Colorado City April Art Show Saturday, Sunday

Colorado City Art Show will be staged all day Saturday and again from 1 p.m. to 5 p.m. in Civic House, Sunday.

Pickets Parade

Colorado City's Southwest Bell Telephone Co. office was being picketed for the first time Wednesday.

District manager, Gary Stevens of Snyder, arrived in Colorado City early and opened the local office.

"We will try to maintain service and carry on the office business with supervisory personnel," said Stevens. Pickets carrying signs were part of the coast-to-coast telephone strike which has idled 200,000 members of the Communications Workers of America (CWA) AEL-CIO.

Employees of Southwest Bell Telephone Co. in Colorado City did not cross the picket line when it went into action here. Telephone service, locally, has continued to be normal because of automatic dial system equipment. Long dis-

to 5 p.m. with a charge of \$1.00 per hour. To be exhibited will be work of 12 artists. School art shows will be held at 10 a.m. and 2 p.m.

He will conclude his duty here June 2 and take over the SCS office for Lynn County Soil & Water Conservation District the following day, June 3, according to W. S. Goodlett, SCS area conservationist in Big Spring.

Sheppard has been here more than 10 years at the helm of the SCS staff of technicians working with Mitchell County Soil & Water Conservation District.

He transferred here from Robert Lee and the Coke County district in November

1957. There has been no announcement who will be his successor here in Colorado City.

Sheppard in addition to being a leader in conservation and farm-ranch programs, has served as an elder at 22nd Street & Austin Church of Christ, member of Kiwanis and Chamber of Commerce.

He and Mrs. Sheppard reside at 1938 Chestnut with a daughter, Melinda, who is in the sixth grade. Another daughter, Martha, will graduate from Tarleton State College in Stephenville this summer and will be a teacher in Mineral Wells next fall.

Spelling Champ Repeats

5th Grader Elaine Ruffin Wins

Elaine Ruffin again is the champion of Mitchell County spellers.

The Hutchinson fifth grade student earned her honors Tuesday afternoon in the Mitchell County Spelling Bee at Hutchinson Elementary.

Her competition was the 12 best spellers from both Hutchinson and Wallace schools. She will represent the county May 4 in the area Spelling Bee in Lubbock, which is sponsored by Lubbock Avalanche-Journal.

Winner from Lubbock, where Elaine competed last year in the bee, will travel to Washington, D. C., to compete in the National Spelling Bee sponsored by Scripps-Howard newspapers.

Elaine, daughter of Mr. and Mrs. Eldon Ruffin, won the county championship after winning as best speller in Hutchinson competition.

Runner-up and alternate for Elaine in the Lubbock competition is Susan Blasingame, daughter of Mrs. J.W. Blasingame, and sixth grade student from Wallace School.

Third in Tuesday's spelling was Debra Ruffin, Wallace sixth grader and sister of Elaine. Fourth was Sally Smith another fifth grader from Hutchinson.

Twenty-six students participated in the bee which decided the six best spellers to represent Wallace in Tuesday's competition. Although

Susan and Debra finished highest for Wallace in the inter-school contest, Vickie Beach was first in the spelling that named the six-member Wallace team.

Others on the Wallace team were Tore Pawkett, Sue Long and Pat Mundy.

Joining Elaine and Sally as the top six from Hutchinson were Sylvia Augilar, Andrew Gonzales, Russell Benson and Dan Morgan. Thirty students were in the original Hutchinson spelling bee.

Conducting the Tuesday bee as pronouncer was Mrs. Larry Kinard. Judges included Joe Earhart, Mrs. James Kelley and Mrs. Joe Bell.

My home is ALL ELECTRIC!

In summer when hens lay out electric chickens need to be warm in winter and cool chicken houses. Electric heating in the brooder house in the winter months is clean and safe. Electric fans in the hot summer months keep the air circulating and keep appetites hearty. Later on, electric lights will make these nature tryers early and keep them eating later toward a faster more tender maturity. By furnishing low-cost dependable electric power, the member-owned LONE WOLF Electric Cooperative has made many commercial and industrial pursuits feasible for rural areas that once were impossible. The LONE WOLF Electric Cooperative is thus strengthening the rural economy... helping provide more jobs in the rural areas and Helping Texas Grow.

Miss Guitar To Compete For Texas Miss Wool & Mohair

Peggy Guitar, daughter of Mr. and Mrs. Don Guitar of 529 East 13th Street, is one of 15 finalists named for the 17th annual Miss Wool & Mohair of Texas contest and pageant.

Miss Guitar is a freshman at Southwest Texas State College in San Marcos. She is 19 years old, five feet, seven and one half inches tall and weighs 115 pounds.

She is a member of Chi Omega and an elementary education major at STC. In Colorado High School she was a member of National Honor Society, Who's Who, yearbook editor, one of most contributive seniors.

The contest is scheduled for May 27 in the Great Hall of the Apparel Mart for the third year.

The 15 finalists were selected from approximately 50 entries from 31 Texas cities. Judges may have some problems, particularly if they are susceptible to blue. Eight of the finalists have blue eyes. In the list of finalists are four blondes, two red heads and eight who list brown as their hair color.

For the 15 finalists the Miss Wool & Mohair of Texas pageant will begin on Friday, May 24, when they are scheduled to arrive at the Baker Hotel in Dallas.

The following morning they will start on a busy schedule which calls for an instruction breakfast, fittings in the Texas wool and mohair fashions they will model in the pageant, and rehearsals for the show.

Some relaxation is on tap for Saturday evening when the group will visit Six Flags Over Texas.

Pageant officials plan to let the beauties sleep late on Sunday morning for one of the most important events of the four-day contest is scheduled that evening. Following a dinner, each finalist will be interviewed by three judges for the pageant.

Monday will be the longest and the big day. The morning schedule calls for a tour of the famed Apparel Mart, often dubbed "The Academy of Fashion". The group will attend a noontime fashion show and luncheon hosted by Texas Fashion Creators Association, previewing everything new for fall fashions from Texas designers.

That evening, following an hour-long presentation of new fall/winter fashions by the finalist, a new Miss Wool & Mohair of Texas will be crowned.

Sherill Reagan, Fort Worth, the reigning Miss Wool of Texas, and Christina Hotis, San Angelo, the reigning Miss Mohair of the Universe, will see their individual titles merged into one and bestowed on a Texas beauty.

As Miss Wool and Mohair of Texas, the newly crowned queen will represent the Texas Sheep and Goat Raisers Association and the Mohair Council of America in the promotion of Texas' great natural fibers. Aiding the overall program, Texas Fashion Creators Association will bestow upon the winner two distinct awards: the best from their lines in wool and mohair. Miss Wool & Mohair of Texas will tour the state making selected appearances in style shows, showing to best advantage her Texas-designed, Texas-made wardrobes for fall and then for spring.

She'll do most of her traveling in a new Chevrolet convertible, packing her wardrobe in matched Samsonite luggage. She'll have her wardrobe completely accessorized by Texas manufacturers, including handbags, belts and jewelry.

And a glorious year will close in 1969 when she will represent her native Texas in the annual Miss Wool of America competition. In San Angelo, the national competition hosts representatives from the 20 wool producing councils of the United States.

Sherill Reagan, present Miss Wool of Texas, will carry the banner of the Lone Star state into nation competition this June 28.

Co-op Stockholders Producers Gin Has Meeting

Thirtieth annual meeting of Producers Co-op Gin Inc. stockholders attracted 90 persons to Medallion Room, Lone Wolf Electric Building, Thursday evening.

Harold Hester, Travis P. Turner, and Tom C. Moore were re-elected by stockholders present as directors.

Manager of the gin, Ross Hargrove, reported that during the last twelve years Producers Co-op Gin paid an average of \$30,480 per year for labor.

Insurance average cost per year he reported as \$4,694.52. Local taxes amounted to \$1,936.96 each year, electrical power to \$7,367 per annum.

Hargrove then reported that during the past twelve years the gin has paid back to the farmer-stockholders a

total of \$239,110.23 and that farmers put back into the co-op \$141,224.24 bringing the twelve-year total to \$380,334.47.

At the program hour Bobby Lemons, county agent, discussed varieties of cotton. Kent Bennett of Vernon of National Cotton Council Promotion & Research, J. W. Borders Jr., manager of Rolling Plains Co-op compress at Sweetwater, Whorton of Roscoe, chairman of the Board for the Compress, reported progress of the Plains Cotton Co-op Association, marketing, and the distribution of \$5.19 per bale on 4,381 bales.

Refreshments of coffee, soft drinks and doughnuts were served. Door prize were eight \$5 bills and atop prize of \$10.

Right Seeding Rate

Agent Advises For Cotton Planting

With the cotton planting season almost here, Mitchell County producers should give careful consideration to proper seeding rates, advises County Agricultural Agent Bobby Lemons.

Studies at the South Plains Research and Extension Center show that an optimum plant population ranges from 20,000 to 50,000 plants per acre on 40-inch rows.

A planting rate of 20 pounds of good quality seed per acre will provide a sufficient number of plants, points out the agent. In fact, if every seed produced a plant, there

would be more than enough plants required for maximum yields.

With an average of 4,000 seed per pound, a 20-pound per acre planting rate could produce 80,000 plants. However, under actual field conditions about 60 per cent emergence may be considered, explains Lemons.

Therefore, he said, the plant population would number about 48,000 per acre with a spacing of plants more than three inches between plants. Under such row condition the planting rate may be increased by 10 to 20 per cent.

Farmers in Mitchell County sometimes use excess planting rates to compensate for possible adverse planting conditions or loss due to hail, say Lemons. Actually this practice is rarely justified and would be of benefit only if hail took out 50 to 90 per cent of the seedlings.

Why this range of seed damage? With an initial population of 48,000 plants per acre, a hail destroying up to 50 per cent of the seedlings would leave 24,000 plants per acre, enough to produce maximum yields. On the other hand, if hail damage of 10 percent or more occurs, replanting would be necessary even if a planting rate of 40 pounds per acre is used, Lemons said.

Often farmers are tempted which should be left, it's always best, if possible, to have that early first stand. Replanting in June places the best production period in an unfavorable environment for producing high quality fiber, the agent said.

An early crop, even with

a reduced stand of a plant every six to eight inches, will usually make the producer more profit in quality lint

than thicker stands of replanted, later maturing cotton. As hail damage occurs later in the season, the decision on whether or not to replant becomes more critical.

Excessive planting rates may cause more problems than they solve, adds Lemons. Seeding disease is usually greater with high planting rates. This is particularly true if higher rates are used to compensate for

poor quality seed. Furthermore, high plant populations will result in taller plants with higher seedbolls which delay maturity and contribute to lower moisture, fiber, explains Lemons. Equally important is the fact that many new varieties with improved fiber quality are less tolerant to high plant populations than the familiar rapid fruiting varieties grown in past years.

Annual Banquet Honors Colorado High Seniors

Members of the senior class of Colorado High School were honored Saturday evening at the annual junior-senior banquet in the school cafeteria.

Themes for this year's event was "Sayanora". The program, menu and decorations carried out the Oriental motif.

Jim Dockrey, president of the junior class, was master of ceremonies.

Dalton Keith, school counselor, made the invocation. Dockrey welcomed guests. Dockrey, senior class president, said the response. After dinner Leslie Ellis, head of the senior class, presided.

Entertainment for the evening was a costume Oriental dance by Kay Jameson, Martha Kinard and Melissa Weaver.

Mike Maines, junior class vice president, announced a toast to the senior group. Sammy Padham, senior vice president, returned the toast.

Wallace Price, CHS principal, completed the program with a talk about character.

Menu for the dinner included

ded chow mein and rice. Head table was decorated with bamboo shoots (green beans), lotus salad (tossed salad), emperors delight (ambrosia), Cantonese tea and hot rolls. Eight girls, costumed as Geisha girls, assisted in serving.

They were Freda Bynum, Brenda Conard, Susan White, Jean Costin, Kay Jameson, Martha Kinard, Melissa Weaver and Debbie Hines.

Guests entered the banquet room, which was draped with red and gold crepe paper to form an overhead canopy, by way a bridge. An artificial stream of blue plastic and foil was banked on each side by grass and white trees with cherry blossoms.

Japanese lanterns and Oriental chimes hung for the canopy.

Wall behind the speaker's table featured a large red dragon.

On an other wall was written "Sayanora" in large lettering, with an Oriental arrangement of red carnations in a black container, featuring a gold statue of Buddha and gold glittered foliage.

Individual tables were centered with perodas and dragons. Name cards held miniature parasols.

Approximately 160 students, school board officials and faculty members attended the fest.

A dance following the banquet was hosted in the school gymnasium, which also carried out the Oriental decor.

A band "The Boys", from Texas Technological College in Lubbock provided dance music.

He became a tenant farmer but his ambition to be a lawyer was so keen he traded two chickens and "a mess of turnip greens" for his first law book. He read law at night after his days in the fields.

He passed the state bar examination in Feb. 1940. After 14 years of civil law practice at Gilmer he was elected to the Court of Civil Appeals in 1954. He has twice been re-elected without opposition.

He and Mrs. Davis are parents of a daughter who is a lawyer employed by the State Department in Washington, a son who is a dentist in Rusk, two other married daughters, one a teacher in Tyler.

"I am a Methodist and a Democrat," Judge Davis said during his short visit here. "I will devote all my time and energies to the position if elected."

CONVERSATION CORNER

NEVER have been one to lose too much sleep over things outside my personal jurisdiction.

That means simply this: if income and withholding taxes go up they just go up, that's what.

If you have to have a social security card to earn a living, you have to have one.

If city sales tax is accepted by vote of fellow citizens, so be it. After a few days of gnashing the teeth and running out of pennies things settle down.

If favorite candidates get defeated . . . well, you can't win 'em all.

If the wind blows the hairdo sky high just what, pray, can you do about that?

If you miss a very special event, there'll be other very special events.

The fact that you feel never helped anything yet.

HOWEVER, once in a while we all encounter things absolutely beyond our personal control that do raise the dander.

So cite a few there is that all-fired zip code . . . that high and mighty order on computerized bills saying "Do not fold, bend or staple this card."

That one brings out the rebel and one of these days I'm gonna fold, bend, AND staple one just to see what happens next.

All digit dialing takes all the fun out of telephoning. It's more like sixth grade arithmetic all numbers. Way it's beginning to look now, though, people may have to go back to the pony express to get messages out town. Did get a nice young masculine voice as long distance operator the other night! And that's a switch.

EVEN SO, those minor annoyances can be endured along with the ills, the bills, the weather and petty personality exhibitions.

Thing which has me ready for the warpath again is the one pet hate facing everybody Sunday.

It is called DAYLIGHT SAVING TIME.

A pox on the clever brain who instigated it. Why he have chronic insomnia from now until October, plus dyspepsia.

Sunday when we arise it will be an hour later. Matter of fact we're supposed to arise at 2 a. m. Sunday and set the clocks and watches up one hour making 2 a. m. 3 a. m.

If whoever is in charge of this whole idiotic idea has no real objection, why don't we all just run the clocks up at midnight Saturday before we hit the pillow?

Alarm clocks set for 2 a. m. just to usher in Daylight Saving Time?

No sir, no mam, and nuts to whoever thinks I'm gonna.

SEEN LATELYS included Aline Anderson, whose mother Mrs. George Phillips is a hospital patient . . . Nettie Doss, wife of Bill . . . Dan Martin of Midland . . . James McMath . . . Lorraine Rogers, wife of Nathan . . .

Chrlene Reilly . . . George and Frances Witten . . . Mrs. Grady Ezell . . . the Dave Hutchins in a lunch hour duet.

Talked to Odessa Wood a minute . . . Syble Stevens, wife of Buster, to Mrs. Tom Pritchett was an office drop-in. So was Mrs. Wilfred Fox.

CLOUD NINE shines like one million watts over the home of Evelyn and Perry Bowles, 1405 Dallas St.

Sp-4 Carroll Bowles, the grandson arrived in Midland Monday night after a year of combat in Vietnam.

Carroll was wounded, recovered, then went back to his post. According to Evelyn he looks great!

He and his parents Lela and Bill Bowles of Rule stopped by CCity, then went to Loraine to see maternal grandparents the Ted Lefevres. After a 30 day leave he reports to Fort Hood.

Dear old Carroll's cousin Leon Hall Dickard, son of Davis and Leon Dickard has been sworn in the US Navy and will enter training August 14. He will finish Colorado High in May.

FAMILIAR FACES various places belonged to Naomi and Dr. B.H. Rhoads . . . Dolores Boles, wife of Lacy, and daughters Vicki and Toni.

Talked via dial system (still working here) to Mary Post Hart . . . Helen Chambers (Mrs. Robert) and Jodie Neff, wife of Tom.

Spied Curtis Erwin Jr. and his son David at lunch with Cur's mother Viola Erwin.

Chatted with Audra Doss, wife of Henry . . . and Isla Wilson (Mrs. Jim). Also Mrs. R. S. Wallis . . . Inez Howell, Delia Harrison, Mrs. L. H. Brown, Ruth Fortune, Jewell Northcutt, Jay Craddock.

Luncheon threesome having fun were Mrs. Felix Martin, Mrs. W. A. Swafford, and Mrs. Robert Bassham, the former Billie Jean Dorn, who now lives at Comanche. She's daughter of the Hixon Dorns.

And did you know the Tom Rees family has a beautiful new baby daughter named Melanie Diane?

FOR ANNUAL HD TEA

Council Completes Book Review Plans

Final plans have been made for the Mitchell Council's annual tea and book review.

THDA council completed arrangements for the affair last Thursday during a regular meeting in Medallion Room of Lone Wolf Electric Cooperative.

Mrs. H. Jene Steakley will review the book, "Mr. Hare Goes to New York."

Date has been set for May 8. The public is invited to attend the afternoon affair in Medallion Room, according to Miss Janice Miller, HD agent for Mitchell County.

Mrs. Joe Boyd, council vice president, presided in last Thursday's meeting. Mrs. Lawrence Feister directed the recreational period. Mrs. B.A. Jackson led the club prayer.

Mrs. Nell Norred of Big Spring was elected to serve as district THDA director for the next two years.

A style show was staged following the business session. Women modeled garments made during the recent HD clothing workshop.

After the council meeting recreational and health workshops were conducted by Mrs. Joe Boyd and Mrs. Muriel Thurman.

All eight HD clubs in the county were represented at the meet.

Miss Davis Pledges WTSU Sorority

Miss Maynette Davis, daughter of Mr. and Mrs. George Davis of 1215 Chestnut Street, is a member of the spring pledge class of Alpha Delta Pi social sorority at West Texas State University in Canyon.

Miss Davis is a 1967 graduate of Colorado High School. A second semester freshman, she is majoring in physical education.

Club Studies New Educational Trends

Members of Self Culture Club Friday afternoon studied significant new trends in education during a meeting in the home of Mrs. A. A. Herrington.

Mrs. A. H. Jackson presented the study of "Education Today" and Mrs. R. M. Reed discussed an article, "Students Stare Hard at America."

Mrs. Jackson quoted Margaret Mead as saying, "We are now at the point where we must educate people in what nobody knew yesterday and prepare in our schools for what no one knows yet, but what some people must know tomorrow."

"It is easy for us to see the forces of change sweeping into every corner of America," Mrs. Jackson said.

"The change is both good and bad," she continued. "The tempo of change is what disrupts man. Our internal working system is attuned to a more measured beat."

Education is a national business, the speaker reported. The federal government underwrites over 80 percent of research and development projects in universities.

Education strives to develop the frame of mind and the processes whereby man creates alternative solutions.

Mrs. Reed explained that American students aren't satisfied with the way things are.

"They question the entire structure of the American way of life,"

"The discontent of the American young has produced reactions."

She cited some observations by 10 young men who were undergraduate students at San Francisco State College at the time of the writings.

Mrs. L. B. Elliott led the pledge to the flag and the club collect.

Reports were made of the Easter party sponsored by the club for members of the

special education class of handicapped children. Mrs. Bertie Strain, Mrs. Earl Brown and Mrs. Paul Bowman worked on the party committee.

Mrs. Herrington was leader for the afternoon program. Roll call was answered by each member telling of a book they read recently.

The hostess served refreshments to 10 members and three guests.

Spring Beauty -

Sure, there are clouds across the horizon nationally and internationally.

But isn't it good living here in Colorado City with abundant moisture for spring planting, a trend upward in population instead of downward like most West Texas communities, a fine water and gas project moving ahead for increased development at Lake Colorado City . . . plus safe and sane living.

While we are counting up some of the blessings for living in our community, how about that 5-cent tax drop just approved for us by City Council? We've got a lot to smile about.

IN HESTER HOME

1921 Study Club Meets In Loraine

The Hester home of Mrs. Doyle Hester, Friday afternoon was setting for a meeting of the 1921 Study Club.

Mrs. M. L. Majors was looking for a program about Utah and Wyoming.

In Mrs. G. Madison's

talk about the cities of stone in Utah, she emphasized the beauty of the country, especially the canyon regions.

Club members discussed the Wyoming State Fair, the Jackalope, perhaps the rarest animal in North America, which is located in

Wyoming; the scenic routes to Yellowstone National Park and the Grand Teton Mountains and Mormon Temples.

Colored pictures were shown of parks and places of tourist interest of both Utah and Wyoming.

Mrs. W. C. Hooks presented a review of the Lunkin, the crying bird.

In the report, which was prepared for a previous club study, Mrs. Hooks described the bird as being in tropical America and has characteristics between the ostrich and the crane.

There are two species, she said, "but only one species is found in the United States, mostly in Florida and Georgia."

During the business session Mrs. Hardison, president, reported on the Easter party for Mrs. R. M. Reed's class of exceptional children in the local school system.

Present for the meeting were Mrs. J. S. Craddock Sr., Mrs. W. L. Doss, Mrs. Hardison, Mrs. Hooks, Mrs. Majors, Mrs. Miller, Mrs. Pritchett, Mrs. W. C. Reed, Mrs. V. R. Teague and Mrs. Hester.

WHAT MAKES **NK 222** THE WORLD'S LARGEST SELLING GRAIN SORGHUM?

ASK

You just can't beat the performance of NK 222. Plump berries of yellow endosperm grain thresh free and easy. And what a yield! In regional trials it was the top yielder in the 5-year average. Loose heads dry evenly. Excellent smut resistance of NK 222 gives added protection against stress. Plant this high producing Northrup King grain sorghum, and make this year an even bigger year.

Jaycee-ette Luncheon to Honor Pair

Final plans for an area luncheon are being completed this week by Colorado City Jaycee-ettes.

The appreciation luncheon to be hosted by the local group in Primary School, will honor Mrs. Homer Stone of Mesquite and Mrs. Larry Melton of Odessa.

Mrs. Stone is president of Texas Jaycee-ettes and Mrs. Melton is Jaycee-ette Area II vice president.

Approximately 50 Jaycee-ettes from 14 area clubs are expected to be in Colorado City for the affair.

A group from the local club were in Odessa Saturday for a luncheon which honored the Odessa club's past presidents. They were Mrs. Danny Majors, Mrs. Danny Fisher, Mrs. Ray Prescott, Mrs. George Lee and Mrs. Wendell Jarnagin.

During a recent meeting Jaycee-ettes voted to send a cash donation to Camp Sweetney, a camp for diabetic persons.

Chambers To Head WHS Group

Postal Patrons Can Stop Pandering Ads

Mail patrons offended by pandering advertisements can now take steps to curb such mail, Postmaster A. M. Morris said Wednesday in announcing plans for administering a new law which gives each family the right to decide that an ad is "arousing or provocative."

When an advertisement sent through the mails is offensive on these grounds, a postal patron can now ask the post office to direct the mailer to send no more mail

to him and to remove immediately the patrons, the Post from all mailing lists," he owns, controls or rents.

To assist patrons, the Post Office Department has published a brief pamphlet "How You Can Curb Pandering Advertisements" which is now available at the Colorado City Post Office. In addition to explaining how the law works, the pocket-size leaflet contains a form letter one can use when sending his complaint to the post office.

The pamphlet explains that when a patron receives an advertisement which is in his opinion pandering, he must send the ad, its envelope and the form letter, or one which includes its language, to his post office with the words, "Request for prohibitory order" on the face of the envelope.

"Last year the Post Office Department received some 140,000 complaints from those offended by pandering advertisements. While in most

cases the ads were not legally obscene and were therefore allowable, they are often offensive and usually not the type of material one would want his children to read," Postmaster Morris said.

He added "Because the law gives a mail patron the sole right to decide what is offensive, and does not deny others the right to receive

the same mail, the Congress felt it does not violate Constitutional guarantees of freedom of speech."

While the patron's complaint will only be directed to the sender, Postmaster Morris believes that one or two complaints will provide substantial protection because "the great bulk of this advertising comes from fewer

than 20 so-called 'smut dealers' who are frequently swapping mailing lists."

If a mailer does not strike a complaint's name from this mailing list, and the patron receives a second mailing 30 days after the firm has received the prohibitory order, he may bring the matter to the attention of the postmaster issuing the initial

order by writing him and enclosing the second pandering ad with its envelope. If the mailer still fails to respect the order, the Postmaster General may ask the Attorney General to apply for a Federal Court order directing compliance. Failure to observe the order may be punishable by a fine or imprisonment.

**NEW! For clean Sorghum...
spray weeds when you see them!
with BANVEL**

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessweed (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots... for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Then you will visit a travel agency, study maps, read travel books, and talk with those who have already made the journey.

And what about that far more important (and uncertain) journey... the journey of life?

The Church offers wise counseling from those who have studied life. The Church presents you with a map formed from the fundamental truths of God and his directives for living.

The Church interprets for you the greatest of all travel books, the Bible. The Church gives you the companionship of the all-wise Guide, who made this journey without a mistake, the Lord Jesus Christ.

Agency, map, travel book and Guide for life's journey. Come to Church and find them all.
