Giles Picnic

Since Memorial Day, 1956, there has been an annual picnic on the banks of old Buck Creek with free barbecue and trimmings. This year the picnic will be held on Saturday, May 25. Bob Ayers will keep the ball rolling as MC. The old timers and other VIPs will be recognized. Walter Johnson and Richard Stotts will head the music committee and, we think, are planning a fiddlers contest.

Henry Moore, assisted by Doyle Messer and his FFA boys have kindly consented to handle the barbecue, for which we are duly grateful. Beans and pickles have already been sent from Colorado, thanks to Mike and Laura Parks, but salads and sweets will be appreciated.

We are fortunate this year to have a Giles citizen, Malcolm Glass, give the beef for the barbecue. Thanks to Malcolm. He will also be in charge of the hymn singing and, we hope, will be assisted by the Hall County Singers.

A rodeo is not being planned, but Tommy and Blackie Johnson have promised to have some calf riding, steer roping and special events. Y'all come!

LEGION NEWS

The post met Tuesday night of last week. All veterans' graves in Rowe Cemetery now have bronze markers and will be decorated with new American flags Memorial Day.

A large meeting is planned for next month, June 11th, at which time new officers will be elected and other business taken care of. A big free feed is promised.

Membership is still below the quota of 100. Several members of long standing haven't paid their dues. If not done soon, they will lose their standing. Some World War II veterans will be eligible for the 25 year silver button in 1969, many in 1970.

Statistics from the United States Weather Bureau show that Texas led the nation again last year in total number of tornadoes, with a total of 232, which was an all time record. Only two months of last year were free from tornadoes in Texas, January and November. More than half of them, 124 came in September, 115 of them in connection with Hurricane Beulah.

Weather alerts may give that extra margin of time which might mean the difference between life and death. but it is still up to each individual to take the safety measures necessary to protect himself in case of a tornado. The safest place to be is still a storm cellar

GRADUATE TO TOTAL ELECTRIC OPERATION

"You'll have to hunt a long time to find a better banking facility," President Lowell Littleton says of the modern all-electric Ozona National Bank. All of the employees like it very much. From 2,700 square feet of space to 6,300 on the first floor and 4,300 square feet in the basement is a considerable jump in space. "Per square foot — the cost of operation is reasonable," Littleton says.

20 Tons of cooling • 89.5 KW of strip heating in the ducts
40 gallon water heater • All electric snack bar • 29 KWH of lighting
Estimated operation — \$258.05 per month average.

DID YOU KNOW THAT:

What is thought to be the first sawmill in Texas, horse powered, was built at San Augustine in 1825. Today there are 926 primary and secondary wood processing plants in the state, giving full time employment to 34,000 Texans. Value of goods produced, according to the Texas Forest Service, amounts to \$500 million annually.

Sodalitas Club

The Sodalitas Club met in the home of Mrs. John Hill Jr. on Tuesday, May 7th. We were honored to have some members of the Future Homemakers of America to present our program for the evening. Mrs. Sue Shields, advisor for the Hedley chapter, made the arrangements for our program.

Pam Myers, representing the Hedley chapter, gave the history of the organization. Kay Stewart and Pat Lowery of the Amarillo schools gave a demonstration on vegetables, featuring ideas on the "Flower Basket of Vegetables," which was very interesting and helpful. We were happy to have these girls present our program and to have Mrs. Shields and Mrs. Lowery as guests.

A delicious plate was served to the members and guests.
