ARCHES RAISED

Arches that will define the roof go up at the building site of First United Methodist Church. The light brick wall going up at back is the interior of the east side. At center of the wall is the opening where a stained glass window will be placed. This has been the location of a Methodist Church since 1899.

Vandals Damage Equip. Take Tools Saturday Night

Farm equipment has been heavily damaged by vandals in several parts of the county in recent weeks, with the loss coming to a peak Saturday night, Nov. 27.

Sheriff John Rainey said his department has no leads on the vandals, but this is apparently a local situation. No surrounding counties have reported similar damage.

Losses have included heavy damage to a tractor, a stripper down 10 days until the owner could get replacement parts from the factory, and a bale of cotton dumped in a patch of thistles and run over with a stalk shredder.

There has been unusually heavy loss of tools and wrenches.

Sheriff Rainey said his deputies are stepping up patrol on county roads, as well as paved FM roads and major highways.

He asked the cooperation of

residents in the rural areas in reporting any suspicious incidents.

Saturday night's loss was heaviest south of Wellington.

At the R.L. Mabery farm south of Loco, one tractor was driven into a ditch, heavily damaging the front end and bending one wheel outward, the sheriff's department reported.

The extent of the damage has not been determined. Tools estimated at around \$100 value were taken from the tractor.

While the tractor was being driven around, it missed by not more than a foot the motor that operates self-propelled irrigation equipment, according to Mrs. Mabery.

An attempt to start a second, larger tractor with cotton stripper failed when the vandals didn't know how to operate the starter.

Tools were taken from a

tractor belonging to Mabery's brother-in-law, Fred Cox, which was about 100 yards down the field.

At the Elvis Crawley farm southwest of Loco near Buck Creek, vandals dumped approximately a bale of cotton from the stripper basket onto a thistle patch, according to Deputy Sheriff Dale Thomas.

Next they started a second tractor with a stalk shredder attached and drove it through the dumped cotton. It is a total loss.

A tractor was also driven over that part of the field not yet stripped and a considerable amount of cotton was knocked to the ground.

Keith Smith has had his tractor and stripper vandalized three times this fall at his farm south of town.

Two weeks ago, a piece of iron was thrown in the blower of the stripper and ruined it when the machine was

started. Smith could not find replacement parts here or in adjoining towns and a dealer had to order the piece from the factory. He got the stripper back in operation over the week end, but he had lost 10 days of cotton stripping in ideal weather.

It cost Smith \$250 to get the stripper repaired.

Two months ago, tools were stolen off his tractor and their replacement value was \$272, he reported.

About a month ago, \$60 worth of pullies and u-joints were stolen off the stripper.

Also on Saturday night, Paul Wauer, southeast of town, had a battery taken off one of his tractors and an assortment of large wrenches, estimated as valued up to \$150 were stolen.

D.C. Thomason has reported to the sheriff's department he lost about \$50 worth of

Twelve Skyrockets Named To 2-A All-District Honors

Wellington Skyrockets took 11 first-team positions on the 2-A All-District Football team, and three more players won second team positions.

This is more than any other team in the district placed.

The young men selected were announced Monday, Nov. 26, by Head Coach James Williams.

Two Skyrockets were named to both offensive and defensive teams. Richard Garcia, tackle and down lineman, and Joe Thomas, center and down lineman.

Five Skyrockets were the unanimous choice of all District 2-A coaches, who made the selections. This is an unusually large number from one team.

Carl Taylor was selected quarterback on the all-district offensive first team.

Ricky Jones was a unanimous choice as running back, and Robert Powell was picked for an end position.

Richard Garcia was a unanimous choice for tackle, Charles McIntosh and Erminio Nevarez were picked for guard positions, and Joe Thomas tied with Kenny Martin of Memphis for the center slot.

James Thomas was named to the second team as a running back.

Voted as the down linemen on the defensive first team were Joe Thomas and Richard Garcia, both unanimous

choices.

George Darton was a first team linebacker selection.

In the SECONDARY David Baumgardner was a unanimous selection and Arnie Ingram was the other Skyrocket picked.

John Birkey was picked as a down lineman on the second defensive team.

The complete offensive team includes:

Quarterback: 1st team, Carl Taylor; second team, Randall Shahan of Memphis.

Runningbacks: 1st: Kirk Fields of Memphis, a unanimous selection, Jones and Billy Gardner of Clarendon; 2nd team: James

Man Dies in Gin Accident Wednesday

Raul Hernandez, 18, died in an accident at Farmer's Co-op Gin, about 7:00 a.m. Wednesday, Nov. 30.

Sheriff John Rainey said Hernandez was working alone at the mote press, as only one person is needed to operate it. The gin was shut down at the time, the sheriff said, when Hernandez apparently climbed onto the press to raise the lid, which automatically cuts it off, but he evidently did not give it time to come to a full stop.

Mrs. Beatrice McKinney, justice of the peace, said she is returning a ruling of death by accident.

A Mexican national, Hernandez had lived in Texas about 15 months and in Wellington three months. His brother, Jose Jacobo Hernandez, is here also.

Their home is San Jose de la Isla, Zapatecus, Mexico.

Raul Hernandez' survivors include his parents, five brothers and five sisters.

Kelso Funeral Home is in charge of arrangements here.

Investigating the accident were Sheriff Rainey and Deputy Steve Vines.

Three-Day Norwood Invitational Tournament Opens December 8

The eighteenth annual Samnorwood Invitational Basketball Tournament opens at 9:00 a.m. Thursday, Dec. 8, and will continue through the championship games Saturday evening, Dec. 10.

Both 1976 tournament champions are returning, Samnorwood girls, who are again seeded No. 1, and Mobeetie boys, seeded No. 3 this time.

These, with the other teams taking part, will make this one of the most highly competitive tournaments to be seen in the area prior to the start of district play.

Samnorwood coaches Kenneth Martindale and Dale Morris are in charge of the tournament.

Handsome trophies, donated by Wellington and

Shamrock merchants will be awarded to first, second, third and consolation winners in both boys and girls divisions. In addition a team sportsmanship winner in each division will be selected.

"There are several teams we don't know about, for example, Wellington and McLean had not played when the brackets were drawn. But we feel the teams are evenly matched all the way through and there will be some exciting action in every game," said coach Martindale.

Concessions will be open.

Play will start at 9:00 a.m. Thursday, when traditional rivals, Samnorwood and Quail girls meet.

Other Thursday games include:

10:30 Samnorwood and Briscoe boys.
12:30 p.m. Briscoe and Estelline girls.

2:00 Estelline and Quail boys.

3:30 Mobeetie and Allison girls.

5:30 Mobeetie and Allison boys.

7:00 Wellington and McLean girls.

8:30 Wellington and McLean boys.

On Friday, the second round consolation play will start at 9:00 a.m. and games in the winners bracket will begin at 3:30 p.m.

Finals will be played Saturday.

The girls consolation game will begin at 12:00 noon and boys consolation game at 1:30.

Third place in the girls

division will be determined in a game starting at 3:00 p.m. and the boys game is slated for 5:15.

The girls championship game is scheduled to start at 6:45 p.m. and the boys game will be at 8:15.

Officials will be Richard Ortiz, John Cartwright, Jimmy Martindale and Jerry Martindale of the Amarillo officials chapter.

Basketball fans from throughout the area are urged to attend as many games as possible.

Farmers-Ranchers Urged To Meet Sen. Tower Wednesday

U.S. Senator John Tower will be in Wellington Wednesday, Dec. 7, at the Heritage Room from 12:00 noon to 1:00 p.m. as part of a four-day trip through the High Plains and Panhandle.

He is due to speak briefly and then answer questions by those attending.

Don Tarver of Quail, county Republican chairman, is urging farmers and ranchers of the area to attend, including those of both political parties.

"This will be a great opportunity for farmers and ranchers to face Senator Tower, and to ask questions on problems regarding agriculture. It will be an opportunity for us to tell him what we think

is wrong with this whole spectrum of agriculture and possibly to offer suggestions for some solutions," Tarver declared.

"He is going to be here to listen, and he will take a message back to Washington."

Tarver points out that businesses in Wellington are agriculturally related. "I would definitely think the business men ought to be there, too."

In urging people of both political parties to be at the meeting, Tarver declared that Senator represents all the people of Texas-whether they are Republican or Democrat.

"We've got so many issues

we've got to cope with every day in this agricultural economy just to stay alive," he concluded.

In announcing plans for his trip, Senator Tower noted that the first session of the 95th Congress "produced some good and bad decisions but so far has left some major legislation out in limbo."

"The major issues of an effective national energy policy, Social Security, welfare and labor reform still remain to be solved," the senior senator from Texas said. "My upcoming conversations with citizens in Texas will assist me greatly in speaking out and voting on the reports that

ALL-DISTRICT ROCKETS

These 12 Skyrockets among them won 14 places on the 1977 2-A All-District Football team. Autograph Party Honors Authors

An autograph party Saturday morning, Dec. 3, will honor the two authors of a historical novel of Collingsworth County.

They are Virginia Curry Gholson and Marjorie Wall Anderson, whose book, "Seeds of a New Land" was published recently.

The party will be hosted by Mrs. Leona Elliott and Mrs. Gorman Owens in the Heritage Room. Calling hours are 9:00 to 11:00 a.m.

Autographed copies of the book will be for sale.

They chose fiction as their medium in telling the story of the development of Collingsworth County, but major characters are easily recognizable by those familiar with the county's story.

The public is invited. "We would especially like to have the pioneers still living here, both men and women. They can reminisce with the authors and have a cup of coffee.

Simpson Due To Campaign Here Saturday

Bob Simpson, the Democratic candidate for State Senator, announced today that he will begin a final campaign tour, during which he will visit with people in every one of the twenty-six counties of the Senatorial District. He will campaign in Wellington on Saturday morning, Dec. 3.

"We have already been in each of these counties several times during the last four months," Simpson said, "and we are now going to make a final tour before election day. This is the way I like to campaign. People to people. We're not bringing in outsiders to tell the people of this district how they ought to vote; we're going to the people ourselves to listen to their views," Simpson said.

The election will be held on Saturday, December 10, and absentee voting is open through December 6.

Wellington Leader to Publish Santa Letters

Letters to Santa Claus from all his youthful friends in the Wellington area will be published in the annual Christmas edition of the Wellington Leader December 22.

But time is short for these letters to be printed and then sent on to Santa at his north pole headquarters--

All boys and girls are urged to write their letters as early as possible and mail or bring them to The Wellington Leader.

Children who formerly lived here, or those who will be in Wellington to visit grandparents or other relatives at Christmas are also invited to send their letters, too.

worry about mountain flying here, but pilots from this part of the country get in trouble going to the ski areas or summer resorts in the mountains," Hartman pointed out.

The final hour will be given over to disorientation and testing in the vertigo chair. All those present who wish to test themselves will have the opportunity. Hartman explained this is a chair with controls similar to a small plane which can simulate flying into a cloud formation. It tests the pilot's sense of direction, both horizontal and whether the plane is rising or falling.

"We are trying to get the people conscious of some of the hazards in flying," Hartman pointed out. "This session is for the new flyers and it will also be a refresher for the veteran pilots."

He stressed that there is no charge and everyone with an interest in flying is welcome. They do not have to be pilots or ever have taken flying lessons.

emerge from the House-Senate conference committees in December."

Tower noted that accomplishments this year included Senate passage of a natural gas deregulation bill, defeat of the common situs picketing bill, delay of a saccharin ban for 18 months, legislation prohibiting unionization of the military and changes in the Disaster Relief Act to assist small businessmen.

Tower, now serving his third term, is top-ranking Republican on the Senate Armed Services Committee and second-ranking GOP member of the Banking, Housing and Urban Affairs Committee. He also serves on the Senate Ethics Committee and is chairman of the Senate Republican Policy Committee. In the 94th Congress, Tower was named by U.S. News & World Report magazine as one of the "Five Most Influential Senators" then serving.

The first name Algernon comes from a French word meaning "Bewhiskered."

Merchants Begin Promotion

"Merry Christmas. Thank You for Shopping in Wellington." This message on red and gold ribbons is carried by personnel of Wellington business firms who are members of the Chamber of Commerce. The ribbons will be worn each day until Christmas.

"This is one of the ways in which merchants are promoting the holiday season," said Mrs. Margaret Vines, C-C secretary.

On that night, also, Christmas lights went on in downtown Wellington, along 8th Street, and on Highway 83 Friday night.

Welcoming travelers again as they come into town from all four directions is the revolving Christmas star atop the court house.

Santa Claus will make his annual visit to children Thursday evening, December 15. The hour will be 7:00 a.m. to 5:00 p.m., according to Mrs. Fred Boyd.

A variety of baked foods and candy, and a large assortment of hand-made items will be offered.

remain open through the evening to give people from the entire Wellington trade area an opportunity to do their Christmas shopping before the last minute rush. Plans for this also will be announced next week.

Each Wellington store is doing its own holiday promotion this year, Mrs. Vines said. A variety of plans are being carried out, and each merchant will publicize his own promotion.

The Chamber of Commerce is urging that both stores and homes be decorated for Christmas, adding to the holiday festivity.

Former Childress County Official Dies Saturday

Anderson Mitchell, 81 long active in Childress county affairs, died at his home in Childress at 4:40 a.m. Saturday, after a lengthy illness. He was the father of Calvin A. Mitchell, Jr. of Wellington.

He was born at Arlington Oct. 11, 1896, and moved to Hollis as a young man. He then moved to Garden Valley and Childress, and to the Olympus community in 1920. Still later, he lived at Loco.

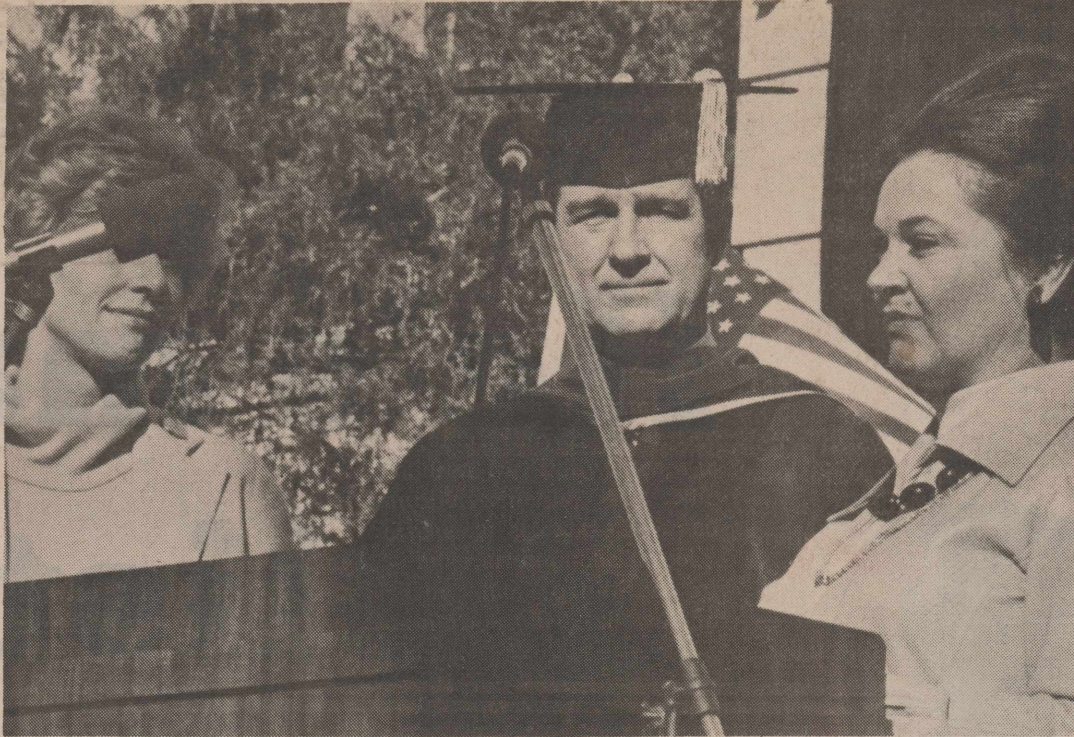

Calvin Anderson Mitchell was a county Commissioner, served briefly as a county judge, and was a Childress County tax assessor. He also was a director on the local board of the Veterans Land Bank, a 25-year member of Elks Lodge 1113 and a member of Calvary Baptist Church.

He married Miss Bertie Mardis of the Lonie community on Dec. 9, 1931, at Hollis.

Funeral services were conducted at 2:00 p.m. Monday in Calvary Baptist Church with the Rev. Randy Henry, pastor and Tommy Sims, officiating. Burial was in Childress Cemetery.

Survivors are his wife; one son, Calvin A. Mitchell, Jr., of Wellington; a daughter, Mrs. Geneva Reynolds of Albuquerque, N.M.; 5 sisters, Mrs. LaRue Potter, Mrs. Mary Bartlett and Mrs. Agnes Graves of Hollis, Mrs. Aavoy Feemster of Seymour, and Mrs. Ada Muirhead of Tulsa; five grandchildren and one great grandson.

Visiting Mr. and Mrs. Andrew Powers northeast of Dodson through the Thanksgiving Holidays were their children, Mr. and Mrs. Bill Lofton and two children of San Antonio; Miss Debbie Powers who teaches at Lone Wolf, Okla.; and Miss Jan Powers, a student in Southwestern State University, Weatherford. Mrs. Lofton is the former Peggy Powers.

WTSU INAUGURATION

Formally installing WTSU President Max Sherman (center) was Board of Regents member Mrs. B.M. Sims (4) as Sherman's wife, Gene Alice (l), looks on.

Sherman WTSU President

WTSU: Midst the blessing of fair weather and fair words, West Texas State University's fifth president, Max R. Sherman, was inaugurated in the center of the 68-year-old campus.

Mr. Sherman was formally installed by Mrs. B.M. Sims, a member of the Board of Regents. Several former county residents had a part in the ceremony. Keith Winter, assistant to the president at WTSU, was a member of the inaugural committee.

Dr. Jack Walker, who grew up at Samnorwood, is chairman of the faculty council and two faculty members participating were Dr. Ron Thomason, son of Mr. and Mrs. D.C. Thomason, and Dr. J. Mario Coleman, son of Mr. and Mrs. J.D. Coleman.

Faculty members who are the husbands of two former residents were Ray Vaughan, whose wife is Ina James, and Durwood Henderson, whose wife is Kay Peebles.

Mr. and Mrs. Bill Gardner attended from Texas A&I University at Corpus Christi. He formerly was WTSU controller.

Representing the Co-ordinating Board was Dr. Norma Holley Foreman, who grew up in the area east of Dodson.

Dr. Ralph Lynn, professor emeritus of history at Baylor University, opened his inaugural address with "My friend and former student is coming to the presidency of this significant institution at a time of world-wide stress and

danger. Our situation is different from any in the past chiefly because the world, whether we like it or not and even whether we know it or not, is now one."

In his response, Sherman gave some of his thoughts on what he termed the "mystery" of education.

"Whatever education is, it seems to me that it happens in unexpected places and in unexpected ways," Sherman

said.

Sherman also expressed some personal thoughts on the needs of West Texas State University.

"It seems to me that universities, like individuals, need to know and think well of themselves," he said. "My hope and prayer for our University is that we know and like our unique character and that we provide the best atmosphere for the mystery of learning to take place today, and tomorrow, and to

Watercolors On Display

Watercolors with a western flavor by Betty Duffy, a Wellington native, are on display this week at Livestock Supply and Western Wear.

Mrs. Duffy, now of Oberlin, Kansas, is the niece of Mrs. Velman Warrick.

Mrs. Duffy's watercolors are primarily monochromatic using a "wet on wet" technique. Deserted barns old windmills, drooping fences, and leafless trees are her favorite subjects.

She has retired from full-time teaching to devote more time to painting and to her family. She and her husband, Loyal, have two children. Mr. Duffy teaches in public schools, and she teaches at art workshops and summer art in public school.

She has exhibited at numerous art shows in Kansas.

Thanksgiving visitors of Mrs. W.C. Lewis were Mr. and Mrs. Dan Lewis and Kaci, Hollis; Mr. and Mrs. Ted Lewis, Tim and Bruce Perry, Odessa; Mr. and Mrs. Jim Terry and Kevin, Arlington; Mr. and Mrs. Kenneth Taylor and Alecia and Melissa, Midland.

Mr. and Mrs. Alton Belew and Wesley, Mrs. Jimmy Langford and Eddie and Mrs. Mary Belew were in Corpus Christi over the Thanksgiving Holiday to visit Mrs. Belew's daughter and family, Mr. and Mrs. Ray Menge and R.L. They later went on to Houston to visit a son, Mr. and Mrs. Jerry Belew, Jay, Marshall and Steven. Mrs. Evelyn Jarvis, another sister from Gretna, Louisiana was also at Houston with two of her children, Danny and Lanette.

Farmer's Tax Guides Now Available

Copies of the Farmer's Tax Guide, issued each year by the Internal Revenue Service, is now available in the office of Don Reeves, county extension agent, he said this week.

"This is designed to provide guidance you may need to prepare your 1977 federal income tax return," he said.

It explains how tax laws apply to farming situations and provides examples and illustrations showing how different items should be reported.

"There are also samples of records and tax forms normally used by farmers to illustrate how good records help you to prepare an accurate tax return and to pay only the correct amount of tax," Reeves continued.

Dodson Club Plans Bazaar

Dodson Civic Club is sponsoring its annual Christmas Bazaar Saturday, Dec. 3, in the American Legion building. Sale hours will be 9:00 a.m. to 5:00 p.m., according to Mrs. Fred Boyd.

A variety of baked foods and candy, and a large assortment of hand-made items will be offered.

New developments in tax law are summarized under items of interest. Also in this edition, there is a new chapter on minimum tax.

There is no charge for the tax guides, Reeves said.

Visiting the Rev. and Mrs. Johnny Harrison over Thanksgiving were their son, Jerry Harrison of Fargo, Okla. and their daughter, Sue Wadsworth, of Amarillo.

Simpson-The Best Choice

Voters in the Texas Panhandle will decide an important election on Saturday, December 10. A state senator to fill Max Sherman's shoes will be elected.

The choice is between Republican Bob Price, former U.S. Representative, and Democrat Bob Simpson, currently a representative from Amarillo in the Texas House.

The decision boils down to the practicalities of party politics in Texas.

The Texas Panhandle is isolated geographically, economically and psychologically from the urban population centers downstate, and for the wishes of the voters of the Panhandle to be heard in Austin, we must send the most effective voice possible to speak for us. Our needs and desires in such fields as economics, highways and education were well-served by Max Sherman. We need to send another capable man.

Most of the state's legislative business is conducted during committee sessions, and the majority Democratic party controls the committee structure and committee chairmanships. A Republican, especially a Republican from the Panhandle, has two hurdles to overcome before he can even begin to run the race.

The logical choice for the job is Bob Simpson.

Democratic State Representative Bob Simpson has served well in the Texas House, and he will make a good Texas Senator. If you cannot vote on Saturday, Dec. 10, don't forget to vote absentee at the County Clerk's office any day through Tuesday, December 6.

Other Editors Say . . .

A Lost Skill?

Have Americans forgotten how important it is that they read?

Would you like to be better informed than people you meet? It might not be difficult to achieve this status.

One easy way would be to spend as much time each day reading newspapers, respectable magazines and good books as you spend watching TV, including movies and football games.

Television has become a major source of news and information for much of the population and the only source for some.

This is not progress. Even television executives admit this.

In the first place, ordinary readers can absorb 300 to 500 words per minute. Better readers can achieve speeds higher than 1,000 words per minute.

Because of the time it absorbs, viewers may think they are getting more TV news than they actually are. Total news output of most stations for an entire day could be printed in less than a page of ordinary newspaper columns.

The Wall Street Journal has been running a series of articles called "The Television Era." One article noted "It's widely felt that the local news show has become pure entertainment in which fires, crimes, and highway accidents seem to be an extension of the evening's offerings on the networks."

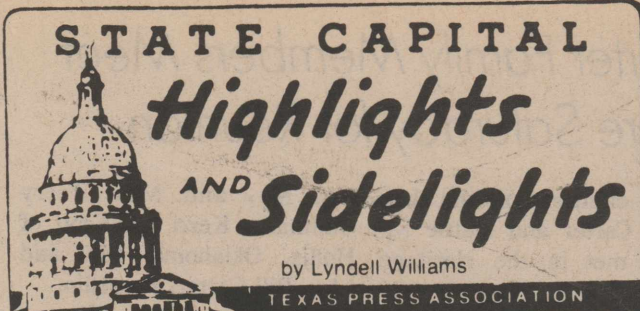

Critics of American education are coming to the front with their demands that our schools change so that they turn out readers who can not only read but can write. It is hard for the schools to achieve the desired results when surveys show that the average school child spends more time in front of his television set than he does in school.

This nation has spent a lot of its resources towards education, and a goal of the founding fathers was to produce a literate society, one in which everybody could read and write and do simple mathematics.

For years it appeared that this goal was in sight, but in the past decade, things have slipped backwards. We still have as many people in school but those being graduated are deficient in fundamental skills.

Television is a marvelous invention and every home should have one. But Americans have to remember that television can't supply all of the answers.

The Perryton Herald

AUSTIN—Legislative tax policy planners received a super-rosy picture of the state's economic outlook and governmental income potential.

One storm cloud on the horizon, however, is the uncertain energy picture and, particularly, the specter of an "anti-Texas" federal energy passage emerging from congress.

"Everything looks good," Houston economist George Crosby told the House Ways and Means Committee at a special hearing here. "The energy situation is the main uncertainty."

Crosby noted Texas is the fastest-growing state among the top 20, unemployment is below the U.S. average and declining, and an increase in industrial plant construction is offsetting a decline in residential building.

Bill Allaway, a revenue estimator for State Comptroller Bob Bullock, said income from the sales tax bill will continue to increase at the rate of 11.8 per cent and 11.3 per cent during the next two years—reaching a total of \$4 billion for the 1978-79 fiscal period.

In spite of a decline in production, natural gas taxes also are continuing to increase. Severance taxes on gas are expected to reach \$550 million in 1978 and \$670 million in 1979, according to Allaway's forecast.

The Ways and Means Committee also was reminded that Texas is one of three states which taxes gasoline at under seven cents a gallon (five cents). At four per cent, the Texas sales tax is about mid-range for the nation. The cigarette tax is among the highest (18.5 cents a pack). The gas severance tax also is among the highest, and the oil severance tax rate about mid-way for the oil-producing states.

Outside Sales Approved

Texas Railroad Commission allowed a major Texas gas distributor to sell surplus natural gas out of state without prior approval.

Lo-Vaca Gathering Company, however, must credit part of the profits from such short-term interstate sales to Texas consumers, the commission determined.

FIRST PLACE

The North Wellington Home Demonstration Club won first place in a contest in 1931 with its store window decorated with canned goods, art and sewing.

The commission said the surplus sales could have as much as seven to 12 cents per thousand cubic feet effect on potential gas cost increases.

The interstate sales further would have to be interrupted and gas returned to Texas when needed by residential consumers. Copies and detailed descriptions of each sales contract must be filed with the commission for subsequent review.

Explorer Post to Be Organized Thursday

A new Explorer Scout post will be organized Thursday, Dec. 1, with an interest in motorcycles to be the central idea around which the program will be built.

The meeting will be at Jake's Cycle Shop at 7:30 p.m., and all the boys and girls interested in membership, along with their parents, are urged to attend. Membership is open to those 14 to 21 years of age.

Jake's Cycle Shop and Glynn Moore Post, Veterans of Foreign Wars, are the sponsors. Explorer Leaders are Mike Naylor and Auther Jones.

Mr. Naylor pointed out that this is not wholly a motorcycle

posts, although a number of the meetings will be devoted to the study of motorcycles, with possibly short trips outside Wellington.

Miss Doreen Miley, Santa Fe District Scout executive, recently took a survey in high school and found approximately 50 students interested in belonging to an explorer post.

She will be in Wellington Thursday evening to discuss the program and help with organization, Mr. Naylor said.

"We especially urge youngsters and their parents to come down Thursday evening and see what explorers and this post in particular are all about," Naylor said.

Cubs Get Awards During Pack Meeting

Awards and honors were handed out to Wellington Cub Scouts Thursday, Nov. 17, during the regular pack meeting at the American Legion Hall.

Den 6 received the attendance banner for having the most parents and friends present—30.

A highlight of the awards presentations came when Mike Myrick of Den 6 received the Wolf Award from Mrs. Bill Long.

He also received a gold arrow.

Boys from this den who received beads, presented by Mrs. Rodney Myrick, were Mike Myrick, three; Wesley Reeves, two; Al Forrester, two; Brian Van Pelt, one; Cliff Campbell, two; Brad Neeley, one and Derik Seal two. Wesley received the denner's cord.

Brad Long of Den 3 also received the denner's cord.

From den 5, Kacy Davis received one bead; Sammy Binford, Kendall Harris and Jeff Powell two each.

Mrs. Tommy Powell told a story in which the entire audience participated, then Mrs. Myrick led the boys in singing "Ten Little Indians." Boy Scouts helping with the awards presentation were Brent Long, Neal Van Pelt and Tim DeVoss.

Mrs. Long was in charge of the program, and after awards were given out, she showed film strips relating to scouting.

Emphasis during November has been on the Cub's study of Indians. The boys wore Indian dress they have made themselves and exhibited other Indian crafts.

Cubs were reminded that they are to bring food to the December pack meeting, to be given to some needy family. The date will be announced.

Forty-Two Help Gather Powers Cotton Nov. 22

Forty-two farmers and community leaders had a part in harvesting the 79-bale cotton crop for Mr. and Mrs. Andrew Powers Tuesday Nov. 22. This figure was tallied later last week, after all workers had been accounted for.

Mr. Powers is ill, and for the first year in his lifetime of farming in the area northeast of Dodson, he could not harvest his crop.

Earlier this year, Ivan Argo and Larry Argo went to the

Powers farm and cut the feed. Besides the men at the fields, the Farmers Co-op Gin at Dodson shut down all other operations to gin the Powers cotton as it came in.

Men who brought strippers, trailers, tractors, or who came and worked included Pete Nipper, Otis Long, Bill Dill, Jay Jackson, David Meyers, Junior Cuevas, Troy Watson, Bill Holder, Lonnie Roberson, Gary Randall, Walter Randall, Roy Ginn, Duggie Jameson, Floyd Carter, Hoyt Ellis, Herschel Tabor, Truett Holland, Dennis Holland, Benny J. DeFoor, Kevin DeFoor, Kenneth Jackson, Varner Orr, Eddie Orr, Junior Orr, Tom Sanderson, Bob Collier, Hardy Kite, Glen Elliott, Hershel Mayhugh, Jiggs Jones, Larry Argo, Ivan Argo, L.C. Leathers, Wendell Burge, Kenneth Hudson, Robert Campbell, Tommy Hightower, Walter Sanderson, Leon Meeks, George Pulliam, Pete Lopez and Leon Owens.

At noon women of the community prepared dinner for the workers.

Mr. and Mrs. Lanny McGill of Childress and Cacy and Curtis McGill of Tulsa, Oklahoma were guests of Mr. and Mrs. Keith Smith during Thanksgiving. They also visited his mother, Mrs. Lorene McGill.

Mrs. Ray Irwin and Kristi of San Antonio spent the Thanksgiving holidays with her parents, Mr. and Mrs. Gorman Owens.

WE KNOW WHAT YOU MEAN WHEN YOU'RE TALKING PARTS.

Lone Star Gas suggests HOW TO WRING ALL THE HOT WATER FROM YOUR ENERGY DOLLAR.

Set the water heater thermostat at NORMAL, which is hot enough for most household requirements. If more hot water is needed temporarily, move the setting to HOT, then reset to NORMAL.

Remember that a brief shower normally uses less hot water than a tub bath. Avoid letting hot water run needlessly when shaving, washing hands, rinsing dishes. Save hot water and the energy it takes to heat it by fixing dripping faucets. Save hot water and energy by waiting until you have full loads for the washer and dishwasher.

Drain a gallon or more of water from the faucet at the base of the water heater about once a month. This prevents a

buildup of mineral deposits. And this buildup causes the water heater to work harder and use more gas.

Remarkably efficient gas reaches your meter with 93% of its original energy still available — because gas is a natural energy that's used in its original form. Using it directly for the jobs it does best actually helps conserve energy.

For more suggestions, request our free booklet, "Energy Conservation in the Home."

HANDBOOKS PRESENTED

Robert Proctor, Jr., of Rolling Plains PCA, at right in both pictures, presents FFA student handbooks to Rodney Myrick, advisor and Pat White, left of Wellington, and to Jimmy Brown, advisor, and Mark Tarver, president, of Samnorwood.

PCA Gives Student Handbooks to FFA

Robert Proctor Jr., Vice President of Rolling Plains Production Credit Association, Childress Field Office, presents FFA Student Handbooks to Rodney Myrick, Wellington FFA Chapter Advisor and Pat White Chapter President, and to Jimmy Brown, Samnorwood FFA Chapter Advisor and Mark Tarver Chapter President.

Production Credit Associations across the nation financed the writing and artwork for the initial 10,000 copies of the new FFA Student Handbook, a new basic reference book for FFA members. Every FFA chapter in the nation was sent an advance complimentary copy.

Rolling Plains PCA offered to provide complimentary copies to all FFA chapters in its territory, which most chapters accepted, with the number to be equal to 40% of each chapter's 1976-77 enrollment.

In addition, most FFA

chapters participated in the bulk order for additional copies at a rate substantially reduced from the regular price.

The 200-page, full-color student handbook is a reference containing everything members need to know to advance in FFA including information on the purpose and history of FFA, parliamentary procedure, state and national activities for members, member and chapter awards, contests, leadership and personal development tips and agricultural career opportunities.

It is the first time any such undertaking has been accomplished and the FFA Teachers who have viewed the book, recognize it to be a valuable tool in their teaching program.

Guests of Mr. and Mrs. Roy Bounds for Thanksgiving were two daughters, Mr. and Mrs. Jim Leach of Abilene and Mr. and Mrs. C.L. Shanks; one granddaughter, Mr. and Mrs. Don Hendrix, Heather and Angel. Mr. and Mrs. Leach also visited in the home of his brother, Mr. and Mrs. Jake Leach and other friends.

Holiday guests of Mrs. J.L. Hays, Larlu and Myra were Mrs. D.R. Bitter and Merle Hays of Wichita Falls and Mrs. H.L. Pollard from Odessa.

American Ag Meeting Called Here Monday

A meeting of those interested in the American Agriculture movement will be held Monday, Dec. 5, at 8:00 p.m. in the strike office on Highway 83, according to Denzil Lacy.

Plans will be made for some of the group to attend the farm strike rally in Austin December 10. Lacy explained that American Agriculture representatives will be in all state capitals on that day for a tractor rally.

Arrangements will also be made for members to attend the meeting of Senator John Tower here Wednesday, Dec. 7.

Six members of the movement were in Amarillo Monday night to hear Mike Parkhurst, president of the Independent Truckers Association. Seventeen counties were represented. Going from here were Lacy, Carroll Nunnelley, Doug Seal, and Derik Janes of Wellington, Tom Sanderson, Garland Hightower of Dodson.

Couple Here From England

Mr. and Mrs. H.J.P. Field of Havering Land Hall Park, Norwich, Norfolk, England, visited friends in Quail and Wellington Monday Nov. 28.

They have been in Amarillo 5 weeks visiting a niece, Mr. and Mrs. Bill Simpson and will

return to England December 4.

Mr. and Mrs. Field lived in Collingsworth county about 25 years, first at Samnorwood, but most of the time at Quail. They returned to England a few years ago to make their home. Both were from London.

They now live in one of England's most historic areas,

they said. Havering Land Hall is listed in the thousand-year-old Domesday Book and it was near Norwich that the Norman soldiers made their invasion of the island.

Mr. Simpson and his daughter accompanied the Fields to Wellington Monday.

If you don't need it any longer, sell it through a want ad in The Leader.

Junior High Band Places Four For All-Region Concert Jan. 28

Four members of the Wellington High School Firecracker Band won places in the All-Region band at try-outs held in White Deer Monday, Nov. 28.

The four are Valerie Van Pelt, first chair contra bass clarinet; Renee Owens, second chair flute; Lisa Powell, fourth chair alto saxophone; and Toni Tramel, eighth chair French horn.

In noting the large number of students against which the Wellington musicians had to compete, the band director, Jamie Larson, noted that Renee won second chair flute in competition with 45 other flutes.

The numbers they played were "Gonna Fly Now" theme song from "Rocky," "Battaglia" and "March of the Irish Guard." They will also play these in the All-Region Band Concert.

The All-Region Band clinic

and concert will be on January 27 and 28 on the campus of West Texas State University. The concert will be in the new Mary Moody Northern Fine Arts Building Larson said.

"All the different schools will be wearing their own uniforms, making for a colorful, exciting concert," he added.

Five all-region bands will appear at that time: Those from 3-A; 4-A; 2-A, A and B high schools; and B, A, and 2-A junior high schools, and finally the CCC divisions, including the large junior high schools of the region.

The Firecracker band placed more students in the all-region event than many of the 2-A schools, Larson said.

"To my knowledge, this is the first time we have put anyone from junior high in an all-region band," he added.

Competing with Wellington

Mr. and Mrs. Everett Bell spent Thanksgiving with their son and family, Mr. and Mrs. Ronald Bell of Electra.

Bands Present Christmas Concert Dec. 18

The Wellington High School bands will present their traditional Christmas concert Sunday, Dec. 18, at 3:00 p.m. in the high school auditorium.

All three bands will be featured, the Sparklers from Elementary School, Junior High Firecrackers, and That Skyrocket band.

The theme will be Rudolph's Christmas Concert," according to Jamie Larson, director.

Approximately 150 boys and girls will take part.

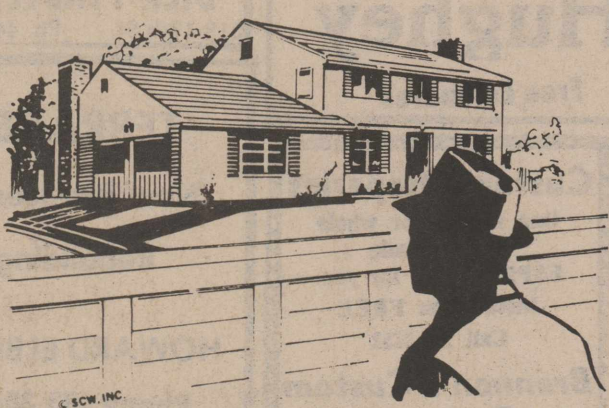

The program and other concert arrangements will be announced within a short time.
