American Legion Auxiliary Poppy Sale on May 24

Appeal to Every Person to Buy Poppy

All Funds Used in Welfare Program of the Auxiliary

An appeal to all patriotic citizens to wear a poppy on Saturday, May 24, was issued today by officers and members of the American Legion and American Legion Auxiliary of Perryton. The organization asked that every poppy be worn by everyone in this community during the annual observance of Poppy Day to show a united front for America.

Every poppy that is worn means help for the needy children and benefits and cheer for disabled veterans of the last World War. Hundreds of men who could possibly find or perform other work are given employment by the sale of the poppies. The sale of the poppies has been successful in the past. The sale of the poppies has been successful in the past. The sale of the poppies has been successful in the past.

Mrs. J. W. Herrell, poppy chairman, has her workers appointed for Saturday. Poppy headquarters will be at the W. W. Virtue store. Service with Mrs. Herrell on the general committee are Mrs. Dewey Allen, Mrs. Tom Denman, Mrs. Kurt Williams, Mrs. R. C. Allen, Mrs. W. B. Allen, and Mrs. Ray Veale. Other workers named are: Mesdames R. Orrill, Loretta Lackey, A. S. Hart, Robert Lawrence, Ernest S. Howard Holt, Mark Boehm, A. R. Hogland, Blainst Carter, Allen, A. P. Spicer and W. E. Le.

The business houses will be solid Saturday morning. Workers offer the poppies for sale on streets throughout the day.

The afternoon, the Junior members of the Auxiliary and the members of the Girl Scout Troops, who are sponsored by The American Legion Auxiliary, will assist the sale.

Each Scout patrol will work one block. The name of the patrol, name of the leader, and the hour to work are as follows:

Scout Patrol, Miss Edith Newell, 1 to 2.

Scout Patrol, Mrs. G. A. Rupert and Mrs. Claude Allen, 2 to 3.

Scout Patrol, Mrs. Alvin Koehn, 3 to 4.

Scout Patrol, Mrs. K. H. Crisp and Mrs. E. R. Bell, 4 to 5.

Public Invited to Show Friday

Truck and automobile owners invited to be the guests of the local Petroleum Company Friday afternoon at 2:30 o'clock at the Perryton says E. W. LeMaster, agent. There will be a free and fuel demonstrations on to make your motor up-keep.

The show "Down to Earth" deals with economical motivation.

LeMaster invites and urges public to be present and witness show. Representatives of the many will be present to lead discussion.

Importance of Wheat Marketing Quota Referendum Being Stressed Locally

The wheat marketing quota referendum May 31, wheat farmers decide how they want to handle supply of wheat big enough to nearly 2 years, according to members of the county AAA committee.

Herald Wants Address of Men in Service

The Ochiltree County Herald wants the name and address of every man from the Perryton area that is now serving in the army, navy, air corps or the marine corps to publish in a directory that is to be placed in the Herald each week. We must depend on relatives and friends to furnish us with this information. We know from experience what it means to get a letter from home in such times, so if you will keep us posted, we will try to render this service to the boys. Be sure to keep the Herald informed of changes in address, also give us the names of men as they are inducted or volunteer for service. We appeal to you for your cooperation in performing this service for them while they are serving us.

Lake Fryer Formally Open Sun. June 1

R. M. Cronister, concessionaire in charge of Lake Fryer, announces Sunday, June 1, as the official opening day for park amusements. A special opening day program will be arranged and provision made for the entertainment of the thousands of people who are expected to visit the park on opening day.

Boat rides, boat races, speed boat races, swimming and other entertainment will make up a full day of fun and frolic for all who attend. Mr. Cronister will serve a barbecue dinner at the recreation hall, charge fifty cents a plate.

He also announces a dance to be held in the recreation hall on the evening of Saturday, May 31. Music by the Perryton Playboys.

Flowers Will Head Lions

Oscar C. Flowers, county attorney, was named president of the Lions Club at the Tuesday luncheon in the Hotel Perryton. His nomination along with other officers was accepted unanimously by the organization and included the following: E. D. Kelley, 1st vice president; A. P. McCelvey, 2nd vice president; Sam Herget, secretary; Eugene; Glen McGibbon, treasurer; W. E. Castle, lion tamer; H. A. Finch, Max Boyer, A. P. Spicer, directors. H. A. Finch is the retiring president.

Nominations were made by a committee composed of W. B. LaMaster, chairman, R. H. Holland, and H. C. Sanford.

The club will not observe regular Tuesday luncheon next week and have accepted an invitation to be the guests of L. L. T. Cull, commanding officer at CCC Camp 2874 that evening. The affair will be ladies night.

The Lions will adjourn for the summer June 10, it was said.

Frantz, Ray Selby, Tom Ben Boston, Ben Hardy. All were present except Carlene Taylor and Charles Shepherd.

Victim of War

His father a prisoner in a German war camp, this big-eyed baby is one of thousands abandoned by French families. At the Toulouse asylum homeless waifs are fed by American Red Cross.

Red Cross Unit Needs Knitters

If you can knit, the Red Cross needs your help in completing its knitting quota. Womens sweaters are the principal need at this time but a large quantity of yarn is on hand for both men's and children's sweaters. Mrs. Henry Richardson, chairman of the knitting division urges any person who will spare a little time for this work to call at the Red Cross headquarters in the school building for yarn and instructions or call Miss Betty Bryan and she will be glad to bring them to you.

Mrs. J. F. Cox, chairman of the production committee, asks those who are completing the dresses and other garments to please bring them to the office as quickly as possible so they can be made ready to ship by June 1.

Through the courtesy of the local sewing room and Mrs. A. K. Wooten the sewing room has been made available for Red Cross workers on Tuesday and Wednesday afternoons of each week. Twelve machines are at the disposal of the workers and Mrs. Wooten urged women who do not have these conveniences at home to take advantage of this offer and help with this worthy cause.

Junior High School Commencement Exercises Held Tonight, High School Auditorium

Health Check-Up For 183 Children

During the three-day health clinic held at the Perryton Schools, May 12-13-14, 183 children were given a physical examination and check-up. This clinic was available without cost to all children of the county of pre-school age, and children of the first, second and third grades. Rural schools bringing students to the clinic were Waka and Huntoon.

This clinic was made possible by the cooperation and help of the doctors and dentists. C. Wedgeworth, superintendent of schools, expresses appreciation in behalf of the school and sponsoring organizations to Doctors G. L. Kengle, H. See No. 6, Back Page

Wheat Producers To Cast Ballots

Each farmer engaged in the production of wheat for harvest in 1941 on a farm which has a normal production of the acreage planted of 200 bushels or more, who is entitled to share in the proceeds of the 1941 wheat crop as landlord, tenant or share cropper shall be entitled to a vote in the Wheat Marketing Quota Referendum May 31.

Husbands and wives may both vote if each are entitled to separate checks under the Soil Conservation Program. A man may vote regardless of whether or not he is complying with the Farm Program. Only one vote per man is allowed regardless of the number of farms he operates. The only exception is when a producer is operating a farm individually and also acting in a representative capacity such as a share cropper.

Shanks Addresses Graduates at Gruver

Dave Shanks, County Judge of this county, was selected to give the commencement address at the Gruver elementary school graduation held May 15, 3 p. m. Presentation of diplomas was made by Oliver A. Bush, superintendent of the Gruver Public Schools was principal of the Perryton Senior High School for several years, prior to accepting the superintendency at Gruver.

Equity Officers Are Reelected

F. L. Bell, president; N. G. Nelson, vice-president; and B. B. Kent, secretary-treasurer, were reelected as officers of the Perryton Equity Exchange at the board meeting held shortly after the annual election of directors the fore part of this month.

The present board is composed of N. G. Nelson, H. C. Brillhart, B. B. Kent, L. H. Lanco, Pruner Apple, Audie Conley, J. W. Sims, C. F. Saunders Jr., A. E. Devers, F. L. Bell and Fred Butler. The latter five directors were elected this month for a two year term, the others are holdovers with one more year to serve.

Rainfall Tuesday Brings .18 Moisture

Rainfall was again recorded in Perryton and vicinity Monday night and Tuesday with .18 of an inch reported by the Soil Conservation Office at Camp 2874. Scattered showers were reported over almost the entire county with the heaviest rain in the southern portion.

Moisture received thus far during the month of May totaled 3.02 inches as follows: May 1, .70; May 2, .86; May 3, .76; May 10, .52; May 19-20, .18.

Grain producers report that crop conditions are growing more favorable for a bumper wheat crop.

As the Herald goes to press Thursday morning additional rain is being received with threatening skies indicating little letup for the day.

Dr. R. P. Jarrett of West Texas State College to Deliver the Address to Senior Graduates

The 1940-41 year of the Perryton Public Schools will come to an end on Friday evening, May 22, 8:15 o'clock when commencement exercises for 85 senior graduates will be held in the high school auditorium. Dr. R. P. Jarrett, Dean of West Texas State College, Canyon, will deliver the address to the seniors. Dr. Jarrett is head of the department of education in the Canyon institution.

Clean Up Day May 28 at Cemetery

Wednesday, May 28, has been set as Clean-Up day at the Ochiltree cemetery by the Pierce Johnson Post of The American Legion who will sponsor the clean-up again this year in order to have the burial place in the best possible condition for the Memorial Day service on Friday, May 30.

The following committee has been appointed by Legion Commander A. R. Hogland to supervise the clean up activities: O. R. Truax, chairman; H. C. Graham and Kirt Williams.

The Legion will sponsor the service at the cemetery on the afternoon of Memorial Day, Friday, May 30. The program will be under the direction of the following committee, J. W. Woodworth, Sibley Jimes and Robert Lawrence.

Perryton business houses will close at 12 o'clock noon for the remainder of the day on Memorial Day.

Brown Trial Is Set for June 10

SPEARMAN, May 19—Orin J. Brown, charged with murder with malice in connection with the hammer slaying of Mrs. Leola Frances Murphy on a lonely road near here March 20, pleaded not guilty today in district court.

Judge Allen appointed the law firm of Boyer & Archer of Perryton and J. O. Ward of Boyer as defense attorneys when the defendant appeared in court without an attorney.

Max W. Boyer of the law firm of Boyer & Archer of Perryton has notified Judge Allen that due to the fact that he has engaged in investigations with law officers in connection with this case and that due to knowledge secured from these investigations, he refuses to serve, feeling that such service would be unfair to both the State and the defendant. Dan E. Archer, the other member of the firm, informed a Herald representative Wednesday that he would not assist in the defense of Brown.

The special term of court opened this morning but was postponed.

See No. 5, Back Page

JUST HERE and THERE

To the 85 young men and women who will graduate from Perryton High School tomorrow evening, we extend our heartfelt congratulations and best wishes for success.

Some of you will go on to institutions of higher learning to prepare for professional or vocational work. There will be some who will find employment in business houses in this or a similar community. Many will follow agricultural pursuits.

Some will marry soon. Others will just drift never amounting to much of anything. Don't be one of this latter group!

But there's a certainty that these young folks so near to manhood and womanhood are going forth into a world torn with strife and fight, a world in the turmoil of war, a war which our own country seemingly cannot avoid.

If this comes to pass, then the future for many of you will be service for your country, a service that this war of today demands of both men and women. Just as the routine of life was changed by the war, so the routine of life was changed by the war.

The program for the commencement exercises is as follows:

Processional, Ranger Band; Invocation, Rev. S. R. McClung, Pastor First Baptist Church "The Land We Love"; Class, piano solo, Mary Jayne Fritz; "Learning to Live Together," Ruth Ann Urban; instrumental trio, Glenn A. Truax, Mrs. Kendall Kelly and Mrs. A. P. McCelvey; "Tolerance," Wilbert Hart; Commencement Address, Dr. R. P. Jarrett, Dean of West Texas State College; presentation of senior gifts, Chellis Gidley, president, Senior Class; announcement of honors, E. D. Kelley, principal of Perryton High School; diplomas and awards, C. Wedgeworth, superintendent of Perryton School; "God Bless America," Class; benediction, Rev. Leon Berry, pastor First Christian Church.

Installation Of Rainbow Girls Monday

Mrs. H. C. Sanford, Mother Advisor of the Perryton Rainbow Assembly, announces a special meeting called for Monday night, May 26, to install the new officers, who will hold office for a four month period. The public is invited for the services which will be held in the Masonic Hall beginning at 8 o'clock.

Mrs. Francis Mae Dodson, present worthy advisor, will direct the activities, as installing officers. Those to take office are: Ona Grace Francis, Worthy Advisor; Kathleen Allen, Associate Worthy Advisor; Wilma Holland, Charity; L. Louise Pugh, Hope; Mary Frances Crowe, Faith; Ruth Neufeld, Chaplain; Mary Jayne Fritz, drill leader; Joan Boston, confidential observer; Joyce Lance, outer observer.

Mary Ann Cudd, Ruby McGarrah, Beth McDonald, Carmelita Wright, Lois Todd, Sudie Records and Virginia Barker, color stations; Marcella Fritz, musician; Arlene Truax, Ann Herndon, Eulene Wade, and Carolyn Conley, choir; Jane Rogers, treasurer; and Rosie Barnes, secretary.

**PIERCE JOHNSON UNIT NO. 254
THE AMERICAN LEGION AUXILIARY**

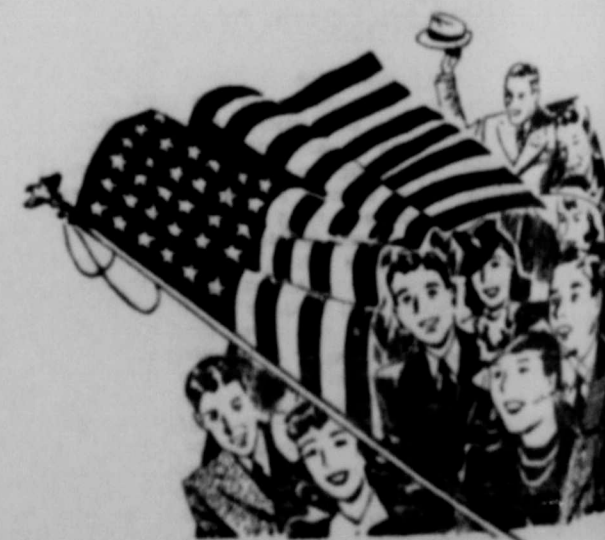

DO YOU know why the Poppy is the symbol of this particular occasion? It's because poppies grow in great profusion in Flanders in France... they grow in and around thousands of white crosses that mark the graves... they grow where once men fought... they grow red—blood red.

There are other men who fought in Flanders whose names are not on any of those white crosses. No, their names are on white hospital beds and on little baskets with wheels and on wheel-chairs and crutches. Those are the men to whom Poppy Day has the most significance, those men whose comrades' agony is stilled beneath the live poppies in Flanders, but whose own agony throbs with every move and with every tortured heartbeat. Poppy Day is for them.

Buy a Poppy. They have made them, made them for you, with tired fingers and unseeing eyes. To them every Poppy sold means something very real. They've done something for you—buy a Poppy for them.

Help The Disabled Veterans!

Many Honors Won During the Year by Students in Vocational Agriculture

The Perryton chapter of the Future Farmers of America had a very successful year and won many honors. The highest honors of the year go to George Holmann and Joe Buckle. These boys are one in a million. The school is proud to have them.

At the beginning of the year Joe Holmann received his Lone Star Farmers Degree, at a convention held in Houston, in June 1940. Joe is the first Perryton boy to receive this degree. Through much work he went ahead and received his American Degree in March 1940. By one boy out of over 1,000 taking Vocational agriculture can get this degree. Very few apply for it.

Special notice should be given to George Holmann. George has an unusual talent of which the school is proud. George entered the F. F. A. public speaking contest at the mpa district meet. Fourteen boys were present at this contest. George won first place, May 3, and entered the area I public speaking contest and again won first place. This entitled him to enter the State convention at Maricopa, July 16 to 19. George brought a lovely banner which is on display in the Junior High School gym case.

Among the various highlights of the year was the live stock show in Perryton, November 1. Several boys took part in this show and their livestock and projects were judged. David Burger, C. J. Frantz and David Williams, the livestock judging team, entered the contests at Miami, Amarillo and the area I judging contest held at Texas Tech.

The poultry judging team, consisting of Leon Pribble, Charley Smith, and Arthur Daniels, also entered the judging contest at Lubbock.

C. J. Frantz made application in April for the Lone Star Farmers Degree. He is the second Perryton boy to try for this honor. One of the most outstanding events of the year was the trip to Kansas City made by the boys feed-out calves. The calves were shown at Perryton, loaded in a truck and sent to Liberal, Kansas.

Director of Senior Class Activities

Miss Verna Harris is kept very busy in Perryton High School. Along with being sponsor of the Senior Class, she teaches Senior English, speech, directs contest plays, the Senior play, and is in charge of school publications which consist of "The Ranger," the school year book; and the "El Sombbrero," the school paper. Before coming here Miss Harris taught at Higgins, Texas. She received her degree from North Texas State Teachers College, Denton.

From there, they went by rail to Kansas City. The boys made the trip in cars.

An annual event is the picnic of the Future Home Makers and the F. F. A. boys. This year the picnic was held May 12, at the State Park.

All a person can leave is what people think of him.

News of Perryton School reported and edited by the Student Staff
— Elementary, Junior High, and High School Activities —

Library has 1,745 Volumes and 40 Student Librarians

The Junior High School Library has a total number of volumes of 1,745. Each year many well selected books are added. The library subscribes to 12 children's magazines and one newspaper.

The library is a popular place with the students. Forty student librarians assist in the library work. Much library service has been given by the following students:

Maxine Rorbaugh, Dudley Hargrove, Mary McClung, Alvena Records, Delos Pugh, Shannon Daniel, Helen Hudson, Mary K. Evans, Betty Jean Jacobs, Betty Lu Buchanan, Mary Ann Cudd, O'Neal Wilson, Billy Louise King, Margaret Hearn, Marceline Renfro, Marcena Frantz, Teddy Perkins, Dwindell Atchison, Melvin Price, Joy Lance, June Brown, Marvin Neufeld, Audrey Lee Stump, Mary Lou Ruppert, Bessie Seeding, Mary Jo Hulley, Weldon Bull, Charles Peckenpough, Billy Trevillas, Patsy Ruth Patton, J. C. Jones, Virginia Caldwell, Nettie Mac Brilhart, Earline Ragan, E. R. Bell, Jim Hudson, Virginia Williams, Ruby Ann Patton, Wanda Jones and Kenneth Turner.

Club Activities Are Important

The Handicraft Club, sponsored by Mrs. S. N. Henry, has 35 members. Florence Peterson is the president; Dorothy Jean Crisp, secretary; Jo Ann Boston, serving chairman. Members are girls from 6th, 7th and 8th grades. Refreshments are served weekly.

The Games Club is sponsored by Miss Katherine Winkler, with 35 in the club. This club consists of boys and girls. Refreshments are not served.

The Junior Red Cross Club, sponsored by Miss Lida Beasley, consists of 21 girls from the 7th and 8th grades. Red Cross work is done. The spirit of friendship among nations is created through this club.

The Needlecraft Club, sponsored by Mrs. Lea Ida Boyle, consists of 29 girls from the 6th, 7th and 8th grades. Refreshments served weekly.

High Educational Rating for School

Again the Perryton school has been selected as a member of the Southern Association of Secondary Schools and Colleges. Perryton school was given the highest rating possible for any school to receive through the credit agency of the Southern Association of secondary schools and colleges. Perryton schools was given this honor without any question of improvement.

This is an honor rarely given to any school. The faculty was commended on 100 per cent degree teachers and a high percentage on master degree teachers. The school feels highly honored and feels that it really has something to boast about.

Popular Senior

Wilma Holland is one of Perryton High School's most outstanding students. Wilma is a senior this year and has never been absent or tardy during her eleven years in Perryton schools. She was the Best All-around Girl in 1940, and is editor of the annual this year. Wilma is to be congratulated on the excellent year book for 1941.

grades. Refreshments served weekly. The Physical Education Clubs are directed by Chester McLeary, James Langford and George Philbrick. Mr. McLeary has charge of 6th grade boys. Mr. Langford the 7th grade boys and Mr. Philbrick the 8th grade boys. This club helps the boys develop good sportsmanship.

EDITORIAL

Making Friends

Many of the seniors this year are going to college next fall and I suppose they are already beginning to wonder about how they are going to be received.

That is the worry in the minds of all Freshmen entering college. Most of them think that the students will be stuck up and therefore the Freshmen feel inferior to others; if they only knew that every Freshman feels the same, it would be easier.

Students usually start out one of two ways. They are scared stiff and show it by being shy and timid or they are scared stiff and try to hide it by acting as if they own the school. Just remember that first impressions are lasting ones. So it would be nice if you could just hit a happy medium.

To make friends you have to be a good friend, so put on your prettiest smile and have a cherry "hello" ready for classmates. After all, a smile is a person's best friend. You will probably be left out of some school activities at first, but when people find out that you are friendly and nice, you will probably be rushed. Enter into some activities, as tennis, swimming, golf and then you can feel that you have something in common with someone.

Americanism

Too many high school students do not think enough about Americanism. They hear it discussed at every turn and on all sides. They take for granted all of the advantages and liberties offered in America. They are helping to do something, but what? Few high school students are old enough to enroll in any kind of military service and they are called on to make very few personal sacrifices.

Students overlook the many little details which they are doing. These small details soon add up to a big item. They think they are unimportant and useless as far as the government is concerned. Students don't realize that every time they say something in connection with America and Americanism that they are helping convince some classmate that America is the best place to live. They are helping them become better American citizens. Neither do they realize that by acquainting themselves with conditions of today, they are preparing themselves for tomorrow; by going to school and knowing something about their father's business, they are preparing themselves for tomorrow.

Not all of the honorable and glorious things about Americanism pertain to fighting and dying for one's country, of course it is very honorable to do so, but many people serve America just as well by living for their country.

Duke Accepts Higher Position

R. L. Duke, principal of Perryton Elementary School, for the past six years, has accepted a position as Director of Elementary Education in the San Angelo Public Schools.

During the time he has been here, Mr. Duke has acquired many friends, particularly among the young people other than those in grade school. Mr. Duke has been an active leader in the Senior High Hi-Y Club for the past five years. And under his leadership many improvements have been made.

He has also been active in sports since he has been here. Before Perryton had a regular assistant coach, he was coach Burk's right hand man. Since then he has been coach of the Junior High football and basketball teams, and served as scout for the Senior high football team. Mr. Duke has served the school well in all these activities.

Before coming here, Mr. Duke

Establish Office For Dean of Girls

This year is the first time Perryton High School has had an office for the Dean of Girls. The Dean of girls is Miss Eugenia Mitchell. During the past year Miss Mitchell has had personal conferences with every girl in high school.

Along with this she attends to other things such as health supervision, granting of permissions, building manitor, placement work, distributing college information, help in arranging courses according to vocational interest and interviews with parents. Miss Mitchell is often called on for character recommendations and has been a great help to the girls this year.

was principal of elementary schools of Merkel, Texas.

We wish the best of luck to Mr. and Mrs. Duke in their new home and position.

Congratulations, Seniors! The world is waiting for you with many opportunities and disappointments, and your success or failure depends upon your ability to cope with these agents of "Madame Fortune." Any permanent degree of success is obtained by "work". Whether it be by the sweat of your brow or from the inner recesses of your mental capacities, work will be the stabilizing influence in your lives. My best wishes to you in all your efforts.

E. D. Kelley.

Lucky Thirteen Club Elects New Officers

The closing meeting of the year for the Lucky Thirteen Club, a social organization of unmarried teachers, was held Saturday, May 10, when the group went to Wolf Creek dam for a picnic.

The club has held monthly meetings this year. Outstanding among them was the formal dinner given at Christmas. An established custom in the club is the secret exchange of gifts.

Officers elected at the last meeting are: Miss Pay Pinckley, president; Miss Eugenia Mitchell, vice president; Miss Virginia Vaughan, secretary-treasurer; Miss Katherine Winkler, reporter.

Courthouse Basement

Behind your wall switch

Most people take electric service for granted. You flick a switch and the light comes on. It's as simple as that.

But to make electric service always available—to have the "juice" there when you want it—is not so simple. It takes the constant efforts and ceaseless vigilance of trained employees. It requires a huge investment in costly generating equipment, transmission lines and substations. It takes forests of poles... miles of wire... large numbers of transformers, meters and other delicate and expensive equipment. It involves the expenditure of thousands of dollars annually to keep this equipment in good working order... to make sure that you will have dependable electric service.

Good Electric Service Doesn't Just Happen

It results from the happy combination of a trained personnel, modern equipment and experienced management. In Community Public Service Company, these three factors are blended to form a smooth-functioning organization that has one main object—to give you the best possible electric service at the lowest possible cost.

Senior High School Has Many Volumes In Library; Students Help with Work

One of the most outstanding features of P. H. S. is its fine library. Mrs. Otis E. Burk, head librarian, deserves much of the credit for our library's being what it is. Mrs. Burk has recently been honored by the request that she fill out a blank entitling her name to be entered in "Who's Who in Library Service," Second Edition 1941, which is very similar to "Who's Who in America" except that it covers a specific field.

Mrs. Burk was recommended for this honor by the University of Illinois, Urbana, Ill., at which school she received her graduate degree. Mrs. Burk is ably helped by Mrs. Mary Dillingham, WPA assistant, and 18 student assistants.

At the opening of school this year the library consisted of 3,496 volumes, 200 of which were added during the summer. Since that time 26 volumes have been added which brings the present total to 3,521. An order for next year is now being prepared with department heads making recommendations for books needed by their classes.

The library receives five daily newspapers and 24 monthly and weekly magazines. It also receives bulletins from all the outstanding and nearby colleges. These are of particular interest to the members of the senior class.

The library staff has spent much time in making and keeping up to date the card cataloging system which has proved very useful to the students of P. H. S. The staff has also spent much time this year on the Homecoming Department Library which numbers 335 books.

This is the busiest time of the year for the library. During the last month magazines are bound in volumes. An inventory is made, books are repaired. Other books are sent to the bindery, and everything in general made shipshape.

Students who are helping with this work and who deserve praise for their service to the school the past year are: Harold Ray Murray, Jane Rogers, Elaine Hardy, Letha Corbin, Faye Dell Johnson, Clair Brillhart, Polly Ann Holmes, Dana Laillement, Margaret Herndon, Ruby Morgan, Letha Barker, Naomi Cagle, Joe Cox, Alberta Morris and Donald Ellis.

Courtesy is fine but don't be too polite to the devil.

Marrying for riches may not make a golden wedding.

DEPENDABILITY

ONE quarter of all Holland is beneath the level of the sea ... protected from the rushing waters by 1500 miles of dykes. It is the dependability of the dyke that has made that land habitable.

It is the unwavering dependability of our organization that has won for us public confidence. Each ceremony is a tribute of memorial dignity.

School Editor

Billy Herndon is the editor of the school paper, "El Sombrero." He has received citizenship awards in 1933-34, '34-'35, and '35-'36, and won the citizenship cup in 1938-39. In his freshman year he won the scholarship medal and has never missed receiving a three way certificate during his years in school. Billy is president of the Hi Y Club and has been president of his class several years. He is a student of whom Perryton High School should be proud.

A Cappella Choir Organized This Year

The A Cappella Choir, under the direction of Glenn A. Truax, consists of 66 members. The choir sang for the Lions Club and high school assembly. This organization also sang for the infantile paralysis program given for the benefit of the crippled children.

The choir participated in the Region One music contest, at Amarillo, Saturday, April 4. It received a third rating. Ruth Neufeld and Danna Laillement entered in vocal solo and both received a second rating. The trio, consisting of Ruth Neufeld, Marcela Fritz and Kathryn McFarly, entered the contest on Friday, April 5. The trio received a fourth rating.

Seniors Celebrate "Kid Day" on May 16

The annual Senior "Kid Day" was held on Friday, May 16, 1941. All eighty-five members in the Senior Class were dressed as "Kids." Just to give you an idea of what the "kids" wore, here is the fashion review. Five little quintuplets, all dressed alike too. More pink and blue; black eyes, and missing teeth as well as bare feet. Long curls and pigtailed made a nice contrast with short dresses and knee pants. Patches on knees, and — Momma probably had "fun" when she took them off. "Huckleberry Pinn" was running loose tagged by a "Baby Doll" or two. Gum in their hair, candy in their teeth. Well, they enjoyed it, we hope.

Junior High Safety Patrol

The Junior High Safety Patrol is a very active organization in the Perryton Schools. They are active in patrolling bus lanes, guarding stairways, and acting as patrols on playgrounds. While patrolling bus lanes, the safety patrol keeps small children from running and being struck by the busses; while guarding the stairway, they see that students go on the right side and take every step as it comes; and while patrolling on playgrounds, they help to prevent accidents.

The active members of this council are: Shannon Daniels, president; Betty Lu Buchanan, vice president; Floyd Entler, secretary; David Stollings, Margaret Hearn, Arlene Truax, Clarence Engelman, O'Neal Wilson, Edwin Pletcher, Virginia Caldwell, Henry Pletcher, Teddy Perkins, Ruby Ann Patton and Billy Tregellas.

Associate members are Marvin Neufeld, Raymond Hiedrich, Melvin Price, Jean Mullins, George Heidrich, Dean Burger, Emma Lee Weidman, Audrey Lee Stump, Josephine Buckstaff, Ruby Stump, Harriet Vogt, Jewel Pease, Dean Bennett, E. R. Bell, Sheldon Wilson, Betty Sue Morgan, Earline Ragan, Jean Osterbuhl, Jimmy Dunlavy, Kenneth Puller, Juanita Estes, Mary Helfenbein, Lura Lee Groves, Orpha Pearson, Pauline Cotner, Burl Schell, Alverna Records, Ina Mae Fluit, Mary McClung, Jo Ann Kutch, Betty Pshigoda, Billie D. Stone, Mary Lou Rupperecht, Lewis Helfenbein, Lou McGarrah, Mildred Moore, Della Pugh, Betty Jean Quick, Betty Jean Jacobs, Lucille Batman, Coleen Ripp, Georgia Brown, Kenneth Pearson, Betty Jo Balernefen, Nona Holde-man, Mary Helen Brown, Leland Wilson, Georgine Laillement, Virginia Williams, Mary Alice Manning, Clara Louise Davis, Arlette Robertson, Dwendle Atchison, Florence Peterson, Paul Dowers, Quentin Engleman, Patsy Patton, Nettie Mac Brillhart, Darlene Bull, Bobby Hamman, Georgia Seaton, Mildred Todd, Burl Mitchell, Helen Unruh, Johnnie Mae Black, Patsy Barton, Jammie Dick Key, Sophia Addington, Walter D. Bass, Ben Rita Plummer, Earl Ringer, Dewayne Thurman and Gene Hedgketh.

Cordially yours,
C. Wedgeworth,
Superintendent.

Senior Class Make Good Record

To members of the senior class of 1941 our "hats are off." Your record as a senior class during the year about to close is one worthy of much mention. Your activities have been numerous and worthwhile, your spirit as a class has

C. WEDGEWORTH

been unexcelled. Your co-operation in helping the school promote many worthy and worthwhile projects has been highly appreciated.

A close survey of your scholastic record, speaking for the class as a whole, reveals no bad report. The citizenship spirit of the class has been marked and outstanding. You have risen on many occasions to come forward with assistance to give support, and lend your efforts to help the school put over projects that will stand as a memorial to the fine work of the senior class of '41.

Your sponsorship of the stage decoration project that resulted in a complete layout of new stage scenery and setting should by no means be left unmentioned, and to each member of the senior class, the school is grateful.

Particularly is the senior class to be congratulated upon this fine edition of the El Sombrero. The columns of your paper throughout the school year have been exceptionally good. They have reflected the true spirit of the school and have served as a medium through which the public has become better acquainted with your school. This final edition of the El Sombrero for the school year 1940-41, credited entirely to the efforts of the senior class, is an achievement that any class should be proud of and one that lends much credit to the school.

It is the hope of this administration that each member of the class will always look upon this senior year with much pleasure and pride.

Congratulations and best wishes to each member of the 1941 senior class!

Cordially yours,
C. Wedgeworth,
Superintendent.

Senior Gift Is New Stage Equipment

The new stage equipment which was installed this year has added much color and beauty to the auditorium. The front curtain of green velvet with the gold braid trimming was given by the Senior Class. All proceeds from the Senior Class play go to pay for the curtain. This beautiful front curtain cost \$400.

Other stage equipment that adds splendor to the auditorium are the beautiful grand drapery of tea rose and the gray cyclorama which extends around the back part of the stage making a perfect setting. Set pieces and spot lights were also added to give a more colorful effect.

The equipment is of the finest type and the entire school is indebted to the Senior class for their splendid help in buying the curtain. The entire senior class roster will be placed on the back side of the curtain. All equipment cost \$800.

The Senior Class joins the rest of the school in expressing its appreciation and thanks to the administration for the new hard wood floor. All this has added much to our auditorium.

Home and Summer Home Ec Projects

The Home Ec department undertakes to do one project during the year and one during the first month of the summer.

The home projects consists of dress making and preparing meals, breakfast and luncheons. In making of the clothes the girls learn to make dresses at small cost. They learn to select good material and to construct a dress. When preparing the meals, the girls learn proper foods for certain meals, learn new dishes and how to cook common dishes.

The summer projects will start May 26, and last during the month of June. There projects will consist of clothes making, preparing of foods, home improvements, flower gardens and yard improvements. Group meetings will be held once a week. During the weekly meet-

ings, possibilities for group projects will be numbering desk equipment, painting woodwork in bath room, making dish towels and ironing board covers.

At the end of June, there will be a valuation day. During the morning the group will look over the projects brought in, a picnic lunch will be fixed for dinner and during the afternoon the group will visit the projects that could not be brought to the school house. The girls will receive a half credit for this work.

New Course This Year is Public School Music

A new course in Public School Music was offered for the first time this year in the Perryton Junior High School, under the direction of Mrs. Kendall Kelly. One hundred and twenty students were enrolled in the classes, America and particularly Texas is growing more in the field of music than any other group of people in the world.

The music program has centered in group singing including folk songs which are so popular in our community singing, union songs from the classics and two-part octavo music. True appreciation of all kinds of music was instilled in the minds of all junior high school students and will no doubt have a great effect upon the type of music future America will hear.

Modern growth of music has made it possible for the student to get at least a taste of all types of music, thereby giving him a wider field for selection. In the study of music appreciation, it is found that each type of popular melody obviously was stolen from a rich classic that had proved its worth by having a distinct quality distinguishable from all other tunes.

Through the use of phonographic recordings the students have learned to identify the instruments of the orchestra by name and by sound. They have learned to know and enjoy good music; they enjoy group singing, and it is believed the music program has helped to create a happier school.

Fire destroys nature's "storehouse" and natural cover for grass seed, the "storehouse" which prevents seed from washing away and protects delicate young plants from wind and hot sun until they become established.

Allis-Chalmers ALL-CROP HARVESTOR

"Successor to the Binder"

AIR CONDITIONED HARVEST

Now you can air-condition your grain, put your crop safely in the bin clean, dry and bright as a dollar. If the humidity is high or grasshoppers threaten . . . you can windrow in a hurry and harvest air-dried grain or seed with a pick-up attachment.

You can harvest the standing crop where other machines choke up on green weeds. The famous all-crop wide bar cylinder with rubber shelling contacts puts green matter through whole, unchewed. Instead of wadding your grain in the shock to soak up moisture, harvest it the air-conditioned Allis-Chalmers way and save 10 cents a bushel. Free mother from the threshing dinner ordeal. Come in—bring her along.

President Roosevelt Calls National Conference on Nutrition, May 26-28

A national conference on nutrition for defense to make recommendations for an immediate program of action has been called by President Roosevelt to meet at Washington May 26, 27, and 28. Director H. H. Williamson of the Texas A. and M. College Extension Service announces, Mildred Horton, vice director of the Texas Extension Service, and Jennie Camp, extension specialist in home production planning, are among the 700 leaders in medicine and public health, social work, nursing, home economics, nutrition, education, community organization and other fields invited. The State Land Use Planning Committee has named Mrs. Lola Scott Middleton of Hillsboro to represent the farm people of Texas at the conference.

M. L. Wilson, director of the Extension Service, Department of Agriculture, and chairman of the advisory nutrition committee for the Federal Security Agency, heads a planning group for the conference program. General sessions will be devoted to discussions of nutrition problems. Section meetings will consider definite aspects for nutrition and formulate specific recommendations for the consideration of all the delegates.

"The purposes of this conference," said Paul V. McNutt, Federal Security Administrator who announced the President's call, "are to report on the present state of human nutrition in the United States and to outline the effects of inadequate nutrition on the health, efficiency and morale of our people. The conference will make recommendations to the president for an immediate program of action.

"In this time of national emergency the health of all the people is one of our gravest responsibilities. Only a nation of healthy people can be strong, and people are healthy

Ideal American Under-Pinnings

June Cox, photographers' model, was judged to have the "ideal American legs" in a contest sponsored by a hosiery company. The Art Directors' Club of New York did the judging.

That Reminds Me

BY RALPH HERBERT

The celebration starts Friday, May 30 at 11 a. m. with a giant parade. Friday at noon Old Settlers of Moore and adjoining counties will have their reunion in the form of a huge basket picnic on the Moore County courthouse lawn.

From 2 to 5 p. m. Friday and Saturday the Dumas Rodeo will stage their big, action packed show. Mid-way attractions include carnival, rides and other amusements together with dances will feature plenty of entertainment for visitors for both days.

Sermon Subject On Labor Unions

"Would Christ Endorse the Labor Union?" is to be the sermon subject of Rev. William E. Fisher at the Methodist Church, Sunday night, May 25. "There will be no mincing of words," said Rev. Fisher.

"I shall speak plainly, calling things by their right name. False propaganda is being used to deceive and mislead the public mind at a time of national crisis when the welfare of the country needs our best and straightest thinking," further stated Fisher. "In this sermon, I shall have something to say about Gov. O'Daniel's labor strike law; the recent strike situations; and their effect upon the general public; labor leader Lewis and the C. I. O. communism and other elements entering into our social unrest; and I shall endeavor to point out the right way from the Christian view point."

At the morning hour, Rev. Fisher will speak on the "The Every Member Church." The choir will sing, "Our God's Domain," by Holton. Other music: piano prelude, "Prayer," offertory, and the recessional, with Mrs. R. P. Hurn, choir director, and Mrs. A. M. McColvey, pianist.

A coffin is often more genuine than its contents.

NOTHING stops America's ingenious manufacturers. Recent government restrictions on materials vital to defense have presented unusual problems, but the engineers and designers of the American industry have solved them.

Nickel is one product that has been cut off the list available for everyday needs. Steel makers have been using nickel in manufacturing stainless steel. One engineer recalled that the first stainless steel, made several years ago, did not contain nickel.

A search for the first day tank made of stainless steel minus nickel, was inaugurated. The tank had gone from a manufacturing to an Ohio dairy, and had then been sold to another dairy. It was still in use, engineers found, as an emergency tank. Minute inspection disclosed that the stainless steel was as good now as on the day it left the mill. Problem solved.

ALUMINUM foil has been used in permanent wave pads. Government restrictions cut off the supply. Search disclosed that a manufacturer had been making pads for years, of a specially treated oiled paper. Manufacturers are testing, checking results, and will discover a good substitute.

War brings unusual industrial problems. If you have seen steel mill in action, you know how its brilliant glow brightens the sky for miles. How would you black-out a steel mill? A Great Britain executive tells us that the problem has been solved.

.....

PLASTICS are coming into their own more than ever before. In many instances, chemists and engineers may find that new products are improvements over those for which they substitute.

Products that American firms never made before, because the market was flooded with cheap imports, are now being produced in greatly increased numbers. Once American manufacturers gain a foothold in these new fields, they'll retain their positions long after the war is over.

The saying that "It's an ill wind that blows no one's good" is still true.

Vacations Mean More Now

Americans take vacation time seriously. We work hard and play hard in this country. The English humorous magazine Punch, paying too much attention to the latter habit, once declared that America isn't a country—it's a picnic.

Vacations mean a lot to us because they are a part of the whole pattern of freedom under which we live. No state-arranged "workers' tours" and "labor battalion holidays" for us! The people of the United States pay their ten billion dollars annually for amusement and recreation in their own liberty-loving way!

Well, summer is nearly here again, and this is not quite like other years. A huge national defense program is under way, calling for the best that is in every one of us. And it is already apparent that for some Americans, there will be less time for relaxation this year than heretofore.

Skilled management will be in great demand at this crucial time in the defense program. The busy employer, whose symbol at present is the sandwich and cup of coffee for a lunch at his desk, will often be forced to forego a vacation this year.

Skilled workers will be in great demand, too. Already the employees of some companies working on defense have voted to take their vacation pay as a bonus, and go right on working to make sure that their country will be armed in time.

But if the management and workers in our industries, and all those who have a stake in building this nation's defenses, can give less thought to the pleasures of a summer in the mountains or on the beach, there is at least one point they will not forget. It is privileges like these that they are working harder now in order to render secure. And any liberty is only a thing of worth and dignity if those who enjoy it are willing to make sacrifices to insure against its being taken away.

That is the vacation spirit of Americans in these difficult times.

Unnecessary Paradox

"At the end of the first nine months of the present fiscal year the number of persons holding jobs in business and industry was 5 per cent higher than at the start of that period. Over the same nine months WPA rolls showed a net increase of 5.9 per cent despite the demands of defense production."

Thus the New York Sun reports the present paradox of better business on the one hand and more Americans on relief on the other. It would be hard to think of an explanation of this fact that made much sense, but there is certainly a need for some careful examination to discover what is wrong with the picture.

The rise in relief rolls at a time when industry is steadily taking on new workers is similar in nature to expansion of government activities and increase in costs in a number of other non-defense fields. These activities were depression-born; they were conceived as "emergency efforts"; and it was surely the theory of their sponsors that substantial business recovery would bring about a complementary lower cost for them.

The Sun study indicates that these hopes are not being realized. Surely it is fair to carry the argument one step further and suggest that they can and should be. When the nation is bending every effort for defense, when the taxpayer is facing unprecedented burdens, the average American citizen has the right to demand that his governmental representatives keep non-defense costs as low as possible.

The evidence mounts up that economy of this type is both reasonable and possible.

NEW TEETH

Champlin Service
Changes Hands

Wesley Bryan has assumed active management of the Champlin Service No. 1 following his purchase of the concern from Oscar Blank and D. C. Wilson. The station is located at the corner of Main and South-east Second Avenue and will operate under the name of Bryan Champlin Station.

Features among the many services available will be complete lubrication, washing service, champlin tires and tubes and batteries and a complete line of auto accessories. In the battery department, a 30-minute battery recharging service may be had with the latest type Mercury equipment.

Dr. J. C. May, who has been a patient in the Veterans Hospital, Amarillo, several weeks following an operation, is expected home this week-end.

This Fire Protection . . . Just Like Subscribing to Your Newspaper

A private fire department serves Red Bank, Tenn. Residents pay an annual subscription fee of \$15 to Fire Chief James Peck of Peck's Fire Department. A house wife is subscribing to service.

When the fire gong sounds, the firemen check to see whether a subscriber to private service is calling. Non-subscribers can call Chattanooga Fire Department at cost of \$50.

Modern, up-to-date equipment serves Red Bank's 3200 people. Fire Chief Peck is at the wheel as the fire truck starts out in answer to a call. Firemen are well trained.

Red Bank's fire-eaters know their stuff. They've had plenty of experience in fire-fighting. In addition they study fire-fighting methods and continue training.

THE FAIR SEX By Lad Erzen

Rotate Tires For
Uniform Wearing

Five times in the life of the average tire, it ought to have a change of some in the interests of trouble-free motoring, maximum mileage, non-skid protection and uniform tread wear, according to J. K. Kelly, Mgr. of the Goodrich Store.

"Regular, periodic rotation of tires is the answer to many a motorist's tire problem," Mr. Kelly said as he cited the results of recent studies made by the B. F. Goodrich Company, Akron, Ohio on maximum tire service.

With today's tires giving upwards of 25,000 miles service, rotation every 5,000 miles will result in uniform tread wear and safe trouble-free motoring, the firm's studies showed.

"Don't run a tire constantly on the same wheel," Mr. Kelly said. "Instead shift your tires from wheel to wheel in a clockwise direction—right front to right rear, right rear to spare, spare to left rear, left rear to left front and left front to right front."

"That method will assure uniform wear on all tires, instead of the lop-sided wear when a tire remains constantly on the same wheel. Front tires, B. F. Goodrich learned, get a different kind of wear than rear tires, and right hand tires get more punishment because of being run off the pavement onto the shoulder of the road."

An additional advantage of periodic rotation, Mr. Kelly explained, is the fact that it gives the motorist an opportunity to inspect his tires and see that there's ample uniform tread surface remaining for adequate non-skid protection and safety.

Mr. and Mrs. Travis Baker, Los Angeles, Calif., announce the birth of a seven and one-half pound son on May 12. He has been named Brooks Alan. Mrs. Baker will be remembered as Miss Viola Shearer, daughter of Mr. and Mrs. J. H. Shearer, Perryton.

Mr. and Mrs. Cliff Willmeth, Mr. and Mrs. John Osterhuhr and Jean and Mr. and Mrs. Harry Caylor and Donna enjoyed a steak fry at Lake Fryer Sunday evening.

Mrs. McClung
Rites Spoken

Friends of Mrs. J. A. McClung gathered at the First Christian Church Friday afternoon to pay last respects with Rev. Leon Berry in charge of the funeral services. Musical numbers were given by the mixed choir of the Pull Gospel Church.

Flower girls dressed in matching ensembles of white and black and carrying scores of beautiful bouquets and wreaths were Mrs. Edith Harryman, Mrs. Dick Jones, Mrs. Orene Patterson, Mrs. Lola Mae Knowles, Mrs. Dorothy Mae Jones and Mrs. Opal Symons.

Palbearers were Elmer Harryman, Jerry Knowles, Morris Payne, J. W. Jones, J. W. Payne and Orville Jones. Burial was made in the Ochiltree Cemetery.

Obituary

Zada Mae Dobbs was born April 16, 1914, at Dombey, Oklahoma, and passed away Wednesday evening, May 14, 1941, at 9:20 o'clock in the Perryton Hospital at the age of 27 years and 28 days. She was ill only a few days and her passing was a shock to her many friends and acquaintances.

Mrs. McClung spent her early girlhood near Dombey, Okla., and in 1934 moved to Perryton where she made her home with a sister, Mrs. J. H. Jones. On July 16, 1934, she was united in marriage to J. A. McClung. They made their home in Perryton until the latter part of January, 1941, when they moved to Pollett. She was a loving wife, sister and friend.

Immediate survivors are the husband, father, J. J. Dobbs; sister, Mrs. J. H. Jones, two brothers, Claude and Vance Dobbs, all of Perryton; a sister, Mrs. Willie Mae Spencer, Las Animas, Colorado; a brother, Homer Dobbs and another sister, Mrs. Maude Wright, both of Ontario, California and a host of other relatives and friends.

Here For Funeral

Out of town relatives in Perryton last Friday afternoon for the funeral of Mrs. Anell McClung were: Mrs. N. C. McClung, Mrs. Alva Jones, Mr. and Mrs. George Hull, Lonnie Woodrow and Glen McClung, all of Ottawa, Kansas; Mr. and Mrs. Lois Wright and Don Wright of Espanola, New Mexico; Mrs. Maude Wright, Ontario, Calif.; Mr. and Mrs. Bill Spencer and family, Las Animas, Colo.

Miss Elizabeth Huffines, county home demonstration agent, had as her guests from Tuesday to Thursday her brother and his wife, Mr. and Mrs. Elmer Huffines, of Port Arthur.

Mr. and Mrs. Geo. W. Cutler visited from Sunday until Tuesday in the home of their daughter, Mrs. Miles Smith and family of Grandfield, Okla.

Band Students Win
Awards This Year

Members of the Perryton Ranger Band voted awards to outstanding band members. Winners of these awards, or medals, were selected by the students in the band, stated Glenn A. Truax, band director.

Kathleen Allen was voted by the band students as the best all round member of the band. She was given a medal. David Burger was voted the most outstanding senior, and awarded a medal. Doc Patton was awarded a medal for earning the most points in the honor system in the band.

A committee of seniors, all members of the band, elected two drum majors for next year's band. These two students will work as co-drum majors. They are Leon Engelman and Marcela Pritts. Mr. Truax stated that the Band has been invited to participate in the Top of Texas Fiesta at Pampa, June 13.

Miss Nellie Perry returned Saturday from a four months visit with friends in California. About a month ago Miss Perry suffered a painful accident while driving with friends, when a sudden stop caused her to be thrown through the windshield. While no serious injuries resulted, Miss Perry received a deep gash near the eye which required medical attention. The accident caused her to extend her visit.

Perryton Schools to Hold Summer
School of Music, Opening on June 2

The Perryton Public Schools are offering an opportunity this summer to continue the study of music in band, orchestra and bugle corps under the direction of Glenn A. Truax. Tuition is free to all except advanced students who wish to study privately. Classes will be offered for beginners on all instruments in band, orchestra and bugle corps. Regular band rehearsals will be held twice weekly.

Registration will be Monday, June 2, but on Saturday, May 31, from 1:30 to 4 p. m., a demonstration of instruments will be given to beginners. Tryouts will be given on instruments to determine which is best suited to the individual player. Classes will start June 3 and continue to June 30. After a two weeks vacation, classes will be resumed on July 14 and continue until August 15, when a concert will be presented by the entire music department. August 18 to 22 will be spent preparing marching organizations for the annual celebration August 22-23. Mr. Truax states that all municipal players are invited to practice with the band on Monday and Thursday evenings at 8 o'clock.

Private lessons will be taught in the afternoons by Mr. Truax. All sessions and practices will be held in the band room, north building of the school.

Baseball Game
Is Rained Out

The House of David baseball game scheduled at the season opener for the Perryton Greys was rained out Tuesday night and canceled indefinitely according to managers Sam Hergert and Bill Caylor of the Greys. The traveling team will not return to this part of the country this year.

Plans are being made to open the season with one of the baseball teams from the surrounding territory. Announcements of the game will be made later. All home games will be played under the lighting system at Pairsgrounds Park.

CARD OF THANKS

I wish to thank all the many friends for the flowers and beautiful cards that made my recent stay in the hospital more pleasant. They were indeed beautiful and gave me much comfort.

Lura Lee Groves.

Class Met Social Evening

A class of the Baptist School just recently closed its doors and the teachers and students mustered for a social evening. The teacher, Mrs. P. M. McGee, presided at the dinner in the church Tuesday evening. The service was beautifully decorated with flowers. Special music was given by Miss Elaine Wade and Mrs. Lawrence. V. B. Reid, class president, and a short business session, member revealed their Polytex. The teacher, Mrs. L. L. who has just recently returned from a months trip to the west and Mexico, told many incidents of the trip. At the evening were Mrs. W. A. Cone, Chester Cora Lawrence, John O. Arthur Daniels, W. E. Laney, Miss Elaine Wade and Mrs. Lawrence. W. B. Reid, class president, and a short business session, member revealed their Polytex. The teacher, Mrs. L. L. who has just recently returned from a months trip to the west and Mexico, told many incidents of the trip. At the evening were Mrs. W. A. Cone, Chester Cora Lawrence, John O. Arthur Daniels, W. E. Laney, Miss Elaine Wade and Mrs. Lawrence.

For Office or for Ride in Country

Career girls who enjoy a ride in the country after office hours will like this outfit. The town-and-country suit is inexpensive and very attractive.

Monthly Program Of Current Events

The Current Event department of the Sorosis club met in the home of Mrs. L. H. Lance May 14 for their monthly program on "The World Today." Mrs. Lance was assisted with the hostess duties by Mrs. Cronwell Rogers, Mrs. Luther Wade, and Mrs. Robert Lawrence. Mrs. Earl Miller as discussion leader gave "The Goal of the American Constitution." This was followed by a paper on "The Forgotten Moral Debt" by Mrs. Chas. Garrett who also gave "Are We Real Americans?" Mrs. L. T. Tucker talked on "Increasing Church Attendance" and "The Hope of Sub-Americans." Mrs. Glenn Truax gave a series of readings which were greatly enjoyed.

Lovely refreshments were served by the hostesses to those on the program and Mesdames W. B. Reid, P. H. Sebastian, L. L. Lance, R. W. Peale, R. E. Bell, H. C. Brilhart, J. M. Bull, H. T. Cutter, Tom Denman, Oscar Flowers, W. L. Herndon, A. J. Kelly, Charley Kent, P. M. McGee, W. E. McMillen and Amos Schuster.

Club Surprises Members at Party

The Good Deeds club of the Parnsworth community honored the members whose birthdays were in May at a surprise party in the home of Mr. and Mrs. I. H. Waggoner Friday evening. Mrs. Waggoner presided.

Honor guests were Mrs. J. E. Green, Mrs. F. P. Rogers and Mrs. J. G. Powell. Others present were J. E. Green, J. G. Powell, P. P. Rogers, John Jr. and Retta Powell, Mr. and Mrs. Allan Denman, Mr. and Mrs. J. M. Morgan and James, Mr. and Mrs. Edwin Greebe, Mrs. Harold Simpson, Don, Glenn and Shirley Ann, Mrs. Mary Pook, Jo Ann and Dean LaFever, I. H. Waggoner and son, Glenn and the hostesses.

The three beautiful angel food birthday cakes were cut and served with ice cream.

Mrs. Steed Hostess For Bridge Party

Mrs. Van Earl Steed entertained with a lovely party in her home near Waka Thursday afternoon. Progressive contract was enjoyed with score prizes going to Mrs. Dean Conner, guest high, Mrs. Copeland, club high, and Mrs. Crum, low.

Tasty refreshments were served by the hostess assisted by Mrs. J. R. Stump to Mrs. Bill Miller, Spearman, Mrs. R. E. Lee, Spearman, Mrs. E. J. Copeland, Mrs. L. R. Conner, Mrs. Dean Conner, Mrs. O. C. Rogers, Mrs. Merton Smith, Mrs. N. P. Dear, Mrs. Herman Hargrove, Mrs. Ray Chase, Mrs. Dan Manning, Mrs. Dean McLarty, Mrs. Ben Peckenpaugh, Mrs. John Luthi, Mrs. P. W. Wernicke and Mrs. Norman Crum.

Honorary Members Entertain Sorority

The honorary members of the Beta Sigma Phi Sorority feted the regular members with a tempting picnic supper Tuesday evening. Due to the inclemency of the weather the affair was held in the home of Mrs. A. J. Kelly instead of the creek as previously planned.

Honorary members include Mrs. A. J. Kelly, Mrs. H. C. Sanford, Mrs. R. T. Correll, Mrs. Carl Ellis, Mrs. Van W. Stewart, Mrs. D. D. Shanks and Miss Nellie Perry. Members present were Bette Bryan, Beth Richardson, Opal Foglesong, Yvonne Ackler, Frances Finch, Virginia Vaughan, Katherine Winkler, Pauline Woodward, Moina Caldwell and Cleo Cudd.

Farnsworth Club Has Dinner-Bridge

Mr. and Mrs. N. P. Dear entertained their bridge club for a delightful pot luck supper followed by games of progressive contract Saturday.

Those present were Mr. and Mrs. Ray Chase, Mr. and Mrs. Merton Smith, Mr. and Mrs. Ben Peckenpaugh, Mr. and Mrs. Herman Hargrove, Mr. and Mrs. John Luthi, Mr. and Mrs. L. R. Conner, Mr. and Mrs. Dean Conner and the Deas.

Mrs. Hargrove and Dean Conner received the high score awards.

Recent Weddings Are Announced

An examination of the marriage records kept by the county clerk reveals the marriage of Miss Walden McQuerry and Mr. Lewis Isley on May 3. Rev. S. R. McClung was officiating minister. Miss Alma Buller, daughter of Mr. and Mrs. Dave Buller, Waka, was united in marriage to Joseph A. Koehn of Enid, Okla., on May 4. Rev. S. R. McClung performed the ceremony in the Buller home. Miss Doris Prewitt, Hardesty, Okla., and Mr. Wallace Wiebe, Waka, were united in marriage in the bride's home on Rev. S. J. Prewitt.

Mr. and Mrs. J. O. Young spent the week-end in Cunningham, Kansas, visiting in the home of her parents, Mr. and Mrs. P. A. Ruth.

How to Build Your Own Bookcases

Square and rectangular bookshelves, that can be formed to any design to suit individual tastes, are ideal to fill in wall space or for use between pieces of furniture.

George Home Scene of Turkey Dinner Thursday

The home of Mr. and Mrs. S. R. George, just west of town, was the meeting place for relatives Thursday as they gathered to feast and visit with Mrs. George's niece and family, Mr. and Mrs. Harold Reynolds and Jimmie of Cottage Grove, Oregon. The occasion was also the wedding anniversary of Mr. and Mrs. E. L. George and the birthday anniversary of Chester George.

The sumptuous turkey, a Christmas gift from Mrs. Edna Myers, which had since been replying in the food bank, was just as delicious as if it were Christmas Day. Mrs. George had the table loaded with "all the trimmings" and everyone feasted in grand style.

Those present included Mr. and Mrs. E. L. George and Chester, Mr. and Mrs. A. J. George and Geary, Mr. and Mrs. Lawrence George, Dorothy and Laura, Mr. and Mrs. Shirley Horan, Roger and Dale Keith, Mr. and Mrs. Lewis George and Linnie of Ashland, Kans., Mr. and Mrs. Earl George and Edwin Earl, Mrs. Edna Myers, Miss Lula Murray, Mrs. Horton Reynolds and the host and hostess.

Methodist Ladies Have Weekly Meet

The Woman's Society of Christian Service met Thursday afternoon, three o'clock, in the parlors of the Methodist Church for regular study and social. Mrs. Ferd Funk, Mrs. H. W. Ragan, Mrs. C. A. Zirkle, Mrs. Glen Shradler and Mrs. J. W. Chase were the hostesses.

Mrs. W. C. Herndon was program leader for the study of "Stewardship of Christian Education." Miss Frances Finch and Mrs. H. J. Wilson discussed the "Elevation of Womanhood." Mrs. Roy Orrill reported on the recent conference held in Abilene. Closing prayer was given by Mrs. J. M. Bull.

Others attending the meeting were Mesdames G. W. Evans, W. E. McMillen, S. E. Price, M. L. Brilhart, Chas. Garrett, Lester Evans, J. W. Richardson, E. E. Perkins, Fred Butler, Clifford Beck, H. A. Finch, W. E. Fisher, Jack Allen and Miss Bessie Carter.

Mrs. Morgan Hostess Klever Kraft Klub

The Klever Kraft Klub met in the home of Mrs. Herman Morgan on Wednesday, May 14, three o'clock, and enjoyed an afternoon of sewing and visiting.

Refreshments were served to Mrs. George Philbrick, Mrs. Boyd Payne, Mrs. Ford Hamker, Mrs. Gerald Tindie, Mrs. Ella Kelly, Mrs. Noel Keith and the hostess.

Mrs. Frank Teague will be hostess for the meeting on May 28.

Max Blau Speaks On Farm Home Hour

Max Blau, prominent Lipscomb County stock farmer and who has been very active in building better farms in Lipscomb, appeared as a guest speaker on the National Farm and Home Hour May 15 and explained how the Land Use Committee and the SCS office worked with individual farmers. Aid given in increasing the productivity of the farms was stressed.

On the broadcast Mr. Blau discussed the farm owned by him and his father, Lewis Blau. Cultivated land in this farm was the first to be broken in Lipscomb County back in 1886. Through the use of good farming methods, the productivity of the farm has always been held at a high figure.

Mr. Blau and his father have been praised very highly for their modern farming methods. They make a practice of working out their plans for the coming season and advise that with the help of the Land Use Committee, SCS and the Canadian Valley Production Credit Association it is possible for them to obtain the high standard of production that all farmers look to. They operate two sections of rolling land, the quality of which is not above the average in the county.

The Blaus' success might be attributed to the fact that they raise registered Hereford cattle, registered Hampshire hogs, plant the variety of wheat best suited to this section of the country and use only modern farming methods.

Visitors Sunday in the home of Mrs. J. W. Payne were her daughter, Mrs. George Ayers and children, Lorene and Leslie of Canadian. Mrs. Payne has been confined in bed since December 4 and is showing little improvement at the present time.

Mrs. Bill Seymour, Mrs. H. H. Balzer and Mrs. Wm. Youngblood were in Spearman Monday to see "Gone With the Wind."

CARD OF THANKS

We wish to express our thanks for the many kindnesses and expressions of sympathy during our bereavement. We are especially grateful to the hospital staff, and those who furnished and served the dinner. We are also deeply appreciative of the many beautiful flowers.

Full Length Full Strength Full Weight McCORMICK-DEERING BIG BALL TWINE

Place Your Twine Order Now

YOUR order for binder twine, if placed now, will greatly help us to give you better service. Come in and tell us how much twine you will need. Figure your order on the number of acres you expect to harvest, estimating that it will take about 2 1/2 pounds of twine per acre.

This will enable us to get your order in to the Harvester Company early, and will protect you in case we should order short of the local demand. Also, if we have the binder twine business settled early, we will be able to give you better and faster emergency machine repair service at the busy season if you need it in a hurry. Help yourself to better service by ordering your twine now!

PERRYTON EQUIPMENT CO.

DISHES

No Dishes After July 1

Our present contract for dishes expires on July 1 and we may be unable to supply dishes on our merchandise ticket plan after that date, so we are asking that you bring in your tickets at once and exchange them for dishes or turn them in to us for registration. We have a plentiful supply at the present time!

Dishes are now available only in sets of 42 and 72 pieces except to customers whose dish cards are on file at our store. Register your tickets at once so that we can obtain dishes before July 1 to fill your orders.

Leland Horne To Graduate Sunday

STEPHENVILLE.—Among the 150 graduating seniors at John Tarleton College this year is Leland Horne of Perryton. Dean J. Thomas Davis, head of the Stephenville institution, released the list of graduates today after all records had been checked by the Registrar. Leland is the son of Mr. and Mrs. G. I. Horne and is majoring in General Agriculture.

Graduation exercises will be held at Tarleton on Sunday, May 25. Departing from the usual procedure, both the Baccalaureate Service and Commencement Exercises will be held the same day. The purpose of this is to enable parents and friends to make but one trip in order to attend all activities. Dean Davis explained. The Reverend T. L. Messenger, Pastor of the First Christian Church of Lampasas, will deliver the sermon in the morning. In the afternoon Senator R. C. Lanning of Jackson will address the graduates and Dr. T. O. Walton of the Agricultural and Mechanical College will deliver the diplomas. A final review by the Cadet Corps will conclude the activities of the day.

In a decade, the farm population of the United States has increased only one-tenth of one per cent. The population of the country as a whole increased 7.2 per cent.

One hen normally will eat about 80 pounds of feed a year, of which approximately one half should be mash and one half grain, in order to obtain best results.

The dairy cow can supply at least one-fifth of the farm family's food supply. The health of the family can be improved by the liberal use of dairy products and cost of living thereby lowered.

The Library Corner

Mrs. Winter, librarian of the Perryton Public Library in the City Hall, reports that 68 books were loaned out last Monday, during the library hours from 12 to 5 p. m. Come in and get your share of this cultural opportunity in the community. The books are free to anyone living in Ochiltree County. Everyone is cordially invited to visit the library as often and stay as long as he or she can. Now that we have a large table reserved for readers, and have subscribed to several current magazines, we hope that you will make a habit of dropping in for rest and relaxation whenever you are in town this summer.

This week two more interesting and worth while books have been presented to the library by the members of the Beta Sigma Phi Sorority. "Famous Sculpture" by Charles L. Barstow and "The History of Sculpture" by Marquand and Frothingham. These progressive young women have also announced their plan to give the library some of the best of recent fiction during the summer months.

Don't forget to send the children to Mrs. Duke's story hour this Saturday at 3 p. m.

Strictly Fresh

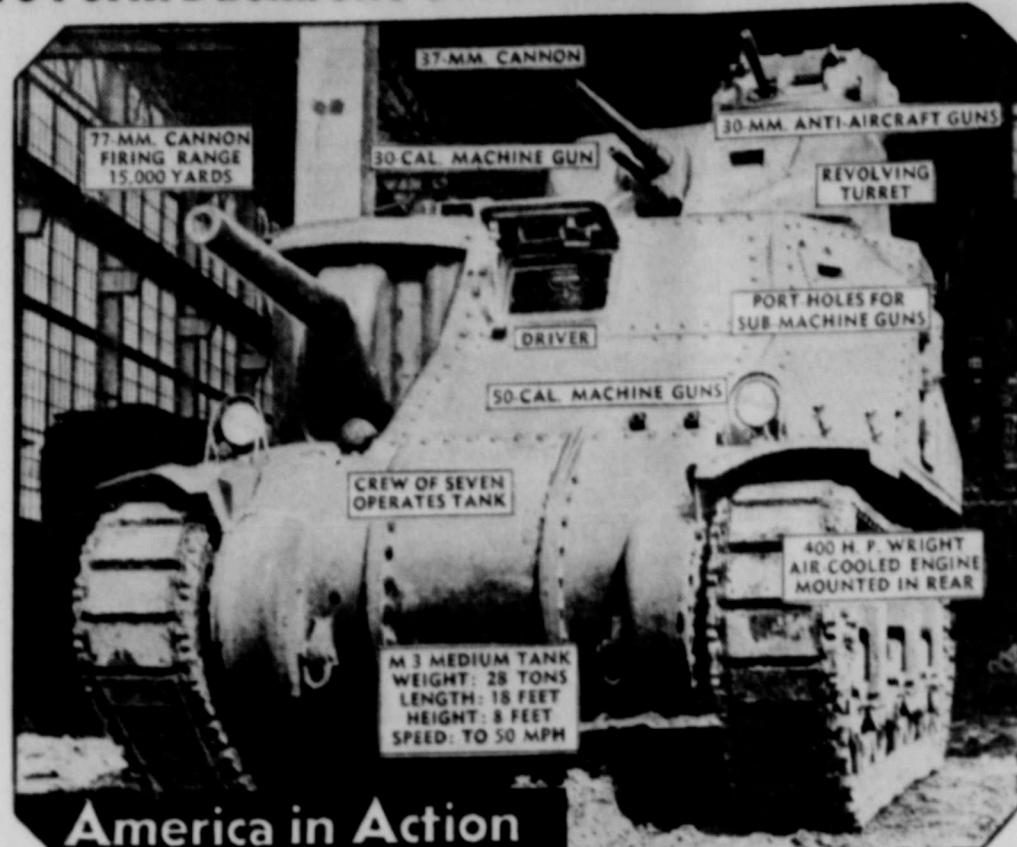

NOTE to Scottish advertising agencies: Don't fail to get a testimonial from Rudolf Hess on the attractions of Scotland in the spring.

There is a retail store for every 20 families in the United States. Sometimes we think there's a service station for every two cars.

Beauty parlors earn more than barber shops, statistics show. Does that prove that gossip is more popular than sports talk?

The Pullman Company is making war tanks for the British. They are not, however, naming them. It would take the Tommies too long to figure out the meaning of the names.

Giant Tanks Lumber Off Assembly Lines To Form Backbone of Armored Divisions

M3, the army's new 28-ton tank, is heavily armed and is designed for speed and maneuverability as well as power.

BY DAVID A. STEIN

EARLY in 1942, the U. S. Army will have 5500 modern war tanks. Production has already begun on the mammoth "hell bugs" and they are lumbering off assembly lines in ever-increasing numbers.

Fast light tanks weighing 12 tons and carrying .50 and .30 caliber machine guns, can cross difficult terrain at speeds between 35 and 60 miles an hour. Medium 25-ton tanks and the new M3, 28-ton tank carry heavy armament and can travel at speeds between 25 and 30 miles an hour. Whole new plants have been built to meet the army's tank requirements. Tank capital of

America is Berwick, Pa., where the American Car and Foundry Co. is turning out 15 tanks a day. Chrysler has built a tank plant in Detroit covering 800,000 square feet of floor space and capable of producing 10 tanks daily. The Baldwin Locomotive Co. and the American Locomotive Co. have government orders for tanks.

TANKS are highly mobile fortresses, equipped with concentrated gunfire. Their armor protection is two inches thick. Guns sweep all avenues of approach. They're tough, and they smash obstacles and sweep over tough terrain with ease.

Plans for the Protection of Civilian Population from Future Air Attacks

Suggestions for protecting civilians from air raids were made available to state and local defense councils today by Frank Bane, Director, Division of State and Local Cooperation, with the admonition that there is no necessity for constructing any shelters at this time.

The information on aerial attacks and means of defense were contained in a pamphlet, "Civil Defense Protective Construction," prepared by the War Department with the aid of other Federal agencies.

"The issuance of this bulletin," said Mr. Bane, "is not the signal for starting work on any of the protective structures described."

"This is the time for careful analysis of what the needs might be for the protection of the civilian population from air attack, and for laying plans, even though we hope they will never have to be put into effect."

Civil officials and engineers, however, should consider methods and plans for providing the shelters promptly should the need ever arise. Mr. Bane said.

The pamphlet, based largely on experience of European cities in the present war, includes a discussion of the weapons used in air raids

and plans for protecting civilians, buildings, utilities, and industries. Much of the information is of a technical character.

Air raid shelters, the bulletin points out, should have many entrances, at least two exits, and a passage that admits persons but bars poisonous gas. They likewise must provide the customary conveniences and first-aid facilities.

Local conditions should determine whether external shelters should be built or provision be made within existing buildings. The bulletin points out that subways in the U. S., in general, have too shallow roofs to offer adequate protection.

Shelters, where possible, should be designed for peace-time utility as well as war-time protection, the pamphlet suggests. They might be used as garages, storage sheds, or bank vaults, it explains.

Blue Mound

School bells rang for the last time at Blue Mound Thursday. The commencement exercises were held in the morning. Two students, Paul Noe and Albert Reising received their diplomas from the eighth grade. Paul was valedictorian. Alberta was salutatorian. Mr. Malvin Grossenbach delivered the address. The community annual dinner was served at the noon hour. Next term of school the children will all be transferred to Bethany and Balco.

Mrs. L. V. Noe and Miss Thelma Stagner were cohostesses Wednesday afternoon when they entertained a shower for Mrs. Joe Killman, the former Miss Eleanor Partridge. Friends calling were Mrs. Lola Rorabaugh, Mrs. Vera Presnell and daughter Dorothy, Mrs. Emma Morris, Mrs. A. C. Partridge, Mrs. Maude Bull, Mrs. Emma Faye Carroll, Mrs. Grace Shuler, Mrs. Lena Partridge and the honoree Mrs. Eleanor Killman. Those sending gifts were Mrs. Leona Padgett, Mrs. Lillie Morris, Mrs. Audrey McCarter and daughters, Willie Rae and Elaine, Mrs. Emma Bull, Mrs. Marie Blomser, Mrs. May Pattison and daughter LaJania. Cold fruit juice and cake were served.

Mrs. A. M. Morris returned from the hospital to her home last Monday evening.

Mr. and Mrs. C. E. Presnell drove to Amarillo last Sunday, returning Monday. They brought home their daughter, Dorothy, who has been in college there.

The children of Mr. and Mrs. Marion Ogan have recovered from the measles and whooping cough. Mrs. H. E. Pattison and sons, Pat and Charles, and Clifford Potts drove to Amarillo Wednesday to bring home LaJania Pattison who has been in college there.

Mrs. Grace Anderson of Shinnets spent the week end with her daughter, Mrs. Elmer Unruh.

LaJania Pattison visited with Mildred Prigins Saturday evening. Clifford Potts and Ralph Pattison drove to Sedan, New Mexico, Sunday and returned Monday.

Mr. and Mrs. Bill Pattison and daughter Phyllis of Floydada, Texas, were looking about their wheat in the Union district Sunday.

LaVaun Pattison is working for Howard Barnett.

Mr. and Mrs. J. M. Zook had charge of the service at the church last Sunday. A large crowd attended the morning service.

Church of Christ Revival Planned

W. L. Wharton of Plainview will conduct a revival at the Church of Christ starting Monday, May 26, according to an announcement made here Wednesday. The revival will continue through June 8 with two services daily.

Mr. Wharton is a forceful speaker and will bring messages of the gospel well worth the time of the public in attending. Everyone is invited.

Services will be conducted each day at 10:00 a. m. and 8:15 p. m. Sunday services will be held at 11:00 a. m. and 8:15 p. m. J. E. Mullins, regular minister of the church will bring the address to the congregation Sunday, May 26.

Mr. and Mrs. R. L. Sanford, Edd, Okla., spent the week-end visiting with Mr. and Mrs. H. C. Sanford. The men are brothers.

PICTURE FRAMING at Daley Glass Shop. 18-12-c

Incendiary Bomb—A Flash

Fire-fighters in Los Angeles found out just what incendiary bomb lets loose. This bomb, dropped on the city, set fire to the shops, rockets out chunks of white-hot metal and can generate up to 4500 degrees of heat. Incendiary fire-fighting are being continued, with chemicals used in England.

BUTLER GRAIN BIN

Butler GRAIN BIN DAY
Monday
May 26

Perryton, Texas

Get Yours On Order NOW! Play Safe! Here's Why!

Elevators are filled. Due to defense program freight cars cannot be tied up on sidings. Ocean shipping is too crippled to relieve the jam. Bumper 1941 crop faces an acute shortage of storage.

Government Storage Allowance Probable

While the Government's program has not been announced at this date, it is believed that a 2¢ per bushel storage allowance will be made. This would make the world's finest Butler Grain Bin a money-maker for you. Butler Grain Bins are in stock. 36,000 Butler Bins supply more than 1/3 of 1941 steel bin capacity bought by the Government. Butler Bins 30 years old are still in use. Don't delay. Don't miss this opportunity to permanently improve your farm, with rat-proof, fire-proof, safe farm bins. Act now!

SOLD AND RECOMMENDED BY

On Monday, May 26, we will hold at our place of business Perryton, Texas a Butler Grain Bin Day.

FREE LUNCH AT NOON

will be served to those who attend. Registration prizes given away. A Handsome souvenir given with each Grain Bin order. Factory representatives will be here to assist you with your grain storage problems.

Come and be our guests for the day and see on display the World's Finest Butler Grain Bin—Built stronger to last longer.

THE RECORD... Facts That Concern You
No. 29 of a Series

It's always the **SORE** thumb that sticks out...

Odd, isn't it—the way everybody notices the sore thumb?

It's the same way with the retailing of beer. Everybody knows about the one undesirable place...everybody seems to forget about the thousands of worthwhile retailers who operate clean, decent, law-abiding establishments.

To protect the good name of beer, we of the beer industry want the few... but noticeable... "black sheep" retailers eliminated.

That's not all. Such retailers endanger an industry that brings important economic benefits to the community. Right here in Texas beer provides employment for 31,165 persons, supports an annual payroll of \$22,076,182 and contributed \$2,273,968.64 last year in state taxes.

This state, too, has an important stake in the beer industry's purchases—for materials, equipment, and services—from more than 100 other industries.

You can help us protect these benefits in two ways—by (1) patronizing only the law-abiding places where beer is sold and (2) by reporting any irregularities you may observe to the duly constituted authorities.

BEER...a beverage of moderation

Bigotry Is Foe of Christianity

Continued from Page 1
 Lesson for May 25
 Text: Acts 11:1-18

...story of the conversion of Cornelius," says Dr. Earl Glass, "is the story of how unity emerged from a sect into a world religion, but it is also a great one. It is the story of the of Christian truth and the with prejudice. Christ is inherently opposed to form of narrowness and the two forms of the world seem to be deepest and persistent in the social prejudice and religious intolerance. Both were involved in the story.

...lius, an officer in a Roman army, was a Gentile and representative of the power of the world in subjection. He was a devout and he saw in a vision a man who told him that he was for Simon Peter.

...ELIUS, like Paul, was a Gentile and representative of the power of the world in subjection. He was a devout and he saw in a vision a man who told him that he was for Simon Peter.

Balko

The seniors started on their trip Saturday morning accompanied by the teachers. They will go by way of Chicago and the Great Lakes and Canada. The party will be gone about ten days.

Fred Bendt has returned to Balko and is much improved in health. Ernie Allen, Kenneth Munger, Claude Saunders and Claude Saunders Jr. returned from a fishing trip Sunday evening and reported a good catch. They were at Eagle Nest, N. M.

The W. M. S. will meet at the church basement Thursday for an all day meeting. The group will work on a quilt for Mrs. A. M. Blackwelder. A covered dish luncheon will be served at noon.

There were seven candidates for baptism last Sunday. They were baptized at the Jim Smith place and included Mrs. Arthur Wood, Mrs. Floyd Pugh, Ollie Wood, Gerald Dean Renfrow, J. A. Kinsey, LaNel Humphrey and the McCurdy girl, Rev. S. H. Whitaker administered the ordinance.

The Cradle Roll Day scheduled for next Sunday will be observed after Sunday School. A program is being prepared by Mrs. Cayler, superintendent of the roll. She will be assisted by members of the congregation.

Mr. and Mrs. Arthur Wood enjoyed a visit from Mrs. Wood's parents, Sunday. They attended church in the morning and the baptizing in the afternoon.

Mr. and Mrs. Lawrence Naylor are doing chores at the Earl Wood place while they are visiting in Colorado.

Lewis Renfrow is having a leave of absence from camp near Ahlens and will visit with his parents at Delta, Colorado. At the present time he is visiting with his sister and brother-in-law, Mr. and Mrs. Raymond Jackson. They will accompany him to Delta. A brother, Ralph is also visiting here and will return to Colorado with the party.

Burt Teague spent four days last week fishing near Eagle Nest. He went with Debs Riley, Oscar Blank and others from Perryton.

Mr. and Mrs. Harry Cayler and Donna spent Friday evening with Harry's parents, Mr. and Mrs. J. W. Cayler.

J. C. Case is plowing for Gurley Case and planting some row crop. J. W. Cayler hauled some wood from Carl Whitakers Wednesday.

Mr. and Mrs. Fred Dowers and Paul spent a part of last week with their daughter, Myrtis Teague while Mr. Teague was away on a fishing trip.

Cutter is a junior student at S. M. U., and his major subject is speech. He is the son of Mr. and Mrs. G. W. Cutter, Perryton.

HOME DEMONSTRATION CLUB NEWS

Perryton Club

The plot of ground upon which the home stands is the basic foundation of that home, stated Miss Elizabeth Huffines, county home demonstration agent, while addressing the Perryton Home Demonstration club which met Wednesday, May 14 in the home of Mrs. Lewis Buchner.

Construct walks in the desired places, preferably in a curved line. Plant trees as they would grow naturally and not in a straight line.

Plant grass adapted to your soil and climate. Plant shrubs and low growing evergreens around the base of the house with flowers and rose gardens in the rear. If you plan an outdoor living room, make it secluded by planting a tall hedge or trees. These are other suggestions by the demonstrator.

Others appearing on the program were Miss Dosca Hale, College Station, who spoke on soil conservation and teaching on the soil to appreciate the things in nature. Mrs. W. S. Thomas and Mrs. Lewis Boston discussed "Landscaping." The club voted to sponsor a Stamp Bacter quartet program in the near future.

Others attending beside those mentioned above were Mesdames D. K. Baumann, F. H. Cox, A. N. Dowers, Ernest Gyger, M. F. Heth-

cock, Dora Keim, B. B. Lee, Lake Patton, Garland Redfern, Roy Sparks, Ike Sharpe and C. A. Zirkle. —Mrs. Lake Patton, reporter.

The next meeting will be June 6 in the home of Mrs. Blasingame. —Reporter.

Students need an intellectual diet to keep them from becoming fat-heads.

Ochiltree Club

"Shrubs to be used for screening should be selected best suited for the purpose and adapted to the country," stated Miss Elizabeth Huffines, home demonstration agent, at the meeting of the Ochiltree Home Demonstration club in the home of Mrs. C. H. McCarty on Friday, May 16, 2:30 o'clock.

Tamarix, cedar and privet make a good screening shrub for back yards, outbuildings, outdoor living rooms and children's playgrounds.

The club voted to allow \$10 in the budget for delegates expenses to state convention in September. Mrs. James Blasingame was appointed to attend the training school for flower arrangement.

A recreational period was enjoyed by all. Miss Huffines won the "guess what." Others present were Mrs. Lloyd Black, visitor, Mrs. Kirt Williams, Mrs. Jack Dodson, Mrs. James Blasingame, Mrs. Claude Crouch, Mrs. Ed Terhune, Mrs. Robert Thurman and Miss Beryl Dodson.

The next meeting will be June 6 in the home of Mrs. Blasingame. —Reporter.

Perryton H. D. Club To Meet on May 28

The Perryton Home Demonstration club will meet in the home of Mrs. H. F. Cox on May 28, 2:30 o'clock. The program will be on "Individuality" under the leadership of Mrs. Lewis Buchner. Visitors are welcome.

City Woman Forfeits Service Club Salary

Mrs. G. D. Holt forfeited a salary of \$50 Saturday when she was elected president of the Community Service Club and failed to qualify for non-payment of dues for the current week. Members of the organization who have not paid in dues for any week elected are disqualified according to rules of the club.

Officials of the organization announced that the salary available next Saturday would total \$75.00. All members are urged to pay into the treasury ten cents in order to receive this salary in the event their name appears at the ballot.

The Community Service Club is sponsored by the Pierce Johnson Post of the American Legion and all proceeds are used for charity purposes.

Elections are held each Saturday afternoon in the American Legion Hall. Members do not have to be present to receive the salaries.

AMERICA'S LOW-PRICED TRUCKS OF VALUE **GMC** GASOLINE - DIESEL

Now! BALL-BEARING STEERING

BALL-BEARING STEERING—an outstanding GMC feature—is the greatest advancement in driver comfort since the introduction of the pneumatic tire. This revolutionary new ball-bearing nut and sector type gear provides passenger car ease-of-control. It proves that steering effort is reduced as much as 57% compared to other designs.

SPECIAL ECONOMY ENGINE
Available For 1/2 to 2-Ton Standard Models

Especially recommended for light load, normal speed service in rural areas or for multi-stop delivery service in metropolitan centers where super-economy is desired. Six-cylinder, valve-in-head type, 3 9/16" bore x 3 13/16" stroke with specially Turbo-Top pistons of heat-treated aluminum alloy providing extra high compression and ultra-economy with no detonation using standard grade gasoline. Shielded, high gas velocity type intake manifold with automatic heat control. Carburetor with small venturi and jets specially calibrated for low-gas consumption and smooth performance. 6-volt ignition with automatic advance vacuum controlled distributor specially calibrated for maximum fuel efficiency. Oil insulated coil. Hot type spark plugs. Ventilated generator current and voltage regulated. Drop-forged counterweighted crankshaft with harmonic balancer. Full pressure lubrication including rifle-drilled connecting rods. Positive suction type crankcase ventilation. Directed water cooling with full length water jackets completely surrounding each cylinder.

STANDARD ENGINE
1/2 to 1 1/4-Ton Models

Designed for fast speed normal load service in all types of low tonnage and multi-stop delivery service operations where minimum gas consumption is required. Six-cylinder, valve-in-head type, 3 9/16" bore x 3 13/16" stroke, 130 cu. in. displacement. Turbo-Top pistons of heat treated aluminum alloy providing high compression, high fuel turbulence and even burning at maximum efficiency using standard grade gasoline. Drop-forged crankshaft with integral counterweights and harmonic balancer. Force feed lubrication to all main, connecting rod and camshaft bearings, to piston pins through rifle-drilled connecting rods and to valve rocker shaft. Crankcase ventilation. Directed water cooling. Packless type centrifugal pump and sealed ball bearing fan, full length water jackets completely surrounding each cylinder and pressure spray to exhaust passages. Automatic manifold heat control. 6-volt ignition with vacuum controlled advance, ventilated generator (low cut-in type on Delivery models).

OUR USED CARS, TRUCKS AND PICKUPS ARE MOVING SO FAST WE WON'T ATTEMPT A LISTING BUT ASSURE YOU THAT WE HAVE MANY CRACK BARGAINS IN OUR USED CAR LOTS!

Four Queen of the May from Four States

Good hands to hold . . . in cards or in the game of life. Here are four queens in special May events in four states. Left to right: Eleanor Pickrel, Dayton, Ohio, is Denison University May Queen. Joan Waring, Savanna, Illinois, is May Queen of Frances Shimer College. Mount Carroll, Michigan Blossom Queen is Jean Muske, of South Haven. Pauline Bourne was chosen Queen of Rhododendron at Asheville, North Carolina.

She Competes for Milkmaid's Prize

Marjorie A. Hazlett, Smicksburg, Pa., was one of a dozen co-ed milkmaids who competed in a milking contest at Pennsylvania State College. She's a freshman in home economics.

with wheat if quotas are rejected. The loan will be made available if quotas are approved, he said.

This is the first time wheat growers have been given the opportunity to vote upon themselves further protection of their incomes through marketing quotas. Watson pointed out. In doing so they will join cotton and tobacco farmers who have been using quotas for several years. Secretary of Agriculture Claude R. Wickard has proclaimed that marketing quotas are necessary on this year's wheat crop. A two-thirds majority of all wheat growers in the nation voting in the referendum May 31 must favor quotas if they are to be in effect.

Young Men Enter Army Air Corps

Since the lowering of the requirements for enlistment in the Regular Army Air Corps, states Major Jesse U. S. Army Recruiting Officer for this District, there have been many young men with only an 8th Grade education who have succeeded in passing the War Department Test and thus were acceptable for this branch of the Service.

Most of these young men chose for their assignment, the 14th Pursuit Group, March Field, California, although there are also vacancies at the Air Base Detachment, Fort Sill, Oklahoma, and for the Photo Group, Lowry Field, Denver, Colorado. Applicants for enlistment in the Photo Group must desire

Waka Items

Mr. and Mrs. J. R. Stump entertained a large group for a weiner and marshmallow roast Tuesday evening. A big bonfire was built and after the eating, singing was enjoyed. This was the last meeting for the Singing Club.

Several people met at the school-house Friday evening and planted grass and flowers. We hope to soon have a yard that we will all be proud of.

The Waka school children have been taking tests which were sent out by the state.

Mr. and Mrs. D. E. Butler left Sunday for Meno, Okla., to attend the graduation exercises there.

A group of friends met in the Coleman home Monday evening to bid Austin farewell. He is leaving this week for camp.

Wednesday night the seventh grade commencement program will be held at the school.

Troy Dendy was injured last week. As he was trying to crank a tractor it kicked and broke his collar bone. He also received several flesh wounds.

Mr. and Mrs. Van Earl Steed spent the week-end in Groom.

Many people from Waka enjoyed the strange malady of "Mountain Mumps" at the Perryton school Thursday. This was the senior play. Jerry Burger suffered a head injury Monday and had to have several stitches taken. He was working on his well and was hit by a piece of pipe. Mr. and Mrs. D. W. Hart and Mrs. Burger took him to the doctor.

A picnic will be held at Lake Fryer Friday for the closing day of school.

Mr. and Mrs. Lee Carter and Jerry motored to Berger Sunday afternoon.

Homer Gurley, bus driver, delivered the high school students who ride his bus with cold drinks Friday.

Photographic training. The majority of the young men who enlisted this month have decided to take the Airplane Mechanics Course through the Air Corps Technical Schools, open to any enlisted man of the Air Corps, for these young men quickly realized the value that such training will be to them in later years in Air Transportation.

Applications for enlistment in the Regular Army Air Corps can be made at Pampa and other Army Recruiting Stations where young men without a High School diploma will be given an opportunity to take the War Department Test.

Co-Op Batteries Excell. 50-1f-c

Just Nuts About Bottle

Cuddles is squirrely. He's supposed to like nuts, but he prefers milk. Geraldine Mensing, Rochester, N. Y., adopted the tiny squirrel when it fell from its nest while still so tiny its eyes were not open.

Jumping 'KP'

Helen Ray makes "KP," frog entered by Camp Roberts in the annual jumping contest at Angel's Camp, California, snap to attention. A total of 400 frogs from all parts of the U. S. competed for world's championship.

Wheat Loan Issue In Referendum

COLLEGE STATION—The big issue in the wheat marketing quota referendum, aside from the question whether wheat growers will use quotas, is that no government loan will be offered unless quotas are approved.

That's what Jess H. Watson, himself a wheat grower, is telling AAA county committeemen and workers in a series of meetings over the state. Watson, formerly a member of the state AAA committee, now is connected with the Southern Division of the AAA in Washington. He still operates his wheat farm in Young County.

"I don't hesitate to predict that without quotas and without loan, we may sell our wheat for the lowest price in history," Watson said. "In some sections of the country farmers would, no doubt, experience difficulty of selling their wheat at any price."

The speaker pointed out that good business on the part of the government prevented the offer of a loan on a crop with uncontrolled surpluses, such as would be the case

CLUBS AND LODGES

OCHILTREE LODGE NO. 910, A. F. & A. M., regular meeting first Friday night of each month. H. P. Richardson, W. M.; S. N. Henry, secretary.

Mrs. Mollie C. Quillian, San Francisco, Calif., came in Monday for a ten day visit in the home of her niece, Mrs. Curtis O. Roach.

Where's the best place to choose your new car?

ON THE ROAD!

WE'LL MATCH the "showroom value" of the Ford with anyone . . . but if you want to know how great a car this is, take one out on the road!

TEST THE PERFORMANCE . . . IN ACTION. There never was another low price engine like this 90 horsepower Ford V-8. Take it out in traffic—then step out on the open road—challenge the toughest hills. Draw your own conclusions!

TEST THE RIDE . . . IN ACTION. Ride on the pavement, then ride the roughest road you know. You'll find the new Ford ride is the kind of ride you like. Smooth where the going's good. Soft and steady over the bumps.

TEST THE ROOM . . . IN ACTION. Measurements show this Ford greatest in its whole field in actual passenger space. A ride will show what this means. Bigness counts and here it is!

TEST THE VALUE . . . IN ACTION. Stop with the biggest hydraulic brakes anywhere near the price. Rest your toe on the pedal of a fine-car type of semi-centrifugal clutch. Flick through the gears with the easy, silent kind of finger-tip shift that high-priced cars use.

GET THE FACTS AND YOU'LL GET A FORD!

FORD HAS THE QUALITY FEATURES
V-8 POWER—90 smooth horsepower. There never was a low price engine like this before.
NEW BEAUTY—When you look at the smooth flowing lines you see one of the few cars with really up-to-date styling this year.
A NEW RESTFUL RIDE—On the new Ford "Slow Motion Springs." A soft, quiet ride wholly new this year.
EXTRA VALUE—New ease of control with positive mechanical, fine-car type shift—extra-big hydraulic brakes—and the famous Ford semi-centrifugal clutch.

FORD GOOD DRIVERS LEAGUE. Boys and girls here is your opportunity to win one of 98 University Scholarships for skillful driving. For details, write Ford Good Drivers League, Dearborn, Mich., or see your Ford Dealer.
