 during the Gold Saturdays, would provide proper entertainment for out-of-town visitors. Who will sponsor this movement? In other words, who will back the idea? Somebody speak up!

RAILROAD OFFICIALS HERE

Mr. R. O. Dobbins, assistant general manager, Mr. W. B. Johnson, general superintent for the R. S. & P. railroad were in Snyder Monday. These out-of-town boys enjoy coming to Snyder—there's a nice atmosphere in this town.

CIGARETTES RECOVERED

Thieves broke into the McCord Grocery plant some time Friday night and stole nine cases of cigarettes. Sheriff Brownfield, accompanied by W. C. Hamilton, went to Olney Monday and recovered the entire lot.

OLD RESIDENT DIES

Mrs. Sarah Morgan, 78, who was visiting here on a furlough from the State Home at Austin, died here Sunday. She, with her husband, resided in this section for many years. Interment was made at Snyder cemetery.

The uniformly good farming region of Texas that lies in the central and midwest part of the state is as large as the two states of Ohio and Kentucky.

HOME ECONOMICS GIRLS ENTERTAIN

The Home Economics girls of the food class No. 1 entertained at the Scott ranch Monday evening, May 2, in honor of their fathers and mothers. A large number of appreciative parents enjoyed a very delightful picnic lunch which was served by the jolly little cooks assisted by their teacher, Miss Abbie Mae Crozier.

FOR INSTANCE—

Miss Helen Frossard, sponsor for the town of Turkey at the West Texas Chamber of Commerce convention, is a pretty good looking "chicken."

An automobile struck by a fast train near Everett, Washington, threw the young man who was in the car thirty feet, landing him on his feet, and threw the young lady who was in the car right into the young man's arms. Of course they could have been in that position when the train struck the car.

A Saddle valued at $50 was stolen from a horse at Woodbine a few days ago. As no trace has been found of the saddle, the owner is led to believe that it has gone where the "woodbine twineth."

KNOW YOUR STATE— THEN BOOST TEXAS

When you read something good about your home state—it's the simplest thing in the world to cut it from the paper, and mail it to a friend in another state.

The Times-Signal herewith gives its readers some data to forward to relatives and friends living elsewhere. You're sold on your home state or you wouldn't live here. Let's work together and sell the other fellow.

Here goes:

The pine timber belt of Texas contains seventeen billion board feet of pine and eight billion board feet of hardwoods, and is as large in area as the state of Indiana.

The valley of the Pecos was explored by Antonio de Espejo in 1582.

It was 399 years ago that the white man entered what is now Texas. Cabeza de Vaca and other Spaniards were shipwrecked on the coast between Galveston and Matagorda bays.

In 1541 Coronado came into the great plains of Texas from Mexico looking for the Seven Cities of Gold.

La Salle founded Fort St. Louis on Lavaca Bay in Texas in February, 1685.

Texas is second only to New York in the annual value of exports. Philadelphia ranks third.

All but three of the larger cities of Texas have natural gas for fuel in the homes.

What we seem to need pretty badly in Snyder is a repair shop where a lot of broken promises can be patched up.

The mountain region of Texas lying west of the Pecos river has an area equal to that of the state of West Virginia.

Ysleta, on the Rio Grande just below El Paso, is the oldest town in Texas. It was established in 1682.

Luis de Morosco and a remnant of De Soto's band came into Texas about where Texarkana now is, seeking a way to Mexico.

George Webb had as his guest last Thursday J. G. Morrow of Simmons University.

What's behind your lighting switch?

Tonight, when you touch a lighting button, think for a moment of the people whose service it commands, of the sentinels who are patrolling the wires; of the emergency crews who respond to a call as quickly as the firemen; of the workers in the power house, on watch while you sleep, to make sure that you shall have light if you need it.

Think of the hundreds of other men and women you never see but in whom you have put your trust.

WHAT A $3 AD DID

An Oklahoma girl advertised for a husband, and landed one within a very short time. The advertisement cost $3. She paid the wedding expenses, $9. In less than a year the husband died, says the Atcheson Globe, and left his widow a $11,000 insurance policy.

Now, will you admit that it pays to advertise?

THE MOTHERS OF TODAY

Yesterday a mother fair,
With lovely face and golden hair,
Sat in her home and by her side
A baby in a cradle cried.
This mother was of yesterday
Which seems so very far away—
But baby dear, who by her cried,
With eyes so wet and mouth so wide—
Is mother now, and as of old.
In her own arms, a child doth hold.
She is the mother of today,
The one who taught us how to pray.
Yesterday's sweet one is dead,
And baby dear reigns in her stead.
It is to mothers of today
That we should look up to and say,
"I love you, dear, and I will do
The things I know you want me to.
I'll love you while you are close by
And then I know that when you die,
I can look in your face and know
I REALLY loved you here below."

NO. 83 HIGHWAY

The Dawson County Journal at Lamesa in speaking of Route 83 last week said:

"There are many difficulties besetting this route, but through thorough cooperation of communities it can be put over. State and federal designation as far west as Carlsbad is sought. When such designation has been assured the matter of permanently developing it as a tourist route and hardsurface should be undertaken."

Now that it's started, let's keep the ball rolling—and cooperate with the Scurry County Chamber of Commerce.

BOOST A BOOSTER

West Texas newspapers should get right behind the State Fair at Dallas, and boost until it hurts. Why? Mr. Harry A. Olmsted, of the Olmsted-Kirk Paper Company, is president of the State Fair, as well as a directing head of the paper house that bears his name. He has stood with, for and behind the newspapers of Texas as a solid rock of support. He is popular, well-liked and a gentleman with whom we have had business relations for more than seventeen years. When we can say a good word for Harry Olmsted, we'll say it, for he is a Man, a Brother, and a Gentleman.

REMEMBER MOTHERS DAY

Next Sunday is Mothers Day.

Those of you who are lucky to have your Mother living should wear a red rose or carnation. If she has gone to her Maker, revere her memory with a white carnation or rose.

If you can be with her, do so. If she is far away, be with her in memory by attending church and Sunday school. Those whose Mothers have passed away can get no closer to them than by worshipping our God and Creator. But whatever you do, keep her in memory next Sunday, and be a hearty wholesome person to her. Not only on Mother Day—but on every day. Mothers are wonderful—God bless each and every one of them. Your Mother is your truest and best sweetheart.

CLEAN SIDEWALKS

In Monday morning's mail there came a letter with the following suggestion:

"The children of the Snyder Public Schools thought it would be very nice of you to put an article in the newspaper telling the people not to spit on the sidewalks. If you will do this it will show that you are willing to help."

Yes, the Times-Signal is always willing to help in the clean sidewalk movement. We have always contended that spitting on the sidewalks is an unnecessary evil, especially those who chew tobacco. We don't mean to say that those who chew should quit chewing, but we do contend that expectoration should be relegated to the highways or proper receptacles, other than on the sidewalks where ladies must pass.

Well, if every boy and girl will consider himself or herself an active committee of one, the goal will be reached. The first thing to do is to see that all sidewalks are thoroughly cleaned. The second thing is to keep them clean.

That doesn't sound hard. We commend it as a first-rate civic project for the youngsters.

NEWSPAPER EXPLODES

The Junior Editor of the Times-Signal doesn't want to blow his horn unnecessarily, but the Toledo Board of Directors of the Federal Land Bank of Louiseville, which stated:

"Buckeyes will take root and grow anywhere. In polar snows or orange groves. They can live on corn or cotton. Buckeyes are half brothers of the world.

"A copy of the Scurry County Times is on our desk. Published in Snyder, Texas. Clean sheet. Well dressed. Catchy captions for its headlines. Every page is an information bureau. It has all the ear-marks of a worthwhile newspaper.

"Its many clever ads indicate that Snyder is full of up-to-date merchants. Customers need have no fear of folks who advertise in a reliable newspaper. The home paper is engine room and power house in community welfare.

"Our 'marked copy' of the Times announces that George F. Smith of Ohio has become part owner and editor of this Texas paper. George grew up in our old home county. Base ball star. Country editor. Then went to the big city, but still welcome in his home town. He knows the rural community. He knows news. He has made good.

"Mr. Smith is of pleasing address—a tailor-made fellow for the newspaper game. We hope he can make two advertisers and two subscribers grow in Texas where only one grew before. His host of friends will regret his going, but dies landing down in West Texas—and looking over this haven for future location, and as a business place and home. If more of these folks would land down this way and see for themselves, they would be sold, just as those of us are, who live here. Personally, we're for West Texas—and more particularly Scurry County—and Snyder.

THANKS, MR. NAIL

A good Times-Signal booster was in the office Saturday, M. O. Nail of near Dunn. While renewing his subscription another year, Mr. Nail said: "I've been up and down this state, but there isn't one single county-seat newspaper that can touch the Times-Signal." Gosh, that sure made us feel good. We can only repeat that we are trying our best to warrant each and every good word spoken.

NEW SLOGAN FOR SLATON

Slaton is henceforth to be known as the "Santa Fe Center of West Texas."

This was the winning slogan submitted in the cash prize contest just closed by the chamber of commerce. The contest had been open for more than a month, and a large number of people entered suggestions of slogans to be used in advertising Slaton. Mrs. M. W. Uzzell of that city was awarded the prize of $20.

With the slogan submitted, a drawing was made by the winner showing Slaton as the division point on the Santa Fe where rail lines radiate in four directions, to Sweetwater, Lamesa, Amarillo and Clovis, N. M. Cuts of the drawing will be made for use in advertising.

It doesn't take a Snyder woman long to find out that the most helpful thing her husband can do at house-cleaning time is to put on his hat and get out of the way.

MRS. STINSON HOSTESS TO ALTRURIANS

Lovely roses, echoing the spirit of spring in all the delightfully blending shades of pink and red, attractively adorning consoles and tables, were added beauty to the home of Mrs. Lee Stinson Friday afternoon, April 29, when she was a charming hostess to the Altrurian club members and guests.

The afternoon program consisted mainly of a very interesting report, given by Mesdames J. T. Whitmore and H. G. Towle, of the District Federation meet which was held in Quanah. Nothing makes some women madder than for their husbands to admit they are wrong without giving them a chance to argue about it.

MISS NATION HOSTESS TO ANNIVERSARY LUNCHEON

SENIOR BANQUET

The churches of Snyder are tendering a banquet to the 1927 graduating class of the Snyder High School. With the largest class in the history of the high school, we are planning the best time ever in honor of the splendid class of forty-six members. To add to this company of fine young folks, we will have all of the high school faculty and their wives, the entire membership of the school board and their wives, the ministers and wives and a speaker for the class.

It is to be an event ever to be remembered by all the guests and class. The girls are already prepared for the gala event, and we are sure the young men are looking forward to the occasion with as much pleasure and joy as the girls. As churches of the community, we feel sure that in doing honor to this class, faculty and school board, that our ambitions will be consummated in a most joyous manner. With this arrangement all have agreed to unite in making this one of the most eventful occasions of the school year.

MISS NATION HOSTESS

Miss Mary Lynn Nation, assisted by her mother, Mrs. Joe Stinson, complimented the members of her Sunday school class with a picnic at the Scott ranch Saturday afternoon, April 30. Those enjoying the pleasant outing were Misses Mildred Harless, Ruth Yoder, Mariwalde Harless, Connie Collier, Frances Lawlis, Dorris Doak, Ida Sue Wallace, Pauline Walton, Janyce Thompson and Frances Stinson.

The fate of the cotton farmer was sealed when the ladies decided their hose must be silk all the way up.

It has been estimated that about five people would play golf if it were called work and paid only $5 a day.

MAY DAYS AND SENIORS

Again we see the dawning of the
wondrous month of May,
The month of joyous springtime;
even Nature seems to say,
"Arouse yourself from slumber,
bring a message of good cheer,
Because it is the month of May,
the fairest of the year."

Oh May, the month of songbirds
and the month of blooming
flowers,
When joy is found beside the
streams in happy picnic hours,
When Senior hearts are happy in
the lure of parties gay,
We know that you have come
again, oh busy month of May.

Oh wondrous month, oh happy
month, your beauty is unfurled,
You brighten up our high school
days, give pleasure to the world.
To you we give our praises and we
hope you'll come to stay
And lighten up the path that leads
to Graduation Day.

Yes, month of May, you'll leave
us soon, our school days will be
past,
We wish you could forever stay,
your beauty always last;
But we will always think of you
and of that happy day
When we as Seniors leave our
school the twenty-fourth of
May.

A TACKY PARTY

One of the 'tackiest' events given during the closing weeks of school for the Senior Class "A" was the party given at the home of Mr. and Mrs. D. P. Yoder. Just where the crowd of people that entered the Yoder door were from could not be told judging from the costumes worn, but all knowing the pass word entered and engaged in the playing of very games. The strains of "The Grand March" were heard above the other noise and the parade of Nationalities began. The grand finale ended with prizes going to Miss Frances Jenkins and Onnie Martin.

Appropriate refreshments of ice cream cones, all-day suckers, and O Boy gum were served to the class members and Guy Stoker and Misses Vera Upton, Beatrice Stoker and Marcetus Dozier.

Overdoing?
Hurry, Worry and Overwork Bring Heavy Strain.
MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of *Doan's Pills*—a stimulant diuretic. *Ask your neighbor!*

The sports of exploring caves and climbing mountains made pleasant entertainment for the jolly bunch of fun seekers. A nice picnic lunch with an abundance of ice cream was spread for about thirty-five.

The basketball girls complimented the Snyder Tigers with a most pleasurable outing Tuesday evening of last week when they were hostesses to a moonlight picnic at Dripping Springs. Pains disappeared
"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."
Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:
"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.
"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

BORDEN COUNTY NEWS FROM GAIL

Having failed to report for two weeks, will give one reason why—have been visiting in Amarillo with my son, Jewel Cantrell. Enjoyed the stay with his family very m ch. Was accompanied by Pauline. We visited friends in Canyon and Plainview. We also had a good time visiting with our old friends and school teachers, Mrs. Annie (Wood) Hodges, and Mrs. A. M. Mangum of Lubbock.

The Gail school closed last week. On Wednesday night of last week Miss Sealy's intermediate pupils and Miss Cockerel's primary pupils gave a program which was greatly enjoyed by the patrons and a large number of visitors from other communities.

On Thursday night the seniors gave a play entitled "Mammy's Little Wild Rose." This was a very interesting play. Miss Myers was the director.

Friday night Mrs. Alvin Jackson brought her school (the Grape Creek school) to Gail and put on a play entitled "Deacon Dubbs." This was reported one among the best plays ever rendered here.

Those finishing the high school here this term were Oleta Mitchel, Wayne Pearce and Floyd Cantrell.

Frost Holler and Floyd Cantrell, who were winners in the track events here, attended the district track meet at Lubbock last Friday and Saturday.

Mrs. Sam Wilson and son, Byrd, visited her son, Roy Lee Wilson, and family near Hereford last week. Miss Aldora Blackburn of Lubbock accompanied them hame and is visiting relatives here.

L. A. Pearce and family visited in Big Spring Saturday and Sunday.

Pauline Cantrell is spending a few days with her sister, Mrs. L. M. Anderson, of near Big Spring.

Mr. and Mrs. C. S. Harris are visiting relatives in Cisco and Abilene.

Mrs. W. M. Jackson and children are visiting Mrs. Jackson's mother, Mrs. W. H. Hanly, near Colorado.

Bob Ally spent a few days in Abilene last week.

Mr. and Mrs. Earl Sealy of Rotan visited his father, W. A. Sealy, last week end.

Brother Harris filled his appointment here Sunday and Sunday night. There were not many in attendance at the morning service. Those absent missed a good message. There was a large crowd at the evening service, and the sermon was good.

The W. M. S. will meet next Saturday at 3 p. m. at the church.

Grandma Keene is reported very sick.

MRS. A. J. CANTRELL.

LONG LIVE THE HEN

A. W. Floyd of Scurry County had an interesting letter in last week's Farm and Ranch of local interest. The letter reads:

"Reading the article written by Michael K. Boyer on the age limit of hens recalls to my memory a hen that mother raised when I was a small boy. As to her egg record I have no knowledge. I know she was a good layer, and was noted for the care and protection of her brood. We children became so attached to this old hen that we wanted to give her a name, so we called her Bead-Eye. Bead-Eye was a baby chick April 14, 1873, and died June 4, 1886..

The Modern Way

COLDNESS is no longer present in the conducting of modern funerals. Soft, warm shades replace the somber black. The modern way is to lighten the grief of those left behind—and not to add to it. Quiet dignity—beauty—warmth—loving care—characterize our service.
