Burl Bryant To Resign Post To Become State Supervisor Of Rural Schools

WICHITAN TO ASSUME NEW DUTIES OCT. 20

County Superintendent Named to Post By S. M. N. Marrs

10 YEARS IN OFFICE

School Head Here Widely Known Over State As Educator

Burl Bryant, superintendent of rural schools in Wichita county, was appointed Friday to the position of chief supervisor of rural schools for the state by S. M. N. Marrs, state superintendent of public instruction, it was learned Friday by The Record News.

Mr. Bryant here Friday evening said he would accept the appointment, which becomes effective Oct. 20. Acceptance of the position will necessitate his resignation as county superintendent here and the appointment of another to fill his unexpired term, ending Jan. 1, 1931. He was defeated in the recent Democratic primaries in his race for re-election as county supervisor by a small vote.

Succeeds Miss Sanders

In his new office he will succeed Miss Mary Shipp Sanders, who resigned from the position recently. The duties of the state supervisor of rural schools include supervision of the rural school division of the state department of education, expenditures for the advancement of rural education throughout the state and direct charge over practically all matters pertaining to rural schools in Texas. Mr. Bryant will have his offices in the capitol building at Austin and will be the head of a staff of 10 assistant supervisors.

Mr. Bryant has been county superintendent here for the past 10 years, having first filled that position when he was appointed in 1920 to fill an unexpired term. His work in rural education has gained him statewide recognition as an outstanding educator in that line, practically his entire career having been devoted to study of the problems of rural schools.

Record as Educator

He was a member of the educational survey commission from 1923 until 1925, a member of the state textbook commission for the past four years, a member of the committee on classified and accredited high schools for the past three years and chairman of the rural school section of the State Teachers association during three different terms.

He came to Wichita county in 1917 as superintendent of schools at Burkburnett, later serving in the army during the war and returning to become history instructor at the Wichita Falls high school. It was before the completion of a year in that position that he was named county superintendent. He received a bachelor of arts degree from the University of Texas, his master's degree from the University of Chicago, and took additional graduate work at the University of Texas. He has been a member of the faculty of the State Teachers college at Denton and the Texas Technological college at Lubbock at various summer sessions.

Oklahoma Man Shot In Quarrel Over Dog

OKLAHOMA CITY, Sept. 5. (UP)—J. D. Barnhill, 33, Oklahoma City, was recovering today from a gunshot wound in the leg while deputy sheriffs sought his alleged assailant.

Barnhill told hospital attendants he had an argument with a man who allegedly stole his dog. Late yesterday the man came to Barnhill's home and asked him to go outside. The argument followed and the stranger shot Barnhill, he said.

Murder Suspects Make Bond in Texas Slaying

SAN ANGELO, Texas, Sept. 5. (UP)—Bond of $5,000 each was made today by Mrs. Emma Taylor and her brother, Boyd Jacoby, charged in indictments with murder for the slaying of Cecil Taylor, the woman's husband, a former auto dealer of Concho county.

Famous Historical Landmarks Lay in Path of Tropical Hurricane

The tomb of Christopher Columbus in the cathedral of Santo Domingo, shown in the picture to the left, miraculously escaped the violent hurricane which devastated the Dominican capital Wednesday. Above is a general view of the riverside part of Santo Domingo, showing the fortress and citadel which dominate the city. The hurricane path led straight across this section of the city.

County Teachers Organize For Interscholastic League Contests

Special to The Record News.

IOWA PARK, Texas, Sept. 5.—C. R. Wofford of the Valley View school was elected director general of the Wichita County Interscholastic league at a meeting of 125 county teachers assembled for the annual institute here Friday afternoon. Mr. Wofford will succeed Butler Westerfield, Burkburnett, retiring director.

Organization for the spring county meets was completed with the following department directors: C. R. Owens, debates and extempore speaking; Miss Ruth Rivers, Clara, declamation; Jack McWilliams, Burkburnett, essay; Miss Nadine McKinney, Cashion, spelling; Mrs. A. L. Malone, Fairview, music memory; S. A. Davis, Weeth, arithmetic; J. A. Hood, Three R's; O. E. Stowe, Iowa Park, athletics; Mrs. Sylvia Prichard, Cashion, picture memory; R. C. Bulware, typewriting.

Matches Planned

The meet will be held in the spring of 1931 at Iowa Park, the teachers decided. Exact dates are to be set later. Mr. Wofford immediately called a meeting of the department heads and county school coaches for Saturday morning. At that time a schedule for unofficial round robin volley ball

AUTO STRIKES PETE RANDOLPH

Former Sheriff, 73, Has Fractured Leg

Pete Randolph, 73-year-old former sheriff of Wichita county, was in the Wichita General hospital Friday suffering from a fractured leg which was broken Thursday when an automobile backed into the curb at Ohio avenue and Seventh street where the aged man was sitting, catching his leg before he could move aside.

His condition was reported good Friday but physicians said his advanced age would greatly hinder the healing process of the broken bone, which was crushed below the left knee. Onlookers reported Mr. Randolph was sitting on the curb when a car backed toward the spot and that he failed to get the leg out of the way, the wheel catching the limb and crushing it against the curb.

Mr. Randolph was sheriff of Wichita county 16 years ago, having served as constable of precinct No. 1 and in other capacities prior to that time. He is well known among the pioneer citizens. He makes his home with a daughter two miles southeast of the city, near the Byers road.

GRAHAM JURY BILLS OFFICER

Special Ranger Held In Liquor Bribe Case

Hugh McNeese, special Texas ranger and defeated candidate for sheriff of Young county, was indicted by the grand jury for the September term of the 30th district court on a charge of accepting a bribe from a liquor seller, according to the announcement Friday of Sam B. Spence, district attorney, who returned to Wichita Falls Thursday night after spending three days in Graham conducting the grand jury investigation.

Held for Bond

McNeese was in the custody of Young county officers Friday night and was expected to perfect bond Saturday for his release pending trial, officials said.

According to the allegations included in the indictment, McNeese accepted a bribe from a liquor seller instead of taking the man in custody and turning him over for trial.

The accused officer was defeated in the recent Democratic primaries in the race for sheriff of Young county. It was while acting in the capacity of special Texas ranger that the alleged bribe was taken, Mr. Spence said. The case against

Three Women Die As Cars Collide

ODESSA, Mo., Sept. 5. (AP)—Three women, believed to be residents, of Blackwell, Okla., were killed and Jess Beadles, Oklahoma City, and an unidentified girl were injured dangerously late today in a head-on collision between a motor car occupied by the women and the girl and a truck in which Beadles and J. R. Hibdon, Oklahoma City, were riding on U. S. highway No. 40, six and one half miles south of here.

Two of the women were identified tentatively as Mrs. H. H. Arters, Blackwell, Okla., and Mrs. F. H. Pollock, probably of Blackwell. The three women and girl were believed to be driving from a vacation in Colorado to their homes.

POLICE EVADE HABEAS WRIT

Secret Witnesses Spirited From Hotel

SHREVEPORT, La., Sept. 6 (UP)—Somewhere in Louisiana tonight state police were holding Sam Irby and James Terrell, witnesses in a secret investigation of the highway commission, while agents of Attorney General Percy Saint, armed with warrants for the arrest of their captors, sought the release of the two men on habeas corpus writs.

Leading the state officers who captured, handcuffed and spirited away the two men from a hotel here were Wade Long, cousin of Governor Huey P. Long, and Dave McConnell, the governor's brother-in-law.

Terrell is the divorced husband of Miss Alice Lee Grosjean, beautiful confidential secretary of Long.

Fought Arrest

It was reported Irby attempted to defend himself with a pistol when arrested, but was prevented by two members of the Shreveport police force.

The two men, both formerly connected with the highway commission, were believed to have given testimony damaging to the com-

A verdict of death from natural causes was returned by Judge J. W. Pace.

RIOTS COMPEL IRIGOYEN TO RESIGN POST

Argentina President Puts Control in Hands Of Martinez

POPULACE RESTLESS

Buenos Aires Declared In State of Seige After Coup

BUENOS AIRES, Sept. 5. (US)—President Hipolito Irigoyen, tonight delegated his powers of the presidency to Vice President Dr. Enrique Martinez. The president's action is tantamount to resignation. He assumed office in October, 1928.

Irigoyen's action came following a third request by members of his cabinet. They begged him to end an ominous political situation by vacating his office. On two previous occasions he had refused.

Martinez' first official action was to declare Buenos Aires in a state of seige. This leaves the capital virtually under martial law.

Excitement Intense

Announcement that the president had delegated his powers to the vice president was accompanied by the explosion of several bombs on the Avenida Mayo and the shrieking of sirens and whistles. Crowds stampeded the newspaper offices in search of further details. Wild excitement prevailed throughout the city.

Martinez' declaration of a state of seige, however, did much toward preventing the excitement of throngs from sweeping beyond bounds. Their cries died down as the vice president's first action became known. Armed police appeared in the streets and the throngs began to dwindle rapidly.

It is now a question of speculation whether tonight will see Irigoyen, for years the leader of the Radical party and a stormy petrel in Argentine politics, disappear from the political scene. It is regarded as certain that he will never return to the government house, but whether tonight's occurrences herald a change of government policy can only be conjectured.

Resignation Pressed

Earlier in the day the president's cabinet had repeated its request of Wednesday that he resign. Upon his second refusal there were indications that the president was weakening in his resolve to hold office, despite the opposition of his party. He then asked that the status quo be maintained until Monday, which was granted by Minister of Justice De La Campa, rep-

AGED MAN HURT IN CAR CRASH

Prominent Bowie Pioneer Hurled From Auto

Special to The Record News.

BOWIE, Texas, Sept. 5.—B. F. Watson, 85, prominent business man and a resident of this vicinity for half a century, was seriously injured in an automobile crash here Friday when the impact of the collision threw him from his automobile, causing him to strike his head against the street.

Physicians said the octogenarian was not critically injured by the crash but that the effect of the severe shock on his condition would be watched closely and the possibility of his complete recovery would not be known for several days. He also sustained scalp wounds in both the front and rear portions of the skull. He was taken to the Bowie Clinic hospital after the crash.

The accident occurred when Mr. Watson's machine and another driven by J. B. Sampson of Fort Worth collided on a street here. The aged man's machine was practically wrecked and the other car was seriously damaged but its driver was unhurt. Mr. Watson has been in business here for the past 30 years and has lived in this community for 50 years. He is the father of Mayor O. W. Watson of Bowie. Onlookers described the crash as unavoidable.

HUNGER STALKS WRECKAGE OF STRICKEN CITY

Damage Toll Estimated At $20,000,000 In Santo Domingo

RELIEF SHIPS SENT

Western World Mobilizes To Alleviate Wide Suffering

PORT-AU-PRINCE, Haiti, Sept. 5. (UP)—Capt. Ford O. Rogers of the United States marine corps, returning from Santo Dominigo by airplane tonight, told the United Press that President Trujillo of the Dominican republic now estimated the dead in the city of Santo Domingo from the hurricane at 2,000 and the injured at 6,000.

SANTO DOMINGO, Dominican Republic, Sept. 5. (AP)—Under martial law this capital of the Dominican republic, oldest white man's city in the Americas, lay in ruins today as the bodies of 1,200 of its citizens, men, women and children, burned on great funeral pyres.

And to the north lay death and desolation the extent of which could not even be guessed, for all means of communication between this Caribbean seaport and the interior were wiped out by the hurricane that whiplashed the island on Wednesday, leaving it as if an earthquake had torn it asunder.

In a way the 1,200 dead in the city and the unnumbered dead elsewhere were, at least momentarily, less to be pitied than the living, for their suffering was at least ended, whereas the plight of the 5,000 injured and the 30,000 homeless and destitute was growing hourly more critical.

Thousands Hungry

Of the city's 10,000 buildings only 400 were left in which to house the wounded and the weak. And today hunger began to stalk the littered streets.

Relief workers had time only for the living and so, lest the horror of pestilence be added to the city's sorry burden of misfortune any attempt at burying the dead was abandoned in favor of mass incineration.

And yet, despite the terrific loss in life and property—the damage within the city limits was roughly estimated at $20,000,000 — hope flamed strongly in the survivors' hearts and was strengthened by reports that relief ships were on the way with food and medical supplies, doctors and nurses.

Kitchens Installed

Food, because of its insufficiency, was being strictly rationed and President Leonidas Trupillo himself worked in wreckage-heaped streets seeing that the most needy were first erved and most carefully protected.

Astronomers Hear How Earthquakes Are Born in Earth's Beating Heart

Noted Scientist Advances Amazing New Theory of Universal Mechanism

By FREDERICK C. OTHMAN

CHICAGO, Sept. 5. (UP)—America's most noted astronomers listened without batting an eye tonight to some theories, which, if proved, would revolutionize the whole concept of the world upon which they live.

One of the theories, as advanced before the American Astronomical society by Prof. Benjamin Boss, director of the Dudley Astronomical observatory, Albany, N. Y., holds in essence:

Pulsating Heart

1—That the earth is pulsating constantly, like a human heart.

2—That in these heart-beats are born earthquakes, volcanoes, even mountains and oceans, in fact the whole outer structure of the world.

But, astronomers are a race apart, to them a thousand years is scarcely worth noticing. The earth is simply a speck to them in the vast universe they scan through their telescopes.

They weren't exactly bored while Professor Boss, speaking in America's only planetarium where artificial stars skim over an artificial sky, told of his findings in connection with the earth's pulsations.

Theory Explained

But when Professor Boss connected the earth's theoretical heartbeats with bombardment of electrons from the sun and thereby linked the pulsations with similar phenomena throughout the universe, his distinguished listeners leaned forward in their seats.

As astronomical language is so complicated with multi-syllable words, strange mathematical terms and mysterious figures of speech that no one but Dr. Boss' fellow astronomers knew quite what he was talking about. Later Dr. Boss, a kindly soul, explained in two-syllable words to the flustered scribes in his audience something of what his theory meant:

The earth's heart-beat is caused by electrons bouncing off the sun. In the electronic charges come the wind, the storms, northern light and other phenomena.

Passage of the sun through cosmic dust slowed up the bombardment and caused the pre-historic ice ages of the earth. Lack of cosmic dust caused tropical ages millions of years ago.

The stars, of which the sun is one of the smallest, have meanwhile a distinct life cycle. The birth of an atom is the beginning of one of the twinklers so many trillions of miles away.

The atoms collect to form cosmic dust. The dust seeps into nebulous clouds. The clouds condense and thereby form gigantic red stars. They get hotter then, turn into yellow stars, grow smaller and turn red once more before finally they fade into nothing.

All that, of course, takes so many billions and billions of years that no one but an astronomer, apparently, can quite conceive the whole process.

But as Professor Boss put it: "Astronomy is a most interesting study if you have the time."

2,000 STORM DEAD BURNED

Funeral Pyre Consumes Hurricane Victims

(Continued From Page One)

begin feeding the hungry and homeless populace of the capital.

People took refuge for the night within churches, schools and other public buildings left standing.

Operation of the kitchens was the first act of Mario Ferman Cabral, president of the senate, who was designated by President Trujillo to supervise the feeding of the refugees and the removal of debris from the city's 10,000 destroyed buildings.

Looting Checked

As is always the case in the aftermath of disaster, there were during the first paralyzed period after the hurricane passed some instances of looting. But today the city was under martial law and the relief work went forward with perfect order.

Because others could not be spared and in order to utilize every available agency in at least preparing for the gigantic reconstruction program that will have to be put into effect to rebuild the city, prisoners were set to work clearing the debris from the streets.

Declaring the situation was disastrous and that 90 per cent of the city was destroyed President Trujillo appealed by cable today for quick assistance from the United States and all other friendly nations.

"We are in need of everything," he wired after telling of the urgency of the need for help.

Two Disasters

It was really two disasters that beat the city prostrate Wednesday afternoon. For first one arc of the whirling hurricane crashed across the city and then, after an interval, the other half of the circle ripped across town in the opposite direction and completed the havoc begun by the first blow.

The greatest intensity was between 1 and 2 o'clock. By 5 the hurricane had passed inland across the republic, spreading death and destruction that even yet cannot be even inaccurately estimated. And today the warm sun shone placidly down on a city razed, on the wholesale victims of the Caribbean's latest tempestuous tantrum.

Storm Abates

WASHINGTON, Sept. 5. (AP)—Shorn of its fury by the rugged path it traveled across the Dominican republic, the hurricane which lashed Santo Domingo was moving leisurely toward the Florida straits tonight while American relief forces extended a helping hand to the devastated island city.

Rains and light winds marked the progress of the disturbance toward the tip of the Florida coast and storm warnings had been taken down, but the incoming reports from Santo Domingo painted a vivid picture of the furious swath it cut across the island before the mountains sapped its strength.

Relief Organized

Red Cross officials said command of American relief activities was in the hands of an American committee which Minister Charles B. Curtis was asked to name today. This committee will cooperate with officials of the republic and through it will be spent the $40,000 the Red Cross has cabled to Curtis. Captain Antonio Silva, president of the Porto Rican Red Cross chapter will take charge of immediate relief in the field.

The committee will also take charge of the relief supplies for which Governor Roosevelt of Porto Rico was sent $10,000, as well as of other contributions made through American officials.

Ernest L. Swift, assistant director of foreign operations, said except for voluntary contributions of clothes and relief supplies no commodities would be sent from the United States. He will maintain communication with the Americans working at the scene, however, and the Red Cross will meet requests for supplies should they come.

Planes Sent

Colonel George W. Helms, commander of the 65th infantry, San Juan, Porto Rico, reported from San Juan he had conferred with Governor Roosevelt and given him 100 tents, 500 cots, 500 blankets, 1,200 cases of milk, 500 cans of lard, and 500 pounds of candles, and would fill future requests as far as possible.

The marine corps at Port-au-Prince, Haiti, cabled that two planes sent by the president of Haiti had carried a special representative of that official and if field landings were feasible they would continue to supply necessities by plane to the limit of availability during the emergency.

"Conditions appear to be worse than first reported," the message said.

"Surgical and medical personnel will also be furnished if deemed necessary by Dominican government. Road communications to Santo Domingo interrupted."

Raja Yogi Held Under $200 Bond

Patron Claims Swindle in Hypnotic Act

Claiming he was swindled out of 10 cents because the act was "a fake and a fraud," a Wichita Falls man Friday filed a complaint charging swindling against Raja Yogi, alias W. H. Mathews, self-styled hypnotist, in connection with the payment of the 10 cents admission price to witness the hypnotic act which has been presented regularly at Lakeside park during the summer.

The complaint, taken by Wayne Somerville, county attorney, was filed after the complaining witness had watched a performance at the park in which Raja Yogi claimed he hypnotized Dorothy Herndon and, while she was under hypnotic sleep, placed her in a case and buried her in a hole five feet deep, where she was to remain under the "spell" for more than 160 hours without food or drink.

The complaint specifically alleges that Miss Herndon was not under hypnotic sleep at any time, either before or after being placed in the grave, and that for that reason the complainant had been swindled out of his 10 cents. Raja Yogi was arrested Thursday by Constable Frank Morgan and Deputy Constable Elmer Thornton. Bond of $200 was set after the accused hypnotist had conferred with Mr. Somerville.

Meanwhile, Miss Herndon, remained in the grave into which she was placed at the time she was supposedly brought under the influence of hypnotic sleep. Officers said they could see the young woman through a small glass window arrangement in the top of the box in which she lay five feet underground, but that their attempts to speak to her or attract her attention met with no response. The period for which she is to remain hypnotized will not end until Sunday, they said.

Bob Long Questions Validity Of University Oil Leases

AUSTIN, Sept. 5. (AP)—Belief that every lease on oil lands of the University of Texas in Reagan county can be broken because of discrepancies was expressed at a meeting today of the house committee appointed to investigate alleged irregularities in the leasing of University lands by Bob Long, member of the committee from Wichita Falls.

Long stated that all leases in University lands, according to facts brought to light in the preliminary investigation, contained discrepancies and should be subjected to a sweeping investigation. He stated the audit would show the oil companies were cheating the university out of royalties, but declined to amplify this statement.

Committee Disagrees

The session of the committee was marked by an argument over the turning over of the loss of the wells and the results of the preliminary audit to the attorney general's department for investigation. Long stated the committee should take steps to hire an outside lawyer to handle the case and expressed the opinion that it could not be handled in a competent way by the attorney general's office.

He declared it would be impractical to have the affair given to the state's attorney because a change in administration would completely disrupt the work since the investigation and attendant litigation would be hanging fire from four to six years.

Probe Ordered

A motion on the part of Ray Holder, committeeman from Dallas that it be turned over to the attorney general was carried, being given the support of Judge Harry Graves of Georgetown, chairman of the investigating committee. Instructions were issued by the committee to the attorney general to proceed immediately with the investigation of the data compiled by the auditors.

STILL FIGHTING

'Mother' Mary Jones Gives $1000 to Oppnents of Lewis

WASHINGTON, Sept. 5. (AP)—"Mother" Mary Jones has settled her labor fight with the Rockefellers, but her old feeling that John L. Lewis should be ousted as leader of the United Mine Workers of America has led her to make a contribution of $1,000 to miners fighting him.

The 100-year-old unionist made the donation to John Walker of Chicago, a friend and a leader in the fight of the reorganized Mine Workers of America against Lewis.

From the sick bed that she never again expects to leave, she whispered to Walker as she gave the money:

"I know of no better use for it," she said. "It has broken my heart to see the United Mine Workers crushed. I only pray I may live long enough to see John L. Lewis licked."

Walker's protestation that she needed the money was of no avail.

Negro Admits Robbing Oklahoma City Office

OKLAHOMA CITY, Sept. 5. (UP)—Arthur Williams, negro, made a purported confession today in which he admitted entering the offices of the Oklahoma Jobbing company and obtaining $600, police said.

Officers said his confession implicated Ben Haley.

An investigaton revealed the building was entered through the skylight.

SHRINERS TO VISIT QUANAH

150 to Make First Fall Trip Today

A caravan of at least 50 automobiles containing approximately 150 Shriners and their wives will leave Maskat temple Saturday afternoon at 3 o'clock for Quanah on the first of a series of good will trips planned by the order as a part of their fall program.

Upon arriving at Quanah the group will be entertained with a banquet at the First Methodist church after which street entertainment will be held from 7:30 to 8 o'clock.

Following the entertainment, the local temple will offer a program at the high school auditorium from 8 to 9:30. Mayor Walter Nelson Jr. will act as master of ceremonies and Kendal Paulk will be stage director.

The program will be opened with a concert by the Maskat temple band after which Potentate Ed Peterson will give a talk. R. E. Shepherd and J. H. Fletcher will each give vocal solos, accompanied by J. S. Pitman, and Miss Viola Grace Doern, accompanied at the piano by Mrs. G. Wayne Barker, will give a violin solo. Following vocal solos by L. R. Thurman and Grover Bullington, Walter D. Cline will give a talk and George Taylor will entertain with vocal selections, accompanying himself with his guitar. Dr. O. T. Kimbrough will also give a vocal solo. The final number on the program will be selections by the Royal Hawaiian Trio from KGKO.

Following the program, the group will be guests at a dance at the country club. All nobles are requested to wear their fezzes throughout the trip. J. Marshall Franklin is chairman of the trip.

Officers Kidnap Secret Witnesses

mission at the Baton Rouge investigation this week.

Enraged at what they termed an illegal act, Attorney General Saint and Assistant Attorney General E. R. Schowalter, both politically aligned against Long, were making every effort to find Irby and Terrell and arrest their captives.

Saint flew here from Baton Rouge to get the habeas corpus writs from Judge T. F. Bell of Caddo parish district court. The writs were to be served against R. L. Whitman, chief of the Long-controlled criminal identification bureau, and member of the arresting group, when he is found.

Life Threatened

Sheriff Tom Hughes of Caddo parish broadcast a message to all sheriffs asking aid in finding the two men and returning them here. It was rumored and later denied they were being held at the state penitentiary near Baton Rouge. Another rumor said they were in another state institution.

Irby, one time chief test chemist for the commission, had asked protection from police here earlier in the week. He reported his life had been threatened anonymously, and his automobile stolen. He was to file a $50,000 slander suit here against Governor Long.

Long could not be reached here or in New Orleans for a statement.

The clash over jurisdiction of state officers was the second in two days. New Orleans police and state police fought each other at a long senatorial rally in New Orleans last night, when the state police attempted to take over traffic directing in front of the meeting grounds.

County Organizes Scholastic League

matches for senior girls, to be started at once, will be arranged.

Approximately 125 teachers of Iowa Park and the rural schools attended the institute Friday. Burl Bryant, county superintendent, presided. The session opened with a singsong led by E. R. Stroud and an invocation from Rev. G. N. Neafus.

The teachers were welcomed by Mayor Tom Pace. C. R. Wofford responded. The principal address of the morning was delivered by Dr. H. L. Pritchard, of the department of sociology in S. M. U. Dr. Pritchard discussed "Understanding the Behavior of Children."

Class Held

After the address the primary and intermediate teachers heard a lesson on poetry appreciation presented with a closs of six children and directed by Miss Ethel Morgan of Wichita Falls.

At the same time high school instructors heard C. R. Owen, Fairview, and W. A. Franklin, Wichita Falls. Mr. Franklin discussed the work of the Parent-Teacher association.

The Iowa Park P.-T. A. served luncheon in the domestic science cottage at noon.

The institute will complete its sessions Saturday morning.

Dead Dog Wins Race

LONDON.—Joy Leaflet, greyhound, recently won its last race even though dead. With Ocean Bustle in the lead, Joyful Leaflet gave a grand spurt at the end of the stretch. Just before the dog reached the finish line, it dropped dead. Its momentum carried it over the line and the judges agreed that it won the race.

RIOTS FORCE IRIGOYEN OUT

resenting the majority of the cabinet.

Tonight's resignation was evidently pressed forcefully by the cabinet when riots were reported in progress in La Plata and it became evident that Buenos Aires faced a recurrence of last night's disorders.

Advices from La Plata declare that police today fired upon a large student anti-Irigoyen demonstration. The casualties, if any, remain unknown.

Rioting Feared

It is feared that word of the La Plata disorders will serve only to inflame disaffected elements in the capital. Occupants of buildings overlooking the Plaza Mayo, where the government house is located, are said to have been instructed to clear out.

The plaza, where last night students exchanged shots with political gangsters, is literally alive with fully armed troops.

Irigoyen's resignation is said to have been virtually forced upon him by his cabinet today, following an all-night secret session. The members are reported to have presented their resignations, requesting him to vacate the presidency.

Meanwhile, military precautions against an uprising reached their high peak this morning. All principal streets and roads leading into the capital were strongly guarded by soldiery and armed police.

Police today put the total of those killed at four and the wounded at 20 in last night's rioting.

C.-C. Delays Vote On Cotton Belt Merger

Decision to delay action on the proposed merger of the Cotton Belt and Southern Pacific railroads was made at a meeting of the traffic committee of the chamber of commerce in the office of Dudley Foy, manager of the department, Friday morning.

The hearing for the case is set for Oct. 20 before an examiner of the interstate commerce commission. The meeting was presided over by J. W. Chatham, chairman of the committee.

JUNIOR C.-C. PROGRAM

John Flynn, baritone and member of the Junior college male quartet for the past two years, will be presented in a 30-minute vocal recital on the Junior Chamber of Commerce program to be given over KGKO Saturday evening beginning at 7:30 o'clock, according to Temple Shell, chairman of the program committee.

Mr. Flynn who is a pupil of Mrs. Lois Parker, will attend the University of Texas at Austin this fall where he will continue the study of voice.

Grapes in Orange Juice

California white grapes.
Red Tokays.
Juicy oranges.

Rinse the grapes, cut them in halves, and remove the seeds. Squeeze the orange juice. Place in the refrigerator until just before serving time. Allow one-third cupful of seeded grapes and one-quarter cupfuls of orange juice for each glass. Arrange the grapes in the glass and pour the orange juice over them.

Veal Loaf

One and one-half pounds ground uncooked veal.
One cupful ground ham, raw or cooked.
Two eggs.
One cupful dried bread-crumbs.
One-eighth teaspoonful untmeg.
Juice of one lemon.
Grated rind one-fourth lemon.
One cupful milk.
Two tablespoon fuls bacon fat or butter.
One one-half teaspoonfuls salt.
One-fourth teaspoonful pepper.
One quart canned tomatoes.

Mix ingredients in the order given, shape into a loaf, and place in a dripping pan. Sieve the tomatoes and pour over the loaf, basting it with the tomato as it bakes. Cook for 45 minutes in a 400 degree F. oven, adding a small can of chopped saute'ed mushrooms during the last half of the cooking if desired. Serve with the sauce poured over the loaf. Garnish with parsley. Serves six.

Savory Potato Balls

Six medium sized potatoes.
One and one-half teaspoonful salt.
Four teaspoonfuls butter.
One egg.
One-eighth teaspoonful paprika.
One teaspoonful finely minced green pepper.
One-fourth teaspoonful celery salt.
One-fourth cupful chees.
One-fourth cupful cheese.

Cook the potatoes until tender. Drain, dice and add the salt, butter, celery salt, paprika, green pepper and beaten egg. Beat well, make into balls the size of croquettes. Arrange in greased pans, brush with beaten egg, sprinkle with cheese and bake in a hot oven of 450 degrees F. until brown. Serves six.

Neapolitan Salad

Two cupfuls celery strips.
Two green pepers.
Three canned pimentos.
French dressing.
Lettuce.

Cut the celery into short, thin strips. Cover the peppers with boiling water, let stand five minutes, remove at once, dry and chill; then cut into strips the same size as the celery; rinse the pimentos in cold water, dry and cut in the same style as the celery. Mix with French dressing and serve in nests of lettuce. Serves six.

Pineapple Ice Box Cake

Mix together one cup of cornstarch, two cups of brown sugar, one cup of white sugar, one-half a teaspoonful of salt, one cupful of cold water, then when mixed to a smooth paste, add one quart and one-half of boiling liquid—all of the liquid drained from a number three tin of crushed pineapple, with water added. Cook thoroughly, stirring constantly. Then add a little of the hot mixture to six beaten egg-yolks; mix carefully and return to the saucepan to cook the egg-yolk gently. Remove from the fire, stir in the drained pineapple, one tablespoonful of butter, and one tablespoonful of lemon juice. When cooled, fold in the six egg-whites, beaten very stiff, and one-fourth a cupful of melted marshmallows. This fluffy mixture is put into a spring cake pan which is lined on the bottom and sides with sweet wafers (Sunshine wafers) and graham crackers. Pour in about half of the mixture, then enough melted marshmallows barely to cover, and put in place more wafers, candied cherries and candied pineapple. Then finish filling the mould with the mixture. The melted marshmallows will need two tablespoonfuls of hot water added to about a dozen marshmallows to prevent toughness.

Chill thoroughly, remove sides of the pan by loosening the spring fastener. This makes serving easy. The filling will be firm if thoroughly, cooked and completely cooled, but it will be very soft.

Cider Ice

One cupful sugar.
One cupful water.
Three tablespoonfuls lemon juice.
One quart cider.

Cook sugar, lemon juice and water to 240 degrees F. Chill, add cider and freeze using eight parts ice to one part salt. This makes two quarts.

Cottage Cheese

Cheese is the casein and fat of milk, salted and pressed. It is an important means of putting milk, a bulky and perishable food into concentrated form, enabling it to be stored in time of plenty for future use and transported to distant markets.

The composition of cheese varies as some are made of whole milk, and others of cream or skimmed milk. Cottage cheese is easily prepared at home but may be purchased for a very small amount. Local producers make it under sanitary conditions from pure milk and cream. Cottage cheese may be used in most recipes instead of expensive cream which is distributed by large cheese manufacturers. It should be remembered however that the larger the quantity of fat the softer and more easily broken up is the cheese during digestion.

Cottage cheese is a substantial food, not a fancy "extra" as American people so often think of it. It is especially recommended for summer meals to be used instead of meat as it adds zest and as its preparation is very simple. It is a delightful salad cheese, being used in the salad or salad dressing or as an accompaniment to the salad. While cheese is not usually considered a breakfast dish, a restaurant in New Orleans features cottage cheese for that meal.

The latest experimental evidence shows that while cheese may remain in the stomach a little longer than some other foods, due to the fact that the fat is so closely bound up with the protein, yet it is completely and easily digested in quantities, without harmful results by most normal individuals. Since cottage cheese contains generous amounts of three of the important food elements—lime, protein and vitamines—and since it is easily digested it should be used often to supply them. It may be prepared in the home in the following manner:

the following manner:

Sour Milk Cottage Cheese

Let fresh milk stand in a temperature of 100 degrees F. from one to three days, or until the curd separates from the whey. Turn the curd into a coarse cotton bag and let hang in a cool, dry place about 24 hours, or until the curd is free from whey. Add salt, pepper and sweet cream to taste. In winter the process may be hastened by heating thick, sour or "clabbered" milk over hot water, but, if the water be too hot, a tough cheese results. The cheese is most rich and creamy, when the separation takes place at a low temperature, that is at about 100 degrees F.

Recipes using cottage cheese:

Cottage Cheese Balls

Roll cottage cheese which has been seasoned with salt, pepper, and cream or mayonnaise into balls and then roll in finely chopped parsley. These balls with lettuce, vegetable or fruit salad, buttered whole wheat bread and a glass of milk make a satisfying summer luncheon.

Cottage Cheese Croquettes

One cupful cottage cheese.
One teaspoonful chopped green pepper.
Mashed potatoes.
One-half teaspoonful soda.
Two tablespoons chopped parsley.
Bread crumbs.

Season to taste, make into small rolls, and cover all over with mashed potatoes. Then roll in bread crumbs, brush with melted fat or butter and brown in a hot oven.

Country Club Croquettes

Add one cupful of ground ham to two cupfuls of cottage cheese which has been mashed and beaten smooth. Shape into croquettes and roll in ground nut meats. Serve on a platter garnished with celery.

Cheese Balls

One and one-half cupfuls American, Neufchatel or cottage cheese.
Cracker crumbs.
One-fourth teaspoonful salt.
One-fourth teaspoonful paprika.
Whites of three eggs.

Mix together the cheese, salt and paprika, then add the whites of the eggs, beaten stiff. Shape in small balls, roll in sifted cracker crumbs and fry in deep fat to a delicate brown color. The balls will cook in less than one minute. Drain on soft paper on the oven door. Serve on a lace paper, either with celery at the close of dinner, or with a green vegetable salad before the dessert.

Salad Sandwich Loaf

Cut all crust off of a loaf of white sandwich bread and cut in four slices the length of the bread, instead of the usual way of cutting. Spread each slice thinly with well-seasoned mayonnaise. Season each filling with a little salt. On first slice spread filling No. 1—chopped pecans or other nuts, moistened with mayonnaise. Place on top second slice of bread and spread with filling No. 2—chopped celery and green peppers, moistened with mayonnaise. (Watercress may be added). Place third slice of bread on top and spread with filling No. 3—chopped olives moistened with mayonnaise. (Pimentoes may be used). Place on fourth slice of bread. Hold together with toothpicks.

Mix cottage cheese (1½ cups) with cream or mayonnaise until it is the consistency of frosting. Frost top and sides of loaf as you would a cake. The loaf may be beautifully decorated with a pastry bag and tubes, using cottage cheese in the bag. Place the loaf on a bed of crisp lettuce leaves. Garnish with stuffed olives and tomato roses. In serving, cut the leaves through in slices with a sharp knife.

Note: One good sandwich filling might be used instead of the three kinds suggested. A garnish to simulate the various suites of cards, tiles in mah jong or designs appropriate to the occasion may be used. The loaf may be prepared several hours in advance and placed in the ice box. It serves for both salad and sandwich.

Roast Pork, Pears and Cheese

Pork roast.
Six canned pear halves.
One package cream or an equal quantity of cottage cheese.
One teaspoonful paprika.

Work the paprika well into the cheese. Form into six balls in the centers of the pear halves. Fifteen minutes before the roast is done place the pears around it. After five minutes baste with the fat and when the cheese melts remove from the oven with the roast. Garnish platter with parsley.

Golden West Salad

Drain and chill halves of peaches. Place halves on hearts of lettuce and fill centers with chopped celery, salted almonds and cottage cheese with which mayonnaise has been mixed. Garnish top of each with a dash of mayonnaise and a whole almond.

Shrimp Cheese Salad

One-half can shrimps.
One-half small bottle stuffed olives.
One cup cottage cheese.
Lettuce.

Mix cottage cheese with one scant teaspoonful of curry powder, a dash of black pepper, a dash of paprika and a little salt. Add a teaspoonful of shrimp liquid. Arrange a circle of the shrimps on the lettuce leaves. Fill circle with

P.S. To the discriminating woman who insists upon fresh eggs, sweet milk and good things to eat, this announcement is very interesting. Interesting because she realizes that the shortening she uses not only helps to make good things to eat; but must be pure, wholesome and good to eat all by itself. Because it *comes to the table* as part of the food. You eat it . . . and nothing can be too good to eat.

That's why the Wesson Oil people carefully make Snowdrift of a selected oil as fine as a choice salad oil—pure, wholesome and good to eat; free from all animal fats.

Snowdrift is creamed for you and immediately packed in air-tight cans to seal in all of its goodness and freshness for your table. It's now down in price. At its lowest price in years. Ask your grocer for the new low prices.

Who Rules the Nation?
Mr. Gerard Picks 59
A Co-respondent at 85
"Honest Graft"

By ETHLE GAUVREAU

Former Ambassador Gerard comes to the conclusion that 59 men are ruling America. He places John D. Rockefeller Jr., at the head of the list. Others include Mr. Mellon, J. P. Morgan, Charles M. Schwab, Albert H. Wiggin, all important. President Hoover is not included. Mr. Gerard believing that big gentlemen high up pull the strings and make the president jump. The only surprise in Mr. Gerard's list is its length. Ten names would be ample. The others will be flattered to be included.

"These men," says Mr. Gerard, "rule by virtue of their ability. They themselves are too busy to hold political office but they determine who shall hold such office."

If the important gentlemen running America picked some of our officeholders to run their own business there wouldn't be much left of big business inside of a year. If 59 master minds are running the country they should spend a little more time at it. It needs it right now.

Of more importance to you, if you are ambitious, is to keep in mind what some of these men read and have read. Two-thirds of them read biography. Twenty of them believe their lives have been influenced by the biographies they have read. General Bullard is interested in the lives of great soldiers. Pierre S. duPont reads history and makes powder. Mr. Schumaker, able chief of the Victor Talking Machine company, says the life of Lincoln benefited him most. Strangely enough, Shakespeare is missing from the list, the greatest writer of all time. Read him all through life and you can get along without modern fiction.

A "psychic artist," Mr. Frederic L. Thompson, who rose from a goldsmith to a painting medium, sues his wife for a half million. His wife starts a counter-suit for half a million. As usual in such cases where millions are tossed about freely, a third person is named as co-respondent. He is a gentleman 85 years old. That's news. Any man who can become an enthusiastic co-respondent at 85 deserves some consideration.

If these people have millions, the world need not bother to sympathize with their difficulties. If, as is more likely, they can't meet the rent, they should not try to throw dust into the eyes of the public. To appear a millionaire is a weakness with a certain class of people, especially "psychic artists." That is another racket, by the way, that needs looking into.

The chamber of commerce of Atlantic City, in its new program for cleaning up the town, calls for the elimination of "honest graft" in the city hall, and specifically in the building department. To some this might be a distinction difficult to appreciate. New York politicians, elected on the platform of "honesty is the best policy," would say that includes honest graft. You read about that every day.

The bar association has injected itself into politics as a healthy and vitalizing factor. Its stand in the Ewald graft probe helped to bring about the reopening of the case. Today it comes out in favor of dry referendum by an 8 to 1 vote.

At its 53rd annual meeting in Chicago, now in session, the most eminent lawyers of the country discuss problems of a legal aspect. The first problem, as being the most pressing, is prohibition. It is up to the medical association, now to come forward. By 1932 the sentiment against the 18th amendment may be strong enough to wipe it off the record of our constitution as the most inglorious addition ever enacted.

Bring this and save 25 cents on your admission at the Labor temple dance Saturday, Sept. 6.—Adv.

One o' the finest events o' the season wuz the indefinite postponement of an amateur performance scheduled for Melodeon Hall. A brazen barefaced bandit must feel awful cheap when he only cleans up about $1.80.

Bored by alumni criticism of his football teams, Knute Rockne, Notre Dame coach, says he hopes his next coaching job will be at Sing Sing. Well, he should never have to worry about filling his guard positions. Besides, those fellows are especially good on the defense.

Would it be such an exaggeration to call this country of ours the home of the brave and the land of the spree?

A Bad Day for Mothers

STARTING a youngster off to school for the first time is one of those minor but poignant tragedies that life insists on bringing to all mothers. There isn't any way of dodging it and there isn't any way of making it easy to take. It has to be done, and that's all there is to it. Still, it isn't much fun.

The youngster, of course, usually enjoys it. To him it is a symbol of advancing years, a foretaste of coming independence. He generally considers that going to school takes him out of the "baby" class and enrolls him, if not quite in the ranks of adults, at least a long step away from outright infancy. He gets a brand new peek at the outside world, and it provides him with quite a thrill.

The worst of it is—from the mother's viewpoint—that he is quite right in looking at it that way. The first trip to school does, unquestionably, mark an epoch in childhood. It brings to a sudden close the period of complete dependency on the home, it slashes straight through that brief, ecstatic time in which a child is always on terms of perfect intimacy with its mother.

That is why mothers, on the first day of school, experience a strange and pitiful difficulty in keeping the tears back. They always have and they always will; and, to repeat, there isn't anything that can be done about it. But there is small comfort in that reflection.

Probably the hardest thing is not, after all, the knowledge that the youngster has taken the first of the steps that will eventually carry him away from his home forever. The pathetic thing, the thing that tugs at the heart strings, is the brave, unsuspecting innocence with which a lad of six trudges off to face the world.

By the time we are old enough to be parents, most of us come to realize that the world is far from being the pleasant, delightful place that we imagined as children. It is a place in which illusions fade and in which dreams have an unaccountable way of failing to come true. There is a great deal more meanness and cruelty and heartbreak in it than we used to think. Acquiring this knowledge is a painful process.

Starting to school puts a child in line for its first dose of that knowledge. In the months that follow he will shed the wide-eyed trust, the spontaneous confidence, that are the heritage of all very small children. Gradually he will become soiled, as all of us grownups are soiled. The moment that he heads his footsteps toward school, the shadows of the prison house begin to close about him.

All of this, to be sure, is universal and unescapable. It has to be. We learn by getting bumped, and in the long run it is generally good for us. But watching your own child take the first step isn't pleasant. The first day of school is a bad day for mothers.

Only a Loan of Power

IT HAS been a long time since any man started quite such a turmoil of public discussion as James W. Gerard did when he loosed a statement declaring that some three-score industrial and financial big shots are the real rulers of this country.

Judging from published comments, Mr. Gerard may have failed to convince very many people, but he at least set them talking; and since at least a few of the talkers stopped to do some thinking as well, we must give Mr. Gerard credit for having performed a public service.

Mr. Gerard's proposition is interesting, and on the surface seems to have a good deal of justification. But it is possible to go a long way in agreement with him without losing one's faith in the ultimate triumph of American democracy.

What he says, in substance, is simply this: that political leaders are not the real sources of power in America, since they "take their orders," knowingly or otherwise, from the men behind the scenes; and that these orders come from men like Morgan, Ford, Rockefeller and Mellon, who are, consequently, the "real rulers" of the country.

There isn't much question that the Morgans and Rockefellers have things pretty much their own way. Big Business has its hands on most of the strings. Taken by and large, it gets what it wants. But there are one or two things to remember—

First of all, Big Business occassionally gets rebuffed. The railroads do not always have their own way with the Interstate Commerce commission. The oil men have not been able to get permission to ration out oil production as they would like. The power industry certainly did not welcome the recent "propaganda" investigation, nor has it yet been able to get Muscle Shoals.

More important, however, is the fact that the governmental framework set up after the revolution is still intact. Each citizen still has a vote. In theory, at least, the government is still able to do just about as it pleases, regardless of the attitude of the business world.

What it comes down to, then, is this: big industrial and financial leaders exercise vast power over America because the voters, for the present, are willing that they should do so. The American people believe that in the long run they will all be the gainers if the Morgans and Fords are given a fairly free hand.

The Morgans and Fords, then, have power—but it is only a loan. The people have the power to call that loan whenever they want to. The machinery of democracy is still in the right hands.

Mr. Gerard's 60 big shots may be our rulers—for the present. But they rule only on sufferance.

Green for Roosevelt

WILLIAM GREEN is the president of the American Federation of Labor. Politically speaking, he is an independent. Franklin D. Roosevelt is the Democratic governor of New York. He will stand for re-election this year. President Green has announced his political support of Roosevelt, in a letter full of praise for the governor's "political and social reform policies" and urges all "the working people and their friends" to give Roosevelt their undivided support. President Green wrote that his decision followed study of the social and labor legislation enacted by the last legislature "under your personal inspection and leadership."

That each pair of mosquitoes multiplies six times annually.

That the capitol at Washington is not painted white! It is a battleship gray. The sun shining on it makes it seem white, you dopes!

That the new phone book there omits Admiral Dewey's name for the first time since the Spanish-American tiff.

That it is no defense to a breach of promise action for the man to plead he is already married. So be careful, henceforth.

That John Kemble, a blunt fellow, but a good actor, once squelched George III, who said that it would "obleege" him if Kemble took some snuff from his royal snuff-box; upon which Kemble chirped: "It would become your royal mouth better to say 'oblige.'"

That women can grow beards by shaving themselves.

That the next time anyone says to you, "I am not such a big fool as I was!" burn them up by asking: "Been dieting?"

That the president of one of the larger ciggie companies will advise you not to smoke before breakfast.

That an indignant reader points out that the chief difference is that a lowbrow tells you what he thinks and a highbrow tells you what someebody else thinks.

That false teeth shouldn't be removed even when sleeping.

That a husband must maintain his wife, that includes clothes, in accordance with his position and means. If he fails to do so, she can obtain articles on credit and he must pay. (Ohhh, booooohooooooo!)

Scene

Joe Williams, one of the better sports commentators, argued with a Cleveland lawyer companion for five hours in a hot-spot the other night.

Williams was vigorously arguing why he should have won a libel suit that cost his newspaper a tidy sum. The lawyer, after five hours, finally agreed that Williams and his rag should not have lost the case.

The attorney who finally agreed with him was the counsellor who won it.

Answers to Questions

Stop a minute and think about this fact. You can ask our information bureau any question of fact and get the answer back in a personal letter. It is a great educational idea introduced into the lives of the most intelligent people in the world—American newspaper readers. It is a part of that best purpose of a newspaper—service. There is no charge except two cents in coin or stamps for return postage. Get the habit of asking questions. Address your letter to The Record News Information Bureau, Frederic J. Haskin, director, Washington, D. C.

Q.—What is meant by an airplane's pay load.—M. M.

A.—It is that part of the useful load from which revenue is derived—passengers and freight.

Q.—How large is the cylinder used to contain helium?—C. H. H.

A.—The navy department says that the ordinary cylinder used by the navy to hold helium is 51 inches long, 8 inches in diameter, weighs 130 pounds, and contains 200 cubic feet compressed to 2,000 pounds per square foot.

Q.—How is Admiral Byrd's middle name pronounced?—W. B. R.

A.—The first E is long, pronounced in two syllables, Eve lyn.

Q.—Of what material is the tomb of Napoleon constructed?—P. F.

A.—The circular crpt has walls of granite with reliefs in marble. The sarcophagus is of red porphyroy, cut from a single block, weighing 67 tons. The sarcophagus is 13 feet long 6½ feet wide and 14½ feet high.

Q.—Why do the eyes of a cat shine in the dark?—M. O.

A.—The caudal area around the optic nerve has a metallic luster. This portion is called the tapetum. It causes the shining appearance of the cat's eyes in the dark.

Q.—What are the names of the Finger Lakes?—I. H.

A.—These New York state lakes are Conesus, Hemlock, Canadice, Honeoye, Canandaigua, Keuka, Seneca, Cayuga, Owasco, Skaneateles, and Otisco. They vary in area from 66.7 square miles to .97 square mile.

Q.—What is a normal adult's pulse, temperature, and respiration?—B. M. L.

A.—The average temperature of a normal person is 98.6 degrees F.; the average normal pulse is 72 beats per minute; the average normal respiration varies from 16 to 18 times a minute.

Q.—At what time is afternoon tea served in England?—F. H.

A.—It is served about 5 o'clock.

Q.—When was modern life insurance first known?—S. R. H.

A.—Life insurance in its more modern form was practically unknown until it was introduced into England by the establishment of the Amicable society in 1696. In the United States the first corporations to grant life protection were the Presbyterian corporation, chartered by Pennsylvania in 1759, and the Episcopal corporation established in 1769. The first commercial life insurance company in this country was the Pennsylvania company for insurances on lives and granting annuities, established in 1812.

Q.—Is milk fattening?—C. T.

A.—Milk is easily and completely digested by most people. Butter and cream are fattening, but milk adds little weight to the adult, if the rest of the diet is correctly adjusted.

Q.—Do people in Central America often use shingles for roofing?—H. L.

A.—Shingles are not extensively used, the zinc and corrugated iron roofing being found more satisfactory for use in the earthquake area.

Q.—Who wrote the poem whose stanzas end "Not there, not there, my child"?—M. F.

A.—The poem is The Better Land by Felicia Hemans. It contrasts the pleasures of earth with the pleasures of Heaven. The last stanza ends "It is there, it is there, my child."

Q.—In what constellation will Jupiter be in September?—A. R.

A.—Jupiter will be in Gemini as will Mars also. Jupiter is brighter and is yellow while Mars is deep red.

Q.—How many people were lost when the Titanic sank?—F. R.

A.—The Titanic sank April 15, 1912; 2,223 people were on board; 1,517 were lost; 706 were saved.

Q.—What is the difference between the weight of a cubic foot of ice and a cubic foot of water?—D. F. H.

A.—Water expands upon freezing. Pure water at 62 degrees F. weighs 62.355 pounds to the cubic foot. Ice at 32 degrees F. weighs 57.50 pounds to the cubic foot.

Q.—What were the rainmaking schemes? Were any of them successful?—N. T.

A.—All rain making schemes have proved unsuccessful. As late as 1891 congress was induced to vote $9,000 for experiments in rain making. Most of the work was done in Texas by setting off large quantities of dynamite and exploding hydrogen-filled balloons. A little rain fell but weather experts declared it would have fallen anyway. In 1911 the late C. W. Post tried to obtain moisture from the sky by a heavy bombing at Battle Creek, Mich. In 1903 it was proposed by Australian scientists to install large, open pots of chemicals which would generate hydrogen gas that would rise and in doing so create an upward whorl.

Q.—What is Indian curry?—M. K.

A.—It is a condiment of mixed spices containing turmeric, curry leaves, garlic, pepper, ginger and many other strong spices.

Q.—How much has the consumption of cigarets increased in the United States during the present century?—W. F. S.

A.—In 1901, the consumption was 3,000,000,000. In 1915, it had increased to almost 16,000,000,000. In 1928, the consuumption had reached the enormous total of 102,764,698,000.

Q.—How many natural bridges are there in the United States?—W. F.

A.—There are more than 50 natuarl bridges of considerable size and interest.

The Record News Offers A Booklet on Rats And Mice

Losses from depredations of house rats amount to many millions of dollars yearly—to more, in fact, than those from all other injurious mammals combined. The common house mouse and the brown rat, too familiar to need description, are pests in nearly all parts of the country; while two other kinds of house rats, the black rat and the roof rat, are found within our borders.

Rats and mice are practically omnivorous, feeding upon all kinds of animal and vegetable matter, and they multiply at an almost incredible rate.

Send for a copy of the government publication on Rats and Mice and prepare to do your share toward suppressing these pests. Use this coupon.

COTTON RATE HEARING OPENS

Railroads Seek to Add Drayage Cost

AUSTIN, Sept. 5. (AP)—Overruling another motion for continuance, the state railroad commission today opened its hearing on the application of the Southern Pacific railway to make a drayage allowance of a maximum of 25 cents a bale on cotton.

The railroad seeks this allowance in order to equalize its rates with truck rates, claiming that trucks pick the cotton up at the gin or cotton yard and are not obliged to allow for the cost of draying from the gin to the railroad loading platform.

Truck owners from the Corpus Christi area, who were given a two-day stay when the application was called for hearing Wednesday, claimed they had not had sufficient time to prepare their opposition. In testimony today the truck owners contended they were at a disadvantage amounting to 30c a bale due to the cost of moving the cotton in compression and that to add 25 cents would put them at a disadvantage of 55 cents a bale.

West Texas Dentists To Convene Sept. 19

Special to The Record News.

BIG SPRING, Texas, Sept. 5.—Golf and trap shooting tournaments will be held in Big Spring for members of the West Texas Dental association when it convenes on Sept. 19 and 20. Trophies will be awarded by the Big Spring Chamber of Commerce and by dental supply houses, according to Dr. Charles Deats, in charge of the trap shooting event. The guests will be entertained at 8:30 on Friday evening Sept. 19, with a chicken barbecue.

Outstanding men in the dental profession appearing on the two-day program are Dr. J. H. Phillips of Nashville, Dr. A. B. Crutcher of Dallas and Dr. W. O. Talbot of Fort Worth. More than 150 dentists are expected to attend the meeting, according to Dr. Albert Brann, president, of Sweetwater.

Dinsmore Adresses Electra Lions Club

Special to The Record News.

ELECTRA, Texas, Sept. 5.—B. M. Dinsmore, superintendent of the Electra public schools, was a guest at the Lions club luncheon Thursday, and was the principal speaker. He discussed plans now under consideration for conserving school funds. He also asked for the co-operation of the club in making this a successful school year.

During the business session, which was presided over by the president, G. J. Gilles, J. N. Fulcher gave a report on the proposed new public library building. Mr. Fulcher represented the Lions club at a meeting of the library board last Friday evening.

E. V. Haltom stated the mercantile bureau of the chamber of commerce had accepted an invitation to sponsor a program at the Rocky Point school Tuesday evening, Sept. 9. All business men are urged to attend.

E. E. Rogers was chairman of the entertainment committee, and Jim Lile of Wichita Falls, with Mr. Dinsmore, was a guest of the club.

Former Kaiser Wins Damage From Editor

BERLIN, Sept. 5. (INS)—Former Kaiser Wilhelm today was awarded a judgment of 1,500 marks damages against Ewald Mendel, editor of the newspaper Morgenpost, by the court which tried the ex-kaiser's libel suit against the editor.

The suit grew out of charges made by the newspaper that the ex-kaiser had profited personally from armament contracts let to the Krupp works by Germany during the world war.

An alternative sentence of three months in jail was passed on the editor in case he does not pay the fine.

Hall County to Do Own Cotton Picking

Special to The Record News.

MEMPHIS, Texas, Sept. 15.—Cotton pickers looking for work are being advised by the Memphis Chamber of Commerce not to come to Hall county for work this fall, due to the short crop. There will be plenty of local help to gather all the cotton that will be raised, and those inquiring for work are being advised that it would be a waste of time and money to come here expecting work.

Grace Methodist Ladies Aid Opens Fall Season Friday

More than 30 members of the Ladies Aid society of the Grace Methodist church met in the parlors of the church Friday noon for luncheon followed by a business session for the opening fall meeting of the organization.

Mrs. G. W. Corkhill, president, opened the devotional service with a Scripture reading, followed by prayer and a hymn. Roll call was answered and the minutes of two previous meetings were read by the secretary, Mrs. E. C. Baker. Chairmen of committees reported on work done during the summer and Mrs. Hal Shirey and Mrs. I. W. Karrenbrock, leaders in a "Gloomy Gertrude, Sunshine Susan" contest for the purpose of raising funds for the society, reported an amount of $137 to be deposited in the treasury. The Sunshine Susans are to be hostesses at a party for the opposing side as a penalty for losing the contest.

The "Hoo Hoo Basket" is to be circulated among the members as a result of a vote in order to raise additional money during the year.

An innovation for the coming year was decided upon when a vote to divide the organization into two circles was carried. Captains were named to draw names for the circles and to report at the next meeting. It is the plan for each circle to elect a chairman, secretary and treasurer who will in turn be responsible to the general offices of the aid society.

At the next meeting, Monday, Sept. 22, the nominating committee is to report on choices for officers for the coming year, which begins in October, and plans are to be made for additional work to be accomplished.

Those members present for the Monday meeting were Mesdames Don Ross, G. W. Corkhill, C. R. Jackson, T. G. Fletcher, G. W. Ross, G. Byman, Mary Holmes, L. E. Miller, C. B. Earl, G. W. Lobaugh, W. W. Swartz, J. A. Evans, W. L. Dalton, Hal Shirey, R. W. Lowe, I. W. Karrenbrock, Anna Friberg, Parker, C. A. Andree, W. W. Sherrill, B. L. Bryans, J. E. Handy, D. C. Copelin, J. H. Simmons, Floyd Brooks, C. E. Johnson, D. V. Jackson, T. M. Underwood, Rodenheiser, D. A. Allen, J. K. Bentley and E. C. Baker. Additional guests were Mrs. Carrie Wilcox and Miss Ruth Wilcox.

PEEPS AT PEOPLE

By MRS. L. N. CASON

We write at night, a lovely mystic moonlight night. We have been sitting on our lawn and watching the wind ruffle the tree leaves and the moon dapple the grass with silver. A still moonlight night gives one a sort of stoic strength, a feeling of peace.

◆ ◆ ◆

Maturity struggling with the facts of life needs a stoic strength. If one can only keep one's head when the snapping dogs of life are at one's heels, maturity is as strong as youth that leaps up afresh after a fall.

◆ ◆ ◆

We talked today with our family of that mystery, the human brain. Of how from its cells, a picture flashes back vivid as if it were an affair of yesterday; something that may have happened 20 years ago and lain forgotten through all the years.

◆ ◆ ◆

And of how a word or a name haunts one, then slowly through the dim lit aisles of memory will come perhaps just the first letter of the word you want. We have known a person to wake us excitedly in the middle of the night to tell us what it was they'd thought about.

◆ ◆ ◆

The development of brain power turned to any worthy account, is the most wonderful thing we know. And saying "worthy account," makes us remember how often we have said that if we were forced into association with a person, we would rather it be a brilliant villain than a simpleton.

◆ ◆ ◆

Which is a brave statement for one who can lay no claim to brilliancy. The wisdom we are acquiring day by day is when to be more quiet.

◆ ◆ ◆

Backgrounds of life are sometimes gray and grown people, like children "wish something would happen" and sometimes make unwise things happen. But the person who bangs the table is not always the wisest one and after all, being a sport seems to reach its height in accepting one's place and doing the best that can be done.

◆ ◆ ◆

Most people start out in life with ideals. Ideals are not just beautiful dreams that are found lacking; but they are too often beautiful dreams so difficult of attainment we quit trying.

◆ ◆ ◆

One is nearer to them in quiet and restful hours of moonlight nights. There is then an assurance of immortality which, if our halting senses cannot understand, still has a beauty that is impressed on the soul.

◆ ◆ ◆

Alathean Group Has Luncheon Friday

Mrs. Frank Elam was hostess to group three of the First Baptist Alathean Sunday school class at her home Friday morning when a short business session began with prayer by Mrs. J. W. McCutchen, who presided. Mrs. D. M. Burgan led in a beautiful devotional.

Autumn flowers made the home attractive and their colors were particularly attractive on the luncheon table where a delightful lunch was served to Mesdames C. W. Stovall, George Smoot, George McMurry, D. M. Burgan, J. W. McCutchen, R. E. Lyon, W. H. McDonald, J. I. Yates, Howard Weaver, C. D. Whitley, A. L. Fitts, C. T. Moore and the hostess, Mrs. Elam.

ATTENTION—ATTENTION

Completely furnished and freshly decorated 5-room efficiency apartments. Electric refrigeration, two double Murphy beds. Ideal for school teachers or couples. Phone 2-4232. Mrs. Spraggins, manager Brook Manor.—Adv.

School opens soon. Why not rent your bedroom or apartment to teachers or students? A small want ad in the Times and Record News may bring results.—Adv.

Mrs. Ten Brink Named Head Of County Council

Mrs. Frank B. Creighton, acting president of the 13th district P.-T. A., announced Friday the appointment of Mrs. Harry ten Brink as president of the Wichita County Council P.-T. A. for the year 1930-31 to succeed Mrs. O. J. Norwood, whose resignation was recently accepted by the council.

Mrs. ten Brink is one of the most capable and popular workers in P.-T. A. circles. She has been an outstanding member of Zundelowitz P.-T. A., has been connected with grade school associations and has worked with the high school and Junior college group as well as in the city council P.-T. A. She is also prominent in club circles.

An executive board meeting of the Wichita council is called for Saturday afternoon, Sept. 13, to be held at Iowa Park, when the newly elected president urges the attendance of all members. The year's work will be discussed and the functioning of all departments will be taken up in detail at this meeting, it is announced.

Alabama Boy Stabbed To Death by Playmate

MONTGOMERY, Ala., Sept. 5. (AP)—Edward Atwood Saunders, 12, was stabbed to death by an older playmate who escaped after the difficulty in the playgrounds of Oak park, city recreation center today.

The boy was stabbed through the heart and died a few minutes after he was carried to a hospital nearby. Police have information which they said would lead to an arrest of the youth responsible for Saunders' death.

Other boys said the difficulty grew out of an argument over a game.

Oklahoma Child Hurt Under Truck Wheels

OKLAHOMA CITY, Sept. 5. (UP)—Joy Wanda Warren, 2, daughter of Mr. and Mrs. Walter Warren, Oklahoma City, was seriously injured today when she was struck by a truck belonging to the J. B. Klein Iron company.

Hospital attendants said she may not live.

The child walked from behind a parked automobile in the street and was struck before L. P. Prater, driver, could stop the truck. Police said the accident was unavoidable.

Farewell Bridge Honors Miss Anabel Harrell

Miss Annabel Harrell was honoree Thursday afternoon at a lovely bridge shower given by Mrs. E. J. Goodlett at her home on Monroe, as a farewell compliment preceding Miss Harrell's departure for Dallas where she will enter S. M. U. The home was beautifully decorated with summer flowers and the pretty flower motif was also stressed in the refreshment plate of pink and green.

Bridge was played during the afternoon and Mrs. W. G. Ireland was winner of high score prize, a lovely piece of lingerie. Mrs. P. E. Harrell received the next award, a dainty French lace handkerchief.

Miss Harrell was presented with many lovely personal gifts by the group of friends.

A delicious refreshment plate was served to the honoree and Miss Johnett Atkins of Dallas, Misses Bessie Millican, Katherine Hawley, Mildred Hawley, Pauline Gardner, Katherine Steiner, Doris Steiner and Mesdames J. E. Zihlman, W. G. Ireland, P. E. Harrell and the hostess, Mrs. Goodlett.

Hill Proposes $15,000,000 State Issue

OKLAHOMA CITY, Sept. 5. (UP)—An initiative petition asking that a constitutional amendment providing for a $15,000,000 state issue of short term highway notes be submitted to Oklahoma voters in the November general election will be circulated by State Senator Ira A. Hill, Republican gubernatorial nominee, Hill said today.

Hill's announcement followed refusal of Gov. W. J. Holloway to call a special session of the state legislature to consider placing the proposed amendment on the general election ballot.

The Republican candidate for governor said every effort would be made to obtain a sufficient number of signatures to the petition in order that the question may be submitted in the general election.

To Provide Jobs

Hill proposed issuance of the notes in order to relieve the unemployment situation in the state, pointing out that the $15,000,000 would make it possible for the state to improve approximately 2,200 miles of state highways.

"I am taking this step because of what seems to me the great public demand, and because no other plan suggesting adequate relief has been proposed," Hill said. "I had hoped that Governor Holloway might be persuaded to change his mind and call a special session of the legislature to submit this amendment. The determined opposition to my plan expressed by W. H. Murray, my opponent, together with the attitude of leading Democrats who are close to the governor, convince me it would be idle to await a change of attitude on Governor Holloway's part.

"It will be a tremendous task to draft a proper amendment, and secure the necessary 98,000 signatures for initiating it in the short time at our disposal.

Charity Substituted

"But on the other hand, if I and those who have pledged themselves to work with me succeed in this task, we shall have done something that will substitute honest work instead of charity for some 30,000 men in Oklahoma during this next winter and spring. We shall have made it possible to bring to standard grade and drainage the entire mileage of the Oklahoma state highway system.

"The amendment we will submit for signatures will be exactly as I have outlined it previously to the governor and members of the legislature. It will contain absolutely no politics. The money will be handled by the state highway commission, two of whose members are Democrats.

"The $15,000,000 in notes will be paid from the gasoline tax. This can be done without adding one cent to the burden of ad valorem tax payer. The annual payment, over a term of five years on principal and interest, will not seriously cripple the revenues of the highway department, which average around $18,000,000."

California Aviator Plans Paris Flight

ALBUQUERQUE, N. M., Sept. 5. (AP)—R. W. Ammel, Los Angeles flier who is planning a transatlantic flight from New York to Paris, left here this morning for Chicago after an overnight stop. He said he expected to leave New York as soon after his arrival there as transatlantic weather conditions would permit.

cheese and olives. Dress with mayonnaise.

Cottage Cheese Dressing

One-half cupful milk.
One-fourth cup mild vinegar.
One egg.
One cup soft cottage cheese.
One cup sour cream, whipped.
One teaspoon salt.
One teaspoon mustard.
One-half teaspoonful paprika.
Two teaspoons flour.
One and one-half teaspoon smelted butter.

Mix the dry ingredients together and cream them with the melted butter. Add the creamed mixture very thick. After the mixture has to the heated milk and stir until boiled, add vinegar slowly, stirring all the while. Cool slightly and add beaten egg. Put the cottage cheese through a sieve if necessary to break up lumps. Using an egg beater, beat the cottage cheese gradually into the dressing until smooth. Lastly, fold whipped cream into dressing.

Livestock Moved to New Mexico Grass

Special to The Record News.

MEMPHIS, Texas, Sept. 5.—Due to the shortage of grass and feed in Hall county, which has been caused from the continued drouth in this section, several hundred head of work stock have been taken to adequate grass just across the Texas line over in New Mexico. The first bunch was taken last week, and another bunch will be taken next week.

The securing of this grass was arranged in a recent meeting of farmers and business men, and it is being handled through the various bankers of the county.

LEADING LAMBS TO SLAUGHTER

THAT'S a good comparison for washing fine silks and woolens in hot water. They were never made to stand such treatment. Perhaps you think there's no other way to get them clean. Then you've never tried White King Granulated Soap.

White King is made from the finest vegetable and nut oils—pure enough to eat. You'll find that it doesn't need hot water to produce rich, creamy suds, thorough cleansing and swift rinsing. Wash your fine fabrics in luke-warm water. It will add years to their lives and at the same time spare your hands from hot-water irritation.

White King Granulated Soap fills every household need. It's economical too. A teaspoonful for the wash basin, a cupful for the washing machine—plenty even in hard water. Try it. Sold by grocers everywhere.

A SAFE INVESTMENT

NOT a Speculation

TEXAS ELECTRIC SERVICE COMPANY

$6 PREFERRED STOCK

WHAT IS SPECULATING?

Too many people think of speculating and gambling when INVESTING is mentioned. There is a vast difference between speculating and investing. Speculating consists of plunging in blindly and taking chances with your money—subjecting your hard earned savings to all kinds of hazards where you risk losing your money.

WHAT IS INVESTING?

The dictionary says investing means "to place money where it will be SAFE and EARN MORE MONEY." Hundreds of customers of the company and other local people have placed their savings in this Preferred Stock. There it is SAFE and every three months each stockholder knows he will receive a check from the Company for money earned by his savings INVESTED in

TEXAS ELECTRIC SERVICE COMPANY

Health and Diet Advice

By DR. FRANK McCOY
Author of "The Fast Way to Health"

Questions in regard to health and diet will be answered by Dr. McCoy who can be addressed in care of this paper.

(Copyright 1930, by The Bell Syndicate, Inc.)

Daily Menus

Doctor McCoy's menus suggested for the week beginning, Sunday Sept. 7.

Sunday

Breakfast—Grapefruit juice upon arising, stewed raisins, poached egg, Melba toast.

Lunch—Melon, all desired.

Dinner—Roast chicken or veal, Melba toast dressing, asparagus, combination salad of pineapple and shredded lettuce, ice cream.

Monday

Breakfast—Cottage cheese, baked apple.

Lunch—Boiled potatoes with butter, string beans, salad of lettuce.

Dinner—Minced chicken or veal (left over from Sunday) in tomato jelly, baked stuffed squash, small carrots, celery, watermelon.

Tuesday

Breakfast—Baked eggs, genuine wholewheat bread, with butter, stewed prunes.

Lunch—Fresh fruit of only one kind, all desired.

Dinner—Vegetable soup, salad of sliced tomatoes, Salisbury steak, cooked beet tops, escalloped celery, Jell-o or Jell-Well with whipped cream.

Wednesday

Breakfast—Melon, waffles (well cooked) and broiled bacon.

Lunch—Creamed spinach, beets salad of chopped raw cabbage and parsley.

Dinner—Baked Belgian hare, asparagus, salad of head lettuce with butter dressing, date pie.

Thursday

Breakfast—Orange juice upon arising, stewed or fresh figs, coddled eggs, toasted shredded wheat biscuit.

Lunch—Large glass of tomato juice.

Dinner—Roast mutton, string beans, creamed cucumbers, vegetable salad molded in gelatin consisting of chopped celery, cucumbers and ripe olives, baked peaches.

Friday

Breakfast—Wholewheat mush with cream (no sugar) stewed raisins.

Lunch—Melon, as much as desired.

Dinner—Tomato bouillon, baked white fish, carrots and parsley butter, salad of whole tomatoes with chopped cabbage and parsley, no dessert.

Saturday

Breakfast—Bowl of berries with cream, no sugar.

Lunch—String beans, large combination salad of pineapple, pecan nut meats and shredded lettuce.

Dinner—Roast beef, cooked celery, baked ground beets, salad of sliced cucumbers, melon.

*Creamed Spinach—Wash about a half peck of fresh spinach under running water until all grit is removed. Cook without water (except that which clings to the leaves) for about 10 minutes, during which time prepare a sauce as follows: Blend with a fork one and one-half tablespoonfuls of browned flour into one tablespoonful of butter. Place over a low flame and stir in one and one-half cupfuls of thin cream, either fresh or evaporated. Cook to the desired consistency and add the chopped whites of four hard-boiled eggs. Turn spinach into hot serving dish, cover with sauce, and press the egg yolks through a coarse sieve over top.

QUESTIONS AND ANSWERS

Lumbago and Constipation

Question: Mrs. H. W. writes—"I am 60 years old, very stout and healthy looking, but am most miserable. I have lumbago, constipation, and suffer from a very bitter taste in my mouth which makes me sick to my stomach. Please advise me what to do."

Answer—If you will send me your name and address on a large, stamped envelope I will be glad to send you my cleansing diet course in pamphlet form which is now available to any subscriber of this paper.

Creaking Knees

Question: J. S. asks—"What would cause my knees to creak and grind as though the kneecap were terribly dry? What treatment would you suggest for this?"

Answer—The cracking and grinding of the knees simply denote the lack of synovial fluid, and this condition can usually be corrected through the use of the proper diet and exercise.

Heart Trouble

Question: Mary J. writes—"I have been in bed four months with heart trouble. My meals seem to make so much gas, which increases the heart palpitation. Does diet affect the heart?"

Answer—The cause of most heart trouble is an excess accumulation of gas pressing against the heart. This is caused by eating wrong combinations of food, which combinations produce fermentation in the stomach and intestines; also, by eating such foods as dried beans, onions, garlic, cabbage, etc., which always produce a large amount of flatulence.

Fayette Orders Ballot Recount

LA GRANGE, Texas, Sept. 5. (AP)—A mandamus injunction ordering a recount of ballots in 21 out of 37 Fayette county boxes was issued today by District Judge M. C. Jeffery after a special hearing at the request of John P. Ehlinger, defeated candidate for county judge in the Democratic primary.

Ehlinger, who at one time held the office, was defeated by the incumbent, Theo W. Lueders, by 27 votes.

Judge Jeffrey ordered all ballots counted as cast, even though the Democratic pledge was stricken, citing the Thomas B. Love case before the supreme court as basis for his instructions. Ehlinger filed an exception to that part of the order.

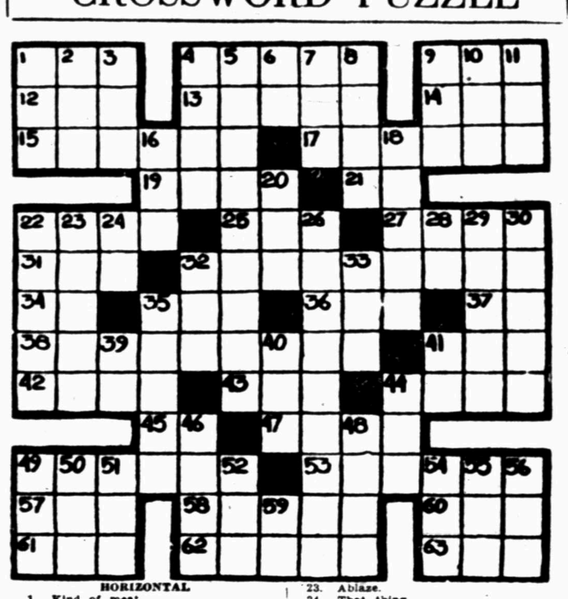

Alabama Co-Op Handles 1,000 Cotton Bales Daily

MONTGOMERY, Ala., Sept. 5. (AP)—Cotton is being pooled at the rate of 1,000 bales a day for which farmers are being advanced nine cents a pound, Allen Northington, general manager, Alabama Farm Bureau Cotton association, announced today.

Northington said an average of $45 a bale is being advanced, representing a total of $45,000 daily. He said the spot market prices are 10 cents a pound and lower. This fact, he added, has caused an unusually heavy movement of cotton to the pool maintained by the cotton association.

INJURY CHEATS WILTSE OF CREDIT FOR HIS TWENTIETH VICTORY

The Rambler's Corner

By FRED D. THOMPSON

Our congressmen, according to Will Rogers and others, vote dry and drink gallons.

Our Spudder fans, or at least a large number of them, are rooting for the Spudders in the forthcoming play-off, but betting their money on the Cats.

At least that is the impression we have gathered from talking to a score or more of the gents who have the coin.

And they are betting five to three that the Cats will win the championship.

One of the gents we talked to estimated there was about $50,000 of Wichita Falls money bet one way or another on the play-off, and that a large part of it was bet, at five to three, on the Cats.

Trains for the Play-Off

The Fort Worth newspapers, we are informed, have arranged for a special train to bear Cat fans here for the opening game of the series next Wednesday. About 1,500 or more Fort Worth people are expected here.

John Boswell, secretary of our chamber of commerce, assured us Friday that his organization would do everything possible to make the Fort Worth fans comfortable and happy up until 3:30 o'clock Wednesday afternoon, when the first game starts, and that after that it would do all possible to make them miserable.

Not meaning that the chamber of commerce will pour powdered glass in the seat cushions, or anything like that, but that it would be down at the park en masse rooting for our boys.

Owing to the short distance between the two cities, and the large number expected to make the trip to Fort Worth by automobile, a special train from Wichita Falls for the Sunday game in Pantherville will not be sponsored by the chamber of commerce, Mr. Boswell said. However, he said, the Fort Worth and Denver very likely will make up a special on its own account, or at least make a reduction in rates, for those Wichitans not having a car.

Several hundred Wichitans are sure to be on hand at the Saturday and Sunday games in Fort Worth.

In the event the Spudders win the Texas league flag, however, the chamber of commerce will sponsor a special train to Memphis, John said. A route has already been formulated. The train will go from here to Fort Worth on the Denver, and from there to Memphis on the T. & P.

Reaches His Goal

Dick McCabe of the Cats was the first of the four horsemen—Whitworth, McCabe, Steengrafe and Wiltse—to attain his goal of 20 victories during the 1930 season. In turning the trick he held the Spudders to six hits and one run Thursday in the five innings he pitched. Well, that's one thing this final Fort Worth series has accomplished.

We Want Carl!

It was the talk of the Spudder offices for a few days that Carl Williams, our manager, was going to pitch against the Cats in one of the games this series. In fact, it was decided that he was to pitch Friday's game. But at the last minute Carl decided that his pitchers needed a good workout in preparation for the play-off.

It would have put a lot of life into the series if Carl had stuck to his decision to pitch one of the games. Hundreds here would have turned out to see the old war-horse in action once again. And hundreds will if he finally changes his mind and agrees to pitch either today or Sunday. It has been long years since Wichita Falls saw Carl Williams holding down the mound. The last time, if we are informed correctly, was a little after the middle of the 1927 season. Dallas was the visiting club here. Carl's pitching staff was shot to pieces, and he pitched the game against the Steers and beat them, 7 to 1. Those were the days when Carl was skipper of the grand old Dixie series championship aggregation.

Carl hasn't participated in any form in a game this season. We want Carl!

Officials to Plan 1930 World Series

CHICAGO, Sept. 5. (AP)—Representatives of the Chicago, New York, St. Louis and Brooklyn clubs in the National league and of Philadelphia and Washington of the American league today were invited by Commissioner Kenesaw M. Landis for a pre-world series conference in Chicago, Sept. 8.

The conference, an annual affair for pennant contenders, will decide dates and other matters for the 1930 world series.

In accordance with organized baseball policy, the first two games of the fall baseball classic will be played in the home park of the American league pennant winner as Chicago of the National league got the first two games of the 1929 series.

Sisters Win National Doubles Championship

PHILADELPHIA CRICKET Club, St. Martins, Pa., Sept. 5. (INS)—Helen and Mercedes Marlowe, sisters, of Los Angeles, today won the girl's national tennis doubles championship by defeating Carolyn Babcock and Dorothy Workman, two other Pacific coast stars. The final scores were 7-5, 6-2. Miss Sarah Palfrey, of Boston, and Helen meet in the final tilt to decide the girls' national crown on the same courts tomorrow afternoon.

HILL WINS CUP

SAN ANTONIO, Sept. 5. (AP)—Jerry Hill of San Antonio saw a dream of years standing come true today when he beat Carl Bois of Del Rio, 4 and 3 in the finals of the fourth annual southwest junior golf tournament here at Willow-springs, to win the San Antonio Light cup.

SPUDDERS WHIP CATS, 7 TO 5

Florrid Allows Tying Run To Score in Ninth

By FRED D. THOMPSON

Hal Wiltse, Spudder southpaw ace, was cheated out of credit for his 20th victory of the season here Friday when he was forced out of the Wichita Falls-Fort Worth game by a sprained ankle sustained when he attempted to beat out a bunt in the last half of the eighth inning. In that half Jack Crouch had hit a home run, breaking a four-all tie and giving the Spudders a one-run lead. Wiltse being unable to go to the bix in the ninth, Dick Florrid was sent in. Florrid grooved one for Meyers, who bounced it against the center field fence for a triple. A moment later and Levey made a wild throw to the plate, allowing Meyers to score to tie the count. Then Crouch came up in the last of the ninth to smack a homer with a mate aboard to give the victory to the Spudders—and the credit to Florrid.

His Last Chance

Wiltse had held the Cats in check all the way, allowing two runs and four hits for the first six innings, and weakening only once, in the eighth frame, when his foes bunched three hits to score twice. Friday was his last chance to try for his 20th victory, only two more games being on the schedule.

Buchanan and Thormahlen toiled for the Cats, the former going for the first five innings. Levey bounced a home run over the left field wall in the first to greet Buchanan. Storti doubled and Orr singled to drive him in, giving the Spudders an early lead. The Cats didn't get a hit off Wiltse until the fourth, when Gribble connected with one and sent it over the left field wall.

Bettencourt duplicated the feat in the Spudder half of the fourth, sending his 43rd home run of the season over the left field fence a bare foot inside the foul mark.

Doubles by Cox and Tavener gave the Cats another run in the fifth. The Spudders scored in their half, also. Levey beat out a bunt, went to second on Storti's sacrifice bunt, took third on Orr's infield out, and scored on Burns' single.

Both sides went scoreless during the sixth and seventh. Brown singled to left to open the eighth. O'Connell forced Brown at second, Wiltse to Storti. Bonowitz struck out. Gribble singled past Euller, advancing O'Connell to second. Mallon walked, loading the sacks. Cox singled to right, scoring O'Connell and Gribble. Tavener flied out to Orr. The two runs scored tied the count at four and four.

Crouch Hits Homer No. 1

Crouch, first up for Wichita Falls in the last half of the eighth, lifted a high one over the center field wall to give the Spudders their one-run lead. Euller doubled to center. Wiltse laid a bunt down the third base line but was thrown out. He sprained his ankle when he tripped over first base. Euller took third on the sacrifice. Levey walked. Storti fouled out to third and Orr grounded out, second to first.

Florrid came to the box when the ninth opened. Meyers tripled against the center field fence. Thormahlen hit to Levey, who jerked Crouch a mile off the plate trying to catch Meyers. The run tied the score a second time. Brown popped out to Storti in shallow right. O'Connell hit into a double play, Euller to Storti to Burns.

It was Florrid's game from then on. Kloza opened the last of the ninth with a single to center. Burns and Bettencourt were retired by the infield, but Crouch hit his second home run of the day to score Kloza and himself and give Wichita Falls the victory—and Florrid the credit for it.

The teams play the third game of the series today.

NOTED HORSE DIES

BARBOURVILLE, Ky., Sept. 5. (AP)—The feudist, most noted horse in the Minton stables here, died today from a dislocated neck. This 10-year-old retired grand champion of the United States had won 128 firsts in 155 shows.

Shippers Whip Buffs in First Night Game, 7 to 5, but Drop Second, 3 to 2

HOUSTON, Sept. 5. (AP)—After losing the first game, 5 to 7, to Beaumont and trailing in the second, the Houston Buffs scored two runs in the sixth inning of the second contest to win, 3 to 2. Neither of Houston's sixth inning runs was earned, errors by Holley and Schuble paving the way for the loss. The winning run was scored when Selph crossed up the infield by beating out a bunt for a hit to score Hock. Eckhardt was the hitting star of the double bill with four doubles and a single. Scores:

Pirates Win Second in Row, 8 to 7

PITTSBURGH, Sept. 5. (AP)—A home run by Paul Waner in the ninth gave Pittsburgh its second victory of the series over Chicago today, 8-7. The Pirates fought an uphill battle all the way against the league leaders. Three-run Buccaneer rallies in both the seventh and eighth innings brought a deadlock and sent Pat Malone to the showers in the latter frame. Waner's circuit swat came with one out in the ninth to decide the issue. Score:

INDIANS SCALP SOX

CHICAGO, Sept. 5. (AP)—Pete Jablonowski turned in another excellent pitching performance for Cleveland today and the Indians scored a 6 to 1 victory over the White Sox to make it two straight in the series, and seven straight in Comiskey park. Jablonowski permitted four hits, one more than Willis Hudlin gave yesterday, and but for an error by Montague in the third, would have had a shutout.

SENATORS POUND YANKS

NEW YORK, Sept. 5. (AP)—The Washington Senators again displayed their superiority over the Yankees today by pounding out a one-sided victory, 14 to 5, in their semi-final game of the season. It was the 17th game Washington has won in their 21 clashes this season. Alvin Crowder shut out the Yanks with only three hits in the first seven innings and it was not until he had eased up under his big lead that the Yankees were able to strike a few blows in their defense. Babe Ruth contributed the leading wallop when he hit his 45th home run of the season in the ninth with Lyn Lary on base. Score:

Former Spud Unable To Deal With Boy Prowlers

PHILADELPHIA, Sept. 5. (AP)—Bill Shores, of the world's champion Athletics' pitching staff and former Wichita Falls, Texas, Spudder, who knows what not to serve up to Babe Ruth and other American league sluggers, today was unable to say what sentence should be given to four boys who stole his wife's handbag.

Shores, a witness in juvenile court, was asked by Judge O. L. Brown what should be done with the boys.

"I'm sure I don't know," said the pitcher.

Bill agreed with Judge Brown's decision a moment later when the boys were sent to a reformatory for three months.

Bill Shores was a pitcher on the Wichita Falls club in 1928.

Nebraska Players Sold To Oklahoma City

LINCOLN, Neb., Sept. 5. (UP)—Sale of Third Baseman Whitey Vaughn of Norfolk and Pitcher Bob Logan, Fairbury southpaw, to the Oklahoma City club of the Western league, was announced today by J. E. Beltzer, chairman of the Nebraska state league executive committee. Both players will report to the Indians next spring.

Wichitan Enters Finals In Oklahoma Tourney

OKLAHOMA CITY, Sept. 5. (AP)—Tommy Cochran, seasoned veteran from Wichita Falls and Byron Nelson, Fort Worth youngster, will battle for the Southwest amateur golf title here tomorrow.

Cochran and Nelson came through the semi-final round today in impressive fashion, defeating their respective opponents by identical margins 4 and 3.

Dennis Lavender, Abilene, bowed to Cochran, while Nelson took the measure of Bud McKinney, bronzed youth from Del Rio, Texas.

The Wichita Falls shot maker was eliminated by a player virtually unknown at the recent Glen Garden tourney at Fort Worth while Nelson went on to capture the cup, and he is eager to win vindication. Cochran's greater tournament experience has made him the favorite. The two never have met in match play.

In class A Dorset Carter and J. M. Tedford, both of Oklahoma City, entered the finals.

Jack Summers, Muskogee, and Joe Bailey, Dallas, became the consolation championship finalists by defeating Ben Johnson, Dallas, 4 and 3, and Jess Fronterhouse, Oklahoma City, 1 up respectively.

C. E. Duffner and Roy Maxwell, both of Oklahoma City will clash in the class B title match.

Freeman Wins Welter Crown

LEAGUE PARK, Cleveland, Sept. 5. (AP)—Tommy Freeman, Cleveland, won the world's welterweight championship tonight when referee Patsy Haley awarded him the decision at the end of 15 rounds of fighting over young Jack Thompson of Oakland, Calif., defending titleholder.

Haley did not deliberate a second after the last punch went flying through the air. Thompson appeared to be stunned when Haley grabbed Freeman's arm, raising it in victory. The crowd gasped in the excitement of the situation, and then cut loose with a tremendous cheer in greeting the new titleholder.

NEW YORK COTTON

NEW YORK, Sept. 5. (AP)—An early advance on smaller private crop figures and relatively steady cables was followed by reactions in cotton today, but prices firmed up again reaching the highest levels of the day in the late trading on trade buying and covering. New December contracts after selling off from 11.48 to 11.34 advanced to 11.60 or 24 points net higher and closed at 11.57. The final tone of the market was steady at net advances of 18 to 23 points.

The opening was steady at an advance of 6 to 8 points in response to the relatively steady cables. There was a little southern selling and some realizing, but it was absorbed on slight setbacks and the market showed increasing firmness later on increased covering which seemed to be coupled with some trade buying. Private crop estimates of under 14,000,000 bales seemed to stimulate the early buying which carried the market about 10 to 13 points net higher.

Much of the day's trading was attributed to further evening up of accounts for over the week-end and the government report Monday. Four more of the private end August crop reports were issued with three of them pointing to a yield of under 14,000,000 bales, the indications ranging from 13,721,000 up to 13,820,000. The other report placed the condition at 56 and gave no crop figures but said the indications were for only a moderate reduction in the government estimate.

According to a canvass made during the morning, New York cotton exchange members on the average are looking for an estimate of 14,018,000 bales. Exports today 17,046, making 454,411 so far this season. Port receipts 77,825. U. S. port stocks 1,964,359.

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 5. (AP)—The cotton market was a comparatively quiet prebureau affair today except for a sharp spurt near the close. The opening was 5 to 10 points up owing to better Liverpool cables than due, and prices continued to gain after the start on over-night buying orders probably induced by the storm, reaching levels 12 to 14 points above the previous close.

The market later eased off 11 to 13 points on hedge selling and on the announcement that the tropical storm had spent its force. The market rallied after mid-session Hester's weekly statistics proving less bearish than expected and on covering, prices recovering all the previous loss.

The market had a sharp rally in late trading of active covering of shorts and on the weekly statistics and made new highs 21 to 24 points above the lows and closed near the top 20 to 23 points net higher for the day.

Liverpool came in 7 to 8 points better than due. After the start October traded up to 11.30 and December to 11.49, or 13 to 14 points above the previous close. The market eased off later in the morning on hedge selling and some liquidation by those who had bought on the storm news, October dropping to 11.19 and December to 11.36 or 11 to 13 points down from the highs.

October traded up to 11.40 in the afternoon and December to 11.60, new highs and 21 to 24 points above the lows. The close was near the top, showing net gains of 20 points on the most active months.

Two private crops reports were issued during the day, one making condition 52.3 and indicated crop 13,721,000 bales and the other 53.6 and 13,800,000 bales. The average guess of 90 members of the New York cotton exchange as to the government's estimate is 14,018,000 bales.

Port receipts 79,097, for week 278,759, for season 907,618, last season 436,817, last season 317,983. Port stock 1,968,285, last year 718,934. Combined shipboard stock at New Orleans, Galveston and Houston 74,953, last year 47,676. Spot sales at southern markets 37,406, last year 29,193.

Futures closed steady at net advance of 20 to 23 points.

Unaccountable Rally Sends Prices Smartly Higher as Selling Halts

By BROADAN WALL

NEW YORK, Sept. 5. (US)—Stock prices rallied briskly today, the improvement about wiping out the losses suffered during the two preceding days. Except perhaps for the improved technical position of the market internally, there was little to account for the sudden buying movement which gained momentum particularly during the final hour.

To be sure, the grain markets showed strength and cotton, too, was strong, but the general run of industrial news was little if any more cheering than it has been recently. Nevertheless, there was an evident disposition to accept the market's tendency to dullness on setbacks in price as a favorable index. The price appreciation from the lows of the day was rather substantial considering recent narrow fluctuations. Transactions showed a slight expansion but the gain was insufficient to reflect large-scale public participation. Money remained at 2½ per cent.

The entire street heard early in the afternoon that attempt would be made to run in the shorts. This promise, quite contradictory to the usual experience, was fulfilled when substantial buying orders appeared in pivotal stocks. The entire list rallied sharply under leadership of stocks of the calibre of Steel Common, Can, American Telephone, and other leading issues. Buying of U. S. Steel was associated with reports of formation of a huge new pool in the stock, but if large scale accumulation was under way in the issue it probably would not take place on a 3-point run-up. The stock was responding chiefly to lifting of pressure.

Throughout the list, the improved sentiment generated by the more pleasing performance of the big issues found immediate reflection. Specialties in particular were immediately taken up by their sponsors. Worthington Pump, in which an active pool is noticeable, advanced 4 points, while Foster-Wheeler gained 3½ per cent. There is considerable rivalry apparently between sponsors of these two issues. The Worthington group advised switching from Foster-Wheeler, which has been a notably impressive performer throughout the recent recession, into their pet. As a matter of fact, Foster-Wheeler is likely to be the gainer through substantial switching into it by Worthington holders. The companies, engaged in many similar lines, will this year earn almost equivalent amounts per share, whereas their stocks are 40 points apart.

Young Spring and Wire continued to show strength, advancing 1⅝ points in reflection of greater interest attracted by its performance during the recession early in the week and by knowledge that its earnings may show only slight variation this year despite the general depression. Motion picture stocks, at the first sign of lifting of pressure on the general list, resumed their forward movement, although their improvement was not as brisk at it had been up to recently. Fox continued a feature of this group.

Extent of the price betterment scored during the day was a tremendous factor in the better sentiment prevailing in speculative circles, where the market was interpreted as passing through a severe test period. Its ability to recuperate sharply from three days of sluggishness was accepted as evidence it will respond to good news. The latter appeared today in the statement of President Parsons, of the F. W. Woolworth company, that its sales turned upward after the early part of August and that the improvement has since been maintained. Woolworth gained three points and various other department store and mail order shares likewise joined the advance. It is recognized that retail business will be the first to benefit from revival of public buying and for this reason speculation may be concentrated in the shares of retail units. Money has been particularly well bought in anticipation of improvement in business in the near future. The market is inclined to anticipate business revival, even if it is only seasonal. Sentiment almost universally favors such a development.

Tips were broadcast on dozens of stocks, particularly those in which pools are operating. Some of the buying, however, was of better than ordinary grade, at least a part of the demand being attributed to conservatively cheerful opinion expressed by a leading banker who has just returned from Europe. Vanadium was a star perfomer, gaining 4 points. Baldwin, under influence of strong manipulation, gained three points. Motor stocks generally were firm.

DRY GOODS MARKET

NEW YORK, Sept. 5. (AP)—Cotton goods were steady today with demand moderate. Raw silk was easier and dull. Silk merchandise was showing a little better tone on fall lines available for the cutting trades. Wool goods for spot delivery were selling in scattered lots. Dress goods were steady. Burlaps for shipment from Calcutta continued easy.

PAYMASTER ROBBED

PITTSBURGH, Sept. 5. (INS)—Two armed bandits robbed a paymaster of the Cruickshank brothers pickel works and escaped with $3,000 in currency.

The paymaster, was slugged and knocked to the ground when he attempted to resist.

Grain

TEXAS CASH GRAIN

FORT WORTH, Sept. 5. (AP)—Exporter's bid of 88¼@88½c remained out of line in Friday's trading on the Fort Worth cash grain market; but there was a fair domestic demand which was producing results. Mills were bidding nominally 94@95c, following the advance in contract values, but no sales were posted covering the full extent of the gains.

Fair demand was also reported for corn and oats but barley was slow and there was little doing in the grain sorghums.

Estimated receipts: Wheat, 28 cars; corn, 6; barley, 3, and sorghum, 2.

Bids and offers on course grains ranged as follows, basis carloads delivered Texas common points, freight paid:

Corn, No. 2 mixed $1.01@1.02; No. 2 white $1.02@1.03; No. 2 yellow $1.11@1.12.

Oats, No. 2 red, nominally 52@53c; No. 3 white delivered Texas group one points 49½@50½c, to which add 1c for delivery group three.

Barley, No. 2, 71@72c.

Sorghum, No. 2 milo per 100 pounds nominally $1.90@1.93; No. 2 kafir $1.68@1.73.

CHICAGO GRAIN

CHICAGO, Sept. 5. (AP)—Pessimism vanished from the Chicago wheat pit today as future deliveries wheeled into line behind an excellent demand for cash wheat and began a counter assault against the onrush of lower prices. With European countries taking 1,500,000 bushels of cash wheat for export and domestic interests buying 127,000 bushels more, most of it destined for mills, traders started buying. The result was a sharp advance with closing quotations two cents or more a bushel above yesterday's finish. Unexpected strength in Liverpool, largely because of active covering by professional sellers and also because of dry weather complaints from Argentina, helped to return confidence to traders.

Wheat closed firm at almost the topmost figures reached, 1⅞@2c a bushel net higher than the previous close. Corn finished unchanged to ⅝c lower, oats ⅛@⅝c up, rye 1⅜@2¼c higher and provisions showing a 15@35c advance. Corn strove to keep above the previous closing level. There was some realizing of profits and the trade saw little urgent buying. Country offerings to arrive were larger and the cash market was weaker. Oats reflected the firmness in wheat, as did rye.

Provisions showed sustained bouyancy, with offerings light.

Closing indemnities: Wheat—September 82¼c, 84⅝c; December 88⅛c, 90½@90⅝; March 92¼c, 95c; May 95⅝c, 97⅝c. Corn—September 96⅞c, 99⅞c; December 90⅝@90¾c, 93½@93⅝c; March 92⅝c, 95¼c; May 94½@94⅝c, 96⅞.

PIT NOTES

CHICAGO, Sept. 5. (US)—Evidences of better foreign interest were sufficient to stem the pressure of liquidation and hedging. The trade has felt for some time that, in the absence of broad speculative interest, support on the breaks would have to come from export demand if it were to appear at all.

Receipts in the Northwest continue very heavy and loadings Thursday on the Canadian National railway exceeded all records for a single day, Winnipeg advices said. Country deliveries were 6,488,000 bushels.

Moisture continued insufficient for pastures and haylands during the past week, according to the weekly crop report of the Illinois Central system.

Modern Miller Outlook says: "So far there has not been sufficient precipitation in the prairie provinces to restore the subsoil moisture, a fact that will probably attract considerable attention from the trade in the immediate future."

Cattle—Receipts 2,800, including 1,100 calves; all classes about steady; two loads well finished 1,348-pound beefs $10.00, new top for season; other grass offerings around $6.00 down; bulk butcher cows $3.85@4.35; some desirable heavy fat calves around $6.50 and above.

Sheep—Receipts 2,000; 13 decks good fat wethers, mixed ages, at $4.50 or steady; practically nothing else offered.

MIDWESTERN LIVESTOCK REVIEW

KANSAS CITY, Sept. 5. (AP)—(U. S. D. A.)—Activity developed on hogs around the 11-market circuit at prices generally 10-25 higher. At some points underweights continued to lag with values steady to easier. The day's extreme top of $11.35 was paid at St. Louis. Offerings were around 46,200.

There was a reaction on fat lambs with prices strong to mostly 25 higher with some centers showing gains of as much as 50. Choice range lambs in Chicago scored $9.25 and natives sold up to $9.00. Supplies numbered around 55,200.

The cattle market followed about the same trend as on previous days this week with demand fairly broad for strictly grain fed offerings, but draggy for killing cattle showing the effects of grass. Chicago, however, reported an easier undertone on the better grades of heavy steers. Country buyers were very cautious this week in the purchase of replacement stock, going especially slow on stockers. Finishers have purchased sparingly of fleshy western steers suitable for a 30-60 day turn in the beef market. Aggregate receipts estimated at 10,500.

CHICAGO, Sept. 5. (AP)—(U.S.D.A.)—Hogs—Receipts 14,000; mostly 10 to 15c higher; weights below 180 pounds, showing less advance, bulk, 200 to 250 pounds, $11.15@11.25; packing sows, medium and good, 275 to 500 pounds, $8.15@9.40; slaughter pigs, good and choice, 100 to 130 pounds, $8.25@9.50.

Cattle—Receipts 2,500. Calves—Receipts 1,000; grain fed steers and yearlings steady; some slowness on better grade weighted steers but yearlings continue active; top yearlings $12.50; grass fed cows and heifers decline; slaughter cattle and vealers steers, good and choice, 900 to 1,500 pounds, $10@12.75; heifers, good and choice, 550 to 850 pounds, $10@12.25; cows, good and choice, $5@8.25; bulls, yearlings excluded, good choice beef $6@7.00; vealers (milk-fed) good and choice, $10.50@12.50; stocker and feeder steers, good and choice 500 to 1,050 pounds, $7@8.75.

Sheep—Receipts 2,300; active, strong mostly 25c higher; bulk native lambs, $8.50@8.75 to packers; most fat ewes $3.50@4.25; lambs, 90 pounds down, good choice, $8.25@9.35; ewes, 90 to 150 pounds, medium to choice, $2.50@4.25.

OKLAHOMA CITY, Sept. 5. (AP)—Cattle—Receipts, 1,000; calves, 600; steers and butcher classes around steady; calves and stockers slow, tendency lower; bulk of steer grassers of fair to medium quality, selling at $4.50@5.50; good to choice light yearlings $10.00 and up; canners and cutters, active at $2.50@3.25; fair to medium grass cows slow, $3.50@4.00; weighty cows, $5.50@6.00; choice heavy calves around $6.00; veals, up to $8.00; common calves, mostly 50c lower for week at $3.00@4.50.

Hogs—Receipts 1,000; advance of 15c; top on select medium weights, $10.45; medium to good kinds, $10.50 up; packing sows and stags steady, top and bulk, $8.00.

74,000 VETS ASK PENSION

New Legislation Brings Application Flood

WASHINGTON, Sept. 5. (INS)—More than 74,000 world war veterans have already made application for disability allowances under the pension legislation enacted by the last congress, a compilation of reports from regional offices of the veterans administration disclosed today.

The manner in which applications now are pouring in has convinced veterans administration officials they will receive several hundred thousand applications before the first of the year.

Actual award of disability allowances, or pensions, is proceeding slowly, but 424 had actually been allowed up to Aug. 1; most of these to men in hospitals, suffering from known disabilities.

Administration officials had estimated that 156,000 veterans would be benefited by the act during its first year of operation.

Coca-Cola Official Denies Girl's Charges

NEW YORK, Sept. 5. (AP)—Denial that he ever had promised to marry Annette S. Bracy and charges that she had been intimate with other men were contained today in an answer by Joseph B. Whitehead, wealthy official of the Coca-Cola company, to a breach of promise suit for $500,000.

School opens soon. Why not rent your bedroom or apartment to teachers or students? A small want ad in the Times and Record News may bring results.—Adv.

Death Claims Mrs. Fannie Wheeler, Resident of Wichita for Years

Mrs. Fannie Wheeler, 64, pioneer resident of Wichita Falls, died at the family home, 1100 Seventh street, Friday afternoon following an illness of approximately two weeks.

Mrs. Wheeler had been a resident of Wichita Falls for more than 40 years, having come here with her husband, D. P. Wheeler, in 1890. She was born and reared in Arkansas. Death came to Mrs. Wheeler after she had been confined to her bed less than two weeks, although she had been in poor health for the last year. She was a charter member of the First Christian church here.

Survivors include two daughters, Mrs. S. N. Coke of Sinton, Texas, and Mrs. W. H. Weaver of Wichita Falls; two sons, Richard Wheeler of Wichita Falls and G. S. Wheeler of Los Angeles, Calif., and a granddaughter, Miss Sibyl Hancock of this city.

Funeral service will be held from the First Christian church Saturday morning at 10 o'clock with Rev. H. T. Wood, pastor, officiating. Interment will be in the Riverside cemetery under the direction of the Hines mortuary.

Active pallbearers will be T. E. Durrett, M. A. Bundy, E. E. Fischer, C. E. Stephens, J. W. Pond and H. E. Crain.

Honorary pallbearers include E. B. Gorsline, John Fore, P. P. Langford, Wiley Robertson, S. Y. Ferguson, R. E. Huff, George Davis, E. W. Napier, J. B. Marlow, Bob Marlow, R. V. Gwinn, Bill Grounds, Ralph Mathis, Wayne Somerville, D. P. Taylor, Oral Jones, W. R. Ferguson, Joe Art, Dan Boone, A. H. Britain, J. A. Kemp, John Prang and Mace Davis.

Rufus King and Spudders Honored By Junior C.-C. at Luncheon

Two Wichita Falls champions were feted Friday at a luncheon given by the Junior chamber of commerce, one an individual champion who won the recognition of the entire nation by winning the greatest honor in American trapshooting and the other a collective champion, the Spudder baseball team, which has carried Wichita Falls into the play-off of the Texas league.

The individual champion was Rufus King Jr., who recently won the Grand American handicap by defeating America's best trapshooters at the national meet in Dayton, Ohio. The youth was presented with a large silver shield by Mayor Walter Nelson Jr., in behalf of the junior chamber, to commemorate his unprecedented achievement in bringing to Wichita Falls its first national championship.

The Spudder players, introduced in person by Guy Airey, secretary of the club, were described by Fred Weeks in a talk as the "representatives not only of Wichita Falls but of the great expanse of West Texas." Mr. Weeks said the team was the "greatest among the great teams which have represented Wichita Falls" and added his confidence that they would carry off the championship in the play-off series which begins here next week.

J. Alvin Gardner, president of the Texas league, and William Huff, president of the club, were also introduced, and Larry Bettencourt, Spudder outfielder, praised Carl Williams, manager of the team, as a "great strategist and leader, and one who loves his men."

Others introduced at the luncheon were Miss Mildred Miller, who is to be princess of Wichita Falls at the Young county fair at Graham; Miss Jeanette Moore, who will be maid of honor, and Miss Jane Moore, who is to be duchess of Wichita Falls at the West Texas fair at San Angelo. James V. Allred, a member of the junior chamber and victor in the recent campaign for attorney general of Texas, was introduced after Jerry Vinson, president of the chamber, had read a telegram from the San Antonio Junior Chamber of Commerce congratulating the local organization on Mr. Allred's victory.

County Companies Urged for Drouth Stricken Areas

AUSTIN, Sept. 5. (AP)—For more than three hours today, Gov. Dan Moody was in executive session with D. A. Bandeen, manager of the West Texas Chamber of Commerce, and O. B. Martin, extension director of A. & M. college, regarding possible means for aiding the stricken counties.

Three steps toward drouth aid were outlined by the governor following the meeting.

First, a revised list of counties was made and forwarded to Secretary of Agriculture Hyde, naming 75 Texas counties as in need of aid in varying degrees. In some of these counties, only the lowered freight rates were needed. In others, financial aid for the relief of suffering was said to be needed.

The second action was to write committee chairmen in every county in the drouth area asking an immediate definition of the needs of that county, so that if funds for food and clothing are needed the Red Cross may be advised.

Finally the conference decided to advise all counties to organize credit corporations as suggested by the federal government to deal through the intermediate credit banks in obtaining funds for farmers.

Moody said that no decision was reached regarding the proposed trip to Washington to ask aid directly of President Hoover, possibly in the form of a special session of congress to appropriate relief funds. That step would be considered, he said, should it be found that no relief can be obtained otherwise.

Galveston Ready For Demo Heads

GALVESTON, Sept. 5. (UP)—The advance guard of the state Democratic convention delegates was due to arrive tomorrow and plans were made to entertain the guests over the week-end.

The convention will open Tuesday and 2,500 visitors are expected for the sessions.

A meeting of the Texas Women's Democratic association is scheduled for Monday.

D. W. Wilcox, of Georgetown, state chairman, will preside at the state convention.

Second Arson Charge Filed by State Agent

Investigations into the burning of the home of Joe M. Ross at 2613 Pennsylvania avenue several weeks ago were completed here Friday with the filing of a second complaint charging arson and the release of a third man held by officers on suspicion of complicity in the alleged plot to collect insurance on the Ross home, according to information given by George W. Anderson, assistant district attorney, and Fire Chief J. L. McClure.

An arson charge was filed Thursday against Ross, followed by the filing of a similar complaint against J. R. Criswell Friday. Both men and the man released Friday were arrested by police Thursday morning at the instructions of Chief McClure and James Byrne, deputy state fire marshal, who was called here to conduct the investigation. Ross and Criswell were held under $750 bond each after they had waived examining trial.

LOS ANGELES, Sept. 5. (US)—There's a little matter of $2,603.21 which Trixie Fraganza, noted stage comedienne, overlooked paying the government on her 1927 earnings, according to an income tax lien filed in federal court today by the internal revenue bureau.

DEATHS

HUGH T. BAXTER

Hugh T. Baxter, 36, of Donaldson, Ark., died in a local hospital about 7 o'clock Friday evening. The body was taken in charge by the Hines mortuary and was being held Friday night pending the arrival of relatives from out of the city.

Mr. Baxter is survived by his widow, who lives in Donaldson, Ark., and his mother, Mrs. H. G. Easterbridge of Odessa, Texas.

MRS. LENORA HAWLEY

The body of Mrs. Lenora Hawley, 48, 2413 Grant street, who died in a local hospital Thursday afternoon, was shipped to Plano, Texas, at 2 o'clock Saturday morning by the Hines mortuary. Mr. Hawley, husband of the deceased, who is ill in the same hospital in which his wife died, was unable to accompany the body.

Man Arrested Here, After Raid on Still

Wichita county officers Friday arrested and transferred to Clay county authorities a man who is said to have escaped a raiding party several days ago when officers from both counties confiscated a whisky still in Clay near the county line. The man was taken to Henrietta to face charges in connection with operation of the still. He was arrested here by Deputies Charlie Gant and Dick Morris. The raid several days ago, in which Deputy Gant and George Garrett aided by Clay county officers, resulted in the arrest of one man, another having escaped.

Officials Believe Joyce Accidentally Poisoned

CHICAGO, Sept. 5. (UP)—Officials, having accepted a coroner's jury verdict that State Senator John T. Joyce died of acid poisoning to mean that he was accidentally poisoned, announced today that the investigation into his death is at an end.

Joyce died at his home while in bed Aug. 23.

Mrs. John T. Joyce, the widow, said she was convinced that her husband was poisoned by political enemies, and did not commit suicide.

BARN BURNS ON KEITH FARM

Loss More Than $8,000 In Friday Blaze

Flames thought to have originated in closely packed bales of hay from internal combustion Friday evening destroyed the huge modern barn at the George D. Keith Hereford farm on the Henrietta highway with resultant loss estimated by Mr. Keith at between $8,000 and $9,000.

The flames spread rapidly and the direction of the wind caused glowing sparks and burning hay to fly toward the Keith home, leading to the fear that the home would be destroyed also. An alarm was turned in and fire trucks from Central station and No. 3 station responded, although no water connections were available at the farm. Firemen protected the home by use of their chemicals and by keeping watch to see that the floating sparks spread no further damage.

A large number of Mr. Keith's valuable prize cattle were in the barn when the fire broke out, but quick work on the part of employes at the farm saved them. They were driven out into an enclosure nearby. A large number of sheep and several hogs were also saved, the flames claiming but one hog as toll of the livestock.

Mr. Keith said about 6,000 bales of hay were stored in the barn and that the blaze destroyed a large part of his stock of saddles, farm equipment and other supplies on the farm. The barn was recognized as one of the most complete and modern in this section of the state.

FOURTH FIRE DESTROYS HOME HERE

Destruction of the home of C. T. Taylor at 1608 Ninth street Friday afternoon with loss estimated at $4,500, less than 12 hours after the garage and automobile at the home had been destroyed by fire with loss amounting to $1,600, caused officials of the city and state fire departments to launch an investigation seeking to determine the cause of the two blazes.

Fire Chief J. L. McClure said that the two blazes Friday at the Taylor home, the first occurring at 4 a. m. and the second late in the afternoon, brought the total to four fires at that residence within the past two weeks. A week ago firemen were called there to extinguish a blaze in a closet of the house and two days later were called out again when a fire started in a closet. The two fires Friday brought the total damage to $6,100.

FAMILY BARELY ESCAPES FROM BURNING HOME

A neighbor's discovery that the roof on the home of W. M. Brooks, 1220 North Seventh street, was ablaze during the early morning hours Friday probably saved the lives of Brooks, his wife and their small child, who were soundly sleeping when the neighbor rushed in to wake them and tell them their house was burning.

Loss to the home, which was completely destroyed, was estimated at between $2,000 and $3,000, according to reports to fire department officials. Mr. and Mrs. Brooks and their child were forced to flee from the burning house attired in only their night clothes.

Ranger Indicted On Bribery Count

(Continued From Page One)

McNeese will be called to trial during the week beginning Monday, Sept. 15, when Judge Allan D. Montgomery opens the criminal docket for the 30th district court at Graham.

In addition to the bribery indictment, the grand jury at Graham returned 19 other indictments in its report to Judge Montgomery, 15 of them on felony charges and four on misdemeanors, Mr. Spence reported. The grand jury was in session three days. J. W. Seddon was foreman of the jury.

Cattle Theft Charge

Among the felony indictments was one against John Goree on a charge of assault with intent to murder in connection with the stabbing of Constable Jim Bob George of Newcastle about two weeks ago. It is alleged that Constable George raided a gambling game at Newcastle and that George turned on him with a knife. The blade of the knife entered the officer's right breast, penetrating the lung. He was in a serious condition for several days but was able to leave the hospital a few days ago. Goree is being held in the county jail at Graham awaiting trial.

The grand jury also returned a joint indictment against Everett and Skeet Clement on a charge of cattle theft in connection with the stealing of a calf from a Young county farm. The Clement brothers were arrested and lodged in the county jail in Graham Friday.

Other indictments included one for theft over $50, one on a whisky charge, one on a beer charge, five for driving while intoxicated, one for child desertion and five for forgery. The four misdemeanor indictments were on charges of operating a pool hall.

The cases included in the 20 indictments returned have been set for call the week of Sept. 15. Mr. Spence will return to Graham on that date to take charge of the prosecution of cases on the 30th court criminal docket.

STATE: Conrad Nagel, Kay Johnson and Louis Wolheim in "Ship From Shanghai." Comedy and sound news.

Round-trip tickets ought to be a good stunt for the Strand theater on "Animal Crackers." Like "Cocoanuts," the new Marx brothers show must be seen twice to catch all the good lines. Groucho wouldn't be so funny if he didn't talk fast, but he talks so fast that one misses the alternate laughs by one's own boisterous mirth.

◇ ◇ ◇

A psychology class could find plenty to study if given the problem: "Why is Harpo funny?" What would be nauseatingly silly in any one else is terribly amusing in the mute maniac.

◇ ◇ ◇

Only in one respect does "Animal Crackers" fail to come up to "Cocoanuts"—there is nothing quite so funny as the "Vy a duck?" query of Chico's that nearly drove everybody insane last year. Chico excels his former performance, however, in his unique piano technique—and don't fail to get the announcement of the name of his solo!

◇ ◇ ◇

Three good shows at one time is a pretty good record for Wichita Falls. There is every reason to believe that there will be three excellent movies here on Saturday—"Animal Crackers" at the Strand, "Song O' My Heart" at the Majestic, and "Ship From Shanghai" at the State.

◇ ◇ ◇

The State will present a new Universal film Sunday which has attracted considerable attention—"Czar of Broadway," said to be based on the life story of Arnold Rothstein.

◇ ◇ ◇

Following "Czar of Broadway" will be "The Sea Bat" with Charles Bickford; on Sunday, Sept. 14, "The Sap From Syracuse" with Jack Oakie; and on Thursday, Sept. 18, "The Kiss" with Greta Garbo and Conrad Nagel. "Silent Enemy," famous all-Indian picture, is also booked for an early showing at the State.

Modern Jean Valjean Evades Prison Posse

ATLANTA, Ga., Sept. 5. (UP)—Bloodhounds and deputy sheriffs were stalemated today in their quest for Robert Elliott Burns, modern "Jean Val Jean," who for the second time in his life escaped yesterday from a Georgia chain gang.

Successively a world war veteran, a Georgia convict, a chain gang escapee, a successful Chicago magazine editor, and pivot in a triangular affair of the heart which brought him exposure to authorities, Burns "walked out" Thursday from a "group county prison camp where he was a trusty."

TEACHERS TO MEET TODAY

Instructors to Confer With Principals

Teachers of the Wichita Falls schools are requested to meet with their principals at the various schools Saturday morning at 9 o'clock, according to an announcement of Dr. J. W. Cantwell, superintendent of city schools. They are preparing, Doctor Cantwell stated, to meet the students Monday for the beginning of the new school year.

All pupils will be required to attend the school in their own district. Those in the seventh and eighth grades who live East of Brook are to go to Reagan Junior high, and all who live west of Brook will attend the Zundelowitz Junior high. All above the eighth grade will be students at the Junior college building, Doctor Cantwell said.

Community Chest Opens Campaign Headquarters on Scott Avenue

The Community Chest campaign headquarters for the 1930 Community Chest appeal to finance the 11 charitable, welfare and character building organizations, was opened at 815 Scott avenue, the old Scott store, Friday morning. The use of the building has been donated through the courtesy of D. O. Johnson, owner.

Linden Brooks of the American City bureau who has charge of the campaign and Mrs. J. O. Bentley, local executive secretary, may be reached at the new headquarters at any time during office hours. The regular office at the Memorial auditorium will be closed during the campaign.

The date for this year's campaign has been set from Sept. 25 to Oct. 2 inclusive. J. F. O'Donohoe, president of the chest, in a statement regarding the date, pointed out that for the next four weeks the chest appeal should be a project of first importance to Wichita Falls and the campaign should supersede all other activities. "To this end," Mr. O'Donohoe said, "civic organizations should mark every possible attempt to clear the calendar of other civic activities during this period."

The budget committee will meet in the office of W. D. Cline in the City National bank building Saturday morning at 10 o'clock to further consider the allotment of budgets to the various chest agencies. In an interview Mr. Cline stated that he did not believe that the committee will be able to complete its work at this meeting.

Three Face Liquor Charges After Crash

Complaints were filed in district court Friday against R. P. Brooks, Maurine Buton and Stella Jernigan in connection with the highway crash Thursday night on the Iowa Park road in which three persons were injured when Brooks' automobile, driven by Miss Buton, crashed into a wagon, according to information given by Sam B. Spence, district attorney.

Brooks and Miss Jernigan were named in complaints charging transportation of liquor, while Miss Buton was charged with driving while intoxicated. The three were arrested Thursday night by police after Brooks had received treatment at a hospital here for minor injuries sustained in the crash.

College Registration To Open Here Today

According to information given by Registrar A. K. Presson late Friday, approximately 60 new pupils have enrolled at the Junior college during the past week for high school work, and about the same number are expected to register early next week, Mr. Presson said.

Junior college students are to register Saturday and Monday, starting regular school work on Tuesday, according to S. H. Rider, dean.

MAGNOLIA ETHYL
Magnolia Gasoline, alone, is a whirlwind of power . . . a gasoline that is alive and alert to the slightest touch on the accelerator . . . a high quality aeriform gasoline of 400 end point. The addition of Ethyl simply adds certain superior anti-knock properties that regular gasoline does not have. When you buy Magnolia Ethyl, you get a better Ethyl Gasoline because Magnolia is a better gasoline to begin with.
MAGNOLIA The Quality GASOLINE + ETHYL FLUID = MAGNOLIA The Quality ETHYL GASOLINE
