Hostile Reaction Grows; Nasser, Krush In Talks

By EDWIN A. SHANKE

BEIRUT, Lebanon (AP) — Repercussions to American and British intervention in the Middle East spread grimly around the world today.

It was disclosed that the Soviet Union's Premier Khrushchev had been in conference with President Nasser of the United Arab Republic. London diplomats speculated that they talked of a possible move of Soviet troops into Syria as a countermeasure to U.S.-British landings nearby. Syria is Egypt's partner in the U.A.R.

Cairo reported that Nasser talked eight hours with Khrushchev Thursday in Moscow. The secret meeting followed Nasser's eight-day meeting with President Tito of Yugoslavia, who, like Nasser and Khrushchev, has decried the U.S.-British action. Nasser is due home Saturday after talks in Syria.

The British and American build-up continued, with additional Marines pouring into Lebanon today. More British forces were alerted to go into Jordan. The prospect was that the two allies would have more than 10,000 troops in the Mideast by the weekend, with many more thousands of men offshore in the U.S. 6th Fleet and British war vessels.

The Soviet Union seemed to be building toward some sort of dramatic action. A crowd of 100,000 demonstrated at the U.S. Embassy in Moscow, broke windows and pelted the building with ink. It was the second straight day of Moscow demonstrations—the sort of thing that is well-organized in Moscow and often is part of a campaign to make Soviet minds acknowledge the need of new sacrifices.

Soviet guns were roaring in large-scale maneuvers just across the border from Iran. A reporter at the scene said many types of planes were participating.

The United Nations was moving to find some sort of solution in the Mideast crisis — with little prospect of a compromise. Some of the United States' usual supporters were lukewarm to American actions.

The Marines who came ashore in Lebanon today landed four miles north of Beirut.

This brought the total of U.S. Marines in Lebanon to about 5,100. About 2,000 U.S. paratroopers are nearby in Turkey. New warship arrivals swelled the total of U.S. 6th Fleet units in Lebanese waters to 49.

Lt. Gen. Edwin A. Pollock, commander of fleet Marines in the Atlantic area, flew into Beirut to take command of Marines in the area. The cruiser Boston, equipped for firing guided missiles, also arrived to join 6th fleet units off the Lebanese coast.

An advance party of 30 U.S. paratroopers arrived in Beirut under command of Col. Charles Pardiale of Quincy, Mass.

While the British and Americans rushed their buildup in the Middle East, Saudi Arabia put a crimp in U.S. plans to fly tanker planes loaded with oil from Bahrain to Jordan.

U.S. Embassy sources in Amman said Saudi Arabia — which has been on the sidelines in this latest crisis — refused permission for the tankers to fly over Saudi Arabia from the Persian Gulf. This is the fastest and only direct route.

The oil is badly needed by Jordan, as well as by British forces there.

The Leatherneck reinforcements came ashore at 9 a.m. under the command of Lt. Col. John H. Brickley of Billings, Mont.

An American official said the Marines would stay for the present in the immediate area of the landing and maintain a beachhead there. Cover planes came from the carrier Saratoga off the Lebanese coast.

U.S. combat planes streamed into the Adana staging base in southern Turkey.

Other striking forces were being rushed to the Mediterranean by the British to move on a moment's notice.

100,000 Soviets Pelt U. S. Moscow Embassy

By ROY ESSOYAN

MOSCOW (AP)—An unruly mob of more than 100,000 Russians smashed 50 windows in the U.S. Embassy today and pelted the building with bottles containing blue and green ink.

The demonstration lasted more than three hours before Soviet militiamen made a determined effort to get the crowd under control.

The crowd covered a 10-lane boulevard in front of the embassy and extended for half a mile in either direction.

A force of 300 to 400 militiamen finally began pushing the demonstrators back from the embassy to a sidewalk on the far side of the street.

A spent air gun pellet hit a window of Ambassador Llewellyn E. Thompson's office on the 9th floor of the 10-story building but did not break the pane.

All embassy personnel had been ordered by Thompson to stay well away from the front of the building and there were no reports of any injuries to Americans.

Six platoons of unarmed Soviet troops and a company of security troops appeared as the crowd swelled before the embassy. The mood of the crowd seemed to be growing increasingly violent as its numbers increased.

The crowd filled the 10-lane boulevard for a distance of half a mile, stretching from Insurrection Square on the left side of the embassy to the skyscraper Soviet Foreign Ministry building on the right.

Soviet employes of the embassy were sent home before the demonstration started. Embassy personnel cleared furniture out of front offices facing the street as a precautionary measure.

Traffic was tied up throughout downtown Moscow. Several streets leading to Insurrection Square were blocked off by Soviet militiamen to clear a traffic-free path for the marching demonstrators.

The columns converged from several directions and were made up of delegations from many Moscow factories and offices.

In Insurrection Square, about 200 yards from the embassy, a wooden platform with loudspeakers had been erected earlier.

As the demonstrators marched, they hooted and chanted anti-American slogans. Military music blared out of the loudspeakers on the platform and occasionally Communist party agitators seized a microphone and roared out anti-American slogans.

Directly in front of the embassy, about 200 Soviet militiamen, many of them on horses, formed a solid line, two deep. They pushed early arrivals to the opposite side of the street but permitted organized columns of demonstrators through their lines, right up in front of the embassy windows.

U.S. Ambassador Llewellyn E. Thompson Jr. was in his ninth floor office when the demonstration started.

U.S. Marines attached to the embassy staff chained and padlocked the embassy gate at the start of the demonstration. The crowd jeered and booed them.

Earlier, a handful of demonstrators assembled outside the British Embassy and handed Ambassador Sir Patrick Reilly a petition protesting the landing of British forces in Jordan.

Reilly talked to them for about 20 minutes, telling them U.S. and British forces were invited into Lebanon and Jordan by legitimate governments. He told them there was no reason for war and added that they had been ill-informed.

Arab Republic Says U. S. Made Threats

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP) —The United Arab Republic said today the United States had threatened it with direct action if U.S. Marines in Lebanon are attacked by troops under U.A.R. control.

Ambassador Omar Loutfi, the U.A.R. delegate, said the threat was made earlier this week by U.S. Ambassador Raymond Hare in Cairo. He said Hare had declared the Marines would reply if they are attacked.

Loutfi spoke as the U.N. Security Council neared a vote on a series of proposals for action in the Middle East crisis. Just as a vote appeared imminent, the Council adjourned until 3:30 p.m.

Three resolutions to deal with the crisis seemed headed for oblivion in the day's Council session.

Indications were that once the 11-nation Council had failed to agree on any action, either the United States or the Soviet Union would ask for a special session and the 81-nation Assembly would meet in a few days.

The Soviet Union was pushing a resolution to demand immediate withdrawal of the U.S. Marines that went into Lebanon Tuesday and the British paratroops who landed in Jordan yesterday. The Council was expected to vote this down.

Soviet Delegate Arkady A. Sobolev told the Council yesterday that if it was "paralyzed in its action" on his proposal, he would ask for an emergency special Assembly session.

The United States was sponsoring a resolution that would send a U.N. force to Lebanon to take over from the Marines as a backstop for President Camille Chamoun's government. Chamoun charges President Nasser's United Arab Republic is aiding the rebel forces seeking to oust him.

Sobolev was expected to veto the U.S. resolution. U.S. sources said that the United States then would like to have its resolution taken up in the Assembly.

The United States reportedly had not planned to go on to the Assembly because it feared it could not get an imposing majority there for its resolution. Some speculated that Sobolev's announcement had prompted the Americans to change their plans in an effort to grab the initiative.

Swedish Delegate Gunnar V. Jarring introduced the third pending resolution. It would suspend until further notice the activities of U.N. observers the Council sent to Lebanon June 11 to insure against aid to the rebels from the U.A.R. Jarring argued that the U.S. landing had made the presence of the observers "from a tactical point of view superfluous and from a political point of view undesirable." His resolution was expected to get only two votes — his and Sobolev's.

East Germans Report Talks Are Resumed

BERLIN (AP) — Communist East Germany said today it has resumed secret talks with the United States on the release of the nine U.S. Army helicopter prisoners.

The East German Foreign Ministry said U.S. officials called at the ministry Wednesday and Thursday to reopen the stalemated negotiations.

The spokesman, who was replying to a reporter's questions, refused to furnish further details on the negotiations. He said his government and the United States had agreed to keep silent, pending an official announcement.

The United States broke off direct negotiations with the East Germans on June 19 after East Germany insisted the State Department sign a diplomatic protocol covering the release of the prisoners and their helicopter.

The State Department refused, holding that it would imply recognigton of the East German regime.

Lloyd Resumes His Talks With Dulles

WASHINGTON (AP) — British Foreign Secretary Selwyn Lloyd resumed his momentous U.S. talks today amid increasing indications the West may have to learn to live with the new revolutionary regime in Iraq.

Lloyd, accompanied by a coterie of aids, arrived at the State Department promptly for a 10:30 a.m. session with Secretary Dulles. Earlier Dulles attended a Cabinet meeting at the White House, at which he reviewed the tense Middle East situation.

Lloyd was whisked across the Atlantic and into 7½ hours of huddles with President Eisenhower and Dulles Thursday.

It was one of the longest such consultations in recent years, emphasizing the gravity of the Middle East situation.

The White House said "a close identity of views" was achieved. But at the same time officials were reporting waning prospects that, barring some unforeseen development, the pro-Nasser rebels who seized power in Iraq last Monday could be driven out.

The stated aim of the movement of U.S. Marines into Lebanon, and British troops into Jordan, is to head off other such overturns in the strategic Middle East. Both the British and the Americans have accused Nasser's United Arab Republic of plotting such action.

Both the United States and Britain made it clear, before Lloyd arrived, that they had no plans to intervene directly in Iraq under present circumstances. One possibility for provoking a new situation would be a cutoff in the flow of Iraqi oil to the West.

However, officials said there was no indication the Iraqi regime intended to do this. Reports from the troubled area today were that the rebels were giving assurance that the oil would continue moving.

The White House denied a report that the main result of Eisenhower's conference with Lloyd was an agreement not to intervene in Iraq as long as the rebel government respects Western oil interests in that country.

Press secretary James C. Hagerty said he had checked the report and was prepared to deny that such an agreement was reached.

The report, carried in the New York Times and attributed to diplomatic informants, said Eisenhower, Lloyd and Dulles had decided to limit their intervention in the Middle East for the present to Lebanon and Jordan. Hagerty's denial did not extend specifically to that portion of the report.

It was Hagerty who reported that Dulles gave the Cabinet a complete review of the Middle Eastern situation up to this moment.

Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, also attended the Cabinet session but did not talk.

Hagerty said he knew of no plans for another meeting today between Eisenhower and Lloyd, but he did not rule out the possibility.

Meanwhile, a new problem for Dulles and Lloyd to consider was reported in Jordan. U.S. Embassy sources were quoted at Amman as saying Saudi Arabia had refused permission for U.S. tankers to fly over Saudi Arabia to Amman with Persian Gulf oil to ease Jordan's critical fuel shortage.

U.S. officials said they had no confirmation of this report. Privately, they expressed doubt that Saudi Arabia would object to oil overflights.

Wife Slain As Prowler

DAYTON, Ohio (AP) — A suburban Kettering man, mistaking his wife for a prowler, shot her fatally early today, police reported.

They said Ada Hayward, 58, died in Miami Valley Hospital at 5 a.m., about an hour and a half after being shot in the breezeway of her home.

Officers said the husband, Robert, 53, told them he was awakened by a noise in the breezeway. When he heard the noise a second time he took a revolver and went to investigate. In the breezeway, he said, he saw a figure moving near a doorway, and fired.

When he turned on the lights, he told police, he saw it was his wife he had shot.

Daniel Won't Issue Reply To Charges

AUSTIN (AP) — Gov. Daniel said yesterday he would not dignify a charge that he was "an un-Christian segregationist" by replying to a New York Negro congressman making the statement.

U.S. Rep. Adam Powell sent a telegram to Evangelist Billy Graham asking that Graham cancel an invitation to Daniel for the governor to introduce the evangelist at a San Antonio revival July 25.

In a release from the governor's office, Daniel said he regretted the protest "but I have been advised that it will not in any manner affect the invitation extended and it most certainly will not affect my acceptance."

He said he had accepted the invitation "as governor, friend and interested layman and asked that no advance publicity be given to my participation so as to prevent anyone from injecting false political implications into a religious meeting."

The revival date falls the night before the Democratic Primary.

After considering the source of the protest, Daniel said "I will not dignify it with any reply except to say that Adam Clayton Powell is one of the last persons who has any right to pass judgment upon the conduct or sincerity of other people." He did not elaborate.

Absentee Voting Is Heavy In Primary

Absentee voting was apparently very heavy here in the first Democratic primary so far in comparison with other counties.

So far, 176 persons have voted absentee here, while 32 ballots are still out for a total of 208. At last report yesterday, Midland County had 194 absentees.

Deadline for voting absentee in the county clerk's office or for turning in applications to have absentee ballots mailed out is Tuesday.

Report Ike Asks Japan For Support

TOKYO (AP) — Unconfirmed reports circulated today that President Eisenhower has sent Prime Minister Kishi a message asking Japanese cooperation in the United Nations on the Middle Eastern crisis.

Kyodo News Service, quoting unidentified informed sources, said the American Embassy delivered the message to Kishi yesterday.

An embassy spokesman said he had no immediate information on the report.

Japan's delegate in the U.N. Security Council yesterday termed the American landing in Lebanon "inappropriate and regrettable" and "liable to aggravate the situation." He was reported planning to propose to the Council that the U.N. observer corps in Lebanon be increased so that the U.S. Marines could withdraw. The United States has asked the council to set up an international troop force to take over from the Marines.

3 Perish In Fiery Crash

DUMAS, Tex. (AP)— A fiery truck-car collision near Channing, north of here, claimed today the lives of three persons, believed to be from Lubbock.

The accident occurred three miles north of Channing, in Hartley County, at the intersection of State 51 and Farm to Market Road 722.

The dead were tentatively identified as Mr. and Mrs. Easy McKibben of (531 54th St.) Lubbock and their small niece. The party was reported en route to Colorado.

The driver of the gravel truck, Joel Eugene Slagle, 16, of Dumas was in a serious condition in a Dumas hospital.

Slagle told State Highway Patrolman Don Tabor of Dalhart that he had stopped at the intersection. He said that as he pulled into the intersection he saw a car, traveling north, approaching at high speed. He said he swerved, but the two vehicles collided on the shoulder of the highway.

IN SCURRY RODEO

Pair In Running For Double Win

There appeared to be only two cowboys in the Scurry County Rodeo who were in the running for double wins after the first go-round of many events were completed last night.

The two were Jim Brock of Plainview and John Farris of Iowa Park, both riders. Brock is tied with two others for top spot so far in the bareback bronc riding contest, which has only one go-round and will not be completed until Saturday night, and is second high in the bull riding contest, also one of only one go-round.

Farris holds down fourth place so far in the bareback event and ran second in the first go-round, completed last night, in the saddle bronc riding contest, according to unofficial tabulations.

The second night crowd numbered about 2,000 last night, in the 22nd annual show, which will have performances at 8 o'clock tonight and tomorrow night.

First go-rounds were completed last night in the calf roping, sponsors barrel race, saddle bronc riding, and yearling tie-down events.

Unofficial tabulations showed that those in the money were:

Calf roping—Horace Rankin, Big Spring, 11.6, $100; Billy Ray Morrow, Clairemont, 12.4, $75; Joe Rollins, Snyder, 12.6, $50; Steve Cone, Lubbock, 13.1, $25.

Barrel race—Becky Sumerlin, Roby, 18.1, $50; Mike Reid, Tulia, 18.3, $25; Sheila Barnett, Sweetwater, 18.5, $20; Cathey Brakebill, Crushyton, 18.6, $10.

Saddle bronc riding — Jimmie Moore, Post, 170 points, $75; John Farris, Iowa Park, 167, $50; Jim Kelly, Breckenridge, 162, $30; Skip Wyatt, Spur, 161, $20.

Yearling tie-down—Fred Dalby, Aspermont, 16.0, $100; R. E. Josey, Post, 16.1, $75. Dogie Jarnagan, Colorado City, 16.6, $50; tie for fourth between Dan St. Claire, Midland, and Vernon Miller, Gail, 16.8, $25.

In the two roping events and the sponsors' barrel race, the contestants will begin tonight trying for second group-day money and top averages. In those events, those with the best averages will receive saddles, and second place prize for averages will be a buckle. In the saddle bronc event, a buckle will be given for the best average and $40 for second.

In the bareback event, leaders so far are Jim Brock of Plainview, Red Rodgers of Colorado City, and Duke Holland of Childress, tied with 154 points, and John Farris, Iowa Park, with 147. Money for that event, when complete, will be $120 and buckle for first, $100 second, $75 third, and $50 fourth.

The same prize money will be awarded in the bull riding contest.

Heat Wave To Continue

By The Associated Press

A few scattered clouds promised little relief Friday from the Texas July heat.

At dawn temperatures ranged from 84 degrees at Galveston to 68 at Dalhart.

A few clouds floated over the San Antonio area, along the coast and over the Panhandle.

Amarillo reported lightning to the north Thursday night, but no rain fell at Weather Bureau stations.

Highs Thursday varied from 101 at Cotulla to 90 at Dalhart and Beaumont.

Beaumont had .31 of an inch of rain for the 24-hours ending at 6:30 p.m. Thursday. Palacios had .04 and Alpine, Van Horn, Lufkin and College Station reported traces.

Thundershowers were forecast over parts of East and South Central Texas and in the west.

House Probers See No Need Of Recalling Sherman Adams

By LEWIS GULICK

WASHINGTON (AP) — House investigators, finished with questioning of Bernard Goldfine, indicated today they see no need to recall Sherman Adams to the witness stand.

Rep. John Bell Williams (D-Miss), a senior Democrat on the special subcommittee, said he didn't think Adams should be summoned back unless a study of his testimony shows major conflict with Goldfine's. He said the conflicts at this point appear to be minor.

Subcommittee Chairman Oren Harris (D-Ark) ventured no predictions but indicated the group will stay in recess for a week or more before calling the next series of witnesses. These are expected to be officials of the Securities and Exchange Commission.

The SEC is one of the federal agencies with which Goldfine, millionaire Boston textile manufacturer, had trouble and from which his friend Adams, President Eisenhower's No. 1 assistant, sought information.

Goldfine was finally dismissed Thursday after he denied anew that he got favored federal treatment through his friendship with Adams.

The session was punctuated by repeated partisan bickering and a renewed complaint by Goldfine the subcommittee was out to smear him.

Rep. Charles A. Wolverton (R-NJ) contended the subcommittee should prove its nonpartisanship by quizzing John R. Steelman, who held Adams' job under President Truman.

Goldfine testified he went to the White House more often when Steelman was there than since Adams came in with Eisenhower in 1953. Goldfine said he contacted Steelman while seeking a 12½-million-dollar loan from the Reconstruction Finance Corp. It fell through. Steelman told a newsman his contacts with Goldfine were above board and occurred in Steelman's role as head of the National Securities Resources Board.

Harris showed a notable coolness to the idea, meanwhile defending the inquiry as nonpolitical.

INSPECTION DAY AT CEMETERY SET

Work toward improving the appearance of the Snyder Cemetery, located northeast of town, has been progressing rapidly, and the Snyder Cemetery Association has set "Inspection Day" for Sunday.

Local and area residents are invited to drive by the cemetery during that day and inspect the work that has been done. Association members have been working on the project, and the property now has been put in condition so that the regular caretaker at the cemetery can keep the property in shape.

Claude McCormick, a director of the association, said he believed the cemetery property was in the best condition in several years.

Dallas Youth Nabbed After Airliner Has Bomb Scare

DALLAS (AP)— A 19-year-old youth was arrested here today shortly after an airliner bound for the West Coast with 81 persons aboard turned back upon receiving word a bomb had been placed aboard.

No bomb was found and the flight was resumed after a two-hour delay.

Robert Keith, who recently came here from Tulsa, Okla., was arrested. Police said he signed a statement admitting he falsely reported a bomb had been placed aboard the airliner.

The incident began at 2:50 a.m. when he call came into the telephone company switchboard.

"A bomb has been planted aboard American Airlines flight . . . " said a male voice.

A quick-thinking operator told the caller to wait a minute, and then notified police, giving them the location of the caller.

Keith was arrested a short time later at his home by Lt. John Ryan of the University Park police.

Ryan said the youth is a 200-pound, 6-foot, 1-inch Naval Reservist due for a call-up Aug. 1.

He was a June graduate of a high school in Tulsa where he lived with his father, a motion picture projectionist.

"I picked up the telephone in my room and dialed the operator and told her there was a bomb on an American Airlines plane. I don't know why I did it," he told Ryan.

Agents of the FBI said they would file charges against the youth.

Keith was released from jail in the custody of his attorney.

American Airlines Flight 655 for Los Angeles had departed at 2:48 a.m., about half an hour before the call. The ship turned back and landed at Amon Carter Field at Fort Worth, about 20 miles west of here.

It was searched and the passengers transferred to another plane. The ship left at about 5:15 a.m.

Another ship, American Flight 967, bound from Miami to Los Angeles, landed shortly after the call and baggage being put aboard was searched. There was little delay.

Flight 655 was from New York.

3 Men Lost In Jet Crash

WASHINGTON (AP) — Three men were lost in the Atlantic yesterday when an Air Force jet bomber crashed into the ocean off the Azores.

The Defense Department said the craft, an RB66 medium range reconnaissance plane, was en route from Shaw Air Force Base, S. C., to a European base.

Missing in the crash were:

Capt. Clyde B. Trent Jr., 34, the pilot, son of Clyde Trent, Old Hill, N. C. Trent was married and the father of three children.

First Lt. Roth O. Owen, 27, the navigator, son of James R. Owen, Fair Oak, Calif. Owen was married but had no children.

A.1 C. Julius J. Rausch, 23, the gunner, son of Antone Rausch, Dazey, N. D. Rausch was unmarried.

All were stationed at Shaw.

A Norwegian ship, which spotted the crash, sent out two lifeboats to search the area. They found only a lifejacket.

Austrians Protest U. S. Plane Flights

INNSBRUCK, Austria (AP) — Four fighter planes were sent to this city in western Austria today after the government protested U.S. transports were violating Austrian neutrality by flying over the area en route to the Middle East.

Innsbruck is in the narrow finger of Austria pointing toward Switzerland. If U.S. transports do not cross the area after taking off from their basis in southern Germany, they have to detour around neutral Switzerland and fly over France some 300 miles to the west.

NEW YORK (AP) — Gains by industrials kept the stock market ahead moderately in fairly active trading early this afternoon. Leading stocks were ahead from fractions to about a point.

Oils, steels and aircrafts did well. Their best early gains were clipped sharply, however.

Some of the heaviest trading of the year occurred in the first half hour when the ticker tape fell behind for 18 minutes. The pace slackened and prices drifted below their highs.

Market analysts said the Nasser-Khrushchev conference sounded a note of caution. At the same time stock prices have had a vigorous rise and were due for a breathing spell, in view of the coming weekend and continued doubt about the foreign situation, they said.

While international oils did well, Gulf Oil halved its early gain of about two points. Standard Oil New Jersey, Texas Co. and Royal Dutch kept gains of about a point. Amerada, a Western Hemisphere producer, rose about a point.

Youngstown Sheet and Lukens Steel erased much of their early gains of around a point each.

Goodrich and Caterpillar held gains of about a point apiece.

U.S. government bonds rose.

Undeclared Truce In Cyprus Shaping Up

LONDON (AP) — An undeclared truce between Greek and Turkish factions in Cyprus appeared shaping up today.

Diplomatic sources said Greek Premier Constantine Karamanlis and Turkish Premier Adnan Menderes were quietly intervening in an effort to end more than three years of civil strife in the crown colony.

Athens and Ankara were reported fearful that further terrorism in Cyprus at this time would undermine American and British efforts to stabilize the Middle East in Lebanon and Jordan and threaten the future of the North Atlantic Treaty Organization.

Show Stunt Drowned Out

PALOS VERDES ESTATES, Calif. (AP)—A helicopter, photographing what should have been a funny scene, got too close to its work.

The copter's landing gear snapped a wave off Portuguese Bend. It flipped over into the ocean and sank. Pilot Norman Smith, 37, and cameraman Tom Belcher, 38, popped to the surface.

They had been photographing Max Hodder, 40, Burbank, Calif., floating in a raft with Hollywood model Linda Williams, 25. The films were to be used on the next Truth or Consequences TV show to surprise Hodder's wife. She had been told her husband was on a business trip.

A boat brought Smith, Belcher, Hodder and Miss Williams to shore.

The scene was dropped from the show.

Girth Control Recommended

BIRMINGHAM, England (AP) —A British diet expert is advocating more girth control. Tall, lean Dr. Hugh Sinclair says too many of Britain's children are too fat.

He told the British Medical Assn. yesterday youngsters are laying the foundations for heart and circulation diseases in later life.

The trouble is children get too much milk and too little exercise, Dr. Sinclair asserted. He explained:

"We send a bus to take a child a quarter of a mile to school while unlimited quantities of milk are poured down his throat before he returns home to sit in front of the television, perhaps smoking a cigarette.

"If he survives and goes into industry, his activity will become less and less for more machines will be doing his work for him.

"The underfed brat playing in the streets is likely to be more healthy."

Forgery Case Is Dropped

LOS ANGELES (AP)—The district attorney's office has declined to prosecute 20-year-old Barbara Ann Burns for forgery.

Miss Burns, daughter of the late comedian Bob Burns, was arrested last Friday when a merchant called police over a $55 check she offered. Police said the check bore a fictitious address.

Miss Burns told officers she found it easier to cash checks if she gave an address near the place she was shopping. The matter was dropped on grounds of insufficient evidence.

Sex Change Figure Is Now Bankrupt

LONDON (AP) — Roberta Cowell, the former fighter pilot and father of two children who changed into a woman six years ago, is broke.

Emerging from bankruptcy court after declaring debts of $33,600 and assets of only $5.60, she said Thursday night she plans to concentrate on flying, auto racing and playing the piano.

"CHIMICURL" COIFFURE—Gentle bangs of flattering wisps, flared asymmetrically across the forehead and topped by a height of soft, loose curls, are fashion cues in this new "Chimicurl" coiffure designed by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. Additional wisps of side curls flick at the cheeks to emphasize a slim and graceful proportion of the coiffure. The almost casual charm of the front view of the style is contrasted strikingly by the saucy lift and rising curls at the back. Professional permanent waving gives the style its necessary softness, adding substance and body to the hair for easy care.

WOMEN

WHAT'S GOING ON

MR. AND MRS. J. R. GREEN, 1205 Twenty-eighth Street, have as their guests their niece, KAY ANN POST, and DIANNE FILIPPO, both of Houston.

Mrs. L. Hurst Honored With Gift Shower

Friends of Mrs. LeRoy Hurst showered her with gifts on July 12.

Mmes. Goldie West, J. L. McIntosh, Wright Huddleston, Frank Strom, Ed Murphy and J. E. Sorrels were hostesses, while Mrs. J. M. Davis served as decorator for the occasion.

Misses Patsy Cary, Judy Huddleston, Linda Murphy and Paula Sue Gordon welcomed the guests, attended to their registration, poured punch, made with fruit juices and sherbert, and served white home baked cake squares.

Out-of-town guests were, Mrs. J. H. White, Yuma, Ariz; Mrs. Hursts mother, Mrs. Myrtie Shawver, Seymour, Mr. and Mrs. B. B. Hurst, Abilene; Mrs. and Mrs. Ollie Hurst, Seminole; Paula Sue Ackerly, and Mrs. R. O. von Roeder, Kerrville, Tex.

Small-fry delight: Keep an extra set of metal or bright-colored plastic measuring spoons on hand in the kitchen? Youngsters who are sand-box age will think they're great for measuring out "sand cakes and pies."

Cooking terms: Ever see the lower-case initials "f. g." in a recipe? They stand for "a few grains."

Fall Styles Offer Men New Shapes

As the new fall fashions are unveiled, it is apparent that everybody will have the opportunity of changing their shape in some manner — and this includes the men.

With the gals deciding between the no waistline, high waistline, or other figure-changing variations, early showings of men's fall and winter clothing make it quite evident that the men intend to look even slimmer and taller than ever The subtraction of a fraction of an inch here and there in the designing, say the experts, has resulted in a neater and slimmer silhouette to further flatter the masculine figure.

As to color, the men will leave that sort of a spree to the girls this fall. Market surveys show suiting have a strong oxford overtone with color confined to the conservative pattern work shown against a plain background.

A check of the fall suits of the Botany 500 manufacturers shows that fabrics with a soft, luxurious feel are featured. Stripes, stripes and more stripes are voted most likely to succeed in the Daroff fall collection and are seen in every variety imaginable.

A new "hybrid" topcoat style that combines the youthful good looks of the bal collar with the dressier set-in sleeves is being shown for the first time by the Botany 500 people. This coat has an entirely new look of neat masculine smartness.

A newsworthy new suit dubbed "self-pressing" is about to be unveiled by The House of Worsted-tex. The fabric has a soft, luxurious hand and the presence of dynel in the blend gives it unusual wrinkle recovery properties. Tests show, according to reports, that ordinary wear wrinkles or rain creases will hang out of the suit over-night to give it a practical appeal.

Blazers will be a big item in the Worsted-tex fall fashion lineup, according to early showings, for their appeal is reported to have spread from the college group to men of all ages. Plain color blazers being runners-up. All the blazers sport fancy linings.

In both business and sport attire, it is plain that slimmer lines, luxurious fabrics and new color treatments will give men their own place in the fall fashion picture.

Quick Trim!

Quick trim your linens and wearables by simply pressing on these lovely floral and butterfly motifs with a stroke of the iron. No. 308-N contains color transfer for 28 motifs.

Send 25c in coins for this pattern — add 5c for each pattern for first-class mailing. Sent to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

For outdoor cooks: Soak wooden skewers in cold water before using them to impale meat, poultry, fish, vegetables or fruit to be cooked over the charcoal fire.

Remainder for summer cooks: When you turn the oven on in order to bake potatoes, make up a batch of muffins (from scratch or a mix), too. Both potatoes and muffins may be baked at a hot (425 degrees) temperature.

Budget minder: Some good cooks like to use two-thirds rendered beef fat and one-third bacon fat for frying or browning meat and poultry.

For weight watchers: There are 100 calories in a half cup of fresh blackberries.

Penalty Of Leadership

A piece out of Hollywood described the joy that prevailed among correspondents there upon the return of MM (Marilyn Monroe); a house subcommittee continued doggedly on its hearings into the Goldfine-Adams affair; politicians toured Texas in feverish haste as the primary date approached—these and other incidents of similar caliber were making news on the press wires.

Suddenly, editors throughout the country began applying their blue pencils—cutting down these "top" stories to basic, or essential facts, in some cases pulling them out of the papers altogether.

United States Marines had landed in Lebanon, close on the heels of a swift revolution in Iraq, and suddenly everything else on the wires that had been marked for front pages took a back seat.

The landing itself was the shocker, but subsequent undertones which have developed in the United Nations and other points have sharpened the gravity of the situation. Many neutral nations have been reluctant to sanction the action, while some have expressed outright doubt that it was necessary.

The implications are grim. The Middle East long has been identified as a likely place for a showndown between the communist East and the free West. Neutral nations, especially those who are vulnerable to sudden attack by reason of their location, must watch their P's and Q's. It is a simple matter of self preservation.

On the other hand, the United States, as a world power, has assumed a position of positive leadership. As a result, it has been subjected to some kicking around at the hands of some frivolous nations which apparently acted on the assumption that a great big leader would not dare reataliate for fear it would be tagged a bully. American prisoners are still being held in Cuba, East Germany and Red China. Efforts to free them have been limited to conventional diplomatic activities when available.

However, there comes a time when a leader must make a stand, or surrender its position of leadership. Statements from the White House indicate that the administration believed that time arrived when Lebanon asked for protection.

Tools At Hand To Control Inflation

By FRANK CORMIER
Associated Press News Analyst

WASHINGTON (AP)—If a shooting showdown should flare in the Middle East, the government can be expected to act quickly to combat the shortages and inflation which mark even brush fire wars.

Some of the tools to do this job are already at hand. Others probably would be asked quickly from Congress. And Congress could be expected to respond just as quickly, although there is no indication now such action will be needed.

Even a limited war in the Arab world could light a rocket under defense spending, put a bind on supplies of some strategic materials and open the way for new hikes in living costs.

Oil probably would stop flowing from Middle East wells to the big Western European markets. This might require another oil lift from the Western Hemisphere to Europe — the kind of operation carried on while the Suez Canal was blocked early last year.

Already on the books are regulations for the allocation of strategic materials. These could and presumably would be imposed very quickly to prevent waste of vital stocks.

Also available is another regulation to curb hoarding by controlling industry inventories of raw materials.

There is no provision in present law for controlling wages and prices. And credit can be curbed only indirectly through the Federal Reserve Board's power to tighten or loosen the money supply.

The Eisenhower administration is wary about imposing mandatory restraints on the economy. However, it is dedicated to fighting inflation.

To cope with the inflationary pressures of even a small war, it certainly would give quick consideration to asking Congress for broad economic controls.

After the outbreak of the Korean War, living costs jumped more than 7 per cent in the eight months before controls went into effect. The Truman administration called at first for voluntary restraint, but to little avail.

Republicans were sharply critical of the Democrats at the time for not putting on the brakes sooner. It is a good bet that the present Republican administration, with the advantage of hindsight, would move faster if a similar situation arose.

The landing of U.S. Marines in Lebanon already is having a different kind of effect on the home front.

The impact so far has been political rather than economic. Senate Republican Leader William Knowland of California has noted that Middle East storm clouds have affected the congressional weather vane. He foresees restoration of some House-voted cuts in foreign aid.

Some other observers predict that trouble overseas will help the Eisenhower administration get more of what it wants in the way of reciprocal trade and defense reorganization legislation.

Businessmen Eye Effect Of Tension

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The Middle East turmoil may bring yet another test of consumer opinion and all that means to business.

What businessmen would like to know today: Will the new uncertainty chill some of the returning confidence? Or would any worsening of world tensions lead the American consumer to rush to buy as he did when U. S. troops were sent to Korea?

Whether the consumer thinks this a good time to buy—or whether he finds himself unable to—that sets the pace for much of the economy.

Consumer spending is one of the hardest things to forecast. Surveys shed some light.

The most recent poll taken by the Survey Research Center of the University of Michigan, covering a period from mid-May into June, shows that while consumer confidence dipped early this year, it was now about back where it had been last December.

But the survey was made before the lid blew off the political pot in the Middle East. Most Americans probably are too concerned about what may be happening over there from hour to hour to have formed any notions yet as to what this might mean to their family budgets, their spending plans, or to the availability of goods.

Commodity traders have reacted in traditional fashion and bid up prices because world tension can upset world markets and distribution of goods and raw materials.

But for the consumer things are different in mid-1958 than they were at the time of the Korean War. Now we have few if any shortages of materials or finished products. And more people now have at least the durable goods with which they can make do in a crisis.

There was little excuse for the war scare buying that led to runs on stores in the early days of the Korean conflict. Today even the most hysterical would have to hunt hard for any excuse.

What businessmen are more concerned about is any setback now to the growing return of confidence that the Michigan survey teams report.

Each year for years now Americans have had more money left over after paying for the absolute necessities of food, clothing and shelter.

There are some who have been deferring spending to save part of their incomes, either because of worry about the recession's probable course or because of a belief that prices may come down.

Child Born In Car At Busy Crossing

PATERSON, N.J. (AP)— Mrs. Jennie Fields, 28, gave birth to a girl in the front seat of her car plumb in the middle of a busy intersection last night.

Her husband slammed on the brakes when she said her time had come.

Police halted all traffic, and four of them assisted at the birth. Cars were held up for more than half an hour.

Mother and daughter were later taken to Paterson General Hospital, where both were reported doing fine.

Fat Has Virtues Worth A Tribute

By HAL BOYLE

NEW YORK (AP)—This is a tribute to fat—fighting fat!

Everybody in this country has been overpraising muscle — and low-rating fat — for a long time.

Isn't it about time now—since we give even the devil his due—that someone said few kind words for fat?

Fat doesn't spell weakness. It spells power. What is the mightiest creature in the sea? The whale. And what is the whale? He is a mountain of blubber, nature's floating oil tank. But he rules the deep.

What creature on earth would willingly tangle with the elephant or the bear? Yet they both love to get so fat they waddle when they walk.

When you get right down to it, fat has a lot of virtues entirely lacking in muscle.

What makes you nervous and jumpy? What keeps you tense? Your nerves and muscles. But good old fat never gets excited. It is calm and soothing. It keeps telling you, "Take it easy. What's the hurry?" Fat is the voice of common sense.

Fat is faithful. Fat is loyal. It will stick to you through thick and try to cling to you through thin. After 40 you can't depend on your muscles much. Muscles are only the fair weather friends of your youth. But you can still count on your good old fat. It won't desert you.

When people want to look brave, they take a deep breath and flex their muscles. This is nonsense. They should take a deep breath and flex their fat. For fat is far braver than muscle.

In some situations your cowardly muscles seem to turn to water. But as any dieter knows, fat won't run off from anything—at least of its own volition. Fat is a born fighter.

Anyone who has ever tried to get rid of fat learns this quickly. My own experience is typical.

Six months ago my doctor told me: "Your weight is up to 210 pounds. Some 30 pounds of it is fat. The other 180 pounds is bone and muscle. Get rid of the fat."

The solution seemed simple. Just starve the fat by dieting and wear it away by exercise. After all the odds seemed hopelessly in favor of the bone and muscle. They outweighed the fat 6 to 1.

But what happened? The fat wouldn't give up. In the last half-year I must have walked a distance from here to Timbuktu, done enough knee bends to need new joints, eaten hardly enough to keep a hummingbird humming.

The result: I have lost 15 pounds, at least half of which must be muscle. The fat has outfought my muscles, pound for pound, every step of the way.

Judge Knows His Baseball Schedule

ASHLAND, Va. (AP) — Three boys testified they attended an International League baseball game in Richmond the night of June 27, but County Judge J. L. Landram, a fan of the Richmond Virginians, knew better.

The Richmond team played in Montreal that night.

So he issued bench warrants charging the three boys with perjury. They appeared in court in connection with a petty larceny charge against one of the boys.

Turnpike Records First Fatal Crash

DALLAS (AP)—A truck driver burned to death in his cab after his machine smashed into a utility pole and exploded yesterday on the Dallas-Fort Worth Turnpike. It was the turnpike's first fatal accident.

The driver for a Fort Worth mattress firm, Raymond Green, 34, apparently started to turn off at a barricaded exitway, saw it too late and then turned back into the roadway. The truck hit an 18-foot pole, then catapulted upward.

4-H Queen To Wed German

INTERNATIONAL FALLS, Minn. (AP)—A former northern Minnesota 4-H Club style queen is leaving for Germany soon to wed the exchange student from that country who popped the question while staying here last summer.

The romance of Joanne Vedaa, 20, and 23-year-old Frederick Erbacher, Tubingen, Germany, blossomed at the home of her parents, Mr. and Mrs. Hjalmer Vedaa, at Indus 30 miles west of here.

Erbacher spent the summer at the Vedaa farm under the international student exchange program.

"No, it wasn't love at first sight," explained the attractive brunette. "But Frederick did propose before he left for home late last summer. And we've been writing since."

Frederick is an agriculture student at the Hohere Landauschule at Nurtingen, Germany. The couple plans eventually to go into farming in Minnesota.

Letter From Faisal Received In Japan

OSAKA, Japan (AP)—A group of Japanese students of Arabic today reported a letter from King Faisal II, welcoming them to Iraq was received here the day Faisal reportedly was killed in the Baghdad revolt.

The letter read in part:

"Thank you for your letter. I am very happy that there is growing interest in Japan about Arab countries. Please visit our country. We will welcome you."

Four students and a lecturer at Osaka Foreign Language College had written the young king that they plan a three-month study study tour of Arab countries next winter. They said they still would make the trip unless a major conflict breaks out in the Middle East.

Straw is used to celebrate the second wedding anniversary.

in Judea

This is he of whom it is written, the voice of one crying in the wilderness and saying, *Repent ye: for the kingdom is at hand.* Here John, a great preacher, warned the throng to prepare the way of the Lord, to make His paths straight. Great preachers today plead with us to be ready, for we know not the hour when the son of man cometh. Here, as in Judea where John spoke, men openly defy God, attack His church and its program of service and display contempt for His cause on the earth. *Woe be it to those who take Him lightly, or to those who never take Him at all.* Worldly gain at the expense of Heavenly loss, isn't much gain. You may be sure, Brother, at the opportune hour, His chosen moment, — *He, whose fan is in His hand, will thoroughly purge His floor.*

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

LITTLE LEAGUE AND PONY LEAGUE officials here have come up with starting times for the playoffs next Monday and Tuesday nights that will enable fans to see the games in both tournaments.

Mutt Herod, coordinator of the local Little League program and the director of the area LL tournament to be held there next week, and Bill Zimmerman, Snyder Pony League president worked out this schedule for the benefit of the fans:

The Snyder American League All-Stars will meet the Colorado City All-Stars at 7:15 Monday in the first round of the area Little League tournament and at 8:30 the Pony League all-stars from Snyder and Colorado City will clash, both games to be played here.

The same schedule will prevail Tuesday night. The Snyder Nationals will meet the winner of Monday's Colorado City-Snyder American game at 7:15 p.m. Tuesday and the Snyder and Colorado City All-Stars will meet in the second of their best-two-out-of-three series at 8:30 p.m. Tuesday.

Big Treat For Fans

Barring unforseen circumstances, such as extra inning games or such, the Little League tournament games should be over in time for the fans to make the short hop to the Pony League park for the playoff there.

It'll be a long time before local baseball fans will get such a treat as is in store here next Monday and Tuesday nights.

The Graduate Pony League, which still has another week to go on its schedule, is going to make a bid to host the regional tournment.

This region is made up of nine teams which will be boiled down to five for the regional tournament. One of the region teams will draw a bye into the region tournament with the others to compete in bi-district playoffs.

Local Team May Play Childress

The bi-district pairings haven't been announced yet but it is believed that Snyder will draw Childress in the bi-district round.

Local GPL officials got together yesterday and decided to make a bid for the region tournament. Whether the guarantee the local league will make in bidding for the tournament will top any other bids remains to be seen. Word should be forthcoming on where the region tournament will be held within the next week or 10 days.

The Region Tournament will be held the week of Aug. 11-16.

Other cities in this region with GPL teams besides Snyder and Childress that we know of are Beaumont, Houston, Lufkin, Fort Worth and Dallas.

SEASON ENDS TONIGHT

Braves, Indians Score LL Wins

The Von Roeder Seed Indians nailed down second place in the American Little League last night with a 13-6 victory over the third place Legion Yankees. The win gave the Indians a 10-8 season record to 8-10 for the Yanks.

In the National League, the celler-dwelling Kiwanis Braves rose up to defeat the second place Lions Club Cubs, 14-8.

Last night's games closed the season for the four teams competing. The other four Little League teams will end their season tonight.

Meeting in the first game tonight will be the Rotary Cardinals and Quarterback Giants at 7 with the Trinity Methodist White Sox and West Texas State Bank Athletics meeting in the second game.

The Indians managed only three hits off Eddie Kirby of the Yankees last night but five Yank errors and 11 bases on balls issued by Kirby figured mostly in the 13 Indian runs.

Blake Roberts went the distance for the Indians and hurled a four-hitter. Leslie Brown and Kirby got all of the Yankee hits, each getting two safeties. Both of Kirby's hits were doubles while Brown had a double and single.

Ritchie Smedley got two of the Indians' three hits, one of which was a double. Robert Thomas got the other Indian bingle.

The Braves, blanked on no hits for three innings by David Cadena, making his first start of the season for the Cubs, broke loose in the late innings to subdue the Bruins. The Redmen scored three in the fourth, six in the fifth and five in the sixth.

The Cubs had taken a 4-0 lead with a four-run rally in the third before the Braves broke loose.

The biggest blow in the late Braves surge was a grandslam homer by John Flynn in the sixth. Flynn got a single to go with his homer and Mike Williams contributed three singles to the Braves cause.

Larry Joe Black, Tom Kincaid and Robert Jones each got two hits to lead the Cubs at the plate.

Giants Win Another Game In 9th To Stay In Thick Of Race

By ED WILKS
Associated Press Sports Writer

The names are different and some of the finesse may be lacking, but San Francisco has revived those late-inning thrillers that were such a big hit for the Giants in '51 and '54, their last pennant years.

The Giants, hanging in there, half a game behind Milwaukee in the National League race, have won 16 games in the last inning. That's a third of their 47 victories.

On their current home stand, they've won 9 of 12, winning 6 by one run and 5 of those with ninth-inning rallies.

They beat Philadelphia 8-7 with three in the ninth yesterday. Two came in on Orlando Cepeda's double, but the clincher came home on a bases-loaded wild pitch.

Milwaukee stayed a wink ahead of the Giants by giving the skidding St. Louis Cardinals another shove, 8-7. Cincinnati side-tracked the third-place Chicago Cubs 3-2. Los Angeles hammered Pittsburgh 5-3.

In the American League, the New York Yankees stayed 12 games ahead with a 4-2 decision over Detroit. Second-place Boston beat Kansas City 6-2. Baltimore defeated the Chicago White Sox 3-0 on Billy O'Dell's nine-hitter and Cleveland defeated Washington 8-3.

The Giants, who stand 15-17 in one-run decisions, got rolling after the Phils broke a 5-5 tie with two runs in the ninth off reliever Don Johnson, called back to the majors from Toronto the night before. The Phils' ace reliever Dick Farrell, now 6-3, lost his second to the Giants with a couple of walks that Cepeda converted into runs, two more that loaded the bases and then an errant 1-2 pitch to pinch-hitter Hank Sauer.

Marv Grissom (6-3) won it for the Giants, who got home runs from Willie Kirkland and Leon Wagner. Harry Anderson hit a three-run homer for the sixth-place Phils.

The Braves won their fourth in a row despite Stan Musial's two home runs, which scored five and pushed him past Lou Gehrig into the No. 2 spot behind Babe Ruth in the all-time extra-base hit list. Del Crandall and Wes Covington homered for the Braves, who beat reliever Jim Brosnan (7-7) on Mel Roach's single in the seventh. Lew Burdette (9-7), working in relief, blanked the Cards on three hits for five innings.

The Redlegs, who had lost seven in a row in a plunge to seventh place, scored two on Frank Robinson's 11th homer, then got the winner on Roy McMillan's single, an error and an infield out. Joe Nuxhall (6-5) lasted through a 10-hit pitching job. Dave Hillman (2-1) lost it.

The Dodgers made it on homers by Gino Cimoli, Don Zimmer and Gil Hodges that scored all but one of their runs. Rookie Stan Williams won his sixth, but needed relief help after Hank Foiles' homer ended his shutout string at 19 innings in the seventh and Bob Clemente belted a two-run homer in the eighth. Rookie George Witt (2-2) lost it.

Cal McLish Keeping Tribe Out Of Cellar

By ED WILKS
Associated Press Sports Writer

If it hadn't been for Herb Score's arm trouble, the Cleveland Indians might, as Manager Joe Gordon contends, be second in the American League race.

As is, if it weren't for a guy with the improbable name of Calvin Coolidge McLish, the Injuns would be dead last.

They're seventh now, only two games ahead of Washington. They've won only 7 of their last 15, and McLish was the winning pitcher in 5. And they've won but 3 of their last 1p, with McLish, a 32-year-old right-hander who traveled the National League for years, bagging all three.

He won his fifth in a row last night, beating Washington 8-3 with the home run help of Rocky Colavito and Minnie Minoso for an 8-5 record.

The New York Yankees, meanwhile, clipped Detroit 4-2 and stayed 12 games ahead of the second-place Boston Red Sox, who beat Kansas City 6-2. Baltimore defeated the Chicago White Sox 3-0 on Billy O'Dell's nine-hitter.

In the National League, Milwaukee rallied for an 8-7 victory at St. Louis. Second-place San Francisco came up with yet another ninth-inning spurt to beat Philadelphia 8-7. Cincinnati defeated the Chicago Cubs 3-2 and Los Angeles whipped Pittsburgh 5-3.

The Senators clipped McLish for eight hits, one Roy Sievers' two-run 24th homer that tied it 3-all in the fifth. But Minoso then belted his 13th home run with a man on in the seventh off loser Camilo Pascual, now 5-5.

Colavito drove in four runs with a pair of homers.

Hank Bauer's two-run triple capped a three-run sixth that bagged it for the Yankees. Art Ditmar (5-1) was the winner with Ryne Duren's relief. Billy Hoeft (7-9) lost it, failing to hold a 2-1 edge after Frank Bolling's eighth homer for the Tigers.

The Red Sox won their fourth in a row with a five-run fifth that swept the three-game set from the A's. Frank Malzone's two-run single topped the big fifth as Tom Gorman (2-4) lost his third to the Sox. Tom Brewer won his fourth.

O'Dell, the young lefty who saved the A.L.'s All-Star victory in relief, didn't walk a man and gave up nothing but singles while out-dueling Billy Pierce (9-6). Brooks Robinson hit a solo homer for the Birds, who counted the other two on a passed ball and Bob Boyd's sacrifice fly.

Cardinal Slogan Untrue This Season

ST. LOUIS (AP) — "As Stan Musial goes, so go the St. Louis Cardinals" has become a familiar slogan over the years, but it couldn't be more wrong this season.

The 37-year-old seven-time batting champion clubbed two home runs and a single good for five RBIs Thursday, but the Cardinals lost to Milwaukee, 8-7.

Musial's 15th and 16th homers gave him a career total of 1,191 extra base hits, second only to Babe Ruth in baseball history. Stan moved past Lou Gehrig but will need at least two more good seasons to catch Ruth, who had 1,356 extra base hits in his career.

The game was the 11th defeat in the past 15 games for the Cards, but during that stretch Musial has batted a sizzling .58, raising his National League leading average to .370.

The Cardinals lost 14 of their first 17 games this season, although Musial batted an incredible .529.

YESTERDAY'S STARS

By The Associated Press

Pitching — Billy O'Dell, Orioles, club's top winner blanked the White Sox 3-0 on nine singles, not walking a man.

Hitting — Rocky Colavito, Indians, drove in four runs with a pair of homers in 8-3 victory over the Senators.

John Horne, NCAA 178-pound champion, is Michigan State's 14th boxer to win a national championship.

FELINES CLINCH PENNANT

Cats Make It 12 Straight In GPL

The Optimist Club Cats clinched the Graduate Pony League pennant yesterday with a 12-4 victory over the second place Furr Food Yankees at Towle Park.

It was the 12th straight win without a loss for the Felines and it boosted the Cat lead to five games over the runnerup Yankees with only three games left to play. Yesterday's defeat left the Yanks with a 7-5 record.

Rueben Gonzales hurled the Cats to victory yesterday with a five-hitter. Larry Patterson and John Weaver split mound chores for the Yanks, with Patterson, the starter, absorbing the loss.

The Yanks grabbed a 2-0 lead in the first inning on a two-run double by catcher George Vandiver.

The Cats cut the lead to 2-1 with a run in the second and then Eddie Watson slammed a two-run double in the third to put the Cats ahead, 3-2. The Felines were never headed thereafter.

The Cats broke the game wide open in the fourth when they plated five runs for an 8-2 lead. After the Yankees pulled up to 8-4 in the top of the fifth, the Cats ended the day's scoring with a four-run uprising in the bottom of the fifth to put the game on ice.

The Cats got six hits off Patterson and Weaver, four off Patterson in three innings (he pitched to four batsmen in the fourth) and two off Weaver in three innings, but seven Yankee errors helped to mount the Cat score. Six of the Cat runs were unearned.

Gonzales, in hurling his five hitter, walked eight and hit one batsman but he got superb backing afield by his teammates to hold the Yank scoring down. Gonzales struck out six.

Watson, with a double and single, and Ronnie Wylie with two singles, let the Cats at the plate while Vandiver and Patterson each got a brace of hits for the Yanks, one of Vandiver's hits going for a double.

In today's game, the Rainbow Sackers and Snyder Savings and Loan Braves will clash, starting at 4:30 at Towle Park.

Both Senate Candidates Say This Is Time For Decision

By WHITEY SAWYER
Associated Press Staff Writer

Both candidates for the U.S. Senate called this a time for decision Thursday, but they didn't mean the same thing.

Sen. Ralph Yarborough said in a television speech from Houston the Middle East crisis makes this "a time for sound decision, arrived at by men of patriotism, good will and experience in government. This is a time for unity among all Americans.

"We can lose our freedom by bayonets or by the 'big buy.' A government that can be bought is no better than one governed by bayonets. It is force either way and freedom of choice is lost either way," he asserted.

His opponent, William Blakley, spoke over TV from Wichita Falls.

He said "Texans know we have arrived at the greatest moment of decision ever to face our state in modern times.

"We have come to the time... when this generation of Texans must choose which way our state is going to go.

"You can by your votes turn Texas up the road of progress and opportunity and freedom.

"Or you can permit Texas to be bridled by minority rule, saddled with oppressive controls and led off down a road of compromise, with a bit in its mouth and spurs on its flanks," he said.

Gov. Price Daniel also took to the airwaves, saying in a speech from Bryan Texans can be proud of their state government "despite the daily and nightly name-calling and mud-slinging conducted by other candidates in this race."

W. Lee O'Daniel, who opposes Daniel, said over TV at Austin, "The official record at Austin shows that W. Lee O'Daniel, whom you elected governor in 1938, pulled the state out of a similar financial crisis and put the state on a cash pay-as-you-go basis. I did it then and I can and I will do it again if elected as your governor on July 26."

Henry Gonzalez' office released a statement blasting Daniel. It said "He has the unblushing face to accuse me of smearing him. The worst and biggest smear the governor has executed has been against the Texas Democrats. First he sold them out. Now he wants to dictate to them."

The state senator also charged his opponent "has smeared Texas Democrats, Texas workers, Texas Negroes. Yet he charges that I smear him when I call him a mediocre hypocrite."

Although Yarborough approved the President's action in the Lebanon crisis, he denounced the past five years of the administration's foreign policy.

Blakley accused Yarborough of being "beholden to out-of-state interests who stand against all that the Texas majority stands for.

"For the first time in history, Texas has a senator who was elected with the money of the labor bosses and that senator has a seat on the labor committee of the Senate," Blakley charged.

Yarborough planned to go to Waco Friday while Blakley headed for Amarillo and Lubbock.

Daniel headed for East Texas, including Hearne, Palestine and Tyler. Gonzalez was to visit Amarillo while O'Daniel launched a tour by helicopter through Rockdale, Bryan, Conroe, Liberty and Beaumont.

Another candidate for governor, Joe Irwin, did not give a schedule.

Farm Efficiency Topic At Rotary

Efficiency and productivity in farming and ranching were discussed yesterday at the weekly luncheon of the Rotary Club here by Oscar Fowler, county agricultural agent.

Increased efficiency in farming accounts partly, Fowler said, for the country's problem of surplus farm commodities, but he expressed the hope that the country never reaches the point some other countries that of the problem being scarcity and not a surplus of farm products.

There was a time in American agriculture, the county agent said, when one agricultural worker was required to produce enough food and fiber for himself and three other persons. Now one can produce enough for himself and 20 others.

This has been one of the things responsible for the greatness of industry and the cities of today as rural people during the last several years moved to urban areas, furnishing labor for industry.

More than 50 per cent of those 25 and older have gone to the city, Fowler said. In Scurry County, the average age of the farmer and rancher now stands at 52 or 53, he added.

"Farming is a young man's game in one sense of the word," Fowler said, adding that it is such as far as effective productive energy is concerned. If the trend continues of youth staying away from the farm, it could cause a real problem, he added. The move from the farm to town is in line with the thinking of Secretary of Agriculture Benson that there are too many farmers, he said, but it must be stabilized somewhere. One approach to the problem is increased acreage per farmer, he said.

Fowler discussed briefly the use of hybrids, which is one factor contributing to increased production. There have been corn hybrids for a number of years and grain sorghum hybrids for a number of years and grain sorghum hybrids two or three years. Most grain sorghums planted in Scurry County this year are hybrids and could result in 20 per cent more grain sorghum production.

The insect problem in Scurry County has been mild so far this year because of below-normal rainfall, Fowler said, but he added that farmers cannot be unmindful of insects. He quoted figures showing that life on the earth today is made up of about 335,000 species of plants, 215,000 species of animals and 10 million species of insects.

During the meeting, Peter Fox, cotton oil man from Sweetwater, urged members to write or wire their congressmen about a needed farm bill. If one is not passed, there will be a 20 per cent reduction in cotton acreage for next year. The House refused to take up a proposed omnibus bill, but there is a bill possible for the S[illegible] which would set the cotton a[illegible] at a minimum of 16 million [illegible]

Texan Slays Her Husband In California

RIVERSIDE, Calif. (AP)—Police say the widow of a wealthy Texan shot and fatally wounded her second husband in the climax to a bitter argument.

Mrs. Virginia Tremont, 49, became hysterical when informed that James Tremont, 55, died in a Riverside hospital.

She was placed under sedation at county jail, where she was booked on suspicion of murder.

Detectives said Mrs. Tremont told this story:

She and Tremont argued yesterday over business matters. He slapped and pushed her.

She got out a .22 pistol she had purchased earlier "for protection, although I also had suicide in mind," and fired at him three times.

Tremont, hit in the stomach and shoulder, disarmed her and staggered to the office of the hotel where they were staying, and collapsed. He died an hour later.

Mrs. Tremont's first husband was the late Tom Graham, a wealthy Corpus Christi banker. She and Tremont were married last year. They were working as a husband-wife team representing National Fund Raising Services Inc., of Fort Worth.

They came here three weeks ago to handle a campaign for a church, Mrs. Tremont said the argument with her husband started when he refused to let her accompany him on a business appointment.

Court Reviews Old Frankenstein Film

LOS ANGELES (AP)—A fiendish story was recounted in Superior Court. But the murders involved were merely incidental.

A jury yesterday viewed the 1932 film "Frankenstein" as evidence in actress Mae Clarke's million-dollar invasion of privacy suit against another actress and a television producer.

Miss Clarke, now 48, seeks the damages because she said Ottola Nesmith and Paramount Productions, Inc., made her seem a "has been" in a skit based on the original "Frankenstein," in which she starred.

Meter Gets Final Blow

LEESBURG, Fla. (AP)—A visitor was so intent on getting a nickel in a parking meter that he left a satchel full of gold and silver coins worth $5,000 on the sidewalk.

He had brought them to town to discuss them with Carlisle Rogers, a coin expert.

The satchel was found by a high school student and taken into a nearby store. The store owner had been talking with the coin owner and identified it. It was taken to Rogers, who returned it to the visitor.

Rogers wouldn't identify his friend who, in the course of things got a ticket for overparking.
