Red Spy Suspect Indicted

NEW YORK (AP) — A man described by federal officials as a Soviet Russian colonel of intelligence masquerading as a Brooklyn artist was indicted today as a spy. The penalty, if he is convicted, could be death.

The officials said the man, Rudolf Ivanovich Abel, 55, was the highest ranking Soviet national ever arrested in the United States as a spy.

They said he was a colonel in the Soviet State Security Service—corresponding to the American Central Intelligence Agency—and that he headed the service's activities in the United States.

They said his base of operations was a photographic studio across the street from the Brooklyn federal courthouse, where a grand jury returned the indictment against him.

The indictment named four other men as coconspirators but not as defendants.

It charged that Abel conspired to "activate as agents within the United States, certain members of the armed forces who were in a position to acquire information relating to the national defense of the United States."

Whether this alleged attempt was successful was not indicated.

The indictment said the studio was for making microfilms of information for transmission to Soviet Russia.

It said Abel and the alleged conspirators [illegible] coins, pens, pencils, bolts, handcuffs, earrings and similar articles so they could be used as containers for the transmission of the microfilm.

They used radio for receiving instructions and sending information, the indictment said.

It said the ring was interested particularly in information "relating to arms, equipment and disposition of the U. S. armed forces and information relating to the atomic energy program."

The ring conspired, it said, to obtain writings, photographs, negatives, maps, plans, models, notes and instruments.

Abel was arrested June 21 at the Hotel Latham in New York by immigration officers as an alien residing in this country illegally.

Officials indicated that it was only after he was picked up on that charge that they uncovered information leading to the spy accusation.

Abel was taken to the alien detention center at McAllen, Tex., and, after a hearing, June 27, was ordered deported.

The spy charge superseded the deportation order, however, and he will be brought here from Texas for trial.

Ike To Wait And See Before Veto Decision

WASHINGTON (AP) — President Eisenhower said today he still opposes the Senate version of the civil rights bill but it remains to be seen whether further congressional action will meet his objections.

Eisenhower also told a news conference he is very earnestly considering Ohio manufacturer Neil H. McElroy to succeed Charles E. Wilson as secretary of defense.

The President indicated McElroy will be named to the post as soon as current investigations have been completed.

As for Wilson, Eisenhower said the defense secretary has not—contrary to published accounts of his recent testimony before a congressional committee—opposed a budget reform plan favored by the President.

Eisenhower said Wilson merely tried to show what effect the proposed financing change would have on the Defense Department.

Eisenhower said he is viewing with the utmost hope the prospects that the Russians will accept the aerial and ground inspection plan put forward by Secretary of State Dulles in the London disarmament talks.

The President said general disarmament would follow step by step almost automatically if the U.S. proposal should be accepted.

But first, he said, there must be some little progress toward mutual trust between the Communist world and the West.

Eisenhower's brief comment on the civil rights bill came as the Senate moved toward a vote, perhaps later today, on a version to which the President voiced strong objections in a statement Aug. 2.

He said today that this statement reflects very accurately his present views.

Eisenhower said he believes the jury trial provision for criminal contempt cases, which the Senate wrote into the bill, would be most damaging to the nation's judicial system.

But the President declined to say specifically whether he would veto the bill if it reached him in the form finally hammered out by the Senate.

Eisenhower said he prefers not to comment on legislation until it is before him.

He said what the House, or a Senate-House conference, might do to remove his objections to the bill remains to be seen.

Answering critics who have contended he should have pushed more actively for the kind of legislation he wants, Eisenhower said he'd be the first to say that sometimes he may not have been as effective as he might have been.

But he said he insists on limiting himself to the effort to convince members of Congress of the logic of his position without recourse to threats or clubs.

If that's wrong politically, Eisenhower said, then it's wrong but it's his way.

A reporter asked why Eisenhower doesn't withhold support from Republican lawmakers who fail to vote for his measures. He replied that he has said before he has various degrees of enthusiasm for Republican candidates and has his own ways of expressing them.

The chief executive put in an emphatic plug for his foreign aid program, up before a Senate-House conference committee.

He said the welfare of the United States demands that the government show generosity and a spirit of cooperation over a long term to help other nations learn that they can liye in freedom and increased prosperity. Long-term economic aid authority is the center of the big fight on foreign aid.

Eisenhower said he knows of no better dollar investment than the one provided by the mutual security program.

Sultan Force Approaching Rebel Fort

MANAMA, Bahrain (AP)—British troops and the army of the Sultan of Muscat and Oman today were reported 14 miles from the Oman rebels' stronghold of Nizwa.

A top British army spokesman said the column marched into the village of Izz as villagers waved the Sultan's red flag. A Royal Air Force plane dropped leaflets 15 minutes before the troops entered, warning the villagers to cooperate if they wanted to avoid harm.

The spokesman said the Sultan's army and the Tommies had advanced 80 miles from Fahud without meeting any opposition.

He said they were now carrying out an approach march to make contact with the rebels, who are seeking to gain control of the Arabian Peninsula desert area for the Imam of Oman, a religious leader.

The rebels are reported dug in behind the five-foot-thick walls of Ft. Nizwa.

The British hope for a quick knockout blow to end the three-week-old tribal rebellion in the Sultan's domain along the southeast coast of the peninsula. A prolonged military campaign could seriously damage British prestige in the Persian Gulf area, where Britain has rich oil interests.

LIBRARY DISCUSSED TODAY—A lengthy discussion of the Scurry County Library was held in district courtroom at 10 o'clock this morning with the discussion being headed by John Hudson, second from right above, assistant state librarian. He is shown after the session answering questions of from left, Mrs. Gene Dulaney, Edgar Taylor, county judge, and L. L. (Pat) Moore, commissioner of precinct No. 3. (Lee Watson photograph)

Action Promised On Library Board Plan

Several members of the Scurry County commissioners court said this morning during a meeting held here that they will take action next Monday on whether they will appoint an advisory board for the new county library.

This was in answer to direct questioning by several persons attending a meeting with John Hudson, assistant to the state librarian. The meeting was held in the district courtroom.

At the meeting, all the 25 persons attending, in an opinion vote taken by County Judge Edgar Taylor, favored the appointment of an advisory board for the library rather than having the commissioners court operate the library directly.

None of the commissioners were present when the meeting opened. Judge Taylor presided and turned the meeting over to Hudson.

Later, some of those in the crowd asked about the presence of the commissioners court, and three women, Mrs. W. R. Bell, Sr., Mrs. Gene Dulaney, and Mrs. Arthur Blanchard, went downstairs and brought back with them the three commissioners they found there—Pat Moore, T. B. Knight, and Doyle Parmer.

The court was to meet with Hudson following the other meeting and discuss with him several phases of opening and operating a county library.

Each commissioner was asked by those attending this morning's meeting his position on appointment of a library board. Moore said he is not opposed to having a board operate the library. Parmer said he has not decided yet which way would be best for operation. Knight said that he did not know, that he wanted to do his duty. The commissioners court had informally discussed possibilities of a library board previously but has never taken any action.

Several of those who were at this morning's meeting said they would be at the commissioners courtroom to meet with the group at 10 a.m. Monday, when they take up the library operation officially.

Hudson said the general practice in the state in counties which have public libraries is having an advisory board, which sets general policies, including book - buying policies, and the librarian can go to the board with problems, large and small, in connection with the library.

"I think it is safe to say that those courts which have appointed boards have been pleased and that those who have not have been worked to death," Hudson said, adding that if a board is not appointed the commissioners court must assume all the work a board would do, even the minor details such as opening and closing hours, what books to purchase, and many other problems.

Most county library boards are composed of eight persons, two from each precinct, Hudson said. Qualifications hinge mostly on interest in books, people, and public library operations. Usually, counties attempt to have a good cross-section of persons on the board.

A library's main function is in service to school children, businessmen, housewives, and others who need information furnished in a library. From a library, a person gets recreation, information,

304 Sign In Pre-School

Almost 60 per cent of the students expected to enter the first grade here this fall registered yesterday for pre-school.

Registration totaled 304, while over 500 are due to enter the first grade.

Pre-school will be held here beginning next Monday and last through Aug. 23. It is open to any students who will be beginning school in the first grade this year, designed to help them "bridge the gap" between home and school.

Students who did not register for pre-school yesterday can still do so next Monday during the opening sessions. They should go to the schools which they will attend in the fall.

Pre-school sessions will be held from 8 to 9:30 a.m. and from 10 to 11:30 a.m. daily. Orientation meetings will be held at each school during the first few days for parents.

Easton Denies He Used A Recorder

WASHINGTON (AP)—Frank Easton, described as a henchman of labor racketeer Johnny Dio, told the Senate Rackets Investigating Committee today he recalled from memory 54 questions asked him in an interview by committee aides. He denied he had used a recording device.

The issue was raised after Easton, testifying before the committee today, invoked the Fifth Amendment 88 times in refusing to answer questions about alleged associations with Dio and whether he consulted Dio on his testimony.

Robert F. Kennedy, committee counsel, pulled out a list of 54 questions he said had been asked Easton in the interview. Kennedy said the list was obtained from files of the AFL United Auto Workers and suggested Easton must have had a hidden recording device in operation during the interview.

Easton insisted that after the interview he had dictated the questions from memory to an office stenographer named June Licata. Kennedy immediately began trying to reach Miss Licata by telephone.

Leon Reich, New York attorney appearing with Easton, said he was present during the interview. He said so far as he knew there was no recording device during the interview.

Sen. Kennedy (D-Mass) said he didn't believe even a genius could remember such a list of questions.

Easton, born in Brooklyn, had said he didn't finish high school.

"I don't think anybody in the world could recall verbatim such a list of questions," Sen. Kennedy said. "I think it's a physical impossibility."

Sen. Curtis (R-Neb), to test the witness' memory, asked him to repeat the first 54 questions asked him this morning before the committee, or even to give the first five.

Easton's reply to that was to plead the Fifth Amendment.

Easton was one of a series of witnesses through whom the committee sought to show that racketeer Dio used unions he controlled to clinch the power of Teamsters tycoon James R. Hoffa in New York.

The committee contends that Dio-controlled unions were shifted to "paper" locals in the Teamsters in order to vote a pal of Hoffa's into a top New York Teamsters office.

Counsel Kennedy said the paper locals were designed to help make Hoffa's handpicked man, John O'Rourke, New York's Teamsters boss.

Pacifists Unable To Halt Blast

ATOMIC TEST SITE, Nev. (AP)—Pacifist demonstrators — who came here in an effort to halt nuclear tests—watched today as the Atomic Energy Commission fired its latest shot.

The blast they couldn't halt was fired at dawn today.

The blast had been slated for yesterday—12th anniversary of the birth of atomic warfare at Hiroshima, Japan.

Unfavorable winds arrived simultaneously with the Committee for Non-violent Action Against Nuclear Weapons.

The AEC again postponed the shot because of winds. Eleven members of the pacifist group tried to enter, anyway, to carry out their avowed purpose of halting the tests. About a yard inside the site security guards arrested them.

In court later at Beatty a judge warned the 11 that violation of the state's trespass laws could be punished by a $500 fine and six months in jail.

However, he suspended the sentencing on the violation for one year, and said that if the 11 violate no Nevada laws in the meantime, the charges would be dropped.

Lawrence Scott, former Chicago and Kansas City Baptist minister, led his group back to their camp outside the test area's main gate.

Two Fires Cause Little Damage

Firemen and equipment went to two fire scenes late this morning, but neither fire caused serious damage.

First of the fires was about 10:45 o'clock at the Halliburton Oil Well Cementing Co. on the Lubbock highway about five miles north of Snyder. A waste oil pit on fire there damaged two utility poles and lines.

The second fire, at about 11:40 o'clock, was an air conditioner in a small shop building at 430 East Highway. There was only slight damage to the air conditioner.

Permit Approved For New Water District

AUSTIN (AP)—The State Board of Water Engineers said today it has approved a 56,000-acre-foot water permit for the West Central Texas Municipal Water District.

The district plans to construct a 13-million-dollar reservoir which would provide water for Albany, Abilene, Anson and Breckenridge. The proposed lake, on Hubbard Creek, would hold 320,000 acre-feet of water.

Persons protesting the application in a hearing before the board had said they would fight the application in court if it was granted.

SPOT MUSE

WORKINGS OF THE CITY GOVERNMENT are sometimes complicated by changes of mind.

Since the first reading one month ago of the new city ordinance which sets new rates for Southwestern Bell Telephone Co. here, the company has decided to request city permission to discontinue four - party service here, because four party service can not be given with customer - toll dialing which is to be inagurated throughout the Bell System soon.

However, to insert that stipulation in the same ordinance with the rate change, the entire ordinance would have to be re-written, and passed in its new form on two readings—requiring at least two more months before the new rates could become effective.

When this stipulation of the Snyder city charter was pointed out by W. W. Park, city attorney, Truman Black, telephone company manager, quickly withdrew his request to include future discontinuance of four - party service, and let the council pass second reading of the new ordinance in the same form it was passed on first reading. The new rates become effective Aug. 29.

CLIFFORD CARTER of Bryan who helps Sen. Lyndon Johnson keep his hands on the pulse of Texas constituents, was a visitor in Snyder yesterday. Sen. Johnson, who has a full - time job and then some as majority leader in the U. S. Senate, naturally finds it difficult to keep in constant contact with his home state. He has Carter engaged to keep him in contact with the "grass roots." Carter said comments he has encountered during travels over the state indicate most Texans take pride in the job Sen. Johnson is doing in Washington.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 96 degrees; low, 68 degrees; reading at 7:20 a.m. today, 69 degrees.

East Texas: Partly cloudy with widely scattered thundershowers Thursday and near the coast this afternoon and tonight; no important temperature changes.

South Central Texas: Partly cloudy through Thursday with widely scattered mostly daytime thundershowers; not much change in temperatures.

North Central Texas: Partly cloudy through Thursday, with widely scattered thundershowers and in southwest portion this afternoon; no important temperature changes.

West Texas: Clear to partly cloudy through Thursday with widely scattered mostly late afternoon and night thundershowers; no important temperature changes.

Child Taken From Chimney

BAY CITY, Mich. (AP) — For a tense half hour yesterday, firemen took apart a portion of a home foundation.

Then they reached in and tenderly removed 3-year-old Glenda McPhee to safety from an abandoned chimney shaft which might have been a death trap.

Today, she was reported little the worse from the experience, though having suffered shock.

Earlier in the afternoon, Glenda, daughter of Mr. and Mrs. Glen McPhee, stepped into the shaft in the attic of their home and fell 18 feet between the walls of the house and into the basement, wedging tightly in an 8-by-12 inch opening.

Three companies of firemen, working with a pick, took the foundation apart brick by brick.

The firemen worked with the utmost care to avoid a collapse of bricks or otherwise injuring the girl.

Glenda was hospitalized. Doctors said her hurts were not serious.

READY FOR A CHANGE—Dancer Tempest Storm, 26, who has ambitions to become a dramatic actress, appears in this snug-fitting bit of jersey at the Los Angeles Hall of Records to file a petition to drop her real name, Annie B. Becker, and legalize her stage name, Tempest, a stripteaser by trade, appears with Attorney Nathan Cohn.

Six Jailed After Youth Is Beaten

HOUSTON (AP)—Six members of a north side gang of adults and juveniles, led by an ex-convict with a record of 55 arrests, were in jail today accused of beating a 16-year-old boy for no apparent reason.

Police believe the gang is the one that has terrorized sections of the north side for months, roaming the streets at night, arrogantly ordering motorists to the curb and beating those who failed to move fast enough.

The six in jail have been charged with disturbing the peace. Two juveniles arrested with them were released.

In statements to investigators they said they call themselves the "Laura Koppe Road Gang."

The self-styled leader is Gerald K. Adams, whose record shows 55 arrests since 1948. He was sent to prison in 1952 on two burglary convictions.

The gang—all eight members in the same car—were overtaken by officers at 8:30 last night, half an hour after 16-year-old Phenone Neal was stopped and beaten.

"A car passed and somebody shouted curses and yelled at me to pull over," Neal told officers. "When I stopped they piled out and started beating on me. There was no reason for it at all."

The beating halted abruptly when Gordon Lusk, 17, who was riding with Neal, and Joe Norris, 34-year-old drive-in owner who was standing across the street, joined in the battle.

Rotund Comedy Star Oliver Hardy Dies

NORTH HOLLYWOOD, Calif. (AP)—Oliver Hardy, the rotund half of the movie comedy team of Luarel and Hardy, died today.

Death came at the home of Mrs. Monnie L. Jones, his mother-in-law. He had suffered paralytic stroke last Sept. 12 and had been incapacitated since.

He hadn't even been able to speak since he was stricken.

Dummies Used In B58 Test

FORT WORTH (AP) — Man-like dummies, with moving joints to closely resemble the human body, have been ejected from a nose section of Convair's supersonic B58 bomber during sled tests.

The B58, the world's first supersonic bomber, presents the Air Force the problem of ejecting three crew members from a plane flying faster than sound.

Test crews from the Convair division of General Dynamics Corp. ran the tests at the supersonic naval ordnance research track at China Lake, Calif.

Dummies used in the ejection tests carry instruments to record data. J. E. Hickok, Convair's Fort Worth senior test engineer, said the tests help to determine "what a human being would be subjected to in such an escape."

ON TOUR OF EAST GERMANY

Krush Denounces Adenauer

BERLIN (AP)—Soviet commander boss Nikita Khrushchev arrived in East Berlin today for a tour of restive East Germany. He promptly denounced the foreign policy of West German Chancellor Konrad Adenauer as a "great danger" to world peace.

The Soviet leader made the statement during a massive welcoming ceremony at East Berlin's railway station.

Khrushchev, speaking just five weeks in advance of West German elections in which Adenauer faces a tough fight against the Socialists, told the welcoming rally:

"Unfortunately our (peace) efforts have not been supported by the ruling quarters of the West German Federal Republic. They counteract the interests of their nation without paying attention to the bad experiences of the past. They sow the poisoned seed of distrust against the Soviet Union and the whole Socialist camp.

"This is a great danger not only for our peoples but also to the cause world peace."

Khrushchev spoke a few minutes after an East German army band hailed him with the Prussian army presentation march—the military anthem played for Adolf Hitler and Kaiser Wilhelm II.

East German troops wearing Soviet-type helmets paraded past in his honor.

Khrushchev, heading a nine-man Moscow delegation, stepped onto the platform closely followed by Deputy Premier Anastas Mikoyan and Foreign Minister Andrei Gromyko.

The Russian leader looked a trifle surprised as he was promptly grabbed in a bearhug by spade-bearded Walter Ulbricht, the Stalinist boss of East Germany.

The Khrushchev delegation flew from Moscow through cloudy skies in a sleek TU104 jet airliner.

The Russians then took a special train to the station.

Thousands of Communist security guards lined the route. East Germany has seethed with anti-Communist student and worker agitation since last year's Hungarian uprising.

Western newsmen were shepherded, on special buses to the railway station.

Missing this time was Khrushchev's usual traveling partner, Soviet Premier Bulganin. He stayed in Moscow, increasing Western speculation that his days as Premier may be numbered. Instead, Deputy Premier A. I. Mikoyan accompanied the party chief.

Pickford Against Revival Of Films

SAN FRANCISCO (AP) — Mary Pickford is all for letting sleeping dogs—and old silent movies—lie.

America's sweetheart of the silent screen era told a press conference yesterday:

"I don't think I'll ever let my old pictures be shown on television. We were watching them at Pickfair once when Lionel Barrymore was alive and everyone began to laugh at our funny clothes. There were tears in Lionel's eyes."

OIL ROUNDUP

Wildcat Finals In S'West Nolan

OIL—Wildcat 2 col 36

A wildcat has been completed as a gas discovery 12 miles southwest of Maryneal in southwest Nolan County.

It is Hack Drilling Co., et al, of Abilene No. 1 Robert Tubb, Section 7, Block 1-A, H&TC Survey.

No. 1 Tubb had a daily potential of 18,200,000 cubic feet of gas. Production is from perforations at 5,904-18 feet in an upper Pennsylvanian Sand. Casing is set at 6,019 feet and the hole bottomed at 7,228 feet.

SCURRY COUNTY

W. R. Weaver of Midland No. 1-A J. S. Criswell, stepout from production on the south side of the Ocko Juan field in East Scurry County, was abandoned at 6,680 feet. It was 2,020 feet from north and 1,780 feet from west lines of section 100, block 2, H&TC survey and 13 miles northeast of Snyder.

Liedtke, Ltd., and R. J. Zonne, both of Midland, No. 2 P. L. Fuller is to be a 5,500-foot project in North Scurry County, half a mile south of the same operators' discovery of the Southeast (Fuller Sand) pool.

The operation is 12 miles north of Snyder, and 2,987 feet from north and 330 feet from west lines of section 556, block 97, H&TC survey.

KENT COUNTY

W. M. & A. P. Fuller No. 1-7 Percy Jones Tract, project in Central Kent County, found oil on a drillstem test of the Strawn from 6,805 to 6,820 feet.

Open two hours, the test recovered 5,560 feet of gas and 90 feet of heavily oil and gas-cut mud, plus 60 feet of clean oil.

Casing has been set at total depth of 6,843 feet, and operator was waiting for cement to cure on last report.

Location is 660 feet from south and west lines of section 82, block G, W&NW survey.

NOLAN COUNTY

Hack Drilling Co., et al, spotted a new project 1,850 feet southeast of the gas discovery. The wildcat is No. 1 Jahew Jameson.

No. 1 Jameson has a proposed depth of 6,100 feet with rotary. Location is 660 feet from the north and 1,980 feet from the west lines of Section 223, Block 1-A, H&TC Survey.

Auld (Cisco Sand) Field two miles southwest of Sweetwater has gained a 1 1-5 mile southeast extension.

It is Claud B. Hamill of Houston No. 1 G. E. Ramsey, Section 58, Block 22, T&P Survey.

Daily potential [illegible] of 35.6 gravity oil. It is pumping from 24 perforations at 4,095 to 4,101 feet. Casing is set at 4,190 feet and the hole bottomed at 6,600 feet.

A Tannehill Sand discovery is indicated six miles southwest of Trent. It is Champlin Oil & Refining Co. No. 1 L. A. Beckham, Section 2, Block X, T&P Survey.

A two-hour drillstem test was taken at 3,604-13 feet. Recovery was 620 feet of oil, and 100 feet of fresh water. Flowing pressure was 260 pounds, and shutin pressure, 1,270 pounds.

It was drilling ahead.

Mishap Victims Are Taken To Temple

Two women who were injured in a traffic mishap near here Saturday night were transferred from Cogdell Memorial Hospital here to the Scott and White Hospital in Temple by Bell ambulance yesterday.

They are Miss Barbara Smith of Temple and Mrs. C. T. Smith of Belton.

Miss Edith Evelyn Matthews of Austin, also injured in the accident, had returned to Austin by automobile.

The three women were injured when their car went out of control on the Lubbock highway after a tire blew out.

Porcupines do not shoot their quills at an enemy. They swing their dart-studded tails as a weapon of offense.

LIBRARY

Continued From Page 1

education, aesthetic appreciation, and does research, he said. The public library movement in the nation is a very vital and potent force, he added.

Scurry County now has a library building nearing completion. The next step, Hudson said, should be appropriation by the commissioners court for the remainder of this year and for next year for the operating budget and capital expenditures.

As soon as that is done, and a library board appointed if that is the method the county will use, a head librarian should be employed. In staffing a library such as this, Hudson said, there should be at least two trained professional librarians and at least three clerks for each. There will be needed, also, a bookmobile driver-librarian.

The library should not open with less than 12,000 books, Hudson suggested, all of these catalogued and ready for use. The state will lend the county about 6,000 books already catalogued, but Hudson estimated there will not be a group of books which can be released from other libraries in the state until December.

Asked how long it would take to get a 12,000 - book library open if a librarian were hired now and book purchasing began right away, Hudson said it would probably be the first of 1958, or possibly by December.

On financial needs of a library, Hudson said the American Library Association several years ago set minimum suggested standards of $2.25 per capita for capital. A $56,000 operating budget would give Scurry County fairly good service for one year, he said. He said about 60 per cent would be needed for salaries, 25 per cent for books, and other publications, and 15 per cent for supplies.

Reports are that the commissioners court has been tentatively discussing a figure of $30,000 for the remainder of 1957 and between $50,000 and $60,000 for the 1958 budget.

A large part of the discussion in the meeting concerned whether Scurry County should have a library board. Hudson asked whether the county had boards for other institutions and was told there were boards for the county hospital and county airport and that they took some burden off the commissioners court.

"I believe if the court does not appoint a library board it will live to regret it," Hudson said.

Hudson recommended that persons here vitally interested in the library and its operation form a Friends of the Library organization.

Mrs McNew's Nephew Killed In Accident

Mr. and Mrs. J. P. McNew and son, Don, 3713 Noble Dr., were in Colorado City Monday to attend funeral services for Mrs. McNew's nephew, Bobby Gene Latty.

Latty was killed in an oilfield accident near Jal, N.M., Sunday.

SAFETY AWARD PRESENTED—Employes of the Fulled Gasoline Plant of the Texas Co. here received a trophy at a banquet at the Country Club last night for the safety record established at the plant. J. A. Hale, assistant district manager of the production department of the West Texas division, is shown above presenting the trophy to K. R. Preston, safety chairman at the Fuller Plant, while John Black, first aid instructor, looks on. (Craft Studio photograph)

Texaco Employes Receive Awards

The Texas Co.'s Fuller Gasoline Plant employes and their wives were honored at the Snyder Country Club last night in a safety award dinner.

The award is in recognition of the employes having worked in excess of 450,000 man-hours since Feb. 24, 1953, without sustaining a disabling industrial injury.

This is the third such award this group of employes has earned since the beginning construction of the plant in January, 1951.

During this six-year period, only one employe has sustained a disabling industrial injury, with a loss of only one day of work.

J. A. Hale, assistant division manager of Texco's West Texas Division producing department, Fort Worth, awarded a trophy to S. P. Hulen, plant foreman, in behalf of the employes for the safety accomplishment.

J. M. Black, plant chief clerk and first aid instructor, was master of ceremonies for the occasion. C. L. Barnett and K. R. Preston serve as safety meeting chairmen for the group. Black also serves as safety meeting secretary.

Other out-of-town guests participating in the program included R. F. Naul, superintendent of gas and gasoline plants; J. W. DeFore, supervisor of gasoline plants; R. V. Shoemaker, gas contractman; E. E. Callaway, division supervisor of industrial relations; and B. C. Gray, zone safety engineer, all of Fort Worth.

Mrs. J. F. Lane, 89, Dies In Corsicana

Mrs. J. F. Lane, 89, of Corsicana, mother of a Snyderite and grandmother of another Snyderite, died in Corsicana last night.

She was the mother of J. L. Lane, 1502 Twenty-sixth Street, and grandmother of Mrs. Vernon Simmons, Clairemont Road.

Mrs. Lane had been a resident of the Twilight Home in Corsicana, and died in the Navarro County Clinic.

The funeral services will be held tomorrow afternoon in Corsicana, but other details of the arrangements were not known at noon today.

Banquet Sub-Panels Named By Committee

Sub-committees to work on plans for the businessman-teacher banquet were appointed and other projects were discussed at a meeting of the Chamber of Commerce merchants committee Tuesday afternoon.

The businessman-teacher banquet is scheduled for Sept. 9 in the High School cafeteria.

The committee also discussed plans for Christmas activities and for a new sales promotion event, but action on the projects was delayed.

Two Cars Damaged In Collision Here

A minor accident here last night damaged the two cars involved, but did not cause any injury, police said.

Involved in the accident ao Twenty-fifth Street and Avenue J were a 1956 model car driven by Morris Lyndor Traley, 20, 2211 Avenue T, and a 1951 Packard driven by Arthur E. Duff, Jr., of 809 Twenty-sixth Street.

Police estimated damage to each car at about $150.

Paper Probe Is Postponed

DALLAS (AP)—A grand jury investigation into the acquisition of the Greenville Morning Herald by Harte-Hanks Newspapers, Inc., was postponed until further notice yesterday.

Henry Stuckey of Washington, attorney for the anti-trust division of the Justice Department, announced the postponement. He said it would be delayed until officials decide whether to appeal a ruling issued by Federal Judge William Atwell.

Judge Atwell ruled that any information obtained by government agents from records turned over to the agents could not be used in criminal prosecution.

Stuckey noted that if an appeal was made to the Fifth Court of Circuit Appeals in New Orleans, a ruling could not be obtained for a minimum of 90 days.

Witnesses who had been subpoenaed to appear today before the federal grand jury were advised not to come to Dallas until further notice.

Fine Is Assessed In County Court

A fine of $48.50, including court costs, was assessed in county court this morning against Jones Chapman of Snyder when he pleaded guilty to a charge of assault.

Chapman was charged after striking a nurse, Eloise Hackworth at Cogdell Memorial Hospital Sunday while he was in the emergency room at the hospital. He was there for treatment of a cut hand.

Public Records

BUILDING PERMITS:

L. A. McClanahan, residence, 2216 Forty-second Street, $10,000.

NEW YORK (AP)—Stocks, which have been heading lower since the middle of July, put on a rally in quiet early trading today.

Key stocks were up fractions to around a point. Most divisions were higher, with airlines a major exception. Airline issues were down fractions to about a point after the Civil Aeronautics Board denied a request for an emergency boost domestic passenger rates.

Rails were up following the Interstate Commerce Commission's action in granting freight rate increases.

Baltimore Ohio rose ⅞, while Illinois Central, Northern Pacific and New York Central all were ahead ⅜.

Ahead fractions to a point were Eastern Kodak, United Aircraft, U.S. Steel, Goodyear and American Cyanamid.

Motors were ahead small fractions, and utilities were mostly unchanged.

Among the airlines, American dropped ⅞, United Airlines ¾ and Eastern ½.

Kennecott Copper was off 1⅛ following yesterday's cut in the price of copper. Anaconda was steady.

Survey Plans Discussed

Ray Houpt, a member of the Junior Chamber of Commerce, addressed the Snyder Optimist Club at its noon luncheon at Trinity Methodist Church yesterday.

Houpt based his talk on the survey now being taken by the Jaycees on the various needs in Scurry County.

Houpt pointed out that several counties in Texas with much less tax evaluation than Scurry County have much more than we do.

Among the needs in Scurry County, Houpt pointed out, are a Junior College, new courthouse, an addition to the hospital and construction of new playgrounds in North Snyder and outlying communities in the county.

The Optimists, in business matters taken up yesterday, voted to meet with other Civic clubs, Aug. 29, at the invitation of the Chamber of Commerce Agriculture Committee.

B. L. Blakely, outgoing president, was presented a placque for "Outstanding Services" rendered in his administration. Buck Francis, the incoming president, made the presentation.

MRS. ELEANOR ROOSEVELT ENDORSES AMAZING NEW HEARING INVENTION

Mrs. Eleanor Roosevelt has now joined other prominent Americans and people from all walks of life in praising a revolutionary new hearing device called "The Listener." "It certainly heralds a new day for the hard of hearing," said Mrs. Roosevelt recently.

Continuing, she added: "If people only knew what a revelation and a joy The LISTENER is, they would not for a moment hesitate to wear one. This is the first hearing aid that exactly fits my needs. I didn't realize a hearing aid could be as good as this."

So widespread is the interest in this remarkable new electronic hearing achievement, the makers have prepared an illustrated booklet giving full details. Those interested may obtain a free copy from

I will be at the Manhattan Hotel in Snyder on Thursday, August 8, from 10 a.m. to 3 p.m.

Campus Fashion Notes

By DOROTHY ROE
Associated Press Women's Editor

GIRLS STARTING off to college this fall may note a nostalgic look in the eyes of their mothers, as they help pack the new campus clothes. For the last work in college styles, as established in the St. Louis junior market, is almost an echo of the 1930s.

There's the Chanel look, the middy, the pleated skirt, the unfitted, no-waistline silhouette—all very similar to campus styles of a generation ago. Even the raccoon coat is back, both in full-length versions and as trim on cloth or leather coats.

Somehow, the 1957 vintage clothes manage to look more graceful than those of Mother's day—perhaps because of the greater skill of today's designer and manufacturer. They have an easy, stretched-out look, come in a variety of handsome fabrics and are flattering to slim your figures.

TURN BACK THE CLOCK—This flannel blouson suit with vivid striped sweater brings back flapper memories.

SWEATER COLOR—Chanel look in a doeskin flannel suit, blouse and felt hat, in favorite cashmere colors.

CAR COAT—A campus must, in handsome tweed, right with skirts or slacks. A junior fashion designed in St. Louis.

SKORT—That's the new name of pleated shorts with attached bloomers, shown here in cotton plaid and slated as the newest campus craze by St. Louis designers.

Found: A Male Star Who Doesn't Favor Swooning

By DOROTHY ROE
AP Women's Editor

It takes all kinds to make the world of Hollywood.

I didn't think it would ever happen, but I've just met a male Hollywood star who admits that women seldom swoon when they meet him. Furthermore, he says he doesn't want them to swoon—embarrassing, he claims.

Lanky, quizzical Frank Lovejoy has been married for 17 years to the same woman, and says he knows nothing at all about women, never has understood what makes them tick and never expects to.

"I don't win all the fights I get into either," says Frank. "I don't always knock out the villain. Sometimes he knocks me out. I don't always charge to the rescue of a maiden in distress—if it looks dangerous I may duck under the nearest table."

Such an atypical character naturally would gravitate to an untraditional role, and that's just what he has done in his new TV series Meet McGraw. As he appears on the TV screen, McGraw is a dead ringer for Lovejoy.

He's a private eye who doesn't wear a trench coat and doesn't carry a gun. He doesn't have a blonde, curvy assistant with a low neckline and he doesn't fall in love each week. He ambles in and out of the action with a bored expression.

"I kind of like this guy McGraw," says Lovejoy frankly. "He's not a superman. He's just a guy who tries to do the best he can, and is interested in saving his own neck quite frequently."

Despite his claim that he doesn't understand women, Lovejoy has some definite ideas about how they should be treated. Sort of gallant, old-world ideas.

"I don't treat all women as if they were just bodies," says Frank. "I prefer to view them as people. Some of them can even be good companions, with a sense of humor and an understanding of fair play. Lots of women are regular guys too."

Lovejoy is married to an actress, Joan Banks, with whom he used to work in radio. They have two children, Steve, 11 and Judy, 14.

County HD Club Members Are Back From State Meet

Several Scurry County women have returned from Houston, where they attended the meeting of the Texas Home Demonstration Association.

Attending were Mrs. J. N. Eicke, Mrs. Ben Weathers, and Mrs. H. J. Shulz, delegates, and Mrs. Eugene Glasscock, Mrs. Jesse Edmonsman, and Mrs. Guy Stoker, visitors.

Theme of the convention was "Christian Homes—Hope of the Nation".

Mrs. Stoker, a member of the state citizenship committee, helped during the meeting in a workshop on citizenship. Included in the workshop was an explanation of the egg law by John C. White, state commissioner of agriculture, a film on the waters of Texas, a panel discussion on "Did You Know?" which covered the legal status of married women, a panel on duties, qualifications, and salaries of county officials, and plans for a Citizenship Day.

Other member of the citizenship committee are Mrs. O. D. Kennedy of Terry County, chairman, Mrs. Odell Jennings of Swisher County, Mrs. Bane McCurry, of Lamb County, and Mrs. Marvin Shurbet of Hale County.

Home demonstration clubs in the state will be carrying out programs developed by workshops at the state meeting.

Honor guest at the meeting was Mrs. Edith C. deAndia of Cochabamba, Bolivia. The state organization in Texas has had a program, "Pennies for Bolivia," to raise funds to purchase books to help Bolivian women with home demonstration work, and the state leader, Miss Maurine Hearn of College Station, spent some time in Bolivia observing homemaking practices of women there. Mrs. DeAndia was presented the books to be sent back to Bolivia.

A total of 817 persons attended the state meeting.

NEWS FROM UNION

By WLWANDA STEWART

Mr. and Mrs. Marvin Hanson have returned home from a vacation trip to Lakeside, Ariz. They visited Rev. and Mrs. Don Hanson and children while there.

Mrs. Lois Reid of Odessa visited Mrs. W. E. Wade and Mr. and Mrs. Harold Wade Wednesday through Sunday. Jimmy Reid went home with his mother after spending several weeks with the Wades.

Roy Chapman of Ira is visiting his daughter, Mrs. C. D. Gray, Jr., and family.

Mr. and Mrs. Bobbie White of Houston are visiting Mr. and Mrs. Grady White. Ellen White has returned home from Battenfield-Jones Hospital, where she was a patient for several days.

Mr. and Mrs. L. Z. Ashley have returned home from Ruidosos, N. M., where they visited Mr. and Mrs. Carl Ashley.

Mr. and Mrs. Bob Barnes and children and Mrs. Bettie Smith went fishing at Lake Colorado City Monday.

Mrs. Ruth Scott and children of Colorado City have been visiting Mrs. Ora Allen.

Bobbie Brown of Big Spring is visiting Mr. and Mrs. John Brown this week.

Mrs. Chrissie Parker of Tenaha visited Mrs. Houston Cotton and family this week.

Mrs. Nolan Bolding was hostess for the Community Canasta Club at the community house Thursday afternoon. Members attending were Mrs. L. E. Russell, Mrs. D. D. Smith, Mrs. Bettie Smith, Mrs. Owen Nail, Mrs. Houston Cotton, Mrs. Fred Bowers, Mrs. Anton White, Mrs. Jackson Ellis, Mrs. J. P. Ellis, Mrs. Pete White, Mrs. Adrain Harvey, and Mrs. Walter Brown.

Mrs. A. N. White of Victoria spent last week with Mr. and Mrs. Pete White.

Borden Girls Plan For Revue

GAIL (Spl.) —The annual Borden County Dress Revue has been set for 6:45 p.m. Saturday.

The event will be held at the Borden County High School gymnasium.

Girls in 4-H Clubs in the county have been working to make their dresses, skirts, and blouses and have invited all residents of the area to see their work.

Following the program a supper will be held. All families attending has been asked to take basket lunches to feed their families and guests.

Outdoor Gal Often Wins At Romance

AP Newsfeatures

Are you a hot house flower? If you are—it may hinder your popularity. That's the theory of some young girls who've noticed their dates are fewer than usual this year.

"The girls in our set who are popular" says one hothouse type "are the ones who keep up with the boys—hiking, swimming, horse back riding, tennis, golf, badminton. It wasn't that way until recently."

You don't have to be a tomboy to be a good sport. The idea is to be vivacious, not boisterous.

'Tis true that some young moderns do not like to exercise.

Fear may present a problem, but it is not insurmountable. There are girls who are scared of the water and have never even tried to swim. A good teacher can change this. Local organizations and private clubs have swimming courses. A lifeguard is another good bet. He may be hired (or charmed) to teach you on his off time. Shy types could take lessons early in the morning or in the evening until they get up courage to go it with the crowds.

Laziness is no excuse for begging off from summer fun. A girl who doesn't like to stir herself or make small efforts in her own behalf may be suffering from malnutrition, a common affliction of teen-age dieters. Undernourished types should increase calories until they wake up some morning with a yen to conquer those wide open spaces.

Languid types are definitely not popular this season. It may be true that a boy will invite you out for a nice relaxing sail, but he'll want you on deck if things get stormy. A girl who prefers to hover in an emergency is a dead pigeon for a future sailing date.

Your femininity doesn't need to be overshadowed if you pursue a sport. Tennis is a graceful game for a girl. Golf may be taken at you own pace, not with beads of perspiration dotting the brow, horseback riding, the sport of queens may be just the sport for a girl who is a nature lover.

Large Group In Attendance At Annual Corley Reunion

Relatives of the late Mrs. M.E. Williams of Hermleigh held their annual reunion, known as the Corley Reunion, in the Towle Memorial Park pavilion here Saturday and Sunday.

About 70 relatives and a large group of the family's friends attended.

W. B. (Walter) Corley, 88, of Plano was the oldest relative present, and Freddie Kay Williams, 14 month-old daughter of Mr. and Mrs. Ted Williams of Sweetwater, was the youngest. F. E. Corley of Belen, N. M., and his granddaughter, Bickie Brown, travelled the farthest distance to

Several of the group spent the night at the pavilion and cooked their breakfast in the open.

Barbecue and a variety of other foods were served both days, and watermelons and cold drinks were served throughout both days.

After lunch Sunday, the president, Ross Williams, presided at a business meeting, and the secretary, Minnie Lee Williams of Snyder, called the roll. Some who attended this year were not at the reunion last year, and several who were present last year were unable to attend this year.

The secretary announced that the reunion will meet in the exhibition barn in the park next year, where those who spend the night will have more conveniences. Next year's reunion will be held on the first Saturday and Sunday of August, as in the past.

Lost 21 Pounds With Barcentrate

Mrs. H. J. Larson, 6913 "O" St., Galveston, Texas, wrote us that she had taken off 21 pounds taking Barcentrate, reducing from 166 pounds to 145. Over 7 million bottles of this amazing product sold in Texas.

If the very first bottle doesn't show you the way to take off ugly fat, easily, safely and without starvation diet, return the empty bottle for your money back.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

IF YOU ACCEPT THE word of Texas A&M officials, the Southwest Conference will be tougher this year than ever before.

The Texas Aggies are returning six regulars and 18 lettermen from last year's champion outfit. But, according to the Aggie football brochure recently mailed out, the Aggies will have possibly the thinnest and most inexperienced squad in the league.

Of the 18 lettermen, 10 have lettered two years.

Well, we don't believe the Aggie foes will be taking the Cadets "lack" of experience.

It's true that the Aggies were hurt dearly by graduation at some positions. The middle of the line suffered the most.

At left guard, center, right guard and fullback the Cadets lost their Nos. 1 and 2. performers. Gone is All-American fullback Jack Pardee.

The Aggies have both starting ends back, Bobby Marks, 195 pounder from New Orleans and John Tracey, 210 pounder from Philadelphia, Pa.; and All-American tackle Charles Krueger, 215-pounder from Caldwell to bolster the forward wall.

Backfield Should Be Potent

And in the backfield, three of the four starters are back with Pardee the only graduation casualty. The starting Aggie backs returning are quarterback Roddy Osborne, 175-pounder from Gainesville; and the two halfbacks, John Crow, 210-pounder from Springhill, La., and Loyd Taylor, 165-pounder from Roswell, N. M.

The Aggies are extremely strong at quarterback where the first three signal callers last season are back. The other two quarterbacks returning are Jim Wright of Edinburg and Bobby Conrad of Clifton.

And this trio of QB's may have to "hump it" to beat our sophomore Charles Milstead of Tyler.

Possibly where the Ags claim they will be lacking in experience is in the number of sophomores on the squad. No less than 34 of the 58 player Aggie roster are up from last year's freshman squad that registered only one win in five outings.

The remaining count shows only 10 juniors and 14 seniors.

Tentative Lineup

Following is the way the Aggie starting lineup stacks up at the moment:

ENDS — Bobby Marks, 210, senior, New Orleans; and John Tracey, 210, Junior, Philadelphia, Pa.

TACKLES — Charles Krueger, 215, senior, Caldwell; and Ken Beck, 220, junior, Minden, La.

GUARDS — Carl Luna, 195, sophomore, Garland; and Darrell Brown, 195, senior, Dayton.

CENTER — Ed Neill, 185, sophomore, Port Lavaca.

QUARTERBACK — Roddy Osborne, 175, senior, Gainesville.

HALFBACKS — John Crow, 210, senior, Springhill, La.; and Loyd Taylor, 165, senior Roswell, N.M.

FULLBACK — Richard Gay, 185, junior, Shreveport.

The Aggies may not be deep as they would like to be in each position but they have enough "key" personnel returning to be a contender.

And, of course, you can't ever sell Bear Bryant short.

Down Aggie Lane

Brief Aggie notes: Last year's Aggie outfit gave the school its first undefeated team since 1939 when John Kimbrough and Co. posted an 11-0 record — and the SWC title the Ags won last year was their first since '41 — A&M, however, is tied with Texas for most SWC titles won, each with 8½ — the Aggies will be on National TV twice this season, against Maryland at Dallas, Sept. 21, and Texas at College Station, Nov. 28 — six Aggies played in every quarter last season including three returnees, Krueger, Taylor and Tracey — two other returnees played in 39 of the 40 quarters, quarterback Osborne and tackle Jim Stanley — the 1957 season will be the 63rd football season at Aggie Land — of the first 62 campaigns, the Aggies have won 53 openers while losing seven and tieing two — the Maryland game is the '57 opener for the Farmers — the Aggies have had nine All-Americans, guard Joe Routt, 1936-37; tackle Joe Boyd, 1939; fullback John Kimbrough, 1939-40; guard Marshall Robnett, 1940; halfback Derace Moser, 1941; fullback Robert Smith, 1950; tackle Jack Little, 1951-52; fullback Jack Pardee, 1956; and tackle Charles Krueger, 1956 — three Ags are currently on the All-Time Cotton Bowl team, tackle Martin Ruby, 1943; guard Charles Henke, 1941; and fullback John Kimbrough, 1941 — Texas A&M's all-time football record shows 326 wins, 180 losses and 39 ties.

GAME SET TOMORROW

All-Star Cagers In Final Workout

DALLAS (AP)—Last practice was held today for schoolboy basketball teams that clash tomorrow night in the annual all-star game of the Texas Coaching School. The prospect is for an all-out offense and a high scoring game that should be pleasing to the fans.

Football squads that meet Friday night went through brisk workouts and will taper off tomorrow. However, today's practice wasn't of the head-knocking variety.

Coaches of the basketball teams were pretty well set on their starting lineups and when Cotton Robinson of Buna, coach of the South, decided to use Steve Smith of Marlin at the post instead of 6-foot-11½ Wayne Clark of San Antonio Harlandale, it brought the teams about even in height. Clark hasn't moved well enough on the post to suit Robinson.

Robinson decided on Pat Stanley of Buna and Milton Bond of McGregor at forwards, Smith at center and Bob Brown of Clear Creek and Jim Sharp of Port Arthur at guards.

Clifton McNeely of Pampa, coach of the North, will go with Billy Simmons of Pecos and John Hoggard of Waxahachie at forwards, Bob McLeod of Merkel at center and Donnie Lasiter of Longview and Jerry Pope of Pampa at guards.

A sell-out crowd of 7,600 is expected for the game in Southern Methodist University Coliseum.

Coaches of the football squads—Chuck Moser of Abilene for the North and Bill Stages of Corpus Christi Ray—also announced their starting lineups. But Glynn Gregory of Abilene, the state's top back, wasn't on Moser's list. However, Gregory, who has been taking it easy with a pulled muscle, will get to play some, said Elmer Brown, the trainer.

Gregory is the only question mark among the 56 schoolboy gridders.

Moser said he would start Lonnie Caddell of North Dallas and Mike Cobb of White Oak at ends, Clarence Young of Amarillo Palo Duro and Johnny Bronson of Midland at tackles; Vernon Lang of Wichita Falls and Jerry Seay of DeKalb at guards; Roy Northrup of Amarillo, center; Tommy Newman of Phillips, quarterback; Frank Jackson of Paris and Mike McClellan of Stamford, halfbacks; and Jon Few of Midlothian, fullback. McClellan, Young and quarterback Larry Dawson of Sinnett were named co-captains of the North team.

Stages will start the following: Maury Crow of Giddings and Johnny Glusing of Corpus Christi Miller, ends; Max Christian of Corpus Christi Ray and Charles Boatman of Alice, tackles; David Krystnik of Bay City and Charles Weiss of Austin, guards; Bill Laughlin of Baytown, center; Bob Hanson of Beaumont, quarterback; Randy Sims of Houston Austin and Bobby Gurwitz of Three Rivers, halfbacks; and Jim Landrum of Port Arthur, fullback.

HOME RUNS — Williams, Boston and Sievers, Washington, 30; Mantle, New York, 29; Colavito, Cleveland and Maxwell, Detroit, 19.

KANSAS CITY ATHLETICS CHANGE MANAGERS—Harry Craft, left, new manager of the Kansas City A's, talks with his predecessor, Lou Boudreau, right, in Chicago after the shakeup in management was announced. Craft, a coach with the A's and former Cincinnati outfielder, will manage the team for the remained of the season. (AP Wirephoto)

Boudreau Fired; Craft New Pilot

By JOE MOOSHIL

CHICAGO (AP)—Harry Craft, Kansas City's new manager, put the athletics on the winning track last night and promised more victories if "the boys continue to hustle."

Craft, former Cincinnati outfielder, yesterday was named manager, succeeding Lou Boudreau. Several hours later, the A's defeated the Chicago White Sox 3-2, behind the pitching of Alex Kellner and reliefer Virgil Trucks and home runs by Woody Held and Billy Martin, a couple of ex-New York Yankees.

"All I ask of the boys is hustle for the 2 or 2½ hours it takes to play a game," said Craft. "They were running them out tonight and played good ball. If they keep it up, we'll win our share of games."

Arnold Johnson, owner of the team, said, "It's all up to Craft whether he remains as a club manager after the 1957 season. It stands to reason that if a man gives a good showing, he'll be around another year.

"I remember Harry when he was with Cincinnati," continued Johnson. "He impressed me as a player who never gave up. I have found this to be true since he has been a coach. He'll give the club a definite lift as manager. He has the baseball know-how. He is a very determined individual and there is no doubt in my mind that he will succeed."

Boudreau has a job waiting for him with the A's. He "has been offered certain responsibilities and duties in the athletic front office," according to Johnson. Boudreau recommended Craft for the job, Johnson added.

Bourdreau also gave the A's a pep talk before the game and asked them to "go all out for the new manager."

Craft, 42, said, "Lou is one of the greatest baseball men I have ever encountered. As far as I am concerned he is still in the Athletics' organization. He has been offered a good job and if he takes it, the club will be that much better off."

Lowly Cubs Knock Cards From Lead

By ED WILKS
The Associated Press

Bob Rush and Ron Kline, a pair of right-handers with the National League's cellar chums, don't win very often, but when they do it sure raises hob with the pennant contenders.

Neither had won in two months, but when they got the job done last night the race had a new leader and its biggest gap between first and fifth since June 2.

Rush, Chicago Cubs' 31-year-old veteran who hadn't won since June 2, gained a 2-12 mark with a six-hitter that beat St. Louis 8-2 and ended the Cardinals' five-day stay in first place. Milwaukee's Braves moved back into the lead by half a game with a 5-4 victory over Cincinnati.

Kline, now 3-15 with Pittsburgh, junked the Pirates' losing streak at eight games with his first victory since June 9, tossing a five-hitter that beat Philadelphia 5-3 and pushed the fifth-place Phillies 6½ games behind.

Third-place Brooklyn fell three games back, losing 5-0 to the New York Giants as rookie Curt Barclay gained his first shutout with a five-hitter.

In the American League, the New York Yankees jumped to their largest lead yet, picking up a seven-game bulge as Bob Turley blanked Washington 4-0 on four singles while Kansas City socked the second-place Chicago White Sox 3-2. Baltimore won its fifth in a row and took over fifth place with a 2-1 decision over third-place Boston. Cleveland broke a fourth-place tie with Detroit and plunked the Tigers to sixth 5-1.

The seventh-place Cubs rapped Sad Sam Jones for two runs in the first on Walt Moryn's sacrifice fly and a wild pitch. Jones, now 9-5, left in the seventh when three Cub runs made it 6-1.

Warren Spahn won his 11th for the Braves, who had only five hits but had a pair of unearned runs to stand off a two-run Cincinnati ninth. Hal Jeffcoat lost it.

The Dodgers loaded the bases with none out in the first against Barclay, but the young right-hander got out of it—starting with a strikeout of Gil Hodges, the NL grand-slam champ — and allowed only three singles the rest of the way. Bobby Thomson had three hits and drove in three runs with a pair of triples. Johnny Podres lost his second in a row.

Kline gave up a three-run homer to Harry Anderson for a 3-1 Phil lead in the fourth inning. But Gene Freese hit a two-run homer to tie it against 14-game winner Jack Sanford in the sixth. The Bucs, scored two in the seventh on two singles, an error and Frank Thomas' sacrifice fly.

Hank Bauer homered to lead off the first inning for the Yankees as Chuck Stobbs lost his 15th. Turley put his scoreless winning string at 22. Jim Lemon and Art Schult shared the Nat hits with back-to-back singles in the fourth and seventh innings as Turley took an 8-3 record.

The Red Sox managed just five hits off Ray Moore, who won his eighth, and reliever Ken Lehman. Willie Miranda drove in both Oriole runs with a pair of singles. Willard Nixon lost it.

Ray, Sandies 4A Favorites

DALLAS (AP)—At least nine teams are state Class AAAA schoolboy football title possibilities, coaches attending the Texas Coaching School have decided.

They named the teams capable of winning the title in their annual interview with the press yesterday, spotlighting Corpus Christi Ray and Amarillo as most likely finalists.

Ray got the nod for No. 1 with a team bulging with veteran strength that makes the Texans look stronger than last fall when they went to the finals and played mighty Abilene a tough game before losing 14-0. Abilene, winner of the state title three straight years, isn't expected to be a contender this season.

Amarillo, last in the public eye back in 1940 when the Sandies won a fourth state championship, is considered the power of the upper bracket but faces trouble on the way to the finals from such worthies as Fort Worth Paschal, Dallas Crozier Tech and always powerful Wichita Falls.

The district champions were selected like this: 1. El Paso Austin, 2. San Angelo, 3. Amarillo, 4. Fort Worth Paschal, 5. Dallas Highland Park, 6. Dallas Crozier Tech, 7. Wichita Falls, 8. Tyler, 9. Houston Milby, 10. Houston San Jacinto, 11. Port Arthur, 12. Baytown, 13. Austin, 14. Corpus Christi Ray, 15. San Antonio Jefferson, 16. Alice.

Snyder Trips Pampa In Tourney, 7-0

ABILENE, Aug. 7—Snyder revived its hopes for the District 6 Pony League crown here Tuesday night with a 7-0 victory over Pampa in the first round game of the loser's bracket.

Charles Gladson spun a neat four - hitter in turning back the Pampans. The loss eliminated Pampa from the double - elimination tournament.

Snyder continues its comeback today when she meets Hamlin at 6:15. Hamlin lost to Abilene, 8-0, Monday in the first round and drew a bye in the first round of the loser's bracket.

In tonight's feature game, Borger battles host Abilene at 8:15. Borger hung a 9-5 defeat on Snyder in the opening round Monday and then went 10 innings last night to edge Breckenridge, 8-7.

Abilene hasn't played since Monday's win over Hamlin as she drew a second round bye.

In last night's game, Snyder took a 1-0 lead in the first inning and that was all Gladson needed. But for good measure, the Snyder lads added a pair of runs in the third and then put the game out of reach of the Pampans with a four-run flurry in the fourth.

Big Tommy Minton was the batting star for Snyder with two booming homeruns and a double. His double drove in the first Snyder run and he then made it 2-0 with the first of his two homers in the third. Minton's other four-master came in the fourth with one on, giving him four runs-batted-in.

Gladson was in command all the way as he allowed only three Pampa base runners to get as far as third.

The line scores:

Snyder	102	400	0	7	8	1
Pampa	000	000	0	0	4	8

Gladson and Wylie, Stroud, Duncan (4) and Hazel. LP—Stroud.

Breckenridge	302	000	200	0	7	5
Borger	240	000	100	1	10	10

Tolbert, Palmer (7) and Machen, Chapman (7); Lindsey, Connally (9) and Williams.

Big Spring Wins Section LL Tourney

ABILENE, Aug. 7—Big Spring National captured the Section IV Little League title here today with a 2-0 victory over Crane in the finals.

Jeff Brown hurled a one-hitter at the Crane team to lead Big Spring to victory. Brown's battery mate, Gene Lamb, supplied the offensive punch with a two-run homer in the fourth.

Big Spring now goes to the state meet in Fort Worth Friday.

Tigers Again Put On Spot In 3-AAA

DALLAS —Andrews and Nederland were picked today as most likely to succeed in the Texas Class AAA schoolboy football race this fall.

Coaches from the 16 districts interviewed at the Texas Coaching School put those teams on the spot and were backed in their estimation by facts and figures.

They also figured Graham, Garland and San Antonio Edison would be in the running most of the way and either could make the finals.

Garland, the defending state champion, was pointed to as a strong threat to repeat although the Owls lost virtually all of their first stringers and along with it their bulk.

Nederland, which battled Garland in the finals, losing on a field goal, is improved over last year, said the coaches. And that means the Bulldogs should be rated No. 1 in the state.

The coaches picked the probable district champions as follows:

1. Littlefield
2. Andrews
3. Snyder
4. Graham
5. Garland
6. McKinney
7. Kilgore
8. Cleburne
9. Waco University
10. Aldine
11. Nederland
12. Lamar Consolidated
13. San Antonio Edison
14. Del Rio
15. Kingsville
16. San Benito

BY WHITESIDE, TIBBETS

Sun Wins 12-0 On No-Hitter

Wayne Whiteside and Gary Tibbets combined to hurl a no-hit and no-run game last night when they led Sun Oil to a 12-0 City League victory over Snyder Furniture at Towle Park.

Whiteside hurled the first four innings while Tibbets hurled two. The game was called after six innings on the 10-run lead ruling.

Sun wrapped up the decision in the first inning when they scored nine runs as starting pitcher Tim Roberts had control trouble. Roberts gave up two hits and walked five before giving way to Howard Jones in the first frame.

Jones, after getting out of the first inning, pitched masterful ball the remaining distance. He blanked the Oilers until the sixth when two hits, a walk and two errors produced the final three Sun markers. Jones struck out eight and walked two.

Only three Furniture batsmen got on base, two via walks and one hit batsman. Whiteside struck out six and allowed the three Furnituremen to get on. Jones via a hit batsman in the second, Jimmy Bryant on a walk in the third and Tommy Prichard on a walk in the fourth.

Tibbets retired the side in order in the two innings he worked.

The nine-run first inning by Sun came on only three hits—one of them a bunt single. But six walks and a costly error did most of the damage.

TRENCH SILOS BECOMING POPULAR—Fast growing in popularity as a feed storage method in Scurry County are trench silos, one of which is shown above being filled here. It is the silo on the farm of Ray Lunsford, five miles north of town on the Lubbock highway. Lunsford is shown in the picture at left driving the heavy tractor used to pull both the "chopper" and a hopper trailer. He was cutting green corn, quarter mile rows of which were each yielding about a ton of ensilage. In the center picture the trailers's cargo is shown being dumped in the silo. Merely opening the side trap doors o fthe trailer as it is pulled through the trench dumps the ensilage. In the picture at right, another tractor is being used to spread and pack the ensilage. While the silo is being filled, water is used to wet the ensilage. Lunsford will store about 60 tons of the corn for future feeding this year. A thin layer of the top ensilage becomes useless, but the rest remains in good feeding condition for long periods, Lunsford says. (Lee Watson photographs)

Egypt Spurs Social Change

CAIRO, Egypt (AP)—In the days of King Farouk, Egyptian peasant Ahmed Shehidy was little better than a slave. Last month, under the rule of Gamal Abdel Nasser, Shehidy was elected to Parliament.

The social change coming over Egypt since the Nasser revolution is symbolized by the story of Shehidy, a little man who wears a nightgown-like native dress called a "galabiya" and makes his living farming three acres of land in the Nile Delta. He is a "fellah," or peasant, one of those masses of land-tillers who formed the basis of the enormous wealth of the small upper class in the days of Farouk.

Then Shehidy was landless. He paid a heavy rent for a little plot on the vast estates of Farouk's cousin Prince Tousson. Seventy per cent of Egyptians who owned land in those days had less than half an acre each. At the top of the social pyramid in Cairo were 1,700 landowners who held a fifth of the land in the country. Farouk's family alone owned nearly 200,000 acres, out of a total of six million cultivatable acres in the country.

Against this powerful group the little fellah was helpless. Landlords squezzed exorbitant rents out of the landless and the government demanded fantastic taxes from those who owned an acre or so.

The old landlords used to torture peasants to wring the last bit of available cash from them. A favorite trick was to hold a burning mass of rags in front of the fellah's face and then hit him in the chest. When he gasped for breath, he inhaled the flames. By that time, he was ready to surrender his last few piasters to the landlord.

The fallehin slipped to just about the lowest standard of living in the world. A typical peasant house was a wretched mud structure, where the fellah's family ate and slept in the filth of donkeys, water buffaloes, goats and chickens sharing the living quarters. The fellahin had an average of three diseases each, usually trachoma, dysentery and bilharzia.

When Nasser ousted Farouk, things changed. Land holdings were limited to 200 acres per family; the surplus was sold in small plots on long-term payment plans to fellahin working the land. Land rents were fixed at seven times the basic land tax. Total reduction in rents paid by peasants was estimated at 40 million Egyptian pounds yearly. (An Egyptian pounds equals $2.88).

Ahmed Shehidy was one of those to benefit from Nasser's land reform law. He was handed a title deed for three acres of land which had belonged to Prince Tousson. Shehidy has 30 years to pay for the land at about 17 pounds a year. He used to pay 40 pounds yearly to Tousson as rent.

This year Shehidy made a daring decision. He decided to run for Parliament. With his fellow peasants promising him their votes, he entered as a candidate in the first parliamentary elections since Nasser came to power. Shehidy had to be approved as a candidate by Nasser's National Union Screening Committee. Three other candidates also were approved, one of them an undersecretary in a government ministry.

In a hot campaign, Shehidy won. On July 22, in his galabiya and turban, he took his seat in the same chamber where Farouk and his landlords once gathered in medieval splendor. Real Democracy probably still is a long way off in Egypt. But if a fellah can sit in Parliament, things must be taking a turn for the better for Egypt's common man.

Children Protected By Auto Collision

CHELSEA, Mass. (AP)—An automobile collision yesterday saved four children from possible injury.

Richard J. Grzelczyk, 28, was at the wheel of his car when he spotted a driverless auto with four children in it rolling down a hill.

He maneuvered in front of the runaway vehicle and permitted it to strike the rear of his car, thus preventing it from smashing into a building at the bottom of the hill.

Dante Abbene, 32, said he had left his car at the curb with his children in it while he made a brief visit.

Negro Solon Raps Remarks By Johnson

WASHINGTON (AP)—The director of minorities for the Republican National Committee yesterday criticized Sen. Lyndon Johnson's attack on Vice President Nixon over the civil rights bill.

Johnson accused Nixon of leading a "concerted propaganda campaign" against the Senate's jury trial amendment. This was a reference to Nixon's statement that adoption of the amendment provided "one of the saddest days in the history of the Senate because this was a vote against the right to vote."

In a letter to Johnson, Val J. Washington, the GOP Negro director of minorities, said Nixon "need not apologize for being disappointed in the Senate's action because his feeling is shared by many millions of Americans."

Washington contended the civil rights bill was "emasculated by the adroit handling of you with the aid of other Democrat leaders.

"To accuse Vice President Nixon of playing politics certainly is not in good taste coming from you," Washington said. "Your record is one of continuous voting against all civil rights during your terms in both the House and the Senate."

Johnson said Monday that any objective person, who is not playing politics, knows this bill represents an advance in the field of civil rights."

It's Easier To Take On New Home, Costlier To Pay Off

By SAM DAWSON

NEW YORK (AP)—Higher interest rates are being tried today as a panacea in still another phase of the economy—this time the lagging home building industry.

First the money managers let interest rates rise in general in an effort to curb the business expansion boom which they blamed in part for the rising cost of living.

Then the U.S. Treasury raised the interest rates paid on U.S. Saving Bonds in an effort to plug the drain from the Treasury by investors cashing in their bonds.

Now the Federal Housing Administration is raising the interest rate permitted on government guaranteed home mortgages and lowering the down payment rules in an effort to coax more funds into the home building industry.

Tight credit and dearer money hasn't seemed to have had much effect so far on the rising prices of industrial materials and commodities—or, as a delayed result, on the increase in retail prices to consumers. But the money managers believe it is beginning to take hold now and the upward march of the cost of living may be halted soon.

The 3¼ per cent which the Treasury has paid on U.S. Savings Bonds bought since February and to be held for almost nine years also hasn't seemed to have had much effect there either. In July the public bought 400 million dollars worth of Series E and H. But in the same month others were cashing in a total of 529 million dollars worth.

For one thing the Treasury in the meantime brought out a more attractive offer—one-year certificates and four-year notes paying investors 4 per cent. This operation, refunding 24 billion dollars of maturing securities, was termed a success. But even so, holders of some one billion dollars worth of the maturing securities preferred cash.

The latest FHA move will be in for a similar testing. It has raised the maximum possible interest rate on its insured mortgages to 5¼ per cent from 5 per cent, and it has cut the minimum down payment to 3 per cent from 5 per cent on the first $9,000 of approved valuation. The first is designed to lure back the investors who left the home mortgage field for more lucrative yields elsewhere. The second is to make it easier for families with limited cash to get up the down payments.

The ultimate result, however, is that higher interest rates make monthly payments higher, and lower down payments extend the life of the mortgage, making the total interest paid out over the mortgage's life higher than before. In other words, it will be easier to take on a new home but costlier to reach the day when you burn the mortgage.

Graham Ends 12th Week

NEW YORK (AP)—Evangelist Billy Graham wound up the first 12 weeks of his New York crusade last night.

He told his Madison Square Garden audience: "God has given to New York City 12 weeks of the greatest opportunity ever in the history of the Christian church."

"God is going to hold responsible every Christian in this city," he said, "and at the judgment those who are faithful will be rewarded."

Last night's attendance was 18,000. That brought the total for the crusade meetings in the Garden to 1,415,000.

At Graham's call, 626 persons went forward to make "decisions for Christ." "Decisions" for the 12-week period total 43,010.

The evangelist also discussed plans for a youth week at the Garden starting next Sunday. He said he believed the youth week could "become a great effort in counteracting teen-age violence."

The crusade continues to Sept. 1.

Two Deep Wells In Honduras Planned

HOUSTON (AP)—D. U. Emmert said yesterday Barnwell Offshore, Inc. of Shreveport has signed a contract with Compania Petrolera Houndrena to drill two deep wells in Honduras.

Emmert is vice president of International Geophysical Exploration Corp., which he said has acquired two million acres in the region where Barnwell will do exploration and development work.

TIPRO Urges No Exceptions

AUSTIN, (AP)—The Texas Independent Producers and Royalty Owners Assn. yesterday requested the federal government make no exceptions to President Eisenhower's request to reduce oil imports 10 per cent.

"We feel it would be particularly unfortunate if exceptions to the oil imports yardstick were granted individual companies merely because they desire to import oil in excess of their designated share," said TIPRO President Jerome O'Brien.

In a letter to Secretary of Commerce Sinclair Weeks, O'Brien said granting exceptions "would not only undermine any effectiveness the program may have, but would in fact destroy the whole purpose and meaning of it."

He said some companies were threatening the voluntary approach to the program with cries of "inquity" and "discrimination."

Exterminator Does Very Thorough Job

CHARLESTON (AP)—Mr. and Mrs. E. B. Null said the exterminator destroyed the termites as requested. The only trouble was the house was destroyed, too.

The Nulls filed a $25,000 suit in circuit court against the West Virginia Terminix Co. and an employe, Frank Leach.

Leach went to the Null residence at nearby Tyler Mountain April 2 to spray for termites. The couple said he sprayed a chemical beneath the house while a pilot light was burning in a floor furnace.

The chemical spray ignited and the house was destroyed in the resulting fire, the Nulls said in their suit.

Texan Named In Desertion

BOSTON, Mass. (AP)—A Texan who allegedly abandoned his wife and three children in Malden eight years ago, was released yesterday on $2,000 bond.

Albert Stuart, 38, Port Arthur, Tex., was released on bond after arraignment in Suffolk Superior Court on charges of abandonment, desertion and non-support.

He was arrested at Lake Charles, La., on a warrant indictment brought by Middlesex County. The warrant was sent to Port Arthur and Lake Charles because Stuart, a crewman aboard the tanker Mission de Pala, sails between the ports.

Malden officials said more than $16,000 in welfare funds had been paid to Stuart's family since he left the city in 1949.

Perhaps Beard Is Tag Of Laziness

By INEZ ROBB

"Are men better looking with beards?" asks the questionnaire on my desk. "What do YOU think?" it continues.

Not to beat around the barn, I rate the invention of the safety razor as second only to that of the wheel in man's steady upward struggle from the primordial ooze to today's civilization. Around this household, it is known as the shaving grace.

At both the North and South Poles, a beard is probably just dandy for keeping the face warm. But what excuse is there elsewhere for men to hide their handsome faces behind a hair hedge and thus deprive palpitating womankind of the full force of their manly beauty.

In Paris during the years immediately following the war, I always had a vague feeling that youthful beards had something to do with existentialism. Or maybe razor blades were still scarce and the hot water hadn't been turned on yet.

But when the vogue spread to these shores, none of the above explanations seemed to fit. For a brief spell, I thought it might be related to Commander Whitehead. And, by the way, as far as the ubiquitous commander is concerned, I'm one American who's had it. I wish the British would take him back, but I fear he is some kind of subtle retaliation for the Revolution (1776, that is), and that he is with us until the end of time.

The other evening I tuned in on the commander just as he was being tebbly, tebbly Noel Coward to a mem-bah of the United Stetts Sen-not. He addressed the unfortunate gentleman as "Sen-et-Tah" as if he were saying "Sen ate tar" with an Oxford backhand.

Goodness knows, I don't want to bait the British, who are already in enough of a bind. But I wish they'd call their boy home and gag him — preferably with his own beard, which has been performing a similar service for my countrymen for too long.

Well, that takes care of one beard.

Now to get back to the subject at hand: why do so many young Americans sport beards nowadays? Some psychologists say it is an affirmation of masculinity in a watered-down age. But I fail to see why hair on the face is regarded as prima facie evidence of curls on the chest.

Furthermore, I have doubts that the beard is a badge of the youthful intelligentsia. E. Hemingway, the Sampson of the salons, has a patent on that gimmick. Once, in his old age, I saw Maurice Maeterlinck with his beard in a snood. Even on him, it didn't look good.

Some sociologists suggest that a youghful beard is a sign of revolt against the world-as-it-is. But I have seen a spate of youthful beards recently, and I suspect the revolt is against nothing so much as work.

The open-air art shows around Washington Square are rapidly developing into sidewalk bazaars presided over by bearded youths making and selling costume jewelry of old tin cans, scrap metal, sea shells, bottle glass and driftwood. It's different all right. That's it: DIFFERENT. It's work to shave or slave for a living, when all those old tin cans are so handy. And there's no upkeep on a fuzzy face.

Truth to tell, there's only one man with a beard who rates with me: Santa Claus. Let's give him a monopoly.

Newspaper Ads Called Bargain

CHICAGO (AP) — Newspaper advertising is the "bargain media" for food store advertisters, says the National Assn. of Retail Meat and Food Dealers which urged retailers yesterday to use newspapers "in order to build your business on the firmest of foundations."

A resolution approved at the organization's convention stated: "Newspaper advertising is a bargain media that will return many times its originanl investment.

"No greater form of advertising reaches the home faster nor has greater readership than the daily newspaper."

ARE YOU INTERESTED IN
Gasoline Economy!
Then Get A Load Of This...

This month's issue of a popular automotive magazine lists results of their independent gasoline mileage tests on all makes of autos manufactured in the United States. The results are as follows. All cars are equipped with automatic transmission.

In Pontiac Class:

Pontiac Super Chief (270 HP)	23.0 Miles Per Gal.
Car B (300 HP)	19.5 Miles Per Gal.
Car M (290 HP)	17.7 Miles Per Gal.
Car D (285 HP)	20.6 Miles Per Gal.
Car O (277 HP)	19.4 Miles Per Gal.

Now here are some of the so called 'Economy' cars:

Car C (270 HP)	16.8 Miles Per Gal.
Car P (235 HP)	19.7 Miles Per Gal.
Car F (245 HP)	20.6 Miles Per Gal.

As you can see for your self Pontiac gave much better mileage than any of these cars. This alone can mean many dollars in your pocket and when this is combined with Pontiacs proven long wear at low cost you simply can't afford to buy any other car. See us today for the deal of a lifetime!

JUNIOR HIGH SCHOOL TWIRLERS—Girls selected Monday to lead the Snyder Junior High School band as twirlers for the coming year are pictured above. They are from left: Charlotte Womack, Becky Beaty, Sandra Sutry, Susan Richardson, Mary Clare Peebles, Claudia Fowler, Jane Crowder, and Rita Margaret Hanback. Tommy Rogers will be the drum major, and Tommy Nicks is his alternate. (Lee Watson photograph)

Eviction Try Revived

ALAMOGORDO, N. M. (AP) — Three deputy U. S. Marshals begin a second attempt today to evict 82-year-old John Prather from his 27,000 acre ranch in southern New Mexico.

The old man, who says he will die on the ranch he built 54 years ago, last night barricaded his house after federal officers returned here for a council of war.

Prather's daughter, Mrs. Hart Gabar, and her husband, of El Paso, Tex., last night journeyed to the ranch to talk to the old man.

The marshals, sent to the Otero County Ranch yesterday, returned to Alamogordo after having failed to carry out a government order to evict Prather.

The rancher has refused to leave the land which the Army has taken over for an extension to the huge McGregor firing range.

A writ of assistance ordering the rancher from the land was issued in U.S. District Court here yesterday. U.S. Marshal George Beach then ordered the three deputies to remove Prather from the land by force if necessary.

Prather told reporters the deputies arrived at his ranch home about 1:30 p.m. and caught him unarmed and away from his house.

Three-and-a-half hours later they left.

Prather was still there.

The officers did not touch the rancher, who told them repeatedly they would have to kill him to make him move.

Prather has turned down an Army offer of $209,000 for his holdings.

He has also spurned an offer which would let him live out his life on the property if he would sign a lease agreeing that the land would go to the military upon his death.

"I'm staying here until hell freezes over," he said.

Crop Duster Killed

SAN SABA (AP)—Jimmy Greenway, 30, a commercial crop-dusting pilot of Brownwood, was killed yesterday when the plane he was flying hit a utility pole guy wire about one mile west of here.

OH, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with overexertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling.

For quick relief get Doan's Pills. They work fast in 3 separate ways: 1. by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains, 2. by their soothing effect on bladder irritation, 3. by their mild diuretic action tending to increase output of the 15 miles of kidney tubes.

Find out how 2nd 24-hour medicine goes to work. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Ask for new, large size and save money. Get Doan's Pills today.

You need a BATH! YES, A WORLD-FAMOUS HOT SPRINGS THERMAL BATH

If you're healthy, you'll probably live longer because as it's said, "an ounce of prevention is worth a pound of cure." If you're nervous, tired, rundown or stiff from rheumatism and arthritis, you can find relief as thousands of others have. *You'll find the best at The Majestic* where you can go from your room to the bathhouse in robe and slippers. Here you will find specialists who know their business—experienced attendants and masseurs for the men and masseuses for the ladies—all licensed in accordance with the regulations under the Director of the Nat'l Park Service, U. S. Dep't of the Interior.

Todd Says Doctors Can Take Bows

NEW YORK (AP)—Showman Mike Todd says nine doctors deserve bows for a "miraculous" job in the delivery of a premature baby to his wife Elizabeth Taylor.

A 4-pound, 14-ounce daughter was born to the beautiful brunette film star through Caesarean section yesterday at Columbia Presbyterian Medical Center. The baby was due in October.

Todd said Dr. Virginia Apgar "worked over the baby for 14 minutes before she hollered." Dr. Apgar is a resuscitation specialist. She breathed life into the tiny infant.

"Those were the longest 14 minutes of my life," said Todd.

He issued this statement: "Liz and I are very grateful we got what we wanted most, but really the hard way. It was a miracle, thanks to the extraordinary medical genius of the lineup assembled by Dr. Dana Atchley, that this has come off.

"Mother and baby are doing well considering the precarious state of Liz in the last two weeks.

"After a series of conferences starting yesterday (Monday), it was decided at 9 a.m. by Dr. Anthony DeSopo, obstetrician; Dr. E.M. Papper, anesthetist; Dr. William Silverman, pediatrician; and Dr. John Laragh, diagnostician, after consultation with Dr. Frank Stinchfield, who performed the final operation which was a complete success, and Dr. Lester Mount and Dr. Carmine Vicale, neurologists, to perform a Caesarean at 12 noon.

"Every doctor is pleased with the result and Liz and I are eternally grateful for the miraculous job they have all done."

The baby was named Elizabeth (Liza) Frances Todd.

Miss Taylor, 24, was in the hospital two days last week for what were thought to be premature labor pains. She was released but returned again Saturday.

The actress is the mother of two sons from her marriage to British actor Michael Wilding. She and Todd were married last Feb. 2.

Acreage Reserve Pay Rate For Wheat Set

The acreage reserve payment rate for 1958 wheat has been announced for Scurry County, according to Henry Burchett, county office manager for the Agriculture Stabilization & Conservation committee.

Burchett said the ASC office mailed out notices of official payment rates per acre to wheat farmers this week.

The average payment rate is $8.11 per acre on wheat land put into the acreage reserve program of the Soil Bank Act.

The 1957 rate averaged $7.44 here, Burchett said.

The rates for 1958 coton in the acreage reserve has not yet been announced. The 1957 rate averages $27 per acre in Scurry County.

A maritime law says that all U.S. vessels doing internal or coastal shipping in this country must be built and manned by Americans.

Registration Dates Set For Students New In District

Registration of school students who will be new to the Snyder schools or who were not registered last spring will be held in the schools here next week.

The registration schedule is broken down into several days, beginning next Wednesday and lasting through Friday.

The schedules:

Wednesday, Aug. 14 —Registration at the junior high for all eighth graders new to the Snyder schools, reigstration at the high school for all seniors new to the system here, 8 a.m. to noon; registration of all juniors new to the system at the high school, 1:30-3:30 p.m.

Thursday, Aug. 15 —Registration at the junior high of all seventh graders new to the school system, registration at the high school for all sophomores new to the system, 8 a.m. to noon; registration at the high school for all treshmen new to the system, 1:30-3:30 p.m.

Friday, Aug. 16 —Registration at the high school or junior high for any high school or junior high student who did not register last spring, 8:30 a.m. to 3:30 p.m. Those who registered last spring need not report until the opening day of school, Sept. 3.

Monday and Tuesday, Aug. 19-20—Registration for all students of elementary grades in their respective buildings, except those who attended pre-school, 8:30 a.m. to 3:30 p.m.

Birth Certificate Reminder Issued

Quite a number of Snyder parents will need to get birth certificates for children starting to school in the first grade this year, and there are several ways to get certificates.

Included are:

1. If the birth is recorded here, a certified copy can be obtained either from Mrs. Brad Holt, registrar, at the Snyder-Scurry County Health Unit or from Dan Cotton, county clerk, for 50 cents.

2. If the birth is recorded in another county, a certified copy can be obtained from the county clerk of that county by sending 50 cents along with the name of the child, name of both parents, and date and place of birth.

3. Also, if the birth is recorded in any county in Texas, the certificate can be obtained with that information and $1 from the Bureau of Vital Statistics, State Health Department, Austin.

4. If the child was born in another state, the certificate can be obtained from a county clerk or a state bureau of vital statistics.

Children beginning school in the first grade should have birth certificates by the time school starts, preferably on registration day.

Children beginning school for the first time this year also must have inoculations by school time.

Included in those needed are boosters for diphtheria, tetanus, and whooping cough, or the regular series of inoculations if they have never had them, and the smallpox vaccination.

Miss Leah Davis, senior health nurse at the county health unit, gives those inoculations during clinic hours at the Snyder - Scurry County Health Unit, 911 Twenty-sixth Street.

Clinic hours are Wednesdays from 1 to 4:30 p.m. and Fridays from 9 to 11:30 a.m.

Scouts Give Report To Lions On Trip

Three Snyder Boy Scouts gave a report yesterday during the weekly luncheon of the Downtown Lions Club on their trip to the National Scout Jamboree at Valley Forge, Pa., last month.

The boys were Joel Hamlett, Bobby Andrews, and Dale Rains. With them was Earl Stubbs, who served as scoutmaster for a troop of boys from the Buffalo Trail Council, including several boys from Snyder.

About 53,000 boys attended the Jamboree, representing all the states of the U.S. and 16 foreign countries.

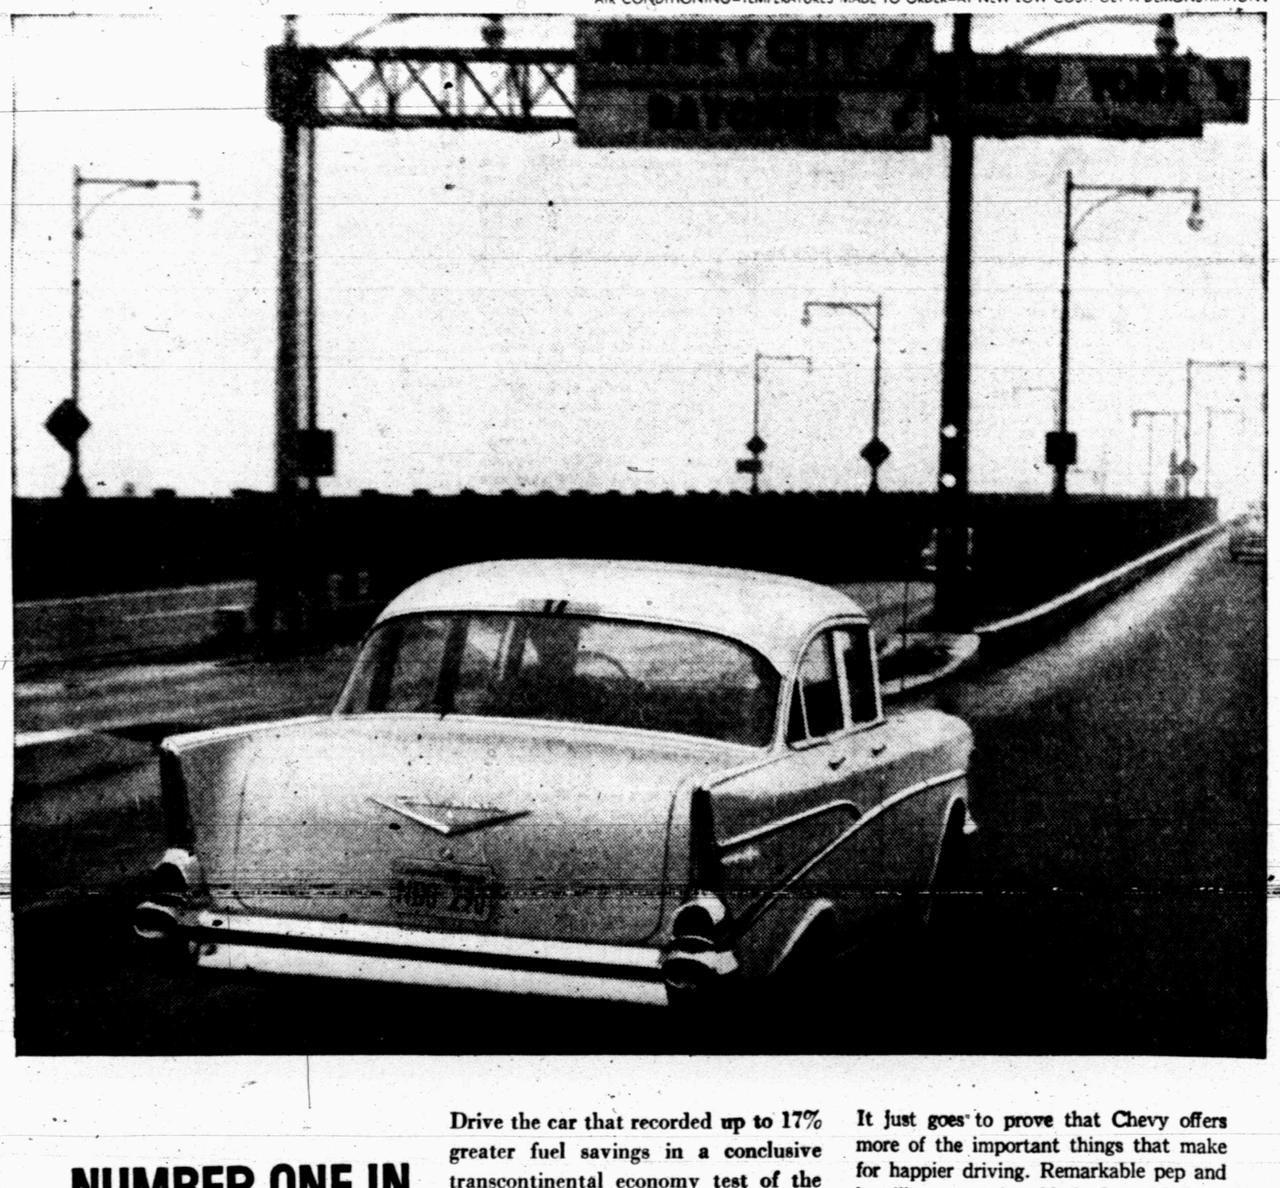

During the trip, the boys visited such places as Philadelphia, Washington, D.C., New York, and Detroit.

The population of the Federation of Malaya is estimated at 6,250,000 people. It is one of the world's most productive centers of tin.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

NUMBER ONE IN CROSS-COUNTRY ECONOMY TEST —CHEVROLET!

Drive the car that recorded up to 17% greater fuel savings in a conclusive transcontinental economy test of the three leading low-priced cars—sanctioned and certified by NATA.* The run was all the way from Los Angeles to New York.

Here's the car that gets not only frisky performance out of a gallon of gas but money-saving mileage as well. It's all in the NATA record book—how Chevrolet rolled in with the lowest total operating cost after 2,873 miles of thorough testing!

It just goes to prove that Chevy offers more of the important things that make for happier driving. Remarkable pep and handling ease; that kind of road-holding ability usually associated with sports cars; and, to round it off nicely, *outstanding economy*. Drive one soon at your Chevrolet dealer's. *National Automotive Testing Association
