# THE SNYDER DAILY NEWS

VOL. I—No. 161 SNYDER, TEXAS, TUESDAY, NOVEMBER 14, 1950 EIGHT PAGES—PRICE 5c

Collision Kills Six Near Here

Sheriff Lloyd H. Merritt and J. C. Ezell view the wreckage of the 1942 model automobile which carried five members of one family to death when it collided head-on with another car and killed its driver also early yesterday morning east of here on the Roby Highway.—(J. Lawrence Devers photograph).

Freezing Temperatures Slow All Korean Action

First Step in Joining Water District: Petition is Accepted

(Special to the Daily News)

BIG SPRING, Nov. 14. — The board of directors of the Colorado River Municipal Water District today approved the petition of Snyder asking annexation to the district.

The petition, bearing 310 names of Snyder taxpayers, was signed last night by Forest G. Sears, mayor, and four members of the city council.

Five members of the water district board, including four from Big Spring and one, P. C. Harbour, from Odessa, voted unanimously this morning to accept the Snyder petition.

WELCOMED

R. T. Piner, president of the water district, said, "We are all happy to welcome Snyder," and Harbour added that Odessans were "happy over the turn of events."

The board will now ask the state board of water engineers to call a hearing.

Last night directors of the Chamber of Commerce presented the petition to the city council in Snyder.

James Rosser, a chamber director, explained the petition, which has been circulating here since Wednesday. He said it was only the first step in bringing to a vote of the people the issue of Snyder's joining Big Spring and Odessa in the development of water supplies on the upper Colorado River.

All members of the city council who were present signed the petition. They were H. B. Allen, C. L. Williamson, A. L. Martin, and R. L. Terry, and Forest G. Sears mayor.

Besides the city officials, 310 persons signed the appeal to the water district directors. Today Harold Bennett, manager of the Chamber of Commerce, and R. A. Schooling president of the chamber, presented the petition to the board of the water district.

After the board of directors of the water district forwards Snyder's petition to the state board of water engineers it will call a public hearing and election in Snyder.

If the voters of Snyder elect to join the district, a contract for water will be signed between the district and the city, and a second election will be held to ratify that contract.

If Snyder votes to join the district, it will have four representatives on the board of directors the same as Big Spring and Odessa have.

Howard County Wildcat Flows On Drillstem

Fred M. Manning, Inc. No. 1 Chester L. Jones, Northeast Howard County wildcat two miles northeast of Vincent, has found more signs of possible production in the Pennsylvanian lime.

The prospector ran a drillstem test at 7,767-93 feet. The tool was open 52 minutes and the packer then failed. Gas surfaced in 11 minutes, mud came to the top in 26 minutes and oil started flowing out at the surface in 38 minutes.

The drillpipe flowed for the remainder of the test period at the rate of two and one half barrels per hour. There was a one-quarter inch bottom choke and a one-inch top choke on the drill pipe.

Recovery when the drill pipe was pulled was 1,600 feet of oil-and-gas-cut drilling mud and 1,100 feet of drilling mud which was not cut with petroleum.

Open flowing bottom hole pressure ranged from a maximum of 1,400 pounds to a minimum of 600 pounds. No shut-in pressure was reported.

Another drillstem test was run at 7,788-7,808 feet. Total depth was eight feet deeper at 7,816 feet. Packers were used at both the top and bottom of the zone testing.

The tool was open one and one-half hours. There was a fair blow of air at the surface for a part of the period.

Recovery was 210 feet of slightly oil-and-gas-cut drilling mud. There was no free oil. Open flowing bottom hole pressure was between 200 and 300 pounds.

No signs of formation water were reported. The project was circulating while waiting on orders at last report.

Location is at the center of the southwest quarter of the northwest quarter of section 5, block 25, H&TC survey.

The wildcat is on a block of acreage assembled by W. T. Walsh of Midland. He turned it to Manning to drill and retained an override on the acreage.

GLASSCOCK WELL

York and Harper, Inc. of Midland have staked location for its No. 1 K. S. Boone, which is to be a wildcat in extreme Central West Glasscock County, one and one-quarter miles northeast of Hubbard S. Russell No. 1-20 Wrage-Hendrickson, wildcat from the Spraberry.

Exact location will be 1,980 feet from north and east lines of section 17, block 36, T-3-S, T&P survey.

Operator is testing open hole at 6,890-7,175 feet to complete the No. 1 Wrage-Hendrickson. That interval was shot with 248 quarts of nitroglycerin.

The No. 1 Boone is contracted to

(See OIL NEWS, Page 3)

Tibet's Appeal Ignored In UN

By STANLEY JOHNSON

(Associated Press Staff)

LAKE SUCCESS, Nov. 14. — Tibet's appeal for United Nations assistance to repel Chinese Communist invaders appeared headed for the "file and forget" cabinet today.

No UN member appeared willing to shoulder the responsibility of sponsoring Tibet's plea in the Security Council. Since the remote Himalayan theocracy is not a member, it cannot present the plea directly.

BOTH AGREE

The two governments most directly concerned — India and Nationalist China — both take the attitude that Tibet is a part of China and therefore the conflict is a civil war not subject to UN jurisdiction.

Although both countries are highly opposed to the Red use of force against the 3 million people in the mountain land, they feel that the legal niceties prevent interference.

The United States has not yet studied the 1,200 word communication from Tibetan Finance Minister Tsepon Shakabpa to Sec. Gen. Trygve Lie, but its representatives gave the impression that it was much too engrossed in the Korean campaign to take on the main burden of a new war.

NO U. S. STAND

U. S. Deputy Delegate Ernest A. Gross told newsmen last night that the U. S. was consulting informally on Tibet, but would not take a definite stand until the correspondence was thoroughly studied.

In the meantime, he said, the U. S. was concentrating its efforts on an attempt to get Red China out of Korea.

Insanity Plea For Campbell

ALBUQUERQUE, N. M., Nov. 14. (AP) — Temporary insanity will be the defense plea of Dr. Nancy Campbell in the kidnaping of 9-year-old Linda Stamm, her lawyer said today.

The lawyer, former State Supreme Court Justice A. L. Zinn, told a reporter this was "the obvious plea in this case—there is no question about it."

His disclosure came as state and federal agents studied unpaid bills, growing debts and threatened eviction in probing activities of Dr. Campbell, Yale-trained 43-year-old physician.

County Deputizes Two Men to Operate Patrol

Two Snyder men were made deputy sheriffs yesterday by a unanimous vote of the county commissioners after a request by Lloyd H. Merritt, sheriff.

The men, George Wall and L. B. Camp, were authorized to operate a bonded patrol in Snyder as deputy sheriffs without pay from the county. They will operate the patrol on the basis of fees collected from merchants who subscribe to their services.

The bonded patrol here was formerly operated by J. J. Moore under the authorization of the city but the city council Nov. 6 revoked the authorization. Chester Bairrington, chief of police, said at the time that he would commission J. C. Blakely, a sergeant on the police force, to organize a bonded patrol.

Expressing gratitude for the court's action yesterday, Camp said, "We believe we can do a better job now than ever before with the support and co-operation of county officials."

Korean War In Brief

(By The Associated Press)

THE FRONT — Winter grips western front virtually paralyzed by near zero weather. In central sector parka-clad U. S. Marines push further towards Changjin Reservoir. South Korean Capital Division beats off tank-led Red attack on east coast, secures position on Orangchon River, 90 miles south of Soviet Siberian border. U. S. Eighth Army rushing arctic clothing to chilled troops.

Bitterness In Phone Strike

NEW YORK, Nov. 14. (AP) — Bitterness spread today in the nation's partial telephone strike after the huge Bell System struck back at disruptive hit-and-run picketing.

Leaders of the striking CIO Communications Workers of America (CWA) accused the company of a "discriminating lockout" in complaints to the National Labor Relations Board.

They said the company had turned away 15,000 long-distance operators and maintenance men across the country who would not pledge themselves to work "regularly"—that is, be ready to cross their union's sporadic picket lines.

The workers affected belong to the CWA, but not to its striking divisions.

County Ginnings Now Near 20,000 Bales

Cotton ginning upped about 3,000 bales last week to bring the total number of bales for the season to near 20,000.

Since the first tabulation of 750 bales was made Oct. 1, there were 2,200 Oct. 8; 5,100 Oct. 15; 9,000 Oct. 22; 12,000 Oct. 29; 17,000 Nov. 5; and 20,000 today.

The Snyder gins are still processing the most, now ear 8,000 bales while Hermleigh runs close to 3,600 China Grove 2,400, Ira 2,300, Fluvanna 2,100, and Dunn 1,600.

County Settles Hospital Bills, Decides to Hire Investigator

The commissioners court late yesterday voted to pay the Snyder Hospital Clinic $10,000 to cancel charity case statements, totaling more than $19,000, which had accumulated since February.

The unanimous decision of the commissioners was made about 3:30 o'clock following an afternoon of discussion with Dr. W. R. Newton, owner of the hospital, who had presented the court with 110 statements for charity patients, totaling $19,322.

DISCOUNT GIVEN

Dr. Newton, however, made a discount of $3,032 in professional services, leaving the total for the 110 statements at $16,290. Some recent statements added to that brought the total, minus a professional discount, to $16,536.71.

A motion by F. J. Chapman, of precinct No. 2, seconded by T. B. Knight, precinct No. 1, to pay the amount requested was defeated by the other commissioners, Doyle Parmer and Ted Haney, and Edgar Taylor, county judge, who broke the tie.

Those opposing the motion contended that the statements seemed to total more than the average for charity patients in other localities.

These 110 statements, Dr. Newton said, were but a part of the unpaid bills that would have to be classified as charity cases. The hospital did not include the other statements in the group, because efforts were still being made by the hospital to collect from the patients or their relatives, Dr. Newton said.

Asked how many bills had not yet been submitted to the court Dr. Newton said he did not know but that there probably were at least 110 more. He added then that the hospital would continue to try to collect the bills not yet submitted until collection was found impossible.

SECOND MOTION

Another motion was later made by Chapman and seconded by Knight to pay the hospital $10,000 for all past bills, including those not yet presented to the court. After considerable discussion, Dr. Newton accepted this offer and asked the court to make an agreement concerning payment of future bills.

No agreement was made, however, at that time, but the court decided to employ an investigator to determine the financial status of future patients.

The statements yesterday were presented on the basis of an agreement which Dr. Newton said was made between the court and the hospital in February, whereby the county was to pay for the care of charity patients on a 100 per cent basis at regular rates.

Chapman and Knight said they recalled the agreement, but Haney said he did not recall it. The agreement was not recorded in the court minutes and Judge Taylor said he did not recall it as a certain agreement.

50 PER CENT

Another agreement was made a few weeks ago with Bruce Greer, administrator for the hospital, whereby the county would pay charity bills on a basis of 50 per cent of the total regular rates. The commissioners yesterday, however, would not say whether the court would consider itself bound by this or any other agreement at present.

Dr. Newton said neither he nor his hospital had ever refused to admit a charity patient in need of medical care and did not want to refuse any. But, he continued, either the county must help with charity bills, or the hospital could not continue to treat the cases.

Iron Curtain Clamped Down In Venezuela

CARACAS, Venezuela, Nov. 14. (AP) —Venezuela closed her borders today and suspended civil liberties following the assassination yesterday of her acting president, Lt. Col. Carlos Delgado Chalbaud.

A dusk - to - down curfew was clamped on the oil-rich country's 4 million population after the government announcement that Delgado, head of a three-man military junta which seized control of Venezuela in 1948, had died of gunshot wounds.

SURROUNDED SHOT

(The Venezuelan embassy in Bogota announced last night that Delgado had been surrounded by a score of men while driving from his home to the presidential house, and taken to a building on the eastern outskirts of Cobo, where six bullets were pumped into his body.)

An embassy spokesman said Rafael Simon Urbina led the attack and had been arrested with five or six other men. The spokesman said a state of seige had been imposed in Venezuela and that foreigners had been warned not to mix in the situation.

Venezuelan sources in New York identified Simon Urbina as an old-time revolutionary.

Curfew restrictions prevented the filing of news dispatches from Caracas last night.

NO DETAILS

The first announcement of the slaying—broadcast to the nation by Defense Minister Marcos Perez Jimenez, one of the two surviving members of the junta—gave no details of the attack.

Delgado led the bloodless coup of Nov. 24, 1948, which toppled the leftist regime of Romulo Gallegos, whose Action Democratica Party had swept the polls 14 months earlier. Delgado, Perez Jiminez and Lt. Col. Luis Felipe Llovera Paz became the ruling junta.

The Venezuelan legation in Havana last night made public a cable containing the text of Perez Jimenez' announcement. The defense minister pledged that order would be maintained and the killers would be punished.

Italian Transport Workers On Strike

ROME, Nov. 14. (AP) — Workers in Rome, Milan and other major Italian cities walked to their jobs today as a strike of train and bus operators halted public transportation.

The strike in support of demands for a general wage increase, was called by both Communist and non-Communist unions.

Kidnap Victim

This is a recent picture of Linda Stamm, 9, victim of an abduction. She is now safe at the home of her parents after police found her in a car near the home of her parents southeast of Santa Fe, N. M.

10-Cent Boost In Water Rate

Effective Jan. 1 water rates in Snyder will be 10 cents higher, it was decided last night at a meeting of the city council.

The aldermen voted unanimously to raise the water rates from the present 25 cents per 1,000 gallons to 35 cents per 1,000 gallons in excess of the 3,000-gallon minimum. The minimum charge remains $1.50 for the first 3,000 gallons.

Also included in the new rate increase was a 10-cent boost for consumers outside the city limits. Their present rate of 50 cents per 1,000 gallons will be hiked to 60 cents, effective Jan. 1.

This is the first hike in water rates the city has made since 1947. At that time the rate was raised from 15 cents per 1,000 gallons to the present rate.

The council explained that operation and maintenance costs have risen for the city the same as costs have risen for everything else.

Members of the council who attended were H. B. Allen, C. L. Williamson, A. L. Martin, and R. L. Terry, Forest G. Sears, mayor, presided.

Taft Outlines His Strength

WASHINGTON, Nov. 14. (AP)—Sen. Taft's claim that he alone among Republicans has shown he can carry labor strongholds indicated fresh personal interest today in the 1952 GOP presidential nomination.

With a presidential gleam in his eye, the Ohioan reminded reporters he carried the counties embracing Cleveland, Cincinnati, Columbus, Toledo, Akron, Youngstown, Dayton and Canton in last Tuesday's voting. He won re-election by a whopping 430,000 vote majority.

NO OTHERS

Taft added that the same claim couldn't be made by the Republicans in New York, Philadelphia, Pittsburgh, Chicago and St Louis.

In this summary, Taft covered the ground some of of his chief potential rivals for the 1952 Republican nomination classify as their own backyards.

These include Gov. Thomas E. Dewey of New York, who was re-elected; Gov. James H. Duff of Pennsylvania, elected to the Sen. Pruett and Dirksen, who might carry Cook County (Chicago) in the final count of his successful Senate race, and Gov. Earl Warren of California, re-elected to a third term.

STAND

Taft reiterated yesterday at a news conference rivalling in size similar presidential meetings, that he won't campaign for the 1952 nomination but would accept it if it comes his way.

Friends wondered if Taft's presentation of himself as a candidate who can carry the industrial center against the stiffest kind of organized labor opposition doesn't indicate that he may take a fairly active role in the forthcoming GOP nomination struggle.

Tom Connally Visits His Son In Houston

MARLIN, Nov. 14. (AP) — U. S. Sen. Tom Connally and his wife are in Houston today visiting his son, Federal Judge Ben Connally.

Tomorrow the senator speaks at the coastal chamber of commerce dinner in Corpus Christi.

Chinese Reds Driving Into Western Tibet

NEW DELHI, India, Nov. 14. (AP) —The Indian Government received its first reliable word today that the Chinese Communists have penetrated western Tibet.

A report from Tarpon Marlompa Indian trade agent at Gartok, said the Red invaders had entered Gar eye, 250 miles northeast of Gartok in western Tibet. The report said officials in the neighboring town of Tsaparant have been ordered to make a stand against the advancing Chinese.

An Indian government spokesman said no credence has been given reports from Kalimpong that the Reds had entered the Tibetan capital of Lhasa and that the national assembly had accepted Chinese proposals on the future political status of the tiny Himalayan country.

He added, however, that an urgent query had been sent to India's Lhasa Rep. Dr. S. Sinha, asking about this report.

Previous unconfirmed reports have said the Chinese were approaching Gartok, an important caravan center near Tibet's southwestern border. Available maps of this virtually unchartered land do not show either Garcyle or Tsaparant.

Asks Definite Plans For Aid To Europeans

(By The Associated Press)

WASHINGTON, Nov. 14. (AP)—Two senators, a Republican and a Democrat, said today that as a prelude to any new foreign economic aid plan the administration must set out a definite goal and —as far as possible—the steps to meet it.

They were Sen. Ferguson (R-Mich), slated to move up to the No. 2 GOP spot on the Senate Appropriations Committee, and Sen. Green (D-RI), who will be the third ranking Democrat on the Senate Foreign Relations Committee in the 82nd. Congress.

THOROUGH STUDY

On the question of military aid to western Europe, Sen. Taft (R-Ohio) told a news conference yesterday he thinks the United States will have to provide help, but that the new Congress, starting Jan. 3, must study the matter thoroughly.

Sen. Anderson (D-NM) countered that any prolonged examination by Congress of the arms aid program might result in fatal delays in building anti-Soviet defenses.

Ferguson and Green, in separate interviews, made their observations in connection with the foreign economic report of Gordon Gray, former secretary of the Army, who studied the whole problem for President Truman.

BIG AID PLAN

Gray, in a report made public Sunday night, recommended a multi-billion dollar program of economic aid to western Europe after the end of the Marshall plan in 1952 and a broad program of assistance for under-developed areas.

Crash Victims To Be Removed

By GODFREY ANDERSON

(Associated Press Staff)

GRENOBLE, France, Nov. 14:—The first rescuer reached the scene today where a Canadian airliner crashed. There was nothing left but pieces of bodies of the 58 passengers and crew.

Most of the 51 passengers were Canadian Holy Year pilgrims homeward bound from Rome.

The rescuer, French Army Alpine Troop Gen. Valette Dosia, reported by radio that the plane broke into pieces and that bits of bodies and parts of metal were scattered over a 500-yard area.

He said the plane had dug into the rocky face of the mountain at full power.

The bodies were covered by a light blanket of snow.

Rescue organizers here began preparing to remove the bodies from their lofty resting place at the first light tomorrow.

Guides pushed through rain and snow all last night in search for the plane, starting as soon as news of the crash was received.

Earlier today guides had messaged that they had spotted the wreckage near the verticle north place of Mount Lioboou.

Marines Make Some Gains At Reservoir

Arctic Clothing Being Rushed To Men Still In Summer Uniforms

(By The Associated Press)

SEOUL, Korea, Nov. 14. (AP) — A frozen silence settled over Korean battlefields today.

Temperatures of six above zero virtually paralyzed the northwestern front where an estimated 90,000 Chinese Communists face the concentrated U. S. First Corps. It was even colder in the northeast.

Ice-tipped winds swept down from mountain peaks on the quilted Chinese and on shivering Americans, many still in summer uniforms. The U. S. Eighth Army was rushing Arctic clothing to the chilled troops. Parka clad Marines pushed through frozen hills in the center of the line toward Changjin Reservoir and its great hydroelectric development.

Farther east, two regiments of the U. S. Seventh Division marched along ice caked roads in sub-zero weather, toward the Manchurian border, 30 miles away.

HARD TO BREATH

Winds of 40 miles an hour made it difficult for fighting men of the Seventh Division to breathe. Their hands and feet were numbed by the cold.

A thermometer carried by a tiny wind-tossed balloon above them registered 21 degrees below zero, Associated Press Correspondent Tom Stone and the pilot, Lt. James C. Evans of Columbus, Ga., said an overcast all but hid the 17th Regiment and the 31st "Polar Bear" Regiment.

Sleds and oxcarts carried heavy weapons and equipment through the mountain roads north of Pungsan.

OPEN UP

Red patrols opened up on the troops three hours after they started the march toward Kapsan, 15 miles northwest. Other Seventh Division patrols reached the Pujgan Reservoir 35 miles southwest of Pungsan without seeing the enemy.

On the snow covered hill on the east coast, the South Korean Capital Division beat off a China-led North Korean attack with the help of the eight inch guns of the U. S. Cruiser Rochester and the rockets of Marine planes.

A U. S. Tenth Corps spokesman said the battle left the South Koreans secure in their positions on the Orangchon River, 90 miles south of the Soviet border.

HEAVY SNOW

Forty miles to the west, another unit of the Capital Division plodded through six inches of snow toward Hapsu. Hapsu is a road junction midway between the scene of the coastal battle and the advancing U. S. Seventh Division Troops.

Before the cold brought a break in fighting along the western front, the Eighth Army reported gains of two miles by British, American and South Korean troops.

Ferguson Asks New Committee

By JOHN CHADWICK

(Associated Press Staff)

WASHINGTON, Nov. 14. — Sen. Ferguson (R-Mich) proposed today that the Senate Judiciary Committee take over investigations of un-American Activities as a regular part of its job.

He noted that a judiciary subcommittee on immigration, headed by Sen. McCarran (D-Nev), already has done some work in this field and said it is equipped to go into it on a full-scale basis.

In effect, Ferguson proposed that the subcommittee become a Senate counterpart of the House un-American Activities Committee. Some other Republicans have talked about setting up such a group in the next Congress.

Navy Man Is Killed

MIDLOTHIAN, Nov. 14. (AP)—Radioman Third Class R. H. Thompson, 23, of the Dallas Naval Air Station was killed yesterday when the light plane he was flying crashed near the city limits here.

Weather

WEST TEXAS: Partly cloudy and mild this afternoon, tonight and Wednesday.

EAST TEXAS: Considerable cloudiness and warmer. Scattered showers in east and central portions this afternoon. And in north east and east central portions Wednesday. Moderate to fresh southeasterly winds on the coast.

PERSONALS

Gen. Ernest Thompson and Mrs. Thompson stopped Saturday in Snyder for a visit with Mr. and Mrs. George Killam, 2707 Avenue X.

Mrs. George Montgomery and small daughter, 2608 Avenue X left today for Roswell, N. M. where Mrs. Montgomery will spend several days visiting with Mr Montgomery's mother.

Travis Moreland was a Snyder visitor this week. He visited in the homes of Mr. and Mrs. George Anderson and Mr. and Mrs. H. E Powell. Mr. Moreland is the general suprintendent of the Rumpaugh Trucking firm of which both Mr. Anderson and Mr. Powell are local field men.

Mr. and Mrs. R. J. Chadwell 116 Twenty-fourth Street, spent the week end in Ranger visiting with Mrs. Chadwell's mother, Mrs. J. F Bryan. Both Mrs. Chadwell and her mother celebrated their birthdays. The Chadwells returned Sunday night.

James B. Dunigan and M. A Monaghans of Breckenridge, who attended the address by Senator Lyndon Johnson Sunday at the Diamond M Ranch, remained in Snyder yesterday to attend to business connected with the Dunigan Tool and Supply Co., 1311 Avenue S. Mr. Dunigan is president of the firm.

Mr. and Mrs. Walter Weathers and Mrs. Ada Henderson, 2801 Avenue M, Mrs. Lula Alexander and Mrs. Leona Weathers, 3101 Avenue K, and Mr. and Mrs. Jake Randolph and Birdwell Burney, 1308 Twenty-eighth Street, were in Lubbock yesterday to visit Hugh Birdwell, who is a patient in the Lubbock Memorial Hospital.

Dr. and Mrs. C. V. Roe from Oklahoma City were in Snyder over the week end visiting with Mr and Mrs. M. H. Roe, 3107 Avenue U. Dr. Roe is Mr. Roe's brother The visitors have returned to Oklahoma.

Mr. and Mrs. Ovid Lawlis, 2907 Avenue Q, had as visitors over the week end his brother and family Chief James Steed, Jr., who is an aviation mechanist's mate with the naval forces at Atlantic City, N. J Chief Steed has been attending a naval jet plane school in Dallas.

Mrs. Inez Brown, 1712 Avenue S spent the week end in Houston where she visited friends. She returned to her job as secretary at the Scurry County Abstract Co. Monday.

Mr. and Mrs. Guy Stoker, Mrs H. F. Brice and Wiley Brice went to Abilene Sunday to visit Richard Lee Stoker who is in the Hendrick Memorial Hospital for treatment of a broken leg. Mr. Stoker underwent surgery on the injured leg yesterday.

Mr. and Mrs. J. A. Starnes, 2105 Twenty-sixth Street, had as visitors over the week end their son and family, Mr. and Mrs. Scott Starnes of Lubbock. Also visiting the Starnes was another son and family, Mr. and Mrs. Jack Starnes from Odessa.

Harry M. Wilson is in Omaha Tex., where he was called upon the death of Mrs. Wilson's aunt, Mrs. Julia Barrier. Mrs. Wilson has only returned from a two week trip to Dallas and northeast Texas where she vacationed. The Wilsons manage the Bar-V Motel.

Mr. and Mrs. Claude Warren and son, Joe Frank Warren, of Merkel spent the week end with Mrs. Cora Weathers, 1705 Twenty-eighth Street.

Miss Aline Whitby, 1708 Twenty seventh Street, returned Monday from a week end in Lubbock, where she attended the homecoming events at Texas Technological College.

Mr. and Mrs. A. P. Morris had as visitors in their home Sunday their daughter and family, Mr. and Mrs. J. W. Snelling of Big Spring. The Snellings also visited with Mr. and Mrs. N. G. Bell. With the Morrises also were Mr. and Mrs. Bob Cather from Midland, formerly of Easton, Pa.

Religious Program

WITH U. S. 25TH DIVISION, Korea, Tuesday, Nov. 14 (AP) — Lt. Col. Mitchell W. Phillips of El Paso Texas, chaplain of the 25th Infantry Division, will broadcast a religious ceremony over the time for defense program for United States audiences on Sunday.

Here in Oil Business

Mr. and Mrs. Kork Kelly, who are well known in West Texas oil circles, are making their home in Snyder temporarily. They are from Wichita Falls.—(Craft Studio photograph).

F.H.A. Week In Full Swing

Future Homemakers of America will be working on a clean-up project for the school today, all a part of the observance of Future Homemakers week across the nation.

Each of the homemaking classes in the school has been assigned either a particular job or a teacher to whom they will report for assignment. Their work will include cleaning blackboards, washing windows, picking up trash from the school grounds and many other small tasks.

Tomorrow each member of the club has been asked to bring items of clothing, which will be distributed through a missionary to needy persons in Brazil.

Thursday will bring one of the most important observances of the week, as Future Homemakers club members present a special assembly program. Officers of the club will be introduced by Wanda Jean Rainwater, past president, and Jenell Crawford will give a resume of F.H.A. week activities. Nan Richardson is then to give a brief message on "Why I Am Glad To Be A Member of F.H.A."

A sextet made up of Miss Rainwater, Jane Houston, Charlene Stewart, Madeline Johnson, Louise Crook and Billie Jo Watson will sing immediately afterward. A United Nations flag made by club members will be presented to the president of the student council by Betty Young following a talk on the meaning of the flag by Darlene Nixon.

The entire program is to be recorded and played back over the regularly scheduled school radio program.

New officers for the club will be installed and freshmen members initiated at a combination business and social meeting Thursday evening. Christmas cards, which are to be sold by club members as a fund-raising project, have arrived and may be distributed at this meeting, Miss Vera Periman, club sponsor, said.

Yellowfish Harvest

HONG KONG, Nov. 14 (AP) — Villagers on the nearby mainland harvested hundreds of yellowfish in rice paddies today after freak tide waters receded.

Junior Chamber Will Meet at the Village

Members of the Junior Chamber of Commerce voted yesterday to change their Monday night meeting place to the Village restaurant.

Voting as a whole to back the Colorado River Water District plan many members agreed to attend last night's council meeting to show their enthusiasm in supporting the petition. All tax paying members signed the water petition.

Longtime Resident Of Colorado City Dies

Funeral services were to be held today in Colorado City for James Richard Moore, 84, a retired farmer and resident of that area for 43 years.

Survivors include two sons, J. T Moore and John W. Moore, and a daughter, Mrs. Mary Lee Bassinger, all of Colorado City, 14 grandchildren and 10 great-children.

Humorist's Wife Dies

NEW YORK, Nov. 14. (AP) — Mrs. Louise Baer, wife of the humorist Arthur "Bugs" Baer, died today after a heart attack.

Talk of the Town

BY FRANCES BIOW

MRS. LEE B. NICHOLS at Bob's Casing Crew, 1206 Avenue S, informed us the company observed its first birthday in Snyder yesterday, party and all. And we may be here for many more birthdays, too, she added, not so sadly.

Snyder worries over and brags about several local boys who are in the scrimmage in Korea, now but of them all, CPL. DUSTY RANDELL, the son of Mr. and Mrs. H. A. Randell, writes the most details.

Dusty, 21 years old, services the big planes that roar in after combat and before going out again, a very important post. There's time for hunting, though, as the cold, rainy season in Korea is conducive to good catches.

Last letter, he had just shot a duck. "We gave it to the Korean guide who was with us." Deer is plentiful in Korea, when more serious business isn't under way. Only one flare of action has affected Cpl. Randell. Two were killed and 14 injured when their post got bombed. "He usually closes his letter with, 'Gotta go. My plane is making its pattern to land and I haven't a minute'."

Woman's Calendar

TUESDAY

The Agriculture Department, in its semi-final report of the year, estimated today the Texas harvest at 2,950,000 bales, an increase of 175,000 bales over its Oct. 9 forecast.

Wedding Is Scheduled Saturday For Miss Walker, Camp Springs

Mr. and Mrs. J. D. Walker of Camp Springs, have announced the engagement of their daughter, Miss Faye Walker, to J. B. Patterson of Oxnard, Calif. The ceremony will be performed in the First Methodist Church at 12:30 o'clock Saturday, with the Rev. William O. Walker, the bride's brother, performing the ceremony.

Mr. Patterson is the son of Mr and Mrs. T. H. Patterson, Clyde Tex.

Miss Walker graduated from Hobbs High School and attended McMurry College, Abilene. Mr. Patterson graduated from Abilene High School and served three years in the United States Navy.

The couple plan a wedding trip to California following the wedding and a reception. They will live in Foster Park, Calif.

Parties Honor Tulsa Couple Visiting Here

A series of small social affairs have been given this week honoring Mr. and Mrs. Dick Carpenter who have recently moved here from Tulsa. Mr. Carpenter is one of the owners and contractors of the new Beacon Lodge.

Mr. and Mrs. Harry Wilson entertained the Carpenters with a Sunday brunch at the Bar-V Motel. Present were Mr. and Mrs. Wilson, Mr. and Mrs. Bob Martin, and Mr and Mrs. S. J. Crow.

Legion Post Makes Gift to Youth Center

A donation of $32 to the youth center was made by the American Legion post at its meeting last night, according to Hilton Lambert post commander.

Dr. D. K. Ratliff, commander of the post last year, was presented with a gold past commander's button and paid a high tribute for his work in the Legion and community during the past year, Lambert said.

The post voted to award prizes in the current membership drive.

PERSONALS

L. D. Cates, manager of the Barbour Trueking Service, Lamesa Highway, left Suniday to attend a safety school being held in Iowa Park, Tex. Mr. Cates was accompanied by I. Ragley, bookkeeper of the firm.

Mr. and Mrs. Sherman A. Armstrong of Hermleigh are parents of a daughter born Saturday night at the Snyder Hospital.

Mr. and Mrs. Edwin L. Fikes, 811 Twenty-third Street, are parents of a daughter born Friday night at the Snyder Hospital.

Mr. and Mrs. Lincoln O'Brien of Santa Fe, N. M., were guests at noon today of Mr. and Mrs. Edward Harte. Mr. O'Brien publishes a chain of newspapers in New Mexico. His father, Robert Lincoln O'Brien, for many years published the Boston Herald.

Mrs. Al Simpson, 3115 Avenue T is reported to be improved. She is now at her home.

W. F. Clark of Tulsa is in Snyder on business connected with Jones & Laughlin Supply Co., Lubbock Highway.

Mr. and Mrs. J. E. LeMond, 100 Twenty-sixth Street, had as house guests over the week end their sons and daughters, Miss Nell Verna LeMond from Santa Fe, N. M. who was accompanied by Charles Batts from Santa Fe; Mrs. Johnnie Babb and family from Lubbock and Mr. and Mrs. Weldon Kincaid.

Mrs. F. M. Davis from San Antonio is visiting here with her sister and family, Mr. and Mrs. J. H. Marr, 301 Twenty-fifth Street. Mrs. Davis expects to return home tomorrow.

Search For Million Persons Who Have Diabetes Started

By ALTON L. BLAKESLEE
(Associated Press Staff)

NEW YORK, Nov. 13. — A nationwide search for 1 million missing Americans begins today.

These are the people — you may be one — who have diabetes and don't know it. They are missing out on the modern help that can bring them extra years of life and health.

The search starts with an offer of free tests this week, anywhere in the country, to check you for diabetes, No. 8 in the list of killer diseases. The campaign is staged by the American Diabetes Assn.

PROCESS

The tests are simple checks of urine or blood for excess sugar, the hallmark of diabetes. Diabetes comes from a lack of insulin, a hormone from the pancreas gland. Due to this lack your body is not able to turn sugars and starches into energy as it should, and your health suffers.

In some communities this week, doctors are offering free tests in their own offices. Other towns and cities have set up special testing centers. Mobile units are visiting factories, clubs and schools in other communities. In a few others, people are being urged to do their own urine testing with special kits sold in drugstores.

NEED TESTS

Finding of excess sugar in the urine or blood means possible diabetes. Further tests are necessary to show whether the sign is really due to diabetes, or some other condition.

About 1 million Americans are known to have diabetes, and are under treatment with insulin or proper diets designed to keep the disease under control.

The estimate of a million more unknown diabetics is made by the association on the basis of surveys in towns like Oxford, Mass., and Virginia, Minn. They found that one-half to 1.5 per cent of these townfolks had diabetes and weren't aware of it.

SIGNS

How can you tell whether you're one of the millions?

In severe untreated cases, diabetes brings excessive thrist and hunger and frequent urination. Kidneys work overtime to rid the blood of excess sugar, and the body demands more water. Hunger comes from failure to utilize food energy properly.

Other signs may be getting tired easily, loss of weight, severe itching, trouble with eyesight or gums, or slow healing of boils, infections or cuts and bruises.

Crackdown On Speeders Due

With only two traffic fatalities within the city this year, both of them pedestrians, a police crackdown on speeders, reckless drivers and those driving while under the influence of liquor has been started, it was announced today by Chester Bairrington, chief of police.

"We are sending our squad cars to Sweetwater to have their speedometers calibrated for accuracy so there won't be any argument about speed," said Bairrington. The first car will be sent to Sweetwater today for measurement.

"The penalty for speeders, which in the past has been a nominal $10 fine, is slated to be trebled for the first offender, and stiffer fines for repeaters has been assured by the city corporation court," he said.

The legal speed limit in the city is 30 miles per hour.

Our continuous traffic war also is directed against those who run red lights, hit-and-run drivers and other moving vehicle violations Bairrington said.

"Snyder has a good traffic record, with its exceedingly large number of trucks and cars that pass over our streets, and we aim to keep it that way," he added.

Because of the bad conditions of Snyder streets, no motorcycles are being used at this time, the chief concluded.

Snyder Day At Fort Worth Fat Stock Show Discussed by Chamber

Snyder is interested in having a special day at the Southwestern Fat Stock Show in Fort Worth this winter.

That is the reply that Harold Bennett, manager of the Chamber of Commerce, was instructed to give last night at a meeting of the chamber directors.

The fat stock show had offered Snyder a special day, on which it would send a delegation, with the high school band, a beauty to be designated Miss Snyder, and a motorcade.

The exact date to be named Snyder day at the show has not been determined, and plans still are being made.

No definite site has been selected for the new chamber offices, directors learned last night. The chamber must move its building from the present location beside the city hall to make room for expansion of the fire department and a new city jail.

The directors voted to set up a nominating committee to name candidates to fill expiring terms on the board. R. A. Schooling, chamber president, selected C. T. McLaughlin, Nolan Watson, and Sterling Williams for the nominating committee. That group was to meet for lunch today.

They will present to the chamber nine nominees, from which the six vacancies on the board will be filled.

Wreck Victims Rites Pending

Funeral arrangements are still pending for the six persons who died in a two-car collision seven miles east of here on the Roby highway early yesterday morning.

Victims of the accident were Mr. and Mrs. Orval Gray, their three-year-old son Rodney Allen Gray and two-yearold daughter, Sharon Lee Gray, all of Rosemead, Calif., Wilson Hughes Gray, believed to have been stationed at Port Hueneme, Calif., with the navy, and Ralland Treme, who had been working in Snyder.

The body of Mr. Treme is to be sent to Lake Charles, La., for burial. However, final arrangements are pending the arrival of relatives from Louisiana.

Funeral arrangements for Mr. and Mrs. Gray and their children and for Wilson Hughes Gray are being made by a sister who arrived by plane this morning from Washington, D. C. They were originally residents of Henshaw, Ky. where they had been to visit. Mrs. Gray's mother lives in California.

All bodies are now at Bolger-Barnes Funeral Home, pending the completion of final arrangements.

Oil News

(Continued from Page 1)

go to 8,000 feet to test the Spraberry.

Drillsite of the exploration is three miles from production in the east side of the Tex-Harvey field in Midland County. That makes it about 21 miles southeast of the city of Midland.

TEST SPRABERRY.

Standard Oil Co. of Texas No. 1 M. V. A. Smith, Central North Dawson County wildcat four miles southwest of O'Donnell, and 660 feet from north of section 34, block 41, psl survey, is preparing to make production tests in the Spraberry sand of the Permian, which developed considerable free oil on a drillstem test.

Interested observers think the prospector has a fair chance to complete as some sort of a producer and discovery from the sand pay section.

The wildcat drilled to a total depth of 7,981 feet in lower Pennsylvanian lime. It found a little gas ant slight signs of oil in the top of the Pennsylvanian, but that horizon developed salt water and the petroleum signs were of no consequence.

The section at 7,928-72 feet had a recovery of 4,780 feet of clean oil, 720 feet of oil-and-gas-cut drilling mud and 10 feet of slightly salty water during a five and one half hour drillstem test.

Gas came to the surface in 17 minutes after the tool was open for that investigation. Gravity of the oil which was recovered was 37.6 degrees.

Operator will plug back to 7,981 feet and cement seven inch casing at 7,910 feet. The open hole section will be tested naturally and it then probably will be shot with nitro glycerin in the effort to make that interval produce oil and gas in commercial amounts.

Visiting Ministers To Preach Here Tomorrow

Tom Wallace, minister of the Church of Christ, in Vivian, La., will preach at 7:30 tomorrow night at the Church of Christ.

Mr. Wallace, his wife and two children are visiting here in the home of Mr. and Mrs. Boyd D. Fanning, who are Mrs. Wallace's parents. Mr. Fanning is the minister of the local Church of Christ.

Mr. Wallace is the younger brother of Foy Wallace, an evangelist of Oklahoma City.

Fire in Deep Creek

A grass fire along Deep Creek between Avenues O and R yesterday afternoon caused some excitement.

About 300 gallons of water was used in fighting the blaze.

No homes or other property was seriously threatened, but residents along both sides of the creek called the fire department to come fight the fire.

U. N. Negotiator

James Plimsoll of Australia. Above, amember of the United Nations Commission for Korea, is to be available in case the Chinese Reds want to negotiate a border settlement. There are no indications, however, that the Chinese Communists have made any approaches in this direction.

Permian Basin Group To Hold Barbecue

ODESSA, Nov. 13.—The Permian Basin Chapter of the American Petroleum Institute will hold its annual "big entertainment" meeting at Odessa's Ector County Park at 6:30 o'clock Saturday night, Nov. 18.

Chapter officers for 1951 will be elected.

The Odessa Chuck Wagon Gang will serve a barbecue.

Membership cards for the year 1951 will be required for admittance.

Fire Banquet Tonight

The volunteer fire department will hold its annual Thanksgiving banquet at 7:30 o'clock tonight at the primary school on Twenty-eighth Street.

Campaign Adds 50 To Chamber Membership

This brings the total chamber membership to 240, Bennett said.

Seven more new members in a long drive has brought the number of new Chamber of Commerce members to 50, Harold Bennett, manager, announced today.

They are the Holt & Rosson law firm, Richardson & Peacock Service Station, B & B Washateria, Snyder Ready-Mixed Concrete Co., Swanson Grocery & Market, Jack & Jack Realty Co., and Mr. and Mrs. R. H. Kemp of the Ideal Barber Shop and Dorothy's Beauty Bar.

Theft Reported From Hermleigh High School

Burglars forced an entrance to the Hermleigh high school cafeteria last night and stole $4.50 and a quantity of candy from the Vocational building, according to Mark Search, chief of police.

The thieves threw a rock through a window, reached in and opened the door to the school building, Search said. The work is believed done by juveniles in that area, he said.

Aged Man Succumbs At Brownwood Home

BROWNSVILLE, Nov. 14. (AP) — Don Pancho Camacho, who claimed he was 128 years old, was buried yesterday on a ranch near here. He died Sunday night.

Don Pancho told the Brownsville Hearld in an interview last June that he was born May 11, 1822, in Bustamente, Nuevo Leon.

Gardens School In Houston Burns Down

HOUSTON, Nov. 14. (AP) — The 600 school children who escaped injury yesterday when the Houston Gardens school building burned are being transferred to other schools to continue their classes.

Eight adults were injured when the one-story frame building blazed up. All the children were outside the building in a recess period when the fire was discovered.

Six Persons Injured in Three Car Collision on East Highway

One man was seriously injured and five others were slightly injured in a three-car collision on Highway 84 in Southeast Snyder about 11:00 last night.

J. L. Williams, an employee of the Dixon Drilling Co., who lives at the Y Trailer Court, is in the Snyder Hospital suffering a severe eye injury as a result of the crash. Hospital attendants said this morning that he would be removed to an eye, nose, and throat hospital today, in an attempt to save the eye.

The five members of one family were kept in Snyder Hospital last night for observation, but were released this morning. Their injuries were not serious. They were D. E. Keele, 29, who had an injured hand and head bruises; his wife, Mrs. Ruby Keele, who suffered bruises; and three children Katheryn Keele, 4, Loraine Keele, 5, and Norma Jean Keele, 2.

Four people were riding in the third car involved. They were Jess Brown, 19, driver, Bill Phillips Bonny Nowlin, and Lavon Hall.

All persons in the wrecked cars are Snyder residents.

Keele, driver of a 1950 model Packard sedan, said that he drives a truck for the J. H. Morris Trucking Co. here. They live in the Lee Courts on the Post Highway.

Brown, driver of a 1941 Chrysler coupe, said the rear fender of his car was struck by the William's car as they met almost in front of the B & B Steakhouse. Brown was going west and the other car was traveling east.

The impact of the collision turned the Brown car around in the road.

The Williams car then collided head-on with the Keele car which was following the Brown car. Impact of the second collision turned the Williams car around in the road. None of the cars overturned but all were seriously damaged.

Wreckage at the scene blocked the road for about 30 minutes before it could be cleared away.

Another occupant of the car in which Williams was injured left the scene of the accident before Lloyd Merritt, sheriff, and Bill Zimmerman, highway patrolman, investigating officers, arrived. The identity of the person still is not known.

Mitchell-Scurry Baptist Association Meets in Fluvanna

The Rev. Cone Merritt, pastor of the Avenue G Baptist Church here will be among the speakers at the monthly workers' conference of the Mitchell-Scurry Baptist Association in Fluvanna today.

The meeting was to open at 10 o'clock this morning, with lunch to be served by the Fluvanna church.

The Rev. Thurston Healer of Buford was to open the program with a song service. The Rev. Larry Lalane of Knapp was to lead the devotional.

Other speakers scheduled for the program included Mrs. L. Selman of Union, The Rev. Maple Avery of Plainview and the Rev. Carlos McLeod of Bethel.

Farm Bureau Meeting At Courthouse Tonight

Delegates to the State Convention of the Farm Bureau will be selected in a meeting of the Scurry County Farm Bureau tonight at 7 o'clock.

From 10 to 20 delegates will be selected from the meeting in the district courtroom of the courthouse, Oscar Fowler, county agent said.

Delegates selected tonight will attend the State Farm Bureau meeting to be held in Mineral Wells Nov. 20, 21, and 22.

Lone Star Transfers Richard Hogan Here

Richard Hogan from Longview, Tex., arrived in Snyder last week to begin work with the Lone Star Producing Co.

Hogan replaces Archie Crawford as assistant to the production foreman for West Texas. Crawford was transferred to Jasper, Tex. Hogan will live at the Lone Star Camp with his wife and one child.

Senate Crime Probe To Hear Mickey Cohen

LOS ANGELES, Nov. 14. (AP)—The Senate Crime Investigating Committee is preparing today to hear the story of Mickey Cohen, as much as he'll tell, from the little gambler in person.

Cohen is at the top of a list of 22 subpenas being served by committee attaches. Closed hearings are planned for Thursday and Friday.

Rudolph Halley, chief counsel for the committee headed by Sen. Estes Kefauver (D-Tenn), arrived yesterday and said law enforcement officials as well as underworld characters will be called here as part of the nationwide investigation.

New Record Christmas Sales Is Looked For By Merchants

By RADER WINGET
(Associated Press Staff)

NEW YORK, Nov. 13. — Christmas shopping this year looks like the best ever if merchants get out and hustle for business.

Christmas business last year in the department store field eclipsed the all-time high of the year before. And this year is regarded by retailers as a certainty to set a new high dollar volume record at Christmas.

A good part of the rise in total business over the last two years has been accounted for by advancing prices, but the physical volume has been accounted for by advancing prices, but the physical volume of business also has been on the up-grade.

MUST WORK

Those rising prices may make totals higher but they also increase the sales resistance of each customer. That is one big reason why merchants this year say they must get out and work hard.

In many areas merchants started their heavier newspaper advertising schedules and sales promotions two weeks earlier than usual. Right after Thanksgiving Day is the traditional time to begin the Christmas sales push.

This shopping season there are more things in the stores than ever before. There aren't any shortages yet. People have more money to spend than ever before.

SMART OPERATOR

But don't get the idea that everything is lovely in the retail business. It isn't. Merchants will tell you it takes a smart man to manage his store wisely, keep his customers happy and make a profit.

For example, you remember last summer where they were a lot of people buying heavily because of the "war scare?" Well, a lot of merchants did the same thing, and consequently they built up their inventories higher than is comfortable.

NOT MUCH TIME

They haven't had much time to try to work them down, but they hope that when this Christmas season is over inventories will be in balance. The fact that replacement prices later may be higher hasn't caused much excitement. As one retailer said: "We're merchants, not speculators. It's our job to sell goods, not handle inventories."

In line with the trend was the absence of scare buying last week when the Chinese Communists revived fears that the Korean war would be extended.

Retailers have been through a lot in the past few months and they face a considerable array of uncertainties in the future.

Construction Starts On Avenue S Curbing

Curb and gutter work started yesterday on Avenue S one block north of the square in Snyder.

Old curbing was being torn out on the west side of the street on the block between Twenty-third and Twenty-fourth Streets.

Work on the west side of the street will continue until it is finished, then work will begin on the east side, W. J. Ramsey, city superintendnet, said.

Curb and gutter construction has been completed on Avenue R with the exception of a strip one block long on the east side of the street between Twenty-third and Twenty-fourth Streets, he said.

Ohio State Takes Over No. 1 Spot In National Standings

By JACK HAND
(Associated Press Staff)

NEW YORK, Nov. 14. — Ohio State tops the nation's college football teams in the weekly Associated Press Poll after a tight five-club battle. For the second week in succession the point system determined the winner with both Ohio State and Oklahoma squeezing past Army, last week's winner.

Army received most first place votes, 72, but lost out in the point system tabulation of the 308 ballots from football writers and sportscasters. Ohio had 66 firsts and Oklahoma 63.

According to the established scoring system, a first place vote counts 10 votes. A second counts nine. And so on down to one point for a 10th place ballot. As a result Ohio finished with 2,412 points, Oklahoma 2,381 and Army 2,272.

CLOSEST FINISH

Next came California and Kentucky. All the first five received at least 2,000 points. It was the closest finish of the year.

Apparently Ohio lost no ground in its tight winning battle with Wisconsin, 19-14. The Buckeyes (6-1) face another test Saturday in eighth rated Illinois (6-1).

Oklahoma, too, had to struggle to keep its perfect record intact. Kansas led the Sooners into the last quarter before Oklahoma blasted out its 28th straight victory and seventh of the year, 33-13. They play Missouri this week.

Army called its shots in a romp over New Mexico, 51-0, for its seventh straight. The Cadets get a chance to show their worth against a Pacific Coast Conference eleven Saturday when they visit the West to play Stanford.

BEARS MOVED UP

California whipped UCLA, 35-0, in what was supposed to have been a crucial test. As a result they moved up two positions to fourth. Next for the Bears (8-0) is San Francisco.

Despite a 48-21 triumph over Mississippi State for a 9-0 record, Kentucky dropped a peg to fifth place in the standings with 43 firsts as compared to 36 for California. Kentucky has two to go, North Dakota and Tennessee.

Tennessee and Michigan State were the only additions to the top 10 with SMU and Miami dropping out. SMU fell from seventh to 14th after losing to Texas Aggies, 25-20 and the 13-13 tie with Louisville dumped Miami from ninth to 17th place.

Texas A&M polled one first-place vote and a total of 239 points to take 12th place in the standings. SMU's point total was 152.

No other Southwest team except Texas scored as many as 10 points.

The leaders with their first place votes in parentheses (points figured on a 10, 9, 8, 7, 6, 5, 4, 3, 2, 1 basis):

TOP TEN	
1. Ohio State (66)	2,412
2. Oklahoma (63)	2,381
3. Army (72)	2,272
4. California (36)	2,126
5. Kentucky (43)	2,001
6. Texas (10)	1,653
7. Princeton (3)	958
8. Illinois (1)	756
9. Tennessee	395
10. Michigan State (3)	333

Lou Boudreau Gets Release

CLEVELAND, Nov. 14. (AP) — The Cleveland Indians dropped their plans to get Lou Boudreau a new job and assured him today that within a week he could go out and look for himself.

That's the way the former manager-shortstop wants it.

Told at his home in Harvey, Ill., that the Tribe was seeking waivers to get him an unconditional release, Boudreau said he had "no immediate plans of any kind and added:

"That's why I asked for my unconditional release. I'll be able to make plans now. As if was, before being released, everything was out of my hands."

He said he would be "happy to get the job" of managing the Pittsburg Pirates but that nobody had offered it to him.

Until last night, the Indians had held onto Lou's contract although they had released him as manager and hired Al Lopez from Indianapolis to take his place.

Ellis Ryan, club president, and Hank Greenberg, general manager, said at first they were trying to get Lou a job as manager of an other big league team.

Then Ryan announced that at Boudreau's request the club had given up all claims on him and would seek the waivers.

TCU Gunning For Longhorns

By HAROLD V. RATLIFF
(Associated Press Staff)

FORT WORTH, Nov. 14. — The producer of the Southwest Conference's greatest upsets—Dutch Meyer—says it's like using a "pop gun against a cannon" to play Texas but he isn't about to concede defeat.

The chunky little man who has been the sharpest thorg in the side of the Texas Longhorns, declared today his Texas Christian team here Saturday.

Meyer personally scouted Texas in its game with Baylor last week and he tells you the conference leaders and heavy favorites to move into the Cotton Bowl Jan. 1 are "a fine ball club, with fine personnel, lots of poise and never ruffled no matter what may happen in a game."

SPOT FOR UPSET

Texas Christian hasn't had much of a season thus far. The Horned Frogs have lost four games while winning three and are out of the conference title race. But it's just the spot for Meyer to spring a season sensation—like he did last year when his TCUs knocked down Texas when everybody thought it would just be a field day for the Longhorns.

Meyer is noted as the coach who can come nearer winning one game he's set his heart on winning than any other extant.

Texas Christian took last week off. It always does before the Texas game. This week-off business has caused Coach Blair Cherry of Texas to make some barbed remarks the past couple of years. He says it isn't quite fair.

But the "week-off" teams this season haven't done so well. For instance, Texas had a week off before the Oklahoma game and lost it. Southern Methodist took off before the Texas game and lost it.

NINE MAN LINE

Last year, after Meyer had scouted Texas, he came up with a nine man line that did the job of stopping the Longhorns. Asked if he would try that again this time, Meyer replied: "Brother, I think I'll use a three-man line. You have to really worry about that nine-man line this year."

But chances are that Meyer will have a formation no one ever heard about when his Frogs take the field against Texas. He's tricky, that Meyer.

Texas Christian figured in one of the biggest upsets in conference history in 1941 when Meyer's Frogs beat the Nation's No. 1 team 14-7 and knocked it out of the Rose Bowl.

King Ranch Suspends Hunting For Drouth

KINGSVILLE, Nov. 14. (AP) — The prolonged drouth has caused the management of gigantic King Ranch to suspend granting of hunting permits.

R. M. Kleberg, Jr., an owner, said the suspension would continue until conditions are relieved.

King Ranch has co-operated with the Texas Game, Fish and Oyster Commission in a long-range program of game conservation and for more than a year the state trappers have been trapping deer and wild turkey to restock other parts of the state where the game supply has been depleted.

Kissless Bridegroom Asks For Annulment

LOS ANGELES, Nov. 14. (AP) — While he was a kissless bridegroom, his bride found time to have an affair with a professional dancer, complained Samuel H. Scripps 22-year-old grandson of the late publisher, E. W. Scripps.

Superior Judge Thurmond Clarke granted Scripps an annulment yesterday of his March 1 marriage to Patricia Murphy, 22, an ice skater he met in a show he financed.

Scripps, beneficiary of a $13,322,000 trust, said he asked his wife for affection but that she refused. His complaint alleged she had been intimate with Robert Le Wandt, 25, of New York, named as co-respondent.

U. S. Golfers Win

LAREDO, Nov. 14. (AP) — The U. S. golf team downed the Mexican team 46 1-2 to 7 1-7 here yesterday in the first International Amateur Golf Tournament.

Fred Moseley of Lackland Air Force Base, San Antonio, won individual honors in the 72-hole tournament with a score of 229.

District Titles Will Be Known This Week End

(By The Associated Press)

At least four of the sixteen district champions of Class AA schoolboy football will be known by the end of this week.

Two—Texarkana in District 9 and Baytown in District 12—already have been determined and await the bi-district round scheduled to open Dec. 8.

Friday Childress and Wichita Falls clash at Wichita Falls for the District 2 crown and Lufkin meets Conroe at Conroe for the District 10 flag.

Other districts may come to an earlier than usual conclusion through upsets but those four are the only ones on the definite side.

There are only 28 games in the state this week with Districts 1 and 5 having none and no conference tests in District 7. However, 26 of those games count in title standings.

THREE-TIME-LOSER

Texarkana, one of the state's six undefeated, untied teams, plays oft beaten Kilgore in a game meaning nothing in the championship race. Baytown plays a three-times-loser Galveston.

One of the major games of the state is the clash of Corsicana and Temple at Temple Friday night. Corsicana can sew up the District 13 title by winning it. Temple, however, would still have to beat Waco to take the championship should it fell undefeated, untied Corsicana.

IN THE BAG

Another important contest is scheduled at Dallas when Grand Prairie meets Highland Park Friday night. Grand Prairie could win the District 8 title by whipping Highland Park. Highland Park could take the lead and then clinch the title next week by licking McKinney—that is, unless McKinney loses to Denton Friday night. In that event Highland Park would have the championship in the bag.

The week's schedule by districts (conference games except where indicated otherwise):

1—No games.
2—Friday Vernon at Quanah Childress at Wichita Falls.
3—Friday Big Spring at Odessa, Midland at Lubbock.
4—Thursday Austin at El Paso High (nonconference); Friday Valeta at Bowie (El Paso); Saturday Jefferson (El Paso) vs Austin (El Paso).

OFF WEEK

5—No games.
6—Friday Graham at Mineral Wells, Weatherford at Stephenville.
7—Friday Jesuit (Dallas) at Gainesville (nonconference).
8—Friday Grand Prairie at Highland Park (Dallas), Denton at McKinney.
9—Friday Kilgore at Texarkana.
10—Friday Henderson at Bryan, Lufkin at Conroe, Nacogdoches at [illegible].
11—Friday Beaumont at Orange.
12—Friday Galena Park at Pasadena, Baytown at Galveston, Texas City at Freeport.
13—Friday Corsicana at Temple, Hillsboro at Ennis, Waco at Waxahachie.
14—Friday Ray, (Corpus Christi) at Kerrville, Edinburg at Miller (Corpus Christi).
15—Friday Alice at Kingsville, Victoria at Laredo.
16—Friday McAllen at Brownsville.

Texas Rose Bowl Set Big Six As Home Team

TYLER, Nov. 14. (AP) — The Texas Rose Bowl Association will invite the titlist of the Big Six football conference to act as host team for the Texas Rose Bowl game here the night of Dec. 9.

Henry Bell Jr., chairman of the association, said yesterday his group hoped to make it a definite policy of inviting Big Six conference champons to serve as host teams in the futur.

In the three previous Rose Bowl games, the champion of the Southwestern Junior College Conference has been host team.

At present, Tyler, Kilgore and Paris Junior College are tied for first in the conference. Tyler and Kilgore each have one conference loss. Paris has lost one conference game and two non-conference games.

Dressing Room Gun Incident At Texas Brought Up Again

By HAROLD V. RATLIFF
(By The Associated Press)

DALLAS, Nov. 14. — The gun incident drew quick backfire.

The unfortunate affair, at the dressing room door of the Texas football team on the occasion of the recent Southern Methodist-Texas game at Austin, was discussed in this department last week.

Our good friend, Wilbur Evans, sports publicity director of the University of Texas and veteran of many a copy desk and reportorial battle, was quick on the draw. Quick as an old hill county sheriff getting his gun off his hip, Wilbur drew himself up a chair and phoned an explanation. He went into details about how unfortunate the incident was. We agreed wholeheartedly.

The University of Texas, its athletic department, its players, employes and fans do not approve in any way, whatsoever, with the action of a doorman at a dressing room brandishing a gun, any kind of a gun, before a waiting group of football reporters crowded around the entrance of a dressing room. It doesn't make any difference what kind of gun; six shooter, single shot, dueling pistol, starter gun, cap pistol or water gun!

* * *

THE REPORTERS WERE waiting after the great UT-SMU game, to get the "dressing room story." At Austin they must wait ten minutes until the coaches and players cool off, tidy up and settle down, get their quotes ready and otherwise prepare for receiving the gentlemen of the press.

The doorman's gun wasn't loaded, and moreover, it was just a starter's gun. That is, the single shot noisemaker that sports officials use. It shoots blanks. As one weekly sports writer told the misguided doorman, even a blank shot at close range can blind a person. He told the doorman to put the gun away.

There's no difference of opinion with the Texas authorities. The incident was unfortunate, regrettable. We'll go farther; it was unnecessary. Repeating what this busy-busy sports historian wrote last week: if Texas hadn't the senseless ten-minute rule of delay on the dressing room story, the incident wouldn't have happened. Ten minutes isn't important in the long range history of a university, but it's vital in getting a news story on Saturday afternoon with editions going to pall over the country, and because of time zones, already late in the east.

It is generally understood that the east is interested in Southwest football. To say that athletic administrations of southwestern schools, including Texas, have no objection to this interest, is not exactly the truth.

So the gun wasn't loaded, and it was just a little one anyway.

History is replete with tragedies dealing with the gun that wasn't loaded. Is that to be one of the new hazards of the higher education and the higher-powered football apparatus? We know it is not. If we thought so, we would howl to high heaven.

All that is necessary is to point out that the gun incident emphasizes the need for unceasing alertness on the part of authorities to make sure that the staff—official, temporary, volunteer, any kind of person with delegated authority, is properly selected, instructed and supervised so such incidents will not recur.

* * *

OUR REPORTORIAL CURIOSITY doesn't even go so far, in this instance, as to want the names of the men involved; first, the man who provided the gun; secondly, the doorman who handled it.

The incident itself can rest. It can drop into the limbo of ten-minute sensations of a football season.

But the point and principle of the thing should not be forgotten.

Rule No. 1 for doormen at UT football dressing rooms is: No guns.

Rule 2 ought to be: No delay for properly accredited football reporters assigned to obtain the "dressing room story" of the game.

* * *

AS A CNSTRUCTIVE SUGGESTION, why not issue dressing room passes for responsible, accredited reporters, just as sideline and press box passes are issued? This would eliminate some of the confusion, and still enable the public to read the dressing room story with its color, vigor, and human interest which a gang of high-spirited, cleancut, hardplaying youngsters provide spontaneously after every great football game. Don't worry about the coaches; they can take care of themselves.

The public's interest in what goes on before, during and after a football game seems to be healthy—and limitless. And to date, it would appear that satisfying and even encouraging that interest has paid good returns on the money invested by schools all over the country, including Texas, in stadiums, bands, equipment, et cetera, et cetera.

It takes a lot of et cetera to stage the great Saturday afternoon spectacles across the continent. We just don't want the et cetera to include any firearms, or any gun play even of the most harmless, innocent and playful character.

Let's twist the old western saloon sign:

"Don't shoot the reporters;
They're doing the best they can!"

But the Austin Statesman headed up its comment on the incident this way—and nobody could say it better:

Even if in fun
It's not funny

To make window panes extra shiny, add a liberal pinch of bluing and couple of drops of kerosene to a pail of hot soapsuds.

Texas, A&M Show Healthy Squads Ready

(By The Associated Press)

The hottest contenders for the Southwest Conference football title—Texas A&M and Texas—report their squads healthy for this Saturday's games.

However, other teams in the loop find injuries dogging some of their top-flight backfield talent. The ailment list includes such aces as Southern Methodist's Gene (Chicken) Roberts and Val Jo Walker, Arkansas' Johnny Cole, Rice's Sonny Wyatt, and Texas Christian's Gilbert Bartosh.

READY FOR RICE

Texas A&M reports no serious injuries after its upset of SMU and is expected to be ready for Rice Saturday.

Rice reports two more names on its long hospital list. Halfback Wyatt had six stitches taken in his tongue after Saturday's Arkansas game. Charles Stearns, a junior guard, has a knee ailment.

Southern Methodist has four top defense performers on the ailing roster. Absent from drill yesterday were Roberts, with a hurt knee; Walker, with a shoulder injury; tackle Neil Franklin with a leg injury, and guard Quinn with a groin injury. Roberts and Franklin are doubtful starters against Arkansas.

ACE SOPH OUT

The Razorbacks report that their ace sophomore safety man, Cole, has a possible torn knee cartilage from the 9-6 loss to Rice, and is expected to be out this Saturday.

Despite an open date last week, TCU still has ailment trouble. Quarterback Bartosh was still limping yesterday because of a stiff knee. Fullback Bobby Jack Floyd had a troublesome leg bruise, Sophomore Bob McFarland is playing left halfback because John Medanich and Johnny Dunn still have sprained ankles.

With an open date this Saturday, the Baylor Bears took the day off yesterday.

Bouy On Parachute Confuses Air Force

SEASIDE PARK, N. J., Nov. 14. (AP) — A man turned into a buoy last night.

Army Pilot Lt. William Murphy, on a routine flight, set off an all-day search yesterday when he reported seeing what he thought was a man parachuting into the ocean.

It turned out to be weather bureau radio equipment attached to a parachute and buoy.

Water Contract Itself Is A Major Item Of Consideration

By JOE PICKLE
Editor, Big Spring Herald

Meat of the water "cocoanut" is the contract.

The ballots which Big Spring and Odessa propertied voters will mark Thursday will show simply "For" of "Against" the water contract. Yet on this contract pivots the whole of the Colorado River Municipal Water Dsitrict plan for an adequate and long range supply.

It requires nearly 15 legal sized pages to set out the terms. Some of the basic elements include these things:

The district convenants to provide raw water to points of delivery northeast corner of the city in the case of Big Spring. Both parties acknowledge that the contract is the basis of obtaining credit through issuance of revenue bonds. The district pledges to do its utmost to provide sufficient water, in which member cities have their equitable interest. The term of the contract is for 30 years or for so long as bonds are outstanding.

In detail, requirements for pressure, measuring etc. are stated. So are the terms under which meters can be checked or calibrated; how bills will be based on metered consumption per calendar month, and similar matters.

While the treatment and distribution systems as well as present production systems remain the properties of the contracting cities the cities are required to maintain the production systems. If, however, they are operated at district direction either for yields in peaking or for purposes of protecting the productivity of a well, the district will make payment to the city for those operations.

The cities agree to take all of their water from the district. The district agrees not to sell raw water to any customer served or which might be conveniently served by the cities.

The contract also specified certain rates, and here is the crux of the issue.

In the initial stage of the contract, both cities would pay flat monthly charges, which have been called aptly the "installment payments" on the adequate water supply system. Odessa, with its larger demand, would pay a higher monthly charge than Big Spring. In Odessa it would be $13,570 at the outset, in Big Spring $9,800.

In addition, the other element of the rate is a flat six cents per thousand gallons. This identical unit charge is due to equality of distance from the source wells in Martin county and the same size pipeline to each point.

While the unit charge of six cents per thousand would remain constant, during the first six years the fixed monthly obligation would graduate upward each year until it was $20,120 in Odessa in 1956 and $13,040 in Big Spring. At this point, the mode of rating would be changed.

Two increments would go into the formula. The first would be the same fixed unit price at source — six cents per thousand.

The second would cover the anticipated expenses of system operation, maintenance and debt service, which would be apportioned in this manner

1. The percentage — which the gallon miles of water each city used the preceding year bears to the total gallon miles for the system — applied to one half of the main pipeline and pumping costs and the percentage — which the volume of water used by the city bears to the system total — applied to the remaining half of this same expense.

2. The percentage — which the amount of water used by a city as to the whole for the preceding year—of the remaining general operation, debt service and maintenance expenses. From the sum of 1 and 2 is deducted a credit of water taken by the city the preceding year. The remainder, divided by 12, gives the fixed monthly installment.

Perhaps a simple anology will clarify. Two men in Big Spring and Odessa, who are paying out a Dallas shoe factory in proportion to their purchases from it, buy their shoes in Dallas at the same price per pair. But the partner in Odessa would pay more freight on his shoes because they travel further in delivery. He also would pay more in the aggregate because he bought more shoes.

This is what the contract seeks to accomplish after the lake supply comes into play.

Contracting cities agree to charge water rates sufficient to make possible the prompt payment to the district as a waterworks operation expense. Cities named in the permit may exercise their rights, but only through a contract negotiated with the district.

While the CRMWD act would not permit it, the contract also spells out for certain that the district could never call upon its cities for tax funds to meet water obligations.

Another portion of the contract provides that any advantages to be gained by addition of members would be spread proportionately.

Still another sets out provisions for relief in event in "force majeure," or more nearly acts of God such as catastrophes, and human events beyond control of the parties.

A declaration of policy also makes it clear that when the system is paid out that costs will be based upon operation, maintenance and delivery. In theory, member cities will have acquired an equity in the benefits of the supply system.

Provision is made for such modification of the contract from time to time as may be agreeable between the city and the district with approval of the trustee.

Of course, it is impossible to touch upon, much less explain thoroughly, all details of the contract. Copes are on file with city secretaries and constituent cities, and additional ones are available for study.

Ben Guill Spends Bushels Of Money And Still Loses Race

(By The Associated Press)

What beat U. S. Rep. Ben Guill in the Texas Panhandle?

What factors gave the Republican's opponent, Democrat Walter Rogers, a majority of about 2,000 votes in the general election, a week ago today.

Guill said of his campaign "We did everything to win that could be done. We went whole hog."

There's a feeling in the Panhandle that perhaps the Guill forces did too much.

They waged a terrific campaign, spent money like water and sent an army of enthusiastic workers, paid and unpaid, to beat the bushes in the 28 counties of the 18th Congressional District. Expert publicity agents wrote Guill's speeches, his full-page newspaper ad, his smooth radio show. And the hoopla turned out a dizzy, unprecedented swell of more than 46,000 votes that buried the hopes and ambitions of Ben Guill.

"There were just too many votes," Mickey Ledrick of Pampa, Guill's campaign manager said later. "We had 17,000 we could count on our fingers. When the total returns climbed above 40,000, I knew we were licked."

Here were Guill's assets:

He had defeated Rogers once in the special election May 6. He had made a fine record in Congress. He had more personality than Rogers, was handsomer than Rogers and was as sincere and mature in manner as Rogers. He had a great war record—Purple Heart veteran, decorated for bravery. Roger had no war record though he had tried to enlist. Both Guill and Rogers worked like demons.

And campaign money. It was conservatively estimated that the Guill campaigners spent $10 for every $1 the Democrats put out.

PROBLEMS

Here are the main problems the Republican candidate faced:

1. How to persuade the Panhandle Democrat that he could legally and honorably split the ballot, voting for all Democratic candidates except Walter Rogers?

2. How to teach the Panhandle Democrat the simple mechanics of splitting the ballot?

And this is how the Guill forces went about solving these problems:

1. Continuous full-page ads in newspapers throughout the 18th Congressional District. In one instance, two full page ads ran in a four-page weekly newspaper! Many of these ads were sample ballots, marked for Ben Guill.

2. There were 79,000 eligible voters in the district. Every voter received, by mail, a sample ballot, marked for Guill.

Cheering motor caravans, some with paid entertainers, ran into every nook and cranny of the 28 counties. Music, speeches, enthusiasm and bales of Guill literature—including the marked, sample ballots.

4. Radio time was bought in enormous quantities for transcriptions of Guill speeches and speeches by Guill supporters. Sunday Nov. 5, all 10 radio stations in the Panhandle district carried a full-hour Guill show, a really expert production with "Onward Christian Soldiers" as background music. There were scads of speakers; Business and professional men; a minister; representatives of veterans organizations, three mayors, newspaper publishers and even Clyde Warwick of Canyon who had been Randall County Democratic chairman for 25 years.

Part of the show, transcribed, was repeated on Monday, day before the election.

5. Guill campaign headquarters in cities of the district helped generate enthusiasm, kept the literature flowing and arranged for Guill "non-political" appearances at meetings and luncheons.

6. Sound trucks blared for Ben Guill.

And what about the reserved, serious, Democratic candidate?

He had no publicity agents and no paid workers. He had not a single campaign headquarters anywhere in all the 28 counties of the district. He complained of a great lack of money "What funds I have came from little fellows who can't spare the money." His wife said her husband "won all on his own." But Rogers did travel 27,000 miles throughout the district. He says he "wore out an automobile, two pairs of shoes and two feet." He saw a lot of people.

Advantages Of Membership In National Guard

"I believe that it is to a man's advantage to be in the National Guard, receiving military training at home and being with men he knows if the unit is mobilized."

1st Lt. Weldon Kincaid said as he expressed a need for 40 more men to bring the Snyder guard unit to full peacetime strength.

Kincaid listed his openings in the unit for radio operators, riflemen mortarmen, scouts, and tank crewmen, as well as squad leaders and assistants for various squads in the troop.

BASIC TRAINING

In the guard, the commander explained, a man can learn basic subjects while he familiarizes and adapts himself to the ways of Army life. In a year, a man would receive 456 hours on duty in the 48 armory drills and two weeks of summer camp, compared with the 8,760 of duty he would have in the Army.

Instruction in the Snyder unit is carried on by officers and leading non-commissioned officers, the lieutenant added, and training is in accordance with the National Guard training program.

As for the pay, a man will get pay for a full day's duty for each two hours armory drill and full pay for the summer camps. If a guardsman goes to an Army service school, he receives full pay and allowances for the school's period.

Approximately 13 of the local guardsmen are taking correspondence courses from the Army, and when they complete the courses they will be eligible for commission when there is need for officers.

AGE LIMIT

A man of 17 or over can join the guard if he has not been called for induction by the draft or reserve. He may be deferred from the draft if not already called by joining the guard and keeping his attendance to a proper level.

If a man eligible for draft has taken his physical but not received his call for induction, he can join the guard and may possibly be deferred if he attends drills regularly. Reservists or other ex-servicemen may join and get their former ratings in the unit if they are open. If there are no openings at the time he enlists, he will be given the next highest rating open and will be in line for promotion.

The guard may be a replacement for Universal Military Training if it should go into effect Kincaid said. A guardsman will possibly be exempt from UMT if he is a regular attendant.

The enlistment period is three years, the commander concluded, and men interested may inquire for information or enlist at the armory on the 1900 block of Twenty-seventh Street.

Liver, heart, and kidney have high value as food because they supply us with iron and vitamins. The mother of a family is wise if she serves one of these foods at least once every week.

Blood Money Ordered Paid in English Court

TRIPOLI, Libia, (AP) — A British court invoked payment of blood money ("zia") under the Islamic law in the accidental slaying of two guests at a wedding feast.

Ahmed Ben Miftah, exuberant brother of the bridegroom, fired off his rifle to celebrate. One shot hit and killed two guests.

Judge Khalil Bey Khuri of the British court fined him $800, directing that the money be paid to dependents of the victims. But Ahmed Ben Miftah went behind prison bars for three months for possessing rifle and ammunition without permit.

McAllen Man Dies On Mexican Highway

REYNOSA, Mex., Nov. 14. (AP)—Cosme Rodriguez, 29, of McAllen was killed Sunday night when hit by an automobile on the Monterrey highway.

The driver of the car, Bill Pedon, 33, also of McAllen, was placed in jail.

England's Bonnie Prince Is Celebrating Second Birthday

By ALVIN J. STEINKOPF
(Associated Press Staff)

LONDON, Nov. 11. —Prince Charles, who is in line to be King of England some day, is a chatterbox at the age of two.

Nov. 14 is his birthday, and on this big occasion the little Prince is sure to have much to say. A good deal of his prattle will be perfectly understandable to his elders, including King George VI and the Queens who are his grandmother and great-grandmother.

But at the age of two Charles gets some things mixed up. He thinks a magpie is a ship, and he is at least half right.

"Magpie" is onee of the first words he learned to say, and when he uses it he does not mean the greedy bird which stalks about in English fields looking for shiny objects. The Prince means the Frigate Magpie of the British Navy the ship of which his father, the Duke of Edinburgh, is commanding officer. The Prince has heard all about the ship, and how it steams about in the Mediterranean on the King's business, from his mother, Princess Elizabeth.

How is the Prince now that he has reached the splendid age of two? At Clarence House on The Mall, his London Home, the answer is:

"NORMAL CHILD"

"He's a normal child. If he's a little livelier, a little taller for his age, a little noiser, and he is scared of nothing."

He is a scamperer, and in another year or so he is going to be a hard fellow to catch among the bushes at Balmoral. He is fair and blue-eyed, and his hair doesn't like to stay combed. Experienced nurses predict that he will not be quite as fair as his father and that his coloring and possibly his features will be more like those of Princess Elizabeth.

But at Clarence House guesses as to what he may be are discouraged. His parents believe that, at the age of two, it's still pretty hard to tell. Character hasn't formed, and the fleeting interests of childhood may change. So no hard plans as to his education have been announced. No one knows yet what his apitudes may be, so Prince Charles is going to go on being a boy for a while.

LIKES MUSIC

Nevertheless certain facts stand out:

Prince Charles likes band music, and he lives in the right spot to hear a lot of it. The Horse Guards do a good deal of maneuvering to music outside the window.

He likes soldiers.

He likes to ride in automobiles so it is assumed that he will be driving them some day as well as his father who on a number of occasions has been admonished not to drive so fast.

The Prince likes to ride in trains and, within the year, his tast in toys has undergone a change. He still takes the brown teddy bear of his babyhood to bed, but the newer toys ought to have wheels. The favorite at his second birthday is a blue elephant which rolls on wheels and bangs against furniture with volehce.

The most exciting event of his second year was, of course, the birth of his sister, Princess Anne. He shares the nursery with her on the third floor. He calls her "baby sister" and occasionally, under strict supervision, he is permitted to hold her. He is only 21 months older than she, a difference which in a few years will seem small. All members of the Royal Family believe it will be good for two children of similar age to grow up together.

NOTHING UNUSUAL

There is nothing unusual about the Prince's diet, or way of life. He gets the orange juice and cod liver oil available to all British children, and so far he has escaped the classic diseases of childhood. The Royal Family expects that measels, chicken pox and whooping cough will be coming along, but all that has happened so far is a touch of tonsilitis which responded readily to treatment. The Prince has been innoculated against small pox and diptheria.

Since his last birthday Prince Charles has lived in four places. They are his home in London, the King's estate at Sandringham and Balmoral and at the Royal Lodge at Windsor.

At Windsor, just a few weeks ago, the Prince made a fascinating discovery. In the garden at the Royal Lodge he ran into a little thatched cottage with a Welsh name—Ybythin Bach. It means "Little House" and was a gift of Welshmen to Princesses Elizabeth and Margaret. It's a proper Welsh cottage, but built to scale for children. Children can get into it and with diminutive furniture set up housekeeping in the tiny rooms. Grown people can't get in without stooping and usually don't stay long—so it is a hide-away for kids. It is expected that Prince Charles will be taking charge of Ybythin Bach soon.

DOGS IN HIS LIFE

In addition to baby sister there are several dogs in Charles' life. Favorites are Corgis, named Sugar and Susan. Charles doesn't know it, but he has a jet black Shetland pony named Cloudy. He hasn't seen Cloudy yet, and it is expected that he will have to wait a few years before starting to ride.

Something else he doesn't know is that his name has been applied to a number of objects and places. There is a Prince Charles Strait in the Shetland Islands. In the Canadian Arctic there is a Prince Charles Island, in Ontario Prince Charles School, and in Scotland a Prince Charles Dance which is gaining popularity in the Highlands. A new trawler of the British fishing fleet is the Prince Charles.

But such use of the Prince's name is discouraged by his parents. They hope that Prince Charles will be a small boy, and nothing more, for a long time.

Await Reports About Suicide

COLUMBUS, O., Nov. 14. (AP) — Authorities awaited a toxicologist's report today in the apparent suicide death of 40-year-old Miss Isabel Smith, secretary of the Senate Foreign Relations Committee.

Miss Smith was found dead in bed in her sister's home here yesterday.

Police reported she left a suicide note saying she was taking her life because of the strain and pressure of her work.

Miss Smith had been on assignment from her Senate job as an attache of the United States delegation at the United Nations. She came here by airplane Saturday for a "short visit," according to her sister, Mrs. Agnes Clancy.

Dr. Robert A. Evans, Franklin County coroner, said a small empty bottle was at the bedside. He said he believed the bottle had contained headache tablets.

The coroner said an autopsy showed negative results, and that he was withholding a verdict pending a toxicologist's report.

Managing Editors Hold Meeting In Atlanta

ATLANTA, Nov. 14. (AP) — About 500 managing editors are assembling here for a briefing by two government leaders and a discussion of the Associated Press news report.

Registration for the four-day annual convention of the AP Managing Editors Assn. begins today and a board of directors meeting is scheduled for tonight.

General sessions begin tomorrow. AP executives and members of the APME will discuss all phases of the news and photo report.

Tokyo Bureau Chief Russell Brines, director of the Korean war coverage, will address the group tomorrow afternoon.

Thursday, W. Averell Harriman, special assistant to President Truman, will speak on the United States' role in world security.

Gen. Omar Bradley, chairman of the joint chiefs of staff, will highlight the Friday session with a report on national defense problems.

DON'T LET THIS HAPPEN TO YOUR CAR!

A "Seeing Eye" Dog is invaluable to a person without sight. A clear windshield is invaluable to a person driving a car. If yours is damaged, have it replaced today. Insist on Libbey-Owens-Ford Hi-Test Safety Plate Glass for clearer vision and greater safety.

Transcribed Sermon Wins Congregation

VANCOUVER, (AP) — The rich voice of a young Scottish minister, transcribed in Scotland and heard by a church congregation in Vancouver, won for the Rev. W. M. Stevenson the pastarate of a new church.

The 37-year-old minister's last parish was Dunoon, Scotland. When informed of an opening in Vancouver, he hit upon a recording as the best means of selling himself to his prospective congregation. His 12-inch recording was a short sermon on prayer.

2 Bankers Injured In McAllen Wreck

McALLEN, Nov. 14. (AP) — President Milton Brown, 58, and Vice President Dewey Ralph, 49, of the Mercantile National Bank of Dallas are recovering from injuries suffered in a traffic accident Sunday.

The two executives were en route to the tri-citian airport to take a plane to Dallas when the taxicab in which they were riding failed to make a curve and turned over.

When you buy ready-to-cook poultry, you can afford to pay more a pound than for "dressed" poultry which includes removable wiese such as head, feet and inside organs, advises the Department of Agriculture.

If Your Diet Is Deficient in Vitamin B this great new formula can help you build

RICH RED BLOOD

...help you curb diet deficiency symptoms like

UNDERWEIGHT
WEARINESS
CONSTIPATION
FATIGUE
BACKACHE
'NERVES'

Do you sometimes wonder what in the world can be the matter with you? You *know* that you have no diseases, no infections . . . yet you're always "out" on your feet, constantly over-fatigued, nervous, weak, irritable, cheerless. *(This is especially true of older people.)* Well, scientists have learned that such a condition may be due to the simple fact that you do not get enough B-Vitamins in your diet.

BEXEL SPECIAL FORMULA MAY DO WONDERS FOR YOU

Naturally it is wise to consult your doctor, since such a condition *may* be due to other causes. But if mild Vitamin-B and Iron deficiencies *are* the cause of your bodily distress, then a great new scientific discovery, Bexel Special Formula, may do *wonders* for you! It may be *exactly* what you need for glowing, vibrant, good health.

Everybody knows the importance of Iron in your diet to help you build RICH, RED BLOOD. Well, just ONE capsule of Bexel Special Formula (that's all you take a day) contains *5 times* the minimum daily requirement of both Iron and Vitamin B_1. Also Choline, Inositol and Liver in supplementary quantities!

YOU MUST FEEL BETTER OR YOUR MONEY BACK!

Try Bexel Special Formula for just 30 days. If you don't feel better . . . *definitely*, noticeably better . . . we'll refund your money without question!

So *today*, get *Bexel Special Formula* B-Complex Capsules . . . product of McKesson & Robbins.
