Oil Company Completes Reorganization Of Areas

C-City Designated As Headquarters

By JAMES ANDERSON
Record News Editor

Sun Oil Company has completed consolidation of two area offices into a single operation with headquarters in Colorado City.

The new setup took effect Wednesday making the local operation into the largest single area office in the Southwest Division of the company in regard to wells, production and personnel.

In line with the increased number of personnel in Colorado City, the company is expanding its building at 1325 West Point to accommodate an additional 14 offices spaces. This project is to be completed by June 6.

Two areas affected by the

Sky Divers Will Perform For "Fly-In"

Plans are moving ahead for the fourth annual "Fly-In" at the City County Airport set for June 19.

A highlight of the annual event will be the performance of the Odessa Sky Divers, who will give thrilling exhibitions of delayed parachute jumping, using flares attached to their legs to mark their fall through the air. The group will perform about 9 a.m.

A chuck wagon breakfast prepared by Clyde Buckalew and Dr. Elton Berkman is another feature of the activities. Colorado City Flying Club along with Elton Harrell and J. P. Jameson will furnish planes for scenic rides over Colorado City for \$3 per person.

The "Fly-In" is being sponsored by the aviation committee of the Colorado City Chamber of Commerce with Paul Hunter as chairman.

Everyone in the community is being invited by the committee to attend the activities expected to attract 50-75 visiting planes bringing pilots and their guests from area cities.

THROUGHOUT SUMMER

Insect Survey Teams Begins Local Checking

Cotton insect survey teams begin work in Mitchell and 30 other counties this week in an effort to achieve control and possible eradication of the boll weevil.

The program is being handled through the Rolling Plains Cotton Growers in co-operation with local farmers in each of the 31 counties.

A total of 16 farms in Mitchell County will be checked by a team on a weekly basis. County Agent Bobby Lemons estimated the team would work in the county about two and a half days each week. Lemons will co-ordinate the work in the county as agents are doing all over the area.

Cost of the \$30,000 program will be shared by the Rolling Plains Cotton Growers and the Texas Department of Agriculture.

The survey will be conducted by the Texas Agriculture Extension Service with Emory Doring, area entomologist, a coordinator.

Ten 2-man teams will be involved and are composed of

agriculture students from Texas A&M, Texas Tech and Sul Ross. Each of the 20 boys has had some entomology courses and all have been thoroughly trained to conduct the insect counts.

Each team will check 34 fields per week, checking the same field at approximately the same time each week.

The team members have been instructed not to make insecticide recommendations. Farmers with questions regarding the advisability of spraying are urged to contact their local county agent.

The number of fields checked in each county is based on the cotton allotment within the county. Throughout the Rolling Plains one field will be checked per 2,300 acres of cotton.

In counties where small acreages are concerned, Wilbur Gruben, field advisor and entomologist with the RPEC, will be assisting with local insect scouting. Gruben will also work closely with "Hot Spot" areas when they occur, and

with counties that have organized for early season control. It is hoped that farmers will quickly learn the fields being surveyed so they can keep up with the insect situation in their community this summer. Regular reports will be issued by your county agent and farmers are urged to contact them.

"The insect survey is a fine example of what can be accomplished when farmers

ONE RACE LEFT

Second Primary Voting Saturday

Crawford C. Martin
First Primary Leader

Franklin Spears
Runoff Challenger

An extremely tight race of Mitchell County voters are expected to cast ballots in Saturday's second Democratic Party primary election.

Only four absentee votes were cast in the county before the Tuesday deadline.

Names of only two candidates will appear on the local ballot — those of State Senator Franklin Spears of San Antonio and former Secretary of State Crawford C. Martin of Hillsboro.

Martin topped Spears and the other first primary contender Galloway Calhoun in Mitchell County returns by winning the favor of 1,000. Spears had 580 and Calhoun was close behind with 371.

Spears' statewide showing, however, won him a runoff with Martin although the former secretary of state managed to lead the ticket.

Most observers over the state predict a tight turnout all across Texas.

Four polling places will be open Saturday beginning at 8 a.m. and remaining open until 7 p.m.

The voting places are: Courthouse — Colorado City and Buford boxes.

Loraine — Loraine and Landers boxes.

Westbrook — Carr, Cuthbert and Westbrook boxes.

Civic House — Spade and Civic House boxes.

Number of polling places for the second primary were cut down under a provision in the Texas Election Code allowing for a reduction as long as voters are adequately served.

County Democratic Executive Committee took the action in order to lower expenses of holding the election while still giving adequate voter service.

Winners Off To Capital

Ten high students Dennis Grizzle and Linda Wiggins were among 79 young people from Texas leaving Wednesday on a 12 day "Government in Action" youth tour to Washington, D.C.

The pair received the trip as winners of a speaking contest sponsored locally by Lone Wolf Electric Coop. Overall sponsors for the tour are the Texas Electric Cooperatives.

High points on the tour will be the Capitol, White House, REA Headquarters, U. S. Department of Agriculture and the many shrines and memorials in the nation's capital.

Last year's winners were Kathy Anderson of Colorado City and Ira's Larry Wiggins.

DRIVERS' ED HAS 43

Summer School Classes Begin

Summer instruction for 74 Colorado High students began Monday at the school.

Included in the total are 40 drivers' education students who are taking the "driving" part of the course during the summer.

Doug Chitsey is in charge of the students' driver training. The classroom portion of the course was taught during regular class hours in the spring term.

The other three subjects being taught include civics, world history and remedial English.

Sixteen are enrolled in the English class wherein these grade levels are being taught by Mrs. Dona Reed.

In the social studies class ten students are being given instruction by Miss Carolyn Baumann.

The courses are broken down into two terms of three and a half weeks each. First term runs through June 21 with the second continuing June 22 until July 15. July 4 is a class holiday.

CHS principal Joe Burchard emphasized that the students in summer classes were either "making up" work not passed during the regular school year or taking a course for enrichment purposes.

"These classes are not set up to allow early graduation," the principal said.

Burchard noted that the students attended classes from 8 a.m. until noon Monday through Saturday. He added

that the same number of class hours had to be completed in a summer course as was required during a regular term.

16 Farmers Participate In Survey

Names of farmers whose fields will be checked in Mitchell County on the insect survey have been released by County Agent Bobby Lemons.

The 16 fields which will require two and a half days of work each week by the survey team are scattered over all sections of the county.

The farms to be checked and their location include:

South of city — Parker Jarman, Bill Harris
South of Loraine — Willis Cornett, Wayne Oliver, Roscoe Hudgins
North of Loraine — E. B. Bolin
Northeast of city — Curtis Latimer, Raymond Watling

Buford — Louis Small
Spade — J. L. Bolin, Kenneth Dockrey
Westbrook — Anson Henderson, Rex McKenney

North of Westbrook — Floyd Ritchey

Cuthbert — Preston Morris, R. E. McMillan

Co-ordination of local survey work will be handled by the county agent during the three-months long program.

IN COUNTY

FM Construction Receives Go-ahead

Texas Highway Commission has approved the spending of \$125,000 for construction of new farm to market road mileage in Mitchell County as part of the 1966 FM Road Program.

District Engineer J. C. Roberts said 7.2 miles in this county will be involved. The work will be under the supervision of Ben R. Wilkinson, resident engineer, Colorado City.

The new paving begins six miles southeast of Colorado City on State Highway 208 and runs east to the junction of FM 644 and FM 239.

The work authorized for this county is part of a 903.8-mile statewide farm-to-market road-building program for 1966 as approved today by the Texas Highway Commission.

The Commission action raises to more than 38,200 miles the State's designated FM System roads approved for construction or already completed. Projections call for an ultimate 50,000-mile system.

The Texas Farm to Market Road System is one of the most highly developed rural highway networks in the United States and exceeds in mileage the entire highway systems of most states.

The 1966 program proposed improvements on 904 miles of FM roads at an estimated cost of approximately \$23 million. Of the roads added by the new program, 75 per cent are school bus routes and 66 per cent are mail routes.

Today more than 8,000 buses travel more than half a million miles each school day to take more than 450,000 Texas youngsters to classes. The Texas Education Agency estimates that most of these youngsters travel over FM roads for part or all of their daily trip to school.

It is estimated that rural mail carriers travel almost 50,000 miles over farm to market roads each day.

The original aim of the FM system, which was given impetus with passage of the Colson-Briscoe Act in 1949, was to "get the farmers out of the mud" and enable them to get their produce and livestock to market.

Though this is still a major function of the FM system, population shifts into urban areas have brought about a new function. City dwellers now have made market-to-farm roads of the FM routes as they seek weekend recreation in the country.

The Texas Highway Department spends about \$47 million a year on the construction, betterment and maintenance of the Lone Star State's Farm to Market System.

Initially, farm to market roads were added to the system as rapidly as possible to serve the greatest number of rural residents in the shortest possible time.

Traffic volume and vehicle weights, however, have increased through the years and so have costs on FM roads. Cost of construction, for instance, has more than doubled in 15 years due to more permanent designs and inflation. Average maintenance cost also has climbed 80% in 15 years.

The total investment in Texas' FM system — including initial costs and improvement — amounted to about \$885 million on January 1, 1966.

At that time, farm to market roads comprised about 56 per cent of the entire 66,500-mile designated Texas highway system.

Today, farm to market roads not only serve the rural residents of Texas, they are an important part of the State's over-all highway system which benefits the economy of all the State.

Qualifying rounds are required only for those playing in the championship tournament. Golfers in other tournaments submit their club handicap.

Activities during the four-day event are scheduled like this:

July 1 — qualifying rounds, barbecue dinner, bingo

July 2 — first 18-hole matches, lawn record party

July 3 — second round matches, buffet dinner

July 4 — semi-final, final rounds, presentation of prizes

All golfers entering must be at least 25 years of age. The entry fee is \$15 and includes all activities.

Tickets for non-golfers

the activities during the tournament will be available. Entrants should mail their fees to Dan Benson, in care of the Colorado City Country Club.

MUSICAL EVENING

Latham Piano Students Present Spring Recital

Piano recital presenting pupils of Mrs. E. L. Latham was a musical event here Saturday evening in Medallion Room, Lone Wolf Electric Co-operative building.

Setting for the recital was decorated with arrangements of coral gladioluses, daisies, and vari-colored roses.

Latham studio pupils presented were: Sandra White who played March of the Wee Folk by Gaynor; Russell Davis, The Big Bass Singer; Rolfe; Jane Ann Burt, In a Field of Daisies; Richter; Becky Hardegree, Dancing Daffodils; Rebe; Michael Hull, Bouncing the Ball; Carter; Dana Gray, The Three Trolls; Eckstein; Sonatina in C Major; Cobb; Cheryl Keller, Dance of the Daffodils; Adair; Marsha Ginzol.

Robbie Lambert played Fiesta in Mexico by Archer and Holiday, Cha Cha by Garrow. Martha Sparks played Yellow Butterflies by Evans. Solo for Betsy Mann was Linke's Glow Worm Variations. Off to Camp by Eckstein was played by Cheryl Hines. Michael Ratliff presented Cobb's The King's Guard and Jacqueline Nance, Cheerfulness by Rowe. Cornelia Helm played two solos, Minuet in F Major by Hazel Cobb and The Elf and the Fairy by Bentley.

Jim Mann played as his solo, Lento Stillwell's Rosevin' Along Moon Mist by Rodgers was presented by Kathy Henderson, Puccini's Musetta Waltz by Marsha Duncan. Keyfinger's All the Leaf by Debby Clark. Kay Adams presented The Dance of the Rosebuds, composed by Keats, and Patricia Hearn played Waltz of the Flowers by Tschakowsky. Solo for Marsha Nance was

Second Sonatina in F Major by Cobb; Vivian Pender played Climbing by MacLachlan.

Mantilla, Eckstein composition, was presented by Vicki Bassinger. Nancy Damborski played Scher's Wandering Caravan. Fur Elise by Beethoven was played by Mary Donley. Curious Story by Heller was solo for Eddie Nixon. Kay Jameson played Grieg's Piano Concerto (opening theme).

Brenda Henderson contributed Koelling's Hungary to the recital program. Judy Myers played Merkel's Butterfly. Cheryl Watson's solo for the

evening was Schubert's Scherzo in B Flat and Debby Hines played Chopin's Mazurka. The Butterfly by Grieg was the number for Kathy Denman. Scotch Poem by McDowell, for Margaret Carter; Golliwog Cakewalk, by Debussy, for Rose Ann White. Nocturne in E Flat Majors, for Susan Terry.

The recital also presented all students in the class in duets, trios, two piano duets and two piano quartets during the program for the evening.

Mu Phi Appoints Project Leaders

Seven members have been named to head committees work for Mu Phi Chapter of Beta Sigma Phi.

The appointments, announced by Mu Phi's new president Mrs. Bennie Cornutt, are:

Ways and means — Mrs. John Houston; service and scrapbook — Mrs. Don Webb; yearbook and program — Mrs. Bruno Kaultus; social — Mrs. Don Greenlee; rush captain and membership — Mrs. Wayne Whiteside; telephone — Mrs. H. P. Ball; publicity — Mrs. R. H. Drennan.

The committee leaders were named by Mrs. Cornutt at the chapter's meeting in the home of Mrs. Nell Key.

Program highlight was a talk, "The Printed Word in Your Life" by Mrs. Greenlee followed by a group discussion of the subject.

New program books for the ensuing year were presented to the chapter members and the Beta Sigma Phi state convention in Corpus Christi in June was discussed.

The chapter's bake sale May 14 was reported a success with a cash take of \$45. However, plans for a box supper have been postponed until future notice, according to Mrs. Cornutt.

Four C-City Students Are Tech Grads

Among the more than 1,500 students awarded degrees at commencement exercises for Texas Technological College, Lubbock, May 28, were several from Colorado City.

Receiving degrees were Marilyn Gail Russell Hicks, bachelor of science home economics education; John T. Merritt, Jr., bachelor of science, civil engineering; Orine Fay Feaster Petty, bachelor of science, home economics education; and Weldon Morris Ware, bachelor of business administration, accounting.

Mrs. Hicks is daughter of Mr. and Mrs. John Russell, 981 East 15th St. Merritt's parents are Mr. and Mrs. John T. Merritt, Sr., 1535 Locust St. Mrs. Petty is daughter of Mr. and Mrs. Orin Feaster, 1030 East 10th St. and Ware is the son of Mr. and Mrs. R. P. Ware, 1435 Chestnut.

Closing ritual of the ceremony concluded the meeting and refreshments of coffee, soft drinks and chocolate cake were served to seven members.

G. D. Fosters Add \$3,000 To ACC Gifts

Mr. and Mrs. G. D. Foster of 1425 Dallas St., Colorado City, have made a \$3,000 gift to Abilene Christian College according to the National Development Council of ACC.

Foster operates a general fire and casualty insurance business in Colorado City and has been active in the Chamber of Commerce, the Lions Club and the United Fund. He is an elder of the 22nd and Austin Street Church of Christ. Mrs. Foster was formerly a speech professor at Abilene Christian College.

The Colorado City insurance man serves as a member of the Advisory Board of Abilene Christian College and is Special Gifts Campaign chairman in the West Texas Region for the National Development Council of the college.

The Foster gift was among commitments announced which raised Abilene Christian College's capital gift campaign, the Design for Development, to \$8.2 million after only 15 months of operation. The ten-year program has a \$25.7 million goal, with a Phase I three-year goal of \$10.4 million.

FIVE GOOD REASONS FOR CHOOSING ELECTRIC CENTRAL AIR CONDITIONING

LOW INITIAL COST

An all-electric central air conditioning system for your home costs less to buy. The overwhelming preference for electric air conditioning has resulted in money-saving volume production by manufacturers. Installation cost is lower because of the basic simplicity of the equipment, which requires only one service—electricity—to do the complete job.

LOW OPERATING COST

Thanks to lower electric rates, the cost of operating residential electric central air conditioning has declined in recent years for customers of Texas Electric Service Company.

COOLING EFFICIENCY

You stay cool and comfortable in spite of sizzling summer heat. An electric air conditioner, with its efficient compressor, has the reserve power to keep you cool even on hottest summer days.

HUMIDITY CONTROL

You'll enjoy superior humidity control because the low temperatures of the electric unit's cooling coils wring out dampness. The air in your home stays dryer... you stay more comfortable.

PROVED DEPENDABILITY

Electric air conditioning operates on the same simple, ruggedly dependable compressor principle as your electric refrigerator. That means extra savings in long life and low maintenance cost of the equipment.

Thousands of installations throughout this area are proof of the value efficiency and dependability of electric central air conditioning. If you are planning to buy or build a new home or add cooling to your present central heating system, choose electric central air conditioning. Our air conditioning advisors, or your contractor, will be glad to show you why it is your best investment for summer comfort.

Texas Tech Degree to Morris Son

Russell Leonard Morris, son of Mr. and Mrs. Leonard Morris, 344 West Fourth, received the bachelor of business administration degree Saturday at Texas Tech.

Morris, who was graduated from Colorado City in 1960, has been employed by an insurance firm in Lubbock while attending Tech.

He is married to the former Jane Powledge of Midland and the couple, who live at 4119 35th St. in Lubbock, are parents of a daughter, Teresa, 2.

Mr. and Mrs. Leonard Morris were in Commerce Sunday, May 22, for the commencement of East Texas State University, where their daughter, Carolyn Morris, received her bachelor of arts degree with a major in education.

Also attending the East Texas State commencement with Mr. and Mrs. Morris were Mr. and Mrs. S. L. Morris and children, Cindy and Steve, of Snyder; Mr. and Mrs. Grady Morris and children, Denise, Lori and Gayle of Pampa; Mr. and Mrs. Russell Morris and Teresa of Lubbock.

I was 14 years old

NOW PAYING 4.15% WHEN HELD TO MATURITY

Mr. Jack Benny, distinguished star of the entertainment world, may not have a computer's memory when it comes to his age, but his dates are accurate about Savings Bonds.

The first Series E U.S. Savings Bond was issued 25 years ago on May 1, 1941, by Secretary of the Treasury Henry Morgenthau to President Franklin D. Roosevelt.

Mr. Benny was already famous as a radio comedian (the youngest in the business, by his own admission). And in the years which followed, he proved himself to be a good friend of the Bond Program, not only buying Bonds, but helping to sell them to the American people.

Why not start building your nest egg with Savings Bonds—for yourself, and to back up our men in Vietnam? But give it a chance to build up by starting young. Like Jack Benny.

NOW—Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

SERIES "H"

pay you interest twice

a year by check

Series "H" Bonds are a particularly good investment for those who desire guaranteed current income. "H" Bonds offer an ideal saving plan for the individual who wants a security that pays interest by check rather than having the Treasury accumulate the interest for him.

Series "H" Bonds pay 3 1/2% guaranteed interest when held to maturity of 10 years. They are available in convenient denominations - \$500, \$1,000, \$5,000, and \$10,000. They are not subject to market fluctuation.

Series "H" Bonds provide a safe, sure and predictable income.

Series E Bonds may be exchanged for Series H - tax on E Bond interest accrual may be deferred until H is redeemed or matures. The H is not subject to state or local income, intangible, or personal property taxes.

Let us assist you in submitting your application for "H" Bonds.

USDA Asks Stock Data In Survey

Postmaster A. M. Morris reminds rural patrons of the Colorado City Post Office to be on the lookout for June livestock survey cards.

This week, mail carriers will leave survey cards in a sample of boxes along their routes.

"USDA bases livestock and poultry estimates on replies to this survey," Morris explains. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings."

Carriers assisting with the survey are: Bob Motley, Route 1; Eddie Moeser, Route 2; Tom Goss, Route 3.

Survey cards will be forwarded to Cary D. Palmer, State Agricultural Statistician in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the state's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets.

"Information from this survey will guide livestock and poultry producers in making important business decisions," Morris said.

SAY NO TO MINORITY CONTROL OF THE ATTORNEY GENERAL!

Crawford Martin was the choice of Texans for Attorney General by almost 100,000 votes in the primary. But militant minority forces are working hard to capture the office in the runoff, hoping that you and others will fail to vote. Be SURE this vital voice represents the MAJORITY of Texans; be SURE to vote again Saturday for Crawford Martin for Attorney General.

- Crawford Martin has a 20-year record of integrity and distinguished service to Texas.

Bridge Class To Start in City Center

New feature for summer activities in Community Center is to be a series of bridge lessons, according to announcement from Mrs. Dick Wistrand.

Mrs. Wistrand, coordinator of recreation for Colorado City, said that lessons for beginners in contract bridge will start Monday evening, June 6, at 8 p.m.

Mrs. Berta Goodwin will be instructor for the two-hour sessions which will continue each Monday night for six weeks.

Intermediate classes, to last for nine weeks, will start Wednesday June 8, and will play from 8 p.m. until 10 p.m. with Mrs. Goodwin as teacher. Players who wish to improve their game are invited to join the class for the nine-week course.

Bridge lesson course will be in the Southeast room of Community Center. Fee for the series is \$1 per lesson. Mrs. Wistrand said.

Plans for a class for advanced contract players may be announced later in the summer, she added.

CONVERSATION CORNER

HAVE you ever noticed that people who possess one talent are very likely to have two or three or maybe even more talents?

Pause a little while and count the persons you know who can do more than one thing really well. And consider all the others who excel at hobbies far removed from their businesses, jobs, positions or everyday work.

There's Nadine Gordon, journalism teacher who sponsors the Colorado High School paper the Howl. Did you know that she does the most exquisite needle-point? She also teaches a Presbyterian Sunday School Class, is a locally popular book reviewer . . . and homemaker for her husband Gerald Gordon, insurance man.

THEN there is Isabel Ratliff who writes and has had published in a number of "good" magazines her own stories.

Isabel is also one of C-City's best artists and had her own "one-man" show of her appealing paintings in an exhibit sponsored by Brush & Palette art club.

Her husband Harry is a practicing attorney who paints for pleasure and operates a farm for profit, on the side.

EVERY list of people with talents to spare would be different, of course. Yours would be different from mine, for instance.

Mine includes Velma Comer (Mrs. L. L.) who manages Berran Hotel . . . makes beautiful ceramics . . . is a flower arranger without peer . . . and plays the organ for the sheer joy of it.

Also George Womack, bank vice-president, who could have been a professional painter (artist) or an actor, either, had he chosen . . . and whose store of knowledge of books and music is amazing, no less.

And Steve (the Rev. Harland) Birdwell, vicar of All Saints, who plays a "mean trumpet" and could have made his living music-making had he not become a dedicated man of the cloth.

ADD to those Porter Richardson, radio man who can act, direct, stage-manage, design and paint stage settings, sing and play the piano.

Bob Kelly, former Wolf football coach who'd rather talk sports than to eat, is our insurance man who makes a fine master of ceremonies . . . writes verses . . . and is one of the few men in this world who'd dare to tease Congressman George Mahon in rhyme . . . and in public. Which he did.

JENKINS GRANDDAUGHTER

Miss Julie Quinlan Mr. Clark Engaged

University of Texas students Miss Julie Louise Quinlan and Jonathan Harold Clark, will be married in late August in a ceremony to be solemnized in Christ the King Church, Dallas.

Engagement of the couple and wedding plans have been announced by Mr. and Mrs. Robert C. Quinlan, 9543 Rockbrook Drive, Dallas, parents of the future bride.

Mr. and Mrs. Warren E. Clark are parents of the prospective bridegroom. Miss Quinlan is a former student in Texas Technological College in Lubbock where she was on the Dean's List. She is a member of Pi Beta Phi sorority and of Little Sisters of Minerva.

She is the granddaughter of Mr. and Mrs. Leon Jenkins, 242 West 9th St., in Colorado City. Her mother is the former Miss Loyce Jenkins who grew up and finished school here.

FORT WORTH, Texas

Bob's wife Charlene is a math whiz, a teacher, mother of two, gracious homemaker. She's a civic minded young woman with ideals in her eyes. What's more, she's pretty which may not be a talent but is about as admirable a trait as a gal of any age can hope for!

THERE are the Braswells, too. Eddie Braswell, the ASCS man, is a coon dog man and a possum hunter of great renown, according to local legend.

Eddie's cute little wife, Carolyn, sings, plays the piano and busies herself with club, church and civic work when not keeping house and tending the Braswell brood of three.

Jetta Richardson, employed at Colorado Federal Savings & Loans, teaches a Dale Carnegie course in Abilene after her work-day hours.

NAMES of people who can do more than one thing well, who have a flair for creating beauty or lively interest would fill a local "Who's Who" or maybe the telephone directory.

Dorothy Hunter, Hutchinson teacher, flies her own plane. So does her husband Paul . . . J. P. Jameson, his wife Marie and their son Robert all three are pilots.

Verdie Moser, wife of Virgil, does hand knitting such as Neiman Marcus couldn't buy, even in Europe . . . If there is a musical instrument Addie V. Payne (Mrs. Jimmie) can't play it hasn't been invented yet.

Barbara Girvin, wife of rancher Bunky, writes, as naturally as she breathes, the cleverest original verses . . . and reads them just as naturally.

MARGARET LATIMER (Mrs. Curtis) has a talent for elegance . . . in clothes, grooming and home. She is one of C-City's finest reviewers and speakers, too.

T. J. Goss delivers the mail on a rural route, covers the news front for several daily papers, takes his own news pictures and supervises the raising of five sons.

Anybody who feels inclined to call us a one-hoss town or a nine-o'clock town is just talkin' when he oughta be listenin'!

Only thing we've got more of than local talent is tumbleweeds, that's what.

BEFORE we forsake the subject of talents . . . and there must be hundreds more . . . did you know that a C-City granddaughter is to study pipe organ in Holland this summer?

She is Kathy Shelton, daughter of Bob and Grace Doss Shelton of Tyler, granddaughter of Nettie and Bill Doss of Elm St. She will study in Amsterdam, plans to fly with her Texas teacher one way, sail home via ocean liner the other.

Her older sister, Laura, is an honor student in Austin College, by the way, always making the Dean's List at Sherman.

SEEN LATELY included pretty Shirley Vest, bride-to-be, come Saturday . . . Mrs. R. P. Ware . . . Lillian Galey Thomas (Mrs. Glen) who is having the pleasure (?) of living through some remodeling at her home.

Luke and Lucy Thomas, by the way are in Denton this week for the thrill of seeing son Terry receive his degree at NTSU.

Saw Joe Earnest getting ready to take off for another visit to New York City . . . Dell Barber hurrying on the downtown scene . . . Cricket Hrbacek, too. Elin Burson wearing a shade of blue that complemented her auburn hair . . . Mary (Mrs. J. Ralph) Lee braving the rain storm to see a friend.

HEAR TELL that practice sessions for the next Colorado City Playhouse production, "Mary, Mary" are going great guns with Charlotte Northcutt directing . . . James (Jamie) Anderson, news editor, Sharon Hammond, Gwen Brown, T. J. Goss, Ralph Graham (the Rev. Dr.) in the cast. This one should be very special, Playhouse fans.

Hear, too, that Ruth Latham (Mrs. E. L.) left C-City Sunday for Austin to visit daughter Mary Ann (Mrs. Tom Bradford) and her family. Also to rest up from the rigors of spring recital for her piano studio pupils, Saturday evening.

And that Virginia Fuller (Mrs. Raymond) has had as houseguest (and guest at the Latham recital to hear Virginia's daughter Judy play) her mother Mrs. Warren Tayman of Stamford.

We grow 'em big --

That huge "Texas size" 65-pound yellow catfish hauled from the waters of Lake Colorado City last week by local fisherman T. W. Tiley has attracted wide attention over the West Texas area as well as with the hometown folks.

We've all heard the old saying that you have to be out there fishing everyday in order to bring home the big ones -- well, T. W. is one of those ardent anglers around here who can be found just about everyday at one time or another on the water at Lake C-City.

He's one of the many thousands of local residents as well as visitors from New Mexico and distant points in the state who take advantage of our fine recreational facilities at our two lakes -- Champion and Colorado City.

CIVIC HOUSE EVENT

Emily Dulaney Barry's Solo Art Show Sunday

By RUTH COFFEY
Women's Editor

Solo art show for Emily Dulaney Barry is scheduled by members of the Brush & Palette art club here for Sunday afternoon in Civic House, between the hours of 1 p.m. and 5 p.m.

The artist's exhibit is fourth in a series of Brush & Palette solo shows. Others have featured works of George Womack, Isabel Ratliff and Carolyn Baumann. The solo shows are annual events for the art club here. All town and community art-lovers are invited to attend. The exhibit is, of course, free.

Daughter of a pioneer Colorado City dentist, the late Dr. B. F. Dulaney, the artist to show her works Sunday is in private life Mrs. Tom P. Barry, 144 East 8th St. She is one of the organizers and charter members of Brush & Palette Club.

Her interest in art and her creation in several media have been part of her life's pattern since she was a little girl. All her life she liked to sketch, to paint. She calls herself "self-taught. I always painted what I wanted to paint," she says. "And I always wanted to paint people."

"I was usually up in my room sketching or painting or coloring when I should have been studying," she laughed this week while preparing for her exhibit.

In 1917, she stopped painting altogether and did not become engrossed in art again until 1952. That was the year the Barry son, Thomas Pat Barry the 3rd, found some of her early work in an old trunk and hung them on his bedroom wall. The pictures had originally hung in the office of her father.

Beginning in 1955 Mrs. Barry started taking her art work to her heart again as she had as a little girl. Sunday, she will show a total of 64 pictures. About half will be on portraits, her favorite subject, always. Her favorite medium is pastel art. She also has done some outstanding charcoal, water colors, pencil sketches, and numerous oils.

To be listed on Sunday afternoon's program for viewing are the following pictures: Larry Moser, pastel; Nelwyn Moser, pastel; Martha Earle, oil; Judy Root Hubbard, pastel; Anna Lee Root Dillard, pastel; Mrs. B. F. Dulaney, pastel; Betty Jean Worrell Richardson, pastel; David Sanders, pastel; Rev. Don Hume, oil; T. P. Barry the 3rd, charcoal; T. P. Barry Jr., oil (from a World War I picture).

Frances Deregibus, oil; Florence McShan, oil; Clark Melton Jones, oil; Mary Louise Jones Rich, oil; Judy Bilberry Barnes, pastel; Vicki Brown, pastel; Mrs. Lena Durham, pastel; Michael Dorn, charcoal; Michael Dorn, pastel; Lee Strain, pastel; Mrs. Minnie Womack Strain, pastel; Judy Dixon Williams, pastel; Ross Dixon, pastel; Ann Du-

And Steve (the Rev. Harland) Birdwell, vicar of All Saints, who plays a "mean trumpet" and could have made his living music-making had he not become a dedicated man of the cloth.

ADD to those Porter Richardson, radio man who can act, direct, stage-manage, design and paint stage settings, sing and play the piano.

Bob Kelly, former Wolf football coach who'd rather talk sports than to eat, is our insurance man who makes a fine master of ceremonies... writes verses... and is one of the few men in this world who'd dare to tease Congressman George Mahon in rhyme... and in public. Which he did.

JENKINS GRANDDAUGHTER

Miss Julie Quinlan Mr. Clark Engaged

University of Texas students Miss Julie Louise Quinlan and Jonathan Harold Clark, will be married in late August in a ceremony to be solemnized in Christ the King Church, Dallas.

Engagement of the couple and wedding plans have been announced by Mr. and Mrs. Robert C. Quinlan, 9543 Rockbrook Drive, Dallas, parents of the future bride.

Mr. and Mrs. Warren E. Clark are parents of the prospective bridegroom. Miss Quinlan is a former student in Texas Technological College in Lubbock where she was on the Dean's List. She is a member of Pi Beta Phi sorority and of Little Sisters of Minerva.

She is the granddaughter of Mr. and Mrs. Leon Jenkins, 212 West 9th St., in Colorado City. Her mother is the former Miss Loyse Jenkins who grew up and finished school here.

Bob's wife Charlene is a math whiz, a teacher, mother of two, gracious homemaker. She's a civic minded young woman with ideals in her eyes. What's more, she's pretty which may not be a talent but is about as admirable a trait as a gal of any age can hope for!

THERE are the Braswells, too, Eddie Braswell, the ASCS man, is a coon dog man and a possum hunter of great renown, according to local legend.

Eddie's cute little wife, Carolyn, sings, plays the piano and busies herself with club, church and civic work when not keeping house and tending the Braswell brood of three.

Jetta Richardson, employed at Colorado Federal Savings & Loans, teaches a Dale Carnegie course in Abilene after her work-day hours.

NAMES of people who can do more than one thing well, who have a flair for creating beauty or lively interest would fill a local "Who's Who" or maybe the telephone directory.

Dorothy Hunter, Hutchinson teacher, flies her own plane. So does her husband Paul... J. P. Jameson, his wife Marie and their son Robert all three are pilots.

Verdie Moser, wife of Virgil, does hand knitting such as Neiman Marcus couldn't buy, even in Europe... If there is a musical institution Addie V. Payne (Mrs. Jimmie) can't play it hasn't been invented yet.

Barbara Girvin, wife of rancher Bunky, writes, as naturally as she breathes, the cleverest original verses... and reads them just as naturally.

MARGARET LATIMER (Mrs. Curtis) has a talent for elegance... in clothes, grooming and home. She is one of C-City's finest reviewers and speakers, too.

T. J. Goss delivers the mail on a rural route, covers the news front for several daily papers, takes his own news pictures and supervises the raising of five sons.

Anybody who feels inclined to call us a one-hoss town or a nine-o'clock town is just talkin' when he oughta be listenin'!

Only thing we've got more of than local talent is tumbleweeds, that's what.

BEFORE we forsake the subject of talents... and there must be hundreds more... did you know that a C-City granddaughter is to study pipe organ in Holland this summer?

She is Kathy Shelton, daughter of Bob and Grace Doss Shelton of Tyler, granddaughter of Nettie and Bill Doss of Elm St. She will study in Amsterdam, plans to fly with her Texas teacher one way, sail home via ocean liner the other.

Her older sister, Laura, is an honor student in Austin College, by the way, always making the Dean's List at Sherman.

SEEN LATELY included pretty Shirley Vest, bride-to-be, come Saturday... Mrs. R. P. Ware... Lillian Galey Thomas (Mrs. Glen) who is having the pleasure (?) of living through some remodeling at her home.

Luke and Lucy Thomas, by the way are in Denton this week for the thrill of seeing son Terry receive his degree at NTSU.

Saw Joe Earnest getting ready to take off for another visit to New York City... Dell Barber hurrying on the downtown scene... Cricket Hrbacek, too. Elton Burson wearing a shade of blue that complimented her auburn hair... Mary (Mrs. J. Ralph) Lee braving the rain storm to see a friend.

HEAR TELL that practice sessions for the next Colorado City Playhouse production, "Mary, Mary" are going great guns with Charlotte Northcutt directing... James (Jamie) Anderson, news editor, Sharon Hammond, Gwen Brown, T. J. Goss, Ralph Graham (the Rev. Dr.) in the cast. This one should be very special. Playhouse fans.

Hear, too, that Ruth Latham (Mrs. E. L.) left C-City Sunday for Austin to visit daughter Mary Ann (Mrs. Tom Bradford) and her family. Also to rest up from the rigors of spring recital for her piano studio pupils, Saturday evening.

And that Virginia Fuller (Mrs. Raymond) has had as houseguest (and guest at the Latham recital to hear Virginia's daughter Judy play) her mother Mrs. Warren Taylor of Stamford.

We grow 'em big --

That huge "Texas size" 65-pound yellow catfish hauled from the waters of Lake Colorado City last week by local fisherman T. W. Tilley has attracted wide attention over the West Texas area as well as with the hometown folks.

We've all heard the old saying that you have to be out there fishing every day in order to bring home the big ones -- well, T. W. is one of those ardent anglers around here who can be found just about everyday at one time or another on the water at Lake C-City.

He's one of the many thousands of local residents as well as visitors from New Mexico and distant points in the state who take advantage of our fine recreational facilities at our two lakes -- Champion and Colorado City.

CIVIC HOUSE EVENT

Emily Dulaney Barry's Solo Art Show Sunday

By RUTH COFFEY
Women's Editor

Solo art show for Emily Dulaney Barry is scheduled by members of the Brush & Palette art club here for Sunday afternoon in Civic House between the hours of 1 p.m. and 5 p.m.

The one-day exhibit is fourth in a series of Brush & Palette solo shows. Others have featured works of George Womack, Isabel Ratliff and Carolyn Baumann. The solo shows are annual events for the art club here. All town and community art-lovers are invited to attend. The exhibit is, of course, free.

Daughter of a pioneer Colorado City dentist, the late Dr. B. P. Dulaney, the artist to show her works Sunday is in private life Mrs. Tom P. Barry, 144 East 8th St. She is one of the organizers and charter members of Brush & Palette Club.

Her interest in art and her creation in several media have been part of her life's pattern since she was a little girl. All her life she liked to sketch, to paint. She calls herself "Self taught. I always painted what I wanted to paint," she says. "And I always wanted to paint people."

"I was usually up in my room sketching or painting or coloring when I should have been studying," she laughed this week while preparing for her exhibit.

In 1917, she stopped painting altogether and did not become engrossed in art again until 1952. That was the year the Barry son, Thomas Pat Barry the 3rd, found some of her early work in an old trunk and hung them on his bedroom wall. The pictures had originally hung in the office of her father.

Beginning in 1955 Mrs. Barry started taking her art work to her heart again as she had as a little girl. Sunday, she will show a total of 64 pictures. Accent will be on portraits, her favorite subject, always. Her favorite medium is pastel art. She also has done some outstanding charcoal, water colors, pencil sketches, and numerous oils.

To be listed on Sunday afternoon's program for viewing are the following pictures: Larry Moser, pastel; Nelwyn Moser, pastel; Martha Earliest, oil; Judy Root Hubbard, pastel; Anna Lee Root Dillard, pastel; Mrs. B. F. Dulaney, pastel; Betty Jean Worrell Richardson, pastel; David Sanders, pastel; Rev. Don Hungerford, oil; T. P. Barry the 3rd, charcoal; T. P. Barry the 3rd, oil; T. P. Barry Jr., oil from a World War I picture.

Frances Derogibus, oil; Florence McShan, oil; Clark Melton Jones, oil; Mary Louise Jones Rich, oil; Judy Bilberry Barnes, pastel; Vicki Brown, pastel; Mrs. Lena Durham, pastel; Michael Dorn, charcoal; Michael Dorn, pastel; Lee-Strain, pastel; Mrs. Minnie Womack Strain, pastel; Judy Dixon Williams, pastel; Ross Dixon, pastel; Ann Du-

laney Jacobs, oil; Lulu Williams Dulaney, pastel; Fruit, still-life in oil.

Amyrlis, pastel; Teddy, pastel; Sheep, pastel; Autumn, oil; Moonlight, oil; Deep Creek, oil; Shrimp Boat, oil; Reuben, oil; Separator House, oil; Emily Dulaney Barry, oil; Wilda Mannering, oil; Judge Coe, oil from old photo; J. Wright Moore, pastel from old photo; John William Warren, pastel; Charlie Warren Mann, pastel; Carolyn Warren Croager, pastel; Mrs. B. F. Dulaney, pastel; Dr. Dulaney, pastel; Thomas Patrick Barry the 3rd, oil; Mrs. Barbara Lind, pastel; Dr. Laurence Rudt Jr., pastel.

"Square Roots," oil painted in 1966; Soda Jerker, copy in water color; Little Brother, water color copy; Sympathy, copy in water color; Elmsa Dulaney Brown, pencil; Fred Brown, pastel; Dr. B. F. Dulaney, pastel copy of photo; Sam Geisenberger the 3rd, oil; William Farmer, pencil; Randolph McEntire, pastel; Randy McEntire, charcoal; R. F. Fee, Jr., pastel; Richard Ware Carter, charcoal; and Thomas Barry the 3rd, pastel done in 1966.

New Hutchinson P-TA Officers Are Installed

New officers of Hutchinson Elementary School Parent-Teacher Association have been installed for the school year of 1966-67.

Installation ceremony was conducted at the Hutchinson P-TA final meeting of the current school year.

Conducting the ceremony was Mrs. Curtis Latimer who installed the following officers:

Mrs. Glenn Madison, president; Mrs. James Kelley, first vice president; Mrs. Caela Ben, second vice president; Mrs. Ben Sparks, secretary; Mrs. Curt Shaw, treasurer; Mrs. Corydon Elliot, reporter; Mrs. Bob Ratliff, parliamentarian.

Theme for the ceremony was from "The Forest Springs," a sermonette by Peter Marshall.

Mrs. Warren Anderson, outgoing president, presided at the meeting which was opened with four members of Girl Scout Troop 274—Debbie Graham, Marjorie Palmer, Debbie Lee and Elaine Mickle—presenting the pledge of allegiance to the flag.

"Your Child and Summer Activities" was topic by Mrs. Dick Wistrand, head of the municipal recreation program. Mrs. Wistrand, while outlining the schedule of events for the 1966 summer city recreation program, explained the program was offered for constructive purposes and for companionship of youngsters within their own age area.

The program seeks to teach

constructive recreational enterprise with unobtrusive supervision. In addition to the arts and crafts and games, the program provides the children with association with older persons without the assistance of parents.

Mrs. Wistrand pointed out that the summer recreation program begins Wednesday, June 1, at Community Center

and Wallace School. Participants, or members, in the program must be registered. However, their attendance is entirely voluntary on any or all days.

It was announced at the meeting that Hutchinson and Wallace School-Parent-Teacher Association groups will meet jointly next fall. Meeting place for the combined P-TA

group will be alternately at the two schools. Attendance prize for the meeting was won by Mrs. Corley Rogers' fifth grade class.

Court Hears Two Cases

A plea of guilty was entered last week in Mitchell County Court by J. C. Taylor on charges of misdemeanor driving while intoxicated.

Penalty was set at three days in jail plus an \$80 fine and \$28.50 court costs.

In another case Daniel Garcia entered a plea of guilty to transporting beer in a dry area.

Garcia was sentenced to 10 days in the county jail and ordered to pay \$28.50 court costs.

Duplicate day, open to all women players, continue each Thursday starting at 1:30 p.m.

Sounds From Out There

Caution Light On Wages

REASONABLE AND SOUND wage levels should be available for every man and woman willing to work for a living. The nation in its fight on poverty, should not depend solely on expensive special projects operated under the Office of Economic Opportunity.

But the utmost caution should be exercised by the Congress in determining minimum wage rates and the execution of them. The spirals of inflation have dropped cautionary flares in their ascendancy and some sound looks ahead are in order.

Small businesses, the kind that have given birth to some of the nation's great enterprises, and the low-wage earner which minimum wage legislation seeks to assist, must be protected. The minimum wage earner could again be buffeted if inflation is boosted through any source.

Granted, the ultimate solution to widespread poverty will be the providing of jobs paying enough in wages for the willing worker to support himself and his family. But warring \$500,000 per hour — and due to accelerate to \$1,000,000 by the end of the year — demand something more than political thinking.

The House of Representatives has voted to increase the minimum wage to \$1.60 per hour by 1969. And it also included an additional 7.2 million workers in its action recently. Now, the measure goes to the Senate.

The present \$1.25 per hour minimum moves on to \$1.40 next Feb. 1 under the House-passed version. But resistance should be shown to any movement by labor to pull back to 1968 the proposed \$1.60 figure.

The next two years will be grave ones in the history of this country. The problems are many and they are well known to all. The House used good judgement in extending to 1969 any commitment that could be economically hand-cuffing.

Poverty need not be a way of life for so many of our citizens. At present both tax money and private welfare funds are needed to meet the poverty gap. It is just and reasonable to assure that all our citizens willing and able to work make a fair minimum wage. But common sense and a piercing look at our economic future should dictate the methods, not politics.

Mammoth Water Plans Mapped Out For State

By VERN SANFORD
Texas Press Association

AUSTIN, Tex. — That mammoth Texas Water Plan was laid out Monday by Gov. John Connally and the staff of the Texas Water Development Board at a special meeting with members of the Legislature.

It shows how Texans can save and improve their water supplies to meet the needs of the 30,000,000 Texans expected by the year 2020.

This plan has been called the most comprehensive and far-reaching yet undertaken by the state. It calls for 54 more major metropolitan areas alone to clean up waste water, and a \$1,500,000,000 system of pipelines and canals to move surplus water from the Red River Basin in Northeast Texas.

This transfer system can only be described as fabulous. First, the surplus water would be moved to the Fort Worth-Dallas region. After use, it would be purified and then go down the Trinity River. At a point below Waco, some of it would be moved to the Brazos River to bolster its flow near Eagle Lake, some would be moved to the Colorado River to meet downstream irrigation and industrial needs.

Finally, water would be Colorado down the Gulf Coast to the Lower Rio Grande Valley region, to provide irrigation and industrial water for the vast South Texas region.

By supplementing the flow of the Trinity, Brazos, Colorado and Nueces Rivers near make possible the holding of water in the upstream reservoirs to serve needs of the Brazos and Colorado of that West Texas area.

Tightly put together, the plan released Monday is but a summary of the conclusions proposed by the Development Board's staff. Hearings will be held in 27 cities to get other ideas and suggestions, or criticisms. Series of hearings at Lubbock. Then the Board's staff will begin river basin hearings on June 20 at Longview. When the series is completed in August the Development Board will adopt the final version of the plan. It will become a flexible guide by which the cities, river authorities, water districts, and state and federal agencies will develop the resources of Texas streams. Before any project actual-

ly can be undertaken, its individual feasibility and a method of financing must be shown to the Texas Water Rights Commission, which will approve and grant permits for each project.

COURTS SPEAK — State Supreme Court threw its weight behind the decision that once-submerged lands (mud flats) rising from the floor of Laguna Madre in Cameron County are not vacant and unsurveyed public school property subject to sale or lease on application. Ruling, affirming lower courts, upheld position of Land Commissioner Jerry Sadler in refusing to accept application to purchase a tract 15 miles northeast of Brownsville.

Third Court of Civil Appeals sustained transfer of two small sections of land from Frenship Rural High School District to Shallowater Independent School District of Lubbock County.

Same Court said the Pennsylvania Insurance Company cannot get refund of \$101,589 in gross premium taxes paid under protest for a firm acquired in merger.

Third Court of Civil Appeals directed Savings and Loan Commissioner James O. Gerst to reconsider his denial of a charter to North West Savings Association of Houston.

APPOINTMENTS — Mrs. Raybourne Thomson of Houston, Wendell W. Mayes of Brownwood, and E. Gary Morrison of Austin have been appointed by Governor Connally to Board of Regents of Texas Woman's University. Reagan Houston III of San Antonio has been reappointed.

Mrs. Gladys Drake, assistant professor of education of the deaf at Texas Woman's University, has been appointed by Lt. Gov. Preston Smith to Citizens Advisory Committee to work with the Texas Legislative Council's Study Committee on Services for the Deaf. Findings are to be reported to the 60th Legislature in January, 1967.

TEXAS DEFENSE SPENDING UP — State's share of defense contract spending is increasing.

Defense contract work for first three quarters of present fiscal year is up to \$1,100,000,000 or 7.5 per cent of national total. This compares with \$1,100,000,000 and 7.3 per cent of U. S. total for same period in fiscal 1965.

Texas bases cleared for

By RALPH YARBOROUGH
United States Senator

Dear Fellow Texan:

Today there are millions of Americans equipped with skill, talent, and knowledge badly needed to help solve the Nation's problems. Yet, this force, growing in number, is going to waste, and the morale of its members is falling.

That is why there is a need for a National Senior Service Corps: to help put his vast reservoir for older people's untapped knowledge and experience to work for Texas and the Nation.

I have joined with Senator Williams of New Jersey in co-authoring a new law, a change in the Older Americans Act of 1965 to provide for a National Community Senior Service Corps to tap the reservoir of skills not being used among retired

older Americans — 60 years of age and older. We have great skills and capabilities that are being wasted in this Nation. This change would give those aged 60 and over an opportunity for part-time employment. It would provide older citizens with needed income as well as help their morale and make available their needed services to their community.

This "Senior Service Corps" would take its place along with other programs, such as the Peace Corps, the Vista Volunteers, the Neighborhood Youth Corps, and the Job Corps in service to the Nation. It would give the elderly a meaningful opportunity to serve and still enjoy the hard-won fruits of retirement.

There is a tremendous urgency in these times to meet current needs and prepare

for the great increase in number of our senior citizen population. There is an additional need to preserve a deep concern among the elderly, themselves, for self-respect and independence and their contribution to this Nation.

This "Senior Service Corps" is aimed at meeting all of this. Last year, Congress passed two programs — Medicare and the Older Americans Act which showed a reversal of the past national negativism toward the elderly. But we need to go a step further for the good of the Nation and to win a better life for these senior citizens.

Many of those who retire find themselves at loose ends with ability to do things, but with nothing to do. They wish to enjoy their earned leisure, but they find an equal yearning to remain a part of the life stream of their community. They have the brains to work and the physical skill to work, but no jobs.

Others are forced to retire at some arbitrary age limit when they still are very physically and mentally able. They have a wealth of experience but they find they cannot obtain jobs needed to supplement their income.

Millions in this Nation face the twilight of their lives with only the prospect of long days in lonely rooms. They feel abandoned, and cast out upon the ash heap. They are able to work; they are able to do something but they do not have the money to spend on long trips around the world.

They want to be doing something constructive. They have the time, the experience, skills and an active desire and an active mind to help others — but don't know where to begin for they lack the technical know-how.

No one bill can answer all these problems of the elderly. But this "Senior Service Corps" can help some of the "Nation's problems and put to use lots of enthusiastic, willing and capable elderly people. People ready to help if they are only given the right opportunity.

It will help open the shutters of dark and lonely room. Many of these people are retired school teachers — they can help teach the adult illiterate of this Nation. There are 10's of millions of people who don't know how to read and write. The ordinary schools are closed to them. These elderly retired teachers could teach them to read and write. And this elderly job corps will pay people money while they are teaching people.

The "Senior Service Corps" bill would allow the Federal government to pay all or part of the cost of a Texas program for part-time employment for those 60 years of age or over. The work would be in their own or a nearby community on public or non-profit projects.

Short-term training would be given. And the individual would be paid while training. Employment would be for not more than 20 hours per week and the maximum pay would be \$125 a month. Trained specialists would advise on the problems of older people in carrying out the program. The program would be tied in with the Office of Economic Opportunity programs and other Federal and State programs.

With this kind of positive approach toward the needs of our retired citizens, I feel many older Texans will find new meaning and reward in life.

THE FAMILY LAWYER

Day At The Races

Most of the danger at a horse race or an auto race involves those who are racing. But sometimes an accident involves those who are watching. To what extent is

the management legally liable for that?

Your rights as a spectator are very much like your rights as a shopper. The management owes you "due care" — that is, care measured by the hazards of the occasion — but no more.

You cannot collect damages for an accident which is simply no one's fault. In one case a horse in the paddock area suddenly reared up angrily. Frightened onlookers, although outside the fence, fell back in dismay, pushing one man against a platform.

He sued the management for damages. But since the horse had never been troublesome before, the court could find no basis for liability.

Nor can you collect if you yourself are to blame. Thus: A racing fan, on his way to the betting window, came to a mudpuddle. Although

it was only a quarter-inch deep, he decided to jump. He landed short, skidded, and fell down hard. A court ruled later that he could not collect damages for an accident which, by his own bravado, he had brought upon himself.

But blame was pinned on the management when a grandstand seat caved in under a spectator. Proper maintenance, ruled the court, would have revealed that the wood beneath the seat had rotted away.

In another case, numerous spectators at an auto race were hurt when a car blew a tire, smashed through a fence, and hurtled into the stands. The blowout was traced to one of several loose nails, lying in plain sight on the track but overlooked by a cleanup crew. Here, too, the court upheld damage claims against the management.

Of course, safety measures such as careful maintenance, adequate policing, and strong fences can be costly. But in the eyes of the law, cost is secondary. As one court put it:

"While the expense cannot be overlooked, it weighs less than human life in the balance. If a race cannot be held without inherent and extreme risk to life and limb, the command of the law is that it must not be held at all."

Fractured History

FORMER VICE President Richard M. Nixon was in New Hampshire Monday, tilting like a Don Quixote at windmills of the McCarthy era. He wants to have it both ways. He scored President Johnson's conduct of the Vietnam War, and then labeled Sens. J. William Fulbright (D-Ark.) and Robert Kennedy (D-N.Y.) as "appeasers."

There was, too, a bit of fractured history. Mr. Nixon said the war is the first in United States history in which "the president has been unable to unite his own party." He had better read up on the Mexican War (opposed by Thoreau, James Russell Lowell, Theodore Parker and Abraham Lincoln, among many others); the Philippine War (opposed by

Mark Twain, William James, William Vaughn Moody, Andrew Carnegie and many others); and even the Civil War, in which Lincoln had trouble getting re-elected.

The reason for the present disunity is not that people want to follow Mr. Nixon, who urged that we send troops to Viet Nam as far back as 1954. His kind of war was repudiated along with ex-Sen. Goldwater 10 years later.

The disunity comes from people who think the President has gone or is likely to go too far and risk World War III. They include Republicans as well as Democrats. To call them appeasers is to lower a valuable and useful public debate to the gutter level.

Beautiful Big Bend

THIS IS A GOOD YEAR for special attention to be called to the National Parks, for it is the Golden Anniversary of the U.S. National Park Service which was created by Congress in 1916.

Mrs. Lynden E. Johnson and Interior Secretary Udall are performing a noteworthy public service along this line at a time when great numbers of Americans are beginning to plan summer vacations. There are over 200 areas in the system, including some of the most spectacular mountain canyon and forest country to be found anywhere on earth.

The five-day-and-a-half-hour raft expedition led by Mrs. Johnson and Secretary Udall down the Rio Grande in Big Bend National Park in the Chisos Mountains on the Texas-Mexico border, demonstrates the possibilities. Big Bend is one of the less well-known U.S. preserves but, by all odds, one of the most outstanding. The park gets its name from a great bend 107 miles long in the Rio Grande

which passes through canyons 1,500 feet deep.

Minimum stay of three days is recommended for tourists in this natural wonderland: a day for the 14-mile horseback trip in the mountains-over forest trails to the canyon rim; another for hiking and a third for descents into the canyon. National Parks like Yellowstone, Yosemite and Grand Canyon are so much a part of the American birthright that we believe only Independence Hall and the Liberty Bell should be given a higher priority rating as a sometime must on every U.S. family's tour of our native land.

We recommend Big Bend wholeheartedly, along with Mrs. Johnson and Secretary Udall. Americans who have already come to know Independence National Historical Park through repeated pilgrimages should by all means plan a trip to Big Bend. Otherwise, we're missing a leisurely visit during the months to the shrines of Philadelphia and environs.

THE HOUSEHOLD OF GOD
"So then you are no longer strangers and sojourners, but you are fellow citizens with the saints and members of the household of God," Eph. 2:19.

These words are comforting and encouraging to those Christians who know and remember their condition before they were adopted into God's family. The apostle Paul is here speaking to Gentile Christians who were once "separated from Christ, alienated from the commonwealth of Israel, and strangers to the covenants of promise, having no hope and without God in the world," Eph. 2:11. But do not these words describe our former condition? For we ourselves were once foolish, disobedient, led astray, slaves to various passions and pleasures, passing our days in malice and envy, hated by men and hating one another; but when the goodness and loving kindness of God our Savior appeared, he saved us," Tit. 3:3-5. As you read these words, did you feel that you still have one foot in the world?

Before we came to know God personally in Jesus Christ as our heavenly Father, we were strangers, like aliens in a strange country. We lacked the fellowship of real and true friends. We had no familiar ground which was truly a home. We were really away from home and without a home. For our true home is in the house of our heavenly Father in the family circle of our brethren in Christ. Being strangers, we were like "gypsies," tramps, "campers-out" always on the move. We had "no certain dwelling place" for our

spirits. It is truly pathetic to hear someone say that "everywhere I feel a stranger, and I have no home. No one is missing me or longing for my return home."

But Christians belong to a great fellowship. We are citizens of the kingdom of God. "For our commonwealth (or citizenship) is in heaven, and from it we await a Savior, the Lord Jesus Christ," Phil. 3:20. The symbol which we respect and reverence and which reminds us of the price that was paid for the redemption in the battle that gave us freedom is the cross. The cross is the flag of the Christian nation of free and redeemed persons. Our Lord died on that cross and was raised up to be our King forever. Since He "delivered us from the power of darkness" and claimed us as His own, we are saints.

Furthermore, as citizens-saints we are "of the household of God." A household is a family. We are God's family, brethren in Christ, dwelling at home in our Father's house. How fitting the home or family is as a picture of the church! Do we not treasure the happy experiences of home and family life? Do we not like to return home, to the familiar, scenes of childhood, to renew our family ties? The family at home, particularly at Christmas or Thanksgiving time recalls heart-warming moments. The things about a home that help us to understand the church are love, protection, security, fellowship, mutual loyalty, a common unifying bond, the joy of being together, common purposes, understanding, acceptance, encouragement. These are some of the

meanings of family life at home with God. We are brethren of Christ, the Son of God (Heb. 2:12), and joint heirs with Him, Rom. 8:17. The apostle John mentions two marks which distinguish the children of the Devil from the sons of God: (1) they do not righteousness, and (2) they love not the brethren (1 Jno. 3:10). They are not in the church or family of God the Father (1 Thess. 1:11). If you are outside the family of God, you can be born again, "born of the water and of the Spirit," Jno. 3:5. One is begotten by the word of God when he believes (trusts in) Christ, repents of his sins, and is baptized (Gal. 3:26-27; 1 Pet. 2:23; Acts 2:38). Then he may wear the family name of Christian, 1 Pet. 4:16. "Behold, what manner of love is this, that we should be called the children of God?" 1 Jno. 3:1.

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Miss Sareta Jo Cotton Bride Of Danny Fenton

Buford Baptist Church was the setting for the marriage of Miss Sareta Jo Cotton and Danny Lynn Fenton, Thursday evening, June 2, at eight o'clock.

The bride is the daughter of Mr. and Mrs. Tom Arles Cotton, route one, Hermleigh. Parents of the groom are Mr. and Mrs. Lynn Fenton, of 1706 37th St. in Snyder.

The Rev. Jimmy Law of Belvue Baptist Church in Kermit read the ceremony for the couple's double ring wedding vows.

Altar of the church was centered with a wedding arch between two baskets of white gladioluses. Twin candelabra holding white candles flanked the altar arrangement.

The bride, escorted to the altar by her father, wore a gown of white slipper satin, designed and made by her mother. Lace appliques re-embroidered with pearls trimmed the bell-shaped skirt and edged the scooped neckline of the basque bodice, fashioned with long sleeves pointed at the wrists.

A chapel length train was attached at the back of the waist. A crownlet of pearls, rhinestones and flowers held her fingertip veil and she carried a bouquet centered with an orchid circled with white carnations.

Gowned in pastel blue satin designed with fitted bodice and bell-skirt, Miss Vickie Cotton attended her sister as maid of honor. Her headpiece held a brief matching veil. The maid of honor carried a bouquet of gladioluses.

Jim Sullenger of Snyder attended the groom as best man. Ushers were David Feaster, cousin of the bride, and Dick Williams of Big Spring. Altar candles were lighted by Tommy Cotton, brother of the bride, and Dan Morgan Feaster, her cousin.

Don Feaster, cousin of the bride, played a pre-nuptial program of music. Miss Judy Carter, soloist who sang "O Promise Me" and "The Lord's Prayer" was accompanied by Carolyn Morris.

The country home of the parents of the bride was scene

of the wedding reception. Refreshment table was covered in a medallion cutwork cloth laid over blue. An arrangement of gladioluses, the white three-tiered wedding cake, crystal and silver services completed table details.

In the houseparty were Mrs. R. Y. Hammond, Mrs. Tom Webb, great-aunt of the bride, Mrs. Dwayne Feaster, Mrs. Ronnie Feaster, also aunts of

the bride; Misses Ethel Rambo, Sue Kennedy, Jerilyn Dunn and Linda Eodine.

For a honeymoon visit in Corpus Christi the bride traveled in a suit of light blue silk with an orchid corsage. The couple will live in Snyder where the groom is engaged in farming and ranching. He is a 1965 graduate of Snyder High School and attended West Texas State University in Canyon.

The bride, who graduated from Colorado High School in 1965, also attended West Texas State University. Guests from Snyder, Big Spring, San Angelo, Lubbock, Lamesa, Amarillo, Eastland and O'Donnell attended the wedding and reception.
