Buddy Carroll, who is attending school at West Texas State, in Canyon, was on the dean's honor roll this past semester.

## MAN ARRESTED ON ARSON CHARGE

William Foy Pierce was in jail Wednesday, charged with burning personal property, in connection with one of the fires that have been plaguing the area recently. It is alleged that Pierce saturated the interior of a truck belonging to the Vermillion Construction Company with an inflammable liquid, and set fire to it.

Highway Patrolman "Buddy" Hierholzer made the arrest.

STRINGS ATTACHED—Busy spinning yarn are women working in the Mutankiang textile mill in Heilungkiang Province in Red China. Perhaps, Communists like to spin yarns.

## Mayor Says Fire Ordinance Will Be Stiffly Enforced

The fire department spent a busy weekend, answering seven calls. Five of these were Saturday. One was to a flaming automobile, the other four were brush and grass fires, most of them set by carelessness. One was on Pearl Street, two more were near the city dump, where blazes got out of hand, and the fourth was near the scene of the fire in which two men were burned to death about a week ago.

The Sunday fires were out Highway 881. One of them was in the brushy pasture across from the Live Oak Country Club property, the other across the Port Bay bridge, where a grass fire threatened a house.

There were two more on Monday, one a grass fire, the other a blaze which, it is alleged, was maliciously set, and which gutted the interior of a new truck belonging to the Vermillion Construction Company.

On Tuesday there were four, all of which could have burned homes if the fire department had not been prompt.

Mayor Herman Johnson said Tuesday that instructions have been issued to Chief of Police E. A. Stautzenberger to enforce the city's ordinance against setting trash or other fires within the city limit.

"The thing is serious," he said, "and we'll lose some houses if this isn't stopped."

Fire Marshal Carl Osborn said that the city ordinance absolutely prohibits setting of any fire to burn trash or anything else within the limits of the city.

Mayor Johnson said the ordinance will be enforced to the limit, and that anyone caught doing this faces a stiff fine, and even a jail sentence.

Fire Chief Dick Fox said that some sort of action like this was necessary, and pointed to the fact that extinguishing such fires was a hard and expensive business, especially when they were in places where the apparatus had to be driven over rough ground. Repairs to the fire trucks were expensive, he said, and more than that, a truck might be laid up just when it was needed.

Mike Johnson, a student at A&M, has been visiting with his mother, Mrs. Helen Johnson.

## PILOT NEEDS CORRECT ADDRESS

Pilot subscribers are asked to call the Pilot office and give their correct addresses, in order that there will be no delay in delivery of their paper.

Since home delivery has been inaugurated in Rockport, it is necessary to have the correct street addresses on all mail for proper delivery.

If you do not have home delivery, but are receiving your mail through general delivery or in a box at the post office, the Pilot needs to know that as well, so that the proper address may be placed on the various papers.

Your prompt attention to this may save interrupted delivery of your paper.

## B&PW Sponsor Show For MOD

The Rockport Business and Professional Women's Club invites all the children of Rockport and Fulton to attend a movie Saturday, Feb. 3. The children's classic "Heidi", starring Shirley Temple, will be presented at 1 p.m. Admission price will be 20c per person, the proceeds going to the March of Dimes. The B&PW club has in the past always sponsored a project for this worthy organization, but this children's film will be an innovation.

Mothers who have shopping to do Saturday may leave their children in the hands of the club while they shop without them. The movie will be held at the Rockport Elementary School, in the auditorium, beginning at 1:00 and lasting till 2:45. There will be popcorn and candy for the children's enjoyment and the movie will be one that will be interesting to them.

Those who remember Shirley Temple as a fine child star of the past, should remind their children of this fact, and point out that she is the same star they see presenting the "Shirley Temple Story Book" on TV. The B&PW club feels they have brought to their community a feature deserving of a large attendance. They cordially invite you to make this program a must for the coming Saturday afternoon.

## Grass Fire Situation Is Serious

The grass fire situation in South Texas has become serious. First the freeze killed everything, and all the leaves and grass are tinder dry, with the result that almost any spark is an invitation to a conflagration.

And there are plenty of sparks. Chiefs in Corpus Christi, Victoria, Aransas Pass, Rockport and other towns in the area have been pleading with residents to keep open lights at a minimum and to stop lighting trash fires, but apparently it has done little good.

The Aransas Pass Fire Chief said they had between 16 and 18 fires during the last three or four days, and that his men were out on another at the time he talked.

Fire Marshal Wayne Stewart at Robstown said they had about 30 grass fires in January, and that about 25 of them had been within the last four or five days.

"We had a little rain earlier in the month, after the freeze, and that slowed them down for a while, he said, "but everything is powder dry now, and they're breaking out all over."

The situation in Victoria County is serious, Fire Chief M. S. Shaw says.

"Calls are coming in so often and from such widely scattered parts of the county that we don't have the manpower or equipment to cope with them," he said.

And this is the thing that all fire marshals, chiefs and other officials fear, in all the communities contacted.

"They're coming in so fast," said Chief of Police E. A. Stautzenberger, that the fire department is going to run out of equipment and then we'll lose some homes or may have someone killed.

Mayor Herman Johnson, of Rockport, said that the city was going to start enforcing the local ordinance against trash burning. "A lot of the fires are started in that manner," he said, "and I have instructed the chief to file charges on anyone violating the ordinance."

And, to make things worse over the entire area, there is no rain in the immediate weather forecasts for the area. The weather, after the recent freeze is beautiful and sunny, without a bit of moisture in the ground or vegetation, and there's none forecast.

Moreover, the volunteer firemen in most of the smaller communities have fought so many fire recently that they're fagged out, so if a really big fire broke loose they'd be in poor shape to fight it.

## LOCAL FIRE DEPARTMENT ELECTS OFFICERS

New officers have been elected for the Rockport Fire Department. Gene Carter is president for the coming year, and Austin Smith is vice president. Cecil Cole was chosen for secretary-treasurer.

Dick Fox was re-elected chief. First assistant chief is Charles Ankele; second assistant chief is J. C. Gurley. J. P. Keith and C. C. Truelove were chosen captains; Eddie Ratliff is the new sergeant-at-arms and Bill Gray was elected chaplain.

Jerry Iles is visiting his parents. He has been in San Antonio.

## Rockport Saved From Disaster

Only Devoted Work By the Firemen of This Community, the Rockport AFB Base, And From Aransas Pass Save Town From Fire

Wednesday morning a few small fires smoldered slowly along the outskirts of a patch of burned brushland south of town, covering some three or four thousand acres after almost eighteen hours of work by firemen from Fulton, Rockport, the 813th AC&W Squadron, and Aransas Pass, and a helicopter from Corpus Christi Naval Air Station.

Only the unstinting efforts of the firemen kept this blaze from being a major conflagration that could have done as much damage as the great brush fire that swept through land between Copano Bay and Fulton a number of years ago,

burning nine houses and causing hundreds of thousands of dollars worth of damage.

The big fire yesterday climaxed four days in which no less than fifteen fire calls had been answered, and started a little after three in the afternoon, south of town and traveled north toward 881, with the fire eating rapidly through the dried leaves and grass left after the freeze.

About five p.m. it leaped the fire break at the back of West Terrace addition and ran down the east side of the addition, endangering the Leon Bateman house and cutting off two firemen, Julius Malchar and J. T. Minyard for a moment.

Hard work by the firemen kept the blaze from doing any damage to the Bateman house and from reaching any other houses in West Terrace, but it then swept back toward town, along FM 881, endangering houses there.

Again the firemen were successful in keeping the blaze from doing any particular damage, outside of roasting a few snakes and burning scattered trash.

And, as far as can be learned, no buildings, except an isolated shed or two in the brush were damaged at all.

But it was after ten o'clock before the fire along the eastern edge of the area was completely under control. And by that time there were three new fingers of flame crawling up the west side of the burned area, between the house of Dr. H. F. Elliot and the west side of West Terrace, and firemen spent most of the rest of the night on guard, although they could not reach the fires, which were back in the brush.

Wives and other helpers set up a sort of command post at the Phillips 66 filling station, at the corner of Market and Highway 35, with hot coffee, doughnuts and other eatables, and all night long the firemen dropped in there from time to time for a lift.

Only the devoted work of the firemen, who risk their lives, ruin their clothes and shoes, and take time off from their work, kept this from breaking over 881 and spreading fire in that direction, among an even more thickly settled area than that to the south of the road. And only their unremitting hard work saved many of the homes south of the road, in which people slept safely last night.

The community owes them a debt of gratitude that it can never repay in full, but Mrs. Nell Booth suggested Wednesday morning that the people of Rockport and Aransas County take up a collection to defray some of the expense at least. Money can be given to Fire Chief Dick Fox, or to Mrs. Booth.

## BOY SCOUT DRIVE IS SUCCESSFUL

The Boy Scouts of Aransas County, through their troop committees, have just completed a highly successful fund drive at which \$1045 was collected to be used by the National Council and the Mustang District for furthering Boy Scout work in the Mustang District area.

Serving as general chairman of the drive was Dr. H. F. Elliot. Others heading up solicitation units were Seth H. Steele, general solicitation chairman; Don H. Banning, prospects and rating chairman; Roy V. Rogero, publicity chairman; Ronnie Schultz, arrangements chairman; and Charles LaBounty, audit chairman.

Mrs. Wayne Ahr, the former Mary Lucille Jackson, is visiting her parents, Mr. and Mrs. N. F. Jackson, Sr. She lives at College Station, where her husband attends school at Texas A&M.

## WE INVITE—

We invite James E. Russell and guest to see "Twist Around the Clock" playing Sunday, Monday, Tuesday and Wednesday at the Cove Drive In Theatre.

This clipping from the Pilot, (good for persons named above only) will serve as your admission.

## FIRE LAWS TO BE ENFORCED

Until the emergency caused by grass fires has passed, Mayor Herman Johnson has ordered rigorous enforcement of the city's ordinance against trash burning and setting of similar fires. No exterior fire of any sort may be set without written permission from Fire Chief Dick Fox, Fire Marshal Carl Osborn, or Assistant Fire Marshal Elva Mullinax.

Mayor Johnson and Chief of Police E. A. Stautzenberger both join in warning residents of the City of Rockport that disregard of this ordinance can lead to a fine or jail sentence, or both.

These fires must be kept down at all cost, and in other action to help combat the menace, the Commissioners' Court of Aransas County has authorized County Attorney Ellis L. Clark to take whatever action is necessary to stop carelessness in setting fires in the county, with attendant damage to property, and danger of a conflagration in which lives might be lost. (continued on page 8)

### VEHICLE OWNERS REMINDED OF INSPECTION NEED

Over 600,000 South Texans still  
need their 1962 Motor Vehicle In-  
spection stickers. Less than three  
months remain before the April  
15 deadline, and latest informa-  
tion reveals motorists are lagging  
behind last year.

The Motor Vehicle Inspection  
Service for the South Texas Re-  
gion, urged motorists to obtain  
their inspections now and avoid  
the last minute rush.

The following items will be  
checked: Motor numbers, brakes,  
headlights, tail lights, stop light,  
license plate light, horn, wind-  
shield wipers, reflectors, and in  
addition, on commercial vehicles,  
clearance lights, reflectors, mirror,  
and if required, turn indicator.

The inspection fee is the same  
as in the past, \$1.00. If any re-  
pairs made at the inspection will  
be in addition to the inspection  
fee. However, it is not necessary  
to have any needed repairs made  
at the inspection station. The  
driver may take his vehicle to any  
garage of his choice to have the  
necessary repairs made.

Texas Law requires all Texas  
Registered Motor vehicles, to be  
inspected for above safety motor  
scopoters and motor bikes as they  
are classed as motor vehicles.

## MAYOR'S PROCLAMATION

Whereas, February 8, 1962, is the fifty-second anniversary of the founding of the Boy Scouts of America, chartered by the Congress of the United States of America as a program for all boys, and

Whereas, the Boy Scout program has affected the lives of over 34,000,000 boys and men since 1910, and now has an active enrollment of more than 5,200,000, of whom 14,000 are active locally within our Gulf Coast Council, and

Whereas, the movement has inaugurated its new program of emphasis entitled, "Strengthen America . . . Character Counts" by which it aspires to "Build a Strong America . . . Serve the cause of democracy . . . and . . . Achieves the purposes of Scouting", now therefore, be it

Resolved, that I, Herman C. Johnson, mayor of the city of Rockport in the state of Texas do hereby proclaim the week of February 7 to 13 as Boy Scout Week, and acclaim its new program since the first line of our nation's defenses lies in the character of its people and of the oncoming generation.

I do urge our citizens this year to recognize the important part the family plays in the development of boys, of Scouting, and the American way of life; further that they appreciate and support the unselfish patriotic service rendered to our community by the volunteer leaders of this great movement; and also the assistance given by religious bodies, school organizations, veterans associations, fraternal groups, and service clubs that sponsor our Cub Scout packs, Boy Scout troops, and Explorer units.

In Testimony Whereof I have hereunto signed my name officially and caused the seal of the city of Rockport to be affixed, this 30th day of January, 1962.

HERMAN C. JOHNSON,

Mayor.

## Symphony Fans To Hear Great Pianist February 5

Hailed on every continent of the globe as one of the greatest keyboard masters of all time, concert pianist Claudio Arrau will play with the Corpus Christi Symphony Orchestra, Jacques Singer conducting, Monday evening, February 5, Del Mar Auditorium, in the course of his 20th consecutive tour of the U. S. and Canada.

He first burst upon the American musical scene with a Carnegie Hall recital in February 1941, that had the impact of a nuclear chain reaction. He has been going strong ever since, and although it may be hard to believe, this "Neo-Liszt from the Tropic of Capricorn," who will be 57 on his next birthday, has been on the concert stage for 50 years! He gave his first recital at the age of five in his native Chile, and at age seven was shipped off to study in Germany at the expense of the Chilean government. The investment has paid off, for today, wherever he goes, the Arrau fame brings glory to his country.

Today, Arrau makes his permanent home in Long Island with his wife, two completely Americanized children, Carmen and Marie. And each season he is hailed with increasing frequency, as "the greatest of the great pianists".

An American critic spelled it out even more clearly: "The No. 1 pianist of our time."

Arrau returned to Germany only in March 1954, one of the last to go back after the war. He has been acclaimed there as "The greatest pianist playing in the world today" and has just completed his 10th consecutive sold-out German tour in 6 years, an unheard-of box-office record.

Reservations may be made for this performance by writing Box 495 or calling TU 2-2717 in Corpus Christi.

Mr. and Mrs. Martin E. Stipe will be leaving this weekend for New York City where they will make their home. Lt. Stipe was recalled to active duty in the USAF and will be assigned to the 2490th Air Force Reserve Sector in Stewart AFB, N. Y. and will be on operating location in their New York City office.

Mr. and Mrs. Rex Littleton, of Houston, were in town to attend the funeral of Sylvester Shults on Wednesday afternoon.

Mrs. McHaley, mother of Mrs. Clyde Weber, Fulton, is in the Aransas Pass Hospital suffering from a severe stroke.

Karen Casterling, who graduated from Baylor University, has been employed at Taft School and is teaching ninth grade English.

Mr. and Mrs. Joe Herring and little daughter Susan, of Corpus Christi, were Sunday visitors with Mr. and Mrs. James Clark Herring and Mrs. R. D. Torres.

## SOCIAL SECURITY FOR DISABLED PERSONS IS EXPLAINED

A worker of any age under 65, who is unable to work due to a physical or mental impairment may get disability insurance benefits, says Thomas W. Wilson, Field Representative of the social security office in Corpus Christi.

To qualify, a disabled worker must have been engaged in work covered by social security for at least five of the ten years just before he became disabled, and his incapacity for work must be so severe as to prevent any regular services for pay and be expected to continue indefinitely. There is no provision for partial disability, and a six month waiting period prevents payment for a temporary condition.

Family benefits are also payable to the dependents of a disabled worker. Wilson says that the law specifies that payments may be made to the disabled worker's wife and children under the same conditions as they would be if he died or retired at age 65.

Another provision which Wilson believes is not generally known concerns payments for a disabled person whose parent is a retired or deceased insured worker. Such a person who is incapable of self support can receive monthly payments on the account of his parent without any time limit if he was disabled before age 18.

Applications for disability benefits by a worker and his family should be made as soon as the disabled worker finds that he will be unable to work. Long delay in making applications may result in a loss of benefits.

### IT'S THE LAW

#### TRESPASSING CHILDREN

What are your duties as a landowner toward children who come on your property without permission? In what circumstances do you have to pay when they get hurt?

A landowner has a special duty to trespassing children to see that they do not get hurt on highly dangerous things about his place. You can well expect them to wander on your place; it is up to you, within reason, to see that they don't get hurt.

Must you pay for their injuries? Not, for example, if the child should have recognized the dangers, or if he could look out for himself, but doesn't.

**Rockport Electric Co.**  
SO 4-2412

The law expects only what is reasonable to protect the child without excessive costs.

In one case a 12 year old girl played hide and seek on a lot the owner was building on. Chasing a playmate, she failed in a jump over a stack of windows and fell and hurt herself. The landowner was not liable, the court held. This trespasser was old enough to have seen and kept out of danger.

As a landowner you need not childproof your place; you have only to use care and guard against dangers the trespassing children aren't likely to know about. Where a child realizes the risk and incurs injuries "in a spirit of bravado", the courts have often held that the owner was not liable.

In another case though, neighborhood children played in a home owners' swimming pool during the summers. In the winter he partly drained it, but decayed leaves and dirt made the pool slippery. Although he fenced the pool off, the owner did not repair a gate that opened on to it. Playing children could see the pool from the street. One day a two year old boy strayed through the opening, slipped into the water, and hurt himself.

This time the court held the owner liable: He should have drained the whole pool, put in the gate, or both. Otherwise the risk was too great: The slippery,

partly filled pool was like a "trap", easy to reach, and concealing unusual dangers—dangers that a child was not likely to realize—dangers which the owner could have repaired with ease at a small cost.

Pool owners owe a duty of care to neighbor boys and girls when the dangers are great, and could be avoided by proper care.

#### NEW DRAFT REGULATIONS TO AFFECT MANY YOUTHS

A new major amendment to the draft regulations which will affect thousands of draft-age men was explained today by Colonel Morris S. Schwartz, state Selective Service director.

The new amendment, authorized by Presidential executive order, creates a new draft classification immediately.

The new classification is 1-Y. Men found not qualified by the armed forces for military service under current physical, mental, and moral standards, but who are considered to be qualified to serve in time of war or national emergency declared by Congress will be placed in the new class.

Previously these men were placed in Class 4-F. Only men not qualified for any military service will be placed in Class 4-F hereafter.

A large number of the state's 240,000 4-Fs will qualify for the new Class 1-Y, Colonel Schwartz predicted.

The new classification permits ready identification, day by day, of men who are considered to be qualified and available in an emergency, and thus facilitates more rapid mobilization of manpower in case of need, the state Selective Service director said.

Mrs. Nora Hesseltine is in the hospital again at Freeport.

## ROCKPORT TEAMS LOOKS DANGEROUS IN TOURNAMENT

Paced by AIC Don Isom, Rockport swept into a league championship at Corpus Christi Naval Air Station last January. Isom averaged over 30 points per game as the Rockport Rattlers downed Navy units one after another to finish league play with a comfortable 12-2 record. Wrapping up the season with leads of 52-38, 66-31, 44-20 and 50-43, Rockport downed the Base Marine unit 66-61 in overtime play to clinch the conference title. Hard luck hit in the playoff with the other base league, however, and the Rattlers dropped two in a row, 65-50 and 38-36, to come out runners-up for the base title. Isom appears in good form as the team prepares for the Division Tournament.

**Troop 69 Meets**  
Brownie Troop met at 2:30 p.m. January 31, at the Girl Scout Little House. The meeting opened with flag ceremonies, pledge of allegiance and promise. We studied about being responsible from the Brownie Scout handbook. We elected Lucy Griffith, treasurer and Betty Cassel, scribe for the month of February. We then searched the grounds for old birds nests and found four.

Deborah Haigood served refreshments to the Leader, Mrs. Jack Bright, Asst. Leader, Mrs. Walter Cassel, Julie Dawn Bright, Jay Bright, Quita Cook, Lucy Griffith, Deborah Haigood, Mary Frances Harriet, Diana Meader, Pam Hill, Rosa Lynn Moore, Paula Rogers and Wanda Wright.

**Brownie Troop 63**  
Brownie Troop 63 met at the Girl Scout Little House on January 29. First they played ring-toss. Then they played dodge ball. Then Mrs. Gurley and Mrs. Matern gave them seeds and soil, so they are going to plant some flowers. The roll was then called, by Pam Griffin. Dues were collected by Jeanie Prophet. Stamp money for the summer camp was then collected.

**CARD OF THANKS**  
May I take this method of thanking my friends for their cards, flowers and visits during my stay in the hospital.
