FDR IS RE-ELECTED

FRANKLIN DELANO ROOSEVELT

President Franklin Roosevelt will remain in the White House for another four years, according to election returns from yesterday's voting across the nation. His opponent, Republican Thomas E. Dewey conceded the election at 3:15 a. m. Wednesday morning.

Howard County Supports FDR

Howard county continued strongly for President Franklin D. Roosevelt Tuesday, giving him a booming majority for the fourth time.

Despite opposition from republicans and anti-Roosevelt democrats, his slate of electors polled 82.8 per cent of the total votes tabulated. Gov. Thomas E. Dewey's slate got 7.8 per cent, and the Texas regulars (anti-Roosevelt) rated 9.4 per cent in Howard county. The republican strength was identical with four years ago in per centage. The regulars picked up the Roosevelt loss.

In actual votes, the Roosevelt electors got 3,587, Dewey 334, regulars 404, socialists 2, prohibitionist 2, America firsts 3.

Four years ago, in a heavier poll, Roosevelt got 4,333, and the late Wendell Willkie 367.

Total on votes cast was not immediately available, but in a number of boxes several were mutilated and not counted. However, the vote was considered heavier in one sense in that perhaps 1,500 to 2,000 servicemen were absent and only about 80 voted absentee.

For governor, Coke Stevenson got 4,018 against 164 for B. J. Peasley, republican candidate. Republican votes in other state offices ranged up to a top of 177. In county offices, totals stacked up like this, according to complete, unofficial returns: county judge, James T. Brooks, 4,009; county attorney, H. C. Hooser, 4,011; district clerk, George Choate, 4,013; county clerk, Lee Porter, 4,013; sheriff, R. L. Wolf, 4,016; tax collector-assessor, 4,013; county treasurer, Mrs. Ida Collins, 4,017; county surveyor, Maj. Ralph Baker, 4,016.

Ed Brown polled 454 for county commissioner of precinct No. 1; Thad Hale 1,292 for No. 2; Pancho Nail 1,449 for No. 3; and Earl Hull 805 for No. 4.

Walter Grace got 3,622 for justice of peace, precinct No. 1, and J. T. Thornton got the same number for constable of the same justice precinct.

Howard county gave decisive approval to three constitutional amendments. One for permitting cities to set up a pension plan succeeded 1,307 to 545; one to permit the state to set up a pension plan for its employes was approved 1,227 to 531; and one to permit variation of county

Texas Has Heaviest Vote

By The Associated Press
Late returns from yesterday's general election made only more impressive today President Roosevelt's victory in Texas along with the return to state office of all democratic incumbents and the election of a full democratic slate to congress.

No changes in standings were indicated in the 11 a. m. returns to the Texas election bureau. At that hour 785,788 votes had been tabulated and showed the following totals for presidential electors: Democrats 567,077; republicans 132,569; Texas regulars (anti-Roosevelt) 84,979; socialists 243; prohibitionists 647; American Firsts 179.

President Has Early Lead In Electoral Vote

By The Associated Press
New Jersey bounded back into the democratic column this afternoon after briefly yielding Governor Thomas E. Dewey a narrow lead. Further substantial boosts in President Roosevelt's heavy electoral majority appeared possible.

The outcome in Ohio and Michigan was most uncertain. Dewey was leading in each state by several thousand more votes but thousands more were uncounted and the Dewey leads were shrinking.

With New Jersey's 16 votes, Mr. Roosevelt had a total indicated electoral count of 407 and Dewey sank back to 124 after having held 140.

To the millions who voted with him in the republicans losing fight under the battle cry of "It's time for a change," wept Dewey's thanks and his expressed confidence that all will join in the hope that providence will guide Mr. Roosevelt and the nation to peace.

The victory vote with which the democracy's majority stamped approval on Mr. Roosevelt's conduct of the war thus far, sweeping as it was, still was less than the one he gained in his third term bid four years ago.

Then Wendell L. Willkie carried 10 states with 82 electoral votes. Dewey led in these, plus Ohio, Oregon, Wisconsin and Wyoming.

Not until 3:15 A. M. (EWT) did Governor Thomas E. Dewey concede that he had been added to the list of those who have challenged "the Champ" and lost.

Soon after Dewey recognized formally the rejection by the people of his hammered thesis that "it's time for a change," the indicated electoral vote stood 407 for Roosevelt, 124 for Dewey. Only 266 were needed to win.

The New York governor, who fought Mr. Roosevelt strenuously in the nation's first wartime election of a president in 80 years, said:

"I am confident that all Americans will join me in the hope that divine providence will guide and protect the president of the United States."

He smiled in sportsmanlike acceptance of the loss of the highest honor of the land.

Mr. Roosevelt, who stayed up until 3:30 A. M. (EWT) at his Hyde Park home, telegraphed Dewey his thanks.

In a mighty outpouring of votes, cast in an orderly manner by a people who prided themselves on "elections as usual," the tide had swept steadily toward the 62-year old president.

With Mr. Roosevelt, of course, went vice presidential nominee Harry S. Truman, who ten years ago was an obscure county judge in Missouri.

Senator Truman called Dewey's statement "grand," saying at Kansas City that "it is our duty now to uphold his good wishes and win the war and win the peace."

Governor John W. Bricker of Ohio, who campaigned harder than any other man in his capacity as No. 2 on the republican ticket, said at Columbus that he joined in Dewey's sentiment.

"I congratulate the winners and shall do all I can to aid in the war effort and making our country stronger and better," said Bricker.

JOHNSON HAILS 4TH TERM

CORSICANA, Nov. 8 (AP)—Luther A. Johnson, congressman from the sixth district and vice-chairman of the foreign affairs committee of the house, said today that President Roosevelt's re-election was "heartening to our Allies and exceedingly disconcerting to our enemies."

George Sheppard had announced Texas voting strength, based on paid poll taxes and exemptions, at 1,567,143. Soldier vote was estimated at a possible 80,000.

Overshadowed by the heated political campaign, both amendments to the state constitution were approved by comparatively small but decisive votes. The vote, by the 1:30 a. m. count, was:

For the retirement benefit, municipal pension plan 121,945, against 71,377; for state pension plan 114,289, against 74,102; for the county tax reallocation plan, 108,371, against 50,478. There were reports that many were ignoring the amendments in their votes.

'Big Three' May Meet Soon For Post-War Plans

By JOHN M. HIGHTOWER
A P Foreign Affairs Writer

WASHINGTON, Nov. 8 (AP)—President Roosevelt's re-election makes it virtually certain that he will hold an early meeting with Stalin and Churchill.

Turning on key questions of postwar cooperation, the conference will largely shape the course of Mr. Roosevelt's fourth term foreign policy.

The proposed second session of the big three, a year after their first gathering at Teheran, becomes possible now because the outcome of Tuesday's voting has restored to diplomacy the stability lost during hectic campaign weeks. Then foreign governments did not know whether they would have to reckon with Mr. Roosevelt or Governor Thomas E. Dewey in the weeks ahead.

It appears certain that attempts will come soon to speed organization of the proposed world security organization and to get agreement with Britain, Russia and the other Allies on control of a defeated Germany.

The greater political issue to be settled in the big-three meeting is basic to American foreign policy: How far are Russia, Britain and the United States willing to go in harmonizing their interests? Since the U. S. and Britain have had long experience and share much confidence in their bilateral solution of this problem, the question really boils down to Anglo-American vs. Russian interests.

Stalin is believed to be looking to Roosevelt and Churchill for answers to these two fundamental questions: (1) Will the United States take part, this time, in a world security organization? and (2) Can Britain be depended upon to work with Russia rather than against her in Europe?

London Hopes For Early Conference

By ALEX H. SINGLETON
LONDON, Nov. 8 (AP)—A new grand-scale conference of the "big three" before Christmas was regarded in diplomatic quarters today as an almost certain follow-up to President Roosevelt's reelection.

It was believed highly probable that the conference would be preceded by a meeting in Paris of Mr. Roosevelt, Prime Minister Churchill and Gen. Charles De Gaulle.

Two WTCC Planks Strongly Opposed

ABILENE, Nov. 8 (AP)—Two of seven planks in the 1944 West Texas Chamber of Commerce referendum on policy and program of work were being strongly opposed, it was announced at general headquarters today as the annual referendum convention of directors opened.

A proposal that Texas spend two million dollars on a two-year program of national advertising of resources and business opportunities was threatened with defeat. The other proposal meeting strong opposition would put WTCC on record as favoring broadening of the federal social security system.

Resolutions were to be submitted to the meeting calling for dissolution of the petroleum administration for war at conclusion of hostilities and opposition to the proposed Anglo-American oil treaty.

Senator Tom Connally was to address the 125 directors. The meeting will be finished this afternoon.

Police Arrest Man On Charge Of Theft

Big Spring police apprehended Buck Harrell Monday night between East 2nd and 3rd streets and are now holding him on charges of felony theft, attempting to hijack, and for investigation of burglary. At the time of his apprehension, Harrell was posing as a federal agent and was armed with a .38 calibre police special pistol, local police related.

Harrell is also wanted by Pampa police for car theft, for felony theft and burglary at Panhandle, and felony theft at Breckenridge, officials asserted. In addition, he is being held for Federal agents for draft evasion and violation of the firearms act, police men added.

Reports show that Harrell has served two sentences at the state penitentiary and is now wanted for parole violation. He is being held in the Big Spring jail pending arrival of federal authorities.

FIRE REPORTED

A fire was reported at 8:30 a. m. Wednesday at 31-1 Ellis Homes. The house was occupied by R. L. Thomas and the blaze was started by children playing with matches. One room and one closet were damaged, firemen said.

Red Offensive Slowed Rains Hindering Big Drive Due To Explode Soon

LONDON, Nov. 8 (AP)—The promise of explosive action hung today over the long eastern front, where the past two days Moscow has announced there have been no essential changes.

Torrential rains hindered Red army troops jabbing at the outskirts of Budapest. The Russians were moving infantrymen into the front lines beside their tanks, while Soviet artillery plumped shells into the city.

Berlin said the Russians were preparing for a new large scale attack toward Tarnow in southwest Poland from the Soviet bridgehead on the west side of the Vistula river. The Nazis declared the Russians have been withdrawing mechanized formations from the east Beskids area of the Polish-Czechoslovakia border to reinforce assault divisions and "the early beginning of a big battle is assumed."

Soviet troops in northeastern Hungary have pushed two new bridgeheads across the Tisza river 75 and 125 miles above Budapest, the Germans admitted.

Democrats Upset GOP In National Governor's Race

By The Associated Press
WASHINGTON, Nov. 8—Democrats captured three of the 26 republican governorships in a notable election upset and today were threatening the GOP hold on several others.

The turnover extended from Massachusetts in the east to Missouri in the middle west and Idaho in the west. It generally followed the Roosevelt tide.

Maurice J. Tobin, democratic Boston mayor, was conceded election succeeding Republican Gov. Leverett Saltonstall. Tobin was leading republican Lt. Gov. Horace T. Cahill by over 130,000 votes. Idaho voters chose democratic Charles C. Gossett over William C. DeWeller, republican, while Missouri elected Democrat Phil M. Donnelly over Jean Paul Bradshaw, republican, to cut into previously firm GOP territory.

It was apparent that the democrats had checked if not reversed the republican gubernatorial trend that started in 1938. As recently as two years ago the GOP made a net gain of five governorships.

In Illinois, Ohio, and Delaware—all now under republican control—the democratic nominees were either out in front or running so close behind their GOP rivals that the outcome was in doubt.

Republican governors assured of reelection included Raymond E. Baldwin, Connecticut; Andrew F. Schoepel, Kansas; Sharpe, South Dakota, and Dwight Griswold, Nebraska. Other republicans elected included Mortimer R. Proctor, Vermont, and Robert D. Blue, Iowa. Among the indicated winners were republican governors Harry F. Kelly of Michigan, Walter S. Goodland, Wisconsin, and Edward J. Thye, Minnesota.

Democratic incumbents returned for new terms included Governors Sidney P. Osborn, Arizona; J. Howard McGrath, Rhode Island; and Coke R. Stevenson, Texas.

US Is Problem Of World Says Editor

HOUSTON, Nov. 8 (AP)—The United States is the problem child of the world, Dr. Roy L. Smith, editor of the Christian Advocate, told the opening session of the Methodist Conference here yesterday.

"We are asking what Russia is about to do," he said. "But the rest of the world is wondering about us."

Popular Vote Total Given For Afternoon

Third Army Gains On 25-Mile Front

By HENRY B. JAMESON
LONDON, Nov. 8 (AP)—U.S. Third army troops charged in a dawn offensive today at points along a 25-mile front between Metz and Nancy, seized four lightly-contested villages and scored advances up to a mile.

To the north, doughboys of the First army still battled strongly-reinforced Germans in the town of Vossenack, 13 miles southeast of Aachen. Bloody and as yet inconclusive fighting continued throughout the Hurtgen forest area. Two Nazi counterattacks near Schmidt were broken.

The Third army "substantially improved" its line between Nancy and Metz, a front dispatch said. Midway between the two French cities, the Americans crossed the Seille river. Resistance ranged from light to moderate.

In Holland, the Germans retreating to the north bank of the Maas river had wrecked every river bridge between the sea and Hevel, north of 't-Hertogenbosch, a field dispatch said.

"Fighting still is in progress in the village of Vossenack," the communique said. Latest field reports said the Americans held one-half the village, the Germans the other half.

In the region immediately west of Schmidt, from which the doughboys were thrown back in their offensive that began last Friday, the Americans improved their positions yesterday and mopped up pockets of resistance. Fighterbombers attacked enemy concentrations in that area.

The Germans now have been driven from all except one small pocket south of the Maas (Meuse) in Holland.

"Allied forces now hold the entire south shore of the Hollandich Diep and the Maas-river with the exception of an area south and east of the destroyed Moerdijk bridges where a small isolated force of the enemy is still holding out," the communique said.

On Walcheren island, just north of the Schelde estuary approach to the port of Antwerp, the Germans have now been restricted to an area northeast of Domburg on the north shore. But in that region they still had some gun positions in operation.

The fight to clear up the French ports where isolated Nazi garrisons are holding out continued. Rocket-firing fighters destroyed two military buildings yesterday in one of these—Dunkerque.

Little action occurred yesterday on the American Third and Seventh army fronts in France as a cold rain blanketed the area. One strong German counterattack was repulsed.

Front dispatches said the battle in and around the German town of Kossnack was "as savage as the struggle for Aachen—and of much greater scope."

Strong entrenchment of Japanese, now including elements of four divisions, fierce counterattacks, and persistent infiltration slowed the advance of the U. S. 24th division.

Ruthless, bullet-headed Gen. Tomoyuki Yamashita, 53, conqueror of Singapore, took command of the Nipponese Philippine armies. Vice Adm. Denzshichi Okochi, who led landing parties in the 1937 Shanghai incident, was named to command what's left of Japan's navy in the Philippines.

A new army air commander, and two vice admirals to take charge of the navy's Philippine air forces were also named as Japanese at home were told increased air production was a "urgent necessity."

STEVENS ON STILL AT MARCH AUSTIN, Nov. 8 (AP)—Gov. Coke R. Stevenson, who went to Junction to vote in the general election yesterday, had not returned to his office today. A secretary said he was expected back late today or tomorrow.

Nye Concedes Win To Opponent Moses

FARGO, N. D., Nov. 8 (AP)—U. S. Senator Gerald P. Nye, today conceded the election of Governor John Moses to the U. S. senate.

In a statement issued here Nye, for 19 years senator from North Dakota, said "To Governor John Moses, my apparent successor, I extend congratulations and my assurance of any help I might be asked or privileged to accord him."

Electoral Vote Shows Demo Win

Associated Press returns at 1:20 p. m. (EWT), with the vote far from completed, showed Roosevelt leading in states having a total of 407 electoral votes as follows:

Alabama, Arizona, Arkansas, California, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Kentucky, Louisiana, Maryland, Massachusetts, Minnesota, Mississippi, Missouri, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Oklahoma, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Utah, Virginia, Washington, West Virginia.

Dewey was leading in states with an aggregate electoral vote of 124, as follows:
Colorado, Indiana, Iowa, Kansas, Maine, Michigan, Nebraska, North Dakota, Ohio, Oregon, South Dakota, Vermont, Wisconsin, Wyoming.

Yank Onslaught Wipes Out More Of Leyte Enemy

By LEONARD MILLIMAN
Associated Press War Editor

Tokyo's war lords replaced all top-ranking land, sea and air commanders in the Philippines today in an effort to halt the American onslaught which in two successive days wiped out 469 more American planes and sank or damaged 29 ships.

Strong units of the 24th division punched their way slowly through well-entrenched Japanese on northern Leyte island yesterday in bitter fighting marked by vicious night counterattacks and the first heavy artillery duels of the Philippines invasion.

Japanese militarists, worried over the safety of the home front, admitted the Philippines invasion may force the conquerors of the southern islands to shift for themselves.

New evacuations of non-essential civilians from 11 major Japanese cities in preparation for "inevitable enemy air raids," were ordered to start a week from today.

The Nipponese Philippine command was completely reshuffled on the heels of the heaviest recent carrier strike on Manila Bay and surrounding airports on Luzon island. In two days Sunday and Monday, Manila time) Adm. Chester W. Nimitz announced 440 Japanese planes were destroyed and 29 ships and a trawler hit. These included two warships sunk, a heavy cruiser probably sunk, eight warships damaged and four merchant ships definitely sunk.

American infantrymen appeared to be shoving the Japanese out of dominating ridges in the bitter battle of "Horseshoe Bend" on the northern road leading to Ormoc, the enemy's last stronghold on Leyte.

Strong entrenchment of Japanese, now including elements of four divisions, fierce counterattacks, and persistent infiltration slowed the advance of the U. S. 24th division.

Ruthless, bullet-headed Gen. Tomoyuki Yamashita, 53, conqueror of Singapore, took command of the Nipponese Philippine armies. Vice Adm. Denzshichi Okochi, who led landing parties in the 1937 Shanghai incident, was named to command what's left of Japan's navy in the Philippines.

Rayburn Says Vote In House Stronger

DENISON, Nov. 8 (AP)—Speaker Sam Rayburn today hailed the election outcome as "an overwhelming and gratifying victory that will have a stabilizing effect throughout the world."

"Now the four great leaders can go ahead with plans for another four years of war and peace," he asserted.

Rayburn said he was happy especially with the increase of democratic control of the house to 40 votes. He had predicted a gain of from 25 to 40.

Rayburn declared the Texas regulars "had a loud voice but no votes."

War Chest Drive Shows Large Sum Still Lacking

The Community War Chest score stood at \$25,385.65 at noon Wednesday leaving more than \$3,500 to be collected before the drive ends Friday.

The drive committee urged that all of those people in the Big Spring area who have not been contacted contribute whether they are asked personally or not. An average of more than \$1000 dollars a day must be collected, in order that the quota of \$28,890.00 be met.

The local committee said Wednesday that the reports from the rural communities have not been heard from yet, but rallies have been planned for the remainder of the week in these communities. A report is expected Friday on the contributions made by the officers at the Big Spring Bombarrier school.

Latest contributors to the special gifts fund are American Airlines, \$500; Montgomery-Ward, \$125; Herbert Keaton, \$50.

Millions Switching To Mutton Suet And Medication

"Old Reliable" For Relieving Chest Muscle Tightness-Coughing, Rheumatic Pain, Simple Bruises and Many Other Home Uses.

Grandma liked to "rub" miseries of chest colds and other simple pain. She medicated her rub but insisted it contain mutton suet. She liked the way mutton suet disappeared as it helped carry medication to nerve ends in skin to relieve pain. Today science has modernized Grandma's old-time pain relief principle to bring you Penetro, the salve that contains mutton suet plus 5 active ingredients. Mothers now thank Grandma for her old idea that created this newer relief.

In this cold season, Penetro is especially helpful in easing chest muscle tightness, chest rawness, loosening phlegm, relieving coughs. That's because Penetro melts instantly, quickly vanishes to act 3 ways: (1) To relieve pain at nerve ends in skin. (2) To ease chest muscle tightness by counter-irritation. (3) To soothe irritated breath passages through inhaled aromatic vapors. Penetro is so helpful, too, in easing rheumatic and neuralgic pain, taking sting from chapped lips and nostrils, and as a soothing dressing for bruises, minor cuts. Today get clean, white, easy-to-use Penetro.

October Weather Is Mild In Big Spring

October turned up mild weather with only one day failing to reach 70 or above and only one night dropping as low as 41 degrees.

For the most part, the month had milder temperatures than these figures indicate, for the average maximum was 78.6 degrees with a top of 89, and the mean monthly was 66 degrees, giving October 1.2 on the plus side over normal for the month.

Rainfall totaled .85 of an inch, and all of this came in light showers on three successive days, according to the monthly summary of the US Weather bureau as released by Vernon W. Schaad, meteorologist in charge.

For October, there were 23 clear days, seven others only partly cloudy, and a single day that classified as cloudy.

Rainey Gets 100 Votes In Austin

AUSTIN, Nov. 8 (AP)—The Austin American says today that there were approximately 100 write-in votes here for Homer P. Rainey for governor.

These votes were cast in precincts in the university neighborhood. The newspaper said that there was no official tabulation of such scattering write-ins.

Gov. Coke Stevenson, however, maintained a 14 to one lead over his republican opponent in Travis county.

London Bombarded By New Type Bomb

LONDON, Nov. 8 (AP) — The German high command announced today that London had been under bombardment by a new secret weapon, V-2, "for some weeks." The Berlin broadcast of the German communiqué said "A new weapon, much more effective," than the V-1 flying bomb has been launched against the British capital. The V-2 has been described in dispatches from Stockholm as a missile resembling a "flying telephone pole" with a range of more than 250 miles. The weapon, according to Stockholm reports, is said to have possibilities of being developed into a rocket bomb capable of spanning the Atlantic.

President Thanks Dewey; Was Certain Of Win Early In Neighborhood Speech

By HOWARD FLIEGER

HYDE PARK, N. Y., Nov. 8 (AP) — In a clatter of jangling telephones and news wires, President Roosevelt followed the election returns into the early morning hours today, confident from the outset that a nation at war had chosen him to head its government for another four years.

Mr. Roosevelt went to bed at 3:50 a. m. (EWT). A few minutes before he sent a telegram to Gov. Thomas E. Dewey acknowledging the latter's radio concession of defeat.

"I thank you for your statement which I have heard over the air a few minutes ago," Mr. Roosevelt telegraphed Dewey 15 minutes after the latter had gone on the air to concede the fourth term victory.

Throughout the long election night the president sat at a table in the dining room of his Hyde Park home, totaling up the progress of the voters' reply to his bid for an unprecedented 16 years in the White House.

Hours before the returns were conclusive the president appeared on the portico of his Hyde Park mansion to tell his torch-light-

parading neighbors: "I think you're a little nervous, but it looks very much like I'll have to be coming up here on the train from Washington for another four years."

Only his closest personal friends and aides were with Mr. Roosevelt as he kept abreast of the voting. He said he was in constant communication with all parts of the country.

While the president followed the progress of the returns guests in his home sat about radio loud speakers listening to the election reports. But the president came out only once—to talk with the torch-light paraders.

Shortly before he went off to bed the president sent telegrams to Sen. Harry S. Truman of Missouri, his vice presidential running mate; to Vice President Henry Wallace and to Robert E. Hannegan, chairman of the democratic national committee.

Judge Samuel I. Rosenman, the president's special counsel, and Robert Sherwood, the playwright who left an O.W.L. job to join the fourth term campaign, were at the Roosevelt mansion through the early part of the evening but left shortly after the president made his talk to the Hyde Park villagers.

Sliding Down The Sports Chute

with BILL

At a recent meeting of the advisory council of the University of Texas Interscholastic League several recommendations were adopted, and should be acted upon very soon. Two of these have a bearing on football and might prove interesting to readers who are ardent football fans.

The two resolutions were: (1) Recommended to the executive committee that rule 80 of the Football Plan be interpreted to permit practices prior to September 1 so long as no football equipment is used and no football instruction, "skull practice," is given. This recommendation was to go into effect immediately.

(2) Authorized appointment of a committee to study the advisability of extending the state championship in football to Conference A schools.

These are but two of six resolutions passed, but I felt that they would be of most interest to local fans, and would also be of some comment to the others which are merely brief changes in awards and schedules. Now for the comment.

The first resolution is, I think, a very commendable revival of the ancient rule that tended to lead onlookers to believe that dirty-work was afoot if a few boys were out on the field early in the summer kicking the ball around. The only catch to it now is how they will determine what "football equipment and skull practice" means.

If they say football shoes, or a football in the hands of eleven or more players is equipment then they should drop the rule before they pass it. If they do not it will only lead to a lot of discussion among rival schools.

Also in the matter of skull practices there comes the half-line definition. If this same group of boys who are out kicking the ball around happen to start running their past-season's plays, then that might be defined as "skull practice" as they are brushing up their offensive and learning new styles and techniques through practice.

However, I doubt if any such intricate problems will come up, unless certain coaches in certain districts, who have always tended to try and pull "a fast one" at every opportunity take advantage of this new rule and abuse it. Barring this do not unfortunate element of schoolboy football the new rule should work to a big advantage, or at least let's hope so because it would enable those ragged first-games

Ward School Games Cancelled For Week

Cancelled this week to keep the field in better condition for the Big Spring-San Angelo game the final round of play for the ward schools playing in the junior football league will get underway next Monday afternoon.

The rain Monday night settled the dust in Steer Stadium and left the field in much better shape than it was previously. To keep the grid in such condition has been impossible this year with the water shortage, and Coach John Dibrell postponed the junior league tilts for the benefit of the turf.

With College Heights and West Ward favored to come through the final games undefeated a night game for the playoff is slated some time during the following week. This event will take place only if these two teams are not beaten by Central (playing West) or South (playing the other undefeated eleven but given no possible chance of winning as they haven't scored a point this year) and will be the feature game of the year's schedule, their last meeting ending in a scoreless tie.

to be much better, as it would eliminate that two-week "shaping-up" practice in early season with boys already in shape.

On the other article there is little that needs to be said except that I think everyone will agree that is a very progressive step. Some of these Class A teams really turn out the material and teams such as Wink, Colorado City, Ballinger and others just as potent could really give some classy fireworks in interstate play.

These teams have been looked down upon by most fans in larger cities as just "country boys" who play country football. That, as we all know, is quite erroneous. They play some mighty potent grid games, and quite a great many college stars such as Jack Crain, J. R. Calahan, Jimmie Lucas, the Ewell twins, the two Campbell boys of Southern Methodist fame and a host of others have brought attention to the ranks of Class A ball.

This new system would most certainly give them a chance to compete with boys from larger schools for athletic scholarships and a college education which means a lot to any boy. It is something to think about and something on which to work. See you . . .

Dibrell Charges Show Grimness As Game Nears

Even though most local fans (and most assuredly San Angelo rooters) have already given Friday night's ball game to the state champions by a very wide margin, this feeling does not seem to have denied the heads that practice daily in Steer Stadium. Out on the practice field every afternoon a group of lads are going after it tooth and nail trying to figure a way to stop All-State George Graham and his rampaging teammates that have run roughshod over every district opponent that has had the ill-fortune to meet them for the past two seasons.

Early this week Coach John Dibrell voiced the belief that his Steers would be quite ready for the invaders and would give them nothing without return payment. An eye-witness account of their preparations for the game this week has shown that the Steers are becoming more and more the 100-to-one shot that might stop the visitors.

Dibrell has made one or two slight changes this week in his lineup with hopes of throwing a stumbling block in the paths of the "play-off" bound Bobcats. John "Red" Cooper, a substitute tackle this year, has been shifted to defensive end and offensive guard. Cooper has shown an ability to be a tough customer for opposing linemen and the Steer mentors have decided to give him a chance to exhibit his wares against extra-tough competition.

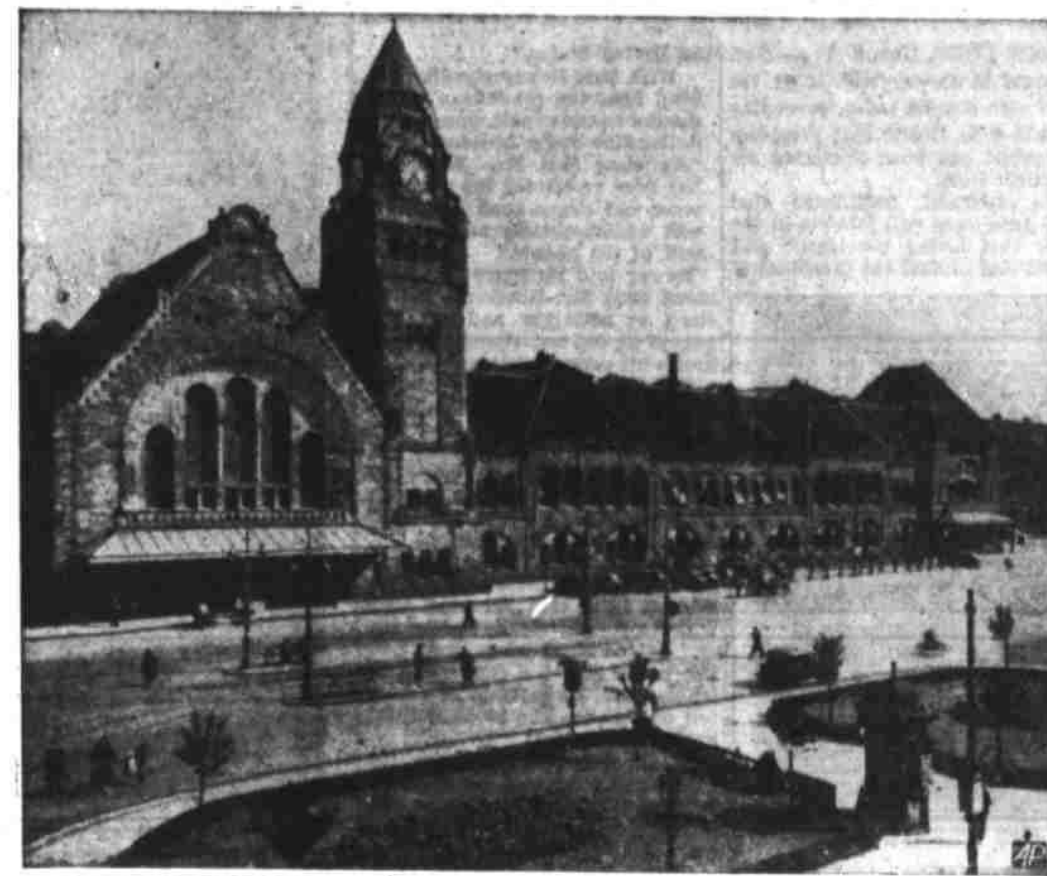

Not too strong on pass-receiving Cooper will be moved to guard while the Steers are in possession of the ball, and big Al Rusk will move out to the end position. Rusk, one of the finest all-around players to don the colors of Big Spring high school, was the blocking back last season, has played guard this year, but has shown himself to be such a strong receiver and runner that he will play a lot of end Friday night. The change was made to allow Kenneth Huett some relief during the game from speedy Angelo backs that follow almost perfect interference.

No other radical changes have been noticed in the setup for the locals although a new offensive system will probably come into play that local heads are hoping will throw confusion into the cat defensive style.

Dibrell has once again urged that tickets for the game be bought early to guarantee a seat as there are very few left. Also a great deal of confusion can be eliminated if the tickets are gone, for the most part, by Friday. They are on sale at the Big Spring Hardware, the Chamber of Commerce, and the school administrative offices.

Courtney Nears Six-Man Pennant In District Five

Courtney is now virtually the clinch winner of District No. 5 of the six-man football circuit. The crew has gone through six games to date undefeated and have but two left on their schedule, this week playing the weak Water Valley team that is on the short end of a 3-2 won and loss balance sheet.

The Courtney team has run roughshod over every other team in the league and are heavy favorites to end their season undefeated and untied with a perfect record to carry them into the 1945 season. Forsan, winners of the league last season, is now in second place but is virtually out of the running with three losses chalked up against them in six games, leaving them with a .500 per cent average.

The week's schedule in district play will put Garden City, winner of one and loser of three with one tie, against their record, against the Forsan aggregation. This game will be played Thursday at 2:30 p. m. on the latter's home field.

With Coahoma idle this week the pennant-bound Courtney group moves against the oft-beaten Water Valley team Friday at 2:30 in Water Valley, confident of a win and continuation of their undefeated record.

The league standings are (tie game counts 1/2-game won and 1/2-game lost):

	W.	L.	T.	Pct.
Courtney	6	0	0	1.000
Forsan	3	3	0	.500
Water Valley	2	3	0	.400
Garden City	1	3	1	.300
Coahoma	1	4	1	.250

Angott To Fight McDaniels Friday

NEW YORK, Nov. 8 (AP)—Sammy Angott, the former lightweight king from Pennsylvania, meets Jimmy McDaniels, Los Angeles welter, in a Madison Square Garden 10-rounder Friday night, but much of the weekend boxing interest around these parts centers around a couple of south-of-the-border heavyweights.

The spotlight will be turned on Roberto (Lotario) Ramirez, Juarez, Mexico, heavy, who will try for his third straight eastern kayo in a six-round prelude at the Garden against Walter Thomas of New York, and on Fernando (The Mighty) Menichelli of Argentina, who tangles Monday at Newark, N. J., with Laurient Bouchard of Montreal.

The 23-year-old star halfback of the New York Giants, who won the 1943 rushing title by a single yard, hammered his way to 113 yards in 23 tries against Boston Sunday to snatch the ball-carrying lead from Detroit's Frankie Sinkwich with a five-game total of 467.

Red Raiders Raring To Continue Winning Streak Over Horned Frogs

LUBBOCK, Nov. 8—Bounding back from their 13 to 7 victory over the Rice Owls last Saturday, the "better every time" Red Raiders have begun preparations for their Armistice Day clash with the TCU Horned Frogs.

This will be the ninth meeting of the two teams, the Frogs having held a slight edge throughout by scoring a total of 125 points to the Raiders' 82. The first match was made way back in 1926 and for the next five consecutive years the Frogs downed the Raiders by scores ranging from 7 to 0 to that of 28 to 0.

In more recent years however, the story has been far different. In 1936 the Raiders started their winning streak by giving the TCU boys a thorough 7 to 0 trouncing. In 1942 the Raiders came off victor by 7 points when they set the Frogs back by 13 to 6, and last year the Raiders clipped the Frogs' horns with the terrific score of 40 to 20.

Scholastic Ineligibility, naval transfers, military induction, and injuries have been dealing havoc to the TCU lineup in the past few weeks. In those respects Tech hasn't been touched yet, so the Raiders will catch the Frogs staggering and on their knees.

The new aerial blitz as styled by the Raiders is expected to blossom forth in full glory for the Frogs' benefit. Gene Hardy, quarterback from Hugoton, Kas., will lead the Raider aerial play, but little Tom Montgomery of Ozona, who passes very well with either hand, is not to be forgotten. The main contender on the receiving end is Jack "Soldier" Dillon of Chilton, veteran Paratrooper, who is in the 99 out of a 100 classification of ball catchers.

Walter Schlinkman, the Raider power house, will lead the ground attack. Walt scored the two touchdowns and kicked the extra point for Tech in last week's Tech-Rice game. Whitehead and Shahan will again vie with Schlinkman for the backfield honors and Hardy will have another chance to run up yardage from his quarterback slot.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, Nov. 8 (AP)—Consider the plight of the pore 11' Army football team. The Cadets have scored at better than a point a minute clip so far (some periods have been shortened, but if they don't beat 32 points against a still-good Notre Dame outfit Saturday they'll be tabbed as "bums" by comparison with their leading rival, Navy. . . . Judge Landis' official baseball book, which didn't come out this year because of paper shortage, will be published again next summer. . . . Even after Killer Hitler himself throws in the sponge, American women must not relax on saving used fats in their kitchens. Because it's the Japs, not the Germans, who still have those territories in the Pacific that used to supply us with one billion pounds a year! Our fat salvage job isn't done until we blast the Nips out.

In the meantime, every drop of used fats is urgently needed to help make the tons of munitions, medicines, synthetic rubber and soaps that are needed for final victory.

So keep saving until V-J Day! Remember, the government gives you 2 free red points for every pound.

First Liberty Ship Arrives At Leyte

By MURLIN SPENCER
GENERAL MACARTHUR'S HEADQUARTERS, Philippines, Oct. 28 (Delayed) (AP)—The S. S. David Dudley Field, a liberty ship with four voyages to her credit, steamed into Leyte Gulf unescorted in day after American troops had landed and claimed to be the first Liberty to arrive in the Philippines.

She began discharging her cargo and before she left on her return voyage had another first to her credit, the first Liberty ship to shoot down a Zero in the Philippines.

It was the night of a plus 4—four days after the landing Oct. 20—when Japanese strafing planes winged in for a heavy attack on shipping in the bay. One plane picked out the Liberty and bored in barely 50 feet above the water.

The Liberty's navy gun crews opened up. The gunners hit the Zero and a wing caught fire. The pilot sought to crash his plane against the ship, and the gunners frantically attempted to beat it off.

It came on, its wing hit the port gun position and shattered on the starboard side. The Zero spread its wreckage over the bridge.

The David Dudley Field has left the Philippines now, slightly more battered than when she arrived. And after several hectic days of almost incessant raids she is a wiser ship.

Among the navy gunners aboard who fought off Jap planes were John P. Hare, Silsbee, Tex.; Leo L. Lopez, Jr., 1722 Mary St., Corpus Christi, Tex.; and Thomas E. Lynd, Port Arthur, Tex.

Howze Continues Record-Breaking Pace In Bowling

Pete Howze, Big Spring's leading bowler, continued to knock 'em in the alleys Monday night in the local Classic bowling league by setting the record for a new high game, and a three-game series high as he bowled a Dutch perfect game along with other high scores. A Dutch game is one where every other frame brings a strike and a spare, alternating, and ending up with a score of 200. One miss spoils the game, or too many strikes or spares can ruin such a feat.

Howze racked up three scores of 205, 243 and 214 for a total of 662 pins and a new series high. His 243 game was the new high for one game in the league's play. Howze has recently bowled a perfect 300 game, and a few days later fell just short of that with a 299, missing but one pin in the possible 300.

In match play the Texas club team was downed by the Lee Hanson four with a 2-1 margin. Elmo Wasson's representatives in the leagues lost a 2-1 decision in games to Safeway's team and Howze while Texas Electric Service took a 2-1 decision over Lester's team.

The Lee Hanson team was high scorers for the evening with 2,114 total to their team record, and 737 given to their credit for one-game totals. This is considered a very good score in the league as each team uses but four men, the regular number being five in most leagues.

Others who bowled 200 or better in the night's play were E. B. Dozier, "Rat" Ramsey, Sgt. Run-yon, Sgt. DeCarlo and Jake Doug-liss.

Five Persons Die In California Wreck

SACRAMENTO, Calif., Nov. 8 (AP)—At least five persons were killed and between 75 and 80 injured, highway patrol officers reported, when the Southern Pacific's westbound Challenger was derailed near Colfax early today.

The highway patrol headquarters here, in communication with officers by short wave radio at the scene of the wreck, said 15 ambulances had been sent from the Dewitt General hospital near Auburn.

The patrol headquarters said the injured included both military and civilian personnel.

IN UNIFORM

Wings And Boots
Pfc. C. H. Hyden, Jr., son of Mr. and Mrs. Cecil Hyden of Gall route, has won the right to wear the "wings and boots" of the US army paratroopers after complet-ing four weeks of jump training during which time he made five jumps, the last a tactical night jump involving a combat problem. He also has been given other special-ist training at Ft. Benning, Ga.

"Trappers"
Two Big Spring men are in the Sixth army group anti-tank unit led by Capt. Vernon M. Scott of Brownwood. They are Sgt. Homer H. Thorp, route No. 2, and Cpl. Morris L. Crittenden, route No. 1, S-Sgt. Grady L. Harland and Cpl. Alton G. Chapman, Knott. In advanced posts along highways on the Seventh Army front in France, they set up "road blocks," which are in reality traps which permit the men to open up on the enemy with .57 mm anti-tank guns as well as smaller arms.

Combat Photographer
Sgt. Walter Schultz, formerly of the Big Spring Bombardier School, has reported for duty at the 18th AAF motion picture unit at Culver City, Calif. Men in the unit are trained to photograph combat activities of every overseas air force. Sgt. Schultz is a Forsan high school graduate, was formerly employed by Continental Oil Co. His parents, Mr. and Mrs. H. E. Schultz, reside in Big Spring.

Sgt. Clark Returns
After 15 months of service with an anti-aircraft artillery unit in Iceland, Sgt. Oron S. Clark, Sterling City route, has returned to the states on temporary duty and is visiting friends and relatives. He wears the European theatre of operations ribbon for his tour of duty in Iceland.

Wins Group Citation
Sgt. James W. Hunter, son of Mr. and Mrs. W. A. Hunter, Col-homa, is in the fighter squadron of the Eighth AAF station in Eng-land and commended by Brig. Gen. Jesse Auton, wing commander, for the part it played in making possible the destruction of 43 enemy aircraft and damaging of 23 others on a German-held field recently. He is an aircraft propeller me-chanic.

Wins Commission
Wearing the gold bars of a second lieutenant in the army air forces is Paul Kasch, son of Mr. and Mrs. A. P. Kasch. Lt. Kasch was commissioned Nov. 2 following completion of a training com-mand school at Yale University, New Haven, Conn. Soon he will be assigned to a tactical unit where he will be in charge of maintaining communications for his outfit. A graduate of Big Spring high school where he was an all-district football center for two years, Lt. Kasch was at SMU, and on the grid team, for a year before entering service. He had training at Ft. Sill, Okla. and Port-land, Ore. before being assigned to Yale.

Master Sergeant Harold W. Byerley, son of Mr. and Mrs. M. E. Byerley of 611 Bell street, will arrive in Big Spring Wednesday after serving for 24 months in the China - Burma - India theatre. M/Sgt. Byerley is a graduate of the Big Spring high school and has served in the army for eight years. He served in the army for four years and re-enlisted in July, 1941. He is a radio operator and received his radio training at Port Arthur college.

Pfc. James C. Tonn of Big Spring, is a member of a Bom-bardment Group which, with its division has been cited by Pres-ident Roosevelt for a bombing at-tack on targets in Germany, Janu-ary 11, 1944. Pfc. Tonn, who is a dispatcher in the transportation section of this B-17 Flying Fort-ress station, has been overseas a year. He is the son of Charles A. Tonn of Cosden Refinery, Big Spring, where his wife, Mrs. Nor-ma N. Tonn, also resides. In civil life he was a teacher in the labo-ratory of a gasoline refinery.

Corporal William E. Summers, son of Mr. and Mrs. John R. Sum-mers, 1811 North Mont Clair Ave-nue, Dallas, Texas, is a member of the aircraft fuel section of this VIII Air Force Service Command sub-depot bomber repair unit stationed at this base. Corporal Summers has been stationed in the European theater of opera-tions 14 months.

Sgt. V. D. Watts, 23, son of Mr. and Mrs. D. J. Watts, route 3, Brownfield, Tex., is an armorer at this veteran Flying Fortress base commanded by Col. James S. Sut-ton of Findlay, O. Before enter-ing the AAF, Watts was a sales-man for Montgomery Ward & Co., Big Spring. He attended West Texas State college, Canyon.

Every 17 seconds (day and night) a vitally needed car is junked

THE DANGER LEVEL in number of automobiles in use is rapidly approaching. Out of 30,000,000 cars, 6,000,000 or one in every five have already disappeared from the highways. And of those remaining, more than 5,000 every day go to the scrap heap!

Says the Office of Defense Transportation: "Private automobiles must perform three-fourths of the essential local wartime transportation service... Street cars, buses, and rapid transit lines can haul only a small share, approximately 25 per cent of the essential load."

So Care For Your Car For Your Country by enlisting the aid of your Phillips 66 Service Man. He is ready and waiting to help you.

At least once a week, give him the opportunity of checking air pressures... inspecting for nail holes, cuts, and bruises... examining tires so that he can warn you when re-capping is imperative.

At the same time, he will inspect the battery, air filter, and cooling system. And at regular intervals be sure to have him lubricate every friction point specified by the maker of your car... and make either the seasonal or the recommended every-sixty-day oil change.

Every Phillips 66 Service Man shares with you the responsibility of guarding that part of America's mileage which remains in your car and tires. So get Phillips Car-Saving and Tire-Saving Service at any Phillips 66 Shield... the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

Petition For Bond Vote

Petitions now are being circulated, asking that the county commissioners court call an election for consideration of a \$150,000 bond issue.

These will be presented to the court Monday, in all probability, and if the legal minimum is on the list, there will be no hesitancy to call for the vote.

In other words, there is reason to believe that the court looks with favor on such a vote, but prefers to have the move initiate with the people.

Signature of the petition is no commitment to support of such an issue, although a preponderance of those signing will be found in the affirmative column if and when the election is ordered.

The petition is worded in somewhat legal language—simply to meet legal requirements. It offers ample latitude in administration of the funds, should they be voted.

Basically, the issue would provide funds now for immediate or post-war use in securing right-of-ways, for constructing and maintaining lateral and feeder roads. The idea is to have available NOW funds to accomplish what is planned over a period of normal years of operation. It is to implement the county's plans for interim employment after the war. It is to provide funds for fulfilling commitments to furnish right-of-way for at least two important state roads—one from Snyder to Big Spring and the other from Big Spring to Andrews.

Because this is a matter which is vital concern not only to Big Spring but to all of Howard county, we believe the people ought to have a right to speak on it. Thus, we advocate signing of the petition.

Furthermore, if and when such an election is ordered, The Herald is going to support it editorially. We sorely need that road to Snyder. We've needed it for the past 20 to 30 years. We need that road to Andrews, center of the richest production spot in the Permian basin area. We need more all-weather lateral and feeder roads.

To us any clear analysis of our situation ought to disclose urgent need for broadening our trading area as a key to systematic economic development.

Ah, The Secret Ballot

We suggest the term secret ballot be used with due respect in Texas. That, perhaps, will at least maintain the tradition. But if Howard county is any criterion of what happens in most of the voting boxes in the state (and it is), then marking a ballot isn't particularly secret. Anyone who couldn't tell how his fellow voters were marking ballots Tuesday either was disinterested or in need of visual aid.

In smaller boxes, where the traffic isn't so heavy,

and admirals now have become so picture-conscious they know which side of the face to turn to the camera. . . . Lord Louis Mountbatten is so handsome he could get a job in Hollywood "any day," the captain says, and of homey Joe Stilwell: "He probably wouldn't want one."

Somewhat was complimenting M. F. Reilly, head of the Secret Service squad assigned to protect the President. . . . "Wonderful job you fellows do, and they talk about the good protection Hitler gets!" . . . "Mebbeso," said Mike, "but the so-and-so Hitler is still alive, isn't he?"

Signs of the times—nightclub advertisers \$30 a week, tips and meals for busboys. . . . The Democratic National Committee's absent ballot bureau set up shop with Roosevelt-Truman signs, and the windows of the apartment directly above were clustered with Dewey-Bricker pictures. . . .

Men can't get into Mrs. Roosevelt's press conference because she decided 'way back such a rule would create employment for women reporters, and it did. . . . Now that the gals have taken over, their association has made the original idea an iron clad rule, and the President's wife says it's out of her hands.

War Food Administration says the nation's appetite for spinach will drop 20 per cent next year. . . . Washingtonians who haven't even got the right to vote seem more interested in elections than anyone else. . . .

A visitor got into the Navy press section as a communique was being distributed. . . . The officer kept his eye on his watch saying "One minute, 30 seconds, 15 seconds, go!" and the reporters dictated their stories to their respective offices. . . . The stranger pushed his hat back, exclaimed: "A horse race!" and walked out. . . .

Gene Markey, the movie producer, now is headquartered here as a captain in the Navy in charge of pictures. . . . He says if you doubt the morale value of motion pictures abroad you should watch those GI's huddled in the jungle rain watching a show while hell breaks loose all around. . . .

The War Today

by Dewitt Mackenzie Associated Press War Analyst

Premier Stalin's blunt characterization of Japan as an aggressor nation is of prime significance. This is the first time the Soviet chief personally has spoken so sharply (at least publicly) to the country with which Moscow has a non-aggression pact—a treaty which the Japs no longer are likely to challenge.

The marshal's charge certainly invites renewed speculation whether Russia may eventually join her Allies against the Mikado's militarists.

However, as I see it, there are a lot of "ifs" to be hurdled before we arrive at a Russo-Japanese conflict.

I believe we must premise analysis of this question on the fact that the world is about to see an epochal readjustment of the spheres of influence among the major powers in Europe and Asia. Russia is emerging as the dominant nation on both continents.

If this readjustment is to be achieved peaceably there's bound to be much bargaining. Therefore it's not far fetched to assume that Russia's attitude toward Japan might figure very largely.

It's a fair bet that this question was one of the important items discussed by Marshal Stalin and British Prime Minister Churchill at their recent conference in Moscow. It's an equally good gamble that it will be near the top of the agenda at the next parley among the big three—America, Britain and Russia. Maybe as a native New Englander I have a horse-trading complex, but it's hard to escape the thought that there may be considerable bartering.

Moscow would seem to be in rather an enviable position. Her interests in the Orient are vast, but as things stand she could remain passive and let Uncle Sam and John Bull whip Japan. They're committed to the task anyway.

Ernie Pyle: Americans Learn Hedgerow Fight Method Like Dogs Learn To Swim

Editor's Note:—This is the 50th of the Ernie Pyle war dispatches that are being reprinted during Ernie's vacation.

ON THE WESTERN FRONT, August, 1944 — The ways of an invasion turned out to be all very new to Pfc. Tommy Clayton, 29th Division.

It was new to thousands of others also, for they hadn't been trained in hedgerow fighting. So they had to learn it the way a dog learns to swim. They learned.

This Tommy Clayton, the mildest of men, has killed four of the enemy for sure, and probably dozens of unseen ones. He wears an Expert Rifleman's badge and son will have the proud badge of Combat Infantryman, worn only by those who have been through the mill.

Three of his four victims he got in one long blast of his Browning automatic rifle. He was stationed in the bushes at a bend in a gravel road, covering a crossroads about 80 yards ahead of him.

Suddenly three German soldiers came out a side road and foolishly stopped to talk right in the middle of the crossroads. The B. A. R. has 20 bullets in a clip. Clayton held her down for the whole clip. The three Germans went down, never to get up.

His fourth one he thought was a Jap when he killed him. In the early days of the invasion lots of soldiers thought they were fighting Japs, scattered in with the German troops. They were actually Mongolian Russians, with strong Oriental features, who resembled Japs to the untraveled Americans.

On his fourth killing, Clayton was covering an infantry squad as it worked forward along a hedgerow. There were snipers in the trees in front. Clayton spotted one and sprayed the tree with his automatic rifle, and out tumbled this man he thought was a Jap.

To show how little anyone who hasn't been through war can know about it — do you want to know how Clayton located his sniper?

Here's how — When a bullet passes smack over your head it doesn't Zing; it goes off. That's because the bullet's rapid passage creates a vacuum that it collides with itself, and makes a responding "pop."

Clayton didn't know what caused this, and I tried to explain. "You know what a vacuum is," I said. "We learned that in high school."

And Tommy said, "Ernie, I never went past the third grade." But Tommy is intelligent and his sensitivities are fine. You don't have to know the reasons in war, you only have to know what things indicate when they happen.

Well, Clayton had learned that the pop of a bullet over his head preceded the actual rifle report by a fraction of a second, because the sound of the rifle explosion had to travel some distance before hitting his ears. So the "pop" became his warning signal to listen for the crack of a sniper's rifle a moment later.

Through much practice he had learned to gauge the direction of the sound almost exactly. And so out of this animal-like system of hunting, he had the knowledge to shoot into the right tree—and out tumbled his "Jap" sniper.

Clayton's wierdest experience would be funny if it weren't so flooded with pathos. He was returning with a patrol one moonlit night when the enemy opened up on them. Tommy leaped right through a hedge and, spotting a foxhole, plunged into it.

To his amazement and fright, there was a German in the foxhole, sitting pretty, holding a machine pistol in his hands.

Clayton shot him three times in the chest before you could say scat.

The German hardly moved. And then Tommy realized the man had been killed earlier. He had been shooting a corpse.

All these experiences seem to have left no effect on this mild soldier from Indiana, unless to

make him even quieter than before.

The worst experience of all is just the accumulated blur, and the hurting vagueness of too long in the lines, the everlasting alertness, the noise and fear, the cell-by-cell exhaustion, the thinning of the ranks around you as day follows nameless day. And the constant march into eternity of your own small quota of chances for survival.

Those are the things that hurt and destroy. And soldiers like Tommy Clayton go back to them, because they are good soldiers and they have a duty they cannot define.

Luzon, with an area of 40,814 square miles, is the largest of the Philippine islands.

The American-Mexican Claims Commission, headed by former Lieut.-Governor Edgar E. Witt of Waco, keeps secret the names of

two years, entertaining overseas and doing a Broadway show.

"The town hasn't changed a bit," he commented. "You look around here—the same old faces."

Maybe Allen hadn't read the bulletin. But there are the "same old faces" in our night club scenes for a good reason—dress extras are scarce these days. . . .

Ella Raines lost 20 pounds during her hospital siege. Now doesn't have to wear a corset for her Victorian costumes in "The Suspect," the C. Laughton film.

By a slip of the typewriter recently I gave Fred Allen to Samuel Bronston. This will give him back to Producer Jack Skirball where he belongs. The Allen movie, "It's in the Bag," is gathering up an all-star cast, latest being Don Ameche, whose first as his own producer is postponed.

Turban Bey, the new great lover, has yet to make his first screen kiss. . . .

When William Eythe came to Hollywood two years ago, he owned two suits and assorted sports slacks and jackets. "You'll need a big wardrobe for a screen career," his agent advised him.

"So, I splurged \$2,000 on clothes," says Bill. "So what?" He is now making his sixth picture, and has yet to wear modern clothes on the screen. From his debut in "The Ox-Bow Incident" to his current "Czarina" he has worn period styles or army uniforms. Right now, as a young Russian lieutenant who receives royal favors from Catherine the Great, he wears assorted tight-fitting uniforms of two centuries ago which are something to see.

"So," says Bill, "are the clothes hanging in my closet. But no one has ever seen them except the moths and me."

Other atrocities were described in a document, "Japanese atrocities in occupied Netherlands Indies." It listed cases of savage mistreatment of prisoners of war and civilian populations.

Some people were burned alive; some were forced to drink soapy water until they were bloated and then soldiers jumped on their stomachs until the water spouted from their mouths. Prisoners were suspended by their feet and their heads were bumped on the ground. Others were forced to stand with their heads thrown back and their eyes opened to the blazing sun.

Javanese women who resisted the advances of Japanese soldiers, the document related, were bayoneted through the breasts.

The names of the destroyed villages were not published.

Texans In Washington

Rail Traffic Due To Drop, Rate Increase Needed, Says Spokesman

By TEX EASLEY

WASHINGTON, Nov. 8 (AP)—A spokesman for southwestern rail carriers holds that Texas' share of "abnormal" rail movements since Pearl Harbor will fall off—and contends rate increases must be granted to finance postwar rehabilitation.

T. B. Duggan, a Missouri Pacific executive, advising the interstate commerce commission that traffic already is decreasing, cited these instances of above normal business:

One line handled 10,109 cars of sulphur in 1943 as compared with 3,029 cars in 1940. Another moved 12,573 cars of tonnage to shippers in Beaumont, Houston and New Orleans, where there had been no such movement in 1940.

Still another line in 1943 used 1,034 cars in moving Texas cotton to New England mills, a movement normally made by ships. One carried 2,527 cars of wools and hides to the northeast in 1943 in the way of added traffic, and another hauled 305 cars of airplane parts to Fort Worth.

Submarines interrupted the normal transportation of oil to the east via tankers. Until the "Big Inch" pipe line started operating Feb. 19, 1943, the rails had to bear the brunt of the petroleum traffic. In May, 1943, a southwestern line averaged 933 cars a day. This dropped to 642 cars in September 1944.

C. R. McNamee, director of the rate division of the Texas railroad commission, opposed the plea of the carriers for restoration of a 4.7 per cent rate increase ordered effective in 1942 and suspended in May of 1943.

A member of the federal commission hearing the arguments is Dr. Walter M. W. Splawn, formerly of the University of Texas.

The American-Mexican Claims Commission, headed by former Lieut.-Governor Edgar E. Witt of Waco, keeps secret the names of

two years, entertaining overseas and doing a Broadway show.

"The town hasn't changed a bit," he commented. "You look around here—the same old faces."

Maybe Allen hadn't read the bulletin. But there are the "same old faces" in our night club scenes for a good reason—dress extras are scarce these days. . . .

Ella Raines lost 20 pounds during her hospital siege. Now doesn't have to wear a corset for her Victorian costumes in "The Suspect," the C. Laughton film.

those to whom it awards shares in the \$40,000,000 which Mexico has agreed to pay over to this country in settlement of all damage claims filed by American citizens arising out of border cattle raids and land expropriations.

Reason: The commission figures announcements would bring salesmen, solicitors and disputing relatives down upon the award winners. However, when the work of the commission is completed, its findings, including the names of successful claimants, will be published in a document of public record. That may be years.

Much of the work of the present commission is in reviewing the adjudications of former claims groups which have been unacceptable to the claimants. One such claim is that of the estate of Richard King, founder of the famous King ranch, now partly owned by Rep. Richard Kleberg. The pioneer Texan was alleged to have lost \$396,000 in raids of Mexican cattle rustlers upon his herds. A previous special claims body, holding that the claimant should prove that Mexican authorities were negligent in their attempts to recover stolen properties, several years ago awarded the King estate only \$385. The decision was appealed.

In charge of the distribution

division of the commission is James A. Langston, formerly of El Paso and Dallas, who has served with various American-Mexican claims bodies for 25 years.

Major General C. L. Corbin, acting quartermaster general, writes Rep. Ewing Thomson of El Paso and Vestal Askew, Fort Stockton, secretary of Texas Sheep and Goat Raisers association:

"The quartermaster corps has, during the period of the emergency, used domestic wool in all of its contracts to the maximum amount possible and practicable. As a matter of fact, up until the present time the quartermaster corps has consumed the larger part of the domestic wool clip.

"On our future procurements for the first quarter of 1945 the same policy will continue. However, in order to expedite production on early deliveries it will be necessary to use at the beginning of the contracts some foreign wool and some tops, now in the hands of contractors, on the contracts for blankets and serge.

"Contractors will not be allowed to use more than 25 per cent of foreign wool and will be required to use 75 per cent or more domestic wool."

Truman Has Bad Moments During Election Returns

KANSAS CITY, Nov. 8 (AP)—Senator Harry S. Truman had some mighty bad moments listening to election returns last night, but he went to bed at 3 a. m., the vice president-elect of the United States.

For a time the national result appeared in doubt, but the senator, listening to returns with his family and a large group of friends in his hotel suite, smilingly told the crowd "everybody around here is nervous but me."

Then came a report that unofficial returns indicated that Missouri might go republican.

That was too much. He went to a piano and concentrated on playing the difficult "Minuet" by Paderewski. He played without a score, and turned out a perfect performance.

His home state kept him on the griddle for several hours as rural returns piled up an increasing lead for the Dewey-Bricker ticket.

Then the big city tabulations, which had gotten off to a slow start, began to pour in. Soon after midnight the Dewey-Bricker lead was wiped out, and the result never was in doubt after that.

Then came Dewey's concession.

Solid South Sticks With Fourth Term

ATLANTA, Nov. 8 (AP)—Voters of the Solid South wrote their endorsement of a fourth term for President Roosevelt yesterday.

Pre-election vocal opposition to Roosevelt in Texas was smothered under an avalanche of "straight ticket" votes, with the president holding a lead of nearly three to one over the republicans and anti-Roosevelt "Texas Regulars."

Roosevelt forces in Mississippi, where the legislature was called into session last week to assure a "straight Roosevelt" ticket on the ballot, piled up a lead of more than 12 to one.

Revolters in South Carolina failed to attract a large following to their cause and Roosevelt swept to an overwhelming victory.

Georgia, Alabama, Louisiana and Arkansas polled their usual heavy democratic majorities. Republican fared better in Florida, North Carolina and Virginia, but did not threaten the democratic leads in those states.

Tennessee, along the southern border, went down the line for Roosevelt.

Howard

(Continued from Page 1)

fund levies within the over-all 80-cent maximum rate for all funds was adopted in the county 962 to 412.

The regulars ran second in eight boxes, the republicans second in seven. Only in boxes No. 2 and No. 3 did the anti-Roosevelt and republican votes cut into straight democratic percentages.

Opposition amounted to little less than 20 per cent in No. 3 and less than that in No. 2.

Vincent showed the greatest democratic majority with 65 votes for Roosevelt and only one for Dewey. Soash had only one Dewey vote and 38 for Roosevelt. No regular votes were cast in either box.

DSC Given Infantry Captain From Waco

WASHINGTON, Nov. 8 (AP)—The war department today announced the awarding of the Distinguished Service Cross to Capt. Joseph T. Dawson, infantry (2800 Washington ave.) Waco, Tex.

The citation said that in the initial landing on the coast of France on June 6, 1944, he landed under a hail of enemy machine-gun and rifle fire, and with utmost calmness proceeded to organize a large group of men who were floundering near their bullet-riddled craft and led them ashore.

Upon landing he found his company pinned down by direct fire from three enemy machine guns. The citation said that with utter disregard for his own safety he moved from cover onto the mine field, deliberately drawing the fire of the machine guns. The diversion succeeded and his combat group crossed the beach to move into the assault.

Capt. Dawson was wounded in the leg, but although injured he led a successful attack into the enemy stronghold.

THOMAS RETRIAL SET
PLAINVIEW, Nov. 8 (AP)—District Judge C. D. Russell today set Nov. 27 at Plainview as the date for a retrial for Jim Thomas, charged in the slaying of Dr. Roy Hunt of Littlefield.

Berlin Radio Says Reelection Of FDR Will Harm Public

By The Associated Press

The American people must "bear the consequences of Roosevelt's reelection," which surprised no one, the Berlin radio said today.

"Roosevelt's leading motive is to avoid everything that may displease the Kremlin and he is even willing to deliver his Chungking Chinese ally into the hands of communism," the official DNB agency commented. "This servile attitude was rewarded by Moscow with support of Roosevelt's reelection."

"The American people will be burdened with very great sacrifices in view of Roosevelt's well known tendency to stake all on one single card without remembering former election promises. Europe will answer Roosevelt's reelection by doubling its efforts to frustrate eastern communism and western capitalism."

More Paper Added To Paper Salvage

The Salvage office at the Big Spring Bombardier school reported Wednesday that a total of 7,320 pounds of scrap paper were brought in Tuesday to the schools for collection.

The individual collections were for North ward and the colored school, 980; College Heights, South and East wards, 4,050; Central and West wards, 2,290. Coahoma accumulated 1800 pounds of paper Monday and Tuesday. An additional pick-up was necessary Wednesday morning at the West ward school where 1475 pounds of paper had been brought in.

Contests are being conducted in the schools and the judges are the teachers for each grade. The winners will tour the Big Spring Bombardier school.

Americans On Leyte Have Tough Time

By SPENCER DAVIS

LEYTE ISLAND, Nov. 8 (AP)—Strong spearheads of this division fought the enemy over terrain of his own choosing today, the third day of the "Horseshoe Bend" battle in northwestern Leyte, and the Japanese had full opportunity to display their clever defensive tactics.

Almost without exception, the American wounded growled or moaned as they were borne back from the front in heavily-wooded mountain passes.

"Why don't they come out and fight like us?"

The wooded ridges provide ideal cover for Japanese snipers, machine gunners and mortar-men, commanding the road below, along which tired Americans are pushing toward Ormoc. That is the last Japanese stronghold on Leyte.

The road makes another horseshoe bend at a point where a 24th division unit fought near a standstill throughout the day.

On a grassy knoll, Maj. Francis R. Dye of Baltimore deployed his men on low ridges, then sent them forward to clean the Nipponese from gullies directly ahead.

Tanks rumbled into the line of fire. Then there was a heavy explosion. Standing on a knoll, I could see debris flying high.

Our machine guns quit firing, and there was momentary silence. The 10th corps surgeon, Col. Charles M. Downs of Austin, Tex., peering into the gully from our knoll, remarked:

"This is a fine spot for a pediatrician."

Fire shells were dropped on the ridge. Grass, standing eight feet high, quickly caught fire and sent a great blaze rolling up the ridge. There was no more fire after that.

London Baners FDR Reelection As Good

LONDON, Nov. 8 (AP)—London's three evening newspapers all bantered President Roosevelt's reelection, and editorials hailed the result.

"Above all," said the London Star editorially, "he has no authority to act, without fear of electoral contradiction, in the setting up of the world security council. He can meet Mr. Churchill and Marshal Stalin again backed by a terrific vote of confidence to win the war outright—and the peace."

Roosevelt Votes For Namesake In Election

ROOSEVELT, Nov. 8 (AP)—This Kimble county ranch center went for Roosevelt with 32 votes. Dewey received seven, and the Texas regulars (anti-Roosevelt) polled seven.

Roosevelt was named for President "Teddy" when the Rough Riders were training in Texas during the Spanish-American war.

Oklahoma Supports Fourth Term Ticket

OKLAHOMA CITY, Nov. 8 (AP)—The democratic Roosevelt-Truman ticket gathered Oklahoma into its victory column and fellow partisans in senatorial, six congressional and five state races won along with it, incomplete but conclusive returns showed today.

President Roosevelt and Sen. Harry S. Truman, his running mate, carried the state against the Dewey-Bricker team, 353,583 to 284,414, in returns from 3,248 of Oklahoma's 3,672 precincts. This 69,169 margin approached the democratic presidential lead of 71,104 in 1940.

Sen. Elmer Thomas was elected for a fourth six-year term as he turned back William J. Otjen, 1942 republican gubernatorial nominee, 324,923 to 257,842, in returns from 3,145 precincts.

Broadcast Slated By University Exes

AUSTIN, Nov. 8 (AP)—The offices of the University of Texas ex-students association and of the Students Association today announced two statewide broadcasts dealing with the controversy that led to dismissal of Dr. Homer P. Rainey as president of the University of Texas.

The first will be tonight from 9:15 to 9:30, when the students will present Dr. Blake Smith, pastor of the University Baptist church.

Tomorrow night the ex-student group has arranged a broadcast from 9:30 to 10 o'clock, on which Robert Lee Bobbitt of San Antonio, vice-president of the ex-students association, will "explain to the people of Texas the present tragedy facing the university."

Bobbitt is a former attorney general of Texas, former speaker of the house of representatives and former chairman of the state highway commission.

These stations on the Texas state network will carry Dr. Smith's address: Big Spring, Temple, Paris, KGKH, San Angelo, KABC, San Antonio, Midland, Austin, KFJZ, Fort Worth, Waco, Vernon, WFR, Dallas, Amarillo, KTRT, Houston and KCMC, Texas. A fifteenth station at Sherman will make a transcription of the program and broadcast it at 9:30.

Mississippi Claims Most Democratic Title

JACKSON, Miss., Nov. 8 (AP)—Governor Thomas L. Bailey, an enthusiastic Roosevelt supporter, wired the president today that the final election returns would show that Mississippi was "the nation's number one democratic state."

The governor's telegram to the president said that Mississippi "pledges total support to your leadership to victory and peace."

Mississippi went almost solid for Roosevelt, after the democrats rallied behind a supplemental ballot which was authorized by a special legislative session called by Bailey to act in a revolt among presidential electors on the regular democratic ticket.

The Roosevelt ticket bolters went down in defeat and Mississippi assigned her nine electoral votes to Roosevelt.

Have a "Coke" = Ahoy, mates

... or keeping up the good work

Faster and faster the ships go down the ways in the wartime shipbuilding program. From sunny California to the coast of Maine, workers have learned that the pause that refreshes helps everybody do more work and better work. Have a "Coke" says a hard-working shipbuilder to his mates. It's a little minute long enough for a big rest. Whether in a shipyard or in your own living room, Coca-Cola stands for the pause that refreshes,—has become a symbol of friendly relaxation.
