GEORGE W. PRIVETT, JR.

Degree In 3 Years

Privett completed his work for a B. A. degree in chemistry with a minor in German in 3 years at Texas Tech, Lubbock. He operated a vending machine route to help pay his college expenses while he was working toward his degree at Texas Tech.

Member Tech Band

He was also a member of the Red Raider marching and concert band making tours with the band for two years. During his senior year at Texas Tech, he was president of Alpha Epsilon Delta, International Premedical Honor Society. He was also a member of Delta Phi Alpha, German Society, while attending college.

Winner Of Navy Award

When he was a junior student at the local high school, he was granted the U. S. Navy Cruiser Award for his science entry in the U. S. Science Fair. This award won him the priviledge of touring the U. S. Navy rocket installations along the California coast in September of 1959.

Delivered Slatonite

Never a lazy youngster, George Privett, Jr., worked in local grocery stores and delivered The Slatonite while attending school here.

Drum Major

Privett served as drum major in the Tiger Band during his senior year at Slaton High School. He plays the clarinet. He also worked on the high school annual.

An active member in the local Baptist Student Union, he served as president of that organization one year. During the time he attended college, he commuted from his home so that he was able to be active in the Baptist Mission Program every Friday night.

He was a member of the cast that presented a Play in German at the State German Contest at Austin. The play's language dialogue was German.

The cast of the play was acclaimed by the judges for the excellent use of the difficult language as well as for its acting ability in the stiff competition that prevails at the annual State Meet that is held in Austin.

Scholarship

Privett attended Baylor Medical College this summer for 6 weeks on a fellowship grant.

He is attending Baylor University College of Medicine on a Scholarship granted by Baylor University. When he completes his internship, he plans to practice medicine as a Baptist Missionary.

Privett's father is a conductor for the Panhandle-Santa Fe Railroad. He has a sister, Areta, age 18, who is a freshman student at Texas Tech this year, and a brother, Tony, 11, who is a student in the local school.

Southland Downs Smyer 38 to 30

By Beverly Stolle

Southland beat the Smyer Bobcats Friday the Thirteenth. On this unlucky day Southland went on to victory by beating Smyer 38 to 30. This was Southland's first victory over Smyer in many years.

Scoring for Southland were Don Altman, Ronald Saunders, Rod Calloway and David Dabbs.

Outstanding on defense for the Eagles were Joe Hall and Ronald Saunders.

Southland plays Cotton Center this coming Friday, September the twentieth at Cotton Center. Three-Way edged Southland into a final score of Three-Way 30-Southland 22, on September 6.

Interest Is High, Competition Keen In Slatonite's Football Contest

If competition continues to be as close through out the current football season as it was the first week, competitors entering the contest will be challanged for the coveted Cotton Bowl tickets right down to the wire.

Garry Don Hennington took first place over his father, Johnnie Hennington, with a perfect score, picking the 12 winners that were listed on the popular fotball page published in last week's issue of The Satonite. Jchnny Hennington copped second place by picking 11 winners. Michael Morrice nudged Mrs. JJoe Baker by a mere two points for third place.

Who will be this week's winners? Will they be regular contestants, or will some "dark horses" appear? We'll know next week.

November 5, Tenative Date For Election

The Slaton City Commission in a special called meeting Monday selected Tuesday, November 5 as the probable date for an election that will be held for the purpose of Slaton voters to decide whether or not to change and amend the city's charter.

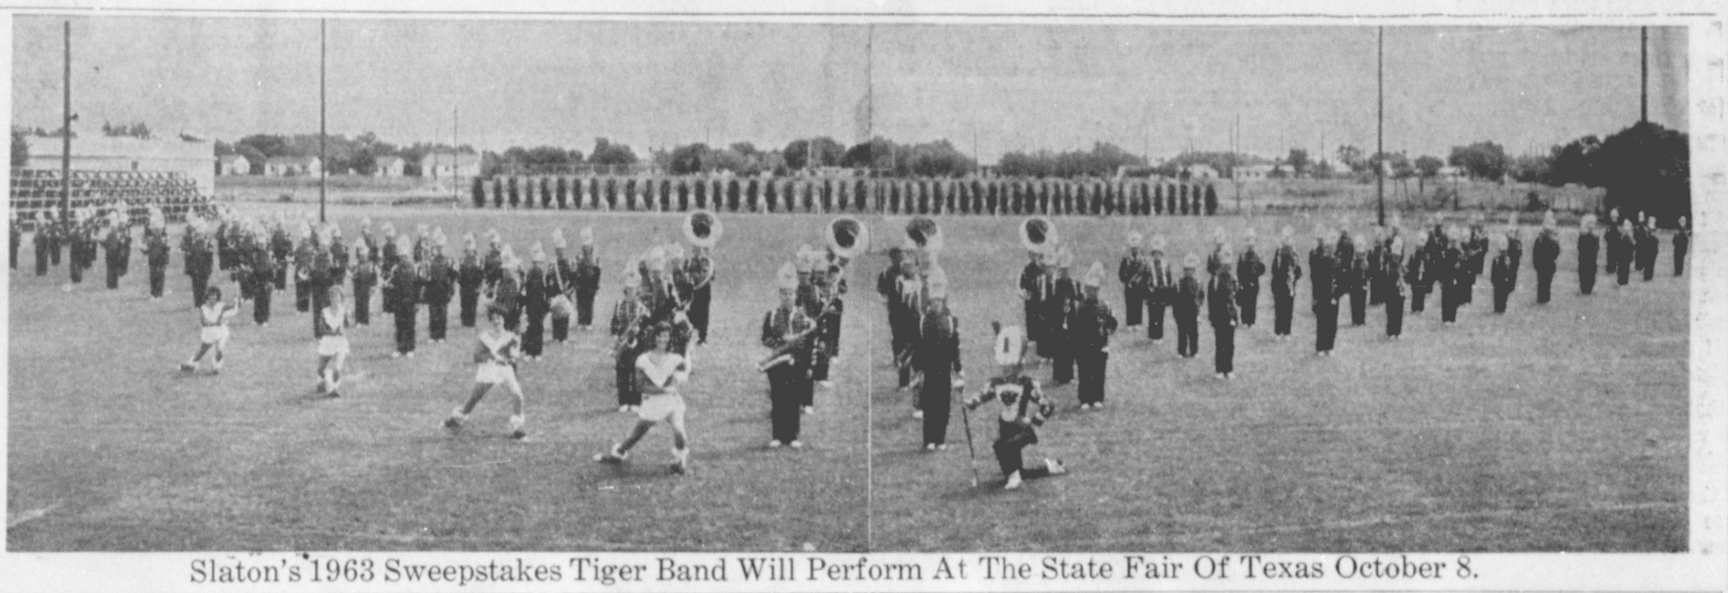

Commissioner Henry Bollinger moved to appoint Charlie Whalen as election judge for the election and to give him authority to appoint a maximum of 4 clerks to assist him with the election to be called for the purpose of ammending the City Charter's section 23 to reduce the population required for hiring a City Manager from 12,000 to 5,000 with the purpose of hiring a City Manager. Commissioner Bownds seconded the motion. The vote in favor of the motion was unanimous.

Local attorney Claude Cravens was appointed to draft the ordinance to call the election which will have its first reading in regular session Monday night.

City Judge Luther Gregory appeared before the commission requesting that the council consider hiring an attorney for the purpose of trying contested cases in corporation court.

The commission tabled further action on this matter until the next regular meeting.

Commissioners Robert Hall Davis, Truett Bownds, Henry Bollinger and Mayor Jonas Cain comprised the quorum.

Score Is Deceiving; Slaton Downed 34 to 0 By Idalou

The pin point passing by Idalou's Raymond Ater accounted for two of the 5 Wildcats touchdowns here at Tiger Stadium Friday night, but the statistics show that the game was much closer than the score reveals.

Idalou had a net gain of 22 yards over Slaton in total passing and rushing yardage. Idalou chalked up 237 yards as compared to Slaton's 215.

Idalou's first TD came on a pass from Raymond Ater to Chris Weems. Weems kicked the extra point.

Still in the first quarter Idalou scored again on a pass play, this time from J. T. Benton to end Gary DeBusk from the 15 yard line. The try for extra point was unsuccessful.

Idalou scored the third touchdown on a pass from the 12 yard line. The extra points were scored on a run by Ater.

In the third quarter Chris Weems ran through the middle from the 15 yard line for the touchdown. The pass for extra points was incomplete.

With 30 seconds remaining in the game, J. T. Benton intercepted a pass on the Wildcat 3 yd. line and ran all the way for the fifth and final touchdown for the evening. Weems kicked the extra point for the final score of the game.

Even though Slaton failed to score, Coach Bing Bingham's Tigers showed much impovement in their second outing for the season.

Showing a lot of determination in the backfield were Tigers Randy Martin, Bruce Pember, Larry Gamble, Ascension Perez.

Leslie Brown exhibited his fine talents as pass receiver Friday night.

Other Tigers who made every attempt for a victory for the near capacity crowd were: Jim Chriesman, Bobby Magallenous, Ricky Brush, Dow Winchester, Larry Bownds, Gay Hoover, Mike Ball, Mike Hunter, Jim Adamson, Larry Smith, Travis McCormick, Larry Gamble, Billy Gass, Victor Christian, Robert Buxkemper and Sparky Stephens.

The Slaton Tigers will journey to Tahoka Friday night for their third encounter for the season.

Idalou"s offensive team were: James Pace, right end; Mike Caplinger, right tackle; David Whiting, right guard; Eugene Culpepper, center; Dale Layne, left guard; Curtis Cook, left tackle; Gary DeBust, left end; Raymond Ater, quarterback; J. T. Benton, right half; Manuel Hinojosa, fullback; and Chris Weems, left halfback.

The following statistics show the closeness of the game:

Slaton		Idalou
14	1st Downs	20
128	yds. rushing	142
87	yds. passing	94
215	total net yards	237
6 of 11	passes complete	7 of 10
2	had intercepted	1
1 of 3	fumbles lost	1 of 3
2	Punts	1

Tiger Band Is Dallas Bound

Slaton High School Tiger Band 119 strong, under direction of Bill Townsend, almost filling Tiger Stadium, were presented for the first time this season during half-time at last Friday's game with Idalou, displaying to fans present the marching and musical skills that won for them "Sweepstakes."

Majorettes Chapple, Harris, Caldwell and Henry were featured in Friday's performance.

The band will journey to Dallas early in October to perform at State Fair Music Festival in the Cotton Bowl. In addition they will present a short concert at noon, October 8th.

Services Held For Nolan Baugh, Former Resident

Funeral services were held for Nolan Baugh, 61, Wednesday, September 11 at Wright Funeral Chapel in Brownwood.

Mr. Baugh, a Slaton barber since 1947, moved to Brownwood in May of this year. He owned an interest in Southwest Barber Shop here and also worked at the Palace Barber Shop for 6 years during the time it was under the ownership of Travis Reynolds.

He suffered a heart attack Sunday afternoon while fighting a grass fire and apparently died immediately.

Jerry Don Ross, pastor of Jones Chapel, officiated the funeral services. Burial was in Cleveland Cemetery at Santa Anna, Texas.

Nolan Baugh was born June 30, 1962 at Santa Anna, Texas.

Survivors include the widow; a neice, Wanda Gentry, 2 step daughters; Mrs. Marvin Peacock, Carlsbad, N. M.; Mrs. Clebrean Parker, Sonora; one step son, James Forson, Slaton; five sisters; Mrs. Tennie Campbell, Mrs. Lela Hodge, Mrs. Dixie Cupps, Mrs. Ruth Hibbitts all of Santa Anna and Mrs. Eula Bingham of Crescent City, California, and three brothers, Dick of Santa Anna, Edgar of Slaton

Two Negro Men Arrested By Local Police On Forgery Charges

Slaton Police Chief Joe Martin arrested two Negro men here Friday and Saturday for suspicion of writing and passing worthless checks.

Charges for worthless checking have been filed in Lubbock County Court against Billie Lee Davis alias Joe Louis Hunter, 30, and George Ray Johnson, 22.

Chief Martin arrested Davis Friday afternoon after he allegedly passed a check to Slaton Pharmacy for $18.00 that was signed Bob Johnson and attempting to pass a check at C. R. Anthony Company.

Johnson is charged with forging Harry Brown's name to a $18.00 check that was cashed at Slaton Pharmacy. Johnson was arrested by Chief Martin Saturday at Lorian's & Robbie's truck stop after he attempted to pass a $36.00 check at Haddock Grocery Store. When a clerk at Haddock's told Johnson that they would call Harry Brown about the check Johnson grabbed the check and ran from the store. A witness saw the license number of Johnson's car and reported it to Chief Martin.

Davis is on probation for 4 years on forgery charges at Littlefield and is also wanted for forgery and bond forfieting at Wichita Falls, Texas.

Both men are being held in Lubbock County Jail. Bonds have been set at $2,000 each.

-WEATHER-

Two showers helped tone down the hot, humid weather that Slaton has been experiencing for the month of August and the first several days of September. According to records kept by the City Water Superintendent, Slaton received .10 inches of rain fall Thursday and .30 inches of rainfall Sunday. The average daily temperature for the week was a cool 77 degrees and the average nightly temperatures was 62 degrees. The day to day temperature as recorded by Pioneer Natural Gas Co. are as follows:

Thursday 82-63
Friday 78-60
Saturday 80-58
Sunday 78-64
Monday 80-60

Revival services will begin Sunday, September 22nd at the Assembly of God Church, 14th and Jean Street, with Evangelist Walter E. Lane of Lubbock.

Rev. Lane recently pastored Calvary Assembly of God in Lubbock. Some of his former pastorates are Wellington, Plainview, and Hereford.

Miss Nola Stout, pastor of the local Assembly invites the public to attend these services

Tigers Will Face Tough Tahoka

Coach Bing Bingham's inexperienced Tigers will face a tough, fast and heavy football team Friday night when they jounrney to Tahoka to play Coach Gilbert Huff's Bulldogs.

The Tahoka team has won both of their encounters this season by close margin, Tahoka beat Friendship 14 to 12 and Crosbyton 7 to 6.

Coach Bingham said this week that the Tigers were working hard on passing and agressive pursuit. He said that he expected Johnnie Hennington to return to the lineup this week.

The Tigers defeated the Tahoka team 13 to 12 last year.

Probably offensive starters for Slaton this week will be: J. B. Chriesman at center, Senior; Ricky Brush, a Senior guard; Danny Scott, Sophomore guard; Mike Ball and Mike Hunter Smith, end and Travis McCormick, a Senior end .

The probable offensive backfield will be composed of Larry Gamble, Junior, at quarterback; Randy Martin, Sophomore, at left halfback; Ascension Perez, Senior, right halfback; and Junior Johnnie Hennington at fullback position.

Probable offensive line-up for Tahoka will be: Eddie Howard, leftend, 130lbs, Junior; Jack Edwards, Left tackle, 183, Junior, Jack Wood, Left guard, 170, Senior; Cal Womack, Center, 163, Junior; Gary Grogan, Right guard, 155, Senior; Larry Jolly, Right Tackle, 200, Sophomore; Macky McWhirter, Right End, 155, Senior; Terry Harvick, Quarterback, 155, Junior; Adolph Chapa, Fullback, 150, Junior; Jack Norwood, left halfback, 165; and Gary Tomlinson, Righ. EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be. . . where the press is free and every man able to read, all is safe.

—Thomas Jefferson

The Fiddler Is Paid . . . Who's Dancing?

Last week we had two Southwestern Bell Telephone Company executives to pay us a visit in The Slatonite office. The two men were Clyde Dickerson district manager of the Lubbock district, and Joe Riordan, public relations manager of Southwestern Bell Telephone Company.

While they were here we took the opportunity to ask these gentlemen about the possibility of Slaton obtaining the same service from Southwestern Bell Telephone Company regarding extended area service with Lubbock that Shallowater and other area communities are receiving from another telephone organization.

We were told that this service could be obtained if a majority of Slaton telephone customers expressed the desire for this service and would be willing to pay additional rates for the service. We asked what the rates would be if the company decided that the demand was great enough to install the extra equipment necessary to give us this service, and we were told that the rates would probably be comparable with the rates of Idalou, Hurlwood, Shallowater and Wolfforth.

The Slatonite further inquired what the basic monthly telephone rates of the preceeding communities were and the telephone officials were gracious enough to forward the following information: 1 party business, $16.00; 1 party residence, $8.50; 2 party residence $7.00; 8 party rural $7.50 and 8 party business rural, $12.00.

It has never been our intent to advocate "something for nothing", but we do believe that when everyone may benefit from progressive action that all who reap a portion of the benefits should pay their pro-rata part of the expense, for an example; should Slaton receive the extended Lubbock area service by the telephone company, it is our belief that Lubbock and the surrounding communities would receive at least as much, if not more, benefit from the additional service as Slaton.

We strongly suggest that we have the extended area service and that the rates be no higher than prevail in the metropolis of Lubbock.

We are cognizant of the additional investment and maintaintence expense of equipment involved to give the extended area service for Lubbock, Slaton and all other communities in the vast South Plains area, but we are also aware that this area has the greatest growing potenial of any area west of Fort Worth and north of Houston. We also know that people, industries, and private enterprises deserve and expect all services that can be available before they are willing to begin new ventures or relocate.

A very well known psychiatrist states that the mental disease of hardening of the brain arteries, which most usually is thought of being with elderly persons only, begins with some pesons at a very early age and with others, never occurs even in later years of the eighties, ninties or even at the age of 100.

This famed doctor of mental illnesses states that the disease of hardening of brain arteries simply means reverting. Some persons begin to revert slowly . . . . say from age 52 to 29 then to 16, then 12, 5 then to 1 and finally to death.

An area, town, community, school or any other organization can develop the disease of "hardening of the arteries."

We editorially believe that if this area doesn't receive the extended area telephone service than the entire South Plains area could eventually develope this fatal disease.

Slave Boy Proves Power Of Will To Win . . .

It takes a lot more than money to have a church, a hospital, or a school worthwhile.

Of course it does take money, BUT—

Where there is not the determination to learn and a desire that sparks that determination, no amount of equipment, no lavish sums marble floors will ever make a school.

A Negro boy who slept on filthy rags, born in slavery, never knowing who his own father was, became, in our book, one of the greatest men this America or this world ever had. He studied in hunger what books he could get, went through privation, sleeping outside for days in the cold to find a place where he could learn.

And he learned—how he did learn! His book, "Up from Slavery," should be kept on a table in the living room of every home today.

The little black boy had only one name—Booker. But when he first enrolled in school, he had to have a surname, so he picked one for himself—Washington, then learned that his mother had named him Booker Taliafero. So Booker T. Washington lived to be honored by white and black in this nation and over the world.

He established, with the help of the white people, the famous Tuskegee Institute at Tuskegee, Alabama. That school produced many, many leaders among the colored, including the great and famous George Washington Carver, one of the top agricultural scientists the world ever had.

We hope no one ever again has to sleep in a slave cottage on filthy rags and scrunge for books as Booker did. EVERYTHING was against him. But he made one of the world's greatest speakers, and his English style ranks with the greatest in its simplicity, its sincerity, and its power.

Do you think you will have to go somewhere else to learn? Hear this. The boy or the girl who WANTS TO can prepare for ANY college right here. But none can goof around and do it any more. The one who DOES NOT WANT TO won't prepare for any college anywhere.

We have a spirit in the world today of complaining about the things we do not have. HOW ABOUT USING THE OPPORTUNITIES THAT WE DO HAVE!

A hint to the wise is enough. Those who want to will. Those who don't want to won't

Small Town Editor Feels Responsibility

The editor of a country weekly or smaller city daily newspaper in a unique position in his community. He knows personally a large proportion of his subscribers and a subcriber can find him in his office and cross verbal swords with him.

A conscientious country editor is clothed with a heavy responsibility. He not only records the local news, social events and political happenings of his community, but he should discuss national and international issues which have a direct bearing on the lives and livelihood of his readers. This is often a discouraging and unappreciated job but if his paper is worth reading he has to accept the burden. He is in the position of a teacher. How well each translates his ideas to his audience determines his standing in his profession.

It is certainly true that the smaller paper must place emphasis on local happenings. But it is unfortunate for a community if an editor feels obligated to move entirely in that direction.

The home town paper is read from the first to the last page because it contains a review of community activities found nowhere else, regardless of competition from radios, television and big city papers. With this background and the respect accorded its comment, the small town paper, in the interest of good citizenship and the dignity of the press must express opinions, whatever they may be, on international and national affairs that can affect directly every citizen down to his job or business, the property he owns and the taxes he pays.

Old Friends

Anyone who thinks that Clark Self, Jr., Class of 1950, is a retiring and reserved individual has never sat next to him at a football game. Not that I'm complaining. Friday is a busy day for me and by the time we get to the game I am too tired to do much cheering so I rely on Clark to yell enough for me, for my family, the two rows in front of us, and the two rows behind us, etc.

Writing a column has its advantages. For instance, it gives me an opportunity to say how much I appreciate the Slaton High Band. They compare favorably and many times excell other high school bands I have heard. Even their first time on the field this year (without hats, and literally the first time for many) made me proud. Slaton should be grateful to the Director, Bill Townsend, the Slaton High School Band, the Twirlers and the Drum Major for a really fine job.

Patsy Pettigrew, Class of 1961, is attending Baylor University in Waco where she will be a junior. Pam Henry will be a junior at Texas Tech. I should know because I help move her in each year and last Sunday was moving day. I am undyingly grateful to her for finally moving from the third floor to the first. My back thanks her, too. Pam is also a graduate o the Class of 1961.

Linda Walker Jones and Joe Bob Jones, Class of 1958, was recent visitors in Slaton to show off their new daughter. Linda is a graduate of the Class of 1962. Sister Catha was also here for a visit. Catha is a graduate of the Class of 1962 and is married to Norman Maples, Class of 1961. They live in El Paso. Linda and Catha are the daughters of Joe Walker, Jr. and Maxine Conner Walker, both graduates of the Class of 1939.

Steve and Kay Kincer Smith are also proud parents of a baby daughter and were recent visitors in the homes of their parents. Kay is a graduate of the Class of 1962 and Steve graduated with the Class of 1960. They live in Amarillo and Steve is attending West Texas State University in Canyon.

I do not intend to make this strictly a local column, but since my mail box has not been exactly overflowing I am not swamped with news. However, I am very grateful to the people who have mentioned the fact that they enjoyed last week's column. Since I undertook this job with my only qualification being nothing but pure nerve, their remarks are very much appreciated.

Even the mailman is beginning to feel sorry for me, so please let me hear from you.

D. E. Club Organized

The 1963-64 Distributive education Club of Slaton High School was organized at a meeting held Monday evening, September 9, at 7:30 P. M. in the Slaton High School building.

The following officers were elected at the meeting.

President, Lonnie Gibson; Vice President, Dorothy Lewis; Secretary, Carlene Taylor; Treasurer Gary Forsythe; Historian, Linda Holton; Parliamentarian, Billy Baker; Reporter, Betty Cole; and Sergeant at arms, Gary McCullough.

Membership is composed of Distributive Education students enrolled in co-operative part-time distributive education classes. Objectives of the program are to bridge the gap between school and employment for high school students; and to develop leadership which is competent, aggressive, self-reliant, cooperative and patriotic in the field of distribution.

The club will be associated with the Distributive Education Clubs of America and has adopted the official D. E. C. A. insignia.

Coordinator of the distributive education program in the local schools is John Shedd, who gives classroom instruction in the mornings and works with training sponsors and managers in the afternoon to improve the working ability of students

Present at the first meeting of the club were 28 members of the 1963-64 Distributive Education classes.

BEHOLD THE MAN

...19th chapter and the 5th ...of St. John's gospel we ...ese words "Behold the ...I want to use these words ...subject of our discussion

The first five verses of the chapter tells that Jesus had been scourged by Pilate and that the soldiers had placed a purple robe and a crown of thorns upon Him. Pilate sent him forth saying; Behold the Man!

In our troubled world today we are looking for a way to solve our problems but I am afraid we are looking in the wrong direction. We are looking for men that will bring the nations of the earth together and find a way wherein we can live together in peace and happiness. We know that God must find a way wherein we can live together in peace and happiness. We know that God must find men who will work together if our problems are solved but you cannot depend upon the natural mans knowledge and wisdom to give us the answer.

We cannot by-pass God the Father and his son Jesus Christ and expect to be successful.

God sent forth his son into the world to redeem man from the curseof sin If man will accept Jesus Christ he will find a way wherein sinfull hearts will be changed. If nations of the earth reject Jesus Christ as savior and redeemer they will fail for there is no other way.

As long as mens' hearts are sinful there will be no peace and nations will continue in their sinful ways.

God sent his son into the world to be born of a virgin and to die upon the cross of calvary to pay the sin debt. Our Lord came forth from grave victorious over death, hell and the grave. He ascended into heaven; from thence he shall come to judge the quick and the dead.

Jesus said I am the way, the truth and the life and no man cometh unto the Father but by me.

If we want peace in our hearts and the nations of the world want to live together in peace they must look to the man Christ Jesus.

Again I say; Behold the Man.

THE KEY —and the OPEN DOOR

One of the disturbing discoveries of life is that the *truth* one man cherishes seems a *mystery* to another.

But is that surprising? We live in a world of doors and locks. To the man with the *Key* a door opens. To another it remains closed.

Among the keys to spiritual truth is one called HUMILITY. It accounts for many of the millions who worship God every Sunday in the churches of our land.

An American President once said, "I have been driven many times to my knees by the knowledge that my own strength, and that of all around me, was insufficient for that day."

He ruled a nation divided. But neither Blue nor Gray ever questioned the humility of the man who signed his name, "A. Lincoln."

Not only the portal, but the Truth of God's House, is every Sunday an Open Door to humble men!

NEW FAIR BUILDING . . . .Three young residents of the Panhandle South Plains Fairgrounds at Lubbock take special interest in a new building under construction. It will house what fair officials describe as the largest Children's Barnyard exhibit ever to be shown at the fair, which opens Sept. 23 for a six day run. Construction Superintendent J. I. Jenkins, at left is shown explaining the front of the building to Steven Lee (kneeling) and his brother and sister Robbie Lynn and Vickie Diane. The children's father, Albert Roller, is employed by the Fair Association.

Statistical Abstract Has Answers

The 1963 edition of the nation's fact book. The Statistical Abstract of the United States, has just been released by the Bureau of the Census, U. S. Department of Commerce. This 84th edition of Uncle Sam's Answer Book contains the latest figures on the social, political, and economic aspects of the nation.

Included in the 1,263 tables of statistics are 68 new ones reflecting the current emphasis on science, education, employment, Government expenditures, and medical care. Information is supplied on such timely subjects as air pollution, fallout shelters, employment of high school graduates and dropouts, medical care costs for the aged, transportation to work, state income taxes, smoking habits, and housing units by equipment.

Here are a few samplings from the new Abstract.

A fourth (27 percent) of all the fallout shelters in the United States and its outlying areas are in New York State. In the entire country there is fallout shelter space for only 103 million, while the total population is nearing the 190 milion mark (tables 1071 and 2.)

About 21 percent of the male and 66 percent of the female population over 30 have never smoked. Almost 50 percent of the men who smoke and 72 percent of the women smoke filter tips (table 1111).

More than half the women who work are also housewives (table 299).

The illegitimate live birth rate, (aged 15 to 44) in 1961, was three 23 per 1,000 unmarriede females times higher than that in 1940, and more than one and a half times as high as in 1950 (14 per 1,000) (table 56).

Half the young men examined as selective service registrants were rejected in 1962 (table 358).

From 1950 to 1962, the Federal Government debt increased from 266 to 340 billion dollars; the total debt of private persons and organizations from 276 to 755 billion dollars (table 528).

Since World War II, more than 100 countries with a total population of over 2 billion (66 percent of table world population) have received foreign aid amounting to 91 billion dollars from the U. S. (tables 1199 and 1239).

France has received more military aid from the United States since 1950 than any other country (table 340).

Copies of the 1963 Abstract are available for purchase from the Dallas Field Office, U. S. Department of Commerce, 500 S. Ervay Street, Room 3-104 Dallas, Texas 75201. The price is $3.75 per copy.

Famous Indian To Be At State Fair At Dallas

Chief John Big Tree, who will be a participant in the 1963 State Fair of Texas "Exposition of Our American Heritage," probably has been seen by more people than any other Indian in the world.

He is the Iroquois whose profile appears on the Indian nickel, Chief Big Tree and two dozen other Indians from New York State will erect an authentic All-American Village on the fairgrounds near the Grand Avenue entrance for the 16 days of the Fair, October 5 through 20.

Visitors to the American Indian Village will see Indians producing articles of clothing and ornamentations with the skilled craftmanship passed on to them through the years by their forebears.

They also will see canoe-making and doll-making, intricate bead making, basket weaving. There will be exhibits explaining ancient tribal customs, Indian lore, religion, Indian art and philosophy and medicine.

Authentic Indian dancing and singing will be featured in front of the Council Tepee.

The Six Great Nations of the Iroquois will be represented. Several of the Indians are descendants of famous tribal chieftains. One of the Indians is Oliver Hill, a blood relative of Hiawatha, founder of the Great Red League of Indian Nations and hero of Longfellow's classic poem.

A focal point of the exhibit will be a demonstration of the all-but-lost art of bark canoe making.

Ceremonial dances and a dramatic presentation of the Hiawatha-Minnehaha love story will also be featured in the Village. In the latter pageant, staged before a replica of the fabled Laughing Waters Falls, Oliver Hill portrays his famous ancestor, while Juanita Logan brings to life the Sioux maiden.

Silver Anniversary Of W. Thompsons Marked By O. E. S.

Slaton Chapter 585, OES, met in the Masonic Hall at 8 p. m. September 10, with Audrea Thompson, Worthy Matron, presiding. She was assisted by Wade Thompson, Worthy Patron. Chapter opened in short form and dispensed with business with alacrity. Following the closing drill officers were requested to return into the lodge hall.

Carol Sue Walston, accompanied by Mary Ann Space, sang "Let Me Call You Sweetheart" and "I Love You Truly." Audrea and Wade Thompson then repledged their wedding vows of twenty-five years, with Dr. Charles Wood officiating.

David Thompson, son of the couple, acted as best man, while Ruby McMinn served as matron of honor. Carol Sue Walston, with Mary Ann Space as pianist rendered most impressively "The Lord's Prayer" as a closing.

Following the ceremony, Aunt Samantha, a colored friend, played by Virgie Hunter, sought admittance. She carried an old valise filled with articles that "Miss Audrea" would need on her 25th. anniversary trip, as well as articles she would use at Grand Chapter. Each out-moded and out dated piece of ancient apparel was presented with feeling.

Charles McMinn came forward and presented Wade Thompson with shirt and accessories for the trip to Grand Chapter. Sister Audrea and Brother Wade were ushered to the altar where colorful boxes were opened, in recognition of their silver anniversary and as tokens of love from members of Slaton Chapter 585, O. E. S.

Beautiful cutglass, shining silver trays, exquisite lingerie, colorful jewelry, hand painted china and delicate engraved crystal were unwrapped and displayed for those present.

Members and guest then retired to the dining room where

Peggy Foster, Robert Heaton, J. H. Thomas, Jim Vickers, John D. Dodson, Bob Hopper, Durwood Knowles and Miss Frances Eilenberger.

Each guest brought a favorite recipe for the bride.

MRS. JERRY DWAYNE PENNELL

Johnson-Pennell Wedding Vows Pledged In Evening

After their Saturday evening wedding at the L. L. Duckett home in Abernathy, Mr. and Mrs. Jerry Dwayne Pennell left for a wedding trip to Colorado.

Adrian McIlroy, former minister of the Petersburg Church of Christ, read the double ring service before a draped picture window setting of large palms, greenery and baskets of gold tipped white mums.

Traditional wedding marches were recorded.

The bride is the former Miss Betty Lou Johnson, daughter of Mr .and Mrs. A. L. Johnson, Route 1, Slaton. Mr. and Mrs. D. D. Pennell of Southland are parents of the bridegroom.

Bridal Attire

Mr. Johnson gave his daughter in marriage. Her street-length dress of white wool and nylon was fashioned with a high round neckline, fitted bodice and bouffant skirt. She wore a veil of nylon net which was attached to a white velvet crown trimmed with tiny flat bows. The bridal attire was a creation of the bride. She carried an arrangement of white mums centered with a gardenia.

Mrs. Ella Ray of Dallas was her sister's matron of honor. Her sheath dress of gold was accented with black accessories and a corsage of gold tipped pompon mums.

Serving as best man was the groom's brother, Don Harlan Pennell, Southland.

Reception

At the reception afterward, a gold and white motif was featured in the decor. Cutwork linen covered the refreshment table which was centered with gold mums.

Members of the houseparty were Miss Elwanda Martin of Petersburg, Mrs. Kenneth Calloway, Mrs. L. L. Duckett and Mrs. Marion Golden.

For her going away costume, the bride chose a beige knit sheath with the addition of black accessories.

Upon their return, the couple will make their home in El Paso.

Schools

The new Mrs. Pennell graduated from Slaton High School and holds a BS degree in home economics from Abilene Christian College. For the past three years she has been homemaking instructor in Petersburg High School. Her husband, a graduate of Southland High School, earned a degree in mechanical engineering from Texas Tech. He served with the U. S. Army at Huntsville, Alabama, for two years.

Pre-Nuptial Fete

The bride was inspiration for a shower given Tuesday evening in the home of Mrs. Corbin M. Barton.

Hostesses included Mmes. Jimmy McMeekan, Ruth Hoover, Auda Wilson, Billy Walters, Gladys Williams, O. D. Kenney, Dora Griesby, Jim Hughes, Mary Watson, J. L. House, Je Delaney, Barbara Golden and Leon Kenney. Others were Misses Peggy Kenney and Mary Alice Kenney.

The bride's colors, gold and white, were accented in the floral arrangements and table appointments. White tapers burned in brass candelabra.

A gift of flatware was presented by the hostesses.

Local Utility Company Gets National Award

Pioneer Natural Gas Company, Amarillo, was among the 18 gas and pipeline companies receiving awards in the National Safety Council-American Gas Association Fleet Safety Contest.

Col. Hugh Waggoner, superintendent, Missouri Highway Patrol, yesterday presented the third place award in the category for "very large gas companies" to Pioneer Natural at the 15th annual American Gas Association Accident Prevention Conference in the Chase-Park Plaza Hotel.

The awards are given to companies making substantial reductions in the number of accidents involving company motor vehicles.

San Diego Gas & Electric Co., San Diego, Calif., was first, and Kansas-Nebraska Natural Gas Co., Inc., Phillipsburg, Kansas, was second in the category.

West Ward P-TA Exec. Committee Has First Meet

The Executive Committee of West Ward Parents Teachers Association met Thursday morning, September 5th, with Police Chief Joe Martin explaining questions concerning school traffic. He announced flashing caution lights will be installed and 14th Streets and on 9th Street at Geneva and Powers Streets. Tickets will be given for infractions. An officer will be on duty in these locations until lights are installed.

Parents are urged to pay their P. T. A. dues (50c per parent) to their children's teacher.

Plans were set for Halloween Carnival in West Ward Thursday, October 31.

Booklet Available Explains Fundamental Economics

In an effort to interest more citizens in economic affairs, Secretary of Commerce Luther H. Hodges announced the publication by the Department of Commerce of an economic primer entitled, "Do You Know Your Economic ABC's?"

The illustrated booklet presents a simplified explanation of the concept of Gross National Product and how it mirrors the economy of the United States.

In a foreword, Secretary Hodges asserts that "No American can function intelligently as a citizen without some understanding of economics."

He said he was not suggesting that every person must become an economic expert. "But it is possible—and very important—for the average American to keep posted on how we are doing in the great economic contest now taking place."

"We are engaged in a struggle for economic growth," the Secretary said. "Our children are looking to us for a world where the doors of opportunity will open, if they are willing to push. The rest of the world is watching to see if our free enterprise system has the dynamic force to meet not only our expanding domestic needs, but our international obligations."

The Secretary said that only with a sound economic understanding will we know what must do to meet our obligati

The Gross National Produc computed quarterly by the partment of Commerce and become an internationally ognized economic tool. Te partment issues many other nomic indicators as well, Secretary pointed out, "But the laymen becomes aware just this one and how muc means to his personal well and the welfare of his nation may consider himself a more sponsible, more economic literate citizen." Considera will be given to publication other pamphlets on econo subjects.

With educational, civic and fessional groups engaged in forts to lift the level of econo literacy, the Secretary has vided national focus to the pr lem in various speeches and an article, "We're Flunking Economic ABC's," published the Saturday Evening March 10, 1962.

The publication of this bo let is aimed at helping to att the problem. "Do You Kn Your Economic ABC's" sells twenty cents a copy, order 100 or more, may be purcha at 25 percent discount from Dallas Field Office, U. S. partment of Commerce, 500 Ervay Street, Dallas, Tex 75201.

Local Banker Serving With Count Farm Labor Committee

Lubbock County citizens, Mr. Wheeler Robertson, Mr. W. E. Armstrong, Father William Hanley, Mr. H. T. Swanner and Mr. L. A. Sykora will serve as a County Farm Labor Committee and met with Mr. R. C. Bunting, Manager of the Texas Employment Commission office, to review the total seasonal employment needs developed by the TEC.

The Committee was presented with the figure of the TEC that Lubbock County will be short 500 cotton pullers during the peak period of the cotton harvest. This shortage will be met by the importation of Mexican National Bracero workers.

The Committee will function under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Lubbock County and the shortage of workers, if any, which must be met by importing Mexican Nationals to harvest the cotton crop. Under Public Law the TEC must supply this in mation to the Secretary of La who must limit the number Mexican Nationals to be u in this county by granting "ceiling." The Committee c sults with the local Office M ager to assist him in estimat the number of workers who be needed, based on current lo conditions affecting the cot crop.

"Ceilings" granted by the S retary of Labor limiting the portation of Mexican Nation into this area will be posted Post Offices in Lubbock, Slat New Deal, Shallowater, W forth in the County Agent's fice, and in the County Co house.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Gov. John Connally has taken the offensive against his potential 1964 opposition backers in spectacular fashion.

He surprised a poll tax rally here by lowering the boom on Bexar County Commissioner Albert Pena, state chairman of the Political Association of Spanish-Speaking Organizations (PASO). Pena is among Texas liberals who have been critical of the Governor's opposition to federal civil rights legislation.

Connally charged that "self-seeking politicians" are out to turn the poll tax repeal campaign into "a sideshow for their own purposes." Their aim, in the Governor's view: bloc voting.

He blasted Pena as a "would-be political boss" who builds his power by erecting a wall between Mexican-Texans and Anglo-Texans, using Teamster Union organizers as bricklayers.

Pena, who played a big hand in the city council election in Crystal City early this year, denied he is the "boss." He said the Governor's speech was a "sadistic, under-the-table, oblique way of telling the people he favored retaining the poll tax."

Connally's friends applauded his sizzling speech, one of the hottest he ever has made.

Pena's friends, including Don Yarborough of Houston who evidently will be running against Connally again next year, rushed to his defense and heaped new criticism on the Governor.

Republicans

First announced statewide candidate to emerge on the pre-1964 political scene is a Republican. He is George H. W. Bush, 39, of Houston, who seeks his party's nomination for the U. S. Senate.

Bush and other Republican hopefuls have been discussing their chances with the GOP State Executive Committee.

Present were Jack Cox of Houston and Dr. Milton V. Davis of Dallas, mentioned as Senate race starters; also Des Berry of Houston, who ran for congressman-at-large last year, and State Rep. Horace Houston of Dallas, who has said he might run for Governor.

GOP Congressmen Ed Foreman, Odessa; Bruce Alger, Dallas; and Sen. John Tower were on hand when the committee talked finances, organization, and voter registration.

Parks Report

A two-year study, recently completed and presented to the Governor, proposes expenditures of $305,000,000 to acquire and develop 373,000 more acres of Texas parks by the year 2000.

Connally, lauding the report, suggested organization of a citizens group to follow through on needed parks programs. He also revealed he is studying possibility of buying part of the 72,000 acre J. C. Hunter Guadalupe Mountain ranch as a State Park.

Parks experts who prepared the report argue that proper development of the recreation, historical and scenic areas would boost the state's economy $200,000,000 a year.

Credit Insurance

State Board of Insurance heard praise and criticism of its proposed new rules regulating credit life, health and accident insurance at a second hearing here.

The 58th Legislature gave the Board authority to regulate life, health and accident insurance on loans. For the first time, group credit insurance also was included.

The agency came up with a proposal to establish a test for reasonableness of the relation of benefits to premiums. Some companies claimed the suggested formula resulted in too-high rates.

No decision was reached as to when the rules will take effect, pending completion of an attorney general's opinion.

Travel Record

State Highway Engineer Dewitt C. Greer says Texans will set a new all-time record for miles traveled this year, 49,500,000,000 vehicle miles, an increase of two billion miles over last year.

Half of the mileage will be logged in urban areas. In other words, seven per cent of Texas highways will carry 50 per cent of the traffic. Other 50 per cent will be scattered over 93 per cent of the road system.

A "disturbing discrepancy," says Greer . . . "one we must certainly deal with as we plan for a future. Big question is whether we can continue to modernize and upgrade the Texas Highway system quickly enough to take care of this traffic efficiently — and above all, safely."

Appointments

Leslie G. Burnett of Austin, Claude Brown of McCamey, and J. B. McDuff of Crockett have been named by Governor Conally to the Texas Industrial Commission. Ray Horton of Houston was reappointed.

Brown, auto dealer and oilman, replaces San Angelo publisher Houston Harte, who resigned. Burnett, labor official, succeeds Jack A. Martin, San Antonio union leader.

McDuff, telephone company executive, succeeds Jack H. Drake, Weslaco Chamber of Commerce executive.

Another appointment by Connally was Judge Solomon Casseb Jr. of San Antonio as presiding judge of the 4th Administrative Judicial District. Judge Howard Green of Cuero resigned the post to accept appointment as chief justice of the new 13th Court of Civil Appeals at Corpus Christi.

Tourist Agency

Texas' brand new Tourist Development Agency has opened offices in the Sam Houston Building on the Capitol concourse.

Director Frank Hildebrand Jr. hopes to get together with his advisory board this month to review advertising presentations.

Agency will be out to prove itself to the legislature. It hopes to demonstrate that it can do enough for the Texas economy with its initial $200,000 advertising appropriation to justify a bigger budget in the future.

Water Warning

Chief Engineer John Vandertulip of the Texas Water Commission warns that the five wet years since 1957, when the last drought broke, have lulled community leaders to sleep. As a consequence Texas cities and industries are in danger of running shy of water.

Vandertulip reports that existing reservoirs will not supply present cities and industries with sufficient water if another seven-year drought develops.

Short Snorts

A special election to fill vacancies in the House of Representatives created by resignations of Dallas Democratic Reps. Robert H. Hughes, and Bob Johnson will be held on November 9.

Texas Municipal League President Robert Willis Jr. of Livingston called on all city officials to give "active attention" to revision of municipal revenue policies and broadening the local tax base.

It's all right to accept beer advertising in the Annual Prison Rodeo souvenir programs sold by the Texas Department of Corrections, ruled Atty. Gen. Waggoner Carr.

Everything for the office. The Slatonite.

Old Smoothies To Be Featured At Ice Show

The famous pair skaters, "The Old Smooties," Orrin Mrakhus and Irma Thomas will be one of the featured highlights when the all new 23rd "GO" Edition of Ice Capades opens in Lubbock at the Panhandle South Plains Fair on Sunday, September 22nd for 4 nights and 5 matinees.

The star studded cast will also present for their first appearance, Barbara Wagner and Robert Paul, hailed as the century's greatest skating pair." They hold four consecutive world championships, two consecutive North American championships and five consecutive Canadian championships in addition to their Olympic Gold Medal. Special routines based on their world-famous Olympic routines have been prepared for their Lubbock debut.

Other headliners will include Miss Apa Zanova, world's champion; Grete Borgen and Per Larsen, both Scandinavian and Norwegian single and pair skating champions; the Maxfields, famous adagio team; and Richard Garrett.

STATE FAIR KIDS Marla and Cindy Hill got a real boot out of comparing their small-size footwear to the 7-foot 7-inch boots which belong to their hero, Big Tex. On a recent visit to the Dallas studio where Big Tex lives during the off-season, Marla and Cindy got a close-up look at the boots which belong to the 52-foot high symbol of the State Fair of Texas, the nation's largest annual exposition in terms of attendance. Big Tex — and also Marla and Cindy — will be ready and waiting to greet visitors to the 1963 State Fair in Dallas when the gates swing open on Saturday, October 5.

CONTEST RULES

Anyone may enter, with exception of employees of the Slatonite or members of their families.
Limit two entries per week for each contestant.
Enter the scores you predict by the teams listed on the entry blank. Judging will be on basis of number of winners picked; scores will be considered only in case of ties.
Have a cooperating merchant sign your coupon. No purchase is necessary.
Bring or mail your entry to the Slatonite by Tuesday noon of each week.
