Story Hour at Library

The Post Public Library is conducting "Story Hour" on Thursdays from 10 to 10:45 a.m. for pre-school aged children, three to five years old.

The program is restricted to pre-school children only.

Fourth Sunday Singing

The Fourth Sunday Singing will be held this Sunday from 2-4 p.m. at the Trinity Baptist Church.

FFA B-B-Q

The Post FFA is sponsoring a homecoming barbecue before the game on Sept. 20th on the football practice field.

The time set for the barbecue is from 5:30 - 7:30. Tickets are \$4.50 for adults, \$2.50 for children ages 5-10.

Children under 5 are free. For more information contact any FFA member of Mr. Smith or Mr. Moczygemba at 495-3619.

Tickets will be \$5 for adults and \$3 for children at the gate.

Cheerleader Homecoming

The 1985-86 Cheerleaders would like to honor all former Post High Cheerleaders at an ice cream social at 2 p.m. on September 21st, the Sat. following our homecoming game against Tulia.

This will be held at Bunny Miller's home at 412 Osage. Bring your uniform, jacket, or pictures to share with us.

If you know of any ex-cheerleaders who could make it for homecoming, please contact them.

Welfare Board Meets

The Garza County Child Welfare Board will meet September 18, 1985 at 4 p.m. in the Garza County Multi Service Center located on the Snyder Highway.

Our new Children's Protective Services Supervisor, Sherry McMasters looks forward to meeting each of you.

Please call at 495-2135 or 495-2881 if you have any questions.

O.S. Art Show, Sale Oct. 4-6

The O.S. Charities Inc., a Garza County non-profit organization designed to provide funding for charitable causes, will conduct the 15th Annual O.S. Art Exhibit and Sale October 4-6 at the Post Community Center.

The show features the works of 42 well known western artists, displaying major and miniature works.

The Collectors' Preview Party, which costs \$20 per person, will be held Friday, October 4 from 5-9 p.m.

The public show and sale opens Saturday morning and continues on Sunday.

Invitations have been sent to a large number of O.S. Charities contributors to the preview party, "but if for some reason we missed sending you an invitation," coordinator Marie Neff emphasizes, "please call me at 495-2455 and I'll make sure you get one...we don't want anyone who is interested to be left out."

Among the artists to display his works is Gene Dieckhoner, who specializes in wildlife.

Born and raised in Cleveland, Ohio, Gene received his Bachelor of Fine Arts Degree from Ohio University.

After spending three years in the Air Force Gene and his wife Diana decided it was time to go West.

Finally settling in Los Angeles, Gene spent the next six years working in the hectic advertising field.

Those years were enough to make him realize that this was not what he wanted to spend his life doing.

In 1971, after long hours of soul searching, Gene and Diana decided it was time to make a career change.

Abandoning advertising, and with the moral and financial support of Diana, Gene started out on the road to a career in Fine Art.

He is the first to admit that he was not consumed from early childhood to fulfill his destiny by becoming a great wildlife artist.

Art was always his first love, and he was very seldom far from pencil and paper.

It wasn't until working in advertising that he discovered an ability to combine his sense of design with an appreciation for nature, and channel it into a form of art - wildlife.

Since that time Gene has spent his time refining his artistic skills and studying the subjects he paints.

When working Gene strives to remember that the essential elements that make up a good painting; color, composition, draughtsmanship, value, drama, lighting, etc., are as important if not more so than the technical painter, and to be known as a fine artist whose subjects are wildlife, not just a wildlife artist.

Gene's work has been shown in numerous galleries throughout the western states, including California, Nevada, Arizona, Colorado, Oregon, Texas and Wyoming.

Invitational shows both past and present include the prestigious Peppertree Ranch Shows, C.M. Russell Show, Pacific Southwest Waterfowl Assoc., Game Coin International, Western Artist of America and Wildlife Artist International.

Other accomplishments include a commission to do 60 drawings for the visitors (Continued on P2)

PLANS FOR THE 1985 O.S. ART EXHIBIT AND SALE include the displaying of art works by 42 well-known artists, including Gene Dieckhoner of Sedona, AZ.

Post Notes

by Wes Burnett

I can just imagine the response I would get if I, as an individual or as a business person, were to try the stunt our federal government is getting away with right now.

"Well, I need my debt limit increased another notch...the obligations are going to exceed the revenue by 15 percent."

That's sort of what the Reagan administration is asking congress, and they are sure to approve...except the total dollars they are talking about in borrowed money staggers the imagination.

No, not staggers...exceeds imagination.

The U.S. government now has the authority to borrow \$1.8 trillion more dollars than it receives in taxes.

The Reagan bunch says that isn't enough...at the

current rate the government will be out of money before October 1.

So, they are asking for an increase in the debt limit to \$2 trillion.

I don't think I can type that many zeros.

It is the most debt that the U.S. government has ever incurred in its history.

No wonder our foreign trade balance is for the first time since 1914 in the red...we owe them more than they owe us.

With such a huge federal deficit, our products sold in foreign markets is more expensive than foreign products sold here...so more

foreign products are being imported, including oil.

And the sad thing is, until the economic system finally collapses under such heavy

indebtedness, the willy-nilly congress and "everything will be okay" president go merrily along on the dream (Continued on P2)

TEC Holds Seminars

A series of seminars will be conducted by the Texas Employment Commission, aimed at helping Texas employers control unemployment taxes.

The Lubbock Seminar will be at the Holiday Inn Civic Center on September 20 at 8 p.m.

More information is available from Post Chamber of

Commerce.

TEC experts will travel to the various cities to show employers how they can lower tax rates, prevent exploitation of the system, and contribute to stability in the work place.

Individual questions will be addressed and support materials will be given to those attending.

Retail Sales Up 8.3 % in Post

The state comptroller has issued an analysis of retail sales and Garza County through the first quarter of

1985 reported an 8.3 percent increase.

With 114 reporting outlets, the county had sales of

\$10,158,334, compared to

\$9,378,694 in 1984.

The taxable sales for the period was \$4,342,115.

The increase in retail sales reflects the general improvement of economic conditions in the area.

Sales Tax

Rebate Increase

The latest city sales and use tax allocation report from the state comptroller shows Post with a payment of \$12,583.76, compared to \$10,947.80 for the same period last year.

The year-to-date increase is 15.85 percent, up from \$111,406.38 in 1984 to \$129,067.01 through August 30, 1985.

The increase is primarily a result of oilfield services added to the sales tax list, which had not been included in previous years.

Charlie Redman Wins Contest

Charlie Redman took first place in the Dispatch Football Contest, edging A.J. Howell on the tie-breaker.

Both missed six games in the contest, but Redman chose Texas Tech over Tulsa, 17-10, while Howell guessed Tulsa 26, Tech 20.

The football contest is a weekly feature of the Dispatch, entries must be received at the office no later than 4 p.m. Fridays and the official form must be used.

A SUCCESSFUL RALLY was held in Post last weekend as the Lubbock Red Raider Roadrider motorcycle club hosted approximately 400 motorcycle enthusiasts for the two-day event.

path to destruction.

As a nation we are so much in the habit of borrowing money, we don't know how to operate any other way.

Fiscal responsibility is merely the talk of politicians...they certainly have not shown the ability to "kick the habit" of using our money so foolishly.

And it's not funny.

Hard working, barely getting by Americans are learning from "Big Daddy..." borrow money, somehow we'll get it paid.

Trouble is, some time or another all that borrowed money has to be paid.

We are fast approaching the day when the federal budget will be 50 percent set aside to pay interest on the debt.

Meanwhile, we the people, merely sit back and let it happen.

No matter how secure you may think you are at the moment financially, when the U.S. government fails, and at the current rate of spending it will happen, no one will be exempt from the disaster.

My fear is that only through a national financial collapse will common sense return to government fiscal responsibility.

President Reagan may operate from fear of the Russians...I operate from the certainty of financial ruin at the pace of continued

Burial will be in Terrace Cemetery under the direction of Hudman's Funeral Home.

He is survived by his wife, Addie Faye; 4 step-sons, A.D. Taylor, Jessie Taylor and Alvin Taylor all of Post and Elgin Taylor of Levelland; 5 step-daughters, Helen Reed of Austin; Carry Mae Gilbert and Bertie Mae Jones of Levelland; Bobbie Faye Taylor and Mary Lois Harper of Post.

He is also survived by one sister, Sopronia Brown of Malone, Texas and 13 grandchildren.

indebtedness his kind of thinking is leading us to.

And not just the President...although he preached balance budgets before his election in 1980...he is sitting on the largest deficit ever...and then blaming it on congress.

True, congress shares the blame...they have all been lured into a false sense of security..."just extend the debt limit."

Pass the problem on to the next group.

The next group is us.

I realize that no one in Washington will read this, or if they do they'll just snicker...they think the people out here "in the sticks" are nincompoops and economic ignoramuses.

All we know is this...you spend more than you make...sooner or later the goodies are gone.

Joined After 43 Years

Oneta McFadden and Dell Hester recently were married...for the second time...43 years after their divorce.

The story started in Post, where the two were raised. They were married in 1938 and moved to California in January 1942.

After their divorce in 1942, Hester returned to Texas and joined the Air Force, later he remarried in 1946.

Oneta also remarried...staying in California and the two went their separate ways, raising their families.

Each of their spouses died, Oneta continued teaching school.

They hadn't heard from one another in many years, when in last June Oneta came to her 50th PHS class reunion and Hester was here to see about his father who was ill.

They happened to run into one another and the re-acquaintance resulted in their marriage in Carson City, Nev. on July 11.

They left last week after a visit here to return to California.

The Algerita Arts Center, 131 East Main St. in Post Texas will be the scene of an exhibit of the American Plains Artist, on September 28 and 29.

This group of nine artist, organized in 1982, depicts the land and people of the American Plains.

Each member in their own way is helping to preserve this heritage by presenting life as it was or is in this vast area.

One of the artist to be featured will be Ginnie Seifert.

Ginnie Seifert's rural southwestern life has pro-

vided the topics for her colorful, versatile paintings - done in oils, acrylics, watercolors and pastels.

The New Mexico artist had received numerous honors and awards; including three in international

shows.

Her paintings are in many public and private collections here and abroad.

Seifert's home and studio are located at 1301 E. Grand Avenue in Clovis, New Mexico.

Quick 'Lope Touchdowns Weren't Enough at Idalou

by Wes Burnett

Ben Kirkpatrick and Bruce Crenshaw brought Post fans to their feet at Idalou last Friday, at the beginning and at the end of the 21-15 Post Antelope loss.

In between, the 'Lope offense sputtered time and again on missed opportunities and two critical defensive mistakes marred an otherwise much improved

showing by the Bold Gold. Kirkpatrick's touchdown dash highlighted a three play drive which started on the Antelope 34 yard line after the defense forced Idalou to punt early in the game.

Taking the football with 9:22 showing on the clock, the Antelopes struck first with reserve quarterback Greg Storie handing off to Benny Hair, who hit to the 36.

Then Hair got the call again to the 40, Post was

penalized for offsides back to the 35.

Storie dropped back on third down, as Kirkpatrick slipped out into the left flat, Storie threw the ball over the heads of defenders and Kirkpatrick took off behind outstanding blocking, breaking two tackles on the way to a 65 yard touchdown run.

The point-after was good and with 7:54 left in the first quarter, the Antelopes led 7-0.

The defense then began a series of excellent effort,

giving the ball to the offense on five fumble recoveries.

None of the turnovers were converted to Post advantage.

When the offensive line did its job well, something went wrong in the backfield...when the backfield was moving on target, a breakdown on the line slowed down the assault.

Finally, late in the second quarter, the first defensive mistake to hurt the Antelopes gave Idalou a scoring opportunity as a pass from the Idalou 37 went to the Post 16.

Six plays later the Wildcats tied the game with 25 seconds remaining until halftime.

The second half opened with a solid drive by Post, going from the 17 to the Idalou 46 before fumbling the ball to the Wildcats.

When the clock hit 8:38 left in the third quarter, Idalou led 13-7...on a four play drive highlighted by the second Post defensive breakdown on a pass play to the end zone.

Two minutes later Idalou got the ball again, this time going from their own 26 down the field, again using the big pass play to set up the score.

On third down and long, at their own 30 yard line, the Wildcats found an open receiver at Post 21 yard line.

Seven plays using Paul Wayne Jones over left and right guard slots put the

Wildcats into the end zone, helped by one penalty against the 'Lopes.

Leading 21-7, the Wildcats settled down to defend against the Antelope offense.

Entering the fourth period, the 'Lopes got as close as the Idalou 16, before getting pushed back to the 26...and on fourth down Ben Kirkpatrick took the reverse to the eight yard line, a clipping penalty would have nullified the play, but it was short two yards of a first down.

Idalou took the ball with 7:45 left in the game.

A short punt four plays later gave Post the ball at the Idalou 23.

The Antelopes could only get to the 15 yard line before running out of steam on fourth down.

Idalou took the ball and trying to run out the clock was forced to punt with 1:29 left in the game.

The punt sailed high to Bruce Crenshaw on about the Post 35 yard line, he cut to his left, behind a blocking wall, then raced down the left sideline, using his sprinting speed to outrun the Idalou defenders to the goalline.

With the two point conversion from quarterback Joel Kirkpatrick to Marvin Lee, the 'Lopes trailed 21-15.

The on-sides kick didn't go the required 10 yards, and the Wildcats sat on the football through three plays to run out the clock.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION
NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this constitution becomes a part of the constitution. Bond insurance issued before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature either to enact a statute or to attach a rider to the General Ap-

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment, and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts as courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for:

(1) the abolition of the office of county treasurer in Andrews County and El Paso County;

(2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

7th Grade Looks Good

Five touchdowns and 337 yards total offense set the stage at Idalou last week as the Post seventh grade football team limited their opponents to one score during the controlled scrimmage.

Darren Brown was credited with 209 yards on nine carries and three touchdowns.

Tony Patterson got 83 yards and one touchdown on three tries.

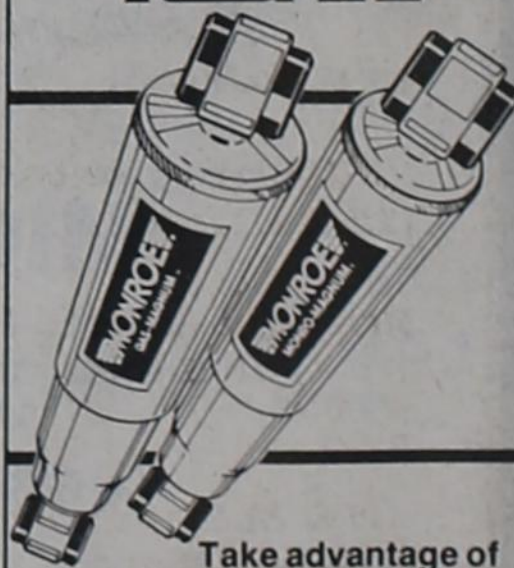

Brown also was credited with two interceptions, one for a 45 yard touchdown.

Patterson and Dondi Steamer were praised by Coach Fred Postell for their defensive efforts as well as Benjamin Vargas for his fumble recovery in mid-air. Lance Bland sacked the quarterback, causing a fumble and recovered it himself.

Dustin Massey also recovered a fumble.

The team hosts Colorado City Thursday.

'Lopes Search for Winning Formula

"We played better last Friday, but we're still not playing to our potential," Post Antelope football coach David Thompson comments.

"I know one thing," he adds, "we're going to have to play the best football we've ever played this week to beat Tulia, they've got the best team we've seen so far this year."

The Tulia Hornet offense moves around star running back Steve Powell, a 167 pound junior who "has great speed," Thompson observes.

Quarterback Todd Lacey is also listed as an outstanding athlete, and throws the pass with precision.

"They'll throw about one third, run about two thirds," Thompson adds.

"They do both things well," the coach says.

Tulia whipped Lockney 35-7 on its first outing this year, and came back last week 35-10 winners over Frenship.

"They use a split six defense and they are real aggressive," Thompson reports.

"We are going to be better, we're going in with a positive attitude, we're not making excuses and we're going to find a way to get it done," the coach adds.

Joel Kirkpatrick is listed as a starter as well as Tracy Price, who had been sidelined last week from a minor back injury.

"I thought Mike Bartlett

did a great job at tailback last week," Thompson says.

"Except for a couple of defensive mistakes, our defense was much improved

and offensively we had much better effort," he continues.

Thompson says there may be a few changes in the

defensive secondary this week.

The homecoming game starts at 8 p.m. at Antelope Stadium.

Junior Varsity Runs in High Gear

A lightning storm and heavy rain cut short a 14-0 Post Junior Varsity win here last Thursday, as the Idalou Wildcats were held to 11 yards offense.

The contest ended near the close of the second quarter.

Coaches Lane Tannehill and Dwayne Osborne praised Richard Curtis for his punt return and interception and the defense which didn't allow a first down for the Wildcats.

The first scoring drive started with a 50 yard punt return by Curtis.

The score came on a 10 yard pass from Eric Reece to Steve Price and Blair Didway took the ball in for the two point conversion.

After a poor punt from Idalou, the Junior Varsity

scored a second time on a pass play from Reece to Price, this one from five yards out.

The extra point failed.

Curtis intercepted an Idalou pass, and the Junior Varsity drove the ball 55

yards, reaching the three yard line poised to score, when officials called the game because of the threatening weather.

The team travels to Colorado City this Thursday.

8th Graders Win

The 8th grade football team took up where it left off last year, scorching its first opponents 24-8 while collecting 286 yards total offense at Idalou.

"Our defensive ends, linebackers, secondary all played real steady defense," coach Darrell Radle comments.

"The offensive line played well, we never had a fourth down situation and our back ran good, but we did have too many turnovers," the coach adds.

Tailback Jamie Perez led the team with 13 carries and 134 yards, with tailback Lannie Lee getting 71 yards on seven carries.

Quarterback Rance Thompson hit four of eight passes for 60 yards and Jim Holleman hauled in a 45 yard pass and run play.

The first scoring drive

opened with Lee returning a punt 15 yards to the Idalou 41.

Five plays later, Perez scored on a five yard dash and Thompson threw a three yard pass to Bill Rankin for the two point conversion.

Perez later returned a punt 20 yards to the Idalou 33 and three plays later Lee scampered 23 yards for the touchdown.

Perez ran in the two point conversion.

In the third quarter Idalou scored and Lee returned the kickoff to the Idalou 49.

Perez ran for four yards, 20 yards and 25 yards for the touchdown.

Thompson hit Holleman in the end zone for the two point conversion.

The defense allowed Idalou 136 yards offense.

The team hosts Colorado City Thursday.

BEN KIRKPATRICK (30) surprised the Idalou defense with a first quarter 65 yard dash to paydirt.

A-1 Public Notices

TO ALL INTERESTED PERSONS AND PARTIES

You are hereby notified of the opportunity for written public comment concerning the application for Standard Exemption No. 93 by Lubbock Building Products to construct a concrete batch plant in Post, Garza County, Texas. The proposed location is Burlington Mills Plant, S. Ave. F. and E. 5th Street. These facilities propose to emit the following air contaminants: cement dust and other particulate matter. A copy of all materials submitted by the applicant is available for public inspection at the Texas Air Control Board Regional Office at Brier-croft South No. 1, 5302 South Avenue Q. Drive, Lubbock, Texas 79412, telephone: 806-744-0090, and at the Texas Air Control Board, 6330 Highway 290 East, Austin, Texas 78723. All interested and affected persons may inspect these materials and submit written comments to the Executive Director of the Texas Air Control Board. Any person residing in a permanent residence within one-quarter (1/4) mile of the proposed location of the plant may request a public hearing concerning the proposed construction of the plant. All comments received in writing by October 3, 1985 shall be considered by the Board in making its decision on the application. All comments will be made available for public inspection at the Texas Air Control Board Regional Office.

The City of Post will begin to enforce the Animal Ordinance, particularly the section about the keeping of fowl within 300 feet of a residence in the City of Post being in violation of the Ordinance, and guilty of a misdemeanor and each day is a separate offense.

The City would ask that those who have fowl, to get rid of them voluntarily so as not to require a complaint being filed against them. The City Council is reviewing the livestock portion, to possibly amend it at a later date.

Bid Notice

As authorized by Jack Kirkpatrick, President, Board of Trustees, bid plans and specifications for a Field House facility for the Post I.S.D., Post, Texas can be obtained from the Post I.S.D., Superintendent's office, located at 200 W. 6th, Post, Texas, on or after September 18, 1985. Sealed bids will be received by the Post I.S.D., on or before 3 p.m., October 8, 1985. The Post I.S.D. reserves the right to refuse any or all bids. A bid guarantee and a payment and performance bond will be required. A refundable deposit of \$50.00 for plans and project manual will be required.

Commissioners Court will reopen the budget for 1985-1986 because of some late requested items, these will be considered at our regular Commissioner Court meeting day Sept. 23, 1985. All interested parties may attend.

Young rabbits are known as kits or kittens.

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Rocker A Well Service, Inc., Box 97, Post, Texas has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas. The applicant proposes to inject fluid into the Glorieta, Post-Montgomery, Well Number 7. The proposed injection well is located 7 miles N.E. of Post in the H & L Glorieta Field, in Garza County. Fluid will be injected into strata in the subsurface depth interval from 3102 to 3401 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512-445-1373).
