Peruvian Army Pulls Off Coup; President Seized

A Climax To Weeks Of Crisis

LIMA, Peru (AP) — Troops moved in on the government palace early today and seized President Manuel Prado in a military coup.

The coup, climaxing weeks of crisis, was bloodless.

Tanks and troops surrounded the palace, then Prado was taken away in a military vehicle.

The military acted after charging that the June 10 presidential elections were fraudulent.

A last minute political deal to swing the disputed presidency to former dictator Manuel Odría failed.

The target of the army wrath was Victor Raul Haya de la Torre, controversial political figure who ran first in the election but failed to get enough votes for the presidency.

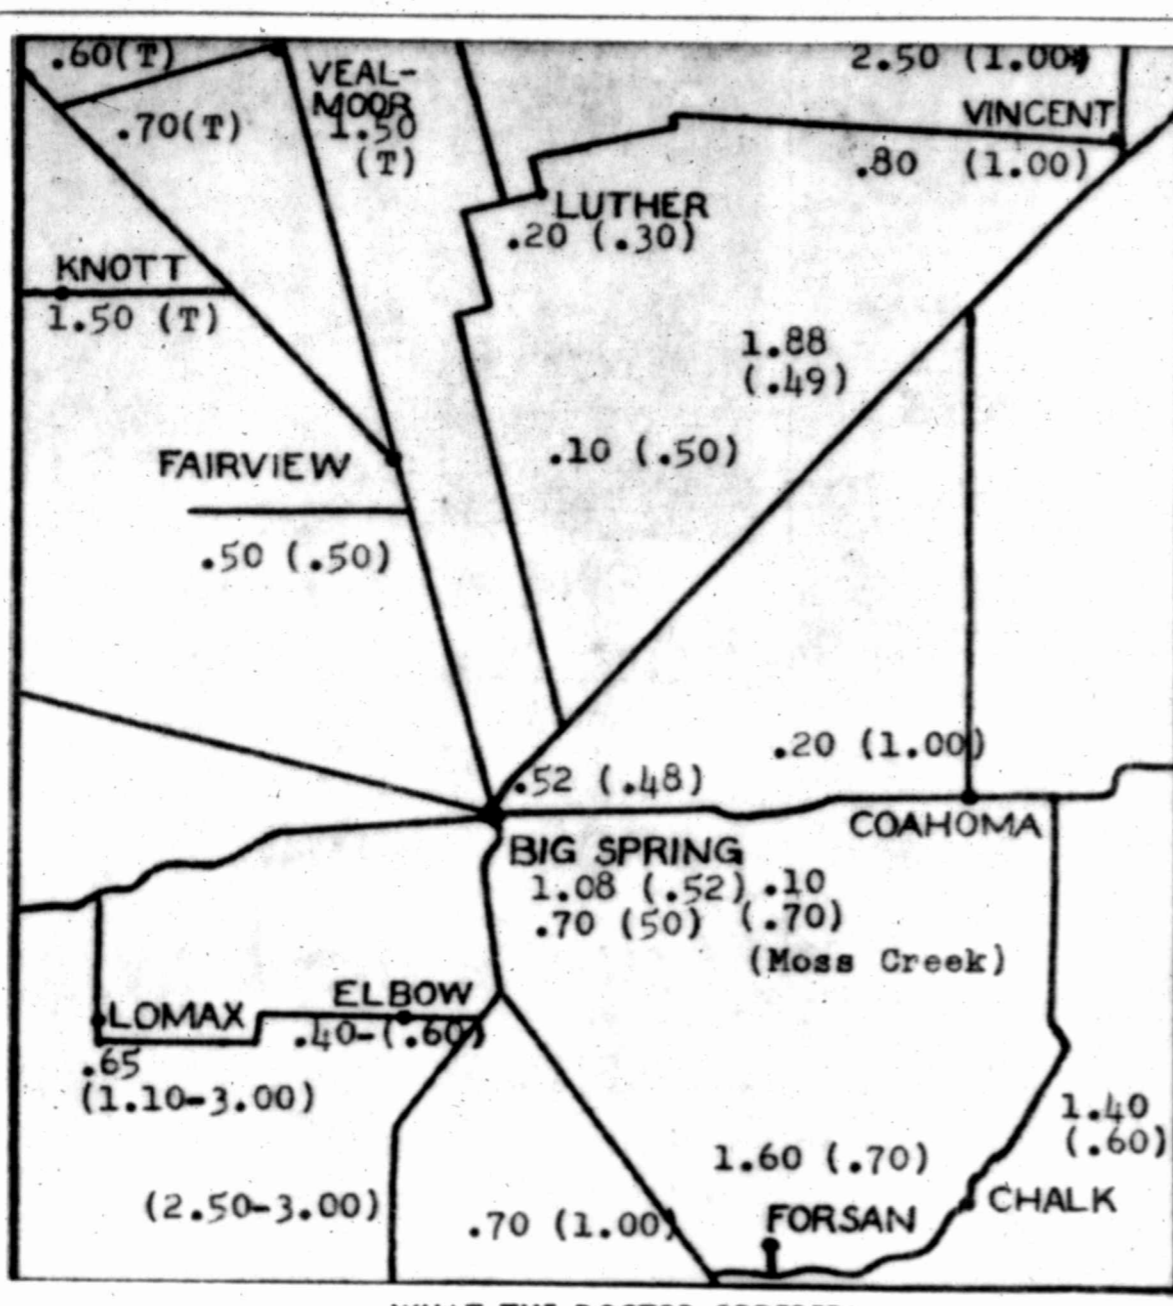

A leftist but anti-Communist, he has long been at odds with the army and other politicians.

His Popular Revolutionary Alliance (APRA) agreed Tuesday to throw the presidency to the rightist Odría, who was third in the voting.

The military, however, apparently would not settle for such an arrangement although Odría is a conservative. Odría would need the support of Haya's forces in Congress, where the Odría and Haya groups would have a majority.

The newspaper El Comercio said Prado, 72, was taken to the naval base of San Lorenzo just off the coast at Callao, Lima's seaport.

The constitution requires that Congress choose the president from among the three top men in the election unless the high man gets one-third of the total vote. Haya fell 6,000 votes short. Fernando Belaunde Terry came second and Odría was third. The leftist APRA and the rightist Odría Union together will have a comfortable majority in the new Congress—if the military lets it meet.

Sun Shines Brightly On Rain-Soaked County

A bright July sun beamed down on soggy cottonfields and saturated pastures Wednesday and happy grins marked the faces of farmers and ranchers from border to border in Howard County.

The long wanted "general" rain seems to have arrived at last. Showers Tuesday rounding out a pretty weather picture for the county which had highly encouraging rains to start things going Monday.

The rains Tuesday afternoon, heaviest in the southeast corner of the county, were ideal in their character. The steady fall began around noon and continued for most of the afternoon — ceaseless in its efforts but never hard enough to do any damage.

EVERY DROP

"No" every drop that fell soaked in to the soil," declared an elated farmer as he stood looking at the heavily soaked furrows in his field.

About the only point which did not benefit materially from the rains was in the immediate vicinity of Gay Hill school. George Archer, principal at the school, said the best that area could report was a trace on Tuesday following an earlier trace on Monday.

In general, the average across the county will run around an inch. Lomax, which has been getting exceptional treatment from every shower that moves in had another good rain Tuesday. Arthur Stallings said that he gauged 1.10 inches and on the Lomax place, nearby, three inches fell. Southward in Glasscock County, even heavier precipitation was reported. The Cattle Ranch, south of Lee's Store had four inches.

Ross Hill's place south of Elbow, had an inch Monday afternoon to bring the total for the two days to 1.60 inches.

VARIED

In Big Spring, as usual the rain gauges varied sharply in their contents. The U. S. Experiment Station said the two days produced an even inch — 48 of an inch Monday and 32 of an inch Tuesday. Texas Electric Service Co. switching plant had 1.08 inches Tuesday to bring the two days total to 1.60 inches. The downtown plant gauged half an inch Tuesday for 1.20 inches for the two days.

At Moss Creek Lake, where only 10 of an inch fell Monday, everyone was happy over an additional 70 of an inch which came Tuesday afternoon.

Coahoma, which got only 20 of an inch Monday added one inch Tuesday.

Forsan had 1.60 inches Monday and an extra 70 of an inch Tuesday for 2.30 inches for the two days. Bob Wash with the Forsan Oil Well Service Co. said the rains appeared to be general in the area. He said that most of his trucks are idle, with mud making work in the oil fields difficult.

Chalk, in the extreme southeast corner of the county, brought its two day total to two inches. The

Ike To Tell World U.S. Not To Be Pushed

NEW YORK (AP) — Former President Dwight D. Eisenhower said in a shipboard interview today that he would carry abroad a message that the United States wants peace, but will not be pushed around.

He talked with newsmen as he and his wife and two grandchildren prepared to sail for Europe on the Queen Elizabeth.

It is his first trip abroad as a private citizen since 1928.

Eisenhower and his family plan to visit England, France, Denmark, Germany, Sweden and Iceland near Prestwick, Scotland, in which the British government has allocated him space for life.

He will address a teachers conference at Stockholm on July 31.

"I hope to carry to such a body the message that we are trying to produce peace, that we are ready to be conciliatory but not to be pushed around," Eisenhower said.

Interviewed in the huge vessel's veranda cafe, the former President said he believed most Americans are "fine ambassadors of American hopes and aspirations abroad."

He said he resented books like the "Ugly American" which dealt with difficulties in the American foreign aid program, and added: "We try to be decent people. I think we are certainly believe the people of the world are thoroughly of one mind in wanting peace."

In addition to their grandchildren, Barbara Ann, 12, and David Eisenhower, 14, the Eisenhowers were accompanied by Brig. Gen. Robert L. Schulz, the former President's aide. Mrs. Schulz, Freeman Gosden of the "Amos and Andy" radio team, Mrs. Gosden, and their son, Craig, 13.

The Eisenhowers plan to sail for home from Cobh, Ireland, on Aug. 24 aboard the liner America.

Rails' Job Drop Plan Stirs Unions

AT ARMS PARLEY Soviets Reject British Plan

GENEVA (AP) — The Soviet Union in effect rejected today a British work plan designed to speed negotiations at the 17-nation disarmament conference.

Western sources said Soviet Deputy Foreign Minister Valerian Zorin criticized the proposal, which was presented Tuesday.

Zorin told the meeting he was willing to continue his study of the document together with U.S. Ambassador Arthur H. Dean — chairman of the conference. But he insisted that the negotiation of disarmament issues continue as before, on the basis of rival American and Soviet plans.

His rejection of the British plan will seriously delay the negotiations and could lead to another deadlock on how the discussions should proceed, Western sources said.

Later today the conference was expected to turn to the four-year-old nuclear test ban issue, and the nonaligned nations were expected to appeal again for the major nuclear powers to agree speedily on a permanent test ban.

Indian delegate Arthur Lalit told the conference Tuesday the Soviet and U.S. delegates have agreed in speeches that a test ban must be concluded, but he said he was "skeptical about their good will."

"Test series has followed test series," he said, "and I have heard rumors that additional high-altitude test series will be carried out."

Lalit also said internationally renowned scientists have changed their views on the danger of nuclear fallout.

"There is now more peril involved in fallout than was thought in the past, and it is now time for the United States, Britain and the Soviet Union to prove what they mean in their statements," he said.

Lalit told the conference he thought the United States had accepted — as a basis for negotiations — the compromise test ban proposals put forward by the eight nonaligned conference members last April. But he said he apparently was wrong, judging from a statement last week by Secretary of State Dean Rusk.

Rusk said that recent developments in the detection of underground explosions might result in progress in the test ban negotiations. Lalit said this raised the question of whether the United States was still working on the basis of the neutralist proposal or had reverted to the draft treaty it submitted last year.

Dean told Lalit the United States had welcomed the eight-nation memorandum but not as the only basis for negotiation.

Zorin told Lalit that the Russians accepted the neutralist memorandum as the sole basis for negotiations. His statement drew a quick response from British delegate Joseph B. Godber that in test ban committee sessions the Western Alliance had tried to negotiate on the eight-nation memorandum but the Soviets refused.

Meeting Is Called To Map Action

CLEVELAND (AP) — A union leader attacked today plans of the nation's railroads to eliminate thousands of jobs and said the head of five railroad unions involved will meet Friday to consider possible action.

No mention of a possible strike was made by H. E. Gilbert, president of the Brotherhood of Locomotive Firemen and Engineers. He issued a statement in response to Tuesday's announcement by the railroads setting Aug. 16 as the date on which they will put into effect a new set of work rules.

One union source has claimed the changes eventually would result in losses of 80,000 jobs.

The heads of the five operating unions, representing some 200,000 employees, are expected to set a strike date when they meet Friday. No strike appears imminent, however, since the President has power to call an emergency board, whose deliberations would postpone any strike action.

SAFETY ISSUE

Gilbert, speaking on behalf of the five unions, charged that the proposed changes would result in unsafe and inefficient railroads. He repeated earlier charges that the railroads have "pursued a well-planned course of refusing to negotiate the issues so that a crisis would develop. That crisis is now upon us."

"Management's fervent hope is that the crisis will result in compulsory arbitration of the issues."

The railroad management plans would eliminate jobs of 13,000 diesel firemen in freight service who have low seniority. However, some 27,000 other firemen would keep their jobs.

The dispute, involving claimed featherbedding problems the carriers say has cost \$50 million a year unneeded expenditures, seems headed for the White House.

STRIKE UNLIKELY

There is little likelihood of a strike in the near future by the 200,000 employees who operate the trains, the locomotive engineers, firemen, conductors and brakemen, trammens and switchmen.

President Kennedy has the power to bar a strike for at least 60 days. He has the authority to invoke emergency provisions of the Railway Labor Act and name a board to make settlement recommendations during the cooling-off period.

J. E. Wolfe, chairman of the carriers' joint bargaining committee, made the announcement to a Chicago news conference a day after the Railway Mediators Board formally ended its efforts on reaching a settlement in the manpower economy dispute. The unions rejected the board's arbitration offer and called for further negotiations.

The Aug. 16 date — one month after the mediation board dropped out of the picture — is the earliest possible for the railroads to apply new rules.

Wolfe said the employers acted "to end the featherbedding that is driving them into bankruptcy."

Union leaders have contended the proposed changes would endanger the safety of train operations.

Glasscock Is Happy

GARDEN CITY (SC) — The mockin' birds were singing, the ranchers were smiling and the water was still running out of borrow ditches this morning.

Glasscock County had received its first general soaker of the year, one that poured out from two and a half to four and a half inches of rain. Most of it fell slowly and steadily all day Tuesday. A light shower came during the night.

The official gauge here said 2.39 inches, but most places in town measured 2.50 or better.

In the southwest corner, the Sam Ratliff ranch had 4.50 inches. Son Powell, in northwest Glasscock, reported an even four inches. The Bigby ranch to the west had 3.7 inches.

Practically all the south and east half of the county had two and a half inches, as did the northeast portion.

For a long time Tuesday, sections of the Big Spring-Garden City highway were under water.

The rain was ideal both for soaking into the parched pastures and for putting out urgently needed stock water.

BULLETIN

GENEVA (AP) — The 14-nation Laos Conference approved today the final version of a peace and neutrality treaty for the jungle kingdom.

Deadline Fixed

WASHINGTON (AP) — Eastern Air Lines has fixed tonight as the deadline for settlement of a labor dispute which has grounded its planes for 26 days.

Medics Are Reported Softening Their Stand

SASKATOON, Sask. (AP) — Saskatchewan's striking doctors were reported softening their opposition to the provincial government's compulsory medical care plan today as they prepared to put their case before the ruling Socialist party's convention.

Dr. H. D. Dalgleish, president of the Saskatchewan College of Physicians and Surgeons, was to spell out the doctors' views before the annual convention of the Cooperative Commonwealth Federation (CCF).

His statement was scheduled late today.

Dalgleish declined to comment on what he would say, but he observed to newsmen that "here are other ways of instituting medical care insurance that have never been seriously considered by both parties."

It was learned Tuesday night that Dalgleish has been exchanging letters on the dispute with provincial Premier Woodrow Lloyd. Neither Dalgleish nor Lloyd would disclose what the letters said, but a senior official of the doctors' college attached great importance to the exchange.

A college spokesman said the medical organization had softened

Stocks Show Another Decline

NEW YORK (AP) — Declining for the fourth straight session, the stock market showed a fairly substantial loss late this afternoon. Trading moderated after an active start.

Volume for the day was estimated at 3.7 million shares compared with 3.5 million Tuesday.

Losses of key stocks went from fractions to more than a point. The list declined from the start in a resumption of Tuesday's selloff.

U.S. Breaks With Peru

WASHINGTON (AP) — The United States announced a suspension of diplomatic relations with Peru, whose government was taken over by a military coup early today.

Also brought to a halt is new U.S. Alliance for Progress aid to the South American country. This has been running about \$75 million a year. However, U.S. aid projects already under way will continue, U.S. authorities indicated.

Strong U.S. displeasure at the military take-over in Lima was announced at the State Department by Press Officer Lincoln White. U.S. policymakers have been trying to encourage democratic progress and discourage military dictatorship in Latin American countries.

Sweetwater Man Killed in Crash

TENNYSON, Tex. (AP) — Two cars collided near here Tuesday night killing the drivers of both vehicles.

The victims were Don Denman, 21, of Bronte, and Fred Ohlenbusch, 58, of Sweetwater.

Both men were alone when they met head-on on U.S. 277 about 23 miles north of San Angelo.

Advocate Female Astronauts

Miss Jergic Cobb, left, of Oklahoma City; Rep. Victor Anzosa (D-N.Y.); and Mrs. Philip A. Hart, wife of the junior senator from Michigan, pose with a model of a Centaur rocket. Miss Cobb and Mrs. Hart went before a House subcommittee headed by Anzosa to advocate women astronauts for the U.S. space program. (Story on Page 7.)

CLAY ON BERLIN— Khrushchev Using Issue To Split European Unity

By SAUL PETT
 Associated Press Writer

President Kennedy's personal representative to Berlin feels Soviet Premier Khrushchev may be using that perennial crisis to sow fears and differences among the Western Allies and impede European progress toward political unity.

Gen. Lucius D. Clay, who commanded the 1948-49 operation that broke the Berlin blockade, says he notes substantial improvement in West Berlin's situation at the moment and adds he sees no immediate change in prospect.

But he cautions Khrushchev conceivably might risk war over the

city, not because he wants a free West Berlin that badly, but because "he wants to destroy the movement toward political unity in Western Europe."

Clay, a U.S. promise not to abandon West Berlin to communism, advanced his views in an exclusive and unusually illuminating interview in New York with The Associated Press, the first half of which follows in question and answer form. The second half of the interview will be presented Thursday.

TRAVELER

Q. You are getting to be quite

a commuter to Berlin aren't you, general?

A. Well, I hope I'll be lengthening the time between visits, because I think they are in a status quo there now. It could last for many, many months.

Q. Why?

A. Well, in the first place the morale of the people in Berlin has withstood the wall and there is not much that the Communists can do to frighten Berlin short of those measures that would undoubtedly lead to massive counter measures. The pin-pricks which they might exert against the Allies, carried great risk. And they proved to be a failure in disturbing the Berliners. So I don't see what they have to gain out talking that risk.

DON'T KNOW

Q. Will your mission continue for the duration of the Berlin crisis?

A. I don't think we know. The President has asked me to continue as an advisor and obviously there is very little advice to give as long as we stay in the position of status quo. As far as Berlin is concerned there has been a substantial improvement.

Q. In what way?

A. Well the morale of the people has returned to normal and in fact I think they are probably more determined than ever to

13-Story Balloon Is Shot Into Space

CAPE CANAVERAL, Fla. (AP) — The largest space vehicle ever

sent aloft — a balloon which inflated to the height of a 13-story building — was rocketed 950 miles above the Atlantic Ocean today as a forerunner of an advanced Echo communications satellite.

The gleaming silvery sphere, dubbed "Big Shot," provided a brief but spectacular show for ground observers in the Cape Canaveral area as it separated from the Thor booster, expanded to its full 135-foot diameter, and drifted across the pre-dawn sky. It was visible for barely 10 minutes before becoming obscured by haze and cloud.

Clouds apparently confined observation of the big ball to the Cape area. Clear skies would have permitted observation of the balloon throughout much of the eastern United States.

Today's shot was to determine whether the balloons would expand and hold its form after being sent aloft. There were no communications tests.

The National Aeronautics and Space Administration announced success of the mission which paves the way for launching a similar balloon into orbit later this year as the Echo II experimental communications satellite.

After rising to 922 miles the balloon plunged back and burned up as intended in the earth's atmosphere. Death of the sphere occurred about 23 minutes after the 4:30 a.m. launching, and 483 miles south of the cape.

"Big Shot" is easily the largest package ever sent into space. However, many U.S. satellites have weighed much more than its 310 pounds.

A television camera mounted in the head of the Thor booster rocket sent live pictures of the balloon inflation to a monitor on the Cape. Officials reported they were of excellent quality and clearly showed the inflating of the balloon after it was released from a canister in the nose of the Thor.

Recovery craft waited about 250 miles northeast of San Salvador to try to pick up films made by a movie camera aboard the rocket that also recorded the inflation process.

VA Hospital Gets New X-Ray Machine

Service engineers for General Electric have begun installing a new X-ray machine at the Big Spring Veterans Administration Hospital.

The machine will cost an estimated \$17,000, including the original cost, installation and calibration, according to V. J. Belda, hospital director. It was purchased through the General Services Administration at a cost below normal price.

It is a Mark Four Imperial Radiographic and Fluoroscopic machine.

At present overhead beams and tracks are being installed. The X-ray tube hanger will be suspended from the ceiling and will be movable for use in any part of the room.

The unit is one of the best available. It will enable the hospital to take X-rays faster, at speeds up to 120th of a second. This cut-down on blurring caused by movement and blur caused by secondary rays set up when the primary X-rays strike the body.

Another advantage of the new unit is that rays will leave the X-ray tube in a pattern which matches the shape of the film, subjecting the person to no higher roentgen ray intake than is necessary to make the X-ray.

Installation may take another 3-4 weeks according to Maco Harrison, service engineer for GE.

Texas Farmers Make Some Hay

COLLEGE STATION (AP) — Texas farmers, with the return of good weather, made hay and returned to their cotton fields this week.

John Hutchison, director of the Texas Agricultural Extension Service, said moisture conditions are generally favorable and crops and ranges have responded.

Moisture was adequate in all coastal counties of far South Texas, but that inland counties need rain. Dryland crops are suffering and grazing is short. The Lower Valley is plowing for fall vegetable crops.

In South Central Texas, corn, cotton and grain sorghum prospects are good, except in the dry southwest counties. Sorghum is being harvested in southern counties of the district. Livestock are in good condition except in the dry spots. Pecan prospects are light.

Dry weather helped the upper Gulf Coast. Cotton looks good and is fruiting heavily but there's some shedding. Corn prospects were good. A small acreage of rice has been harvested. The crop as a whole looks good. Pastures and livestock are good but flies and mosquitoes are causing weight losses.

Moisture ranged from adequate to short in East Texas where the harvesting of peas, tomatoes, watermelons and cantaloupes is under way. Recent rains have improved pastures and livestock are in good condition. Prices are steady.

In Central Texas, moisture was adequate in the eastern counties but short to the west. Cotton is fruiting but some root rot is showing. Insect control and cultivation are the major activities. Corn and sorghums are maturing and prospects are good. Peanuts are growing but could use rain. Pastures are good. Livestock are in normal condition but stock water tanks in western counties are low.

A general rain is needed in Central West Texas. Pastures are suffering, cattle are in fair to good condition, sheep are not so good. Needle grass is hurting lambs. Stock water is being hauled in some areas. The hay harvest is well along. Pecan crop prospects are light due to insects. Boll weevil are up to damaging numbers in cotton. Sorghum yields in Tom Green and nearby counties will be light.

Rain has been spotted and inadequate over far West Texas. General rains are needed for grass and dryland crop growth. Irrigated crops are in excellent condition. Livestock conditions are improving where rains fell.

Moisture is adequate in Northeast Texas where the tomato harvest is ending. The watermelon and pea harvests are increasing. Cotton is blooming. Insect damage is light. Corn is maturing and high yields are expected. Peanuts and grain sorghum also look good. Livestock are in good condition and the market is strong.

Moisture generally is adequate in North Central Texas where cotton is making good growth. Pastures and livestock are in good condition.

Four of the 22 counties in the Rolling Plains (Vernon) need rain. Cotton replanting has been completed. Boll weevil emergency is heavy in some counties. Alfalfa is being harvested.

Cotton is making good progress on the South Plains. Onions, potatoes and cucumbers are being harvested. Dryland counties will soon need rain. Irrigation is widespread.

Recent rains have left moisture generally adequate over the Panhandle where the wheat harvest and sorghum planting are now complete. The moisture has created a big weed problem. Farmers were plowing wheat land and cultivating for weed control. Range and livestock conditions are excellent to good.

Sant Charged

Charles L. Sant, charged with concealing mortgaged property, has been formally charged in the court of Jess Slaughter, justice of the peace. The case concerns a 1957 model automobile. He has been arrested.

Gas Plea Made

WASHINGTON (AP) — El Paso Natural Gas Co. applied to the Power Commission Tuesday for authority to deliver natural gas to Nevada. Northern Gas Co. of El Paso proposed to build facilities to cost about \$4,804,000.

Dies In Crash

ELM MOTT, Tex. (AP) — A 10-year-old child, W. of Elm, Okla., died Tuesday after his plane took a nosedive shortly after take-off near this town. The plane was piloted by A. F. Stokes of Fort Worth, reported serious injury.

Showers Expected

By The Associated Press

Hit-and-miss thundershowers are expected to pepper widespread areas of the state through Thursday bringing temporary relief from summer heat for some areas.

Crusty showers and thunderstorms swept the state Tuesday, Dallas, Texarkana, Longview and Houston.

The wind struck at the farm of county commissioner Alvey Bryant in the Greenwood Community 12 miles southeast of Midland, lifting the sheet metal roof off a concrete building and slamming it against a garage and the Bryant home.

Early Wednesday light showers developed in the Abilene, San Angelo, Midland areas. Elsewhere skies were partly cloudy to cloudy.

The early morning temperature range was from 64 at Lubbock to 82 at Dallas.

SNAKE HANDLING

By F. H. Tarnet, preacher, Church of Christ, 1044 Highway 81, P.O. Box 1001

Some groups who believe the miracles of the New Testament were meant to continue in the church, handle poisonous reptiles. These groups are at least consistent. They shall take up serpents. It is included in the things that were to be done. They shall tread on serpents, sting, and bite, and they shall not hurt them. The serpent shall bite them, and they shall not be hurt. If one applies today, all apply.

The language is such as to require the handling of serpents. There was no "about it." They shall take up serpents.

From America to Australia has gone many different religions including modern day "healing" groups. But oddly enough those who handle the rattlesnake in America, and who experience swelling and only occasionally a death, have not entered Australia. They had better not attempt their snake handling in Australia, for that is the home of the deadly Tapan.

President Tells Red Envoy Berlin Is Not Negotiable

WASHINGTON (AP)—In words destined for Premier Khrushchev, President Kennedy is reported to have told the Soviet ambassador that the Soviet Union's demand for removal of U.S. troops from West Berlin is totally unacceptable.

Kennedy met with Ambassador Anatoly F. Dobrynin for an hour Tuesday night in his office at the White House. They also discussed Laos, disarmament and the problem of a ban on nuclear tests.

Dobrynin said as he climbed into his limousine to return to his embassy, "It would be improper for me to comment."

Kennedy intervened personally in U.S.-Soviet talks on the Berlin situation in the evident hope of overcoming any lingering belief in Moscow that the troops issue may be negotiable or that the United States would yet yield to threats and pressures and accept some kind of compromise for West Berlin's military protection.

The President's move came two days before Secretary of State Dean Rusk leaves for Geneva where he plans to talk over the East-West Berlin stalemate with Soviet Foreign Minister Andrei A. Gromyko. The occasion for their gathering in Geneva will be the signing of accords on the neutralization of Laos.

The effect of Kennedy's action is to reinforce Rusk's position at a crucial stage of the U.S.-Soviet talks.

The talks which began last September are deadlocked. There is little hope in official quarters that the deadlock can be broken in the predictable future. There is some lingering hope that if Khrushchev fully understands U.S. determination in support of West Berlin he

may be willing to reach some agreement on what the diplomats call a "modus vivendi"—a way of living with the situation without stirring up major crises periodically.

It was authoritatively reported that Kennedy's main concern in the unusual session with Dobrynin was to emphasize personally the importance he attaches to the

U.S. position that the Soviet demand for withdrawal of U.S., British and French troops from West Berlin is nonnegotiable.

This demand has dominated the recent Rusk-Dobrynin talks at the State Department to such a degree that Rusk told a news conference last week that it was blocking serious negotiations.

The Berlin issue has been discussed several times in recent months by Khrushchev and U.S. Ambassador Llewellyn E. Thompson Jr.

Khrushchev, however, has shown no sign of dropping his campaign to get the Western forces out of the isolated city.

On Laos, Kennedy is believed to have expressed satisfaction with the progress of measures to neutralize the country. He also is believed to have stressed the importance which the United States attaches to withdrawal of all foreign forces from Laos and to the denial of Laotian territory for the reinforcement of Communist guerrillas fighting in South Viet Nam.

Royal Welcome

This is a part of the huge crowd that waited for several hours to get a look at the new Miss Universe, Norma Beatrice Noland, of Buenos Aires, Argentina, as she left the Coronation Ball at Miami Beach. Her escort, F. T. Suarez, had to whisk her away from autograph seekers and teen-age admirers. The woman at the left of Miss Universe is unidentified.

U.S. Protests To Russians Against Buzzing Of Airplane

BERLIN (AP)—The United States has protested to Soviet officials against the buzzing of an American plane by a Soviet jet in one of the West Berlin air corridors Tuesday.

The MIG withdrew after a few minutes. The DC3 continued to Berlin and made an extensive flight over the city, checking radio beams and other flight aids, before landing.

There were no indications that shots were fired, that the Soviet

into Communist East German territory. The MIG then took a position off the wing of the U.S. plane.

The MIG withdrew after a few minutes. The DC3 continued to Berlin and made an extensive flight over the city, checking radio beams and other flight aids, before landing.

Fatal Collision

GRAHAM, Tex. (AP)—Lloyd Vaughn, 39, of Eliasville was killed in a two-car collision 15 miles southwest of here on U.S. 67 Tuesday night. The other driver, J. W. Ribble, 33, of Graham, was injured and in poor condition.

plane signaled the DC3 to land or that the two planes made radio contact. The American spokesman said he could not furnish the U.S. pilot's name or whereabouts, the markings on his aircraft or anything about the flight that might have made it of special interest to the Russians.

The spokesman said, however, that the Russians had advance word of the flight through a flight plan filed with the four-power Berlin Air Safety Center, one of the few places in Berlin where the British, French and Americans still have regular contact with the Russians.

A U.S. statement said the protest was passed to the Soviet officials in the Air Safety Center. There was no immediate reaction from the Soviet side. The Russians usually ignore such protests.

Reds Doctor Interview Text

MOSCOW (AP)—The Soviet Communist party newspaper Pravda devoted its front page and another to the doctored text of Premier Khrushchev's interview last weekend with visiting American newspaper editors.

The interview appeared under a red banner headline together with a photograph of Khrushchev and the editors in the premier's Kremlin office.

The published text was the same as the transcript handed to the editors on Monday. The American newspapermen have complained that certain changes and deletions were made in the text.

Soviet Foreign Ministry press officials, at a reception for the editors Tuesday night, complained privately about Western news stories pointing out the changes.

FOCUS ON HEALTH

By The Associated Press
An astronaut's way of feeding babies, a medical passport, and potential risks in lollipop rewards are health news items.

Space Dividend

Babies and mothers are promised a dividend from the space age.

Astronaut John H. Glenn Jr. ate from a plastic squeeze tube, squirting food into his mouth, during orbit. Now, the same idea is being developed for no-mess, easy feeding of babies during travel by car or plane, or on picnics. Similar food tubes are equipped with a clear, plastic, hollow-stemmed spoon attached to the tube.

Just the right amount of fruit, vegetable or other food can be squeezed into the spoon. A hermetic seal in the neck of the tube is punctured when the spoon is screwed onto the tube. Tube and spoon are disposed of afterward.

A baby food company is testing the squeeze tubes, originally developed by the American Can Company for feeding astronauts under weightless conditions of space flight.

Medical Passports

To ensure proper emergency medical treatment at home or abroad, you can carry a medical passport listing essential information which a doctor or hospital should know about your own health. The pocket-sized document can contain data on treatment for a heart condition, for diabetes, epilepsy, or other disorders, as well as giving your blood type.

Lollipop Reward

You may be setting an unwise precedent in rewarding or bribing a child with a lollipop or cookie, says Dr. Morton B. Glenn of New York City.

Food regarded as a reward in child or adult life could tend to encourage obesity. "The harassed mother, who says to her 2-year-old, 'If you'll be good, I'll give you a cookie,' is probably starting a habit that could ultimately result in her child's having a shorter life span as an adult" due to obesity.

Church Ritual Unites Jane Dobbs, D.L. Kirby

A double ring service was read uniting Miss Jane Dobbs and Delbert Lynn Kirby in marriage. The ceremony was performed Saturday evening in the First Methodist Church at Loraine, with the Rev. Frank Story, pastor, officiating.

The couple's parents are Mr. and Mrs. Martin Dobbs of Loraine and Mr. and Mrs. J. H. Kirby of Louisville, Ky.

Miss Linda Willis of Abilene was the bride's maid of honor and Mike Dobbs served as best man to the bridegroom.

The bride's street-length, princess gown was white, fashioned with bateau neckline. Her veil of illusion was secured by a bandeau of clustered white flowers.

A program of nuptial music was provided by Miss Virginia Templeton.

The couple left afterward on a wedding trip to Colorado. For travel, the bride chose a blue dress and matching accessories. The Kirbys will return to make their home at 908 Runnels in Big Spring where he is employed as sales manager for KBST Radio.

The bride attended Midwestern University in Wichita Falls. She has recently been employed with the Colorado City Record. Kirby attended school at Murray State College, Murray, Ky.

MRS. DELBERT LYNN KIRBY

Leaves On Vacation

GARDEN CITY, SC. — Mrs. Jewel Neal of San Angelo and her granddaughter, Miss Barbara Ballenger of Garden City and Midland left by plane Friday from Midland for Hawaii. They will vacation there for four weeks, returning around Sept. 10 aboard the Lurline. Before returning home they will visit Disneyland and the Seattle World's Fair.

Anniversary Date Is Noted By Rebekahs

In recognition of the 15th anniversary of the founding of John A. Kee Rebekah Lodge, a program was directed by Mrs. O. G. Burns and Mrs. Leon Cole Monday evening at the hall.

A special tribute was paid to

Shower Held In Honor Of Mrs. Fitts

Mrs. Buford Fitts, the former Marilyn Uphaw of Odessa, was complimented Monday at a shower given in the home of Mrs. Cecil Alfred at Ackerly.

The wedding of Miss Uphaw and Buford Fitts took place in Oklahoma City Okla. June 29.

Thirty guests were served from a table spread with white organza and appointed with milk glass blue sweetpeas and hydrangea formed the table centerpiece which was flanked by blue tapers in milk glass holders.

Mrs. Darlene Wright, Miss Doreen Alfred and Miss Kay Dyer were those who served.

Coinstresses were Mrs. Willie Reese, Mrs. John M. Hale, Mrs. E. B. Murphy, Mrs. Jack Grigg and Mrs. Dan Brasher. Mrs. Hale was in charge of the register.

Coffee Is In Honor Of Visitor

An informal morning party was given Tuesday for Mrs. E. D. Kittinger of Fresno, Calif., the former Jocile Tompkins. Mrs. Charles Tompkins was hostess for the coffee, given in the Blue Room of the Cosden Country Club.

Some 30 guests were served from a polished table centered with fresh fruit and flowers arranged in a summer straw hat.

Mrs. Kittinger is visiting here in the home of her mother, Mrs. Nellie Tompkins. She was accompanied by her daughters, Jana and Kandi who is presently with her father's mother at Ruidoso, N. M.

Grigsbys Hosts To Buffet Party

Two couples were complimented when a pre-nuptial party was given Tuesday evening by Mr. and Mrs. M. C. Grigsby and their son, Wesley, at their home, 701 W. 18th St. The honored guests were Miss Klata Woodul and her fiancé, George Peacock, who are to be married in August, and Miss Martha Hardy and Johnny Roy Phillips, also planning an August wedding.

The buffet supper was served from a table centered with a multi-colored arrangement of majestic daisies and pompon mums. Mrs. Grigsby was assisted in serving by her granddaughter, Miss Brenda Beal of Ackerly.

Brass and copper chafing dishes were received by the honorees. Following supper, the 20 guests joined in games of bridge.

West Side WMS Begins New Study

Mrs. C. L. Kirkland presented the first chapter of a new mission study book, "Enlistments for Missions," to members of the West Side Baptist WMS, Tuesday morning at the church.

The study of the chapter, "Woman in Transition," was followed by a talk by Mrs. Jake Trantham entitled "Forty Years from Now." Mrs. Trantham also read the prayer calendar. The 11 members in attendance joined in group singing.

The group was dismissed by prayer by Mrs. Cecil Rhodes.

Toastmixers Talk About Activities

Members of the Toastmixers Club of Big Spring State Hospital held a session Monday at the Administration Building with Mrs. B. F. Meacham, member of the Toastmixers Club as guest and sponsor. She was accompanied by her husband, Chaplain Meacham.

The main talk of the evening concerned how to obtain work through an employment agency. A question and answer period followed. The subject of hobbies was stressed in table topics. In their talks on hobbies, they pointed out that mental illness is no different from any other illness.

The sexologist presented a study of new words. Mrs. Meacham gave the timekeeper's report.

Youngs Host Houseguests

Dr. and Mrs. Paul Young have as their guests her brother, the Rev. John L. Womack, arch deacon of the Episcopal Diocese of Atlanta. Guests were their daughters, Alma and Jane, and son, Johnny.

The Womacks, on their first visit to West Texas, are to be here about two weeks. With the Youngs, they have just returned from visiting Carlsbad Caverns and points of interest in El Paso. The party was accompanied by Miss Martha Persons of Van Nuys, Calif., granddaughter of Mrs. Hila Weathers.

The two families were guests of Dr. Young's mother and sister-in-law, Mrs. and Mrs. Harold Young of Odessa, when they entertained on Friday at Sand Hills.

Lions Auxiliary Meets For Supper

Members of the Evening Lions Club Auxiliary held a covered-dish supper and social hour Tuesday evening in the home of Mrs. Gen. Burnes. Mrs. Durwood Walker served as cohostess.

The only business transacted was the planning of Men's Night to be held in September.

The next meeting will be Aug. 21 at 7:30 p.m. in the home of Mrs. Lucian Jones with Mrs. Earl Penner as cohostess.

Mrs. Collins Will Be Guest Of The Queen

Mrs. Joy Collins, accompanied by her husband, R. L. Collins, left Big Spring by plane today beginning an extended trip which will take them to various parts of the United States, the British Isles, and other European countries. Mrs. Collins was first place winner of an international contest sponsored by Studio Girl Cosmetics of Glendale, Calif.

Highlights of the trip will be meeting Queen Elizabeth at the Queen's Garden Party, July 24, at Buckingham Palace, and being received by Princess Grace of Monaco.

Mrs. Collins will meet the Queen wearing a blue embroidered eyelet sheath, a small closefitting hat of flower petals and black patent shoes and bag. In the palace of Princess Grace she will be attired in a black wool knit Kimberly suit with black accessories.

Prior to departing the United States, Mrs. Collins will be guest of honor at the Grand Ball of Studio Girl Cosmetics at the Coconut Grove. For this occasion she will stand out in a royal on navy blue brocade sheath and iridescent crystal jewelry. Her shoes and bag will be black patent.

While in London, Paris, Nice, Venice, Rome and Copenhagen, Mrs. Collins and her husband plan to spend their days sightseeing in London they will see the changing of the guards and, hopefully, the Pope in Rome.

When preparing for the month's trip, Mrs. Collins had to choose her wardrobe carefully, because she and her husband were allowed only 40 pounds of luggage apiece. Mrs. Collins selected several basic dresses, suits and a few after-five dresses. Her husband had to select an evening suit and a morning suit for the formal occasions planned.

Returning to Big Spring the latter part of August, Mrs. Collins will leave soon afterward for New York where she will sightsee for two days and will be guest at a meeting for Studio Girl in St. Louis, Mo., she will be guest of honor at the Central State Convention and at the Eastern State Convention at Hatterville, N. J.

To Wear Before The Queen

A blue, embroidered-linen eyelet sheath was chosen to wear before the Queen at her Buckingham Palace garden party, when Mrs. Joy Collins selected a traveling wardrobe. The black knit will be worn to see Princess Grace at Monaco, and packed in the blue brocade sheath, for a company ball at the Coconut Grove.

Mrs. Vick resides at 105 East 22nd, Big Spring.

Fourteen gold star hostesses presented diamond crown pins presented by Mayor George Zachariah. Serving as master of ceremonies was Andy Andrews, assistant to president of Studio Girls Co.

Music was furnished by Joe Dunn and his band. About 250 guests, including hostesses and their families, attended the event.

PRE-NUPTIAL AFFAIR

Miss Martin Honored With Morning Coffee

The home of Mrs. W. A. Hunt, 602 Tulane, was the scene of a Tuesday morning coffee honoring Miss Sharon Martin, bride-elect of Fred White. Co-hostess was Mrs. Ben F. Johnson Jr.

About 50 guests, all members of the Howard County Junior College summer faculty, the staff and the faculty wives, called between the hours of 10 and 11:30 a.m. Mrs. A. L. Martin, mother of the bride-elect, is an English teacher at HJC.

Mrs. B. M. Keese presided at the refreshment table which was

laid with an orchid-linen cloth. An arrangement of white and orchid asters in an Italian bronze bowl centered the table which was appointed with copper. The bride-elect's chosen colors of orchid and white were carried out in other house decorations.

The hostesses presented Miss Martin with a corsage of white carnations. Special guests were Mrs. Martin, Mrs. J. A. Whisenant, mother of the bridegroom-elect, and Mrs. E. E. Bryant, grandmother of the bridegroom-elect.

Couple Is Married At Midland

Marriage vows of Miss Linda Gay Davison and Edward L. Engel were solemnized Saturday morning at the St. Ann's Catholic Church in Midland. Officiating in the double-ring ceremony was the Rev. Robert J. McDermott.

Parents of the bride are Mr. and Mrs. W. D. Davison, 4106 Harlowe Drive, Midland. The bridegroom's parents are Mr. and Mrs. E. J. Engel, 106 East 23th, Big Spring. The bride was given in marriage by her father. Attending the couple were Mr. and Mrs. Loyd Van Jones, matron of honor and best man.

A graduate of Midland High School and Shannon School of Nursing, the bride was previously employed at Midland Memorial Hospital.

The bridegroom graduated from Garden City High School in 1956 and served four years in the U.S. Navy. He is presently employed by the U. S. Post Office in Big Spring.

Following a wedding trip to New Orleans, La., the couple will live in Big Spring.

Patrol Party For Travelers To Cloudcroft

Senior Girl Scouts were hostesses Tuesday evening to a Round-up Patrol, comprising girls who were named as alternates for the G.S. Roundup in Vermont. The patrol of six Girl Scouts and three adults from the Rio Grande Valley is on a consolation trip to Cloudcroft, N. M.

A party in honor of the visitors was given by Big Spring's senior Scouts at the home of their leader, Mrs. Clyde Thomas Jr. Mrs. Larson Lloyd assisted during the evening.

Another patrol is expected to arrive in Big Spring Monday en route from Waco to the Grand Canyon. Entertainment is planned for its arrival.

Algeria's Regular Army Is Ace In The Gamble For Power

By MICHAEL GOLDSMITH
An AP News Analysis

ALGIERS (AP)—Algeria's Communist-equipped regular army is the ace in the gamble for power by dissident Deputy Premier Ahmed Ben Bella.

It is an army of 45,000 tough, well-trained and determined men with something like a guilty conscience. It won its war of independence without ever fighting a real battle.

Unlike the underground resistance fighters in Algeria's cities, and the guerrilla soldiers who battled the French in the interior, the regular army spent the seven and a half years of war in neighboring Tunisia and Morocco, waiting to go into action.

Apart from sporadic attacks on the electrified French defense lines along Algeria's eastern and western borders, the action never came.

While they waited and trained,

their chief of staff, Col. Houari Boumedienne, organized them into Communist-style shock troops, complete with political commissars and lectures on the evils of colonialism.

Red China, the Soviet Union and other Communist countries sent money, arms and equipment. It was the guerrillas of the wilayas—zones—of the interior, fighting with knives and explosives or with arms captured from the enemy, who wore down the French resistance and sacrificed their lives to win independence.

On the eve of independence, Premier Ben Youssef Ben Khedda accused Boumedienne of plotting to use the army to set up a military dictatorship in the new state. Boumedienne was fired and the general staff dissolved, but the army ignored Ben Khedda and continued to obey Boumedienne's orders.

Ben Bella, advocating a speedy

socialist revolution for Algeria and dependence on the Communist world rather than the West, fled from Tunis, accused Ben Khedda of heading an illegal regime and joined forces with Boumedienne and his army.

Ben Khedda's government then asked the French authorities to hold the electrified barriers and keep the rebellious army out of the country at least until the new regime was firmly installed. The French refused, pointing out that the Evian cease-fire accords call for the frontiers to be opened immediately after the July 1 self-determination referendum.

Four of the six wilayas, covering the western half of the country, the Sahara in the south and the Aurès Mountains in the east, quickly joined forces with the "brothers returning from exile."

Only the autonomous zone of Algiers and the two wilayas immediately east of the capital remained loyal to Ben Khedda. This left the government in control of little more than a coastal strip, barely 60 miles wide, stretching from Algiers eastward to the Tunisian border.

The government forces would be hopelessly outnumbered in a shooting fight. Most observers in Algiers believe Ben Khedda will be forced to come to terms with his enemies.

"It is a bitter irony," said a Moslem lawyer with a distinguished resistance record. "We fought for years against the French paratroopers only to have them fall under the heel of our own troops."

Rusk To Seek Hint On Red Plans For Berlin

WASHINGTON (AP)—Secretary of State Dean Rusk hopes to gain a clue from Foreign Minister Andrei Gromyko this weekend on whether the Russians intend to stir up further trouble over Berlin.

F. Dobrynin, with neither side budging.

Rusk was reported intending to make clear to Gromyko that the West is as determined as ever not to yield what it considers its vital Berlin rights.

Moscow stoked its Berlin campaign with a note to the Western powers published Monday rejecting the West's June 25 note suggesting talks in Berlin about cutting down on dangerous border incidents. U.S. authorities said the communication from Moscow evidenced no change in the Soviet position, but was couched in nasty language.

Also read with interest was Khrushchev's interview with a group of American editors in which the Soviet chief listed Berlin as a main impediment in U.S.-Soviet relations but avowed no deadline for a settlement. Here again, observers spotted no significant change in the Moscow line.

Rusk plans to leave at midnight Thursday for Geneva, where he has allotted approximately four working days for talks with Gromyko and other foreign ministers and for the signing of the 14-nation agreement on Laos.

This will mark a new chapter in the lengthy and so far inconclusive talks on stands that have remained unchanged. Soviet Premier Khrushchev's demands that Western forces get out of West Berlin, and the Western determination to keep them there.

Since he last met Gromyko in Geneva in March, Rusk has held a half dozen talks on Berlin here with Soviet Ambassador Anatoly

ing that they be admitted because they have a very real contribution to make."

Her testimony was prepared for a House Space subcommittee studying the qualifications for astronauts—male and female.

Mrs. Hart had made it clear earlier this year that she'd like to be a spacewoman herself, although her primary interest was in seeing the program opened up to qualified women.

Mrs. Hart is convinced the Soviet Union will send a cosmonaut into orbit this fall—and will be first unless the United States acts soon.

She said that such talk by a woman "is going to inspire a lot of condescending little smiles and mildly humorous winks."

Mrs. Hart, a 40-year-old blonde, asked the subcommittee: "Why must we handicap ourselves with the idea that every woman's place is in the kitchen despite what her talent and capabilities might be? Let's face it: for many women the PTA just isn't enough!"

But Ma'm, They've Always Been In Orbit

WASHINGTON (AP)—The PTA and bridge club can look pretty tame to a girl when outer space beckons, a senator's wife who is a mother of eight observed.

So why, Mrs. Philip A. Hart asked a House subcommittee, doesn't the United States take a closer look at the possibility of rocketing a female into orbit?

DEAR ABBY Wrong Boy In The House

DEAR ABBY: I know my parents mean well but they are not on my side in a very important matter. I used to like a boy named Dick, but I just interest in him. My parents are crazy about Dick and have practically made him a member of the family. They have told him he is welcome to come over any time, which he does. I would just as soon not have him around the house all the time as other boys stay away when they see his car parked outside. My parents say he comes over to see THEM, not me, and I don't have to pay any attention to him. Do you think this is fair to me?

DEAR GIRL: There are more than knees involved here. Start looking for another job or you'll be up to your neck in trouble.

DEAR SHELLY: Your parents may "mean well" but they are certainly not being fair to you. Explain how Dick's car is a "scarecrow" keeping more desirable birds away and perhaps your parents will reconsider and change their tactics.

DEAR ABBY: You always preach that children should "honor their parents." I don't want to seem heartless, but it is my experience that people usually get back what they give. Just because they happen to be parents doesn't entitle them to "respect" they haven't earned. I know a widow who cries all over that her children ignore her. Actually all her life she made trouble for them with her wicked tongue and evil imagination. Now they want nothing to do with her. And who can blame them? Be fair, Abby, and print this to show the other side of it.

DEAR ABBY: I recently graduated from secretarial school and got a job as secretary to a man who is old enough to be my grandfather. When I take dictation, he pulls my chair near his. Several times he has pressed his

CONFIDENTIAL TO LULU: You should have walked home. You can always buy a new pair of shoes.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, in care of The Big Spring Herald.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Showers Fall In Wide Areas

By The Associated Press

Thunderstorms and fog covered widely scattered sections of the country early today.

Showers were reported over the eastern slopes of the Rockies, the upper plains, the central Gulf Coast area, in the Appalachians and over the lower Great Lakes.

The early morning fog covered wide sections of the central and northern Atlantic Coast states and portions of the southern Pacific Coast.

Morning temperatures dipped to around 40 degrees in the northern Rockies and northern plateau region. Some sections of the Gulf Coast region, the desert Southwest and interior valleys of California had readings in the 80s and 90s.

The early morning's highest readings were 95 degrees at Blythe and Needles, Calif., and 94 at Phoenix and Gila Bend, Ariz.

Graves Moved

MEXICO CITY (AP)—Remains of 1,531 persons buried at the old Coyoacan graveyard were removed last week to make room for a new avenue in this rapidly-expanding and traffic congested city.

Middleman Out

MEWICO CITY (AP)—Small coffee producers are planning to set up more stands here to sell coffee directly to the public without going through distributors.

Income, Production Rose, But The Pace Was Slower

WASHINGTON (AP)—Personal incomes of Americans add the nation's industrial production advanced in June to record highs.

But the income gains were only half as great as in the previous month. Industrial production rose so slightly as to remain almost on dead center.

The two key economic indicators are expected to be scrutinized closely by President Kennedy as he considers seeking an economy-spurring tax cut this year.

The Commerce Department said personal incomes rose \$700 million in June to a record annual rate of \$440.4 billion, an increase of \$24 billion over June 1961. But the increase was only about half as big as the one registered in May and was substantially smaller than the advances made earlier this year.

The Federal Reserve Board said that industrial production in June struggled upward to a record 117.8 per cent of the 1957 level compared with 117.5 per cent in May. Some economists expressed surprise that it hadn't declined in the face of the stock market plunge and a strike which cut sharply into auto production.

The increase was less than half that recorded in May, and was so small the board said: "Most measures of business activity changed little in June."

The Reserve Board's monthly report showed these items on the minus side:

An 8 per cent decrease in auto production, attributable mostly to a strike at the Ford Motor Co. parts plant at Walton Hills, Ohio, which led to an assembly line shutdown of several days.

An 8 per cent decline in iron and steel production following a 14 per cent drop in May.

A decline in stock prices to a low point in late June.

An increase of one-tenth of 1 per cent in unemployment.

Retail sales off 2 per cent and new car sales down 7 per cent.

On the plus side, the board reported:

Continued increases in production of television sets, furniture, some consumer staples, and commercial and farm machinery.

Generally stable commodity prices.

New advances in construction that boosted residential, commercial and industrial building to a record annual level of \$63 billion.

Figures on June retail sales, employment and construction already had been released and presumably have figured in any White House deliberations on whether to ask Congress for a tax cut this year to stimulate the economy.

Kennedy has said he will propose tax reductions and tax reforms when Congress convenes next January. Pressure for a quick tax cut has been mounting from business, labor and some members of Congress.

The plan does not envision a ban on the flow of military dependents overseas. Servicemen's families only recently began traveling to Europe after an eight-month ban imposed to save money.

McNamara also expressed hope of expanding an experimental program of rotating 1,500-man Army battle groups to Europe for short periods without dependents. He estimated the savings here at between \$1,000 and \$3,000 annually per soldier.

Plan To Cut Dollar Drain Could Hike Defense Costs

WASHINGTON (AP)—A new Defense Department drive to cut the overseas dollar drain another \$900 million without sacrificing fighting power could increase the nation's defense budget, now running close to \$50 billion yearly.

But Secretary of Defense Robert S. McNamara, in launching the three-year drive, said he didn't know how much the new approach would cost the taxpayers.

"The savings in gold we believe will justify such a penalty," he told a news conference.

Most of the savings will come through reductions in overseas buying, much of it in Europe. Pentagon experts will also study whether fewer foreign workers can be employed at overseas military installations and will look

into the possibility of sending prefabricated housing overseas.

This would mean the purchase of more supplies in this country at higher U. S. prices plus the added cost of transporting them to other countries.

The plan does not envision a ban on the flow of military dependents overseas. Servicemen's families only recently began traveling to Europe after an eight-month ban imposed to save money.

McNamara also expressed hope of expanding an experimental program of rotating 1,500-man Army battle groups to Europe for short periods without dependents. He estimated the savings here at between \$1,000 and \$3,000 annually per soldier.

Khrushchev With U.S. Editors

Soviet Premier Nikita Khrushchev, in light suit, poses with U.S. editors in the Kremlin, in this photo from the Soviet agency Tass. Others, from left, are: Vermont Royster, Wall Street Journal; Lauren K. Smith, Des Moines Register & Tribune; Robert Esterbrook, Washington Post; Felix McKnight, Dallas Times Herald; Paul Miller, Gannett Newspapers; Michael Ogden, Providence Journal and Bulletin; Lee Hills, Knight Newspapers and president of the American Society of Newspaper Editors; William Woestendiek, Newsday, Garden City, N.Y.; Walker Stone, Scripps Howard Newspapers; Creed Black, Wilmington (Del.) News-Journal; Stephen Rosenfeld, Washington Post; and John Herbert, Quincy (Mass.) Patriot Ledger.

Politicians Get Campaigns Rolling In Talks For Union

SAN ANTONIO (AP) — Texas politicians have started the general election campaign in a unique meeting of the state AFL-CIO. Candidates of both parties for the four statewide offices appeared Tuesday before the State AFL-CIO Committee on Political Education (COPE). John Connally and Jack Cox, nominees for governor, led the fray. COPE will meet in a closed meeting to decide on endorsement. Connally and two other Democrats asked for labor backing. Joe Pool, a Democrat running for congressman at large, did not ask directly for labor support. Indications at the convention were that Connally answered organized labor's questions about himself and politicians said he stood a good chance of getting COPE's endorsement. "You and I can live together in Austin and both can make some progress," Connally said. "You may not get everything you want and I shall not get everything I want."

Caldwell Gets Two Webb Bids

Big Spring, San Angelo and Oklahoma City contractors were the successful bidders on work at Webb AFB during the period beginning June 22 and ending July 11.

The big job of the period went to a Big Spring contractor, W. D. Caldwell, Inc. for the repair of the operational apron. His bid was \$80,000. The Caldwell company also was the successful bidder on the alteration of the Base Motor Pool involving an expenditure of \$18,000.

The Oklahoma City firm — the Townsend Sealing Co. — was awarded the \$17,025 contract for repair and reconditioning runways.

The Leon Burk Construction Co. San Angelo was low on the construction of transport shelter with a bid of \$10,452.

On Sedalia Trail

Officers from Sedalia, Mo. are due here today to take custody of Frank J. Lynch, Lynch arrested in Big Spring on a Missouri warrant alleging felony bad check. Missouri has not opposed removal to that state and the extradition was obtained by Missouri authorities.

WEATHER

NONA LANGLEY

Nine Pretty Misses Enter Queen Contest

STANTON—Nine pretty misses are entered in the Martin County Fair. Bureau's queen contest which will be held at 8 p.m. Friday in the high school auditorium.

The latest to enter is Nona Langley, daughter of Mr. and Mrs. L. J. Langley.

Other entrants announced by Mrs. Lewis include Brenda George, daughter of Mr. and Mrs. Marvin George; Janice Glaze, daughter of Mr. and Mrs. Joe Glaze; Nona and Ann Yater, daughters of Mr. and Mrs. J. M. Yater; Marilyn Sale, daughter of Mr. and Mrs. J. C. Sale; Mary and Helen Gaspie, daughters of Mr. and Mrs. Claude Gaspie Jr.; Pat Thraskill, daughter of Mr. and Mrs. Bob Thraskill; Robbie Haggard, daughter of Mr. and Mrs. Robert Haggard; Joanna Epley, daughter of Mr. and Mrs. J. C. Epley.

Eligibility is restricted to young ladies who are in families which are members of the Farm Bureau. The Martin County winner will vie for district honors.

The committee in charge of arrangements includes Mrs. Carole Mrs. Owen Kelly, Mrs. R. E. Rowden, Mrs. P. G. Yates, Mrs. Brudee Key, Mrs. S. J. Foreman, Mrs. Tom Smith and Mrs. E. B. Howard.

Lounge Loses A Money Sack

About \$35 in a money sack was reported taken from Emmitt's Lounge, 506 NW 1st, some time Monday night. The money was in a paper bag. The bag was entered through a window on the south side and the window was pried open. Nothing else was missing.

Walter Johnson, 304 Newton police early this morning, that a money sack valued at \$35 had been taken from the lounge. Johnson was taken between 7 p.m. and midnight Tuesday. The owner of the lounge was not known.

Second Girls' Day Camp Set

A second session of the YMCA Girls' Day Camp will be held on five days beginning July 23. The camp is open to girls in the first through sixth grades and at least 20 girls are needed to operate the program effectively. The camp will be held from 9 a.m. to 2 p.m. every day in Budwell Park and fee for the week is \$8. Mrs. Jimmy D. Jones is camp director.

RAIN

(Continued from Page 1)

the sentiment of farmers and ranchers. In Big Spring, the temperature dropped to summer resort levels with an official high of 78 degrees for Tuesday. The low last night was 66 degrees.

GRASS GREENER
Overnight, lawns, flowerbeds and shrubs showed remarkable rallying power and the town presented a markedly green appearance Wednesday. Grass, some homeowners claimed, "jumped up half an inch overnight."

City hall eyed its water reports dubiously. The heavy consumption totals which had been recorded daily dwindled as householders cut off sprinklers and air conditioners.

TESCO stations outside the county reported the following rains: Eskota .08 of an inch, Colorado City .48 of an inch, Morgan Creek .49 of an inch, Snyder .06 of an inch.

Letters

Complains Of Streets
To the Editor:
I would like to know why we can't get the city to do something about the paving of Birdwell Lane. In a recent issue of the Herald I read about the city asking for bids on paving of five blocks which included Birdwell Lane between Alabama and Marcy Drive.

Why can't the city do something right for a change? Between the gas company and the water department and anyone else that wants to dig a hole in the middle of Birdwell Lane, we won't ever have a good street there. The whole street is a mass of patches and old used-up pavement for the entire length of the street.

Witness Returned For Court Martial

A 14-year-old girl, needed here as a witness in court martial proceedings Wednesday at Webb AFB, was brought back to Big Spring Tuesday from the Gainesville Training School for Girls.

Bob Darland, county juvenile officer, took custody of the girl at the school and returned her here to testify in the trial of an airman.

She will be returned to the school.

But Did He Get A Dry Paper?

"Hey!" yelled the man for whom the newspaper was intended. "Look what you done!"

Edward Lee Wulsky, 17, Coahoma, who had just thrown the folded issue of the newspaper, turned to see what the man meant. The paper had landed in a puddle of water.

Wulsky's car continued onward to crash into a three-inch galvanized iron post.

Jerry Owen, 6, his stepbrother, smashed the windshield with his head but was not hurt. Damage to the car, the state highway patrol said, would run around \$75.

Two Injured In Accident

Two men were taken to the Howard County Foundation Hospital and Clinic with minor injuries early this morning following a one-car accident on Northwest Twelfth and the Snyder Highway.

Daniel Anderson Brown, Fort Worth, and Otis Scott, an occupant of the car, were treated for lacerations about the face and released. They were taken to the hospital in a police patrol car. The car Brown was driving received about \$400 in damage and signs and a once along Twelfth Street were damaged.

No injuries and only small damage was reported in three other collisions investigated by police Tuesday. Scenes of the accidents and drivers involved were at Fourth and Hunnell's Sausage Shop, 108 Lockhart and 3rd Texas. Knott at 201 E. 3rd David Lee Boing, Wichita Falls, and a parked car belonging to June Davis Ray, Amarillo, and at 208 Gregg, Ralph White, San Angelo, and Raymond Vance, Box Abilene.

British Judges Refuse Soblen's Plea For Freedom

LONDON (AP)—Three high court justices refused today Dr. Robert Soblen's plea to be set free on British soil, but gave him permission to appeal the decision.

4 Missing Crewmen Found Alive In South Viet Nam

SAIGON, South Viet Nam (AP)—All four U.S. Air Force crewmen aboard a two-engine transport that crashed Sunday were found alive late today.

A rescue helicopter was unable to land at the crash site in the mountainous terrain 150 miles northeast of here. But a sling lift was lowered, on which two of the survivors were lifted to a hovering craft and taken to a field hospital at the coastal town of Nha Trang.

One of the other two survivors apparently had a broken leg, and could not use a sling. The fourth survivor stayed on the ground with his companion, and medical personnel were lowered.

None of the four men was seriously injured, U.S. authorities said. The Air Force has identified the four as Capt. James E. Henderson of Seymour, Iowa, the pilot; 1st Lt. Winston R. Harris of Harlem, Ga., the copilot; S. Sgt. Charles F. Richards of Spring Lake, N.C., the flight engineer; and S. Sgt. Henry Stefanski, whose wife, Gloria, lives in Fayetteville, N.C.

Little Action, Jury Excused

Howard County criminal court failed to get off the ground Wednesday and the jury panel was excused to report again Thursday morning.

Case against Clifton Woodard, charged with aggravated assault was slated for trial but Wayne Burns, county attorney, had to continue the matter when he found one of his main witnesses is no longer in the county.

Billy Randell, charged with DWI, was No. 2 defendant on the day's list. When his case was called, his attorney answered but Randell was missing. The lawyer could not find his client and Judge Ed Carpenter ordered his bond forfeited. A warrant for Randell's arrest was issued.

There were no other cases set for the day. Thursday the court is slated to try Paul Limer, charged with DWI. Another plea of guilty was entered Tuesday morning. A. Escobedo, charged with DWI, pleaded guilty to the charge. His punishment was fixed at a fine of \$50, court costs, and three days in the county jail.

STATE COURTS

AUSTIN (AP)—Supreme Court case Court of Civil Appeals affirmed. Clarence W. M. P. Anderson, Indian County, vs. M. P. Anderson, Indian County. The court affirmed the judgment of the Court of Civil Appeals. The court affirmed the judgment of the Court of Civil Appeals.

Another case, involving a dispute over land, was also heard. The court affirmed the judgment of the lower court.

Witness Returned For Court Martial

The car Brown was driving received about \$400 in damage and signs and a once along Twelfth Street were damaged.

SPACE RACE RITES

Collier Trophy To X15 Pilots

WASHINGTON (AP)—President Kennedy presented the Collier Trophy today to record-setting Maj. Robert M. White and three other test pilots of the rocket-powered X15 research airplane.

Kennedy presented the trophy in a ceremony on the White House south lawn which was attended by many people connected with aviation, including some past winners of the Collier Trophy awarded annually for outstanding achievements in aviation.

Kennedy took note of White's flight Tuesday which reached a new altitude record for manned aircraft of 58,700 feet. The flight qualified White for astronaut wings.

Kennedy praised White and the others for their contributions to the conquest of space which the President calls "the new ocean."

White, 38-year-old engineer-test pilot, accepted the trophy on behalf of the four X15 pilots, but stressed that many other people who were not present had contributed to the success of the high-altitude flights.

Sharing the Collier award with White are Joseph Walker of the National Aeronautics and Space Administration, Scott Crossfield of North American Aviation Co.

Walker and Crossfield were awarded the trophy last year for their work on the X-15.

Sir Winston Is Recovering

LONDON (AP)—Sir Winston Churchill had another good night's rest, Middlesex Hospital officials said today.

The 87-year-old wartime prime minister's recovery from a broken thigh with complications of phlebitis and bronchial infection was apparently continuing well. No formal medical bulletin is to be issued until Friday afternoon.

Loan To Dille

WASHINGTON (AP)—The Community Facilities Administration made an interest-free loan of \$100,000 Tuesday to help Dille Tex plan a natural gas distribution system estimated to cost \$185,078.

Tire Causes Fire On Trailer Truck

A fire which blew out caught fire and damaged the rear tires on a trailer truck belonging to Eagle Transport. The accident occurred about 2:15 a.m. today about five miles out on US 80 east.

Another small car fire was reported at Eighteenth and Gregg Tuesday morning. Its cause was listed as a leaking carburetor. The car belonged to an Isam Snail.

Paving Bids To Be Asked Aug. 13

Bids on paving four city streets will be received Aug. 13 on paving may begin, according to Bruce Dunn, director of public works.

Dunn said work is to be done on a year-round basis, one block at a time as soon as sufficient property owners have been signed, public hearings have been held, bids asked and contracts let.

Paving on Aug. 13 are a strip on Birdwell Lane between Alabama and Marcy Drive, and one block sections between Third and Fourth Streets on Brown, San Jacinto and Austin.

Church Makes Scout Plans

An adult leadership organizational meeting for a Boy Scout and Cub Scout troop was held at the Kentwood Methodist Church Tuesday evening.

Selected as scoutmaster for the new Boy Scout Troop was Cecil Clark as his assistant. One of the den mothers will be Mrs. Clayton Clark. Others will be selected later. On the cub committee are Roy Rybolt, Jarrell Barbee and Charles Richards.

The Rev. Martin James, pastor of Kentwood Methodist Church, is the institutional representative. The first meeting of the troops will be at 7:30 p.m. on July 30 at the Kentwood Church. During the coming week a survey committee will talk with all interested parents and boys in the Kentwood area.

"We want to emphasize," Rev. James said, "that even though the troops are sponsored by the Kentwood church, they are open to all boys in the area."

Estes' Brother Faces Action On Bankruptcy

PECOS (AP)—Creditors of Billie Sol Estes have moved to force his younger brother, Bobby Frank, into involuntary bankruptcy.

Three creditors filed a petition in U.S. District Court Tuesday to declare Bobby Frank, Estes, and Estes Brothers a partnership into involuntary bankruptcy.

Billie Sol is the partner with Bobby Frank in Estes Brothers. The creditors were Pecos Growers Gas Co., National Oil and Butane of Plainview, and Casden Petroleum Corp. of Big Spring. They claim Bobby and Estes Brothers owe them more than \$100,000 the minimum amount required by law to force another party into bankruptcy.

Judge R. E. Thomason said the petition was to be sent to El Paso for a hearing. Thomason did not set a date.

Cosden had no active part in filing of the petition which results directly from pleadings by T. E. Gemel Mitchell, the Cosden partner at Plainview doing business as National Oil and Butane. Cosden has had three accounts none of any substantial amount on the Estes enterprises. All are through jobbers or on open account.

OIL REPORT

Three new field locations have been spotted in the area, two in Howard County's Snyder (Glorieta) field.

The Snyder sites are Humble No. 20 M. M. Edwards and No. 25 M. M. Edwards, both projected to 2,800 feet about 11 miles southeast of Coahoma.

In Dawson County, Montey Drilling Co. No. 1 Cobden Estate field is at bottom at 5,200 feet in the Welch (San Andres) field. It is about 18 miles northeast of Seagraves.

A Garza County site, Shell No. 1 A. Stoker, is attributed to the No. 2 B. W. M. Kirkpatrick. Location is also changed.

Dawson
Hamon No. 1 Teaff is digging through shale below 10,540 feet. Location is C SE NW, section 8-36-4n, T&P survey.

Montey Drilling Co. No. 1 Cobden Estate, C NE SE, section 90 M. PL&R survey, is set for 5,200 feet by rotary tool in the Welch (San Andres) field. It is about 18 miles northeast of Seagraves.

Shell No. 1 Wright, C NE NW, section 1-3, J. Potevay survey, is making a hole below 7,220 feet.

Standard No. 12 Clay is bottomed at 12,178 feet. The second drill test on a section between 12,148-178 feet was also a failure as packer was damaged. Operator is now coming out of the hole with the packer. Location is 660 feet from the south and 1,300 feet from the west lines of labor 12-266, Kent CSL survey.

Garza
Shell No. 2 B. W. M. Kirkpatrick spotting C SE NW, section 2-2, GH&H survey, is the amended location and fee name for the No. 1 A. Stoker spotting C NE NW, of the same section.

Howard
Humble No. 20 M. M. Edwards, C SE SE, section 32-30-1s, T&P survey, is contracted for 2,800 feet.

Collier Trophy To X15 Pilots

WASHINGTON (AP)—President Kennedy presented the Collier Trophy today to record-setting Maj. Robert M. White and three other test pilots of the rocket-powered X15 research airplane.

Kennedy presented the trophy in a ceremony on the White House south lawn which was attended by many people connected with aviation, including some past winners of the Collier Trophy awarded annually for outstanding achievements in aviation.

DICK TRACY

THERE'S PLENTY GOING ON AT THAT FARM-- THAT WE DON'T KNOW ABOUT, AND THAT'S WHERE YOU COME IN.

LIZZ, YOU'RE GOING TO HAVE AN 'AUTO ACCIDENT' IN FRONT OF THAT FARM-- A BAD ONE--

WELL, THANK YOU SO MUCH! DO I DIE INSTANTLY, OR WILL I LINGER?

AND THIS BOTTLE OF CATSUP, IS IT PART OF IT, OR ARE WE HAVING A PICNIC?

MARY WORTH

ARE YOU IMPLYING THAT VITO COULDN'T POSSIBLY FALL IN LOVE WITH ME, MRS. WORTH?

I'M SURE HE ADMIRES YOU, JANICE! ANY MAN WOULD! --AND HE DOUBTLESS IS GRATEFUL FOR THE FINANCIAL OPPORTUNITY YOU HAVE GIVEN HIM!

EVEN A SCHOOLBOY CAN BELIEVE HIMSELF IN LOVE WITH A MUCH OLDER WOMAN-- HIS TEACHER-- BUT THERE COMES A DAY, OF COURSE, WHEN HE... IS ATTRACTED TO THOSE HIS OWN AGE!

VITO HAS TOLD ME REPEATEDLY THAT YOUNGER GIRLS NO LONGER INTEREST HIM!

REX MORGAN

GOOD EVENING! IF YOU'LL GET ELSA, WE'LL TAKE HER OUT OF HERE NOW, GENTLEMEN!

THERE'S BEEN A LITTLE COMPLICATION!

WHAT DO YOU MEAN?

YOUR WIFE LEFT OUR HOME, LARRY! ABOUT AN HOUR AGO OUR ATTENDANT REPORTED HER MISSING. I WOULD PRESUME SHE'S ON HER WAY TO YOUR HOUSE!

POGO

WHAT'S ALL THE PING PONG FOR?

WELL, THIS IS CELEBRATION DAY FOR THE OFFENSES GUESS ANY PERIOD NOW.

WELL, ONCE IN A WHILE WE HAVE SOMETHING OR OTHER-- NEXT YEAR IT WAS FOR SOMETHING ELSE--

LAND! YOU AN' 'EGG PANS'?

GRANDMA

GLAD TO SEE YOU UP AND AROUND, GRANDMA!

WE SAW TH' DOCTOR FOR 'OUR HOUSE YES 'ER DAY AN' IT HAD US WORRIED!

WELL, WHILE BAKIN' HEARD A DANDY JOKE OVER TH' AIR AN' I WANTED 'T BE TH' FIRST 'T TELL TH' DOC!

BEIN' UNABLE 'T GO TO HIS OFFICE, I HAD 'M RUSH OUT HERE!

TERRY

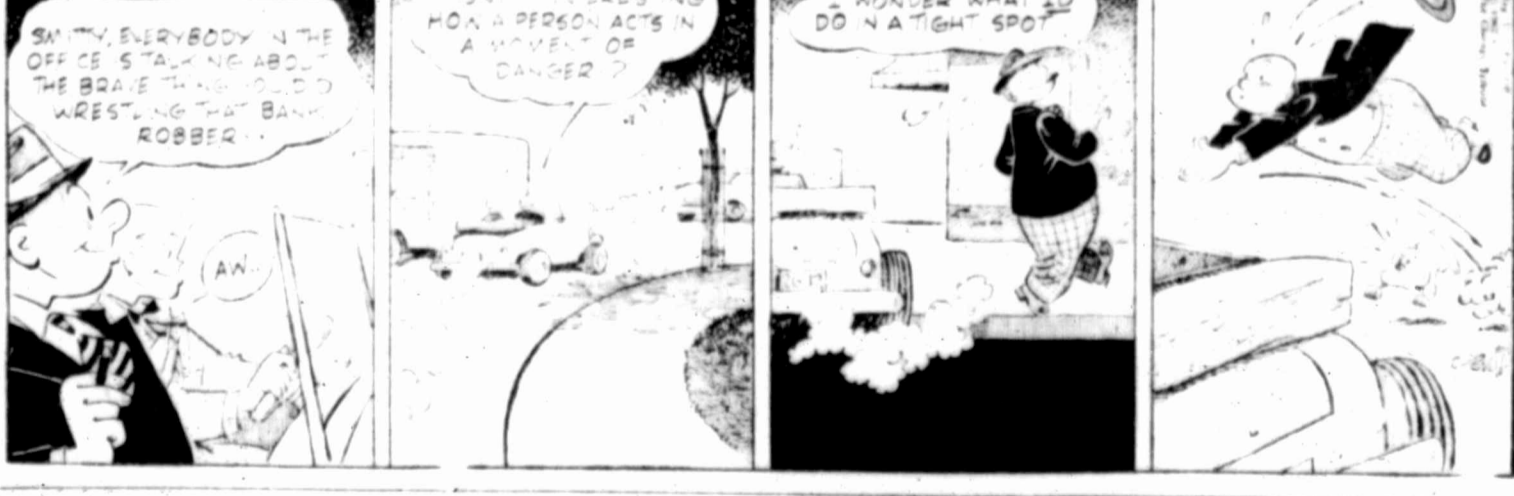

WERE YOU IN THE REGAIN THE PRAYARD?

THE WINE FORE MAN SPEAKS AND STIFFLY CHAMPETTE TRANSLATES.

AND AT THE LAST INSTANT THE MOTHER OF WE WAS SEEN-- A LADY OF LES GUEK... LAD...

PLEASE, CHAMP! IF YOU PLEASE, TRY OR SOMETHING BEFORE I DO!

SMITTY

SMITTY, EVERYBODY IN THE OFFICE IS TALKING ABOUT THE BEST WAY TO GET THE ROBBERS!

SURE, INTERESTING HOW A PERSON ACTS IN A MOMENT OF DANGER?

I WONDER WHAT ID DO IN A TIGHT SPOT!

ON YOUR WAY TO CHINA, KAYO?

MOON MULLINS

ON YOUR WAY TO CHINA, KAYO?

THEY USED TO SAY IF YOU DUG A HOLE DEEP ENOUGH, THAT'S WHERE YOU'D COME OUT.

STILL, TIMES CHANGE-- YOU'D BETTER ALTER YOUR AIM TO THE RIGHT A DEGREE.

TO MAKE SURE YOU COME OUT IN FRIENDLY FORMOSA.

Kennedy, Stung By Medicare's Defeat, Makes It Election Issue

WASHINGTON (AP) — The Senate has killed the administration's compromise medical care plan for the elderly on a 52-48 vote branded by President Kennedy as "a most serious defeat for every American family."

Kennedy promptly fired his stinging rebuke by a coalition of Republicans and Southern Democrats into a major issue for the November congressional elections and said he would offer the program again next year.

The American Medical Association, which led the fight against the program that would have been financed through higher Social Security payments, said Tuesday's Senate action was "a vote in the public interest."

TOP PRIORITY
Kennedy had placed the medical care plan in the top priority bracket of his legislative program. The coalition that scrapped it was of the same pattern of the one that had killed two of his other major proposals in the House — his farm bill and his plan to set up a Department of Urban Affairs.

Joining 31 Republicans to kill the medical care plan were 21 Democrats 17 of them Southerners. Five Republicans who sponsored the compromise voted with 43 Democrats in trying to save it.

The showdown was on approval of a motion by Sen. Robert S.

Kerr, D-Okl., to table and thus kill an amendment by Sen. Clinton P. Anderson, D-N.M., that would have hooked the plan into a House-passed public welfare bill.

PACKED CHAMBER
The climax to the most hotly fought issue of the current session came at mid-afternoon in a packed Senate chamber. All 100 senators were on hand. Many House members and Senate employees huddled at the rear of the floor. Capacity crowds filled the galleries.

An air of ferocity charged the chamber as the roll call was taken. When it was all over, Vice President Lyndon B. Johnson had to bang his gavel for five minutes to quiet the ensuing hubbub and get the Senate back to work.

An hour after the Senate vote, Kennedy went before television cameras and radio microphones to read a statement. He said the defeat had dealt a setback to 17 million Americans over 65 and was a blow to children of older persons who have to educate their families and help their parents meet medical expenses.

DECISION DUE
Then he added: "I think the American people are going to make a decision in November as to whether they want this bill and similar bills to be passed or whether they want it to be defeated. Nearly all the Republicans and a handful of Democrats joined with them to give us today's setback."

"We have to decide the United States in 1962 in November in the congressional elections whether we want to stand still or whether

we want to support this kind of legislation for the benefit of the people."

"You are going to have a chance to make that judgment. With your support in November, this will pass in 1962."

The handful of 21 Democrats to which the President referred represents one-third of the Senate's majority membership. The Democrats have a 64-36 margin in the Senate and a 263-174 margin in the House.

AMA COMMENT
Also prompt in its comment was the American Medical Association. Its president, Dr. George M. Fister, said in Chicago: "It would have been inequitable to force wage earners to pay substantially higher payroll taxes to provide health care for millions who are able to take care of themselves."

The American Medical Association will continue its efforts to further implement and strengthen the Kerr-Mills law which offers federal funds to states to help cover medical care for the aged under certain circumstances; and

all voluntary programs to help meet health needs of the aged.

Administration forces had hoped to win Senate approval of the plan this year to make it a firmer election issue. On the House side, the bill is bogged down in the Ways and Means Committee. Senate opponents claimed the fight there was useless because the House would not act, and that they were being asked for no good reason to go on record on the controversial measure.

CHANGES
Kennedy's original proposal had been changed to include persons over 65 who are not covered by Social Security or the Railroad Retirement Act. Also added was provision for optional participation by private medical insurance groups.

The program would have provided up to 90 days of hospitalization with all costs paid in excess of \$10 for each of the first nine days, up to 180 days of nursing home care, up to 240 home health visits annually and some out-patient diagnostic services. It would not have covered doctors' bills.

10 Counties Gird For Polio Battle
HOUSTON (AP) — Plans for immunizing more than 1.5 million persons with the Sabin Type I oral polio vaccine at 200 Houston area schools.

Braxton Matagorda and Montgomery counties will hold their immunization programs on the same day.

Others planning future programs include Austin, Chambers, Colorado, Galveston, Jefferson and Washington counties.

San Jacinto County officials meet Thursday to discuss a possible drive.

By Albert Saban, designer of the oral polio vaccine to be used in the mass immunization drive, urged everyone to take the vaccine whether or not they had taken the Salk shots.

Embassies Linked
MEXICO CITY (AP) — Six embassies have been approved for international telex communications service. The United States, West Germany, Israel, Britain, Poland and Czechoslovakia.

THEATRE LISTINGS
ON THE SHELF
KNIGHT IN THE SUN. By Marshall Hall. Little, Brown, 85.
By The Associated Press.

There is an interesting bit of borderland history in this story about Harper B. Lee. The name probably means nothing to most people. Lee was a Texan who became the first real American matador. Not just an amateur, and not just a beginner. He was a first rate professional, and from 1909 to 1911 he was a major attraction in the Mexican bullfights of the day.

Hall has done a good job. He has conveyed graphically the danger, excitement, art and showmanship of bullfighting and he obviously knows the sport. He has managed to introduce the technical aspects of the matador's trade smoothly and easily for the general reader. The artist Tom Lea's illustrations are attractive and no doubt thoroughly authentic.

Lea had a casual courage that was mixed with natural showmanship as Hall brings out, yet as a matter of balance the author has demonstrated that his hero was a bit of show-off in his earliest attempts to please the crowds.

This matador was a warm, admirable figure and Hall's briskly written chronicle about him is a stirring adventure into a little known but nerve-ringing sport.
