NUMBER 14

A GREAT NEED OF ORGANIZATION

BETTER RESULTS COULD BE OBTAINED BY CO-OPERATIVE METHODS ON PART OF PRODUCER AND DEALERS.

THOUSANDS OF DOLLARS LOST—NO READY MARKET

Truck Growers and Farmers of the Lubbock Country Should Organize and Get Themselves in Touch With the Very Best Wholesale Markets. It Means Money to the Community.

During the past week the Avalanche man has talked with a number of truck growers and farmers and all report a big yield of certain articles. Planted on a big scale and the yield being good they are confronted with a perplexing question of what disposition to make of it. Take the sweetpotato crop itself. It is an immense proposition in this country. Thousands of pounds of this product is lying in the fields at this time and will go absolutely to waste in a short time if an adequate market is not found. These producers report it hard to find a market for this class of produce at prices that will pay them to make the effort.

It is this condition of affairs and a desire to further the farming interests that brings about this article. Something must be done. An organization of some kind is necessary to get the best results out of this kind of produce and we believe that before another crop is raised

Church Notes

[We will be glad to make any announcements of Church Service, Programs, etc., in this column free of charge, where no response is received from the services.—Editor.]

Rev. Thos. N. Plunket, of Alexander, La., arrived last Friday and has entered upon his duties as pastor of the South Side Christian church. He delivered his first sermon in Lubbock last Sunday morning, and a good congregation was present to hear his discourse.

The members of the Baptist church are requested to be present at Baptist church at 11:00 o'clock Sunday morning for the purpose of calling a pastor for the Lubbock church.

NAZARENE CHURCH

After an absence of two and a half months, Sister Cagle filled her pulpit at the Nazarene church last Sunday and Sunday night. The crowds were good considering her absence so long. The services were interesting and permeated with the presence and power of the Holy Spirit. Sister Cagle is spending this week with her members and friends; and will preach again next Sunday and Sunday night. All are cordially invited.

MISSIONARY NOTES OF M. E. CHURCH.

Our motto: "Speak unto the people that they may go forward."

A Missionary writes, "It is a great joy to be with the girls again, to render them assistance, and to receive help from them through their love, their appreciation, their willingness to serve, through the changes wrought in their lives, and in their very faces in answer to prayer, and through their efforts to put into practice the lessons learned during Bible hours. Often I recall the questions asked during my stay in the homeland—for instance, 'Is it really worth while?' 'Do missions pay?' Then answered: 'More than pay.' Now I answer: 'Pressed down, shaken together and running over!' God blesses abundantly the little that we are able to do."

When General Booth sent a New Year's greeting by telegram and cablegram to all Salvation Army posts in the world, he chose the biggest word in all the dictionary, "Others." Shall we not take that as our motto?

"Launch out into the deep and let down your nets for a draught." The worker's prayer for October: "Lord give us knowledge, reverence and hope."

A knowledge of our own estate, a knowledge of our brother's needs and a knowledge of God's all-sufficiency to meet these human needs and his use of us as human agencies for working out his will is a requisite for service.

All human ministry is vain if done in human strength. Reverence for God and his use of us as channels for his service are no less needed by one who serves.

Upon hope brings all effort. We, ourselves must have hope that we can make conditions of society such as to prevent the waste of life in evil and unwholesome atmospheres.

The week of prayer for Foreign Department will include November 25-29. For the Home Department, will include November 17-24. Let us pray for power to be given to the church of God to save America.

The ladies of the Missionary Society of the M. E. Church South, will hold their monthly business meeting at the church Monday afternoon, Oct. 14th, at 4 o'clock. There is much business of importance to be transacted. Let every member be present.

The Methodist ladies, assisted by Mrs. Wilhite, of Austin, and home talent will entertain the people at the Opera House, Tuesday night, Oct. 15, 1912. We will insure you a pleasant evening if you enjoy a good reader. Do not fail to help by your presence. Admission 25c and 35c. Watch for program.

The ladies of the Methodist church are making their preparations to serve a nice turkey dinner on Thanksgiving day. The place for serving will be announced later.

Do not order your turkey, but come and take dinner with us. We will also have a bazaar in connection with the serving.

Program to be carried out Tuesday, October 15th, Opera House, at 8 o'clock p. m., under the auspices of the Missionary Society of the M. E. Church:

Music—Eva Wheelock.
Reading: "The Dukite Snake"
—Mrs. Wilhite.
Drummer Drill—Eight young ladies, with song by gentleman.
Recitation: "Farmer Stebbins and the Bicycle"—Mrs. Wilhite.
Solo: "Blossom"—Miss Willie Wilson.

Reading: "College Oil Cans"
—Mrs. Wilhite.

Recitation: "The Ride of Great Grandmother Lee"—Mrs. Wilhite.
Grand Finale of thirty characters.
Music.

Rev. Edwin Weary of the Episcopal church will preach at the First Presbyterian church Sunday evening at 7:30. There will be communion services at 10 o'clock a. m. Monday. All are cordially invited.

Mrs. Gus Shaw Dead.

The Avalanche learns with regret of the death of Mrs. Gus Shaw, who has been seriously ill the past week. It was thought Tuesday that her chances for recovery were good, but a change for the worse came and could not be overcome, though some of the best medical skill of the city was secured. She was afflicted with peritonitis, and we are told that few who are afflicted with this trouble recover. The bereaved husband and other relatives have the heartfelt sympathy of the Avalanche.

The burial we understand will take place at the Lubbock Cemetery, though we have not been able to ascertain the exact date, probably tomorrow.

Mrs. F. M. McCall, of Cameron, Milam county, a sister of W. P. Parker, is visiting the latter. She holds quite a quantity of black land in Milam, but she is very much pleased with Lubbock county soil and may invest in a few acres of it before returning. She has a number of big stout sons that know how and are willing to farm and their coming to this country would mean a great deal to the farming interests of the South Plains.

Mesdames Lowry and King will entertain the "Social Meeting" of the Baptist Ladies' Aid Society next Monday p. m. at the home of Mrs. King. All members cordially invited and urged to be present.

REPORTER.

Mr. and Mrs. Schenck, of Iredell, and grand daughter, Miss Ethel, who have been visiting at the home of Judge and Mrs. W. F. Schenck, the past two weeks left Monday for their home.

A special train carrying Santa Fe officials passed through Lubbock Monday going over the road on a tour of inspection and looking after the interests of the road generally in their official capacity.

J. O. Roberts, who at one time resided in Lubbock, now a resident of Alabama City, Alabama, is here this week shaking hands with his many friends.

Mr. Keller, the democratic nominee for sheriff and tax collector of Yoakum county, was here Monday transacting business with our merchants.

Mrs. W. S. Palmer of Lubbock, formerly of Amarillo is now visiting Mrs. J. N. Ivy, 1103 Fillmore street.—Amarillo Daily News.

Mrs. J. M. Wright and daughter-in-law, Mrs. Will Wright, were here trading Monday afternoon.

E. B. Penney left Tuesday for Plainview and may go to Oklahoma before he returns home.

SOUTH PLAINS RECEIVES FINE RAIN

MONDAY AFTERNOON AND NIGHT A SOAKING RAIN VISITS THIS SECTION

PRECIPITATION COVERS ENTIRE SOUTH PLAINS

Reports From Many Points Bring the Information of Fine Rains—Some Damages Reported by Lightning. No Loss of Human Life—Some Livestock Killed.

The South Plains have received a fine rain. This is the report that we get from every direction and for many miles each way. Last Monday afternoon the elements began to don rain coat and soon the Lubbock country was receiving a gracious down-pour. In a few minutes the ground was covered with water, and the streets resembled a large lake more than a public thoroughfare. Some of our people say it was the biggest rain of the year, anyway it was a fine one, and though it was rather late to benefit crops it will be of great benefit to the ranches in furnishing water in the lakes that have been dry for months. It will give the stock an opportunity to scatter out over new range, which they have not been permitted to use on account of its distance from water.

This was not a local, or partial shower as many have been during the year, but from what we can learn it covered the entire South Plains Country and a large

scope of country under the cap-rock.

The rain was accompanied by an exceptional amount of electricity for this season of the year and we have heard of some damage in different communities caused by the lightning. At Post City, two carpenters at work on some of the buildings were struck, but both recovered. In Lynn county we understand several head of fine cattle were killed by the lightning, being close to a barbed wire fence.

The rain has delayed the harvesting of the crops to some extent, but as it has cleared off and the weather still remains warm the few days lost in the field from the effects of the rain will not be noticed. It is fine weather on the wheat that has been sowed and it will put the ground in splendid shape for the farmers to begin preparations for another crop year. It has given us all renewed energy, and we feel better.

Some Good Improvements

Ames & Company are doing some very commendable improving around the yard at their grain house. The building formerly occupied by Mast-Seitz Grain Co., has been moved up to the corner of North Cedar and Fourth streets and converted into a camp house in front and a large wagon shed in the rear. The wagon yard is also receiving a thorough overhauling and will be one of the most conveniently arranged in the city when completed.

Uncle Billie Howard, one of Terry county's most enthusiastic citizens was here Wednesday. He is en route to Dallas to be present at the opening of the State Fair. He has charge of the Terry county agricultural exhibit, which he loaded aboard the cars Wednesday afternoon. He will remain in Dallas till the fair closes and will tell the people who visits the agricultural exhibition hall all about Terry county. He says he has a fine exhibit and it is sure to open the eyes of many people who view it as to the fertility of the soil in Terry county.

False Alarm

Jim Hughes passed through Plainview Wednesday on way to his home in Lubbock. He says he will move his family back to Plainview soon.—Plainview News.

Jim says its a false alarm, that he does not intend moving his family to Plainview or anywhere else at present. Keep the record straight, News!

Mrs. R. S. Shaw, of Ovalo, mother of W. M. and Gus Shaw and Mrs. Jno. W. Baker, came up on the north bound passenger Tuesday and left at 2:30 for Idalou, over the Crosbyton-South Plains Ry. where she will attend the bedside of Mrs. Gus Shaw, who is quite sick at her home near Idalou.

Miss Eva Wheelock who has been visiting with the family of L. L. Hunt at Canyon a few days returned home on Wednesday's afternoon train.

G. E. King, of Houston, is in the city this week. He and mother are organizing "The Traveling Reading Class" in this section of the state.

W. A. Bacon and wife have returned from a visit to Denver, Colorado.

HUFF CHIEF JUSTICE

Gov. O. B. Colquitt Names Democratic Nominee as Successor to Graham as Chief Justice

News of the appointment of Hon. S. P. Huff of Vernon, to succeed Hon. James A. Graham, as chief justice of the Seventh Court of Civil Appeals reached Amarillo yesterday morning in the shape of a telegram from Governor Colquitt to J. M. Oaks, clerk of the court.

The message was brief and read:

Hon. J. M. Oaks,
Amarillo, Texas.
Have appointed Huff chief justice to succeed Graham.

O. B. COLQUITT,
Governor.

This message sets at rest all speculation as to successor of Judge Graham, whose recent resignation was made public, with the added information that he would leave with his family about November 1st for Brownsville, Texas, in which city he will enter the practice of law in partnership with Judge Pearce.

No word was received yesterday from Judge Huff, who, it was learned, was in Whitesboro on important business. Inasmuch as Judge Graham will vacate the bench by November 1st, however, it is deemed certain that Judge Huff will perfect early arrangements to move to this point to take on the judicial ermine.—Amarillo News.

High School Literary

The High School Literary Society have decided to hold three private meetings during each month, and one public meeting and have decided to make the last Friday in each month the public meeting. They believe it will be of greater interest to the patrons and public generally; hence the change.

Clyde Crawford and Burl B. Bolling, of Fort Worth, are here and have employment on the Radford Wholesale building. They have been employed at Crosbyton a few months prior to their coming here.

G. C. Smith, of Texico, was here Wednesday en route to Crosbyton, where he will take charge of the Crosbyton Inn.

J. H. Hext, of Redland, N. M., transacted business here Monday.

TERRY COUNTY ITEMS

Notes of Interest on the County Fair and the Maneuvers of the Citizenship.

Terry County Herald:

Although there was not quite as much produce on exhibit this year as common, the samples were somewhat superior. This is owing to the fact that Terry county people are unusually busy, and did not have time to come in and bring their products but there were plenty and good ones too, which will be immediately boxed and shipped to Dallas to be put on display at State Fair. With the magnificent day, a good dinner, a good natured crowd and good products, stock, poultry, needle work and pretty babies, etc., the 4th Terry County Fair was a success from every standpoint. A thorough report with a list awards will be printed next week.

Dr. Ellis has just returned from Fort Worth, where he went to carry Arch McPhaul to a sanitarium for an operation for appendicitis. The Dr. reports that Arch stood the operation splendidly and had good hopes for his recovery, although he was quite weak when he left him.

A ball game between the school boys of Brownfield and Gomez Thursday afternoon, resulted in a victory for the Brownfield boys by a score of 12 to 0.

Mrs. Irene Cosby, of Lubbock is visiting her sister-in-law, Mrs. Chas. Copeland, this week and attending the fair.

Mr. and Mrs. Moody, formerly Miss Flora Robinson of this place, but who now reside in Sweetwater, are visiting M. V. Brownfield and taking in the fair.

Editor H. C. Crie, of the Lynn County News, of Tahoka, passed through here the first of the week of his way to New Mexico to carry his mother-in-law home. Good showers fell over the county this week that is pushing the grass quite lively.

L. B. Wright is pushing the Emerson line of buggies and Cokes Hot Blast heaters this week in Lubbock and it will pay you to know them up.

To Mr. and Mrs. Jesse on Sunday October 6th, a family of four.

J. T. Rogers and wife returned from a trip north.

Married

Sunday afternoon Rev. G. B. Overton performed the ceremony than united in marriage Mr. Volney Farris and Miss Ida Dickinson, both young people of the southwestern portion of this county. Mr. Farris is one of the county's promising young ranchmen and the young couple will make their home on the Farris ranch.

J. A. Barton, of the Grovesville community, was a pleasant caller at our office Tuesday and authorized us to send him the Avalanche. Mr. Barton reports a fine rain Monday afternoon and say his crop is good. His cotton is about the sorriest crop he has and he expects to gather a third of a bale per acre from that. He seems to be one of our best contented farmers and does not get discouraged at a dry year occasionally.

J. J. Murphy, the lumberman, of Crosbyton, was over Wednesday between trains. He accompanied his brother-in-law and sister, Mr. and Mrs. I. C. Rous, this far on their return trip to their home in East Texas, after visiting him a few weeks at Crosbyton. "Pat" is still the cheerful one of old and his many friends enjoy meeting him occasionally.

Jno. W. Cox, of Coleman, an old time friend and neighbor of J. C. Phillips, was here a day or so this week looking for feed. The price seemed to be too high for him and went in about Abilene to see if he could secure what he wanted at better prices. Large quantities of feed is being shipped out and the price is very satisfactory to the raisers.

S. P. Robbins, wife and baby left Wednesday for Athens, Texas, in response to a telegram announcing the very critical condition of Mr. Robbins' mother, who has been dangerously ill for some months.

Mrs. Mattie Brown, of Petersburg, was brought to the Lubbock Sanitarium Wednesday where she will remain for medical treatment a few days.

Mr. Griggs, resident engineer of the Santa Fe Ry. was here Wednesday from Texic and went over east on the afternoon train.

Oscar Meyers, of Crosbyton was over Monday for medical treatment at the Lubbock Sanitarium.

LUBBOCK, TEXAS, THURSDAY, OCTOBER 10, 1919

Filth and health does not dwell in the same town. It's your choice.

Cities have gained world-wide fame in one day through publicity. Lubbock should have more of it.

A clean city, even if it is a small one, has one good talking point anyway. Let's have a clean Lubbock.

The leaves will soon begin to fall. It will keep a large sized boy busy keeping the premises cleaned up Saturday's. It's a good place for the boy, however.

Holt Stokes has leased the Borden Citizen plant at Gall and will conduct that paper in the future. J. J. Good, the owner, will enter the Law Department of the State University.

A brother editor says that one trouble with this world is that there are too many people who will not cast their bread upon the waters unless they are assured that it will come back to them in a few days a full-grown sandwich all trimmed with ham, butter and mustard.

The Tulia Herald on the 26th issued a 32-page Special Edition, which it called "Tulia's Annual Fair and Exhibit Edition." It was a most creditable venture well gotten up and full of splendid reading matter and nice juicy advertisements. Webster certainly deserves the support of the people of that town for he has shown his ability to do great things for the town in turning out such a piece of work as that edition was in a town no larger than the capital of Swisher county.

If you are wise and properly equipped to take advantage of your opportunities as they present themselves, you will help boost and build the city, for your worldly wealth should increase in proportion to the growth of the community. Let's develop more of our landed interests.

Think not too much of the cost, for some things are necessary to the welfare of Lubbock regardless of the price. For instance, sidewalks, parks and playgrounds where the populace can find recreation close at hand.

STINGINESS

If there is anything on earth that gives us a longing for eternal rest and deep, damp solitude, it is a man who comes to a town or county, builds up a big, paying business, grows rich and then squats down on the gold like a hen on a door knob, and is too stingy even to let the gravels grind in his own big gizzard.

A real, genuine 18-karat, stingy, selfish man can't be honest, and if he ever gets to heaven and has wings, he will fold them up and walk for fear he will ruffle a plume or lose a tail feather. The kind of men who build up a town and country and enjoy life and make the best citizens, are the enterprising, energetic and liberal men, who believe in living and letting others live; and who does not, when they get a dollar, squeeze it till the Goddess of Liberty feels like she had on a corset. Such squeezing is what causes hard times and stops the circulation of the American Eagle. If it were not for our broad-gaged, enterprising men it would be impossible to build a prosperous city.

SOLVE THIS PROBLEM

What number divided by 11 leaves a remainder of 9 and divided by 9 leaves a remainder of 6 and divided by 7 leaves a remainder of 5 and divided by 5 leaves a remainder of 4?

The school child that brings the first correct solution of this problem to the Avalanche office will receive 25 cents, provided she or he does not get help to solve it. It must be returned by 1 p. m. Tuesday October 15th.

No town will grow whose people are untrue to it. Its citizens can either establish or destroy confidence in it. Whoever destroys it is an enemy to progress and a traitor to the community. If they deny it, do not invest their money in it, nor patronize its business establishments, they are surely killing it. The prosperity of a town depends chiefly upon the confidence the people have in it. For this reason you can come to Lubbock,

The Avalanche will in the near future photograph your premises and make a pen picture of it and don't blame us if a bunch of rubbish and weeds, knee high to a giraffe shows up in the yard. It's not our fault. Clean up.

Let's keep down contagious diseases this winter. Keep all public buildings thoroughly disinfected. School buildings, post offices, depots, hotels, court house and churches. They should have a thorough disinfecting at reasonable intervals.

COME TO TEXAS

Within the last week or two some shrewd booster's editorial has been going the rounds of the press calling attention to the fact that there are still a few unmarried women in Texas, and that, considering the fame of Texas women for beauty and all good womanly qualities, including obedience of wives to husbands, this should prove an incentive in attracting large numbers of America's best and richest bachelors to this state.

The foregoing, no doubt is one of the great attractions of the state, but there are others. A dispatch from El Paso says that 5,000 Mexicans had crossed the border there within ten days to help in the cotton fields of Texas. Judging from the reported uprisings in Mexico during the past two years, great must be the incentive to induce a Mexican peon to give up the attractions of revolution to come to this state to do real work. But the attractions do look rather enticing, as pickers are reported making \$5 to \$8 a day, which looks real good even to a Texas white man, and no doubt much better to the Mexican peon and his usual 30 cents per in gold.

Big cities from little towns will grow, providing, of course, the citizenship possess the proper conception of what makes for a larger and better municipality. A commercial organization is a school of development and a membership will equip you for greater undertakings. Lubbock should have an organization of this kind, and so long as we are without it we will stand still. Get busy!

NOT ONE MONEY EARNER IN 100

Realizes fully the real importance of Banking money. It helps to build up ones credit. It places you in line with the commercial class and gives you recognition in the community that you would not otherwise get.

CITIZENS NATIONAL BANK

An observing, levelheaded Lubbock farmer was heard to say: "When you pass a farm and see a large barn and a small house you may know the man is boss; when you see a fine house and a small barn you may understand that the woman has things her own way; and when there is a good barn and a nice house you may take it for granted that the woman and man are equals and work together in harmony."

Being "On the job" don't mean to merely sit around and look wise; jump in and lend a hand in promoting whatever you are supposed to be interested in. Help Lubbock grow.

CHICHESTER'S PILLS

One of our exchanges says: "I anybody can tell why all motor cyclists are always in a lickety split of a hurry to get anywhere and no-where, he will clear up a lightning mystery."

"Silence is bliss" does not apply to city-building. In order to grow and prosper you must receive nourishment. Publicity acts as a fat-producer in city development. Boost Lubbock.

Moles and Warts

Removed with Molesoff, without pain or danger, no matter how large, or how far raised above the surface of the skin. And they will never return, and no scar will be left, where the mole or wart was seated. Molesoff is applied directly to the Mole or Wart, which entirely disappears in about six days, killing the germ, leaving the skin smooth and natural. HANGING IN PENITENTIARY

Probably the First Time in History
Has Such a Thing
Happened.

Rawlins, Wyo., Oct. 2.—Details of the lynching of Frank Wigfall, the assailant of Mrs. Esther (Granny) Higgins, known as the "prisoner's friend" by the convicts of the state penitentiary here today while Sheriff Niels at the county jail was holding off a party of would-be citizen lynchers, may never be known.

The sinister threat, "the first man who squeals is the next man hung," silenced all the convicts and prison guards examined by the coroner's jury today. The jury gave up the task late this afternoon without learning anything.

Wigfall was placed in the county jail late yesterday for safekeeping after his capture at Fort Steele. When the mob surged about the jail early this morning the sheriff probably saved the prisoner's life by slipping him out unseen to the penitentiary nearby. Wigfall was placed in a cell which soon after, prisoners marching to breakfast, had to pass. As they filed by the negro made slighting remarks of his crime. Many of the prisoners remembered acts of kindness of "Granny" Higgins and the negro's remarks brought their anger to a pitch that soon resulted in his death.

With the mob of citizens at the jail outside clamoring for the negro, about 100 of the prisoners broke loose immediately after breakfast and made a dash for the negro, who also had been taken to breakfast. The guard was overpowered before he could thrust the negro into a cell and himself locked in the cell by the infuriated convicts.

One of the convicts produced a rope and while the others held the negro he tossed a half hitch over the negro's head and made the other end fast to the balcony rail of the cell house. The negro was tossed over the rail and the convicts marched back to their work.

Not until the cries of the imprisoned guard brought other guards, was the lynching known, to any except to those who took part in it.

Sunday night, Wigfall broke into Mrs. Higgins' house, chopping down a door with an ax. About dawn Monday he left her in a pitiful condition. A few hours later she crawled to a neighbor's house and told what had happened. Poses searched the hills all Monday night for the aged woman's assailant. Last night he was captured in an exhausted condition by a justice of the peace.

Card of Thanks

Through the columns of the Avalanche I wish to thank the friends and neighbors who so kindly assisted during the illness and death of my beloved husband, May God's richest blessings be with each and every one are the prayers of his stricken wife.

GIVE YOUR LIVER A FAIR CHANCE

Stop Drugging With Calomel; Dodson's Liver Tone, a Vegetable Liquid Medicine; Works Without Harm.

If your liver stops working it is a mistake to try to whip it into action with doses of calomel.

It's so much simpler and safer to cure your liver troubles with pleasant-tasting liquid, Dodson's Liver Tone. You can get a large bottle at the Red Cross Drug and Jewelry Company Store for fifty cents and every member of the family can use it. Dodson's Liver Tone is an all-vegetable liver medicine that starts the liver to act within a few hours and has no bad after-effects. No restriction of your habits or diet necessary.

Red Cross Drug and Jewelry Company guarantees it to be a perfect substitute for calomel and will give your money back if you are not pleased with the medicine.

Get a bottle instead of calomel next time.

It is said that an evangelist recently told the people of a neighboring town that if they wished to see the newspaper man of that place converted, the immediate payment of their back subscriptions was the first step to be taken toward the desired end. That's a good, practical suggestion. When a man walks into a printing office and planks down the cash for ten or fifteen years back subscription, he's got genuine dyed-in-the-wool religion, and makes a profound impression on the editor.

JUSTICE GRAHAM - RESIGNS

Hon. James A. Graham, Chief Justice of Amarillo Court, Resigns Job.

Hon. James A. Graham, chief justice of the Court of Civil Appeals for the Seventh Supreme Judicial District, yesterday afternoon forwarded his resignation to Governor Colquitt. About November 1, Judge Graham will remove his family to Brownsville, where he will enter the practice of law in partnership with Judge Pearce, one of the leading practitioners of South-west Texas.

Announcement of Judge Graham's resignation comes as no surprise, following announcement some weeks ago of his intended change of residence.

The naming of his successor by Governor Colquitt probably will take place within the next few days, as the nine months term of the Appellate Court begins here next Monday, October 7. No man is able to forecast Governor Colquitt's selection, of course, but the general prediction is that Judge Huff, chief justice elect will be named by the chief executive, and that with promptness.—Friday morning Amarillo News.

Perkins Gains in Recount

Rusk, Tex., Oct. 2.—The contest case between James L. Perkins, contestant, and L. D. Guinn, contestee, is being tried here before Judge Simpson of the Tyler district. Neither Judge Perkins nor Mr. Guinn are present in person. Judge Simpson held that under the circumstances the service was sufficient. The ballots are being recounted in the court room. According to the official returns of the election of officers Guinn had a majority in the district of 16.

Votes cast in Cherokee county have been recounted, resulting in a gain of 49 votes for Judge Perkins. In one of the Alto boxes the election managers had certified the vote to be for Perkins 124 and for Guinn 102. The recount by the court gives Perkins 141 and Guinn 82. The ballots cast in Angelina and Nacogdoches counties have been brought here and will be recounted.

Fancy Price for Cattle

Roswell, N. M., Oct. 2.—Lon Cottingham, a well-known cattleman of this place, has just disposed of a herd of 1,100 fancy Hereford cattle to R. Scott Cochran of Lubbock, Texas. He received what is declared by stockmen here to have been the highest price ever paid for New Mexico ranch cattle. The price paid was \$63 per head for milk stock and \$35 per head for the dry stock.

Don't blame the newspaper man for what happens in the community. If there is anything in the life of a place that you do not wish to go abroad in the world, blame yourself that it exists—not the paper for saving something about it. It is the editor's duty to make a typographical photograph of the town each week, and if you take a homely picture don't kick the instrument, but try and get a better expression on your face the next time.

Don't forget that two mile parade of the Kit Carson Buffalo Ranch Show. Get up town early and get a good place as our streets will be crowded. There will be people here for thirty miles around Lubbock, Oct. 12. 14 11p

More Economical Both in Use and Cost CALUMET BAKING POWDER

— And it does better work. Simply follow your customary method of preparation — add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised — the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer to-day.

World's Pure Food Exposition, Chicago, Ill. Paris, Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical — more wholesome — gives best results. Calumet is far superior to your milk and soda.

A daring and bold attempt was made last Friday night to blow up and rob the postoffice at Ovalo. The party or parties who made the attempt were evidently scared off and afterwards lost their nitroglycerin or else lost it before entering the building and when it came to pouring in the "dope" it had been lost and the job had to be abandoned. This is the commonly accepted theory, as an entrance had been affected and the safe "soaped" and made ready for the explosion and then left for some reason or other.

BY MRS. D. ROBINSON

24-42 CLUB

The 24-42 Club was delightfully entertained by Mesdames Kimbro and McWhorter at the home of Mrs. Kimbro, Oct. 4th. There were two tables and fifteen games played. Mrs. Dolph Robinson winning 12. Chicken salad, pickles, crackers, potato chips, tea, cream and cake were served to the following ladies: Mesdames Norton, Taylor, Sowder, Baugh, Bledsoe, Wilson, Griffin, J. O'Neal, Woodbridge, D. Robinson, Cosby, Simeon O'Neal, Royalty, Rankin, Downing, Chase, Cate, Wright, Davidson, Robbins, Thomas, Benson, Spencer, Ellis, Sanders, McGee, Lottspeich, Chapin, Jim Robinson.

Quite a jolly crowd met at the home of Mrs. Boerner, who assisted by Mrs. Posey entertained the 1911 Needle Club, Oct. 4.

Nearly every kind of work known in the needle art was exhibited. Refreshments of tomato salad, peanut butter, sandwiches and tea were served to those present, who were Mesdames Spencer, Wilson, Barclay, Norton, Robbins, Palmer, Griffin, Brown, Farris, Ballinger, D. Robinson, Chapin, Stone and Johnson.

The club will meet next with Mesdames Robbins and Johnson at the home of the latter, at 3 o'clock, Oct. 17.

The Eastern Star will hold its regular meeting the third Tuesday night in October.

The Traveling Study Class organized Tuesday at the home of Mrs. R. A. Barclay, on West Broadway. A full attendance of the membership was present. The ladies were assigned their topics and will meet again Saturday, Oct. 19th, at the home of Mrs. Barclay. This meeting bids fair to be the largest in the plains section. The literature used will be Progressive History and Spoddard's Lectures.

1911 NEEDLE CLUB

The 1911 Needle Club met at the home of Mrs. Fred Boerner Thursday, Oct. 3, with Mesdames Posey and Boerner as hosts.

A very pleasant afternoon was spent in the usual chat and needle work. There being two vacancies, Mesdames Joe Penney and Temple Ellis were unanimously elected to membership in this needle club.

After a short business session delightful refreshments of sandwiches and tea were served to the following ladies: Mesdames Robbins, Ballinger, Palmer, Stone, Brown, Spencer, Wilson, Norton, Griffin, Barclay, Robinson and Johnson.

42 CLUBS ENTERTAINED

Mesdames H. T. Kimbro and B. O. McWhorter entertained the 24-42 Club and the Thursday 42 Club at the home of Mrs. Kimbro, Thursday, Oct. 4th. This was one of the most delightful parties it has been the good fortune of the members of these clubs to enjoy for some time.

Fifteen games were played. Mrs. D. Robinson winning high score. About 5:30 o'clock, a two-course luncheon was served consisting of salad, pickles, crackers, tea, ice cream, and cake. A short business session was held and Mesdames Roscoe Wilson and S. P. Robbins were elected as members of the 24-42 Club.

Those present on this occasion were, Mesdames Colby Thomas,

W. S. Norton, Fred Boerner, John Penney, W. B. Powell, J. S. Johnson, H. A. Davidson, Simeon O'Neal, M. Merrill, N. R. Porter, W. E. Robinson, C. A. Rush, L. B. Rankin, Jim Chase, W. A. Wheelock, R. A. Sowder, W. D. Benson, Griffin, Jim Robinson, Ledell Priest, Baugh, Van Sanders, and Lottspeich, Visitors, those not playing, Mesdames Lane, Barclay, Lindsey, Chapin, and Atkins.

Mesdames Kimbro and McWhorter were assisted by Misses Wilhemina Harrington, of Plainview, and Bernice Kimbro.

On the evening of Sept. 27th, at the elegant home of Mrs. Theo. Summers, the Twentieth Century Club entertained in honor of the new members.

Each guest wore pinned on his person some sign of their hobby and the first half an hour was spent in guessing these.

Miss Huff favored the party with some of her most charming music, and then all gathered around the piano and sang old time songs.

Mr. Ray Showalter gave a reading in his usual pleasing manner, which all enjoyed.

Refreshment consisting of chicken sandwiches, cheese balls, pimento and grape jelly, oyster patties and hot coffee were served by the young ladies of the club.

Those present were, Mesdames E. R. Haynes, Sowder, Priest, Collins, Summers, Frazer, Davidson, Spencer and their husbands, Mrs. Crossett, Misses Robinson, Rouse, Word, Rucker, Huff, Burns, McCrummen, Crump, Klett, McChesney, Nevels and Crossett, and Messrs. Lester, Klett, Symes, Edward McCrummen, Richard McCrummen, Clayton, Crump and Showalter.

The Twentieth Century Club declare Mrs. Summers a most gracious hostess.

Rev. Arbuckle Popular

The First Baptist church of Taylor which last week issued a call to the Rev. John A. Arbuckle has received a letter from him declining to accept the call. Rev. Mr. Arbuckle was for nine years pastor of the Taylor Baptist church, and was one of the best beloved ministers Taylor ever had. His declination of the call back will be a source of deep disappointment to not only the church but to the people generally of Taylor. In his letter he stated that Taylor was the most beloved spot on earth to him, but that duty called him elsewhere. He recently quit the Lubbock Baptist church to return to the Haskell Baptist church, where he was also formerly pastor. Three former pastores were calling him back at the same time—Haskell, Cameron and Taylor.—Taylor Daily Democrat.

J. E. Porter, of Lynn county, a cousin of N. R. and H. K. Porter, of this city, representing L. N. Dalmont's Nursery, was here this week and was a pleasant caller at our office. He has been over a great portion of the South Plains country and says there is an immense amount of feed crops in his territory.

Mrs. John Lemond, of the C. C. Slaughter ranch in Cochran county was here Saturday and boarded the train for Crosbyton to visit relatives.

J. H. Redding returned Saturday from a business trip to points east.

BOY BADLY INJURED

Nine Year Old Son of S. A. Kard of 10 Miles South of Town Kicked by a Horse.

The nine year old son of S. A. Kard, who lives ten miles south of Lubbock is in the Sanitarium at this place with a frightfully bruised face as the result of a severe kick by a horse Sunday. The right jaw bone is badly shattered and all the teeth on that side of his mouth are knocked out and his cheek bone badly disfigured.

He is resting as possible under the circumstances and it is expected that he will recover in due time. The accident, however, will leave its mark on him, as the condition of the wound is such that the natural shape of the face cannot be restored.

It seems it was the old gentle buggy horse that had helped raise the family that played traitor in this instance and became unruly while being driven to the buggy and began kicking which resulted as stated above.

NEW SUNDAY SCHOOL

People Organize Sunday School at the Carlisle School House

Last Sunday afternoon a new Sunday school was organized at the Carlisle school house and the following officers and teachers were selected:

J. A. Medlock superintendent.

Mrs. J. L. Tubbs, secretary and treasurer.

Teachers: Mrs. E. L. Beard, Mrs. J. H. Bryan, Miss Sallie Jones, Miss Lucy Tubbs.

This will be a great convenience to the people of that community as we understand the school house is centrally located and none of the members will have to travel over three or four miles to attend.

The school will meet in the afternoon of each Sunday and with the above list of officers and teachers we predict a live progressive school.

GOV. ISSUES PROCLAMATION

Colquitt Indicates Matters to Be Voted Upon November 5th in State Election

Large posters containing Gov. Colquitt's official proclamation for the National and State election on Tuesday, November 5th, have been received by the county authorities for posting as bulletins in public places. The proclamation fails to make mention of the State Senators to be elected in certain Senatorial districts where vacancies have occurred since the general primaries.

The proclamation declares the election to be for the purpose of selecting twenty electors for the election of a President and Vice President, for the election of sixteen Congressmen and two Congressmen-at-large, for the various State officials, from the Governor down; for State Senators from Districts Nos. 2, 3, 4, 5, 8, 10, 11, 12, 15, 16, 20, 21, 26, 28 and 31; for the election of District Judges for the seventy-three districts of the State, with the exceptions of Nos. 30, 31, 33, 36, 39, 40, 44, 45, 46, 47, 58, 68, 69 and 70; for the election of the Judge of Criminal District Court No. 2 at Dallas. The proclamation erroneously includes Criminal District Court No. 2. It also provides for the election of the various District Attorneys, for a Criminal District Attorney for Harris county and for other officers provided under the Constitution and laws of Texas as elective every two years.

The proclamation also orders that certain constitutional amendments shall be submitted to the voters. The first is an amendment to Sec. 5, Art. XI, which provides that cities over 5,000 inhabitants may adopt their charters by majority votes, subject to certain laws and restrictions, and placing certain restrictions upon tax levies. The second provides that Art. XVI shall add a section, to be known as Sec. 59, creating the office of Prison Commissioners and making the terms of office of the members of the Board of Prison Commissioners appointive to fill overlapping terms of six years each. The third amendment is to provide that the terms of the members of the Board of Regents of the University of Texas and of the boards of trustees or managers of the educational, eleemosynary and penal institutions of the State shall be elected for sixty-year terms, overlapping so that not more than one-third shall expire in any one year. The fourth proposed amendment is to provide that Sec. 51, Art. III, shall be so amended as to authorize the grant of aid to indigent soldiers and sailors of the Confederacy and their widows. Each amendment proposed has placed after it full directions for voting upon it.

M. E. CONFERENCE NOV. 6

Will Be Held at Abilene in St. Paul's Methodist Church.

The Abilene Reporter says: "The Northwest Methodist conference will meet in Abilene on Wednesday, Nov. 6th, and will continue in session perhaps until Monday night, though it may close Sunday night, November tenth.

"The sessions of the conference will be held in St. Paul's Methodist church and on Sunday morning as is customary the pulpits of the various other denominations will be turned over to the visiting preachers, many of whom will be among the ablest and most eloquent ministers in the state.

"Bishop J. A. Atkins of Waynesville, N. C., will be present and preside over the deliberations of the body during the sessions of same. There will be about three hundred and fifty visitors in the city upon this occasion, and, as it has been a long while since Abilene entertained this body, it is looked forward to with a great deal of interest by our citizens regardless of their denomination or religious belief.

"In addition to the many preachers who will honor Abilene by their presence on this date, a great many distinguished visitors and laymen will take advantage of the opportunity to visit Abilene and the far-famed west.

"Committees will be out next week seeking and securing homes for the visitors who will be present and let everyone be prepared to do their part in their entertainment.

"The matter of entertainment will be taken up at the next Pastors' Association meeting to be held within the next few days, and it is expected that Abilene will extend her usual wholehearted hospitality."

Eugene Wofford went to Crosbyton this week to do some tin work on one of the new buildings there.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and it cures the disease in a quick and reliable manner. It is a blood purifier and a blood tonic. It is composed of the best blood purifiers, combined with the best blood tonic, acting directly on the blood. It is the perfect, constitutional remedy for the two ingredients is what produces such wonderful results in curing catarrh. Send for testimony free.

GOOD MAIZE YIELD

South Plains Crop is Good—What one Acre and a Quarter Produced.

To our knowledge, the best yield of maize yet reported in the Pandhandle, in Texas, in the Southwest, or in the world was harvested last week from an acre and a quarter on Mr. R. F. Alley's place, one-half mile west of town, the yield from which was 175 bushels, or over one hundred bushels per acre.

This tract is one planted by Mr. Alley to take down some prize money offered by the Texas Commercial Congress; and he will, undoubtedly, take the prize. The realization of this magnificent yield is a triumph for this country of no little importance. It shows what a live man can accomplish with Hale County soil under the proper methods of culture and with just a little water applied at the right time. It's enough to excite the imagination of any man, and cause him to get out his pencil when he considers that 100 bushels represent 7 tons and that maize is selling at a minimum price of \$15 per ton. Whew! \$75 an acre, and that from soil that is selling from \$25 and \$30 dollars an acre.

Much has been said, and truthfully said, about alfalfa on the Plains; but we want to say now that a kaffir or maize-crop, the soil having been properly prepared and supported by a good irrigating plant, will produce more revenue per acre than any alfalfa crop in the country, planted and nurtured under similar or even better conditions. Furthermore, it is practically impossible for kaffir and maize to fail in this country under the proper care. Why, because they are adapted to the country, are drought-resistant crops, and consequently require less care and water than alfalfa. Alfalfa is alright, but we'll take ours in just common, old-fashioned kaffir and maize.—Hale Center Live-wire.

Judge W. R. Spencer has returned from District Court duties in Lamesa and is spending a few days at home awaiting the arrival of the court date for Plains, which is next Monday.

ABILENE WANTS COURT HOUSE

A Number of Citizens Want New Building and May Bring on County Seat Fight

Abilene, Tex., Oct. 5.—There is a movement on foot among some of the citizens of this county to build a new court house. The old court house is crumbling and inadequate for the needs of the county. District Judge Thomas L. Blanton, is prominent among the advocates of a new structure. It is believed by many that a movement to build a new court house will precipitate a fight to move the court house. A number of the towns in this county along the Santa Fe railway have asserted their candidacy for the county seat; however, more than one-third of the voting population of the county reside within the city of Abilene and it will be difficult to make a change.

Let's Have It

Reprinting the article in the Slatonite about the need of a good auto road between Post and Lubbock, the Post City Post comments on the project, saying:

"This road should be built by all means. It would be of inestimable value to these towns as well as a great inducement for the Denver route to come this way. Let's get together and build it."

Agitate it until we can get the proper officials to take it up.—Slatonite.

The Texas Penitentiary System

By Will H. Mayes.

The laws of Texas now very carefully guard the rights of prisoners, granting many opportunities and privileges not formerly accorded them. These laws, under which the penitentiary system is now operated, were adopted in September, 1910, and became effective January 20th, 1911. Following the penitentiary investigation ordered by the thirty-first legislature. They largely embody the recommendations of the investigating committee, and while probably needing some amendments, they, in the main, carefully safeguard the interests of the prisoners and of the state; the changes needed being only such as might, naturally be expected to follow a first serious attempt at reforming the penal system of a state. Whatever changes may be suggested will be treated in another article, the purpose of this being merely to acquaint the public with the laws that now govern the system, as they affect the personal rights and privileges of prisoners.

After conviction, prisoners must be taken without undue delay, by the sheriff of their respective counties, or by penitentiary agents, direct to the Huntsville penitentiary. Each is required to make a statement giving a brief history of his life, where he has resided, names and postoffice addresses of his immediate relatives, and such other facts as will tend to show his past habits and character. This statement is verified or disproved by correspondence, and is filed for future use. The prison physician makes a thorough medical examination of the prisoner, which is certified to the commissioners, photographs are taken, his description is attached to these and Bertillon measurements are taken. The prisoner is then, according to sex, color, age, height and knowledge, assigned to work within the walls, or outside it being the policy of the commission to assign each one to the work to which he or she may be best adapted, and where the services may be most needed. A prisoner when received is carefully searched, and if any money is found on him, or is received by him afterwards it is taken in charge, placed to his credit and expended for his benefit on his written order under such restrictions as may be prescribed and it is made a felony for any officer or employee, having in charge a prisoner's money, to misappropriate any part of it.

Prisoners are classified. In the first class are included young men, first offenders, those appearing to be corrigible, or less vicious than others, and likely to observe the laws and to maintain themselves by honest industry after their discharge. In the second class are included those appearing to be less corrigible, or more vicious, or more content to work and reasonably obedient to prison discipline and who will not likely interfere with the labor or conduct of those with whom they may be employed. In the third class are the incorrigibles, those who are insubordinate to prison discipline, or vicious, and who interfere with the labor and moral development of those with whom they come in contact. The prison commission makes rules for the promotion and reduction of prisoners from one class to another as each may deserve. The prisoners in each of these classes must be kept, as far as practicable, in different, or separate, prisons, or upon separate farms.

Stripes and checks have been abolished, except for third class prisoners, except as a mode of punishment for the violation of prison discipline. The law has abolished whipping, except as to prisoners of the third class, who cannot be made to observe the rules by milder methods of punishment. These cannot be given more than twenty lashes on the bare rump and thighs with a leather strap, not over two and a half inches wide and twenty-four inches long, attached to a wooden handle. No convict can be whipped until whipping has been authorized by at least two of the members of the prison commission upon their written order, such order to be executed in the presence of the prison physician who must make a report to the commission, which shall always be open for public inspection. This report must state the name of the convict whipped, the number of strokes administered, the size of the strap used, the time and place of the whipping, and in whose presence it was done, and the cause for the whipping. The penitentiary commission must make a semi-annual report of the whipping of convicts to the district judge of the county where whippings are done, and the grand jury is authorized to make investigations and return indictments where whippings have been done in violation of the law. The utmost care must be exercised by those administering the whippings not to break the skin. Anyone guilty of administering more lashes than twenty, or whipping a prisoner except as provided by law, or of striking a prisoner except in self defense, may be fined and imprisoned and dismissed from the service. At the request of Governor Colquitt the commissioner has abolished the use of the strap entirely, and prisoners in Texas are not now whipped.

White and negro prisoners are not worked together when can be avoided, and they are kept separate when not at work.

The prison commission is required to provide as soon as practicable at each prison and farm, schools for instruction of the prisoners in the elementary branches of English and in industrial education, and such other instruction as they may prescribe, providing also recreation, including music, at reasonable hours. Books are furnished the prisoners for reading and a circulating library is maintained.

Regular religious services by prison chaplains are provided for each prison and farm at least twice a month, the chaplains

devoting their entire time to the religious training of the prisoners and to teaching.

The prison physician, and in his absence, the matron, has the authority to say whether the physical condition of female prisoners is such that they can perform any physical labor. The female prisoners are kept on a separate farm, the whites and blacks in separate buildings, with matrons in charge, who are required to look after the welfare of these prisoners and to live at the places where they are kept. Only married men, who must live with their families in houses provided by the state near the prisons, are employed as guards.

Every prisoner who becomes entitled to a diminution of his sentence by good conduct receives ten cents a day for the time said prisoner is confined in prison, but when a prisoner forfeits any part of his good time by misconduct or violation of prison rules, he forfeits out of the compensation allowed him twenty-five cents a day for each day of such good time forfeited. When a prisoner has a family or relatives within the second degree of consanguinity, or affinity dependent on him, these savings are paid to such of them as may be designated by him, or if he has no such dependent relatives the amount is paid to him on his discharge from prison. The attorney general has ruled that a lifetime prisoner can not be paid this compensation.

Prisoners are required to work only ten hours a day, except in cases of extreme and unavoidable necessity, when they are paid ten cents an hour for overtime. The ten hours includes the time spent in going to and from the work, and prisoners are not required to travel faster than a walk. No greater amount of work shall be done by a prisoner than his physical health and strength will permit, nor can any prisoner be placed at any labor when the prison physician pronounces him unable to perform such labor.

Except in extreme cases, Sunday labor is not permitted, and when it is required, prisoners are allowed one dollar per day for each Sunday's work performed.

Prisoners who are found by the prison physician to be in such bad health as to require removal to another place, must be removed on the physicians recommendation.

Suitable clothing of substantial material, uniform make and reasonable fit, and substantial and comfortable footwear are furnished the prisoners. All must wear the clothing furnished by the commissioners, except in cases of meritorious conduct, when the commission may allow the wearing of citizens underwear.

The prison food must be plentiful and wholesome and served in a way that tends to elevate the prisoners. The bill of fare for each week must be posted in the dining room, and a copy is sent to the commissioners. Prisoners are not allowed spirituous, malt or vinous liquors except upon prescription of the physician, and gambling is not permitted.

When a prisoner dies, if he is known to have any relatives

The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight because they have putty joints.

Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned.

Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.

within the third degree, they are informed of his death by wire, and if they claim, or will take charge of his body, it is embalmed and shipped to the relatives at the expense of the state. If the commission does not know the address of any such relatives, the prisoner is decently buried in citizen's clothing and the grave marked by a stone with the name of the prisoner, date of death and age, if known, inscribed on the stone, notice being sent to the county judge of the county from which the prisoner was sent to prison. The prison commission must keep a record of the deaths of prisoners. The nearest justice of the peace must be notified of the death, and this officer must hold an inquest, forwarding the evidence and findings to the district judge of the district in which the death occurred, and the judge must, if there is any suspicion of wrong doing, have the grand jury investigate the death.

Capable physicians of not less than two years' experience are employed to look after the health of the prisoners, these physicians being required to make full and complete monthly reports to the commission, stating the name, race, age and sex of prisoners treated by them, the malady or disease with which each is afflicted, wounds or injuries inflicted, if any, their

nature and extent and how received, together with all information that they may possess relative to each case. This report must be sworn to, and the making of a false report subjects the physician to prosecution for perjury.

Dentists are also employed to visit the prisons regularly and care for the teeth of the prisoners.

The Governor, and all members of the executive, legislative and judicial departments of the state may visit the prisons at their pleasure and talk to prisoners apart from any other persons as they may desire. Others may visit prisoners under regulations prescribed by the commission.

The prison commission, with the consent of the governor, may work prisoners on public works of the state, or a subdivision of the state, whenever some calamity prevents them from being worked inside the walls, or on the prison farms, but when so worked the humane provisions of the law must be strictly complied with.

To encourage prison discipline, distinctions may be made in the treatment of prisoners so as to extend all who are orderly, industrious and obedient, comforts according to their deserts, the rewards to consist of relaxation of prison rules, and social privileges not inconsistent with the prison discipline. Commutation

for good behavior is made as follows: Two days per month off the first year of sentence, three days per month off the second year, four days per month off the third, five days off the fourth, six days off the fifth, seven days off the sixth, eight days off the seventh, nine days off the eighth, ten off the ninth, fifteen off the tenth and all succeeding years of sentence. Sustained charges of misconduct, escapes, etc., subject the prisoner to a loss of all or part of his good time.

Certain classes of prisoners may upon certain conditions and restrictions be paroled, after two years' service in the penitentiary upon recommendation of the prison officials, all paroles being subject to the approval of the governor.

A discharged prisoner is furnished a certificate of discharge, a decent outfit of citizen's clothing of good quality and fit, two suits of underwear, five dollars in money in addition to any to his credit, and railroad transportation to the nearest depot from which he was sentenced or to any point in the state designated by the prisoner.

The next article in this series will discuss the treatment of prisoners under the present laws.

LYNN COUNTY

MILLER-GILMORE

Mr. Paul Miller and Miss K. Gilmore, both of Tahoka, were quietly married Monday night at the home of Mr. and Mrs. W. C. Cowan, on West King street, Rev. R. J. McElrath officiating.

Mr. Miller is one of Tahoka's busiest cotton buyers, he is a favorite among all the young people and numbers his friends by his acquaintances, which are many.

Miss K. is one of the primary teachers of the Tahoka Public School. She is highly accomplished and very beautiful, and has a host of friends who wish her much happiness as she trods the way of life with her chosen companion.

Miss Ruby Black, who has been home several weeks, left Tuesday morning for Crosbyton where she goes as stenographer to an abstract firm.

Grandpa Donaldson of Moody, came in Friday evening of last week to see his sons. He arrived at the home of John Donaldson in Tahoka and spent a couple

of days. He went home with Charley Donaldson and will spend several days with him, after which he will return to Tahoka for a few days.

GARZA COUNTY

Work on the cotton mill is moving along rapidly now. An immense amount of machinery has already arrived and being placed and more is being received almost daily and will be set up as fast as the buildings are made ready. Construction work is now being pushed energetically and the immense structures are rapidly nearing completion.

Mr. and Mrs. R. C. Hampton left this week for Slaton where they will make their home in the future.

Stockton Henry returned from Lubbock last week.

On the morning of Sept. 29th at the home of Mrs. Mrs. M. B. Sterrett, Snyder, Texas, a pretty wedding was solemnized, when Mrs. Sterrett gave in marriage her daughter, Belle, to Mr. Horatio Gano Fairbanks, of Post City, Rev. Hunt officiating. Preceding the ceremony, Mrs.

Orlando Hardy sang "I Love You Truly," accompanied by Miss Lorena Fairbanks sister of the groom.

Last Sunday the southern and southeastern parts of Garza county were visited by an excellent rain. Sunday night a norther blew up and Monday overcoats were comfortable.

CROSBY COUNTY

Rails has received up to the time we go to press 35 bales of cotton.

Miss Dollie Reagan is suffering an attack of typhoid fever, which we are very sorry to note. The little daughter of C. M. Presley and wife, is threatened with blood poison.

Cotton pickers are in demand throughout the Ralls country. We understand a good price is being paid.

Mrs. Nieman went to Lubbock Tuesday for the purpose of having her eyes treated.

Mr. H. C. Pearson, that old-timer of Crosby county, and by the way, one of the first merchants of Lorenzo, was in our city, Tuesday, and informed us that Lorenzo is still growing and that he and Polk Smallin had seen fit to open up a drug store. The name of the firm will be Pearson & Smallin and the store will be known as the Lorenzo Drug Store.

A. D. Matheny, who has been with the Review for nearly a year, leaves for Arkansas this week where he will be in business for himself. Good luck to him, he is worthy of the best.

Duck shooting is fine on the Plains at this time, about a million in Crosby county and they need shooting the farmers say for they are raiding the grain fields.

DAWSON COUNTY

It is now generally understood here that the suit of T. J. O'Donnell vs. Santa Fe Railway Co., about which we have heard so much, is to be tried at Sweetwater during the November term of district court.

O. E. McCaslin, local manager for Higginbotham, Harris & Co., has been away much of the time lately, buying cattle for the firm to be placed on their upper ranch. About \$75,000 was paid for the cattle bought.

Lumber has been placed on the ground for an addition to the J. J. Lindsey building now occupied by the Curlee dry goods stock. The building is to be enlarged, a plate glass front put in and will be otherwise improved for occupancy by the Stark Drug Co.

Up to Wednesday night there were 114 bales of cotton ginned

here. The damp weather during the past week interfered somewhat with picking and the staple was slow coming in.

YOAKUM

It has been deemed advisable to postpone the commencement of work on the church building for a month or two, until after the meeting of the annual conference, which will be in November. The action is taken for the reason that the building committee expect to get aid from the Church Extension fund which will have to be applied for at conference, and for the further reason it will give time to collect the unpaid subscriptions, and all taken together will probably be funds sufficient to complete the building.

Jas. W. Hoppes returned from Lubbock this week where he went after freight. While away we heard of him giving the school land proposition, now so prominently before the people, a great deal of publicity, which we are glad to note.

Scott Wolfarth and family of Lubbock, passed through Plains this week moving to New Mexico. Scott has filed on land near John Beal's, his father-in-law, where he will make his home.

R. S. Harris and Thurman Fisher returned from Lubbock Tuesday where they had been after freight for the Bronco store.

The Fifth Sunday Baptist meeting closed last Sunday night and a very interesting time was had. The next fifth Sunday meeting includes the fifth Sunday in December and will be held with the Baptist church at Brownfield.

The Missionary Board will hold its next meeting in Brownfield on Wednesday night before the fourth Sunday in October. The board consists of Rev. B. F. Dixon, chairman; Rev. J. R. Balch, Secretary; Rev. J. R. Miller, H. H. Herring, Tahoka; R. M. Clayton, Lubbock; J. W. Welch, Brownfield; W. B. Edwards, Tahoka; W. B. Florence, Slaton, and R. H. Timmons, Meadow. It is said that there is not likely to be any changes in the work of the preachers in the association in the near future, except to call a preacher to take the Brownfield work, as Rev. J. W. Thomas notified the board, while in session here last week, that he has concluded to leave the field. Rev. B. F. Dixon has had an urgent solicitation to become pastor of

the church at Post City, but he says he is satisfied with the work he now has in hand and expects to remain in Plains.

Word reached town yesterday afternoon that the Texas, Gulf & Northern railroad surveyors had reached Mr. Walter Lupton's place, about ten miles southeast of Plains. Should the survey go on a direct line north from Mr. Lupton's place, it will cross Sulphur. Draw several miles east of Plains, probably about the W. C. Terrell place.

GAINES COUNTY

M. W. SIMS DIED

M. W. Sims, a former citizen and business man of Seminole, died at the home of his sister, Mrs. J. A. Cooper, of Graham, on the 23rd of September, at 6 o'clock p. m.

Mr. Sims had been a long and patient sufferer of the dreaded disease tuberculosis, and it had been known for several months that he had no chance of recovery.

Mr. Sims was for several years a citizen of Seminole and was connected with the dry goods firm of Williams Bros. and Sims. The news of his death was received with keen regret, as he had many personal friends throughout this country.

TERRY-BRUMLEY

Mr. Will Terry and Miss Ola Brumley, of the Logsdon community, were married on Thursday evening, September 26th, 7 o'clock, at the home of the bride's parents, Mr. and Mrs. G. R. Brumley, Rev. C. H. Ledger officiating. The wedding was a quite home affair only a few friends and relatives of the contracting parties being present.

Mr. Terry is one of Gaines county's promising young cowmen and the bride is the beautiful and accomplished daughter of Mr. and Mrs. G. R. Brumley. The Sentinel joins the many friends of this happy couple in wishing for them much happiness and success.

Stuckert, deceased, the names of said heirs being unknown, to appear at the next regular term of the district court of Lubbock county, Texas, to be held at the court house thereof, in the city of Lubbock, Texas, on the second Monday in November, 1912, the same being the 11th day of November, 1912, then and there to answer a petition filed in said court on the 27th day of August, A. D. 1912, in a cause numbered on the docket of said court, No. 669, wherein J. K. Caraway is plaintiff, and Benjamin H. Stuckert, deceased, and Benjamin H. Stuckert, deceased, are defendants, plaintiff's cause of action, briefly stated, is as follows: "Plaintiff sues all the defendants in trespass to try title for the title and possession of survey No. 7, in block E2, certificate No. 55, B. & B. in Lubbock county, Texas, patented to Samuel Tinley, Jr., by patent No. 29, volume 31, containing 640 acres; plaintiff alleges his chain of title as follows: The patent from state to Samuel Tinley, Jr., above set out; deed from Samuel Tinley and wife to E. M. Powell and E. L. Gage; deed from E. M. Powell and E. L. Gage to Benjamin H. Stuckert; deed from W. M. Lay, tax collector, to T. J. Murnane; deed from W. M. Lay, tax collector, to Chas. Archer; deed from Chas. Archer to T. J. Murnane; deed from T. J. Murnane to J. B. Mobley; deed from J. B. Mobley to F. E. Wheeler; deed from F. E. Wheeler to J. K. Caraway. Plaintiff alleges that he and those under whom he holds, have had and held peaceable, adverse and continuous possession, under title and color of title, from and under the state of Texas, the land above described for more than three years next after the accrual of the cause of action of the defendants, and for more than three years before the filing of this suit. And further alleges that he and those under whom he holds, have had and held peaceable, adverse and continuous possession of the land above described, cultivating, using and enjoying the same, under deed and deeds duly registered, paying all taxes due thereon for more than five years after the accrual of the cause of action of the defendants, and for more than five years before the filing of this suit. And plaintiff further alleges that he and those under whom he holds, have had and held peaceable, adverse and continuous possession of the land above described, cultivating, using and enjoying the same for a period of more than ten years before the filing of this suit, having taken and held said land under a written memorandum of title, specifying the boundaries thereof, dated April 2nd, 1901. Prayers that all the defendants be cited to appear and answer the petition, and for title and possession of the land sued for, and that the title by limitations be established, and for all other relief, special and general.

You are hereby further commanded to serve this citation by publishing the same once each week for eight successive weeks previous to the return day hereof in a newspaper published in Lubbock county, Texas; but if there be no newspaper published therein, then in a newspaper in the nearest county where one is published.

Herein fail not, but have you before said court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Witness, J. A. Wilson, clerk district court of Lubbock county, Texas.

Given under my hand and the seal of said court, at office in city of Lubbock, Texas, this the 27th day of August, 1912.

Citation By Publication

To the sheriff or any constable of Lubbock county, Texas, greeting:

You are hereby commanded to summon the unknown heirs and successors of the estate of James G. Burke (deceased) by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county if there be a newspaper published therein, but if not, then in any newspaper published in the Seventy-second judicial district, but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said seventy-second judicial district, to appear at the next regular term of the district court of Lubbock county, Texas, to be held at the court house thereof, in Lubbock, Texas, on the second Monday in November, A. D. 1912, the same being the Eleventh day of November, A. D. 1912, then and there to answer a petition filed in said court on the Twenty-fourth day of May, A. D. 1912, in a suit, numbered on the docket of said court No. 662, wherein Ed McCarthy is plaintiff, and the unknown heirs and successors of the estate of James G. Burke (deceased) are defendants, and said petition alleging that heretofore to-wit, on or about the 8th day of September, 1909, James G. Burke who was a resident citizen of Galveston, Texas, died intestate in said Galveston, Texas, and his estate was duly administered in the probate court of Galveston county, Texas, and said administration was closed on or about the 24th day of September, 1909.

That during the pendency of said administration, there was awarded unto the firm of Weeks, McCarthy & Co., a co-partnership firm of said Galveston, Texas, their claim and demand against said estate, in the sum of two hundred and twelve & 25/100 dollars, upon which the administrator paid the sum of \$107.57, leaving a balance due upon said claim, of the sum of \$104.63. The said claim is unpaid and is long past due, and is now the property of this plaintiff by virtue of assignment from the former owner and holder thereof.

That during the pendency of said administration, there was awarded to Sue E. Baker, her claim against said estate, in the sum of three hundred and ninety-eight & 68/100 dollars, upon which the administrator paid the sum of \$202.48, leaving a balance due upon said claim, the sum of \$195.52. The said claim is just is long past due and is unpaid and is now the property of this plaintiff by virtue of assignment from the former owner and holder thereof.

That a transcript of said judgment and claim, was duly filed and recorded in the clerk's office of Lubbock county, Texas, on the 6th day of May, 1912, and thereby became a lien upon the real property of the said James G. Burke, deceased, which is situated in said county, and in Cochran county, Texas, which is attached to Lubbock county for judicial purposes.

That at the death of said James G. Burke, he was the owner in fee simple of the following lands to-wit:

Leagues Nos. 133, 134, and 135, of Armstrong county school lands, situated in Cochran county, Texas, and more fully described in the deeds of Armstrong county, to G. T. Oliver, bearing the date October 3, 1891, recorded in book No. 1, pages 253-254-255 in the office of the county clerk of Lubbock county, Texas, to which deed reference is here made for full description.

wherefore plaintiff prays that defendants be cited to answer this petition, and that he have judgment of foreclosure for his debt, with lawful interest from September 24th, 1909, and costs of suit and that he have his order of sale of said described lands and for such other and further relief as he may be entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this the 17th day of August, A. D. 1912.

Price Will Case Continued

Judge W. R. Spencer, of the Lubbock District, came over last Thursday as reported by last week's paper for the purpose of hearing the Price Will Case, Judge Kinder taking his place at Tahoka, where district court is also in session.

A. L. Love was appointed to represent the minor heir, Juliet Ada Price and when the hearing came up it was shown that the service on the citation by publication was not perfect, and the case was passed over for the February term of court by operation of law.

Judge Spencer left on Friday's train for Tahoka, while Judge Kinder returned home from Tahoka on Monday evening.

Care of the Insane

The situation of twelve insane patients confined in a single jail in Texas, reported in the news columns of the Express a few days ago, affords another impressive illustration of the disgraceful and humiliating effects of the present system of caring for the insane and it calls loudly and eloquently for a remedy.

There are nearly 250 counties in Texas, so with a report of twelve patients of this class in one jail, we can only speculate on the total number of insane persons who are being herded with criminals in other prisons. Certainly there is a large number, and it is to the State's discredit that even one such person should suffer the humiliation which cannot but be involved in such an indignity.

With three asylums in the State, there is no room for unfortunate persons who may suffer mental afflictions during the several months before a remedy can be supplied by the legislature, and unless the legislature shall deal more liberally in the future than in the past, the appropriation that will be made will be barely sufficient to provide for the accommodation of the patients who will be waiting for room when the legislature convenes. Clearly there should be a change in the manner of taking care of the insane.

That more room is the only solution cannot be questioned, and the logical conclusion is that additional buildings should be constructed capable of accommodating all the patients in future years.

This is a subject which is of great interest to all Texans and it is particularly important to citizens of this part of the State. Commercial organizations should become interested in the matter and members of the legislature should be made acquainted with the necessity for making the suggested improvements. Only about three months' interven-

ing for room when the legislature convenes. Clearly there should be a change in the manner of taking care of the insane.

Stock Notes

MIDLAND COUNTY

Within the past few days quite a number of cattle deals have been consummated in Midland and vicinity. Among the number, Mrs. Will Clark sold to Lon Hamlin three cars of fat cows at \$30 per head. W. H. Underwood who was in this week from his ranch, reports the sale of 233 cows to Lubbock buyers at a good price. M. S. Doss, whose ranch is 11 miles west of Seminole, states that he has made a sale of 1,000 heifer yearlings to Arnett & Elwood. J. M. Livingston was in this week from Fort Stockton and in addition to giving an encouraging report of the general condition of range and stock, reports the sale of 1,700 three-year-old steers to eastern buyers. Many other deals have been put through, the details of which were not furnished.

G. L. O'Neal, who was here recently from his ranch four miles southeast of Seminole, reports the sale to O. J. James, of 300 two-year-old steers at \$31 around. He also informs us that he has leased his ranch to D. M. Trammell, and states that he will retire temporarily from the cow business.

Pearl Rankin sold this week 600 cows with calves at the price of \$40. These were extra good cows, such as the Midland country is justly famous for producing. The purchaser was Claude Hearrell.

J. J. Glenn is here this week from his "Highlonesome" ranch 30 miles north of Douglas, Arizona. He informs us that he has just sold 300 steer yearlings, including cut-backs, at \$22.00 around.

LUBBOCK

Bassett & Stauffer of Crosby county will dip this week 7000 head of stock cattle on the N-

ranch under the supervision of Harry Armstrong, Federal Cattle Inspector.

B. W. Opdycke dipped 245 head on the same date and in the same vat.

Jim Mabry also dipped 107 head.

J. W. White dipped 55 head.

B. T. Sumner dipped 44 head. Benson & Singleton are removing 1000 three-year-old steers to N. M. this week.

Benson & Ivy are shipping 550 head of 4 year old's to Panhandle City.

Tom Ivy shipped 200 fat cows to the Fort Worth market this week.

The Spades will begin dipping this week 20000 head of stock cattle.

State Inspector E. M. Riley will supervise the dipping of 1200 head of stock cattle for D. Harris near O'Donnell this week.

The Spades are to ship 400 head of steers to market during the current week.

The C. C. Slaughter Cattle Company shipped 100 head of range steers to Kansas last week where they will be entered in the Royal Fat Stock Show for prize for best lot of range cattle. They are said to be fine lookers and will likely be winners in the show.

YOAKUM COUNTY NEWS

Joe Webber, of Sligo, is buying steer calves in this part of the country. He bought bunches from T. W. Cadenhead, Adams, Harris Bros., and others.

Jess McCay from Texico is in this community pricing steers. We are not certain as to whether he has bought any.

George and Dick Arnett and George Wolfarth stopped over in Plains last night on their way to Lovington, N. M., to receive a bunch of cattle which they bought some time ago.

Will Belcher will start to the railroad today with 200 beef cows which he will ship to the Kansas City market. He has bought 400 more to ship later.

Big Springs Herald

Four cars of calves from the Merchant ranch in Reagan county were shipped from here to points in Ohio last Saturday.

TERRY COUNTY

Joe S. Powell sold 900 head of lambs to J. J. Adams & Sons last week for immediate delivery receiving \$2.40 around for them. These with others purchased of Pam Stanford of Yoakum, and some Lubbock county parties, makes them a nice little herd of 2100 head.

McPhaul Bros. sold their steers to Higginbotham last week. We failed to learn the price per head but others are selling at \$32 per head or near it so we suppose McPhaul's received something like that.

Seminole Sentinel

J. B. Thompson has recently purchased 200 head of yearlings and aged steers from Pat McHugh, of Yoakum county.

Our local cowmen are a busy set these days re-stocking their range for the winter. Several

large deals have been made in the past few days and the end is not yet. The range is in good condition for the coming winter and our cowmen will likely be heavy buyers.

J. J. and Andy Williams purchased 800 head of two, three and four year old steers last week from Morgan Livingston, of Carlsbad, N. M. 500 head of these steers have been delivered and the balance will be delivered about Dec. 1st.

J. C. Hart recently purchased 1,000 head of steer and heifer calves, 700 head from W. P. Love and 300 head from Hall, of El Paso. These cattle are located in western New Mexico.

Millard Eidson's outfit arrived here today from Midland with 600 head of steer yearlings, which Mr. Eidson recently purchased. He also purchased 200 head of choice coming twos from his father, B. J. Eidson, of Plains.

Popular Voting Contest

Diamond Ring, Organ and Other Valuable Articles Given Away By Certain Firms in Lubbock

A number of enterprising business men of Lubbock, Texas, have interested themselves in giving away absolutely FREE a beautiful Diamond Ring, Gold Watch, Organ and other handsome gifts.

The organ is to be given to the organization outside of Lubbock receiving the greatest number of votes, (no organization in Lubbock being permitted to enter contest) and the diamond ring and other articles to the individuals from time to time, receiving the greatest number of votes.

The plan is a novel one and at once commends itself to the public, there being no outlay on the part of anyone other than the people who are doing this to stimulate cash trade, and at the same time bestow valuable gifts that will be permanent advertisement for them. Briefly stated the plan is this: Each firm that is interested in the contest is provided with voting tickets, and for ten cents worth of goods purchased or work done, issues a ticket entitling the holder to one vote. The ticket can be voted for the church, school, lodge or club and an individual of the purchaser's preference.

A 10-cent purchase entitles the holder to one vote, 20 cents to two votes, \$1.00 to ten votes, \$5.00 to 50 votes and so on. Tickets can only be had from firms who have secured an interest and on cash purchases the number of votes on each ticket should be made with ink or indelible pencil.

No charge whatever is made for tickets. Your vote for the organization and individual of your choice on each ticket. Each week the votes will be counted and the standing of the contestants announced in the Lubbock Avalanche. A disinterested committee will be selected to count the votes.

At the close of the contest, April 10, 1913, the organ will be awarded to the organization having received the greatest number of votes, and the diamond ring to the individual receiving the greatest number of votes from beginning to end of contest.

The following firms will supply tickets free of charge on lines of goods mentioned and explain all about the contest.

REMEMBER!

That you can get tickets only at places above mentioned, that all tickets voted will be kept until close of contest and will be subject to investigation at any time, insuring an honest and fair contest. No lady connected with any firm in contest will be permitted to enter the contest as a candidate, and no salesman is permitted to solicit votes from customers. Organ goes to some organization in the country.

SPECIAL GIFTS. A prize is given every thirty days in this contest to the lady or girl getting the most votes in the time specified.

1st Special Gift is a handsome gold headed silk umbrella for the one getting the most votes by Nov. 10, 6 p. m. 2nd Special Gift is a lovely necklace and chain for the one getting the most votes from Nov. 10 to Dec. 10, 6 p. m. 3rd Special Gift is a silver Dinner Set of the celebrated Royal Avenir China ware for the one getting the most votes from Dec. 10 to Jan. 10, 6 p. m.

4th Special Gift is a beautiful Elgin Watch for the one getting the most votes from Jan. 10 to Feb. 10, 6 p. m. 5th Special Gift is a superb cut glass Water Set for the one getting the most votes from Feb. 10 to March 10, 6 p. m.

The lady getting the most votes from beginning of contest to close of same, April 10, will be awarded the diamond ring, and the organization having the greatest number of votes secures the organ. Keep in mind that you can enter this contest at any time and have just as good opportunity to get some of the special gifts as those who are already in the contest. The ladies securing these special gifts will not be dropped from the contest but will continue in contest until the close.

In another part of this paper will be found the "buggy announcement" of Jno. W. Cone, who has opened up for business in the Waldert building on the north side of the square. Mr. Cone is not inexperienced as he has been in business for a number of years at Amarillo, and other points. He has, however, recently sold his ranch interests in Hockley and Cochran counties and has decided that Lubbock is a good place to enter the commercial whirl again. We welcome him to our town.

Jno. R. Ralls, of Ralls, Texas, came over Wednesday morning and left on the northbound Santa Fe for Amarillo, where he goes to look after business matters.

As a result of much research and investigation on the subject, Labor Commissioner, J. A. Starling announced that he is seriously considering the recommendation to the 33rd legislature the enactment of the law, providing for seat for female employees in factories, work shops and all other establishments; and also a law limiting the hours of labor to be exacted of such females and children in one day, in this state.

Attorney W. F. Schenck is attending to legal business in Amarillo this week.

G. W. Giles, of Decatur, Wise County, Texas, spent several days in Lubbock this week prospecting. He is one of Wise county's most prominent farmers and owns a 200-acre farm in that county. He is delighted with the Lubbock country however, and though he did not make any purchase at this time, he says he will return in the near future and will probably purchase enough for a good big farm. He knows how the farming "stunt" is done and should he decide to come to Lubbock will be a strong addition to the agricultural ranks of the South Plains. We need more farmers who are willing to devote time to their business here the same as they are compelled to do in the black land; when they do this they will succeed far beyond their expectations.

The moving picture matinee was quite a disappointment to the management of the show as well as the "300" audience. The management had the reels ready but when the time came for the power plant to produce the electric current necessary to run the machine it didn't respond, hence "nothing doing" was the unwelcome announcement that greeted the ears of the large audience. A misunderstanding as to the time seemed to be the cause of the whole thing. The next matinee will be given October 19th as per the advertisement in another part of this issue. It is not expected that such a disappointment will be experienced on this occasion.

A local option election was held Saturday in Commissioners' Precinct No. 1 in Jim Wells county. The prohibitionists won by a majority of 33 votes out of 222 cast. The district includes Alice, the county seat, and the small towns of Ben Bolt, Bentonville, Springfield and Magnolia colony. Alice voted for prohibition four years ago but the result was set aside by the courts and the town has since been "wet." The election today passed off quietly and there was little excitement. Women and children worked during the day in the interest of the prohibitionists. Alice is in the center of the stock-raising section and today's result surprised the anti.

SNEED APPEAL PERFECTED

Record in Habeas Corpus Hearing Completed for Presentation to Higher Court

Amarillo, Tex., Oct. 2. — Final preparations were concluded here today in the completion of the records made in the habeas corpus hearing in the case of the State vs. J. Beal Sneed, charged with the killing of A. G. Boyce Jr., for application for bail before the Court of Criminal Appeals in Austin. In the event the appeals court shall sustain Judge J. N. Browning of the District Court here in the declaration to grant bail to the slayer of Boyce, Sneed will have to remain in prison until his trial in Wilbarger county during the month of March, the case having been transferred there by the Amarillo Court last Saturday night.

Ed Arion returned Saturday from Plainview.

DENVER TRAIN WRECK

Occupants of the Caboose Are Injured — Some Probably Fatally

As the result of the wrecking of the caboose of the Denver local freight, No. 34, at a point about ten miles south of Amarillo yesterday morning, four trainmen were seriously injured. The accident occurred between Pullman and Washburn, when the front trucks gave way, dropping the caboose to the track, and packing its occupants in a heap in the forward end of the car.

The injured: Roadmaster, Dave Hurley, right collar bone and rib on right side fractured, back sprained, badly cut over right eye.

Thomas Huggins, conductor, left ankle dislocated and slight cuts on body.

George Thomas, brakeman, two ribs broken on right side,

probably internal injuries serious.

George Smith, brakeman, compound fracture of right wrist, right hip sprained, scalp wound. — Amarillo News.

Huggins was at one time one of the Crosbyton-South-Plains crew and is well known by a good many people of this community.

SLATON ITEMS

Little Items of Interest as Told By the Slatonite of Last Week

Postmaster G. F. Higbee received notice a few days ago from the First Assistant Postmaster General at Washington, D. C., that the Slaton post office would be advanced on Oct. 1st to the third class, and his salary advanced accordingly.

Messrs. Wicks and Prestridge of Ralls were in Slaton Tuesday to take up with our commercial club the matter of getting a telephone line connecting Ralls and Slaton.

Cass Tarver took dinner at the Harvey house in Slaton Monday on his way to Anson, Texas. Cass says he is going home and go to work since he got his in the fight game; that he made a mistake going on with an experienced boxer who has been training and fighting for twelve years, and who knows more about the game than he had thought that there is to it.

Grady Holland, who for several months, held a position with the Red Cross Drug Store, now in the drug business himself at Canyon was here looking after business Thursday and Friday.

W. J. Galley and family left Saturday for Mineral Wells, where they will make their future home.

When on Saturday, Oct. 12th,

you make your way to the show grounds where the World Famous Kit Carson Buffalo Ranch Wild West is to exhibit, be sure the first point of interest you make for is the Indian Village. There you will see Indian Chiefs and Warriors of three distinct tribes; Sioux, Comanche and Cheyenne braves with their squaws and papooses, clad in their gaudy, many colored blankets and feathers, living in their historic tepees, beading their moccasins and chanting the songs of the unforgotten war-path. It is a rare sight, indeed to see them just as they exist when on the government reservation, for before many years the Indian of today will be but a memory. They are fast disappearing and many of us who living today will almost see the last of their kind. Among the Indians carried by Kit Carson's Buffalo Ranch Wild West Shows are many noted historical characters, the foremost being Chief Clear. To hear this old chief, with the aid of an interpreter, chronicle some of the feats of his youth, of the battles with the blue-coats, the long trail and the trips to the hunting grounds is indeed interesting and any patron of this exhibition is at liberty to view the Indian from every angle and several interpreters are constantly at hand to assist the public in conversations with the red man. 14 ltp

Jess Joplin was in from Slaton Friday.

J. D. Lindsey returned Friday from a business trip north.

Indigestion

causes heartburn, sour stomach, nervousness, nausea, impure blood, and more trouble than many different kinds of diseases. The food you eat ferments in your stomach and the poisons it forms are absorbed into your whole system causing many distressing symptoms. At the first sign of indigestion, try

Thedford's Black-Draught

the old, reliable, vegetable liver powder, to quickly cleanse your system from these undesirable poisons.

Mrs. Riley Laramore, of Goodwater, Mo., says: "I suffered for years from dyspepsia and heartburn. Thedford's Black-Draught, in small doses, cured my heartburn in a few days, and now I can eat without distress." Try it.
