Skyrockets, Stratford in Bi-District Fri.

JUNIOR HIGH DISTRICT CHAMPS

Wellington Firecrackers won the District 2-2A football championship with an 8-0-1 record. Team members are, front row, from left, Jessie Barber, Brad Long, Lee Souder, Joseph Hernandez, Jessie Garcia, Danny Davis, James Brown and Louis Granados. Second row, from left, are Darren Brown, Toby Jackson, Curtis Nash, Tony Leamon,

Brant Gray, Lance Stephens and Samuel Garza. Third row, from left, are Dudley Owens, Britt Schmidt, Al Forrester, Wes Anders, Raul Torrez, Donnie Pena and Tommy Joe Chambers. Back row, from left, are James McIntosh, Alex Johnson, Marvin Brown, Arthur Pennon, Shawn Cobb, James Reynolds and coach Gano Wilson.

The bi-district 1-2A and 2-2A Championship will be at stake Friday, Nov. 11, when Wellington Skyrockets and Stratford Elks meet on the White Deer Bucks field. Game time will be 7:30 p.m.

Wellington will be the home team, and seats will be on the west side of the stadium. All tickets will be sold at the gate.

This is the second year both teams have gone into the playoffs, from Class AA Districts 1 and 2.

Last year the Elks, coached by former Skyrocket Jackie Neeham, lost in the first round to Panhandle to end their 1982 season. Wellington advanced to the regional for their never-to-be forgotten weather-plagued game with Shallowater.

Until last week, the 1983 Elks were the only undefeated team left in the Panhandle.

At that point, injuries had moved in on both Wellington and Stratford.

The Elks opened the 1983 season with a victory over Spearman, and the second week they won 18-0 over Dalhart, a team that last year was the second place seed in Class AAA with Canadian and Perryton.

The following week, Stratford defeated Boise City, Okla. An open date followed. Just before the district season opened, Stratford defeated Kress 55-0.

District play saw Stratford victories over Gruver, Sunray and a 20-14 win over

Stinnett, the runner up in District 1AA.

Last Friday, Stratford came into its game without their injured quarterback and White Deer won 7-0.

"Stratford running backs are not real big, but they have lots of quickness," Head Coach James Williams points out.

Rumor around the Panhandle has it that the Elks quarterback, Kent Holman, will be in Friday night's game, but Williams is accepting it for just that, rumor. One of the better quarterbacks, he is not large, 5-8, but he has lots of quickness and throws the ball well. At left half will be Sammy Gomez and at right half Albert Olivias, and both have lots of quickness, but again they are not real big.

The best offense block is probably Gollin McKinney. "Stratford's biggest asset is its receivers, all real tall kids," says Williams.

Britt Sprulock at tight end is 6-6 and David Navgle, at wide receiver flanker back is 6-4.

Williams considered them all good receivers.

"It's going to be a real tough game for the Skyrockets," Wellington coaches agree.

"We still have our injury situation and we can't get our kids going yet. They know we don't have a second chance, so it's going to be a real tense game.

"We have to execute everything well and have to play heads up ball to win," Williams declares. "I'm

Mexican Supper Plans Complete

Plans are complete for the Assembly of God Mexican supper to be held Thursday, Nov. 10, in Bura Handley Community Center, according to Mrs. Larry Boyd, overall chairman.

An added feature will be the delivery service for those who cannot be present. Those wanting to arrange for plates to be brought to their homes should call the parsonage, 447-5217, said Mrs. Boyd, the pastor's wife.

This is a major fund-

raising project of the Assembly of God, and all proceeds will go into the building fund. This will help to cover the cost of extensive remodeling now being planned.

"Food will be authentic, and there will also be good fellowship and visiting during the evening," said Mrs. Boyd.

The menu will include enchiladas, tacos, beans, salad and chips, served with a drink.

Panfork FM Road Receives State Approval

CHILDRESS--Approval for a new farm to market road to Panfork Baptist Encampment in Collingsworth County has been given by the State Highway and Public Transportation Commission, according to Childress District Engineer Lewis H. White of the State Department of Highways and Public Transportation.

The new road will extend from U.S. Highway 83, eight miles north of Wellington, east and south to the Panfork encampment, a distance of 4.2 miles.

Construction of the road hinges on approval of funding and on the county's providing the right of way, clear of obstructions and

free of cost to the state, explained Glenn McLain, who heads the Wellington office of the State Department of Highways and Public Transportation.

He pointed out that the county and the highway department have worked together "for quite some time" to secure this road.

The next step is by the Commissioners Court.

County Judge Zook Thomas is with his wife, who is hospitalized in Houston and is not expected back until the end of the week, but Precinct 4 Commissioner Dudley Coleman said the approval will be placed on the agenda for the Monday, Nov. 14 regular meeting of the

commissioners court.

The county has 90 days in which to accept or reject the road, but the Panfork road has been designated the No. 1 FM project of the commissioners court.

The estimated cost of the road is \$624,300.

McLain said the road will be in the 1983-84 State FM road program.

After authorization for construction is received, the Wellington office will have to do location and plan work. "Hopefully we can get it (the road) out this next year," he added.

Statewide, the State Highway and Public Transportation Commission authorized construction of 194 miles of new farm to

market roads. The action allows the Highway Department's 24 Districts to move forward with details concerning design and right of way acquisition for their respective farm to market road programs for the 1983-84 period.

Actual construction of the proposed roadways must await the accrual of necessary right of way which is the responsibility of local officials in the 64 counties where the 68 new projects have been authorized. Most of the projects involve upgrading existing county roads which have rapidly increasing traffic volumes.

The money for the new construction comes from

the State's General Fund and the \$50,250,500 is roughly the same budget as for previous years. A decrease in inflation in the last three years has allowed the Highway Department to get more miles of work with its budget. During the highly inflationary 1979-

Hospital Auxiliary Coffee Nov. 15

Those who attend the Collingsworth General Hospital Auxiliary silver coffee Tuesday, Nov. 15, will have the opportunity to meet staff members whom they may not already know, and to hear about and see new hospital facilities made possible by the Auxiliary and the hospital board.

"The coffee will be held in the hospital lobby from 10 to 11:30 a.m. and we encourage everyone to come," reminds Loretta Wright, auxiliary president.

Donations made at the silver coffee will replace those usually made at a silver tea in December.

Auxiliary members and hospital personnel are due to be present to discuss new projects and programs. Some are completed or installed. Others have been approved and are in process of being implemented.

Before they even enter the building, coffee guests will see the combined Kiwanis-Lions Clubs gift of

storm windows, which they also installed.

Inside, there will be a sample of new curtains to go in patient rooms. Because these must meet life code specifications set up by Medicare, the material has been difficult to locate and was found for the Auxiliary by Wilkins Furniture.

Another Auxiliary project is the new telephone system, which provides for a phone in each room.

Other projects sponsored by the Auxiliary have been:

-Redecorating the nursery.

-Work now on the way upgrading the nurses' lounge on the second floor.

-Help in preparing the office for Dr. G.N. Pillai, an Amarillo oncologist (cancer specialist) formerly with M.D. Anderson Hospital and Tumor Institute, Houston, who plans to come here on a regular schedule.

Other completed projects will be visited.

Those approved and carried out by the hospital board which visitors may discuss with hospital personnel include "swing-bed" skilled nursing care status for the hospital (an application for this has been made).

Hospital administrator Perry Foster has told the hospital board this is for patients who no longer need full hospital attention, but still need nursing care.

-Visitors may learn more about the Home Health Agency now in operation. Under the agency, a nurse visits patients in their homes rather than receiving care in the hospital. Sharon Bowen, R.N. is in charge of the agency.

-They may see the newly porcelainized baths tubs in patient rooms.

Mrs. Wright also announced that two \$100 donations have been made recently, as well as others in varying amounts.

"We can't do anything without your cooperation," said Mrs. Wright. "We need your support and your gifts."

Cancer Society Sponsors Smokeout, Plans Volunteer Transport Group

On Thursday, Nov. 17 the Collingsworth chapter of the American Cancer Society will join others from throughout the country when the Great American Smokeout will celebrate its 7th anniversary, Rita Owens, president of this chapter, reminds.

On the same day, the Collingsworth Chapter will meet to begin a new project--securing a network of volunteers who will take patients receiving treatments for cancer to their appointments without cost to the patient. The time will be 7 p.m. at the Heritage Room.

Mrs. Owens pointed out that many patients from this area who receive treatment or check-ups in Amarillo do not have anyone to take them for treatment, they may be too ill to go alone, or they may not have transportation.

Some cancer victims will still receive treatments or checkups from Dr. G.N. Pillai on his regular visits to

Collingsworth General Hospital. Transportation is needed for some of these also.

Betty Byrd is chairman of this project.

Mrs. Owens and Mrs. Byrd explained that because of the strain on finances which cancer treatment brings to many victims, the chapter is seeking volunteers who will furnish the vehicle for transportation and pay for the gas. Sandy St. John, field representative of the American Cancer Society, Amarillo, will meet with the Wellington chapter to set up the program.

In conjunction with the Great American Smokeout, the Collingsworth Chapter has distributed educational material to all students in the Wellington, Samnorwood and Hedley Schools, and have placed it in Wellington restaurants and businesses.

Mrs. Owens explained other activities of the Collingsworth Chapter. Funds derived from the

Cancer Society Funfest held during the county fair in September take the place of the door to door collection held in the past. All money raised locally goes for cancer research.

Honor donations are made in appreciation of someone still living, or for any number of other reasons, and the person in whose honor the gift was made will be notified.

Memorials are given in memory of someone who had died. The family will be notified.

Either of these may be made at Wellington State Bank.

The local chapter also provides materials and dressing or fills other needs of cancer patients. Anyone who needs this type of help should contact Mrs. Owens, by calling 447-2551 day or 447-2636 evenings; Betty Byrd 447-5659 evenings; or Mrs. P.M. Scott 447-2872 evenings.

Another gift value to cancer victims and their

families is "support." The Collingsworth Chapter, in fact, was formed as a support group to give encouragement and help to those who need it.

The chapter urges area residents to join the Great American Smokeout, observing Nov. 17 as the day on which they will give up cigarettes at least for the day.

Last year, more than 19 million smokers tried going without cigarettes for 24 hours, said Larry Hagman, star of "Dallas" and national Smokeout Chairman. According to Gallup, 4.5 million stayed off tobacco for the day and 2.3 million still weren't smoking one to 11 days later.

Smoking has been shown to be responsible for more than 75 percent of all lung cancer, the No. 1 cancer killer of men. By the end of the 80s, lung cancer is expected to replace breast cancer as the No. 1 cause of cancer death among women.

SPEEDSTERS

Wellington Cub Scouts put their racing skills to the test in the annual Pinewood Derby contest with cars carved from a block of wood. Doug Daniel, right, won first place, Jason Fike, center, second, and Michael Orr, left, third.

1980 budget period, the Department authorized only about 60 miles of new farm to market construction per year. The current Commission action allowing 97 miles per year is made possible by that decrease.
The construction boost for the 1983-84 biennium was aided by a \$4 million savings resulting from cost under-runs that occurred during the last funding period for the farm to market program.

construction represents a small bright spot in an otherwise austere budget period for the Highway Department.
The increase is characterized by Department officials as "catch-up" construction from the lean inflationary years. This increase is not nearly keeping up with the traffic volumes generated by rapidly developing Texas communities. At its monthly Public Hearing earlier, the Commission listened to requests for highway projects by several Texas cities and restated its inability to accommodate traffic needs with the current State funding level.
Earlier this month, Mark Goode, Engineer-Director for the State Department of Highways and Public Transportation, announced several new measures to cope with the dwindling highway budget. Goode's Department has been authorized by Governor White to "borrow" up to \$22.9 million in federal funds from FY 1984 allocations. Goode has also cut maintenance services by five percent and is freezing purchase of new equipment.

Legion Open House Fri.

Frank King Post of the American Legion will hold its traditional Veterans Day open house Friday, Nov. 11. Post Commander John R. Henard announced.
The event will begin at 10 a.m. and coffee and donuts will be served throughout

the day.
At 11 a.m. the Veterans will stand at attention in front of the building for the Minute of Silence, honoring those veterans who have died in defense of their country.
The senior vice-comman-

der, Judge Jim Ingram will be in charge.
The Fire Department siren will signal the hour.
Open house will start at 10 a.m. and coffee and donuts will be served throughout the day as the veterans come by to recall their experiences and visit with friends for as long as they wish.

Henard points out that all veterans are invited to the open house, whether they are members of the American Legion or not.

Younger veterans, those from the Vietnam War, are especially encouraged to attend.

Henard pointed out that veterans of peacetime military service are also invited and are eligible for membership in the American Legion.

Henard was installed as Frank King Post Commander in August, succeeding the late James Sullivan, who had asked that he not be considered for re-election.

It will be two good teams on the field, and the winner is going to be the one that makes the least number of mistakes. This is the philosophy prevailing on Powell field as the week opens.

The question goes back to how well Wellington injuries come around Wednesday and Thursday. Coaches themselves won't have the answer until Friday.

Renee Lacy Receives McMurry College Honors

Renee Lacy is the 1983 McMurry College Junior class favorite, whose election was announced during the College McMurry Homecoming Variety Show Friday night, Oct. 21.

She was recognized in the half time festivities of the Indians homecoming football game with Austin College Saturday, Oct. 22.

This was the latest honor to come to the Wellington high school graduate, who is the daughter of Mrs. Robert Lacy.

Named with Miss Lacy, a second semester marketing major, was Chuck Fallon, a finance major from Irving.

College royalty, including Mary Kay Ratje, 1983 Reservation Princess and Bill Wagner, 1983 Chief McMurry, were introduced during the half-time coronation ceremony.

Miss Lacy was involved in a traditional McMurry homecoming activity, erection of Tipi Village, in Wahtaysee Park, Abilene.

RENEE LACY

Her selection as favorite was the last honor to be received. She is the daughter of Mrs. Robert Lacy.

Early in the month, she was elected president of Alpha Psi Social Club. (McMurry does not have

sororities.)

Another major honor came this year with her selection as drum major of the McMurry Indian Band.

Besides leading her social club, 20-year-old Renee is a member of Indian Insight, Alpha Psi Omega, Rotoract, the McMurry Jazz Ensemble and Women's Interclub.

She is also reporter for Phi Beta Lambda.

"I came to McMurry because I enjoy playing in the band and I felt that coming from a small high school I would fit in better at a smaller college, she said in a recent interview for the McMurry War Whoop.

Social club involvements have included plans for the Oct. 22 homecoming, and the McMurry Sing Song and the biggest accomplishment presentation of the ceramic Indians standing in the foyer of Macdgen, to McMurry.

Now in her third year as a member of the Indian Band, she plays a trumpet, as she did in Wellington high school, where she was the only drum major to serve three successive years.

She began playing in the Wellington school band as a 6th grader.

Attending the homecoming activities were Mrs. Lacy and Mr. and Mrs. James Williams, whose son, Wade Williams, is on the McMurry football team and played in the homecoming game.

Lt. Durfey Visits Kin

2nd Lt. Garry Durfey visited over the weekend with his aunt and uncle, Mr. and Mrs. Velman Warrick, and cousins, Mr. and Mrs. Glen Warrick and Mr. and Mrs. Kent Holland and their families.

He graduated from Texas A&M University in August with a B.S. degree in Aerospace Engineering and received this commission in the Air Force on the same day.

He was on his way to visit his parents, Mr. and Mrs. W. Dean Durfey in Bella Vista, Ark. He was also en route to his new assignment at Hanscom Air Force Base in Bedford, Mass.

time to effectively control this disease is in the fall with a copper-containing fungicide such as Kocide 101.

Timing of the fall spray is critical for effective control and for avoiding tree damage. Copper is a metal and may cause severe defoliation unless applied correctly.

The trees should be sprayed when 70 percent of the leaves fall off the tree. Spraying too early will cause leaf shed or cause the spray to be ineffective later.

Bacterial leaf spot and bacterial canker can be partially controlled by fall spraying with a copper fungicide. But again it's important to spray at the right time to prevent foliage burn.

Bacterial leaf spot affects both fruit and foliage. The infection causes fruit to crack and leaves develop angular spots which drop out. Bacterial canker will kill

PATTY LOWRIE

Lowrie in Southwestern Med School

When Patty Lowrie of Irving began her studies in the University of Texas Southwestern Medical School in Dallas this fall, she became the fourth of a family group to enter the medical field. Two others are dentists.

Miss Lowrie, Granddaughter of Mrs. Rufus Sweat, received a B.A. degree from the University of Texas in Austin, graduating in the upper 7 percent of her class. She was invited to interview by all 7 medical schools in Texas and chose to attend Southwestern (University of Texas at Dallas.)

In the letter of acceptance, Drs. Bryan Williams, E.R. Johnson and Athol Ware, deans of the school, wrote:

"On behalf of the Admissions Committee of Southwestern Medical School, we are pleased to offer you a position in the 1983 entering class. We are delighted that Southwestern was your first choice among the University of Texas System schools."

Southwestern Medical Foundation awarded her a \$1,500 scholarship.

In UT, Miss Lowrie belonged to the Golden Key National Honor Society, Beta Beta Beta and Gamma Beta Phi, all honor societies based on academic performance. She was also a member of People Against Barriers, Texas Ex's Community Involvement Committee and the Baptist Student Union.

She has worked in St. Pauls, Parkland and Baylor hospitals in Dallas and Brackenridge Hospital in Austin.

Miss Lowrie is the daughter of Mr. and Mrs. Al Didway and Mr. and Mrs. T.J. Lowrie of Irving. She is the granddaughter of Mrs. Rufus Sweat and the late Mr. Sweat, and of the late Mr. and Mrs. P.E. Lowry.

The cousins who have preceded her into medicine are Dr. Neal Lowry of Abilene, Dr. John M. Young of Alpine, Lowry Schaub, a student in the University of Texas Medical School in Houston. Two cousins are dentists, Dr. Joel Lowry of Vernon and Dr. W.A. Taylor of Midland.

Mrs. Thomas Recovering from Surgery

Mrs. Zook Thomas, who underwent surgery in M.D. Anderson Hospital and Tumor Institute, Houston on Wednesday, Nov. 2, is expected to return home at the end of this week.

"She is recuperating real well," said her daughter, Mrs. Bill Lindsey.

Mrs. Lindsey and Mr. and Mrs. John Alf Thomas returned here last weekend. Judge Thomas, who has been with his wife since Oct. 26, will remain in Houston until she comes home.

Other relatives with them much of the time have been Mrs. Thomas' brother and sister-in-law, Mr. and Mrs. Jim Bennett of Lubbock, and two of Judge Thomas cousins, Virginia McMinn Stafford of Houston and Dorothy McMinn Stafford of Ft. Worth, who was visiting in Houston. Both formerly lived here.

Ambulance Service adds Four Members

Four new members were added recently to Collingsworth Volunteer Ambulance Service, according to Marshall Peters, president.

Two are from Collingsworth General Hospital, Perry Foster, hospital administrator, and Denise Wilbur, who is in the laboratory department.

Others to join are Charles Britten, Wellington postmaster and the Rev. Howard McCann, pastor Fundamental Baptist Church.

They will complete six-months training periods, in which they will become familiar with the ambulance service operation. At the next opportunity, they will take the Emergency Medical Technician's course to qualify for certification.

Adult Education Enrollment Urged

Mrs. Barbara Roberson urged those adults interested in the adult education class must enroll Thursday, Nov. 11 at 7:00 p.m. at the Wellington High School.

The instruction, books and materials are free, Mrs. Roberson said.

These classes are sponsored by Wellington Independent School District and the Region XVI Educational Service Center.

SWOSU Students At Longhorn Ranch

Two Wellington students, Calvin Roland, Jr., and Willie Pennon, were among Southwestern Oklahoma State University students who were guests of Mr. and Mrs. Cletus Adair on the Adair's Texas Longhorn Ranch north of Weatherford.

The students were involved in a study dealing with longhorn cattle, their history, and present use in the cattle business.

Mr. and Mrs. Adair explained all facets of the Longhorns and served refreshments to the students. The field trip was part of a project in the Camp Counseling class which will give the college students

information they will use in a future trip with third graders from the public school system in Weatherford.

The class will be in charge of an outdoor education experience for the third graders conducted on the Wichita Wildlife Refuge near Lawton.

COLLINGSWORTH COUNTY AGENT REPORT by DON REEVES

Fall is often the time when fruit tree care is forgotten or neglected, but it's a critical time for controlling many peach and plum tree diseases to insure a good crop next year.

With the arrival of fall, there's often a tendency to forget our peach and plum trees that served us so well last summer.

Applying a copper fungicide now can stop or reduce three of the six diseases that attack peach and plum trees in Texas. These are peach leaf curl, bacterial leaf spot and bacterial canker.

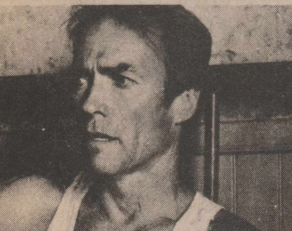

Puckered and distorted peach tree leaves that were either bright red or light green in diseased areas last spring were due to peach leaf curl fungus. The only

The Nose Knows.

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect.

It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment is working properly and you still smell gas, please follow these precautions:

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

Help us keep natural gas one of the safest energies available. Use your nose. Then use your head...and follow the proper precautions.

(Just a reminder: Before you do any digging, call your local Lone Star Gas office so they can inform you on pipe locations.)

R.L. Templeton Among Authors to be Honored

Friends of the Amarillo Library have located nine authors from seven Panhandle towns who will be honored at the Fifteenth Annual Book and Author Dinner November 12, 7 p.m. at the Hilton Inn of Amarillo.

One of these is Judge R.L. Templeton, who is now his own publisher and during the year brought out a group of 5 books for youths.

Writing under the name of Lee Templeton, he bases each of his books on an historic event.

The authors, co-authors, editors and compilers to be honored have published books during the last year. A special feature this year is an autograph reception for the authors in the garden area at the Hilton Inn starting at 6:30 p.m. the evening of the dinner.

Dr. Iben Browning of Sandia Park, N.M., author and scientific consultant, will be the dinner speaker.

Among the authors to be honored are Dr. Jess L. Gerding, deceased; John R. Erickson, Perryton; Sallie B. Harris, Wheeler; H.M. Baggarly, Tulia; Lela Grant Carruth, Tulia; and the members of the St. Francis Historical Society, who published a history this year.

Authors from Canyon include Linda Craven and Bobby Weaver.

Current residents of Amarillo are Nova Schubert Bair, 1918 S. Harrison; Robin Green, 1721 S. Tyler; Richard Howard of Amarillo College; Pauline Durrett Robertson, 124 Wayside;

Joe Rapp, 6910 Estacado; and Mildred Crabtree Speer, Rt. 1, Box 217.

Writers formerly of the area are Radie Britain of Hollywood, Calif.; Col. Vincent M. Lockhart, Ret'd, El Paso, Don D. Davis, London, England; and Candace Camp (Mrs. Pete Hopcus), Temple, Tex.

Dr. Browning has written three books on climate, science, and the future. He has written about three dozen scientific papers and holds 66 patents. He is a

consultant to business and government in the fields of bioengineering, biological problems, climate, computers, environmental systems and resources, optics, self-organizing systems, space navigation, and others.

Information about authors who have not been contacted is welcomed by the Friends. The business office of the Amarillo Public Library, 378-3051, is collecting the information.

Farmers Union Names Henard

Collingsworth Farmers Union members met Thursday, Nov. 3, to elect officers for the coming year.

Andy Henard was named president, succeeding Joe Frank Knoll of Samnorwood, who served during the last year.

Elected to serve with Henard were Jimmy Breeding of Dozier, vice president and Dennis Cudd, secretary.

New board members are Breeding, Bob Cochran of Dodson and Carroll Nunnelle. Holdover directors are Dan Henard, Jr., Cudd, Knoll, Earl Janes, Lon Kiker, Troy Thomason, Andy Henard, Doug Seal and Rudie Tate.

Directors who went off the board were Benson Long, A.V. Lowrie of Dodson and David Caison.

held to draw up resolutions which will be presented at the state meeting. The date will be announced.

Lubbock will be the convention city, with that date also to be announced. Plans call for a county delegation to attend.

GOLF AT WILLOW CREEK

BY MARY SANFORD

Two exciting things took place at the covered dish luncheon and business meeting of the Women's Golf Association at the Country Club Wednesday, Nov. 2.

Eugena Sherman conducted the business meeting and after Edna Wooldridge read the minutes and gave the treasurer's report, plans for a flea market were finalized and the date was set.

To the contents of the old Green Acres Golf Club house white elephants from country club members are to be added for a larger sale.

The date will be Saturday, Nov. 12, at Green Acres.

This should really be a goodie! The proceeds from this sale will go to buy a large screen television set for better viewing of football games and special events. The members decided to bring a sack lunch next Ladies Day Wednesday, Nov. 9, and to help work with Lorene Jenkins and Lyla Hurst, co-chairmen of this project.

The second major event of this meeting was election of a new slate of officers for 1983-84.

Bennie Sullivan was elected president, Betty Cochran, vice president, Janie Hurst secretary-treasurer and Mary Nell Holton and Lorene Jenkins were elected to the board.

These officers assume duties this month and they will work on projects in progress, plan their own strategies during the winter months, and come out swinging for the spring and summer golf season of 1984.

Awards for Ladies Day play not previously announced were listed by Lyla Hurst.

August 10: Best rough player went to Lorene Jenkins; but she had a lot of competition for that one. Sept. 7 was called tournament day and first place went to yours truly, (My best day ever) and second place to Ivelle Mauldin.

Sept. 21: was high-low-split day, with Lou Mabery scoring low, and Edna Wooldridge scoring high. Sept. 28: was mystery partner day. Billie Holton and Betty Cochran won. October 5 was bridge day, which paid high, Janie Hurst, 2nd high Edna Wooldridge and low, Lou Mabery.

Lyla and Betty have done a super job being co-chairmen of Ladies Day. As you can see by the above, they made it interesting in that we never knew what we were playing for until play was over and everyone had a chance to win.

Mrs. Adolf Schmidt Discusses Computers for '24 Study Club

The 1924 Study Club held a Guest Day meeting Tuesday, Nov. 1 in the Heritage Room. Mrs. B.M. Sims, president opened with introduction of each member and guest.

Mrs. Sims read a poem, "Little Grain of Sand", showing great results from diligence. She pointed out that Texas Panhandle General Federated Clubs working together have been responsible for many libraries, for an endowment fund for Girls Town, for many scholarships, for support of free enterprise system, just to name a few of the various projects. Some items were exhibited that will be given in conjunction with utility companies in a program for PTO as a project on American Energy Awareness Week.

Guest speaker was Mrs. Adolf Schmidt, who discussed computers and free enterprise. Computers were first designed for scientific efforts and space programs, she explained. This was followed by use of big business. In the 1970's, technology had improved and smaller less expensive computers could store much data on small diskettes. She gave an example of two women who put together kits in their own home for people to assembly computers for themselves. This grew into a multi million

dollar business. "Computers are now in use in most of our schools, many small businesses and homes. In the near future, computers will be commonly used as an electronic transfer of funds, to pay bills or make deposits from home computers. They will be used in ordering by mail, getting a listing of air fares and spaces, in job applications, and in assembly line work just to name a few. Courses in computers will soon be required for high school graduation," she said.

Mrs. Schmidt pointed out that it is now practical to buy computers for business use word processing. She recommends the 64,000 character computers for most users and selection should be made from reliable, well established companies with a good reputation. Computers are now more energy efficient than in the beginning.

Hostesses were Mrs. Sims, Mrs. H.L. Jenkins and Mrs. Truett Holland.

Refreshments were served to Mrs. R.R. Crawley, Mrs. Boyd Derryberry, Mrs. Joe Terry, Mrs. Larry Adams, Mrs. Chuck Wilbur, Mrs. Kent Clark, Mrs. Bill McKinney, Mrs. Eddie Hankins, Mrs. Chester Fires, Mrs. Raymond Ross, Mrs. Clyde Drake, Mrs. Adolph Schmidt, Mrs. Sims, Mrs. Holland and Mrs. Jenkins. The next meeting

will be November 15, when Mrs. Jenkins will present a slide program on native wild flowers in Collingsworth County.

Woodrow Sims Guest Speaker For DAR Chapter November 7

Woodrow Sims of Shamrock was the speaker when La Paisana Chapter, National Society, Daughters of the American Revolution, met on November 7 in the Heritage Room of the Wellington State Bank.

Mr. Sims is the city manager of Shamrock and past commander and adjutant of the Shamrock American Legion Post.

He spoke on "National Defense of Our Country."

The basis of national defense is the arming and training of the Army, Navy, Marines and Air Force which involves not only an immense amount of money but a great deal of time, he pointed out.

Second only to a well armed and well trained military force is the control of strategic areas, Mr. Sims cited as an example the part that England played as an American base in the Allied Invasion of Europe in World War II. The war also showed how essential are bases in the Pacific.

The question of human

rights should not be the sole consideration in acquiring strategic points as the American idea of those rights is unique and is often not found in many countries. Mr. Sims gave as an example the loss of Iran as an invaluable "listening post" and as further loss of liberty for the Iranians after the Shah was forced to leave.

The question of human rights is also involved in United States relations with South Africa, the speaker pointed out. The strategic position of the Cape of Good Hope plays an important part in the shipment of oil from the Middle East as the great tankers cannot use the Suez Canal.

Also the United States is dependent on South Africa for certain metals essential to high technology, which makes the situation even more difficult.

Mr. Sims mentioned Grenada being important to freedom in the Caribbean.

He said that the most important element in the defense of a country is the morale of its people. If the will to fight is destroyed, a military victory is easy for the enemy.

In conclusion, Mr. Sims

quoted the last stanza of "The Star Spangled Banner," which he said should be the ideal to follow.

The regent, Mrs. Boyd Derryberry, presided at the meeting and Mrs. John McDowell of Shamrock was the hostess.

In the business meeting, the regent appointed a nominating committee composed of Miss Rita Lowrie, Mrs. H.H. Bowen and Mrs. R.C. McNett.

Petitions to be sent to the Federal Communications Commission were given to the members.

Present were Miss Maudie Coffee, Mrs. Jennie Holcomb, Mrs. Jack Davis, Mrs. Derryberry, Mrs. J.D. Coleman, Mrs. Walter Pendleton, Mrs. Bowen, Mrs. Burd Handley, Mrs. McDowell, Mrs. W.L. White, Mrs. McNett, Miss Hattie D. Wells. Guests were Mr. and Mrs. Sims, Dr. R.C. McNett, Mrs. Gerald Goffrey of Bowie, Maryland.

Tim DeVoss Weds Doris Lockhart In Ceremony Saturday Evening

Wedding vows were exchanged by Doris Lockhart and Tim DeVoss in the club room of Bura Handley Community Center at seven o'clock Saturday evening, November 5.

The Reverend Kenneth Davis officiated.

The bride is the daughter of Mrs. Nell Crump of Longview and Travis Lockhart of Wellington. Parents of the bridegroom are Mr. and Mrs. Lee DeVoss.

The wedding party stood before an arch entwined with foliage and decorated with baby blue bows. Candelabras holding blue tapers were at each side.

Mrs. Truman Estes, the pianist, provided the wedding music.

Mr. Lockhart gave his daughter in marriage.

She wore a white shirt

with blue jeans and boots and carried a blue rose atop a white Bride's Bible.

Miss Stacy Scott was the maid of honor. She wore a baby blue shirt with jeans and boots.

Clint Bergvall was the groom's best man.

After the ceremony, guests were entertained at a reception.

White lace with a blue underlay covered the reception table. The bride's white-tiered cake, decorated with blue roses, was placed at one end and the groom's traditional chocolate cake at the other.

In between was the crystal punch bowl with crystal candleholders and blue tapers at the center.

Donna Blades and Sheri-deen Bolton served and Rhonda DeVoss was at the

guest register.

The bride graduated from Pine Tree High School in Longview and from Michael's University of Beauty Culture. She is employed at His and Her Style Shop.

A 1981 graduate of Wellington High School, the bridegroom is employed by John DeVoss Construction Co.

The couple is at home at 1000 Haskell Street.

SCOOPIN'

Curtis Southerland wrote a little poem about the Skyrocket football team after their 23-21 thriller over Clarendon two weeks ago but it seems even more appropriate this week after the Rockets gave it their best shot and still wound up a 37-0 loser last week:

OUR TEAM

I've lived all over this great land
In places that were small and grand,
In towns where no one knows your name
And the people never act the same,
But there's one place that's really right—
That's the home of the Red and White.

The Fighting Rockets they're called by name
And playing football is their game.
Up and down the field they go,
They run and pass and kick and throw.
Although they don't win every game,
They play their hearts out just the same.
Good luck Big Red to you I say,
I hope that you go all the way.

—A Loyal Fan

The Skyrockets, who were picked to finish no better than third in the district when the season started, have had a terrific 7-3 season so far, and this week's bi-district game with former Skyrocket Jackie Needham's Stratford Elks should be a good one, too.

We read about technological advances all the time, but it's always interesting when we see them put into practice on the local level.

Skyrocket backs James Benton and Dewayne Culpepper, who were both injured in the Clarendon game, are being treated this week with a laser by a sports therapist in Amarillo, in hopes of having them ready to play in time for the Stratford game. I've heard of lots of laser uses, but this is a new one for me. The coaches say that the laser penetrates through layers of skin and muscle without burning the tissue and has an effect on the body's collagen (the chief protein in the body's connective tissues) which promotes rapid healing of bruises and injured muscles, tendons and ligaments.

Reading the Bible Does Make a Difference

Several years ago, Joe of Bowling Green, began to read the Bible regularly. Now he has discovered that it really does make a difference in every aspect of his life. "Reading the Bible has made a difference in the way I look at things, the way I relate to other people and my growth as a man," he said.

The Bible has made such a difference in Joe's life that he changed his routine starting each day by reading the newspaper while he ate breakfast.

Now, I read the Bible with my corn flakes," he said, "before I read the newspaper."

Then, as he goes through the day, he finds that the words he reads in the Bible each morning give him comfort all day long.

"When things go wrong, the Holy Spirit frequently will speak to me through God's Word, and I'm reminded of a verse I had read in recent days," Joe explained.

If you want to see the difference daily Bible reading can make in your life, write to the International Bible Society, 144 Tices Lane, East Brunswick, NJ 08816, for a free, no-obligation copy of the daily Bible reading guide *LIGHT TODAY*.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Controversy over whether to release federally stored corn to relieve drought-ridden ranchers in West Texas continued to build as a partisan issue last week.

Texas Agriculture Commissioner Jim Hightower and Atty. Gen. Jim Mattox initiated a lawsuit to force the U.S. secretary of agriculture to release surplus grain for a 27-county area in West Texas.

The lawsuit claims that the grain stored in Plainview is unfit for human consumption and is musty, weevily or moldy. The two Democratic officials launching the lawsuit say the grain, which costs about half a million dollars monthly to store, could feed livestock in the drought area through the winter.

The target of their suit, John Block, made no comment on the legal action.

Block, a Republican, has said he lacks authority to release the corn because it has not deteriorated to a low enough grade.

On this point, it seems, federal inspectors and state inspectors are headed on a collision course.

Collision Course

Block says that federal figures have the deterioration level at 1 percent. State inspectors say 53 percent of the grain has deteriorated while in storage.

The political partisan overtones of the controversy are obvious, especially as Texas Democrats jockey for leverage to prevent a Republican president from winning re-election. A foul-up on Block's part could hurt Reagan state-wide, not just in West Texas.

But the issue could blow up in the faces of Hightower and Mattox, if their deterioration claims prove wrong.

The error would provide detractors of Hightower, who is not a farmer or rancher, with more ammunition about his lack of knowledge of agriculture.

Mattox, who faces a bribery indictment in Travis County, has enough troubles without making more enemies.

Senate Inquiry

The issue will be settled one way or the other if U.S. Sen. Lloyd Bentsen gets the Senate Agriculture Committee to review the deterioration status. Two weeks ago, Bentsen asked Block for a federal investigation of the grain situation and got no adequate response, in his view.

Block, meanwhile, is waiting for Congress to order the release of the grain, which he says will cost millions to distribute.

Prison Audit

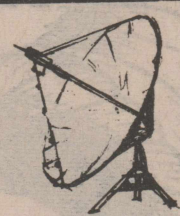

The \$300 million prison construction program, which has faced cost overruns and mismanagement charges, will be audited by an independent firm and not the state auditors.

House Speaker Gib Lewis called off state auditors after the corrections board chairman told him the board does not have confidence in the state auditing team.

The full independent audit will take about six months. Upon its completion, the state auditor will begin continuous monitoring of all aspects of prison financing.

week reacted cautiously or not at all to the announced presidential candidacy of activist Jesse Jackson.

Houston Congressman Mickey Leland was concerned Jackson's race might damage the traditional Democratic coalition beyond repair.

For the most part, reported interviews with local Black leaders in East Texas produced a cautious response: let Jackson run and see where it leads—it may be beneficial or it may not.

Senate Race

With primary campaigns due to swing into heavy action only a few short weeks from now, the U.S. Senate candidates of both parties are quiet, using the time to raise funds and line up local organizations.

Bob Krueger, still regarded as the Democratic front-runner, has a statewide organization far ahead of his rivals, liberal Lloyd Doggett of Austin and boll weevil Kent Hance of Lubbock.

Doggett has made few visible gains except in the Golden Triangle area, where he apparently is gaining headway towards the labor endorsement. But in Austin, observers already speak of a Doggett-Mattox match-up for the Attorney General slot in '86. Hance reportedly is gaining ground among Houston conservatives.

In the GOP primary, Phill Gramm enjoys the highest name recognition, but Houston Republicans point out that their county contributes more votes in the primary, which could benefit their two regional candidates, Ron Paul and Rob Mosbacher.

AUSTIN—Governor Mark White last week backed away from his previously stated intent to call an early special session to raise teachers salaries.

Instead, White said the special session will be postponed until after the spring primary elections, when lawmakers may be more willing to enact the legislation he wants. As late as a month ago, he wanted to call lawmakers back to Austin just a few weeks before the primary—an act tantamount to holding their feet to the political fire.

White's latest posture came on the heels of an Austin press conference announcement by Dallas computer millionaire H. Ross Perot, who predicted legislators would be too concerned with re-election to consider far-reaching education reforms and teacher pay raises.

Perot chairs the select committee studying Texas' public education system and expects to hand the Legislature a long list of reform recommendations when the panel completes its work.

Although White told reporters he agreed with Perot's opinion on the date of the special session, he didn't admit he has suffered yet another setback in his attempts to raise teachers salaries.

No Budging

Perot's statements to the press carried this meaning: he and his committee will

not be rushed to judgment, which is what White has tried to make them do. Several times the Governor has said publicly he wanted the panel to finish its work so he could call lawmakers early into special session.

White also wanted lawmakers to raise taxes to fund the pay raises last session, but the Legislature refused to budge despite his personal lobbying efforts. White pledged then to spend his own campaign funds for statewide media to promote the pay raise, but he soon backed away from that vow.

By going along with Perot's directive, White is admitting that he still does not have the votes in the Legislature to raise taxes, a risky business right before primary elections. And, he was likely to make more than a handful of enemies if he forced lawmakers into that position.

Energy Conference

Texas Railroad Commissioner Mack Wallace in a letter to President Ronald Reagan called for a bipartisan national energy conference to outline steps "to secure America's energy future."

Wallace told Reagan the nation's energy situation is "equal to, if not worse" than the days of the Arab oil embargo of 1973.

He said the 350 million barrels of oil in the Strategic Petroleum Reserve would last only 10 weeks if foreign oil were cut off.

Wallace urged a return to a goal of energy self-sufficiency.

Grain Inquiry

Meanwhile, as West Texas counties struggle to recover from the devastating summer drought, Texas Agriculture Commissioner Jim Hightower and U.S. Sec. of Agriculture John Block showed no signs of ending their stalemate.

Hightower, a liberal Democrat, wants Block to release what he calls rotting grain stores to feed the cattle. Block, a Republican, says the grain is not rotting, but he won't fight federal legislation to dispense the grain to needy ranchers.

Block is trying to avoid dumping grain which would result in lower grain prices prior to a Reagan campaign year, and Hightower has waded in with a steady barrage of public criticisms which are at least partially designed to discredit Reagan's farm policy.

The bickering has gone on for weeks now, but U.S. Senator Lloyd Bentsen last week called for an inquiry to see, ultimately, who is correct: Hightower, who charges that taxpayers are paying millions to store rotting grain, or Block, who says the grain is too valuable to use for feed.

Glenn vs. Mondale

Presidential hopeful Walter Mondale is winning the battle of endorsements by top Texas Democratic Party officials, but his chief opponent, John Glenn, is winning the fundraising by two-to-one in the Lone Star State.

Glenn has raised over half a million dollars to date, and hopes to raise that much again at an Austin fundraiser in December.

Mondale, meanwhile, has garnered a majority of support from the State Democratic Executive Committee members and Party Chairman Bob Slagle. Since Texas will not have a presidential

primary and will select its favorite at the party convention, Mondale's lead is no insignificant feat as far as Texas is concerned.

THOMAS ROLL CALL REPORT

Your Congressman's Votes Reported Each Week

Washington - Here's how area members of Congress were recorded on major roll call votes Oct. 27 through Nov. 2.

HOUSE

GRENADA The House voted, 403 for and 23 against, to apply the 1973 War Powers Act to the recent U.S. invasion of Grenada, thus demanding that President Reagan remove all troops from the Caribbean island by Dec. 24 or seek an extension of the deadline.

Most members voting no supported the military action and did not want to limit the president's options for bringing it to an end.

Voting yes: Jack Hightower, D-13, Kika de la Garza, D-15, Charles Stenholm, D-17, Kent Hance, D-19.

MARKETING FOOD The House rejected, 97 for and 319 against, an amendment to weaken the federal "marketing orders" that restrict growers in their selling of oranges, lemons and certain other foods.

Members voting yes were opponents of marketing orders.

Voting yes: Hightower, De la Garza, Stenholm. Not voting: Hance.

LEBANON By a vote of 153 for and 274 against, the House refused to force the withdrawal of U.S. Marines from Lebanon by cutting off funds for the operation.

Members voting yes wanted the marines in Lebanon brought home by March, 1984.

Voting yes: De la Garza, Stenholm.

Voting no: Hightower. Not voting: Hance.

SENATE

TELEVISION The Senate refused, 32 for and 57 against, to expedite an effort by the three major television networks to gain financial rights to programs made for them by independent producers.

Senators voting no want-

ed to delay the networks' effort to gain syndication rights.

Lloyd Bentsen, D, voted no. John Tower, R, did not vote.

GRENADA By a vote of 64 for and 20 against, the Senate agreed with the House (above) that the 1973 War Powers Act should apply to the U.S. invasion of Grenada. The Vietnam-era law is intended to give Congress a degree of control over a president's decisions as commander-in-chief.

Senators voting yes wanted to give the president a deadline for bringing troops back from Grenada.

Bentsen voted yes. Tower did not vote.

PRESS By a vote of 53 for and 18 against, the Senate called upon the Administration to stop barring news reporters from Grenada. Fighting was continuing when the vote occurred.

Senators voting yes wanted American news reporters to be able to cover the fighting in Grenada.

Bentsen voted yes. Tower voted no.

Washington—Here's how area members of Congress were recorded on major roll call votes Oct. 20-26.

HOUSE

Federal Pay The House voted, 245 for and 176 against, to delay for three months a four percent pay hike for federal workers that had been set for Oct. 1. This affected some 2.8 million civil servants.

Members voting yes wanted to delay the 1983 pay hike for civil servants until Jan. 1, 1984.

TEXAS Voting yes: Jack Hightower, D-13, Kika de la Garza, D-15, Charles Stenholm, D-17.

Voting No: Kent Hance, D-19.

Oregon By a vote of 297 for and 125 against, the House overrode President Reagan's veto of a bill giving six families in Oregon federal land that a surveyor's error had led them to believe they already owned.

Members voting yes wanted to override the veto.

Voting yes: Hightower, De la Garza, Stenholm, Hance.

Aircraft The House adopted, 219 for and 193 against,

an amendment to spend an additional \$87 million on advanced radar and various aircraft. The money was added to the \$247 billion fiscal 1984 defense appropriations bill (HR 4185), which awaited a final vote.

Members voting yes wanted to spend more for the aircraft and radar system.

Voting yes: De la Garza, Stenholm, Hance.

Voting no: Hightower.

SENATE

Clinch River By a vote of 56 for and 40 against, the Senate cut off money for the Clinch River breeder reactor. This apparently ended an 11-year government effort to build a power plant that breeds more nuclear fuel than it consumes.

Senators voting no wanted to continue construction of the Clinch River nuclear reactor.

Lloyd Bentsen, D, voted yes. John Tower, R, voted no.

Drugs By a vote of 40 for and 53 against, the Senate failed to kill an amendment creating a Cabinet-level office to direct national policy against drug abuse and illegal drug trafficking.

Senators voting no wanted to create a Cabinet-level drug agency.

Bentsen voted no. Tower voted yes.

Censorship The Senate adopted, 56 for and 34 against, an amendment delaying until at least April 15, 1984 a new presidential directive imposing lifetime censorship on approximately 100,000 current federal officials who handle especially sensitive information.

Senators voting no supported the president's imposition of lifetime censorship on U.S. officials who deal with highly-sensitive information.

Bentsen voted yes, Tower voted no.

Winterize your home for lower electric bills.

Follow Reddy's tips this winter to help you save money on your electric bills:

CALL YOUR HEATING SERVICE SPECIALIST NOW.

Have your heating unit checked NOW by a qualified specialist to put it into top operating condition. Not only will you minimize the possibility of a costly and uncomfortable breakdown in the middle of winter, you also will help to keep down home operating costs. Have it serviced early, before your serviceman or dealer has a waiting list.

SET YOUR THERMOSTAT AT 68 DEGREES OR LOWER.

Leave your thermostat at 68 degrees or lower in the winter during the daytime, and turn it down a few degrees when you retire at night.

ADD TO THE INSULATION IN YOUR CEILING AND WALLS.

Insulation comes in rolls, loose fill or batts. The "Resistance-value", or "R-value", indicates the ability of a material to keep heat from passing through it. The higher the "R-value", the more heat the insulation will keep inside in winter and outside in summer. Values up to R-30 in the ceiling and R-16 in the walls are recommended in these areas.

KEEP CAULKING AND WEATHERSTRIPPING IN GOOD SHAPE.

Sealing of cracks around doors, windows, pipes and wiring should be done to help you save on both heating and cooling costs. Polyurethane or similar caulking, plus felt or foam rubber products, come in easy-to-install form at most hardware stores and will help to draft-proof your home.

WINTERIZING YOUR HOME FOR ENERGY-EFFICIENCY WILL HELP YOU HAVE A MORE COMFORTABLE WINTER WITH LOWER ELECTRIC BILLS

Guests Come From Wide Area For Assembly of God Service

The Wellington Assembly of God Church celebrated Homecoming services on Saturday and Sunday, Nov. 5 and 6, with more than 100 attending.

Activities began Saturday evening with a time of fellowship and renewing acquaintances, followed by a "singspiration" with everyone participating in congregational singing and many special songs by visitors.

The Rev. Larry Boyd, pastor, was overall director of the homecoming events.

Two former ministers were involved in the homecoming, the Rev. James Jackson, guest speaker at the Sunday service, and the Rev. A.D. Stewart. Sunday events included the morning homecoming sermon, a covered dish dinner and afternoon service.

Along with the homecoming activities, Rev. Jackson and Pastor Boyd dedicated

three children to the Lord in the morning service. Mrs. James Hoover had her small daughter, Lindsay, dedicated by Rev. Jackson and Mr. and Mrs. Bruce Hoover had Kevin and Krysha dedicated by Pastor Boyd.

Those attending were Rev. and Mrs. James Jackson, Charlotte and Christy of Gainesville; Rev. and Mrs. A.D. Stewart from Duncan, Okla.; Mr. and Mrs. Calvin Stewart and Melissa from Dallas;

Mr. and Mrs. Calvin Argo from Hollis, Mr. and Mrs. Bruce Hoover with Keith, Kevin and Krysha from Frederick, Okla.; Mrs. James Hoover and Lindsay from Big Spring; Pauline and Terry Sherrell from Vinson; Janece, Billy and Sonya Bouldin from Plainview;

Amarillo guests were James Branch and daughter; Mr. and Mrs. Royce Campbell, Mr. and Mrs. Luther Edwards, Sharon

Branch, Bobby, Loretta and Jeffrey Ewing, Mr. and Mrs. Larry Patterson, with Jimmy and Laurie;

Other out of town guests included Mrs. Carrie Edwards of Shamrock, Mrs. Keith Jesse with Darren, Dana and Jeremy from Childress, Thadys Hedger, Dorothy McKinney, Mr. and Mrs. Herschel Burns with Shannon and Sharon, Mr. and Mrs. T. J. Burns, Sr., Michelle and Amanda Stallings all of Pampa.

Mr. and Mrs. Tom Musser with Angela and Tony, and Mrs. Nathan Watson, all of Canyon; Sherry Ammons, Movelle Hamilton also attended.

Wellington guests included Barbara McDaniel, Beverly Neeley, Billy Wilkerson, Sandra James with Tony and Craig, Vinita Howard and family LaQuita Bowen with Barry and Greg, Jewel Goodnight and Helen Hall.

City Council Holds Short Session Mon.

Wellington City Council met in a short session Monday, Nov. 7, with most of the time given over to a review of the profit and loss statement for the 1st quarter of the city's fiscal year, which ended Sept. 30.

City Manager Glen Taylor reported the purchase of a Dodge pickup for \$1250 to replace one which was totaled when another vehicle hit it while it was parked.

The city's retirement system was updated, a routine procedure which must be done every three years.

Present were Mayor Ralph Owens; Councilmen Lyndon Crelia, Sam McGill, Willie Gragson, Gary Brewer and Milburn Derryberry; City Manager Taylor and City Secretary Nell McKinney.

Four In Special Bowling Olympics

Four clients from the Wellington Satellite Center participated in the special bowling olympics in Amarillo Saturday, Nov. 5.

Each young man qualified to participate in the State Special Bowling Olympics to be held in Dallas November 18 through 20, said Tony Wright, Satellite Center director.

Benny Forrester, competitor in division 21, received a third place with a score of 70.

Clarence Jones, in Division 9, had a first place with a score of 75.

Clifford Thomas won a first place with a score of 83 in Division 15.

Aubrey Lewis, in division 11, placed third with a score of 66.

At this time a fund-raising campaign is being conducted to send the contestants to Dallas.

A 20-pound ham will be given away as part of the fund-raiser and private donations will be taken.

Those wanting more information should call Mrs. Wright at the Satellite Center, 447-5436.

Rate Up for Gas Customers Users Outside of Wellington

AUSTIN - The Railroad Commission has approved changes in gas rates for customers of Lone Star Gas Co. in unincorporated areas (environs) near 31 Texas cities.

The new environs rates are identical to the rates previously approved by the respective nearby city governments for customers inside their corporate limits.

The new rates will be effective on Nov. 5 in the environs of Annona, Kemp, Collinsville, Ladonia, Maypearl, Roxton, and Van Alstyne, on Nov. 9 in the environs of Byers, Claren-

don, Dublin, Franklin, Lipan, Lone Oak, Munday, Bangs, Fairfield, Granger, Hico, Lewisville, Bells, Benjamin, Lueders, Stamford, Tom Bean, and Wellington, and on Nov. 12 in the environs of Caddo Mills, Harker Heights, Robert Lee, Strawn, Thordale and Weinert.

Rates in the environs of these cities will increase in different amounts ranging from \$1.22 to \$6.25. Approximately 955 customers will be affected.

The Railroad Commission has the authority to approve

rates for gas service in unincorporated areas of Texas. Proposed gas rates for these areas service in unincorporated areas of Texas. Proposed gas rates for these areas are examined in light of the company's operating efficiency and the rates that have been approved by the nearby city governments.

Customers in the Wellington environs area use an average of 7 Mcf per month. Old bills averaged \$38.31 and new bills will average \$40.22.

1984 Schedule Listed

District 2-AA school administrators and coaches met Monday, Oct. 31, after University Interscholastic League district re-alignments were announced, to set up the 1984 football schedule.

Head Coach James Williams, in announcing the schedule, pointed out that next year Wellington and Hale Center will meet in a regular non-district game instead of a scrimmage.

Wellington and Panhandle have not cut their

ties, and will play a non-district game rather than a district contest, and Mangum, Okla., will return as one of the Skyrocket opponents.

The 1984 schedule includes:

Friday, Sept. 7, Hollis here.

Friday, Sept. 14, Mangum here.

Friday, Sept. 21, Childress here.

Friday, Sept. 28, Panhandle there.

Friday, Oct. 5, Hale Center there.

DISTRICT GAMES

Friday, Oct. 5, Quanah here.

Friday, Oct. 12, White Deer there.

Friday, Oct. 19, Memphis here.

Friday, Oct. 26, Clarendon there.

Friday, Nov. 2, Shamrock here.

Attending the meeting from Wellington were Supt. Kenneth McKay, high school principal Eddie Hankins and Head Coach James Williams.

The school officials and coaches met at Clarendon.

WTU Honors Two From Office Here

Tommy Hudson, local manager, and Polly Cozad, bookkeeper/cashier, were among 14 West Texas Utilities Company employees honored Tuesday night at the annual District Awards Banquet in Quanah.

Both received awards for having completed 10 years of service with the Company.

The awards were presented by Don Welch, vice president and director of

Customer Services. The WTU Panhandle District includes local offices in 13 towns. Headquarters is in Childress, and district manager is A.D. Green.

The first iron printing press to be used was the Stanhope press, invented by Charles, the third Earl of Stanhope in 1798.

Thanks

Wellington PTO thanks everyone who attended the Halloween Carnival—your patronage made it the biggest and best ever.

A special thanks to Melvin Cardwell for his support, and a big thank-you for their hard work to Freda Moody, Maria Granados, Donna Black, and Joe Thomas.

Nothing gets done without lots of hours of hard work volunteered by parents—many thanks to you all. And many thanks to our costume and pumpkin judges—your jobs were difficult and superbly done.

And a very special thank you to our merchants who donated items given in our door prize drawings (and who support our school activities throughout the year.)

Special Thanks to Wellington State Bank and City State Bank for donating a TV.

Panhandle Shuts Out Rockets, 37-0, for 2-2A Title

The Panhandle Panthers zapped an ailing Wellington Skyrocket team 37-0 to cinch the district championship at Panhandle Friday, Nov. 4.

Panhandle quarterback Todd Lamberson led the Panthers with four touch-down passes.

The Rockets played without the services of speedster Dewayne Culpepper, who didn't suit up due to rib injuries from the previous week, and power back James Benton, who, although he started the game and played some with a severe leg injury from the previous week, had to be helped off the field.

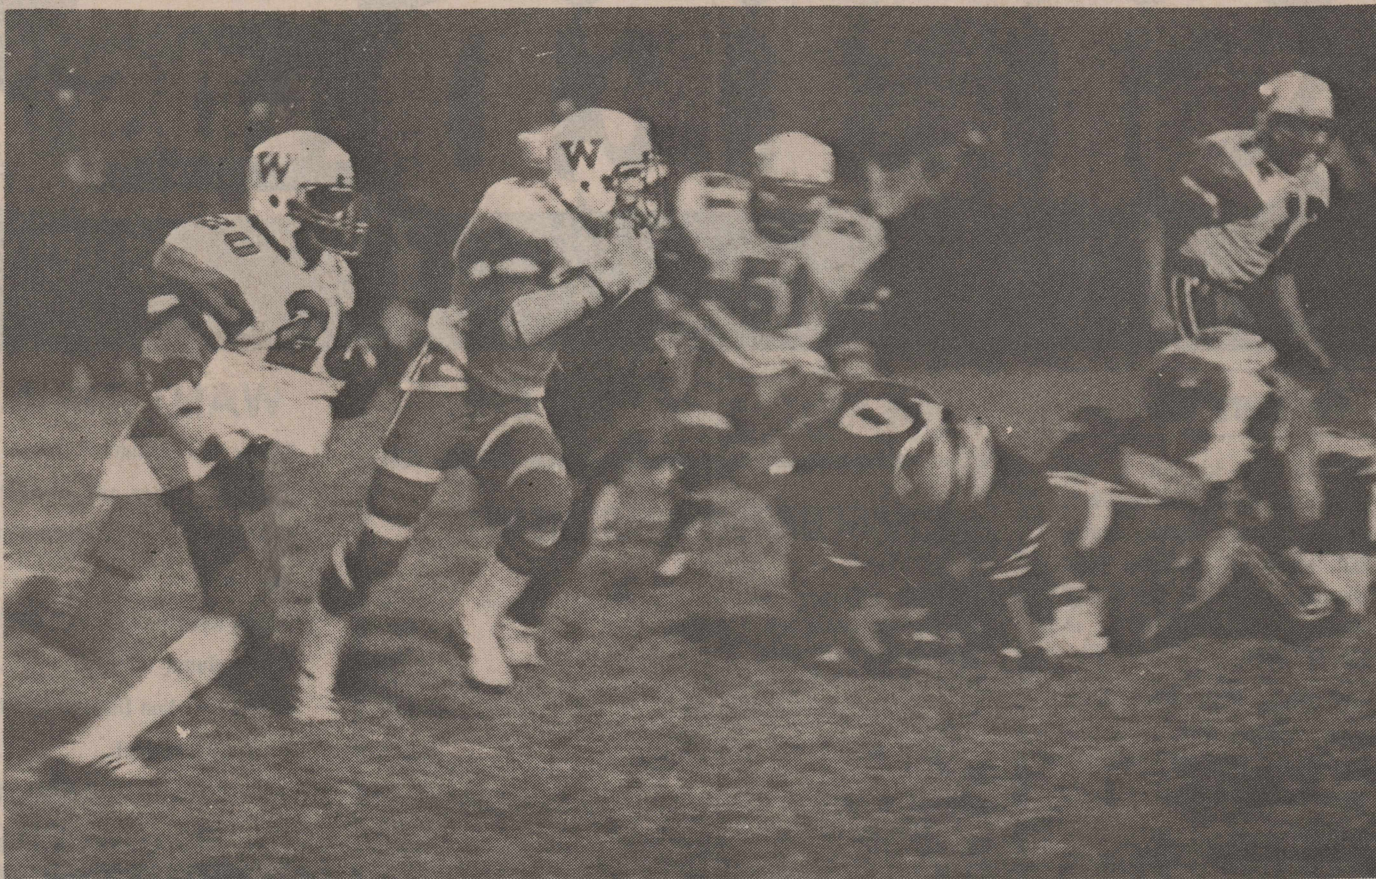

Panther Tim Sorrells set up Panhandle's first with a pass interception on Wellington's second possession. The score came on a 38-yard pass from Todd Lamberson to Benny Ray Hicks, and Wes Wood kicked the extra point.

The Skyrockets had another pass intercepted in the second quarter.

Later in the second quarter Panhandle moved to Wellington's four yard line, but the Rockets held and Wes Wood kicked a field goal for Panhandle with 1:13 to play in the half to make it 10-0.

In the closing seconds before halftime the Rockets made their first first down of the game and crossed midfield for the first time, but Panhandle's Stacy Rusk intercepted a Wellington pass to stop the Rockets, and Panhandle took a 10-0 lead into halftime.

But the third quarter proved to be the Rockets

ROCKET ACTION

undoing.

The Rockets suffered another pass interception on their first possession after halftime by Stacy Rusk who returned the ball 40 yards to set up Todd Lamberson's 18-yard touchdown toss to Kevin Powers. An extra point kick failed and Panhandle held a 16-0 lead.

A 48-yard pass from Lamberson to Powers set up Panhandle's Stacy Rusk to Powers, and Wes Wood's extra point kick gave Panhandle a 23-0 lead.

And the Lamberson to Powers combination scored

again with a minute to play in the third quarter on a 38-yard pass. Wes Wood's extra point kick made it 30-0.

Panhandle's final score came in the fourth quarter after the Rockets went for the first down and came up short at their own 31. Shane Mecaskey carried the ball 5 yards for the final TD, and Wes Wood's kick put the final touch on the 37-0 final score.

The Skyrockets, who were forced to go to the air with their two starting backs out, managed only four first

downs (2 of them on interference penalties) and had to play defense almost all of the game.

The defense played well, but Lamberson's arm and Powers' hands combined

repeatedly for big gains in third and long-yardage situations.

Jay Warrick intercepted a Panhandle pass to kill a drive in the second quarter and Bill Reeves recovered a

Panhandle fumble in the fourth.

8th Wins Championship

Coach Bill Wilson's Firecrackers won the 1983 District 2-AA Junior High football championship, still undefeated.

Their record is 8-0-1.

They will be awarded a championship trophy.

If there is any blemish at all, it is a tiny one, the 6-6 tie with Panhandle in the final game Thursday, Nov.

Panhandle Slips By 7th Grade

Panhandle defeated Wellington 7th graders 6-0 in the final game of the season here Thursday, Nov. 3.

The only score of the game came in the first quarter when a short Wellington punt turned the ball over to Panhandle on the Wellington 30. Panhandle scored on a 5-yard reverse. An extra point run fell short.

The loss gave the 7th graders a 4-5 season record. "Our kids played wells," coach Tom Johnson said, "but, even though we moved the ball, we couldn't put together a consistent offense."

3, on Powell Field.

Panhandle scored in the first half on a dive up the middle. The try for extra point failed and at halftime Panhandle led 6-0.

Wellington's only score came in the third quarter on a pass interception by Charles McIntosh, who ran the ball about 45 yards.

The Firecrackers try for points after touchdown failed also, and there was no more scoring.

This was almost altogether a defensive game, although Wellington had one long drive capped by Curtis Nash catching a pass for about 40 yards. The Firecrackers failed to score on it, however.

"Our whole defensive line played well, and that included Dudley Owens, Arthur Pennon, Marvin Brown and James Reynolds. All of them did a super job.

The two teams were about even on the number of first downs and penetrations and much of the playing was in mid-field.

"We could have played a little bit better but Panhandle has a good team."

Coach Wilson summed up the year: "We are real proud of our record."

Panhandle Downs JV 22-0 In final Game

Wellington Junior Varsity was defeated 22-0 by Panhandle here in the final game of the season Thursday, Nov. 3.

The loss gave the JV a 5-3-1 season record.

Wellington turnovers made the difference in the game. Wellington fumbled on their own 15 to set up a 10-yard sweep by Panhandle for the first TD in the first quarter. Panhandle kicked the extra point.

In the second quarter Panhandle intercepted a pass and drove the ball in for a 2-yard touchdown. Panhandle kicked another extra point and held a 14-0 lead at halftime.

In the third quarter Wellington turned over the ball to Panhandle on their own 20 after a bad snap on a punt. Panhandle scored from the 5 and passed for two extra points to make the final score 22-0.
