HEREFORD—Leroy Born of Follett holds the grand champion bull of the North Plains Hereford Show and Sale held here Tuesday. The animal is Texas Dandy Domino II, and was bought by Calliham of Conway for \$420.

J. G. Flowers Has Mystery Farm

The Herald Mystery Farm of the Air for January 28 apparently is owned by J. G. Flowers—it has been identified by several neighbors in that community. The picture has not been claimed by Flowers, but may be picked up at the office. The Flowers family moved from the farm shown in the Herald several years ago and now live near Canadian.

Bob Drake to Head Rotary

Bob Drake, owner of the Best Way store, was elected president of the Perryton Rotary Club for the 1954-55 year at the annual election of officers held at the Thursday luncheon Feb. 4. He succeeds Gilbert Mize, who becomes vice president of the club. Directors of the Rotary Club are Tom Knighton, Bennie Jones, Roger Walton, Joe Champion and Lewis Stallard. All officers take over on July 1.

Thurmans Buy Qualls Studio

Mr. and Mrs. Don Thurman have purchased the Clarence Qualls Studio from Clarence Qualls of Pampa and have changed the name to Thurman's "The House of Better Photography". Mr. and Mrs. Thurman operated the studio for the past 18 months before purchasing the business. Policies of the firm will remain unchanged, Thurman said. Photo finishing will be delivered with one-day service. Complete portrait and commercial photography work is offered at the studio. Thurman is a member of the Jaycees and Lions Club and is an officer in the Panhandle Photographers Association as well as a member of the Southwest Photographer's Association. He has had many years experience in commercial and portrait photography.

Colored Clowns Meet Locals In Saturday Game

The New York Broadway Colored Clowns, a sensational Negro basketball team, will meet the Perryton Independents in the school gymnasium Saturday night, Feb. 13, in a game sponsored by the Perryton VFW post. The game is scheduled for 7:30 p. m. and the doors will open before 7 p. m., according to George Symons, post commander. The Clowns have been operating for five years and have a record of 478 wins against 53 losses in contests played against the best professional talent available. The team compiled 45 consecutive victories in South America last year, where they played before 300,000 fans. See No. 4, Page 8

Heart Fund Is Going Strong In Local Campaign

Cards, letters and posters have been distributed for the 1954 Heart Fund campaign in Ochiltree county by girls of the Future Homemakers of Perryton high school under the direction of Miss Peggy Rodgers, sponsor. Local doctors this week are speaking over KEYE at 7:55 a. m. in an educational campaign concerning heart disease and the Heart Fund. The fund drive opened last week and the money contributed will support a three-way attack on heart disease through research, education and community service. See No. 1, Page 8

Lower Prices Registered at 44th Annual Hereford Show

Eight Annual Registered Hereford Sale, held Tuesday at county livestock building, showed sales for the past few weeks with the bulls averaging \$6.585 and the cows averaging \$2.775. It compares with an average of \$6.585 for bulls and \$3.31 for cows a year ago. Twenty-five bulls consigned for the show brought \$6,585 and the 11 cows brought \$2,775. The grand champion bull of the show, Texas Dandy Domino II, shown by Alex Born & Son of Follett. The grand champion cow, Texas Zato Heilress, was also shown by Alex Born and Sons.

Total \$4,211.73 In Junior Show

Perryton merchants and individuals paid out \$14,211.73 for sheep and pigs in the Junior Livestock Sale Monday afternoon, establishing a record for sale receipts. Twenty-seven calves brought \$9,319; 17 sheep brought \$2,712.21; and 41 pigs brought \$2,180.52. Total buyers paid out a total of \$4,211.73 above the market price of the animals, indicating strong support given to 4-H and FFA youngsters. The calves averaged 42 cents per pound, the sheep averaged 35 cents and the hogs averaged 33 cents in last year's sale. The price was considerably higher than expected and was proof of strong support given the sale by local merchants. Resale price of the calves had been set at 31 cents per pound but the price paid was 31 cents. The grand champion calf was sold by the Perryton Implement Co. for \$1.20 per pound, compared with \$1.15 for the same calf a year ago. The First National Bank bought the reserve champion for 80 cents. The Perryton Equity paid \$2 per pound for the grand champion sheep and the Batman Implement Co. paid \$1.20 for the reserve champion. The Perryton Implement Co. bought the grand champion pig for \$1.60 per pound and the A & B Motor Co. paid \$1.40 for the reserve champion. A complete list of buyers, and the price per pound, is as follows: Calves—Latham, Perryton Imp. See No. 2, Page 8

Plan Improved Road to Texas County Field

Plans for improving a road from Perryton to the Texas county oil and gas field were outlined to a group of local citizens Friday afternoon by county Judge Howard Slaughter and the four county commissioners. The group, representing local organizations, met with the court to discuss plans for the road and urged that immediate action be taken to get an all-weather road established. Judge Slaughter told the group that it is possible to get a five mile stretch of road from the end of paved FM road 1267 designated as a state farm-to-market road and that the county proposes to gravel the road leading north from the John Epp corner to the oil field. He said that immediate steps are being taken to improve the road leading north from the end of the FM pavement past the Haley farm into Texas county. Judge Slaughter and the commissioners have asked Marshal Formby of Plainview, member of the Texas highway commission, for a meeting this week to enlist his aid in declaring approval of another five miles of paved farm-to-market road as an emergency measure. Tentative plans call for the commissioners and a delegation of local citizens to meet with

HERALD MYSTERY FARM OF THE AIR NO. 32—Here is the Herald Mystery Farm of the Air for this week. Some person correctly identifying the farm will receive a free Herald subscription and the owner will receive a mounted photograph of their farm by calling at the Herald office for it. The picture last week was the J. O. Cook home east of Perryton and Mrs. James McNally received the free Herald subscription for correct identification.

Pete LaMaster Announces For U. S. Representative

To Make Race On Republican Party Ticket

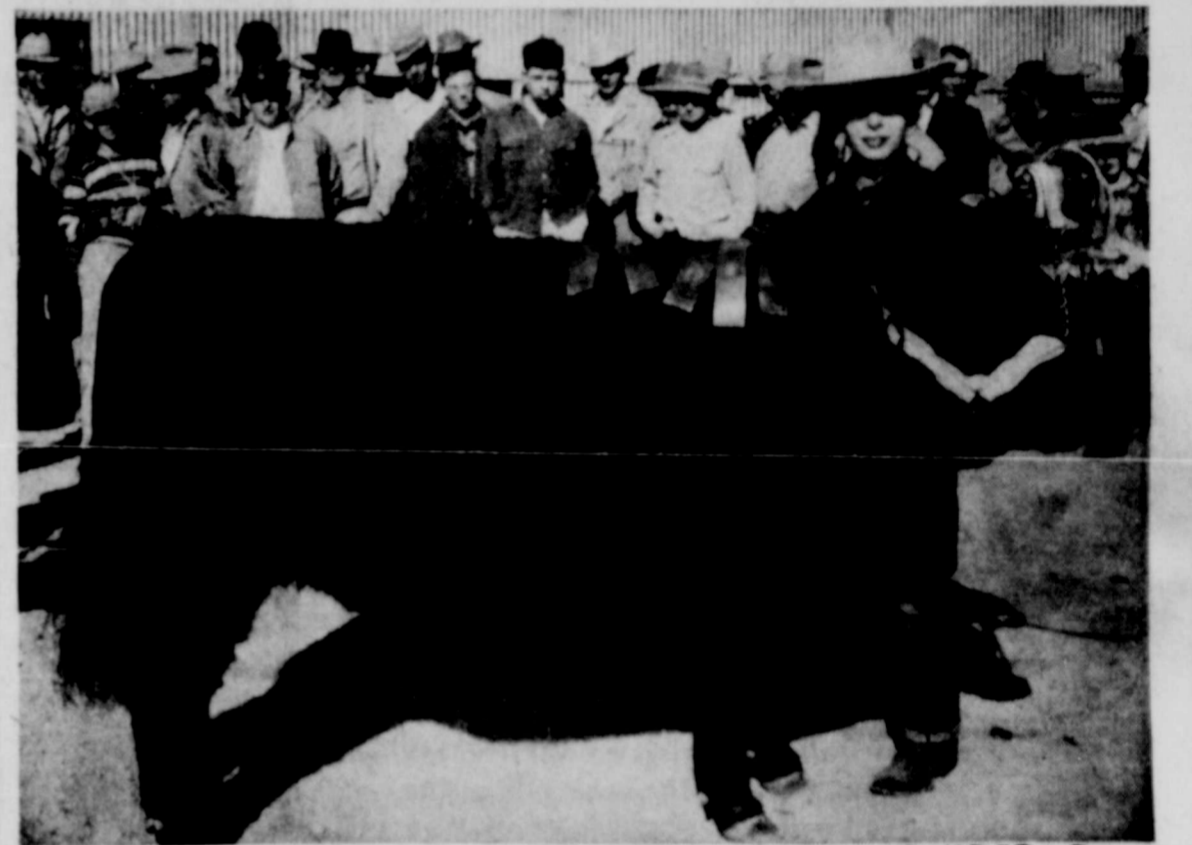

LeRoy "Pete" LaMaster of Perryton has announced his candidacy for U. S. Representative, 18th Congressional District, and will make the race as a Republican after having been a life-long Democrat. His candidacy is subject to the Republican Party primaries in July.

Pete made the race for Congress four years ago, running third in the race, failing to achieve the run-off by only 700 votes. He says that he was born a Democrat, but his ideas more closely conform with the present Eisenhower administration and he feels it is time he chooses the party which more closely conforms with his basic thinking. He makes it clear there are portions of the Eisenhower program which he does not support, but Pete feels that he can be of the most benefit to the district by going to Washington as a Republican Congressman.

He feels as a Republican he will get key committee assignments which will be of importance to the district. He also feels that he will be heard as a representative of the 18th district as well as on matters which will be of benefit to Texas. The fact that he is able to join the Eisenhower Republican ranks without altering his political views makes the change possible and will make it more profitable for the district should he be sent to Congress.

Pete was born Dec. 30, 1918, in Ochiltree and has spent most of his life in this county. He is a graduate of Perryton high school and Texas A&I College, a Navy veteran of World War II, a farmer and stockman who needs no introduction to residents of this area.

He and his wife, the former Carolyn Conley, spent 18 months in South America, returning in May of 1953, and Pete feels that he gained knowledge on this tour which will be of great value to him should he be elected. Pete plans to take specific positions on the important Panhandle and national problems requiring solution. Thus he is vitally interested in agriculture, oil and gas and water. As to agriculture, he favors

GRAND CHAMPION—This 790-lb Angus calf was grand champion of the Junior Livestock Show Monday, shown by Jimmy Latham, son of Mr. and Mrs. Jim Latham. The calf was bought by the Perryton Implement Co. for \$1.20 per pound.

Don Schollenbarger, Jerry Conner, Jimmy Latham Win Championships at Junior Show

Jimmy Latham, son of Mr. and Mrs. Jim Latham, had the grand champion calf at the Junior Livestock Show Monday afternoon, winning top honors with a 790-lb. Angus. Jerry Conner, son of Mr. and Mrs. Dean Conner, had the grand champion sheep, a 111-lb. crossbred lamb. Don Schollenbarger, son of Mr. and Mrs. Dean Schollenbarger, had both the grand champion and reserve champion pig, winning the top places with a pair of Chester Whites. The reserve champion calf was shown by Melvin McGarraugh. His calf was grand champion Hereford and topped the heavy-

weight Hereford division. Melvin also had the reserve Angus calf which won second place in the lightweight division. The first place winner in the lightweight Hereford class was shown by Jerry Jines. Reserve champion sheep was a lamb owned by Donald Dear and J. W. Bryan had the champion gilt in the swine division. The grand champion calf brought young Latham an even \$100 in cash prizes. He won \$25 for the grand champion, \$15 for first place Angus, \$10 from the American Aberdeen-Angus Assn. and \$50 from the North Plains Aberdeen-Angus Association for showing the grand champion.

Melvin McGarraugh won \$55 in cash premiums with the reserve champion. The prize for reserve champion was \$10, the American Hereford Association gave \$5 and the North Plains Hereford Breeders Assn. gave \$40 to the reserve champion Hereford. Showmanship halter was given to Melvin McGarraugh, Bill Apple and Raymond McGarraugh for calf showmanship awards. Showmanship banners were given to Bob Williams in the swine division and Jerry

Conner in the sheep division. Ernestine Jines, daughter of Mr. and Mrs. J. W. Jines, won the herdsman award for having the cleanest stall during the show. The award is presented by the Community Public Service Company. The A & B Motor Co. gave \$10 to Don Schollenbarger for having the grand champion pig and also awarded \$20 in prizes in the special gilt class. See No. 3, Page 8

Chamber Drive Past 100 Mark

The Ochiltree County Chamber of Commerce membership passed the 100 mark this week, reports John Mayfield, secretary-manager. The drive opened two weeks ago and will continue through February. The mail membership campaign will continue for another week and it is planned to have a personal solicitation campaign later in the month.

Vet Building Is Damaged Tuesday

Considerable damage was done to the Veterans Memorial Building Tuesday by a group of boys who entered the building during the Hereford sale. Nine window panes were broken out, two cans of varnish were poured on the floor, a number of pop bottles and drinking glasses were broken and thrown around the building, and some damage was done to the new wallboard by forks being thrown into it. Sheriff Ray Phagan has questioned a number of boys and has several who have admitted taking part in the destruction. Phagan and county attorney Jack M. Allen will question the group again today to determine the guilty parties. Amount of damage was estimated at around \$50. The building was opened Monday afternoon and Tuesday so that visitors to the Junior Livestock Show and the Hereford sale could use the rest rooms in the building.

John King Is Candidate for Commissioner

John King has authorized the Ochiltree County Herald to announce his candidacy for reelection to the office of county commissioner, precinct 3, subject to the action of the voters in the July Democratic Primary. He is now serving his second term in office, having been elected in 1950 and again in 1952. King has owned and operated his farm in the southwest part of the county for 25 years. In making this announcement, King would like to thank the voters of his precinct for the cooperation they have given him in working for the best interests of the county and to say that all the support given him in the coming election will be appreciated.

Churches Sponsor Youth Rally On Saturday Night

A Perryton Youth Rally, sponsored by the Christian Women's Alliance of the churches of Perryton, will be held Saturday night in the school auditorium. The rally begins at 8 p. m. and everyone is invited, especially young men and women. Rev. J. R. Russell, pastor of the Church of the Nazarene, will be master of ceremonies for the Saturday night program. Special music will be presented by the Harmonizers, male quartet composed of Rufus Bolerjack, Troy Bolerjack, Kenneth Herndon and Paul Tucker. Local talent from the young people of Perryton will be on the program in future Youth Rally nights. It is planned to have a Perryton Youth Rally on the second and fourth Saturday nights of each month in the school auditorium. The CWA has been working several months on the Youth Rally, designed for young people of the community. Bob Irby and Winfred Walker will direct choruses of young people and there will be group singing at the program. A film, "That They May Know", will be shown at the conclusion of the program. The committee in charge of the Youth Rally is composed of Rev. J. R. Russell, Bob Irby, Gus Birdwell, Mrs. G. M. Dietrich, Mrs. Wick Brown and Mrs. Ronald Dieball.

HEAVY ANGUS—Eddie McGarraugh, son of Mr. and Mrs. Earl McGarraugh, holds the 1030-lb Angus calf which won first in the heavy weight Angus division at the Junior Livestock Show. The calf sold to the Equity for 37 cents a pound.

Rondoliers Come February 18 as Next Concert

A male quartet with its members typical of young America is the Rondoliers, which will appear at the Perryton school auditorium on Thursday, Feb. 18 as a presentation of the North Plains Mutual Concert Association.

This is perhaps the featured concert of the season by the local association.

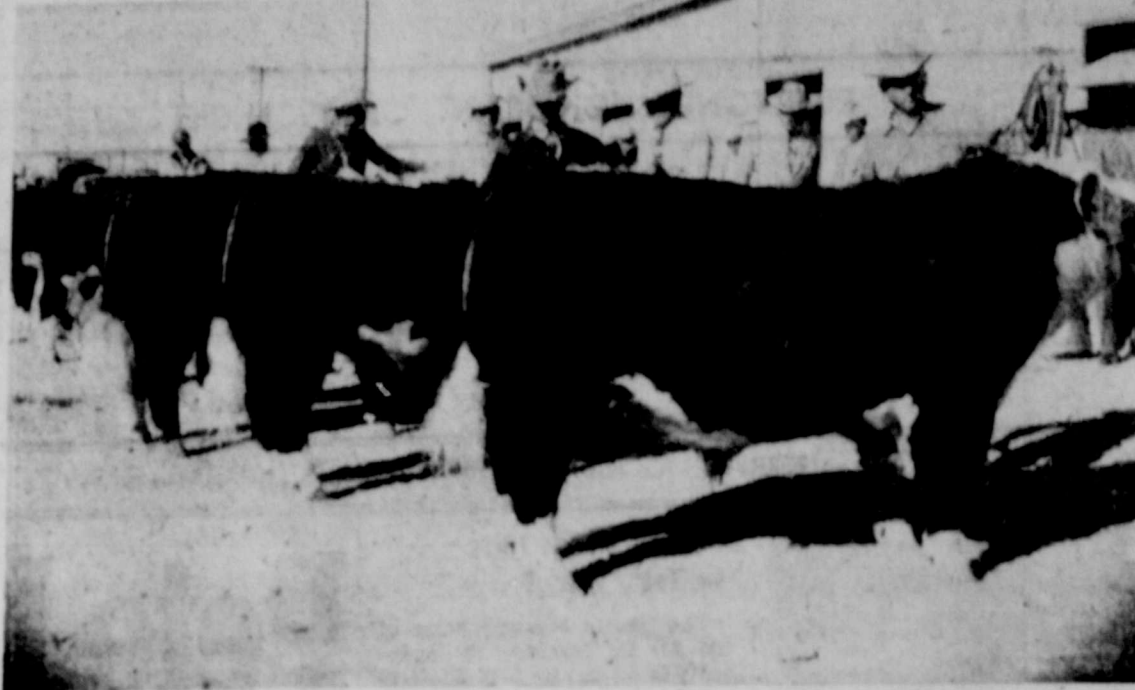

The Rondoliers boast a personal and professional background that is cross sectional.

Tenor Robert Davis, an infantryman in World War II, is a graduate of the Juilliard School and has appeared on radio, television, opera and Broadway.

Carl Honzak, tenor, is a former soloist with the Chicago Symphony and has held leading roles in the Chicago Opera.

Thomas Head's baritone voice was a feature of the Blue Jackets choir of the Great Lakes Naval Training Station during the war and he is a veteran of concert tours.

Bass Lewis Brooks has sung leading roles in such Broadway hits as "Annie Get Your Gun," as well as numerous radio and television appearances.

BULL LINEUP—Consignors to the North Plains Hereford Breeders Sale Tuesday are shown with a class of junior yearling bulls being judged by Milton England of Panhandle A & M College. Alex Born and Sons had the grand champion bull.

Holland Named Hereford Prexy

R. H. Holland was elected president of the North Plains Hereford Breeders Association at the annual meeting of the association Monday night. The election and meeting was held in the Hotel Coffee Shop following the Chamber of Commerce banquet for FFA and 4-H Club members.

Holland, who served as vice president last year, succeeds C. J. Frantz, Jr., who held the president's office for two years.

Leroy Born of Follett was elected vice president and Delbert Timmons was named secretary, succeeding Hood Willis.

Directors are Lawrence Ellzey, C. A. Hoover, Ralph Hale, Dale Hoover, Myron McCartor, Dick Hall, all of Perryton, Max Blau of Booker, Loren Paine of Booker, Ted Alexander of Canadian, and C. J. Frantz, Jr. of Waka.

RESERVE LAMB—Donald Dear holds the Southdown lamb which was reserve champion at the Junior Livestock Show Monday. The lamb bought by the Batman Grain Co. for \$1.20 per pound.

PHS Students Participate In All-State Band

Three Perryton high school students left Thursday for Dallas, where they will play in the All-State Band and one will sing in the All-State Chorus.

Charlotte Flowers, bassoon, and Benny Easter, french horn, are the All-State Band selections, while Henry Taylor is a member of the All-State Chorus. The three students won places in the honor groups through regional competition several months ago.

They were accompanied by B. D. Walker, band director, and Bob Irby, chorus director, and Mrs. Oscar Flowers.

The band will be heard in concert Friday night at Dallas.

The average American is using about 20 per cent fewer oranges and grapefruit than before World War II but about 1,500 per cent more canned orange juice.

The U. S. infant mortality rate of 28 per 1,000 live births in 1953 was 30 per cent less than the rate 10 years previous and half that of 20 years previous.

School Census Indicates 1,000

Incomplete returns on the annual school census indicate that the Perryton schools will have about 1,000 pupils enrolled next year, according to superintendent Gilbert Mize.

Mize said that the returns thus far indicate that there will be fewer in the first grade next year than at present and that the high school enrollment will increase to about 245.

All children between the ages of 6 and 18 are to be included in the census. The state per capita apportionment is based on the scholastic census.

Masons Plan School Week

Every member of the Masonic Lodge of Texas has been requested to attend a public school and observe teaching, the physical plant and invite others to visit during the week March 1-6.

Ray Halsey, local lodge worshipful master said that he expected every member of Ochiltree Masonic Lodge to cooperate 100 per cent in observing public school week.

Special school activities have been planned for the week, and

everyone is invited to the local school in action. Mize, superintendent, said as was established in 1854 and Texas Masons sponsoring state-wide visitation of all schools in the 100th anniversary.

The National Geographic Society estimates that Berlin, per cent destroyed during War II.

In 1953 infant mortality United States reached a low of 28 per 1,000 live births.

Adult Speech Classes Offered

Adults interested in making a study of speech correction will have an opportunity to do so by enrolling in the extension course being offered at Perryton high school each Tuesday evening.

Parents and teachers are expected to be especially interested in this study as the course teaches how to develop speech traits or correct defects in children.

Dr. Walker of the West Texas State College faculty is teaching the course and interested persons are asked to contact the school for details concerning the course.

Mize Attends School Meeting

Supt. Gilbert Mize left Wednesday afternoon for Atlantic City, N. J., where he will attend the national convention of the American Association of School Administrators.

The meeting opens Sunday and will last for a week.

Thanks

To the men who volunteered their trucks and their labor in hauling caliche and gravel to improve the county fairgrounds road.

The work is completed and with an all-weather road, the facilities at the fairgrounds can be used with more convenience by Ochiltree county citizens for baseball, rodeos, livestock shows, fairs and other activities.

We also thank the Perryton Implement Co. for the use of their tractor and appreciate the cooperation of the City of Perryton in furnishing their equipment on the roads.

Prizes Awarded At Banquet for Young Showmen

Cash prizes of \$500 were given to 4-H Club and FFA winners in the Junior Livestock Show at a banquet Monday night given by the Chamber of Commerce for the boys and girls and their parents.

The Chamber of Commerce gave \$307 in prizes and other organizations gave \$190 to winners.

The North Plains Hereford Breeders Association gave \$100 to winners in the Hereford calf classes and the North Plains Angus Breeders Association gave a trophy and \$50 to the grand champion calf showman, Jimmy Latham.

Special pig awards totaling \$20 were given by the A & B Motor Co. and \$10 in cash prizes were given in the sheep division by L. D. Baumann.

Harold Hudson, president of the Chamber of Commerce, made the awards for the Chamber and Angus association. C. J. Frantz, Jr., president of the Hereford association, presented their awards.

Lawrence Elizey served as master of ceremonies for the banquet, attended by about 100 boys and girls, parents, members of the North Plains Hereford Breeders and visitors.

Ivan Day, superintendent of the Junior Livestock Show, announced the winners.

Milton England, head of the animal husbandry department of Panhandle A & M College at Goodwell, who judged the show, made a short speech, pointing out the value of the club show training for youngsters.

TO THE PEOPLE OF THE 18th DISTRICT:

Beware, Peter Cottontail

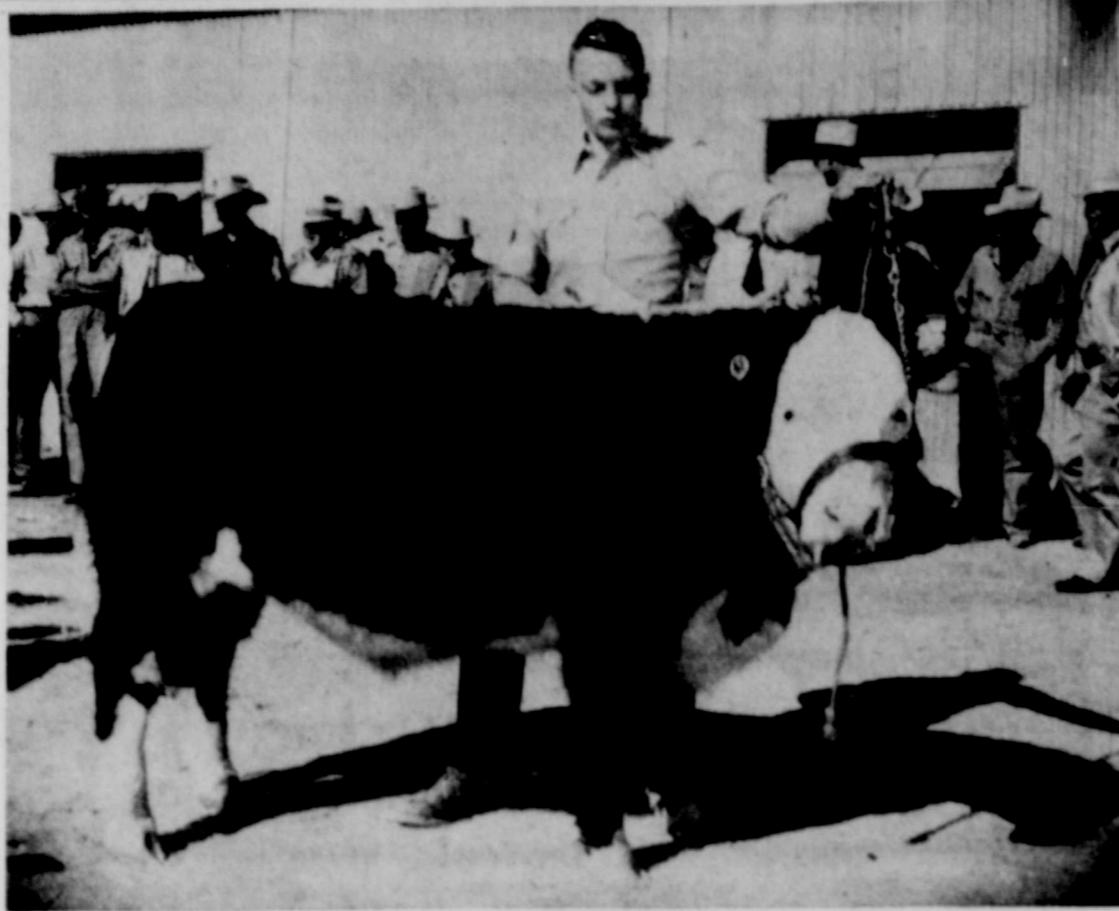

Peter Rabbit is coming into quite some prominence. The U. S. Department of Agriculture, Bureau of Human Nutrition and Home Economics, has recently issued Home and Garden Bulletin No. 35. Its title, "WAYS TO COOK RABBIT." This is a sixteen-page booklet for sale by the Superintendent of Documents, U. S. Government Printing Office, Washington 25, D. C., for the price of ten cents per copy. It is, no doubt, intended to appeal to all nationalities, as it contains twenty recipes, among which we find Rabbit Chop Suey, Creole Rabbit, Curried Rabbit, and Hasenpfeffer, not to mention the old American stand-bys of Rabbit Pie, Rabbit Hash and Plain Stewed or Fried Rabbit, with or without dumplings. It not only gives pointers on cooking, but also on buying and thawing rabbits. I was somewhat amazed, because the booklet overlooked the main item. They should have at least

had a paragraph on "How to Catch a Rabbit." I have eaten a lot of rabbit in my day under quite a few aliases. Most church cook books carry a pretty good run of recipes for preparing the animal after it is caught. I never experienced any trouble in the cooking. It was always the catching that seemed to be the most trouble.

Use of the Mails for Lewd and Filthy Publications

My good friend, J. C. Phillips, over at Borger, sent me a magazine the other day that is entered as second class mail. He called my attention to several stories and articles in the magazine that could be described as nothing short of absolutely filthy. I have forwarded this publication to the Post Office Department with proper request for investigation into the matter and prosecution by the Justice Department if warranted.

The Department recently conducted rather extensive hearings, which were no doubt rather costly to the taxpayer, concerning a postcard that was being mailed out by an Oklahoma cowboy. There was one word on the card that was certainly not acceptable in decent society and should not have been used. However, as far as pure unadulterated filth is concerned, that postcard could not get within forty miles of the publication that J. C. Phillips sent me. Of course, the publishers of that magazine are not some poor Oklahoma cowboy. They are unknown, as far as the publication shows. In fact, the ones who make the profit out of these filthy publications are hiding behind some corporate name or other type of name that does not disclose their identity. If the Oklahoma cowboy's activities caused such an uproar, the publication that I sent them should make the lid go off; that is, if it's decency instead of politics that some of the bureaucrats are

interested in. These publications should not only be taken out of the mails, but they should be taken off the news stands and completely out of circulation.

The Texas Delegation

I have just come back from an open meeting of the Texas Delegation in the Speaker's dining room at the Capitol. The delegation meets each Wednesday. Some of the meetings are closed and others are open. Today we had as speaker Sir Roger Makins, Ambassador to this country from Great Britain. He expects to make a trip to Texas in the near future, but will probably confine his schedule to the eastern and central parts of the state. I extended to him an invitation to visit the Panhandle, but he advised me that he had already seen the Panhandle and would take advantage of the invitation at a later date. There were quite a number of visitors at the meeting.

The Hydrogen Bomb

The President made public the other day the fact that this country had exploded a thermonuclear bomb at the Island of Eniwetok in the autumn of 1952. Since that announcement, Members of Congress have been given further information on the subject. I have just returned from viewing films of this operation. The information conveyed to us by these films is, of course, strictly classified; therefore, I can give you no information as to anything that I saw or heard. I can tell you, though, that you should never underestimate the progress that this country is making in this field.

Visitors

I had a nice visit with Arthur Glover and his wife, from Amarillo. Other visitors were James Scarbury and Jim Hensen, of Pampa.

Surgeon Racket Is Exposed In New Picture

The "ghost surgeon" racket is exposed in the new picture "Bad for Each Other," which comes to the Ellis Theatre on Sunday-Monday, starring Charlton Heston and Elizabeth Scott.

Heston, who has rapidly forged ahead on all star polls since he shot to prominence in "The Greatest Show On Earth," is seen in "Bad for Each Other" as a young doctor who returns to the mining community where he grew up, after winning a colonelcy in the war. Determined to dedicate himself to the aid of his poor miner friends, he is lured into the remunerative "ghost surgeon" racket by the soft arms and softer living of glamorous Elizabeth Scott. As he steadily compromises himself, his profession and his talents, he is deserted by his idealistic nurse, Dianne Foster, who loves him but can not bring herself to share the tragic course he is pursuing. A sudden mine disaster snatches Heston out of his false world and opens his eyes to true values.

New Stars Seen In "Three Young Texans"

Three new stars are seen in "Three Young Texans," the picture which comes to the Ellis Theatre on Tuesday-Thursday, Feb. 16-18. Mitzel Gaynor, Keefer Brasselie and Jeffrey Hunter play the title roles in the western film.

The three young Texans are close friends who get mixed up with an outlaw gang and solve things with a gun battle in which one of the friends is killed.

About a third of the population of France lives in houses without running water.

Boyd, Okla.

By Mrs. Aldeen Rodgers

Mr. and Mrs. Dell Crocker of Pawnee, Okla. visited relatives here last week. Mr. Crocker, a former resident of this community, has lived near Pawnee about 30 years. He is the youngest brother of Mrs. F. B. Whittet and Mrs. Wayne Jones.

The Boyd Farm Women's Club met at the community center for their regular meeting with Mrs. Elsie Cowan as hostess.

Nellie Pierce and Mary Trimnell gave a very interesting demonstration on "Homemade Bread". Grave Reynolds spoke on "Judging Breads."

The group made pajamas and brought Valentines to send to The Crippled Children's Hospital in Oklahoma City.

Coffee and homemade bread were served to the group.

The next club meeting will be at the community center with Pearl Gates as hostess.

Mr. and Mrs. Aldeen Rodgers were in Beaver, Okla., Friday.

Mrs. Lizzie Giles of Weatherford is visiting with her sister Mrs. John Winter. Mrs. Giles plans to go to California in a few days to visit another sister, Mrs. Ed Giles, who is ill.

Mr. and Mrs. Ray Hayden were in Weatherford part of the week to visit Mrs. Hayden's father, John Hiney.

James Rodgers, who attends PAMC at Goodwell, Okla., visited his parents and friends in Boyd over the week end.

Miss Mary Ann Kirton and Mrs. Aldeen Rodgers visited last Monday evening in the John A.

Beck home in Beaver while Mr. and Mrs. George Kirton and Jerry attended the 4-H Achievement banquet.

Leslie Bobbitt is measuring wheat acreage.

James Rodgers was a dinner guest Sunday in the Emmitt Nichols home.

Mr. and Mrs. John Winter called in the P. T. Cassidy home Sunday. Mrs. Cassidy has been ill.

Jerry Kirton visited relatives in Guymon over the week end.

Mr. and Mrs. Aldeen Rodgers were in Perryton Monday.

LEADING CAUSES OF DEATH

IN THE UNITED STATES 1952*

IMPORTANCE OF THE 1954 HEART FUND is clearly underscored by the above chart, showing that diseases of the heart and circulation are responsible for nearly twice as many deaths as the next five causes of death combined. The Heart Fund, sponsored by the American Heart Association and its affiliates, combats diseases of the heart and circulation through research, education and community programs. Send your contribution to your local Heart Association, or to "HEART," care of Post Office.

J. O. Cook Farm Featured In Herald Mystery Series

The farm home of Mr. and Mrs. J. O. Cook, 9 miles east of Perryton in the Huttoon community, was featured as last week's Herald Mystery Farm of the Air.

The farm consists of 170 acres and the Cook family has lived there since 1944 when the place was purchased from Carl Hurter. Cook farms a total of 1,400 acres. Mr. and Mrs. Cook have three children, Wendell C., Venta Taylor, 20, and Virginia Thrasher, 18.

The family are members of the Baptist church. Mr. Cook belongs to the Masonic Lodge and Farm Bureau and Mrs. Cook is a member of the Eastern Star.

They have lived in Ochiltree county for the past 14 years and in Lipscomb county before that time.

Best crop year was in 1949 when the farm averaged 44 bush-

To Let Bids On Canadian Bridge

The State Highway Department will open bids on 611 miles of highway construction work on Feb. 16-17, including a contract for the Canadian River bridge on state highway 70 in Roberts county.

The bid will be let for 1.5 miles of work on the bridge and approaches on state highway 70 between Pampa and Perryton. Work has been completed on the highway on both sides of the river.

Suicide Tradition Missed

TOKYO (AP)—A startled priest of the Sengakuji Buddhist Temple recently restrained a despondent man about to commit hara-kiri at the grave of the famed 47 Samurai who disemboweled themselves there in 1702 after killing the mortal enemy of their dead lord.

The unsuccessful imitator told police he had come up to Tokyo to start a new business with \$1,550. But he spent it all on Tokyo girls.

The temple is famous throughout Japan for the memory of the 47 heroes who defied incredible hardships to carry their dead master's feud to a bloody conclusion. Condemned to death for breaking the peace, they were allowed to commit suicide as a mark of honor to their feudal devotion. Kneeling in the temple grounds, they stoically killed themselves one after the other in order of rank.

Attends School By Phone

PRESCOTT, Ariz. (AP)—A private telephone line puts Laura Jo Bush right in her ninth-grade classroom, even though she's abed at home with asthma.

Her principal, Willard Fetterhoff, says the line enables Laura Jo to recite for her teachers. She can hear other class discussion and the next day's assignments. She gets good grades, he said, and isn't lonely.

Gas Station Competition Predicted

LITTLE ROCK, Ark. (AP)—A "terrific race" among competitive service stations for the motorists' dollar is forecast by the sales promotion manager of Continental Oil Co.

J. J. Nesmith told the Arkansas Oil Dealers Association that no war or panic can so completely destroy a business as can a new and better product in the hands of a competitor. He said many new and better products are in the offing.

Mrs. J. R. Kulow

Mrs. Arthur Bennett was hostess at a regular meeting of the Past Noble Grand Club, Friday, February 5, at o'clock in the I.O.O.F. Hall.

Mrs. Jessie Stephenson led the devotional. Roll call was answered with a valentine quotation by seven members.

Mrs. Charles Antrim conducted the study period on the constitution.

Mrs. J. R. Kulow, in charge of the social hour, presented a short program, "The Best of Everything." Each member read a Bible verse and Mrs. Stephenson read "The Touch of the Master's Hand," a poem. Mrs. Kulow gave a reading, "The Village Parson Speaks."

Mrs. Pemberton received the friendship gift. The club voted to entertain with a valentine dinner for their families Saturday, February 13, at 7 o'clock in the I.O.O.F. Hall.

Refreshments were served to Mrs. Floyd Myers, Mrs. Jessie Stephenson, Mrs. Charles Antrim, Mrs. James Pemberton, Mrs. J. K. Ray, Mrs. J. R. Kulow, Mrs. Morris Atkinson and the hostess.

Self Employed? Watch Security!

Newsfeatures

WASHINGTON—Did you work for yourself in 1953? You follow the same rules as employees, but you probably have a special social security payment to make.

An employee pays 1 1/2 per cent on the first \$3,600 he earns. His employer pays another 1 1/2 per cent. But if you were your own employer, you pay only half the employer's share plus the employee's share. That total's 2 1/2 per cent of the first \$3,600 income. You must pay if you had income of \$400 or more.

But there are exceptions. Among those who do not make such payments are: farmers, railroad workers, public officials, lawyers, doctors, dentists, osteopaths, chiropractors, optometrists, funeral directors, professional engineers, clergymen and public accountants.

What if you worked for yourself part time and for others part time? If your employer made social security deductions from \$3,600 income, that takes care of your social security. If such earnings were less than \$3,600 you pay 2 1/2 per cent on anything up to \$3,600 not covered by your income from which social security tax was deducted.

Say It Fast!

ROSWELL, N. M. (AP)—The motion was too much for Alderman M. L. Norton. After three tries he asked the city clerk to read it from the books.

It went like this: "I move that the paid unapproved bills be approved and that unpaid unapproved bills be approved and be paid now or as funds become available."

From where I sit... by Joe Marsh

Wish I'd Said That

You know Miss Perkins. Well, she's been driving her own car around our town for a little more than 30 years.

The other day she had a bit of trouble parking down on Main Street. Didn't quite make it the first try, so she pulled out to start over when a fellow waiting to pass started tooting his horn impatiently.

On the second try, she was still having a little difficulty and so this smart aleck hollered, "Lady, do you know how to drive?" "Yes, young man," Miss Perkins answered, "I do. But I don't have time to teach you now."

From where I sit, it's not always easy to have a good answer ready when you need it. But when somebody insists that I vote for his candidate, for instance, or choose tea instead of a temperate glass of beer with dinner, I know the answer. It's all a matter of personal preference... and none of us like "backseat driving" from anybody.

Handbook for Voters Tells All Vote Problems

By Dave Cheavens Associated Press Staff

AUSTIN (AP)—Texans facing important election issues in 1954 may cash in on a bargain in citizenship know-how just published by the University of Texas Institute of Public Affairs. It is the revised "Handbook for Texas Voters" that anyone interested in stepping up his power at the polls may have by investing 50 cents. Some millionaire with the itch to sink some money in public welfare would do a whale of a service to his state by getting a copy of this information-packed booklet into the hands of every voter. Quantity purchases by civic groups or individuals may be made at a discount. It's not only informative. Clever caricatures of voters lined up at the polls, casting their ballots parading at conventions or putting new patches on the constitution give the volume added punch. The drawings are by Thad M. McGar of Austin. Also for the mentally-lazy there are simple charts explaining Texas' confusing county government set-up. The booklet goes all the way in seeking to make everything plain: on the inside cover it has an envelope stuffed with sample ballots in various elections, presumably for the voter to run electoral scales on. The handbook tells who may vote in Texas, when to vote, all about the general election, city elections, school elections, special district elections. The section on political parties has been expanded, with increased emphasis on the citizen's role and opportunities within the parties. "Government at every level in the United States rests upon the voter. More is expected of the voter in the United States than in any other democratic country" the booklet says at the outset in its chapter on the privileges and duties of voting.

Torpedoes Pay Off
PASADENA, Calif. (AP)—Two fishermen went diving for abalone recently and came up with a couple of tin fish (torpedoes). They netted George E. Troester and Murray Black \$100 apiece. Black spotted his "fish" 135 feet down at San Clemente and, after notifying the Navy, dived down with a tow line and snagged it. Troester found his in a bed of kelp near Long Beach. Capt. Robert F. Sellars, officer in charge of Naval Ordnance Test Station in Pasadena said: "The catch not only meant a jackpot for them but for the taxpayers—torpedoes are expensive."

Dramatic Coffee Stop
HOLBROOK, Ariz. (AP)—When motorist Alva J. Chaney, 27, had trouble making a 90-degree turn on U. S. Highway 66 his car crossed a sidewalk, bowled over a parking meter and came to rest inside a restaurant. Chaney, shaken by the ride, ordered a cup of coffee.

Lives Off Father at 62
OMAHA (AP)—A 62-year-old man charged with stealing a package of cheese from a downtown store was asked by Judge Patrick Lynch what he did for a living. "I live off my father," replied the man. The judge said later he was too surprised to think of asking the father's age.

Day To Night
CHAPEL HILL, N. C. (AP)—The Board of Aldermen moved the clock for residents of Sunset Street. The residents explained that they were tired of their street being confused with Sunset Drive. The board changed the name to Starlite Street.

Uncle Billie And Texas Newspaper Women

REMEMBER WHEN?—80-year-old W. W. (Uncle Billie) Aiken, publisher of the *Crockett Courier* for the past 56 years, can remember Texas Press Association conventions as far back as 1891. But he didn't attend the one at Corsicana and have his picture made—like the old-timers in the gold-framed photo above. Calling to other TPAers to "come look"—during a recent TPA meeting in Austin, were (left to right) Uncle Billie; Mrs.

L. B. Smith, wife of the publisher of the *Brady Standard*; Mrs. Arthur H. Kowert, wife of the president of TPA, who publishes the *Fredericksburg Standard*; and Mrs. Roy M. Craig, whose husband is publisher of the *Stamford American*. Historical photos of members of the press will be featured in the Diamond Anniversary issue of the *Texas Press Messenger* in June.

IN THE MONEY—Dayton Crenwelge of Fredericksburg, Tex., the 16-year-old whose steer, "Shorty", is grand champion steer of this year's Houston Fat Stock Show, is shown with steer and Edgar Brown of Orange who bought the animal for \$12,500. Shorty, Edgar and Dayton all seem happy about everything. (AP Wirephoto)

NEW HAT FOR DADDY—Major James O. Hamrick of Carswell Air Force Base in Fort Worth, with an assist from his three eight-year-old sons, finds out what the academic garb of a college graduate feels like. He received the bachelor of business administration degree from North Texas State College in Denton after a semester's study under the Air Force's Operation Bootstrap. Wynne is fitting the cap on his dad's head, Glynne holds the Air Force hat, and Lynne climbs up for a better look. (AP Photo)

Siren Kills Hens

NEWBURY, Mass. (AP)—That town fire siren is murder, says Poultryman Arthur Fuller. When it blows, he told town officials, his birds stampede. Recently 95 were crushed to death in the United States.

Officials sympathized but suggested that if the siren is moved, volunteer fire fighters might not hear the summons to duty.

Spaniards, who learned the Egyptian art of making mud bricks from the Moors, brought it to America and it is still used for building modern structures in the southwestern part of the United States.

Among U. S. families with incomes of more than \$7,500 a year about 70 per cent own their own homes.

Influenza Said Prevalent Now Throughout Texas

AUSTIN, Texas—Reports coming in from various sections of the State indicate that influenza is quite prevalent throughout Texas, according to Dr. Geo. W. Cox, State Health Officer. Colds, grippe, influenza or whatever we may call them are spread from person to person through discharges from the nose and throat.

To protect yourself and others from such diseases here are some of the things to remember: Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are coughing, sneezing or who may be actively ill with colds, influenza or pneumonia. Keep away from crowded places. Have your own towel; always wash your hands before eating and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, eating simple, nourishing food and taking some out door exercise every day. Dress according to the weather; get plenty of sleep in a well ventilated room and keep the bowels regulated.

Dr. Cox warns that disastrous results may follow this disease if influenza cases are allowed to get about too soon. Persons convalescing from this disease are susceptible to other infections; so, if you are just getting over some illness return to your normal routine of life gradually.

The Olympic Peninsula State may get more than 200 inches of rainfall in a wet year.

a continuance of the present farm program until it appears certain that a better one can be worked out. In regard to oil and gas, he plans to work to maintain present depletion tax allowances for farmers, ranchers and lease owners to encourage drilling of new wells and an adequate return for the risks involved. As to water, he favors pushing very actively co-operative measures in Congress which will assist in the building of the Canadian River dam at the earliest possible date.

Pete states that he hopes his many supporters in both major parties will give full consideration to his candidacy. He states that his one desire is to serve effectively all of the people in all of the 28 counties in the district. He feels strongly, that, as a Republican Congressman from Texas in a Republican administration he will have maximum opportunity to do this.

"LaMaster for Congress" headquarters will be established in Perryton and Pete will appreciate hearing from people throughout the district.

the highway commission in Austin Feb. 23 to ask for state approval of the paving northwest of town.

The plan outlined Friday would call for the graveling of five miles of road from the Oklahoma line south to the John Epp corner where it would connect with the proposed additional five miles of paving from the end of FM road 1267. This would give an all-weather road from Perryton to the new field.

The county is starting in the near future to grade the dirt road north from the end of FM 1267 into Texas county. The road bed will be elevated and improved.

This proposed five miles of FM road is due for approval this year under the state program, judge Slaughter said. The commissioners court proposes to have it approved now instead of later on this year.

Present for the Friday meeting were Slaughter, commissioners Ivan Day, Herman Hargrove, George Yates and John King, county attorney Jack M. Allen, county clerk Sue Ragan, Drew Ellis, Carl Ellis, W. B. LaMaster, Walter LaMaster, Otis Burk, C. E. Whippo, Frank Shaffer, Harold Hudson, F. B. Sumpter, Irvin Buchanan, and J. Grant of the Texas Co.

Hostesses for the supper Mrs. O. R. Truax, chairman, C. B. Rogers, Mrs. Paul, Mrs. E. W. Hearn, Mrs. C. Gyger and Mrs. F. L. Gamm.

The program will consist of numbers by dance pupils of G. K. Rupprecht and speed pills of Mrs. Rose Powell, a solo by A. R. Hogland and selections by the Dixie Club band.

The Americanism committee the Auxiliary is composed Mrs. A. R. Hogland, chairman, Mrs. F. L. Garrett, Mrs. C. E. ers and Mrs. Irvin Hergert.

Special Program At Legion Meet Monday Night

The American Legion and Auxiliary will hold a potluck and joint meeting on Monday night, Feb. 15, with the theme of the program on "Americanism," recognizing national ericanism month according Mrs. Robert Barlow, Auxiliary president.

TREND OF TEXAS BUSINESS—The above chart, compiled by the University of Texas Bureau of Business Research, indicates the Texas business during 1953. According to Dr. John R. Stockton, director of the Bureau, 1953 established an all-time record for business, although certain phases of economic activity, notably farm income, failed to surpass the level of previous years. Dr. Stockton said that the second half of the year was below the first half, but at the end of the year, this decline still lacked any pronounced momentum. (C.P.) Chart

44th Birthday Observed in National Boy Scout Week

The nation's 3,300,000 Cub Scouts, Boy Scouts, Explorers and their adult leaders will observe the 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13. Explorers will observe the 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13. The theme of the observance is "Forward on Liberty's Team." The current major emphasis of the movement, which seeks to give a greater functioning power and provide a higher quality program for its ever-increasing boy membership. The anniversary is to be ob-

erved by 89,000 Units in all parts of the nation, its possessions and also in other parts of the world where American families reside. A principal activity of Boy Scout Week will be paying tribute to the volunteer adult leaders of the 89,000 Units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Schuck, the Chief Scout Executive. "Almost 200,000 of our leaders took training courses in Scouting and leadership techniques last year." When the Boy Scouts of America was incorporated in Washington, D. C., on Feb. 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 Scouters "who take time from their own careers to give service in Scouting in order to help their communities do a better job of building citizens. "Scouting belongs to the American people who have made it

possible," he continued. "This is thoroughly in accord with our democratic ideals and the American way of life. As a voluntary movement its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in Scouting." Recognition of the leaders of the 89,000 Units of Scouting will take many forms. Generally, the Cub Scouts, 8, 9, and 10-year-old members who follow a home-centered program in their homes and backyards, will honor their Cubmasters at "Blue and Gold Banquets." Many will present small, useful gifts they have made in appreciation for their leadership. A Cub's dad or mother will speak for the other parents. There are about 30,000 Cub-

masters. Boy Scouts who are 11 to 13 years old will have "Open House" evening meetings at which they will introduce members of their family to fellow Scouts. Former Scouts will be welcomed and pay tribute to the Scoutmaster. Many Scouts will present handcraft items to their Scoutmaster. Parents will speak on the whole range of benefits their sons get through the Troop. About 48,900 men are Scoutmasters.

Explorers are members 14 years of age and older, who follow a program of adventuring in the open; getting along socially with others; being of service to others and exploring life-work possibilities. Many will hold a "progressive party." Meeting in the home of a Post Committeeman they first present corsages to their young ladies. Fruit juice cocktails and canapes are served at the first home. A salad course, served buffet style, follows at the home of another Committeeman. Small gifts for the ladies are presented in the name of the Explorer Post at the third home. The main course follows at the fourth residence with all Committeemen and their wives serving. At the fifth home there is dessert and a "thanks a million" gift from the members to the Post Advisor and his wife. In many instances the Explorers themselves will be hosts at their homes to the "progressive party." More than 10,500 men are Explorer Post Advisors.

Boy Scout Week is the largest annual single observance by young citizens. Since 1910 more than 21 million boys and men have been identified with Scouting, and local, state and national leaders share in observing how the program has indeed become an important element in community living.

Miss Grace Payne and Miss Vicki Morrison of Liberal, spent the week end visiting friends in Amarillo.

LETTERS from READERS

February 3, 1954

Hello,
Glad to hear from you even if it was to tell us to pay for our paper.

Boy we thought it got cold there. Well the coldest it has been here is 53 below and boy that is cold. When it gets to 15 below we think it is warm. But the last two days it has been warm, 10 to 20 above, but they say it will be cold again the last of this month.

We sure do enjoy the paper even if we don't know anyone. It seems that we are always asking each other who is that. We enjoy the pictures of the farms and a lot of times guess right. And we sure do like the one where you go back over the years. Have been looking to see if you hit when we were married in '39. Boy the years sure do go—here Charon and Dixie are grown—Charon dating. It seems only yesterday that we were. We sure do like it here. Hope to see you soon.

Lots of luck,

Local Dealers Get Awards for School Autos

Three Perryton automobile dealers have received a Highway Safety Award in recognition of the part the firms play in the current school year by lending an automobile to high schools.

The awards were made by the Texas Automotive Dealers Association, the State organization of factory authorized new car dealers.

The Perryton Motor Co. loaned a new Chevrolet to the Perryton high school driver training classes; the A & B Motor Co. loaned a new Ford pickup to the Perryton

FFA Chapter; and the Collingsworth Motor Co. loaned a Studebaker to the Lipscomb County 4-H Club.

Nearly 300 members of the factory authorized new car dealers group in Texas received Safety Awards, according to Tom J. Crooks, manager of the association. Their participation in driver training activity represents a loan of equipment each year valued at approximately \$600,000, he said.

Mr. and Mrs. Tom Waugh were in Strawn from Saturday until Monday to attend the Golden Wedding celebration of Mrs. Waugh's parents.

Tougher Courses Promised

NEW YORK (AP)—Deans of Columbia University's Undergraduate College have decided that courses aren't tough enough. In their annual report, the deans said about a fourth of students really get their teeth into subjects, but the others get a "gentlemanly grade" without "undue mental exertion."

Recommended: stiffer requirements that force the easy-going student "to perform at his optimum capacity."

Mrs. Harry Cayler and Donna of Hereford were guests in the A. J. Kelly home last week-end.

Outstanding Citizens

The Boy Scouts of America mark the 44th birthday during this week, Feb. 7-13, and on this milestone the Scout program finds itself at a peak in membership.

Today 2,440,000 boys are enjoying Scouting through the Cub Scouts, Boy Scouts and Explorer Scouts, each appealing to boys of various age levels.

We seldom stop to think that this great work is made possible largely through the active sponsorship of the church, the school and other community institutions. But perhaps even more significant is the fact that some 860,000 adults share their time as volunteer leaders with the boyhood of America.

Their is a devoted service. A large number have served for years, giving their guidance and influence to boys through the Scout program designed to mould them into better citizens.

These unselfish men who give leadership in Scouting are performing an outstanding act of citizenship. Our nation owes them much.

Customer Is King

According to the Chamber of Commerce of the United States, the customer will be king in 1954. This will be the year of the consumer, according to predictions.

Taxes, prices, supplies, quality, research, advertising and salesmanship are all moving in favor of the customer. Today there are few shortages and almost everything is available in abundance.

It is estimated that consumers have \$200,000,000,000 put away which they will spend if they are encouraged to do so. This means plenty of business opportunities—but the day is past when the customer had to wheedle merchandise out of a retailer—and put up with inferior quality.

Perryton Girl Queen Candidate

Miss Donna Joe Girouard, daughter of Mr. and Mrs. Robert Girouard of 1021 South Eton, Perryton, Texas is a candidate for Broadcasters' Queen at John Brown University in Siloam Springs, Arkansas, where she is a freshman majoring in commerce.

Miss Girouard will compete with six other co-eds for the title. Announcement regarding the queen selected will be made at the occasion of her crowning, Feb. 20, at the annual Washington Birthday banquet which is sponsored by the Broadcasters Club.

From the SIDELINE

with HAROLD HUDSON

Monday established a record high as far as the temperature was concerned—an unofficial 78 degrees—which sure isn't normal for the first week in February. Or is it? Seems that this is becoming the pattern of weather in this country—cold and dry Decembers, and warm weather in the first part of the year. The cold weather will hit in March and April, we suppose.

Our yard has some shrubs that have been fooled by this warm weather and are just about to bud out. Of course, they will be killed by the cold weather we are bound to have. Scientists say the temperature of the United States is gradually growing warmer and that in another few thousand years, the so-called temperate zone will be a tropic. We don't suppose we'll be around to see it.

Anyway, the weather put a big boost to attendance at the Junior Livestock Show Monday and for the first time in years, it was just right for an outside showing of the club calves. Tuesday also brought warm weather for the Hereford sale, in contrast to several of the past seven Hereford sales which have been held in blizzards of varying degrees of intensity.

Prices in the Junior Livestock Show were higher than expected, and this is a tribute to the Perryton merchants who bought these calves, sheep and hogs at above-market prices in support of the FFA and 4-H Club members of the county. It was expected that fewer merchants would buy livestock this year due to the poor business conditions of the past year, and the purchase of club stock did represent quite an effort on the part of many business firms.

In the sale of calves, for instance, the average buyer paid about \$340 for the calf and resold it for about \$170, losing about that much on the deal. This loss, of course, was an investment in the young 4-H Club and FFA members who are learning how to feed and care for animals and who will eventually become the farmers and stockmen of this county. The club calves cost more to get ready for the show and sale, too, and it was estimated that the boys would have to have 30 cents a pound to break even. This compares to the market bid on the calves of 21 1/2 cents per pound.

We heard several observers say that the livestock in this year's show was the best ever exhibited locally. The calves were fitted better, the quality of the sheep and pigs was outstanding, according to Milton England of Panhandle A&M College, who did the judging. This speaks well of the work being done by county agent Delbert Timmons and vocational agriculture teacher Josh Hopkins.

Several people have asked what is being done about getting a road, from the Texas county oil and gas field into Perryton and the answer, of course, is that a great deal is being done along this line. The county commissioners have a definite plan which will put an all-weather road from the farm-to-market paving north of town into the southeast Texas county field. There is a story about this in this week's issue.

We attended a meeting with the commissioners last week when this road was discussed, and the thing that impressed us the most about the meeting was some remarks by a Texas Company official present to the effect that this field promised to be a good one and that drilling activity would be stepped up this year. Drilling activity will continue at an accelerated pace until, as he put it, "somebody

Must Order Tree Seedlings By Feb. 28

COLLEGE STATION, Feb. 8.—The deadline for ordering tree seedlings to be used for windbreak purposes in Northwest Texas is February 28, Don Young head of the Texas Forest Service Management Department, advised here today. The planting season extends through March. Orders submitted in February may specify a March delivery date.

The available seedlings include Austrian pine, cottonwood, loblolly pine, shortleaf pine, mulberry, bois d'arc, western yellow pine, honey locust, red cedar, sycamore, Chinese elm and Russian olive. A record production of 20 million pine seedlings was grown by the Texas Forest Service this year.

Seedlings for windbreaks are sold to landowners at cost, \$1.50 per hundred. Trees sold by the Texas Forest Service cannot be used for ornamental purposes. The seedlings are shipped prepaid. Individuals desiring application blanks or planting information such as adaptability of species and recommended spacing should contact county agents, home demonstration agents or write to the Texas Forest Service, College Station. Orders for seedlings should be submitted direct to the Indian Mound Nursery, Alto.

The population of the world now is two and a half billion, including the slaves Russia has worked in Siberia, and this expert estimates it'll be seven billion within the next 100 years, and people will be clamoring for every scrap of food and fibre a farmer can grow, which of course will put an end to acreage controls, etc.

While this is encouraging news, I don't believe I can wait that long. The fact that there ever is occupancy in this farm out here 100 years from now is gonna be in clover is not much use to me. Also, I doubt if all the butter we got stored up in this country will keep that long.

And also, I don't have that much confidence in experts. Say the farmers pull in their belts and wait around a hundred years for the world's population to reach 7 billion, and it winds up only 3 billion? There's gonna be a mighty lot of disappointed farmers. Predictin' the population is sometimes as hard as predictin' an election. It's hard to

Wolf Creek Philosopher Has Solution for Over Population

(Ed. note: The Wolf Creek Philosopher no doubt has another unworkable idea this week, his letter will reveal.)

Dear editor:

Some boy three farms over was flyin' a kite out here the other day and when the string broke I kept my eye on it, figuring he might have made it out of a newspaper, and sure enough it fell within easy walkin' distance of where I was sittin' and I went over and picked it up and found it was made out of a copy of the Amarillo News, which makes just as good a kite as any newspaper in the United States.

I took it around to the south side of the barn and sat down in the sun and before I'd gotten myself situated comfortably I noticed an article by an expert who said the world's population is increasing so fast the problem of farm surpluses will soon disappear and it'll be a mad scramble to produce enough to feed everybody.

The population of the world now is two and a half billion, including the slaves Russia has worked in Siberia, and this expert estimates it'll be seven billion within the next 100 years, and people will be clamoring for every scrap of food and fibre a farmer can grow, which of course will put an end to acreage controls, etc.

There's gonna be a mighty lot of disappointed farmers. Predictin' the population is sometimes as hard as predictin' an election. It's hard to

say what people are gonna do. The trouble with farmin' is you have to do it right now. I've tried spending the profits I'm gonna make next year, and it won't work.

However, I have been givin' the problem of surpluses and the need for acreage controls some heavy thought lately and I believe the government is approaching the problem from the wrong angle.

Instead of limiting the number of acres a farmer can plant, why not limit the number of hours he can work? Then we'd be gettin' somewhere. Forget about the paces and acreage controls, and put the limit on the running hours of a tractor. It would eliminate measurin' land, settin' up complicated rules, and then checkin' to see everybody stayed within his allotment. Just put a time clock on everybody's tractor and when production gets out of hand, limit the hours a man can go up one row and down another. Or if this won't work on account of some people feel guilty if they ain't goin' from sunup to sundown, have a special rulin' for these people, requirin' em to use only one-row equipment instead of three and four row cultivators or 16-foot one-ways. Big plowing equipment probably has done more to create unwieldy surpluses than any other one thing—some fellows even hook up more than one plow behind a tractor.

I don't know why, but controlin' production shouldn't be such a problem, if the officials would

Eyes Are Control

EAST POINT, Ga. (AP)—A 2-year-old was lifted into a mother's chair for his first time he immediately started screaming lustily while the other mothers looked uncomfortable. Barber John Orr leaped and whispered in the boy's ear the howls stopped abruptly. The boy stayed stopped. An amateur porter who saw the feat of Orr what sort of threat or treaty he used. None said explaining.

"All I do is whisper, 'Close eyes so I won't get hair in 'em. No child can cry with his eyes closed.'"

keep in mind the best way it is to cut down on work.

News From ANTHONY

By Mrs. Ralph Bobbitt

Ralph and Leroy Bobbitt received word Thursday that their grandmother, Mrs. Ed Gyles of Elk Grove, California was seriously ill. Another report was obtained Saturday that her condition was improved.

Lynn and Joyce Bobbitt were disappointed Thursday when their doctor informed them they didn't have the mumps but a gland infection.

Karen Davis has been ill this week with the mumps.

Duane Ratzlaff has been ill this week probably with the mumps or gland infection.

Mrs. Leon Morris is staying home with a high fever trying to have the mumps.

Mr. and Mrs. Ottinger of Booker spent Friday and Saturday in the Lem Vandeburgh home. Lem with the help of Mr. Ottinger and Mr. Floyd Vandeburgh is building a brooder house.

Mrs. Leon Morris attended an Auxiliary meeting Thursday at Beaver for the purpose of organizing a woman's Auxiliary in the county to help with different projects at the hospital in Beaver.

Mrs. Lester Janzen and infant daughter, Connie Jean returned home from Beaver hospital to the Mr. and Mrs. John Davis home Friday evening. Pvt. Lester Janzen returned to Fort Bragg, North Carolina Tuesday morning.

Terry and Lanette Boston, children of Mr. and Mrs. Travis Boston of Booker, have spent the week end with their grandparents Mr. and Mrs. Floyd Myers while their mother underwent minor surgery at Shattuck.

Mrs. Lem Vandeburgh, Mrs. Ottinger of Booker, Mrs. Floyd Myers, Terry and Lanette Boston and Kay Myers called in the Ralph Bobbitt home Saturday afternoon.

Mrs. Floyd Myers and grandchildren called on Mrs. Laverne Davis and children and Mrs. Lester Janzen and baby Saturday afternoon.

Mr. and Mrs. Lem Vandeburgh and daughters, and Mr. Glen Myers and Kay called in the Ralph Bobbitt home Sunday evening.

The Anthony wanderers have returned home. Mr. and Mrs. J. H. McCormack have returned from about a two month vacation spent in Delta Colorado.

Mr. Barr Brown isn't sure he would want to enter rodeos. For some reason when roping a calf on the Brown ranch this week end he fell from the horse with his foot remaining caught in the stirrup. He is thankful his horse finally had sense enough to stop. Barr suffered several minor but painful bruises. Leroy Bobbitt is helping Barr with his milking as his wrists and leg is swollen considerably.

Mr. Leonard Unruh and children of Meno visited over the week end with Mr. and Mrs. Vernon Ratzlaff and were visitors at the Anthony Sunday School.

Mr. and Mrs. F. B. Whittet honored Mr. Dell Crocker of Pawnee, Oklahoma at a birthday dinner Wednesday evening. Mr. Crocker is Mrs. Whittet's brother. The following were present: Mr. and Mrs. Wayne Jones, Mr. and Mrs. Lewis Whittet and Ruth, Mrs. Morris Atkinson and Donald of Turpin and Mr. and Mrs. Dell Crocker.

Freddie Whittet spent Wednesday night with Jack Morris. Mr. and Mrs. Leon Morris and Mr. and Mrs. Wayne Peters of Turpin attended the Basketball tournament at Alva Friday.

Mr. and Mrs. Carter called in the Leon Morris home Wednesday evening and Mrs. Carter called in the Ralph Bobbitt and LaVerne Davis homes also.

Mr. and Mrs. Carl Carter, Clea, Mr. and Mrs. Kenneth Conner and Robert and Pat Owens motored to Weatherford to attend the basketball tournament.

Mr. and Mrs. Carl Carter were Saturday evening supper guests of Mr. and Mrs. Elza Kutch later attending a pitch party at Mr. and Mrs. Bob Jenkins of Perryton, Texas.

Bridge Wins, Motorists Lose

PASADENA, Calif. (AP)—Two houses and a bridge met on San Gabriel boulevard. The bridge won, but it was the motorists who lost.

houses behind their trucks drove into a new underpass. The houses were too tall.

For three noisy hours, the highway patrol, police, the movers and stalled motorists worked to turn them around. When they succeeded, blocks-long lines of cars finally began moving.

Christian Science

Services 11 a. m. each Sunday Public Cordially Invited

The allness of God and His complete control of the universe will be discussed in the Lesson-Sermon entitled "Soul" which will be read at Christian Science services Sunday.

Scriptural selections will include this verse from Psalms (84:11): "The Lord God is a sun and shield; the Lord will give grace and glory; no good thing will be withheld from them that walk uprightly."

The following correlative citation from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read: "Day may decline and shadows fall, but darkness flees when the earth has again turned upon its axis. The sun is not affected by the revolution of the earth. So Science reveals Soul as God, untouched by sin and death—as the central Life and intelligence around which circle harmoniously all things in the systems of Mind" (p. 310).

Mail Is Late

SALEM, Va. (AP)—Mrs. R. L. Gibson received a card mailed 19 years before in the same city. An accompanying letter from the post office said it was stuck in a crevice of a machine which had been retired to the basement for some years. It was mailed December 18, 1934.

YOUR INCOME TAX—I. Tax Returns Are for Everyone

(First of Six Articles)
By FRANK O'BRIEN

Newsfeatures

WASHINGTON—You must file an income tax return on or before March 15 if you made as much as \$600 in 1953.

You must report your income even if legal deductions are large enough to relieve you of paying any tax. You may even get money back after filing a return. Most employers deduct taxes from pay. It's the law. Many taxpayers find that such deductions are larger than the amount they owe.

The earlier you get your return in, the sooner you will get any refund that may be due. Things also will be speeded up if you print "refund" on the envelope in which you turn in such a return. It will get priority treatment.

Age makes no difference. If you made as much as \$600 you must file a return.

The tax law and the forms are the same as last year, but there have been some new rulings, some of which could save you money.

You may have heard of the reduction in income tax that went into effect Jan. 1, 1954. It averages about 10 per cent for most people. But that has nothing to do with your 1953 return, due March 15.

If tax deductions are being made from your pay, they may now be a little smaller than they were last year, but that will

appear on the return you file March 15, 1954.

There are two things some people forget in filing a return:

1. You must sign it. And if it is a joint return, so must your wife or husband, even if only one of you had income.

2. You must attach any Forms W-2 you may have earned. These are the little slips from employers showing how much you earned and what the deductions were. If you worked for more than one employer in 1953 you may have several of these. Attach all of them.

Failure to do either of these things means that you have not legally filed a return.

A joint return nearly always results in a lower tax for a husband and wife. In using it you split the income and figure each half at a lower level. You can split the income even if only one of you earned anything.

You can get help from the Internal Revenue Service. First, there is an instruction pamphlet mailed to you with your tax form. Second, you can get a booklet "Your Federal Income Tax," for 25 cents from the Government Printing Office, Washington 25, D. C. It was written by Revenue Service people, is authoritative, complete and well indexed. It covers the problems of most taxpayers. Third, you can talk to tax officials.

Your bank or post office can tell you where the tax officials can be found. They are there to

Q. Somehow I completely forgot to pay my monthly GI insurance premium. When I remembered, it was the last day of the grace period—a Sunday. I mailed the check anyhow. Will my insurance lapse?

A. No. If the last day of the grace period falls on Sunday, VA will accept the payment if it's made on the next business day. VA considers the postmark date on the envelope as the date the premium is paid.

Q. I have been rated at totally and permanently disabled for VA compensation purposes. Does this mean that after six months I can stop paying premiums on my GI insurance policy?

A. Not necessarily. The criteria for determining total disability for compensation is not exactly the same as for GI insurance. What you should do is file a claim for waiver of your premium payments. Continue paying premiums, however, until VA tells you to stop.

Q. I am a disabled veteran taking Public Law 16 training. I know I can get VA outpatient treatment for my service-connected disabilities, but would my Public Law 16 training qualify me for VA outpatient treatment of a non-service-connected disability?

A. You would be permitted to receive VA outpatient medical treatment for a non-service-connected disability only if you needed it to avoid interrupting your Public Law 16 training.

Q. I am training to be a lawyer under the Korean GI Bill. After I complete my schooling, will I be allowed to take GI Bill on-the-job training as a law clerk?

A. Under the Korean GI Bill you are permitted to take job training as a law clerk only if it's required in your State in order to be admitted to the bar examination and to practice.
