Sweet Report From Sugar Meet

ASC Community Candidates Named

Candidates for Community Committeemen were selected for ballots at a meeting in the Deaf Smith County ASCS office recently. Ballots will be mailed to all county farmers by Sept. 5 and must be returned to the office by Sept. 15.

Nominees for Community Committeemen include:

Community A: Zearl Cansler, Claude R. Damron, Earl Holt, Leroy Johnson, Melvin May, Ira Ott, V. J. Owens, H. R. Stewart, Robert R. Strain and Virgil P. Walker.

Community B: James Alton, Frank Barrett, Arnold Betzen, Edward Dziuk Jr., J. D. Gilbert Jr., Austin C. Rose Jr., Charles Schlabs, Joe Story, George Turrentine and George Warner.

Community C: Eldred Brown, Abraham Drager, J. F. Ford

LITTERBUGGING IS A CONTINUAL headache to the Texas Highway Department as it attempts to keep highway right-of-way in a neat condition. In the one-mile stretch of U.S. 60 from the THD headquarters in Hereford to the top of the hill beyond Tierra Blanca Creek, a crew filled this truck three times to overflowing Monday. On the crew were, from left: Carl Miller, Greg Combs and Monte Vaughn. (Staff Photo)

Poague Backs Increased Quota For US Producers

By H. A. TUCK
BRAND NEWS EDITOR

A highly encouraging report was made to the Brand Wednesday by James W. Witherspoon of Hereford after his return from an annual meeting on sugar affairs Tuesday in Denver, Colo.

Also attending the meeting from Hereford on behalf of the Texas Sugar Beet Growers Association were Lee Benefield and J. H. Sears. Benefield is president and Witherspoon is legislative chairman for the organization.

Witherspoon said that leaders in government agriculture affairs offered a great deal of hope for an increase in domestic sugar production when the Sugar Act is revised.

Now operating under an extension, the Sugar Act is due for extensive changes before it expires in June, 1962.

Purpose of the meeting, which is held yearly, was to determine the feeling of producers and refiners on whether the government should apply restrictions on beet acreage.

Generally, the old growers and the refiners were divided on the questions, while all of the new growing areas

were against acreage controls.

"I feel certain that the U. S. Department of Agriculture will not apply acreage restrictions for the coming year," Witherspoon said. "There is no need for it since the quota system (by processors) serves the same purpose."

Acreage controls on sugar beets were removed last year, but processors govern acreage by allocating quotas to various producers and producing areas.

Rep. W. R. Poague of Waco was present as an observer, the only member of Congress to attend the meeting. Although he intended to attend only as a spectator, he was called upon by the moderator, Laurence D. Myers, head of the sugar section of the USDA, to make a talk.

Poague, assistant chairman of the House Agriculture Committee, stated that he felt sure there would be a change in the percentage of total sugar needs allocated to domestic and foreign sources. He contended that the present allocation of 55 percent of the total needs to domestic growers, including Hawaii and Puerto Rico, and 45 percent to foreign imports should be changed.

He advocates a split of two-thirds for domestic producers and one-third for foreign producers.

This would amount to an increase of about 11 per cent over present requirements from domestic producers. With a total need of about 10 million tons, the increase would add about 1,100,000 tons to the domestic production.

Poague's feeling on a change in allocations for domestic growers is also shared by Orville Freeman, secretary of agriculture, Witherspoon contends. He quotes a recent article in the Wall Street Journal, in which Freeman is credited with the statement that he contemplates recommendations of a move to allocate 1,000,000 tons of the present Cuban sugar quota to domestic producers.

Thus, the House Agriculture Committee and the Department of Agriculture seem to be thinking along the lines of a domestic increase of about a million tons.

County Hears CD Chairmen Report

A large group of volunteer workers in the newly formed city-county Civil Defense organization discussed their plans with the Deaf Smith County Commission during its regular meeting Monday.

Committee chairmen told the group what they plan to do in order to prepare for a possible disaster or enemy attack.

Employment of Edward Robinson as a county deputy sheriff to replace Bill McCarver was approved by the court. He assumed his duties on Tuesday after resigning from the Hereford Police Department.

Library fee assessed for filing of civil cases in the county was raised from \$3 to \$5 per case. The fee is used to maintain the county's law library. The increase will become effective immediately.

A Frieden calculator was ordered for the county tax office. It will be paid for after Nov. 1.

Most of the day was spent going over tentative drafts of the county budget.

The court also held a called meeting recently to talk with Leroy Satterwhite, Soil Conservation District engineer, about water problems in Deaf Smith County and its effects upon soil conservation.

Jim McMorris, during the same meeting, was commended for his work on a tax valuation program in the county. McMorris is head of an appraisal firm in Amarillo which was retained by the county to prepare valuations of all county property.

DWI Case Filed Following Wreck

Released from Deaf Smith County Hospital into the custody of the Texas Highway Patrol Wednesday was Adam Morales, a 40-year-old Latin-American man.

Morales was arrested by the Highway Patrol at 4 p.m. Saturday after the 1955 model car he was driving struck a ditch and overturned.

He was charged with driving while intoxicated, first offense, and admitted to the hospital for treatment of injuries received in the accident.

According to hospital officials, he sustained cuts and bruises and an injured left arm.

Morales listed his address as General Delivery, Hereford. He will be brought before county judge Don Zimmerman later this week.

Investigating the accident which occurred on a dirt road about two miles south of Hereford was Highway Patrol officer Charles Skinner.

Around Town

School registration was busy, but smooth, Wednesday as thousands of youngsters enjoyed the last day of summer vacations. However, the classes will be barely underway before the school dismisses for Labor Day next Monday. Both parochial schools will start classes next Tuesday. It was busy downtown all day Wednesday as parents, mostly mothers, scurried about for the supplies listed as being necessary for the opening days.

Texas' new sales tax goes into effect Friday, but no one is quite sure just exactly what will be taxed and what is exempt. One thing is sure, there will be much confusion. And this is just the start. For many years to come, the courts will be handing down rulings on what is or is not covered by the sales tax legislation. If in doubt, just keep a few pennies in your pocket or purse for the extra cost of government in the state.

We live in a most interesting neighborhood. And the latest chuckle concerns Glen Nelson's now-famous motor scooter ride last Saturday evening. Glen was trying out a scooter which his younger son, Glen, had bought.

Boosters Will Charter Bus For Team Trips

The Hereford Whiteface Booster Club will meet at Hereford High School Friday afternoon and will travel as a caravan to the Hereford-Brownfield football game.

The caravan will leave Hereford at 5 p.m. and all Hereford fans going to the ballgame are urged to travel with the group.

According to booster club president Ed Skypala, the cars will be decorated if possible and the caravan will be headed by Deaf Smith County Sheriff Lowell Sharp.

Plans for the caravan were made Monday night in the regular weekly meeting of the local boosters.

Also discussed in the meeting were the plans for selling programs for the Whiteface home games. The Boosters announced that most of the advertising for the programs had been sold.

Proceeds from the program selling will go into a fund which will charter buses for all of the out-of-town trips taken by the football team.

Hereford head coach Jack Meredith spoke at the meeting. He urged everyone to travel to Brownfield for the opening game of the 1961 football season.

Meredith explained to the boosters the problems facing the Whitefaces this year and he stated that Brownfield will be one of the better teams that the

Whitefaces Open Grid Season At Brownfield

BY RICHARD LEGGITT
BRAND STAFF REPORTER

The Hereford Whitefaces, a team with space-age desire and sky-high hopes, will launch their 1961 football season into orbit at 8 p.m. Friday in Brownfield.

Although looking much better than expected this season, the Whitefaces will go into their opening contest as a slight underdog to the always-tough Cubs.

Hampered by injuries the Cubs will rely heavily on John Clare, 190-pound fullback who turned in an all-district performance last year as a tackle.

Clare will hit the Whiteface line from a Wing-T formation which will concentrate on the Hereford interior.

Owners of a dangerous passing attack, the Cubs have been forced to set aside most of their throwing plans since starting quarterback Teddy Howell injured his hand in a scrimmage.

Replacing Howell will be senior letterman Woody Harbin, a scrappy little ball handler who seems to play his toughest when the going gets rough.

Running wingback for the Cubs will be Ronnie Senton, a speedy little senior who saw plenty of action on last year's ballclub, which won six and lost four.

Brownfield will be the first class AAA team to play Hereford in a non-conference battle. The Cubs are members of district 2-AAA which also includes Monahans, Pecos, Andrews, Kermit, Seminole and Ector of Odessa.

The Brownfield line will average just a shade over 173 pounds per man while the Whiteface line hits the scales at about 177 pounds per man.

The Cubs' backfield will average about 166 pounds per man compared to 155 pound average for the Hereford backs.

The Whitefaces and the Cubs

were hit hard by old man graduation. The Herd has nine returning lettermen while the Cubs are returning 12 to the pads.

The Hereford offense under new coach Jack Meredith, will feature a break-away backfield which includes Mack Cansler and Dennis Hodges at the halfback slots, Arnold Powell at fullback and Joe Mack Hale calling signals.

The Herd will depend on Troy Don Moore and Butch Walterschied to anchor the inexperienced Hereford line.

The Hereford-Brownfield (Continued on page 2)

WRNS AGAINST SUPPORTS

English Agriculture Student Observes Booming Economy During A Brief Visit

BY WAIN MILLER
BRAND STAFF REPORTER

"I am very impressed with America, particularly this part of the country. It is obviously a booming economy," states William Cropper, agricultural student from Ormskirk, Lancs, England.

Cropper is one of 160 English college students touring the U. S. and Canada this summer. Majors in agriculture at Wye College, near London, these students are in America to study botanical and mechanical aspects of the nation's agriculture.

"I live on a farm in country which is quite similar to this area," continues the charming 21-year-old English visitor. "However there is no irrigation, which is the main difference. We grow many vegetables."

"Our farms average about 100 acres, and are obviously much smaller than the ones in this area, which apparently average 200 or more acres," continues Cropper. He pointed out that this was perhaps the main difference in the two countries' agriculture.

"Because the land in England is so irregular, the farms are not quite so mechanized as American farms," he added. According to Cropper, English farming is gradually becoming more mechanized. It surpasses the efficiency of France, Germany, and the Scandinavian countries, and is probably about equal to farming in Denmark. Cropper has also traveled and studied farming methods in these countries.

"The general opinion gathered from the press in England," says Cropper, "is that the Russians are on equal terms with U. S. agriculture. American's apparently sell badly, as I now have a much different opinion of the country's agriculture."

When asked if he thought President Kennedy's "Peace Corps" would improve "American salesmanship," Cropper replied, "I think the Peace Corps is definitely an excellent idea."

Cropper also expressed the desire to see more American students come to England and Europe, "to show how nice the average American person really is."

"On the whole, the English farmer is content, I would say," states the student. There are subsidies for most of the English

crops, and therefore the farmer tends to become almost too content, and does not attempt to improve his farming methods, he surmised.

"I am extremely impressed with the general drive of the American farmers. They appear to be constantly trying to improve farming efficiency."

"Since there are more supports in England, the people tend to carry on as they are, instead of trying to improve as the

(Continued on page 2)

Youth Held On Assault Charge

Richard Madrid, 18-year-old Latin-American youth was arrested Saturday night at the skating rink and charged with aggravated assault.

Madrid, who gives his address as General Delivery, Hereford, was arrested by Deaf Smith County Deputy Sheriff Kenneth Maxwell at 11:20 Saturday night after he was involved in an alleged altercation.

Bond for Madrid was set at \$1,000 by Deaf Smith County Judge Don Zimmerman for an aggravated assault charge. Also pending are charges of simple assault and affray.

VISITING STUDENT William Cropper, of Ormskirk, Lancs, England, is shown modern cattle feeding techniques by Western feed lots manager Ronald Kershen. Cropper, who is on a two-month tour of the U. S., along

with 160 other agricultural students from the same school, is studying farming techniques in America. He is staying with Mr. and Mrs. James McAndrews, east of Hereford. (Staff Photo)

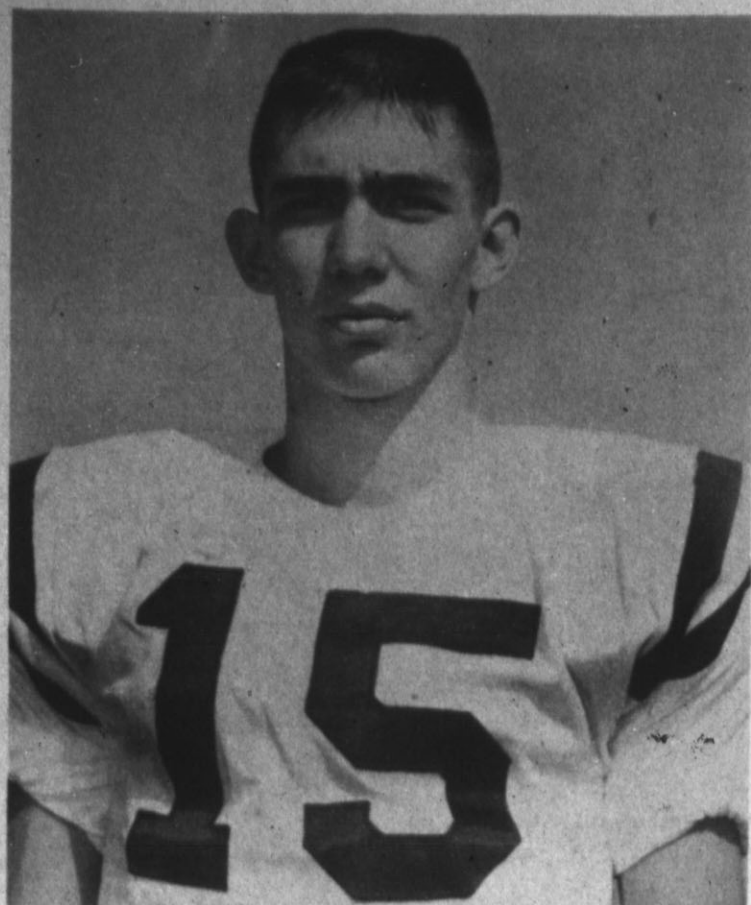

Fine One, Hold Another After Weapons Arrests

Two Latin-American men were arrested this week and charged with carrying prohibited weapons.

Arrested were 28-year-old Jose Arroyos, 511 Irving St. and 18-year-old Julio Sanchez Jr., a resident of the Labor Camp.

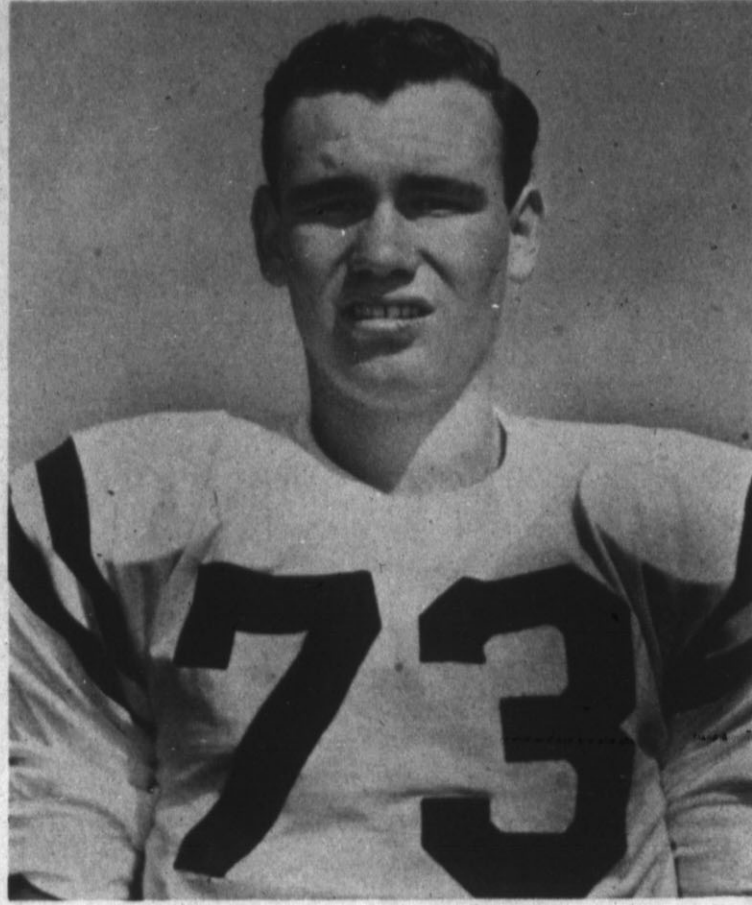

Arroyos was arrested at 2 a.m. Sunday in the Labor Camp by Highway Patrol officers Charles Skinner and Carol Parker. He was fined \$100 and costs by Deaf Smith County Judge Don Zimmerman for carrying a blackjack.

Sanchez was arrested at 11:30 p.m. Saturday at a local skating rink by Deaf Smith County Sheriff Lowell Sharp. He was charged with carrying a large knife and will be brought before the county judge later this week.

CHARLES KELLY is a junior halfback for the Hereford Whitefaces. The 17-year-old son of Mr. and Mrs. J. D. Kelley, Sr., of Rt. 1, he is 5-9 and weighs 135 pounds. He played last season on the "B" squad.

(Staff Photo)

JOHN KOVACS is a sophomore tackle for the Hereford Whitefaces. He is the 15-year-old son of Mr. and Mrs. Ludwig Kovacs of 709 Knight. Playing last year on the freshman team, he is a 135 pound, 5-9 lineman.

a new permanent law, including an increase for domestic producers, drafted well ahead of the expiration of the sugar act.

Although Tuesday's meeting was an annual event, it was reported as having the largest attendance and most interest of any such meeting ever held. About 350 persons attended the day-long session.

In addition to the three Hereford men, sugar beet backers from Friona, Dimmitt, Muleshoe, Stratford, Pecos and Plainview also were on hand.

Even in the jungle, chimpanzees show traces of the behavior that delights circus audiences. They perform stamping dances, pound rhythmically on hollow trees and sometimes adorn themselves with leafy bra-

clash is one of 14 class AAA contests being played Friday night. Most of the larger class schools will hold off until Sept. 8 to open their seasons.

Probably the greatest show on earth, Texas high school football for 1961 will include a cast of 50,000 boys and 8,000,000 fans.

The probable starting line-up for Hereford Friday night will include Joe Mack Hale, quarterback, 150-pound senior; Arnold Powell, fullback, 160-pound junior; Mack Cansler, left halfback, 165-pound senior; Dennis Hodges, right halfback, 145-

pound senior; Butch Walterschied, right end, 190-pound senior; Bill Steele, right tackle, 195-pound junior; Troy Don Moore, right guard, 160-pound senior; Joe Schultz, center, 165-pound senior; John Bob Drake, left guard, 170-pound senior; Virgil Kuykendall, left tackle, 185-pound senior; and David Dowell, left end, 155-pound junior.

The Brownfield line - up for coach Doug Cox includes Woody Harbin, quarterback, 150-pound senior; John Clare, fullback, 190-pound senior; Ronnie Senton, wingback, 140-pound senior; Coy Chandler, halfback, 146-pound senior.

Leonard George, right end, 168-pound senior; Jim Gam-mill, right tackle, 168-pound senior; Dave McDonald, right guard, 165-pound senior; Tommy McCullough, center, 180-pound senior; Charles Britton, left guard, 165-pound senior; Eddie Wilder, left tackle, 175-pound junior; and Jim Childress, left end, 170-pound senior.

Nine Games For Freshman Squad

Alex Glass, Hereford freshman football mentor, announced a 9-game football slate this week for the Stanton Junior High ninth graders.

Glass stated that all the ninth grade games would begin at 6 p.m. with the exception of a 4:40 p.m. tussle with Dumas on Nov. 2.

The 1960 freshmen record ed a 6-4 mark before moving into high school this year.

ght. He got caught in a tight traffic maneuver just half a block from home, attempted unsuccessfully to negotiate a turn and bounced off a parked vehicle. Damage was just about nil... except for Glen, Bruises, aching muscles and seven stitches in his leg later, he's decided to let younger members of the family corral the two-wheel monster. That's what happens when adults insist on playing with children's toys. I even got in the last laugh, since I had ridden the scooter a night earlier and hadn't even skidded.

With the beginning of September, the Brand is attempting to collect information about all Hereford residents who will be going off to college, either as freshmen or upperclassmen. We would appreciate it greatly if you could give us a call and tell us about your college plans.

Eighth grade students who are planning to attend the Junior Cotillion Class this fall are asked to enroll immediately, since the class closes Sept. 1. If you are interested, contact Mrs. Albert Maxwell, cotillion chairman.

Hereford High School gets its football season off to an early start on Friday, Sept. 1, when the Whitefaces go to Brownfield for a non-conference game between AAA schools. Advance information indicates a good game is in store. New head coach here, Jack Meredith, and his staff and team would really appreciate a large delegation from Hereford at the game. Tickets will be on sale in the high school principal's office until noon Friday.

About the time we think we are managing to get an item about most of the local visitors, we get booby-trapped. All last week I kept telling Richard Thompson, his wife Doris and daughter, Susan, all of Harlingen, that we were going to have something in the paper about them. They have been visiting his brother and family, Mr. and

worries concerns the European Common Market. When the tariffs are dropped in England, imported food will be even cheaper, states Cropper.

"Summing it up," he concludes, "the American farmer works harder than the English farmer." The English farmer is always striving toward an easier life, while his American counterpart is working towards increased efficiency, summarizes Cropper.

While in the area, Cropper is staying at the farm home of Mr. and Mrs. James McAndrews, three miles east of Hereford. The handsome, blond Englishman arrived here Sunday afternoon, and will leave for Chicago Thursday morning.

He arrived in the United States by plane at New York City July 8, and will return to England Oct. 4. At Chicago, he will join a friend on a trip around the perimeter of the nation.

From Chicago, they will travel to Seattle, San Francisco, New Orleans, and back to New York.

His tour is being arranged by the Charles Pfizer and Co., chemical manufacturers of New York. He says his trip will make his agricultural studies more understandable when he returns for his last year of college this fall.

Describing his family as a typical English home, his parents own a 90-acre vegetable farm near Lancaster, England. He has one younger sister.

Cropper will graduate from Wye College, affiliated with the University of England, which is located 60 miles south of London.

"I hope to come back to the U. S. to take my Master of Science degree at the University of Iowa," adds Cropper.

What is William Cropper's ultimate ambition? He intends to return to England to farm.

KEN LOERWALD is a senior end for the Hereford Whitefaces. The 17-year-old son of Mr. and Mrs. E. H. Loerwald, of 715 Blevins, he weighs 160 and is 6-1. He has lettered once for the Herd. (Staff Photo)

EUGENE GREENE is a sophomore center for the Hereford Whitefaces. Playing last season for the freshman team, he is the son of Mr. and Mrs. Eugene Greene of 219 Ave. I. He hits the scales at 168 pounds and is 5-11. (Staff Photo)

GOOD DEAL SOURS

Tucson, Ariz. — A Tucson business deal going until police stepped in.

Ceciro Rakestraw, 62, was contracted to haul farm workers to and from their jobs. On the way

home each night, officers said, Rakestraw would sell his passengers wine for one dollar a pint. He had purchased the liquor for half that price.

Rakestraw was charged with selling liquor without a permit.

H. D. CHATTER

Seek Make-It-With-Wool National Contest Entries

BY ARGEN DRAPER

Some adults have entered the Make-It-Yourself-With-Wool Contest. We'd like to have a number in each division so why don't you let us know now so we can proceed with the plans. This is another way the County Program Building Committee is meeting the needs of the people in this county.

The county-wide program on International Peace Garden is Sept. 5. It is sponsored by the Home Demonstration Council and the program is given by the members of the Progressive Home Demonstration Club. The meeting will be in the District Court Room at 2:30 p.m. All

the club women should come to the program and everyone else is invited.

The Texas Home Demonstration Association has recommended programs on International Peace Garden to acquaint us with the significance and importance of the effort of the persons in North Dakota and Manitoba, Canada.

Last night I saw Judy Bradley on TV and thought she was wonderful. Judy is one of the best ambassadors of good-will we could have. She has done a lot for Hereford and the publicity should help the area.

Here's some information prepared by Economic Research

Service, U.S.D.A. This is estimated: County Median incomes for families and unrelated individuals in Texas during 1959. Deaf Smith's estimate in rural farm families and individuals is \$3,439.00. All families and individuals \$4,002.00.

Home Demonstration club begin meeting Tuesday with the County-wide program. Then the clubs will meet separately.

The office is being called a lot for pickle recipes so preservation isn't complete yet.

EYE TRANSPORT FAST

RICHMOND, Va. — Some 80 persons in Richmond and other eastern cities regained eyesight during the past three years with the aid of eyes channeled through the Hunton Memorial Eye Bank at the Medical College of Virginia.

It is a hasty procedure. They must be removed from a donor within six hours after death and can be kept only from 48 to

GAS LIGHT ERA

RICHMOND, Va. — Think the gas light era ended some 50 years ago?

Richmond's last gas street light was extinguished when World War II blackouts became necessary — but they are coming back.

Fifty antique lights which once lit the streets of Baltimore will be used in courtyards of a new two million dollar apartment house here.

Officials of the Commonwealth Natural Gas Co. say Dallas has 21,000 in use, Phoenix 6,000; Kansas City 10,000; Los Angeles 20,000; Cleveland 4,000 and Shreveport, La. 46,000.

72 hours before being used. If the Bank receives eyes for which no doctor has applied, other eye banks are notified immediately.

Football Contest For Boys Slated

An opportunity for Hereford area boys to compete in a football punting, passing and place-kicking contest, with trips to National Football League games among the prizes, was announced today by Charlie Seeds.

Seeds said the Hereford competition is a part of a nationwide program sponsored by the Ford Motor Company in cooperation with the National Football League. Known as "Punt, Pass, and Kick," the competition will culminate with a five-day trip to see a home game of the Dallas Cowboys, where they will compete during the game's halftime.

The top five boys in this region, along with their fathers, will then be given an all-expense-paid trip to see a home game of the Dallas Cowboys, where they will compete during the game's halftime.

The top five winners in the Hereford contest, whether or not they qualify for the national eliminations, will receive prototype football uniforms, the five placing second will win warm-up jackets, and third place winners will earn footballs.

Mr. Seeds said the contest was developed to give every boy a chance to take part in football competition, and to encourage physical fitness.

The date and site of the Hereford competition, and the judges and other officials, will be announced in the future, Mr. Seeds said.

an official 1961 N. F. L. Guidebook.

After the Hereford competition is held, the scores of the most skillful punters, passers, and kickers, one in each group, will be compared with the scores of boys in the other competitions held in the area covered by the telecasts of the Dallas Cowboys.

The top five boys in this region, along with their fathers, will then be given an all-expense-paid trip to see a home game of the Dallas Cowboys, where they will compete during the game's halftime.

The top five winners in the Hereford contest, whether or not they qualify for the national eliminations, will receive prototype football uniforms, the five placing second will win warm-up jackets, and third place winners will earn footballs.

Mr. Seeds said the contest was developed to give every boy a chance to take part in football competition, and to encourage physical fitness.

The date and site of the Hereford competition, and the judges and other officials, will be announced in the future, Mr. Seeds said.

Stark Named As Star Salesman

Wayne Stark, local insurance salesman, has qualified as a member of the 1961 Star Club of New York Life Insurance Company according to Charles O. Clark.

Membership in the Star Club is based on 1960-61 sales record and is composed of outstanding agents of the company.

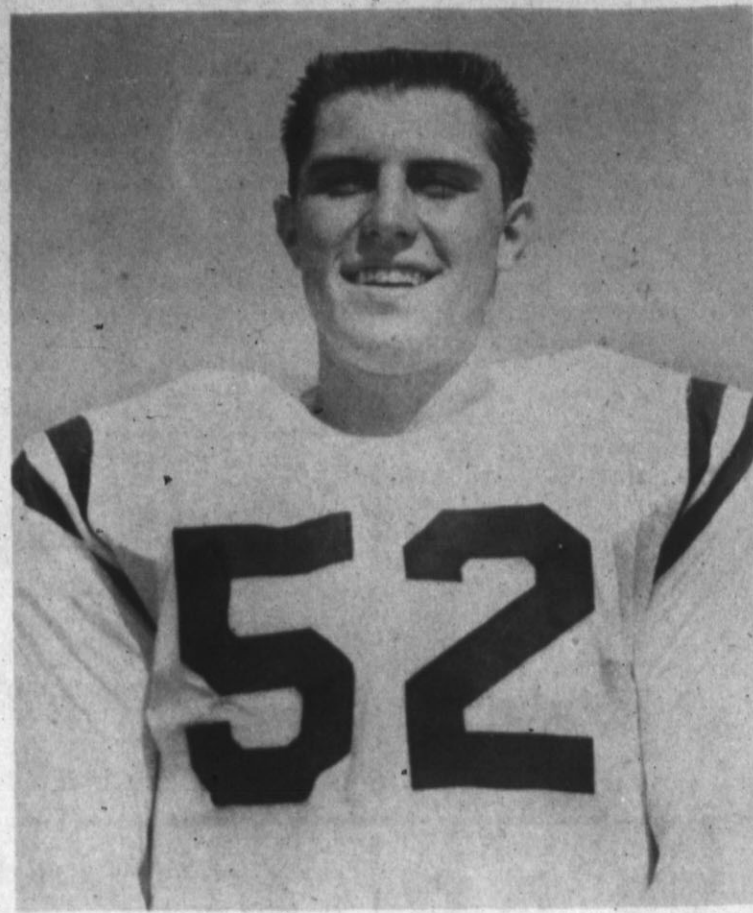

As a member of the Star Club, Stark has been invited to attend an educational conference Aug. 28-30, in Biloxi, Miss.

Local Agencies Aid Rural Area Development Program

Recently assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Area's Development Program, the Texas Agricultural Extension Service has begun its work here through the Deaf Smith County Agent's office and the county home demonstration office.

Organized before this national assignment was made at the national U. S. D. A. headquarters, extension program building committees in Deaf Smith County have already begun a long-range program intended to improve economical stability from the county's agriculture. Also helping in the program are other agricultural agencies within the county.

According to county agent Lefty Thomas, these groups are

primarily working toward a higher degree of efficiency of production in the county's agriculture. One of the problems receiving special study and action is better utilization or irrigation water.

"Lake water, tail water, and runoff from heavy rains, when utilized, are proving to be not only economical," he added, "but make our future for irrigation more stable."

Another step toward better land use being studied by these groups is the utilization of grasses to undergird a livestock enterprise. Such a venture would give more farming diversification and is also a step toward better land use.

Also receiving attention is the control of noxious weeds, especially Johnson grass. This is a must if efficiency is to be maintained or approached on the farm, states Thomas.

More than ever before, thought is focused on the techniques of farm management. According to Thomas, many believe this factor to be the key to successful farming in the future.

This program, which is being activated in 47 Texas counties, is an expansion and re-organization of the earlier Rural Development effort which operated on a pilot basis. Experiences gained will be used to strengthen

en the program which is now underway.

2nd Lt. Hershey Completes Army Engineer School

Army 2d Lt. Homer H. Hershey, whose wife, Linda, lives at 329 Montclair, Corpus Christi, Tex., completed the officer orientation course at The Engineer School, Fort Belvoir, Va., Aug. 18.

During the eight-week course Lieutenant Hershey was familiarized in the duties and responsibilities of an Engineer Corps officer. He received training in logistics, administration, road construction, bridge building, operating and maintaining construction equipment, and the tactics and techniques employed by the Engineer Corps in combat.

The 24-year-old officer, son of Mr. and Mrs. Horace L. Hershey, Route 1, Hereford, is a 1955 graduate of Hereford High School and a 1960 graduate of Texas A & M College in College Station.

Before entering the Army, he was employed by the Shell Oil Co. in Houston.

Jack Meredith

Meredith Speaks For Optimists

Hereford High School head football coach Jack Meredith was guest speaker at the regular noon meeting of the Optimist Club Tuesday.

Meredith outlined the objectives of the coaching staff for the Whitefaces this year. Stressing the importance of local support for the football team, he stated that the Herd has one of its toughest schedules ever.

"I guarantee that the kids will hit hard and really hustle out there this season," stated Meredith. Only players with a sincere desire to play hard and win are in the squad this season, he added.

Meredith said that the main purpose of football and athletic training is to build character. "We try to impress on the players the importance of being humble. We also want to give the players confidence and a winning attitude."

Optimists plan to have a family night Tuesday night for all Optimists, their wives, and prospective club members. A hamburger fry will be held in one of the member's back yard.

Guests at the noon meeting included Whiteface football coaches Jack Meredith and Willie Williams, and Howard Gore.

Disturbance And Drunk Costs \$25

A 39-year-old Latin-American man was arrested Monday night and charged with being drunk and disturbing the peace. Fined in Corporation Court by city judge Henry Benson was Senon Sanchez, a resident of the labor camp.

Sanchez was fined \$25 and costs after he was arrested at 9:30 p.m. Monday by city police officer Pete Cole. The arrest was made in the 100 block of north Main St.

REP. WALTER ROGERS WRITES

Exports To Sino-Soviet Bloc Pose Many Problems

TO THE PEOPLE OF THE
18TH DISTRICT:

Exportation of goods from this country to members of the Sino-Soviet bloc has been the subject of much discussion in recent weeks. The export problem as a general matter is not new. Its proper handling requires continued vigilance both with regard to exports to nations whose government ideologies are opposed to ours, as well as to friendly nations. In 1949 the Congress passed a law dealing directly with this problem. It is popularly called the Export Control Act of 1949. The second section of that Act spells out a declaration of policy, which I quote as follows:

"Congressional declaration
of policy

The Congress declares that it is the policy of the United States to use export controls to the extent necessary (a) to protect the domestic economy from the excessive drain of scarce materials and to reduce the inflationary impact of abnormal foreign demand; (b) to further the foreign policy of the United States and to aid in fulfilling its international responsibilities; and (c) to exercise the necessary vigilance over exports from the standpoint of their significance to the national security."

This is a clear statement of policy to which everyone could subscribe. The question, therefore, is whether or not this policy has been and is being carried out. Congress intends to find out, if the House passes H. Res. 403 (Kitchen, D. N. C.), which was passed by the Rules Committee on August 23, 1961. This is a resolution creating a Select Committee to be composed of five members of the House of Representatives for the purpose of assessing the accomplishments under the Export Control Act in a number of particulars, especially "The problems involved in the control of trade between the United States and foreign countries, particularly the foreign countries comprising the Sino-Soviet bloc." This resolution was introduced by Congressman Paul Kitchen of North Carolina on August 3, 1961 and was approved by the Rules Committee on August 23, 1961. It is expected that it will be presented to the House and passed before the end of this Session. Many recent developments

caused consternation among the Members of Congress as to the manner in which our export trade was being conducted. We felt that, in keeping with the Congressional declaration of policy, full and complete information on all of these matters should be constantly available to the Congress. Charges and counter-charges as to the shipment of strategic materials to the USSR required a full report to the American people on the subject matter.

Especially was this true with relation to statements that United States wheat was being shipped to the Soviet bloc at bargain basement prices. There was also the charge that certain machines for the production of miniaturized ball bearings were being shipped to Russia. These are only two of the many matters involved in the general discussion, but I point them out because I have specific information on both.

With relation to the proposed export to Russia of the machines for the production of miniaturized ball bearings, there was an export license issued in February of 1960. However, this license was subsequently suspended and the matter was re-studied. After considering all of the facts involved, the Secretary of Commerce revoked the license as of March 2, 1961. These machines were not shipped to Russia, according to the United States Department of Commerce, and will not be shipped.

Now, with relation to the shipment of wheat and other subsidized agricultural products at bargain basement prices - I have been advised by the Department of Commerce that the only authorization for the sale of surplus commodities to the Eastern European Soviet bloc was on three conditions. First, the sale must be at prevailing world market prices. Second, the merchandise must be paid for in dollars or in currency convertible to dollars. Third, exporters must obtain commitments from importers in the bloc countries that the commodities would not be re-exported to another country. Whether or not these conditions are distasteful to potential exporters and importers is not readily discernible. However, the Department of Commerce advises me that as a matter of fact, it has not received one single ap-

plication for an export license to sell subsidized surplus agricultural commodities to any countries in the Soviet Bloc. Hence, no subsidized commodities have been shipped to the Soviet Bloc, no export licenses have been requested and non have been granted for such shipments.

This information that has come to me from the Department of Commerce is, in my opinion, information that is of vital importance to the people of our area, including the many who have written me on both subjects.

VISITORS

Our visitors in Washington from the Panhandle included Mr. John DeShazo, Mr. William A. Boyce, Mr. R. S. Coon, Mr. and Mrs. E. P. Roach with their son Don and daughter Linda, all from Amarillo; Mr. James W. Witherspoon of Hereford, Miss Sylvia Henson from Midland, and Bill Cornette from Canyon. We are always pleased to have these nice visits with the people from home.

LET'S COOK SOMETHING!

Mrs. Woodford Often Sends Boxes To Juliette-Fowler Home, Dallas

Mrs. Louis Woodford, 216 Star Street, is very active in church and club work in Hereford. One of her pet charities is the Juliette-Fowler Home in Dallas and she often sends boxes of candies, cookies and breads for the enjoyment of the persons living there. A favorite recipe is for

APRICOT NUT BREAD
2 1/2 cups sifted flour
1 cup sugar
1 tsp. salt
1 tsp. baking powder
1 tsp. baking soda
1 egg
1 cup sour milk
1/2 cup apricot juice
2 tbsps. salad oil
2/3 cup chopped walnuts or pecans
2/3 cup chopped cooked dried apricots

Sift into large bowl flour, salt, sugar, baking powder, soda. Beat egg. Stir in sour milk, apricot juice and salad oil. Add to dry ingredients; stir until flour is dampened. Fold in apricots and nuts. Turn into a greased 9" x 5" loaf pan; push batter into corners. Bake at 350 degrees about 1 hour or until done. Store overnight for easy slicing.

Other recipes Mrs. Woodford recommends include:

DATE PUDDING
1/2 lb. chopped dates
1/2 lb. marshmallows
1/2 lb. nuts
1/2 lb. graham crackers

CHERRY TORTE

4 egg whites
1/4 tsp. cream of tartar
pinch of salt
Beat until stiff. Add 1 cup sugar slowly and beat well after each addition. Fold in 1 cup of cracker crumbs (graham crackers, salt crackers or vanilla wafers). Add 1 cup finely chopped nuts, 1 teaspoon vanilla and spread thinly on a greased cookie sheet or large flat pan. Bake at 300 degrees until crisp and dry - usually about 30 minutes. Cool and spread with 1/2 gallon softened vanilla ice cream. Place in freezer until ready for use. Cut in squares and serve with strawberries or thickened and sweetened canned cherries. (1 can cherries, 3 tablespoons cornstarch, sugar to taste and a dash of cinnamon. Cook juice until thick and add cherries.)

HAM LOAF

1 lb. cured ham
1 lb. fresh pork
Grind ham and pork together and add 2 cups post toastes, 2 beaten eggs and 1 tablespoon brown sugar. Mix well and mold into loaf. Cover with 1 can

tomato sauce or crushed pineapple and bake 1 1/2 hours in a

New South Wales Seen At Rotary Club's Meeting

In a continuation of programs about other nations, the Hereford Rotary Club had a color slide - tape view of Narrandera, New South Wales, Australia, during its Monday meeting.

Both the strength and the beauty of the small town are derived from the Murrumbidgee River, which flows through the district. An intricate series of canals and locks control the river's flows, diverting it to a large irrigation district as needed. One canal is more than 100 miles long and often carries more than 750,000 gallons of water per day.

Crops are varied and bountiful along the irrigated belt, while dry, brown hills surround the rest of the area.

Although Narrandera has a population of just about 5,000, it is the trade and government center of a shire which counts more than 44,000 residents.

Wheat, cattle and sheep form the agricultural backbone of the area. Although self-propelled combines are used on the large wheat fields, most of the grain is carried away in sacks rather than in bulk. This custom, however, is reported to be changing.

here-e-ford) are the most common breed, although there are many Aberdeen - Angus. A large wool producing area, New South Wales sheep ranchers generally raise Merinos. As in the United States, mechanized equipment has replaced the horse in the ranch country.

Almost semi-tropical in climate, Narrandera boasts three large outdoor swimming pools which are used almost the year-around.

Lush growths of trees and shrubs make Narrandera a lovely town to see.

After the program, it was moved by the Hereford Rotary Club to start preparing a slide program about Hereford and its Rotarians for use by other clubs throughout the world.

BANQUET SWEET PICKLES
7 lbs. sliced cucumbers
2 cups lime
2 gallons water
Soak 24 hours. Wash and cover with cold water. Soak for 3 hours, drain and cover with the following syrup:
4 1/2 lbs. sugar
2 qts. white vinegar
1 tbsps. whole cloves
1 tbsps. celery seed
1 tbsps. salt
1 tbsps. mixed pickling spices
Let cucumbers stand overnight in syrup. Boil 35 minutes and seal in jars.

DUNCAN REUNION

A reunion of all the Duncan children and grandchildren was held on Aug. 20 in the home of Mr. and Mrs. W. R. Duncan. Attending were Mr. and Mrs. M. E. Duncan, Jean and Jan; Mr. and Mrs. Roy Duncan and family, all of Hereford; Mr. and Mrs. Virgil Morton and family of Medford, Ore.; Mr. and Mrs. Melton Ramsey and boys of Muenster, Tex.; Mr. and Mrs. Bob Burden and girls of Ft. Hood, Tex.; and Mrs. Duncan's sister, Miss Euna Akers, Oklahoma City, Okla.

WICHITA FALLS GUEST

Mrs. Carl Hall and daughter, Sharon, left for their home in Wichita Falls Tuesday after visiting in the homes of her mother, Mrs. Jim Bookout, and sister, Mr. and Mrs. Bobby Shelton. Mrs. Hall was here to attend the wedding of Miss Kay Sims and Pat Robbins.

MISS SMITH RETURNS

Miss Ann Smith, who has been working in Lubbock this summer and attending Texas Tech, is spending a few weeks with her parents, Mr. and Mrs. Joe Smith and Van. Miss Smith will return to Stevens College in Missouri this fall.

RELATIVES VISIT HERE

Mrs. Mattie Hunt and Q. T. Hamilton of Holtville, Cal., who have been visiting their sister, Mrs. Alice Williams at 13th and Ave. G, left for Austin this week to attend a family reunion. They will return to their homes in California about Sept. 10.

Saturday Deadline For Muni Entries

Entries will close at 6 p.m. Saturday, Sept. 2, for the Hereford Municipal Golf Tournament.

Course pro Bud Posey announced that the tournament would be held Sunday and Monday, Sept. 3 and 4. It will be a 36-hole medal play affair with 18 holes being played on each of the two days.

Entry fee will be \$3, plus green fees.

John Ethridge of Dimmitt is defending champion and will be favored to repeat. Strongest competition is expected to come from Charles Seed, Bob Lindsey, Dale Tinnin, Wimpy Walker and Frank Cogdell.

Golfers unable to play on both days may play 36 holes in one day, Posey said.

Also on Monday, the national PGA hole-in-one contest will be held on the fifth hole. Each golfer playing a round will receive one free shot on his first nine hole round. If no hole-in-one is made, the person closest to the hole will be named course champion and his name will be submitted to the national PGA headquarters. He also will receive a silver ash try with the PGA emblem on it.

Posey announced that the 10th annual Hereford Invitational Golf Tournament will be held Sept. 8-10 with a field of about 120 golfers expected for the affair. There will be no qualifying rounds as golfers will be placed in 16-man flights according to their handicaps.

Entry deadline will be 6 p.m. Thursday, Sept. 7.

Ben Lane Jr. of Amarillo is defending champion and will be trying to win the title for the third consecutive year.

The schedule of events includes a buffet dinner for all contestants and their wives at 7:30 p.m. Thursday in the Jim Hill Hotel ballroom with the first round of 18 holes set for Friday. Saturday will be devoted to second rounds, and first round in consolation.

On Sunday, the four championship flight semi-finals will play 36 holes of medal play. Semi-final and final matches in all other flights also will be held.

Flight winners will receive sets of eight irons and an ash tray trophy, while runners-up will receive four woods, consolation winners will receive golf bags and consolation runners-up will be given golf shirts.

Invite Residents To Field Day And Dedication

"All Deaf Smith county residents - farm, ranch and city folks alike - have been issued a special invitation to attend dedication ceremonies and the annual field day at the new home of the Lubbock Experimental Station on September 19," County Agent Lefty Thomas announced.

Guided tours of experimental plots and laboratory facilities will begin at 1 p.m. Highlights of the field tour will include latest research results on cotton, grain sorghum, irrigation, fertilizers, insect control, and vegetable and oil crops. Formal dedication ceremonies will follow the evening meal.

The new headquarters for the 62-year-old experiment station is located about 7 miles north of Lubbock and east of the Plainview highway. Charles E. Fisher is station superintendent.

"Additional details regarding the program will be released shortly," Thomas said.

Prophets of GOD

That's what they were. They were of great faith, these Trail Blazers, and most surely they were commissioned of God. On their westward trek, they built homes, planted families and erected churches and schools. These dedicated pioneers set out to finish what had been intended in the first place. God commanded, "go ye into all the world," and these imbued started their journey which has made life more abundant for all of us. No sacrifice was too great. They were living examples of Americanism and true ambassadors of a great God. Now, may we take heart and from their consecrated example, erect crosses for Christ and lead those about us to a richer, fuller life in Him.

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord, let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

Seventh Day Adventist

Elder J. D. Sammons, Pastor
Harrison Highway

"Jesus and the Last Supper" is the subject for daily lesson study and class discussion Sabbath, Sept. 3.

Lesson Scripture: John 13:1-35.

Memory Verse: John 13:34, 35.

Study Helps: "The Desire of Ages" pages 642-661; "Evangelism" pages 273-278; "The Adventist Bible Commentary" Vol. 5, pages 532-537 and on Lesson Scripture, "The Seventh - Day Adventist Bible Dictionary."

Aim: To help us to perceive and to respond to the spirit of humility and service revealed by Jesus during the Last Supper.

Lesson Outline:

1. The Master Servant.
2. Jesus and Peter.
3. Jesus and His Betrayer.
4. Jesus's Concern for His own.

Services: Meditation, 9:30 a.m. Saturday.

Sabbath School, 9:45 a.m. Saturday.

New Champions In City Junior Golf Tourney

New champions were named in each of the three divisions of the annual Hereford City Junior Golf tournament, held here over the weekend.

Dick Combs won in the 16 to 18 year age bracket, replacing 1960 champion John Willoughby. Combs had a 36-hole medal total of 168. Willoughby finished second with 177, while Roger Albracht was third with 185.

Dick Dyer took the title in the 13 to 15 age bracket with a 36-hole total of 181. Defending champion Jack Thomas was second with 182 and Dwight Whitaker took third with a 188. Other scores included: J. F. Latimer, 189; Jim Owen, 190; Roger Owen, 191; Lynn Brisendine, 234; and Bruce Miller, 245.

A pair of eight-year-olds competed in the 8 to 12 division. Chuck Cogdell defeated Billy Phillips 5 and 4 in match play on 18 holes.

Trophies for the winners and runners-up were donated by Bud Posey, Hereford golf pro.

Wednesday prayer service will be held at 8:30 p.m.

The teachers and officers meeting will be held at 8 p.m. Wednesday.
Mid-week prayer services are on Wednesday at 8 p.m. At 8:30 p.m., there will be choir practice.

Beauty At Home

Q. How can I remove perspiration odor from some of my garments?

A. Rub over the guilty areas with a solution of one part ammonia to eight parts of water.

Q. Sometimes my blue eyes turn green. Is there any way I can encourage this tendency when I'm wearing black or beige?

A. Use pale blue liquid eyeliner, and a covering of light green eyeshadow. A dark blue mascara sometimes brings out green, too. Much depends on your coloring and hair, so experiment with different shades until you hit upon the correct combination for you.

Q. Why is there so much emphasis on false eyelashes — and how age they used?

A. Frankly, they're strictly for glamour! They add thickness and length to the lashes — than adequately endowed eyelids, and make the eyes sparkle. You trim (lash) with blunt nail scissors, then attach them with glue.

Q. Please suggest an exercise to help improve my teen-aged bustline.

A. One of the best for this is the old favorite soldiers' push-up exercise — if, of course, you can do it. This consists simply of lying on your stomach on the floor, elbows bent so that the palms are flat on the floor just above your shoulders. Then, keeping your knees rigid, push your body up, return to stomach, and keep repeating as long as you can.

STUDENT HOME

Ed Schroeter has returned to Hereford to spend the rest of the summer with his parents, Mr. and Mrs. A. J. Schroeter. Ed is a senior math major at the University of Texas, Austin.

MR. AND MRS. IRA RICKETTS CELEBRATED their 55th wedding anniversary Sunday. Their children and grandchildren honored them with a surprise reception and open house at the home of Mr. and Mrs. Joe Neely. (Staff Photo)

Ricketts Honored On Wedding Anniversary

Mr. and Mrs. Ira Ricketts were honored recently on the occasion of their 55th anniversary with a surprise reception and open house at the home of Mr. and Mrs. Joe Neely on South Dimmitt Highway. Hosts and hostesses for the occasion were the grandchildren of the couple: Messers and Mesdames Joe Neely, C. D. Fitzgerald Jr., Albert Ricketts, and Fred E. Mercer Jr., of Hereford. Assisting from out-of-town were Messers and Mesdames David Johnson, Wylie Dougherty, Noel Dougherty, David Dougherty, C. W. Daniel, Don Kresge, Don Treas, Misses Donna, Sandra, Carolyn and Johnnie Sue Higgins, Jane Dougherty and Peggy and Nancy Johnson, great-granddaughters.

Presiding at the serving table throughout the afternoon were Mrs. Ricketts' sisters, Mesdames Jim Carter and Dee Garvin; daughters of the couple, Mesdames Archie Dougherty, L. L. McBrayer, Clyde Russell, Howard Higgins and Mrs. Mary Ella Ricketts, daughter-in-law. Also serving were Mesdames F. Y. Moreman and Gilbert Davis Jr.

Mr. and Mrs. Ricketts and their daughters greeted the guests as they arrived. Guests were registered by Misses Carolyn and Johnnie Sue Higgins and Peggy and Nancy Johnson. The table was laid with a hand crocheted lace cloth over pale green damask centered with a silvered antique compote holding an original pyramid arrangement of yellow gladioli and cactus dahlias with a background of bells of Ireland. Also featured on the table were double branch candelabra of crystal. The three tiered white cake was decorated with pale green and with pink roses and was served with punch and coffee. Table appointments were of silver and crystal.

Approximately 125 guests called during the afternoon. Out-of-town guests included Mr. and Mrs. Alfred Hughes of Abernethy, Mr. and Mrs. Jim Carter of Canyon, Mr. and Mrs. Dee Garvin of Silverton, Mrs. Kenneth Carmichael of Sedan, N. M., Mr. and Mrs. Archie Dougherty, Jane, Bill, and Neil of Clovis, N. M., Mrs. Mary Ella Ricketts, Fred and Ralph of Portales, N. M., Mr. and Mrs.

Here and There

with Mrs. Merlin Kaul

Mrs. Elizabeth Garner and son Mickey Bonesio returned home Thursday night after a tour of the east coast. Leaving here about four weeks ago, accompanied by Mrs. Edgar Ireland and son Paul of Sweetwater, they went to Avon near Hartford, Conn., where they visited Mickey's grandparents, Mr. and Mrs. Frank Bonesio, and his aunt, Mrs. J. M. Galoni and Mr. Galoni. They also visited relatives in Holyoke, Mass., then made tours to Niagara Falls, New York City, and Cape Cod. Mickey is a senior at Hereford High School and his mother teaches second grade at Alkman Elementary School.

Mrs. T. B. Thomas Jr. and daughter Diedra took a group to Amarillo Tuesday to meet the exchange students, Peter Lantz, of Sweden and Gillian Ann McArthur of Scotland. They were disappointed in that the plane arrived several minutes early and they didn't get to see them as they came from the plane. However they found them at the Air Terminal Coffee Shop, where everyone was introduced and the students were assigned to their American families. Families were present from Dimmitt, Muleshoe, Tulia, Friona, Pampa and Hereford. Mr. and Mrs. A. T. Mims, Charles, Edward, and Ann met Peter, who will live with them and Mr. and Mrs. A. B. Higgins, LuAnn, Janice, Mike and Robert met Gillian Ann who will be their daughter and sister.

Those who accompanied Mrs. Thomas and Diedra included Mrs. J. J. Durham, Mrs. Martha Sullivan, Mrs. Ray Wilhelm and Cecelia, Terri Anderson, and Cynthia Seed.

Mr. and Mrs. Jim Bob Allison and family and Royce Ann Gilliland spent several days last week vacationing in Colorado.

Mr. and Mrs. T. J. Clay and Pam left Wednesday for a vacation trip to points south. They made the first stop in Dallas and plans called for a visit with relatives in New Orleans, Louisiana, and a visit with A. J. Fred Mulkey Jr., who is stationed at Keesler Air Force Base near Biloxi, Miss. They plan to spend the weekend with Fred at the Air Base. He is the son of Mr. and Mrs. Fred Mulkey Sr., who live at 227 Star.

Pam, who is a 1961 graduate of Hereford High School, has been attending summer school at Texas Tech. The summer term ended Tuesday. She will be enrolled in Tech as a student again this fall.

Mr. and Mrs. A. L. Hopson went to Hobart, Okla., last Saturday where they attended the funeral of G. W. Bachlor, brother-in-law of Hopson. This week Mrs. Bachlor, whose home is in Weatherford, Okla., her daughter and granddaughter of Tulsa came to spend a few days in her brother's home.

Donald Dean Wilson of Sturgis, S. D., spent a couple of days this week with his sister, Mrs. Bud Hopson and family. Don brought home a trophy from South Dakota to the Oscar Easley Ranch here.

Mr. and Mrs. Herman Neff and daughters Barbara and Kim and Miss Judy McCarver have returned home after spending three weeks in Canada and the Northwest. They had Alaska in mind when they started but Herman said there was too much gravelled road so they limited the trip to Canada. They visited Yellowstone National Park and then went on into Montana. From Great Falls they went into Canada and returned to the states by way of Washington. At Spokane they visited her brother, Milton Oswald, and then went to Idaho Falls, Ida., where they visited her mother, Mrs. Zoe Oswald and other relatives. They report a fine trip "never saw so much beautiful ranch land as in Canada" was Herman's report.

A card received Friday morning from Mr. and Mrs. Cawthon Bryant comes from Muncie, Ind., where they are visiting friends. They were getting ready to see a big league ball game and were enjoying trips in that part of the country.

It's always nice to have one's friends go on trips and tours, (even though you envy them) and especially when they come home and add to your hobby of collecting. We're now referring to the European tour which was taken this summer by Della St-

Howard Higgins, Darrell, Donna, Sandra, Carolyn, and Johnnie Sue of Texline, Mr. and Mrs. L. L. McBrayer of Dalhart, Mr. and Mrs. David Johnson, Peggy, Nancy, Steve, Joel and Don of Dalhart, Mr. and Mrs. Wylie Dougherty, Darr and Brad of Albuquerque, N.M., Mr. and Mrs. Noel Dougherty, Dennie, Dru, and Laurie of Meirose, N. M., Mr. and Mrs. David Dougherty and Donna of Bard, N. M., Mr. and Mrs. C. W. Daniel, Wayne, Roxanna, and Mark of Clovis, N. M., Mr. and Mrs. Don Kresge, Joan, and Ellen of Meirose, N. M., and Mr. and Mrs. Don Treas, Coby and Amy of Clovis N. M.

PROGRESS BUT.

NEWTON, Iowa, P. — Progress is important but a firm sometimes has to live a bit in the past, George Umbreit, a washing machine company executive, points out.

In 1959 his company sold five cranks for the wringer assembly of a washer it introduced in 1919.

And last year, Umbreit adds, was the first in which the firm has not received an order for a piston ring for the engine of a washer first brought out in 1914.

UNANSWERED PHONE

ELIZABETH, N. J. — Louise T. Mackessy is listed in the telephone directory again this year. But no one has answered his phone since 1935.

Mackessy, a young lawyer, vanished without trace 25 years ago during a Bermuda cruise. He was declared legally dead nine years ago.

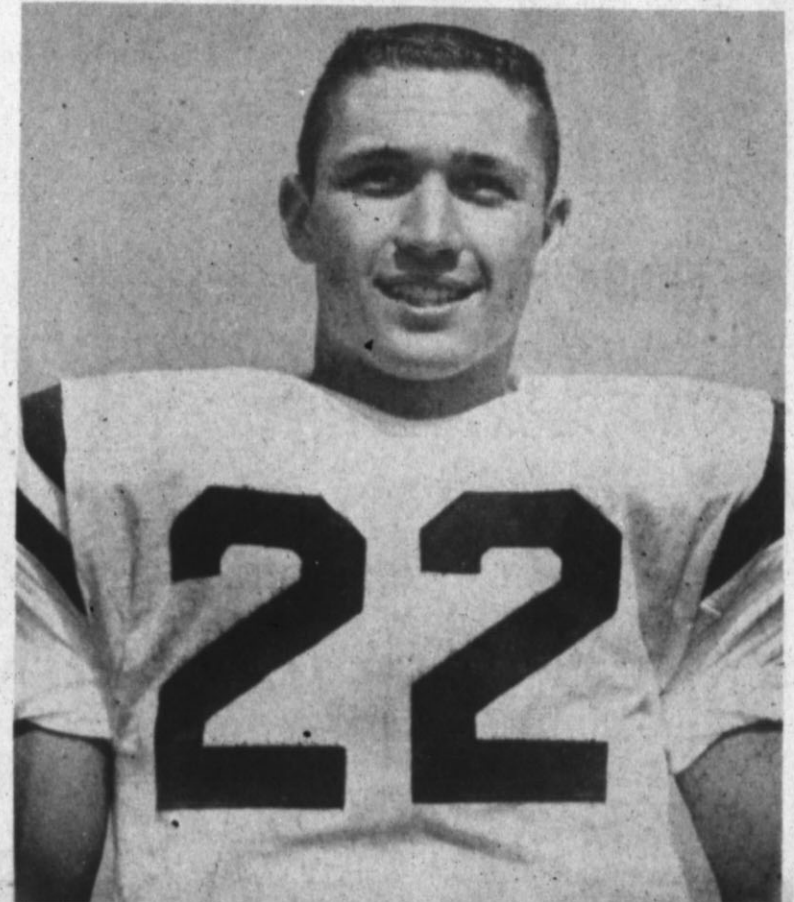

IT TAKES TIME

SALEM, Ore. — When Mrs. E. A. Larson discovered the telephone company listed her address as Kane Street instead of Hoodview Drive she got curious and asked the county about it. Officials replied that they changed the name five months ago, but haven't yet gotten around to changing the street signs.

But his brother, Noel, keeps the phone intact, just in case.

AUSTIN HIGHLIGHTS

Sales Tax Could Increase Without Economy In State

AUSTIN — Gov. Price Daniel, pointing to the record of most other states that have a general sales tax, warns Texans that without concerted efforts to have state spending the Texas tax could grow to three or four per cent in the future.

More than that, he said, unless there is "prudent economy and reorganization of state funds and services," a state income tax might become law.

To make his point, Governor Daniel reported that two-thirds of the 34 states that have general sales taxes have increased the rate to three per cent or more, and there are now four states charging a four per cent sales tax.

He again made clear his dislike for the two per cent Texas tax, but added:

"So much for the good and bad which will result from the new tax bill. On September 1, it will be the law of our state, and as long as the law is in effect, it behooves all of us, whether we like it or not, to cooperate in its enforcement. This I shall do, and I believe every good citizen will do likewise."

Meanwhile State Comptroller Robert S. Calvert is being

swamped with questions about the new tax. After checking with other states which have pioneered in this field, he has become reconciled to the likelihood that confusion will reign for some time to come. A spokesman for his office pointed out that "California and Illinois got a sales tax in 1933, and they're still issuing rulings."

The Texas Research League has noted that the tax bill exempts sales of animals ordinarily eaten by humans. Also feed for such animals. Exempt too are seeds and plants edible by humans and raised for sale, fungicides and insecticides for such plants, and fertilizers used on lands where such food is grown.

But the researchers say this exemption would not apply to tropical fish, grass seed and fertilizer for lawns and rose bushes.

More Work for Next Session

Governor Daniel has found several more items to be submitted to the next special session of the Legislature. He plans to call the lawmakers back to Austin again before the end of the year.

Daniel's expanding pack a

now includes maintenance funds for farm roads, loan shark control, municipal annexation, tourist attraction, lobbyist controls, adding banks to the abandoned property seizure law, improved law enforcement measures, and action on juvenile crime.

"As long as Texas continues to grow," he said, "there will be more problems to solve, but there are some which should not be delayed. It will be my aim to meet the most urgent of these later this year or in January of next year."

Governor Daniel vetoed the second year appropriation of \$15,000,000 for construction of new farm - to - market roads, in an effort to free these funds for maintenance. The \$15,000,000 for this purpose for the first year of the new biennium was not affected.

A law passed in 1949 provides for the use of this yearly amount for new construction. But the Governor insists, "It is just as important to maintain our vast and important 33,000 mile farm road system as it is to build new roads. Maintenance costs, now amounting to \$18,000,000 annually, are taken from the basic intrastate high-

way fund which is the poorest of all department programs."

Blue Law Confusion

Under the new Texas "Blue Law," shopping for certain items on Saturday or Sunday may prove a chore.

The law that started out as a device to hit the discount houses operating on Sunday was changed to include Saturday as an alternate because the lawmakers felt a straight Sunday closing law might appear discriminatory to some religious groups who observe the Sabbath on other days.

Included in the list of items merchants are not allowed to sell on one of the two weekend days are lawn mowers, toys, motor vehicles, clothing, furniture, kitchen utensils, air conditioners, home appliances, jewelry, cameras, radios and television sets.

The law has teeth — a fine of \$100 is provided for the first conviction, going up to \$500 and six months in jail for subsequent convictions.

Selling Texas is Big Job

The State Industrial Commission, given \$100,000 by the Legislature and charged with the duty of selling Texas as the place for industries to locate, faces a challenge.

Chairman E. B. Germany told the commission, "It is a challenge to make that \$100,000 do what it is supposed to do even though it is not enough to do what we want to do."

Executive Director Walter Dickerson reported 3,000 copies of a brochure entitled "Texas: A Strategic Location" have been printed. Brochures will be distributed to a "very carefully selected group of people who have responsibility for making decisions," says Dickerson.

He appealed to Texas cities to contribute information for the commission's industrial surveys. Such information would be kept on file for the use of industrialists considering Texas sites. This would make it possible for industrialists to choose an area without it being known in advance.

Athletics Not Self - supporting

State college and university athletic programs, with few exceptions, are not self - supporting, says State Auditor C. H. Cavness.

He made the statement in connection with a report on the operations of Sul Ross State College at Alpine where the athletic program showed a \$26,357 loss for the year. Income was \$56,245, while expenditures amounted to \$80,136.

Cavness noted that athletic scholarships and coaching salaries have been paid from educational and general funds.

Higher Train Fares Asked

On September 6 the Texas Railroad Commission will consider the request for increased passenger rail coach fares of five railway companies operating in Texas.

Companies asking for the hike in fare included Chicago, Rock

Island and Pacific Railroad Company, Fort Worth and Denver Railway Company, Gulf, Colorado and Santa Fe Railway Company, Missouri - Kansas - Texas Railroad Company, and Panhandle and Santa Fe Railway Company.

Duck Hunting Season Set

Ducks will be fair game in Texas beginning at noon on November 18 and ending at sundown December 27, says Howard Dodgen, Executive Secretary of the Game and Fish Commission.

Bag limit will be three ducks per day and six in possession. There will be no open season on redheads, canvasbacks and black belly tree ducks.

Open season on geese will be from sunrise to sunset from November 3 to January 1. Bag limit is five, restricted to one speckled goose and one honker; or two honkers and no specks; plus an aggregate of three snows and/or blue.

Labor Day Traffic Dangerous

Governor Daniel has called for an all - out effort to make this Labor Day weekend the safest ever recorded in Texas.

He has issued a special appeal to sheriffs and police chiefs across the state to join with the Texas Department of Public Safety in a special emphasis program designed to remove law violators from the highways.

Statistics indicate most fatal accidents involve at least one violation of the law, with

excessive speed and driving while drinking the leading causative factors.

Col. Homer Garrison Jr., DPS Director, earlier announced that some 150 extra patrolmen from the department's other uniformed services will join the regular Highway Patrol force for the three - day holiday during which it is predicted, 30 Texans will be killed in traffic crashes.

Short Snorts

Elks Clubs, American Legion and similar organizations won't have to pay the \$2 per member state tax on private clubs, according to an opinion by Attorney General Will Wilson.

UT Student Bar Association has been named outstanding student bar in the nation for 1960-61.

Breakthrough on higher speed limit — 70 miles per hour — on the Dallas - Fort Worth Turnpike is legal, only place in Texas where it's over 60.

Heavy fishing last year depleted oyster beds, point to poor oyster season along Texas coast. Game and Fish department says prospects less than fair.

Attorney General's department has collected \$301,008 in inheritance taxes from Blakely-Brantiff Foundation; former U. S. Senator William A. Blakely agreed to pay in full without contest.

Americans smoked 470,000 million cigarettes and 6,000 million cigars in 1958.

KNOWS THE BUSINESS

ST. JOSEPH, Mo. (AP) — A former prisoner at the county jail came back recently to visit a prisoner with whom he had done time in the past.

The visitor was neat and well dressed. He confided to the prisoner he was doing quite well. The visitor now is a jailer in a city in a neighboring state.

DOG LICKS CAR

PAGELAND, S. C. (AP) — Miss Mickey Yount of Charlotte, N. C., and three girl friends were headed east in her small foreign car when a black and white hound walked onto the highway.

The little car hit the dog, flipped over into a ditch and came to rest with windows broken, windshield out and chassis buckled beyond repair. The girls crawled out, unhurt. The dog?

"I think his tail was broken," said Miss Yount. "It seemed a little bent as he trotted away."

A four - million - dollar U. S. atomic power plant will begin operation at McMurdo Sound in the Antarctic in 1962.

In Ethiopia, the donkey competes with the airplane as a favorite means of transportation.

There are more than 300,000 electricians in the United States, about one in every 10 owning his own business.

TRACTORS GET FLAGS

AMES, Iowa (AP) — Safety experts at Iowa State University in Ames have designed flags and poles which would be flown by tractors on the highways in hilly areas. State safety officials will try to get the legislature to require their use.

They say the flags would give motorists a chance to see slow-moving farm vehicles before they were right upon them.

JUST NO JUSTICE

TUCSON, Ariz. (AP) — Johnny McDonald told police thieves took advantage of him in stealing a pistol and watch.

The thieves took the goods from McDonald's home while he was serving a sentence in the city jail.

AN OIL BY KENNEDY

MILWAUKEE (AP) — An oil painting by Sen John F. Kennedy of Massachusetts was displayed here recently at an art show sponsored by a Democratic ward unit.

The painting, a street scene, is owned by Le Moyne Billings, a New York city advertising executive and a close friend of Kennedy.

Billings said Kennedy painted five picture sin 1955 while recuperating at the family home in Palm Beach, Fla., from a spinal operation.

Have you read the Classifieds?

AFTERMATH OF A WRECK Sunday afternoon left these two cars with \$850 worth of damage and sent a Hereford girl to Deaf Smith County Hospital for treatment of shock. The accident occurred at 6 p.m. Sunday at the intersection of 13th and Ave. I. Driver of the car at left was Mrs. Dennis Lomas, 509 Star. Driver of the other car was Ann Smith, daughter of Mr. and Mrs. Joe Smith, 216 Ave. B. Mrs. Lomas was given a ticket for failure to grant right-of-way. Miss Smith was taken to the hospital suffering from shock. (Staff Photo)

The climate couldn't be better for buying a new **JET-SMOOTH CHEVROLET**

Just look how everything's goin' your way—beautiful weather, beautiful countryside and beautiful August savings that only the man who sells America's No. 1 car can come up with.

Whether you're hot for a convertible (ah, those elegant Impalas!), aching for a wagon (a purse-pleasing Brookwood, perhaps?) or hankering for anything in between, your Chevrolet dealer has just the right car at a just-right price. And every Chevy has a Jet-smooth ride, V8 vim or "6" savings, Body by Fisher craftsmanship and gear-gobbling luggage space. Top that off with what your dealer has for you in the price department, and you've got one sweet buy!

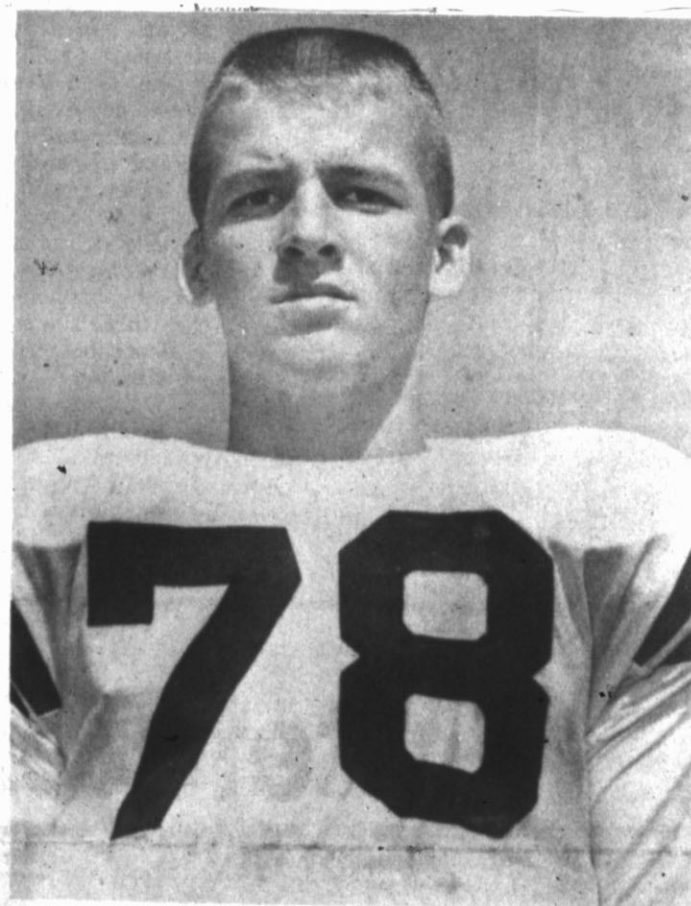

Summer savings on Corvairs, too!

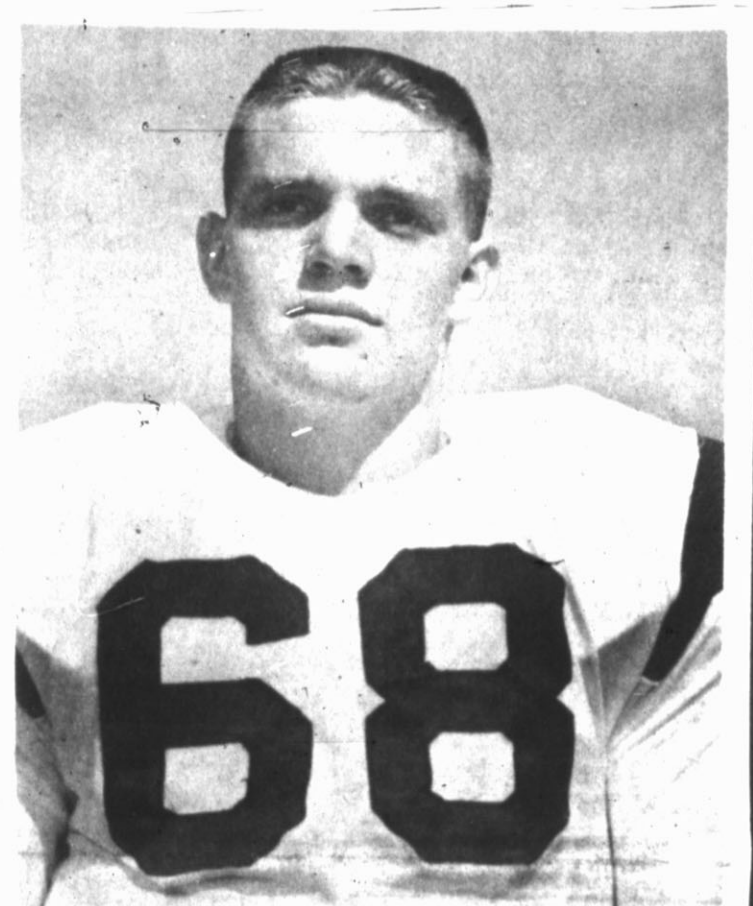

Now's a cracking good time to come by a nimble new Corvair with its touch-and-turn steering, gentle going, clean stopping and dig-in traction. All aboard for end-of-the-season savings on the car that's no end of fun!

See the new Chevrolets at your local authorized Chevrolet dealer's One-Stop Shopping Center
