ALL OFFICIALDOM MOURNS PASSING OF COOLIDGE

NATION JOINS HER IN MOURNING

An entire nation and all officialdom throughout the world joined Mrs. Grace Goodhue Coolidge, below, today in her sorrow over the death of her husband, the former President Calvin Coolidge. One of the most popular of all First Ladies of the United States, Mrs. Coolidge was admired by all "common folk" throughout the land. The picture below is from an oil painting made of Mrs. Coolidge while her husband was the nation's chief executive.

GRACE GOODHUE COOLIDGE SHOWING SAME MAGNIFICENT COURAGE IN HER HEART-RENDING LOSS OF LIFE-MATE

(By The Associated Press)

NORTHAMPTON, Mass., Jan. 6—Grace Goodhue Coolidge was facing today the heart-rending loss of her husband with the same magnificent courage and poise with which she had shared Calvin Coolidge's early struggles and later the burdens of the chief executive of the United States.

It was she who was the first to see her husband on the floor of his dressing room. She ran downstairs, stopped at the landing, and called to Harry Ross, the former president's secretary and friend: "My husband is dead." Her voice was described by Ross as "calm, although she was greatly affected."

She had been his constant companion and help-mate from the days when the young Vermont farmer boy, with a job in a local law office, took her from her school teaching to be his bride in 1905. She was 26 at the time.

The young newlyweds set up housekeeping in the famed two-family house which was the Coolidge home all through the days of his governorship until he became vice president, and to which they returned from the White House.

"We New England women cling to the old days," she once said, "and being the president's wife isn't going to make me think less about the domestic things I've always loved."

The tragic business of making the necessary funeral arrangements was carried on calmly.

Capital Social Season Is Halted

WASHINGTON, Jan. 6 (AP)—The national mourning for Calvin Coolidge has slashed into the picturesque Washington social season, eliminating the long round of White House official receptions and dinners and greatly curtailing even less formal functions.

It is the second time in the single term of President Hoover that the glitter and pomp of the capital's society has been subdued by death of a former president. Early in 1930 the passing of William Howard Taft, but shortly retired from the chief justiceship, suspended all functions for th ewinter.

The period from January to Lent sees virtually all of the really formal functions of the White House.

PRESIDENT AND CABINET WILL BE AT BIER

FUNERAL SERVICES TO BE HELD SATURDAY AT PLYMOUTH

(By The Associated Press)

WASHINGTON, Jan. 6.—The capital mourned Calvin Coolidge today in genuine sorrow.

President Hoover, his cabinet and chosen members of congress made preparations to go to Northampton for the funeral of the former president tomorrow.

Congress resumed the debates that were so suddenly hushed yesterday by the tragic news, but the members showed p lainly that the loss overshadowed to them even the pressing affairs with which they dealt.

Flags At Half-Mast

The countless public buildings with their half-staffed flags mutely indicated the thirty-day period of mourning proclaimed by President Hoover.

A special train carrying the President and Mrs. Hoover along with outstanding leaders in government service, will leave the capital about midnight tonight to take them to Northampton. The special train will place the party in Northampton to-

(Turn to Page 9, Column 5, Please)

FUNERAL SERVICES SET

NORTHAMPTON, Mass., Jan. 5—(AP)—Funeral plans for Calvin Coolidge tomorrow: 10:30 a. m.: services at the Jonathan Edwards church with Rev. Albert J. Penner officiating and President Hoover and other high dignitaries attending; the mourners, including Mrs. Coolidge, Mr. and Mrs. John Coolidge and friends will motor to Plymouth, Vt., 100 miles away, immediately after the services; arrive at Plymouth about 3 p. m.; services by Rev. Mr. Penner at the grave where Mr. Coolidge's father and son are buried.

Would Make Texas Tech A College Of Arts And Sciences

COMMITTEE ON ORGANIZATION AND ECONOMY IN TEXAS RECOMMENDS REVOLUTIONARY CHANGES IN SET-UP OF THE STATE GOVERNMENT

(By The Associated Press)

AUSTIN, Jan. 6—Texas Technological college would be transformed into West Texas College of Arts and Sciences, if a recommendation of the joint committee on organiation and economy of the state legislature were to be effected.

Revolutionary changes in the administrative set-up of the Texas state government, designed to centralize authority and responsibility for the economical operation of state functions, has been recommended to the legislature by the committee.

The recommendations will be submitted at the regular session of the legislature starting next Tuesday. The committee had worked virtually two years making a survey of the government. Its recommendations provided for the reduction of the 131 governmental units into 19 composite departments, heads of which would be appointed by, and made directly responsible to, the governor in most instances.

Consolidation of the higher institutions of learning into two main systems, the University of Texas and Texas A. and M. college, and four independent colleges, each under a president appointed by the board of education, was proposed. The department of agriculture would be abandoned and its functions taken over by the extension

BANDITS FLEE AS CASHIER FIRES GUN

NONE IS INJURED AS OFFICIAL RETURNS THUGS' FIRE

(By The Associated Press)

HOUSTON, Jan. 6.—H. D. Brown, cashier of the Spring State bank at Spring, near here, today shot it out with two holdup men and prevented a robbery of the bank. No one was wounded.

Brown, victimized a year ago in a $7,380 robbery of the bank, dropped beneath a counter when two armed men appeared in the bank today, demanding money.

Flee Toward Conroe

They began firing through the counter at him. He obtained a pistol, arose and fired back. They fled in an automobile, driven by a third man, toward Conroe.

Brown was at work at an adding machine and turned to face the barrels of two pistols, he said.

He was ordered to open a rear door.

"As I started to the door a pistol attracted my eye. It was lying on the shelf near the money under the counter. I said to myself: 'This is my chance', and ducked under the counter, and grabbed the pistol," he said.

"They started shooting.

"'Get him when he comes up!' one directed the other.

"I lay down on the floor and fired one shot through the counter thinking I might accidentally wound one of them in the leg.

Fires Into Air

"Then I fired five more shots in the air.

"I heard an automobile drive off.

"My pistol was empty and a I grabbed a double barreled shotgun in the corner and ran out the door. I saw the machine turn the corner, headed north. One of the men was sitting on the hood of the car. I ran to the corner and fired the shotgun twice at the machine when it was about 150 or 200 yards down the road, but they were too far away for the shots to take effect."

FORMER HEAD OF ODD FELLOW IS SUICIDE VICTIM

STAMFORD, Jan. 6 (AP) — Ray Rector, 48, prominent civic worker of Stamford and past grand master of Texas Odd Fellows, died last night by his own hand. His body was found at 3 o'clock this morning in the garage of his home with a gunshot wound, the heart pierced, fired from a 20-guage shotgun. A note left to his wife said: "Goodbye all, not afraid to go. See you in the morning. (signed) Ray."

Justice C. L. Meeker, who held an inquest, expressed the opinion the shot was fired early Thursday night. Discovery of the body followed a search started about midnight, at request of Mrs. Rector when her husband had not returned from a meeting of the Stamford school board, which, it developed, he had not attended.

Friends said Rector had been depressed over distressing cases brought to him as charity relief director of Stamford.

QUIET BROKEN EARLY TODAY BY BATTLE

REINFORCEMENTS ARE USED BY CHINESE; JAP SHIPS SENT

(By The Associated Press)

SHANGHAI, Jan. 6.—Two days of quiet on the Shanhaikwan battlefront was broken today with a renewal of hostilities between Chinese and Japanese forces.

Rifle fire broke out on the battle line extending from one mile west of Shanhaikwan to near the limits of the city of Chinwangtao, seaport several miles southwest of Shanhaikwan. The opposing armies faced each other from opposite banks of the Tashih river.

Jap Ships Gather

Driven from the walled city of Shanhaikwan, China's northern railway exit, the Chinese were reported bringing up reinforcements from Tientsin on the railroad which passed through Chinwangtao. Japanese warships were gathering in the Chinwangtao harbor and additional Japanese troops and ammunition were reported brought into Shanhaikwan from Manchuria.

Further operations on the scale of the terrific three-day bombardment and street battle for possession of Shanhaikwan early this week were believed indicated by the troop concentrations.

Thought "Smokescreen"

Chinese officials at Nanking professed to believe the Japanese government's announced policy to "localize" the Shanhaikwan incident was a "smokescreen" and they feared the Japanese would push along the railroad leading to Tientsin and Peiping or else begin their long predicted drive northwestward into Jehol in a campaign to add that province to Manchukuo, the the Japanese-sponsored Manchurian state.

The Chinese nationalist government officials stated no negotiations were under way at the present time seeking a settlement of the conflict.

Democrats Plan Budget Program

SPECIAL SESSION OF CONGRESS OPPOSED AT CONFERENCE

WASHINGTON, Jan. 6 (AP)—Speaker Garner said today he had a tax plan "which I think is not quite as painful" as the proposed increase in income taxes but he declined to disclose its nature at this time.

(By The Associated Press)

NEW YORK, Jan. 6.—A Democratic program to balance the national budget now without necessity of an extra session of the new congress this spring has been evolved here at a conference between President-Elect Franklin D. Roosevelt and congressional leaders.

It calls for an increase in income taxes; enactment of the proposed levy on 3.2 per cent beer; continuation of the gasoline tax and a $100,000,000 slash in appropriations below the Hoover budget.

Would Boost Rates

The new tax plan provides for a boost in the normal income tax rates from 4 per cent on the first $4,000 net income and 8 per cent on income above that to 6 per cent and 8 per cent, respectively.

It also proposes a cut in exemptions for married persons from $2,500 to $2,000 and a continuation of the present slash for single persons from $1,500 to $1,000.

Mr. Roosevelt, who has banned the sales tax recommended by President Hoover, presided over the conference, held last night. In a subsequent talk with newspapermen he declined to comment except to say he did not disagree with the suggestions for legislation.

Estimate Accepted

The Democrats said the Hoover estimate of the deficit for next year was $492,000,000. They accepted this disputed figure and based their calculations accordingly.

Their plan calls for raising $125,000,000 by the proposed levy on beer; $137,000,000 by continuation of the gas tax; reduction of an additional $100,000,000 in expenditures; and $130,000,000 by the new income tax rates.

Favors Parity Plan

It was learned that the president-elect looks favorably on the "parity plan" farm relief bill pending before the house. He recalled to newspapermen that he had asked organized agriculture to get together. He also was of the opinion that they were together on this legislation.

There is no desire on the part of Mr. Roosevelt for an extra session. The Democrats are represented as feeling that if a special session is forced, now that a Democratic plan is ready, the onus is on the Republicans.

PROPOSED TAXES EQUAL WAR HIGHS

WASHINGTON, Jan. 6—(AP)—The new income tax rates decided on by President-Elect Roosevelt and Democratic congressional leaders on

Had Right Idea, Wrong Technique

CHICAGO, Jan. 6— (AP)— As the police tell it, Thomas Bolger, had the right idea but the wrong technique.

He is accused of being in the tailoring establishment of Samuel Green when Mr. and Mrs. Green were asleep. It seems he stubbed his toe, awakening Mrs. Green, who said:

"Tommy! Tommy! Get back in your box."

"Meeeoow — meeoow," said "bow-wow" Mrs. Green's Tommy Bolger, who is a fast thinker.

When police came in response to Mrs. Green's telephone call Bolger learned that he should have said "bow-wow". Mrs. Green's Tommy isn't a cat. It's a wire haired terrier.

THREE KILLED IN SHOOTING

FATHER AND HIS TWO CHILDREN SLAIN BY BROTHER-IN-LAW

(By The Associated Press)

WASHINGTON, Jan. 6.—Three members of the Donaldson family—Silas, the father, a son and a daughter—were shot and killed last night by Charles Donaldson, 48, brother of Silas.

Police said that Charles Donaldson, who had been drinking, shot George, 18, and Mary, 14, after breaking down the door to their bedroom.

Mrs. Agnes Donaldson, mother of six children, told police her brother-in-law had lived with them, and there had been quarrels.

The man was arrested.

Services Held For Five Fire Victims

BARSTOW, Jan. 6. (AP)—Funeral services were held at Barstow yesterday for the five persons who lost their lives Monday night in a farm house fire.

The dead were W. T. Hood, 27, tenant farmer; his three daughters, Dolly, 5, Oma Lorraine, 3, and Mary Wando, 14 months; and Catherine Hood, 3, daughter of Mr. and Mrs. Jack Hood.

Five other members of the two families, severely injured in the blaze, were resting fairly well today. They are Mrs. W. T. Hood, Jack Hood, Leroy Hood, 9, and Warren Hood, 6.

The fire started when gasoline was thrown on a stove about which the families were grouped.

DEL RIO, Jan. 6 (AP)—The body of Patricio Flores, 40, who disappeared Christmas day after a celebration in Mexico, was found in the Rio Grande near Langtry Thursday. He had worked in this country as a cowhand. Survivors were his widow and five children.

HIGHWAY BODY IS SCORED

LYNN FLAYS METHODS OF BUYING PARTS AND EQUIPMENT

(By The Associated Press)

AUSTIN, Jan. 6—Moore Lynn, state auditor, today issued two volumes of a report criticizing the purchasing methods followed by the state highway department in the purchase of equipment and parts. He expressed the feeling that the purchasing in the highway department should yet be made the subject of legislative investigation and consideration.

The report listed 82 specific questions asked by the auditor of the state equipment engineer concerning practices followed in cited instances and listed the engineer's answers.

Irregularity Discussed

Failure of the department to take bids on competitive equipment and parts was criticized. Allegedly irregular practices in taking bids and making requisitions also was discussed.

In a prior report the state auditor had recommended that purchases in the highway department be made through a central purchasing division, with final purchasing authority resting with the board of control.

It was found in the investigation that too much use was made of emergency purchases in the case of materials for maintenance of roads and parts for repair of equipment. Lynn stated. The state board of control was found to have failed to exercise the duties imposed on it relating to responsibility for purchases.

Son Of Ex-Leader Of Spain Sentenced

MADRID, Jan. 6 (AP)—Fernando Primo De Rivera, son of the late dictator of Spain, was sentenced in court today to three years, four months and eight days imprisonment, a fine of 150 pesetas and 120 pesetas indemnization charges (about $22 in all) for kicking a policeman.

In the early morning September 7, 1930, the brothers Miguel and Fernando Primo De Rivera and a friend parked automobiles in a forbidden place. Taxi drivers protested and engaged them in a quarrel. Fernando kicked the policeman while he was being taken to headquarters.

Oklahoma Solons To Ask Showdown

OKLAHOMA CITY, Jan. 6 (AP)—Leaders in both houses of the Oklahoma legislature announced today they will ask a showdown this afternoon on resolutions calling for investigations of military oil proration enforcement, the proposed Williston gap highway project contract and operation of the University of Oklahoma student union.

Senator Woody Dixon, author of the resolutions calling for an inquiry into Governor Murray's military enforcement of oil proration rules in the Oklahoma City field, said he planned to ask adoption of the resolution today.

WIDE SECTION IS SWEPT BY FLOODS

MEMPHIS, Tenn., Jan. 6 —(AP)— Valley dwellers where the St. Francis river separates northeastern Arkansas from southeastern Missouri scurried for higher ground today as flood waters poured through five levee breaks and gushed over some 68,000 acres of lowland.

The river was falling in the vicinity of Kennett, Mo., as the breaches but down at Big Lake near Blytheville, Ark., a crew of 150 worked to sandbag barriers against rises there.

Meanwhile, through the Mississippi delta and elsewhere that swollen streams have caused concerned, tension slackened as anticipated heavy rains failed to materialize.

ASKS LOAN DETAILS

WASHINGTON, Jan. 6 (AP)—The house today requested the Reconstruction corporation to make public details of loans made by the corporation between February and June last year.

TECHNOCRACY THEORY TERMED "A $10 WORD FOR A 10 CENT IDEA" BY PROF

DALLAS, Jan. 6 (AP)—In an attack on "technocracy", Prof. Donald Scott of the Southern Methodist university school of commerce termed the theory "a $10 word for a 10 cent idea."

Speaking before the Salesmanship club here, Prof. Scott asserted that "its just not good sense to think that the more you produce, the less you have."

Says Theory Failure

He declared that in the 180 years that the theory has been tested by facts it has not stood up.

Citing figures on unemployment he pointed out that in the cycle 1897-1908, it averaged 10.2 per cent; in the cycle 1909-1921, 9.8 per cent; and 1922-1928, 7.5 per cent.

His conclusion was that unemployment decreased and the standard of living rose during the very period when, he said, the "technocrats" claim that the machine was putting people out of work.

"Economic laws show that unemployment cannot be caused by labor saving devices," he said, "so long as there are unsatisfied desires. The machine merely raises the standard of living. Temporary technological unemployment is merely the price we must pay for progress.

Scores Meddling

"Don't get side-tracked by 'technocracy' and lose sight of the real trouble, which is governmental meddling with business and oppressive taxation. The government has meddled with farm relief and relieved the farmers of half their purchasing power.

"The government has disorganized the banking system and through the federal reserve system brought about inflation and the stock market boom, and through its prohibition of branch banking it kept recovery distant.

"The government's ridiculous tariff has demoralized the export business.

"The worst thing about it all is that the government uses the proceeds of its excessive tax revenues to set up further oppressive and meddlesome bureaus.

Fourteen years ago we spent fourteen billion dollars to make the world safe from democracy, and now we are spending much more than that to keep it safe for bureaucracy."

Charges Are Filed In Texas Slaying

HENDERSON, Jan. 6 (AP)—Murder charges were filed here last night before Justice of the Peace J. A. Head against William (Mike) McDonald, 43, in connection with the killing of Ralph Russell, 42, whose body was dragged from Graham lake, 12 miles from Henderson, near Carlisle, in the East Texas oil field. Russell had been shot behind the left ear and his body wired to a log. A coroner returned an inquest verdict of murder.

Russell came here two years ago and had no close friends excepting McDonald, who lived nearby. Russell rented boats to fishermen at the lake.

He disappeared a month ago. McDonald was arrested for questioning when Russell's automobile allegedly was found in his possession.

HEADS VETERINARIANS

SAN ANTONIO, Jan. 6 (AP)—Dr. T. O. Scott, Waco, was elected president of the State Veterinary Medical association here last night. Other officers chosen were: Dr. R. L. Rhea, San Antonio, first vice-president; Dr. S. C. Severn, Seguin, second vice-president, and Dr. D. Pierce, Leonard, secretary, and treasurer.

BLACKIE LESTER TO FACE CHARGE

R. B. ("Blackie") Lester, 39, a former convict, of Lubbock, was to have a hearing before County Judge E. L. Pitts this afternoon on a charge of aggravated assault, filed this morning by County Attorney Vaughn E. Wilson.

Lester is charged with striking and kicking Mrs. Vesta Hawkins at her home at 1211-B Ninth street. Lester and a 16-year-old boy, who lives at the Tourist hotel, as does Lester, were arrested by police about 4 o'clock this morning.

The boy, a brother of Mrs. Hawkins, asked that a complaint be filed against Lester, and Lester, in turn, asked that an assault charge be entered against the boy, police said. Lester alleged the boy had entered his hotel room and assaulted him, police said.

own recognizance until later this morning, when Lester's case was transferred to county authorities.

Jenkins Might Be Returned To Texas

LOUISVILLE, Ky., Jan. 6 (AP)—Federal papers which may force his return to Dallas, have been served on Hubert Johnson Jenkins, accused of kidnaping his son, Hubert, jr.

One paper was a restraining order preventing him from suing on a $10,000 life insurance policy in which the boy is named beneficiary. The other was a summons to appear in Dallas court January 17, for determination of the boy's guardianship.

The boy's step-grandmother was appointed his guardian in Texas. His father left the state with the child, and Gov. Ruby Laffoon refused to honor extradition papers for his return to face kidnaping charges.

ROBBER DRESSED AS MESSENGER BOY ROBS BETTY COMPSON OF HER GEMS

HOLLYWOOD, Calif., Jan. 6 (AP)—A robber dressed as a messenger boy entered the home of Betty Compson, threatened her life, bound and gagged her and escaped with jewelry the film actress said she valued at $41,500.

The actress, reporting last night's robbery to the police, said the man also bound and gagged E. D. Leshin, her former production manager, who was visiting at her home. She said the jewelry was insured.

Miss Compson, the former wife of James Cruze, film director, said she and Leshin were playing cards when the robber knocked on the door of her residence.

"Miss Compson?" he asked.

The actress replied in the affirmative and opened the door.

The robber pushed open the door and forced Miss Compson into the room with Leshin. He made them walk up the stairs to a bedroom where he bound and gagged Leshin.

The actress said before binding and taping her mouth, the robber forced her to reveal the hiding place of the jewelry.

Fifteen minutes after the man fled, Miss Compson freed herself and Leshin and called police.

THE WEATHER

WEST TEXAS: Generally fair except mostly cloudy in southeast portion tonight and Saturday; cooler in north portion Saturday; cooler in north portion Saturday.

EAST TEXAS: Partly cloudy, warmer tonight in northeast portion: Saturday partly cloudy. Light variable winds on the coast, becoming southerly.

OKLAHOMA: Partly cloudy, warmer in east portion tonight; Saturday partly cloudy, cooler in west portion.

ALBANIA CELEBRATING 20TH YEAR OF FREEDOM IN BIG BOOM OF BUILDING

★ ★ ★ ★

Under King Zog, Albania, the world's youngest kingdom, is marking its twentieth year of freedom with an era of building activity which is revolutionizing its appearance. Street scenes like that at the top grow fewer, those like the one below increase.

BY WADE WERNER

TIRANA, Albania, (AP)—Albania, Europe's youngest and smallest kingdom, is celebrating 20 years of freedom.

The monarchic government of King Zog is not nearly that old, but it was 20 years ago, 1912, that Albania declared its independence of Turkey.

That was during the first Balkan war. Since then, Albania has been through a world war and half a dozen revolutions.

In those same 20 years the country has been successively a principality, a republic and a kingdom, while its leading personality, Zog, has functioned successively as minister of the interior, prime minister, commander-in-chief, president of the republic and king.

Settled conditions have existed for hardly seven years, and most of the constructive work done in the new Albania has been accomplished since 1927.

"Revolution" Under Way

Today another recolution, noisy but none the less peaceful, is afoot. Armed with the clattering implements of construction the "sons of the eagle" — as citizens of this mountainous land call themselves—are transforming their country from a purely picturesque region into a modern state.

Anyone coming from countries where building seems to have ceased is bewildered by the number of new public and private structures. And the racket of building has a volume which makes "building boom" sound like a weak phrase to apply to it.

New Buildings Everywhere

New schools, new hospitals, new barracks, new government buildings, new business blocks, new factories, new harbor facilities, new homes, new highways, new bridges, new pavements, new foreign legations, new residential subdivisions, new everything.

Many an American municipality would be glad to have Tirana's new 250-bed hospital, with operating rooms and X-ray department that are the last word from Berlin.

More than one state would be glad to have the model agricultural school which the Near East Foundation is building at Kavaja.

Even where buildings are newest, of course, one sees glaring contrasts between the modernity of the architecture and the tenacity of old habits and customs.

For instance, the shiny front of a new school, and nearby a girl of kindergarten age struggling along under a heavy load of wood.

But the Albanians themselves are the first to say: "Only a beginning has been made. Give us time."

IN CANADA, TOO

MONTREAL,—Passenger and air mail traffic in Canada is increasing as rapidly as in the United States. Recent figures of the Canadian Colonial Aairways show that the line operating between Montreal, Albany and New York showed an increase of 51 per cent in the number of passengers and 190 per cent in the amount of air mail carried in the past 12 months.

More than 1,000,000 school children are reported to be members of "milk clubs" formed by milk producers in Great Britain.

LOCAL WOMEN ARE INJURED

MRS. AKERS AND MRS. FICKAS HURT WHEN AUTO OVERTURNS

When an automobile in which they and three younger persons were riding overturned at De Leon, Comanche county, about 1 o'clock Wednesday afternoon, Mrs. W. R. Fickas, wife of a Lubbock drug store proprietor, and Mrs. C. B. Akers, wife of a theater manager here, were injured.

Wilbur Roberts, about 19, was driving the automobile, owned by Mr. Akers, when it overturned after a rear casing blew out. Roberts; his younger brother, Marion, about 11, and Mr. and Mrs. Akers' 7-year-old daughter, Shirley Ann, escaped injury. The Roberts brothers are sons of Mrs. Fickas.

Mrs. Fickas and Mrs. Akers received emergency treatment at De Leon. The group was returning to Lubbock from Cleburne when the automobile overturned. They arrived here in the car early Thursday. The vehicle, a Chevrolet sedan, was not damaged badly, Mr. Akers said.

While Mrs. Akers escaped with body bruises, Mrs. Fickas suffered an injured left shoulder, a minor gash near the left shoulder, and body bruises. She narrowly escaped a broken collar bone and a broken neck, an attending physician said.

The Akerses and the Fickases live in an apartment house at 1602 Avenue K.

SHOES TO BOOT

SALT LAKE CITY, Utah.—Had a certain University of Utah coed been less honest, she could have had shoes to last for many seasons. The other day a shoe salesman put his sample line in the rear of a car that he thought to be his own but which belonged to the coed. The next day the girl's father was going to use the car. He opened the rear compartment of the car and found it filled with shoe boxes. An ad in a newspaper solved the mystery.

Positive Relief For Itchy Skin

Cooling and soothing Blue Star Ointment melts on the skin, sending tested medicines deeply into pores where it quickly kills itch, tetter, rash, eczema, foot itch, ringworm, etc. Money back if it fails.—Adv.

Would You Spend A Few Cents To Save Several Dollars?

Any one would spend a few cents to save a dollar. And that is exactly what you do, again and again, when you buy this paper and read its advertisements and act on their advice.

A single fortunate purchase saves you more than the price of a year's subscription. And buys you better things — for the table, for the house, for yourself. Smarter clothes, extra convenience, increased comfort. All sorts of new satisfactions.

Form the good habit of reading the advertisements with care. The news they contain is valuable and practical. News that's good. News that means better living.

On the Hunt

Hamlin Garland, author of "A Son of the Middle Border" and many other novels of the American scene, is 70 years old, and dean of American novelists. Here you see him in one of his rare photos as he sailed for Hawaii on the quest of new story material.

The number of patent applications awaiting action in the patent office was lower on September 30 than at any time in the past five years.

1312 BROADWAY

MUNICIPAL AIRPORT FACILITIES ARE DESCRIBED IN ARTICLE BY BREEDLOVE

An article by W. C. Breedlove, manager of Lubbock Municipal airport, in the November issue of Southern Aviation, describing facilities of the municipal port, was written shortly before the port officially received an A-1-B rating from the aeronautics division of the United States department of commerce. An air-view of the hangar and part of the field, photographed by a United States army air corps cameraman from Brooks field at San Antonio, accompanied the article.

Equipment and facilities, as listed by the port manager, were:

Position—Latitude, 33 degrees 37 minutes; longitude, 101 degrees 45 minutes; altitude, 3,251 feet; four and a half miles north of city beside paved highway.

Description—Size, 640 acres, one mile square; surface, sqd; gradient, level; entire field available; 3,000 feet outlined with white boundary lights.

Obstructions—Pole line 600 feet west of hangar; hangar to west of field.

Marking and identification — Standard 100-foot circle, center of field; "M-Lubbock" on hangar roof; white boundary lights with white crushed rock outline landing area; T-wind cone on northeast corner of hangar; the word "Lubbock" with direction arrows and distances markers on two compresses in the city.

Lighting—Beacon with green auxiliary beacon flashing letter K six times a minute; white boundary lights outline landing area; floodlights for night landings; hangar floodlights; direct lighting on T-wind cone; personnel for operating lights at all hours.

Accommodations — Personnel for servicing aircraft day and night; no landing fee; standard storage rates and service charge.

Fire-proof hangar, 86 by 120 feet, with 18 feet door clearance; minor repair facilities; specification fuel and oils; guard at all hours; fire apparatus.

Waiting and rest rooms; free transportation to city; first aid equipment; register for noting arrival and departure; personal service from airport manager at all hours; expect to install cafe soon.

Communication and signal—Telephone facilities; also radio for weather reports and entertainment.

Meteorology data — Complete weather instruments installed; prevailing winds, summer, south and southeast; winter, north and southwest; heaviest winds usually from north and southwest; average per year, 8.25 miles per hour.

Precipitation—Average per year, 19.86 inches.

WORKERS GET ROAD DOLLAR

NEARLY 100 PER CENT OF FUNDS IN TEXAS GOES TO LABOR

HOUSTON, Jan. 6—(Special)—Ordinarily every dollar spent on highway work is divided into 90 cents for labor and 10 cents for materials, but in Texas tht road dollar is almost 100 per cent labor because all materials are produced within the state, W. O. Huggins, president of the Texas Good Roads association pointed out yesterday.

Road work thus has as high a value in relieving unemployment as any pursuit, the statement said said. Earth, rock, sand and gravel, shell from which cement is made and numerous other minerals all lie beneath the surface of Texas soil and are useless until mined or produced by human hands. Reinforcing bars, a comparatively trifling item are the only out-of-state materials required.

Thus with 20,000 men now on the payrolls of the highway department and the contractors doing the work, with thousands more producing road materials and with some 30,000 additional persons at work in associated lines of endeavor, the association estimates that the food and shelter of 100,000 men, women and children of the state depend chiefly upon the highway program.

RAIL MECHANIC KILLED

MEMPHIS, Jan. 6 (AP)—Michael Woods, 67, employed by the Missouri Pacific railroad at Mart, Texas, for 30 years as a mechanic, was killed here yesterday when run down by an automobile. Woods had been in Memphis several weeks. His last address at Mart was the Abraham hotel. Ed Haley, 37, said by police to be the driver of the car which struck Woods, was arrested on a manslaughter charge.

TECH-MADE COAT PRESENTED "MA"

A coat, every part of which was produced, manufactured, designed, and tailored at Texas Technological college, has been sent to Mrs. Miriam A. Ferguson, the incoming Texas governor.

Wool in the coat was produced on sheep owned by the school of agriculture, and the cotton was produced on the college farm. The raw materials were made into cloth in the textile engineering department.

A graduate in home economics, directed by an instructor in the department of home economics, made the coat.

after SMOKING

Soothes the throat. Freshens the mouth

VICKS MEDICATED COUGH DROP

OVERCOMES BAD BREATH

The custom of wearing orange blossoms at weddingss is thought to have orginated with the Moors. Orange blossoms to those people are symbols of chastity and fecundity.

Dizzy, Faint Feeling

BILIOUS ATTACKS

"I would get bilious, have a bad taste in my mouth, and my head would ache and feel dull, and I would get dizzy and faint," writes Mr. Claude O. Taylor, of Greer, S. C. "My mother thought this trouble came from biliousness. She gave me Black-Draught and it relieved me as nothing else had. I have quit having the fainting spells, for if I feel that I am getting bilious I take Black-Draught in time."

In Thedford's Black-Draught you have a natural laxative, free from synthetic drugs.

$8.95

$8.95 is "Ward's" Price but don't let the "8.95" mislead you—you'll know the minute you see them they were never intended to sell at anywhere near such a ridiculously low price.

They're all suits from one of the country's foremost makers . . . suits for which you would normally pay dollars and dollars more . . . of fine all wool worsteds . . . rich fabrics you never hoped to find at anywhere near this price. Every suit tailored with the care and skill for which this maker is famous . . . with genuine hymo lapels, seams and edges all taped. That's technical but it means a lot in *the appearance — the wear* and *the value* of a suit!

Every suit is brand new—this season's styles—with such variety of shades and patterns that satisfactory selection is a thing assured.

Ninety-Eight Patrons, Teachers Attend Meeting Of Junior High School P-TA; Clement Talks

Dinner Is Planned For Next Meeting

Ninety-eight patrons and teachers of Junior High school gathered in the auditorium of that building Thursday evening for the first parent-teacher meeting of the new year.

W. P. Clement, a professor at Texas Technological college, talked on thrift, and several announcements were made by the president Mrs. A. J. Delahunty.

"Conservation of Time and Physical Energy" was the subject of Mr. Clement's talk. Parent-Teacher associations are observing January as "thrift" month.

Music for the program was furnished by seventh grade pupils, directed by Mrs. E. E. Key. The room having the largest attendance of parents was that of Miss Alma Spikes.

On February 2, the date of the next parent-teacher association meeting for Junior High school, there will be a banquet for parents preceding the program.

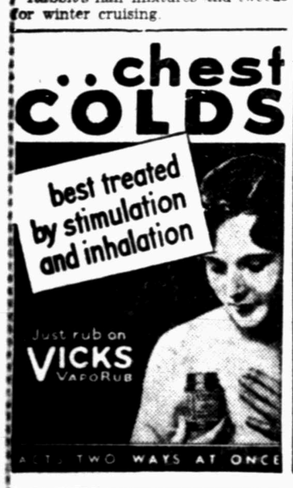

Ko-Shari Club Has Party On Thursday

Ko-Shari club members entertained with a bridge party Thursday afternoon at the home of Mrs. W. C. Holden, 3109 20th street.

Special guests were Misses Beth Gorham, Charlotte Lindsey, Rouble Triplett, Marjorie St. John, Ernestine Hendricks, Virginia Brown, Margaret Rose Adams, Ila Steele Patterson, Louise Wardlow, Laura Sue Bass and Geraldine Potter of Fort Worth.

Mrs. Holden and Miss Dorothy Rylander, sponsors, and the following club members attended: Misses Aleen Brown, Ruth Mildred Rylander, Elizabeth Dryden, Mary Frances Senter, Avanelle Boyd and Kathleen Jennings.

Rabbit's hair mixtures and tweeds for winter cruising.

Beauty Prefers Her Technical Work

Left, Betty Reiner in working duds; right, in street clothes.

★ ★ ★

Although Miss Betty Reiner of New York won two beauty contests and a dramatic competition, surely entitling her to a place in the sun of the stage or screen, she prefers something less spectacular and along technical lines.

Betty was the only woman demonstrator at the recent 33rd annual convention of the International Acetylene association held at Philadelphia. Her special highly technical job is to operate the oxy-acetylene torch blowpipe which creates an intense heat of 6,300 degrees.

She also understands blue prints, building specifications and other subjects which are abstruse to the ordinary layman.

She is pictured at the left in her working "duds", and at the right she is wearing a street costume as she exhibits a tensile testing machine which determines the strength of metals.

Congenial Fete Is Given On Thursday

Games of bridge were played Thursday afternoon when Mrs. R. L. McAllister entertained for the Congenial club in her home, 2113 Thirteenth street. There were four tables of cards in play and favors were presented to Mesdames Rufus Rush, O. W. English and H. L. Allen. Special guests were Mesdames English, N. L. Peters and Sammie West.

A medicine dropper may be used to apply stan remover to a spot on clothing.

THEY ARE HERE... THE NEW SPRING HATS

Very Reasonable Prices —and only individual handtailored hats shown.

The early spring hats are very striking, low crowns, narrow brims, long backs . . . straw, ribbons and mesh materials . . . also CLOSE-OUT-PRICES on all winter stock, values up to $10.00 going while they last at $1.00 and $1.95.

Wilda Stewart Hat Shop

Mrs. D. McClellan Is Party Hostess

Thursday Bridge club members played bridge yesterday afternoon as guests of Mrs. Dewey McClellan, 1916 Sixteenth street.

Mrs. W. A. Fix scored high in the games and high cut went to Mrs. Joe Telford.

Other guests were Mesdames W. J. Robertson, Ray Hinson, O. W. Ribble, H. B. Bryan, jr. and I. F. Kennedy.

Mrs. A. B. Davis Is President Of Club

The election of officers and setting of dates for parties during 1933 featured a business meeting for the Fellowship club Thursday afternoon. Mesdames J. F. Gregory and J. F. Hankins entertained for the club in Mrs. Hankins' home, 2309 Broadway. Games of forty-two were played.

Mrs. A. B. Davis was elected president for the coming year. Mrs. J. B. Maxey was elected vice-president and Mrs. J. C. Reynolds was elected secretary-treasurer.

Those who attended were Mesdames W. L. Baugh, John Dalrymple, Charles Smith, Reynolds, Maxey, C. E. Maedgen, A. B. Davis, A. T. Biggers, J. T. Howell, Cecil Horne, J. D. Peters, Sam T. Davis, W. G. Murray, Joe Coursey, J. C. Hardgrave, T. R. Prideaux and W. R. Blake.

Asbury Social Is Given By Carters

A "cake social" at which the guests were dressed to represent various cakes, was attended by young people in Asbury Methodist church Thursday evening. The Rev. and Mrs. O. W. Carter were hosts in their home, 1926 Twenty-Second street.

Those who attended were Mr. and Mrs. Renford Taylor, Mr. and Mrs. Buster Thompson, Misses Nancy Ann Hadsell, Christine and Leila Lane, Ruby Gatzki, Lucile Wheeler, Margie Taylor, Elitabel Tilory, Roma Gause, Nina Scott, Mattie Pearl Jones, Bonnie Jean Williams, Tommie Ruth Dulin, Regina Rhea, Dorothy Ware, June Mann, Mildred Adkinson, Messrs. Thad Thomas, Melville Brooks, Wilton Lynn, Joe Thomas, Ellis and Horace Brooks, Noel Bryant, Jarrell Rhea, Billy Porterfield, Coy McCullough, Calloway Huffaker, C. T. Jackson, jr., Larry Taylor, J. W. Brooks and W. W. Frizzell.

Tech Faculty Women Meet Saturday

Faculty women at Texas Technological college are to attend a monthly tea Saturday afternoon at 3 o'clock at Seaman hall. Miss Johnnye Gilkerson is chairman of the hostess committee.

Teacher Has Party For Baptist Class

Mrs. W. M. Lowrimore, teacher of the First Baptist Alathean class, was hostess to thirty women in that group Thursday afternoon in her home, 1914 Main street.

Mrs. N. L. Ball, president, presided for a business session which preceded the social hour. Later contests were played and Mrs. J. E. Hamilton read.

Guests were Mesdames Edna Z. Brown, W. E. Holder, Hamilton, H. W. Cherry, Ball, J. C. Levens, Fred A. Owens, J. A. Fortenberry, W. H. Trice, H. M. Stephenson, E. L. Harris, Guy Herring, Josie Scott, W. E. Patty, Sally Haynes, W. D. Haney, Leonard O'Neal, Dixie Stevenson, W. B. Yeager, J. A. Mullins, C. V. Kelley, F. K. Mitchell, G. B. Holder, W. G. Lofland, Minnie Fickas, Ellis W. Martin, B. B. Travis, Will C. Barnett, C. A. Paulger, A. L. Hawkins. Mary Burk Yeager was a special guest.

Camp Fire Girls Are To Have Projects

Two projects were planned for local Camp Fire girls Thursday afternoon when the Guardians' association met at the Camp Fire club house on Broadway. Miss Elizabeth Conner, executive, presided.

A birthday project on "Making the Most of Me" is to be started soon and a personality contest is to be conducted on February 17, it was decided.

Those attending were Misses Leona Gelin, Maurine Henderson, Fern Holland, Mary Green, Vera Johnson, Mrs. Edward Blackwell and Mrs. Mike Barrier.

Shallowater PTA To Buy Equipment

SHALLOWATER, Jan. 6 (Special)—Scales, flags and playground equipment will be bought for the Shallowater schools by the parent-teacher association here according to a vote taken at a meeting Wednesday afternoon. The scales will be used to keep a check on weight of school pupils.

Asbury Class Meets On Thursday

A monthly business meeting of the Asbury Methodist Awakened Wesleyan class was attended by eleven women Thursday afternoon. Mesdames C. P. Young and J. E. Schornick were hostesses to the group in the home of Mrs. J. Frank Potts. Mrs. J. H. Rhea, class president, presided.

CLOTHES MAKE THIS MAN A JAIL PRISONER

RIVERSIDE, Calif., Jan. 6 (AP)—Clothes may make the man but they made John A. Anderson, of Twin City, Okla., a prisoner in the county jail here on charges of burglary.

Officers near Barstow became suspicious of Anderson, a transient, when they noticed that everything he wore, from hat to shoes, was spic and span. He even carried a new rifle under one arm.

They questioned him and upon examining the clothing found it bore the name of a department store here which they later learned had been robbed two days previously.

Riverside police, to whom Anderson was returned, said he had spent more than two hours in the store, outfitting himself leisurely from the store's shelves.

Musical Revue Is Booked At Palace

Booking of the Sorority Dream Girls, a musical revue, for the Palace theater next Wednesday and Thursday has been announced by C. B. Akers, manager of the house.

The show has a cast of sixteen people, mostly girls, and in addition to specialty singers, dancers and instrumentalists carries an all girl orchestra. The revue comes to Lubbock from Amarillo for the only engagement on the South Plains.

Well known stage and radio performers are to be found in the cast with Dale Drake and Francis Van Cleve, singers; Horace Claywell and Normi Norman, dancing team; Freddie Heller, toe dancer, and Corinne Osborne, xylophone soloist.

The revue will be presented here at popular prices for three performances each day, and will be given in addition to a motion picture program, Mr. Akers said.

If your paper waste-paper basket isn't as serviceable as it is attractive, cut a piece of heavy cardboard to fit the bottom of it, and the increased strength of the base will make it easier to handle.

Broken by Temperament

Clashes of temperament have wrecked the romance of Janet Gaynor, portrayer of romantic movie roles. She and her husband, Lydell Peck, film producer, have separated. The couple, shown above, has been married three years.

Joe Baldridge Given Surprise Dinner

As a surprise to her husband on his birthday, Mrs. Joe Baldridge entertained with a turkey dinner and forty-two party Tuesday evening in their home, 2015 Seventeenth street.

Guests were Messrs. and Mesdames J. D. Reese, R. I. Tubbs, C. A. Burrus, J. T. Trigg, L. G. Haynes, W. E. Ballew W. C. Wood, A. N. Gamble, Rev. and Mrs. John T. Smith, Mesdames O. E. Rush and J. F. Mathews.

O. C. Moores Are At Home To Club

Mr. and Mrs. O. C. Moore were hosts Thursday evening to members of the Maggie and Jiggs club in their home, 1111 Nineteenth street. Games of forty-two were played.

Those who attended were Messrs. and Mesdames J. D. Hinson, A. T. Cocanougher, Frazier McCrummen, H. E. Ellison, Mrs. J. G. Oslin and Mrs. W. H. Trice. The resignation of Mr. and Mrs. Bernie Robertson was accepted.

LADIES FETED BY KIWANIS

DURWOOD H. BRADLEY ASSUMES DUTIES AS CLUB PRESIDENT

About 140 Kiwanians, their wives, and women friends attended an annual Kiwanis ladies' night dinner party last night in the Lubbock hotel. Durwood H. Bradley assumed his duties as president of the club in 1933.

E. L. Klett presided as toastmaster.

Opening the program, H. W. Moore, accompanied by Mrs. Moore, led club singing after which Mr. and Mrs. Moore gave vocal selections. J. W. Day gave two violin solos and Miss Nell Parmley favored the club with old time love songs. Mrs. Mamie I. Neal was accompanist.

Green brothers orchestra played during the dinner.

Lauding committees for their work and citing the faithfulness of the directors, retiring president. Geo. P. Kuykendall spoke briefly. L. E. Davis, secretary, read an attendance report which revealed an average attendance of 87.1 for the year with twenty-three members with perfect attendance.

Mr. Bradley introduced two new members, Rev. Lyle Barnett and Jay Harston.

Average attendance of 95 per cent for the club and 100 per cent for more than half of the members; 100 per cent acquaintance, fellowship and friendship between club members; closer cooperation between town and country; the establishment of a downtown medical clinic for underprivileged children; and opposition to any move to take any activity away from Texas Tech, were objects of the club outlined by Mr. Bradley.

Mr. Klett presented Mr. Kuykendall and Mr. Bradley with Kiwanis pins in recognition of their positions as past and present president.

TOO ENTHUSIASTIC

HOUSTON, Tex.—J. E. Cammack, filling station and store operator, cannot be accused of "high-hatting" his friends. The other day, while riding with a friend, he leaned so far out of the car to wave to the occupant of a passing car, that he fell and fractured his skull.

Winter Lays Siege To The Capitol

Old Man Winter was visiting Washington, and seemed to be doing his best to enter the national capitol, when this striking picture was taken. Note how the white drifts had piled against the steps in the distance. The snow fell to a depth of more than a foot, and was Washington's heaviest in a decade. About 1000 men, including the remnants of the bonus army, were hired to attack the drifts.

THE CAPITOL WHIRLIGIG

INTERESTING NEWS, COMMENT FROM AUSTIN

BY R. W. BARRY

AUSTIN, Jan. 6 (AP)—Prohibitionists and anti-prohibitionists are aroused in Texas. The old fight seems to be on in earnest, now that there is an indication sentiment may force some kind of modification in both the state and national laws against the sale of intoxicating liquor.

The United Forces for Prohibition, organized to oppose any change in the present dry status and interested in encouraging a more stringent enforcement of laws forbidding sale of intoxicants, is aggressively mustering the foes of anti-prohibition to the white flag of temperance and total abstinence.

Definition Different Now

"Temperance" in the days of saloons meant prohibition. Now "temperance" could be taken to indicate a movement not to keep intoxicants from sale through regulation, but to instill moderation into those who imbibe.

But, the object of the United Forces for Prohibition is to do everything it can to prevent the return of intoxicants in any form to the state or nation.

There are several groups of anti-prohibitionists working to design some system wherein Texas could have its wine and beer without the return of the saloon.

Old Turmoil Seen

W. L. Dean of Huntsville, author of the Dean law, stringent Texas prohibition statute which makes possession or sale a penitentiary offense, believes all the turmoil of local option days may be re-enacted should this state alter its existing dry status.

In the old days there was a local option election on almost continuously and those campaigns stirred considerable animosity between the wet and dry factions.

Some advocates of a change in Texas' present dry situation would provide for the local option feature, that is, make it possible for communities to authorize sale of intoxicants under regulation or prohibit such sale. If that arrangement is perfected there will be many local option elections as soon as it is possible to hold them.

BANK DEPOSIT GAIN SHOWN

NEARLY HALF MILLION MORE ON HAND THAN AT LAST CALL

A more liquid condition of Lubbock's three banks, as reported at the close of business December 31, reflects results of the South Plains cotton crop of last fall.

Loans have decreased, deposits have advanced by more than $640,000, and the cash on hand is about $450,000 greater than at the last preceding bank call, September 30, 1932.

Total resources at the close of 1932 were $3,411,204 as compared to $2,916,151 three months previously.

Notes Cleaned Out

The banks here have cleaned out their note cases, removing notes of doubtful collections with profits, one bank official said last night. As a result, he estimated that the condition of the three institutions here is 25 per cent better than a year ago.

Stockholders of the Citizens National, Lubbock, and First National banks, will meet Tuesday, January 10, for the election of directors. The directorate will name officers to serve during 1933.

Comparative Figures

Totals for the three banks, with comparative figures for three months ago, include:

Loans and discounts December 31: $1,433,964.05; three months before, $1,588,478.18.

Cash and due December 31: $926,640.67; three months before, $470,586.55.

Deposits December 31: $2,797,335.25; three months before, $2,156,107.70.

Talks On Conditions

Referring to farm conditions, a banker yesterday said:

"The farmers have anticipated the situation better than most people have given them credit for doing. Ninety-nine per cent of the farmers already have their living prepared for 1933—canned foods, meats, poultry and milk. With their eggs, spring chickens, and cream and butter they will be able to buy the incidentals they will need. There is quite a bit of cotton being held and the farmers are selling it as they need additional cash."

Roland Robinson, 25, is the youngest member of the British Parliament. He is 25, and a member of the Conservative party.

Now They Grin

Lewis Hines, 19 months old, swallowed an open safety pin at his home in Billings, Mont. That started Lewis and his parents on a hazardous 1000-mile night airplane flight over the mountains to Denver. A surgeon quickly removed the pin, so here are Lewis and his mother feeling better, thank you.

A CHANGE FOR WORSE

STOCKTON, Cal. — The pasture on the other side of the fence may look better to some people, but Earl F. Hammond, Alaskan miner and farmer, prefers his own side. He recently came to Stockton with his sled dogs to escape hard winter at Point Barrow, Alaska. He found that it was several degrees colder in Stockton than at Point Barrow.

A whale's skin varies from two inches to two feet in thickness.

SHARPEST

No package contains genuine "BLUE BLADES" unless it carries the portrait of King C. Gillette.

● The "BLUE BLADE" is without question the sharpest blade we have ever manufactured. This fact is proved by an ingenious device—Gillette's exclusive photo-electric sharpness tester.

The Tobacco Crop may be Short this Year—

but that can't affect Chesterfield—why?

Production of tobaccos usable for cigarettes or "roll your own."	
U. S. crop (average, 5 years, 1927-31) .	1,091,265,750 lbs.
U. S. crop (Govt. estimate, 1932) . . .	751,601,000 lbs.
Estimated shortage, 1932 crop . . .	339,664,750 lbs.

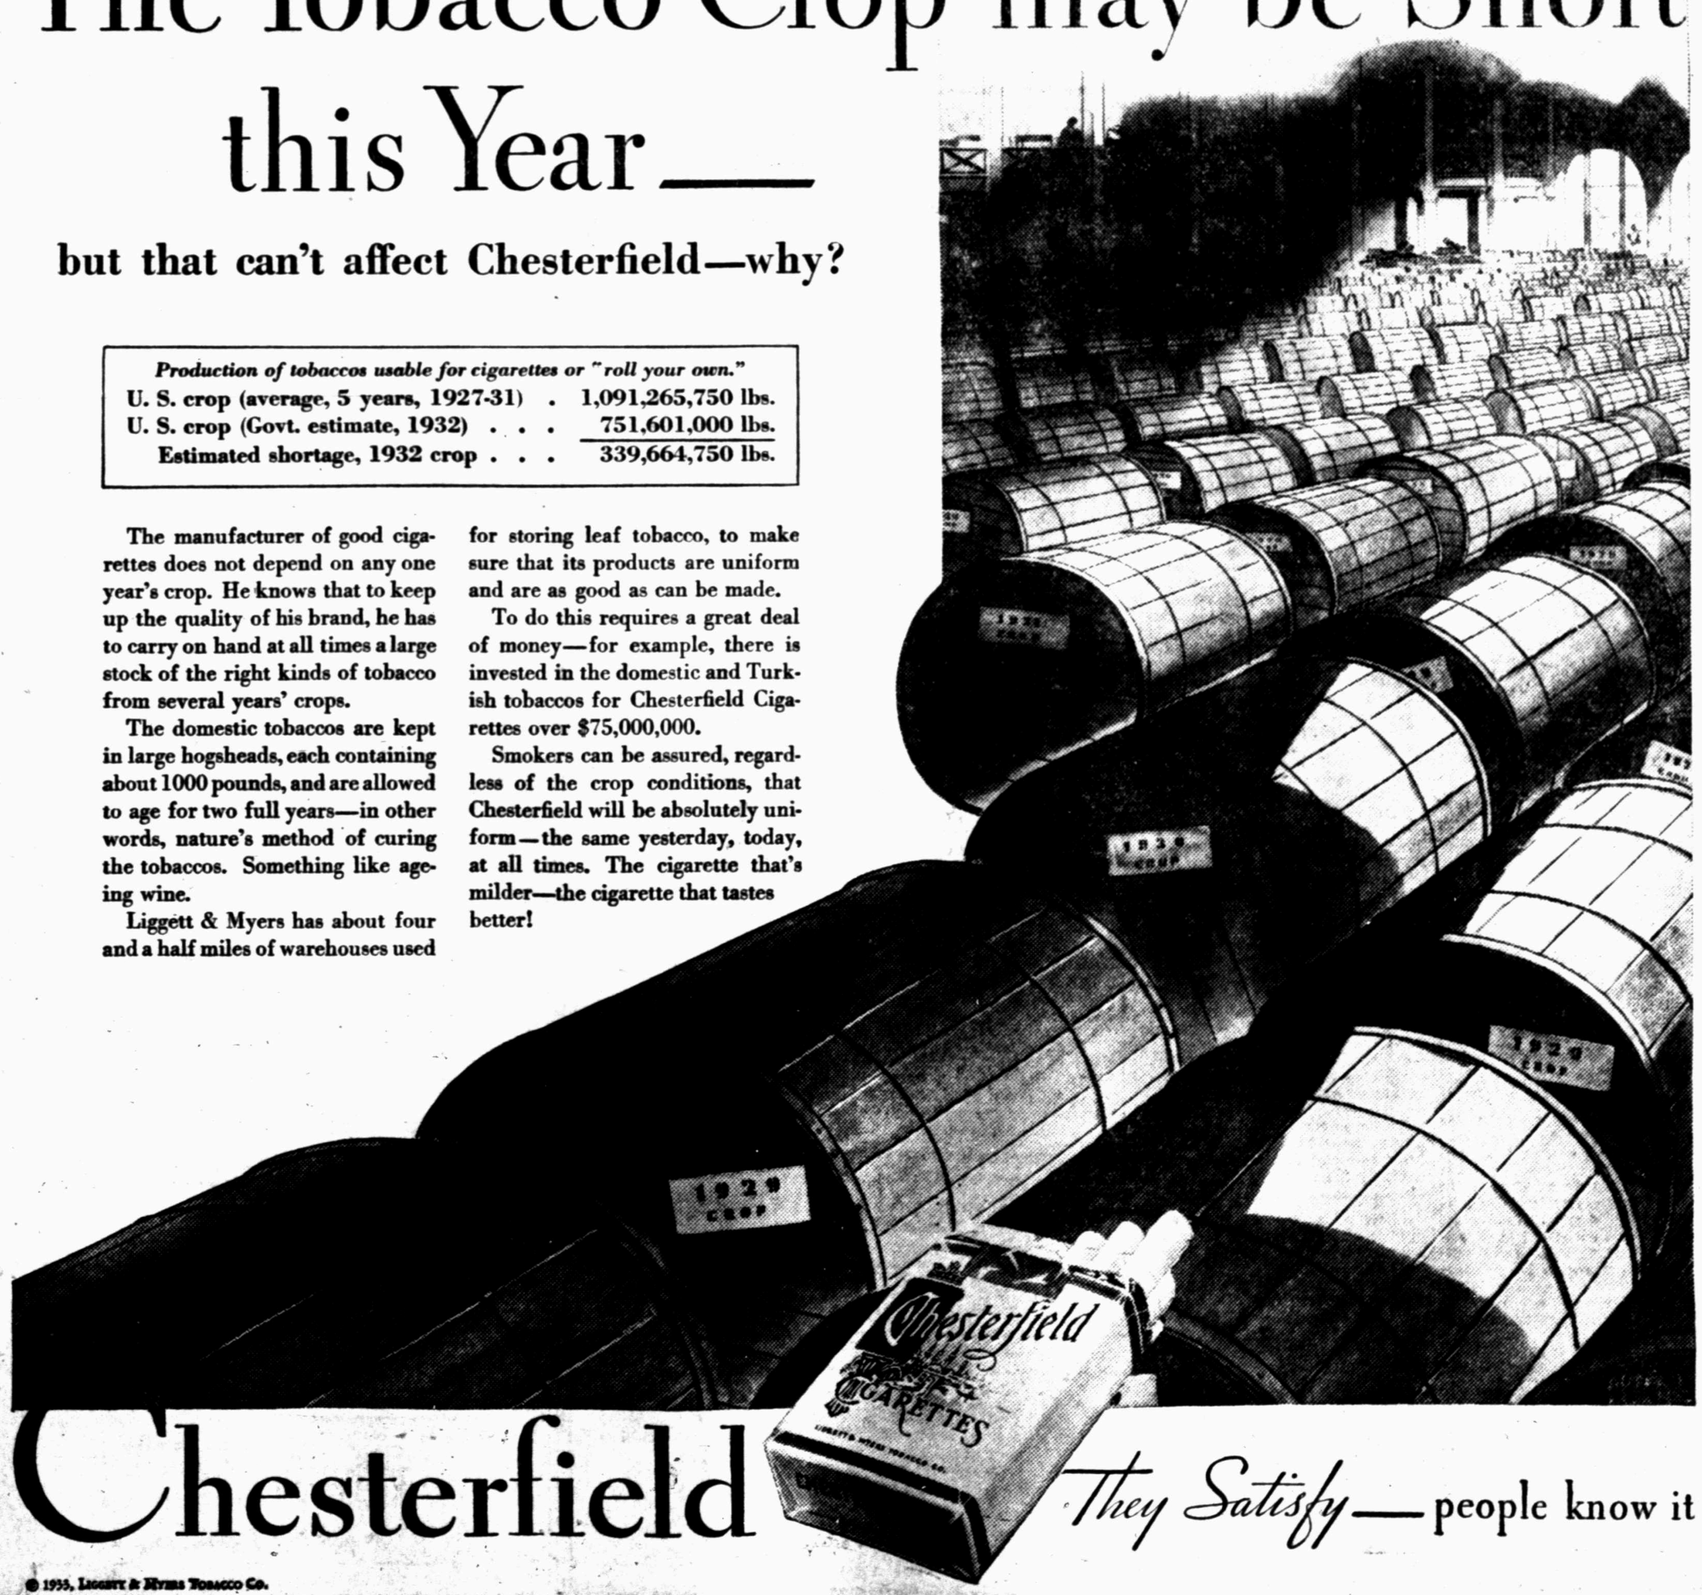

The manufacturer of good cigarettes does not depend on any one year's crop. He knows that to keep up the quality of his brand, he has to carry on hand at all times a large stock of the right kinds of tobacco from several years' crops.

The domestic tobaccos are kept in large hogsheads, each containing about 1000 pounds, and are allowed to age for two full years—in other words, nature's method of curing the tobaccos. Something like ageing wine.

Liggett & Myers has about four and a half miles of warehouses used for storing leaf tobacco, to make sure that its products are uniform and are as good as can be made.

To do this requires a great deal of money—for example, there is invested in the domestic and Turkish tobaccos for Chesterfield Cigarettes over $75,000,000.

Smokers can be assured, regardless of the crop conditions, that Chesterfield will be absolutely uniform—the same yesterday, today, at all times. The cigarette that's milder—the cigarette that tastes better!

Chesterfield

They Satisfy—people know it

HOUSE OF DAVID TO SEEK REVENGE IN TECH GAME TONIGHT

SPYING ON SPORTS

BY COLLIER PARRIS

BASKETBALL TONIGHT at Texas Tech gymnasium. House of David vussus Dell Morgan's Matadors. Final game of the series. Tip-off at 8 bells. Admish, four bits and a quarter. The line forms to the left.

• • •

Coach Pete Cawthon was at his Texas Tech office yesterday after **a sojourn** in li'l ole Nu Yawk. He **attended** the American Coaches **association** convention and National Collegiate Athletic association meeting there, but is glad to **get home** "where the folks can **understand** my talkin' and where **I can** understand their's. I had **a big time**," reports the Matador **mentor**, "but I had to repeat everything I said about four times before those birds could tell what **I was** driving at."

• • •

Nothing startling came up for discussion at the annual convention of the nation's gridiron greats, according to Cawthon's and the Associated Press reports. In the main, the election of officials, a slight wrangling over certain rules, discussion along economic lines and a lot of whoopee characterized the meetings, but Coach Pete would not have it noised about that he had anything to do with the latter.

• • •

Election of Walter Okeson to **succeed** the late E. K. Hall as **chairman** of the national rules **committee** met with Cawthon's **approval**. We have not had time **to interview** Mr. Cawthon in full, **but we** anticipate a flock of good **stories** from him. He left New **York** before he got our letter suggesting that he remain there and **take** a graduate course at Columbia or somewhcre preparatory to **his** doctor's degree, that being **necessary**, if we are to believe the **report** made to the Texas legislature, before a coach can hold office. Even then he cannot be **called** coach, but director of physical education. Mr. Cawthon **didn't know** about that until his **return**, otherwise he might have **sought** a job while on his trip **through** other states. He was not **surprised**, however, having lived in **Texas** long enough to know that **the state** law-makers are eternally **trying** to invent something antagonistic to common ideals, and **ideas.**

• • •

Coaches, officials and players of basketball, high school, college, independent, semi-pro or professional, are invited to the Texas Tech gymnasium tomorrow afternoon to attend the annual basketball rules interpretation meeting. The sessions will begin at 1 o'clock Saturday afternoon instead of at 10 o'clock tomorrow morning. There is no fee or expense attached, and you should get a great deal of good out of attending. Dell Morgan will be in charge, but Pete Cawthon, one of the best basketball officials in these or any other parts, probably will grab the lion's share of the limelight. A round-table discussion of the rules, new and old, revisions and amendments, will be held. Coach Morgan will have a uniformed team on the court to help illustrate various points of interest.

• • •

There is talk of organizing a **league** for independent and semi-pro basketball teams of this section. Dell Morgan has been asked **to serve** as temporary chairman **of the** organization committee and **he is ready** to converse or communicate with interested parties.

• • •

Nearly every small town and community boasts an independent or semi-pro basketball **club, around** which hinges a lot **of local** interest. It is held **that organization** of a league **and the** drawing up of a **schedule** will add interest and **provide** considerable entertainment.

• • •

According to Morgan's plan, **teams** within a radius of 45 miles **of Lubbock** would be admitted to **the** league. That would include **points** as far away as Plainview **and** Brownfield. Both these **towns** are said to have strong independent clubs. Two or three **Lubbock** teams probably would **seek** membership. Representatives **of teams** anxious to get in the **league** should communicate at **once** with the Texas Tech coach.

• • •

R. K. of Lubbock wants to know the U. S. amateur golf champion, the welterweight boxing title holder and the name of the party making the longest touchdown run in history.

Ross Somerville of Canada is the amateur champ. (No, Gene Sarazen, New York professional did not win it). Jackie Fields of California is the welterweight champ and Wylie Terry of Yale ran 115 yards from scrimmage for a touchdown in 1884 to hold the football distance record. You're welcome.

Men are usually much more restless in sleep than are women.

MATADORS WIN FIRST CLASH OF SERIES

FINE FORM REVEALED BY COLLEGIANS IN 48-34 VICTORY

Overcoming a big lead early in the game and increasing their own lead as the game proceeded, the Texas Tech Matadors showed a fine basketball form last night to defeat the House of David cagers from Benton Harbor, Mich., 48 to 34 in the first of a two-game series.

Two thousand spectators jammed the Tech gymnasium and applauded lustily at the show to which they were treated, cheering the Tech comeback and laughing at the entertaining habits of the long-whiskered boys.

Meet Again Tonight

The teams meet again tonight at 8 o'clock in the second and final of the series. It promises to be an even greater show than last night's spectacle.

In order to keep their date with the Matadors, the House of David team drove from San Antonio to Lubbock yesterday. As a result they were fairly well fagged out when they reached the court last night. Their scoring punch was negligible, but their ability was not lost on the spectators, who howled gleefully at the trick passes, deceptive plays and long shots that characterize the House of David players.

Promise Better Show

Manager Johnson of the House of David said last night before the game started that his team was tired, but that after last night's sleep and today's rest they should be at the top of their form tonight. If they provide a greater show than that of last night, it will, at least, be "sumpin."

Instead of letting their opponents get the lead, the whiskered boys started off big, taking a 10 to 2 lead before the game was well underway. It looked like a runaway. Slowly the Tech cagers cut the lead down, Wilson Gilmore and Polk Robison waxing warm to score field goals. Soon the Matadors were leading, 15 to 12, and they never lost the lead. The tiring House of David team, although continuing to keep the fans interested with their deceptive playing, failed to show another serious offensive threat.

Second Team In

After the first team had gained a good lead, Coach Morgan sent in his second string. The work of Loter, staging a comeback after three years of coaching at Dimmitt, was outstanding. The tall forward looped the basket from the sideline with consistency, scoring four consecutive field goals before he retired in favor of Stoops Bryant. Aud Darr, Lawrence Priddy and M. F. Flake kept the scoring up.

The House of David threatened to keep up with the second stringers and with about ten minutes to go in the last half, Morgan sent his regulars back. Basil Hill's defensive work and the all-around ability of Captain Harvey Dunn was outstanding, while Gilmore led Tech's scoring with six field goals.

He Wears No. 7

High point honors, however, went to Johnson, forward on the House of David team. Wearing No. 7 and shooting from all angles as well as being one of the most deceptive passers on the team, Johnson looped the ring nine times from scrimmage, his 18 points eclipsing Gilmore's total by six tallies. White, House of David center and the only smooth-faced member of the team (because he's too young to grow a beard, they say) registered four field goals and dropped in four from the free throw line to challenge Gilmore.

Almost impossible to guard, the House of David team looked great as passers, although the Matadors have developed a passing game hitherto unseen by modern fans on the Tech painted court.

Notable among the fans last night was the big section occupied by Texas Tech students. Of 1,235 who purchased athletic coupons, 950 of them were in the gymnasium last night. The show of students, Tech's coaches noticed, was greatly appreciated.

The box score:

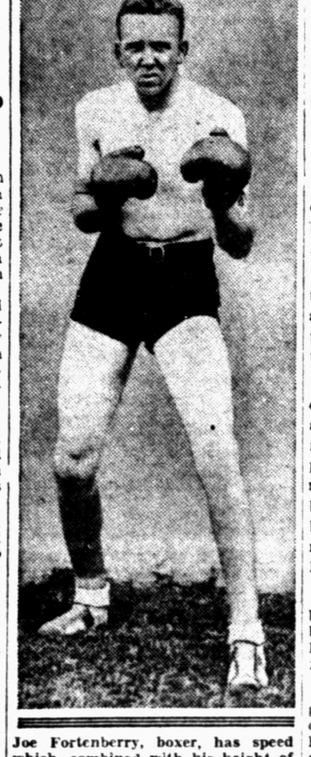

House David (34)	FG	FT	PF	PT
Johnson, f	9	0	2	18
Adams, f	0	2	1	2
White, c	4	4	3	11

JOE FORTENBERRY OF WEST TEXAS TEACHERS MAY APPEAR CLUMSY, BUT HE'S BEST ALL-AROUND ATHLETE IN SCHOOL

Joe Fortenberry, boxer, has speed which, combined with his height of 6 foot 7, has made him heavyweight champion of Texas State Teachers' college.

CANYON, Jan. 6.—(AP)—Joe "College" Fortenberry, in spite of his towering height of 6 feet 7 inches and his awkward, lumbering appearance, is the best all-around athlete at West Texas State Teachers college.

He is the school's best discuss thrower, heavyweight boxing champion, all-conference end on the football team, and last year was chosen all-conference basketball center in the Texas Intercollegiate Athletic Association.

Because of his unusual height, tremendous strength and long arms, Coach S. D. Burton looks upon him as promising discus material for the next Olympics.

Fortenberry's appearance is deceiving, for he is far from being as awkward as the casual sports fan might suppose after watching him perform. He slaps at a basketball much as a cub bear would at a bobbing apple, but his tosses at the basket were accurate enough to make him one of the leading scorers last season.

The speed and accuracy of his blows won Joe the heavyweight boxing title two years ago, when he was a freshman, and he successfully defended it last winter.

Fortenberry has no trouble snagging football passes considerably out of reach of players of average height. And since Joe has been playing center on the "tallest basketball team in America," few opposing centers have touched the ball on the tipoff.

Joe Fortenberry, cage center of Texas State Teachers' college, was fast enough to make the all-conference team, in spite of unusual height and weight.

Closer Race In American Seen

BETTER BALANCE FOR LEAGUE PREDICTED BY WM. HARRIDGE

By WILLIAM HARRIDGE
(President, American League)

CHICAGO, Jan. 6 (AP)—A much better balanced race is my forecast for 1933 in the American league. A year ago, I predicted the Athletics would have more competition than during the previous three seasons. They did. In fact, the Yankees won the pennant by as great a margin as the Athletics had been in the habit of winning and a one-sided race was the result.

Because of that one-team contest, American league clubs have made many player changes which will, to the best of my belief, result in the Yankees being provided with much stiffer competition than in 1932. If we had had a four or five club race last season, the American league probably would have played to more people than in 1931.

Bigger Attendance Seen

Now, with numerous changes made in the rosters of the seven clubs that finished behind New York, I cannot see anything but a better battle for the pennant and that means increased attendance.

There is no doubt of the Chicago White Sox, for many years the outstanding pennant contender of our league, being restored to first division strength with the addition of outfielders Simmons and Haas, and Third Baseman Dykes of Philadelphia, Pitcher Durham and Infielder Rhyne of Boston. Chicago, also, is banking on Pitcher Vic Frasier being restored to health and able to pitch winning baseball.

While Philadelphia parted with three star players, Connie Mack is confident that he has in Cramer, Coleman, Finney and Higgins four young players capable of replacing the men he sold to Chicago and keeping his team high up in the race.

Senators Strengthened

Washington made three deals tended to make the Nationals stronger contenders than they were last season. In Manush, Goslin and Schulte, they will have one of the hardest hitting outfielders in the history of our league. President Clark Griffith and Manager Joe Cronin have also made changes in the Washington pitching staff, adding two veteran southpaws in Whitehill and Stewart in exchange for Lloyd Brown, Fred Marberry and Dick Coffman. With Crowder, Weaver, Whitehill, Stewart, Al Thomas and McAfee, Washington will be equipped with six starting pitchers.

The exchange of Whitehill for Marberry and Fischer is expected to aid Detroit as well as Washington. Both Marberry and Whitehill apparently needed a change in scenery. Stanley Harris is confident that Marberry will deliver for him in Detroit as he did in Washington. Detroit also had some sensational youngsters to be developed this year in Pitcher Rowe, Catcher Rieber and Outfielder Fox of Beaumont and Shortstop Owen of Newark.

Boston To Profit

Boston will profit by the deal with Chicago. The Red Sox added four right hand hitters, who like that short but high left field fence in Boston to drive against. Right now, it looks certain as if Outfielder Seeds and Infielder Mulleavy, included in that deal, would be installed as regulars at Boston, with a chance of Hodapp, former Cleveland star, staging a comeback.

To get Goslin, Schulte and Stewart of St. Louis, Washington had to part with three stars, outfielders Carl Reynolds and Sam West and Pitcher Lloyd Brown. In fact, the Browns believe they got the better of the deal.

Cleveland has another first baseman in Harley Boss, who had a spectacular season in the Southern league last year; while from Toledo, it obtained Hale who may crowd Willie Kamm off third base, a splendid young catcher in Pytlak and at least two promising young pitchers in Bean and Winegarner.

New York made no trades but did purchase from class AA league teams, three pitchers, Van Atta of St. Paul, Deshong of Sacramento and Brennan of Newark.

Your league president also caught the fever and added two new umpires to the official staff in William Summers and Louis Kolls of the International league.

THORNHILL LOOMS AS NEW STANFORD FOOTBALL MENTOR

STANFORD UNIVERSITY, Calif Jan. 6 (AP)—C. E. "Tiny" Thornhill, who has aided Glen S. "Pop" Warner in moulding Stanford football teams for a number of years, was recommended as successor to his former chief by the board of athletic control here last night. The recommendation is considered tantamount to appointment.

POREDA RULES AS FAVORITE

TO FIGHT SCHAAF IN TEN-ROUND BATTLE IN N. Y. TONIGHT

NEW YORK, Jan. 6. (AP)—Out of tonight's battle between Ernie Schaaf and Stanley Poreda in Madison Square Garden may come a possible contender for Jack Sharkey's heavyweight championship.

Now that Max Schmeling and Max Baer are definitely lined up in Promoter Jack Dempsey's camp, Schaaf and Poreda, along with Primo Carnera, furnish the only real material from which the Garden can draw in its hunt for a "logical" opponent for Sharkey this summer.

Poreda Is Favorite

Poreda, who outpointed Schaaf in a ten-round match in New Jersey last summer, ruled a 6 to 5 favorite over the burley Bostonian for tonight's duel, also slated for ten rounds. However, these odds may shorten to even money by ring time in view of Schaaf's recent six-round knockout of unknown Winston, Hartford, Conn., battler. Winston, earlier in the year, had given Schaaf a beating.

The Boston heavyweight, however, will have to get along without the sage advice of his stable-mate and the other day for a vacation in Bermuda.

Coincidence or not, Schaaf has fought his best bouts when Sharkey was in his corner.

Purple was associated with royalty in early times because it was the finest and most expensive dye made by the ancients.

CAGE RACE TO BE STARTED

SIX SOUTHWEST LOOP TEAMS WILL PLAY SATURDAY NIGHT

BY BILL PARKER
Associated Press Sports Writer

The 1933 Southwest conference basketball campaign will be launched Saturday night with six of the seven conference quintets in action Baylor university against the University of Texas at Austin; the Rice Owls against Texas A. and M. at College Station, and Texas Christian invading Dallas to battle Southern Methodist is the opening schedule. The University of Arkansas will remain idle.

Last year's race closed with an upset when a Southern Methodist quintet rose from the conference cellar and smothered Texas Christian, 32 to 30, to knock the Christians out of a conference championship tie with Baylor university. A week previous to this startling upset, the Christians whipped Southern Methodist, 52 to 19.

Steers, Frogs Favored

Perhaps this year's marathon will start with an upset. Surely there will be one if the defending champion Baylor Bears prove strong enough to defeat the University of Texas. Critics have established the University of Texas and Texas Christian as favorites Saturday night with a toss-up going to the Rice and Texas A. and M. battle.

The powerful Baylor championship unit of 1932 that won ten and lost two games to annex the conference crown has been riddled by graduations and class room ineligibles while the fourth place University of Texas team of 1932 has been bolstered with prover sophomore talent that promises much for the Longhorns.

Kitts Makes Bow

Coach Jimmy Kitts, who took his Athens High school Hornets to Chicago and won a ocuple of national scholastic titles, makes his bow as a Southwest conference coach Saturday night. Kitts will take his Rice Owls to College Station to meet the Aggies in what promises to be a torrid battle. There is a long line of 48 basketball battles between the Aggies and Owls in which the Aggies have won 31 and the Owls 17.

For the first time, Coach Jimmy St. Clair of Southern Methodist can put a quintet on the floor capable of giving any team in the conference a worthy battle. Southern Methodist prepared for Texas Christian this week by splitting a two-game series with the University of Oklahoma, 31 to 29 and 39 to 21, and by beating the East Texas Teachers of Commerce, 41 to 14.

There is no doubt but that this year's conference race promises to be the finest yet held. At least five of the seven members rank good enough to retain championship aspirations from start to finish.

CAGE MEETING SET AT TECH TOMORROW

BASKETBALL COACHES, OFFICIALS, PLAYERS GET INVITATIONS

A rules interpretation meeting for coaches, officials and players of basketball will be held at the Texas Tech gymnasium Saturday afternoon.

It is an annual affair here, Tech's coaches inviting basketball men of this and any other section for a general get-together and parley voo at which time new rules and questions about old rules are discussed, threshed out and settled.

Rule Changes Important

Several distinct changes in the basketball rules for the current season have added importance to this year's convention. In addition to studying these, the officials and coaches will have an opportunity to express opinions calculated to speed up the game and otherwise make it more entertaining for fans.

Coach Pete Cawthon, head man in Tech's athletic department and a nationally recognized official, member of the Southwestern Board of Officials, probably will be the principal speaker of the day. Cawthon, head football coach, returned yesterday from New York City where he attended the American Coaches Association convention and the meeting of the National Collegiate Athletic association. He may make an informal report to the gathering of coaches here Saturday.

Start At 1 O'clock

The sessions start at 1 o'clock tomorrow afternoon, with Dell Morgan, head basketball coach, in charge of the proceedings. The Matador coach will have his Texas Tech cagers in uniform to aid in explanations of the rules and revisions.

There are no fees attached. The meeting is free to all basketball coaches, officials and players who care to attend.

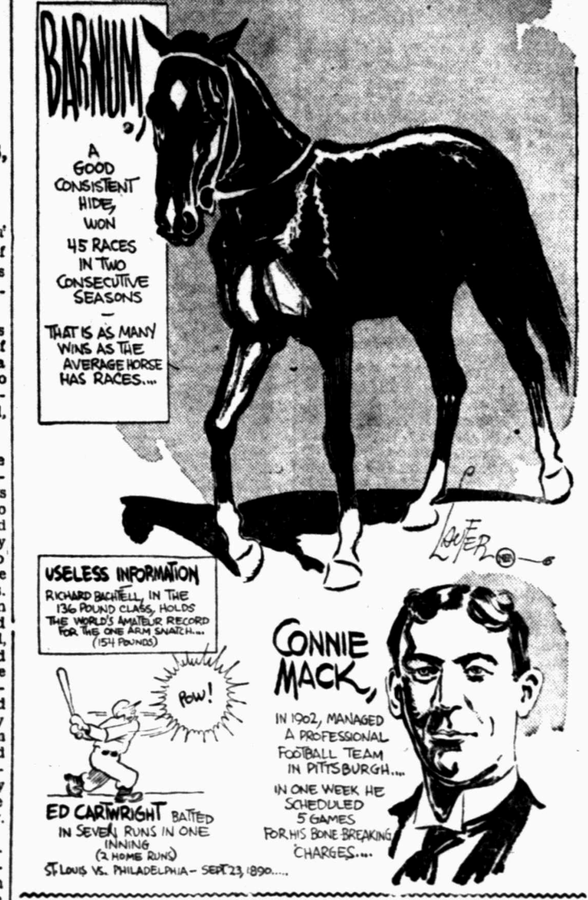

THE MODERN MANNER

PORTLAND, Ore.—Eugene Formand, 17-year-old panhandler, languishes in jail because of his originality and modern tactics. He originated a new and faster system for gathering dimes. Formand would work on the public sympathy by "collapsing" on the street. He would tell his benefactors that his condition resulted from hunger. The fourth time he pulled this trick the police took him into hand and held him on a vagrancy charge.

Salt is used in freezing ice cream because salt, when added to the ice, gives a temperature of 21 degrees below zero, Fahrenheit.

DATE SET FOR DAIRY SHOW

SIXTH ANNUAL EVENT IS SLATED APRIL 10 TO 13 AT PLAINVIEW

PLAINVIEW, Jan. 6. (Special) — A sixth annual Texas Panhandle-Plains Dairy show will be conducted here April 10 to 13 inclusive, the directors of the Dairy show association decided here Thursday.

Twenty-four dairy leaders of northwest Texas and eastern New Mexico attended the meeting, at which fostering of improvement in dairy products, as well as in the breeding, feeding, and care of dairy animals, was decided upon.

With Prof. W. L. Stangel, Lubbock, in the chair the directors also selected a new executive board for the year 1933. Executive committeemen chosen were: R. Lee McSpadden, Amarillo; W. W. Evans, Plainview; Oscar Stansell, Floydada; Charles A. Guy, Lubbock, and E. W. Hester, O'Donnell. New officers will not be chosen until after the annual exposition, which will be held in the association's permanent quarters in Plainview.

Plainview Promises Support

Directors were welcomed by Capt. Winfield Holbrook, who announced that Plainview business interests would continue to sponsor the show, after which President Stangel, head of the department of animal husbandry at Texas Tech, recounted the accomplishments of the organization over the past five years. He stressed the need of more members for further service.

Membership dues were set at $1 per year for producers of dairy products, $2.50 per year for breeders and $5 per year for commercial memberships. A committee, composed of R. B. Davis, Plainview, chairman; Tom Haislip, Rogers, N. M.; C. B. Martin, Tulia; R. L. McSpadden, Amarillo, and Dr. S. J Underwood, Hale Center, was appointed to carry on the drive for new members.

Entry Dates Set

Cattle entries for the show must be made by April 7 while displays of food products may be listed as late as 10 a. m. on April 11. Special arrangements will be made for the food products division of the 1933 show, under the direction of Mrs Julia Kelley, Hale county home demonstration agent.

W. T. Magee, Levelland, was named chairman of the catalog committee, further composed of George P. Grout, Panhandle; Joe Vaughn, Tulia; Tom L. Shepard, Lubbock, and W. W. Evans, Plainview. P. C. Bennett, Amarillo; E. W. Hester, O'Donnell, and W. H Upchurch, Canyon, were named to secure judges for the show, and Prof. Frank Phillips, of West Texas State Teachers college, Canyon, was placed in charge of the educational features of the show. He will be aided by Prof. K. M. Renner, school of agriculture, Texas Tech, Lubbock.

To Display Feed

At the suggestion of Tom L. Shepard, Lubbock, a display of feeds will be a feature of this year's show. Mr. Shepard stressed necessity of the plan and the board voted unanimously for its adoption.

A sale committee was selected with J. W. Jennings, Plainview; Tom L. Shepard, Lubbock, and Oscar Stansell, Floydada, as members, and department superintendents were named as follows:

Jerseys—O. G. Tumlinson, Lubbock; Holstein-Friesians — W. H Upchurch, Canyon; Guernseys — W. T. Magee, Levelland; Production contest—Ralph Thomas, Pampa; Dairy Calf club show—D. A Adam, Amherst; Dairy Cattle judging contest—Ray C. Mowery, Lubbock; Dairy products— Mrs. Julia Kelley, Plainview.

Tech To Demonstrate

Following the report of Grady Shipp, Plainview, secretary-treasurer, it was decided that premiums will be limited to $2,800. Texas Tech, it was announced, will demonstrate daily in the manufacture of various dairy products including butter cheese and ice cream.

The association leaders were guests at noon at a luncheon with the Plains Co-Operative, Inc. Plainview, as host.

Lubbock men present included President Stangel, Professor Renner, Messrs. Shepard, Tumlinson and Guy.

A doctor in England is stated to require a field of between 1400 and 1500 patients to earn a fair income.

The Young Idea

Loretta Young, beautiful movie star, presented this charming picture as she started for a bicycle jaunt about Palm Springs, Calif., where she is vacationing. The film actresses sojourning at the popular desert resort have taken up cycling as a means of keeping the all important waistline down.

CHILD BURNED IN TATUM FIRE WAGES FIGHT FOR LIFE; THREE VICTIMS OF BLAZE ARE BURIED IN SINGLE GRAVE

With the charred bodies of her young father, mother, and six-week-old sister in a single grave at Tatum, N. M., two-year-old Diana Lou Burns this morning remained in a critical condition in Lubbock sanitarium, as a result of burns suffered in a fire which took the lives of the rest of her family. The child's chances of recovery were slim, attendants said.

A funeral was conducted Thursday for the parents, B. B. Burns, 24, his wife, 22, and the infant, Melba Rue.

Mrs. Otis L. Burns, 23, sister-in-law of B. B. Burns, still was in the sanitarium here this morning. Although injured in the same blaze, her condition was not considered serious. She had been in the Tatum home about an hour when her brother-in-law attempted to kindle a fire with coal oil from a five gallon can.

Mrs. Otis L. Burns, married only six weeks, formerly was Miss Earline Solsbery, of Sweetwater. She had been secretary to City Manager Sam Bothwell of Sweetwater.

The infant and her father were believed to have been alone in the room in which the fire originated.

As the flames shot throughout the room, the father picked up the child and ran to the door. In opening the door, he dropped the infant. Already probably fatally injured he returned to the building in a futile attempt to find the baby.

Only the skull and a few small bones were found after the blaze. These were placed in the casket with the father's body. A separate casket held the mother's body.

How other members of the household left the four-room building was not clear here last night. It was believed that the women were in a bedroom, and that Diana Lou was in a high chair in the kitchen. The Roswell woman was believed to have saved herself from more serious burns by wrapping in bed clothing. It was said she had to go through the flames to reach safety.

Mrs. Zack Taylor of Sweetwater, wife of the Sweetwater, fire chief, and a cousin of Mrs. Otis L. Burns, was here yesterday. Her husband attended the funeral rites at the First Methodist church of Tatum. Otis Burns arrived yesterday morning.

Mrs. A. A. Taylor, mother of the injured woman, of McCamey, Mrs. Bill Thomason of Iraan, a sister, and Howard Solsberry, a brother, also were here.

B. B. Burns is survived by his parents, Mr. and Mrs. O. N. Burns of Tatum, and the brothers, Otis L., and a 10-year-old brother. Mrs. Burns is survived by her parents, Mr. and Mrs. W. F. Chaney, one sister, and one brother.

Rix funeral home directed arrangements.

ESTES IMPROVES

TYLER, Jan. 6 (AP)—The condition of Carl Estes, Tyler newspaper publisher, who suffered a heart attack Wednesday, was considerably improved today. His physicians ordered him to take a rest.

Counterfeit Ring Is Thought Broken

WASHINGTON, Jan. 6 (AP)—The secret service saw hope today that at last it was breaking an international counterfeit ring which has been circulating nearly perfect $100 American reserve notes, mostly in Europe and China.

W. H. Moran, chief of the service, believed this might result from the recent arrests of Hans Dechow and Dr. V. G. Burtan, charged with passing the counterfeit in this country—bills so excellently made that experts for American banks had pronounced them genuine.

Most of the distribution from the yet unknown source has been abroad, Moran said but the first note made its appearance at San Antonio in 1928.

Ellsworth Speaks At Teachers Meet

"Present Business Conditions" was the subject upon which Dr. J. O. Ellswarth, head of the department of agricultural economics at Texas Technological college, spoke Thursday at an annual institute of Terry and Yoakum county teachers at Brownfield.

"Failure of the present monetary system" was blamed for the depression rather than over-production by Doctor Ellsworth. The institute began at 10 o'clock Thursday morning, and will end today. Superintendent J. Barrett is in charge. About 50 teachers are attending.

Thought For Today

Woe to the idol shepherd that leaveth the flock! the sword shall be upon his arm, and upon his right eye; his arm shall be clean dried up, and his right eye shall be utterly darkened.—Zechariah 11:17.

* * *

Every duty we omit obscures some truth we should have known. —Ruskin.

Contentment

The man who is perfectly satisfied to stay quietly at home and let other people see the sights and have the adventures is always a bit of a puzzle to most of us. Monotony and boredom are plagues that we avert only by great exertion; it is hard to understand the man who doesn't even know what those words mean.

So there is a good deal of interest in the story of that 83-year-old Ohio farmer who set out the other day to make his first trip to the city.

This man has spent all of his life on a farm less than 30 miles from one of the largest cities in the middle west. But—up to a day or so ago—he had never gone into the city. He had never, for instance, seen a skyscraper, or a moving picture show, or a traffic jam, or any of the other delights of modern urban civilization. Instead he had lived peacefully on his farm, quite content to remain out of the main current of life.

When we read about a chap like this our first impulse is to feel sorry for him, in a superior sort of way. We tell ourselves that he must have missed a lot; staying put so placidly for so many years.

* * *

But maybe the old gentleman hasn't missed as much as we suppose.

While other men have wrestled desperately with the noise and confusion and hustle of city life, he has had his quiet fields, his slow round of duties under the open sky, his tasks that are performed to the gentle rhythm of the seasons themselves.

In place of jangling street cars, rumbling trucks and speeding autos he has had peaceful country lanes with springy earth underfoot; in place of a crowded suburban subdivision or a jammed city apartment house he has had a home separated by many acres from every other dwelling; he has been able to look at dawns and sunsets without finding their beauties dimmed by a smoke cloud; if he has missed the movies, he has had the unending pageant of spring and summer and fall and winter, the never-faltering birth of new life in the warm ground—

Flapper Fanny

Most girls bubble over for a last minute date.

That Girl on Broadway says you can say one thing for bandits. When they clean out a bank they don't blame it on world conditions.

* * *

Is this new Sino-Jap upflare a continuation of the last or is it something original?

* * *

WHETHER you take your politics seriously or whether you admit that no political organization can possibly have a corner on all the best men, you'll admit Mr. Hoover was eminently correct when he said Calvin Coolidge was a wise and sagacious man.

A lot of us thought a few years ago that he was perhaps below the average of our Presidents and that he kept silent because he didn't know anything to say.

More recent events, however, have proven that the quiet Vermonter had his head up all the time—that he had the ability to see much further down the road than most of the rest of us.

* * *

A friend of The Plainsman's—a capital correspondent during the days of Mr. Coolidge's administration—told your humble servant not so long ago that he had never, in a score of years in big time newspaper competition, seen a man with the control, poise and reserve of Calvin Coolidge.

"Why", he said, "I was in Washington for nine years and five of those nine years Mr. Coolidge was President. I was with him in the Black Hills and knew him well—as well as a harness reporter ever knows a President. I never got to the point where I'd slap him on the back and call him 'Cal'; don't misunderstand that. But I talked to him many times and reported his administration throughout.

"And the thing about him that struck me most was the way he bossed Calvin Coolidge.

"When Senator LaFollette, Senator Norris or Senator Borah got all steamed up over something they were as temperamental as an opera singer. But when a big problem confronted President Coolidge he didn't let it get his liver out of whack. Usually he'd forget about it until he'd taken his regular after lunch nap!"

* * *

THE nation needs more self-controlled men like Calvin Coolidge was—more men who have the philosophical ability of not taking themselves too seriously yet who have the courage of their own convictions to permit them to map their course then go right down the road, alone if necessary.

Long an admirer of the stern, cold New Englander with the nasal twang of the Cape Cod region, The Plainsman considers that the nation has received a blow in the passing of Calvin Coolidge.

As a Lubbock business man — a Democrat, too—said yesterday:

"We've got few enough leaders for these trying times. We can't afford to lose them."

* * *

IF you have been milling about any lately you have been struck by the fact that there is a lot of talk about secession. The suggestion that Tech be dehorned—and, added to that fact the further suggestion that West Texas State Teachers college at Canyon be abolished—has made West Texans fighting mad. A lot of them want to establish the state of West Texas.

* * *

The Plainsman, to speak frankly, wouldn't care if West Texas did secede from the balance of the state and found the State of West Texas.

As a matter of fact, it would be the most economic thing for us to do.

Of course, to say so may not be popular but there are many truths that aren't popular.

* * *

IT's fine, right and laudable for Texans to revere Texas history and to subscribe to the principles which lifted this great state from a frontier to its present place in the sun.

We all should be proud of the courage of those at Goliad and at the Alamo; Texas' past is as great as it is honorable.

But let's not blind ourselves to present conditions.

Let's not overlook the fact that West Texas has always been exploited by other sections of the state and that the exploitation, in the minds of many in those sections, should be continued as long as possible.

* * *

A palm to Mayor Jerry Clements for coining a new phrase applicable to the legislature's "joint committee on organization and economy"—the committee that would junk Texas Tech.

"Call 'em any thing you like", declares Hizzoner, "but as far as I'm concerned they're nothing but a wrecking crew!"

* * *

MRS. W. J. Langston, 3145 Peachtree road, Atlanta, Ga., wants to find her long missing brother, Herman Silvey 'Jack' Braswell who was last heard of in the Lubbock territory. Mr. Braswell was picking cotton in this area the last trace his family had of him.

He is described as being five feet, 9 inches, in height, with blue eyes, light complexion and weight about 140 pounds. His home is listed as Loganville, Georgia.

Mr. Braswell is wanted at home on account of the death of his mother. There are some matters pending there of primary importance to him and to members of his family.

* * *

Manchuria now has its own stamps—including a rubber stamp known as its ruler.

* * *

That Man on Avenue Q says the biggest blow to a man's egotism is to find that the woman he has been making love to as a pastime has only been kidding him along.

* * *

"If the shoe fits, wear it", is an old saw, but it's given way to "if the shoe fits, buy one size smaller" as far as the ladies are concerned.

* * *

YOU'VE got to give the depression one thing—that is, there aren't nearly so many calendars to open this year as there usually are.

In times past, from January 1 to January 15, The Plainsman's desk has been literally covered with calendars.

This office, in some years, received enough calendars to paper the walls of the whole building and then have a few left over.

But it's different now.

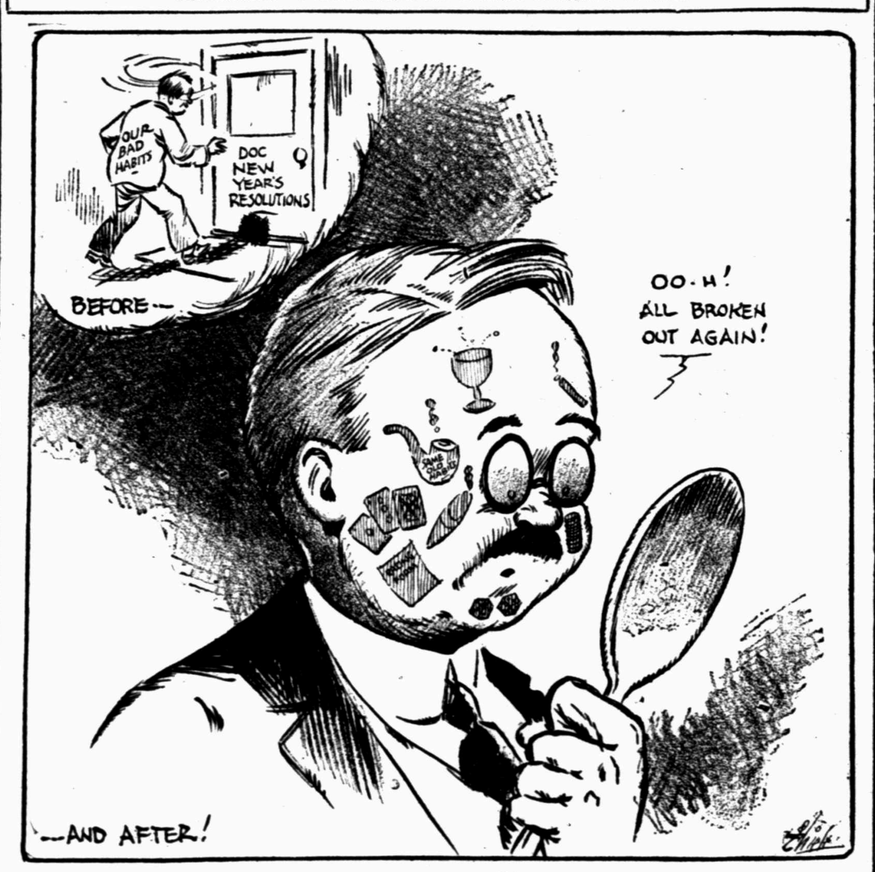

The depression has regulated the calendar scattering in a most satisfactory way for all concerned.

We only received enough this year to satisfy our needs.

Some boys can drive with one arm on the wheel, another around a girl—and dodge traffic and matrimony at the same time.

Another Vaccination That Didn't Take

House Speakership, A Position Of Enormous Power Due To Huge Democratic Majority, Is Still Prize At Stake

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Jan. 6 (AP)—The speakership of the next House, a position of enormous power because of the huge Democratic majority coming in, is still a prize at stake.

Dutcher

Although each of the three chief contenders may claim to have it in the bag, the contest is really only warming up and one or two very definite deals not to mention much pulling and hauling, undoubtedly will have to precede a selection. One large factor which makes prediction difficult is the group of 129 new Democratic congressmen in the total Democratic strength of 313.

Majority Leader Henry T. Rainey of Illinois has been fishing for the new members and appears to have had excellent luck since he has announced promises of support from 160 congressmen—a majority of the 313. But what the newly-elected Democrats will be thinking and doing by the time they assemble in caucus is now little better than a guess.

There are some minor candidates in the field who still seem to clutter up the picture and if the House gets into another budget-balancing bedlam this session there are likely to be developments bearing importantly on the speakership.

* * *

Joe Byrns of Tennessee popular and powerful chairman of the Appropriations Committee and John McDuffie of Alabama, Speaker Garner's close friend and the Democratic whip, are the other important candidates. Byrns comes nearest to matching Rainey in seniority, but what threatens both the floor leader's opponents is the fact that nearly every important committee chairmanship and other important congressional post is sure to go to southern members of the next Congress in any event.

Rainey and his friends have been whooping up the argument that the western and northern states, which will have 169 Democratic representatives as compared with 145 from the southern and border states, can receive fair treatment only if the speakership goes to one of their fellows. In that case Rainey is the obvious man. He was made floor leader in 1931 to "give the north something."

All the candidates, of course, have been promising to "do right by" the northern and western Democracy, as well as to organize a steering committee which would end the virtual one-man rule Garner has undertaken to impose.

The friends of the other candidates say that the strong, robust Rainey is too old for the job at 72 and that he hasn't made an impressive floor leader. Of Byrns it is complained that he opposed the sales tax when the other leaders dragged it in last year, and of McDuffie that he wouldn't be a serious candidate except for the Garner backing.

* * *

The uncertainty of the outcome is partly indicated by the constant discussion of various proposed arrangements involving not only the speakership and floor leadership, but also two or three of the most important committee chairmanships.

That gossip about Alfred E Smith's availability as governor-general of the Philippines stirs a vision of dark-skinned patriots in brown derbies, marching under Tammany banners to the strains of "The Sidewalks of New York."

All such proposals recognize the fact that if Rainey becomes speaker the floor leadership must go south, and if a southerner is chosen for speaker it must go north.

It has been reported that the Rainey and McDuffie forces might be willing to get together on that basis, the Alabaman taking the lesser position. Or that a group supporting William B. Bankhead of Alabama, who withdrew from the speakership fight but is highly regarded, might help put Rainey over in return for the leadership for Bankhead.

Some Democrats think it is important that Rainey forego the speakership to accept chairmanship of the tax-proposing, tariff-making Ways and Means Committee, since Bob Doughton, the big, picturesque North Carolina stock raiser who led the insurgent Democrats in last year's sales tax revolt and voted for the soldier bonus, would become chairman otherwise by seniority. And that Byrns remain at the helm of the Appropriations Committee instead of moving up to make way for Buchanan of Texas.

If Rainey should lose that to a southerner and take the chairmanship to which he is now entitled the leading candidates for floor leadership would be Cullen of New York and McCormack of Massachusetts.

THE PLAINSMAN GETS SOME MAIL

UNEMPLOYMENT PROJECT IS ADVANCED AND READER PRAISES NEWSPAPER CARRIERS

SUGGESTS CROSSINGS

Dear Plainsman: Speaking of work for the unemployed of Lubbock, why not let our City Dads get busy and put in concrete crossings on all of the unpaved streets and avenues that do not have them? Had they left their cars in the garage during the snow and rain just passed or after any rain and start to any of our schools they would see at once how badly they are needed.

I know of nothing that would help a greater number of city taxpayers and benefit and advertise our city at large more. This would give a lot of men work and at the same time be doing constructive and badly needed work. I believe that you are chairman of the unemployment committee and too, you have a way of getting things done, so get busy.

Yours for better crossings and a better city.

C. E. LOVE.
Lubbock.

* * *

(Dear Mr. Love: Believe me, your RFC unemployment committee needs suggestions such as yours for its members are cudgeling their brains to think up the right kind of work and to handle the job with accuracy, fairness and dispatch. However, I wonder if the crossing suggestion is practicable. I have noticed in places where they have them that dry weather eats out the dirt from the crossings base and makes it dangerous to the nth degree. Further, I have noticed that the crossings, such as you speak of, usually get covered with mud in bad weather and aren't what they're cracked up to be. Nevertheless, I'll pass your suggestion along to the committee. Thanks for writing. The Plainsman.)

PRAISES CARRIER BOYS

Dear Plainsman: I would like to say a word in behalf of our paper delivery boys. These boys get up from 2:30 to 4:30 a. m. in the rain or snow, cold or heat, in order that Mr. and Mrs. Subscriber may get their papers at the appointed time.

I have met practically all of these boys, know several of them personally and I want to tell you Mr. Plainsman, they are as fine a lot of big-hearted, hard-working, dependable boys as you will find anywhere.

I am wondering, Mr. and Mrs. Subscriber, if you knew that every time you register a kick that it costs your paper boy a fine of ten cents, and 9 times out of 10 it isn't your paper boy's fault at all but some one else has picked up your paper.

Get acquainted with your paper boy. You will appreciate him more. He is just as anxious that you get your paper as you are.

A Reader.

* * *

(Dear Reader: Thanks for your letter. And let me add a hearty 'amen' to what you've said. I believe we've got as fine a bunch of carrier boys as you can find anywhere. Write again. The Plainsman.)

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

It Wasn't Santa

SUPERIOR, Wis.—Mrs. W. J. Bemrick's children thought Santa Claus got stuck in the chimney and couldn't get back to the north pole. Strange noises were heard for three days up the chimney. Mrs. Bemrick exploded the theory, however by reaching in and pulling out a grouse.

"Madame Speaker"

BISMARK, N. D.—The question as to whether members of the legislature should address the woman speaker of the house as Mr. Speaker; Mrs. Speaker; or Madame Speaker is a puzzle no longer.

Mrs. Mine D. Craig, newly elected speaker, has decided she liked "Madame Speaker" best.

Due For Comeback

TOPEKA, Kas.—Confident the horse and the mule are due for a "comeback," Sam Martin, retiring deputy sheriff, plans to return to the horse and mule trading business when he retired from office next week. Martin was for many years in the business with the late Jerome Colvin, brother-in-law of Vice President Curtis.

May Be Worried

NEW YORK—The lad who scorns the lassies and poo-poohs cupid may really be covering up—down deep he may be worried because he thinks he has no sex appeal. So indicates Prof. Goodwin Watson, who runs a consultation centre for emotional maladjustments at teachers college. He said:

"We have many cases of men who feel they have no personality, or that they can't attract the opposite sex. Then the man makes believe he isn't interested—that he is above being silly."

Matches Don't Lie

PORTLAND, Ore.—An original bookkeeping system was disclosed by Emma McCutchan, barber. She filed an action against Everett Wilkins for $8.50 for barbering services.

Every time she shaved Wilkins, she said, she dropped a match in a box. Whereupon Wilkins admitted the bill and said he would pay.

Don't Belong

DETROIT—In his first day at his new job, Sheriff Thomas C. Wilcox decided to look over the cells of the county jail.

A few minutes later he came out bearing one hacksaw blade, two pairs of scissors, a pair of pliers, and three large screwdrivers.

"These," he said, waiving the objects aloft, "are not things that belong in cells."

HE SERVED FIRST

FORT WORTH, Tex. — Alfred Wells, 22, served a sentence for liquor transportation before the sentence was passed on him. Wells was kept in jail 113 days before his case was brought to trial. When he was finally tried he pleaded guilty and Judge James C. Wilson sentenced him to the 113 days that he had already served. There was an added sentence of six months and a fine of $500, but both were suspended.

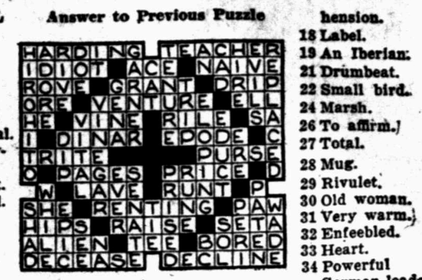

The unreasonably cold weather Californians have been having this year has been a source of real joy—to Floridians.

The chap who used to flunk in mathematics is now getting set to out-calculate the income tax collector.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time Is Central Standard)

NEW YORK, Jan. 6 (AP)—There seems to be a tendency on the part of the networks to increase the number of news commentators, the total now being nine. They are divided: CBS—H. V. Kaltenborn, F. W. Wile, Edwin C. Hill, Boake Carter, Dr. Charles Fleischer; and NBC—Lowell Thomas, William Hard, David Lawrence and Walter Winchell. . . . Because of illness Mary Garden's talk scheduled for next Monday afternoon in the women's radio review on WEAF-NBC has been cancelled. . . Ruth Etting has just got a bid from Hollywood to play opposite Maurice Chevalier in a new movie.

Try These Tonight:

WEAF-NBC: 6—Mary Steele and orchestra; 7—Orchestra and Cavaliers hour; 8:30—Talk by Mrs. F. D. Roosevelt, and Leo Reisman orchestra; 9—Al Jolson.

WABC-CBS: 7:30—News drama; 8—Tom Howard and George Shelton; 9—Morton Downey; 9:30—Columbia Revue.

WJZ-NBC: 6:30—Last episode of "The Black Camel"; 7:45— Howard Thurston, magician; 8:30—Eddie and Ralph; 10:30—Lew White, organ.

Beware the Cough or Cold that Hangs On

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

HEARING ENDS AT ABILENE

GAS RATES TAKEN UP IN 4-DAY SESSION; DELAY IS SEEN

ABILENE, Jan. 6.—(AP)—The Abilene gas rate hearing closed Thursday, winding up four days of testimony, exhibit presentations and arguments on the plea of the Community Natural Gas company to the railroad commission to give it authority to shake up its schedule of charges here.

Decision is at least 45 days off. Both sides asked for transcript of testimony, and that will take two weeks. Then the city asked, and was granted, 30 days time for preparation of a brief.

A new factor, that of a municipally owned pipeline competing with Lone Star Gas company in delivering gas to the Abilene gate, was injected Thursday into the hearing. Commissioner Ernest O. Tompson was informed by Mayor Lee R. York that the city had, earlier in the day, made application to the Reconstruction Finance corporation for a $400,000 self-liquidating loan with which to build a pipeline from the Reagan county field to the city limits of Abilene.

TECH CHANGE

(Continued from Page One)

service of A. and M.

Administration of the education system would be vested in a nine-member board, with a bureau of public schools and a bureau of higher education as administrative units. The bureau of public schools would take over the functions of the department of education while the bureau of higher education would include the two major university systems, the teachers colleges and other higher education institutions.

Discontinue Border School

The School of Mines and Metallurgy would be discontinued as a state function and would be turned over to the City of El Paso. The North Texas Junior Agricultural college would be transferred to Dallas and Tarrant counties. The Southwest Texas State Teachers college would be abandoned and the property sold while the forest service of A. and M. would be transferred to a proposed department of forests, fish and game.

The main university would consist of the University of Texas, the Galveston medical branch, John Tarleton Junior college, South Texas state Junior college, East Texas State Junior college, Stephen F. Austin State Junior college, Panhandle Junior college and the Sul Ross Junior college.

Eliminate Branches

The proposed reduction in subdivisions of state government would be effected by elimination of obsolete branches of government and consolidation of branches whose activities follow the same general lines. The railroad commission would be replaced by a department of public service.

Under the plan of the committee, the only state offices that ultimately would be elective would be those of governor, lieutenant governor and attorney general.

The committee strongly recommended contralization of authority in a commissioner and administrative board to direct the affairs of most of the departments. By centralizing authority, and making the departmental heads directly responsible to the governor, a more flexible and effective operation would be permitted, the committee reported.

Officers As Provided

The proposed reorganization would provide for the following officers:

Governor; department of state; department of law; department of taxation and revenue; department of finance and administrative service; department of buildings and grounds; department of education; department of public welfare; department of public health; department of public safety; department of militia; department of labor, with an industrial commission; department of banking; department of insurance; department of livestock sanitary inspection; department of forests, fish and game, with a board; department of water supply and reclamation with a board of water engineers; general land office; department of highways, with a commission; department of public service, with a board of public service.

Would Advise Governor

The department heads would serve in a proposed governor's cabinet, acting in an advisory capacity to the governor and to facilitate inter-departmental relations.

In the section on the railroad commission, the committee stated that "popular election is about the poorest means possible for securing officials of adequate qualifications for technical duties."

The committee reported there had been "complaints under the existing organization of delays, decisions on insufficient precentation of facts, unsatisfactory policies of administration and ineffective and wasteful administration" under the existing railroad commission.

A department of public welfare would take over from the board of control the administration of the state's penal and charitable institutions, the child welfare bureau, the state service department for veterans and other social service enterprises. It also would assume the duties of the board of pardons and paroles and administration of confederate pensions.

Merger Proposed

Merger of the Texas rangers with the state highway patrol into a department of public safety was proposed.

The existing bureau of labor statistics, the industrial accident board, the industrial commission, the state mining board and state mining inspector would be consolidated into the proposed department of labor.

The live stock sanitary commission would be abolished and its functions placed in charge of a commissioner.

Consolidation of the board of water engineers and the reclamation department was proposed.

Unification Advocated

Unification of the judicial power into one great court, with a merger of the civil and criminal divisions, was advocated. The "too numerous" courts of civil appeals, district and county courts would be reduced. Justice, corporation and county courts would be shorn of judicial functions.

Extension of the term of the attorney general from two to four years was recommended.

A consistent compensation plan, to be worked out on the basis of service and to be applied uniformly was advocated. The present method of selecting state employes was scored as "deplorable" and the existence of such a system as "preposterous."

Football Squad Selected Her

This compelling eyeful of feminine pulchritude is evidence enough that members of the varsity football squad of Marshall college at Huntington, W. Va., know their beauty as well as their football. Because of their triumph over West Virginia Wesleyan in their annual intra-state classic they had the privilege of choosing "Miss Victory Queen" of West Virginia. She is Miss Doris Edmundson, a junior co-ed at Marshall college.

DAILY MARKETS

Livestock Market

FORT WORTH REPORT

FORT WORTH, Jan. 6 (AP)—(U. S. Dept. Agr.)—Hogs: 1,100; 15 lower; top 3.10 for better 180 to 260 lb. hogs.

Cattle: 600; calves: 300; yearlings fully steady. 3.00, 3.50 and 3.75; top yearlings, choice 666-lb. weights, 5.00; one load good fed steers 4.50; butcher cows around 2.00.

Sheep: 700; lambs steady; mostly 4.25 to 4.75.

Cotton Market

NEW YORK REPORT

NEW YORK, Jan. 6—(AP)—Cotton opened steady, 3 higher to 3 lower on buying of near months by spot houses and selling of distant positions by commission houses. Jan. unquoted; Mar. 6.20; May 6.32; July 6.42; Oct. 6.57; Dec. 6.70.

Furniture Needed By Salvation Army

Capt. W. T. Wilson, commander of the Salvation Army corps here, Thursday said the agency needed two or three bedsteads, as many mattresses, some bed clothing, and some chairs.

"We have a family with several children and they have only one mattress." Captain Wilson said. "The parents are sleeping on the mattress and the children on old coats and other things on the floor."

Calls are also coming in for clothing of all kinds. There has been an increase in calls for chairs and other articles of funiture.

Man Returns Home After Wide Search

Dr. George H. Watkins, 2407-A Main, for whom a wide search by members of his family was instituted when he failed to return home late last night, returned home shortly after noon today. He reported he had been forced by car trouble to camp out all night about 35 miles west of town and was unable to get help until this morning.

Dr. Watkins had gone to his farm 15 miles southwest of Littlefield yesterday to supervise a hog killing. He left the farm half an hour before dark and when he did not return by midnight, Mrs. Watkins left for the farm at 1 o'clock this morning. She later telephoned he had not been seen since he started from the farm. Police and the sheriff's office were asked to assist in the search.

FUNERAL SET TODAY

Funeral Set Today—Funeral services for Bettie Lou Sowder, one-year-old daughter of Mr. and Mrs. E. M. Sowder of Bailey county, who died of influenza and pneumonia in a sanitarium here Thursday afternoon, were to be conducted this afternoon at Morton. Burial was to be in a Morton cemetery under direction of Rix Funeral home.

Tax Collections In December Reported

Tax collections by the City of Lubbock in December totaled $31,100.57, increasing the total of collections of delinquent and current taxes since October 1 to $46,455.27, according to R. A. Holland, assessor and collector.

Collections December, 1931, were $21,156.88. The increase last month over the same month the previous year was attributed to the deadline on interest and penalty payments on delinquent taxes.

Delinquent collections in December were $23,007.98, as compared to $2,568.81 the previous December. Current receipts last month were $8,092.59.

November collections were: Current, $6,847.76; delinquent, $4,134.84; and receipts in October: Current, $2,273.92; and delinquent, $2,098.18.

France has one doctor to every 1596 persons.

FOUR IN JAIL FOR THEFT

THREE BROTHERS AND ANOTHER FINED BY JUDGE PITTS

Three brothers, Pete, Willie, and M. T. Fisher, of Lubbock, and Elmer Toland, of Lincoln, Neb., pleaded guilty in county court this morning of theft of about 100 pounds of peanuts and were returned to jail in lieu of fines of $50 and costs each, imposed by Judge E. L. Pitts.

Pete and M. T. Fisher also appeared in Justice of the Peace J. S. Connell's court this morning and waived examining trial on charges of burglary, in stealing three sacks of bacon and shoulders and about 30 gallons of lard. Peace Justice Connell set their bonds at $1,000 each to await grand jury action.

Otto Meyer, who lives seven miles south of Lubbock, owned the stolen peanuts. E. R. Powell, a farmer seven and a half miles east of here, owned the meats and lard.

Four Arrested

The sheriff's department arrested the four suspects Thursday afternoon.

Sheriff Tom Abel said one of the brothers had served a penitentiary sentence for burglary of a Slaton filling station, and another of the suspects said he served a sentence in Kansas for forgery.

Part of the loot was found buried in a field about three miles east of Lubbock, and the rest in a gin house in town.

Negroes Sentenced

Elijah Cox and Marie Cox, Lubbock negroes charged with theft of some money from the room of a United States district court juror in a hotel here, pleaded guilty before County Judge Pitts this morning and were sentenced to fines of $1 and costs each, and a day each in jail.

John E. Lane of Slaton was sentenced to six months in county jail this morning by a county court jury, upon being found guilty of passing a useless check for $19.35 to the Model Food store of Slaton, of which J. S. Teague is manager.

DEMO PROGRAM

(Continued from Page One)

their conference last night, equal the wartime levies, highest ever imposed by the United States.

They start from a basis two per cent higher than the rates in force this year, which in turn are much stiffer than any paid since the 1921 revenue law was supplanted.

Increase Shown In Tech Registration

Texas Technological college's enrollment for the current academic year was 2,173, as compared to 1,993 a year ago Dr. Bradford Knapp, president, said late Thursday.

The president reported that 223 students who had not been enrolled previously this school year were registered for the winter term begun this week. The total enrollment for 1931-32 was 2,155, or 18 less than registrations to date.

The enrollment, Doctor Knapp said, "is a very gratifying showing in view of general conditions."

DOG GUARDS FIRE

SALT LAKE CITY, Utah.—Jip, watchdog in one of this city's coal companies, is what might be called a "one track watchdog." He guards only against burglary. The other night a fire broke out in one of the coal piles. When fireman tried to enter to put out the fire Jip valiantly tried to stop them, even going so far as to bite Assistant Fire Chief William J. Hancock.

TOO TOUGH FOR HIM

LOS ANGELES — Max Sokolove just "can't take it" where his wife is concerned. In a cross-complaint for divorce from Anna Sokolove Max said his wife had beat him over the head with a broomstick so hard that he was sent to a hospital for several weeks. He also complained that she conspired with their daughter to cheat him out of his property.

HOUSTON FEDERAL LAND BANK HEAD DENIES RUMOR OF LOAN MORATORIUM

HOUSTON, Jan. 6. (AP) — M. H. Gossett, president of the Federal Land bank of Houston, issued a statement yesterday asserting that no moratorium had been declared by the bank to borrowers and that reports from San Angelo that it had done so were erroneous.

"About one year ago congress, recognizing the distress of agriculture, made an appropriation for federal land banks to be used in granting relief in the way of extension in worthy cases. The bank has and is using its allotment of this fund for the purpose intended. There is owing by our borrowers amortization installments of $11,000,000 per annum. Our share of this appropriation made to grant extensions is less than thirty per cent of annual maturities. There remains a limited amount of this fund to be used for worthy borrowers, who have made good records in the past, and are now applying to secretary-treasurers of farm loan associations for extensions, and same are being granted daily in proper cases. All those who can must pay, as our borrowers are doing.

"Those eligible for an extension should make application, not to the bank, but to their association. Secretary-treasurers will give friendly consideration and recommend to the bank extensions in proper cases. Nothing could be more unfortunate for this great cooperative system, than for the erroneous idea to obtain that a general moratorium had been provided. The Federal Land bank of Houston is slow to foreclose where the borrower is doing his best nd is willing to pledge the usual rents and revenues to secure an extension."

OFFICIALDOM AND ENTIRE NATION IS MOURNING CALVIN COOLIDGE'S DEATH

(Continued from Page One)

morrow about 9:30 a. m., an hour before the funeral services begin.

OUTSTANDING ITEM

LONDON, Jan. 6 (AP)—The passing of Calvin Coolidge was the outstanding item of the front pages of today's London newspapers, which printed lengthy obituaries while several also editorialized.

Tributes to his personal character were abundant. Views were also expressed that he had not displayed or had not the opportunity to display great political capacity.

SENDS HIS REGRETS

BERLIN, Jan. 6 (AP)—President Paul Von Hindenburg expressed regret at the death of Calvin Coolidge in a cable message today to President Hoover.

"I beg to express to your excellency my deepest felt condolence because of former President Coolidge's demise."

SPAIN PAYS TRIBUTE

MADRID, Jan. 6 (AP)—All today's newspapers expressed regret at the passing of Calvin Coolidge in editorials describing him as an excellent president and a serious example of the American character.

FROM JAP MINISTER

TOKYO, Jan. 6 (AP)—Count Yasyua Uchida, Japanese foreign minister, said today the "grievious news of the death of Calvin Coolidge came as a great shock and on behalf of my government and myself I wish to extend to Mrs. Coolidge and family and the whole American people our very deep sympathy in the loss they have sustained."

"A sage, level-headed counsellor has passed away and the world must be poorer for his death," he continued. "Returning from Paris after signing the anti-war pact of 1928, it was my privilege to be entertained at luncheon at the White House and I retain a pleasant and grateful recollection of the manner in which President Coolidge welcomed me. His death is to me a personal loss."

ANCESTRAL SOIL TO RECEIVE COOLIDGE

BY THOMAS HORGAN, JR.

NORTHAMPTON, Mass., Jan. 6. (AP) — Calvin Coolidge, thirtieth president of the union, who died yesterday, died much as he had lived—alone.

At "The Beeches," the home in which he sought seclution, that tree-framed dwelling to which he repaired when the cares of a nation fell from his shoulders, the former president succumbed to a fatal heart attack.

His Sport Was Alone

He had whipped alder fringed Vermont,—alone, and quickened to the plunge of a speckled trout.

He had heard, alone, the whirr of the partridge as it left its tangled covert, when frosted autumn leaves called him to the hunting grounds of his ancestors.

Saturday he will return to the chortling trout streams of Vermont, to the alder thickets where the ruffed grouse drum—to the cloud fringed hill tops of his birth.

So Calvin Coolidge was found, alone in his dressing room. No one saw the spirit depart, after he had returned from his law office. His secretary waited below, until he should be dismissed for lunch. His wife found him, as she returned home from marketing.

To Lie With Father

And so, home to that rugged land of his ancestors, all that was mortal of Calvin Coolidge will thread the hills and valleys that separate Massachusetts, a state that honored him before the nation, to Plymouth, Vermont, in a motor cortege Saturday; there to lie with his father, John. John, who swore him in by the light of an oil lamp as the nation's chief executive many years ago, and his son, Calvin, Jr., cut off in young manhood.

Back to the thin surface of soil from which his ancestors fought a livelihood, after simple services in Edwards Congregational church here, will go the body of Calvin Coolidge.

Always Attended Church

Each Sunday Calvin and Grace Coolidge attended services at the Edwards Congregational church. They left promptly, at the end of the services, before curious or others, could intrude.

There will be an organist and a choir, Saturday morning. Grace Coolidge had been accustomed to add her voice to that choir, and found in the recent Christmas musical program an enchantment obvious to the congregation.

The widespread desire of people official life to honor the former president will make the funeral a most impressive ceremony despite the desire to keep the services simple and brief.

ECONOMICAL OPERATION, RATHER THAN SPEED, FEATURED IN NEW CAR MODELS

NEW YORK, Jan. 6. (AP)—Economical operation, rather than speed, appeared to be the 1933 keynote of the automotive industry as manufacturers started assembling their new models in Grand Central palace today for the opening of the 33rd national automobile show Saturday.

There will be plenty of speed, bespoken by increased power, longer wheel-bases and almost universal stream-lining on aero-dynamic principles.

Emphasis On Economy

The emphasis, however, is placed on devices for conserving fuel and reducing stress and strain. One popular-priced car features a gasoline control to be set by the driver to suit the grade of fuel. An eight-cylinder model embodies an automatic control of the temperature of air passing to the carburetor, worked by a thermostat, which is claimed to cut down gasoline consumption.

New types of shock absorbers which automatically adjust themselves to varying road conditions and a new method of mounting the radiator lamps and front fenders independently, to eliminate frame distortions from the front end, are among the devices advanced for reducing wear.

Driving Made Easier

Progress has been made in further reduction of the "manual labor" necessary to drive the new cars. Refinements have been made in last year's free-wheeling, steering wheels have been made to work even easier, and the power foot-brake is mentioned.

The brake is operated by a foot pedal, as formerly, but instead of applying the braking pressure directly to the levers the pedal on the new models operate a vacuum mechanism which brakes the wheels scientifically. It is said to make skidding virtually impossible.

Eight of the 29 passenger car makes in the show will embody this brake as standard equipment and three offers it optionally.

Comfort Increased

Along with the streamlining have come improvements in riding comfort—seats wider, and nearly all of them adjustable; better ventilation and improved headlight control. One model has a rear curtain controlled from the driver's seat to eliminate glare from the car behind at night.

The usual crop of gadgets makes its appearance. One of them is a sun glare shield with a radio antenna inside. Another is an extension of the drain plug on the crank case permitting the driver himself to change the oil without getting dirty.

Black appears to be the leading color, instead of blue, which was popular last year. The automobiles have their usual wide variety of tints, however, with many new two-tone combinations and string molding stripes.

The show, which opens Saturday, will continue throughout next week.

Are You A Well-Informed Person?

Every day this newspaper is filled with news. And our experience is that the news which interests you most is the news which affects you most. When one of your friends has participated in a minor accident, you are more interested in that than in a major accident in another city.

Advertising, too, is news of the first importance. It affects you. It is intimate, local news addressed to you. It deals with your comforts, your pleasure and your business. It saves you time by telling you where the merchandise is. It saves you money by announcing fair prices. It is the guide to efficient spending. When you fail to read the advertisements you do not keep up with news that is most important to you. You miss many opportunities.

The best-informed people are those who read the advertisements regularly. In fact, in this modern age, when each day brings forth new things which directly affect you, you cannot ignore the advertisements in your daily newspaper and still be well-informed!

LEGAL NOTICES

39—Legal Notices

NOTICE OF FIRST MEETING OF CREDITORS

In the District Court of the United States For the Northern District of Texas in Bankruptcy. Lubbock, Texas. In the Matter of William Robert Richards, Bankrupt. No. 204 in Bankruptcy.

OFFICE OF REFEREE
Lubbock, Texas, January 4, 1933.

To the Creditors of William Robert Richards of Idalou in the county of Lubbock and District aforesaid, a bankrupt. Notice is hereby given that on the 3rd day of January, A. D., 1933, the said William Robert Richards was duly adjudged bankrupt, and that the first meeting of his creditors will be held at my office in the City of Lubbock, Lubbock County, Texas, on the 16th day of January, A. D., 1933, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

W. D. GIRAND,
Referee in Bankruptcy

THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon J. N. Wisner and Co., J. N. Wisner, Henry Hellburg and Edwin Craighead Lea, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the 72nd District Court of Lubbock County, Texas, to be holden at the Courthouse thereof in Lubbock, on the first Monday in February, 1933, the same being the 6th day of February, 1933, then and there to answer a petition filed in said Court on the 17th day of October, 1932, in a suit numbered on the docket of said court No. 5328, wherein Inter-State Fidelity Building and Loan Association, a corporation, is plaintiff, and M. H. Lowrie, Edna Lowrie, T. F. Lovett, Edward Metzger, J. N. Wisner and Co., J. N. Wisner, Henry Hellburg and Erwin Craighead Lea are defendants, said petition alleging that on or about the 15th day of August, 1928, the defendants M. H. Lowrie and Edna Lowrie executed and delivered to plaintiff their certain promissory note in the sum of $2500.00, and secured the same by a deed of trust on the West 133 feet of Lots Nos. 1, 2 and 3 of Block No. 67 of the Parr Townsite in Hidalgo County, Texas; that said defendants have made default in the payment of said note, and that there is now due on same the sum of $2807.47 principal and interest and insurance premiums advanced, and the further sum of $280.74 attorney's fees, and praying for judgment against the said M. H. Lowrie and Edna Lowrie for the amount of such debt. Said petition further alleges that the defendants T. F. Lovett, Edward Metzger, J. N. Wisner and Co., J. N. Wisner, Henry Hellburg and Edwin Craighead Lea are claiming some right, title and interest in and to the land and premises above described, the exact nature and character of such claim being to plaintiff unknown, but that plaintiff's deed of trust lien is superior to such claim, right, title, interest or demand of such plaintiff, and prays for a decree of court adjudging its deed of trust lien to be a first and superior lien on said land and premises, and for foreclosure of its deed of trust lien as against all of the defendants.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness Charles P. Metcalfe, Clerk of the District Courts of Lubbock County, Texas.

Given under my hand and seal of said court, in the city of Lubbock, this the 5th day of January, A. D., 1933.

(SEAL) CHAS. B. METCALFE.
Clerk, District Courts, Lubbock County, Texas.

Avalanche-Journal Want Ads Pay

CUSTOMERS TELL US THAT THIS ANNUAL JANUARY CLEARANCE IS A MIGHTY FINE SALE THIS YEAR

Our sale this year is rather unusual in that in a great many lines much larger assortments remain to be offered this January than is usually the case. Customers have noted this and commented on it. Also they have spoken of the unusually low prices that prevail on so many lines, especially lines of "staple goods" that have a "Year around" appeal. There is more value—more new goods—more varied assortments—more bargains than ever before—If you have not yet attended, Saturday would be a most excellent opportunity, for after all, no matter how complete assortments may be at the beginning of our events, the rapid selling that always is the rule quickly depletes even the most complete assortments—

LADIES COATS AND DRESSES GO NOW AT DISCOUNTS SO SEVERE THAT MANY LOTS WILL BE COMPLETELY CLOSED THE FIRST FEW DAYS

Ladies' Coats and dresses—styles that reflect the finest designing in America—qualities that represent actual values of the comparative prices—discounts that truly command interest.

MOVEMENT UNDER WAY TO REORGANIZE HOUSE REPUBLICANS IN COMPACT UNIT

WASHINGTON, Jan. 6. (AP)—A movement is under way to reorganize the house Republicans into a compact unit under Hepresentative Snell of New York.

Although their membership was cut down from 211 in the present house to 117 in the next, Republican party leaders are surveying their remaining forces with a view to putting the best qualified men in the most important positions when the new congress comes in.

To Fortify Ranks

Their purpose is to have topnotch men as ranking members of committees in order that, should they recapture the house two years hence, they will be in a fortified position when they take over the legislative groups.

Despite the overwhelming Democratic majority of 313 Democrats in the next house, and the five Farmer-Laborites, the Republicans even now are better organized for the new session than their opponents.

Representative Snell has no opposition at present for the leadership which he won at the beginning of this congress from former Representative John Q. Tilson of Connecticut. While there was some talk that Representative-Elect James W. Wadsworth of New York, a former senator, might be put forward as an opponent to Snell, that he would back his organization.

Democrats Divided

Meanwhile, the Democrats are becoming more divided on their organization plans for the new house because of the difference of opinion over who shall succeed Speaker John N. Garner when he becomes vice president on March 4.

Whoever is selected speaker by the Democrats will have to construct his organization from scratch, while Snell, aided by Representative Darrow of Pennsylvania, powerful Republican chieftain, may have already whipped his minority into shape.

Darrow is having a survey made of the records of his colleagues to ascertain their qualifications for key committee posts, twenty-three of which are ranking on committees. He said that in order to perfect the organization, he prefers to throw overboard the seniority rule, as the Republicans have done more frequently than the Democrats.

Caucus Planned

A Republican caucus probably will be held about March 1 to work out the details of the new setup. Two important posts—that of assistant leader, held by Representative Michener of Michigan, and the whip, occupied by Representative Bachmann of West Virginia—also are to be filled then.

Both Michener and Bachmann were defeated in the November elections.

Rodda Funeral Is Conducted Thursday

The funeral of Mrs. Peak Rodda, 43, who died of pneumonia Wednesday night in her home at 1210 Avenue G, was conducted at 4:45 o'clock Thursday afternoon at Sanders Funeral home by Rev. O. N. Baucom, pastor of Cumberland Presbyterian church. Burial was in Memorial Park cemetery.

The widower, Edward Rodda; two children, Irene and Buck; two brothers, George Grove of Capulin, N. M., and Frank Grove of Cheyenne, Wyo.; and two sisters, Mrs. Mary Telford of Salt Lake City, and Mrs. J. T. Homer of Raton, N. M., George Grove and Mrs. Homer attended the services.

HUNT LOST CHORD

TULSA, Okla.—The seven pigeon hunters, who were captured in the dome loft of the Boston Avenue Methodist Church, may not be responsible for the sour music that has been coming from that church's organ, but they will try to remedy it. When the boys were found, it was discovered that several pipes were missing from the organ. Judge Melton fined each of the boys $2, but suspended the penalty providing the boys found the missing pipes.

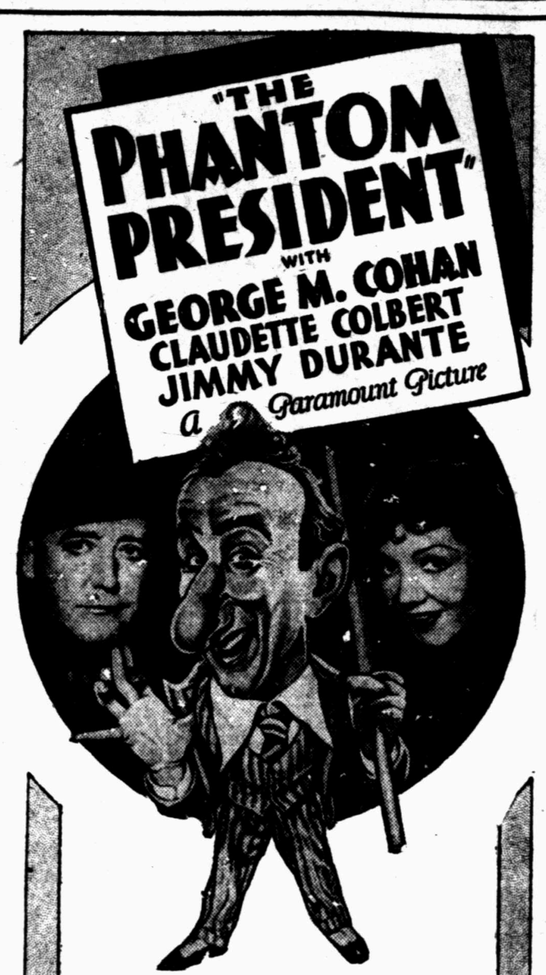

A MEAN TRICK

BOSTON, — William C. Lane's wife played a mean trick on him when she didn't get a divorce. A few months ago Lane's wife told him that she was going to get a divorce. Lane left for the middle west with the idea that she would keep her word. Believing that his wife had secured the divorce, he married Honora Small in Ohio. When he returned east he discovered that his wife had not secured the divorce, and he was arrested for bigamy.

Eighty thousand carrier pigeons were used by Britain during the World War.

NOT REAL BLOOD

A hippopotamus is said to sweat blood because, when the animal becomes excited, tiny pores in its skin exude an oily substance tinctured with blood.
